PRESENTATION OF FINANCIAL, INDUSTRY AND MARKET DATA

FINANCIAL DATA

Unless stated otherwise, the financial data in this Draft Prospectus is extracted from the financial statements of our Company for the fiscal years 2014, 2013, 2012, 2011, 2010 and for period ended 30th September, 2014 and the restated financial statements of our Company for Fiscal Years 2014, 2013, 2012, 2011, 2010 and for period ended 30th September, 2014 prepared in accordance with the applicable provisions of the Companies Act and Indian GAAP and restated in accordance with SEBI (ICDR) Regulations, 2009, as stated in the report of our Auditors and the SEBI Regulations and set out in the section titled – Financial Information on page 114. Our restated financial statements are derived from our audited financial statements prepared in accordance with Indian GAAP and the Companies Act, and have been restated in accordance with the SEBI Regulations. Our fiscal years commence on April 1 and end on March 31. In this Draft Prospectus, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding off. All decimals have been rounded off to two decimal points.

There are significant differences between Indian GAAP, US GAAP and IFRS. Our Company has not attempted to explain those differences or quantify their impact on the financial data included herein and we urge you to consult your own advisors regarding such differences and their impact on our financial data. Accordingly, the degree to which the Indian GAAP financial statements included in this Draft Prospectus will provide meaningful information is entirely dependent on the reader's level of familiarity with Indian Accounting Practices. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Draft Prospectus should accordingly be limited.

CURRENCY OF PRESENTATION

All references to "Rupees" or "Rs." or "INR" are to Indian Rupees, the official currency of the Republic of India. All references to "\$", "US\$", "USD", "U.S.\$" or "U.S. Dollar(s)" are to United States Dollars, if any, the official currency of the United States of America. This Draft Prospectus contains translations of certain U.S. Dollar and other currency amounts into Indian Rupees (and certain Indian Rupee amounts into U.S. Dollars and other currency amounts). These have been presented solely to comply with the requirements of the SEBI Regulations. These translations should not be construed as a representation that such Indian Rupee or U.S. Dollar or other amounts could have been, or could be, converted into Indian Rupees, at any particular rate, or at all.

In this Draft Prospectus, throughout all figures have been expressed in Lacs, except as otherwise stated. The word "Lacs", "Lac", "Lakhs" or "Lakh" means "One Hundred Thousand".

Any percentage amounts, as set forth in "Risk Factors", "Our Business", "Management's Discussion and Analysis of Financial Conditions and Results of Operation" and elsewhere in this Draft Prospectus, unless otherwise indicated, have been calculated based on our restated financial statement prepared in accordance with Indian GAAP.

INDUSTRY & MARKET DATA

Unless otherwise stated, Industry & Market data used throughout this Draft Prospectus has been obtained from Internal Company Reports and Industry Publications and the Information contained in those publications has been obtained from sources believed to be reliable but their accuracy and completeness are not guaranteed and their reliability cannot be assured. Although we believe that industry data used in this Draft Prospectus is reliable, it has not been independently verified. Similarly, internal Company reports, while believed by us to be reliable, have not been verified by any independent sources.

The extent to which the market and industry data used in this Draft Prospectus is meaningful depends on the reader's familiarity with and understanding of the methodologies used in compiling such data.

For additional definitions, please refer the section titled "Definitions and Abbreviations" on page 1 of this Draft Prospectus.

FORWARD LOOKING STATEMENTS

Our Company has included statements in this Draft Prospectus, that contain words or phrases such as "will", "aim", "will likely result", "believe", "expect", "will continue", "anticipate", "estimate", "intend", "plan", "project", "shall", "contemplate", "seek to", "future", "objective", "goal", "project", "should", "will continue", "will pursue" and similar expressions or variations of such expressions that are "forward-looking statements". However, these words are not the exclusive means of identifying forward-looking statements. All statements regarding our Company objectives, plans or goals, expected financial condition and results of operations, business plans and prospects are also forward-looking statements.

These forward-looking statements include statements as to business strategy, revenue and profitability, planned projects and other matters discussed in this Draft Prospectus regarding matters that are not historical fact. These forward-looking statements contained in this Draft Prospectus (whether made by us or any third party) involve known and unknown risks, uncertainties and other factors that may cause actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements.

All forward-looking statements are subject to risks, uncertainties and assumptions that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement. Important factors that could cause actual results to differ materially from expectations include, among others general economic conditions, political conditions, conditions in the finance & investment sector, fuel prices, inclement weather, interest rates, inflation etc. and business conditions in India and other countries.

- Our ability to successfully implement our strategy, our growth and expansion, technological changes.
- Our exposure to market risks that have an impact on our business activities or investments.
- The monetary and fiscal policies of India, inflation, deflation, unanticipated turbulence in interest rates, foreign exchange rates, equity prices or other rates or prices, the performance of the financial markets in India and Globally.
- Changes in foreign exchange rates or other rates or prices;
- Our failure to keep pace with rapid changes in telecom sector;
- The monetary and interest policies of India, unanticipated turbulence in interest rates;
- Our ability to protect our intellectual property rights and not infringing intellectual property rights of other parties;
- Changes in domestic and foreign laws, regulations and taxes and changes in competition in our industry.
- The occurrence of natural disasters or calamities.
- Changes in political condition in India.
- The outcome of legal or regulatory proceedings that we are or might become involved in;
- Government approvals;
- Our ability to compete effectively, particularly in new markets and businesses;
- Our dependence on our Key Management Personnel and Promoter;
- Conflicts of Interest with Affiliated Companies, the Group Entities and Other Related Parties;
- Other factors beyond our control; and
- Our ability to manage risks that arise from these factors.

For further discussion of factors that could cause Company's actual results to differ, see the section titled "Risk Factors" on page 9 of this Draft Prospectus. By their nature, certain risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated. Our Company, the Lead Manager, and their respective affiliates do not have any obligation to, and do not intend to, update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with SEBI requirements, our Company and the Lead Manager will ensure that investors in India are informed of material developments until such time as the grant of listing and trading permission by the Stock Exchange.

SECTION II

RISK FACTORS

An Investment in equity involves higher degree of risks. Prospective investors should carefully consider the risks described below, in addition to the other information contained in this Draft Prospectus before making any investment decision relating to the Equity Shares. The occurrence of any of the following events could have a material adverse effect on the business, results of operation, financial condition and prospects and cause the market price of the Equity Shares to decline and you may lose all or part of your investment.

Prior to making an investment decision, prospective investors should carefully consider all of the information contained in this Draft Prospectus, including the sections titled "Our Business", "Management's Discussion and Analysis of Financial Condition and Results of Operations" and the "Financial Information" included in this Draft Prospectus beginning on pages 73, 130 & 114 respectively. The occurrence of any of the following events could have a material adverse effect on our business, results of operation, financial condition and prospects and cause the market price of the Equity Shares to fall significantly.

Unless otherwise stated in the relevant risk factors set forth below, we are not in a position to specify or quantify the financial or other implications of any of the risks mentioned herein.

INTERNAL RISK FACTORS

1. There are outstanding litigations against our Company and Promoter Group concerns, which if determined adversely, could affect our business and financial operations:

Summary of litigations are given below:

Sr. No.	Particulars	No. of cases / disputes	Amount involved where quantifiable (Rs. in Lacs)
LITIGATIONS BY AND AGAINST OUR COMPANY			
Litigations filed by our Company			
1.	Civil cases filed by our Company	1	37.61
2.	Criminal cases filed by our Company	1	1.63
Litigations filed against our Company			
1.	Civil cases against our Company	1	8.00
2.	Criminal cases against our Company	1	92.50
LITIGATIONS INVOLVING OUR PROMOTER GROUP ENTITIES			
1.	Criminal cases against our Promoter Group Entities	2	95.50

*For details of the above litigation, please refer to the section titled "Outstanding Litigation" appearing on page 135 of this Draft Prospectus.

2. We are dependent on our management team for success whose loss could seriously impair the ability to continue to manage and expand business efficiently.

Our success largely depends on the continued services and performance of our management and other key personnel. The loss of service of the Promoters and other senior management could seriously impair the ability to continue to manage and expand the business efficiently. Further, the loss of any of the senior management or other key personnel may adversely affect the operations, finances and profitability of our Company. Any failure or inability of our Company to efficiently retain and manage its human resources would adversely affect our ability to implement new projects and expand our business.

3. The Registered Office of our Company is not owned by us.

We operate from our registered office situated at 2, Geetanjali Apartments, Manchhu Bhai Road, Near Manali Hotel, Near Subway, Malad (East), Mumbai-400 097. The registered office of our Company belongs to our Promoter i.e. Mr. Vishwamani Tiwari and he has permitted us to use the same as registered office of our company without any rent. Any discontinuance of such arrangement will lead us to locate any other premises. Our inability to identify the new premises may adversely affect the operations, finances and profitability of our Company.

4. We have substantial indebtedness and will continue to have debt service obligations following the Issue. The total amounts outstanding and payable by our Company as principal and interest were Rs. 5689.12 Lacs as on 30th September, 2014.

The total amounts outstanding and payable by us as principal and interest on account of the loan arrangements with banks, financial institutions, promoters and other body corporate as on 30th September, 2014 are Rs. 5689.12 Lacs. For further information on the financing and loan agreements along with the total amounts outstanding and the details of the repayment schedule, see Annexure 9 & 10 of section titled “*Financial Information of Our Company*” on pages 126 & 127 of this Draft Prospectus.

5. Our lenders have charge over our movable and immovable properties in respect of finance availed by us.

We have secured our lenders by creating charge over our properties. In the event we default in repayment of the loans availed by us and any interest thereof, our properties may be forfeited by lenders. For further information on the financing and loan agreements along with the total amounts outstanding; please refer to Annexure 9 of section titled “*Financial Information of our Company*” on page 126 of this Draft Prospectus.

6. We have reported negative cash flows.

The detailed break up of cash flows is summarized in below mentioned table and our Company has reported negative cash flow in certain financial years and which could affect our business and growth:

(Rs. In Lacs)

Particulars	30.09.14	31.03.14	31.03.13	31.03.12	31.03.11	31.03.10
Net Cash Flow from Operating Activities	(1231.74)	(206.79)	10.51	(1,450.82)	(1,279.09)	(247.54)
Net Cash Flow from Investing Activities	(1665.19)	72.05	(241.44)	(851.29)	(399.92)	(121.77)
Net Cash Flow from Financing Activities	3,132.51	124.70	232.48	2,300.80	1,682.30	329.69
Net Increase / (Decrease) in Cash & Cash Equivalents	235.58	(10.04)	1.55	(1.31)	3.29	(39.62)

7. We have taken unsecured loan of Rs. 425.00 Lacs as on 30th September, 2014, which is repayable on demand. In case of untimely demand, we will have to arrange these funds which may carry higher cost of funding, which may have an impact on our financial operations.

We have taken unsecured loan of Rs. 425.00 Lacs as on 30th September, 2014 which can be recalled at any time and in that event, it may affect the financial operations of our Company to that extent.

8. Our indebtedness and the conditions and restrictions imposed by our financing arrangements could adversely affect our ability to conduct our business and operations.

We have entered into agreements with certain banks and financial institutions for short-term and long-term borrowings. Some of these agreements contain restrictive covenants, including, but not limited to, requirements that we obtain written consent from lenders prior to issuing new shares, incurring further debt, creating further encumbrances on our assets, effecting any scheme of amalgamation or restructuring, undertaking guarantee obligations, declaring dividends, undertaking new projects or making investments. There can be no assurance that we will be able to comply with these covenants or that we will be able to obtain the consents necessary to take the actions we believe are required to operate and grow our business. Certain of our loans may be called at any time by our lenders pursuant to terms of the relevant agreements. An event of default under any of these loan arrangements, if not cured or waived, could have a material adverse effect on us.

9. Our Promoter Group entity is engaged into the business which is similar to our Company's proposed expansion plan and this could lead to a potential conflict of interest.

Our Promoter Group Company, M/s. Vee Three Informatics Ltd., is engaged in similar activity set out as main objects in the MOA of our Company and our proposed expansion plan. There could exist conflict of interests arising out of common pursuits between our Promoter Group Entity and our Company in future.

10. Our business has experienced growth in the past, which we may not be able to sustain in the future.

The total turnover of our Company has sustained the growth since FY 2009-010. Our Company has reported total turnover of Rs. 15,045.65 Lacs in fiscal 2011 as compared to Rs. 14,387.26 Lacs in fiscal 2010 with a growth of 4.58%, Rs. 19,593.75 in fiscal 2012 as compared to Rs. 15,045.65 Lacs in fiscal 2011 with a growth of 30.23%, Rs. 21,396.42 in fiscal 2013 as compared to Rs. 19,593.75 Lacs in fiscal 2012 with a growth of 9.20% and Rs. 26,827.37 Lacs in fiscal 2014 as compared to Rs. 21,396.42 in fiscal 2013 showing growth at the rate of 25.38 %. We may not be able to sustain our growth or maintain a similar rate of growth in the future due to non-availability of professionals with necessary skill sets, decline in the demand for our products due to increased competition, and lack of management resources or due to a general slowdown in the economy. A failure to sustain our growth may have a material adverse effect on our financial condition and results of operations.

11. If we fail to successfully identify and respond to changing customer preferences and demands in a cost-effective and timely manner, we will not be able to compete effectively and our ability to generate revenues and grow our business will be adversely impacted.

The markets for our products are characterized by rapidly changing technologies, frequent new product introductions, short product life cycles and evolving industry standards as well as changes in consumer preferences and demand for features.

The competitiveness of our product portfolio depends on our ability to introduce on a continuous and timely basis, new innovative and appealing products and enhance existing products with added features, and to create new or address yet unidentified needs among our current and potential customers.

In order to do so, we need to identify and understand the key market trends and user segments and address our customers evolving needs in different customer segments proactively and on a timely basis. To achieve that, we must constantly obtain and evaluate feedback from our customers, and our distributors and suppliers on customer usage patterns. If we fail to analyse correctly, or accurately anticipate technological trends or our end users needs and preferences, or if we are unable to respond to such trends by developing and offering cost effective products, our ability to retain our current, as well as attract new customers will be impaired, and our ability to generate revenues and grow our business will suffer.

Even if we complete the development of our new products and services in a cost-effective and timely manner, they may not gain traction in the market at all or at anticipated levels, which would adversely affect our business.

12. If we are unable to successfully manage the introduction of new products, our business, operating cash flows and financial condition will be adversely affected.

As we introduce new or enhanced products we face risks including among other things, disruption in customers ordering patterns, excessive or insufficient levels of existing product inventories, difficulties in ramping-up our manufacturing arrangements, revenue deterioration in our existing product lines, insufficient supplies of new products to meet customers demand, possible product and technology defects and a potentially different sales and support environment. The development and commercialisation process is both time consuming and capital intensive. We may focus our resources on technologies that do not become widely accepted or are not commercially viable. Our ongoing investments in research and development for new products and processes may result in higher costs without a proportionate increase in revenues.

Further, any leak of information about new products or features or technologies prior to their launch may reduce the effectiveness of our product launches, reducing sales volumes of current products due to anticipated future products, making it more difficult to compete, shortening the exclusivity of our product innovation and/or increasing market expectations for the results of our new products before we have had an opportunity to demonstrate the market viability of such products. Our failure to manage the introduction of newer products will adversely affect our business, operating cash flows and financial condition.

13. Our sales and profitability could be harmed if we are unable to maintain and further build our brand.

We believe that our future success will be partially influenced by further development of the "V3", "Xccess", "iDemand", "MIPOW-Make it different", and "MobilePlus etc. brands and our ability to communicate effectively about our products to various target customers through consistent and focused marketing strategies. The trademarks of the brands "V3" and "Xccess" are applied by our group Company viz., Vee Three Informatics Ltd. An agreement for use of trademark has been entered into between our Company and Vee Three Informatics Ltd, pursuant to which our Company has been assigned the right to use these Trademarks. Our Company has applied for trademark registration of "iDemand", "MIPOW", "MobilePlus, PLATINUM (Label) and KID PLAY (Label) and or our corporate logo in our own name. A number of factors, including adverse publicity regarding our brand ambassadors and unsuccessful product introductions, may have a negative effect on our reputation and erode our brand image. Insufficient investments in marketing and brand building could also erode or impede the development of our brand. Further, our brand is relatively new and, therefore, may not have significant brand recall in all market segments in which we sell our products or may be confused with other domestic mobile handset brands.

14. We operate in a highly competitive environment and may not be able to effectively compete.

Competition in our industry is based on pricing of products, innovation, perceived value, brand recognition, promotional activities, advertising, special events, new product introductions and other activities. Maintaining or increasing our market share will also depend on the effectiveness of our marketing initiatives, including advertisements and our ability to anticipate and respond to various competitive factors, including our ability to improve our manufacturing arrangements, and intellectual property, introduce new products and respond to pricing strategies by competitors and changes in customer preferences. Our competitors include companies such as Nokia, Samsung, LG, Spice, Videocon, Micromax, Lava, Karbonn, Asus etc.

Some of our competitors may devote greater resources to the development, promotion and sale of their products than we do. They may have lower costs and/or be better able to withstand lower prices in order to gain market share at our expense. They may offer better terms to third-party, original equipment manufacturers ("OEMs"), suppliers and distributors. They may be more diversified than we are and better able to leverage their other businesses, products and services to be able to accept lower returns in the mobile device market and gain market share.

In particular, we expect to face additional competition from domestic mobile handset companies in the markets in which we operate, which offer low cost mobile handsets, including handsets that have features similar to ours. In particular, it may be difficult for us to make profitable sales in markets where our domestic competitors are present and in which we have not previously made sales of our products. If market prices are substantially reduced by any of these domestic companies in their respective markets, our business in those markets could be materially adversely affected. Further, if we do not continue to distinguish our products through distinctive, technologically advanced features and design, as well as continue to build and strengthen our brand recognition, we could lose market share and our revenues and earnings could decline. Failure to compete successfully against current or future competitors could harm our business, operating cash flows and financial condition.

15. We have high working capital requirements. If we experience insufficient cash flows to meet required payments on our working capital requirements, there may be an adverse effect on our results of operations

Our business requires a substantial amount of working capital. In many cases, working capital is required to finance the purchase of materials and execution of work on projects before payment is received from clients. Our working capital requirements may increase if, in certain contracts, payment terms do not provide for advance payments to us or if payment schedules are less favourable to us. We may need to borrow additional funds in the future to fulfill our working capital needs. Continued increases in working capital requirements may have an adverse effect on our financial condition and results of operations.

16. Accidents in the existing and proposed assembly line may lead to public liability consequences. Further, our revenue could be diminished if we are associated with negative publicity

Occurrence of accidents at our existing and proposed Assembly line may expose our Company to pay compensation and penalty to our workmen and third parties for any losses or damage to human life/health or the environment. Further, our revenue could be diminished if we are associated with negative publicity.

17. Our products are manufactured by third parties that, in turn, rely on third-party suppliers, which present numerous risks to our ability to receive an adequate supply of quality products, and we have not entered into agreements with any of these parties.

Currently we are working with a select group of OEM partners, some of whom have been working with us since the commencement of our mobile handset and data card business. We have not entered into any agreements with OEMs but have working relationships with many OEMs. We rely on these OEM partners to manufacture our products and our manufacturing partners rely on third-party suppliers for many of the components used in our products. Moreover, our agreements with our OEM partners are generally not long-term or exclusive and, although we work closely with our OEM partners and their third-party suppliers, we do not exercise control over their contractual arrangements. Thus, our manufacturing model presents numerous risks to our ability to receive an adequate supply of quality products at reasonable prices and meet our customer's demands, which, if we fail to do, would have a negative impact on our business, financial position, results of operations, cash flows and prospects.

These risks include:

- Interruptions to the manufacturing operations of our OEM partners or their third-party suppliers due to strikes, lockouts, work stoppages or other forms of labour unrest, breakdown or failure of equipment, earthquakes, floods and other natural disasters, as well as accidents and the need to comply with the directives of relevant governmental authorities;
- Insufficient quality controls or failures in the quality controls of our OEM partners or their third-party suppliers;
- Significant adverse changes in the financial or business conditions of our OEM partners or their third-

party suppliers;

- Performance by our OEM partners or their third-party suppliers below expected levels of output or efficiency;
- Any inability of our OEM partners or their third-party suppliers to obtain timely and adequate delivery of quality materials, parts and components;
- Increase in the cost of materials, parts and components;
- The possibility that our competitors will engage our OEM partners or their third-party suppliers, directly or indirectly, and thereby reduce the manufacturing capacity available to us;
- Any inability on our part to renew existing agreements with or find replacements for existing OEM partners and third-party suppliers, respectively;
- Risks related to the delay in making deliveries as our OEM partners and third-party suppliers are based outside India; and
- Misappropriation of our intellectual property by our OEM partners or their third-party suppliers.

18. It may be difficult for us to recruit and retain highly skilled technical personnel that are necessary for our business in order to remain competitive.

Competition for highly skilled technical personnel in technology industry is intense. We believe that our future success depends largely on our continued ability to hire, assimilate, retain and leverage the skills of qualified engineers and other highly-skilled personnel needed to develop successfully new products. We may not be as successful as our competitors at recruiting, assimilating, retaining and utilizing these highly-skilled personnel. Our competitors may choose to locate research and development facilities in India and would likely to be able to offer better compensation packages to such personnel. If we are unable to recruit and retain qualified personnel with the requisite experience, our growth and competitive position will be adversely affected.

19. We are subject to risk arising from exchange rate fluctuations.

Our Company imports majority of its raw materials from international markets which are denominated in US Dollars. The exchange rate between the US Dollars with that of the Indian Rupee has been volatile in recent years and may continue to fluctuate in the future. Depreciation of the Indian Rupee against US Dollars may have a material adverse effect on the product cost and profit margins.

20. Certain warehouses/distribution offices and certain other premises from where we operate are not owned by us.

We do not own certain premises from which we operate, such as certain of our warehouse and distribution offices, and any claim by the owners of such premises or withdrawal of their consent to our occupancy may disrupt our operations. Further, we may be unable to locate suitable alternate facilities on favorable terms, or at all, and this may have a material adverse effect on our business, financial condition and results of operation. For details of our properties, see "Our Business" on page 73.

21. We require a number of approvals, licenses, registrations and permits for our business, and the failure to obtain or renew them in a timely manner may adversely affect our operations.

We require a number of approvals, licenses, registrations and permits for our business. Additionally, we may need to apply for renewal of approvals which expire, from time to time, as and when required in the

Prabhat Telecoms (India) Limited-Draft Prospectus

ordinary course. We may face risks of delays/non-receipt of the requisite regulatory approvals for our objects arising out of the Issue. Any delay in receipt or non-receipt of such approval could result in cost and time overrun. For more information, see "Government and Other Approvals" on page 138.

22. Our ability to pay dividends will depend upon future earnings, financial condition, cash flows, working capital requirements, capital expenditure and other factors.

Our Company is dividend paying company during last three financial years. For further details please refer to chapter titled "Dividend Policy" on page 113 of the Draft Prospectus. However, the amount of our future dividend payments, if any, will depend upon our future earnings, financial conditions, cash flows, working capital requirements, capital expenditures and other factors. There can be no assurance that we shall have distributable funds or that we will declare dividends. We cannot assure you that we will be able to secure adequate financing in the future on acceptable terms, in time, or at all.

23. Assignment of trademark in the name of our Company is pending at the office of Registrar of Trademark, Mumbai

Our Company has applied for Trademark which are pending at the office of Registrar of Trademark, Mumbai. Details are tabled as below:

Logo/Word Mark	Class
MIPOW -Make it Different	09
Mobile Plus	35
iDemand	09
P Logo	09
PLATINUM (Label)	17
KID PLAY (Label)	09 & 28

There can be no assurance that the all or any of the above mentioned trade mark applications shall be granted. Our Company may need to litigate in order to protect our interests; such litigation may be costly and time consuming with no guarantee of favourable result. The business or goodwill of our Company may be adversely affected by its failure to protect the trademark against misuse by any third party.

24. Change in regulatory and government policies in the for import of mobile handset accessories etc, may adversely affect our results of operations and financial condition.

We largely import our products, which are manufactured in China & Hong Kong & are imported from there in India. In future, if there is any adverse change in Government Import Policy, it could adversely affect our business adversely and affect our business and results of operations.

25. The Objects of the Issue for which funds are being raised, are based on our management estimates and the same have not been appraised by any bank or financial institution or any independent agency. The deployment of funds in the project is entirely at our discretion, based on the parameters as mentioned in the chapter titles "Objects of the Issue".

The fund requirement and deployment, as mentioned in the "Objects of the Issue" on page 48 of this Draft Prospectus is based on the estimates of our management and has not been appraised by any bank or financial institution or any other independent agency. These fund requirements are based on our current business plan. We cannot assure that the current business plan will be implemented in its entirety or at all. In view of the highly competitive and dynamic nature of our business, we may have to revise our business plan from time to time and consequently these fund requirements. The deployment of the funds as stated under chapter "Objects of the Issue" is at the discretion of our Board of Directors and is not subject to monitoring by any external independent agency. Further, we cannot assure that the actual

costs or schedule of implementation as stated under chapter “Objects of the Issue” will not vary from the estimated costs or schedule of implementation. Any such variance may be on account of one or more factors, some of which may be beyond our control. Occurrence of any such event may delay our business plans and/or may have an adverse bearing on our expected revenues and earnings.

- 26. We have not identified any alternate source of financing the ‘Objects of the Issue’. If we fail to mobilize resources as per our plans, our growth plans may be affected.**

We have not identified any alternate source of funding and hence any failure or delay on our part to raise money from this Issue or any shortfall in the Issue proceeds may delay the implementation schedule and could adversely affect our growth plans. For further details please refer to the chapter titled “Objects of the Issue” on page no. 48 of this Draft Prospectus.

- 27. Our Insurance coverage may not adequately protect us against certain operating risks and this may have a material adverse impact on our business.**

We have maintained insurance coverage of our assets and accident policies as specified in section titled Insurance Policies on page 83 of the Draft Prospectus. We believe that the insurance coverage maintained, would reasonably cover all normal risks associated with the operation of our business, however, there can be no assurance that any claim under the insurance policies maintained by us will be met fully, in part or on time. In the event we suffer loss or damage that is not covered by insurance or exceeds our insurance coverage, our results of operations and cash flow may be adversely affected.

- 28. Our Company has entered into certain related party transactions.**

Our Company has entered into certain transactions with related parties, including our Promoters and Promoter Group. While we believe that such transactions are carried on arms length basis, however any transactions with our related parties may potentially involve conflicts of interest and impose certain liabilities on our Company. For more details, please refer to chapter titled “Related Party Transactions” on page 112 of the Draft Prospectus

- 29. There is no monitoring agency appointed by our Company and the deployment of funds are at the discretion of our Management and our Board of Directors, though it shall be monitored by the Audit Committee.**

As per SEBI (ICDR) Regulations, 2009 appointment of monitoring agency is required only for Issue size above Rs. 50,000 Lacs. Hence, we have not appointed a monitoring agency to monitor the utilization of Issue proceeds. However, the audit committee of our Board will monitor the utilization of Issue proceeds. Further, our Company shall inform about material deviations in the utilization of Issue proceeds to the BSE Limited and shall also simultaneously make the material deviations / adverse comments of the audit committee public.

- 30. We may face risks of delays/non-receipt of the requisite regulatory approvals for our objects arising out of the Issue. Any delay in receipt or non-receipt of such approval could result in cost and time overrun.**

We would be applying for various licenses, approvals, registrations at various stages of implementation for the Project. Any delay in receipt or non-receipt of licenses or approvals that may be required for the Project could result in cost and time overrun, and accordingly adversely affecting our operations and profitability. For details, please refer to section titled "Government & other Approvals" on page 138 of this Draft Prospectus.

EXTERNAL RISK FACTORS

31. Political, economic and social changes in India could adversely affect our business.

Our business, and the market price and liquidity of our Company's shares, may be affected by changes in Government policies, including taxation, social, political, economic or other developments in or affecting India could also adversely affect our business. Since 1991, successive governments have pursued policies of economic liberalization and financial sector reforms including significantly relaxing restrictions on the private sector. In addition, any political instability in India may adversely affect the Indian economy and the Indian securities markets in general, which could also affect the trading price of our Equity Shares.

32. Our business is subject to a significant number of tax regimes and changes in legislation governing the rules implementing them or the regulator enforcing them in any one of those jurisdictions could negatively and adversely affect our results of operations.

The revenues recorded and income earned is taxed on differing bases, including net income actually earned, net income deemed earned and revenue-based tax withholding. The final determination of the tax liabilities involves the interpretation of local tax laws as well as the significant use of estimates and assumptions regarding the scope of future operations and results achieved and the timing and nature of income earned and expenditures incurred. Changes in the operating environment, including changes in tax laws, could impact the determination of the tax liabilities of our Company for any year.

33. Natural calamities and force majeure events may have an adverse impact on our business.

Natural disasters may cause significant interruption to our operations, and damage to the environment that could have a material adverse impact on us. The extent and severity of these natural disasters determines their impact on the Indian economy. Prolonged spells of deficient or abnormal rainfall and other natural calamities could have an adverse impact on the Indian economy, which could adversely affect our business and results of operations.

34. Our transition to IFRS reporting could have a material adverse effect on our reported results of operations or financial condition.

Our Company may be required to prepare annual and interim financial statements under IFRS in accordance with the roadmap for the adoption of, and convergence with, the IFRS announced by the Ministry of Corporate Affairs, Government of India through a press note dated 22nd January, 2010 ("IFRS Convergence Note"). The Ministry of Corporate Affairs by a press release dated February 25, 2011 has notified that 32 Indian Accounting Standards are to be converged with IFRS. The date of implementation of such converged Indian accounting standards has not yet been determined and will be notified by the Ministry of Corporate Affairs after various tax related issues are resolved. We have not yet determined with certainty what impact the adoption of IFRS will have on our financial reporting. Our financial condition, results of operations, cash flows or changes in shareholders' equity may appear materially different under IFRS than under Indian GAAP or our adoption of IFRS may adversely affect our reported results of operations or financial condition. This may have a material adverse effect on the amount of income recognized during that period.

35. Global economic, political and social conditions may harm our ability to do business, increases our costs and negatively affects our stock price.

Global economic and political factors that are beyond our control, influence forecasts and directly affect performance. These factors include interest rates, rates of economic growth, fiscal and monetary policies of governments, inflation, deflation, foreign exchange fluctuations, financial, banking or liquidity crises, consumer credit availability, consumer debt levels, unemployment trends, terrorist threats and activities, worldwide military and domestic disturbances and conflicts, and other matters that influence consumer

confidence, spending and tourism. Our profitability may also be adversely affected by fixed costs and the possible inability to scale back other costs within a time frame sufficient to match any decreases in revenue relating to changes in market and economic conditions. Additionally, during periods of adverse economic conditions, we may have difficulty accessing financial markets, which could make it more difficult or impossible for us to obtain funding for additional investments and acquisitions. A general market downturn, or a specific market dislocation, may result in lower investment returns, which would adversely affect our revenues.

36. Restrictions on foreign investment limit our ability to raise debt or capital outside India.

Indian laws constrain our ability to raise capital outside India through the issuance of equity or convertible debt securities and restrict the ability of non-Indian companies to invest in us. Foreign investment in, or an acquisition of, an Indian company requires approval from the relevant government authorities in India, including the Reserve Board of India and the Foreign Investment Promotion Board.

37. Any downgrading of India's debt rating by a domestic or international rating agency could negatively impact our business.

Any adverse revisions to India's credit ratings for domestic and international debt by domestic or international rating agencies may adversely impact our ability to raise additional financing, and the interest rates and other commercial terms at which such additional financing is available. This could have an adverse effect on our financial results and business prospects, ability to obtain financing for capital expenditures and the price of our Equity Shares.

38. Hostilities, terrorist attacks, civil unrest and other acts of violence could adversely affect the financial markets and our business.

Terrorist attacks and other acts of violence or war may adversely affect the Indian markets on which our Equity Shares will trade. These acts may result in a loss of business confidence, make travel and other services more difficult and have other consequences that could have an adverse effect on our business. In addition, any deterioration in international relations, especially between India and its neighboring countries, may result in investor concern regarding regional stability which could adversely affect the price of our Equity Shares. In addition, India has witnessed local civil disturbances in recent years and it is possible that future civil unrest as well as other adverse social, economic or political events in India could have an adverse impact on our business. Such incidents could also create a greater perception that investment in Indian companies involves a higher degree of risk and could have an adverse impact on our business and the market price of our Equity Shares.

39. Third party statistical and financial data in this Draft Prospectus may be incomplete or unreliable.

We have not independently verified any of the data from industry publications and other sources referenced in this Draft Prospectus and therefore cannot assure you that they are complete or reliable. Discussions of matters relating to India, its economies or the industries in which we operate in this Draft Prospectus are subject to the caveat that the statistical and other data upon which such discussions are based may be incomplete or unreliable.

RISKS RELATING TO THE EQUITY SHARES

40. Any future issue of Equity Shares may dilute your shareholding and sales of our Equity Shares by our Promoters or other major shareholders may adversely affect the trading price of the Equity Shares.

Any future equity issues by us, including in a primary offering, may lead to the dilution of investors' shareholdings in us. Any future equity issuances by us or sales of its Equity Shares by the Promoters may

Prabhat Telecoms (India) Limited-Draft Prospectus

adversely affect the trading price of the Equity Shares. In addition, any perception by investors that such issuances or sales might occur could also affect the trading price of our Equity Shares.

- 41. Our ability to pay any dividends in the future will depend upon future earnings, financial condition, cash flows, working capital requirements and capital expenditures.**

The amount of our future dividend payments, if any, will depend upon our Company's future earnings, financial condition, cash flows, working capital requirements, capital expenditures, applicable Indian legal restrictions and other factors. There can be no assurance that our Company will be able to pay dividends.

- 42. Upon completion of the Issue, our Promoters / Promoter Group may continue to retain significant control over us, which will allow them to influence the outcome of matters submitted to the shareholders for approval.**

Upon completion of this Issue, our Promoters / Promoter Group will continue to own majority of our Equity Shares on a fully diluted basis. As a result, our Promoters / Promoter Group will have the ability to exercise significant influence over all matters requiring shareholders approval, including the election of directors and approvals of significant corporate transactions. Our Promoters / Promoter Group will also be in a position to influence any shareholders action or approval requiring a majority vote, except where it is required by applicable laws or where they abstain from voting. Such a concentration of ownership may also have the effect of delaying or deterring a change in control.

- 43. The price of our Equity Shares may be volatile, and you may be unable to resell your Equity Shares at or above the Issue Price, or at all.**

Prior to the offer, there has been no public market for our Equity Shares, and an active trading market on the SME Platform of BSE. The Issue Price of the Equity Shares may bear no relationship to the market price of the Equity Shares after the Issue. The market price of the Equity Shares after the Issue may be subject to significant fluctuations in response to, among other factors, variations in our operating results, market conditions specific to the telecom industry, developments relating to India and volatility in the Exchange and securities markets elsewhere in the world. However, the LM will arrange for compulsory market making for a period of 3 years from the date of listing as per the regulations applicable to the SME Platforms under SEBI (ICDR) Regulations, 2009.

- 44. There is no guarantee that the Equity Shares issued pursuant to the Issue will be listed on the SME Platform of BSE in a timely manner, or at all.**

In terms of Chapter XB of the SEBI (ICDR) Regulations, 2009, as amended from time to time, we are not required to obtain any in-principle approval for listing of shares issued. We have only applied to BSE Limited to use its name as the Stock Exchange in this offer document for listing our shares on the SME Platform of BSE. In accordance with Indian law and practice, permission for listing and trading of the Equity Shares issued pursuant to the Issue will not be granted until after the Equity Shares have been issued and allotted. Approval for listing and trading will require all relevant documents authorizing the issuing of Equity Shares to be submitted. There could be a failure or delay in listing the Equity Shares on the SME Platform of BSE. Any failure or delay in obtaining the approval would restrict your ability to dispose of your Equity Shares.

- 45. The price of our Equity Shares may be volatile, or an active trading market for our Equity Shares may not develop.**

Prior to this Issue, there has been no public market for our Equity Shares. Guinness Securities Limited is acting as Designated Market Maker for the Equity Shares of our Company. However, the trading price of

Prabhat Telecoms (India) Limited-Draft Prospectus

our Equity Shares may fluctuate after this Issue due to a variety of factors, including our results of operations and the performance of our business, competitive conditions, general economic, political and social factors, the performance of the Indian and global economy and significant developments in India's fiscal regime, volatility in the Indian and global securities market, performance of our competitors, the Indian Capital Markets, changes in the estimates of our performance or recommendations by financial analysts and announcements by us or others regarding contracts, acquisitions, strategic partnerships, joint ventures, or capital commitments. In addition, if the stock markets experience a loss of investor confidence, the trading price of our Equity Shares could decline for reasons unrelated to our business, financial condition or operating results. The trading price of our Equity Shares might also decline in reaction to events that affect other companies in our industry even if these events do not directly affect us. Each of these factors, among others, could materially affect the price of our Equity Shares. There can be no assurance that an active trading market for our Equity Shares will develop or be sustained after this Issue, or that the price at which our Equity Shares are initially offered will correspond to the prices at which they will trade in the market subsequent to this Issue. For further details of the obligations and limitations of Market Makers please refer to the section titled "General Information - Details of the Market Making Arrangement for this Issue" on page 34 of this Draft Prospectus.

- 46. There are restrictions on daily movements in the price of the Equity Shares, which may adversely affect a shareholder's ability to sell, or the price at which it can sell, Equity Shares at a particular point in time.**

Following the Issue, we will be subject to a daily "circuit breaker" imposed by BSE, which does not allow transactions beyond specified increases or decreases in the price of the Equity Shares. This circuit breaker operates independently of the index-based, market-wide circuit breakers generally imposed by SEBI on Indian stock exchanges. The percentage limit on our circuit breakers will be set by the stock exchanges based on the historical volatility in the price and trading volume of the Equity Shares. The BSE may not inform us of the percentage limit of the circuit breaker in effect from time to time and may change it without our knowledge. This circuit breaker will limit the upward and downward movements in the price of the Equity Shares. As a result of this circuit breaker, no assurance can be given regarding your ability to sell your Equity Shares or the price at which you may be able to sell your Equity Shares at any particular time.

SWOT

Strengths

- Cordial relations with Customers, Distributors and suppliers
- Consumers in India now rely heavily on mobile communication.
- In depth knowledge of Industry - Commercial & Technical
- Established facilities
- Experienced management team

Weaknesses

- Dependent upon growth in telecom Industry
- Lack of brand awareness
- Surge in finance needs to cope up with the increased demand.

Opportunities

- The industry is constantly subject to new breakthroughs and could easily produce new handsets that incorporate new technologies to encourage a continuous cycle of buying from consumers.
- Technological convergence is continually increasing and some ideas and manufacturers may come into the market from the computer industry.
- The overall usage of mobile phones is still increasing. The proportion of the population using a mobile phone has gradually increased for many years.

Threats

- Industry is prone to change in government policies, any material changes in the duty or International prices may adversely impact our financials.
- Prices of products are prone to exchange rate fluctuations
- There are no entry barriers in our industry which puts us to the threat of competition from new entrants.

DETAILS OF THE MARKET MAKING ARRANGEMENT FOR THIS ISSUE

Our Company and Lead Manager has entered into a tripartite agreement dated 7th November, 2014 with the following Market Maker duly registered with BSE to fulfill the obligations of Market Making.

NAME AND ADDRESS OF THE MARKET MAKER

GUINNESS SECURITIES LIMITED

Guinness House,
 18, Deshapriya Park Road,
 Kolkata-700 026
 Tel : +91-33-3001 5555

Email: kmohanty@guinnessonline.net
Website: www.16anna.com
Contact Person: Mr. Kuldeep Mohanty
SEBI Regn. No: INM 231146037

The Market Maker shall fulfill the applicable obligations and conditions as specified in the SEBI (ICDR) Regulations, and its amendments from time to time and the circulars issued by the BSE, and SEBI regarding this matter from time to time.

Following is a summary of the key details pertaining to the Market Making arrangement:

1. The Market Maker(s) (individually or jointly) shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the Stock Exchange. Further, the Market Maker(s) shall inform the exchange in advance for each and every black out period when the quotes are not being offered by the Market Maker(s).
2. The minimum depth of the quote shall be Rs. 1,00,000/-. However, the investors with holdings of value less than Rs. 1,00,000/- shall be allowed to offer their holding to the Market Maker(s) (individually or jointly) in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
3. After a period of three (3) months from the market making period, the market maker would be exempted to provide quote if the inventory of shares of market maker in our Company reaches to 20%. (Including the 5% Equity Shares of the Issue to be allotted under this Issue.) Any Equity Shares allotted to Market Maker under this Issue over and above 5% of the Issue Size would not be taken in to consideration of computing the threshold of 20%. As soon as the Shares of market maker in our Company reduce to 19%, the market maker will resume providing 2-way quotes.
4. There shall be no exemption/threshold on downside. However, in the event the market maker exhausts his inventory through market making process, the concerned stock exchange may intimate the same to SEBI after due verification.
5. Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker(s), for the quotes given by him.
6. There would not be more than five Market Makers for a scrip at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.
7. On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction.
8. The Market maker may also be present in the opening call auction, but there is no obligation on him to do so.
9. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market - for instance due to system problems or any other problems. All controllable reasons require prior approval from the Exchange, while *force-majeure* will be applicable for non controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.
10. The Market Maker(s) shall have the right to terminate said arrangement by giving a six months notice or on mutually acceptable terms to the Merchant Banker, who shall then be responsible to appoint a replacement Market Maker(s).

In case of termination of the above mentioned Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the Lead Manager to arrange for another Market Maker in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 106V of the SEBI (ICDR) Regulations, 2009. Further the Company and the Lead Manager reserve the right to appoint other Market Makers either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed five or as specified by the relevant laws and regulations applicable at that particular point of time. The Market Making Agreement is available for inspection at our Corporate Office from 11.00 a.m. to 5.00 p.m. on working days.

11. **Risk containment measures and monitoring for Market Makers:** BSE SME Exchange will have all margins which are applicable on the BSE Main Board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. BSE can impose any other margins as deemed necessary from time-to-time.
12. **Punitive Action in case of default by Market Makers:** BSE SME Exchange will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and/or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties / fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker in case he is not present in the market (offering two way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership.

The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties / fines / suspension for any type of misconduct/ manipulation/ other irregularities by the Market Maker from time to time.

13. **Price Band and Spreads:** SEBI Circular bearing reference no: CIR/MRD/DP/ 02/2012 dated 20th January, 2012, has laid down that for issue size up to Rs. 250 crores, the applicable price bands for the first day shall be:
 - i. In case equilibrium price is discovered in the Call Auction, the price band in the normal trading session shall be 5% of the equilibrium price.
 - ii. In case equilibrium price is not discovered in the Call Auction, the price band in the normal trading session shall be 5% of the issue price.
 - iii. Additionally, the trading shall take place in TFT segment for first 10 days from commencement of trading. The following spread will be applicable on the BSE SME Exchange/ Platform.

We further confirm that the minimum Promoter Contribution of 20% which is subject to lock-in for three years does not consist of:

- Equity Shares acquired during the preceding three years for consideration other than cash and out of revaluation of assets or capitalization of intangible assets or bonus shares out of revaluation reserves or reserves without accrual of cash resources.

Prabhat Telecoms (India) Limited-Draft Prospectus

- Equity Shares acquired by the Promoters during the preceding one year, at a price lower than the price at which Equity Shares are being offered to public in the Issue.
- Private placement made by solicitation of subscription from unrelated persons either directly or through any intermediary.
- The Equity Shares held by the Promoters and offered for minimum 20% Promoters' Contribution are not subject to any pledge.
- Equity Shares for which specific written consent has not been obtained from the shareholders for inclusion of their subscription in the minimum Promoters' Contribution subject to lock-in.
- Equity shares issued to our Promoters on conversion of partnership firms into limited companies.

Specific written consent has been obtained from the Promoters for inclusion of the Equity Shares for ensuring lock-in of three years to the extent of minimum 20% of post -Issue paid-up Equity Share Capital from the date of allotment in the proposed public Issue. Promoters' Contribution does not consist of any private placement made by solicitation of subscription from unrelated persons either directly or through any intermediary.

The minimum Promoters' Contribution has been brought to the extent of not less than the specified minimum lot and from the persons defined as Promoters under the SEBI (ICDR) Regulations, 2009. The Promoters' Contribution constituting 20% of the post-Issue capital shall be locked-in for a period of three years from the date of Allotment of the Equity Shares in the Issue.

All Equity Shares, which are to be locked-in, are eligible for computation of Promoters' Contribution, in accordance with the SEBI (ICDR) Regulations, 2009. Accordingly we confirm that the Equity Shares proposed to be included as part of the Promoters' Contribution:

- a) have not been subject to pledge or any other form of encumbrance; or
- b) have not been acquired, during preceding three years, for consideration other than cash and revaluation of assets or capitalization of intangible assets is not involved in such transaction;
- c) is not resulting from a bonus issue by utilization of revaluation reserves or unrealized profits of the Issuer or from bonus issue against Equity Shares which are ineligible for minimum Promoters' Contribution;
- d) have not been acquired by the Promoters during the period of one year immediately preceding the date of filing of this Draft Prospectus at a price lower than the Issue Price.

The Promoters' Contribution can be pledged only with a scheduled commercial bank or public financial institution as collateral security for loans granted by such banks or financial institutions, in the event the pledge of the Equity Shares is one of the terms of the sanction of the loan. The Promoters' Contribution may be pledged only if in addition to the above stated, the loan has been granted by such banks or financial institutions for the purpose of financing one or more of the objects of this Issue.

The Equity Shares held by our Promoters may be transferred to and among the Promoter Group or to new promoters or persons in control of our Company, subject to continuation of the lock-in in the hands of the transferees for the remaining period and compliance with the Takeover Code, as applicable.

8. Details of share capital locked in for one year:

In addition to 20% of the post-Issue shareholding of our Company held by the Promoters (locked in for three years as specified above), in accordance with regulation 36 of SEBI (ICDR) Regulations, 2009, the entire pre-Issue share

Prabhat Telecoms (India) Limited-Draft Prospectus

capital of our Company (including the Equity Shares held by our Promoters) shall be locked in for a period of one year from the date of Allotment in this Issue.

Prabhat Telecoms (India) Limited-Draft Prospectus

13. There is no "Buyback", "Standby", or similar arrangement for the purchase of Equity Shares by our Company/Promoters/Directors/Lead Manager for purchase of Equity Shares offered through the Draft Prospectus.

14. There have been no purchase or sell of Equity Shares by the Promoters, Promoter Group and the Directors during a period of six months preceding the date on which the Draft Prospectus is filed with BSE.

15. Our Company has not raised any bridge loans against the proceeds of this Issue.

16. Investors may note that in case of over-subscription, allotment will be on proportionate basis as detailed in paragraph on "Basis of Allotment" on page 166 of this Draft Prospectus.

17. An over-subscription to the extent of 10% of the Issue can be retained for the purpose of rounding off while finalizing the basis of allotment to the nearest integer during finalizing the allotment, subject to minimum allotment lot.

Consequently, the actual allotment may go up by a maximum of 10% of the Issue, as a result of which, the post issue paid up capital after the Issue would also increase by the excess amount of allotment so made. In such an event, the Equity Shares held by the Promoters and subject to lock-in shall be suitably increased to ensure that 20% of the post issue paid-up capital is locked-in.

18. As on date of filing of this Draft Prospectus, the entire issued share capital of our Company is fully paid-up. The Equity Shares offered through this Public Issue will be fully paid up.

19. On the date of filing the Draft Prospectus, there are no outstanding financial instruments or any other rights that would entitle the existing Promoters or shareholders or any other person any option to receive Equity Shares after the Issue.

20. Our Company has not issued any Equity Shares out of revaluation reserves and not issued any bonus shares out of capitalization of revaluation reserves.

21. Lead Manager to the Issue viz. Guinness Corporate Advisors Private Limited does not hold any Equity Shares of our Company.

22. Our Company has not revalued its assets since incorporation.

23. Our Company has not made any public issue since incorporation.

24. There will be only one denomination of the Equity Shares of our Company unless otherwise permitted by law, our Company shall comply with such disclosure, and accounting norms as may be specified by SEBI from time to time.

25. There will be no further issue of capital whether by way of issue of bonus shares, preferential allotment, and rights issue or in any other manner during the period commencing from the date of this Draft Prospectus until the Equity Shares to be issued pursuant to the Issue have been listed.

26. Except as disclosed in the Draft Prospectus, our Company presently does not have any intention or proposal to alter its capital structure for a period of six (6) months from the date of opening of the Issue, by way of split/consolidation of the denomination of Equity Shares or further issue of Equity Shares (including issue of securities convertible into Equity Shares) whether preferential or otherwise. However, during such period or a later date, it may issue Equity Shares or securities linked to Equity Shares to finance an acquisition, merger or joint venture or for regulatory compliance or such other scheme of arrangement if an opportunity of such nature is determined by its Board of Directors to be in the interest of our Company.

Prabhat Telecoms (India) Limited-Draft Prospectus

27. At any given point of time, there shall be only one denomination for a class of Equity Shares of our Company.
28. Our Company does not have any ESOS/ESPS scheme for our employees and we do not intend to allot any shares to our employees under ESOS/ESPS scheme from the proposed Issue. As and when, options are granted to our employees under the ESOP scheme, our Company shall comply with the SEBI (Employee Stock Option Scheme and Employees Stock Purchase Plan) Guidelines 1999.
29. An investor cannot make an application for more than the number of Equity Shares offered in this Issue, subject to the maximum limit of investment prescribed under relevant laws applicable to each category of investor.
30. No payment, direct, indirect in the nature of discount, commission, and allowance, or otherwise shall be made either by us or by our Promoters to the persons who receive allotments, if any, in this Issue.
31. Our Company has Twenty One (21) members as on the date of filing of this Draft Prospectus.

DETAILS OF THE OBJECTS OF THE ISSUE

I. SETTING UP OF NEW ASSEMBLY LINE AND EXPANSION OF EXISTING ASSEMBLY LINES

We are at present catering our needs through two of our assembly lines i.e. at Bhiwandi, Maharashtra and Roorkee, Uttarakhand. With the growing investments in telecom sector across the globe, the need for affordable mobile handsets and data cards increasing exponentially. In this era of mobility, mobile phones are a necessity for each and every person. To cater to this demand we intend to set up new assembly line and expand our existing assembling lines with state of art technologies.

The estimated break up of cost is as under:

Sr. No.	Expenditure Items	Amount (Rs. in Lacs)
1.	Assembly line Equipment Cost for New Assembly Lines for FWT and Handsets and accessories	250.00
3.	Manpower Training and Process Implementation for Setting up of Assembly lines	80.00
4.	Provision for Contingencies	20.00
	Total	350.00

Manpower Training and Process Implementation for Setting up of Assembly lines

Manpower Training and Process Implementation for Setting up of Assembly lines mainly consist of start up and trial run expenses, training cost of manpower to be deployed, establishment and project management expenses, engineering and consultancy fees, upfront fees, etc. The Manpower Training and Process Implementation for Setting up of Assembly line expenses as estimated by the management would be Rs. 80.00 Lacs.

Provision for Contingencies

In the event of any cost overruns due to any changes in quoted prices of equipments for which orders have not yet been placed, or on account of time variation, transportation cost, insurance, unexpected price rise due to factors beyond our control, contingencies have been provided to cover any such eventuality which may occur. Contingencies of Rs. 20.00 Lacs have been estimated, which is approximately 6% of the cost of equipments and Manpower Training and Process Implementation costs.

II. SETTING UP OF QUALITY CONTROL AND TESTING FACALITIES

We intend to set up dedicated automated quality control and testing facilities adjacent to our assembling lines. This would ensure the company to develop and ensure higher quality products. We would also be benefitted by enhanced success ratio of products to be launched and also proportionate cost spent towards quality testing etc would be reduced.

The estimates of cost of setting up of quality control and testing laboratories is Rs. 50 lacs towards equipment cost and based on internal management estimates.

III. BRAND BUILDING AND DISTRIBUTION TIE UPS

We estimate Rs. 200 lacs towards brand building and strengthen our distribution network. We intend to chalk out a marketing plan, which would comprise print media, electronic media, participation in exhibition etc. In addition to that we would like to strengthen our distribution network by additional tie-ups, increasing warehouses/depots etc.

IV. TO PART-FINANCE INCREMENTAL WORKING CAPITAL REQUIREMENTS

We are presently engaged in the business of designing, import and distribution of mobile handsets, data card and mobile accessories. Going forward, we plan to increase our capacity of line of products and retail outlets. Therefore, our anticipated growth would push up the increase in sales and thereby need of additional long term working capital on account of providing credit period sought by our clients. We would also intend to keep shorter credit period from our creditors in order to avail cash discounts and increase our bargaining power and this will ultimately result in to surge in our bottom-line.

In the usual course of our business we have availed working capital limits from consortium of State Bank of Bikaner & Jaipur, Bank of India & Union Bank of India. As on date of this draft prospectus, Our Company's working capital facility consisted of aggregate fund based limit of Rs. 6000.00 Lacs.

As of September 30, 2014 the aggregate amounts outstanding under the fund based working capital facilities was Rs. 5,264.12 Lacs.

The working capital requirement of the company as per the latest audited financial statements i.e. 30th September, 2014 is Rs. 8252.96 Lacs. The working capital of Fiscal 2016 has been assessed at Rs. 8400.00 Lacs. The funding pattern of the requirement for the working capital is as below:

- (A) Cash Credit Facility: We have a working capital loan facility sanctioned by consortium of State Bank of Bikaner & Jaipur, Bank of India & Union Bank of India. We estimate that entire Rs. 6000.00 Lacs will be utilized to meet the working capital requirement for fiscal 2016.
- (B) Issue Proceeds: We intend to utilize Rs. 500.00 Lacs towards the total working capital requirements for Fiscal 2016.
- (C) Internal Accruals: We intend to utilize Rs. 1900.00 Lacs towards the total working capital requirements for Fiscal 2016 from internal accruals, which is already in system.

We have estimated the working capital requirement, which is as under:

(Rs. In Lacs)

 - ✓ National Highway Authority of India (NHAI) constituted under Section 3 of National Highway Authority of India Act, 1988; and
 - ✓ Rural Electrification Corporation Limited (REC), a company formed and registered under the Companies Act, 1956.

- Where a part of the capital gains is reinvested, the exemption is available on a proportionate basis. The maximum investment in the specified long term asset cannot exceed Rs 50,00,000 per assessee during any financial year in which the original asset or assets are transferred and in the subsequent financial year.
- Where the new bonds are transferred or converted into money within three years from the date of their acquisition, the amount so exempted is taxable as capital gains in the year of transfer / conversion.
- As per provision of Section 14A of the Act, expenditure incurred to earn an exempt income is not allowed as deduction while determining taxable income.
- The characterization of the gain / losses, arising from sale / transfer of shares as business income or capital gains would depend on the nature of holding and various other factors.

D. Securities Transaction Tax

As per provisions of Section 36(1) (xv) of the Act, STT paid in respect of the taxable securities transactions entered into in the course of the business is allowed as a deduction if the income arising from such taxable securities transactions is included in the income computed under the head 'Profit and gains of business or profession'. Where such deduction is claimed, no further deduction in respect of the said amount is allowed while determining the income chargeable to tax as capital gains.

E. Dividend

- As per provisions of Section 10(34) read with Section 115-O of the Act, dividend (both interim and final), if any, received by the Company on its investments in shares of another Domestic Company is exempt from tax. The Company will be liable to pay dividend distribution tax (DDT) at the rate of 15%. A surcharge of 10% would be levied on the amount of DDT. Further, Education cess of 2% and Secondary Higher Education cess of 1% is levied on the amount of tax and surcharge. Credit in respect of dividend distribution tax paid by a subsidiary of the Company could be available while determining the dividend distribution tax payable by the Company as per provisions of Section 115-O (1A) of the Act, subject to fulfillment of prescribed conditions. For the purposes of determining the tax on distributed profits payable in accordance with this section, any amount by way of dividends referred to in sub-section 115-O (1) as reduced by the amount referred to in sub section 115-O (1A) [hereafter referred to as net distributed profits], shall be increased to such amount as would, after reduction of the tax on such increased amount at the rate specified in sub-section 115-O (1), be equal to the net distributed profits.
- As per provisions of Section 10(35) of the Act, income received in respect of units of a mutual fund specified under Section 10(23D) of the Act (other than income arising from transfer of such units) is exempt from tax.
- As per provisions of Section 80G of the Act, the Company is entitled to claim deduction of as specified amount in respect of eligible donations, subject to the fulfillment of the conditions specified in that section.
- As per the provisions of Section 115BBD of the Act, dividend received by Indian company from a specified foreign company (in which it has shareholding of 26% or more) would be taxable at the concessional rate of 15% on gross basis (excluding surcharge and education cess).

INDUSTRY OVERVIEW

OVERVIEW OF THE INDIAN ECONOMY

The Indian economy remained resilient despite a slowdown in the third quarter of 2012-2013 amid a weaker global economy. During this period, India's GDP grew 4.5% as compared to 6.0% during the third quarter of 2011 (*Source: RBI: Macroeconomic and Monetary Developments in 2012-2013*). Indian GDP growth continues to remain above the global average. The IMF forecasts global growth to remain steady at 3.3% in 2013 before improving to 4.0% in 2014.

In contrast, India's GDP increased by 4.0% in 2012 and it is estimated to grow by 5.7% in 2013, demonstrating the strength of the Indian economy (*Source: IMF World Economic Outlook, April 2013*). The following table sets forth India's GDP growth in 2011 and 2012, and expected GDP growth during 2013 and 2014, as compared to that of the Euro Area (as defined below), the United States, China, Japan, India and other advanced Asian economies:

	Real GDP			
	Actual		Projected	
	2011	2012	2013E	2014E
Euro Area ⁽¹⁾	1.4%	-0.6%	-0.3%	1.1%
United States	1.8%	2.2%	1.9%	3.0%
China	9.3%	7.8%	8.0%	8.2%
Japan	-0.6%	2.0%	1.6%	1.4%
India	7.7%	4.0%	5.7%	6.2%

(2) Advanced Asia comprises Japan, Korea, Australia, Taiwan Province of China, Hong Kong SAR, Singapore and New Zealand.

OVERVIEW ON INDIA TELECOM INDUSTRY

Telecommunications has evolved as a basic infrastructure like electricity, roads, water etc. and has also emerged as one of the critical components of economic growth required for overall socio economic development of the country. The Indian telecom sector has registered a phenomenal growth during the past few years and has become second largest telephone network in the world, only after China. A series of reform measures by the Government, the wireless technology and active participation by private sector played an important role in the exponential growth of telecom sector in the country. National Telecom Policy-2012 (NTP-2012) has been announced during the current year with the primary objective of maximizing public good by making available affordable, reliable and secure telecommunication and broadband services across the entire country.

PRESENT STATUS

The Indian telecom network with 895.51 million telephone connections, including 864.72 million wireless telephone connections, at the end of December 2012 is second largest network in the world after China. Out of this, 338.59 million telephone connections are in rural areas and 556.92 million are in urban areas of the country.

There were 24.01 million Internet subscribers including 14.68 million Broadband subscribers at the end of September 2012. The number of Broadband subscribers increased to 14.98 million, end of December 2012.

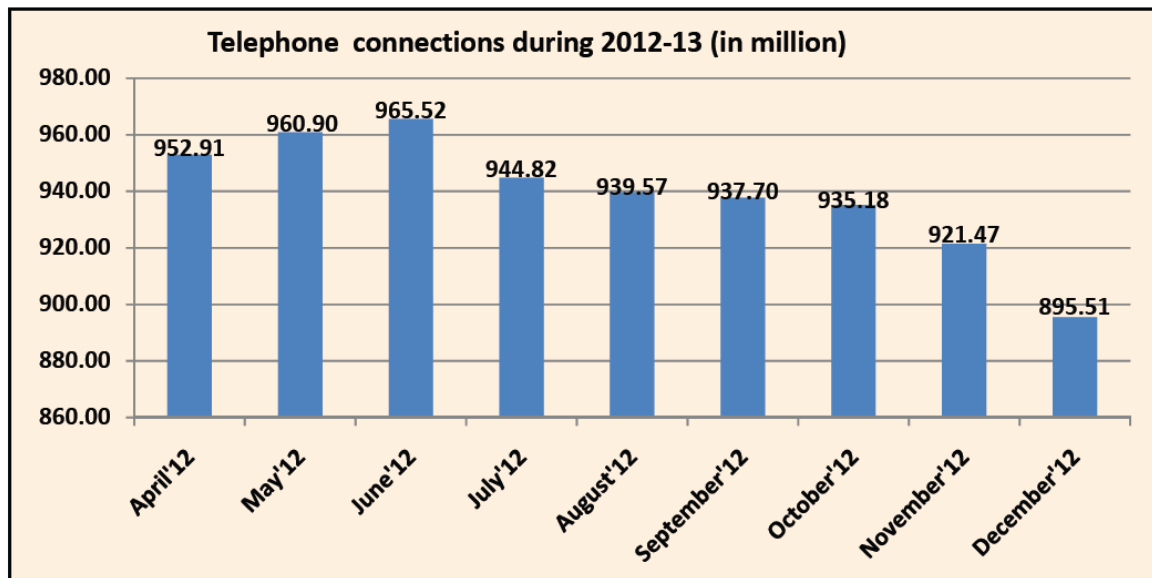

Present Status of the Telecommunication Sector (As on December 31, 2012)

- Indian telecom network is second largest in the world after China.
- The country has 895.51 million telephone connections, including 864.72 million wireless telephone connections.
- Overall tele-density in the country is 73.34%.
- Urban tele-density is 149.55%, whereas rural tele-density is 39.90%.
- The share of wireless telephones in total telephones is 96.56%.
- The share of private sector in total telephones is 85.51%.
- Number of Broadband connections is 14.98 million.

Network status during current financial year (2012-13)

The total number of telephones continued to increase till June 2012 and increased from 951.35 million to 965.52 million during the period April to June 2012. Thereafter, number of telephone connections declined to 895.51 million by the end of December 2012. The decline in telecom user base after June 2012 has been primarily due to the removal of inactive mobile telephone connections by the service providers. The rural telephones have increased from 330.83 million to 343.88 million during the period April to June 2012 and declined thereafter to 338.59 million by the end of December 2012. The urban telephones increased from 620.52 million to 621.65 million during the period April to June 2012 and then declined to 556.92 million by the end of December 2012.

The Chart below indicates the number of connections at the end of each month during the year 2012-13 (April - December 2012).

Tele-density

Tele-density, which shows the number of telephones per 100 population, is an important indicator of telecom penetration in the country. Tele-density, which was 78.66% at the end of March 2012, increased to 79.58% by the end of June 2012 and then declined to 73.34% by the end of December 2012. Among the service areas, Tamil Nadu (109.64%) has the highest teledensity followed by Himachal Pradesh (102.76%), Punjab (101.92%), Kerala (100.76%) and Karnataka (91.26%). Among the three metros, Delhi tops with 220.00% tele-density, followed by

Mumbai (159.57%) and Kolkata (155.10%). On the other hand, the service areas such as Assam (46.50%), Bihar (46.53%), M.P. (52.23%), U.P. (56.20%), West Bengal (56.85%) and J&K (58.41%) have comparatively low tele-density. There has been slight improvement in the rural tele-density during 2012-13 and it increased from 39.26% at the end of March 2012 to 39.90% at the end of December 2012. However, the urban tele-density decreased from 169.17% to 149.55% during this period.

Composition of telephones

A. Public vs Private

Operator-wise classification, at the end of December 2012, reveals that PSUs still have a large share of nearly 79.57% in the wire line segment. Private operators, on the other hand, have a share of 87.83% in the wireless segment. Overall, Bharti Group with 20.68% of the total telephones, both landlines and mobiles taken together, in the country has the largest share followed by Vodafone Group (16.47%), two PSUs BSNL & MTNL put together (14.49%), Reliance (13.38%) and Idea (12.72%) etc.

The share of private sector, in terms of number of subscribers, increased from 86.31% to 86.64% during the period from April to June 2012 and thereafter declined to 85.51% by the end of December 2012. On the other hand, share of public sector declined from 13.69% to 13.36% during the period April to June 2012 and then increased to 14.49% by the end of December 2012.

B. Wire line vs Wireless

As far as the technology is concerned, the preference for use of wireless telephony continues. The share of wireless telephones increased from 96.62% as on 31.03.2012 to 96.74% by the end of June 2012 and thereafter slightly declined to 96.56% by the end of December 2012. On the other hand, the share of landline telephones slightly increased from 3.38% to 3.44% during the period from April to December 2012.

Broadband

Increase in Broadband connectivity is being seen as an integral driver of improved socioeconomic performance. Broadband services empower masses and allow individuals to access new career and educational opportunities, help businesses reach new markets and improve efficiency and enhance the Government's capacity to deliver

critical services like health, banking and commerce to all of its citizens. There were 14.98 million Broadband subscribers in the country by the end of December 2012.

Provision of Broadband in rural and remote areas will also help in bridging ‘digital divide’ and the widespread adoption of broadband in rural areas will have a multiplier effect over the long-term. It will help improve productivity in rural areas, help overcome the constraints of an inadequate transport infrastructure and overall improve the quality of life in rural areas. Given the significant economic and social benefits, expanding affordable access to broadband has become a high priority for the Government. Various schemes have been launched by USOF for providing broadband connectivity to rural & remote areas.

National Telecom Policy-2012 (NTP-2012)

The Government approved National Telecom Policy-2012 (NTP-2012) on 31st May 2012 which addresses the Vision, Strategic direction and the various medium term and long term issues related to telecom sector. The primary objective of NTP-2012 is maximizing public good by making available affordable, reliable and secure telecommunication and broadband services across the entire country. The main thrust of the Policy is on the multiplier effect and transformational impact of such services on the overall economy. It recognizes the role of such services in furthering the national development agenda while enhancing equity and inclusiveness. Availability of affordable and effective communications for the citizens is at the core of the vision and goal of the NTP-2012. The Policy also recognizes the predominant role of the private sector in this field and the consequent policy imperative of ensuring continued viability of service providers in a competitive environment. Pursuant to NTP-2012, these principles would guide decisions needed to strike a balance between the interests of users/ consumers, service providers and government revenue.

The objectives of the NTP-2012, inter-alia, include the following:

- Provide secure, affordable and high quality telecommunication services to all citizens.
- Strive to create **One Nation - One License** across services and service areas.
- Achieve **One Nation - Full Mobile Number Portability** and work towards **One Nation -Free Roaming**.
- Increase rural tele-density from the current level of around 39 to 70 by the year 2017 and 100 by the year 2020.
- To recognize telecom, including broadband connectivity as a basic necessity like education and health and work towards **‘Right to Broadband’**.
- Provide affordable and reliable broadband-on-demand by the year 2015 and to achieve 175 million broadband connections by the year 2017 and 600 million by the year 2020 at minimum 2 Mbps download speed and making available higher speeds of at least 100 Mbps on demand.

- Provide high speed and high quality broadband access to all village panchayats through a combination of technologies by the year 2014 and progressively to all villages and habitations by 2020.
- Recognize telecom as Infrastructure Sector to realize true potential of ICT for development
- Address the Right of Way (RoW) issues in setting up of telecom infrastructure.
- Mandate an ecosystem to ensure setting up of a common platform for interconnection of various networks for providing non-exclusive and non-discriminatory access.
- Enhanced and continued adoption of green policy in telecom and incentivize use of renewable resources for sustainability.
- Achieve substantial transition to new Internet Protocol (IPv 6) in the country in a phased and time bound manner by 2020 and encourage an ecosystem for provision of a significantly large bouquet of services on IP platform.

Manufacturing of Telecom Equipment

With the advent of next-generation technologies and operators rolling out 3G and broadband wireless access services, the demand for telecom equipment has increased rapidly. In an attempt to capitalize on this opportunity, the government and policy makers are focusing on developing the domestic manufacturing industry. Promotion of Telecom Equipment Manufacturing has also been included in the objectives of NTP-2012.

With a view to increase share of domestically manufactured electronic products which includes telecom equipment also, the Government has laid down the policy for providing preference to domestically manufactured electronic products (including telecom equipment) in procurement. Department of Telecommunications has accordingly notified telecom products to be procured by all the Ministries or Departments (except the Ministry of Defence) of Government and the agencies under their administrative control and for all Government funded telecom projects. The notification proposes 50% to 100% preferential market access for domestically manufactured telecom equipment with minimum value addition of 25% to 65%. The import of Telecom equipments including mobile phones, parts and telecom cables during 2011-12 was Rs. 543146 million and during 2012-13 (upto September 2012) was Rs. 272235 million.

The Export of Telecom equipments including mobile phones, parts and telecom cables during 2011-12 was Rs. 201989 million and during 2012-13 (upto September, 2012) was Rs. 109266 million.

Indian Mobile Handsets Market

According to CMR's India Mobile Handsets Market Review, CY 2012, March 2013 release, India registered 221.6 million mobile handset shipments for CY (January-December) 2012. During the same period, 15.2 million smartphones were shipped in the country.

Table 1. India Mobile Handsets Market: CY 2012 versus CY 2011 (in terms of unit shipments)

Form Factor	Shipments (CY 2011)	Shipments (CY 2012)	Year-on-Year Growth, CY 2012 over CY 2011 (%)	Half Year-on-Half Year Growth, 2H 2012 over 1H 2012 (%)
Mobile Handsets	183.4	221.6	20.8%	16.4%
Featurephones	172.2	206.4	19.9%	11.3%
Smartphones	11.2	15.2	35.7%	75.2%

Key Growth Drivers for the Indian Telecom and Handset Market

We believe a number of factors have contributed to and will continue to drive growth in the Indian telecom and handset market, including the following:

- India's economic growth has helped increase household incomes and consequently consumption, especially among young Indians who are increasingly investing in various entertainment and communication services. India's favourable demographics in the coming years will continue to add impetus to the growth of the telecom and handset markets.
- The growing need of high mobility and connectivity at affordable prices.
- In order to curtail their network deployment costs, many service providers are considering sharing both passive and active infrastructure with each other. Common infrastructure will improve coverage, reduce costs and enable operators to expand telecom services at affordable prices to customers.
- Low overall mobile penetration indicates a latent potential for growth in India. This is especially true for expansion opportunities in the rural and semi-rural markets, which currently have low tele-density. Government policies have emphasized the need for expanding telecom coverage to include rural areas and empowering rural Indians through access to mobile telephony.
- Besides the presence of major telecom handset manufacturers, including Nokia, Samsung, LG and Motorola, and leading global telecom service companies and infrastructure majors, such as Vodafone, Singapore Telecom, AT&T, Ericsson, Alcatel and Siemens, there is strong competition from growing domestic handset companies and Indian mobile operators. Furthermore, increased competition among service providers created as a result of India allowing an unlimited number of service providers in each service area has contributed to and will continue to drive the growth of the telecom sector in India.
- The delivery of value added services ("VAS") has so far been based on SMS, Interactive Voice Response ("IVR") and Wireless Application Protocol ("WAP") platforms, delivering a range of applications across areas such as advertising, gaming, entertainment, travel, news and providing various support services. Going forward, the demand for more sophisticated and innovative e-mail and multimedia based services, as well as gaming and music related offerings is likely to fuel growth in VAS. We believe the advent of 3G will also add impetus to the growth of the VAS market due to 3G's faster network capabilities. Consequently, we believe mobile devices will also need to become more sophisticated.
- In 2008, India entered into 3G arena with the launch of 3G enabled mobile and data services by BSNL, subsequent to which MTNL launched its 3G services in Mumbai and Delhi. A nation wide auction of the 3G wireless spectrum was conducted by the TRAI in April 2010. The winning bids for 3G spectrum totalled Rs. 677.10 billion, against the government's original expectation of Rs. 350.00 billion.

Our Competitive Strengths

Experience of our Promoter

Our Promoters comes with engineering backgrounds and well versed in distribution of telecom equipment. Our Promoters possess more than 12 years of experience in telecom products covering all aspects of designing to distribution.

Extensive distribution network

Our Company has Pan India distribution network covering majority of the states and union territories. Our state and regional distributors sell our products, in unique territories assigned by us, to local distributors, who in turn distribute our products to several retail outlets that sell to consumers. We have also partnered with a national distributor that targets organized retail outlets and helps us build our brand name and sales through such channels. Our company focuses on building long term relationships with our distributors and have grown the depth and breadth of our distribution network rapidly, in both Tier 2 and Tier 3 cities as well as in India's largest cities. Our policy is to offer attractive margins to our channel partners to incentivize and motivate them with respect to the distribution of our products versus the products of our competitors.

Our Proven Track Record and Cost Effective Products

To address the Indian markets, our Company has been flexible enough to custom build products that meet local and international telecom regulatory requirements. Over the last five years of our existence we have proved our expertise to enhance our presence in the industry.

Continue to expand our product portfolio and invest in product development

Our markets present a diverse consumer base and we intend to develop mobile handsets and mobile data cards that target specific consumer segments. We intend to capitalize on our market leadership position in the middle range of the overall Indian mobile handset market to increase our presence and market share in higher range mobile handsets.

To meet consumer needs, we offer and plan to continue to offer a variety of commercially appealing mobile handsets with attractive aesthetics, design and a combination of innovative features that are easy to use and are suited for the local requirements and preferences of different consumer groups. We are planning to target "Android" and "Touch" phones, segments and also trying to grow our portfolio of CDMA and 3G products to capitalize on the growth opportunities presented by these categories.

Experienced management team and a motivated & efficient work force

Our Company is managed by a team of experienced and professional personnel with experience in different aspects of telecom industry. They include an in-depth knowledge of the design, import, assembly, distribution, marketing and finance. We believe that our qualified and experienced management has substantially contributed to the growth of our business operations. The faith of the management in the staff and their dedicated performance has enabled us to build up capabilities to operate at different locations in the country. We believe that the experience of our senior management team has resulted into improved product quality and increased profitability which give us a competitive edge.

Availability of comprehensive Value Chain in-house

We are into design, import and assembly of mobile handsets and data cards. In addition to this, we also are engaged in to the distribution of mobile handsets, data cards and also operate retail chain of mobile handsets, accessories etc. This brings in the benefit of a full value chain management to our company. This entire set of activities, completes the value chain by providing the synergy of backward as well as forward integration.

Product Development Cycle

The following diagram depicts our product development process:

Idea Generation

Idea generation is a continuous process for search and development of a New Product, Improvement in products, Product modifications through in-house and external team efforts. Idea Generation sources are In-house- R&D Team, Sales Team, Marketing Team, After sales support Team. External - Customers, Competitors, Distributors, external agency for survey. Innovations- innovations are one of the most important factors in development of products, innovation can come from In-house RND team or an external RND team which can be customized to a product.

Product Screening

Product screening is an important part where the ideas, requirements and analysis are screened and further poor ideas and concepts are dropped out. Ideas are compared to the nearest available competitor products and evaluated on different unique selling points which can help the product to make its footprints in the markets.

Product conceptualization

Once an idea is captured, product conceptualization is an important process where all the Physical and other requirements of the product are captured and visualised, all parameters to the product are considered and also measured its effects if the same are removed or modified.

Other major factor to the product conceptualization is analysing Product Positioning, Price, Target customers, Marketing strategy and Profit estimate.

Concept Testing

Concept testing is the most cost-effective process where the concept can be explained in written or in oral to a group of customers, distributors, retailers and other potential part of the channel and a feedback of them can be recorded, it helps to measure the enthusiasm customer and market enthusiasm and also build a marketing plan for the product.

Business and financial Analysis

Once the concept of the product is ready, the most important part followed by Business and Financial Analysis, we have to identify Demand Projections, Cost Projections, Competitions, Investments and Profitability.

Product Development

Product development is a process which converts a mere idea to final product; it not only covers the construction of physical product, but also involves important steps as Physical Product development, Testing of products, Usage testing, Branding and Packaging Design.

Test Marketing

Test Marketing involves the placement of stock in limited and controlled Geography, and also may be with selected outlets, this can help to monitor the performance of the product and to gather the initial feedback, important fine tunings and improvement in the product if required can be recorded and quickly implemented in the product before mass launch.

Commercial or Mass Launch

After the Test Market launched is successfully completed, Product is ready to be introduced in Target Markets. All full-fledged marketing plan needs to be executed to build the awareness of the product and to reach the desired sales and profit targets.

Competition

The mobile handset markets in which we operate are highly competitive particularly in India as many new competitors have entered the market in the last several years. As the market continues to move towards multimedia devices, this trend may result in even more competition.

The mobile handset market participants compete with each other on the basis of their product, services and solutions portfolio, user experience, design, price, operational and manufacturing efficiency and technical, performance, distribution strategy, quality, customer support, brand and marketing. The critical factors that determine the success of a product or service vary by geographical market and product and services segment. In general, mobile device markets are becoming more segmented and diversified, and we face competition from different mobile device manufacturers in different user segments, price points and geographic markets.

Due to the intensity, complexity and diversity of the competition overall, the competitive landscape in our industry or in specific industry segments can change very rapidly. As the parameters of competition are less firmly established than in other industries where the competitive landscape does not change greatly from year to year, it is difficult to predict how the competitive landscape of the mobile device industry will develop in the future. General competitive factors in the market include: overall quality of user experience, design, time-to-market, brand awareness, technology offered, price, product features, performance, quality, delivery and warranty, the quality and availability of after sales service and relationships with our distributors.

Marketing & Distribution:

Marketing and Branding

Our Company intends to seize upon opportunities presented by digital convergence by allocating significant resources to establish Prabhat as one of the India's leading handset company. Our branding strategy focuses on the innovative functionalities of our products to project reputation for innovation. Our marketing plan comprises advertising in print media, pamphlets and through sales promotions.

Our marketing and branding team responsible for our outbound marketing activities, with the aim of developing and enhancing our brands and increasing traffic to our sales points.

Some of our marketing activities envisaged as below:

Public relations - Our Company focuses on opportunities to raise our brand awareness through non-paid publicity activities such as articles, features and reviews.

Prabhat Telecoms (India) Limited-Draft Prospectus

Advertising - Our Company plans to appoint suitable external agency for print as well as electronic media based on a marketing plan for each of our products.

Training and in-shop demonstrators - Our Company focuses on providing in-shop demonstration training to our sales coordinators and distributors.

External displays - Our team creates posters, banners and other point of sale material for promotional activities.

Selling and Distribution

Our Company has pan India presence covering majority of the states and union territories. Our state and regional distributors sell our products, in unique territories assigned by us, to local distributors, who in turn distribute our products to several retail outlets that sell to consumers. We have also partnered with a national distributor that targets organized retail outlets and helps us build our brand name and sales through such channels. Our company focuses on building long term relationships with our distributors and have grown the depth and breadth of our distribution network rapidly, in both Tier 2 and Tier 3 cities as well as in India's largest cities. Our policy is to offer attractive margins to our channel partners to incentivize and motivate them with respect to the distribution of our products versus the products of our competitors.

As on 31st March, 2014 our company has entered into total agreements with 30 distributors. The state wise break-up of our state and regional distributors is given below:

Sr. No	State/Union Territories	Number of Distributors
1	Himachal Pradesh	1
2	Ambala	1
3	Haryana	2
4	Uttar Pradesh	3
5	Maharashtra	15
6	Rajasthan	3
7	Assam	2
8	New Delhi	3

EXPORT POSSIBILITY AND OBLIGATION

Current we don't have any export obligations.

Quality

Prabhat is wholly committed to build and sustain itself as a telecom equipment organization where quality shall be the hallmark of every aspect. The department of our quality constantly work with original equipment manufacturers at every vital aspect of manufacturing of equipment. We accordingly deploy our testing personnel to focus and prepare testing reports of all features and user interface of equipments. Our maximum attention is paid to upgrade our skills, quality system and facility to achieve consistent product quality and customer satisfaction.

Our Business Strategy

Our strategy is to build upon our competitive strengths and business opportunities to become one of the vital and leading telecom equipment companies. Our aim is to provide the customers with cutting edge technological products and support system, ensuring timely and cost effective delivery of product and services. We intend to achieve this by implementing the following strategies:

To increase Mobile plus outlets on pan India basis

With the growing size of mobile handsets market in India for the technological revolution the needs for mobile handsets will increase exponentially particularly in tier 2 and tier 3 cities. To keep pace with the increasing needs of the industry we plan to increase our Mobile Plus outlets in the range of 150 to 200 on pan India basis.

To strengthen the distribution network and after sale service points

We believe our branding efforts will fuel our growth in markets and in order to cater to the higher anticipated demand for our products, we plan to continue to expand the density as well as the geographic reach of our existing distribution network. Additionally, after-sales services, such as technical support and repair, are essential in order to maintain consumer satisfaction with our products and create positive brand reputation. Accordingly, we plan to continue to grow the number of authorized service providers at all levels and increase the number of field-based technical engineers and service coordinators.

To reap the benefit by enhancing assembling capacities and setting up quality control laboratories

We are focused on establishing and increasing our assembling facilities of telecom equipments, as this will allow us to exercise control over costs and we also plan to set up quality control laboratories to deliver the quality products. We believe that an increase in facilities will help us reap the benefits of economies of scale and this would eventually lead to an improvement in the price competitiveness of our products.

Constant Technology Up gradation

Our Company target to focus on constant up gradation of technology and launch futuristic products keeping in mind its usage in the Indian conditions.

Pursue strategic acquisitions and investments abroad

In order to expand, we seek to identify acquisition targets and/or joint venture partners whose resources, capabilities, technologies and strategies are complementary to and are enabling us to establish our presence abroad.

Penetration in to global markets

We are looking forward to enter into global markets and we plan to target countries where we can leverage our track record and experience in India to compete effectively and expand our revenue base.

Strengthening our brand

We intend to invest in developing and enhancing recognition of our brand – Prabhat and V3, through brand building efforts, communication and promotional initiatives such as exhibitions fairs, electronic media, organizing events, participation in industry events, public relations and investor relations efforts. This will help us to maintain and improve our reach. We believe that our branding exercise will enhance the recall value and trust in the minds of our customers and will help in increasing demand for our products.

SWOT

Strengths

- Cordial relations with Customers, Distributors and suppliers
- Consumers in India now rely heavily on mobile communication.
- In depth knowledge of Industry - Commercial & Technical
- Established facilities
- Experienced management team

Weaknesses

- Dependent upon growth in telecom Industry
- Lack of brand awareness
- Surge in finance needs to cope up with the increased demand.

Opportunities

- The industry is constantly subject to new breakthroughs and could easily produce new handsets that incorporate new technologies to encourage a continuous cycle of buying from consumers.
- Technological convergence is continually increasing and some ideas and manufacturers may come into the market from the computer industry.
- The overall usage of mobile phones is still increasing. The proportion of the population using a mobile phone has gradually increased for many years.

Threats

- Industry is prone to change in government policies, any material changes in the duty or International prices may adversely impact our financials.
- Prices of products are prone to exchange rate fluctuations
- There are no entry barriers in our industry which puts us to the threat of competition from new entrants.

Intellectual Property

KEY INDUSTRY REGULATIONS AND POLICIES

The regulations and policies set out below are not exhaustive and are only intended to provide general information to the investors and are neither designed nor intended to be a substitute for professional advice. The following description is a summary of the relevant regulations and policies as prescribed by the Government of India that are applicable to our Company. The statements below are based on the provisions of Indian law in force, and the judicial and administrative interpretations thereof, which are subject to change or modification by subsequent legislative, regulatory, administrative or judicial decisions.

Industry Specific Regulations

New Telecom Policy, 1999

The Department of Telecommunications, Ministry of Communications and Information Technology, Gol, formulated the National Telecom Policy, 1999, for creating an enabling framework for development of the telecom industry. In this regard, the National Telecom Policy, 1999, prescribes that with a view to promote indigenous telecom equipment manufacture for both domestic use and export, the Gol, would provide the necessary support and encouragement to the sector, including suitable incentives to the service providers utilizing such indigenous equipment. In furtherance of the same, the Gol, by way of the CENVAT Credit Rules, 2004, has allowed service providers to take CENVAT credit for utilizing indigenous equipment.

The Indian Telegraph Act, 1885 (“Telegraph Act”)

The Telegraph Act governs all forms of the usage of “telegraph” which expression has been defined to mean any appliance, instrument, material or apparatus used or capable of use for transmission or reception of signs, signals, writing, images, and sounds or intelligence of any nature, by wire, visual or other electro-magnetic emissions, radio waves or hertzian waves, galvanic, electric or magnetic means. Under Section 7, the Central Government has the power to make rules for conduct of all telegraphs established, maintained or worked by the Government or by persons licensed under the Act including but not limited to governing the conditions and restrictions subject to which any telegraph line, appliance or apparatus for telegraphic communication shall be established, maintained, worked, repaired, transferred, shifted, withdrawn or disconnected. Further, the rules prescribed by the Central Government may prescribe the fines for any breach of such rules, provided that the fines so prescribed shall not Rs. 250/- and in the case of a continuing breach a further fine of Rs. 50/- for every day after the first day during the whole or part of which the breach continues.

The Indian Wireless Telegraphy Act, 1933 (“Telegraphy Act”)

The Telegraphy Act regulates the possession of “wireless telegraphy apparatus” in India. Under the Telegraphy Act, “wireless telegraphy apparatus” has been defined to mean any apparatus, appliance, instrument, used or capable of being used in wireless communication, but does not include any such apparatus, appliance, instrument or material commonly used for other electrical purposes, unless it has been specially designed or adapted for wireless communication or forms part of some apparatus, instrument or material specially so designed or adapted. Under Section 10 of the Act, the Central Government has the power to make rules with respect to the maintenance of records containing details of the acquisition and disposal by sale or otherwise of wireless telegraphy apparatus possessed by dealers and the power to make provisions for penalty of breach of such rules.

International Mobile Equipment Identity and Electronic Serial Number

The Group Special Mobile Association (the “GSM Association”) is an association which focuses on ensuring mobile services work globally, thereby enhancing their value to individual users and national economies. Membership to this association is voluntary and upon payment of a stipulated amount of fee. Majority of the countries which use GSM technology are a member of this association. In this regard, the GSM Association issued a non-binding IMEI Allocation and Approval Guidelines dated 1st October, 2009, whereby it laid down guidelines for members part of the GSM Association with respect to allocation of a unique international mobile equipment identity (the “IMEI”)

identifying an individual mobile station in a GSM network. The IMEI code consists of a number of fields totaling 15 digits. All digits have the range of zero to nine coded as a binary coded decimal. The GSM Association maintains a unique system known as the IMEI database which is global central database containing basic information on the IMEI ranges of GSM devices that are in use across the GSM networks of the world. This IMEI database is also activated and updated every 15 days in the equipment identity register (“EIR”) of telecom service providers.

Similarly, for mobile phones which implement CDMA technology, the Telecommunications Industry Association manages and co-ordinates manufacturer codes for cellular phones which is the electronic serial number (the “ESN”). ESN is a 32 bit binary value which is unique to each cellular phone where eight high order bits are used to identify the manufacturer and low order 24 bits are used to identify the unit. In this regard, the Telecommunications Industry Association issued the Electronic Serial Number Manufacturer’s Code, Assignment Guidelines and Procedures dated December 2009, laying down guidelines for assignment and allocation of the ESN code.

The Department of Telecommunications, Ministry of Communications and Information Technology, GoI, issued a directive (No. 20-40/2006-BS-III(Pt.)/(Vol. I) dated 6th October, 2008, in the interest of national security to all access service providers to make provision for an EIR so that all cellular phones without IMEI or ESN or invalid IMEI or ESN are not processed and rejected.

Labour Laws

The Factories Act, 1948

The Factories Act, 1948 is a social Legislation which has been enacted to regulate the occupational safety, health and welfare of workers at work places. This Legislation is being enforced by the Government through officers appointed under the Act i.e. Inspectors of Factories, Deputy Chief Inspectors of Factories who work under the control of the Chief Inspector of Factories and overall control of the Labour Commissioner. The ambit of operation of this Act includes the approval of Factory Building Plans before construction/extension, investigation of complaints with regard to health, safety, welfare and working conditions of the workers employed in a factory, the maintenance of registers and the submission of yearly and half-yearly returns.

The Factories Act, 1948 (“Factories Act”) defines a ‘factory’ to cover any premises which employs ten or more workers and in which manufacturing process is carried on with the aid of power and any premises where there are at least twenty workers even though there is or no electrically aided manufacturing process being carried on. Each State Government has rules in respect of the prior submission of plans and their approval for the establishment of factories and registration and licensing of factories. The Factories Act provides that an occupier of a factory i.e. the person who has ultimate control over the affairs of the factory and in the case of a company, any one of the directors, must ensure the health, safety and welfare of all workers. There is a prohibition on employing children below the age of fourteen years in a factory.

Payment of Wages Act, 1936 (“Wages Act”)

Wages Act applies to the persons employed in the factories and to persons employed in industrial or other establishments where the monthly wages payable to such persons is Less than Rs 10,000/-. The Act confers on the person(s) responsible for payment of wages certain obligations with respect to the maintenance of registers and the display in such factory/establishment, of the abstracts of this Act and Rules made there under.

The Minimum Wages Act, 1948 (“Minimum Wages Act”)

Minimum Wages Act was enacted to provide for minimum wages in certain employments. Under this Act, the Central and the State Governments are the authorities to stipulate the scheduled employment and to fix minimum wages. The Act contains List of Agricultural and Non Agricultural employment where the prescribed minimum rate of wages is to be paid to the workers. The minimum wages are calculated and fixed based on the basic requirement of food, clothing, housing required by an average Indian adult.

Industrial Disputes Act, 1947

The Industrial Disputes Act, 1947 (the “IDA”) was enacted to make provision for investigation and settlement of industrial disputes and for other purposes specified therein. The IDA distinguishes between (i) employees who are ‘workmen’ and (ii) employees who are not ‘workmen’. Workmen have been provided several benefits and are protected under various labour legislations, whilst those persons who have been classified as managerial employees and earning salary beyond a prescribed amount may not generally be afforded statutory benefits or protection, except in certain cases. Employees may also be subject to the terms of their employment contracts with their employer, which contracts are regulated by the provisions of the Indian Contract Act, 1872. The IDA also sets out certain requirements in relation to the termination of the services of the workman’s services. This includes detailed procedure prescribed for resolution of disputes with labour, removal and certain financial obligations up on retrenchment.

Shops and Establishment Act

Under various State laws dealing with shops and establishments, any shop or commercial establishment has to obtain a certificate of registration from the supervising inspector and also has to comply with certain rules laid down in the act governing that particular State. These rules and regulations regulate the opening and closing hours of shops and commercial establishments, daily and weekly work hours, closing dates and holidays, health and safety of persons working in shops and commercial establishments, payment of wages and maintenance of records and registers by the employers, among others.

Employees’ Provident Funds and Miscellaneous Provisions Act, 1952

Employees Provident Funds and Miscellaneous Provisions Act, 1952 (“EPFA”) was introduced with the object to institute compulsory provident fund for the benefit of employees in factories and other establishments. The EPFA provides for the institution of provident funds and pension funds for employees in establishments where more than 20 persons are employed and factories specified in Schedule I of the EPFA. Under the EPFA, the Central Government has framed the “Employees Provident Fund Scheme”, “Employees Deposit-linked Insurance Scheme” and the “Employees Family Pension Scheme”. Liability is imposed on the employer and the employee to contribute to the funds mentioned above, in the manner specified in the statute. There is also a requirement to maintain prescribed records and registers and filing of forms with the concerned authorities. The EPFA also prescribes penalties for avoiding payments required to be made under the abovementioned schemes.

Payment of Gratuity Act, 1972

The Payment of Gratuity Act, 1961 (“the POG Act”) provides for payment of gratuity to employees employed in factories, shops and establishments who have put in a continuous service of 5 years, in the event of their superannuation, retirement, resignation, death or disablement. The rule of ‘5 years continuous service’ is however relaxed in case of death or disablement of an employee. Gratuity is calculated at the rate of 15 days wages for every completed year of service with the employer. Under the POG Act, an employer is obliged for a maximum gratuity payout of Rs. 10, 00,000 for an employee. The POG Act also requires the employer to obtain and maintain an insurance policy for the employer’s obligation towards payment of gratuity.

Payment of Bonus Act, 1965

The Payment of Bonus Act, 1965 is applicable to every establishment employing 20 or more employees. The said Act provides for payment of the minimum bonus to the employees specified under the Act. It further requires the maintenance of certain books and registers such as the register showing computation of the allocable surplus; the register showing the set on & set off of the allocable surplus and register showing the details of the amount of Bonus due to the employees. Further it also require for the submission of Annual Return in the prescribed form (FORM D) to be submitted by the employer within 30 days of payment of the bonus to the Inspector appointed under the Act.

Employees State Insurance Act, 1948

All the establishments to which the Employees State Insurance (ESI) Act applies are required to be registered under the Act with the Employees State Insurance Corporation. The Act applies to those establishments where 20 or more persons are employed. The Act requires all the employees of the factories and establishments to which the Act applies to be insured in the manner provided under the Act. Further, employer and employees both are required to make contribution to the fund. The return of the contribution made is required to be filed with the ESI department.

Criminal laws

Negotiable Instruments Act, 1881

In India, the laws governing monetary instruments such as cheques are contained in the Negotiable Instruments Act, 1881, which is largely a codification of the English Law on the subject. To ensure prompt remedy against defaulters and to ensure credibility of the holders of the negotiable instrument a criminal remedy of penalty was inserted in Negotiable Instruments Act, 1881 in form of the Banking, Public Financial Institutions and Negotiable Instruments Laws (Amendment), 1988 which were further modified by the Negotiable Instruments (Amendment and Miscellaneous Provisions) Act, 2002. The Act provides effective legal provision to restrain people from issuing cheques without having sufficient funds in their account or any stringent provision to punish them in the event of such cheque not being honoured by their bankers and returned unpaid. Section 138 of the Act, creates statutory offence in the matter of dishonour of cheques on the ground of insufficiency of funds in the account maintained by a person with the banker which is punishable with imprisonment for a term which may extend to two year, or with fine which may extend to twice the amount of the cheque, or with both.

Business laws

Indian Contract Act 1872

Indian Contract Act 1872 is the main source of law regulating contracts in Indian law, as subsequently amended. The Indian Contract Act 1872 sections 1-75 came into force on 1 September 1872. It applies to the whole of India except the state of Jammu and Kashmir. It is not a complete and exhaustive law on all types of contracts. It determines the circumstances in which promise made by the parties to a contract shall be legally binding on them. Each contract creates some right and duties upon the contracting parties. Indian contract deals with the enforcement of these rights and duties upon the parties. As per the provisions of the Indian Contract Act all agreements are contracts if they are made by the free consent of the parties competent to contract, for a lawful consideration and with a lawful object and are not expressly declared to be void. The parties to a contract must either perform or offer to perform their respective promises unless such performance is dispensed with or excused under the provisions of the Act or of any other law. Promises bind the representative of the promisers in case of death of such promisers before performance, unless a contrary intention appears from the contract. When a contract has been broken the party who suffers by such breach is entitled to receive from the party who has broken the contract, compensation for any loss or damage caused to him thereby, which naturally arose in the usual course of things from such breach or which the parties knew, when they made the contract, to be likely to result from the breach of it. Under the Act it is also provided that when a contract has been broken, if a sum is named in the contract as the amount to be paid in case of such breach, or if the contract contains any other stipulation by way of penalty, the party complaining of the breach is entitled, whether or not actual damage or loss is proved to have been caused thereby, to receive from the party who has broken the contract reasonable compensation not exceeding the amount so named or, as the case may be, the penalty stipulated for. Even a person who rightfully rescinds a contract is entitled to a compensation for any damage which he has sustained for a non-fulfillment of the contract. The Indian Contract Act also lays down provisions of indemnity, guarantee, bailment and agency. Provisions relating to sale of goods and partnership which were originally in the act are now subject matter of separate enactments viz., the Sale of Goods Act and the Indian Partnership Act.

Sale of Goods Act, 1930

Sale of Goods Act is one of very old mercantile law. Sale of Goods is one of the special types of Contract. Initially, this was part of Indian Contract Act itself in chapter VII (sections 76 to 123). Later these sections in Contract Act were deleted, and separate Sale of Goods Act was passed in 1930. The Sale of Goods Act is complimentary to Contract Act. Basic provisions of Contract Act apply to contract of Sale of Goods also. Basic requirements of contract i.e. offer and acceptance, legally enforceable agreement, mutual consent, parties competent to contract, free consent, lawful object, consideration etc. apply to contract of Sale of Goods also.

The law relating to the sale of goods is codified in the Sale of Goods Act, 1930. It defines sale and agreement to sell as a contract whereby the seller transfers or agrees to transfer the property in goods to the buyer for a price and provides that there may be a contract of sale between part owner and another and that the contract of sale may be absolute or conditional. According to the provisions of this act, a contract of sale is made by an offer to buy or sell the goods for a price and the acceptance of such offer. The act further provides that the contract may provide for the immediate delivery of the goods or immediate payment of the price or both or for the delivery or payment by installments or that the delivery or payment or both shall be postponed. Provisions are made in this Act for existing or future goods, perishable goods, ascertainment of price, conditions and warranties, effects of the contract, delivery to carrier, duties of seller and buyer, buyers right of examining the goods, liability of buyer for neglecting or refusing the delivery of goods, rights of unpaid seller, suits for breach of the contract, sale, etc.

Tax Related Legislations

Value Added Tax, 2005

Value Added Tax (“VAT”) is charged on sale of goods in the States under the law enacted by each State in respect thereof. VAT is however, not chargeable on the value of services which do not involve a transfer of goods. VAT is a multi-point levy on each of the entities in the supply chain with the facility of setoff of input tax that is the tax paid at the stage of purchase of goods by a trader and on purchase of raw materials by a manufacturer. Only the value addition in the hands of each of the entities is subject to tax.

Income Tax Act, 1961

The Income Tax Act, 1961 (“IT Act”) is applicable to every company, whether domestic or foreign whose income is taxable under the provisions of this Act or Rules made there under depending upon its “Residential Status” and “Type of Income” involved. Every company assessable to income tax under the IT Act is required to comply with the provisions thereof, including those relating to Tax Deduction at Source, Advance Tax, Minimum Alternative Tax and like. Every such company is also required to file its returns by 30th September of each assessment year.

The Companies Act, 1956 & 2013

The Act deals with laws relating to companies and certain other associations. The Companies Act primarily regulates the formation, financing, functioning and winding up of companies. The Act prescribes regulatory mechanism regarding all relevant aspects including organizational, financial and managerial aspects of companies. Regulation of the financial and management aspects constitutes the main focus of the Act. In the functioning of the corporate sector, although freedom of companies is important, protection of the investors and shareholders, on whose funds they flourish, is equally important. The Companies Act plays the balancing role between these two competing factors, namely, management autonomy and investor protection.

Consumer Protection Act, 1986

The Consumer Protection Act, 1986 (“COPRA”) aims at providing better protection to the interests of consumers and for that purpose makes provisions for the establishment of authorities for the settlement of consumer disputes. The COPRA provides a mechanism for the consumer to file a complaint against a trader or service provider in cases of unfair trade practices, restrictive trade practices, defects in goods, deficiency in services,

price charged being unlawful and goods being hazardous to life and safety when used. The COPRA provides for a three tier consumer grievance redressal mechanism at the national, state and district levels. Non compliance of the orders of these authorities attracts criminal penalties.

Intellectual Property Laws

Intellectual Property Rights

Intellectual Property in India enjoys protection under both common law and statute. Under statute, India provides for the protection of patent protection under the Patents Act, 1970, copyright protection under the Copyright Act, 1957 and trademark protection under the Trade Marks Act, 1999. The above enactments provide for protection of intellectual property by imposing civil and criminal liability for infringement. In addition to the above domestic legislations India is a party to several international treatise related to intellectual property including the Patent Co-operation Treaty, 1970, the Paris Convention for the Protection of Industrial Property, 1883, the International Convention for the Protection of Literary and Artistic Works signed at Berne in 1886 (the Universal Copyright Convention of 1952), the Rome Convention for the Protection of Performers, Producers of Phonograms and Broadcasting Organisations 1961 and as a member of the World Trade Organisation is a signatory to the Agreement on Trade Related aspects of Intellectual Property Rights, 1995 (the TRIPS Agreement).

Trade Marks Act, 1999

The Indian Law on trademarks is enshrined in the Trade Marks Act, 1999. Under the existing Legislation, a trademark is a mark used in relation to goods so as to indicate a connection in the course of trade between the goods and some person having the right as proprietor to use the mark. A mark may consist of a word or invented word, signature, device, Letter, numeral, brand, heading, Label, name written in a particular style and so forth. The trademark once applied for, is advertised in the trademarks journal, oppositions, if any are invited and after satisfactory adjudications of the same, a certificate of registration is issued. The right to use the mark can be exercised either by the registered proprietor or a registered user. The present term of registration of a trademark is ten years, which may be renewed for similar periods on payment of prescribed renewal fee.

The Patents Act, 1970

The Patents Act, 1970 (“Patents Act”) is the primary legislation governing patent protection in India. In addition to broadly requiring that an invention satisfy the requirements of novelty, utility and non obviousness in order for it to avail patent protection, the Patents Act further provides that patent protection may not be granted to certain specified types of inventions and materials even if they satisfy the above criteria. The term of a patent granted under the Patents Act is for a period of twenty years from the date of filing of application for the patent. The Patents Act deems that computer programmes per se are not ‘inventions’ and are therefore not entitled to patent protection.

Property related laws

Registration Act, 1908

The Registration Act, 1908 (the “Registration Act”) details the formalities for registering an instrument. Section 17 of the Registration Act identifies documents for which registration is compulsory and includes, inter alia, any non testamentary instrument which purports or operates to create, declare, assign, limit or extinguish, whether in the present or in future, any right, title or interest, whether vested or contingent, in immovable property of the value of Rs. 100 or more, and a lease of immovable property for any term exceeding one year or reserving a yearly rent. The Registration Act also stipulates the time for registration, the place for registration and the persons who may present documents for registration.

Any document which is required to be compulsorily registered but is not registered will not affect the subject property, nor be received as evidence of any transaction affecting such property (except as evidence of a contract

in a suit for specific performance or as evidence of part performance of a contract under the TP Act or as evidence of any collateral transaction not required to be effected by registered instrument), unless it has been registered.

Indian Stamp Act, 1899

Stamp duty is payable on all instruments/ documents evidencing a transfer or creation or extinguishment of any right, title or interest in immovable property. The Indian Stamp Act, 1899 (the “Stamp Act”) provides for the imposition of stamp duty at the specified rates on instruments listed in Schedule I of the Stamp Act. However, under the Constitution of India, the states are also empowered to prescribe or alter the stamp duty payable on such documents executed within the state.

Instruments chargeable to duty under the Stamp Act but which have not been duly stamped, are incapable of being admitted in court as evidence of the transaction contained therein. The Stamp Act also provides for impounding of instruments by certain specified authorities and bodies and imposition of penalties, for instruments which are not sufficiently stamped or not stamped at all. Instruments which have not been properly stamped instruments can be validated by paying a penalty of up to 10 times of the total duty payable on such instruments.

Regulations Regarding Foreign Trade

Customs Act, 1962

The provisions of the Customs Act, 1962 and Rules made there under are applicable at the time of import of goods into India from a place outside India or at the time of export of goods out of India to a place outside India. Any Company requiring to import or export any goods is required to get itself registered and obtain an Importer Exporter Code (IEC) number.

Importer Exporter Code

Under the Indian Foreign Trade Policy, 2004, no export or import can be made by a person or company without an Importer Exporter Code number unless such person/company is specifically exempted. An application for an Importer Exporter Code number has to be made to the office of the Joint Director General of Foreign Trade, Ministry of Commerce. An Importer Exporter Code number allotted to an applicant is valid for all its branches/ divisions/ units/factories.

FEMA Regulations

Foreign investment in India is governed primarily by the provisions of the FEMA, and the rules, regulations and notifications thereunder, as issued by the Reserve Bank of India from time to time, and the policy prescribed by the Department of Industrial Policy and Promotion, which provides for whether or not approval of the FIPB is required for activities to be carried out by foreigners in India. The RBI, in exercise of its power under the FEMA, has notified the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2000 (“FEMA Regulations”) to prohibit, restrict or regulate, transfer by or issue security to a person resident outside India. As laid down by the FEMA Regulations, no prior consents and approvals is required from the RBI, for foreign direct investment (“FDI”) under the automatic route within the specified sectoral caps. In respect of all industries not specified as FDI under the automatic route, and in respect of investment in excess of the specified sectoral limits under the automatic route, approval may be required from the FIPB and/or the RBI.

SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON ACCOUNT FOR PREPARATION OF RESTATED FINANCIAL STATEMENT

A. SIGNIFICANT ACCOUNTING POLICIES:

1. Basis of Preparation of Financial Statements

- a. The Restated Financial Information for the year / period ended 31st March 2010, 31st March, 2011, 31st March 2012 31st March 2013, 31st March 2014 and 30th September, 2014 has been extracted by the management of the Company from the audited financial statements of the company for the year / period ended 31st March 2010, 31st March, 2011, 31st March 2012 31st March 2013, 31st March 2014 and 30th September, 2014.
- b. The Restated Financial Information are after making adjustments/ restatements and regrouping as necessary in accordance with paragraph B(1) of Part II of Schedule II of The Companies Act and SEBI Regulations.
- c. The Financial Statements have been prepared under Historical Cost conventions and in accordance with the Generally Accepted Accounting Principles ('GAAP') applicable in India, Companies (Accounting Standard) Rules, 2006 notified by Ministry of Company Affairs and Accounting Standards issued by the Institute of Chartered Accountants of India as applicable and relevant provisions of the Companies Act, 1956 & 2013.
- d. The company generally follows the mercantile system of accounting and recognizes significant items of income and expenditure on accrual basis.

2. Use of Estimates

The preparation of Financial Statements in conformity with GAAP requires that the management of the Company makes estimates and assumptions that affect the reported amounts of income and expenses of the period, the reported balances of assets and liabilities and the disclosures relating to contingent liabilities as of the date of the financial statements. Examples of such estimates include the useful lives of fixed assets and intangible assets, provision for doubtful debts / advances, future obligations in respect of retirement benefit plans, etc. Actual results could differ from these estimates. Difference between the actual results and estimates are recognized in the period in which the results are known/ materialized. Management believes that the estimates used in preparation of financial statements are prudent and reasonable.

3. Fixed Assets and Depreciation

- i. Fixed Assets are shown at historical cost net of recoverable taxes inclusive of incidental expenses less accumulated depreciation.
- ii. Intangible Assets are stated at cost of acquisition net of recoverable taxes less accumulated depreciation.
- ii. Depreciation on fixed assets is provided on Straight Line Method at the rates prescribed under Schedule XIV of the Companies Act, 1956.
- iii. Depreciation on fixed assets sold during the year, is provided on pro-rata basis with reference to the date of addition/deletion.

4. Revenue Recognition

Revenue is recognized only when it can be reliably measured and it is reasonable to expect ultimate collection.

Revenue from operations includes sale of goods, services, sales tax, service tax, excise duty and sales during trial run period, adjusted for discounts (net), Value Added Tax (VAT) and gain / loss on corresponding hedge contracts.

Dividend income is recognized when right to receive is established. Interest income is recognized on time proportion basis taking into account the amount outstanding and rate applicable.

5. Investments

Current investments are carried at lower of cost and quoted/fair value, computed category wise. Long Term Investments are stated at cost. Provision for diminution in the value of long-term investments is made only if such a decline is other than temporary.

6. Inventories

Items of inventories are measured at lower of cost and net realisable value after providing for obsolescence, if any. Cost of inventories comprises of cost of purchase, cost of conversion and other costs including manufacturing overheads incurred in bringing them to their respective present location and condition. Cost of raw materials, process chemicals, stores and spares, packing materials, trading and other products are determined on weighted average basis. By-products are valued at net realisable value.

7. Impairment of Assets

As on Balance Sheet date, the Company reviews the carrying amount of Fixed Assets to determine whether there are any indications that those assets have suffered "Impairment Loss". Impairment loss, if any, is provided to the extent, the carrying amount of assets exceeds their recoverable amount. Recoverable amount is higher of an asset's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from continuing use of an asset and from its disposal at the end of its useful life.

8. Borrowing Costs

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that takes necessarily substantial period of time to get ready for its intended use. All other borrowing costs are charged to revenue.

9. Taxation

Tax expenses for the year comprise of current tax and deferred tax. Current tax is measured after taking into consideration the deductions and exemptions admissible under the provision of Income Tax Act, 1961 and in accordance with Accounting Standard 22 on "Accounting for Taxes on Income", issued by ICAI.

Deferred Tax assets or liabilities are recognized for further tax consequence attributable to timing difference between taxable income and accounting income that are measured at relevant enacted tax rates. At each Balance Sheet date the company reassesses unrecognized deferred tax assets, to the extent they become reasonably certain or virtually certain of realization, as the case may be.

10. Leases

Finance Lease

Leases which effectively transfer to the company all the risks and benefits incidental to ownership of the leased item, are classified as Finance Lease. Lease rentals are capitalized at the lower of the fair value and present value of the minimum lease payments at the inception of the lease term and disclosed as leased assets. Lease payments are apportioned between the finance charges and reduction of the lease liability based on the implicit rate of return. Finance charges are charged directly against income life of the assets at the following rates

Operating Lease

Lease where the lesser effectively retains substantially all risks and benefits of the asset are classified as Operating lease. Operating lease payments are recognized as an expense in the Profit & Loss account on a Straight Line Basis over the Lease term.

11. Preliminary Expenses

Preliminary expenses are amortized as per applicable income tax rules.

12. Earnings per Share

In determining the Earnings Per share, the company considers the net profit after tax includes any post tax effect of any extraordinary / exceptional item. The number of shares used in computing basic earnings per share is the weighted average number of shares outstanding during the period.

The number of shares used in computing Diluted earnings per share comprises the weighted average number of shares considered for computing Basic Earnings per share and also the weighted number of equity shares that would have been issued on conversion of all potentially dilutive shares.

In the event of issue of bonus shares, or share split the number of equity shares outstanding is increased without an increase in the resources. The number of Equity shares outstanding before the event is adjusted for the proportionate change in the number of equity shares outstanding as if the event had occurred at the beginning of the earliest period reported.

13. Contingent Liabilities & Provisions

Provisions are recognized only when there is a present obligation as a result of past events and when a reliable estimate of the amount of obligation can be made.

Contingent Liability is disclosed for

- a) Possible obligation which will be confirmed only by future events not wholly within the control of the company or
- b) Present obligations arising from the past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.
- c) Contingent Assets are not recognized in the financial statements since this may result in the recognition of income that may never be realized.

14. Foreign Exchange Transactions

- i. Transactions denominated in foreign currencies are recorded at the exchange rate prevailing on the date of the transaction or that approximates the actual rate at the date of the transaction.
- ii. Monetary items denominated in foreign currencies at the yearend are restated at year end rates. In case of items which are covered by forward exchange contracts, the difference between the year end rate and rate on the date of the contract is recognised as exchange difference and the premium paid on forward contracts is recognised over the life of the contract.
- iii. Non-monetary foreign currency items are carried at cost.
- iv. In respect of branches, which are integral foreign operations, all transactions are translated at rates prevailing on the date of transaction or that approximates the actual rate at the date of transaction. Branch monetary assets and liabilities are restated at the year end rates.
- v. Any income or expense on account of exchange difference either on settlement or on translation is recognized in the Profit and loss account except in case of long term liabilities, where they relate to acquisition of fixed assets, in which case they are adjusted to the carrying cost of such assets.

B. CHANGES IN ACCOUNTING POLICIES IN THE YEARS/PERIODS COVERED IN THE RESTATED FINANCIALS.

There is no change in significant accounting policies during the reporting period except the fact that Company has adopted straight line method of depreciation from fiscal 2013 and a retrospective effect has been given from the incorporation of Company. Further Accounting Policies has been changed as and when Accounting Standards issued by the Institute of Chartered Accountants of India / Companies (Accounting Standard) Rules, 2006 were made applicable on the relevant dates.

Definitions of key ratios:

I. Earnings per share (Rs.): Net Profit attributable to equity shareholders / weighted average number of equity shares. Earnings per share calculations are done in accordance with Accounting Standard 20 “Earnings Per Share” as issued by The Institute of Chartered Accountants of India. As per AS-20, the number of equity shares outstanding before the event is adjusted for the proportionate change in the number of equity shares outstanding as if the event had occurred at the beginning of the earliest period reported. In case of a bonus issue after the Balance Sheet date but before the date on which the Financial Statements are approved by the Board of Directors’, the per share calculations for those Financial statements and any prior period Financial Statements presented are based on the new no. of shares. Weighted average number of equity shares outstanding during all the previous years have been considered accordingly.

II. Return on Net Worth (%): Net Profit after tax / Net worth as at the end of the year / period

III. Net Asset Value (Rs.): Net Worth at the end of the year / Number of equity shares outstanding at the end of the year / period.

IV. Net Profit, as appearing in the Statement of restated profits and losses, and Net Worth as appearing in the restated statement of Assets & Liabilities has been considered for the purpose of computing the above ratios.

Information required as per Item (2) (IX) (E) (5) of Part A of Schedule VIII to the SEBI Regulations:

1. Unusual or infrequent events or transactions

Except as described in this Draft Prospectus, there have been no other events or transactions that, to our knowledge, may be described as “unusual” or “infrequent”.

2. Significant economic changes

Our Company’s operations are dependent on the general economic conditions and any changes in economic conditions may have an adverse impact on the entire industry and consequently on our operations.

3. Known trends or uncertainties

Except as described in “Risk Factors” and “Management Discussion and Analysis of Financial Condition and Results of Operations” and in the Draft Prospectus, our Company believes there are no known trends or uncertainties that are expected to have a material adverse impact on our revenues or income from continuing operations.

4. Future changes in relationship between costs and revenues in case of events such as future increase in labor or material cost or prices that will cause material change.

According to our knowledge, there are no future relationship between cost and income that would be expected to have a material adverse impact on our operations and revenues. However Increase in the cost of the products in which the Company deals, will affect the profitability of the Company. Further, the Company may not be able to pass on the increase in prices of the product to the customers in full and this can be offset through cost reduction.

5. The extent to which material increase in net sales or revenues are due to increased sales volume, introduction of new products or services or increased sales prices.

The increase in revenues is by and large linked to increases in volume of all the activities, distribution network and innovations carried out by the Company.

6. New Products or business segments

As per our current business plan, other than as described in “Our Business” in this Draft Prospectus, our Company is not planning to introduce any new products or business segments.

7. Business segment in which our Company operates

The Company operates in single segment i.e. design, import and distribution of mobile handsets, wireless dongles, tablets etc.

8. Seasonality of business

Our business & level of operations are not seasonal in nature. Our business depends upon the market condition.

9. Dependence on single or few clients

Our Company’s operations are not dependent on a particular client or group of clients.

10. Competitive conditions

The mobile handset markets in which we operate are highly competitive particularly in India as many new competitors have entered the market in the last several years. As the market continues to move towards multimedia devices, this trend may result in even more competition.

The mobile handset market participants compete with each other on the basis of their product, services and solutions portfolio, user experience, design, price, operational and manufacturing efficiency and technical, performance, distribution strategy, quality, customer support, brand and marketing. The critical factors that determine the success of a product or service vary by geographical market and product and services segment. In general, mobile device markets are becoming more segmented and diversified, and we face competition from different mobile device manufacturers in different user segments, price points and geographic markets.

Due to the intensity, complexity and diversity of the competition overall, the competitive landscape in our industry or in specific industry segments can change very rapidly. As the parameters of competition are less firmly established than in other industries where the competitive landscape does not change greatly from year to year, it is difficult to predict how the competitive landscape of the mobile device industry will develop in the future. General competitive factors in the market include: overall quality of user experience, design, time-to-market, brand awareness, technology offered, price, product features, performance, quality, delivery and warranty, the quality and availability of after sales service and relationships with our distributors.

SECTION VI: LEGAL AND OTHER INFORMATION

OUTSTANDING LITIGATION AND MATERIAL DEVELOPMENTS

Except as stated herein, there are no outstanding or pending litigation, suits, civil prosecution, criminal proceedings or tax liabilities against our Company, our Directors, our Promoters and Promoter Group and there are no defaults, non-payment of statutory dues, over dues to banks and financial institutions, defaults against bank and financial institutions and there are no outstanding debentures, bonds, fixed deposits or preference shares issued by our Company; no default in creation of full security as per the terms of the issue, no proceedings initiated for economic or other offences (including past cases where penalties may or may not have been awarded) and no disciplinary action has been taken by SEBI or any stock exchanges against our Promoters, our Directors or Promoter Group Companies.

I. CASES FILED BY OUR COMPANY

Civil Cases

Our Company had given a loan of Rs. 37,60,500 on friendly terms to Mr. Mahesh Nadkarni. - Such other rights, as may be available to a shareholder of a listed public company under the Companies Act, 2013 and the Memorandum and Articles of Association of the Company.

MINIMUM APPLICATION VALUE; MARKET LOT AND TRADING LOT

As per the provisions of the Depositories Act, 1996, the shares of a body corporate can be in dematerialized form i.e. not in the form of physical certificates but be fungible and be represented by the statement issued through electronic mode.

The investors have an option either to receive the security certificate or to hold the securities with depository.

The trading of the Equity Shares will happen in the minimum contract size of 3,000 Equity Shares and the same may be modified by BSE from time to time by giving prior notice to investors at large.

Allocation and allotment of Equity Shares through this Offer will be done in multiples of 3,000 Equity Share subject to a minimum allotment of 3,000 Equity Shares to the successful applicants.

MINIMUM NUMBER OF ALLOTTEES

The minimum number of Allottees in this Issue shall be 50 shareholders. In case the minimum number of prospective Allottees is less than 50, no allotment will be made pursuant to this Issue and the monies collected shall be refunded within 15 days of closure of Issue.

JOINT HOLDERS

Where two or more persons are registered as the holders of any Equity Shares, they will be deemed to hold such Equity Shares as joint-holders with benefits of survivorship.

NOMINATION FACILITY TO INVESTOR

In accordance with Section 72 of the Companies Act, the sole or first applicant, along with other joint applicant, may nominate any one person in whom, in the event of the death of sole applicant or in case of joint applicant, death of all the applicants, as the case may be, the Equity Shares allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall in accordance with Section 72 of the Companies Act, be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale of equity share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh

Prabhat Telecoms (India) Limited-Draft Prospectus

nomination can be made only on the prescribed form available on request at the Corporate Office of our Company or to the Registrar and Transfer Agents of our Company.

In accordance with Section 72 of the Companies Act, any Person who becomes a nominee by virtue of Section 72 of the Companies Act, shall upon the production of such evidence as may be required by the Board, elect either:

- to register himself or herself as the holder of the Equity Shares; or
- to make such transfer of the Equity Shares, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other moneys payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the allotment of Equity Shares in the Issue will be made only in dematerialized form, there is no need to make a separate nomination with us. Nominations registered with the respective depository participant of the applicant would prevail. If the investors require changing the nomination, they are requested to inform their respective depository participant.

By signing the Application Form, the Applicant would be deemed to have authorized the depositories to provide, upon request, to the Registrar to the Issue, the required Demographic Details as available on its records.

BASIS OF ALLOTMENT

Allotment will be made in consultation with BSE Limited (The Designated Stock Exchange). In the event of oversubscription, the allotment will be made on a proportionate basis in marketable lots as set forth here:

1. The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e. the total number of Shares applied for in that category multiplied by the inverse of the over subscription ratio (number of applicants in the category x number of Shares applied for).
2. The number of Shares to be allocated to the successful applicants will be arrived at on a proportionate basis in marketable lots (i.e. Total number of Shares applied for into the inverse of the over subscription ratio).
3. For applications where the proportionate allotment works out to less than 3,000 equity shares the allotment will be made as follows:
 - a) Each successful applicant shall be allotted 3,000 equity shares; and
 - b) The successful applicants out of the total applicants for that category shall be determined by the drawal of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (2) above.
4. If the proportionate allotment to an applicant works out to a number that is not a multiple of 3,000 equity shares, the number in excess of the multiple of 3,000 would be rounded off to the higher multiple of 3,000 if that number is 1,500 or higher. If that number is lower than 1,500, it would be rounded off to the lower multiple of 3,000. All Applicant in such categories would be Allotted Equity Shares arrived at after such rounding off.
5. If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the applicants in that category, the balance available Shares for allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful applicants in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising of applicants applying for the minimum number of Shares. If as a result of the process of rounding off to the lower nearest multiple of 3,000 equity shares, results in the actual allotment being higher than the shares offered, the final allotment may be higher at the sole discretion of the Board of Directors, up to 110% of the size of the offer specified under the Capital Structure mentioned in this Draft Prospectus.
6. The above proportionate allotment of shares in an Issue that is oversubscribed shall be subject to the reservation for small individual applicants as described below:
 - a) A minimum of 50% of the net offer of shares to the Public shall initially be made available for allotment to retail individual investors as the case may be.
 - b) The balance net offer of shares to the public shall be made available for allotment to a) individual applicants other than retails individual investors and b) other investors, including Corporate Bodies/ Institutions irrespective of number of shares applied for.
 - c) The unsubscribed portion of the net offer to any one of the categories specified in (a) or (b) shall/may be made available for allocation to applicants in the other category, if so required.

OTHER INSTRUCTIONS

Joint Applications in the case of Individuals

Applications may be made in single or joint names (not more than three). In the case of joint Applications, all payments will be made out in favour of the Applicant whose name appears first in the Application Form or Revision Form. All communications will be addressed to the First Applicant and will be dispatched to his or her address as per the Demographic Details received from the Depository.

Multiple Applications

An Applicant should submit only one Application (and not more than one) for the total number of Equity Shares required. Two or more Applications will be deemed to be multiple Applications if the sole or First Applicant is one and the same.

In this regard, the procedures which would be followed by the Registrar to the Issue to detect multiple applications are given below:

- i. All applications are electronically strung on first name, address (1st line) and applicant's status. Further, these applications are electronically matched for common first name and address and if matched, these are checked manually for age, signature and father/ husband's name to determine if they are multiple applications
- ii. Applications which do not qualify as multiple applications as per above procedure are further checked for common DP ID/ beneficiary ID. In case of applications with common DP ID/ beneficiary ID, are manually checked to eliminate possibility of data entry error to determine if they are multiple applications.
- iii. Applications which do not qualify as multiple applications as per above procedure are further checked for common PAN. All such matched applications with common PAN are manually checked to eliminate possibility of data capture error to determine if they are multiple applications.

No separate applications for demat and physical is to be made. If such applications are made, the applications for physical shares will be treated as multiple applications and rejected accordingly.

In case of a mutual fund, a separate Application can be made in respect of each scheme of the mutual fund registered with SEBI and such Applications in respect of more than one scheme of the mutual fund will not be treated as multiple Applications provided that the Applications clearly indicate the scheme concerned for which the Application has been made.

In cases where there are more than 20 valid applications having a common address, such shares will be kept in abeyance, post allotment and released on confirmation of "know your client" norms by the depositories. The Company reserves the right to reject, in our absolute discretion, all or any multiple Applications in any or all categories.

PERMANENT ACCOUNT NUMBER OR PAN

Pursuant to the circular MRD/DoP/Circ 05/2007 dated April 27, 2007, SEBI has mandated Permanent Account Number ("PAN") to be the sole identification number for all participants transacting in the securities market,

irrespective of the amount of the transaction w.e.f. July 2, 2007. Each of the Applicants should mention his/her PAN allotted under the IT Act. **Applications without this information will be considered incomplete and are liable to be rejected.** It is to be specifically noted that Applicants should not submit the GIR number instead of the PAN, as the Application is liable to be rejected on this ground.

DESIGNATED DATE AND ALLOTMENT OF EQUITY SHARES

The Company will issue and dispatch letters of allotment/ or letters of regret along with refund order or credit the allotted securities to the respective beneficiary accounts, if any within a period of 12 working days of the Issue Closing Date.

After the funds are transferred from the Escrow Account to the Public Issue Account on the Designated Date, the Company would ensure the credit to the successful Applicants depository account. Allotment of the Equity Shares to the Allottees shall be within two working days of the date of Allotment Investors are advised to instruct their Depository Participant to accept the Equity Shares that may be allocated/ Allotted to them pursuant to this Issue.

Applicants to whom refunds are made through electronic transfer of funds will be sent a letter intimating them about the mode of credit of refund within 12 working days of closure of Issue.

The Company will provide adequate funds required for dispatch of refund orders or allotment advice to the Registrar to the Issue.

Refunds will be made by cheques, pay orders or demand drafts drawn on a bank appointed by us, as Refund Banker and payable at par at places where applications are received. Bank charges, if any, for encashing such cheques, pay orders or demand drafts at other centers will be payable by the Applicants.

PAYMENT OF REFUND

Applicants must note that on the basis of name of the Applicants, Depository Participant's name, DP ID, Beneficiary Account number provided by them in the Application Form, the Registrar will obtain, from the Depositories, the Applicants' bank account details, including the nine digit Magnetic Ink Character Recognition ("MICR") code as appearing on a cheque leaf. Hence Applicants are advised to immediately update their bank account details as appearing on the records of the Depository Participant. Please note that failure to do so could result in delays in dispatch of refund order or refunds through electronic transfer of funds, as applicable, and any such delay shall be at the Applicants' sole risk and neither the Company, the Registrar, Escrow Collection Bank(s), Bankers to the Issue nor the LM shall be liable to compensate the Applicants for any losses caused to the Applicant due to any such delay or liable to pay any interest for such delay.

Mode of making refunds

The payment of refund, if any, would be done through various modes as given hereunder:

- 1) **ECS (Electronic Clearing System)** - Payment of refund would be done through ECS for applicants having an account at any of the centers where such facility has been made available. This mode of payment of refunds would be subject to availability of complete bank account details including the MICR code as appearing on a cheque leaf, from the Depositories. The payment of refunds is mandatory for applicants having a bank account at any of such centers, except where the applicant, being eligible, opts to receive refund through NEFT, direct credit or RTGS.
- 2) **Direct Credit** - Applicants having bank accounts with the Refund Banker(s), as mentioned in the Application Form, shall be eligible to receive refunds through direct credit. Charges, if any, levied by the Refund Bank(s) for the same would be borne by the Company.
- 3) **RTGS (Real Time Gross Settlement)** - Applicants having a bank account at any of the centers where such facility has been made available and whose refund amount exceeds 10.00 Lacs, have the option to receive refund through RTGS. Such eligible applicants who indicate their preference to receive refund through RTGS are required to provide the IFSC code in the application Form. In the event the same is not provided, refund shall be made through ECS. Charges, if any, levied by the Refund Bank(s) for the same would be borne by the Company. Charges, if any, levied by the applicant's bank receiving the credit would be borne by the applicant.
- 4) **NEFT (National Electronic Fund Transfer)** - Payment of refund shall be undertaken through NEFT wherever the applicants' bank has been assigned the Indian Financial System Code (IFSC), which can be linked to a Magnetic Ink Character Recognition (MICR), if any, available to that particular bank branch. IFSC Code will be obtained from the website of RBI as on a date immediately prior to the date of payment of refund, duly mapped with MICR numbers. Wherever the applicants have registered their nine digit MICR number and their bank account number while opening and operating the demat account, the same will be duly mapped with the IFSC Code of that particular bank branch and the payment of refund will be made to the applicants through this method. The process flow in respect of refunds by way of NEFT is at an evolving stage and hence use of NEFT is subject to operational feasibility, cost and process efficiency.
- 5) **For all other applicants**, including those who have not updated their bank particulars with the MICR code, the refund orders will be through Speed Post/ Registered Post. Such refunds will be made by cheques, pay orders or demand drafts drawn on the Escrow Collection Banks and payable at par at places where Applications are received. Bank charges, if any, for cashing such cheques, pay orders or demand drafts at other centers will be payable by the Applicants.

ISSUE PROCEDURE FOR ASBA (APPLICATION SUPPORTED BY BLOCKED ACCOUNT) APPLICANTS

This section is for the information of investors proposing to subscribe to the Issue through the ASBA process. Our Company and the LM are not liable for any amendments, modifications, or changes in applicable laws or regulations, which may occur after the date of this Draft Prospectus. ASBA Applicants are advised to make their independent investigations and to ensure that the ASBA Application Form is correctly filled up, as described in this section.

The lists of banks that have been notified by SEBI to act as SCSB (Self Certified Syndicate Banks) for the ASBA Process are provided on <http://www.sebi.gov.in>. For details on designated branches of SCSB collecting the Application Form, please refer the above mentioned SEBI link.

ASBA PROCESS

A Resident Retail Individual Investor shall submit his Application through an Application Form, either in physical or electronic mode, to the SCSB with whom the bank account of the ASBA Applicant or bank account utilized by the ASBA Applicant (“ASBA Account”) is maintained. The SCSB shall block an amount equal to the Application Amount in the bank account specified in the ASBA Application Form, physical or electronic, on the basis of an authorization to this effect given by the account holder at the time of submitting the Application. The Application Amount shall remain blocked in the aforesaid ASBA Account until finalization of the Basis of Allotment in the Issue and consequent transfer of the Application Amount against the allocated shares to the ASBA Public Issue Account, or until withdrawal/failure of the Issue or until withdrawal/rejection of the ASBA Application, as the case may be. The ASBA data shall thereafter be uploaded by the SCSB in the electronic IPO system of the Stock Exchange. Once the Basis of Allotment is finalized, the Registrar to the Issue shall send an appropriate request to the Controlling Branch of the SCSB for unblocking the relevant bank accounts and for transferring the amount allocable to the successful ASBA Applicants to the ASBA Public Issue Account. In case of withdrawal/failure of the Issue, the blocked amount shall be unblocked on receipt of such information from the LM. ASBA Applicants are required to submit their Applications, either in physical or electronic mode. In case of application in physical mode, the ASBA Applicant shall submit the ASBA Application Form at the Designated Branch of the SCSB. In case of application in electronic form, the ASBA Applicant shall submit the Application Form either through the internet banking facility available with the SCSB, or such other electronically enabled mechanism for applying and blocking funds in the ASBA account held with SCSB, and accordingly registering such Applications.

Who can apply?

In accordance with the SEBI (ICDR) Regulations, 2009 in public issues w.e.f. May 1, 2010 all the investors can apply through ASBA process and w.e.f May 02, 2011, the Non-Institutional applicants and the QIB Applicants have to compulsorily apply through the ASBA Process.

Mode of Payment

Upon submission of an Application Form with the SCSB, whether in physical or electronic mode, each ASBA Applicant shall be deemed to have agreed to block the entire Application Amount and authorized the Designated Branch of the SCSB to block the Application Amount, in the bank account maintained with the SCSB. Application Amount paid in cash, by money order or by postal order or by stockinvest, or ASBA Application Form accompanied by cash, draft, money order, postal order or any mode of payment other than blocked amounts in the SCSB bank accounts, shall not be accepted. After verifying that sufficient funds are available in the ASBA Account, the SCSB shall block an amount equivalent to the Application Amount mentioned in the ASBA Application Form till the Designated Date. On the Designated Date, the SCSBs shall transfer the amounts allocable to the ASBA Applicants from the respective ASBA Account, in terms of the SEBI Regulations, into the ASBA Public Issue Account. The balance amount, if any against the said Application in the ASBA Accounts shall then be unblocked by the SCSBs on the basis of the instructions issued in this regard by the Registrar to the Issue. The entire Application Amount, as per the Application Form submitted by the respective ASBA Applicants, would be required to be blocked in the respective ASBA Accounts until finalization of the Basis of Allotment in the Issue and consequent transfer of the Application Amount against allocated shares to the ASBA Public Issue Account, or until withdrawal/failure of the Issue or until rejection of the ASBA Application, as the case may be.

Unblocking of ASBA Account

On the basis of instructions from the Registrar to the Issue, the SCSBs shall transfer the requisite amount against each successful ASBA Applicant to the ASBA Public Issue Account and shall unblock excess amount, if any in the ASBA Account. However, the Application Amount may be unblocked in the ASBA Account prior to receipt of intimation from the Registrar to the Issue by the Controlling Branch of the SCSB regarding finalization of the Basis of Allotment in the Issue, in the event of withdrawal/failure of the Issue or rejection of the ASBA Application, as the case may be.
