- 4. Auditors' Report:**
As regards Auditor's remarks in the Audit report, comments of the Board of Directors are as under:

a) **Auditor Remark:**

The Company has sent letters to customers in respect of trade receivables for confirming balances as at March 31, 2019, but in most of the cases the customers have not sent written confirmation confirming the balance outstanding as at March 31, 2019. In the absence of confirmation, any provision to be made for adverse variation in the carrying amounts of trade receivable is not quantified.

Boards Comments on the same: *The Board considers all outstanding balance of customers as on 31st March, 2019 as good and recoverable except those considered doubtful and provided for during the financial year 2018-19.*

b) **Auditor Remark:**

The Company has sent balance confirmation letters to parties who are not covered in the register maintained under section 189 of the Companies Act, 2013, but in most of the cases the company have not received written confirmation confirming the balance outstanding as at March 31, 2019. Further in respect of loans granted, repayment of the principal amount was not as stipulated and payment of interest has also not been regular.

Boards Comments on the same: *The Company has received balance confirmation from some of the Companies and is vigorously following up with the rest of the borrowers. Company expects to receive balance confirmation from all the Companies to whomsoever advances have been given. Efforts are made to regularize arrears and recovery against overdue principal and interest.*

c) **Auditor Remark:**

The lender Bank of Bil Energy Systems Limited has pursuant to certain corporate guarantees given by the Company demanded from the Company their dues from Bil Energy Systems Limited amounting to Rs. 89.84 Crores. No provision has been made in the accounts for the probable loss that may arise on account of above demand of Rs. 89.84 crores.

Boards Comments on the same: *Bil Energy Systems Limited, the Borrower in whose favour the Company has given Corporate Guarantee to State Bank of India, has Informed the Company that they are in negotiation with the Lender Bank for settlement / Re-schedulement of dues and Hence no provision has been made in the account.*

d) **Auditor Remark:**

The company has not provided for interest payable to State Bank of India amounting to Rs. 4290.94 Lacs (on above loans) for the financial year 2018-2019. The company has also not made any provision for penal interest claimed by bank. As a result the loss for the year ended 31st March, 2019 is understated by Rs. 4290.94 Lacs & current liabilities as at 31st March, 2019 are also understated by Rs. 4290.94 Lacs. The amount of penal interest cannot be quantified as the details have not been received from the bank. Also for the financial year 2013-14 & 2014-15 & 2015-16 & 2016-17 the company has not provided for interest payable to State Bank of India accumulating to Rs. 15171.88 Lacs and as a result the accumulated losses in the Balance Sheet are understated by Rs. 19462.82 Lacs upto 31st March, 2019.

Boards Comments on the same: *Based on the Legal advice received by the Company, it has been decided not to provide any interest on liability of State Bank of India.*

e) **Auditor Remark:** The Company has not conducted periodic physical verification of inventory at reasonable intervals. In respect of traded stock at Mumbai Head Office, the details of finished goods stock storage location not available for our verification.

Board Comments on the same: *Management had properly observed the inventory at regular intervals.*

6. **Loan and Investment by Company:** Details of Loans, Guarantees and Investments covered under the provisions of Section 186 of the Companies Act, 2013, if any, are given in the notes to the Financial Statements.

7. **Particulars of contracts or arrangements with related parties:** The particulars of every contract or arrangements entered into by the Company with related parties referred to in sub-section (1) of section 188 of the Companies Act, 2013 including certain arms length transactions under third proviso thereto is given in Form No. AOC-2 as **Annexure 2.**

SECRETARIAL AUDIT REPORT

FORM NO. MR - 3

FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2019

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration personnel Rule, 2014)]

To,
The Members,
Bilpower Limited
B-11, Viral Shopping Center,
Mantriwadi, Sainath Road,
Malad - West, Mumbai - 400064

I have conducted the secretarial audit of the Compliance of applicable statutory provisions and the adherence to good corporate practices by Bilpower Limited (hereinafter called the Company). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conduct/Statutory compliances and expressing my opinion thereon.

Based on my verification of Bilpower Limited's books, papers, minute books, form and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the Financial year ended March 31, 2019, complied with the statutory provisions listed hereunder and also that the Company has proper Board- processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

I have examined the books, papers, minute books, form and returns filed and other records maintained by the Company for the financial year ended on March 31, 2019 according to the provisions of

- (1) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (2) The Securities Contracts (Regulation) Act, 1956 (SCRA) and the rules made thereunder;
- (3) The Depository Act, 1996 and the Regulations and bye-laws framed thereunder;
- (4) Foreign Exchange Management Act 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (5) The following Regulation and Guidelines prescribed under the Securities and Exchange Board of India Act 1992 ('SEBI Act'):-
 - a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;

 - f. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulation, 1993, regarding the Companies Act and dealing with client;
 - g. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; **(Not applicable to the Company during the Audit period)**

h. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018; **(Not applicable to the Company during the Audit period)**

- (6) Employees Provident Fund and Miscellaneous Provisions Act, 1952
- (7) Factories Act, 1948
- (8) Industrial Dispute Act, 1947

I have also examined Compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India.
- (ii) The SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 pursuant to listing agreement entered into by the Company with BSE Ltd (BSE) and National Stock Exchange of India Limited (NSE).

During the period under review the Company has complied with the provision of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

I further report that the Board of Directors of the Company is duly constituted with Proper balance of Executive Directors, Non Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all Directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarification on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through while the dissenting members' views are captured and recorded as part of the minutes.

I further report that the Company have not been complied the provisions of Section 186 of the Companies Act, 2013 in respect of loans, investments, guarantees and security.

Annexure 5**MANAGEMENT DISCUSSION & ANALYSIS REPORT****BACKGROUND:**

Bilpower is a "Power Engineering Solutions Company" primarily into the manufacturing of Transformers Cores & Lamination using Cold Rolled Grain Oriented (CRGO) steel. Our strength is sourcing CRGO in all grades. We guarantee the quality and losses for the transformers as required by our customers. We can process laminations utilizing the complete width of CRGO i.e. upto 1000 mm.

INDUSTRY SCENARIO:

Global energy demand is set to grow by 48% by 2040. In total, some 7200 gigawatts (GW) of capacity needs to be built to keep pace with increasing electricity demand while also replacing existing power plants due to retire by 2040 (around 40% of the current fleet). Globally, cumulative investment of USD 16.4 trillion is required from year 2014-2035 which comes to an average of USD 740 billion per year.

India has the fifth largest power generation capacity in the world. The country ranks third globally in terms of electricity production. In May 2018, India ranked 4th in the Asia Pacific region out of 25 nations on an index that measures their overall power. Electricity production in India reached 1,201.543 Billion Units (BU) during FY18.

India has surplus power generation capacity but lacks adequate infrastructure for supplying electricity to all needy people. In order to address the lack of adequate electricity supply to all the people in the country by March 2019, the Government of India launched a scheme called "Power for All". This scheme will ensure continuous and uninterrupted electricity supply to all households, industries and commercial establishments by creating and improving necessary infrastructure. It's a joint collaboration of the Government of India with states to share funding and create overall economic growth.

OPPORTUNITIES AND THREATS:

India has emerged as the fastest growing major economy in the world as per the Central Statistics Organisation (CSO) and International Monetary Fund (IMF). The factors driving this strong growth, despite the after-effects of demonetisation are: i) Reduction in banks' lending rates following a surge in cash deposits, which should aid a pick-up in discretionary consumer spending and investment demands of households, as well as investments by financially healthy corporates. ii) Strengthening external demand will play a more decisive role in supporting the domestic economy through the export sector.

On the other hand, some risks to the growth and inflation trajectory also persist, such as: i) Risk of fiscal slippage, accentuated by a spreading phenomenon of farm loan waivers. ii) Global political and financial risks materialising into imported inflation

OPERATING RESULTS OF THE COMPANY:

The Financial Statements have been prepared in compliance with the requirements of the Companies Act, 2013 and Indian Accounting Standards (AS) notified by the Companies (Accounts) Rules, 2015 as amended under section 133 of the Act.

The salient features of the Company's performance are:

- Total Sales of Rs 147.10Lacs.
- Net Profit of Rs. 80.05 Lacs.

As on 31st March, 2019, Bilpower Limited considers itself poised to cater to increased demand in the power sector with a growth in the bottom line also.

OUTLOOK FOR THE COMPANY:

The management is hopeful that the Company's business plan for the coming year would yield good results and the Company is hopeful of increased business activity coupled with better market demand of its products.

INTERNAL CONTROL AND ITS ADEQUACY:

In the Company, the Board of Directors is responsible for ensuring that internal financial controls have been laid down in the Company and that such controls are adequate and are functioning effectively. Bilpower Limited has policies, procedures, control frameworks and management systems in place that map into the definition of Internal Financial Controls as detailed in the Companies Act, 2013. These have been established at the entity and process levels and are designed to ensure compliance to internal control requirements, regulatory compliance and appropriate recording of financial and operational information.

Internal Financial Controls that encompass the policies, processes and monitoring systems for assessing and mitigating operational, financial and compliance risks and controls over related party transactions, substantially exist. The senior management reviews and certifies the effectiveness of the internal control mechanism over financial reporting, adherence to the code of conduct and Company's policies for which they are responsible and also the compliance to established procedures relating to financial or commercial transactions, where they have a personal interest or potential conflict of interest, if any.

HUMAN RESOURCES:

Your Company strongly believes that employees are central to the Company's transformation agenda and that it is important to build capabilities of employees to handle both current and future needs. During the year, the Company continued to work on identifying the needs of employees across all categories and level. The Company has built a strong team of qualified and competent professionals to meet the emerging business challenges and market competition.

RISK AND CONCERNS:

The Company has to mainly depend on the foreign suppliers for import of Electrical Steel. Any delay in procurement of the same would impact the financials of the Company. Further, fluctuations in the prices of Electrical Steel would also have an impact on the bottom line of the Company.

CAUTIONARY STATEMENT:

Statements in the Management Discussion and Analysis report, describing the Company's objectives, projections and estimates, are forward-looking statements and progressive within the meaning of applicable security laws and regulations. Actual results may vary from those expressed or implied, depending upon economic conditions, Government policies and other incidental/related factors.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF BILPOWER LIMITED,

Report on the Consolidated Financial Statements

We have audited the accompanying Consolidated financial statements of **BILPOWER LIMITED** ("the Company"), Tarapur Transformers Limited ("the Associate Company") which comprise the Consolidated Balance sheet as at March 31, 2019, Consolidated the Statement of Profit and Loss, Consolidated the Cash Flow Statement for the year then ended and a summary of significant accounting policies and other explanatory information (hereinafter referred to as 'the consolidated financial statements').

Management's Responsibility for the Consolidated Financial Statements

The Company's Management is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these consolidated financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified in the Companies (Accounts) Rules, 2015 (as amended) under Section 133 of the Act

These responsibilities also includes the maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial control, that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India. Those Standards and pronouncements require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls.

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Company's directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the financial statements.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act

We have audited the internal financial controls over financial reporting of Bilpower Ltd. ("the Company") as of March 31, 2019 in conjunction with our audit of the consolidated financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that-

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Qualified Opinion

According to the information and explanations given to us and based on our audit, the following weaknesses have been identified as at March 31, 2019.

- a) The Company did not have an appropriate internal audit system.
- b) The Company did not have an appropriate internal control system for inventory with regard to periodic verification of stock.

In our opinion, except for the possible effects of the weakness described above the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

CONSOLIDATED NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2019

STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES –

A. Corporate Information

Bilpower Limited (“Company”) is a public limited company incorporated and domiciled in India. Its shares are listed on Bombay Stock Exchanges and National Stock Exchange. The Registered office of Company is located at B-11, Viral Shopping Center, Mantirwadi Sainath Road, Malad (W), Mumbai – 400 064.

Bilpower is a “Power Engineering Solutions Company” primarily into the manufacturing of Transformers Cores & Lamination using Cold Rolled Grain Oriented (CRGO) steel.

The financial statements for the Company were authorized for issue by Company’s Board of Directors on May 27, 2019.

B. Basis of Consolidation

The consolidated financial statements relate to Bilpower Limited (the Company), and its associates.

I) Basis of Preparation of consolidated Financial Statements:

The financial statements have been prepared in accordance with the Generally Accepted Accounting principles in India to comply with the Accounting Standards prescribed under Section 133 of the Companies Act, 2013 and the relevant provisions of the Companies Act, 2013 (“the 2013 Act”)

II) Use of Estimates:

The preparation of financial statements requires use of estimates and assumptions that affect the reported amount of assets and liabilities and the disclosure of contingent liability on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Differences between the actual results and the estimates are recognized in the period in which the same identified/ materialized.

III) Principles of Consolidation:

The consolidated financial statements have been prepared on the following basis:

The financial statements of the associate used in the consolidated are drawn upto the same

i) Reporting date as of the Company i.e. year ended March 31, 2019.

The consolidated financial statements include the share of loss of the associate companies which has been accounted as per the ‘Equity method’, and accordingly, the share of loss of the associate company (the loss being restricted to the cost of investment) has been deducted from

ii) The cost of investment.

An associate is an enterprise in which the investor has significant influence and which is neither a subsidiary nor a joint venture of the investor.

C. Basis of Preparation of Financial Statements

These financial statements of the Company have been prepared in all material aspects in accordance with Indian Accounting Standards (Ind AS) as per rule 4 of The Companies (Indian Accounting Standards) Rules, 2015 notified under section 133 of Companies Act, 2013 (‘the Act’) and other relevant Provisions of the Act.

These financial statements have been prepared on an accrual basis and under the historical cost basis, except for the following assets and liabilities which have been measured at fair value or revalued amount wherever applicable :

Derivative financial instruments

Certain financial assets measured at fair value

Net defined benefit asset/liability at fair value of plan assets less present value of defined benefit obligations.

D. Current versus non-current classification:

The assets and liabilities in the balance sheet are presented based on current/non-current classification.

An asset is current when it is:

Expected to be realized or intended to be sold or consumed in normal operating cycle, or

Held primarily for the purpose of trading, or

Expected to be realised within twelve months after the reporting period, or

Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when it is:

Expected to be settled in normal operating cycle, or

Held primarily for the purpose of trading, or

Due to be settled within twelve months after the reporting period, or

There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are treated as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

Operating Cycle

Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

E. Property, plant and equipment

Freehold land is carried at historical costs. All other items of property, plant and equipment are stated at cost less accumulated depreciation and impairment loss, if any.

Cost includes cost of acquisition, installation or construction, other direct expenses incurred to bring the assets to its working condition and finance costs incurred up to the date the asset is ready for its intended use and excludes Cenvat / value added tax / Goods and Service Tax (GST) eligible for credit / setoff.

Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Like wise, when a major inspection is performed, its cost is

recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in the statement of profit or loss as incurred.

Capital work-in-progress in respect of assets which are not ready for their intended use are carried at cost, comprising of direct costs, related incidental expenses and attributable interest.

All identifiable revenue expenses including interest incurred in respect of various projects / expansion, net of income earned during the project development stage prior to its intended use, are considered as pre - operative expenses and disclosed under Capital Work -in-Progress.

Capital expenditure on Property, Plant and Equipment for research and development is classified under property, plant and equipment and is depreciated on the same basis as other property, plant and equipment.

Property, plant and equipment are eliminated from standalone financial statements, either on disposal or when retired from active use. Losses arising in the case of the retirement of property, plant and equipment and gains or losses arising from disposal of property, plant and equipment are recognized in the statement of profit and loss in the year of occurrence.

The company depreciates property, plant and equipment over their estimated useful lives using written down value method.

The estimated useful lives of assets are as follows:

Buildings (other than factory buildings) - RCC Frame Structures	60 years
Buildings (other than RCC Frame Structure) and Factory Buildings	30 years
Other Plant and Machinery	15 years
Office equipment	5 years
Furniture and Fittings	10 years
Computers and data processing units	3 years
Vehicles (motor cars)	8 years

Depreciation methods, useful lives and residual values are reviewed periodically, including at each financial year end.

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation on the property, plant and equipment is provided on straight line method, over the useful life of the assets, as specified in Schedule II to the Companies Act, 2013. Property, plant and equipment which are added / disposed off during the year, depreciation is provided on pro-rata basis. Premium on Leasehold lands are amortised over the period of lease. Building constructed on leasehold land are depreciated based on the useful life specified in Schedule II to the Companies Act, 2013, where the lease period of the land is beyond the life of the building. In other cases, building constructed on leasehold lands are amortised over the primary lease period of the lands.

The assets' residual values, useful lives and methods of depreciation are reviewed at each financial year end and adjusted prospectively, if appropriate.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

F. Intangible Assets

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the assets will flow to the Company and the cost of the assets can be measured reliably.

Intangible assets are stated at cost or acquisition less accumulated amortisation and impairment loss, if any.

Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in Statement of profit and loss in the period in which the expenditure is incurred.

Software is amortised over their estimated useful life on straight line basis from the date they are available for intended use, subject to impairment test.

The amortisation period and the amortization method for an intangible assets with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates.

Gains or losses arising from derecognition of an intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the assets is derecognised.

G. Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets:

Classification:

The Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss, on the basis of its business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

Initial recognition and measurement:

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent measurement:

For the purpose of subsequent measurement financial assets are classified in two broad categories:

Financial assets at fair value (FVTPL / FVTOCI)

Financial assets at amortised cost

When assets are measured at fair value, gains and losses are either recognised in the statement of profit and loss (i.e. fair value through profit or loss (FVTPL)), or recognized in other comprehensive income (i.e. fair value through other comprehensive income (FVOCI)).

Financial Assets measured at amortised cost

(net of write down for impairment, if any):

Financial assets are measured at amortised cost when asset is held within a business model, whose objective is to hold assets for collecting contractual cash flows and contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest. Such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method less impairment, if any. The losses arising from impairment are recognised in the Statement of profit and loss.

Financial Assets measured at Fair Value Through Other Comprehensive Income ("FVTOCI"):

Financial assets under this category are measured initially as well as at each reporting date at fair value, when asset is held within a business model, whose objective is to hold assets for both collecting contractual cash flows and selling financial assets. Fair value movements are recognized in the other comprehensive income.

Financial Assets measured at Fair Value Through Profit or Loss ("FVTPL"):

Financial assets under this category are measured initially as well as at each reporting date at fair value with all changes recognised in profit or loss.

Investment in Equity Instruments:

Equity instruments which are held for trading are classified as at FVTPL. All other equity instruments are classified as FVTOCI. Fair value changes on the instrument, excluding dividends, are recognised in the other comprehensive income. There is no recycling of the amounts from other comprehensive income to profit or loss.

Investment in Debt Instruments:

A debt instrument is measured at amortised cost or at FVTOCI. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVOCI, is classified as at FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognised in the Statement of profit and loss.

Derecognition of Financial Assets:

A financial asset is primarily derecognised when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

Impairment of Financial Assets:

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the financial assets that are debt instruments and trade receivables.

Financial Liabilities:

Classification:

The Company classifies all financial liabilities as subsequently measured at amortised cost or FVTPL.

Initial recognition and measurement:

All financial liabilities are recognised initially at fair value and, in the case of loans, borrowings and payables, net of directly attributable transaction costs.

Financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

Subsequent measurement:

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Derecognition of Financial Liabilities:

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

Derivative Financial Instrument:

The Company uses derivative financial instruments, such as forward currency contracts to mitigate its foreign currency risks. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative

H. Inventories

Raw materials and packing materials are valued at lower of cost and the net realisable value, cost of which includes duties and taxes (net off CENVAT, VAT and Goods and Service Tax (GST) wherever applicable). Cost of imported raw materials and packing materials lying in bonded warehouse includes customs duty. Finished products including traded goods and work-in-progress are valued at lower of cost and net realizable value. Cost is arrived on moving weighted average basis.

The cost of Inventories have been computed to include all cost of purchases, cost of conversion, appropriate share of fixed production overheads based on normal operating capacity and other related cost incurred in bringing the inventories to their present condition.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses.

Slow and non-moving material, obsolesces, defective inventory are fully provided for and valued at net realisable value.

Goods and materials in transit are valued at actual cost incurred up to the date of balance sheet. Materials and other items held for use in production of inventories are not written down, if the finished products in which they will be used are expected to be sold at or above cost.

I. Cash And Cash Equivalent

Cash and Cash Equivalents comprise of cash on hand and cash at bank including fixed deposit/ highly liquid investments with original maturity period of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

J. Cash Flow Statement

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flow from operating, investing and financing activities of the Company are segregated.

K. Foreign Currency Transactions

Revenue Transactions denominated in foreign currencies are normally recorded at the exchange rate prevailing on the date of the transaction.

Monetary items denominated in foreign currencies at the year-end are re-measured at the exchange rate prevailing on the balance sheet date. Non-monetary foreign currency items are carried at cost.

Any income or expense on account of exchange difference either on settlement or on restatement is recognised in the Statement of Profit and Loss.

L. Revenue Recognition

Revenue from sale of goods is recognised, when all significant risks and rewards are transferred to the buyer, as per the terms of contracts and no significant uncertainty exists regarding amount of the consideration that will be derived from the sale of goods.

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made.

Revenue is measured at the fair value of the consideration received or receivable. Amount disclosed as revenue are inclusive of excise duty, excluding Goods and Service tax (GST), sales tax or value added taxes or service taxes or duties collected on behalf of the government, and net of returns, trade discount/allowances, rebates, and amounts collected on behalf of third parties.

Revenue from sale of technology / know how (rights, licences and other intangibles) are recognised when performance obligation is completed as per the terms of the agreement. Incomes from services are recognised when services are rendered.

Dividend income is recognised when right to receive dividend is established. Interest income is recognised on time proportion basis.

Insurance and other claims are recognised as a revenue on certainty of receipt on prudent basis. Export benefits available under prevalent schemes are accounted to the extent considered receivable.

M. Employee Benefits

All employee benefits payable wholly within twelve months rendering service are classified as short term employee benefits. Benefits such as salaries, wages, short-term compensated absences, performance incentives etc., and the expected cost of bonus, ex-gratia are recognized during the period in which the employee renders related service.

N. Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

O. Lease

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception date, whether fulfillment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right to use the asset, even if that right is not explicitly specified in an arrangement.

Assets acquired on leases where a significant portion of the risks and rewards of ownership are retained by lessor are classified as operating leases. Leases rentals are charged to the statement of profit and loss on straight line basis.

P. Government Grants

Government grants are initially recognized as deferred income at fair value if there is reasonable assurance that they will be received reasonable assurance that they will be received associated with the grant;

In case of capital grants, they are then recognised in Standalone Statement of Profit and Loss as other income on a systematic basis over the useful life of the asset.

In case of grants that compensate the Company for expenses incurred are recognised in Standalone Statement of Profit and Loss on a systematic basis in the periods in which the expenses are recognised.

Export benefits available under prevalent schemes are accrued in the year in which the goods are exported and there is no uncertainty in receiving the same.

Q. Earnings Per Share

Basic earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

R. Income Taxes

Income tax expense comprises current and deferred income tax. Income tax expense is recognized in net profit in the statement of profit and loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in other comprehensive income. Current income tax for current and prior periods is recognized at the amount expected to be paid to or

recovered from the tax authorities, using the tax rates and tax laws that have been enacted by the balance sheet date. Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Minimum Alternate Tax ('MAT') credit is recognised as deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the period for which the MAT credit can be carried forward for set-off against the normal tax liability. MAT credit recognised as an asset is reviewed at each Balance Sheet date and written down to the extent the aforesaid convincing evidence no longer exists.

S. Dividends to Shareholders

Annual dividend distribution to the shareholders is recognised as a liability in the period in which the dividends are approved by the shareholders. Any interim dividend paid is recognised on approval by Board of Directors. Dividend payable and corresponding tax on dividend distribution is recognised directly in equity.

T. Provisions, Contingent Liabilities, Contingent Assets and Commitments General

Provisions (legal or constructive) are recognized when the Company has a present obligation (legal or constructive) as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made.

Provisions (excluding retirement benefits and compensated absences) are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

If there is any expectation that some or all of a provision to be reimbursed, the reimbursement is recognised as a separate asset but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any virtually certain reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risk specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liability is disclosed in the case of:

- a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation;
- a present obligation arising from past events, when no reliable estimates is possible;
- a possible obligation arising from past events, unless the probability of outflow of resources is remote.

Contingent liabilities are not recognised in the standalone financial statements. Contingent assets are neither recognised nor disclosed in the financial statements.

Commitments include the amount of purchase order (net of advances) issued to parties for completion of assets and Non-cancellable operating lease.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date.

Asset Retirement Obligation

Asset retirement obligations (ARO) are provided for those operating lease arrangements where the Company has a binding obligation at the end of the lease period to restore the leased premises in a condition similar to inception of lease. ARO are provided at the present value of expected costs to settle the obligation using discounted cash flows and are recognised as part of the cost of that particular asset. The cash flows are discounted at a current pre-tax rate that reflects the risks specific to the decommissioning liability. The unwinding of the discount is recognised in the income statement as a finance cost. The estimated future costs of decommissioning are reviewed annually and adjusted as appropriate. Changes in the estimated future costs or in the discount rate applied are added to or deducted from the cost of the asset.

U. Fair Value Of Financial Instruments

The Company measures financial instruments at fair value in accordance with the accounting policies mentioned above. Fair value is the price that would be received to sell an assets or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized.

For financial assets and liabilities maturing within one year from the balance sheet date and which are not carried at fair value, the carrying amounts are more or less equal to the fair value due to the short maturity of these instruments.

V. Recent accounting pronouncements Standards issued but not yet effective

The Ministry of Corporate Affairs in March 2018 has re-notified Ind AS 115, Revenue from Contracts with Customers. Earlier, this Standard was omitted and two other standards, Ind AS 11, Construction Contracts and Ind AS 18, Revenue had been notified in its place. Now, after re-notification of Ind AS 115, Ind AS 11 and Ind AS 18 would be redundant. Ind AS 115 deals with recognition of revenue arising from sale of goods, rendering of services, interest, royalties and construction contracts. It is a converged form of IFRS 15, Revenue from Contracts with Customers. Ind AS 115 shall be applied from financial years beginning on or after 1st April, 2018.

These amendments are not expected to have any impact on the Company.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF **BILPOWER LIMITED**,

Report on the Financial Statements

We have audited the accompanying financial statements of **BILPOWER LIMITED** ("the Company"), which comprise the Balance sheet as at March 31, 2019, the Statement of Profit and Loss, the Cash Flow Statement for the year then ended and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Management is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified in the Companies (Accounts) Rules, 2015 (as amended) under Section 133 of the Act

These responsibilities also includes the maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial control, that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India. Those Standards and pronouncements require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls.

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Company's directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the financial statements.

Basis for Qualified Opinion**(a) With regard to pending confirmation of balances of trade receivable.**

The Company has sent letters to customers in respect of trade receivables for confirming balances as at March 31, 2019, but in most of the cases the customers have not sent written confirmation confirming the balance outstanding as at March 31, 2019. In the absence of confirmation, any provision to be made for adverse variation in the carrying amounts of trade receivable is not quantified.

(b) With regard to unsecured loans given to any party not covered in the register maintained under section 189 of the Companies Act, 2013

The Company has sent balance confirmation letters to parties who are not covered in the register maintained under section 189 of the Companies Act, 2013, but in most of the cases the company have not received written confirmation confirming the balance outstanding as at March 31, 2019. Further in respect of loans granted, repayment of the principal amount was not as stipulated and payment of interest has also not been regular.

(c) Regarding non provision of demand of Rs.89.84 Crores received from State Bank of India in respect of Corporate Guarantee given by the company in respect of Loan Facilities availed by Bil Energy Systems Limited

The lender Bank of Bil Energy Systems Limited has pursuant to certain corporate guarantee given by the company demanded from the company their dues from Bil Energy Systems Limited amounting to Rs. 89.84 crores. No provision has been made in the accounts for the probable loss that may arise on account of above demand of Rs. 89.84 crores.

(d) Regarding non provision of interest on various loans availed from State Bank of India for the financial year 2018-19

The company has not provided for interest payable to State Bank of India amounting to ₹.4290.94 lacs (on above loans) for the financial year 2018-2019. The company has also not made any provision for penal interest claimed by bank. As a result the loss for the year ended 31st March, 2019 is understated by ₹ 4290.94 Lacs & current liabilities as at 31st March, 2019 are also understated by ₹ 4290.94 Lacs. The amount of penal interest cannot be quantified as the details have not been received from the bank. Also for the financial year 2013-14 & 2014-15 & 2015-16 & 2016-17 the company has not provided for interest payable to State Bank of India accumulating to ₹. 15171.88 lacs and as a result the accumulated losses in the Balance Sheet are understated by ₹. 19462.82 lacs Upto 31st March, 2019.

(e) With regarding Physical verification of Inventory:

The company has not conducted periodic physical verification of inventory at reasonable intervals.

In respect of traded stock at Mumbai Head Office, the details of finished goods stock storage location not available for our verification.

Qualified Opinion

In our opinion and to the best of our information and according to the explanations given to us, *except for the effects of the matters described in the basis for qualified opinion paragraph*, the aforesaid financial statements, give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, and its profit and its cash flows for the year ended on that date.

Report on other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), as amended, issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "**Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the Order.

2. As required by section 143(3) of the Act, we report that:
- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books.
 - (c) The Balance Sheet, Statement of profit and Loss, and Cash Flow Statement dealt with by this report are in agreement with the books of account.
 - (d) *Except for the effects of the matters described in the basis for qualified opinion paragraph*, in our opinion, the Balance Sheet, the Statement of Profit and Loss comply with the Accounting Standards specified under section 133 of the Act.
 - (e) On the basis of the written representations received from the directors as on March 31, 2019, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2019, from being appointed as a director in terms of Section 164(2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
 - (g) With respect to the other matters included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to our best of our information and according to the explanations given to us:
 - (h) The company has disclosed the impact of pending litigations on its financial position in its financial statements –Refer Note 28 to the financial statements;
 - (i) The Company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act

We have audited the internal financial controls over financial reporting of Bilpower Ltd. ("the Company") as of March 31, 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:-

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of

the company are being made only in accordance with authorisations of management and directors of the company; and

- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Qualified Opinion

According to the information and explanations given to us and based on our audit, the following weaknesses have been identified as at March 31, 2019.

- a) The Company did not have an appropriate internal audit system.
- b) The Company did not have an appropriate internal control system for inventory with regard to periodic verification of stock.

In our opinion, except for the possible effects of the weakness described above the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2019

STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES -

A. Corporate Information

Bilpower Limited ("Company") is a public limited company incorporated and domiciled in India. Its shares are listed on Bombay Stock Exchanges and National Stock Exchange. The Registered office of Company is located at B-11, Viral Shopping Center, Mantirwadi Sainath Road, Malad (W), Mumbai - 400 064.

Bilpower is a "Power Engineering Solutions Company" primarily into the manufacturing of Transformers Cores & Lamination using Cold Rolled Grain Oriented (CRGO) steel.

The financial statements for the Company were authorized for issue by Company's Board of Directors on May 27, 2019.

B. Basis of Preparation

These financial statements of the Company have been prepared in all material aspects in accordance with Indian Accounting Standards (Ind AS) as per rule 4 of The Companies (Indian Accounting Standards) Rules, 2015 notified under section 133 of Companies Act, 2013 ('the Act') and other relevant Provisions of the Act.

These financial statements have been prepared on an accrual basis and under the historical cost basis, except for the following assets and liabilities which have been measured at fair value or revalued amount wherever applicable :

- Derivative financial instruments
- Certain financial assets measured at fair value
- Net defined benefit asset/liability at fair value of plan assets less present value of defined benefit obligations.

C. Current versus non-current classification:

The assets and liabilities in the balance sheet are presented based on current/non-current classification.

An asset is current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle, or
- Held primarily for the purpose of trading, or
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when it is:

- Expected to be settled in normal operating cycle, or
- Held primarily for the purpose of trading, or
- Due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are treated as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

Operating Cycle

Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

D. Property, plant and equipment

Freehold land is carried at historical costs. All other items of property, plant and equipment are stated at cost less accumulated depreciation and impairment loss, if any.

Cost includes cost of acquisition, installation or construction, other direct expenses incurred to bring the assets to its working condition and finance costs incurred up to the date the asset is ready for its intended use and excludes Cenvat / value added tax / Goods and Service Tax (GST) eligible for credit / setoff.

Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in the statement of profit or loss as incurred.

Capital work-in-progress in respect of assets which are not ready for their intended use are carried at cost, comprising of direct costs, related incidental expenses and attributable interest.

All identifiable revenue expenses including interest incurred in respect of various projects / expansion, net of income earned during the project development stage prior to its intended use, are considered as pre - operative expenses and disclosed under Capital Work -in-Progress.

Capital expenditure on Property, Plant and Equipment for research and development is classified under property, plant and equipment and is depreciated on the same basis as other property, plant and equipment.

Property, plant and equipment are eliminated from standalone financial statements, either on disposal or when retired from active use. Losses arising in the case of the retirement of property, plant and equipment and gains or losses arising from disposal of property, plant and equipment are recognized in the statement of profit and loss in the year of occurrence.

The company depreciates property, plant and equipment over their estimated useful lives using written down value method.

The estimated useful lives of assets are as follows:

Buildings (other than factory buildings) – RCC Frame Structures	60 years
Buildings (other than RCC Frame Structure) and Factory Buildings	30 years
Other Plant and Machinery	15 years
Office equipment	5 years
Furniture and Fittings	10 years
Computers and data processing units	3 years
Vehicles (motor cars)	8 years

Depreciation methods, useful lives and residual values are reviewed periodically, including at each financial year end.

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. Depreciation on the property, plant and equipment is provided on straight line method, over the useful life of the assets, as specified in Schedule II to the Companies Act, 2013. Property, plant and equipment which are added / disposed off during the year, depreciation is provided on pro-rata basis. Premium on Leasehold lands are amortised over the period of lease. Building constructed on leasehold land are depreciated based on the useful life specified in Schedule II to the Companies Act, 2013, where the lease period of the land is beyond the life of the building. In other cases, building constructed on leasehold lands are amortised over the primary lease period of the lands.

The assets' residual values, useful lives and methods of depreciation are reviewed at each financial year end and adjusted prospectively, if appropriate.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

E. Intangible Assets

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the assets will flow to the Company and the cost of the assets can be measured reliably.

Intangible assets are stated at cost or acquisition less accumulated amortisation and impairment loss, if any.

Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in Statement of profit and loss in the period in which the expenditure is incurred.

Software is amortised over their estimated useful life on straight line basis from the date they are available for intended use, subject to impairment test.

The amortisation period and the amortization method for an intangible assets with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates.

Gains or losses arising from derecognition of an intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the assets is derecognised.

F. Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets:

Classification:

The Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss, on the basis of its business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

Initial recognition and measurement:

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent measurement:

For the purpose of subsequent measurement financial assets are classified in two broad categories:

Financial assets at fair value (FVTPL / FVTOCI)

Financial assets at amortised cost

When assets are measured at fair value, gains and losses are either recognised in the statement of profit and loss (i.e. fair value through profit or loss (FVTPL)), or recognized in other comprehensive income (i.e. fair value through other comprehensive income (FVOCI)).

**Financial Assets measured at amortised cost
(net of write down for impairment, if any):**

Financial assets are measured at amortised cost when asset is held within a business model, whose objective is to hold assets for collecting contractual cash flows and contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest. Such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method less impairment, if any. The losses arising from impairment are recognised in the Statement of profit and loss.

Financial Assets measured at Fair Value Through Other Comprehensive Income ("FVTOCI"):

Financial assets under this category are measured initially as well as at each reporting date at fair value, when asset is held within a business model, whose objective is to hold assets for both collecting contractual cash flows and selling financial assets. Fair value movements are recognized in the other comprehensive income.

Financial Assets measured at Fair Value Through Profit or Loss ("FVTPL"):

Financial assets under this category are measured initially as well as at each reporting date at fair value with all changes recognised in profit or loss.

Investment in Equity Instruments:

Equity instruments which are held for trading are classified as at FVTPL. All other equity instruments are classified as FVTOCI. Fair value changes on the instrument, excluding dividends, are recognised in the other comprehensive income. There is no recycling of the amounts from other comprehensive income to profit or loss.

Investment in Debt Instruments:

A debt instrument is measured at amortised cost or at FVTOCI. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVOCI, is classified as at FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognised in the Statement of profit and loss.

Derecognition of Financial Assets:

A financial asset is primarily derecognised when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

Impairment of Financial Assets:

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the financial assets that are debt instruments and trade receivables.

Financial Liabilities:**Classification:**

The Company classifies all financial liabilities as subsequently measured at amortised cost or FVTPL.

Initial recognition and measurement:

All financial liabilities are recognised initially at fair value and, in the case of loans, borrowings and payables, net of directly attributable transaction costs.

Financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

Subsequent measurement:

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Derecognition of Financial Liabilities:

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

Derivative Financial Instrument:

The Company uses derivative financial instruments, such as forward currency contracts to mitigate its foreign currency risks. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative

G. Inventories

Raw materials and packing materials are valued at lower of cost and the net realisable value, cost of which includes duties and taxes (net off CENVAT, VAT and Goods and Service Tax (GST) wherever applicable). Cost of imported raw materials and packing materials lying in bonded warehouse includes customs duty. Finished products including traded goods and work-in-progress are valued at lower of cost and net realizable value. Cost is arrived on moving weighted average basis.

The cost of Inventories have been computed to include all cost of purchases, cost of conversion, appropriate share of fixed production overheads based on normal operating capacity and other related cost incurred in bringing the inventories to their present condition.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses.

Slow and non-moving material, obsolesces, defective inventory are fully provided for and valued at net realisable value.

Goods and materials in transit are valued at actual cost incurred up to the date of balance sheet. Materials and other items held for use in production of inventories are not written down, if the finished products in which they will be used are expected to be sold at or above cost.

H. Cash And Cash Equivalent

Cash and Cash Equivalents comprise of cash on hand and cash at bank including fixed deposit/ highly liquid investments with original maturity period of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

I. Cash Flow Statement

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flow from operating, investing and financing activities of the Company are segregated.

J. Foreign Currency Transactions

Revenue Transactions denominated in foreign currencies are normally recorded at the exchange rate prevailing on the date of the transaction.

Monetary items denominated in foreign currencies at the year-end are re-measured at the exchange rate prevailing on the balance sheet date. Non-monetary foreign currency items are carried at cost.

Any income or expense on account of exchange difference either on settlement or on restatement is recognised in the Statement of Profit and Loss.

K. Revenue Recognition

Revenue from sale of goods is recognised, when all significant risks and rewards are transferred to the buyer, as per the terms of contracts and no significant uncertainty exists regarding amount of the consideration that will be derived from the sale of goods.

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made.

Revenue is measured at the fair value of the consideration received or receivable. Amount disclosed as revenue are inclusive of excise duty, excluding Goods and Service tax (GST), sales tax or value added taxes or service taxes or duties collected on behalf of the government, and net of returns, trade discount/allowances, rebates, and amounts collected on behalf of third parties.

Revenue from sale of technology / know how (rights, licences and other intangibles) are recognised when performance obligation is completed as per the terms of the agreement. Incomes from services are recognised when services are rendered.

Dividend income is recognised when right to receive dividend is established. Interest income is recognised on time proportion basis. Insurance and other claims are recognised as a revenue on certainty of receipt on prudent basis. Export benefits available under prevalent schemes are accounted to the extent considered receivable.

L. Employee Benefits

All employee benefits payable wholly within twelve months rendering service are classified as short term employee benefits. Benefits such as salaries, wages, short-term compensated absences, performance incentives etc., and the expected cost of bonus, ex-gratia are recognized during the period in which the employee renders related service.

M. Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

N. Lease

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception date, whether fulfillment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right to use the asset, even if that right is not explicitly specified in an arrangement.

Assets acquired on leases where a significant portion of the risks and rewards of ownership are retained by lessor are classified as operating leases. Leases rentals are charged to the statement of profit and loss on straight line basis.

O. Government Grants

Government grants are initially recognized as deferred income at fair value if there is reasonable assurance that they will be received reasonable assurance that they will be received associated with the grant;

In case of capital grants, they are then recognised in Standalone Statement of Profit and Loss as other income on a systematic basis over the useful life of the asset.

In case of grants that compensate the Company for expenses incurred are recognised in Standalone Statement of Profit and Loss on a systematic basis in the periods in which the expenses are recognised.

Export benefits available under prevalent schemes are accrued in the year in which the goods are exported and there is no uncertainty in receiving the same.

P. Earnings Per Share

Basic earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

Q. Income Taxes

Income tax expense comprises current and deferred income tax. Income tax expense is recognized in net profit in the statement of profit and loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in other comprehensive income. Current income tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted by the balance sheet date. Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Minimum Alternate Tax ("MAT") credit is recognised as deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the period for which the MAT credit can be carried forward for set-off against the normal tax liability. MAT credit recognised as an asset is reviewed at each Balance Sheet date and written down to the extent the aforesaid convincing evidence no longer exists.

R. Dividends to Shareholders

Annual dividend distribution to the shareholders is recognised as a liability in the period in which the dividends are approved by the shareholders. Any interim dividend paid is recognised on approval by Board of Directors. Dividend payable and corresponding tax on dividend distribution is recognised directly in equity.

S. Provisions, Contingent Liabilities, Contingent Assets and Commitments General

Provisions (legal or constructive) are recognized when the Company has a present obligation (legal or constructive) as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made.

Provisions (excluding retirement benefits and compensated absences) are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

If there is any expectation that some or all of a provision to be reimbursed, the reimbursement is recognised as a separate asset but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any virtually certain reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risk specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liability is disclosed in the case of:

- a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation;
- a present obligation arising from past events, when no reliable estimates is possible;
- a possible obligation arising from past events, unless the probability of outflow of resources is remote.

Contingent liabilities are not recognised in the standalone financial statements. Contingent assets are neither recognised nor disclosed in the financial statements.

Commitments include the amount of purchase order (net of advances) issued to parties for completion of assets and Non-cancellable operating lease.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date.

Asset Retirement Obligation

Asset retirement obligations (ARO) are provided for those operating lease arrangements where the Company has a binding obligation at the end of the lease period to restore the leased premises in a condition similar to inception of lease. ARO are provided at the present value of expected costs to settle the obligation using discounted cash flows and are recognised as part of the cost of that particular asset. The cash flows are discounted at a current pre-tax rate that reflects the risks specific to the decommissioning liability. The unwinding of the discount is recognised in the income statement as a finance cost. The estimated future costs of decommissioning are reviewed annually and adjusted as appropriate. Changes in the estimated future costs or in the discount rate applied are added to or deducted from the cost of the asset.

T. Fair Value Of Financial Instruments

The Company measures financial instruments at fair value in accordance with the accounting policies mentioned above. Fair value is the price that would be received to sell an assets or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized.

For financial assets and liabilities maturing within one year from the balance sheet date and which are not carried at fair value, the carrying amounts are more or less equal to the fair value due to the short maturity of these instruments.

U. Recent accounting pronouncements Standards issued but not yet effective

The Ministry of Corporate Affairs in March 2018 has re-notified Ind AS 115, Revenue from Contracts with Customers. Earlier, this Standard was omitted and two other standards, Ind AS 11, Construction Contracts and Ind AS 18, Revenue had been notified in its place. Now, after re-notification of Ind AS 115, Ind AS 11 and Ind AS 18 would be redundant. Ind AS 115 deals with recognition of revenue arising from sale of goods, rendering of services, interest, royalties and construction contracts. It is a converged form of IFRS 15, Revenue from Contracts with Customers. Ind AS 115 shall be applied from financial years beginning on or after 1st April, 2018.

These amendments are not expected to have any impact on the Company.
