MANAGEMENT DISCUSSION AND ANALYSIS

Economy Review:

The India was among the world's fastest growing economies, with a growth of GDP at the rate of 8.7 per cent in the fiscal year 2007-2008, as compared to 9.6% in the fiscal year 2006-2007. It's not only 10th largest, but also the 2nd fastest growing economy of the world. This change in economies brought tremendous change in the consumer consumption and investment pattern of the Indian middle class, in tandem with their growing disposable incomes.

The growth in agriculture and allied activity was 2.6% for the fiscal year 2007-2008 as compared to 3.8% in the last year. Along with decline in growth rate in agriculture and allied sector as compared to last fiscal year, growth in other sectors such as industrial production, manufacturer sector, service sector, has also lowered.

Service sector has emerged as leading contributor to GDP and it shown double digit growth of 10.6% in the fiscal year 2007-2008 as compared to 11.2% in the last fiscal year.

India is one of the fastest growing economies in the world. After adjustments for purchasing power parity, India's economy is the fourth largest in the world in terms of Gross Domestic Product ("GDP"). In recent years, India has become a preferred destination for Foreign Direct Investment ("FDI"), owing to its well developed private corporate sector, large consumer market potential, large pool of well educated and English speaking work force, and well established legal systems.

Industry Overview:

Over the past decade, the consumer credit market in India, has rapid expansion and is still an under-penetrate market. Consumer credit has become cheaper, and acceptable to consumers. The Factors that have brought change in the market are:

- Increasing desire by customers to acquire assets such as cars, goods and houses on credit;
- Growing number of households in the Company's target segment;
- Improved terms of credit as the interest rates in India have begun to fall into line with global interest rates and sophisticated products have reduced interest rates further:
- Legislation changes that offer greater protection to lenders against fraud and potential default increasing the incentive to lend;
- * Growth in the assignment and securitization arrangements for consumer loans has enabled non-deposit based entities to access wholesale funding and compete in the market based on ability to originate, underwrite and service consumer loans.

Our Capital Market and Securities business is the crown jewels of the Company. Our whole team is focused on building our market leadership and expanding our horizons.

Outlook: . .

The has been considerable broadening and deepening of the Indian financial markets due to various financial market reforms undertaken by the regulators, the introduction of innovative financial instruments in recent years and the entry of sophisticated domestic and international players. Strong economic growth, favourable demographics, increased geographic penetration, growth of small and medium enterprises and the increasing needs for capital among Indian corporations are expected to continue to drive India's financial services industry.

Marketing Strategy:

The Company relies on the internal as well as its relationship managers and marketing associates to ensure the growth of its business and development of new business lines by various sales tactics.

Strong Financial Position:

For healthy equity capital base as well as access to large credit lines, bank facilities and commercial paper market, Hind Commerce Ltd's strong financial position allows it to acquire customers and provide financing on attractive terms.

Dynamic Management Team:

The Company's management team has a continued and strong focus on identifying quality growth areas that are capable of providing high returns. Under the leadership of strong management team, the Company has diversified into various profitable business segments.

Risk Management:

The Company has in place, suitable mechanism to effectively reduce such risks. All these risks are continuously analyzed and reviewed at various levels of management thought and effective information system. The Company recognizes the importance of risk management on account of increasing competition and market volatility in the financial services business.

Internal Control System:

The Company has sufficient Internal Control System. The Audit Committee of the Board reviews the Internal Audit reports and the adequacy and effectiveness of internal controls.

Human Resources:

The company considers its Human Resources as one of its key valuable assets. The Company continues to lay emphasis on developing and facilitating optimum human performance. Performance management was the key word for the Company this year. Recruitment process has been strengthened to ensure higher competence levels.

Competition Risk:

The Financial sector industry is becoming increasingly competitive and the company's growth will depend on its ability to compete effectively. Even Company's strong brand image, wide distribution network, diversified product offering and depth of management place it in a strong position to effectively mitigate this risk.

Opportunities:

- Low retail penetration of financial services/products in
- Cross selling of services
- Rising per-capita GDP
- Young population and attractive demographic profile

- Competition from local and multinational players
- Execution risk
- Regulatory changes
- Attraction and retention of Human Capital

Cautionary Statement:

Statements in this Management Discussion and Analysis, describing the Company's objectives, projections, estimates and expectations maybe a 'forward looking statement' within the meaning of applicable laws and regulations. Actual results might differ materially from those either expressed or implied. Hind Commerce Ltd is not under any obligation to publicly amend, modify or revise any forward looking statements on the basis of any subsequent developments, information or events.

SCHEDULE 'N': NOTES TO ACCOUNT

- 1) Summary of Significant Accounting Policies :-
 - Accounts have been prepared on historical cost and accrual basis.
 - Fixed Assets are stated at cost less depreciation. The Company capitalises all cost relating to acquisition and installation of Fixed Assets.
 - Depreciation has been provided on pro-rata basis on straightline method at the rates & on the basis specified in Schedule XIV to the Companies Act. 1956.
 - d. Long term investments are stated at cost after deducting provisions made for permanent diminution in the value, if any. Current investments are stated at lower of cost & fair market value.
 - e. Loans & Advances are stated after making adequate provisions for doubtful advances.
 - f. Stock in trade is valued at Cost or Net Realisable Value whichever is lower.
 - g. Leave encashment benefit accrued as per Company's Rules are charged to the Profit & Loss Account.
 - h. Income-tax expense comprises current tax and deferred tax charge or credit The deferred tax asset and deferred tax liability is calculated by applying tax rate and tax laws that have been enacted or substantively enacted by the Balance Sheet date. Deferred tax asset arising mainly on account of brought forward losses and unabsorbed depreciation under tax laws, are recognised, only if there is a virtual certainty of its realisation, supported by convincing evidence. Deferred tax asset on account of other timing differences are recognised only to the extent there is a reasonable certainty of its realisation. At each Balance Sheet date, the carrying amount of deferred tax asset is reviewed to reassure realisation.
