CHAIRMAN'S

MESSAGE

"At PHL this year has provided us with a great learning. When you try to surmount challenges that most believe is impossible, you go beyond what you had hitherto believed is possible. And therein lays the ability to move forward and ahead."

Dear Shareholders,

The Financial year 2012 - 13 has been a turnaround year for PHL. The company emerged from a challenging environment to once again claim its place as a strong player in the NBFC space, with solid and sustainable growth.

The three Asset Management businesses of our Company- Finance, Leasing and Investments have made a significant contribution to the company's bottom line. Capitalizing on the buoyancy in the market, the company increased its volume with aggregate disbursements in all verticals.

PHL continues to compete as a multi-line lender in the Industry. We have, however, made conscious choices in terms of the segments in which we compete.

For the most part, it is also our intent to restrict our lending to the productive end of the segment versus the consumptive end.

This year has also been a year focused on strengthening our core. We do believe that the process of strengthening our core will continue well in to the next financial year, and perhaps the year after as well. The focus of this initiative is to improve stakeholder's value whilst also improving portfolio quality.

We are doing this by improving our internal processes, strengthening our technology platform, and investing significantly in terms of training our people.

PHL has emerged a key player among NBFCs in the Equity business in the short span of years.

The Regulatory Compliances and Stakeholders management is vital.

Our team has tremendously supported the company in its transition and its fund raising activities of equity as well as debt capital, ensuring compliance in a dynamic regulatory environment.

A reputation for transparency and ethical business practices has always been the company's core strength. The company's future plans for growth are clear and unidirectional - to become a key player in Total Financial Services.

It gives us immense pleasure in informing to our esteemed shareholders that the Company has received its In-principle Listing Approval on the Main Board with Bombay Stock Exchange (BSE) for Listing of its Securities on March 18, 2013 and further for the same we applied for Trading Approval of Securities.

I take this opportunity to thank my colleagues on the Board for their valuable inputs and guidance, as we move towards creating a long-term, sustainable business. I am also grateful to each member of Team PHL for rising to every challenge, and am confident they will continue to demonstrate a high level of commitment towards achieving our goals.

Regards,

Sd/-(Laxman Singh Satyapal) Chairman & Managing Director

REPORT ON

CORPORATE GOVERNANCE

"Governance-This includes the Board of Directors and Senior management setting a tone at the top and providing Compliance and ethics programs with necessary resources, independence, standing and authority to be effective"

COMPANY'S PHILOSOPHY ON CODE OF GOVERNANCE

The PHL corporate governance model is based on a system of trust and operates on the assumption that shareholders entrust directors to provide oversight of the executives who professionally deploy company's assets for its long term sustainability and shareholder value. This system of corporate stewardship works effectively when PHL shareholders have a high level of confidence that their representatives are managing the affairs of the company in its best interest .To achieve this level of investor confidence, the PHL has adopted practices mandated in Clause 49 of Listing Agreement with the stock exchanges.

PHL is fundamentally a financial company. The business focuses on maximizing returns on assets, while effectively managing the inherent risks. In this pursuit, for efficient and responsible decision making, it is imperative to develop good corporate structures and "best in class" processes that have strong reliance on ethics and value systems. Adopting such a framework, PHL emphasizes on appropriate and timely disclosures and transparency in business dealings.

Corporate Governance is an ongoing process at PHL. Systems, policies and frameworks are regularly upgraded to effectively meet the challenges of rapid growth in a dynamic external business environment. Governance practices have to not only deal with the growing size of the business but also the increase in complexities of the organization structure that supports such aggressive growth.

In India, Corporate Governance standards for listed companies are regulated by the Securities & Exchange Board of India (SEBI) through Clause 49 of the Listing Agreement with the Stock Exchanges. As a Company, which believes in implementing Corporate Governance

practices that go beyond just meeting the letter of law, PHL has not only adopted practices mandated in the new Clause 49, but also incorporated the relevant non-mandatory recommendations.

This chapter, along with the chapters on Management Discussion & Analysis and Additional Shareholder Information, reports PHL's compliance with the prevalent Clause 49.

Note-1 ACCOUNTING POLICIES

ACCOUNTING CONVENTION

The Company prepares its accounts on historical cost basis as a going concern.

2. USE OF ESTIMATES

The preparation of financial statements in conformity with Generally Accepted Accounting Principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of revenues and expenses, assets and liabilities and the disclosure of contingent liabilities on the date of financial statements. Actual results could differ from those estimates. Any revision to accounting estimates is recognized prospectively in current and future periods.

FIXED ASSETS

Fixed Assets are stated at cost, net of excise/ custom duty where modvat credit on capital goods is availed and depreciated on Straight Line basis at rates specified in Schedule XIV of the Companies Act, 1956.

4. IMPAIRMENT OF ASSETS

The carrying amounts of the assets are reviewed at each balance sheet date to determine whether there is any indication of impairment. If any such indication exists, the recoverable amount of the asset is estimated. For assets that are not yet available for use, the recoverable amount is estimated at each balance sheet date. An impairment loss is recognized whenever the carrying amount of an asset or its cash generating unit exceeds its recoverable amount. Impairment losses are recognized in the profit and loss account. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the assets carrying amount does not exceed the carrying amount that would have been determined net of depreciation or amortization, if no impairment loss had been recognized.

5. INVENTORIES

- Stores & raw material are valued at cost. Cost includes the element of custom/excise duty paid (to the extent Modvat is not availed), forwarding & transportation charges incurred in bringing the goods to company's premises.
- Goods in process are valued at material cost plus conversion cost upto the stage of process completed.
- iii) Finished goods are valued at lower of cost and net realizable value. Cost for this purpose includes direct material, direct labour and appropriate production overheads.
- iv) The value of unrectifiable/ scrapped/damaged goods is incorporated in books on basis of actual realization.
- Excise Duty on finished product lying in the factory is accounted for, on removal of goods, since such liability arises only when they are sold. This however, had no impact on the profit and loss account of the Company.

6. RETIREMENT BENEFITS

No scheme with regard to retirement benefits in the form of super annuation/pension/gratuity is in operation.

RESEARCH & DEVELOPMENT

Revenue expenditure on research and development is charged to Profit & Loss Account in the year in which it is incurred.

8. REVENUE RECOGNITION

Sale and expenses are recognized on accrual basis except gratuity which is accounted for on payment basis.

FOREIGN CURRENCY TRANSACTIONS

Foreign exchange transactions are recorded using the exchange rate prevailing on the date of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognized in the Profit and Loss Account of the year.

Monetary assets and liabilities denominated in foreign currencies as at the balance sheet date are translated at the exchange rates on that date, the resultant exchange differences are recognized in the Profit and Loss Account.

10. INSURANCE CLAIMS

Insurance claims and expenses are accounted for when settled/admitted by the Insurer.

11. TAXATION

Income tax liability is ascertained on the basis of assessable profits computed in accordance with the provisions of the Income-tax Act, 1961.

Deferred tax charge or credit is recognized using current tax rates on timing differences between taxable income and accounting income, which originate in one period and are capable of reversal in one or more subsequent periods.

Where there is unabsorbed depreciation or carry forward losses, deferred tax assets are recognized only if there is virtual certainty of realization of such assets. Such assets are reviewed at each balance sheet date to reassess realization.

12. EARNING PER SHARE
