Address by The Chairman

Mr. Ravi Subramanian at the 27 Annual General Meeting

Dear Shareholders,

Welcome to the 27th Annual General Meeting of your company Silverline. On behalf of the Board of Directors, I thank you for joining us today. Your presence today is indeed a true testimony of the deep interest you have in the company and the support you have extended to the company management.

In the last AGM I emphatically shared our commitment and resolve to revive Silverline. Over the last one year I have managed to successfully transform this vision into implementable Business plan.

Revival Business Plan

We have closely observed the developments in the Global IT scenario and have carefully assessed our strengths and formulated a detailed Business Plan for implementation over the next 5 years. Developments are taking place at phenomenal speed and there are several new technologies emerging in different business segments. We have fully realized the consequences of technological obsolescence and have proactively positioned ourselves with the emerging technologies in the global market. This calls for complete revamp of our business structure and a new vibrant Management team is now coming in place to drive this business plan of the future.

We have very useful lessons learnt from the past debacles and it would be our endeavor to steer the company from potential challenges we will face as we reposition ourselves in the global market. I am sharing with you in confidence the Strategic Business Units (SBU) which we have identified for exploitation in the Global market:

- SBU 1 - SAP Consulting Services
- SBU 2 - SAP HANA Practice
- SBU 3 - Pharma/Life Sciences -SMB segment
- SBU 4 - Supply Chain Finance for BFSI segment
- SBU 5 - Cyber Security Business
- SBU 6 - Professional services

Each of these segments offers huge business potential and your Management Team has Thought Leadership to fully exploit the business potential of their respective SBUs. We have made a strategic decision to implement inorganic growth in the initial years thru well thought out acquisitions and mergers which will yield immediate results. Thereafter we will consolidate ourselves and grow organically and this will help us reach dominant position in each of the above business segments.

We have also decided to revamp the board and bring in professionals with outstanding track record to oversee the implementation of the business plan. We will have an Advisory Board of Subject Matter Experts who will proactively bring in new technology partnerships so that your company is always ahead in harnessing the emerging trends in the technology field.

To conclude I have to say we are all set for the take off of the revival plan and in the coming months you will witness the unfolding of the dream which I have cherished for some time now.

I take this opportunity to express my deepest gratitude to our Partners, Clients, Employees and other stake holders who stood with us in the difficult times and this has paved the way for business revival. I thank them for their advice, guidance and support. Your goodwill and continued patronage has been a motivating force in our drive to revive the company and achieve the pinnacle of growth which it once achieved .Together we will make this happen.

Best wishes to each one of you and your family and please do take good care.

Thank You

Ravi Subramanian
Chairman

29. Observations of Statutory Auditors for the year ended 31st March 2019:

Brief Observations	Management Reply
According to the information and explanation given to us, and the records of the Company examined by us, the Company is not regular in depositing with appropriate authorities undisputed Statutory dues which have been outstanding at the year ended and for more than 6 months.	As aware, the Company is facing acute financial crisis since more than a decade. The previous management and the current management have been taking all the efforts to streamline the business of the Company. The management ensures that it will take all the reasonable steps to make all such outstanding payment at the earliest upon the availability of funds.

According to the information and explanation given to us, and the records of the Company examined by us, there are disputed Statutory Dues, which have not been deposited by the Company as at March 31, 2019.	Since the outstanding amount are disputed for which there has been no verdict passed by the appropriate authorities, and in view of the existing financial crisis, the Company has not been able to make the payment.

INDEPENDENT AUDITORS' REPORT**TO THE MEMBERS OF SILVERLINE TECHNOLOGIES LIMITED****Report on the Audit of the Standalone Financial Statements****Opinion**

We have audited the standalone financial statements of **Silverline Technologies Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2019, and the statement of Profit and Loss and statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, and profit and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report and Shareholder's Information but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under sub-section (3)(i) of section 143 the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls over financial reporting with reference to these standalone financial statements of the Company in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our

conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure, and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by sub-section 3 of Section 143 of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014
 - e) On the basis of the written representations received from the directors of the Company as on 31st March, 2019 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2019 from being appointed as a director in terms of sub-section 2 of Section 164 of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting with reference to these standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B" to this report.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company does not have any pending litigations which would impact its financial position as at March 31, 2019.
- ii. The Company did not have any outstanding long-term contracts including derivative contracts as at March 31, 2019 for which there were any material foreseeable losses; and
- iii. As at March 31, 2019 there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Silverline Technologies Limited of even date)

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) The Company has a regular programme of physical verification of its fixed assets by which fixed assets are verified in a phased manner over a period of three years. In accordance with this programme, certain fixed assets were verified during the year and no material discrepancies were noticed on such verification. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties are held in the name of the Company.
- (ii) The Company's business does not involve inventories and, accordingly, the requirements under paragraph 3 (ii) of the Order are not applicable to the Company.
- (iii) According to the information and explanations given to us, the Company has granted loans, secured or unsecured to Companies, Firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Act.
- (iv) In our opinion and according to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantee or security to the parties covered under section 185. Based on our audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to the information and explanations given by the management, the Company has complied with the provisions of section 186 of the Act.
- (v) The Company has not accepted any deposits from the public.
- (vi) To the best of our knowledge and as explained, the Central Government has not prescribed maintenance of cost records under sub-section 1 of section 148 of the Act.
- (vii) (a) According to the information and explanations given to us, and the records of the company examined by us, the Company has made provisions for undisputed statutory dues. However, there are disputed income tax liabilities and the company has made representations and applications with the concerned authorities and where required, legal representations are made

for adjudication of the said matter .The dispute is at different levels and the management is taking all the necessary steps to protect the interest of the company.

- /iii) Based on our examination of documents and records, the Company has not taken any loan from a financial institution, a bank, the government or issued debentures and accordingly the provisions of paragraph 3 (viii) of the Order are not applicable.
- ix) Based on our audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to the information and explanations given by the management, the Company has not raised any money by way of initial public offer or further public offer (including debt instruments). The money raised, during the year, by way of a term loan was applied for the purposes for which, it was raised.
- (x) Based upon the audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to the information and explanations given by the management, we report that no fraud on or by the officers and employees of the Company has been noticed or reported during the year.
- xi) Based on our audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to the information and explanations given by the management, the Company has complied with provisions of Section 197 read with Schedule V to the Act.
- xii) In our opinion, the Company is not a Nidhi Company. Therefore, the provisions of paragraph 3 (xii) of the Order are not applicable to the Company.
- ciii) Based on our audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to the information and explanations given by the management, transactions with the related parties are in compliance with the provisions of section 177 and 188 of the Act, where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards.
- civ) According to the information and explanations given to us and on an overall examination of the balance sheet, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year.

- xv) Based on our audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to the information and explanations given by the management, the Company has not entered into any non-cash transactions with directors or persons connected with the directors.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT

(Annexure Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Silverline Technologies Limited of even date)

We have audited the internal financial controls over financial reporting of **Silverline Technologies Limited** (hereinafter referred to as "the Company") as of March 31, 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under sub-section 10 of Section 143 of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

CORPORATE INFORMATION

Silverline Technologies Limited is a Public Limited Company domiciled in India and is incorporated under the provisions of the Companies Act applicable in India. its shares are listed in BSE Limited, Mumbai but presently under the suspended category.

The address of its registered office and principal place of business are disclosed in the introduction to the annual report. The Company is principally engaged in the information technology related services.

The financial statements of the Company for the year ended 31st March 2019 were authorized for issue in accordance with the resolution of the Board of Directors as on 07th November, 2019

1. Significant Accounting Policies

Basis of preparation of Accounts:

The Financial Statements comply with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standard) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

The financial statements up to the year ended 31st March 2019 were prepared in accordance with the accounting standards notified under the Companies (Accounting Standards) Rules, 2006 (as amended) and other relevant provisions of the Act.

These financial statements are the first financial statements under Ind AS. Refer notes of how the transition from the previous GAAP to Ind AS has affected the financial position, financial performance, and cash flows of the Company. The financial statements have been prepared on a historical cost basis, except the Fixed assets which valued at fair value.

Current/non-current classification

The normal operating cycle of the Company is 12 months. Assets and Liabilities which are expected to be realizable/ payable within 12 months are to be classified as current and rest will be classified as noncurrent.

Income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities.

Current income tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in other comprehensive income or in equity).

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amount for financial reporting purposes at their reporting date.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in other comprehensive income or in equity).

Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are

Rendering of services

Revenue from rendering of services is recognized based on percentage of completion method when the outcome of the transactions can be estimated reliably.

Property, plant, and equipment

Property, plant, and equipment are stated at original cost net of tax / duty credit availed, less accumulated depreciation and accumulated impairment losses, if any. When a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as replacement if the recognition criterion is satisfied.

Property, plant, and equipment is eliminated from the financial statements, either on disposal or on retirement from active use. Losses and gains arising from the retirement/disposal are recognized in the statement of profit or loss in the year of occurrence.

Notes forming parts of Annual Accounts for the year ended March 31st,2019

The asset's residual value, useful lives and methods of depreciation are reviews at each financial year and adjusted prospectively, if appropriate.

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognized as at 1 April 2015 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

Depreciation is provided on the "straight line method" based on the estimated useful life of assets which are equal to those suggested in Part C of schedule II of the Act except for assets stated below, for which depreciation is calculated.:

The management believes that depreciation rates currently used fairly reflect its estimate of the useful lives and residual value of tangible assets.

Depreciation on additions / deletions is provided on pro-rata basis from the date of acquisition/ up to the date of deletion.

Changes in expected useful life or the expected pattern of consumption of future economic benefits embodied in an asset are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount

Capital work in progress

Capital work-in-progress includes if any, plant, and equipment under installation / under development as at the balance sheet date.

These are stated at cost to date relating to items or project in progress, incurred during construction / preoperative period.

Borrowing cost

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

Intangible assets

Intangible assets are recognized when it is probable that the future economic benefits that are attributable to the assets will flow to the Company and the cost of the asset can be measured reliably.

intangible assets comprising of "Computer Software" are recorded at acquisition cost and are amortized over the estimated useful life on straight line basis. Estimated useful life of software is assessed to be 3 to 5 years.

Impairment of non-financial assets

As at each balance sheet date, the Company assesses whether there is an indication that an asset may be impaired and also whether there is an indication of reversal of impairment loss recognized in the previous periods. if any indication exists, or when annual impairment testing for an asset is required, if any, the Company determines the recoverable amount and impairment loss is recognized when the carrying amount of an asset exceeds its recoverable amount. Recoverable amount is determined as the higher of the fair value less cost to sell and the value in use.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate

Notes forming parts of Annual Accounts for the year ended March 31st,2019

Foreign currency

The Company's financial statements are presented in INR, which is also the Company's functional currency.

Transactions in foreign currencies are recorded on initial recognition in the functional currency, using the exchange rate prevailing on the date of transaction. At each balance sheet date, foreign currency monetary items are reported using the closing exchange rate. Exchange differences that arise on settlement of monetary items or on reporting at each balance sheet date of the Company's monetary items at the closing rate are recognized as income or expenses in the period in which they arise.

Employee benefits

All employee benefits payable wholly within 12 months of rendering services are classified as short-term employee benefits. Benefits such as salaries, wages, short-term compensated absences, performance incentives etc., and the expected cost of bonus, ex-gratia are recognized during the period in which the employee renders related service.

Segment reporting

The management of the company is an Operational Decision Maker monitors the operating results of its business Segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss in the financial statements. The operating segments have been identified on the basis of nature of services.

Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted

The earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement. Provision for non-compliance under the companies Act,2013 , SEBI Regulation and BSE agreement for listing of company are not provided as same is not ascertainable.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability.

Contingent liability is disclosed in the case of:

- Present obligation arising from past event, when it is not probable that an outflow of resources will be required to settle the obligation.
- A present obligation arising from past event when no reliable estimate is possible
- A possible obligation arising from past events unless the probability of outflow of resources is remote. Commitments include the amount of purchase order (net of advances) issued to parties for completion of assets. Provisions, contingent liabilities, contingent assets, and commitments are reviewed at each balance sheet date.

Cash and cash equivalent

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value. For the purpose of statement of cash flows, cash and cash equivalent consists of cash and short-term deposits, as defined above, as they are considered an integral part of the Company's cash management

Financial instruments**Financial assets:****Initial recognition and measurement**

Notes forming parts of Annual Accounts for the year ended March 31st,2019

All financial assets are recognized initially at fair value plus, in case of financial asset not recorded at fair value through profit or loss, transaction cost that are attributable to the acquisition of the financial asset.

Financial assets are classified, at initial recognition, as financial assets measured at fair value or as financial asset measured at amortized cost.

Subsequent measurement

For purposes of subsequent measurement financial assets are classified into two broad categories:

Financial asset at fair value and at amortized cost

Where assets are measured at fair value, gains and losses are either recognized entirely in the statement of profit or loss (i.e. fair value through profit or loss), or recognized in other comprehensive income (i.e. fair value through other comprehensive income)

A financial asset that meet the following two conditions is measured at fair value through other comprehensive income unless the asset is designated at fair value through profit or loss under the fair value option.

- **Business model test** : the financial asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling the financial assets
- **Cash flow characteristics test** : The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payment of principal and interest on the principal amount outstanding.

Even if an instrument meets the two requirements to be measured at amortized cost or fair value through other comprehensive income, a financial asset is measured at fair value through profit or loss if doing so eliminates or significantly reduces a measurement or recognition inconsistency (sometimes referred to as an 'accounting mismatch') that would otherwise arise from measuring assets or liabilities or recognizing the gains or losses on them on different basis.

All other financial asset is measured at fair value through profit or loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either
 - a) the Company has transferred substantially all the risks and rewards of the asset, or
 - b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset but has transferred control of the asset.

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivable.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

The Company uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates, if any. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analyzed.

Financial liabilities**Initial recognition and measurement**

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans, and borrowings.

Loans and borrowings – subsequent measurement

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the Effective

Notes forming parts of Annual Accounts for the year ended March 31st,2019

Interest Rate (EIR) method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the Effective interest Rate (EiR) amortization process.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

2. Significant Accounting judgements, estimates and assumptions

The preparation of Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

(i) Impairment of non-financial asset

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or CGU's fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessment of the time value of money and the risk specific to the asset. In determining fair value less cost of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples or other available fair value indicators.

Defined Benefit plans

The cost of defined benefit plans and other post-employment benefits and the present value of such obligations are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and attrition rate. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Impairment of financial assets

The impairment provisions for financial assets are based on assumptions about the risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

Useful life

The estimated useful lives of items of property, plant and equipment and intangible assets for the current and the comparative periods are as follows :

Asset	Management estimate of useful life	Useful life as per Schedule 3
Computer	Over the lease term	years
Furniture & fixture	30 years	Years
	10 years	10 years
Other Plant & Equipment	15 years	15 years

NOTES FORMING PARTS OF ANNUAL ACCOUNTS FOR THE YEAR ENDED MARCH 31ST, 2019**NOTE 19 - SEGMENT REPORTING**

Providing of information technology services is the Company's only signal business segment, hence the disclosure of segment wise information as required by Accounting Standard (AS) 17 on "Segment Reporting" is not applicable.

NOTE 20- CONTINGENT LIABILITIES AND COMMITMENTS**Claims against the Company /disputed liabilities not acknowledged as debts: (As per the representation made by the Management)**

There are disputed income tax liabilities in respect of Assessment years 2001-02; 2002-03; 2003-04, 2011-12 and 2012-13. The Company has disputed against the same with appropriate authorities and it has not provided for the same in view of the legal advice received by the company.

NOTE 21: Financial risk management

The company's activities expose it to market risk, liquidity risk and credit risk. Market risk is the risk of loss of future earnings, fair value or future cashflows that may result from a change in the price of the financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivable and payables and loans and borrowings.

If the risk exposure is significant than senior management reviews the position and takes decision regarding hedging/ other risk strategies to mitigate such risk exposures.

(i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the market interest rate. The company is not exposed to significant interest rate risk as at the respective reporting dates.

(ii) Foreign currency risk

The Company is exposed to foreign exchange risk through its sales and services in overseas.

(iii) Credit Risk

Credit risk arises from the possibility that counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial conditions, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. individual risk limits are set accordingly.

The company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the company compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- (i) Actual or expected significant adverse change in business
- (ii) Actual or expected significant change in the operating results of the counterparty
- (iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligation.
- (iv) Significant increases in credit risk on other financial instruments of the same counterparty

A default on a financial asset is when the counterparty fails to make contractual payments within five years of when they fall due. This definition of default is determined by considering the business environment in which entity operates and other macro-economic factors.

Financial assets are written off when there is no reasonable expectation of recovery. Where loans or receivables have been written off, the Company may engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized in profit or loss.

The carrying amounts of financial assets represent the maximum credit risk exposure

NOTES FORMING PARTS OF ANNUAL ACCOUNTS FOR THE YEAR ENDED MARCH 31ST, 2019

Roll rate method for trade receivable:

impairment loss for trade receivable is calculated using the roll rate method. in the roll rate method, the entire portfolio balance is segmented by various buckets e.g. Current, 1-90 , 91-180 , 181-270 etc. Roll rate technique is a forecast in which the flow of outstanding from one level of delinquency (lower) to another (higher) is applied to the current portfolio outstanding mix. This technique follows the flow from 'Current' through all the delinquency buckets to 'charge-off'. The losses are determined as a product of flow rates from the bucket to the final bucket. Once historical net roll rates by bucket have been calculated, their patterns over time are examined and future roll rates are estimated. Expected credit loss is computed on a collective basis as receivables are in similar category and amount of individual trade receivables are not individually significant.

Based on management estimation and data available there is no significant increase in credit risk/credit impaired for individual trade receivables.

In computation of the expected credit loss, there is no specific provisioning / write off policy for outstanding for more than certain period.

There is no specific forward-looking information estimated by the management.

Since the company has receivable for more than 840 days which is indeed provide the major risk of receiving the bills amount and not able to provide information about the exposure to credit risk and expected credit loss for trade receivables for corporate customers and has not prepared the age analysis as at 31 March 2019. As Board has inform to us that since the board has just constituted and will provide the same in the coming year.

Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at a reasonable price. The Company's treasury department is responsible for liquidity, funding as well as settlement management. in addition, processes and policies related to such risks are overseen by senior management. Management monitors the company's net liquidity position through rolling forecasts on the basis of expected cash flows.

Note 22: Capital Management

For the purposes of the Company's capital management, capital includes issued capital and all other equity reserves. The primary objective of the Company's Capital Management is to maximize shareholder value. The company manages its capital structure and makes adjustments in the light of changes in economic environment and the requirements of the financial statements

(i) Loan covenants

Under the terms of the major borrowing facilities, there are no financial covenants which are required to be complied by the company

(ii) Dividends - No dividend proposed or declared during the year.

Note 23: Capital Commitments

Capital expenditure contracted for at the end of the reporting period but not recognized as liabilities is nil as on date.

Note 24: Events occurring after the reporting period

The disqualification of promoters for any reasons and new board there upon may affect the financial statement of the company.

Note 25. Prior period error

There is prior period error identified during the year including corresponding year related to the listing agreement with the BSE and other compliance expenses and rent to SEEPZ authority.

Note 26: Assets Pledged /Mortgaged /Hypothecated as security

No financial borrowing by way of pledging mortgage/Hypothecation of assets of the company.

Note 27:

The Company's main clients are overseas customers, the consequential claims and counterclaims on performance bonus/deductions affect the trade receivables on account of which the substantial part of balances outstanding as trade receivables are not confirmed by them. However, the management is confident that such receivables are stated at their realizable value and adequate provisions are made in accounts , wherever required.

Notes to Financial Statements for the period ended March 31, 2019

NOTE – 28

Due to the uncertainty arising out of non-compliances contingent liabilities for fulfilling those compliances may arise. As per management of the company, they are endeavoring to clear off their company from non-compliances by being fully obliging the compliances as required.

NOTE - 29

Figures of the previous year have been regrouped/recast or reclassified wherever considered necessary.
