MANAGEMENT DISCUSSION AND ANALYSIS

The company is engaged in the business of manufacturing and trade of Indian Made Foreign Liquor (IMFL) under our own brand portfolio as well as under tie up arrangements with other companies. The IMFL comprises of whisky, Brandy, Rum, Gin & Vodka. We started our initial capacity of 7,20,000 cases per annum and a bond capacity 6300 cases of Excise Bonded warehouse. Presently our plant is having an installed capacity of 14,25,000 cases per annum and 26000 cases of Excise Bonded warehouse. We are an ISO 9001:2000 certified Company since 2007.

During the year, the total Income from operations was Rs 5,689 lakhs compared to Rs 4,934 lakhs in the previous year recording a growth of 755 lakhs. The net profit was Rs. 138 lakhs as against Rs 87.56 lakhs in the previous year. The competitive strength of the Company is our popular brand Capricorn, 2 Barrels, Chevalier & Green Magic.

Business Outlook

There are two major segments for liquor in India: Branded and unbranded. Total branded sales are over 100 million cases while country liquor (unbranded, low-priced alcohol) sales are 200 million cases. The industry is growing around 12-15% annually for the last three years. The sector is expected to maintain its CAGR of 15%.

The Indian IMFL market is dominated by low-priced whisky. The whisky segment constitutes almost 60% of the total IMFL market. 17% & 18% is brandy and Rum and the rest 5% is white spirits. The maximum consumption is in Andhra Pradesh followed by Karnataka and Maharashtra.

Risk Factors:

Government regulations affects the Indian Liquor industry introducing structural rigidities. Apart from the high level taxes and levies (that account for upto 65% of consumer price) regulations pertaining to licensing creation or expenses of brewing / distillery and bottling capacities, manufacturing process (grain based and molasses based), distribution and advertising impinge on the industry. Further liquor being a state subject, every state has different regulations (including those on distribution) and tax rate for the industry apart from restrictions as well as levies on the inter-state movement of liquor.

Future Outlook:

During current year, your Company will try to achieve maximum capacity utilization in our existing plant at Pondicherry. Further, your management is planning for acquisitions and expansions during the year to make your Company a major one in the Southern Region of the Company.

The acquisition of SV Distilleries Private Limited, which the Company was about to finalize in the last financial year, was put on hold for not being able to obtain the applicable statutory licenses and incompleteness of other formalities. However the Board expects to conclude this transaction by the end of this financial year.

Internal control systems and their adequacy

The Managing Director / Whole Time Director certification provided in the report discusses the adequacy of our internal control systems and procedures.

Human Resource Development

The most important asset of the company is its Human Resources. The company is planning to introduce ESOP scheme for sharing of wealth with employees.

Cautionary statements

Statements in the Management Discussion and Analysis describing the Company's objectives, projections, estimates, expectation may be forward looking statements within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied.

MANAGING DIRECTOR/ WHOLE TIME DIRECTOR CERTIFICATION

AUDITOR'S REPORT

To,
The Members of
RAVIKUMAR DISTILLERIES LIMITED

We have audited the attached Balance Sheet of 'RAVIKUMAR DISTILLERIES LIMITED' as at **31st March, 2012**, the Profit & Loss Account & also Cash flow Statement of the company for the year ended on that date annexed thereto. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As required by the Companies (Auditor's Report) Order, 2003, as amended by the Companies (Auditor's Report) (Amendment) Order 2004 (the 'Order') issued by the Central Government of India in terms of Section 227 (4A) of 'The Companies Act, 1956' of India (the 'Act') and on the basis of such checks of the books and records of the company as we considered appropriate and according to the information and explanations given to us, we enclose in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the said order.

Further to our comments in the annexure referred to above, we Report that:

- a) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of accounts as required by law have been kept by the Company, so far as appears from our examination of those books.
- c) The Balance Sheet and Profit and Loss Account dealt with by this report are in agreement with the books of accounts.
- d) In our opinion, the Balance Sheet and the Profit & Loss Account dealt with by this report comply with the accounting standards referred to in sub-section 3(C) of Section 211 of the Companies Act, 1956.
- e) On the basis of the written representations received from the directors, as on **31st March, 2012** and taken on record by the Board of Directors, we report that none of the directors is disqualified as on **31st March 2012** from being appointed as a Director in terms of clause (g) of sub-section (1) of section 274 of the Companies Act, 1956.
- f) In our opinion and to the best of our information and according to the explanations given to us, the said accounts read together with the notes thereon, give the information required by the Companies Act, 1956, in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:
 - i. In the case of the Balance Sheet, of the state of affairs of the Company as at **31st March, 2012**; and

NOTES TO FINANCIAL STATEMENTS :**1. General Information :**

The Company was incorporated during the year 1993 and is engaged in the business of manufacture and sale of Indian Manufactured Foreign Liquor (IMFL). The Company has its manufacturing unit at Pondicherry.

2. Significant Accounting Policies :**2.1 Basis of preparation of Financial Statements :**

The Financial Statements have been prepared in accordance with the generally accepted accounting principles ('GAAP') applicable in India under the historical cost convention on accrual basis. These financial statements have been prepared to comply in all material aspects with the accounting standards notified under Section 211 (3C), Companies (Accounting Standard) Rules, 2006, as amended from time to time and the other relevant provisions of the Companies Act, 1956.

All Assets and Liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Schedule VI of the Companies Act, 1956.

2.2 Use of Estimates :

The preparation of Financial Statements in conformity with GAAP requires that the management of the Company makes estimates and assumptions that affect the reported amounts of income and expenses of the period, the reported balances of assets and liabilities and the disclosures relating to contingent liabilities as of the date of the financial statements. Actual results could differ from these estimates. Difference between the actual results and estimates are recognized in the period in which the results are known / materialized. Management believes that the estimates used in preparation of financial statements are prudent and reasonable.

2.3 Tangible Assets :

Tangible Assets are stated at cost (or revalued amount as the case may be) less accumulated depreciation and accumulated impairment losses if any. Cost comprises purchase price and any other attributable cost of bringing the asset to its working condition for its intended use. Subsequent expenditure related to an item of fixed asset are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance.

Gain or loss arising from de-recognition of assets are measured as the difference between the net disposal proceeds and the carrying amount of the assets and are recognized in the statement of profit and loss when the asset is derecognized.

Depreciation on fixed assets is provided on written down value method (WDV) at the rates and in the manner prescribed in Schedule XIV to the Companies Act, 1956 over their useful life. Depreciation of asset sold / discarded during the period is proportionately charged. Individual low cost assets (acquired for less than Rs 5000/-) are depreciated within a year of acquisition. Intangible assets are amortized over their estimated useful life on a straight line basis.

2.4 Borrowing Costs :

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that takes necessarily substantial period of time to get ready for its intended use. All other borrowing costs are charged to revenue.

2.5 Impairment of assets :

As on Balance Sheet date, the Company reviews the carrying amount of Fixed Assets to determine whether there are any indications that those assets have suffered "Impairment Loss". Impairment loss, if any, is provided to the extent, the carrying amount of assets exceeds their recoverable amount. Recoverable amount is higher of an asset's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from continuing use of an asset and from its disposal at the end of its useful life.

2.6 Investments :

Investments that are readily realizable and intended to be held for not more than a year are classified as "Current Investments". All other Investments are classified as Long Term Investments.

Current Investments are carried at lower of cost or Market / Fair Value determined on an individual investment basis.

Long Term investments are valued at cost. Provision for diminution in the value of long term investment is made only if such decline is other than temporary in nature.

2.7 Grants and Subsidies :

Grants and Subsidies are recognized when there is reasonable assurance that the Grant / Subsidy will be received and all attaching conditions will be complied with. When the grant or subsidy relates to a revenue item it is recognized as income over the period necessary to match them on a systematic basis to the costs, which it is intended to compensate.

Where the Grant on subsidy relates to an asset its value is deducted in arriving at the carrying amount of the related asset.

2.8 Revenue Recognition :

The company is in the business of manufacture and sale of IMFL products. Sale of goods are recognized when the goods are dispatched / on passing title of the Goods to the customers. The sales are accounted by including the scheme / discounts / Excise Duty and Sales Tax. The Scheme discounts / Sales Tax are charged off separately to the Profit and Loss Account.

Profit on sale of investments is recorded on transfer of title from the company and is determined as the difference between the sale price and the carrying value of the investment. Interest is recognized based on time-proportion method based on rates implicit in the transaction.

2.9 Inventories :

Inventories are valued at lower of cost and estimated net realizable value after providing for cost of obsolescence and other anticipated losses, wherever considered necessary. Cost includes taxes, duties and all incidental expenses directly attributable to the purchases.

Method of assignment of cost is as under:

Raw Material, Stores & Spares	:	Weighted average cost basis
Work – in – progress	:	Direct expenses plus appropriate Factory overheads on the basis of completed production
Finished Goods	:	Cost of goods, direct expenses plus appropriate Factory overheads and Excise Duty
Traded Goods	:	Actual cost Basis

2.10 Employee Benefits :

The Provident fund scheme and Employee State Insurance Scheme are defined contribution plans. The company contributes a fixed sum to the Provident Fund / Employees State Insurance Scheme maintained by the Central Government. The contribution paid / payable under the schemes is recognised during the period in which the employee renders the related service.

The liability for Gratuity to employees as at the Balance Sheet date is as per the obligation to gratuity fund administered by the trustees and managed by Life Insurance Corporation of India. The contribution thereof paid / payable for the relevant period is charged off to Profit and Loss Account.

2.11 Foreign Exchange Transactions :

Foreign currency transactions are recorded at the rate of exchange prevailing on the date of the respective transactions.

Foreign Exchange monetary items in the Balance Sheet are translated at the year-end rates. Exchange differences on settlement / conversion are adjusted to Profit and Loss Account.

2.12 Tax Expense :

Tax expenses for the year comprise of current tax and deferred tax. Current tax is measured after taking into consideration the deductions and exemptions admissible under the provision of Income Tax Act, 1961 and in accordance with Accounting Standard 22 on "Accounting for Taxes on Income".

Deferred Tax represents the tax effect of timing differences between taxable income and accounting income for the reporting period and is capable of reversal in one or more subsequent periods. Deferred tax are quantified using the tax rates and laws enacted or substantively enacted as on the Balance Sheet Date.

Deferred Tax Assets are recognized and carried forward only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. Deferred tax asset on unabsorbed depreciation and carry forward of losses are not recognized unless there is virtual certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.

2.13 Contingent Liabilities and Provisions :

Provisions are recognized only when there is a present obligation as a result of past events and when a reliable estimate of the amount of obligation can be made.

Contingent Liability is disclosed for

- a. Possible obligation which will be confirmed only by future events not wholly within the control of the company or
- b. Present obligations arising from the past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation can not be made.
- c. Contingent Assets are not recognized in the financial statements since this may result in the recognition of income that may never be realized

2.14 Earnings Per Share :

In determining the Earnings Per share, the company considers the net profit after tax including any post tax effect of any extraordinary / exceptional item. The number of shares used in computing basic earnings per share is the Weighted average number of shares outstanding during the period.

The number of shares used in computing Diluted earnings per share comprises the Weighted average number of shares considered for computing Basic Earnings per share and also the weighted number of equity shares that would have been issued on conversion of all potentially dilutive shares.

In the event of issue of bonus shares, or share split the number of equity shares outstanding is increased without an increase in the resources. The number of Equity shares outstanding before the event is adjusted for the proportionate change in the number of equity shares outstanding as if the event had occurred at the beginning of the earliest period reported.

2.15 Leases :**Finance Lease**

Leases which effectively transfer to the company all the risks and benefits incidental to ownership of the leased item, are classified as Finance Lease. Lease rentals are capitalized at the lower of the fair value and present value of the minimum lease payments at the inception of the lease term and disclosed as leased assets. Lease payments are apportioned between the finance charges and reduction of the lease liability based on the implicit rate of return.

Operating Lease

Lease where the lessor effectively retains substantially all risks and benefits of the asset are classified as Operating lease. Operating lease payments are recognized as an expense in the Profit & Loss account on a Straight Line Basis over the Lease term.

2.16 Segment Reporting :

The generally accepted accounting principles used in the preparation of the financial statements are applied to record revenue and expenditure in individual segments.

Segment revenue and segment results include transfers between business segments. Such transfers are accounted for at the agreed transaction value and such transfers are eliminated in the consolidation of the segments.

Expenses that are directly identifiable to segments are considered for determining the segment result. Expenses, which relate to the company as a whole and are not allocable to segments are included under unallocated corporate expenses.

Segment assets and liabilities include those directly identifiable with the respective segments. Unallocated corporate assets and liabilities represent the assets and liabilities that relate to the company as a whole and not allocable to any segment.

40. Taxation Matters :

The Company has received a Demand Notice from Income Tax Department in respect of the Assessment year 2003-04, Assessment Year 2007-2008 and Assessment Year 2009-2010 on account of disallowance of exemption under section 80 IB of the Income Tax Act, 1961 and disallowance of expenditure under section 40 a (ia) of the Income Tax Act, 1961. The Department has raised a demand of Rs. 400.13 lakhs for all the assessment years. The Company has filed appeals with the Commissioner of Income Tax (Appeals) against the orders of the Assessing Officer. The Company is confident of succeeding in both the appeals and the Company has also taken favorable opinion from legal experts.

Similar disallowance of deduction under Section 80 IB has been made by the Department which has been contested and favorable decisions have been received from the First Appellate Forum. Hence no provision has been made in the books of accounts and the demand raised by the Department has been shown under "Contingent Liabilities".

In respect of other disputed liabilities pertaining to earlier years such as Turnover Tax, Compounding Fees under the Company Law, Bank Guarantee amount, the amounts have been shown under "Contingent Liabilities" in the respective years.
