INDUSTRY OPPORTUNITIES, STRUCTURE, DEVELOPMENTS AND FUTURE PROSPECTS

As you are aware that the Company is carrying of business in the field of engineering, procurement and construction (EPC) for erection of power plant(s) and other infrastructure facilities. Your Directors are pleased to inform you that the Company is in process of EPC work of 1980 MW Super Critical Thermal Power Project at Lalitpur, Distt.-Jhansi, in the State of Uttar Pradesh and received encouraging response and is successfully executing Engineering, Procurement and Construction (EPC) services in power sector at Distt.-Lalitpur (Uttar Pradesh). Your Company is highly optimistic to improve its order book substantially, by procuring further Contracts and Orders, in the forthcoming years.

After inheriting an economy with low sentiments and adverse macroeconomic indicators, the new government has vastly improved the credibility of Indian economy over this fiscal. Inflation has declined by over 6 percentage points since late 2013, and the current account deficit has shriveled from a peak of 6.7 percent of GDP (in Q3, 2013-14) to an estimated 1.0 percent in the coming fiscal year. Foreign portfolio flows (of US\$ 38.4 billion since April 2015) have stabilized the rupee, exerting downward pressure on long-term interest rates, reflected in the yield on 10-year government securities, and contributed to the surge in equity prices (31 percent since April in rupee terms, and even more in US dollars, ranking it the highest amongst emerging markets).

The outlook is favourable for the current account and it's financing. A likely surfeit, rather than scarcity, of foreign capital will complicate exchange rate management. Risks from a shift in US monetary policy and turmoil in the Eurozone need to be watched but could remain within control.

Reforms have been initiated in a number of areas and major ones are on the horizon. The macroeconomic response to the favourable terms of trade shock has led to an appropriately prudent mix of increased government savings and private consumption. The government has further decided to address 5 key areas: agricultural income under stress, increasing investment in infrastructure, decline in manufacturing, and resource crunch in view of higher devolution in taxes to states while maintaining fiscal discipline.

With a view to incentivize investment in infrastructure, the Budget announced by honourable FM Arun Jaitley earlier in the year has proposed a number of welcome measures which would kick-start investment in infrastructure. The sector is expected to improve significantly due to these.

In an ever-changing world, quality of portfolio, profitability and liquidity continue to be the critical differentiators. In such an environment, proactive adaptability still holds the key to sustained financial performance. Your Company has now evolved to a continued focus on asset growth to cash growth.

Annexure 'B'**Annexure to the independent auditor's report of even date on the financial statements of Anand Projects Limited****Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of Anand Projects Limited ("the Company") as of March 31, 2016 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's Judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements, in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
