Education is the second highest expenditure segment among middle class households after food and grocery, and stationery stands at sixth position. Also, the Government's spend on education laying emphasis on building more schools had increased the demand for the stationery products in India. Further, the demand for the branded quality products at the quantitative prices is the biggest challenge for the organized sector creating an opportunity to research and develop quality products.

With extreme precautions, and the good quality products offered and new marketing strategies are followed, the government has also come out with various incentives for SME's. Particularly for stationary industry if we quote would be the education enhancement schemes which are giving growth to this sector. The Indian stationery market is also influenced by macro economic development, national income and lasts but not the least the ever-growing Indian population.

The Indian stationery industry is highly scattered and is largely dominated by the unorganized sector and the situation is quite alarming for the organized players industry. Factors like lack of modern production facilities, unorganized nature of functioning, marginal demands, government policies and international competition are largely contributing to the slow growth of the organized stationery industry in India. Further, India is constantly challenged by the growing competition, especially from neighbouring countries such as China, Indonesia and many other countries that supply higher quality products, as compared to India.

Management's Responsibility on Standalone Financial Statements

The Company's Board of Directors are responsible for the matters stated in Section 134(5) of the Companies Act, 2013 (“the Act”) with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

We have taken into account the provision of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provision of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosure in the financial statements. The procedures selected depend on the auditor's judgment, including the

Assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the standalone financial statements.

xiv. Taxes on Income:

Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred tax liabilities are recognized for the timing differences. Deferred tax assets are recognized for timing difference of items other than unabsorbed depreciation and carry forward losses only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realized. However if there are unabsorbed depreciation and carry forward losses and items relating to capital losses, deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that there will be sufficient future taxable income available to realize the assets.
