CHAIRPERSON'S MESSAGE

Dear Shareholders,

I have an immense pleasure in welcoming you at Seventh Annual General Meeting of your Company and presenting the Annual Report for the year ended 31st March 2015. At the outset, I would like to submit that due to economic slowdown and flaccid investment activity in the country, the year 2014-15 was not easy for the entire corporate sector for business growth and profitability.

I am glad to update you that the Company has recorded a growth of 34.84% in its gross turnover by achieving Rs. 266.04 Crores during the year as compared to Rs. 197.31 Crores in the previous year. A remarkable augment in terms of Net Profit is registered. Despite challenges, our Company performed satisfactory. We are confident that we have the talent and good organization to touch the new heights of success.

Company is incessantly introducing new products to boost its product portfolio to gain competitive edge. In the series of creation most impressive product CPVC Pipes and Fittings that have been started on marketing with effect from April 13, 2014. There are very few CPVC Pipes and Fittings manufacturers in the country because of the technology being too costly. Similarly there are very few CPVC material suppliers across the world that provides material only after final agreement with them.

To get on the journey of success we need the tools of vigilance, foresight and strategy which lead us to the path of growth and high quality. It will make a new yardstick in quality, productivity and customer satisfaction for the industry as well, on which your Company showed significant flexibility and adaptability during its journey and committed for the same in future.

I would like to take this occasion to appreciate all my Board members, Suppliers, Customers, Bankers, Shareholders, various Governments - Semi Government organisations for their support, solidarity and having faith and trust in the Company.

BACKGROUND

Texmo Pipes and Products Limited was formed as a Partnership Firm by the name M/s Shree Mohit Industries on 13th May 1999 and was subsequently converted and incorporated as a Public Limited Company in July 2008 with the Registrar of Companies, Madhya Pradesh and Chhattisgarh. The Partnership Firm was converted into Company under Part IX of the Companies Act, 1956 under the name of Texmo Pipes and Products Limited having Certificate of incorporation dated 3rd July 2008.

I. Basis of Preparation of Financial Statements

The financial statements have been prepared in accordance with the Indian Generally Accepted Accounting Principles (GAAP) under the historical cost convention on the accrual basis and in consonance with the mandatory accounting standards as prescribed under section 133 of Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014, the provision of the Act (to the extent notified) and guidelines issued by Securities and Exchange Board of India (SEBI). The financial statements for the financial year ended 31st March, 2015 have been prepared as per the requirements of the Schedule III to the Companies Act, 2013. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in accounting policy.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and the time between acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current/non-current classification of assets and liabilities.

II. Use of Estimates

In preparation of financial statements estimates and assumptions are required to be made in conformity with GAAP, which affect the reported amounts of assets and liabilities and the disclosures of contingent liabilities on the date of financial statements and the reported amounts of revenues and expenses during the reporting period. Any revisions to the accounting estimates are recognized prospectively in the current and future periods.

III. Fixed Assets

a. Tangible

Tangible fixed assets are carried at cost of acquisition or construction, less accumulated depreciation. The cost of fixed assets includes taxes (other than those subsequently recoverable from tax authorities), duties, freight and other directly attributable costs related to the acquisition or construction of the respective assets. Profit or loss on disposal of tangible asset is recognised in the statement of profit and Loss.

b. Intangible

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, Intangible assets are carried at cost less accumulated amortisation and accumulated impairment loss, if any. Profit or loss on disposal of intangible assets is recognised in the statement of profit and loss.

IV. Depreciation and Amortization:

Depreciation is charged on Straight Line Method over the useful lives of assets as prescribed in schedule II to the Companies Act, 2013. Depreciation on assets purchased/sold during the year is proportionately charged. In respect of the following assets, useful life estimated is different than those prescribed in Schedule II;

Asset	Useful Life
Dies and Moulds	8 years

Intangible Assets are amortized over their respective individual estimated useful lives on Straight Line basis, commencing from the date the asset is available for its use. The Computer Software SAP is amortized over a period of 5 years.

V. Impairment of Assets

The Company assesses at each Balance Sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the Statement of Profit and Loss. If at the Balance Sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount.

VI. Foreign Currency Transactions:

- a. Transactions denominated in foreign currencies are recorded at the exchange rate prevailing on the date of the transaction or that approximates the actual rate at the date of the transaction.

II. Principles of Consolidation

- a. The consolidated financial statements have been prepared by the Company in accordance with the requirements of the Accounting Standard (AS) 21 – "Consolidated Financial Statements". The financial statements of the Company and its subsidiaries and the joint venture (on a proportionate basis, as per AS 27 "Financial Reporting of Interest in Joint Ventures") have been combined on a line by line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra – group balances, intra – group transactions and unrealized gain/ loss.
- b. In translating the financial statements of non-integral foreign operations for incorporating in the Consolidated Financial Statements, the assets and liabilities are translated at the exchange rate prevailing at the Balance Sheet date.
