### B. Use of Estimates

The preparation of the financial statements, in conformity with generally accepted accounting principles, requires management to ma estimates and assumptions that affect the reported amounts of Assets and Liabilities , revenues and expenses and disclosure of Contingo Liabilities at the date of the financial statements. Actual result could differ from those estimates. Management believes that the estimates us in the preparation of the financial statements are prudent and reasonable. Any revision to the accounting estimates is recognize

### C. Fixed Assets and Depreciation/Amortization

- 1. Fixed assests are stated at actual cost, which comprises of purchase consideration and other directly attributable costs for bringing t
- 2. As informed to us by the management of the company the manufacturing unit had remained closed through out the financial period ar hence it has not charged any depreciation on the fixed assests pertaining to the said manufacturing activity. However depreciation has bee provided on written down value as per rates of depreciation prescribed as per schedule XIV of the Company Act, 1956 except plant machinery and electrical installation which is provided on straight line method on assets of M/s Trident Tools Private Limited which at merged as per merger scheme approved by High Court on dated 26.03.2010.

### D. Investments

Investment that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long term investments. Current investments are carried at lower of cost and fair value determined on an individual basis. Long term investments are carried at cost. However provision for diminution in the value is made to recognize a declinother than temporary in the value of investments.

### E. Revenue Recognition

- 1. Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.
  - 2. Revenue is recognized when the significant risks and rewards of ownership of the goods have passed to the buyer.
  - 3 The Company follows the Accrual System of accounting and recognizes income and expenditure on accrual basis.

### F. Inventory

Inventories are valued at cost or market value which ever is lower inclusive of taxes or duties.

- 1. Current income tax on income for the current period is determined on the basis of taxable income and tax credit computed in accordance with the provisions of the Income Tax Act 1961, and based on expected outcome of assessment /appeals.
- 2. Deferred Tax is recognized subject to the consideration of prudance on the timing differencen, being the difference between the taxable income and accounting income that originate in one period and are capable of reversal of one or more subsequent periods.

### H. Retirement Benefits

No Provision for liabilities for gratuity & bonus has been made as required by Accounting Standard 15- 'Accounting for Retirement benefits in the financial Statements of Employers' issued by the Institute of Chartered Accountants of India. The company has not carried out actuarial valuation during the year, so any actuarial gain or loss on account of the same has not been carried to the profit and loss account.

### I. Foreign Currency Transaction

- 1. Transaction denominated in foreign currency if any, are recorded at the exchange rate prevailing on the date of transactions. Exchange difference arising on foreign exchange transactions settled during the year, if any, are recognized in the Profit and Loss account of the year except that exchange difference related to acquisition of fixed assets from a country outside India are adjusted in the carrying amount of the related Fixed Assets.
- 2. Monetary assets and liabilities in foreign currency, if any, are translated at the year end at the closing exchange rate and the resultant exchange differences are recognized in the Profit and Loss Account. Non-monetary foreign currency items are carried at cost.
- 3. The premium or discount on forward exchange contracts, if any, is amortisized as expenses or income over the life of the contract.

### J. Impairment of Assets

- a) The Carrying amount of assets are reviewed at each balanceshoet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognised where the carrying amount of an assets exceeds its recoverable amount. The recoverable amount is greater of the assets's net selling price and value in use. In assessing value in use the estimated future cash flows are discounted to their present value at the weighted average cost of
- b) After impairment, depriciation/deletion is provided in subsequent period on the revised carring amount of the asset over its remaining useful life.
- c) Impairment loss recognised in an earlier period will be redversed in alater period depending on changes in circumtances to the extent that the discounted future net cash flows are higher than net book value at the time. In reversing impairment losses, the carring amount of the asset will be incressed to lower of its original carring value or the carring value that would have been determined (net of depletion) had no impairment loss been recognised in prior periods.

### K. Earning per Share

Basic earning per share are calculated by dividing the net profit or loss for the period attributable to the enityshareholders by the weighted average number of enity shares outstanding the period. The weighted number of equity shares outstanding during the period is adjusted for events of bonus issue.

### 2. NOTES TO ACCOUNTS
