#### **CHAIRMAN'S MESSAGE**

Dear Shareholder, Greetings from Kings Infra!

I extend to you all a hearty welcome to the 34th Annual General Body Meeting of our Company. On this occasion, let me begin by first remembering Dr J Alexander, Independent Director on our Board, who left us for his heavenly abode in January 2022. I acknowledge his contributions in guiding our Board meetings with his vast experience and insightful wisdom. Our Company is well founded on the principles of our founder, Late Sri Baby John, who believed in building a socially-responsible business and taught us to live our dreams with Courage, Conviction and Commitment. As we are emerging from the pandemic disruptions, the strength of any successful organisation is to adapt to the new normal, face the new challenges and emerge with innovative capabilities to bring in transformational changes in our planning our road map ahead As you are all aware, our Company pioneered the Blue Revolution in the country as early as 1987 by establishing the first semi-intensive integrated aquaculture project at Tuticorin. Keeping up the pioneering spirit, our Company has developed several innovative proprietary technologies in the field of sustainable aquaculture.

As a result of our pursuit for perfection, I am happy to announce that our company has created a world record by harvesting the biggest sized L Vannamei Shrimps in pond based Aquaculture in Jan 2022.

We will continue to strive hard to maintain the Technology Leadership with a view to transform Indian Aquaculture.

Our strategy will be to grow the entire value chain in our aquaculture operations.

The company is also increasing its processing capacities and expanding its footprint in the global markets.

A well thought out strategy is in place for farm to fork integration and establishing in the domestic food retail business by introducing KINGFRESH and KING BENTO brands.

With a view to future proof the aquaculture industry, we are setting up The "Baby John Centre of Excellence" with a vision to train 10000 aqua-entrepreneurs that will support India to be the world leader in aquaculture by the year 2030.

We are also working with International technology leaders, research institutions and universities to bring in cutting edge technologies in food production systems.

We have successfully completed proof of concepts 1 and 2 with NEC corporation Japan to develop Precision aquaculture using AI, IOT, Machine learning and automation.

We are continuing our work with Dr J. Jayalitha Fisheries university for developing Open Pond Recirculatory system for Penaeid species.

We also have entered into a technology licence agreement with CIFT for producing Ready to Cook and Ready to serve seafood as well as Chitin and other extractions from Shrimp shells and heads which are being wasted now.

In our roadmap ahead, the Company has created two new subsidiaries, namely Kings SISTA360 Solutions Private Limited and Kings Maritech Eco Park Limited.

SISTA360 is a digital platform to introduce sustainable technologies, practices and operating procedures to support Indian aquaculture.

Kings Maritech Eco Park is a first ever eco-friendly mariculture tech park for Indoor precision aquaculture bringing all facilities in one campus. These two new initiatives will develop sustainable aquaculture as the way forward for supporting the national policy of doubling the farmers' income.

The Company realises the urgent need for food production systems to be more sustainable, reduce carbon footprint, combat climate change, enhance prosperity and well being for all. With these in view, we have introduced the ESG (Environmental, Social and Governance) Strategy and have commenced on measurable, achievable and time bound plans closely aligned to the Sustainable Development Goals 2030..

Our entire business is repurposed to be a part of a Circular, Blue, Bio-economy which will provide healthy proteins to our growing population, increase rural incomes, women employment, entrepreneurship, multiply stakeholder benefits and above all, leave behind a better planet for our future generations.

I thank every one of the team members who have been a part in this phase of our growth. I thank my respected colleagues on the Board for their cooperation, encouragement and valuable guidance in our journey so far. I thank all our valuable shareholders for the trust you have reposed in us.

We wish you and your families a safe, healthy and prosperous period ahead.

#### THE INTRUCTIONS OF SHAREHOLDERS FOR REMOTE E-VOTING:

**Step 1:** Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

**Step 2:** Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.

(i) The voting period begins on 25th September 2022 at 9am and ends on 27th September 2022 at 5pm

During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date 21st September 2022 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.

- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholder's resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

**Step 1:** Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

(iv) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to abovesaid SEBI Circular, Login method for e-Voting for Individual shareholders holding securities in Demat mode CDSL/NSDL is given below:

#### STRATEGIC INITIATIVES

Kings Infra Venture Ltd, a technology-driven sustainable aquaculture company, has set a world record in the growth of pond-based aquaculture of L. Vannamei shrimps by harvesting shrimps weighing 80 gms (210 mm). L Vannamei commonly known as the whiteleg shrimp are native to the eastern Pacific Ocean, from the Mexican state of Sonora to as far south as northern Peru. The maximum size which the species can grow in the natural ocean habitat at an age of 12-14 months as per the FAO, as well as other research organisations, is a maximum of 230 mm, with a maximum Carpice Length of 9 cm. To achieve similar growth in a pond-based aquaculture system in a period of 100-130 days is an incredible feat according to experts. The average size of harvested shrimps is 18-20 gm in the normal aqua farms. The record-breaking growth was achieved in normal earthen ponds by applying SISTA360 protocols developed by the R&D wing of the Kings Infra.

Pursuant to the provisions of the Companies Act, 2013 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, a separate exercise was carried out to evaluate the performance of individual Directors of the Board who were evaluated on parameters such as level of engagements and contribution and independence of judgment thereby safeguarding the interest of the Company. The performance evaluation of the Independent Directors was carried out by the entire Board. However directors who were subject to evaluation did not participate. The performance evaluations of Non-Independent Directors were carried out by the independent Directors. The Director express their satisfaction with the evaluation process.

Pursuant to the provisions of the Companies Act, 2013 and Regulation 17 of the Listing Regulations, the Board has carried out the annual evaluation of its own performance, its Committees and Directors individually. A structured questionnaire was prepared after circulating the draft forms, covering various aspects of the Board's functioning such as adequacy of the composition of the Board and its committees, Board culture, execution and performance of specific duties, obligations and governance.

The performance of the Board was evaluated on the basis of various criteria such as composition of the Board, information flow to the board and its dynamism, strategic issues, roles and functions of the Board, relationship with the management, engagement with the Board and external stakeholders and other development areas.

The performance of the Committees was evaluated after seeking the inputs of committee members on the criteria such as understanding the terms of reference, Committee composition, Independence, contributions to Board decisions, etc.

The performance of the individual Directors was evaluated after seeking inputs from all the Directors other than the one who is being evaluated. The evaluation was based on the criteria such as Director's knowledge and understanding of their role, Company's vision and mission, market potential, Director's Commitment, qualification, skill and experience, openness in communication, fulfillment of the independence criteria as specified in these regulations and their independence from the management (in case of Independent Directors) etc. subject to the schedule IV of the Companies Act, 2013.

The performance of the Board Chairperson was evaluated after seeking the inputs from all the Directors other than the Board Chairperson, on the basis of the criteria such as Chairperson's role, accountability and responsibilities, promotion of effective relationship and open communication, positive and appropriate working relationship with other executive directors, commitment, etc.

The Board evaluation report was submitted to the Board Chairperson and the Chairperson of Nomination and Remuneration Committee. The Board Chairperson discussed the outcome of evaluation of the individual Directors separately with them in detail.

#### SEPARATE MEETING OF THE INDEPENDENT DIRECTORS

The Company was regular in holding Independent Directors meeting, without the attendance of Non-Independent Directors and members of Management for discussing the following matters.

#### MANAGEMENT DISCUSSIONS AND ANALYSIS REPORT

#### **Economic Environment:**

The Global economy has just started showing signs of recovery from the challenges and effects of Covid-19 during 2020 & 2021. However the world has been hit by the worst humanitarian crisis of the recent past due change in regime in Afghanistan, followed by the unprecedented war in Ukraine, causing serious setbacks in global economic growth. Added to this, trade related issues with China, increased inflation due to slower economic growth will result in increased fuel and food prices globally.

At this juncture, during the first half of 2022, inflation all over the World started showing up throwing monetary prices out of gear. As a cascading effect of high inflation, the growth of the economy is hindered resulting in threat of resources in coming years.

India's growth coming off the pandemic saw strong momentum build up in the second quarter of the Fiscal 2022 with pent up demand driving strong growth, especially in the festive season.

#### **Industry Overview:**

The Global Marine Industry saw a recovery after a potentially challenging year that saw several production and supply related disruptions due to Covid-19. The key industries that contribute to the bulk of the market, i.e. HoReCa (Hotel, Restaurant & Cafe) and retail trade, both saw a return of consumers as restrictions were eased across the world.

During Fiscal 2022, India exported marine products to over 120 countries with the USA continuing to be the top destination for exports. Markets such as the European Union and China continued growing. With the global demand for animal protein turning more towards seafood, the past year saw a strong resurgence in demand from all quarters.

In India too, stable farm gate prices (at higher levels) has helped in enthusing the entire supply chain and production levels continued to rise at the end of Fiscal 2022.

#### **Business Overview:**

Our Company, is the architect of Blue Revolution 1.0 (1987-1997) has taken the lead in Blue Revolution 2.0 by providing technological edge for disrupting the country's aquaculture landscape to make it more sustainable aligned with the Sustainable Development Goals 2030.

Our Company is one the pioneers in the seafood and aquaculture business in the country and is the first in the country to introduce Japanese Technology for scientific aquaculture. We have our export business spread across highly regulated markets like Japan, China, EU and the US.

Kings Infra has a vast network of experts combined with a young and vibrant professional team which can take our business beyond the Seafood and Aquaculture into Infrastructure Development (predominantly for aquaculture), digital transformation, farm automation, commercialisation of research and technology extension.

#### **Strengths, Weakness, Opportunities and Threats:**

The growth of the Company is subject to opportunities and threats as are applicable to the industry from time to time. The Company foresees the opportunity in the domestic marketing, value added products, infrastructure development as well as research and development in seafood and aquaculture business.

#### Strengths:

Our Company has come out with a new technology driven business model, equipping farmers for a sustainable aquaculture production with a perception for doubling the aqua farmers' income. Kings Infra, has signed a pact with Tamil Nadu Dr. J. Jayalalithaa Fisheries University (TNJFU) Nagapattinam, Tamil Nadu for a collaborative project to develop standardised pondbased culture technique for commercially important marine species. The focus of the project is to help the small and marginal farmers to augment their income by helping them to adopt sustainable aquaculture practices, based on the model developed by the collaborative project between Kings Infra and TNJFU.

Kings Infra and NEC Corporation Japan achieved a remarkable landmark in Precision Aquaculture when the Proof of Concept (PoC) project using Recirculated Aquaculture System (RAS) based shrimp Aquaculture along with Artificial Intelligence and IOT was launched on 3rd May 2021.

Our Company has set a world record in the growth of pond-based aquaculture of L. Vannamei shrimps by harvesting shrimps weighing 80 gms (210 mm). To achieve similar growth in a pond-based aquaculture system in a period of 100-130 days is an incredible feat according to experts. The record-breaking growth was achieved in normal earthen ponds by applying SISTA360 protocols developed by the R&D wing of the Kings Infra.

The Industrial Technology Consultancy Organisation Tamil Nadu (ITCOT) would prepare the detailed project report (DPR) for the Kings Maritech Eco Park promoted by Kings Infra. The DPR covering the financial, ecological, technological, and social impacts of the project is expected to be completed in the immediate future.

#### Weakness:

The Aquaculture and Infrastructure business are mainly concerned about inadequate supply of power, water, availability of skilled workers, non-availability of various clearances, regulatory uncertainty and lack of clear policies. Similarly unanticipated project escalation costs due to the above mentioned hurdles also hamper the growth in profitability.

#### **Opportunities:**

With a long coastline and other geographical advantages, India has a competitive edge and is well suited for developing the Aquaculture industry. The success story of L. Vannamei could be replicated for other species of fish and thereby strengthen India's position in the seafood export markets, globally. Further, given its small presence currently, India could increase its market share in value added products going forward.

In the domestic market also, demand for packaged and frozen products has spiked as households look to stock up on non-perishable food at the expense of fresh seafood options. At the same time, online distributors are reporting increased interest as home- bound consumers explore retail alternatives.

#### **Threats:**

Aquaculture is heavily dependent on climatic conditions; floods, cyclones and other natural calamities can wreak havoc on the industry. Shrimp farming has two major seasons in India; the summer crop (March-July) accounts for 60% production, while the winter crop (July-November) accounts for the rest. Other areas of concern are 1) volatility of international prices of shrimps, 2) fluctuating foreign exchange rates, 3) Increasing Raw Material Costs, 4) Increasing Ocean Freights and 5) the US Anti-Dumping Duty. However, exploring the opportunities in development of potential domestic markets to support exports, strict adherence of traceability, scientific pond management, a judicious approach on prices and forex management is expected to reduce the impact of threats to a great extent.

One of the key threats for the Aquaculture Industry is the risk of disease, and in the present situation, any outbreak could threaten the long-term prospects of the Industry. Further, being situated near the coastline and water bodies, several parts of the supply chains are susceptible to the vagaries of nature such as cyclones. While natural calamities are difficult to prepare for, measures such as traceability and scientific pond management help reduce the impact of diseases.

#### **Risk Management:**

The Company's revenues are largely realised in foreign currency. Further, the nature of the business requires investment in working capital and therefore management of liquidity positions carefully.

#### Foreign Exchange Risk:

The exchange rate between INR and USD has changed substantially in recent years and may continue to fluctuate significantly in the future. While the Company does partially hedge its positions, the recent movements in currencies could mean that a certain portion of the risk could still impact profitability.

## **Liquidity Risk:**

The Company's approach to managing liquidity is to ensure, as far as possible, to have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to our reputation. The Company has thus far working on that ethos.

#### **Internal control systems:**

The Company has in place an adequate system of internal control commensurate with its size and nature of its business. These have been designed to provide reasonable assurance that all assets are safeguarded and protected against loss from unauthorised use or disposition and that all transactions are authorised, recorded, and reported correctly and the business operations are conducted as per the prescribed policies and procedures of the Company.

The Audit committee and the management have at periodic intervals, reviewed the adequacy of the internal control systems and suitable steps are taken to improve the same.

#### **Human Resource:**

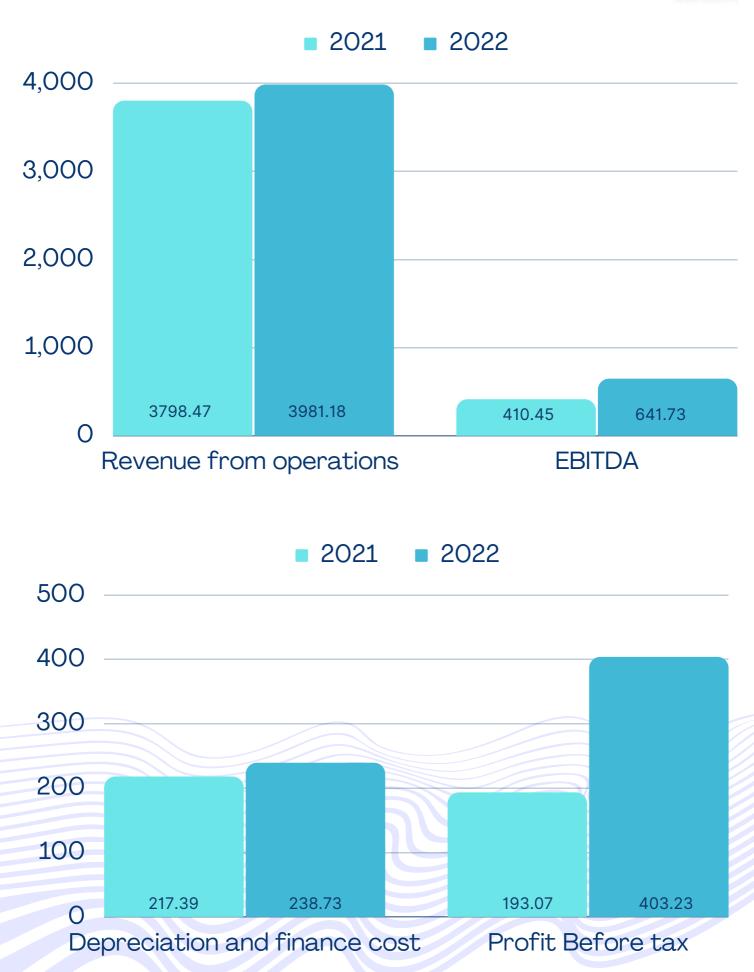

Human Resource Management is crucial to the Company's success. Regular training programmes were implemented by the Company to raise employee awareness and improve their skills. Periodic training, incentives, increments, and other welfare measures are important to the Company in order to maintain strong labour relations. The Company has devised all the safety measures prescribed by the Government in all the workplaces and has enabled work from home facilities for the employees.

## FINANCIAL PERFORMANCE

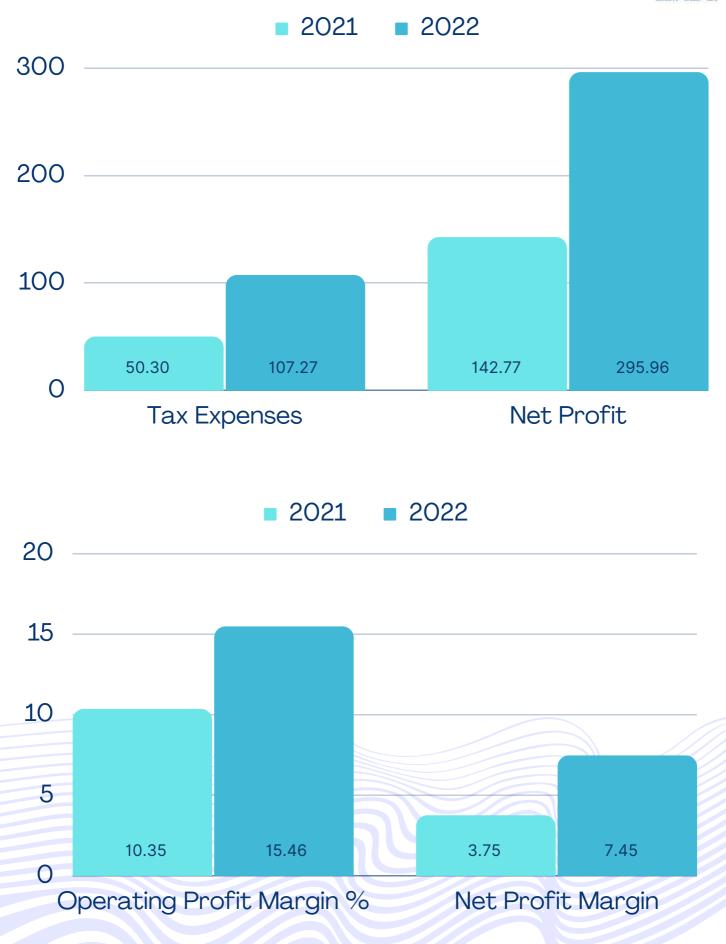

An overview of the financial performance is given in the Directors' Report. The Audit Committee constituted by the Board of Directors periodically reviews the financial performance and reporting systems.

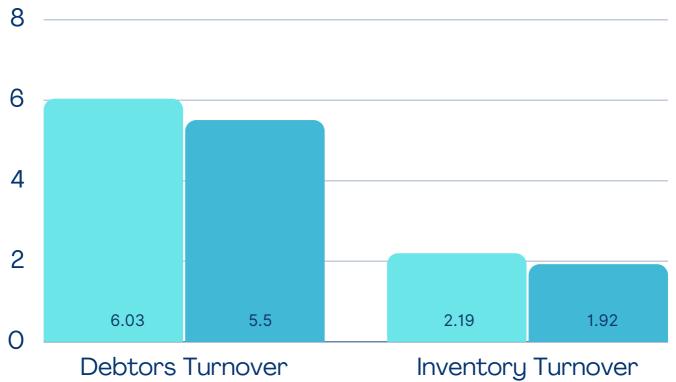

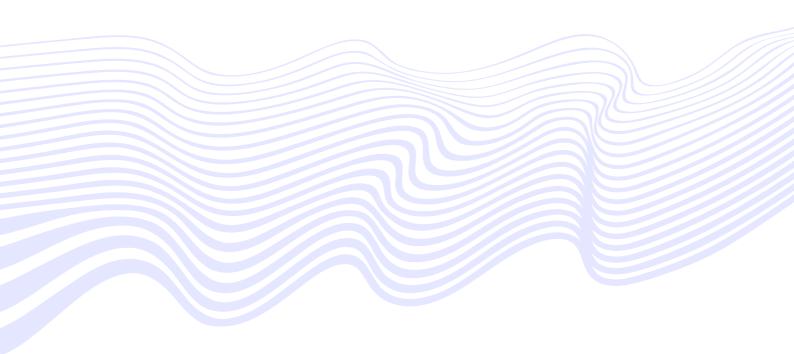

#### **ESG OVERVIEW**

Our Company is conscious of its role in ensuring the protection of the environment and it has adhered to all laid down principles of water conservation, making the supply chain more sustainable by guiding our key suppliers to incorporate sustainability initiatives into their operations etc.

We have introduced the ESG (Environmental, Social and Governance) initiatives and have commenced on measurable, achievable and time bound plans closely aligned to the Sustainable Development Goals 2030..

Our entire business is repurposed to be a part of a Circular, Blue, Bioeconomy which will provide healthy proteins to our growing population, Increase rural incomes, womens employment, entrepreneurship and above all leave behind a better planet for our future generations.

Further, our systems and processes are well planned to reduce wastage as well as effluents and use the by-product from one process as a resource for another process, thereby creating a zero waste, zero discharge production system in aquaculture.

All the facilities of the Company comply with the prescribed emission norms of State Pollution Control Boards and the emissions and waste generated during the financial year 2021-22 were within the permissible limits given by SPCB. The Company is engaged with its stakeholders and focuses on being responsive and proactive in communicating with them and is sensitive towards their needs and expectations. The Company is in the process of identifying the disadvantaged, vulnerable and marginalised stakeholders to be able to undertake special initiative based on the need of such stakeholders.

The Company undertakes various social initiatives in and around the vicinity of the Company's facilities. The Company engages in the activities independently or in such manner that it will complement the work being done by local authorities wherever necessary in such a manner, that the work executed by the Company will offer a multifold benefit to the community.

The Company constantly explores means to reduce energy consumption through vigilant energy management and through the adoption of emerging efficient renewable Technologies.

Sustainability and traceability of food production systems will play a very important role in future as consumers and markets will insist on knowing more about what they consume, how it is produced and whether the production has impacted the planet in an adverse manner. Consumers have started to pay a better price for sustainably produced food where the end to end traceability across the entire value chain is available.

The company, with its focus on sustainable and traceable aquaculture, is well positioned to use this opportunity to be a global leader in this sector by the end of this decade!

#### INDEPENDENT AUDITOR'S REPORT

To the Members of Kings Infra Ventures Limited,

Report on the Audit of the Standalone Financial Statements

## **Opinion**

We have audited the standalone financial statements of Kings Infra Ventures Limited ("the Company"), which comprise the Balance Sheet as at 31st March 2022, the Statement of Profit and Loss, the Statement of Changes in Equity and the Statement of cash flows for the year then ended and notes to the financial statements, including a summary of significant accounting policies and other explanatory information

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Ind AS prescribed under section 133 of the Act read with the Companies (Ind AS) Rules,2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2022, and its profit, changes in equity and its cash flows for the year ended on that date.

#### **Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to communicate in our report.

#### Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Director's Report, Corporate Governance Report, Management Discussion and Analysis Report, but does not include the financial statements and our auditor's report thereon. The annual report is expected to be made available to us after the date of this auditor's report. Our opinion on the standalone financial statements does not cover the other information and we will not express any form of assurance/conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions as per applicable laws and regulations.

## Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified in the Companies (Indian Accounting Standards) Rules, 2015 (as amended) under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

#### **Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also: Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion.

Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Companies Act 2013, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143 (3) of the Act, we report that:

We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

The Balance Sheet, the Statement of Profit and Loss, Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.

In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.

On the basis of the written representations received from the directors as on 31st March, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.

With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

The remuneration paid by the Company to its directors is not in excess of the limit laid down under section 197(16) of the Companies Act, 2013.

With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- The Company does not have any pending litigations which would impact its financial position.
- The Company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses.
- There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company
- With respect to clause (e) of Rule 11 of the Companies (Audit and Auditors) Rules, 2014.
- The Management has represented that, to the best of its knowledge and belief, as disclosed in the Note 37.8 to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any quarantee, security or the like on behalf of the Ultimate Beneficiaries.
- The Management has represented that, to the best of its knowledge and belief, as disclosed in the Note 37.8 to the accounts, no funds have been received by the Company from any person or entity, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) above contain any material misstatement.

The Company has not declared or paid any dividend during the year. Hence, the provisions of section 123 of the Companies Act, 2013 are not applicable to the Company.

- b) According to the information and explanations given to us, the company has not made any preferential allotment or private placement of shares or convertible debentures (fully/partly/optionally convertible) during the year. Therefore the provisions of clause 3(x)(b) of the Order are not applicable to the Company.
- a) Based upon the audit procedures performed and the information and explanations given by the management, we report that no fraud by the Company or on the Company has been noticed or reported during the year.
- b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.
- c) As represented to us by the management, there are no whistle blower complaints received by the

Company during the year.

The Company is not a Nidhi company as prescribed under Section 406 of the Companies Act, 2013. Accordingly, the reporting requirement under clause (xii) of paragraph 3 of the Order is not applicable.

In our opinion, all transactions with the related parties are in compliance with Sections 177 and 188 of Companies Act, 2013 where applicable and the details have been disclosed in the Financial Statements as required by the applicable Indian accounting standards.

- (a) In our opinion and based on our examination, the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered, the internal audit reports of the Company issued till date, for the period under audit in determining the nature, timing and extent of our audit procedures.

According to the information and explanations given to us, in our opinion, during the year the Company has not entered into any non-cash transactions with its Directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

- (a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.
- (b) In our opinion and according to the information and explanations given to us, the company has not conducted any Non-Banking Financial or Housing Finance activities without a valid CoR during the year.
- (c) The company is not a Core Investment Company (CIC) as defined in the Regulations made by the Reserve Bank of India. Therefore the provisions of clause 3(xvi)(c) of the Order are not applicable to the Company.
- (d) As per the information and explanations given to us, there are no core investment companies as defined in the regulations made by the Reserve Bank of India as part of its group and hence the reporting requirements under clause 3 (xvi)(d) of the Order are not applicable. The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.

There has been no resignation of the statutory auditors during the year. Accordingly, the reporting requirement under clause (xviii) of paragraph 3 of the Order is not applicable.

According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the Company as and when they fall due.

The provisions of section 135 of the Companies Act are not applicable to the Company and accordingly, reporting under clause 3(xx)(a) and 3(xx)(b) are not applicable to the company.

The Annexure referred to in our Independent Auditor's Report to the members of Kings Infra Ventures Limited on the Audit of Standalone Financial Statements for the year ended 31st March, 2022.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

## **Opinion**

We have audited the internal financial controls over financial reporting of Kings Infra Ventures Limited ("the Company") as of 31st March, 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022 based on the internal control over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the institute of Chartered Accountants of India ('ICAI').

## **Meaning of Internal Financial Controls Over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

## **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

## **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

## **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Fair Value Measurements

## (i) Fair Value Hierarchy

Financial assets and financial liabilities measured at fair value in the statement of financial position are grouped into three levels of a fair value

Level 1: Quoted prices (unadjusted) in active markets for financial instruments

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maxim Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

## Kings Infra Ventures Limited Notes forming part of the Financial Statements Note - 34.5 Financial Risk Management Policy Financial Risk Management Objective and Policies: The Company's principal financial liabilities comprise of loans and borrowings, trade and other payables and advances from customers. The main purpose of these financial liabilities is to finance the Company's operations, projects under implementation and to provide guarantees to support its operations. The Company's principal financial assets include Investment, loans and advances, trade and other receivables and cash and bank balances that derive directly from its operations. The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below. Market Risk Market risk is the risk that the fair value of future cash flows of financial assets will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk. Financial Assets affected by market risk include loans and borrowings and deposits. Foreign Currency Risk The Company's functional currency is Indian Rupees. The company undertakes transactions denominated in foreign currencies, consequently, exposure to exchange rate fluctuations arise. Foreign Currency Risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in a foreign currency). Foreign currency risk of the company is managed through a properly documented risk management policy approved by the board. Interest Rate Risk Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's short term debt obligations with floating interest rates. Credit Risk Management Credit Risk is the risk that a counter party will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to a credit risk from its operating activities( primarily trade receivables and advances to suppliers) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments. Liquidity Risk Management Liquidity risk refers to the risk of financial distress or extraordinary high financing costs arising due to shortage of liquid funds in a situation where business conditions unexpectedly deteriorate and requiring financing. The Company requires funds both for short term operational needs as well as for long term capital expenditure growth projects. The Company generates sufficient cash flow for operations, which together with the available cash and cash equivalents and short term investments provide liquidity in the short-term and long-term.
