## Management Discussion and Analysis Report

### I. Industry Structure and Developments:

India has large installed weaving capacity. The Shuttleless Looms developed in Europe, Japan and later by China have overcome the problems created by the dynamics of the picking mechanism on the conventional Fly Shuttle Looms and make use of entirely different methods of weft insertion. Air jet, Water jet, Rapier, Gripper (Projectile) and Multiphase are the various types of Shuttleless Weaving Machines. The weft insertion rates achieved are higher in Shuttleless Weaving Machines and use of electronics has eased the operation of weavers. The quality of cloth obtained in Shuttleless Weaving Machines is superior and acceptable in the international market.

#### A. Weaving Machinery and Spares:

The demand for high speed automatic 'C' type Shuttle Weaving Machines manufactured by the Company was affected due to advent of shuttleless technology. While the organized sector is choosing new Shuttleless Looms, the Power Loom sector is opting for more of used looms which are available at affordable prices. Thereby the market for the Company's 'C' type Shuttle Loom was eroded and only Spares and Accessories were manufactured during the year.

#### B. Other Engineering Services:

The demand for Parts for Machine Tools including Tool Holders depends upon the International Market and is price competitive.

### II. Opportunities and Threats:

#### A. Weaving Machinery and Spares:

The Government has extended the Textile Up-gradation Fund Scheme (TUFS) by granting capital subsidy of 10% on new weaving machines. The manufacture of Shuttleless Weaving Machines requires technology by payment of high technical know-how fee and heavy investment on Machinery and Equipment. Added to the techno economic viability, the threat of import of both new and used machines discourages the manufacture of quality indigenous Shuttleless Weaving Machines.

#### B. Other Engineering Services :

The orders from the Export Oriented Unit for supply of Parts for Machine Tools including Tool Holders are based on the export orders bagged by them. As the International Market for Parts for Machine Tools and Tool Holders is fluctuating the inflow of orders to the Company is not consistent.

### III. Segment wise or Product wise performance:

#### A. Weaving Machinery and Spares:

Due to lack of orders for 'C' type Shuttle Weaving Machines there was no production of Weaving Machines during the year. Only Spares and Accessories were manufactured amounting to Rs.115.69 lakhs during the year. The Income earned on utilization of idle Assets of the Company was Rs.384.27 lakhs.

#### B. Other Engineering Services :

The deemed export of Parts for Machine Tools including Tool holders during the year was Rs.143.17 lakhs.

**IV. Outlook:**

The income on utilization of the idle Assets of the Company will continue to be earned. New avenue of business in the Defence Sector in line with Make in India Vision is being explored to augment the revenue of the Company.

**V. Risks and Concerns:**

The manufacture of Shuttleless Weaving Machines requires heavy investment in capital equipment as well as in acquiring technology. The import of new and used weaving machines inhibits the development of indigenous Shuttleless Weaving Machines.

**VI. Internal Control System and the Adequacy:**

The Company has adequate internal control system commensurate with its size and nature of its business. The Management has overall responsibility for the Company's internal control systems to safeguard the assets and to ensure reliability of financial records. The Audit Committee reviews the Financial Statements and ensures adequacy of internal control systems.

**VII. Discussion of Financial Performance with respect to Operational Performance:**

The Company has achieved revenue of Rs.731.21 lakhs from operations including utilization of idle Assets of the Company and the net profit during the year was Rs.97.82 lakhs after providing Rs.70.27 lakhs for Taxation.

**VIII. Material development in Human Resources / Industrial relations front, including number of people employed:**

The number of employees engaged during the year were in line with the operational requirement of the company. The relations with labour was cordial during the year. The permanent employees on Roll as on 31-03-2016 were fifty (50).

## LAKSHMI AUTOMATIC LOOM WORKS LIMITED

### **Annexure B - To the Independent Auditors' Report of even date on the Standalone Financial Statements of Lakshmi Automatic Loom Works Limited**

**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of **Lakshmi Automatic Loom Works Limited** ("the Company") as of March 31, 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal controls over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the "Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### **Meaning of Internal Financial Controls Over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable

assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of Management and Directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

#### **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
