D. Investments:

Investments are stated at cost as the same are Long Term Investments. A provision for diminution is made to recognize a decline, other than temporary, in the value of Long Term Investments.

E. Inventories:

Inventories are valued on FIFO basis as under:

- a) Raw material and components are valued at lower of Cost or Net Realizable Value.
- b) Work in progress is valued at Cost.

F. Depreciation:

Depreciation on fixed assets has been provided on Straight Line basis at the rates prescribed in Schedule XIV of the Companies Act, 1956. Intangible Assets are amortized on straight line basis over the estimated economic useful life.

G. Impairment of Assets:

The Company on an annual basis makes an assessment of any indicator that may lead to "Impairment of Assets". If any such indications exist, the Company estimates the recoverable amount of the assets. If such recoverable amount is less than the carrying amount of the assets, than the carrying amount is reduced to its recoverable amount by treating the difference between them as impairment loss and the same is charged to Profit & Loss Account.

H. Revenue Recognition:

Sales are net of returns and claims. Income and expenditure are recognized on accrual basis. Revenue from contracts priced on a time and material basis are recognized when services are rendered and related costs are incurred. Revenue from maintenance contracts are recognized pro-rata over the period of the contract.

I. Foreign Currency Transactions:

Monetary items denominated in foreign currencies at the year end are restated at year end rates. Any income or expense on account of exchange difference either on settlement or on translation is recognized in the Profit and Loss account.

J. Employee Benefits:

Short-term employee benefits are recognized as an expense at the undiscounted amount in the Profit and Loss Account of the year in which the related service is rendered. Post employment and other long term employee benefits are recognized as an expense in the Profit and Loss account for the year in which the employee has rendered services. The expense is recognized at the present value of the amounts payable determined using actuarial valuation techniques. Actuarial gains and losses in respect of post employment and other long term benefits are charged to the Profit and Loss Account.

K. Borrowing Costs:

Borrowing Costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to profit and loss account.

L. Provisions, Contingent Liabilities and Contingent Assets:

The Current charge for income taxes is calculated in accordance with the relevant tax regulations, past assessments & legal opinion sought by the Company. Deferred-tax assets and liabilities are recognized for future tax consequences attributable to the timing differences that result between the profit offered for income tax and the profit as per the financial statements. Deferred tax assets and liabilities are measured as per the tax rates/laws that have been enacted or substantively enacted by the Balance Sheet date.

Minimum Alternate Tax (MAT) credit is recognised as an asset only when and to the extent that there is convincing evidence that the Company will pay income tax under the normal provisions during the specified period, resulting in utilization of MAT credit. In the year in which the MAT credit becomes eligible to be recognised as an asset in accordance with the recommendations contained in the Guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the statement of Profit & Loss and shown as MAT Credit Entitlement.

N. Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires estimates and assumptions to be made that affect the reported amounts of assets and liabilities on the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Differences between actual results and estimates are recognized in the period in which the results are known / materialized.
