OVERVIEW

During the year the total Income of the Company has been Rs. 1,07,98,715 Lacs as compared to previous year total of Rs. 50,75,730 Lacs. Our company has made Profit of Rs 42,66,763 Lacs after tax. This year the company has recorded a profit in contrast to previous year.

Growing over the past one year, Aditya Infotech has evolved as one of the leading Search Engine Marketing companies. The company's sound and successful Search Engine Marketing Principles has enabled to establish ourselves in the market today. The company has not only successfully solicited enquiries from world over but also completed several important international projects. In the financial year 2010 -2011 we plan to improve out technological ability so as to get a higher success rate.

The company has not only sustained but also strengthened its reputation as Smart Content Managers. The 8 portals-Electricals, Electronics, Herbs & Spices, Jewellery, Leather, Material Handling, Foods & Beverages and Automobiles, which had been launched last year, have also strengthened their reputation. Today www.easy2source.com caters to one of the largest readerships online. Through 2010-2011 we intend to further consolidate this position and also update ourselves in a way that keeps us in the leading position. In second quarter of 2010 we have launched another portal called http://www.bollywoodchaska.com. We are very optimistic for this portal. Our target is to become no. 1 for

search related to bollywood. We are planning to launch one portal related to buying and selling cars. There is huge market for secondhand cars in India. Looking at internet growth in India we see that more and more people would like to buy or sale their cars through internet. This project is at the preliminary stage. This is very capital intensive project so we are going slow on this. Programming is already started and we are planning to launch this project by year end.

Company is also looking at the possibility to start construction business. We are in discussions with many prospective partners/land owners for development of their properties. We would like to enter in to joint venture with the land owners so that we would require comparatively less funding and do not end-up blocking our money in lands. This requires huge capital. Once we are ready with the plan we will inform all the share holders. In case additional capital is required than we may look for various available options including preferential/rights issue to raise the required funds. Appropriate decision would be taken by the Board of Directors in the best interest of the shareholders. We will keep on updating you regularly on this matter.

In the magazine division 'Gifts and Accessories' has continued to hold its own. It has fortified its position as the only B2B Trade Magazine in India based on Corporate Gifts and Stationary. The circulation of the magazine has increased substantially. Also, the name of the magazine is well known to most manufacturers, suppliers, and corporate sectors pan India.

Taking into consideration the current market scenario and pitfalls of the stock market scenario, the Treasury Management & Administration Division has decided to be cautious with the investments of the company. A conservative approach will be maintained. These changes shall help in sustaining the company's development.

Last year we could not give dividend because of losses. This year we have made profit however the Board has not recommended any dividend as we would require funds for our expansion plan. Therefore, instead of borrowing money the Board has decided to skip distribution.

With a conservative and determined approach we plan to continue development and investment in 2010-2011.
