MANAGEMENT DISCUSSION AND ANALYSIS REPORT

OVERVIEW OF BEARING INDUSTRY:

Indian economy grew smartly at 8.6% in 2008-09 and 8.9% in 2010-11. However rising consumption coupled with supply constrains led to near double digit inflation in 2010-11. This forced the RBI to stringent monetary policy throughout 2012. High interest cost, tight liquidity situation accompanied by weak sentiments led to reduce consumption and investment. The growth forecast continuously revised downwardly from the first estimate of 7.5% GDP growth during financial year 2012-13. The GDP growth decelerated from 5.5% in quarter first of 2012-13 to 5.3% in quarter two of 2012-13 and it falls near to 5%, the lowest since decade.

On the whole the financial year remained a year of economic uncertainty and weak sentiments. The Government measure tries to stabilize economy and revive sentiments in right direction and it seems that this will have a positive effect in medium to long term.

The demand development in year 2012-13 almost remains stagnant like in the year 2011-12. The said demand is estimated in range of 80-85 billions. Import comprises about 40% of bearing demand in India. Over the last few years, import from China has significantly increased.

Rolling bearings are mainly used in automotive and industrial sectors which constitute approximately 35% of the total bearing demand. The automotive growth slowed down in year 2012-13 as compared to the previous year. Rising interest rates and fluctuating fuel prices coupled with negative global and local economic sentiments have been the main reasons for the slowdown.

Despite the current subdued mood in automobile sector, medium and long term prospects of the automobile industry remain positive.

Index of industrial production showed negative development almost throughout the year. The production of capital goods such as machineries and equipments, electrical machinery etc contracted due to slow down in investment, decline in new projects and increasing global competition.

In the infrastructure industries, production of coal, natural gas and fertilizers were below the expectation. The large numbers of public and private projects have been delayed due to issues related to regulatory authorities.

STRENGTH:

The Directors are well experienced and technically qualified with well succession plan. The Company is in this line of business for more than 34 years and enjoys its brand name in the market. The Company has wide market network with established customer base. The Company is able to obtain skilled workmen at comparatively lower cost. The Company is profit making one and self performance is improving year after year.

OPPORTUNITIES:

Over the last few months Indian government has taken several measures to stabilize the economy by reducing current deficit. It has also induced various regulatory authorities to improve investment sentiments. This stability measure will ensure that economic growth will slowly improve. We expect 2014 better than 2013.

THREATS:

Bearing industry is capital intensive. Lower economic development could lead to under utilization of expensive resources and lesser absorption of fixed cost.

At the same time bearing industry remains competitive and always faces dumping of cheap bearings by Chinese manufacturers which always causes a serious threat to the industry.

Continual increase in raw material and consumables is another area of threat.

Increase in labor cost will have to be matched by corresponding increase in productivity to retain compositeness of industry.

Counterfeit bearing products accounting for about 20% to 25 % were sold in the replacement market. These fake products of inferior quality represent threat not only to organized sectors but to global customer as whole. Your Company is taking active measures to protect "AEC" brands. Your Company continues to focus on quality and technology innovations besides further developing application engineering and R & D capabilities to strengthen the competitiveness.

SEGMENT WISE PERFORMANCE:

The Company primarily operates in two segments of activities, namely, 'Bearings' and 'Power' which are used in wide range of applications across industries. The volatility and turbulence in the economy, higher input cost, and production cuts planned in the industry has adversely affected the production and demand curves and the trend continued throughout the year. Their present performance and future prospects have been given separately in Directors' Report.

INTERNAL CONTROL SYSTEMS:

The Company has a sound system of internal controls for financial reporting of various transactions and compliance with relevant laws, rules and regulations. The Company has well documented policies, procedures and authorization guidelines commensurate with the level of responsibility and standard operating procedures specific to the business.

The Internal Audit Department has extensive audit programs for the year. The post audit checks and reviews are also carried out to ensure follow up on the observations made by the Audit Committee. The Audit Committee reviews the internal audit reports and the adequacy of internal controls periodically and takes corrective action as and when necessary.

BUSINESS STRATEGY AND OUTLOOK:

“AECL” is the leading manufacturer of all types of anti-friction bearings and it offers wide range of varieties to the different segments of people.

The Company blend optimism with caution as it looks ahead to short term future. Easing of inflation and liquidity will set better chance for investment and consumption.

At the Company level, the majority of product range is the import substitute and there is like hood to increase our sale on export front. A number of steps for strict cost control and improving efficiency and production at all levels have been taken which is expected to further enhance the performance of Company in the years to come. At the core of “AECL”, technical up gradation and advancement is a perpetual effort soliciting involvement of the top management which itself endeavors to encourage new development, continuous quality improvement and strong desire to prove that your Company’s technology is proficient to compete with any top technologically advanced organization and thus, resulting in unshakeable customer confidence in India and abroad for “AEC” bearings.

The Company is trying to focus on sharpening its competitiveness and offering various product- mixes which is totally market driven.

The Company restricts its export domain only to the most quality-conscious market like the United States and European Union which accounts majority of its revenue. We have 100% subsidiary in the USA which also acts on marketing front. What may come as a surprise to the most is that, despite our very modest size, we have the widest range of bearings in the domestic market, weighing from 50 Gms to over 500 Kgs.

We manufacture bearings for demanding applications. It is among a handful of customized bearing manufacturer worldwide producing bearings of 1800mm diameter.

Ours special bearing range includes:

1. Steel Plant bearings
2. Mining Equipment.
3. Material handling equipment.
4. Bearings for cement, sugar, paper and other continuous process industry
5. Special bearings for high speed heavy duty turbines (used in power plants)
6. Oilfield applications
7. Agro-machinery
8. Gear Box
9. Motor/Pumps

HUMAN RESOURCES AND INDUSTRIAL RELATIONS:

The Company believes that the quality of its employees is the key to its success in the long run and therefore is committed to provide necessary human resource development and training opportunities to equip them with skill, enabling them to adapt to contemporary technological advancements. Industrial relations during the year continued to be cordial, the Company is committed to maintain good relations through negotiations and meetings and the company encourages its employees to be ‘entrepreneurial’ and focus on experimenting and being innovative.

The performance linked bonus and rewards were instituted, which not only helped to improve productivity but also brought the culture of healthy competitive performance within the organization. The gap between existing and desired skills has been filled up in the employees through training and development.

CAUTIONARY STATEMENT:

Certain statements in the Management Discussion and Analysis describing the Company’s objectives, projections, estimates, expectations or predictions may be ‘forward-looking statements’ within the meaning of applicable securities laws and regulations. Actual results could differ from those expressed or implied therein. Important factors that could make a difference include raw material availability and prices thereof, cyclical demand and pricing in the Company’s principal markets, changes in government regulations and tax regime, economic developments within India and the countries in which the Company conducts business and other incidental factors. The Company will not be in any way responsible for any actions based on such statements and undertakes no obligation to publicly update these forward looking statements to reflect subsequent events or circumstances.

INDEPENDENT AUDITORS' REPORT

To,
The Members of
AUSTIN ENGINEERING CO. LTD.

Report on the Financial Statements

We have audited the accompanying Financial Statements of Austin Engineering Company Limited ("the company") which comprise the Balance Sheet as at **31st March, 2013**, the Statement of Profit and Loss and Cash Flow Statement for the year then ended and a summary of significant accounting policies and other explanatory information.

Management's Responsibilities for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India including Accounting Standards referred to in Section 211(3C) of the Companies Act, 1956 ("the Act"). This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedure selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments the auditor considers, internal control relevant to the company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also include evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India :

- (a) in the case of the Balance sheet, of the state of affairs of the Company as at **31st March, 2013**;
- (b) in the case of the Statement of Profit and Loss, of the **Profit** for the year ended on that date; and
- (c) in the case of the Cash Flow Statement, of the Cash Flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

The company has prepared these financial statements to comply in all material respects with the accounting standards notified under the Companies (Accounting standards) Rules, 2006, (as amended) and the relevant provisions of the Companies Act, 1956. The Financial statements have been prepared on an accrual basis and under the historical cost convention. except where specifically stated.

2.1 Significant Accounting policies :

a. Fixed Assets & Depreciation :

1. Fixed assets are stated at cost less depreciation. Cost of acquisition or construction is inclusive of duties, taxes and other incidental expenses.

Depreciation on assets is provided on the basis of Straight Line Method at the rates prescribed in Schedule XIV of the Companies Act,1956.In respect of the assets added during the Period, the depreciation is provided on pro-rata basis from the date of such assets first put to use till the end of the financial year. No depreciation is charged on assets sold during the year.

2. Intangible Assets amortized as follows :

Trademark is amortized over the useful life estimated by the management.

b. Inventories :

Inventories are valued at the lower of cost and net realizable value. Cost is determined on the weighted average basis and where applicable, includes the cost of material (net of available Cenvat credit), labour and factory overheads. Finished products also include excise duty on products manufactured.

c. Cenvat :

Cenvat benefit is accounted for by reducing the purchase cost of the materials/fixed assets.

d. Foreign Currency Transaction :

Initial recognition :

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Conversion :

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

Exchange difference :

Monetary items denominated in Foreign Currencies at the year end and not covered by forward exchange contract are translated at year end rates and those covered by forward exchange contracts are translated at the rate ruling at the date of transaction as increased or decreased by the proportionate difference between forward rate and exchange rate on the date of transaction, such difference having been recognized over the life of the contract.

All exchange differences are recognized as income or as expenses in the period in which they arise except monetary item in a non-integral foreign operation and long term foreign currency monetary items of a fixed assets.

e. Retirement benefits :

- A) Company's contributions Payable during the year to the Government Provident fund and ESIC, which are defined contribution schemes, are charged to the Profit & Loss Account.
- B) Gratuity and leave encashment which are defined benefits, are accrued based on actuarial valuation at the balance sheet date, carried out by an independent actuary.
- C) Actuarial gains/losses in respect of defined benefits are immediately taken to Profit & Loss account and are not deferred.

f. Excise :

Excise Duty has been accounted on the basis of, both, payments made in respect of goods cleared as also provision made for goods lying in bonded warehouse.

g. Dividend :

Dividend whenever proposed by the Board of Directors as appropriation of profits are provided for in the books of account, pending approval of the shareholders at the annual general meeting.

h. Contingent liability :

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The company does not recognize a contingent liability but disclose its existence in the financial statements.

Liabilities in respect of Show Cause Notices received are considered as contingent liabilities only when they are converted into demands and contested by the Company.

i. Investment :

Investments are classified into long term investment. Investments are stated at cost. A provision for diminution is made to recognize a decline, other than temporary, in the value of long term investments.

j. Export Incentives :

Export Incentives relating to DEPB Licenses and Duty draw back are accounted in the year of export on accrual basis considering the realizable value thereof.

k. Revenue Recognition :

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognized.

Sales of goods

Revenue from sales of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer, usually on delivery of the goods. Sales include excise duty, sales tax and value added tax.. Excise duty deducted from revenue (gross) is the amount that is included in the revenue (gross) and not the entire liability arising during the year.

Interest

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head "other income" in the statement of profit and loss.

Dividend Income

Dividend income is recognized when the company's right to receive dividend is established by the reporting date.

l. Earnings Per Share :

Basic earning per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

m. Provisions :

A provision is recognized when the company has a present obligation as a result of past event, It is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed of each reporting date and adjusted to reflect the current best estimate.

Where the company expects some or all of a provision to be reimbursed, for example under and insurance contract, the reimbursement is recognized as separate asset but only when the reimbursement is virtually certain. The expenses relating to any provision is presented in the statement of profit and loss net of any reimbursement.

n. Cash and cash equivalents :

Cash and cash equivalents for the purpose of cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.

o. Taxation :

Tax expenses comprises current and deferred tax. Current Income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdiction where the company operates. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the report date. Current income tax relating to items recognized directly in equity is recognized in equity and not in the statement of profit and loss.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date. Deferred income tax relating to items recognized directly in equity is recognize in equity and not in the Statement of profit and loss.

The deferred tax asset and deferred tax liability is calculated by applying tax rate and tax rules that have enacted or substantially enacted by the Balance Sheet date. Deferred tax assets arising mainly on account of brought forward business losses and unabsorbed depreciation allowance under tax laws, are recognized only if there is a virtual certainty of its realization. Deferred tax assets on account of other timing differences are recognized only to the extent there is a reasonable certainty of its realization. At each balance sheet date, the carrying amount of deferred tax assets are reviewed to re-assure realization.

p. Derivative instruments and hedge accounting :

The company uses foreign exchange forwards contracts to hedge its exposure to movements in foreign exchange rate. This foreign exchange forward contracts is not used for trading or speculation purposes. The accounting policies for forward contracts is based on whether it meet the criteria for designation as effective cash flow hedges. To designate the forward contract as an effective cash flow hedge, the company objectively evaluates with appropriate supporting documentation at the inception of the each contract whether the contract is effective in achieving offsetting cash flows attributable to the hedged risk. Effective hedge is generally measured by comparing the cumulative change in the fair value of the hedge contracts with a cumulative change in the fair value of the hedged item.

For forward contracts that are designated as effective cash flow hedges, the gain or loss from the effective portion of the hedge is recorded and reported directly in the share holders' fund (under the head "hedging reserve") and are reclassified into the profit & loss account upon the occurrence of the hedged transactions.

The company recognizes gains or losses from changes in fair value of forward contracts that are not designated as effective cash flow hedges for accounting purposes in the profit and loss account in the period the fair value changes occur.

q. Segment reporting :

The company's operating businesses are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serve different markets. The analysis of geographical segments is based on the areas in which major operating division of the company operate.

AUDITORS' REPORT ON THE CONSOLIDATED FINANCIAL STATEMENT

**Independent Auditors' Report
To The Board of Directors of
Austin Engineering Company Limited**

Report on the Consolidated Financial Statements:

1. We have audited the accompanying consolidated financial statements of AUSTIN ENGINEERING COMPANY LIMITED (the "Company") and its subsidiaries (collectively referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2013, the Consolidated Statement of Profit and Loss and the Consolidated Cash Flow Statement for the year then ended and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements:

2. Management is responsible for the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with accounting principles generally accepted in India including Accounting Standards referred to in Section 211(3C) of the Companies Act, 1956 ("the Act"). This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility:

3. Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.
4. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Group's preparation and presentation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion:

5. In our opinion and to the best of our information and according to the explanations given to us, and based on consideration of the report of the other auditors on the financial statements / consolidated financial statements of the subsidiary as noted below, the consolidated financial statements give a true and fair view in conformity with the accounting principles generally accepted in India:
 - (a) in the case of the Consolidated Balance Sheet, of the state of affairs of the Group as at March 31, 2013;
 - (b) in the case of the Consolidated Statement of Profit and Loss, of the profit of the Group for the year ended on that date and
 - (c) in the case of the Consolidated Cash Flow Statement, of the cash flows of the Group for the year ended on that date.

Other Matters:

6. We did not audit the financial statements / consolidated financial statements of subsidiary, whose financial statements reflect total assets (net) of Rs. 9,06,21,409/- as at March 31, 2013, total revenues (net) of Rs. 15,67,87,655/- and net cash flows amounting to Rs. 67,75,308/- for the year ended on that date. These financial statements / consolidated financial statements have been audited by other auditor whose reports have been furnished to us and our opinion, is based solely on the reports of the other auditors.

Our opinion is not qualified in respect of other matters.

Notes forming part of the Consolidated Financial Statement as at 31st March, 2013.

1. BACKGROUND

1.1 Overview :

Austin Engineering Company Limited ('Austin' or 'the company'), a publicly held company together with its subsidiary Accurate Engineering Inc. USA ('Accurate') (Collectively 'the Group') is primarily engaged in the Business of Bearings.

Consolidated financial statements have been prepared to meet the requirements of Clause 32 of Listing Agreement with the Stock Exchange.

1.2 Basis of Consolidation :

The consolidation of accounts is done in accordance with the requirements of Accounting Standard – 21 (AS-21). 'Consolidated Financial Statement' issued by The Institute of Chartered Accountants of India. The Consolidated Financial Statements ('CFS') include the financial statement Of Austin Engineering Company Ltd., and its wholly owned foreign Subsidiary company Accurate Engineering Inc. - USA.

'Accurate' is a wholly owned subsidiary of 'Austin'. 'Accurate' provides Sale of Goods as well as Marketing and distribution Services for the finished products of 'Austin'.

1.3 Principles of Consolidation :

The Consolidated Financial Statements of the Group have been prepared based on a line-by-line consolidation of Profit & Loss Account & Balance Sheet.

All inter company balances and transactions within the group are eliminated on consolidation in terms of AS – 21.

The accompanying financial statements for the year ended 31st March, 2013, have been prepared incorporating Accounting Policies of the parent company under the historical cost conversion, in compliance with Indian Generally Accepted Accounting Practice ('GAAP') comprises with mandatory and relevant Accounting Standards (AS) issued by the Institute of Chartered Accountants of India ('ICAI') in compliance with the provisions of Companies Act, 1956.

1.4 Foreign Currency Translation :

The reporting currency of the company is the Indian rupee. The reporting currency of the Company's foreign subsidiary is US Dollars.

Transactions arising in foreign currency are reported at exchange rate at the date of transaction. Exchange difference arising on a monetary item that, in substance, forms part of an enterprise's net investments in a non-integral foreign operation are accumulated in a foreign currency translation reserve.

For the purpose of consolidation, income and expenses are translated at average rates and the assets and liabilities are stated at closing rate. The net impact of such change is disclosed under Foreign Exchange Translation Reserve.

1.5 Use of Estimates :

The Consolidated Financial Statements include the accounts of the Company and its subsidiary company. The preparation of consolidated financial statement requires management to make estimate and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities as of the date of financial statements, and the reported amount of revenues and expenses during the reporting year. The estimates and assumption used in the accompanying financial statements are based upon management's evaluation of the relevant facts and circumstances as of the date of financial statements. Actual results may differ from the estimates used in preparing the accompanying financial statements.

2. Significant Accounting Policies on consolidated accounts.

a. Fixed Assets & Depreciation :

1. Fixed assets are stated at cost less depreciation. Cost of acquisition or construction is inclusive of duties, taxes and other incidental expenses.

Depreciation on assets is provided on the basis of Straight Line Method at the rates prescribed in Schedule XIV of the Companies Act, 1956. In respect of the assets added during the period, the depreciation is provided on pro-rata basis from the date of such assets first put to use till the end of the financial year. No depreciation is charged on assets sold during the year.

2. Intangible Assets amortized as follows:

Trademark is amortized over the useful life estimated by the management.

b. Inventories :

Inventories are valued at the lower of cost and net realizable value. Cost is determined on the weighted average basis and where applicable, includes the cost of material (net of available Cenvat credit), labour and factory overheads. Finished products also include excise duty on products manufactured.

c. Cenvat :

Cenvat benefit is accounted for by reducing the purchase cost of the materials/ fixed assets.

d. Foreign Currency Transaction :**Initial recognition :**

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Conversion :

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

Exchange difference :

Monetary items denominated in Foreign Currencies at the year end and not covered by forward exchange contract are translated at year end rates and those covered by forward exchange contracts are translated at the rate ruling at the date of transaction as increased or decreased by the proportionate difference between forward rate and exchange rate on the date of transaction, such difference having been recognized over the life of the contract.

All exchange differences are recognized as income or as expenses in the period in which they arise except monetary item in a non-integral foreign operation and long term foreign currency monetary items of a fixed assets.

e. Retirement benefits :

A) Company's contributions Payable during the year to the Government Provident fund and ESIC, which are defined contribution schemes, are charged to the Profit & Loss Account.

B) Gratuity and leave encashment which are defined benefits, are accrued based on actuarial valuation at the balance sheet date, carried out by an independent Actuary.

C) Actuarial gains/losses in respect of defined benefits are immediately taken to Profit & Loss account and are not deferred.

f. Excise :

Excise Duty has been accounted on the basis of, both, payments made in respect of goods cleared as also provision made for goods lying in bonded warehouse.

g. Dividend :

Dividend whenever proposed by the Board of Directors as appropriation of profits are provided for in the books of account, pending approval of the shareholders at the annual general meeting.

h. Contingent liability :

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The company does not recognize a contingent liability but disclose its existence in the financial statements.

Liabilities in respect of Show Cause Notices received are considered as contingent liabilities only when they are converted into demands and contested by the Company.

i. Investment :

Investments are classified as long term investments. Investments are stated at cost. A provision for diminution is made to recognize a decline, other than temporary, in the value of long term investments.

j. Export Incentives :

Export Incentives relating to DEPB Licenses and Duty drawback are accounted in the year of export on accrual basis considering the realizable value thereof.

k. Revenue Recognition :

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognized.

Sales of goods :

Revenue from sales of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer, usually on delivery of the goods. Sales include excise duty, sales tax and value added tax. Excise duty deducted from revenue (gross) is the amount that is included in the revenue (gross) and not the entire liability arising during the year.

Interest :

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head

"other income" in the statement of profit and loss.

Dividend Income :

Dividend income is recognized when the company's right to receive dividend is established by the reporting date.

I. Earnings Per Share :

Basic earning per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

m. Provisions :

A provision is recognized when the company has a present obligation as a result of past event, It is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed of each reporting date and adjusted to reflect the current best estimates.

Where the company expects some or all of a provision to be reimbursed, for example under an insurance contract, the reimbursement is recognized as a separate asset but only when the reimbursement is virtually certain. The expenses relating to any provision is presented in the statement of profit and loss net of any reimbursement.

n. Cash and cash equivalents :

Cash and cash equivalents for the purpose of cash flow statement comprises of cash at bank and in hand and short-term investments with an original maturity of three months or less.

o. Taxation :

Tax expenses comprises current and deferred tax. Current Income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdiction where the company operates. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the report date. Current income tax relating to items recognized directly in equity is recognized in equity and not in the statement of profit and loss.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date. Deferred income tax relating to items recognized directly in equity is recognize in equity and not in the Statement of profit and loss.

The deferred tax asset and deferred tax liability is calculated by applying tax rate and tax rules that have enacted or substantially enacted by the Balance Sheet date. Deferred tax assets arising mainly on account of brought forward business losses and unabsorbed depreciation allowance under tax laws, are recognized only if there is a virtual certainty of its realization. Deferred tax assets on account of other timing differences are recognized only to the extent there is a reasonable certainty of its realization. At each balance sheet date, the carrying amount of deferred tax assets are reviewed to re-assure realization.

p. Derivative instruments and hedge accounting :

The company uses foreign exchange forwards contracts to hedge its exposure to movements in foreign exchange rate. This foreign exchange forward contracts is not used for trading or speculation purposes. The accounting policies for forward contracts is based on whether it meet the criteria for designation as effective cash flow hedges. To designate the forward contract as an effective cash flow hedge, the company objectively evaluates with appropriate supporting documentation at the inception of the each contract whether the contract is effective in achieving offsetting cash flows attributable to the hedged risk. Effective hedge is generally measured by comparing the cumulative change in the fair value of the hedge contracts with a cumulative change in the fair value of the hedged item.

For forward contracts that are designated as effective cash flow hedges, the gain or loss from the effective portion of the hedge is recorded and reported directly in the share holders' fund (under the head "hedging reserve") and are reclassified into the profit & loss account upon the occurrence of the hedged transactions.

The company recognizes gains or losses from changes in fair value of forward contracts that are not designated as effective cash flow hedges for accounting purposes in the profit and loss account in the period the fair value changes occur.

q. Segment reporting :

The company's operating businesses are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serve different markets. The analysis of geographical segments is based on the areas in which major operating division of the company operate.
