In compliance with Accounting Standard AS-28 relating to "Impairment of Assets", the company has reviewed the carrying amount of its fixed assets as at the end of the year. During the year prior to the previous financial year the valuation of the various assets of the company situated at our mill site including the factory building and premises was carried out by a registered valuer in connection with various financial facilities granted by our banker. Although the report was submitted by the valuer to the bank directly in accordance with his norms of appointment it is significant to note that neither the bank has communicated any adverse remarks on such assets nor have they expressed any concern regarding the current state of such assets till date. Based on the strategic plans and such valuation of the fixed assets of the company, no impairment of assets is envisaged at the balance sheet date.

FINANCIAL VIABILITY OF COMPANY

As it has been pointed out in the auditor's report that there has been complete erosion of net worth due to closure of our mill. It is expected that once we are able to start operations the losses can be made up .

MANAGEMENT DISCUSSION & ANALYSIS REPORT

INTRODUCTION

The endurance of tough phase continued during the past year. Although we continue our search for a solution yet it has not materialized but we remain in positive frame of mind so that we shall be start afresh once again.

INDUSTRY AND OUTLOOK

The total installed capacity of paper in India is approximately 12 million tons. The industry is highly fragmented with over 700 mills. Only 50 mills have capacity of 50,000 TPA. While India accounts for nearly 15 per cent of the world population, it consumes only 3% of the global paper production. At about 9 kgs, the country's per capita paper consumption is low as compared to the world average of around 55 kgs. Although India is rated as one of the fastest growing paper markets the growth in Indian paper industry during 2013-14 was moderate and is likely to be so in 2014-15 also due to sluggish economic activity. However, As per projections, the paper and paperboards industry is expected to cross 20 MTPA by 2020 and 40 MTPA by 2030 with an annual growth rate of between 7-8%.

Over the years, in line with the improvement in the wellbeing of people and rising literacy and aspiration levels, paper usage has increased. The estimated turnover of the industry is Rs. 35,000 crores approximately and the industry provides employment to more than 370,000 people directly and 1,300,000 indirectly.

RISK AND CONCERNS

As in other industries there are various risks associated with the paper industry. In order to minimize the risks we have adopted a systematic course by resorting to SWOT analysis.

SWOT ANALYSIS

STRENGTHS i) Opportunity for starting afresh ii) Complete overhauling of infrastructure iii) Clear vision for future with stronger foundations.	WEAKNESS i) Greater cost aspects. ii) Substantial timeframe will be involved iii) Achieving optimum efficiency with new team
OPPORTUNITIES i) Diversification ii) Good growth potential iii) Govt thrust for improving literacy	THREATS i) Environmental threats ii) Poor infrastructure iii) Competition from abroad

OPPORTUNITIES

Over the years, the global printing industry has grown making giant strides through improved equipment (scope, technology and speed). The Indian publishing sector is one of the largest in the world; the country is counted among the top-seven publishing nations.

The size of the Indian publishing and printing industry is estimated at USD 1.9 billion and USD 25 billion, respectively. The size of the Indian book printing market is estimated at about Rs.7,000 crores and projected to touch Rs10,000 crores by 2016. Moreover, India is emerging as an outsourcing hub of publishing and printing services, the country accounting for a 60 percent share of the global publishing outsourcing business. This robust growth in printing and publishing sector leaves immense scope for the Indian paper industry to grow at a pace in line or even ahead of GDP growth. Demand for W&P (writing and printing paper) is projected to grow at 6.5-7% CAGR from 3.8 MTPA in 2012-13 to 5.3 MTPA by 2017-18. Strong growth is expected in the copier, coated and maplitho segments. Rise in office space absorption is likely to translate into stronger demand for high-quality copier paper from the office printing segment and hence the share of copier paper in the total demand pie for W&P will increase from 17 percent in 2012- 13 to around 20 percent in 2017-18.

INDEPENDENT AUDITORS' REPORT

**To the Members of
Agio Paper & Industries Limited**

We have audited the accompanying financial statements of **Agio Paper & Industries Limited ("the Company ")**, which comprise the Balance Sheet as at March 31, 2014 and the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's responsibility for the financial statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956 ("the Act") read with general circular 15/2013 dated 13th September 2013 by Ministry of Company Affairs in respect of section 133 of the Companies Act 2013. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Basis for Qualified Opinion

The Paper Factory of the Company is under shut down since 6th October 2010 to fulfil certain pollution control measures as enumerated in note no. 2.20.F in the financial statements. The power plant and the new paper mill are also kept under capital work in progress due to reasons mentioned in the note.

As further explained in note no 2.20.G, based on the future plans and valuation of fixed assets, the management of the Company is not envisaging any impairment loss in fixed assets of the Company as at the balance sheet date as per the requirements of Accounting Standard AS- 28 on "Impairment of Assets". However in absence of any certainty towards crystallization of future plans of the Company or a binding sale agreement at arm's length basis indicating the amount obtainable from sale of fixed assets, we are unable to comment on the quantum of impairment loss on the fixed assets, if any, at the balance sheet date.

The impact of the above on the financial statements therefore could not be determined.

Qualified Opinion

In our opinion and to the best of our information and according to the explanations given to us, *except for the effects of the matter described in the basis of qualified opinion paragraph*, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- a) in the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2014;
- b) in the case of the Statement of Profit and Loss, of the **loss** for the year ended on that date; and
- c) in the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

Emphasis of Matter

Without qualifying our opinion, we draw our attention to note no. 2.20.E regarding preparation of financial statements of the Company on a going concern basis notwithstanding the fact that its net worth is completely eroded. During the year the Company has incurred net loss of Rs. 576.64 lacs and has also defaulted in repayment of instalments of term loans and interest accrued thereon. The appropriateness of the said basis is interalia dependent on the Company's ability to infuse requisite funds for meeting its obligations, repayment of term loans and resuming normal operations.

Report on other legal and regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2003 ("the Order"), as amended, issued by the Central Government of India in terms of sub-section (4A) of section 227 of the Act, we give in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the Order.
2. As required by section 227(3) of the Act, we report that:
 - a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b) In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books.
 - c) The Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - d) *Except for the effects of the matter described in the basis for qualified opinion paragraph*, in our opinion, the Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement comply with the Accounting Standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956 read with general circular 15/2013 dated 13th September 2013 by Ministry of Company Affairs in respect of section 133 of the Companies Act 2013;
 - e) On the basis of written representations received from the directors as on March 31st, 2014, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31st, 2014, from being appointed as a director in terms of clause (g) of sub-section (1) of section 274 of the Companies Act, 1956.
