Results of Operations and the State of the Company's Affairs

During the year under review, the production of own tea and tea made from bought leaves went down by 78261 Kgs and 101100 Kgs compared to previous year. The profit before tax stood at ₹340.11 Lacs compared to ₹482.24 Lacs for the previous year. The decline in working results was mainly due to loss of crop, increase in depreciation due to reassessment of useful lives of its fixed assets as specified in Part C of Schedule II to the Companies Act, 2013 and substantial increase in provision for gratuity pursuant to actuarial valuation.

Your Company continued to take advantage of the Special Purpose Tea Fund Scheme announced by the Tea Board of India. In the financial year 2014-2015, 28.13 hectares, 24.19 hectares and 24.10 hectares of the plantation area were replanted, rehabilitated and uprooted respectively. We have added an irrigation set in Mackeypore Tea Estate and investment has been made in factory. Your Company has also built labour latrines to improve the living condition of its workforce.

The current season started with an increase in crop due to favourable weather conditions. The north India auction average price upto May, 2015 is lower by 8.35% compared to corresponding period in the previous year. Your Company being producer of premium quality teas will be less affected by fall in tea prices compared to medium and low quality producers. The increase in wage rate and inputs like H.S.D.Oil, Pesticides, Natural Gas and Manures will hit the bottom line. The thrust on irrigation and replanting under SPTF will continue.

Risk Management

As per requirement of Section 134(3) (n) of the Companies Act, 2013 the Board of Directors in its meeting held on 9th May, 2014 has approved the Risk Management Policy. The Board envisaged the following elements of risks which may threaten the existence of the Company-

Nature Related Risk

Tea being an agricultural produce is affected by the vagaries of weather. Weather plays a major role in determining the final output of produce. Both excess and scarcity of rainfall play havoc with the final output of produce. KTIL has carried out extensive drainage network to deal with the problem arising out of excess rainfall. KTIL has a detailed plan of action for bringing its plantation areas under irrigation and more than 70% of its plantation areas are under irrigation now.

Pest Management

Tea bushes are prone to attack by various pests like cater pillars, Loppers, Red Slugs, Red Spiders, Helopeltis, Thrips, Green Fly, etc. KTIL has experienced competent senior personnel in the garden, who controls pest by way of timely detection and spray of agro-chemicals. KTIL has also a policy of keeping adequate agro chemicals in stock in anticipation of pest attack during a particular month based on past behavior of pests. KTIL is working out on a plan on integrated pest management, which will promote the use of physical, biological and mechanical control methods, and the least possible use of agrochemicals.

Labour

Tea being a labour intensive industry is prone to loss of output due to labour unrest. KTIL provides all its workforce employed in the estate along with their families access to drinking water, food, housing and basic medical care as per the guideline of Plantation Labour Act,1951 and Assam Plantation Labour Rules. Workers are paid the official agreed wage as per the agreement entered into between the recognised trade union and KTIL. KTIL follows a strict 'Non-Discrimination Policy' on the basis of race, creed, gender, political opinion and membership of trade union. KTIL always aim to maintain cordial relationship with its workforce.

Market Risk

The tea prices are volatile and affected by the conditions prevailing in the market. The inferior quality teas are affected more by volatility in prices in comparison to top quality teas. KTIL's thrust on making top quality teas minimized the risk due to volatility in prices.

Bought Leaf Operation

KTIL purchases green leaves from outside suppliers and produces it under a different mark called Lakmijan to protect its own mark Mackeypore. KTIL processes the bought leaves separately from its own leaves. The physical segregation of own tea leaves and bought leaves manufacturing process is clearly visible. The Company is vulnerable to volatility in selling price of tea made from bought leaves.

Risks due to Fire, Accident, Theft, Etc.

KTIL has taken appropriate insurance policy to safeguard itself against loss that may arise from risks associated with fire, earthquake etc.

Risk due to Fraud

KTIL has installed adequate internal control measures to minimise the occurrence of fraud and internal audit is also conducted at regular intervals by an external agency.

Risk of Doubtful and Bad Debt

The credit worthiness of sundry debtors is checked by the senior management to fix the credit period, if any to be given. The background check of new party is also carried out before deciding on the credit period.

- (i) The percentage increase in remuneration of each Director, Chief Financial Officer and Company Secretary during the financial year 2014-15, ratio of the remuneration of each Director to the median remuneration of the employees of the Company for the financial year 2014-15 and the comparison of remuneration of each Key Managerial Personnel (KMP) against the performance of the Company are as under:

Sl. No.	Name of Director/ KMP and Designation	Remuneration of Director/ KMP for financial year 2014-15 (₹. In Lacs)	% increase in Remuneration in the F.Y. 2014-15	Ratio of remuneration of each Director to median remuneration of employees	Comparison of the Remuneration of the KMP against the performance of the Company
1.	Mrs. Anuradha Kanoria, Wholetime Director	25.51	-9.25%	21.87	The profit before tax decreased by 29.43% compared to previous year mainly due to drop in production of tea from own leaves and the drop is attributable to vagaries of weather. The Company has paid fixed part of the salary as per the agreement signed pursuant to passing of resolution by the members at the general meeting.
2.	Mr.Umang Kanoria, Non-Executive Director	0.80	100%	0.69	
3.	Mr.Golam Momen Independent Director	0.65	62.50%	0.56	

4.	Mr.Navin Nayar Independent Director	0.80	60%	0.69	
5.	Mr.G.R.Banka Non-Executive Director	0.80	60%	0.69	
6.	Mr.A.K.Gangopadhyay Company Secretary & Compliance Officer	2.89	169.72%	2.47	The profit before tax decreased by 29.43% compared to previous year mainly due to drop in production of tea from own leaves and the drop is attributable to vagaries of weather. The increase was based on the recommendation of the Nomination & Remuneration Committee to revise the remuneration at par with Industry benchmarks.
7.	Mr.S.K.Parhi Chief Financial Officer	12.41	19.86%	10.64	

- ii) The median remuneration of employees of the Company during the financial year was ₹.1,16,627/-
- iii) the percentage increase in median remuneration of the employees of the Company-15.11 %
- iv) Number of permanent employees on the rolls of the Company - 1677
- v) Explanation on the relationship between average increase in remuneration and company performance – The average increase in remuneration is 7.12%. The dip in profit is mainly attributable to external factor i.e. vagaries of weathers and therefore the increase in salary, which is as per agreement entered into with trade unions at tea estate and in line with the industry bench mark at the registered office is justified.
- vi) Comparison of the remuneration of the Key Managerial Personnel Against the performance of the Company – The total remuneration of Key Managerial Personnel declined by (-)3.44%, whereas the profit before tax declined by 29.43%. The fixed part of the salary was paid to the KMPs and the drop in profit is mainly attributable to vagaries of weather, which is an external factor.

a. Conservation of energy-

(i) the steps taken for conservation of energy: -

The Company is aware of the importance of energy conservation in decreasing the inimical effects of global warming and climate change. The Company has undertaken various energy conservation measures for reducing the carbon foot print.

Major energy conservation initiatives taken during the year under review are: -

- The Company has replaced old sprinklers with energy efficient R-25 sprinklers in all its irrigation sets. R-25 sprinklers results in saving in energy consumption by 18% compared to conventional sprinkler. The R-25 sprinklers results with an exceptional throw range at a modest pressure and thereby, requires less pump pressure and horsepower.
- The Company has replaced 18 nos. old motors of various horse powers with energy efficient motors.
- New automatic milling machine for roller sharpening installed at our factory has reduced sharpening time resulting in saving of power in workshop.
- A new vibratory fluidised bed dryer of higher out put has been installed at our factory, which is energy efficient.
- Efficient automatic dual fuel burner, which can run on low gas pressure was installed at our factory.

(ii) the steps taken by the company for utilising alternate sources of energy: -

The Company's factory is situated in north east India, where the solar irradiation and wind speed is lower than rest of India. The cost of installation of solar power & wind power is also too high at present. The Company will consider installation of the same as and when the costs become economical.

(iii) the capital investment on energy conservation equipment: -

The Company has made a capital investment of ₹.55,42,831/- on energy conservation equipment during the year under review.

b. Technology absorption-

(i) the efforts made towards technology absorption

The Company has two tea estates in state of Assam and manufactures tea at its factory. The cultivation of tea is basically an agricultural operation. The Company is improving the field practices at field and the manufacturing process at factory indigenously.

The Company has adopted the following to mitigate the shortage of workers and reduce the cost of production: -

- JCB is used for uprooting of old tea bushes
- Tractor mounted pit digger is used for digging holes for planting of teas in uprooted areas.
- Tea Pruners and power sprayers are used for pruning and spraying of pesticides.

The Company has started processing of vermicompost at its tea estates to reduce the use of chemical fertilisers.

(ii) the benefits derived like product improvement, cost reduction, product development or import substitution

The Company has derived benefit in terms of reducing cost of production, mitigating shortage of labour to some extent and improvement in quality of work.

(iii) in case of imported technology (imported during the last three years reckoned from the beginning of the financial year) - Not Applicable

(iv) the expenditure incurred on Research and Development

The Company subscribes to Tea Research Association which is registered under Section 35(1) (ii) of the Income Tax Act, 1961, to carry out R&D work for Tea industry and their expert advice is also taken through visits by their Advisory Officers to the garden from time to time.

The Company has given a subscription of ₹.3,30,560/- to Tea Research Association during the year under review.

c. Foreign exchange earnings and Outgo

The Company has not made any direct export but its teas are sold to merchant exporters. The Company continues its efforts to find a suitable market for direct export of its teas.

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standard specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statement that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial control system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

OPINION

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2015 and its profit and its cash flows for the year ended on that date.

43. Significant Accounting Policies

a. Basis of Preparation of Financial Statements

The financial statements of the company have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP). The company has prepared these financial statements to comply in all material respects with the Accounting Standards specified under section 133 of the Companies Act,2013 read with Rule 7 of the Companies (Accounts) Rule, 2014 as amended and the relevant provisions of the Companies Act, 2013. The financial statements have been prepared on an accrual basis and under the historical cost convention.

The accounting policies adopted in the preparation of financial statements are consistent with those of previous year.

b. Use of estimates

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

NOTES ON FINANCIAL STATEMENTS (Contd.)

c. Tangible Fixed Assets

Fixed assets are stated at cost and net of subsidies less accumulated depreciation/impairment losses, if any. The cost comprises purchase price, borrowing costs if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditure related to an item of fixed asset is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing fixed assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

Gains or losses arising from sale/discard of fixed assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is sold/discarded.

d. Depreciation on Tangible Fixed Assets

Depreciation is provided using the Straight Line Method as per the useful lives of the assets specified in Schedule II of the Companies Act, 2013.

In respect of assets acquired/sold during the year, depreciation has been provided on pro-rata basis.

e. Impairment of Tangible Assets

The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the higher of the asset's net selling price and value in use, which is determined by the present value of the estimated future cash flows.

f. Intangible Fixed Assets

Intangible fixed assets that are acquired by the Company are measured initially at cost. After initial recognition, an intangible asset is carried at cost less any accumulated amortisation and any accumulated impairment loss. Subsequent expenditure is capitalised only when it increases the future economic benefits from the specified asset to which it relates.

Intangible assets are amortised in profit & loss over their estimated useful lives, from the date they are available for use based on the expected pattern of consumption of economic benefits of the asset.

g. Investments

Investments, which are readily realisable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments.

On initial recognition, all investments are measured at cost. The cost comprises purchase price and direct attributable acquisition charges such as brokerage, fees and duties.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis.

Long-term investments are carried at cost. However, provision for diminution in value is made to recognise a decline other than temporary in the value of the investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

h. Inventories

Stores and spares are valued at Weighted Average Cost basis.

NOTES ON FINANCIAL STATEMENTS (Contd.)

Finished Tea i.e. Black Tea is valued at net realisable value.

i. Exchange fluctuations

Initial Recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Conversion

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

Exchange Differences

Exchange differences arising on the settlement of monetary items are recognised as income or as expense in the year in which they arise.

j. Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognised:

Sale of goods

Revenue from sale of goods is recognised when all the significant risks and rewards of ownership of the goods have been passed to the buyer, usually on delivery of the goods. The company collects sales taxes and value added taxes (VAT) on behalf of the government and, therefore, these are not economic benefits flowing to the company. Hence, they are excluded from revenue.

Interest

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

Other Items of Income

Other items of Income are accounted as and when the right to receive arises.

k. Government Grants and Subsidies

Grants and subsidies from the government are recognised when there is reasonable assurance that (i) the company will comply with the conditions attached to them, and (ii) the grant/subsidy will be received.

Capital grants and subsidy relating to specific assets are reduced from the gross value of the fixed assets.

Revenue grants and subsidies are credited to Profit & Loss Account or deducted from the related expenses.

i. Employee Benefits

Defined Contribution Plan:

The Company has defined contribution plans in the form of Provident Fund, Pension Scheme, EDLI, Super Annuation Fund and Labour Welfare Fund and the contributions are charged to the Profit & Loss Account of the year when the contribution to the respective funds are due. There are no other contribution payable to the respective funds.

Defined Benefit Plan:

The Company has defined benefit plans in the form of Gratuity and Leave Encashment, the liability for which is determined on the basis of actuarial valuation at the end of the year. Gains and losses arising out of actuarial valuation are recognised immediately to the Profit & Loss account as income or expense. The Company has an Employees Gratuity Fund managed by LIC of India. The present value of obligation is determined using the projected unit credit method, which recognises each period of service as giving rise to additional unit of employee benefit entitlements. The Compensated absences are unfunded.

m. Research & Development Expenses

Revenue expenditure on Research and Development is charged as an expense through the normal heads of account in the year in which the same is incurred. Capital expenditure incurred on equipment and facilities that

NOTES ON FINANCIAL STATEMENTS (Contd.)

are acquired for research and development activities is capitalised and is depreciated according to the policy followed by the Company.

n. Borrowing Cost

Borrowing costs that are directly attributable to the acquisition of qualifying assets are capitalised for the period until the asset is ready for its intended use. A qualifying asset is an asset that necessarily takes substantial period of time to get ready for its intended use.

Other Borrowing costs are recognised as expense in the period in which they are incurred.

o. Taxes on Income

Current tax is measured at the amount expected to be paid to the tax authorities, computed in accordance with the applicable tax rates and tax laws. In case of tax payable as per provisions of MAT under section 115JB of the Income Tax Act, 1961, MAT credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period.

Deferred Tax arising on account of "timing differences and which are capable of reversal in one or more subsequent periods is recognised, using the tax rates and tax laws that are enacted or substantively enacted. Deferred tax asset is recognised only to the extent there is reasonable certainty with respect to reversal of the same in future years as a matter of prudence.

Minimum Alternate Tax (MAT) paid in a year is charged to the statement of Profit and Loss as current tax. The Company recognises MAT credit available as an asset only to the extent that there is convincing evidence that the company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the company recognises MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the company does not have convincing evidence that it will pay normal tax during the specified period.

p. Earning per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they are entitled to participate in dividends relative to a fully paid equity share during the reporting period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

q. Provisions

A provision is recognised when the company has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

Where the company expects some or all of a provision to be reimbursed, for example under an insurance contract, the reimbursement is recognised as a separate asset but only when the reimbursement is virtually certain. The expense relating to any provision is presented in the statement of profit and loss net of any reimbursement.

r. Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The company does not recognise a contingent liability but discloses its existence in the financial statements.

s. Prior Period Items

Prior Period and Extra Ordinary items and Changes in Accounting Policies having material impact on the financial affairs of the Company are disclosed.

t. Cash and cash equivalents

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.

44. The previous year figures have been regrouped/reclassified, wherever necessary to conform to the current year presentation.
