## MANAGEMENT DISCUSSION & ANALYSIS

### Industry Structure and Development

#### Textile division:

The Textile Industry in India is second largest employer after agriculture providing jobs to the various class of peoples and is one of the significant contributors to the Indian economy. During the year 2019-20, the Cotton Textile Industry in India has experienced an improvement on account of overall demands from overseas markets. The depreciation of the Indian currency has helped achieving better realizations for export and has increased the competitiveness of the Exports from India. However the sluggishness in world market particularly in the last quarter of the Financial year combined together with the appreciation of the Indian Currency has affected the competitiveness of the Indian Export, reflecting lower volumes and profits for the exporters.

Besides the hiccups caused due to demonetization, implementation of GST the Indian economy is returning to a steady and healthy growth. Textile sector being a prominent employment generator, is likely to be a favorite of the Government and is expected to receive a good support from the Government for its growth.

With domestic and global economic conditions gradually improving along with the focused efforts made by Ministry of Textiles, Indian textiles and garments sector is set for growth, buoyed by revival in domestic consumption and export demand.

Lahoti Overseas Limited is mainly engaged in the export trading of cotton yarn in all coarser and fine counts, grey cotton fabrics where the Company has strong presence and leadership. The Company is mainly targeting the export of cotton yarn and fabrics to Far East Asian countries like South Korea, China, Japan, Hong Kong, Malaysia, Vietnam and also cater to Gulf, Mediterranean, European, North and South American markets. The Company enjoys the excellent relationship with its overseas customers, which has been built over the years by strictly adhering to delivery schedules maintaining consistent quality and providing prompt after sales service.

#### Power Projects Division:

Government of India has taken several measures to encourage Renewable Energy Sector in India. Many State Governments and Government undertakings also have come out with the Reverse Bidding System to fulfil

their obligations for Renewable Energy and combined with this sector has become the most talked about sector attracting huge investments and has the potential for huge growth in future.

Lahoti Overseas Limited has ventured into the Renewable Energy Sector by installation of Wind Power projects and Solar Power projects. However the falling trend in the power purchase prices are affecting adversely on the profit margins and growth prospects.

The future of Indian Cotton Textile Industry is highly depending on availability of raw material at a competitive price. With the introduction of Hybrids and BT Cotton, the cotton production in India is increasing every year. The government is making efforts to supply proper quality seeds at a reasonable price to the growers and it is expected that the supply of quality cotton will be comfortable.

In the past, the Textile Industry did not develop in an organized manner and the policy favored fragmentation resulting in organized players suffering heavily because of the distorted fiscal structure. Fortunately, in the last few years, the Government has now provided level playing field to all the sectors of textile industry and therefore, large investments are coming in the textile industry. Government had given good incentives under Technology Upgradation Fund Scheme, Textile Park Scheme and also benefits to the processing sector, which will give boost to the textile industry. Further upon introduction of GST, will provide level playing field for all the segments of the industry and will be a positive factor for the growth of the industry.

## Power Projects Division:

Power Projects specifically the Renewable Energy projects are highly capital intensive. These projects are also dependant on natural resources like wind, water, sunlight etc. The requirement of good infrastructures such as connectivity of roads, viability of communication systems play key roles in such projects. Being highly capital intensive, the cost of production of energy is relatively higher in such projects. However there is no consumption of Raw Materials and also due to the substantial reduction in the capital cost in recent times, these projects are now becoming viable. The floor price of REC have been revised downwards recently will help to increase the sale of REC, however the matter of allowing the vintage multiplier to the old investors in the sector is still to be resolved and the same is subjudised.

Further, your Company is hopeful to get advantage of the overall good times likely to come for the Indian Cotton Textile Industry and will do all out efforts to secure the bigger share of the increasing market in future.

A stable outlook on cotton and synthetic textiles would result from favourable policy environment, improvements in demand-supply position, continued stability in input costs and consequent improvement in margins/liquidity. However, the good monsoon and pick up in Indian economy due to various measures taken by the Government would unleash demand in the long run and offset any slowdown in exports. Further, the hope of revival of Chinese economy will also bring the positive growth for this sector.

By encashing the rich experience gained by the Company in the Cotton Textile sector, the company has plans to increase its efforts of marketing and to open up foreign offices in order to better serve its customers. The emphasis will also be on more exports of value added items such as dyed yarns, speciality yarns and grey and dyed fabrics.

## **Annexure - B to the Independent Auditor's Report**

### **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of Lahoti Overseas Limited ("the Company") as of 31st March, 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and

if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an internal financial controls with reference to financial statements as at 31st March, 2020, based on the internal control over financial reporting criteria

established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India

#### I. Segment Reporting

The Company has identified Trading and Power as reportable segments based on the dominant source, nature of risks and returns and the internal organization and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit/loss amounts are evaluated regularly by the executive Management in deciding how to allocate resources and in assessing performance.

Following specific accounting policies have been followed for segment reporting:

i) Segment revenue includes sales and other income directly identifiable with/allocable to the segment.

ii) Expenses that are directly identifiable with/allocable to segment are considered for determining the segment result.

iii) Revenue and Expenses which relate to enterprise as a whole and are not allocable to a segment on reasonable basis have been disclosed as "Unallocable".

iv) Segment assets and liabilities include those directly identifiable with the respective segments. Investments, tax related assets and other assets and liabilities that cannot be allocated to a segment on reasonable basis have been disclosed as "Unallocable"

#### J. Taxation

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and Deferred taxes are recognized in statement of profit and loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity, respectively.

Significant management judgement is required to determine the amount of deferred tax assets that can be recognized, based upon the likely timing and the level of future taxable profits. The amount of

total deferred tax assets could change if estimates of projected future taxable income or if tax regulations undergo a change. Deferred income tax asset is recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilized. Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

#### **K. Provisions, Contingent Liabilities and Contingent Assets**

1. Provisions are recognized for liabilities that can be measured or by using a reasonable degree of estimation based on the following criteria:

  - b. A probable outflow of resources is expected to settle the obligation and
  - c. The amount of the obligation can be reliably estimated.
  - d. A possible obligation from past events where the probability of outflow of resources is not remote.
2. Reimbursement expected in respect of expenditure required to settle a provision is recognized only when it is virtually certain that the reimbursement will be received.

3. Contingent Liability is disclosed in case of:

- a. A present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation.
- b. A present obligation arising from past events, when no reliable estimate is possible; and
4. Contingent assets are neither recognized, nor disclosed.
5. Provisions, Contingent liabilities and contingent assets are reviewed at each Balance Sheet date.

#### **L. Impairment of Assets**

The carrying values of assets / cash generating units at each Balance Sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognized, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognized for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognized in the Statement of Profit and Loss except in case of revalued assets.

As a result, the operations of the Company remained suspended for almost a week during current financial year. The Company is closely monitoring the impact due to Covid-19 on various aspects of its business including its customers / vendors / employees and other business partners.

The Company has made a detailed assessment of its liquidity position for the Financial Year 2020-2021 including recoverability and carrying value of its assets comprising all fixed assets as well as current assets including land and building, plant and machinery, investments, inventories, trade receivables, etc.

The Company will continue to monitor closely any material changes to future economic condition of its business operations.

**Note 40:**

Leases

Ind AS 116 is effective from April 2019, Ind AS 116 replaces the existing standard Ind AS 17 and specifies how an entity will recognize, measure, present and disclose leases.

The company has certain operating leases with subsidiary/associate company not of material value for office facilities. Such leases are generally with the option of renewal, with termination at short notice and there exist no formal agreement to categorize it as a Right of Use asset ("RoU Asset") for long term basis and accordingly capitalizing the same on Discounted Cash Flow (DCF) basis is not practical. Rental expenses of Rs.16.62 Lakhs (31 March 2019: Rs.16.62 Lakhs) in respect of obligation under operating leases have been recognized in Statement of Profit and Loss for the year.

## **ANNEXURE "A" TO THE INDEPENDENT AUDITORS' REPORT**

(Referred to in paragraph (f) under 'report on other legal and regulatory Requirements' Section of our report of even date)

### **The Annexure referred to in paragraph 2(f) under "Report on other Legal and Regulatory Requirements" section of our Independent Auditors Report to the Members of Lahoti Overseas Limited for the year ended March 31, 2020**

#### **Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting Lahoti Overseas Limited ("the Company") and its subsidiaries (collectively referred to as "the Group") as of March 31, 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the designing, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal

Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3)

provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the Internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**37.** A new windmill under purchase has now been reclassified as an advance for capital goods.

**38.** The previous year's figures have been reworked, regrouped, rearranged and reclassified wherever necessary. As a result, the operations of the Company remained

suspended for almost a week during current financial year. The Company is closely monitoring the impact due to Covid-19 on various aspects of its business including its customers / vendors / employees and other business partners.

The Company has made a detailed assessment of its liquidity position for the Financial Year 2020-2021 including recoverability and carrying value of its assets comprising all fixed assets as well as current assets including land and building, plant and machinery, investments, inventories, trade receivables, etc.

Based on current indicators of future economic condition, the Company expects to recover the carrying amounts of these assets after providing for write off/rebate. The current situation is very dynamic entailing lot of uncertainties about the extent and timing of the potential future impact on the Company's business operations. The Company will continue to monitor closely any material changes to future economic condition of its business operations.

**41. Leases**

Ind As 116 is effective from April 2019, Ind AS 116 replaces the existing standard Ind AS 17 and specifies how an entity will recognize, measure, present and disclose leases.

The company has certain operating leases with subsidiary/associate company not of material value for office facilities. Such leases are generally with the option of renewal, with termination at short notice and there exist no formal agreement to categorize it as a Right of Use asset ("RoU Asset") for long term basis and accordingly capitalizing the same on Discounted Cash Flow (DCF) basis is not practical. Rental expenses of Rs.16.62 Lakhs (31 March 2019: Rs.16.62 Lakhs) in respect of obligation under operating leases have been recognized in Statement of Profit and Loss for the year.
