Explanatory statement under Section 102 of the Companies Act, 2013

The following statement sets out all material facts relating to the Special Businesses mentioned in the accompanying Notice:

Item No. 4:

The Board of Directors of the Company, on the recommendation of the Audit Committee, has appointed Aruna Prasad & Co., Cost Accountants as the Cost Auditor to conduct the audit of the cost accounting records of the Company for the Financial Year ending 31st March, 2020 at a remuneration of Rs.1,10,000/- (Rupees One Lakh Ten Thousand only) plus reimbursement of travelling and out of pocket expenses.

As per the Section 148 of the Companies Act, 2013 and the Rules framed there under, the remuneration payable to the Cost Auditor has to be ratified by the members of the Company.

Accordingly, consent of the members is sought for passing an Ordinary Resolution as set out at Item No. 4 of the Notice for ratification of the remuneration payable to the Cost Auditor for the Financial Year ending 31st March, 2020.

None of the Directors, Key Managerial Personnel of the Company and their relatives are, in any way, concerned or interested, in the resolution set out at Item No. 4 of the Notice.

The Board recommends the Ordinary Resolution set out at Item No. 4 of the Notice for approval of the Members.

Item No. 5:

The Members of the Company at their 34th Annual General Meeting held on 29th September, 2014 approved the appointment of Mr. K P Singh as Independent Directors of the Company for a period of 5 years i.e. from 29th September, 2014 to 28th September, 2019.

Section 149(10) of the Act provides that an Independent Director shall hold office for a term of five consecutive years on the Board and shall be eligible for re-appointment on passing a Special Resolution by the company and disclosure of such appointment shall be made in the Board's Report. Mr. K P Singh can be reappointment as Non-Executive Independent Director for second term of 5 (five) consecutive years with effect from 29th September, 2019 to 28th September, 2024 with approval of Members by way of Special Resolution.

Brief resume of Mr. Singh and other information as stipulated under Regulation 36 of the Listing

Regulations and SS-2, are provided in the annexure to this Notice.

Mr. Singh is a person of integrity; possess relevant expertise and vast experience. His association as Non-Executive Independent Director will be beneficial and in the best interest of the Company.

Based on the skills, experience, knowledge and performance evaluation, the Nomination and

Remuneration Committee and the Board of Directors have recommended for re-appointment of Mr. Singh as Non-Executive Independent Director for second term of 5 (five) consecutive years.

Mr. Singh is not disqualified from being appointed as Directors in terms of Section 164 of the Act and the Listing Regulations as amended from time to time and have given his consent to act as director. The Company has received declaration from the director that he meets the criteria of independence as prescribed both under Section 149 of the Act and under provisions of the Listing Regulations.

Copy of the draft letters for the reappointment of Mr. Singh setting out the terms and conditions would be available for inspection without any fee by the Members at the registered office of the Company during normal business hours on any working day up to the date of AGM.

The Non-Executive Directors, for each of the Board and Committee Meeting attended are paid sittings fees at Rs. 20,000/- and Rs. 2,500/- respectively. The non-executive directors, in addition to the sitting fees, are collectively entitled for a commission for sum not exceeding 1% per annum of the net profits of the company calculated in accordance with the provisions of Section 198 of the Act, subject to a ceiling of Rs. 10,00,000/- per annum.

None of the other Directors, Key Managerial Personnel of the Company and their relatives are, in any way, concerned or interested, in the resolution set out at Item No. 5 of the Notice.

In the opinion of the Board Mr. Singh fulfils the conditions for reappointment as Non-Executive Independent Director as specified in the Act and the Listing Regulations. Accordingly the Board recommends the Special Resolution set out at Item No. 5 of the Notice for approval of the Members.

Item No. 6:

As per newly introduced Regulation 17(6)(e) of the SEBI (LODR) (Amendment) Regulations, 2018, the

fees or compensation payable to executive directors who are promoters or members of the promoter group, shall be subject to the approval of the shareholders by special resolution in general meeting, if-

- i) Annual remuneration to each of them exceeding 5 Crores or 2.5 per cent of the net profits of the Company calculated as per the provisions of Section 198 of the Companies Act, 2013, whichever is higher; or
- ii) Where there is more than one such director, their aggregate annual remuneration exceeding 5 per cent of the net profits of the listed entity.

At present, on the Board of Directors of the Company, there are two executive directors who are promoter or member of promoter group. They are Mr. M B Raju, Executive Chairman and Ms. P Parvathi, Managing Director. The shareholders have approved remuneration payable to them within the limits as prescribed at that time as per Companies Act, 2013, while approving their appointment in the 37th Annual General Meeting held on 11th August, 2017, which is expected to be in excess of 5% of the net profits of the Company in aggregate. This necessitates seeking approval of the shareholders by way of special

resolution for retaining all existing terms and conditions of appointment of aforesaid Executive Directors including remuneration payable to them till the expiry of their respective term till 31st March, 2022, in order to comply with the above mentioned regulation.

The Board approved the above proposal at their meeting held on 28th May, 2019 after considering the valuable contributions of Mr. M B Raju and Ms. P Parvathi in the growth of the Company.

Mr. M B Raju, Chairman and Ms. P Parvathi, Managing Director shall be deemed to be concerned or interested in the resolution to the extent of remuneration payable to them under the resolution. None of the other Directors, Key Managerial Personnel of the Company and their relatives are concerned or interested in the resolution.

The Board recommends the Special Resolution set out at Item No. 6 of the Notice for approval of the shareholders.

By Order of the Board

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

The Company has once again shown a stable, sustained and improved performance with a higher off-take during the year under review. Though there were periods of concern with steep fall in prices for the product, the demand continued to be at decent levels. With the continued uptick in demand the company's PBT level has shown considerable improvement compared to the previous financial year.

We summarise below the Management's view on the Performance of the Company for the year 2018-19 and on the future outlook for the Company:

Industry Structure and Developments

The year under review has seen mixed trends with periods of

- Lower prices and low demand;
- Lower prices with higher demand;
- Better prices with higher demand; and
- Better prices with lower demand.

The prices have started improvement, at a sustainable/better level, in the later part of the financial year having seen some low levels in the middle of the year. Though the industry continue to face the problem of higher installed capacities, the year under review has seen improved demand in view of the emphasis on infrastructure projects.

This emphasis on Infrastructure projects - both by the Central Government and various State Governments - is expected to continue with the clarity emerged after the Elections results.

The continued emphasis on infrastructure projects is expected to give further boost to the momentum achieved in the consumption of cement country wide. Various other initiatives and projects of the Governments have started showing results in the form of improved off take of cement and are expected to give further fillip in the years to come. The Continuation of the Government at the Centre may provide additional encouragement / stability to the growth in the Indian Cement Industry.

Opportunities and Threats

The increased emphasis on creation of more and better infrastructure facilities, provision of houses, Sea Ports, Airports and other such infrastructure facilities holds a key to the enhanced demand for cement. The Government's efforts to create any other developmental activities should translate into higher demand for cement.

However these opportunities come with a rider in the form of challenges on various fronts. The demand position for Coal, the main source of energy for the Industry, is on the upswing across the Globe. It is more so in India where an increased dependence is there on imports of Coal in addition to the domestic sources. International Crude Price trends have become unfavourable in the recent past. Petroleum products prices would have an adverse impact on production costs for the Industry.

Outlook

The outlook for Cement should be reasonable and strong considering the overall situation and the developments taking place in Industry..

The capacity overhang is expected to be overcome in the next few years, though regional capacity-demand mismatch would continue for some more time to come. The improvement in the industrial environment and consequent increase in investible surplus with the people should also help the growth in demand for Cement.

Cost-optimisation efforts would provide relief in terms of reduction in costs and with a better management of the available resources; the outlook is expected to be stable.

The Company operates in a single segment. The product is a generic one with small variations in the form of OPC, PPC, SRC etc. It does not require much elaboration on segment wise / product wise performance.

Risks and Concerns

The company can be said to have the following risks and concerns which are commonly applicable to any cement unit.

- Lower demand growth leading to Lower Capacity utilization;
- Drop in realizations which may impact the margins;
- Regular increases in cost of inputs leading to impact on margins;
- Probable Uncertainties in Coal supplies and increase in the prices;
- Upward revisions in international crude prices leading to Increase in transportation cost, for both input materials and finished goods;
- Adverse Changes in Government Policies impact the costs, demand and supply;

Internal Control Systems and their Adequacy

The internal control system in place in the Company has a process designed to take care of various controls and audit requirements. It aims at effectiveness in the operations and protection of the company's assets from any possible loss and unauthorised use. It also helps proper and correct data being recorded, ensuring transparency. The design of the processes is such that there is an adequate, appropriate and need based control on the activities / business operations of the Company.

The Internal Control system is helped by an established Internal Audit System which is carried out by an outside firm of Chartered Accountants of repute and experience. The internal audit carries out their reviews periodically to ensure robustness of the systems and control environment. The internal auditors submit their reports to the Audit Committee of the Board of Directors for their review. It is also ensured that the Internal Audit Scope is adequate and their reviews are well directed to achieve the desired objectives. The Committee also reviews the adequacy and effectiveness of internal control systems and suggests improvements from time to time.

The compliance to the legal and statutory requirements is given utmost importance as also to ensure efficiency in operations | reporting and controls. All parameters in all operations | activities are monitored regularly to ensure desired results.

Financial and Operational Performance

During the year under review, the Company's operational performance was better than the previous year (2017-18). The Company has sold 17.40 Lakh MT's of cement during the year 2018-19 as against 14.68 Lakh MT's during the year 2017-18 which is about 18.50% increase. Though there has been an increase in the Volume of sales, the increased volume has not directly resulted in proportional increase in sales revenues owing to the lower prices during major parts of the year.

Details of the Company's Performance on the basis of sale of products are given in the Note No. 19 to the Financial Statements forming part of this Annual Report.

The revenue for the year 2018-19 stands at Rs.64414 Lakh for Cement as against Rs.58779 Lakh for the year 2017-18, an increase of about 9.6%. The business scenario of demand for the product and the price fluctuations can be gauged from the fact that the increase in volume of sale by 18.50% has translated into only 9.6% increase in the revenue from cement during the year. It implies that while a Tonne of Cement has fetched an average price of Rs.4004 per MT during the year 2017-18, it fetched only Rs.3702 per MT during 2018-19 (an average drop in price by 7.50%).

Helped by the improved quantity off-take, in spite of a drop in average realisation during the year 2018-19, the Company has been able to achieve a higher Profit Before Tax during the year 2018-19 at Rs.7506 Lakhs compared to that of Rs.6084 Lakhs during the year 2017-18.

The Profit After Tax for the year stood at Rs. 4606 Lakh compared to Rs. 3855 Lakh for the previous year (an increase by about 19%).

The better performance during the year confirms our view expressed in the previous year's report that "The

Company is expected to show steady performance and remain focused on delivering better results and decent returns to its stakeholders". Though your company is not fully insulated against the vagaries of Demand / Supply for the Cement, the performance levels are expected to continue to be at better levels compared to the peers in the industry.

As per the recent changes / new requirement, the company is required to comment upon the changes in the specified ratios beyond a threshold limit (i.e. change of 25 % or more as compared to the immediately previous financial year) alongwith a detailed explanation thereof.

We report that we have compiled, reviewed and analysed these ratios and find that none of the ratios specified vary beyond the threshold limit. The details of ratios and the variance are as given below.

Particulars (Ratio)	2018-19	2017-18	Variance
Debtors Turnover Ratio (in Days)	8.21	7.40	10.94%
Inventory Turnover Ratio	13.75	14.18	-3.3%
Interest Coverage Ratio	10.71	11.75	-9.71%
Current Ratio	2.66	2.58	3.1%
Debt equity ratio	6.19	6.82	10.18%
Operating profit Margin ratio	12.71%	11.19%	13.58%
Net profit margin ratio	7.07%	6.49%	8.94%

It can be seen from the above that all the ratios during the year 2018-19 are within a variance of much less than the threshold limit of 25%.

Human Resources & Industrial Relations

The Company believes that the people are its assets and continues its focused attention on nurturing and developing its human resources through continuous training, motivation and engagement initiatives. The relationship with employees continues to be cordial and harmonious and always provides a positive and conducive environment to improve efficiency. Emphasis on competency improvement through skill and capability development, training programs and rationalisation of work methods, have improved employee productivity and morale. The Company's Health and Safety Policy aims at providing a healthy and safe work environment to all employees. As on 31st March 2019, the Company has 323 employees who are engaged in its units and offices.

Cautionary Statement

Statements in the "Management Discussion & Analysis Report" which seek to describe the Company's objective, projections, estimates, expectations or predictions may be considered to be "forward looking statements" within the meaning of applicable securities laws or regulations. Actual results could differ materially from those expressed or implied. Important factors that could make a difference to the Company's operations include demand-supply conditions, increase in installed capacities prices of input materials, cyclical demand, pricing in the Company's markets, changes in Government regulations, tax regimes etc., besides other factors such as litigations and labour related issues.

Independent Auditor's Report

To

The Members of Deccan Cements Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Deccan Cements Limited ("the Company"), which comprise the Balance Sheet as at 31st March 2019, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and Cash Flow Statement for the year then ended, and notes to the financial statements including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ("Ind AS") prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, and its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significant in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1.	<p>Inventories as disclosed in Note 6 to the financial statements includes:</p> <ul style="list-style-type: none"> • Raw materials comprising iron-ore, gypsum, limestone, laterite and flyash; • Work-in-progress mainly comprising clinker • Coal <p>The above items of inventory are stored in sheds, stockpiles and silos. As the weighing of these inventories is not practicable, management assesses the reasonableness of the quantities on hand by obtaining measurements of stockpiles and converting these measurements to unit of volumes by using angle of repose and bulk density. The Company involves its team in the inventory count process.</p>	<p>Principal Audit Procedures</p> <p>The Company performs annual inventory counts at the year end and issues prior notification of procedures to be performed for such inventory counts. Our audit procedures to assess the existence of inventory included the following:</p> <ul style="list-style-type: none"> • Attended physical inventory counts performed by the Company • Assessed the management's process of measurement of stockpiles and the determination of values using conversion of volumes and density to total weight and the related yield.
2.	<p>The Company has material litigations which involve significant judgement to determine the possible outcome of these litigations. Refer Note 29 of the financial statements.</p>	<p>Principal Audit Procedures</p> <p>Obtained details of litigations for the year ended March 31, 2019 from management. We have relied upon our internal experts to challenge the management's underlying assumptions in estimating the possible outcome of the disputes. Our internal team also considered the status of the disputes, legal precedence and other rulings in evaluating management's position on these matters. We have also relied on assurances and opinions provided by the various agencies, representing the company.</p>

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report, Management Discussion & Analysis, and Report on Corporate Governance but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a

material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act based on our audit, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid financial statements comply with the Ind AS prescribed under Section 133 of the Act read with Rule 7 of Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on 31st March, 2019 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2019 from being appointed as a director in terms of Section 164 (2) of the Act.

- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure A”.
- g) With respect to the other matters to be included in the Auditor’s Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provision of section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements (Refer Note 29 of the financial statements);
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There has been no delay in transferring the amounts, which were required to be transferred to the Investor Education and Protection Fund by the Company.

2. As required by the Companies (Auditor’s Report) Order, 2016, (“the Order”) issued by the Central Government of India in terms of Section 143 (11) of the Act, we give in “Annexure B” a statement on the matters specified in paragraphs 3 and 4 of the Order.

Annexure “A” to the Independent Auditor’s Report

(Referred to in paragraph 1(f) under ‘Report on Other Legal Regulatory Requirements’ section of our report to the Members of the Company of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Deccan Cements Limited (“the Company”) as of 31 March 2019 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records

that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Annexure “B” to the Independent Auditor’s Report

With reference to Paragraph 2 under ‘Report on Other Legal Regulatory Requirements’ section of our report to the Members of the Company, we report that

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.
- (b) As explained to us, the property, plant and equipment have been physically verified by the management in a periodical manner, which in our opinion is reasonable, having regard to the size of the Company and the nature of its business. No material discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, all the title deeds of immovable properties are held in the name of the Company.
- (ii) The inventories have been physically verified during the year by the management. The discrepancies noticed on verification between the physical stocks and book records were not material.
- (iii) The Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Act. Accordingly, paragraph 3 (iii) (a) to (c) of the Order is not applicable.
- (iv) In our opinion and according to the information and explanations given to us, the Company has made investments which are in compliance with Section 186 of the Act. The Company has not granted loans, not provided guarantees and securities.
- (v) According to the information and explanations given to us, the Company has not accepted deposits within the meaning of Sections 73 to 76 of the Act and the rules framed thereunder
- (vi) We have broadly reviewed the cost records maintained by the Company as prescribed under sub-section (1) of section 148 of the Act, and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) (a) According to the information and explanations given to us and the records of the Company examined by us, the Company is regular in depositing undisputed statutory dues including provident fund, employees’ state insurance, income-tax, goods and services tax, cess and any other statutory dues as applicable with the appropriate authorities and there were no arrears of outstanding statutory dues as at the last day of the financial year concerned for a period of more than six months from the date they became payable.
- (b) According to the information and explanations given to us and records of the Company examined by us, the particulars of income tax, sales tax, value added tax, goods and services tax as at 31st March, 2019 which have not been deposited on account of any dispute pending are as under:

Name of the statute	Nature of the dues	Amount (Rs. in lakhs)	Period to which the amount relates	Forum where the dispute is pending
Andhra Pradesh General Sales Tax Act / VAT Act	Sales tax / VAT	11.52	1993-94	Hon'ble High Court of Telangana
		85.68	1999-00 & 2000-01	
		51.61	2002-03 to 2004-05	
		137.24	2006-07	Deputy Commissioner (Appeals), Hyderabad
AP Electricity Duty Amendment Act, 2003	Electricity Duty	316.23	2003-04 to 2008-09	Hon'ble High Court of Telangana

- (viii) In our opinion and according to the information and explanations given to us, the Company has not defaulted in repayment of loans or borrowings to financial institutions, banks and government. The Company has not issued any debentures.
- (ix) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year. In our opinion and according to the information and explanations given to us, the term loans have been applied for the purpose for which the loans were obtained.
- (x) To the best of our knowledge and belief and according to the information and explanations given to us, no fraud on or by the Company was noticed or reported during the year.
- (xi) According to the information and explanations give to us and based on our examination of the records of the Company, the Company has paid/provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Act.
- (xii) In our opinion and according to the information and explanations given to us, the Company is not a nidhi company. Accordingly, paragraph 3 (xii) of the Order is not applicable.
- (xiii) According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with section 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.
- (xiv) During the year, the Company has not made preferential allotment or private placement of shares or fully or partly convertible debentures and hence reporting under (xiv) of the order is not applicable to the Company.
- (xv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into any non-cash transactions with directors or persons connected with him. Accordingly, paragraph 3 (xv) of the Order is not applicable
- (xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

Notes to the Financial Statements for the Year Ended 31st March, 2019

1. Corporate Information

Deccan Cements Limited ('the Company') is a public limited company incorporated in India having its registered office at Hyderabad, Telangana. The Company is engaged in the manufacturing and selling of Cement, producing and selling power from hydel and wind sources.

2. Significant Accounting Policies

This note provides a list of the significant accounting policies adopted in the preparation of the financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

a) Statement of Compliance:

The financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) Amendment Rules, 2016 and Companies (Indian Accounting Standards) Amendment Rules, 2017, the relevant provisions of the Companies Act, 2013 ('the Act') and guidelines issued by the Securities and Exchange Board of India (SEBI), as applicable.

New and amended standards adopted by the Company

The Company has applied the following standards and amendments for the first time for their annual reporting period commencing 1 April 2018:

- Ind AS 115, Revenue from contracts with customers
- Appendix B (Foreign currency transactions and advance consideration) to Ind AS 21, The effects of changes in foreign exchange rates.
- Amendment to Ind AS 12, Income Taxes

The amendments listed above did not have any material impact on the amounts recognised in prior periods and are not expected to significantly affect the current or future periods.

b) Basis of preparation:

The financial statements have been prepared under the historical cost convention with the exception of certain assets and liabilities that are required to be carried at fair values as per Ind AS. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

c) Use of estimates and critical accounting judgements:

In preparation of the financial statements, the Company makes judgements, estimates and assumptions about the carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and the associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and the underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

Significant judgements and estimates relating to the carrying values of assets and liabilities include useful lives of property, plant and equipment and intangible assets, impairment of property, plant and

equipment, intangible assets and investments, provision for employee benefits and other provisions, recoverability of deferred tax assets, commitments and contingencies.

d) Revenue Recognition:

i) Sale of Products

Revenue is recognised when the performance obligations have been satisfied, which is once control of the goods is transferred from the Company to the customer.

Cement: Revenue related to the sale of goods is recognised when the product is delivered to the destination specified by the customer, and the customer has gained control through their ability to direct the use of and obtain substantially all the benefits from the asset.

Revenue is measured based on consideration specified in the contract with a customer which is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates and excludes amounts collected on behalf of their parties.

Power: Revenue from sale of power is recognized net of wheeling and banking charges, line losses and the selling costs.

ii) Other income

Dividend income is recognised when the shareholder's right to receive the income is established. Interest income is recognized on time proportion basis taking into account the amount outstanding and the rate applicable.

Rental income from investment properties and subletting of properties is recognised on a straight line basis over the term of the relevant leases.

e) Borrowing Costs:

Borrowings costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for the intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing cost eligible for capitalization. Other borrowings costs are expensed in the period in which they are incurred.

f) Employee Benefits:

(i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

(ii) Other long-term employee benefit obligations

The liabilities for earned leave is not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured at the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligations. Remeasurements as a result of the

experience adjustments and changes in actuarial assumptions are recognized in profit or loss. The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(iii) Gratuity obligations

The liability or assets recognized in the balance sheet in respect of gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss. Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in profit or loss.

(iv) Defined contribution plans

The Company pays provident fund contributions to publicly administered funds as per local regulations and super annuation fund to LIC of India. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognized as employee benefit expense when they are due.

(v) Bonus plans

The Company recognizes a liability and an expense for bonuses. The Company recognizes a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

g) Income Taxes:

Tax expense for the year comprises current and deferred tax.

Current Tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income-tax Act, 1961 and other applicable tax laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary differences arise from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Tax relating to items recognized directly in equity or other comprehensive income is recognised in equity or other comprehensive income and not in the Statement of Profit and Loss.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets and they are related to income taxes levied by the same tax authority, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

h) Property, plant and equipment(PPE):

Property, plant and equipment are carried at cost less accumulated depreciation and impairment losses, if any. The cost of property, plant and equipment comprises of purchase price, applicable duties and taxes, any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying fixed assets, upto the date the asset is ready for its intended use. All other repair and maintenance costs, including regular servicing, are recognised in the statement of profit and loss as incurred. When a replacement occurs, the carrying value of the replaced part is de-recognised. Where an item of property, plant and equipment comprises major components having different useful lives, these components are accounted for as separate items.

Property, Plant and equipment retired from active use and held for sale are stated at the lower of their net book value and net realizable value and are disclosed separately.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

i. Expenditure during construction period

Expenditure during construction period (including finance cost related to borrowed funds for construction or acquisition of qualifying PPE) is included under Capital Work-in-Progress and the same is allocated to the respective PPE on the completion of their construction. Advances given towards acquisition or construction of PPE outstanding at each reporting date are disclosed as Capital Advances under "Other non-current Assets"

j. Depreciation

Depreciation is the systematic allocation of the depreciable amount of PPE over its useful life and is provided on the straight line method over the useful lives as prescribed in Schedule II to the Act.

k. Intangible assets & amortization

Intangible assets acquired separately are measured on initial recognition cost and are amortized on straight line method based on the estimated useful lives.

The amortized period and amortization method are reviewed at each financial year end.

Cost of compensatory land (intangibles) paid / transferred to Government in lieu of forest land diverted for mining and free hold land for mining is amortized over the tenure of the mining lease. Cost of ERP Software is amortized over a period of four years.

l) Investment Properties:

Investment properties are properties held to earn rentals and/or for capital appreciation (including property under construction for such purposes). Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are measured at cost model which is in accordance with Ind AS 40. An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no further economic benefits are expected from disposal. Any gain or loss arising on derecognition of the property is included in profit or loss in the period in which the property is derecognised.

m) Impairment of Assets:

Intangible assets and property, plant and equipment: Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs. If such assets are considered to be impaired, the impairment to be recognized in the statement of profit and loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

n) Inventories:

Raw Materials, Fuel, Stores & Spares and Packing Materials

Valued at lower of cost and net realizable value (NRV). However, these items are considered to be realizable at cost, if the finished products, in which they will be used, are expected to be sold at or above cost, Cost is determined on weighted Average basis.

Materials in Transit:

Valuation of Inventories of Materials in Transit is done at Cost

Work-in-Progress (WIP) and Finished Goods

Valued at lower of cost and NRV. Cost of Finished Goods and WIP includes cost of raw materials, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost of inventories is computed on weighted average basis.

o) Provisions, Contingent Liabilities and Contingent Assets :

The Company recognises provisions when there is present obligation as a result of past event and it is probable that there will be an outflow of resources and reliable estimate can be made of the amount

of the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Unwinding of the discount is recognised in the Statement of Profit and Loss as a finance cost. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

A present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is disclosed as a contingent liability. Contingent Liabilities are also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

Contingent assets are not recognized in financial statements since this may result in the recognition of income that may never be realised.

p) Financial instruments:

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Financial assets

(i) Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Further, in case where the company has made an irrevocable selection based on its business model, for its investments which are classified as equity instruments, the subsequent changes in fair value are recognized in other comprehensive income.

(iii) Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

(iv) The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables

with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in statement of profit or loss.

Financial liabilities and equity instruments

Classification as debt or equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Financial Liabilities

Trade and other payables are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost, using the effective interest rate method where the time value of money is significant.

Interest bearing bank loans, overdrafts and unsecured loans are initially measured at fair value and are subsequently measured at amortised cost using the effective interest rate method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings in the statement of profit and loss.

Derecognition of financial instruments

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's balance sheet when the obligation specified in the contract is discharged or cancelled or expires.

Fair value of financial instruments

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may or may not be realized.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

q) Earnings Per Share :

The basic earnings per share is computed by dividing the profit/(loss) for the year attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, profit/(loss) for the year attributable to the equity shareholders and the weighted average number of the equity shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

r) Cash and cash equivalents:

Cash and cash equivalents include cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

s) Transactions in Foreign Currencies:

The financial statements of the Company are presented in Indian rupees (Rs.), which is the functional currency of the Company and the presentation currency for the financial statements.

Transactions in foreign currencies are recorded at the exchange rates prevailing on the date of transaction.

Foreign currency monetary assets and liabilities such as cash, receivables, payables, etc., are translated at year end exchange rates.

Exchange differences arising on settlement of transactions and translation of monetary items are recognised as income or expense in the year in which they arise.

t) Segment Reporting - Identification of Segments:

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the company's chief operating decision maker to make decisions for which discrete financial information is available. Based on the management approach as defined in Ind AS 108, the chief operating decision maker evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by business segments and geographic segments.

u) Government Grants:

Grants from the government are recognised at fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions. Government grants relating to income are deferred and recognised in the profit or loss over the period necessary to match them with the costs they are intended to compensate and presented within other income. Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit and loss on a straight line basis over the expected lives of the related assets and presented within other income. The benefit of a government loan at below current market rate of interest is treated as a government grant.

v) Leases

The Company determines whether an arrangement contains a lease by assessing whether the fulfillment of a transaction is dependent on the use of a specific asset and whether the transaction conveys the

right to use that asset to the Company in return for payment. Where this occurs, the arrangement is deemed to include a lease and is accounted for either as finance or operating lease.

The Company as lessee

Operating lease – Rentals payable under operating leases are charged to the statement of profit and loss on a straight line basis over the term of the relevant lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are utilised.

The Company as lessor

Operating lease – Rental income from operating leases is recognised in the statement of profit and loss on a straight line basis over the term of the relevant lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are diminished. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying value of the leased asset and recognised on a straight line basis over the lease term.

w) Dividend Distribution

Dividends paid (including income tax thereon) is recognised in the period in which the interim dividends are approved by the Board of Directors, or in respect of the final dividend when approved by shareholders.

x) Rounding off amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

y) Standards issued but not yet effective

The standards issued, but not yet effective up to the date of issuance of the Company's financial statements are disclosed below.

Ind AS issued but not yet effective: 30 March 2019, the Ministry of Corporate Affairs ("MCA") vide the Companies (Indian Accounting Standards) Amendment Rules, 2019 has notified the following new and amendments to Ind ASs which the Company has not applied as they are effective for annual periods beginning on or after 1 April, 2019:

1. The Rules have notified the new lease standard Ind AS 116, Leases. Ind AS 17, Leases has been withdrawn. The Rules also bring in consequential amendments to other Ind AS as a result of notification of Ind AS 116. The Company is assessing the implication of the above change.
2. Appendix C to Ind AS 12, Income Taxes has been inserted. The appendix provides accounting for uncertainty over income tax treatments. The Company is assessing the implication of the above change.
3. New paragraph 57A has been added to Ind AS 12 to clarify that the income tax consequences of dividends on financial instruments classified as equity should be recognised according to where the past transactions or events that generated distributable profits were recognised. This amendment is not applicable to the Company.
4. Amendment to Ind AS 19, Employee Benefits. This amendment requires an entity to: (i) use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement; and (ii) recognise in profit or loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that

surplus was not previously recognised because of the impact of the asset ceiling. This amendment will not impact the financial statements of the Company.

5. Amendment to Ind AS 23, Borrowing Costs to clarify that if a specific borrowing remains outstanding after a qualifying asset is ready for its intended use or sale, it becomes part of general borrowings. The Company is assessing the implication of the above change.
6. Amendment to Ind AS 28, Investments in Associates and Joint Ventures. Investors could have long-term interests (for example, preference shares or long-term loans) in an associate or joint venture that form part of the net investment in the associate or joint venture. The amendment clarifies that these long-term interests in an associate or joint venture to which the equity method is not applied should be accounted for using Ind AS 109, Financial Instruments. The requirements of Ind AS 109 are applied to long-term interests before applying the loss allocation and impairment requirements of Ind AS 28. An illustrative example is also provided in Appendix A of Ind AS 28. This amendment is not applicable to the Company.
7. Amendment to Ind AS 109 to enable an entity to measure at amortised cost some prepayable financial assets with negative compensation. This amendment will not impact the financial statements of the Company.
8. Amendment has been made to Ind AS 103, Business Combinations and Ind AS 111, Joint Arrangements to clarify measurement of previously held interest in obtaining control/joint control over a joint operation as follows: (i) On obtaining control of a business that is a joint operation, previously held interest in joint operation is remeasured at fair value at the acquisition date; (ii) A party obtaining joint control of a business that is joint operation should not remeasure its previously held interest in the joint operation. This amendment is not applicable to the Company.

₹ in lakhs

(i) Leave obligations

The leave obligation covers the company's liability for earned leave which is unfunded.

(ii) Defined contribution plans

The company has defined contribution plans namely provident fund and super annuation fund. Contributions are made to provident fund at the rate of 12% of basic salary as per regulations. The contributions are made to registered provident fund administered by the Government. The obligation of the Company is limited to the amount contributed and it has no further contractual nor any constructive obligation. The expense recognised during the year towards defined contributions plan is as follows:

Particulars	31 March 2019	31 March 2018
Company's contribution to provident fund	105.72	102.14
Company's contribution to super annuation fund	1.50	9.86

(iii) Post-employment obligations

a) Gratuity

The company provides for gratuity for employees as per the Payment of Gratuity Act, 1972. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. The company operates post retirement gratuity plan with LIC of India. The present value of obligation is determined based on actuarial valuation using the Projected Unit Credit Method, which recognises each period of service giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation of leave encashment is recognised in the same manner as gratuity.

Expected contributions to post- employment benefit plans of gratuity for the year ending 31 March 2020 are Rs.192.28 Lakhs.

iv) Significant estimates and sensitivity Analysis

The sensitivity of the defined benefit obligation to changes in key assumptions is:

Particulars	Key assumptions		Defined benefit obligation					
			Increase in assumption by			Decrease in assumption by		
	31 March 2019	31 March 2018	Rate	31 March 2019	31 March 2018	Rate	31 March 2019	31 March 2018
Discount rate	7.61%	8.00%	1%	431.20	405.77	1%	475.52	444.34
Salary growth rate	4.00%	4.00%	1%	475.22	446.88	1%	428.45	403.19
Attrition rate	3.00%	3.00%	1%	454.92	428.36	1%	446.26	419.39

The above sensitivity analysis is based on a change in each assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions, the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

v) Risk exposure

Through its defined benefit plans, the company is exposed to a number of risks, the most significant of which are detailed below:

Interest rate risk:

The defined benefit obligation calculated uses a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase.

Salary inflation risk:

Higher than expected increases in salary will increase the defined benefit obligation.

Demographic risk:

This is the risk of variability of results due to unsystematic nature of decrements that include mortality, withdrawal, disability and retirement. The effect of these decrements on the defined benefit obligation is not straight forward and depends upon the combination of salary increase, discount rate and vesting criteria. It is important not to overstate withdrawals because in the financial analysis the retirement benefit of a short career employee typically costs less per year as compared to a long service employee.

33. Financial instruments and risk management

Fair values

- The carrying amounts of trade payables, other financial liabilities(current), borrowings (current), trade receivables, cash and cash equivalents, other bank balances and loans are considered to be the same as fair value due to their short term nature.
- Borrowings(non-current) consists of loans from banks and government authorities, other financial liabilities(non-current) consists of security deposits from stockists.

The fair value of financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

Set out below, is a comparison by class of the carrying amounts and fair value of the Company's financial instruments, other than those with carrying amounts that are reasonable approximation of fair values:

*Fair value of instruments is classified in various fair value hierarchies based on the following three levels:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques, which maximise the use of observable market data and rely as little as possible on entity specific estimates. If significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3: If one or more of the significant inputs are not based on observable market data, the instruments are included in Level 3.

Management uses its best judgement in estimating the fair value of its financial instruments. However, there are inherent limitations in any estimation technique. Therefore, for substantially all financial instruments, the fair value estimates presented above are not necessarily indicative of the amounts that the Company could have realized or paid in sale transactions as of respective dates. As such, the fair value of financial instruments subsequent to the reporting dates may be different from the amounts reported at each reporting date.

The Company is exposed to market risk (fluctuation in foreign currency exchange rates, price and interest rate), liquidity risk and credit risk, which may adversely impact the fair value of its financial instruments. The Company assesses the unpredictability of the financial environment and seeks to mitigate potential adverse effects on the financial performance of the Company.

(A) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of currency risk, interest rate risk and price risk. Financial instruments affected by market risk include loans and borrowings, trade receivables and trade payables involving foreign currency exposure. The sensitivity analyses in the following sections relate to the position as at March 31, 2019 and March 31, 2018. The analysis exclude the impact of movements in market variables on the carrying values of financial assets and liabilities .

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at 31 March, 2019 and 31 March, 2018.

(i) Foreign currency exchange rate risk

Since the company is not dealing with foreign currency transactions, there is no foreign currency exchange rate risk.

(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of change in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates. As the Company has certain debt obligations with floating interest rates, exposure to the risk of changes in market interest rates are dependent of changes in market interest rates. Management monitors the movement in interest rate and, wherever possible, reacts to material movements in such rates by restructuring its financing arrangement.

As the Company has no significant interest bearing assets, the income and operating cash flows are substantially independent of changes in market interest rates.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

Particulars	Increase/(decrease) in profit before tax		Increase/(decrease) in other components of equity	
	31 March 2019	31 March 2018	31 March 2019	31 March 2018
Change in interest rate increase by 100 basis points	(13.11)	(10.35)	(8.53)	(6.77)
decrease by 100 basis points	13.11	10.35	8.53	6.77

The assumed increase/decrease in interest rate for sensitivity analysis is based on the currently observable market environment.

(B) Credit Risk

Credit risk is the risk arising from credit exposure to customers, cash and cash equivalents held with banks and current and non-current held-to financial assets of the Company include trade receivables, employee advances, security deposits held with government authorities and bank deposits which represents Company's maximum exposure to the credit risk.

With respect to credit exposure from customers, the Company has a procedure in place aiming to minimise collection losses. Credit Control team assesses the credit quality of the customers, their financial position, past experience in payments and other relevant factors. The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including default risk associate with the industry and country in which customers operate. Credit quality of a customer is assessed based on an extensive credit rating scorecard and individual credit limits are defined in accordance with this assessment. With respect to other financial assets viz., loans & advances, deposits with government and banks, the credit risk is insignificant since the loans & advances are given to employees only and deposits are held with government bodies and reputable banks. The credit quality of the financial assets is satisfactory and the company does not expect to provide for any credit losses.

Credit risk on trade receivables and other financial assets is evaluated as follows:

(iii) Significant estimates and judgements

Impairment of financial assets:

The impairment provisions for financial assets disclosed above are based on assumptions about risk of default and expected loss rates. The company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period. During the current year, the company has not provided for expected credit loss.

(C) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and the availability of funding to meet obligations when due and to close out market positions. Company's treasury maintains flexibility in funding by maintaining availability under deposits in banks.

Management monitors cash and cash equivalents on the basis of expected cash flows.

Notes to the Financial Statements

(i) Financing arrangements:

All amounts in ₹ Lakhs, unless otherwise stated

The company had access to the following undrawn borrowing facilities at the end of the reporting period

Particulars	As at	
	31 March 2019	31 March 2018
Expiring within one year (bank overdraft and other facilities)	2,472.48	2,458.91

(ii) Maturities of financial liabilities Contractual maturities of financial liabilities as at :

Other financial liabilities	756.60	2,112.82	430.12	2,118.29
Total	3,882.78	4,627.93	1,357.06	4,610.75

(iii) Management expects finance cost to be incurred for the year ending 31 March 2019 is Rs. 609 Lakhs.

34. Capital management

A. Capital management and gearing ratio

For the purpose of the Company's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders. The primary objective of the company's capital management is to maximise the shareholder value.

The company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The company monitors capital using a gearing ratio, which is debt divided by total capital. The company includes within debt, interest bearing loans and borrowings.

Particulars	31 March 2019	31 March 2018
Borrowings		
Current	2,661.06	670.89
Non current	2,515.11	2,492.46
Current maturities of non- current borrowings	219.20	119.47
Debt	5,395.37	3,282.82
Equity		
Equity share capital	700.38	700.38
Other equity	39,939.08	35,835.94
Total capital	40,639.47	36,536.32
Gearing ratio in % (debt/ equity)	13.28%	8.99%

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings.

No changes were made in the objectives, policies or processes for managing capital during the years ended 31 March, 2019 and 31 March, 2018.

B. Dividends	All amounts in ₹ Lakhs, unless otherwise stated	
Particulars	31 March 2019	31 March 2018
Dividends recognised		
Final dividend for the year ended 31 March, 2018 (for year ended 31 March, 2017) of INR 3/- per fully paid share	420.23	420.23
For the year ended the directors have recommended the payment of a final dividend of INR 3.75 /- per fully paid equity share (March 31, 2018 - INR 3/-). This proposed dividend is subject to the approval of shareholders in the ensuing annual general meeting, hence the same is not recognised.	525.28	420.23

35. Segment information:

- a) The Company's Executive Chairman, Managing Director and Chief Financial Officer examine the Company's performance from a product perspective and have identified two operating segments viz., Cement Division and Power Division. Operations of both the segments are based only in India. As per the threshold limits prescribed under Ind AS 108 "Operating Segments", the management has identified one reportable segment "Cement Division". Other segment "Power Division" is below the threshold limits prescribed under Ind AS 108. Hence, segment reporting is not given.

b) **Information about products:**

Revenue from external customers - Sale of Cement : Rs. 64413.71 Lakhs

Revenue from external customers - Sale of Power: Rs. 561.39 Lakhs

- c) **The Company has not made any external sales to one customer meeting the criteria of 10% or more of the entity revenue.**
