Sub: Annual Report for the Financial Year 2015-16
Ref: Regulation 34 (1) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Listing Regulations)

Dear Sirs,

Pursuant to Regulation 34(1) of the Listing Regulations, we enclose herewith soft copy of the Annual Report of the Company for the Financial Year 2015-16 containing Standalone and Consolidated Balance Sheet of the Company as at 31st March, 2016, Standalone and Consolidated Profit and Loss Account, Board's Report and Independent Auditor's Report for the Financial Year ended on that date, which was approved and adopted by the Members at their of the Twenty-Ninth Annual General Meeting held on Monday the 26th September, 2016 at 12.00 noon at the Registered Office of the Company.

Annual Report of the Company for the Financial Year 2015-16 is placed on the website of the Company www.gfl.co.in.

We request you to take the above on record.

Yours faithfully,
For Gujarat Fluorochemicals Limited

Built for Lasting Growth

In 2008, we identified a sizeable opportunity for offering world class quality and cost efficient PTFE products to the world and backed it up with intensely engaging technical and logistics customer service. Since then, Gujarat Fluorochemicals Limited (GFL) has become a significant player in the global market within a short span of time. In fact, we have developed India's largest, and most integrated, PTFE plant accounting for more than 10% of the world's PTFE capacity. This enables us to provide cutting edge solutions very competitively, ensuring long-term customer relations. With a capacity of ~16 ktpa, GFL is a significant player catering to a dominant share of the domestic markets. It also participates within global markets, with significant market shares in the EU and the US. With such global presence, GFL enjoys a peer position amongst the top 4 PTFE suppliers worldwide.

Today, we have state-of-the-art design, development and laboratory testing facilities to handle PTFE grades from concept to full-scale manufacture. Our team of qualified R&D engineers and product specialists carry out on-going new product and application development projects. Using our strong relationships with worldwide partners, we offer engineering solutions tailored to suit specific applications and customer requirements. Looking forward, we continue to build a growing base of discerning customers with whom our products are tested and qualified. With customers who are worldwide market leaders across many end-use industries, we ensure our products are focused on meeting their increasing demands. With a quality management system certified to ISO 900:2008, every level of our organisation is focused on satisfying and exceeding the needs and expectations of our customers.

With soft economic conditions globally, along with lower global pricing for PTFE perpetuated by the revalued Chinese currency, FY2016 was a challenging year for the entire industry. These conditions placed pressure on both growth and margins for all global PTFE players. Despite these headwinds, GFL delivered a fair performance by avoiding de-growth and improving overall margins. The Company took full advantage of generally soft commodity prices; its captive supply for key raw materials; and improved operational efficiencies to deliver satisfactory results. The Company is also amongst the most integrated players globally, giving it significant cost advantages when competing against other global players.

Planning for the future, we continue to invest in new products and areas of application that will be significant drivers for future growth, ensuring we build on our solid progress over a period of time. Offering design, development and laboratory testing facilities to handle projects from concept to full-scale manufacture, our team of qualified R&D engineers and product specialists are carrying out on-going new product and application development projects. Using our strong relationships with worldwide partners, we are offering engineering solutions tailored to suit specific applications. These applications include Engineering Plastics & Stock Shapes; High Performance Sealing Systems; Machined Components; Moulded Components; High Performance Surface Coating; Industrial Bakeware; High Performance Hose; and Valve Seats, amongst others. As these approvals translate into volume order bookings and deliveries, we look forward to swelling our top and bottom lines in the medium term. Going forward, GFL is well positioned to deliver quality growth and sustained cycles of value creation for its stakeholders.

GFL is also leveraging its technical skills, and surplus TFE capacity to enter into other higher value-added fluoropolymer markets, such as FKM, PFA, FEP, VDF and PVDF. Setting up manufacturing capacities for these will require minimal incremental capex, but will provide a robust addition to GFL's top-line and bottom-line. It has more than 25 years of rich experience in handling fluorine molecules, and is using this expertise to develop several fluorine based intermediates to be used in the pharma and agro sectors. GFL has a team of more than 100 scientists and analysts to develop new molecules, process technologies and commercialise them.

THE INOX GROUP OVERVIEW

About the Inox Group

We are part of the US\$ 3 billion Inox Group, which has market leadership positions in various businesses, including industrial gases, engineering plastics, refrigerants, chemicals, cryogenic engineering, renewable energy and entertainment sectors.

Amongst other companies, the Group has three listed companies and has a joint venture with global majors, including Fortune-500 companies. The Group employs more than 9,000 people at over 150 business units across the country, with leadership across six sectors. The Group's distribution network spans over 50 countries around the globe.

Listed Companies

GUJARAT FLUOROCHEMICALS LIMITED

Market Capitalisation
₹ 5,68,803 Lakh
 (BSE - 31st March, 2016)

- Largest producer (by volume) of chloromethanes, refrigerants & polytetrafluoroethylene in India

INOX LEISURE LIMITED

Market Capitalisation
₹ 1,84,910 Lakh
 (BSE - 31st March, 2016)

- A film exhibition Company in the business of setting up, operating and managing a national chain of multiplexes under the brand name 'INOX'
- Present in 57 cities with 108 multiplexes and 425 screens

INOX WIND LIMITED

Market Capitalisation
₹ 5,77,764 Lakh
 (BSE - 31st March, 2016)

- One of the largest manufacturers of Wind Turbine Generators (WTG) in India
- Manufacturers of key components of WTG, Power Blades, Nacelles and Hubs
- 1,104 MW Order Book from diversified customers including large IPPs, Utilities, PSUs, Corporates and Retail

Other Key Companies

INOX AIR PRODUCTS PRIVATE LIMITED

- 50:50 joint venture with Air Products Inc., USA
- Manufacturer of industrial gases in India
- 36 plants spread throughout the Company

INOX INDIA PRIVATE LIMITED

- Manufacturer of cryogenic liquid storage and transport tanks in India
- Offers comprehensive solutions in cryogenic storage, vapourisation and distribution engineering
- Has operations in India, USA, Canada, The Netherlands and Brazil

INOX RENEWABLES LIMITED

- Engaged in the business of setting up and operating of wind farms
- 233 MW installed capacity across three Indian States

GROUP BUSINESS OVERVIEW

INOX WIND LIMITED HAS AN AGGREGATE POWER PROJECT CAPACITY OF 4,500 MW ACROSS WIND SITES. POST EXPANSION, ITS CAPACITY WILL INCREASE TO 1.6 GW. IT HAS A DEEP ORDER BOOK PIPELINE OF OVER 1.1 GW.

INOX LEISURE LIMITED HAS A 20% SHARE IN MULTIPLEX SCREENS, OPERATING 108 MULTIPLEXES AND OVER 425 SCREENS IN 57 CITIES WITH A SEATING CAPACITY OF 109,406.

GFL IS THE LARGEST PTFE RESIN PRODUCER IN INDIA AND THE 4TH LARGEST IN THE WORLD. OUR MANUFACTURING OPERATIONS ENJOY A TOTAL CAPACITY OF 16,200 MT PTFE, ACCOUNTING FOR 11% OF THE WORLD'S TOTAL PTFE CAPACITY.

GFL HAS ALREADY MADE SUBSTANTIAL PROGRESS ON MOST OF THE ABOVE FLUOROPOLYMERS. IN PARTICULAR, THE COMMERCIAL PLANT FOR MANUFACTURING FKM IS ALREADY IN PRODUCTION AND FOR OTHER PRODUCTS, ADVANCED SAMPLES HAVE BEEN SENT TO THE MARKET FOR APPROVALS.

reating

Value from our
Fluoropolymer Portfolio

Fluoropolymers is a large global industry including many products such as PTFE, PVDF, FEP, FKM, PFA, Micropowders and ETFE. Over the last 7-8 years GFL has consolidated its position in the PTFE space and enjoys a top 4 ranking based on 16,00 TPS PTFE capacity, making a wide range of variants including Fine Powders, Aqueous Dispersions, Modified PTFE, and Post Treated PTFE Grades.

With the PTFE market facing surplus global supply over the last 3-4 years, GFL has reduced its capacity utilisation for TFE and PTFE. This spare capacity can be put to use for making a range of Fluoropolymers, with minimal capex infusion. The product variants include FKM Fluororubbers, PFA dispersions/Pellets, FEP dispersions/Pellets, Micropowders of all types and VDF/PVDF. These Fluoropolymers require higher value addition compared to PTFE, and therefore fetch 3-6 times the realisation per kilogram for PTFE products.

GFL has already made substantial progress on most of the above Fluoropolymers. In particular, the commercial plant for manufacturing FKM is already in production and for other products, advanced samples have been sent to the market for approvals.

THE COMPANY HAS AN EXTREMELY COST COMPETITIVE MANUFACTURING PROCESS DUE TO ITS FULLY INTEGRATED VALUE CHAIN. IT HAS A SUCCESSFUL TRACK RECORD OF SUPPLYING ITS PRODUCTS SUCH AS PTFE, FKM TO QUALITY DISCERNING CUSTOMERS IN EU, USA AND JAPAN.

Building

on Fluorine
based intermediates in
Agro and Pharma

Organic Fluorine molecules are increasingly becoming ingredients of newer crop protection and Pharma molecules. This is mainly because of the fact that Fluorine has the highest electro-negativity. Fluorine also has the lipophobicity property, which means that it can dissolve readily in Fats; and due to the high efficacy of low volume doses, it causes minimal environmental impact. Earlier Chlorine and Hydroxyl groups were used due to abundant availability and ease to handle.

Due to above reasons, scientists have moved towards Fluorine molecules due to various advantages, even though handling Fluorine is more difficult and hazardous. Not surprisingly, only a limited number of Companies possess Fluorine handling experience. Since the use of Fluorine delivers healthier crops and more effective medicines, it is expected that in the next few years, about 40% of all pharma molecules will have F-molecules, 20% now. Similarly, in time one can expect about 50% crop protection chemicals will have F-molecules, from just 28% now.

120

SCIENTISTS AND ANALYSTS

Due to difficult handling of Fluorine and the complex nature of these potent molecules, the Agro and Pharma industry is resolved to outsourcing as much of the Fluorine based intermediates they need as possible. GFL has more than 25 years rich experience backed by experienced technical experts in safely handling fluorine molecules of all types. The Company possesses abundant in-house availability of these key building blocks of Fluorine molecules namely HF, AHF, KF, TFE and HFP.

The Company has an extremely cost competitive manufacturing process due to its fully integrated value chain. The Company has a successful track record of supplying its products such as PTFE, FKM to quality discerning customers in EU, USA and Japan. It has built a substantial R&D set-up with 120 scientists and analysts, giving it the capability to develop its own process technologies. Already, about 28 products are in pipeline, out of which commercial plants for five products have been set up. Going forward, there are twelve products in the pilot stages for commercial production.

Discussion & Analysis

THE SLOWDOWN AND RESTRUCTURING OF THE CHINESE ECONOMY, CORRECTION IN COMMODITY PRICES AND PRESSURE ON LARGE EMERGING ECONOMIES ARE SOME FACTORS EXPECTED TO IMPACT THE GROWTH PROSPECTS IN 2016 AND 2017.

GLOBAL ECONOMIC REVIEW

Global economic activity remained subdued in 2015, with the International Monetary Fund (IMF) estimating global GDP growth of 3.1%. Global economy is expected to grow by 3.4% in 2016 and 3.6% in 2017, as per the projection of the IMF. The anticipated pick-up in global activity is expected to be slower than what was earlier projected in October 2015 by World Economic Outlook (WEO), particularly in developing economies and emerging markets.

Going forward, the progress in advanced economies is seen as gradual and volatility is expected to remain. However, the situation in the emerging markets and the developing countries is varied with several challenging scenarios. The slowdown and restructuring of the Chinese economy, correction in commodity prices and pressure on large emerging economies are some factors expected to impact the growth prospects in 2016 and 2017.

Whilst, significant challenges such as China's rebalancing, lower commodity prices, and the steady transitioning from monetary easing conditions in the United States have been mitigated, projected growth over the next two years depends on growth rates in countries which are currently going through economic pain, such as Brazil, Russia and some other countries in Middle East. Brexit may also have some impact on markets in Europe and United Kingdom.

INDIA ECONOMIC REVIEW

The Indian economy successfully sailed through a very challenging phase in 2013 and 2014. These years were marked by a macro-economic slowdown, weak global demand and lower exports, slow progress on policy reforms, high inflation, and high fiscal and current account deficits. The situation witnessed improvement in 2015-16 with India's real GDP displaying 7.4% growth compared to 5.1% growth in 2013-14 and 6.9% in 2014-15. Inflationary pressures also eased with the Consumer Price Index (CPI) decreasing to 4.8% in March 2016 from 6.8% in FY2015

and 9.5% in FY2014. Fall in oil imports and gold imports helped the Government bring the current account deficit under control. Further, reduction in oil subsidies also helped the Government improve its fiscal deficit position.

The new Government displayed commitment to address various policy and business-related issues to drive the economic growth engine. One of the most important measures taken by the Government has been the opening up of sectors such as railways and defence for foreign investment, which helped draw a record Foreign Direct Investment (FDI) in 2015. With this, India's foreign exchange reserves position improved to US\$ 350 billion by December 2015. The overall growth during FY2015-16 was, however, partially offset by contraction in the rural economy and demand due to two consecutive years of drought. The outlook for FY2016-17 is promising, backed by better monsoon forecasts by Indian Meteorological Department (IMD) and 7.5% real GDP growth forecast by the International Monetary Fund (IMF). At this growth rate, India should become the fastest growing large economy, ahead of China, in FY2016-17.

MANAGEMENT DISCUSSION & ANALYSIS

COMPANY BACKGROUND

Gujarat Fluorochemicals Limited (GFL or the Company), a subsidiary of Inox Leasing and Finance Limited, is a part of the Inox Group which is diversified across industrial gases, engineering plastics, refrigerants, chemicals, cryogenic engineering, renewable energy and entertainment sectors.

GFL was incorporated in 1987 and commenced commercial operations in 1989 by setting up India's largest refrigerant plant in Ranjitnagar, Gujarat. The Company primarily supplied CFC and HCFC to more than 75 countries across the globe. As the CFC and HCFC had eventually to be phased out as per the phase-out schedule under the Montreal Protocol, GFL forward integrated into PTFE (Poly Tetra Fluoro Ethylene) in 2007 by commissioning amongst the world's most integrated and technologically advanced PTFE facility in Dahej, Gujarat. Starting with an initial capacity of 6,000 metric tonnes per annum (mtpa), the plant capacity was subsequently scaled up to reach 16,200 mtpa, becoming the India's largest and world's fourth largest PTFE facility, accounting for 11% of global PTFE capacity.

GFL embarked on a long-term business diversification strategy in 2002 and mandated McKinsey & Co. Inc. to advise it on identifying new business opportunities and develop implementation strategies around them. As a result of that study, GFL decided to foray into Indian theatrical exhibition business. Following another similar study carried out with the help of McKinsey & Co Inc. in 2006, GFL also embarked upon growing a renewable energy business.

16,200 MTPA
CAPACITY OF PLANT

While theatrical business was largely in line with India's growing consumption story, the renewables space was gaining importance on the back of global trends of emission reduction measures and drive for clean energy sources. The theatrical exhibition business was implemented through its subsidiary, Inox Leisure Limited, which eventually got listed in 2006. Today, Inox Leisure is India's 2nd largest national multiplex chain operator with 425 screens in 108 properties across 57 cities in India. The renewable energy business consisted of wind farming business which was started in 2007 and carried out by subsidiary Inox Renewables Limited, and wind turbine manufacturing business which was started in 2009 and carried out by subsidiary Inox Wind Limited. Inox Wind Limited which eventually got listed in 2015. Today, Inox Renewables Limited operates wind farms with a total capacity of 253 MW spread across Rajasthan, Maharashtra and Tamil Nadu and Inox Wind Limited is amongst the top 3 wind turbine manufacturers in India, with a total wind turbine manufacturing capacity of 1,600 MW and a market share of close to 25%.

CHEMICAL BUSINESS: INDUSTRY STRUCTURE & GFL

1. PTFE

According to Research & Markets study, the global market for PTFE reached 165,000 mtpa in 2015 and is projected to reach about 210,000 mtpa by 2022, growing at a CAGR of 3-4%. In value terms, global demand for PTFE is projected to touch US\$ 2.9 billion by 2022. Asia-Pacific region was the leading global consumer of PTFE, accounting for around 53% share in 2015, and is likely to post the fastest CAGR of 7.3% over 2016-2022. China and Japan are the key consumers of PTFE in Asia-Pacific, while countries including South Korea and India have comparatively small consumption levels. Cheap availability of raw materials and growth in various end-user industries has resulted into growing PTFE demand in the region. Europe was the second largest market for PTFE with around 25% share. North America and Europe are expected to exhibit strong growth in demand for PTFE over next five years.

The major driving factor for the global PTFE market is strong demand from various end-user industries including chemical processing, textile, medical, cookware, electronics & electrical, and automotive & transportation, among others. The chemical processing sector leads the global volume consumption of PTFE with an estimated 30.9% share. However, the automotive & transportation sector is likely to post the fastest CAGR of 6.9% in volume terms over 2016-2022 to reach a projected 34,100 mtpa by 2022. Revival of global economy with rise in demand for electronic appliances is driving demand for PTFE. Demand for PTFE is gaining popularity for wires to be used in aerospace industry and computer applications due to its excellent dielectric properties. Non-stick cookware is another important end-use owing to PTFE's inflammability and non-stick properties.

On the basis of product type, PTFE is segmented as granular, fine powder, micronized powder and others (dispersion, liquid, etc.). Granular PTFE is one of the largest product segments of PTFE market with over 30% share primarily due to wide use in moulding applications and as a feedstock for filled compounds. Fine powder and micronized powder also hold significant share of global PTFE market. Fine powder is the fastest growing PTFE form with a CAGR of 6.7% to 2018. Fine powder is mainly consumed in applications like tubing, sealing tape, membrane, insulation layer of wire, and liners, among others. Micronized PTFE is also finding increasing usage in applications including thermoplastics, lubricants and inks. The U.S. and China are at forefront of PTFE

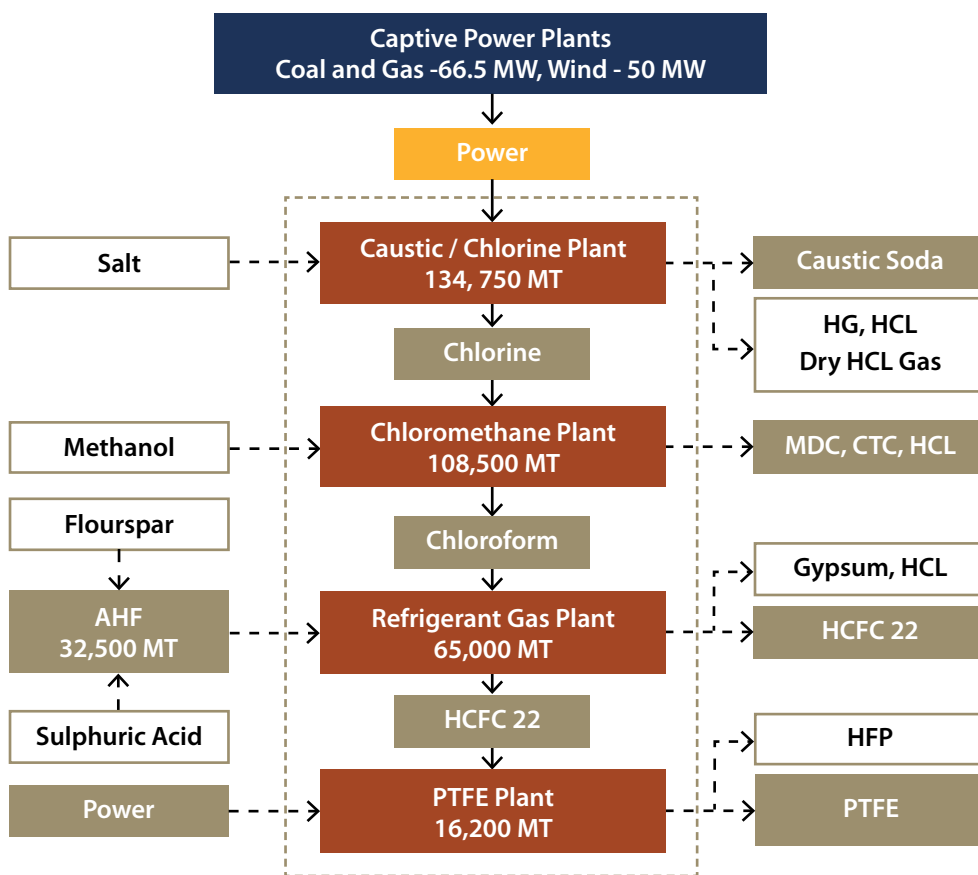

micro powder consumption, while Germany, Japan, and the U.K. are other key markets for micronised PTFE consumption. China is the key market in Asia-Pacific, consuming more than half of the demand for PTFE micro powders, followed by Japan, South Korea, and India where consumption is growing at a steady rate. Increase in the consumption of PTFE micro powders for inks, coatings, and thermoplastics has been observed in Asia-Pacific due to continued industrialisation and rise in the manufacturing sector of the region.

INCREASE IN THE CONSUMPTION OF PTFE MICRO POWDERS FOR INKS, COATINGS, AND THERMOPLASTICS HAS BEEN OBSERVED IN ASIA-PACIFIC DUE TO CONTINUED INDUSTRIALISATION AND RISE IN THE MANUFACTURING SECTOR OF THE REGION.

MANAGEMENT DISCUSSION & ANALYSIS

GFL's World Class Fully Integrated Facility

GFL operates its PTFE business through its world class manufacturing facility in Dahej, Gujarat. The facility has a total capacity of 16,200 mtpa, making it the largest PTFE facility in India and 4th largest PTFE facility in the world accounting for around 11% of global PTFE capacity. This facility is one of the most integrated and technologically advanced in the world. The manufacturing complex at Dahej enjoys international quality and process certifications, including ISO 9001:2008, ISO 14001:2004 and OHSAS 18001:2007.

Vertical integration with raw material sufficiency (including Flourspar, Chlorine, Chloroform, HCFC 22 and Power) makes GFL highly cost-competitive compared to other global players. The Company has placed enormous emphasis on high and consistent quality of all PTFE grades by process improvements and adopting sophisticated process control software for obtaining consistent quality.

COMPETITIVE ADVANTAGES

- Leading player in PTFE market with strong entry barriers:** GFL operates one of the largest PTFE facilities in the world, accounting for 11% of the global PTFE capacity. Furthermore, the vertical integration right up to safeguarding of raw material supply makes GFL one of the most cost competitive manufacturers of PTFE in the world. GFL benefits from advantages of high entry barriers caused by high capex intensity, restricted access to technology, access to key raw materials, and long and stringent product development and approval cycle with customers. New players cannot easily enter this market on a standalone basis.
- Cost-competitiveness benefits of vertical integration:** GFL's ability to produce a wide range of chemicals through its vertically integrated facility makes it one of the most cost-competitive producers of PTFE in the world. The operational and costing advantage of this integration has ensured that the Company is well placed competitively and is less susceptible to the volatility of the commodity cycle.
- Scope for future scalability leading to positive operating leverage:** GFL has strong potential for business scalability with only minimal incremental investments in the future. GFL is poised to reap benefits from increasing capacity utilization which will lead to increase in operating leverage, higher operating margins and better return ratios. With the consolidation in the PTFE market, GFL is strongly placed to absorb the incremental demand by offering most cost competitive solutions to its customers.
- Raw material security:** The vertically integrated facility provides self-sufficiency with respect to availability of key raw materials like Chlorine, Chloroform, Power and HCFC 22. Further, GFL has also safeguarded availability of Fluorspar, a key raw material required for production of PTFE. GFL acquisition of a significant interest in Fluorspar mines in Morocco means that it shall no longer face supply constraints for this key raw material going forward. In addition to own mine in Morocco, GFL also has signed long-term supply agreements for ensuring adequate fluorspar supply.
- Customer stickiness:** GFL works closely with customers to develop grades and qualities to suit customers' requirements. Further, strong focus on service, quality consistency and continual technical support results in high customer retention. The Company also supports its customers through its on-shore warehousing and service presence in Germany and USA. GFL's gradual shift to value added products for its customers will allow the company to generate better margins and more stable pricing for its products.

MANAGEMENT DISCUSSION & ANALYSIS

FINANCIAL OVERVIEW

GFL's Consolidated Business performance has improved during Financial Year 2015-16. On a consolidated business level, for the full Financial Year, Revenues went up from Rs. 53.40 billion to Rs. 71.98 billion, indicating a growth of 35%. EBITDAE & Other Income went up from Rs. 10.35 billion to Rs. 13.04 billion, indicating a growth of 26%. EBITDA margin for FY2015-16 were 18.1%. PAT went up by 24% from Rs. 3.17 billion (before exceptional item of sale of Equity Shares of Subsidiary, Inox Wind Limited) to Rs. 3.94 billion and PAT margin for FY2016 was 5.5%.

GFL's Consolidated Result comprises of essentially four different businesses. The Wind Turbine manufacturing business is housed within GFL itself. There is a Wind Turbine manufacturing business that is conducted by Inox Wind Limited and its subsidiaries. Inox Wind Limited is independently listed. The Wind Farming business is owned by Gujarat Fluorochemicals Limited through its subsidiary Inox Renewables Limited. And the Film Exhibition business is conducted by Inox Leisure Limited. Inox Leisure Limited is also listed independently and therefore the consolidated revenues of GFL and the consolidated profitability reflects the revenues and the profitability of all four of these businesses put together.

The key Financial Highlights in terms of Revenue, EBITDA and PAT for the full Financial Year 2015-16 from all four businesses are:

Revenue

- Revenue growth from the Chemical business (other than subsidiaries) went up by 1% from Rs. 13.20 billion to Rs. 13.38 billion.
- Revenues from the Wind Turbine manufacturing business went up by 63% which is Rs. 27.08 billion going up to Rs. 44.14 billion.
- Revenues from the Wind Farming business, went down by 14% from Rs. 1.95 billion to Rs. 1.67 billion.
- Revenues from the Cinema Exhibition business, went up by 31% for the full year from Rs. 10.16 billion going up to Rs. 13.32 billion.
- As a result of which aggregate Revenues for the full year went up by 35% from Rs. 53.40 billion to Rs. 71.98 billion.

EBITDAE and Other Income

- Chemical business grew up by 3% from Rs 2.78 billion to Rs 2.87 billion.
- Wind Turbine business went up by 62% from Rs. 4.25 billion to Rs. 6.90 billion.
- Wind Farming went down by 24% from Rs. 1.76 billion to Rs. 1.34 billion.
- Cinema Exhibition business went up by 55% from Rs. 1.23 billion to Rs. 1.90 billion.

GFL BENEFITS FROM ADVANTAGES OF HIGH ENTRY BARRIERS CAUSED BY HIGH CAPEX INTENSITY, RESTRICTED ACCESS TO TECHNOLOGY, ACCESS TO KEY RAW MATERIALS, AND LONG AND STRINGENT PRODUCT DEVELOPMENT AND APPROVAL CYCLE WITH CUSTOMERS.

- As a result of which EBITDAE and Other Income for the full year went up by 26% from Rs. 10.35 billion to Rs. 13.04 billion.

PAT

- Chemicals PAT went up from Rs. 0.80 billion to Rs. 1.04 billion, that is a growth of 31%.
- Wind Turbine manufacturing business PAT went up by 52% from Rs. 2.96 billion to Rs. 4.52 billion.
- Wind Farming business PAT was Rs. 0.04 billion which converted into a loss of Rs. 0.24 billion for the full year FY2016.
- Film Exhibition business PAT improved from Rs. 0.20 billion in FY2015 to Rs. 0.77 billion in FY2016 that is a growth of 287%.

As a result of which PAT for the full year went up by 24% from Rs. 3.17 billion (before exceptional item of sale of Equity Shares of subsidiary, Inox Wind Limited) to Rs. 3.94 billion.

The Chemical Business standalone product-wise performance for the Financial Year 2015-16 are:

- Caustic Soda revenue went up by 17%, from Rs. 2.56 billion to Rs. 3.00 billion.
- Chloromethane revenue went down by 9%, from Rs. 2.74 billion to Rs. 2.49 billion.
- Refrigerants revenue went up by 27%, from Rs. 2.04 billion to Rs. 2.59 billion.
- PTFE revenue went down by about 16%, from Rs. 5 billion to Rs. 4.22 billion.
- Other products went up by 31% from Rs 0.83 billion to Rs 1.08 billion.

As a result of which overall sales from the Chemical business which were Rs. 13.20 billion in FY2015 went up marginally by 1% to Rs. 13.38 billion in FY2016.

The volumetric data stood as under:

- Caustic Soda volumes went up by 9% from 1,05,451 tonnes to 1,14,890 tonnes.
- Chloromethane volumes went up by 5% from 62,820 tonnes to 65,837 tonnes.
- Refrigerant Gases volumes went up by 22% from 11,748 tonnes to 14,307 tonnes.
- PTFE volumes went down by 13% from 9,219 tonnes to 8,054 tonnes.
- PTFE volumes (including sales from subsidiaries) PTFE sales were around the same last year which is 8,624 tonnes for the full year.

MANAGEMENT DISCUSSION & ANALYSIS

RISK MANAGEMENT & INTERNAL CONTROL

The Company believes that sound internal controls and systems which are related to the principle of good governance, and should be exercised within a framework of proper checks and balances. Accordingly, the Company has devised and implemented such internal control systems as are required in its business processes; the adequacies of these are commented upon by the Independent Auditors in their Report.

The Company remains committed to ensuring a reasonably effective internal control environment that provides assurance on the operations and safeguarding of its assets. The internal controls have been designed to provide assurance with regard to recording and providing reliable financial and operational information, complying with the applicable statutes, safeguarding assets, executing transactions with proper authorization and ensuring compliance with Corporate Policies.

The Company has an elaborate Risk Management process which is formulated based on principles of Business Risk Assessment, Operational Controls and Compliance to various Policies. The Company proactively identifies and systemically resolves all the major risks in Business. During the year, the Company has undertaken an exercise to document all the risks and corresponding controls.

OUR INTERNAL CONTROLS HAVE BEEN DESIGNED TO PROVIDE ASSURANCE WITH REGARD TO RECORDING AND PROVIDING RELIABLE FINANCIAL AND OPERATIONAL INFORMATION, COMPLYING WITH THE APPLICABLE STATUTES, SAFEGUARDING ASSETS, EXECUTING TRANSACTIONS WITH PROPER AUTHORIZATION AND ENSURING COMPLIANCE WITH CORPORATE POLICIES.

The Company has devised and implemented such internal financial control systems as are required in its business processes. These controls are routinely tested and certified by Independent as well as Internal auditors and covers all the key business operations of the Company. Key Audit findings, along with their action plans, are thereon reported to the Audit Committee, which monitors the overall control environment of the Company.

OPPORTUNITIES, RISKS, THREATS AND CONCERNS

Due to the commodity nature of some of the products produced by GFL, the Company is susceptible to the vagaries, which are symptomatic of the industry. GFL mitigates the intensity of such fluctuations on both their inputs and outputs through a combination of astute strategic business approaches, that include value added customization; fostering customer loyalty to its products through excellent service and support; low-cost integrated manufacturing; long term supply agreement on raw materials and assuring the continuous sourcing of Fluorspar, a key raw material used by the Company.

Currently, GFL is well resourced financially to manage and maintain smooth operations. Its accruals, cash flows, lines of credit and banking arrangements are well balanced to ensure continuity. The Company has the ability to comfortably raise more capital at any time should the need arise. However, any non-payment or delayed collection of receivables from customers could materially and adversely affect liquidity, financial condition and results of operations.

GFL imports raw materials and simultaneously exports its finished goods. Hence, GFL has an exposure of risks relating to the fluctuation of exchange rates in the foreign currencies. GFL, therefore, adopts a natural hedge policy by balancing its payables and working capital loans versus its receivables denominated in foreign currencies to mitigate such foreign currency risks to protect its bottom lines and return ratios.

A key risk includes increased competition and impact on pricing, due to any additional capacities set up by Chinese manufacturers. GFL remains confident of being able to maintain its competitive position due to its cost competitiveness derived from its integrated operations and its strong marketing and customer retention strategies.

The key opportunities in the PTFE business include the vast undeveloped potential in the Indian markets that will be converted into market demand by new products and application development. The market gaps created by established players moving to higher value added polymers also gives GFL the opportunity to absorb new unmet demand.

There also exists the potential to work with reputed global players of PTFE based components to expand the PTFE market in India. GFL also sees major opportunities in US, Latin America and Far East to expand its sales and global market share. The Company has taken appropriate steps to market into and service these markets to achieve this goal.

GFL IS WELL RESOURCED FINANCIALLY TO MANAGE AND MAINTAIN SMOOTH OPERATIONS. ITS ACCRUALS, CASH FLOWS, LINES OF CREDIT AND BANKING ARRANGEMENTS ARE WELL BALANCED TO ENSURE CONTINUITY. THE COMPANY HAS THE ABILITY TO COMFORTABLY RAISE MORE CAPITAL AT ANY TIME SHOULD THE NEED ARISE.

Fluoropolymers and Fluorine based Intermediates

Fluoropolymers is a large global industry including many chemicals such as PTFE, PVDF, FEP, FKM, PFA, Micropowders and ETFE. Over the last 7-8 years, GFL has consolidated its position in the PTFE space and enjoys a top 4 ranking based on 16,000 TPS PTFE capacity, making a wide range of variants including Fine Powders, Aqueous Dispersions, Modified PTFE, and Post Treated PTFE Grades. In particular, the commercial plant for manufacturing FKM is already in production and, for other products samples have been sent to the market for approvals, which are in advanced stages. The Company sees substantial opportunities of growth from this family of products.

Organic Fluorine molecules are increasingly becoming ingredients of newer crop protection and Pharma molecules. Since the use of Fluorine delivers healthier crops and more effective medicines, it is expected that in the next few years, about 40% of all pharma molecules will have F-molecules from 20% now. Similarly, in time one can expect about 50% crop protection chemicals will have F-molecules, from just 28% now. Already, about 28 products are in pipeline, out of which for commercial plants for five products have been set up. The Company also expects this family of products to be a strong growth driver for the future. Going forward, there are twelve products at the pilot stages for commercial production.

MANAGEMENT DISCUSSION & ANALYSIS

HUMAN RESOURCES

- The Company believes that its employees are its most valuable asset and that our human resources play a pivotal role in realising the Company's strategic goals and ensuring a consistent global quality in the delivery of all its products and services, within the framework of a customer-focused culture. The Company encourages an environment of development and empowerment, enabling each staff member to contribute his/her skills and talents towards sustaining high performance.
- The Company has established a structured process to be in touch with the pulse of the people through annual people surveys. Annual Employee Satisfaction (E-SAT) (for technicians) Survey and Employee Effectiveness Survey (EE2) (engineers and executives up to managerial level) is administered across locations, which highlight the strengths and the major areas of improvement to enhance employee satisfaction and their effectiveness for sustained profitable growth. "Prayas", the employee suggestion scheme, is now a continuous process across sites. To keep employees motivated, Functional Heads and Supervisors are encouraged to spontaneously recognize their team members for a small, but significant, contribution in their day-to-day work.
- We strive to continuously upgrade the skills of our operators and technicians to ensure productivity and enhanced output matching the required quality. A special tool 'Skill – Will' has been introduced to determine and to map the performance of operators and technicians based on the skill and willingness of the employees and arrive at their individual training needs.
- To ensure sustained profitable growth, it is but pertinent to build continuously on our internal human capital through leadership development. The first step taken towards this end saw the introduction of a Leadership Competency Framework. This Competency frame work has now been dovetailed into our Performance Management system and will help us to identify the "High Potential" employees who can be groomed for becoming the leaders of tomorrow. Furthermore, the target setting exercise has now been digitised with the implementation of the "eTMS". Every site now has an Annual HR Plan in line with the business plan.
- We are an 'Equal Opportunity' employer and we believe that to tap into the country's vast resources, it is essential to reach out to various groups of men and women who are not a part of our workplace as they bring in good talent. The gender ratio in our Company has been steadily increasing and we now have place for young lady engineers in our Company. We also celebrated diversity at our workplace on International Women's Day and Mothers' Day by felicitating our women employees across locations.

INFORMATION TECHNOLOGY

GFL deploys nothing but the best-breed IT systems to power every operation it performs and to aid the Management in running its affairs efficiently. At the center of our business is our SAP-based

THE COMPANY ENCOURAGES AN ENVIRONMENT OF DEVELOPMENT AND EMPOWERMENT, ENABLING EACH STAFF MEMBER TO CONTRIBUTE HIS/HER SKILLS AND TALENTS TOWARDS SUSTAINING HIGH PERFORMANCE.

system, which enables full visibility to our Management of our operations, marketing and financial goals and allows it to raise its standards for customer service and reliability. In addition, innovative technology solutions differentiate us in the marketplace in terms of both our offerings and operational efficiency. Technology is also the foundation for process improvements that enhance our productivity, improve efficiency and reduce costs.

During the year, we re-implemented SAP for GFL and Inox Wind Limited for integration of the business processes into a central ERP for the following modules:

- PM – Plant Maintenance Module
- SD – Sales & Distribution Module
- MM – Materials Management Module
- QM – Quality Management Module
- PP – Production Planning Module
- FI – CO – Finance & Costing Module
- PS – Project systems

Our key achievement in the IT landscape has been the installation of high-end SAP servers for fast data and information access with high-end data security of business critical information. Our new infrastructure with high end servers are based on the latest processor (power 8) IBM power series p8 servers for SAP application. In addition to this, a new UTM (Unified Threat Management) has been installed for better data security and to have efficient controls on information and data. We also implemented SOP in SAP to enable internal controls on business commercial operations, besides developing and implementing a wind turbines online data access portal for our external customers.

OUTLOOK & STRATEGY

FY2016 was a year of consolidation in the PTFE industry. While the PTFE prices declined due to global slowdown, the benefit of lower raw material prices helped PTFE manufacturers including GFL to maintain operating margins. The domestic and global markets for GFL's products remain resilient and steady, with global recovery

in demand. However, GFL believes that its Chemical Business will be in position to benefit from increase in value addition, market penetration, capacity utilisation and margin expansion.

We expect to see sustained growth in PTFE leading to improved utilisation levels in FY2017. We are adding new clients as well as increasing our percentage with existing clients. We believe that over next two years to three years, we should be able to reach the full optimal utilisation of the PTFE capacity. Furthermore, along with improving capacity utilisation, our focus will also remain on increasing the share of value added PTFE grades. We have already improved the share of value added PTFE grades from 30% in FY2015 to 43% in FY2016. We expect to further improve this ratio to 50% and beyond, going forward.

We shall continue to focus on growing our Fluoro-specialty polymer business over coming years. We have already commenced development of certain Fluoro-specialty polymers like FKM which is Fluoroelastomer, PFA, FEP and PTFE Micro Powders which go into different applications. These new Fluoropolymers are also significantly more value added in comparison to PTFE. In Fluoro-specialty chemicals, we are actively working on about 15 new molecules, out of which facilities for about 7 molecules are expected to get commissioned and commercialised in FY2017. While these businesses unfold during FY2017, the platform has already been set, and with qualification process underway, we expect to witness strong ramp up of commercial production in the coming years. GFL does not expect any substantial Capex for

these new Fluoropolymers and Fluorspecialty chemicals and will be mainly sweating the assets already set up. In addition, GFL will be focusing on new generation refrigerant gases such as HFC 32, HFC 125 and HFC 410 for domestic markets as well as the export markets. GFL continues to also stress on cost reduction schemes with a major coal based power plant planned in lieu of expensive natural gas.

ANNEXURE E

Information as required under Section 134 (3) (m) of the Companies Act, 2013 read with Rule 8 of the Companies (Accounts) Rules, 2014

(A) CONSERVATION OF ENERGY

- i. The steps taken or impact on conservation of energy

Ranjitnagar unit

- R22 Crude Gas Compressor motor size reduced from 132 Kw to 75 Kw resulting in saving of 14 Kw per hour.
- In Coal Based Boiler both FD and ID fans are installed with VFDs to achieve saving of 300 kw/day (15% of total fan power)
- Condensate recovery increased to maximum possible extent. A total 5% condensate recovery increased.

Dahej unit

- TFE-2 Utilities: To meet ETFEE plant's (-15)/ (-35) °C system demand by operations of 1 no (-35) °C & 1 no (-15) °C chillers. Further to same, to serve the purpose of (-15)/ (-35) °C through operations of only one Compressor pertains to (-15) °C. (Power Savings - HT - 6600 Volts).
- Integration of TFE-1 Utilities main header of (-15) °C brine supply with Vent Recovery Plant with desired piping modification & permanent stoppage of separate brine supply pump to VR to serve the purpose of (-15) °C brine application.
- HVAC - Integration work of S&A, PT-PTFE and FKM. Area: FKM/PT-PTFE Utilities.
- Operation of 5th reactor pertains to D-PTFE on existing chilling system by integration of chilling circuit at D-PTFE utilities. Area: D-PTFE Utilities.
- Reduction in AMC Charges of HVAC system. Area: D-PTFE Utilities.
- In AHF/HCFC Utilities AHF/HCFC refrigeration systems discontinued the AMC with M/s Frick India Ltd.
- Optimization of lighting circuit in TFE-2 Utilities as per illumination study conducted by third party & to implement the same through execution of desired modifications.
- TFE-1: Install improved set of Burners # Savings = 2 MMBTU/MT, NG (Furnace-1) Area: TFE-1 Plant.
- STG-1 Condensing Turbine # Steam Consumption Optimization. Previous = 4.28 Tonnes/MW, New = 4.10 Tonnes/MW (Steam Cost = ₹ 750 per Tonne). Norm's reduction by 0.18 Tonnes/MW. Area: CPP.

- Optimization of Coal consumption for Boiler # 1, through chemical de-scaling of Boiler's pressure parts thoroughly. Area: CPP.
- Reduction in % Steam Losses: Steam supply from CPP Vs Consumption End (From previous 7% to new 3%). Area: Complex Utilities.
- CPP: Reduction in O&M Charges of M/s Fugitech. Area: CPP.
- RW Savings: Use of treated effluent in place of raw water for dust suppression at coal yard (Estimated Savings = 100 KLD, on account of Raw Water). Area: CPP Utilities.
- RW Saving : To increase the DI-3 water treatment plant's operation from current level of 5-10% to more than 50% of the total DI water requirement at Polymer Complex. (Estimated Savings = 300 KLD, on account of Raw Water). Area: DI Plants Utilities.
- Reduction in consumption of DI water filters of various sizes. Viz: 5µ 20" long, 5µ 30" long, 1.25µ, 0.25µ due to consistency in DI water quality at generation end & increase in o/p of DI-3 water treatment plant. Area: Polymer Complex.
- CU: Optimization of pumping energy for gaseous N2 generation plant. Area: Common Utilities.
- Stoppage of drinking water supply from outside agency & utilization of in-house infrastructure to serve the purpose, satisfactorily. Area: Complex.
- ETP: Reduction in O&M Charges of ETP/STP (Conversion of O&M contract to Manpower Supply. Area: ETP Ops.
- Integration of A&H, New CaCl₂ & CO₂ Process water supply with main plant process water Header with desired piping modification, thereof. Area: Common Utilities.
- (-35) °C Primary Brine P-805 A/B/C # VFD installation & commissioning. Area: TFE-1 Utilities.
- (-15) °C Secondary Brine P-804 A/B/C # VFD installation & commissioning. Area: TFE-1 Utilities.
- Chilled water circulation pump P-5106 A/B # VFD installation & commissioning. Area: TFE-1 Utilities.
- DI Water pumps P-911 A/B/C # VFD installation & commissioning. Area: DI Plants Utilities.
- Lighting energy optimization. Area: DI Plants Utilities.
- Optimization of water consumption at S&A Cooling Tower. Area: FKM Utilities.
- Optimization of water consumption at D-PTFE Cooling Tower. Area: D-PTFE Utilities.
- Reduction of daily LIN consumption by @ 500 Nm³/day. Area: Polymer Utilities.

ANNEXURE E (Contd.)

- STG-4 Vacuum improvement by condenser's tubes de-scaling (Loss Prevention project). Area: CPP, Savings Achieved = TBE
 - CST Pump's head reduction from 80 m to 60 m. Area: CPP.
 - Use of vacuum pump's outlet water for CT make up - CA Flaker plant. Area: CA – Utilities.
- ii. The steps taken by the Company for utilising alternate sources of energy:
Ranjitnagar unit: Not Applicable
Dahej unit: Not Applicable
- iii. Capital Investment on energy conservation equipment's:
Ranjitnagar Unit: Nil
Dahej Unit: Nil

(B) TECHNOLOGY ABSORPTION

Efforts, in brief, made towards technology absorption, adaptation and innovation.

Ranjitnagar Unit:

The Company has dedicated professionals working on ongoing development for improvement in process efficiency, product quality, Energy and Emission control and enhancing process of safety.

Dahej Unit:

CHEMICAL

- Granulator Plant was commissioned with Technology from China. The plant design capacity is 120 TPD. CaCl₂ granules of 94-97% purity can be produced for Domestic and Export Market. This plant is forward integration of 32% CaCl₂ slurry plant & in which 32 % concentrated slurry is getting converted in Granules.
- In CA plant conversion of existing finite gap membrane electrolyzers C & D to Zero Gap was done with technology from M/s Bluestar China. This had resulted into a power saving of about 440 KWH/MT in both electrolyzers. Conversion of electrolyzer A & B is planned in 2016-17.
- In CA plant Hydrogen compressor of 1000 NM³/hr capacity having pressure rating of 50 Kg/cm² commissioned for supplying hydrogen through pipe line to M/s Deepak Nitrite.

POLYMER

- GFL has fully absorbed the technology of FKM in the business of fluoro elastomers. This is one excellent fluorocarbon based synthetic rubber. This has wide application in automotive sector and for chemical

industries. FKM has high chemical & fuel resistance property. GFL has got global market approval for both CO-Polymer & Ter-polymer grades FKM. GFL has made in-house production facility of raw gum & precompounds.

- GFL has also successfully absorbed the technology of ETFEE. This is in-house developed TFE based Fluorochemicals intermediate and converted to EDFA a value added Fluorochemicals for end use in Agro Chemicals & Pharmaceuticals Industries.
- GFL has successfully commissioned TFE vent recovery plant. This plant has dual purpose. It has improved the environment condition by not venting any of the off gases to atmosphere and also earning money by converting the vent gases to value added product.
- GFL has improved in the %yield of fluoro surfactant recovery from 60% to more than 75%. Operation team is still taking efforts to obtain the yield to more than 85%.
- Almost 16 cost saving projects have been successfully implemented in the tune of cost saving of ₹ 50 lacs per month from different ideas generated by the employees.
- GFL has jointly working with NCL Pune, Ingenaro, Mumbai, Raschig, Mumbai, GE process, Mumbai on account of process consultancy for capacity improvement, recovery efficiency and product quality consistency.

Future scope:

- GFL is almost on the verge of development in other Fluoropolymer like, PFA, FEP, Micro Powder & Bimodal PTFE dispersion & various Tetramers in the field of coating on metals & fabrics, impregnation, Cable Insulation, Wires & Cables etc.
 - (i) The benefits derived like product improvement, cost reduction, product development, import substitution
 - (a) Improvement in operation efficiency
 - (b) Cost reduction in all operations
 - (c) Product quality improvement and sustenance
 - (d) People development by training awareness and interactions
 - (e) Clean environment
 - (ii) In case of imported technology (imported during the last three years reckoned from the beginning of the Financial Year) - In the Financial Year 2011-12 the Company had imported technology for its D-PTFE, TFE- 2 and CMS- 2 plants and the same have been commissioned.
 - (iv) The expenditure incurred on Research and Development

ANNEXURE E (Contd.)

Ranjitnagar Unit:

Research and Development

(1) Specific Area in which R & D carried out:
Process Development work was carried out by R&D for various fluorospecialty molecules, such as, ETFEE, EDFAA, Pyrazole, PFP etc. during the year.

(2) Benefits derived as a result of the above R & D:
The processes developed in the R&D was scaled up to commercial plant and several Tonne quantities of ETFEE, EDFA and EDFAA were dispatched to prospective customers for validation of our product. Our products have been approved by the parties and we expect to get continuing orders from forthcoming financial year from these parties.

(3) Future Plan of Action:
The Company has identified Fluorospecialty business as a key driver for Company's growth. Consequently, plans are underway to augment the R&D capability in the coming months.

Product pipeline comprising of about 24 molecules has been identified for Process development in the R&D. Many of these molecules have been taken up for development in view of interest evinced by Multinational Innovator Companies, with a commitment for long term purchase of these molecules in commercial scale quantities.

Dahej Unit

Research and Development

(1) Specific areas in which R&D carried out:

1. Development of dispersion PTFE grade for cost effective thin tubing application and thin wire application.
2. Development of direct polymerized low molecular weight PTFE for plastic and coating additive application.
3. Development of high molecular weight dispersion PTFE grade for yarn and membrane application.
4. Development of peroxide cure terpolymer based grades of fluoroelastomer FKM for high temperature and high chemical resistance application.
5. Development of aqueous PTFE grades with Bi-modal particle distribution of high demanding coating and impregnation application.
6. Development of melt processable perfluoroalkoxy alkane polymer (PFA) dispersion grade for coating and impregnation application.

(2) Benefits derived as a result of the above R&D

1. Product approval and business development at various global OEMs like chemical, coating and automotive industries to cater their requirement.
2. Business development in new application area.
3. Customer satisfaction through better product and services as a part of the Company's policy to grow along with the company's valued customers.
4. Enhancement of product portfolio to offer basket of products to customers.

(3) Future plan of action:

1. Development Fluorinated ethylene propylene (FEP) dispersion for coating application.
2. Development of PFA moulding grades for lining and cable insulation application.
3. Development of Polyvinylidene fluoride polymer for cable & wire insulation and chemical resistance coating application.

(C) FOREIGN EXCHANGE EARNINGS AND OUTGO

Foreign Exchange used -	₹32014.27 lakh
Foreign Exchange earned -	₹49101.94 lakh

ANNEXURE F

Information pursuant to Section 197 of the Companies Act, 2013 read with Rule 5 (1) of The Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014

Notes

*For this purpose sitting fees paid to Directors have not been considered as Remuneration.

** No sitting fees paid.

- ii. The Percentage of increase in the median remuneration of employees in the Financial Year: Percentage of increase in the median remuneration of employees is 7%
- iii. The Number of Permanent Employees on the rolls of the Company: The number of permanent Employees on the rolls of the Company as on 31st March, 2016 was 1496.
- iv. Average percentile increase already made in the salaries of employees other than the managerial personnel in the last Financial Year: Average percentile of increase in salaries of employees is 9%
- v. Affirmation that the remuneration is as per the Remuneration Policy of the Company: It is confirmed that the remuneration is as per the Remuneration Policy of the Company.

Note: In terms of Section 136 of the Companies Act, 2013, the Report and Accounts are being sent to the Members of the Company excluding information on employees' particulars as required under Rule 5 (2) and (3) of The Companies Appointment of Managerial Personnel and Remuneration Rules, 2014, as amended, which is available for inspection by the Members at the Registered Office of the Company during the business hours on working days of the Company up to the date of the ensuing Annual General Meeting. If any Member is interested in obtaining such information may write to the Company Secretary at the Registered Office of the Company.

INDEPENDENT AUDITOR'S REPORT

To the Members of Gujarat Fluorochemicals Limited

Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of **Gujarat Fluorochemicals Limited** ("the Company"), which comprise the Standalone Balance Sheet as at 31st March, 2016, the Standalone Statement of Profit and Loss and the Standalone Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2016 and its profit and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure I a statement on the matters specified in paragraph 3 and 4 of the said Order.
2. As required by Section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- (c) The Standalone Balance Sheet, the Standalone Statement of Profit and Loss, and the Standalone Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- (e) On the basis of the written representations received from the directors as on 31st March, 2016 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2016 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in Annexure II.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – see note no.36 to the standalone financial statements;
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses on long-term contracts including derivative contracts; and
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

Annexure II to Independent Auditor's Report

to the members of Gujarat Fluorochemicals Limited on the standalone financial statements for the year ended 31st March, 2016 – referred to in paragraph 2(f) under the heading “Report on Other Legal and Regulatory Requirements” of our report of even date.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls with reference to financial statements over financial reporting of **Gujarat Fluorochemicals Limited** (“the Company”) as of 31st March, 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (“the Act”).

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial control system with reference to financial statements system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by ICAI.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31ST MARCH, 2016

1. CORPORATE INFORMATION

Gujarat Fluorochemicals Limited (the "Company") is a public limited company engaged in the business of manufacturing and trading of Refrigeration Gases, Anhydrous Hydrochloric Acid, Caustic Soda, Chlorine, Chloromethanes, Poly Tetrafluoroethylene (PTFE) and Post Treated Poly Tetrafluoroethylene (PTPTFE). The Company caters to both domestic and international markets. The shares of the Company are listed on Bombay Stock Exchange and National Stock Exchange of India. The Company is a subsidiary of Inox Leasing and Finance Limited.

2. BASIS OF PREPARATION

These financial statements have been prepared in accordance with the generally accepted accounting principles in India, under the historical cost convention and on accrual basis. These financial statements comply in all material respects with the applicable Accounting Standards specified under Section 133 of the Companies Act 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014.

Figures of the previous year have been regrouped or reclassified, wherever necessary, to confirm with the classification for the current year.

3. SIGNIFICANT ACCOUNTING POLICIES

a) Fixed assets:

Freehold land is carried at cost. Leasehold land is carried at cost, comprising of lease premium and expenses on acquisition thereof, as reduced by accumulated amortization. Other fixed assets are carried at cost less accumulated depreciation/amortization. Cost comprises of purchase price / cost of construction, including non-refundable taxes and levies, and any expenses attributable to bring the asset to its working condition for its intended use. Borrowing costs directly attributable to acquisition or construction of qualifying fixed assets are capitalised. In respect of accounting periods commencing on or after 1st April, 2011, consequent to the insertion of Para 46A of Accounting Standard (AS) 11: 'The Effects of Changes in Foreign Exchange Rates', the cost of depreciable capital assets includes foreign exchange differences arising on translation of long term foreign currency monetary items.

b) Depreciation & amortization:

- i) On tangible fixed assets: Cost of leasehold land is amortised over the period of the lease. Depreciation on other fixed assets, excluding freehold land, is provided on straight line method at the rates determined as per the useful lives prescribed in Schedule II to the Companies Act, 2013.
- ii) On intangible fixed assets: Cost of technical know-how is amortized equally over a period of ten years. Cost of product development is amortised equally over a period of five years. Cost of software is amortized equally over a period of three years.

c) Impairment of assets:

Consideration is given at each Balance Sheet date to determine whether there is any indication of impairment of the carrying amount of the Company's assets and impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount.

d) Investments:

Long term investments are carried at cost. Provision for diminution is made to recognise a decline, other than temporary, in the values of these investments. Current investments are carried at lower of cost and fair value.

e) Inventories:

Inventories are valued at lower of cost and net realisable value. Cost is determined using Weighted Average Method and is inclusive of appropriate overheads. Closing stock of finished goods and imported materials include excise duty and customs duty payable thereon, wherever applicable. Obsolete, defective and unserviceable stocks are duly provided for.

f) Revenue recognition:

The Company recognises sales when the significant risks and rewards of ownership of the goods have passed to the customers, which is generally at the point of dispatch of goods. Gross sales include excise duty but are exclusive of sales tax. Income from sale

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31ST MARCH, 2016

of Renewable Energy Certificate (REC) is recognised on delivery thereof or sale of rights therein, as the case may be, in terms of the contract with the respective buyer. Interest income is recognised on a time proportion basis, except in cases where interest is doubtful of recovery. Dividend income is recognised when the unconditional right to receive the dividend is established. Insurance claims are recognised to the extent there is reasonable certainty of the realisability of the claim amount.

g) Government grants:

Government grants are recognised when the Company has complied with the conditions attached to them and there is reasonable assurance that the grants will be received. The grants in the nature of promoters' contribution are credited to capital reserve. In respect of grants related to revenue, the relevant expenditure is net of such grants.

h) Employee benefits:

Short-term employee benefits are recognized as an expense at the undiscounted amount in the Statement of Profit and Loss in the year in which the related service is rendered. Company's contributions towards provident and pension funds viz. Defined Contribution Plan paid/payable during the year are charged to the Statement of Profit and Loss. Defined Benefit Plans in the form of gratuity and leave benefits are recognized as an expense in the Statement of Profit and Loss at the present value of the amounts payable determined on the basis of actuarial valuation techniques, using the projected unit credit method. Actuarial gains and losses are recognized in the Statement of Profit and Loss.

i) Borrowing costs:

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised as part of cost of such asset. Other borrowing costs are recognised as expenses in the Statement of Profit and Loss.

j) Taxes on income:

Income tax expense comprises of current tax & deferred tax charge. Deferred tax is recognised on timing differences, subject to consideration of prudence, being the differences between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. The deferred tax in respect of timing differences which reverse during the tax holiday period is not recognised to the extent the Company's gross total income is subject to the deduction during the tax holiday period. Minimum Alternate Tax (MAT) paid on the book profits, which gives rise to future economic benefits in the form of tax credit against future income-tax liability, is recognized as an asset in the Balance Sheet if there is convincing evidence that the Company will pay normal tax within the period prescribed for utilization of such credit.

k) Foreign currency transactions and forward contracts:

- (i) Transactions in foreign currency are recorded in rupees by applying the exchange rate at the date of the transaction. At the Balance Sheet date, monetary assets and liabilities in foreign currency are restated by applying the closing rate. Gains or losses on settlement of the transactions and restatement of monetary assets and liabilities are recognised in the Statement of Profit and Loss, except as mentioned in para (ii) below. In respect of forward exchange contracts entered, the difference between the forward rate and the exchange rate at the date of the transaction is recognised as income or expense over the life of such contract. Currency and interest rate swaps are accounted in accordance with the respective contracts.
- (ii) The Central Government has vide its Notification no. G.S.R. 914(E) dated 29th December, 2011, amended Accounting Standard (AS) 11: The Effects of Changes in Foreign Exchange Rates, to the extent it relates to the recognition of losses or gains arising on restatement of long-term foreign currency monetary items in respect of accounting periods commencing on or after 1st April, 2011.

As stipulated in the Notification, the Company has exercised the option to adopt the following policy irrevocably for accounting periods commencing from 1st April, 2011:

Long term foreign currency monetary items are translated at the exchange rate prevailing on the balance sheet date and the net exchange gain / loss on such conversion and on settlement of the liability, is adjusted to the cost of the asset, where the long-term foreign currency monetary items relate to the acquisition of a depreciable capital asset (whether purchased within or outside India), and depreciated over the balance life of the assets.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2016

l) **Accounting for hedges and derivatives:**

The Company uses various forms of derivative instruments such as options and interest rate swaps to hedge its exposure on account of movements in foreign exchange and interest rates. The Company does not use derivative financial instruments for speculative purposes. The derivatives are entered only where the counterparty is a bank.

In terms of the Notification by the Institute of Chartered Accountants of India on status of Accounting Standard (AS) 30: Financial Instruments: Recognitions and Measurement, the Company has adopted the rules for hedge accounting specified in Accounting Standard (AS) 30. Accordingly, derivatives such as option contracts and interest rate swaps to hedge highly probable forecasted transactions which are outside the scope of Accounting Standard (AS) 11: The Effects of Changes in Foreign Exchange Rates are designated as a hedging instrument in a permitted hedging relationship if the conditions for hedge accounting are met including high hedge effectiveness at the inception and throughout the period of the hedge.

Derivatives covered by AS 11, or those that do not qualify for hedge accounting, or those not designated as an effective hedge in a permitted hedging relationship continue to be accounted for using the principle of prudence under Accounting Standard (AS) 1: "Disclosure of Accounting Policies", and the mark-to-market losses, if any, are recognized fully in the Statement of Profit and Loss at each reporting date, and mark-to-market gains, if any, are ignored.

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognized in 'Hedging Reserve Account'. The gain or loss relating to the ineffective portion is recognized immediately in Statement of Profit and Loss. Amounts previously recognized in 'Hedging Reserve Account' are reclassified to the Statement of Profit and Loss in the same periods when the hedged item affects Profit and Loss. When a forecast transaction is no longer expected to occur, the cumulative gain or loss that had been deferred in equity will be recognised immediately in the Statement of Profit and Loss.

Changes in the fair value of derivatives that are designated and qualify as fair value hedges are recorded in the Statement of Profit and Loss. The hedged item is recorded at fair value and any gain or loss is recorded in the Statement of Profit and Loss and is offset by the gain or loss from the change in the fair value of the derivative.

Hedge accounting is discontinued on a prospective basis when the hedge no longer meets the hedge accounting criteria, when the hedging instrument expires or is sold, terminated, or exercised, or it no longer qualifies for hedge accounting, or when the hedging relationship is revoked.

m) **Leases:**

- i) Assets taken on operating lease
Lease rentals in respect of assets acquired on operating lease are charged to the Statement of Profit and Loss as per the terms of the respective lease agreements.
- ii) Assets given on operating lease
Assets given under operating lease are capitalised and included in the fixed assets. Lease income arising there from is recognised as income in the Statement of Profit and Loss as per the terms of the respective lease agreements.

n) **Provisions and contingent liabilities:**

A provision is recognized when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation and in respect of which a reliable estimate can be made. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is possible obligation or a present obligation in respect of which the likelihood of outflow of resource is remote, no provision or disclosure is made.

o) **Use of estimates:**

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgements, estimates and assumptions that affect the reported balances of assets and liabilities and disclosure of contingent liabilities, at the end of the accounting year and reported amounts of revenue and expenses during the year. Although these estimates are based on

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31ST MARCH, 2016 (Contd.)

the management's knowledge of current events and actions, uncertainty about these assumptions and estimates could result in outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 ("the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group including its associate and jointly controlled entities in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. The respective Board of Directors of the companies included in the Group and of its associate and jointly controlled entities are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group its associate and jointly controlled entities and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit.

While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in 'Other Matters' paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on these consolidated financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Group its associate and jointly controlled entities as at 31st March, 2016, its consolidated profit and its consolidated cash flows for the year ended on that date.

Other Matters

We did not audit the financial statements of two subsidiaries and two jointly controlled companies whose financial statements reflect total assets of ₹ 184252.10 Lakh as at 31st March, 2016, total revenues of ₹ 21907.17 Lakh and net cash outflows amounting to ₹ 1012.55 Lakh for the year ended on that date, as considered in the consolidated financial statements. The Consolidated financial statements also include the Group's share of net profit of ₹ 0.41 Lakh for the year ended 31st March, 2016, as considered in the consolidated financial

statements, in respect of one associate, whose financial statements have not been audited by us. These financial statements have been audited by other auditor whose report has been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, jointly controlled companies and an associate, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, jointly controlled companies and an associate is based solely on the reports of the other auditor. Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditor.

Report on Other Legal and Regulatory Requirements

As required by Section 143 (3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- (b) In our opinion, proper books of account as required by law relating to preparation of the consolidated financial statements have been kept so far as it appears from our examination of those books.
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- (e) On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2016 taken on record by the Board of Directors of the Holding Company and on the basis of reports of the statutory auditors of its subsidiaries, associate and jointly controlled entities which are incorporated in India, none of the directors of the Group, its associate company and jointly controlled entities incorporated in India are disqualified as on 31st March, 2016 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Group, its associate company and jointly controlled entities incorporated in India and the operating effectiveness of such controls, refer to our separate report in Annexure.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statement of subsidiary companies an associate and jointly controlled entities, as noted in the 'Other matters' paragraph:
 - i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group its associate and jointly controlled entities – see note no. 42 to the consolidated financial statements;
 - ii. The Group its associate and jointly controlled entities has made provision, as required under the applicable law or accounting standards, for material foreseeable losses on long-term contracts including derivative contracts; and
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company. Annexure to Independent Auditor's Report

**to the members of Gujarat Fluorochemicals Limited on the consolidated financial statements for the year ended 31st March, 2016
– referred to in paragraph (f) under the heading “Report on Other Legal and Regulatory Requirements” of our report of even date.**

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the consolidated financial statements of **Gujarat Fluorochemicals Limited** (hereinafter referred to as “the Holding Company”) as of and for the year ended 31st March, 2016, we have audited the internal financial controls over financial reporting of the Holding Company and its subsidiary companies, its associate and jointly controlled entities which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company, its subsidiary companies, its associate company and jointly controlled entities which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (the “Act”).

Auditor's Responsibility

Our responsibility is to express an opinion on the Holding Company's, its subsidiary companies, its associate company and jointly controlled entities which are companies incorporated in India, internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company, its subsidiary companies, its associate company and jointly controlled entities which are companies incorporated in India, internal financial controls with reference to financial statements system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company, its subsidiary companies, its associate company and jointly controlled entities which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2016, based on the internal control over financial reporting criteria established by the Holding Company, its subsidiary companies, its associate company and jointly controlled entities, considering the essential components of internal control stated in the Guidance Note issued by ICAI.

Other matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to two subsidiary companies, one associate of a subsidiary and one jointly controlled entity, which are company incorporated in India, is based on the corresponding report of the auditor of such company.

2. BASIS OF PREPARATION AND PRINCIPLES OF CONSOLIDATION :

The CFS are prepared in accordance with Accounting Standard (AS) 21 'Consolidated Financial Statements', Accounting Standard (AS) 23 'Accounting for Investment in Associates in Consolidated Financial Statements' and Accounting Standard (AS) 27 'Financial Reporting of Interest in Joint Ventures' specified under Section 133 of the Companies Act, 2013, read with Rule 7 of Companies (Accounts) Rules, 2014.

Figures of the previous year have been regrouped or reclassified, wherever necessary, to conform to the classification for the current year.

The CFS are prepared on the following basis.

- The financial statements of the Company and its subsidiaries have been combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses. Inter-company balances, inter-company transactions and unrealised profits are fully eliminated. Unrealised losses resulting from inter-company transactions are eliminated unless cost cannot be recovered.
- Interest in joint ventures is reported using proportionate consolidation method.
- The share of profit/loss of associate company is accounted under the 'equity method' as per which the share of profit/loss of the associate company is adjusted to the cost of investment.
- Financial statements of foreign subsidiaries have been translated into Indian Rupees in accordance with the methodology prescribed for conversion of financial statements of a non-integral operation in the Accounting Standard (AS) 11 'Effects of Changes in Foreign Exchange Rates'.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31ST MARCH, 2016

- v. Goodwill on consolidation represents excess of the cost to the parent of its investment in a subsidiary over the parent's portion of equity of the subsidiary, at the date on which investment in the subsidiary is made, and is recognized as an asset in the consolidated financial statements. The Goodwill on consolidation is evaluated for impairment whenever there is any indication that its carrying amount may have been impaired. When the cost to the parent of its investment in a subsidiary is less than that the parent's portion of equity of the subsidiary, the difference is treated as capital reserve in the consolidated financial statements.
- vi. The CFS are prepared using uniform accounting policies for the like transactions and other events in similar circumstances, except where it is not practicable to do so. The CFS are presented, to the extent possible, in the same manner as the parent company's separate financial statements.
- vii. The Minority interest in the net assets of consolidated subsidiaries consist of the amount of equity attributable to minority at the date on which investment in subsidiary is made and the minority's share of movement in equity since the date the parent subsidiary relationship comes into existence. The losses applicable to the minority, to the extent they exceed the minority interest in the equity of the subsidiary, are adjusted against the majority interest, until the minority's share of losses so absorbed by the majority has been recovered.

3. SIGNIFICANT ACCOUNTING POLICIES

a) Revenue recognition

Chemicals business: Revenue from sale is when the significant risks and rewards of ownership of the goods have passed to the customers, which is generally at the point of dispatch of goods. Gross sales include excise duty but are exclusive of sales tax. Income from sale of Renewable Energy Certificate (REC) is recognised on delivery thereof or sale of rights therein, as the case may be, in terms of the contract with the respective buyer.

Power business: Revenue from generation and sale of electricity is recognised on the basis of actual power sold (net of reactive energy consumed) in accordance with the terms of the power purchase agreements entered with the respective customers and when no significant uncertainty exists regarding the amount of consideration that will be derived.

Wind Business: Revenue from sale of products is recognized when the significant risks and rewards of ownership of goods have passed on to the customers in terms of the respective contracts for supply. Sales are net of sales return/cancellation and discounts. Revenue from Erection, Procurement and Commissioning contracts is recognized on completion of services, in terms of the contract. Revenue from Operations & Maintenance and Common Infrastructure Facilities services contracts is recognized pro-rata over the period of the contract, as per the terms of the contract. In respect of project development charges, the revenue from development of Wind Farm is recognized when the wind farm sites are transferred to the customers in terms of the respective contracts. Income on sale of electricity generated is recognized on the basis of actual units generated and transmitted to the purchaser. Revenue is net of taxes.

Theatrical Exhibition business: Revenue from Box Office is recognized as and when the movie is exhibited. Revenue from Sale of Food & Beverages is accounted at the point of sale. These revenues are net of refunds and complimentary. Conducting fees are in respect of charges received from parties to conduct business from the Company's multiplexes and the revenue is recognized as per the contractual arrangements. Advertisement income is recognized on exhibition of the advertisement or over the period of contract, as applicable.

Other income: Interest on deposits, loans and interest bearing securities is recognised on a time proportion basis, except in cases where interest is doubtful of recovery. b) Fixed assets and Intangible assets

Fixed assets and intangible assets, other than revalued assets, are stated at historical cost, less accumulated depreciation/amortisation and impairment, except freehold land which is carried at cost. Intangible assets are recorded at the cost of acquisition of such assets and are carried at cost less accumulated amortization. Revalued assets are stated at revalued amounts less accumulated depreciation. The cost of leasehold land comprises of lease premium and expenses on acquisition thereof as reduced by accumulated

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31ST MARCH, 2016

depreciation. Cost comprises of purchase price / cost of construction, including non-refundable taxes and levies, and any expenses attributable to bring the assets to its working condition for its intended use. Project pre-operative expenses and expenditure incurred during construction period of multiplexes are capitalized to various eligible assets in respective multiplexes. Borrowing costs directly attributable to acquisition or construction of qualifying fixed assets are capitalised. In respect of accounting period commencing on or after 1st April 2011, consequent to the insertion of para 46 of AS 11, 'The Effects of Changes in Foreign Exchange Rates', the cost of depreciable capital assets includes foreign exchange differences arising on translation of long term foreign currency monetary items.

c) Depreciation and amortization

- i) On tangible fixed assets: Cost of leasehold land is amortised over the period of the lease. Depreciation on other fixed assets, excluding freehold land, is provided on straight line method at the rates and in the manner specified in Schedule II of the Companies Act, 2013. Depreciation on leasehold improvements, electrical installations & air conditioners in leased premises, is provided over the period of useful life on the basis of the respective agreements or the useful life as per Schedule II part C of the Companies Act, 2013, whichever is shorter.
- ii) On intangible fixed assets: Cost of technical know-how is amortized equally over a period of ten years. Cost of product development is amortised equally over a period of five years. Cost of software is amortized over a period of three years in case of operating software and six years in case of other software. Cost of goodwill and movie script acquired and cost of web-site developed is amortized over a period of five years.

In respect of foreign subsidiaries:

Depreciation on all fixed assets (except land) is provided under Straight Line Method. The useful lives prescribed in Schedule II of the Companies Act, 2013 are considered as the minimum lives. If the management's estimate of the useful life of a fixed asset at the time of acquisition of the asset or of the remaining useful life on a subsequent review is shorter than that envisaged in the aforesaid schedule, depreciation is provided at a higher rate based on the management's estimate of the useful life/remaining useful life. The value of mining exploitation permit/licence is amortised over the period of the permit/licence on a straight line basis.

d) Impairment of assets

Consideration is given at each Balance Sheet date to determine whether there is any indication of impairment of the carrying amount of the Company's assets and impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount.

e) Investments

- i) In Securities
Long term investments are carried at cost. Provision for diminution is made to recognise the decline, other than temporary, in the values of these investments. Current investments are carried at lower of cost and fair value.
- ii) In Investment Property
Leasehold Land is carried at cost, comprising of lease premium and expenses on acquisition thereof, as reduced by accumulated amortization. Building is carried at cost of acquisition, less accumulated depreciation. Cost of leasehold land is amortized over the period of lease. Depreciation on building is provided on straight line method at the rates and in the manner specified in Schedule II to the Companies Act, 2013.

f) Inventories

Inventories and project development work-in-progress are valued at lower of cost and net realisable value. Cost is determined using Weighted Average Method, except for multiplex inventories where cost is determined using FIFO method, and is inclusive of appropriate overheads. Closing stock of finished goods and imported materials include excise duty and customs duty payable thereon, wherever applicable. Obsolete, defective and unserviceable stocks are duly provided for.

g) Employee benefits

Short-term employee benefits are recognized as an expense at the undiscounted amount in the Statement of Profit and Loss in the year in which the related service is rendered. Group's contributions towards Defined Contribution Plans viz. Government

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31ST MARCH, 2016

administered provident and pension schemes, paid / payable during the year are charged to the Statement of Profit and Loss. Defined Benefits Plans in the form of Gratuity and Leave Benefits are recognized as an expense in the Statement of Profit and Loss at the present value of the amounts payable, determined on the basis of actuarial valuation techniques, using the projected unit credit method. Actuarial gains and losses are recognized in the Statement of Profit and Loss.

h) Borrowing costs

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised as part of cost of such asset. Other borrowing costs are recognised as expenses in the Statement of Profit and Loss.

i) Taxes on income

Income tax expense comprises of current tax & deferred tax charge. Deferred tax is recognised on timing differences, subject to consideration of prudence, being the differences between taxable income and accounting income that originates in one period and are capable of reversal in one or more subsequent periods. The deferred tax in respect of timing differences which reverse during the tax holiday period is not recognised to the extent the gross total income is subject to the deduction during the tax holiday period. Deferred tax in respect of losses is recognized as an asset if there is virtual certainty that sufficient future taxable income will be available against which such deferred tax asset can be realized. Minimum Alternate Tax (MAT) paid on the book profits, which gives rise to future economic benefits in the form of tax credit against future income-tax liability, is recognized as an asset in the Balance Sheet if there is convincing evidence that normal tax will be payable within the period prescribed for utilization of such credit.

j) Foreign currency transactions and forward contracts

(i) Transactions in foreign currency are recorded in rupees by applying the exchange rate at the date of the transaction. At the Balance Sheet date, monetary assets and liabilities in foreign currency are restated by applying the closing rate. Gains or losses on settlement of the transactions and restatement of monetary assets and liabilities are recognised in the Statement of Profit and Loss, except as mentioned in para (ii) below. In respect of forward exchange contracts entered, the difference between the forward rate and the exchange rate at the date of the transaction is recognised as income or expense over the life of such contract. Currency and interest rate swaps are accounted in accordance with the respective contracts. All other derivatives, which are not covered by AS 11 'The Effects of Changes in Foreign Exchange Rates', are measured using the mark-to-market principles and the net loss after considering the offsetting effect on the underlying hedge items is charged to the Statement of Profit and Loss. Net gains on the mark-to-market basis are not recognised.

(ii) The Central Government has, vide its Notification no. G.S.R. 914(E) dated 29th December, 2011, amended AS 11, to the extent it relates to the recognition of losses or gains arising on restatement of long-term foreign currency monetary items in respect of accounting periods commencing on or after 1st April, 2011. As stipulated in the Notification, the Group has exercised the option to adopt the following policy irrevocably for accounting periods commencing from 1st April, 2011:

Long term foreign currency monetary items are translated at the exchange rate prevailing on the balance sheet date and the net exchange gain / loss on such conversion and on settlement of the liability, is adjusted to the cost of the asset, where the long-term foreign currency monetary items relate to the acquisition of a depreciable capital asset (whether purchased within or outside India), and depreciated over the balance life of the assets.

k) Accounting for hedges and derivatives

The Group uses various forms of derivative instruments such as options and interest rate swaps to hedge its exposure on account of movements in foreign exchange and interest rates. The Group does not use derivative financial instruments for speculative purposes. The derivatives are entered only where the counterparty is a bank.

In terms of the Notification by the Institute of Chartered Accountants of India on status of Accounting Standard (AS) 30 'Financial Instruments: Recognitions and Measurement', the Group has adopted the rules for hedge accounting specified in Accounting Standard (AS) 30. Accordingly, derivatives such as option contracts and interest rate swaps to hedge highly probable forecasted transactions which are outside the scope of Accounting Standard (AS) 11 'The Effects of Changes in Foreign Exchange Rates' are designated as a hedging instrument in a permitted hedging relationship if the conditions for hedge accounting are met including high hedge effectiveness at the inception and throughout the period of the hedge.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31ST MARCH, 2016

Derivatives covered by AS 11, or those that do not qualify for hedge accounting, or those not designated as an effective hedge in a permitted hedging relationship continue to be accounted for using the principle of prudence under Accounting Standard (AS) 1 'Disclosure of Accounting Policies', and the mark-to-market losses if any are recognized fully in the Statement of Profit and Loss at each reporting date, and the mark-to-market gains, if any, are ignored.

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognized in 'Hedging Reserve Account'. The gain or loss relating to the ineffective portion is recognized immediately in Statement of Profit and Loss. Amounts previously recognized in 'Hedging Reserve Account' are reclassified to Statement of Profit and Loss in the same periods when the hedged item affects profit and loss. When a forecast transaction is no longer expected to occur, the cumulative gain or loss that had been deferred in equity will be recognised immediately in the Statement of Profit and Loss.

Changes in the fair value of derivatives that are designated and qualify as fair value hedges are recorded in the Statement of Profit and Loss. The hedged item is recorded at fair value and any gain or loss is recorded in the Statement of Profit and Loss and is offset by the gain or loss from the change in the fair value of the derivative.

Hedge accounting is discontinued on a prospective basis when the hedge no longer meets the hedge accounting criteria, when the hedging instrument expires or is sold, terminated, or exercised, or it no longer qualifies for hedge accounting, or when the hedging relationship is revoked.

l) Leases:

- i) Assets taken on operating lease:
Lease rentals in respect of assets acquired on operating lease are charged to the Statement of Profit and Loss as per the terms of the respective lease agreements.
- ii) Assets given on operating lease:
Assets given under operating lease are capitalised and included in the fixed assets. Lease income arising there from is recognised as income in the Statement of Profit and Loss as per the terms of the respective lease agreements.

m) Government grants

Government grants are recognised when the Company has complied with the conditions attached to them and there is reasonable assurance that the grants will be received. The grants in the nature of promoters' contribution are credited to capital reserve. In respect of grants related to revenue, the relevant expenditure is net of such grants.

n) Preliminary expenses

Expenditure on survey and investigation of the mines are charged to the Statement of Profit and Loss in the year in which they are incurred.

o) Treasury shares

Pursuant to the Scheme of Amalgamation of Fame India Ltd. ('Fame') and its subsidiaries with Inox Leisure Limited ('ILL') (see note no. 39), equity shares of ILL have been issued to Inox Benefit Trust ('the Trust') against the equity shares of Fame held by ILL. These shares are recognised as Interest in Inox Benefit Trust at the amount of consideration paid by ILL to acquire the shares of erstwhile Fame. These shares of ILL held by Inox Benefit Trust are akin to Treasury Shares and are presented as a deduction from Shareholders' Funds. Difference between the cost and the amount received at the time of sale of shares by the Trust, is recorded separately as 'Reserve on Sale of Treasury Shares' under 'Reserves and Surplus'.

p) Provisions and contingent liabilities

A provision is recognized when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation and in respect of which a reliable estimate can be made. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is possible obligation or a present obligation in respect of which the likelihood of outflow of resource is remote, no provision or disclosure is made.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31ST MARCH, 2016

q) Use of estimates

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgements, estimates and assumptions that affect the reported balances of assets and liabilities and disclosure of contingent liabilities, at the end of the accounting year and reported amounts of revenue and expenses during the year. Although these estimates are based on the management's knowledge of current events and actions, uncertainty about these assumptions and estimates could result in outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

33. INITIAL PUBLIC OFFER BY SUBSIDIARY COMPANY

In the previous year, Inox Wind Limited ("IWL"), a subsidiary of the Company, had made an Initial Public Offer (IPO) for 3,19,18,226 equity shares of ₹ 10 each, comprising of 2,19,18,226 fresh issue of equity shares by IWL and 1,00,00,000 equity shares offered for sale by the Company. The equity shares were issued at a price of ₹ 325 per share (including premium of ₹ 315 per share) subject to discount of ₹ 15 per share to the eligible employees of IWL and retail investors. The total proceeds from the IPO were ₹ 1,02,053.45 Lakh. The total expenses in connection with the IPO were shared between IWL and Company. After considering consolidation effect: (a) the gain of ₹ 26859.08 Lakh on sale of these shares by GFL, net of expenses, was included in Exceptional items and (b) IWL's share in the IPO expenses was adjusted against the securities premium account. Fresh shares were allotted by IWL on 30th March, 2015 and the shares of IWL were listed on stock exchanges on 9th April, 2015.

34. The management has reviewed the goodwill on consolidation in respect of Marut Shakti Energy India Limited ("MSEIL"), which is engaged in development of wind farms in Madhya Pradesh. After considering the position of losses of MSEIL and balance wind farm sites available for sale, in the opinion of management, there is impairment of goodwill and hence the entire goodwill on consolidation of ₹ 164.62 Lakh in respect of MSEIL is written off during the year.

35. CHANGE IN THE ESTIMATE OF USEFUL LIFE OF FIXED ASSETS

During the previous year, the Group has adopted the useful lives of various fixed assets as specified in Schedule II of the Companies Act, 2013, with effect from 1st April, 2014, as against the useful lives adopted earlier as specified in Schedule XIV to the Companies Act, 1956. The carrying amount of fixed assets, where the remaining useful life as at 1st April, 2014 as per Schedule II was Nil, aggregating to ₹ 567.54 Lakh (net of deferred tax credit and effect of minority interest), was recognized in the opening balance of retained earnings.

36. SECURITIES AND TERMS OF LOANS TAKEN:

In respect of loans taken by Gujarat Fluorochemicals Limited (GFL):

(a) Secured Loans:

Foreign currency term loan in form of ECB of ₹ Nil (previous year ₹ 19574.81 Lakh) from Axis Bank Limited was secured by way of first charge on all movable and immovable assets of 36 MW Wind Power Project at Mahidad, Gujarat, and exclusive charge on movable fixed asset of DPTFE plant located at Plot No.12-A, GIDC Estate, Village - Dahej, Taluka - Vagra, District -Bharuch, Gujarat. 38. ACQUISITION OF SATYAM CINEPLEXES LIMITED AND ITS AMALGAMATION WITH INOX LEISURE LIMITED.

- a) During the previous year, Inox Leisure Limited ("ILL") had acquired 100% of the equity shares in Satyam Cineplexes Limited ("SCL") and consequently SCL had become a wholly owned subsidiary of the ILL with effect from 8th August, 2014. During the current year, pursuant to the Scheme of Amalgamation ("the Scheme") under Section 391 to 394 of the Companies Act 1956, sanctioned by the Hon'ble High Court of Delhi vide order dated 10th February, 2016, SCL has been amalgamated with ILL with effect from 8th August, 2014 ("the Appointed Date"). The Scheme has become effective on 23rd March, 2016 viz. the date on which the certified copy of the order of the Delhi High Court sanctioning the Scheme is filed with the Registrar of Companies, Gujarat and Registrar of Companies, Delhi. The Scheme has accordingly been given effect to in the accounts. Accordingly, all the movable and immovable properties including plant and machinery, equipments, furniture, fixtures, vehicles, stocks and inventory, leasehold assets and other properties, etc. and all the debts, liabilities, duties and obligations including contingent liabilities of SCL are vested in ILL retrospectively with effect from 8th August, 2014. Since SCL was a wholly owned subsidiary of ILL, no shares were issued on its amalgamation with ILL.
- b) Nature of business of the amalgamating company: SCL was engaged in the business of operating multiplex cinema theatres in India.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31ST MARCH, 2016

- c) The amalgamation is accounted for under the "Pooling of Interest" method as prescribed in Accounting Standard (AS) 14 'Accounting for Amalgamation', as notified under Section 133 of the Companies Act, 2013. Accordingly, the assets, liabilities and reserves of SCL as at 8th August, 2014 have been recorded at their existing carrying amounts and in the same form as at the date of amalgamation. The amount of share capital of SCL and investment held by ILL in SCL is adjusted against each other and as per the Scheme, the difference has been adjusted against the Amalgamation Reserve, Reserve on sale of Treasury Shares and General Reserve.

The effect of the Scheme as given in the accounts, in accordance with the Scheme, is summarized as under:

Particulars	₹ in Lakh

39. TREASURY SHARES IN CASE OF INOX LEISURE LIMITED (ILL)

Pursuant to the Composite Scheme of Amalgamation ("Scheme") of ILL's subsidiary Fame India Limited ("Fame") and subsidiaries of Fame with ILL, which was operative from 1st April, 2012, ILL had allotted 3,45,62,206 equity shares to the shareholders of the transferor companies on 10th July, 2013, including 2,44,31,570 equity shares to Inox Benefit Trust ("Trust") towards shares held by ILL in Fame. These shares ("Treasury Shares") are held by the Trust exclusively for the benefit of ILL. In terms of Accounting Standard (AS) 31 'Financial Instruments' (which is not yet mandatory), internationally generally accepted accounting practices and for more appropriate presentation of the financial statements, ILL's interest in the Trust (at cost), being akin to Treasury Shares, in accordance with their substance and economic reality, is deducted from Shareholders' Fund. Any profit or loss arising from sale of Treasury Shares by the Trust is being recorded separately as 'Reserve on sale of Treasury Shares' under Reserves and Surplus, being transactions relating to the capital of ILL. Accordingly during the previous year, the profit of ₹ 15331.27 Lakh, after excluding minority share, on sale of 1,55,81,478 Treasury Shares was directly recognised in 'Reserve on sale of Treasury Shares' under Reserves and Surplus.

40. EMPLOYEES' STOCK OPTION PLAN BY INOX LEISURE LIMITED (ILL):

During the year ended 31st March, 2006, the ILL had issued 5,00,000 equity shares of ₹ 10 each at a premium of ₹ 5 per share to Inox Leisure Limited – Employees' Welfare Trust ("ESOP Trust") to be transferred to the employees of the ILL under the scheme of ESOP framed by ILL in this regard. The Company has provided finance of ₹ 75.00 Lakh to the ESOP Trust for subscription of these shares at the beginning of the plan. As per the Guidance Note on Accounting for Employee Share-based Payments issued by the Institute of Chartered Accountants of India, shares allotted to the ESOP Trust but not transferred to employees is required to be reduced from Share Capital and Reserves. Out of the 5,00,000 equity shares allotted to the Trust, 2,04,999 shares have been transferred to employees. There are no outstanding stock options as at 31st March, 2016.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31ST MARCH, 2016

The compensation costs of stock options granted to employees under the Employees' Stock Option Plan were accounted by the ILL using the intrinsic value method. In accordance with the Guidance Note on Accounting for Employee Share-based Payments issued by the Institute of Chartered Accountants of India, the accounting value of options was amortized over the vesting period. Consequently, 'Employee benefits expense' in Note no. 29 includes ₹ Nil (previous year ₹ 1.36 Lakh) being the amortization of employee compensation. Had ILL adopted fair value method in respect of options granted, the employee compensation cost in the previous year would have been higher by ₹ 0.97 Lakh, profit before tax lower by ₹ 0.97 Lakh and the basic and diluted earnings per share would have been lower by less than Re 0.01.

41. IN RESPECT OF INCOME-TAX MATTERS OF INOX LEISURE LIMITED (ILL):

- a) ILL's contention that the amount of entertainment tax exemption availed for some of its multiplexes is a capital receipt has been accepted by various appellate authorities and also in the proceedings before the appellate authorities and Hon'ble High Court of Judicature at Gujarat. Provision for income tax, till the year ended 31st March, 2015, was made on this basis, to the extent the entertainment tax exemption is held as capital receipt for such multiplexes. The matter is presently pending before the Hon'ble Supreme Court.
- b) In view of the assessment and appellate orders received by ILL, the tax liability for earlier years and the written down value of fixed assets as per the Income-tax Act, 1961 is recomputed and consequential reduction in taxation of earlier years is recognized in the Statement of Profit and Loss. The amount included under 'Taxation pertaining to earlier years' is as under:
