OVERVIEW OF ECONOMY

Economic growth is projected to remain strong, hovering around 7.5%. Private consumption will be boosted by expected large increases in public wages and declining inflation. Investment will pick up gradually as excess capacity fades, deleveraging continues for corporations and banks, and infrastructure projects mature.

Inflation is above the long-term target and public debt is high, leaving little room for accommodative policies. However, some monetary impulse is to come as recent cuts in policy rates are passed on to consumers and investors. The renewed commitment for fiscal consolidation is welcome but the quality of public finances should be improved by increasing tax revenue and tilting the spending mix towards physical and social infrastructure. Creating more and better quality jobs is the key to inclusive growth and requires modernizing labour laws and making further progress in the ease of doing business.

PERFORMANCE HIGHLIGHTS & OUTLOOK

The retail market of Audio / Video has been completely phased out during the year. Both Sales as well as revenue have been declined significantly in the retail business segment whereas online business has been improved a bit. The Company is in process to use online business tools instead of expanding its retail business. In term of hardware and software business, the same has also been reduced significantly during the year due to low cost invention from Chinese market as well as due to reduced profit margin on sales of these items. MANAGEMENT DISCUSSION & ANALYSIS

MACRO ECONOMIC ENVIRONMENT

The Economic Survey 2015-16 presents an optimistic picture of Indian economy stating that amidst the gloomy landscape of unusual volatility in the international economic environment, India stands as a haven of stability and an outpost of opportunity. It says the country's macro-economy is stable, founded on the government's commitment to fiscal consolidation and low inflation.

The Survey underlines that India's economic growth is amongst the highest in the world, helped by a reorientation of government spending toward needed public infrastructure. Describing these achievements as remarkable, the Survey emphasizes that the task is now to sustain them in an even more difficult global environment. The Survey further states that the country's performance reflects the implementation of number of meaningful reforms. There is palpable and pervasive sense that corruption at the center has been meaningfully addressed which has been reflected in transparent auctions of public assets. FDI has been liberalized across the board and vigorous efforts have been undertaken to ease the cost of doing business.

REVIEW OF OPERATIONS

At standalone level, gross revenue for the year from the operations stood at ₹ 21868.46 lac compared to ₹ 50328.95 lac for the previous year. PBT margin stood at ₹ 28.79 lac in comparison to the last year figure of ₹ 148.46 lac. Net Profit after extra-ordinary items stood at ₹ 14.59 lac in comparison to last year profit of ₹ 89.19 Lac.

In term of Segmental Operations, the Company has earned a Profit before Tax (PBT) of ₹ 7.39 lac from Mobile Application Software (MVAS) and Hardware, ₹ 2.10 lac from Music CDs and Studio Rent, ₹ 1.30 lac from Investment Activities, and ₹ 18.00 lac from other business activities.

BUSINESS SEGMENT

During the year, the Company was into the business of Music Recording (Entertainment Industry), trading in Hardware and Software (Mobile Applications), sale of music CDs through online portal and in its retail outlets or through franchisees, renting of recording studio as well as investment activities in capital market in accordance with the Accounting Standard 17 notified by Companies (Accounting Standards) Rules 2006.

SEGMENT WISE PERFORMANCE

MVAS Software & Hardware Segment

The gross revenue in the segment was of ₹ 21830.03 lac, downfall of 55.33% in comparison to last years' figure of ₹ 48864.62 lac. Profit margin from said activities stood at ₹ 53.98 lac in comparison to previous years' figure of ₹ 53.98 lac and thus a decline of around 86.31% in comparison to previous financial year.

Music Activities & Recording Studio

The Company's performance in the segment has been reduced significantly during current financial year. The Company has earned a profit of ₹ 2.10 lac only in comparison to last years' profit of ₹ 40.56 lac from this segment. The decline was because of introduction of online sale of music as well as invention of latest equipments in recording studio.

Income from Investment in Shares & Securities

The Company has earned a net profit of ₹ 1.30 lac in the segment. This earning was in spite of increased volatility and fall in clientele participation in securities market.

OPPORTUNITIES

The music industry looks quite different from how it did a few years back. It may be said to be the only industry that has kept changing itself without waiting for the completion of a decade. The artists have already ensured to win the combat with piracy by releasing the songs digitally, which also eases their purchase. While the latter part of the 20th century had music album purchase as a norm; we can now enjoy cherry-picking the sound tracks we love and buy just those.

If you wonder what the person next to you on the bus or train wearing headphones and looking at their mobile screen is listening to, it is probably the new radio – a streaming service.

According to the music business body the British Phonographic Industry (BPI), Britons streamed almost double, as internet connectivity improves and becomes pervasive.

Compared to buying music downloads, streaming services have a number of advantages. Listeners can range over millions of tracks – the “universal jukebox”, create and share playlists socially, discover new artists effortlessly through “artist radio”, and listen anywhere (even downloading temporarily for times when their smartphone gets no signal).

THREATS & CONCERNS

The problem with streaming services, though, is that they seem remarkably ineffective at persuading people to hand over their money. If they are the new radio, well, who pays to listen to the radio? and unlike radio, advertising cannot cover the cost of the service.

Mark Mulligan of Media Consulting who has a long track record watching the music business, reckons there are only about 35 million paying subscribers worldwide for all streaming services, out of more than a billion potential users.

The main problem is that for each song streamed, the service has to pay a set amount to the record labels; the more songs streamed, the greater the payment, creating a cost barrier that never shrinks. Spotify says it pays out 70% of its revenues to artists.

That could be about to change with the arrival of Apple. Its acquisition of Dr. Dre’s Beats was seen as a defensive move after a dramatic fall in iTunes music downloads and revenues.

HUMAN RESOURCES

The Company recognizes that its success is deeply embedded in the success of its human capital. During 2015-2016, the Company continued to strengthen its HR processes in line with its objective of creating an inspired workforce. The employee engagement initiatives included placing greater emphasis on learning and development, launching leadership development programme, introducing internal communication, providing opportunities to staff to seek inspirational roles through internal job postings, streamlining the Performance Management System, making the compensation structure more competitive and streamlining the performance-link rewards and incentives.

CORPORATE SUSTAINABILITY AND SOCIAL RESPONSIBILITY

The provision of the Section 135 and Schedule VII of the Companies Act, 2013 as well as the provisions of the Companies (Corporate Social Responsibility Policy) Rules, 2014 effective from April 1, 2014 relating to CSR Initiatives are not applicable to the Company.

COMPLIANCE

The Compliance function of the Company is responsible for independently ensuring that operating and business units comply with regulatory and internal guidelines. The Compliance Department of the Company

is continued to play a pivotal role in ensuring implementation of compliance functions in accordance with the directives issued by regulators, the Company's Board of Directors and the Company's Compliance Policy. The Audit Committee of the Board reviews the performance of the Compliance Department and the status of compliance with regulatory/internal guidelines on a periodic basis.

The Company has complied with all requirements of regulatory authorities. No penalties/strictures were imposed on the Company by stock exchanges or SEBI or any statutory authority on any matter related to capital market during the last three years.

ANNEXURE A TO INDEPENDENT AUDITORS' REPORT

Referred to in paragraph 10(f) of the Independent Auditors' Report of even date to the members of JMD Ventures Limited on the consolidated financial statements for the year ended March 31, 2016

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act

1. In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2016, we have audited the internal financial controls over financial reporting of JMD Ventures Limited (hereinafter referred to as "the Holding Company") and its subsidiary company and its associate company incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

2. The respective Board of Directors of the Holding company and its Group incorporated in India, are responsible for establishing and maintaining internal financial controls based on "internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI)". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that
- pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
 - provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
 - provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Holding Company and its Group, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

9. Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to one subsidiary company, which is company incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India. Our opinion is not qualified in respect of this matter.

JMD Broadcasting Private Limited in which the parent company has more than one-half of the voting power of an enterprise or where the parent company controls the composition of the board of directors. In accordance with AS 27 Financial Reporting of Interests in Subsidiary Company, notified under sec 133 of the Companies Act, 2013, read with paragraph 7 of the Companies (Accounts) Rules 2014, the Company has accounted for its proportionate share of interest in Subsidiary Company by the proportionate consolidation method.

These financial statements have been prepared in accordance with the generally accepted accounting principles in India under the historical cost convention on accrual basis. Pursuant to section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014, till the standards of accounting or any addendum thereto are prescribed by Central Government in consultation and recommendation of the National Financial Reporting Authority, the existing Accounting Standards notified under the Companies Act, 1956 shall continue to apply. The said notification read with Rule 3(2) of the Companies (Accounting Standards) Rules, 2006 is applicable to accounting period commencing on or after the date of notification i.e. 1st April 2016.”

All the assets and liabilities have been classified as current or non-current as per the Company’s normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalent, the Company has ascertained its operating cycle to be 12 months for the purpose of current- non-current classification of assets and liabilities.

1.2 Basis of preparation

The financial statements of the Parent Company and its subsidiaries have been consolidated on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after eliminating intra-group balances, intra-group transactions and the unrealised profits.

The financial statements of the Parent Company and its subsidiaries have been consolidated using uniform accounting policies.

The financial statements of the entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent company i.e. year ended 31st March 2016.

The Consolidated Financial Statements for the year ended 31st March 2016 have been prepared on the basis of the financial statements of the following subsidiary entity.

- M/s. JMD Broadcasting Private Limited

1.3 Use of Estimates

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognized in the periods in which the results are known / materialize.

1.4 Tangible Fixed Assets:

Fixed assets are carried at cost less accumulated depreciation and impairment losses, if any. The cost of fixed assets includes interest on borrowings, if any, attributable to acquisition of qualifying fixed assets up to the date the asset is ready for its intended use and other incidental expenses incurred up to that date.

1.5 Depreciation on tangible fixed assets:

Depreciation on fixed assets is calculated on a written down basis using the rates arrived at based on the useful lives estimated by the management.

Till the year ended 31st March 2015, Schedule XIV to the Companies Act, 1956, prescribed requirements concerning depreciation of fixed assets. From the current year 2015-16, Schedule XIV will be replaced by Schedule II to the Companies Act, 2013.

1.6 Intangible Assets

Intangibles assets are stated at cost less accumulated amortisation. Intangible assets are amortized on a straight line basis over the estimated useful economic life. The Company uses a rebuttable presumption that the useful life of an intangible asset will not exceed ten years from the date when the asset is available for use. All intangible assets are assessed for impairment whenever there is an indication that the intangible asset may be impaired.

1.7 Investments:

Long-term investments and investments in subsidiary companies are carried at cost less provision for other than temporary diminution in the carrying value of each investment.

Current investments are stated at the lower of cost and fair value. Long-term investments are stated at cost. A provision for diminution is made to recognise a decline, other than temporary, in the value of long-term investments. Investments are classified into current and long-term investments.

Investments that are readily realisable and are intended to be held for not more than one year from the date, on which such investments are made, are classified as current investments. All other investments are classified as non-current investments.

1.8 Valuation of Inventories:

Inventories are valued at the lower of cost and net realizable value. Net realizable value (NRV) is the estimated selling price in the ordinary course of the business, less the estimated costs of completion and the estimated costs necessary to make the sale. Cost of inventories comprises all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. The cost of all categories of inventory is determined using weighted average cost method.

1.9 Cash & Cash Equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into cash and have original maturities of three months or less from the date of purchase, to be cash equivalents.

1.10 Impairment of Assets

An asset is treated as impaired when the carrying cost of assets exceeds its recoverable value. An impairment loss is charged to Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognized in prior accounting period is reversed if there is a change in the estimated recoverable value.

1.14 Contingent Liabilities & Provisions

A provision is recognised when there is a present obligation as a result of a past event, it is probable that an outflow of resources will be required to settle the obligation and in respect of which reliable estimate can be made.
