DIRECTORS' REPORT

Dear Shareholders,

On behalf of the Directors of your Company, I have great pleasure in presenting the 34th Annual Report of your Company together with the audited accounts for the year ended on 31.03.2010. The Auditors' Report and the Comments on the accounts of the Company by the Comptroller and Auditor General of India thereon are annexed to this report.

2.0 YEAR'S HIGHLIGHTS AT A GLANCE

- ❖ R&D activities have been carried out successfully and established that the Pellet plant is able to produce Pellet from Doni ore on a standalone basis without generating any slime during grinding and filtering which was almost 17% during January 2006 to March 2007. This R&D effort will enable the Company to have future economic benefit in cost saving. This has resulted in production of 1 ton of Pellet with 1 ton of Iron Ore (1:1 basis) as against the consumption of 1.025 ton of Iron Ore for 1 ton of Pellet (1:1.025 basis) during previous year.
- ❖ During the last quarter of 2009-10, the Company has made highest production and despatch of 700000 MT and 678682 MT respectively for the first time after the closure of its captive mine.

3.0 PHYSICAL AND FINANCIAL HIGHLIGHTS

During the year 2009-10, the important physical and financial highlights are as under

3.1 Physical Highlights

(Qty. in million tonnes)

Particulars	2009-10		2008-09		Percentage Change (Actual)

4.0 SEGMENT-WISE PERFORMANCE**4.1 Pellets**

Target set for production of Pellets during the year under MOU 'Good' category was 2.65 million tonnes. Against this target, the Company has produced 1.273 million tonnes of Pellets during 2009-10 which is 48% achievement of the target. The sudden and unprecedented worldwide recession in the second half of the year 2008-09 which continued till the end of 3rd quarter of 2009-10, has forced the Company to operate the Pellet plant intermittently. However, the price of the Pellets has shown a sign of improvement from January 2010 onwards and has prompted the Company to increase the production. The Company has produced 7, 00,000 tonnes of Pellets during January to March 2010 which has surpassed the previous records particularly after the closure of its captive mine.

4.2 Pig Iron and Auxiliary

As against the MOU target (Good category) of 1, 70,000 tonnes of Pig Iron Production (including Auxilliary) the Company produced 62,041 tonnes during 2009-10 which is 36% fulfilment of the target. Due to uneconomical price for Pig Iron, BFU is shut down from 05-08-2009.

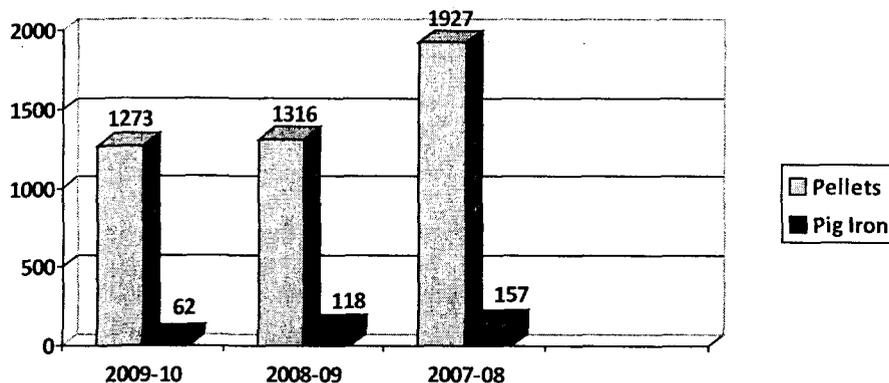

4.3 The following table summarises the production performance during the last three years:-

PP : Pellet plant, PI : Pig Iron

(Qty. In million tonnes)

Year	MOU target		Actual production		Capacity utilisation of installed capacity in %	
	PP	PI	PP	PI	PP	PI
2009-10	2.650	0.170	1.273	0.062	36	29
2008-09	2.850	0.196	1.316	0.118	38	55
2007-08	2.600	0.199	1.927	0.157	55	73

4.3 The production performance in respect of Pellets and Pig Iron (in thousand dry metric tonnes) for the last three years is reproduced below in a graphic form:-

5.0 MARKETING AND EXPORTS:

During the year, Pellets was supplied to China, Vietnam and domestic buyers. Pig Iron & Auxiliary were supplied to the buyers in the Domestic market. Sales in the DTA represented 67% of the total sale of Pellets in quantitative terms and 70% in monetary terms.

5.1 Country-wise details of shipments made during the year to various customers are as under:-

(In Dry Metric Tonnes)

Country	Pellets
China	459816
Vietnam	21289
Ispat Industries Ltd	467750
Essar Steel Ltd	256495

Mono Steel Ltd	10668
ASR Multimetals Ltd	10668
Nilkant Concast Ltd	10548
Welspun Power & Steel Ltd	27006
Total	1456228

Pig Iron sold during the year is 82074 tonnes and Auxiliary sold is 12407 tonnes in the domestic market.

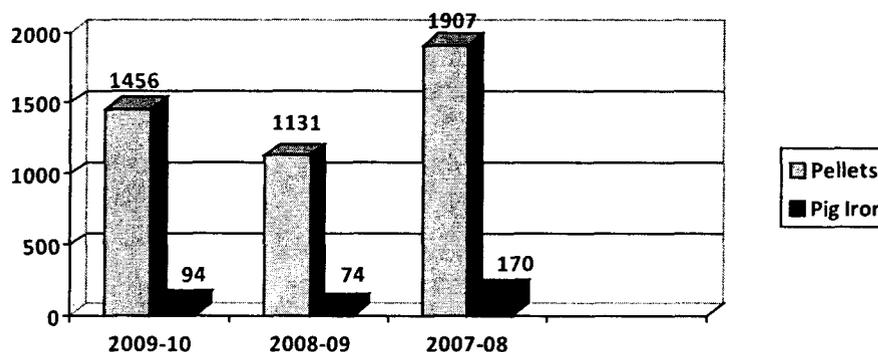

5.2 Sales performance during the past three years is summarised below:-

Qty: in Million Tonnes, Value: Rs. In Lakhs

Year	Pellets		Pig Iron		Total	
	Qty	Value	Qty	Value	Qty	Value
2009-10	1.456	79226	0.094	20046	1.550	99272

2007-08	1.907	117385	0.170	35626	2.077	153011

Pellets includes Pellet Fines, Pig Iron includes Auxiliary

5.3 Despatches in terms of quantity (in thousand dry metric tonnes) during the last three years is represented in graphic form below:-

5.4 The MoU target set for production during 2010-11 (under Good category) Pellet – 2.780 million tonnes and Pig Iron including auxiliaries is 0.100 million tonnes.

5.5 During the year 32 ships were handled at New Mangalore Port as compared to 25 ships handled during previous year.

5.6 **Market Scenario – 2010-11:** Price negotiations to arrive at annual bench mark price for 2010 has started between big 3 viz, Vale, Rio Tinto & BHP Billiton and Steel mills across the Globe. This year, the miners are pushing for more dynamic pricing mechanism. The Japanese Steel Mills have agreed for a quarterly pricing mechanism for cooking coal. Miners are pushing for a similar mechanism for Iron ore also. It is reported that Japanese and Korean Steel mills have reached a provisional agreement regarding the 2010 Iron Ore prices with Brazilian Resource Company Vale and BHP Billiton of Australia. VALE and JSM have agreed for a price which is approximately 90% higher over the levels of previous year and BHP Billiton and JSM have agreed for a price which is approximately 99.7% higher over the levels of previous year for April-June 2010 deliveries. Locally, NMDC has also provisionally increased the price of its Iron Ore by 56%.

The demand for Iron Ore is also growing steadily. China imported about 628 Million Tonnes of Iron Ore during 2009 up by 41.5% on year to year. Reduced supplies from big 3 to China and China's ban on import of low grade Iron Ore has also contributed to the increased demand for Iron Ore in Chinese market. The spot market prices have almost touched 2008 levels. Since the demand for Steel is also increasing, drastic fall in Iron Ore price from quarter to quarter is not anticipated though some price corrections can be expected as the supplies from Australia and Brazil improves.

In the absence of long-term contracts, the difference between spot market prices and quarterly contracted prices may drastically reduce once the quarterly pricing mechanism is accepted by Steel mills. Though the demand for Steel is likely to increase, the volatility in Iron Ore prices may continue for some more time.

Due to increase in price of Coke in addition to Iron Ore, price of Pig Iron in domestic market is likely to move up. The demand for Foundry grade Pig Iron is also likely to look up as performance in automobile and agriculture sectors is expected to further improve during the financial year.

6.0 PROFIT AND DIVIDEND

Due to adverse impact on the physical performance of the Company, the financial performance was also severely affected. During the year under report, your Company has incurred a loss of Rs.177.27 crores as compared to Profit After Tax of Rs.22.01 crores in the year 2008-09. Your Directors therefore do not recommend any Dividend for the year 2009-10.

7.0 MEMORANDUM OF UNDERSTANDING WITH GOVERNMENT OF INDIA

Your Company has been signing the Memorandum of Understanding every year with its Administrative Ministry, Ministry of Steel. MoU between KIOCL and the Ministry of Steel for the year 2010-11 was signed on 05.03.2010, envisaging the production target of 2.780 million tonnes of Pellets and 0.100 million tonnes of Pig Iron for achieving the "Good" performance.

The performance evaluation of the Company for the year 2008-09 vis-a-vis MoU targets is rated as 'Fair'. Performance Evaluation of the Company for the year 2009-10 vis-à-vis MoU targets is to be evaluated.

8.0 PROJECT EXPANSION AND BUSINESS DIVERSIFICATION

8.1 Ductile Iron Spun Pipe Project

In line with decision of the Board of Directors at its 191st meeting held on 12.11.2009, the existing global tender under consideration for the installation and commissioning of DISP plant was cancelled. Further, based on the Board's direction, for identification

of a JV partner for the DISP project, the process to fix a consultant and to identify a JV partner has been initiated. An offer from M/s MECON Limited has already been received for expert consultancy services towards the formation of JV. An EOI has been floated for the setting up of Ductile Iron Spun Pipe Plant in the JV at Blast Furnace Complex, Mangalore.

8.2 Pig Iron Casting Machine, Blast Furnace Complex

To improve the productivity, KIOCL decided to procure and install additional pig casting machine in blast furnace complex based on the study conducted by M/s MECON Limited and subsequent report submitted. In this direction an open tender was floated on 22.09.2008 for the procurement and installation of Pig Casting Machine. For procurement and installation of Pig Casting Machine an order has been placed on M/s Renuka Equipments (P) Ltd., Nagpur on 31.08.2009 for supply and installation of Pig Casting Machine.

8.3 Procurement and installation of Horizontal Pressure Filters

8.3.1 Met-Chem has submitted a report after a detailed study conducted on the ore received from Donimalai (NMDC) for the suitability of the ore to produce quality Pellets. The report suggests for the replacement of existing Vacuum Disc Filters with Pressure Filters.

8.3.2 Based on the approval accorded by the Board to procure 3 nos. of Horizontal Pressure Filters, KIOCL has floated a Global Tender notice for the procurement and installation of the filters.

8.4 Bulk Material Handling and Railway Siding Facilities:

8.4.1 KIOCL has to get the required quantity of Iron Ore from the indigenous sources especially from Bellary Hospet region by rail only. As such a dedicated Railway terminal is required for receiving the Iron Ore closest to the plant. Bulk Material Handling project is to handle the Iron Ore fines received at the Permanent Railway Siding system from various agencies and convey the same to the storage shed inside the plant area. The project consists of wagon tippler, storage bunkers, conveying facilities etc. from the site of unloading to the plant storage area.

8.4.2 The DPR has been prepared for the project and KIOCL is in the process of acquiring the land required for the projects.

8.5 Construction of Storage Silos with handling facilities

KIOCL has envisaged to construct a Storage Silo of 8000 to 10000 tons capacity with handling facilities for Iron Ore fines at Pellet plant for augmenting additional storage

and handling facilities for continuous feed to the ball mills as the existing system has a limited capacity for handling the Iron Ore fines. The feasibility report of the project has been prepared and the project is expected to be taken up by June 2010.

8.6 Selection of Joint Venture partner for Equity participation for setting up of an Integrated Steel plant in the State of Karnataka

8.6.1 The Mineral Policy, 2008 of Government of Karnataka clearly envisages that the state is in favour of Entrepreneurs establishing real value addition to the Iron ore like setting up of Steel plant in the State of Karnataka. Such Enterprises will be given preference in mine allotment. In this process the Company will be able to do forward integration by making its presence in the steel sector. The process will also strengthen the claim of mines allotment for the Company. At this backdrop, the Board of Directors has in-principle agreed for the equity participation by KIOCL for setting up of an Integrated Steel Plant (ISP) in the state of Karnataka.

8.6.2 KIOCL had appointed consultant for preparation of tender document and floated NIT on 27.04.2009 for the aforesaid purpose. The evaluation of the received bid has been completed and techno-commercial recommendation is received from the consultant. After necessary approvals from the Board, Company will take further action to draw a suitable Joint Venture Agreement to be signed with the selected party.

8.7 Eco-Tourism at Kudremukh

8.7.1 The Companies mining operation at Kudremukh was stopped w.e.f. 01.01.2006 as per the Hon'ble Supreme Court's judgement. Alternatively KIOCL is exploring the possibilities of utilizing its assets and facilities which are already available at Kudremukh and also by creating additional facilities to develop eco-tourism.

8.7.2 In this regard, KIOCL approached Secretary, Revenue, Government of Karnataka (GOK) with a plan of developing eco-tourism at Kudremukh, hence sought for renewal of lease for existing revenue land at Kudremukh. Secretary, Revenue, GOK vide letter dated 08-08-2007 advised KIOCL to prepare a detailed Project Report (DPR) and submit the same to the State Government and the said project may be taken up as a Joint Venture in collaboration with Jungle Lodges & Resorts Ltd (JLR) a State Govt. Undertaking.

8.7.3 KIOCL has appointed a Consultant for preparation of DPR which is under final stage. The final DPR will be submitted to State Government to initiate appropriate action in this matter.

8.7.4 KIOCL is already initiated discussion with JLR to enter into an MOU for creation of eco-tourism facilities at Kudremukh.

9. MINING LEASES FOR IRON ORE DEPOSIT

9.1 Chikkanayakanahalli Iron Ore Deposit

9.1.1 Government of Karnataka had granted mining lease over an area of 116.55 ha in Hombalghatta and Hosahalli villages in favour of KIOCL.

9.1.2 Indian Bureau of Mines has already approved mine plan on 23rd September 2008. De-reservation proposal submitted in Form "A" to Nodal officer, Forest department, Govt. of Karnataka for diversion of entire forestland for mining purpose is under process with State Forest Department.

9.1.3 Ministry of Environment and Forest, Govt. of India accorded Environment Clearance for the project vide letter dated 01.07.2009 for mining of 1.0 mtpa of Iron Ore and 5000 tpa of Manganese Ore. Subsequently, Karnataka State Pollution Control Board has accorded consent for establishment for the project under Air Act, 1981 and Water Act, 1974 vide letter dated 21.10.2009.

9.2 Ramanadurg Iron Ore Deposit

In respect of mining lease of Ramanadurg Iron Ore Deposit, Bellary district of Karnataka, the writ petitions filed by NMDC and other parties were disposed of on 27.11.2006 by the Hon'ble High Court of Karnataka holding that NMDC and other parties to the writ petitions will have preferential rights than the applicants who have responded to notification calling for grant of mining lease in Ramanadurg area. The writ appeals filed by the State of Karnataka and others against the aforesaid decision of the learned single judge have been dismissed by the Hon'ble Court on 12.03.2009. The aggrieved parties have filed special leave petition in Supreme Court by challenging the dismissal of their writ appeals. NMDC have also filed counter SLP to Hon'ble Supreme Court. Now the case is pending in Supreme Court. The Company's mining lease application is pending with the State Government.

9.3 Khandadhar Iron Ore Deposit

In respect of mining lease of Khandadhar Iron Ore Deposit, Orissa, during the pendency of KIOCL's application for prospecting Licence (PL) and Mining Lease (ML), the Government of Orissa recommended to the Central Government the name of M/s. POSCO for prospecting licence quoting special reasons. This was challenged by KIOCL in writ petition No 3234/09. The Hon'ble High Court of Orissa granted an interim stay of the operation of the recommendation and directed the Secretary, Govt.

of India, Department of Mines, not to take any action pursuant to such recommendation of the Government of Orissa. In the meantime, the Govt. of Orissa rejected KIOCL's application for PL & ML. Recently, KIOCL has filed revision petition before the Central Government Mines tribunal challenging the decision of the Govt. of Orissa in rejecting our PL and ML applications. Hearing of revision applications before the Mines Tribunal, Govt. of India for Khandadhar Iron Ore Deposit has been completed and judgment is reserved.

Other Mining /Prospecting Leases

- 9.4 In the State of Karnataka, the Company is pursuing for Mining lease for Vysankere & Hanumanahalli- Hospet, Narayanapura (Appenahalli)- Sandur, Jaisingpur-Hospet, Bellary Dist and Kudre Kanive Kaval- Hosadurgra, Chitradurga Dist, Hosanagara Iron Ore Deposit, Shimoga district, Donimalai Range, Sandur taluk, Dist. Bellary, Haluvalli Iron Ore Deposit , Mudigere, Chickamagalur dist.
- 9.5 In the State of Jharkhand, the Company is pursuing for mining lease in Ghatkuri Iron Ore deposit in West Singhbhum district of Jharkhand. The application of the Company for grant of Mining Lease is pending with Jharkhand Government.
- 9.6 In the State of Kerala, Company is pursuing for mining lease for Alampara Iron Ore Deposit, Kozhikode Dist. KIOCL's application for grant of Mining Lease is pending.
- 9.7 In the State of Rajasthan, the company is pursuing for mining lease for 4 blocks namely Samodi Block in Pur-Banera belt, Bhilwara district for 1561.5226 Ha. Jipiya Block in Pur-Banera belt, Bhilwara district for 378 Ha. Malikhera Block in Pur-Banera belt, Bhilwara district for 567.14 Ha. and Ranikhera (Ranipura)- Malikhera in Pur-Banera belt Bhilwara district for 679.75 Ha.

9.8 Joint Venture with SAIL

- 9.8.1 A Memorandum of Understanding was signed with M/s Steel Authority of India Limited (SAIL) for the development and exploitation of Taldih, Barsua & Kalta deposits in Sundargarh district of Orissa, on joint venture basis (50:50). Validity of MOU was extended twice and finally expired on 28th September 2007. Subsequent to this, KIOCL once again requested SAIL for extension of MOU which was denied by SAIL on the basis of transfer of mining lease to Joint Venture Company.
- 9.8.2 As per letter dated 02-03-2009 from Ministry of Steel, a Joint meeting between SAIL and KIOCL chaired by Joint Secretary, MOS was held on 13.03.2009 to review the matter. In the meeting, both KIOCL & SAIL were directed to find out the legal issues, if any in connection with the transfer of mining lease to

Joint Venture Company. Based on the above directions, KIOCL obtained legal opinion and forwarded the same to the Ministry of Steel on 7th April 2009 for further directions.

9.8.3 On further evaluation of the proposal, it is found that pursuing the matter further will not yield any benefit to the Company.

9.8.4 As such, the proposal was dropped.

10. ENVIRONMENTAL MANAGEMENT

10.1 Your Company is committed to preserve the Ecology and prevention of pollution in its mining / manufacturing activities. During the active mining operational periods Company has undertaken massive afforestation programmes. Mining was undertaken in 3,200 acres of land covered by grass. After mining was completed 7.5 million saplings adaptable to Western Ghats were planted and the same has turned into big forest now. Further at Mangalore the Company is processing the Iron Ore with wet grinding system without any pollution and generation of power through captive power plant, with zero emission. The Company has won various Environmental Awards at National Level.

17. MINISTRY OF STEEL'S 100 DAYS AGENDA PROGRAMME – PROPOSAL FOR SUBSIDIARISATION OF NMDC AND CONSTITUTION OF COMMITTEE TO STUDY ABOUT KIOCL

Ministry of Steel, Govt. of India as a part of their 100 days agenda programme, proposed to acquire 51% stake of KIOCL by NMDC thereby making KIOCL as a subsidiary of NMDC. As a part of action plan, KIOCL has appointed the Consultants for valuation of its shares and also to evaluate option relating to its business restructuring plan for associating with NMDC. A joint working group comprising of three members each from NMDC and KIOCL was formed to assess the techno-commercial viability of operating KIOCL. The Consultants and the Joint Working Group constituted for that purpose have submitted their report, which was sent to the Ministry of Steel duly recommended by the Board for further directions.

As the purpose of making subsidiary of NMDC do not give benefit to the Company, it was thought fit to drop the proposal.

Ministry of Steel, Government of India constituted a Committee with four members under the Chairmanship of Shri P Ganesan, former CMD, KIOCL to undertake detailed study and submit their recommendation on the following:

- a) To study the objective, attainment, business models and functioning and to suggest strategies to achieve sustainable profits and enhanced business presence and diversification in the sector;
- b) To examine the structure and functioning and to make recommendations regarding their re-organisation/merger with other companies or other structural rearrangements as warranted with a view to optimising their efficiency and profitability;
- c) To examine the Capital Structure, shareholding pattern as well as revival models, accumulated liabilities and losses and to make suitable recommendation for improving the financial position and viability.

The Committee in the concluded remarks made the following observation:

"KIOCL has a history of facing threats right from inception and due to combine efforts of employees and Government has withstood these in the past. The Company, with the support of Government of India in getting a mine allotted in its favour can, on a standalone basis, come back with best results in the coming years also along with the envisaged plans for expansion and diversification."

4	Expenditure on R&D (2009-10)	
	a) Capital	Rs. 200 lakhs on (Sl. No. b, c, d)
	b) Revenue	Rs. 1925 lakhs on (Sl. No. a)
	c) Total Expenditure	Rs. 2125 lakhs
	d) Total R&D expenditure as a percentage of total turnover	2.14 %.

Technology absorption, adaptation & Innovation

1	Efforts in brief made towards technology absorption, adaptation and innovation	KIOCL has explored the possibility of introduction of pressure Filters in lieu of Disc Filters presently used in the filter plant at Mangalore for filtration of haematite fines/ore.
2	Benefits derived as a result of the above efforts e.g. product improvement, cost reduction, product development, import substitution etc	With the introduction of Pressure Filters the desired percentage of moisture in the Pellet feed can be achieved. Pressure Filters which are used to filter the Ultra fines leads to reduction of moisture. The major advantage of this is improvement in productivity & quality of Pellets.

The Board of Directors play the primary role in ensuring good governance and functioning of the Company. The meetings are governed by a structured agenda. All the agenda items are backed by comprehensive agenda notes, containing all the vital information, so as to enable the Directors to have focussed discussion at the meeting and to take decision. All the relevant information as enumerated in Annexure IA to clause 49 of the Listing agreement and guidelines for Corporate Governance for CPSE's issued by DPE is placed before the Board. The agenda and agenda notes are circulated to all the Directors in advance of each meeting of the Board of Directors. Where it is not practical to send the relevant information as a part of the agenda papers, the same is tabled in the meeting. The presentation covering the Company's performance, operations and business strategy is also made to the Board.

The Board also reviews periodically the compliance status of all the applicable laws. All the decisions are taken after detailed discussions by the Board Members at the meetings. The members of the Board have complete freedom to express their opinion and have unfettered and complete access to information in the Company.

During the financial year 2009-10, seven meetings of the Board were held on 24.4.2009, 6.5.2009, 25.6.2009, 22.7.2009, 24.9.2009, 12.11.2009 and 2.3.2010. The time gap between two Board Meetings is not more than four months.

(C) Code of Conduct

In pursuance to SEBI and DPE guidelines, the existing code of Conduct as applicable to Board members & Senior Managerial Personnel (i.e. General Manager in the rank E-8 and above) replaced by a new code with the approval of Board of Directors at its 191st meeting held on 12.11.2009. The revised copy of Code of Conduct is uploaded on the website of the Company i.e. www.kiodcltd.com. The new Code of Conduct is in alignment with Company's mission and objectives and aims at enhancing ethical and transparent process in managing the affairs of the Company.

All the Board Members and Senior Managerial Personnel have affirmed compliance to the Code of Conduct. A declaration signed by the Chairman-cum-Managing Director affirming the compliance with the Code of Conduct by the Board Members and Senior Managerial Personnel of the Company is appended at the end of this report.

MANAGEMENT DISCUSSION AND ANALYSIS

i) INDUSTRY STRUCTURE AND DEVELOPMENT

The Company operates in the international Iron Ore market which is highly competitive and volatile. The demand for Iron Ore is a derived demand linked to the fortunes of the steel industry, which in turn, depends on the steel consumption pattern. Continued emphasis given by Govt. towards development of various infrastructure projects is boosting the demand for Iron and Steel consumption.

The Global recession has a severe impact on the performance of the Company during the year 2009-10. The price of Pellets has shown signs of improvement from January 2010 onwards and has prompted the Company to increase production. The Company has produced 7 lakh tonnes and sold 6.78 lakh tonnes of Pellets during the fourth quarter of 2009-10 which has surpassed the previous performance particularly after the close of captive mine.

ii) SWOT Analysis

In the changing environment, the Company has identified the following strengths, weakness, opportunities and threats:

Strength

- Strong brand image world wide. Expertise in handling hematite ore through wet grinding system at Pellet Plant.
- 100% EOU status.

- Shore based Pellet Plant with captive berth, with automatic ship loading system.
- Expertise in Mining, Beneficiation & Pelletisation.
- A Mini Blast Furnace facility, a lone PSU unit which produces foundry grade Pig Iron.
- Captive Power Plant.
- Skilled Manpower.

Weakness

- No Captive Iron Ore mine
- No assured source for stable quality
- Lower value addition due to bought out ore and higher cost of logistics. Main activity of Pellet making is not considered as value addition, resulting our claim for mine clubbed with sale of Iron Ore by the mine owners.
- Non-availability of required quantity of Iron ore. This restricts Company from entering into long term sales contracts with assured quality.
- Applied Mining Leases are under litigation.
- Pig Iron plant has no forward integration
- Holding assets and skilled manpower at closed Kudremukh mine.

Opportunities

- Utilisation of Mechanical Ship Loading System.
- Expansion of mining activities with available core competence.
- Reduced threat of recession
- Value addition namely producing Ductile Iron Spun pipes at BF Unit.
- Venturing into new business areas namely - Coke Oven Plant, Setting up of Integrated Steel Plant.
- Assets and skilled man power readily available.

Threats

- Delay in getting new mining leases.
- Infrastructure – Dependence on Railways for allotment of rakes for movement of raw material.
- Sourcing of water from Lakya Dam.
- Delay in withdrawing from Kudremukh in view of Supreme Court order.
- Migration of trained manpower.

iii) PRODUCT-WISE PERFORMANCE

The following table summarises the production performance during the past three years:-

Year	MOU target		Actual production		Capacity utilisation of installed capacity in %	
	PP	PI	PP	PI	PP	PI
2009-10	2.650	0.170	1.273	0.062	36	29
2008-09	2.850	0.196	1.316	0.118	38	55
2007-08	2.600	0.199	1.927	0.157	55	73

iv) OUTLOOK

The Company has a large Equity base with no long term Debt to service. This is a source of strength to the Company. In order to fruitfully deploy its financial and technical strength for the future growth of the Company, your Company is exploring the possibilities of entering into new areas of business, acquiring new mining leases and formulation of diversification schemes for implementation.

In line with the decision of the Board of Directors, the existing global tender under consideration for installation and commissioning of DISP plant was cancelled. Further, based on the Board's direction, for identification of a JV partner for DISP project, the process to fix a Consultant and identify a JV partner has been initiated. An offer from M/s MECON Limited has already been received for expert consultancy services towards the formation of JV. An EOI has been floated for setting up of Ductile Iron Spun Pipe plant in the JV at Blast Furnace complex.

Government of Karnataka had granted mining lease over an area of 116.55 ha in Hombalghatta and Hosahalli villages in favour of KIOCL. Indian Bureau of Mines has already approved mine plan on 23rd September 2008. De-reservation proposal submitted in Form "A" to Nodal officer, Forest department, Govt. of Karnataka for diversion of entire forestland for mining purpose is under process with State Forest Department. Ministry of Environment and Forest, Govt. of India accorded Environment clearance for the project for mining of 1.0 million tonne per year of Iron Ore and 5000 tonne per annum of Manganese Ore. Karnataka State Pollution Control Board has also accorded consent for establishment of the project under Air Act, 1981 and Water Act, 1974.

The Company is trying to get mining leases at Ramanadurg, Karnataka and in Sundargarh District, Orissa subject to resolution of legal disputes. The Company is also in the process of selection of a JV partner for Equity participation for setting up of an Integrated Steel plant in the State of Karnataka.

v) RISKS & CONCERNS

The main risks and the area of concern for the Company is non-availability of long-term mining lease. The Company is examining various options like JV in Steel sector, Contract

Mining, Coal Mining etc which are yet to materialise. Constant pressure from local authorities to stop drawl of water from Lakya Dam. Stoppage of water will lead to complete closure of both the plants at Mangalore.

Slowdown in Domestic market is affecting the pricing of Pig Iron.

vi) INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has a regular system of conducting Internal Audit by an external agency. The Internal Audit Department within the Company is also strengthened with induction of Officers at senior level. The Internal Audit system is commensurate with the growing size and nature of the business of the Company. The reports of the Internal Auditor are regularly placed before the Audit Committee for its review and further guidance.

vii) FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

a) The Financial performance of the Company for the year 2009-10 in brief is furnished below:

(Rs. in crores)

D) Net cash used in Financing Activities	(742.35)
E) Cash and Cash equivalent as at 31-03-2010 (CB)	139348.39

viii) MATERIAL DEVELOPMENT IN HUMAN RESOURCES/INDUSTRIAL RELATION FRONT, INCLUDING NUMBER OF PEOPLE EMPLOYED

The Company aims at providing motivation and growth opportunities for employees. It also encourages them and creates an environment for best utilisation of their skills in achieving the Company's objectives. Training and Development is the key word of HRD. The achievement during the year under report was 879 Executive and 1497 Non-executive trained man days.

Industrial Relations situation remained peaceful throughout the year in all the establishments of the Company. Works Committees and Joint Plant and Shop Councils meet regularly and their discussions contribute towards improving industrial relations and resolving differences, if at all they arise.

The following table shows the total number of employees in different Groups on rolls of the Company as on 31st March 2010:-

Group	Total No.of employees on rolls	SC	ST	No.of women employees	Ex-servicemen	Physically Handicapped
A	430	52	10	24	01	06
B	33	03	01	05	--	--
C	823	120	36	21	11	09
D	67	15	09	03	--	03
D(Sweepers)	09	01	--	03	--	--
Total	1362	191	56	56	12	18

Poaching of trained manpower at Kudremukh is a source of concern for the Company.

These financial statements are the responsibility of the Company's Management. Our responsibility is to express an opinion on these Financial Statements based on our audit.

We conducted our audit in accordance with the auditing standards generally accepted in India. These standards require to plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes, examining on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

- A.** As required by the Companies (Auditor's Report) Order, 2003 as amended by Companies (Auditor's Report) Amendment Order, 2004, issued by the Central Government of India, in terms of Section 227(4A) of the Companies Act, 1956, (the Act) and on the basis of such checks of books and records of the Company, as we considered appropriate and according to the information and explanations given to us, we enclose in the annexure a statement on the matters specified in Paragraphs 4 and 5 of the said Order.
- B.** Further to our comments in the Annexure referred to above, we report that:
1. We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of the audit.
 2. In our opinion, proper books of account as required by law, have been kept by the Company so far as appears from our examination of those books.
 3. The Balance Sheet, Profit and Loss Account and Cash Flow Statement dealt with by this report are in agreement with the books of account.
 4. In our opinion, the Balance Sheet, Profit and Loss Account and Cash Flow Statement referred to in this report comply with the Accounting Standards referred to in Sub section (3C) of Section 211 of the Act.
 5. In view of Notification No. GSR 829 (E) dated 21.10.2003 issued by the Department of Company Affairs, Government of India, Clause (g) of Sub-section (1) of Section 274 of the Act is not applicable to the Company.

- C.**
- a. **Mine Closure Expenses (Net), if any, are yet to be ascertained. (Refer Note 6 in Schedule 17 "Notes on Accounts").**
 - b. **Confirmations of Balances have been obtained in certain cases only. (Refer Note 18 in Schedule 17 "Notes on Accounts").**
 - c. **The Company has neither paid nor provided for Cess Payable u/s 441A of the Act since no notification has been issued as specified in Sub Section (1) of that Section.**
- D.** In our opinion and to the best of our information and according to the explanations given to us, the said accounts read together with accounting policies and notes thereon, give the information required by the Act, in the manner so required and **subject to our comments in paragraph C above, the impact of which is not ascertainable**, give a true and fair view in conformity with the accounting principles generally accepted in India:
- a. In the case of the Balance Sheet, of the State of Affairs of the Company as at 31st March 2010;
 - b. In the case of the Profit and Loss Account, of the Loss for the year ended on that date;
- and

ANNEXURE REFERRED TO IN PARA 'A' OF OUR REPORT OF EVEN DATE

1. a. The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets.
 - b. As informed to us, fixed assets are being physically verified by the management at reasonable intervals. No material discrepancies were noticed on such verification.
 - c. The Company has not disposed off any substantial part of its fixed assets so as to affect its going concern status.
2. a. Inventories have been physically verified during the year by the management. In respect of stores and spares, the Company has adopted perpetual inventory program designed to cover all major items over a period of one year. In our opinion, the frequency of verification is reasonable in view of the size of the Company and the nature of its business. **Stock of raw materials and additives at different stages of pelletisation (i.e. Work In Progress) is not being physically verified and taken into account as per the Company's accounting policy followed consistently.**
 - b. The procedures of physical verification of inventories followed by the management are reasonable and adequate in relation to the size of the Company and the nature of its business.
 - c. The Company is maintaining proper records for inventory. Differences noticed on verification between the physical stock and books were material in certain instances and have been suitably dealt with in the books of account.
3. The Company has neither granted nor taken any loans, Secured or Unsecured to/from companies, firms or other parties covered in the register maintained u/s 301 of the Act. Accordingly sub clause (b), (c) and (d) are not applicable.
4. In our opinion and according to the information and explanations given to us, there are adequate internal control systems commensurate with the size of the Company and the nature of its business with regard to purchase of Inventory and Fixed Assets and with regards to Sale of Goods and Services. Further, on the basis of our examination of the books and records of the Company carried out in accordance with the Auditing Standards generally accepted in India and according to the information and explanations given to us, we state that we have neither come across nor have been informed of any continuing failure to correct major weakness in the aforesaid internal control system.
5. a. In our opinion and according to the information and explanations given to us, there are no particulars of contract that need to be entered into the register maintained in pursuance of Section 301 of the Act.

- b. In view of the above comment, Para 4(v)(b) of the order is not applicable.
6. The Company has not accepted deposits from the public. Accordingly Paragraph 4(vi) is not applicable for the Company.
7. The Company has an Internal Audit System commensurate with its size and nature of its business.
8. The Company has not been required by the Central Government to maintain cost record u/s 209(i)(d) of the Act.
9.
 - a. According to the information and explanations given to us, the Company is regular in depositing undisputed statutory dues including Provident Fund, Investor Education and Protection Fund, Employees State Insurance, Income Tax, Sales Tax, Wealth Tax, Custom Duty, Cess, Excise Duty, Service Tax and other Dues with the appropriate authorities. As explained to us, the scheme of Employees State Insurance is not applicable to the Company. There were no undisputed liabilities of above nature as at the date of the Balance Sheet outstanding for a period of more than 6 months.
 - b. According to the books of account and records examined by us in accordance with the generally accepted auditing practices in India, there are no dues of Income Tax, Sales Tax, Wealth Tax, Service Tax, Custom Duty, Excise Duty and Cess which have not been deposited on account of any dispute.
10. There are no accumulated losses as at the date of the Balance Sheet. The Company has incurred cash losses during the financial year covered by our audit. The Company has not incurred cash losses in the immediately preceding financial year.
11. According to the information and explanations given to us, the Company has not defaulted on payments to banks, financial institutions. The Company has not issued any Debentures.
12. The Company has not provided any advance or loan on the basis of security by way of pledge of shares, debentures and other securities.
13. The Company is not a chit fund or a nidhi/mutual benefit fund or society. Therefore, the provisions of clause 4(xiii) are not applicable.
14. The Company is not dealing or trading in shares, securities, debentures and other investments, therefore clause referred in Para 4(xiv) is not applicable.
15. According to the information and explanation given to us, the Company has not given any guarantee for loans taken by others.

16. According to the information and explanation given to us, the Company has not availed any term loans during the year under report.
17. According to the information and explanations given to us and on an overall examination of the Balance Sheet of the Company we report that the Company has not raised any long term or short term loans during the year.
18. During the year, the Company has not made any preferential allotment of shares.
19. The Company has not issued any Debentures; therefore Para 4(xix) is not applicable for the Company.
20. The Company has not raised money from the public; therefore Para 4(xx) is not applicable for the Company.
21. In our opinion and according to the information and explanation given to us, during the period under audit, no cases of fraud on or by the Company were reported.

Auditors' Report Para No.	Comments / Observations	Reply by the Company
C(a)	<p>AUDITORS' REPORT</p> <p>Mine closure expenses(Net) if any, are to be ascertained (Refer Note 6 in schedule 17"Notes on Accounts")</p>	<p>In pursuance of the directive of the Hon'ble Supreme Court, mining activities at Kudremukh were stopped on 31st Dec. 2005. In its judgment (December 2006), Hon'ble Supreme Court directed IIT Delhi to issue global tender for, inter-alia, reanalysing the stability of slopes, drawing up of mine closure plan, implementation of the above plan and drawing up of detailed terms for the work to be done, consistent with basic paradigm of "no or minimal disturbance to unbroken area" and submit to the Court for further direction.</p> <p>In view of the above, although mine is to be closed, the actual timing, modalities and expenditure involved for the purpose of mine closure cannot be assessed as of now. The further developments regarding mine closure by IIT, Delhi are also still awaited.</p> <p>The Company, based on prudent accounting practice, depreciated in full most of the 'mines and plant assets' even though according to the internal assessment made by the Company, they can be effectively utilised on relocation and/or disposed off, the expenditure on mine closure may be offset against the inflow of economic benefit, which may accrue.</p> <p>In view of the above, mine closure expenses could not be ascertained and hence no provision made for this expenditure in the Books of Account.</p>
C(b)	Confirmation of balances have been obtained in certain cases only (Ref Note 18 in schedule 17 "Notes on Accounts")	Statement of fact.

COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 619(4) OF THE COMPANIES ACT 1956 ON THE ACCOUNTS OF KIOCL LIMITED; BANGALORE FOR THE YEAR ENDED 31 MARCH 2010

The preparation of financial statements of KIOCL LIMITED for the year ended 31st March 2010 in accordance with the financial reporting framework prescribed under the Companies Act, 1956 is the responsibility of the management of the Company. The statutory auditors appointed by the Comptroller and Auditor General of India under Section 619(2) of the Companies Act, 1956 are responsible for expressing opinion on these financial statements under section 227 of the Companies Act, 1956 based on independent audit in accordance with the auditing and assurance standards prescribed by their professional body the Institute of Chartered Accountants of India. This is stated to have been done by them vide their Audit Report dated 12 May 2010.

I on behalf of the Comptroller and Auditor General of India have conducted a supplementary audit under section 619(3) (b) of the Companies Act, 1956 of the financial statements of KIOCL LIMITED for the year ended 31st March 2010. This supplementary audit has been carried out independently without access to the working papers of the statutory auditors and is limited primarily to inquiries of the statutory auditors and Company personnel and a selective examination of some of the accounting records. Based on my supplementary audit, I would like to highlight the following significant matters under section 619(4) of the Companies Act, 1956 which have come to my attention and which in my view are necessary for enabling a better understanding of the financial statements and the related Audit Report:

COMMENTS ON PROFITABILITY

Profit & Loss Account

Extra-ordinary Items (Schedule-14)-Rs. 11.06 crore

(i) Research & Development Expenditure / (Income): (-) Rs.19.25 crore

The above represents the net of total expenditure (Rs. 131.09 crore) and sales realisation (Rs. 111.84 crore) during the development of production process taken up by the Company. The Company considered this as Miscellaneous Expenditure to be written off over a period of 3 years. As per Accounting Standard (AS)-26 prescribed under section 211 (3C) of the Companies Act 1956, the expenditure under development phase should be capitalised as intangible asset and thus the accounting policy of the Company is not in conformity with AS-26.

Further, the account 'Miscellaneous Expenditure to be written-off was created by deducting the net expenditure of Rs. 19.25 crore from the extra-ordinary item (Rs.30.31 crore) instead of removing the related expenditure (Rs. 131.09 crore) and turnover income (Rs. 111.84 crore) from the natural heads of account.

This has resulted in overstatement of sales and total expenditure by Rs.111.84 crore and Rs. 131.09 crore respectively and understatement of extra-ordinary item and intangible assets by Rs. 19.25 crore.

(ii) Provision- Revaluation of Materials as per AS-2: Rs.30.31 crore

As the cost of finished product in respect of Pig Iron exceeded its net realisable value, the raw material for production of pig iron was written down to their net replacement cost as per AS-2 (Para no. 12 of Schedule-17 Notes forming part of Accounts).

As the loss on account of writing down the value of inventories is in the course of ordinary activities of the enterprise the expenditure does not qualify to be an extra ordinary item as per AS-5 prescribed under section 211 (3C) of the Companies Act 1956.

This has resulted in understatement of Loss before Extra-ordinary Items, Prior Period adjustments & tax and overstatement of Extra-ordinary item by Rs. 30.31 crore.

The Company has clearly indicated this internally generated intangible asset as "Process Development Expenditure" in Schedule 8 forming part of the Accounts. Further, the same has been disclosed in detail in the Notes No. 11 forming part of the Accounts. The same has been capitalized and disclosed on the asset side of the Balance Sheet and it was separately disclosed under the head Miscellaneous expenditure.</p> <p>The disclosure is in accordance with the Accounting Policy and in conformity with clause 90 of the AS-26.</p> <p>'Schedule 14 – Extraordinary Items' forming part of Accounts, contains two items which are not related to each other. Each is an independent item and needs to be dealt with differently. The only commonality to both the items is that they are both of "Extraordinary" in nature. Further, quantitative and other information required under para 3(i)(a),3(ii)(a),4C and 4D of Part II of Schedule VI would have been distorted and it would have also distorted the disclosures required under AS-17 Segment Reporting.</p> <p>In order to reflect true and fair view and comparability with the previous year's figures, the gross figures have been rightly indicated.</p> <p>Under the circumstances explained above, there is no overstatement of sales and expenditure.</p> <p>The above presentation did not in any way affect the working results of the Company.</p>

SIGNIFICANT ACCOUNTING POLICIES

I. ACCOUNTING:

(a) Basis of preparation:

The financial statements are prepared in accordance with Indian Generally Accepted Accounting Principles ('I-GAAP') under the historical cost convention on an accrual basis and are in conformity with mandatory accounting standards, as prescribed by the Companies (Accounting Standards) Rules, 2006, and the provisions of the Companies Act, 1956.

(b) Use of estimates:

In preparing the financial statements in conformity with I-GAAP, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities as at the date of financial statements and the amounts of revenue and expenses during the reported period. Actual results could differ from those estimates. Any variation to such estimates is recognised in the period the same is determined.

2. FIXED ASSETS:

- i) Fixed Assets are stated at Cost less Accumulated Depreciation. Cost includes all expenditure involved in bringing them to usable condition.
- ii) Cost of Land is capitalised on taking possession, pending execution of formal deeds of lease, title, or transfer.
- iii) Works completed have been capitalised on provisional basis, in respect of works for which final bills are yet to be received.
- iv) Capital work in progress consists of cost incurred on projects and other capital works under feasibility/commissioning stage. Cost includes related incidental expenses.

3. DEPRECIATION:

- i) Depreciation on Fixed Assets is provided on Straight Line Method as stipulated under the Companies Act, 1956, at respective rates prevailing at the time they are put to use except in the case of following assets for which higher rates are charged based on their estimated useful life:

1. Steel cord Conveyor Belts	25.00 %
2. Vehicles	16.67 %
3. Furniture & Fittings	16.67 %
4. Re-lining in Blast Furnace	12.50 %
- ii) Temporary structures are fully depreciated in the year of addition, retaining a nominal value of Re.1 per structure.
- iii) Cost of Leasehold Land is amortised over the period of lease.

- iv) Depreciable assets under Mines and Plant at Kudremukh are depreciated in full on stoppage of mining operation, retaining a nominal value of Re.1/- against each asset except for Vehicles, Furniture & Fittings, Lakya Dam (with associated spillway and tunnel). Normal rates of depreciation have been adopted for other depreciable assets.
- v) Plant, Machinery and other assets damaged or suspected to be damaged during transit, erection or commissioning are shown at cost and related insurance claims are accounted separately on realisation.
- vi) Part replacement of Steel Cord Conveyor Belt is charged to consumption

4. MISCELLANEOUS EXPENDITURE :

- i) Expenditure incurred under Voluntary Retirement Scheme is written off over a period of five or less years so that the expenditure deferred, is written off fully by 31st March 2010.
- ii) Process Development Expenditure is written off equally over a period of three years from the year of incurring.

5. INVESTMENTS :

Long-term investments are valued at Cost. Any diminution in the value, other than temporary nature, is provided for.

6. INVENTORIES :

- i) Raw Materials, Stores & Spares, Consumables and Additives are valued at Cost computed on a Weighted Average Basis. Materials in Transit are valued at Cost. In respect of Materials held for use in production of Inventories, where there is a decline in the prices, and it is estimated that the cost of the finished products will exceed net realisable value, such materials are written down to their net realisable value computed on the basis of their Replacement Cost.
- ii) Stock of finished goods namely, Pellets and Pig iron (including stock with the consignment agents) is valued at lower of cost or net realisable value. Cost comprises expenditure incurred in the normal course of business in bringing such inventories to its location and includes, where ever applicable, appropriate overheads based on normal level of activity. However, when the actual production is abnormally lower compared to normal level, the expenditure of fixed nature is reduced in proportion to the shortfall.
- iii) Stock of residue products is valued at estimated net realisable value.
- iv) (a) Non-moving items of Stores, Spares and Consumables with value less than Rs.1000 each at the end of the year are charged to consumption.
(b) In respect of other non-moving stores including Insurance spares full provision is made if not moved for five or more consecutive completed financial years.
- v) Loose tools with individual value below Rs.1,000 are charged to consumption. Loose tools with individual value of Rs.1,000 each and above are accounted on issue at cost

and charged to consumption over a period of three years. However, if the written down value of each tool is below Rs.1,000 at the end of the year, the remaining balance is charged to consumption.

- vi) No value is assigned to semi finished goods at different stages of production.

7. REVENUE RECOGNITION:

- i) Sales include Excise Duty and Freight on Consignment Sales wherever applicable and are net of Sales Tax/Value Added Tax. Sales are recognised on despatch of goods to the customers. In respect of sea shipments, issue of Bill of Lading is considered as despatch.
- ii) Interest is recognised on accrual basis subject to certainty of realisation.
- iii) Sale of scrap is accounted on lifting of scrap by the buyers.
- iv) Government Grants, if any, are accounted on actual receipt.
- v) Refunds of statutory duties and taxes, other than service tax, export duty and cess, are accounted on receipt.

8. RETIREMENT BENEFITS :

- (i) Liability with regard to gratuity benefits payable in future is determined by actuarial valuation at each Balance Sheet date using the Projected Unit Credit Method. Liability on this account is covered under Group Gratuity Life Assurance Scheme of LIC of India. Premium paid on this Scheme is charged to expense as contribution to gratuity. Settlement, if any, in excess of the amount received under the scheme, is also recognised as an expense as and when incurred.
- ii) Provision for Leave encashment benefits and Leave travel concessions is made on the basis of actuarial valuation as on the Balance Sheet date.
- iii) Provident Fund contributions are made to a Trust administered by the Company, and charged as expenses during the year.

9. FOREIGN CURRENCY TRANSLATIONS :

- i) Amount recoverable and payable as at the close of the year in foreign currency is accounted for at the current rate of exchange prevailing on the Balance Sheet date.
- ii) Exchange variations arising out of translation of current assets and current liabilities at the end of the year are taken to Profit and Loss Account.
- iii) Exchange variations on account of fixed assets are being adjusted to respective assets.

6. In pursuance of the directive of the Hon'ble Supreme Court, mining activities at Kudremukh were stopped on 31st December 2005. The Company filed a Petition for Direction with prayers, inter-alia, to permit utilisation of 54.01 hectares of land required for the purpose of safety and slope stability of the mine, at the time of closure of the mine.		
In its judgement (December 2006), Hon'ble Supreme Court directed IIT Delhi to issue global tender for, inter-alia, re-analysing the stability of slopes, drawing up of mine closure plan, implementation of the above plan and drawing up of detailed terms for the work to be done, consistent with basic paradigm of "no or minimal disturbance to un broken area" and submit to the Court for further direction.		
In view of the above, although mine is to be closed, the actual timing, modalities and expenditure involved for the purpose of mine closure cannot be assessed as of now. The Company, based on prudent accounting practice, depreciated in full most of the 'mines & plant assets', even though according to the internal assessment made by the Company, they can be effectively utilised on relocation and / or disposed off. The expenditure on mine closure may be offset against the inflow of some economic benefit, which may accrue. Hence no provision has been made for this expenditure in the Books of Account.		
7. The 'mines & plant assets' in respect of discontinued operations at Kudremukh mines can be effectively utilised on relocation and/or disposed off. A substantial portion of such assets have been depreciated in full and the realisable value is estimated to be higher than the carrying value. Hence there is no impairment loss during the year.		
8. Present value of Future Obligations at the Balance Sheet date as per Actuarial Valuations are:		
(i) Gratuity	4,021.99	4,174.88
(ii) Leave encashment (EL)	1,298.12	1,152.39
(iii) Leave encashment (HPL)	472.87	324.84

The ceiling of gratuity of the Executives and non-unionised supervisors has been raised from Rs. 3.5 Lakhs to Rs. 10 Lakhs with effect from 01.01.2007.

Disclosure required as per Accounting Standard (AS) – 15(Revised) on ‘Employee Benefits’ are appended.

9. During the year the revision of pay scales for Board level and other executives and Non-unionised Supervisors in the Company has been implemented with effect from 01.01.2007 as per guidelines of Department of Public Enterprises Office Memorandum No. 2(70)/2008-DPE (WC)-GL-XVI/08 dated 26.11.2008 and OMs dated 09.02.2009 and 02.04.2009 and Government directives from Ministry of Steel OM FNo, 5(21)/2008-KDH dated 02.12.2009. However, regarding the revision of pay scales in respect of other employees, discussions with recognised Employees Union is under progress. Pending finalisation of pay scales, a provision of Rs. 1,055.51 Lakhs has been made in the Accounts under “Employees Remuneration and Benefits”
10. During the year 255 employees of the Company have opted for Voluntary Retirement. Out of them, 244 have been released during the year and 11 employees will be released during 2010-11 on their specific request. Total VRS compensation paid and payable amounting to Rs. 3,241.72 Lakhs has been charged off during the year shown under “Employees Remuneration and Benefits”
11. Consequent upon closure of its mines at Kudremukh with effect from 31.12.2005, the Company is dependent on bought out ore from outside sources. The Company’s mine turned out magnetite ore, and the production process of the Company was designed for handling magnetite ore as pellet feed.

The hematite ore sourced from nearest mine at Donimalai region (Doni ore), is of complex characteristics which are varying from block to block.

Year ended 31-03-2010	Year ended 31-03-2009
--------------------------	--------------------------

During the grinding, it generates slime containing ultra fine causing difficulty in filtering thereby not liberating moisture from the pellet feed to a required moisture level.

The Company has under taken R&D trials to determine viability of Doni ore filtration through the existing system without mixing ore from Bailadila region (Baila ore). The R&D effort for changing over process technology of pellet production from Doni and Baila ore combination (70:30) to 100% Doni ore has been successful. Results of such R&D effort further established that there is no generation of slime in the process of grinding.

This R&D effort will enable the Company to have future economic benefit in cost saving. Consequently the net expenditure incurred during the trial period of conversion of 100% Doni iron ore into pellets amounting to Rs.1,924.98 Lakhs is treated as Process Development expenditure (Deferred Revenue Expenditure) and amortized over three years including the current year i.e., 2009-10. The same has been exhibited in accounts under "Extra ordinary items"

12. Since the cost of finished product in respect of Pig Iron exceeded its net realisable value, the raw materials for production of pig iron are required to be written down to their net replacement cost as per Accounting Standard (AS)-2-"Valuation of Inventories". An amount of Rs.3,030.68 Lakhs has been provided in the Accounts and shown under "Extra ordinary items". Consequently, there has been increase in loss to that extent during the year.
13. During the physical verification of raw materials as on 31.03.2010, differences were noticed between book balance and physical balance in certain cases. Pending verification and reconciliation of differences, a provision has been made in Accounts for Rs.2,115.17 Lakhs as a prudent measure.

14. Stock of raw material includes slime containing ultra fine iron ore (83,488 MT valued Rs.3,054.37 Lakhs) as on 31.03.2009 for which provision was made in Accounts. During the year, the Company has used 39,025 MT (Previous year 29,262 MT) of slime in pellet production by blending the same with virgin iron ore. Consequently, provision made during earlier year to the extent of Rs. 1,427.71 Lakhs (Previous year 1,070.54 Lakhs) has been withdrawn during the year.

15. On discontinuance of operation of Iron Ore Concentrate segment from 31.12.2005 and addition of Pig Iron segment from 01.04.2007, the activities of the Company are confined to two reporting business segments i.e., 'Iron Oxide Pellet' and 'Pig Iron'. The expenditure relating to the enterprise as a whole which is not attributable to segments includes expenditure relating to Kudremukh mines and is depicted under the head un-allocated expenditure. Un-allocated assets and unallocated liabilities include assets and liabilities of Kudremukh Mines
