NOTES

1. The details pursuant to Regulation 36(3) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Secretarial Standard on General Meetings (SS-2), in respect of Director seeking re-appointment, are annexed with the Notice.
2. The Register of Members will remain closed from Thursday, 23rd September, 2021 to Wednesday, 29th September, 2021 (both days inclusive). Wednesday, 22nd September, 2021 shall be the cut-off date as on which the right of voting of the Members shall be reckoned and a person who is not a Member as on the cut-off date should treat this Notice for information purposes only.
3. Members who have not yet registered their email addresses are requested to register the same with their Depository Participants in case the shares are held by them in dematerialized form and with the Company in case the shares are held by them in physical form.
4. As per Regulation 40 of SEBI Listing Regulations, securities of listed companies can be transferred only in dematerialized form with effect from April 01, 2019, except in case of request received for transmission or transposition of securities. In view of this, Members holding shares in physical form are requested to consider converting their holdings to dematerialized form.
5. The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in electronic form are, therefore, requested to submit the PAN to their Depository Participants with whom they are maintaining their demat accounts. Members holding shares in physical form can submit their PAN details to the Company/Registrars and Transfer Agents.
6. Equity shares of the Company are under compulsory Demat trading by all Investors. Those shareholders who have not dematerialized their equity shares are advised to dematerialize their shareholding, to avoid inconvenience in future.
7. The shareholders who are holding shares in demat form and have not yet registered their e-mail IDs, are requested to register their e-mail IDs with their Depository Participant at the earliest, to enable the Company to use the same for serving documents to them electronically, hereinafter. Shareholders holding shares in physical form may kindly provide their e-mail IDs to the RTA by sending an e-mail to Adroit Corporate Services Private Limited at prafuls@adroitcorporate.com. The Annual Report of the Company would also be made available on the Company's website www.hbgindia.com.
8. **CDSL e-Voting system - for remote e-Voting :**
 - i. As you are aware, in view of the situation arising due to COVID-19 global pandemic, the general meetings of the companies shall be conducted as per the guidelines issued by the Ministry of Corporate Affairs (MCA) vide Circular No. 14/2020 dated April 8, 2020, Circular No. 17/2020 dated April 13, 2020 and Circular No. 20/2020 dated May 05, 2020. The forthcoming AGM will thus be held through video conferencing (VC) or other audio visual means (OAVM). Hence, Members can attend and participate in the ensuing AGM through VC/OAVM.
 - ii. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and MCA Circulars dated April 08, 2020, April 13, 2020 and May 05, 2020 the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting's agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of the AGM will be

provided by CDSL.

- iii. The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to at least 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
- iv. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013.
- v. Pursuant to MCA Circular No. 14/2020 dated April 08, 2020, the facility to appoint proxy to attend and cast vote for the Members is not available for this AGM. However, in pursuance of Section 112 and Section 113 of the Companies Act, 2013, representatives of the Members such as body corporate can attend the AGM through VC/OAVM and cast their votes through e-Voting.
- vi. In line with the Ministry of Corporate Affairs (MCA) Circular No. 17/2020 dated April 13, 2020, the Notice calling the AGM and the Annual Report for the financial year 2020-21 has been uploaded on the website of the Company at www.hbgindia.com. The Notice can also be accessed on the websites of the Stock Exchanges i.e. BSE Limited at www.bseindia.com. The AGM Notice is also disseminated on the website of CDSL (agency for providing the Remote e-Voting facility) i.e. www.evotingindia.com.
- vii. The AGM has been convened through VC/OAVM in compliance with applicable provisions of the Companies Act, 2013 read with MCA Circular No.

14/2020 dated April 08, 2020 and MCA Circular No. 17/2020 dated April 13, 2020 and MCA Circular No. 20/2020 dated May 05, 2020.

- viii. In continuation of this Ministry's General Circular No. 20/2020, dated 05th May, 2020 and after due examination, it has been decided to allow companies whose AGMs were due to be held in the year 2020, or become due in the year 2021, to conduct their AGMs on or before 31.12.2021, in accordance with the requirements provided in paragraphs 3 and 4 of the General Circular No. 20/2020 as per MCA circular no. 02/2021 dated January 13, 2021.

9. Instructions for Shareholders for remote e-Voting are as under:

- i) **The voting period will begin on Sunday, 26th September 2021 at 9.00 a.m. and ends on Tuesday, 28th September 2021 at 5.00 p.m.**

During this period, Shareholders of the Company holding shares either in physical or dematerialized form, as on the cut-off date (record date of 22nd September, 2021) may cast their vote electronically. The e-Voting module shall be disabled by CDSL for voting thereafter.

- ii) The Board of Directors has appointed Kothari H & Associates, Practicing Company Secretaries, as the Scrutinizer for scrutinizing the e-Voting process in a fair and transparent manner.
- iii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- iv) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed

entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

v) In terms of **SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242** dated **December 09, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

The Board recommends the Special Resolution set out at Item No. 3 of the Notice for approval by the shareholders.

Item No. 4

The Company, being the flagship Company of the group, is expected to render support for the business requirements of other companies in the group, from time to time. However, owing to certain restrictive provisions contained in the Section 185 of the Companies Act, 2013, the Company is unable to extend financial assistance by way of loan, guarantee or security to other entities in the Group. In the light of amendments notified effective May 7, 2018, inter-alia replacing the provisions Section 185 of Companies Act, 2013, the Company with the approval of members by way of special resolution, would be in a position to provide financial assistance by way of loan to other entities in the group or give guarantee or provide security in respect of loans taken by such entities, for their principal business activities.

The members may note that board of directors would carefully evaluate proposals and provide such loan, guarantee or

security proposals through deployment of funds out of internal resources / accruals and / or any other appropriate sources, from time to time, only for principal business activities of the entities in the Group.

Hence, to enable the company to advance loan to other group Companies/ Firms in which Directors are interested directly or indirectly under section 185 of the Companies Act, 2013 requires approval of members by a Special Resolution.

In case of any subsidiaries / joint ventures incorporated in future, the Board of Directors may grant loan or give guarantee or provide security within the aggregate amount of Rs. 10.00 Crore/- (Rupees Ten Crore Only). to such entities subject to the approval of the Audit Committee.

Save and except Mr. Samit P. Hede, Dr. Prafulla Hede, Mrs. Shibanee Harlalka and their relatives along with Promoter group Companies to the extent of their shareholding interest, if any, in the Company, none of the other Directors, Key Managerial Personnel (KMP) of the Company and their relatives are, in any way, concerned or interested, financially or otherwise, in the Resolution set out at Item No. 4 of the

The Board of Directors Recommend the Special Resolution for approval by the members.

Item No. 5

In order to make optimum use of funds available with the Company and also to achieve long term strategic and business objectives, the Board of Directors of the Company proposes to make use of the same by making investment in other bodies corporate or granting loans, giving guarantee or providing security to other persons or other body corporate as and when required.

Members may note that pursuant to Section 186 of the Companies Act, 2013 ("Act"), the Company can give loan or give any guarantee or provide security in connection with a loan to any other body corporate or person and acquire securities of any other body corporate, in excess of 60% of its paid up share capital, free reserves and securities premium account or 100% of its free

reserves and securities premium account, whichever is more, with approval of Members by special resolution passed at the general meeting.

In view of the aforesaid, it is proposed to take approval under Section 186 of the Companies Act, 2013, by way of special resolution, up to a amount of Rs. 10 Crores (Rupees Ten Crore Only), over and above the limits available to the Company of 60% (Sixty Percent) of its paid up share capital, free reserves i.e. securities premium account or 100% (One Hundred Percent) of its free reserves and securities premium account, whichever is

more, as proposed in the Notice. The above proposal is in the interest of the Company and the Board recommends the Resolution as set out at Item No.5 for approval by the members of the Company.

MANAGEMENT DISCUSSION AND ANALYSIS

This Management Discussion and Analysis Report (MDA), presents an overview of the operational and financial performance of the Company during 2020-2021. It also highlights our strategy, and discusses important initiatives taken by it to achieve its growth and performance objectives.

HOTEL INDUSTRY OVERVIEW:

The pandemic in the year 2020 affected the hospitality industry severely, as we have never seen before. The effects have been even greater than what we saw in 2001 and 2008. This mega event has shaken all our assumptions about traveling, managing hotels, and dealing with customers and hotel owners, management companies, lenders, banks, and team members. On the other hand, the year 2022 is looking promising - as a result the world being vaccinated. The hospitality industry is all about smiling at the guests and knowing them well; we should not forget it. I am sure that in 2022 we will be able to smile again to our guests, and they will smile back to us without a mask.

The market size of the hotel and resort sector worldwide reached 1.21 trillion U.S. dollars in 2019, reflecting a decrease over the previous year's size of 1.24 trillion U.S. dollars. The sector was forecast to reach 1.22 trillion U.S. dollars in 2021.

In fiscal year 2021, the occupancy rate of hotels in India was 33.8 percent, a significant drop from over 60 percent in recent years. Among the various types of hotels, midscale hotels had the highest occupancy at nearly 37 percent. The decline came in the wake of the coronavirus (COVID-19) pandemic.

After reaching record-low occupancy in April 2020, the sector closed the year with an India-wide occupancy in the range of 33-36%, reflecting a decline of 31-33 percentage points. In the wake of falling demand and occupancies, hotels reduced tariffs significantly to attract business, thus, pulling down revenue per available room (RevPAR) to a dismal low of Rs.1,500/- to Rs.1,800/- in 2020, reflecting a decline of 57-59%. Our estimates indicate that the sector (including organized, unorganized, and semi-organized segments) has incurred a total revenue loss of approx. Rs. 900 BN in 2020.

In India it's assumed revenue per available room (RevPAR) of 1,675 Indian rupees for 2020. This was a decrease by nearly 60 percent compared to the previous year. Reasons for the significant decrease were lockdowns and travel restrictions imposed due to the coronavirus (COVID-19) pandemic. Before the pandemic, RevPAR in hotels across India was at nearly Rs. 4,000/-. Nevertheless, it had been optimistic about the recovery of their businesses. They anticipated to reach the pre-pandemic level by 2022 or 2023.

The average daily rate of hotels in India was around 4,000 Indian rupees in fiscal year 2021. The average daily rate for luxury hotels was the highest at 8,640 Indian rupees that same year. The decline in average daily rate came in the wake of the coronavirus (COVID-19) pandemic.

Domestic leisure travel, particularly to motorable destinations, will continue to show a steady increase in 2021. Meanwhile, corporate demand will remain subdued, at least in the short term, as the convenience of virtual meetings overshadows travel. We expect Indiawide occupancy to improve to 56-59% in 2021, which will push RevPAR to Rs. 2,500/- to Rs. 3,000/- during the year.

In fiscal year 2021, the hotel occupancy rate in the coastal state of Goa amounted to around 35 percent, a massive decline due to the coronavirus (COVID-19) pandemic. In recent years, the occupancy rate had fluctuated around 70 percent. The average hotel room rate in the Indian state of Goa amounted to over Rs. 5,000/-, a massive decline compared to the previous year due to the coronavirus (COVID-19) pandemic. Nevertheless, this was the highest value among the ten major hotel destinations in the country. In recent years the average daily rate increased from around Rs. 7,000/- in 2016 to nearly Rs. 8,000/- in 2020.

Due to the evolving nature of the pandemic, not only many countries, but even states in India are now reintroducing travel restrictions and lockdowns. At the same time, the gradual rollout of the COVID-19 vaccine across the globe and in India is expected to help restore consumer confidence and help ease these restrictions during the year ahead. We expect demand to improve considerably in 2021, driven by strong economic growth, corporate performance, and people making-up for the lost time by giving in to their pent-up desire to travel. However, hygiene, cleanliness and safety will continue to remain top priorities in the post-COVID world.

The pandemic severely impacted travel and tourism globally, causing the industry a loss of almost US\$ 4.5 trillion. Domestic visitor spends decreased by 45% while international visitor spends decreased by 69.4% compared to 2019 (Source: World Travel & Tourism Council, Economic Impact Reports 2020). With very little option, the hospitality industry explored ways to survive this period by exploring new revenue opportunities and optimising costs. Fallout of this has been the loss of 61.6 million jobs globally, and there is threat of higher losses if government retention schemes are withdrawn before the industry revives. However, this did not prevent the industry from supporting the

medical fraternity and governments in every possible way during the pandemic. Also, service provided to guests continued despite the challenges in full compliance with the regulations and by ensuring the highest health and safety standards.

New mutations of the virus have given rise to another COVID-19 wave in the fourth quarter of the year, affecting India, the United States of America (US), United Kingdom, Brazil, Turkey and France amongst other countries. While reported cases are spiralling, the vaccines can reduce the severity and frequency of infections. There is a strong hope that an accelerated vaccination rollout, along with adherence to safety and hygiene norms, will neutralise the spread of the virus and bring back normalcy. The experience of countries leading this path, such as Israel and the United Kingdom (UK), should provide direction to countries lagging in their vaccination programmes.

Therefore, it will take some time for international business to return, so local tourism will continue to be important more than ever. The industry should make sure they have a local loyalty program, not only internationally. Furthermore, business people will cut back on traveling as Zoom is now an acceptable avenue to do business with the Zoom culture. The business hotel should explore how to recover from the expected drop in business travelers. For example, hotel rooms can be used as day offices, and hotel lobbies can be used as a co-working area. Many hotels have a large lobby with a design that does not properly accommodate businesspeople from the hotel or business people from outside the hotel. Now is the time to change it. Besides, many hotels are still selling seminar packages, which cost much money, while co-working space operators can give working space by the hour. Business hotels need to learn to host co-working spaces as well. Hosting co-working is easy to do with all the different apps available in the marketplace with minimal cost.

FINANCIAL ANALYSIS:

The COVID-19 pandemic had an unprecedented negative impact on the hospitality industry. According to a report published by the American Hotel and Lodging Association the expected US hotels losses are nearly \$83.7 (\$51.2) billion in room revenue in 2020 (2021), compared with 2019, while job losses in 2020 (2021) are projected to be nearly 630,000 (546,000). In addition, about half of hotel markets, representing 72% of hotel rooms in the US, are still in a recession or depression. These numbers indicate that most of the hotel industry has a long road to recovery, especially when considering that an occupancy rate of 35% or lower makes it impossible for many hotels to stay open. In Fact, individual hotels and major operators are projecting occupancies below 20%.

Similarly, the general state of the travel and tourism industry is also under a great threat. According to the Economic Impact Report by the World Travel and Tourism Council , prior to the

pandemic, the travel and tourism sectors, both directly and indirectly, accounted for 1 in 4 of all new jobs created around the world, 10.6% of all jobs (334 million), and 10.4% of global GDP (US\$9.2 trillion). In 2020, 62 million jobs were lost, representing a drop of 18.5% (62/334). The threat of job losses is continuing as many jobs are currently supported by government retention schemes and reduced hours, which without a full recovery in this sector, could be lost.

Global tourism suffered its worst-ever year in 2020, with international arrivals dropping by 74% according to the latest data from the United Nations World Tourism Organization (UNWTO). International arrivals at destinations worldwide were a billion fewer in 2020 than in the previous year. This was due to an unprecedented fall in demand caused by the strict travel restrictions imposed by governments to curtail the spread of the pandemic. International tourist arrivals (overnight visitors) dropped by 87% in January 2021, amid new outbreaks and tighter travel restrictions following a decline of 85% in the quarter ended December 2020. In Asia Pacific, the count dropped by 96% since the region continues to have the highest level of travel restrictions in place. Europe and Africa both saw a decline of 85% in arrivals, while the Middle East recorded a drop of 84%. International arrivals in the America decreased by 77%, in January, 2021.

As an impact of US economic package of the US\$ 1.9 trillion, it is expected to deliver a significant jump in employment and economic growth. As per the Bank of England, with the UK aggressively pushing its vaccination programme, the country's economic growth could reach pre-pandemic levels comparatively quickly. In its March 2021 report, the World Bank has highlighted clear signs of an economic rebound for south Asia, with per-capita incomes expected to revert to their pre-COVID levels by 2022. However, it has also highlighted that Bhutan, Sri Lanka, Maldives, and Nepal, which are dependent on tourism, could take significantly longer to recover depending on the pace of vaccination, reduction in infections and removal of travel restrictions. All estimates are subject to an adverse impact of the recent wave of COVID-19 infections.

In its January 2021 report, the World Bank had forecast global economic output to expand by 4% in 2021 and moderate to 3.8% in 2022. However, it expects recovery of global economic output to remain below pre-pandemic trends for a prolonged period. It attributes the slower growth to the massive debt levels that have been accumulated over the past decade and recent stimulus packages, which, while creating liquidity, cause inflationary pressures, thereby exposing the global economy to financial market stress. The World Bank highlighted that downside risks could increase if the spread of virus was not controlled or there was delay in vaccine procurement and distribution. This could lead to more severe and longer-lasting effects on potential output and financial stress following from high debt levels and weak growth. The bank stated that limiting the spread of the virus, providing relief for vulnerable populations, and overcoming vaccine-related challenges were the immediate priorities

(Source: Global Economic Prospects-World Bank).

In India as per the recent report of the Federation of Hotel & Restaurant Associations of India (FHRAI) the Indian hotel industry's total revenue in FY2019-20 stood at Rs 1.82 lakh crores. As per our estimates, in FY2020-21, approximately 75 per cent of the industry's revenues got wiped off. That is more than Rs 1.30 lakh crores revenue hit.

The key performance indicators (KPIs) used by the industry to measure business expansion and manage hotels are average room rate (ARR) and revenue per available room (RevPAR). The ARR stood at INR 5,458.68 in FY 2020 as against INR 5,671.00 in FY 2017. It is expected to reach INR 6,292.85 by FY 2025 while expanding at a compound annual growth rate (CAGR) of ~2.49% between FY 2021 and FY 2025.

In FY 2020, the RevPAR was INR 1,951.34 and is expected to reach INR 3,336.28 by FY 2025. It is expected that the hotel industry will expand at a promising rate since India will be hosting the ICC Men's World Cup in 2023. It has been assumed that this event would increase foreign tourists' footfall in the country.

The Economic Survey projects India's real GDP to grow by 11% in 2021-22, provided normalisation of economic activities continues and the rollout of COVID-19 vaccines gathers traction. If this is supplemented with a supply-side push from reforms, the easing of regulation, continued infrastructural investments, recovery of pent-up demand, increase in discretionary consumption, low-interest credit disbursement and adequate liquidity, the Economic Survey projects that the economy can overtake the pre-pandemic levels of FY 2019-20 in another two years. However, these estimates are subject to any adverse impact caused by the recent wave of the pandemic.

Employee management is a major challenge faced by the industry. The attrition rate has gone up due to the lack of workforce quality and increased competition for trained employees from competing service sectors, such as aviation.

COMPANY OVERVIEW:

The Company believes that there is a significant potential for growth of hospitality business in India. During the year, it has taken several measures to tap this opportunity. As most of its addressable market is very active online, the Company has made a conscious effort to focus on 'digital', both as a channel for future growth and to build its brand. As a result, response times to customer leads, queries or online mentions are being cut drastically. The Company's results of operations are primarily affected by room revenue and food and beverage revenue in its hotel. Room revenue is dependent upon the number of hotel rooms occupied by guests and the rate at which such guests can be charged.

OUTLOOK:

The outbreak of the COVID-19 pandemic and consequent nationwide lockdown and other restrictions imposed by the government on movement across the country since March 24, 2020 is expected to severely affect the economic growth during FY 2020-21, especially in the first quarter. The short term economic recovery is expected to be accelerated by an increase in government expenditure in key sectors of the economy and the implementation of stimulus packages announced by the government as part of its response to mitigate the hardships faced by both the economy and the people. Over the long term, a healthy saving culture among Indians, higher proportion of a young working population and policy reforms are expected to drive India's economic growth. The soft food inflation trend is expected to continue, given the increased agricultural productivity in the country. The challenges posed by the COVID-19 pandemic are expected to be short term under the existing scenario, where severe infection is limited to certain geographies, with many states already experiencing a flat curve in terms of infection rate. However, uncertainty on how the infectivity would evolve in the future would largely dictate the time required for the economic growth to regain normalcy.

Owing to a surge in COVID-19 cases and emergence of new variants, many countries have reintroduced stricter travel restrictions, mandatory testing, quarantines, and in some cases, border closures and domestic lockdowns. This has impacted the resumption of international travel. Further, the pace of vaccinations has been slower than expected and varies across countries. With 32% destinations worldwide with complete border closure in early February, 2021 and another 34% with partial closure, UNWTO expects international tourist arrivals to be down by 85% during January-March, 2021 over the same period in 2019, representing a loss of about 260 million international arrivals.

Viewing the current scenario financial year 2021- 2022, we expect domestic business travel to pick-up pace in the second quarter, as employees return to their workplaces and companies soften their travel advisories. In the interim, domestic leisure, weddings and F&B demand is expected to drive the sectors recovery. We may witness the conversion of brownfield hotel assets to alternative usages such as co-living, senior living and student housing, subject to the demand in specific markets. Investors will likely firm up investment decisions as performance cycle picks up. Fear of missing good deals may drive the investment activity.

Now two things are certain. First, that guests' preferences of accommodation and dining would steer towards reputed brands that embed hygiene and safety in their products and services. Second, the hospitality sector with its resilience will survive and adapt to the changing demands of hospitality in the years to come.

DISCUSSION ON OPERATIONAL PERFORMANCE & FINANCE HIGHLIGHTS:

The operations of the company were adversely affected due to the Global Pandemic crisis Covid-19. The start of the year under review was severely impacted by the National Lockdown. As a result, we had a loss for the year. However, we are hopeful that once conditions will get normalised there will be a gradual improvement in business conditions.

During the year under consideration Your Company recorded a turnover of Rs. 979.44 Lacs as against Rs. 2,045.18 Lacs in previous financial year. The Company registered loss before tax of Rs. (153.00) Lacs for the financial year ended 31st March, 2021 against a profit before tax of Rs. 75.42 Lacs in the previous financial year and the Loss after Tax for the current year is Rs. 174.08 Lacs as compared to Rs. 40.14 Lacs Profit earned in the previous year.

The Management expects growth from this sector in long run as the business climate has turned positive and will be able to acquire and expand more business in future. Our income from other sources comprises of interest income from bank and other operating income.

RESORT OPERATIONS:

Efficient resort operations are central to delivering a holiday experience that meets the expectations of our customers. This encompasses three key areas: infrastructure and facilities, holiday activities, and food and beverage (F & B). The

Company continued its initiative on institutionalizing 'post-holiday feedback' as the chief mechanism to measure its success in delivering quality holiday experience to its customers and addressing their concerns. We are happy to report that the feedback scores have consistently improved during the year. Efforts are in progress to further improve the coverage of the feedback, both in terms of processes and resort location.

OPPORTUNITIES, THREATS, RISKS AND CONCERNS:

In last 12 months from the outbreak of the Coronavirus, the world has lost roundly US\$ 900 billion in travel and tourism, according to The World Tourism Organization. In which, The US and EU refer to the two areas suffering the most painful attack. Expressly, those countries, of which the majority parts of GDP came from visitors and travel activities, are facing a series of current issues in the hospitality industry that could destroy the market.

France, one of the most painful victims of COVID-19 has to lose approximately US\$ 15 billion each month. Besides, the unemployment rate in the hospitality industry reached a peak this year. In 2018, Europe was believed as the most charming tourist attraction. In which it got roundly 670 million tourists. Unfortunately, in 2020, the volume of visitors traveling to Europe dropped by 85%. On the other hand, reports claimed that only 25% of customers were willing to eat-in in restaurants in 2020 due to the doubt of infection. Additionally, around 18% of visitors were comfortable staying at a hotel during their trips when COVID19 spreading.

The fear of COVID 19 led to changing customer behavior that they are more reliant on technology to avoid direct contact. In practice, over 60% of dinners used on-demand food delivery services and digital menus instead of visiting restaurants last year. Roundly 70% of customers in the hospitality industry confessed that they prefer using keyless entry and touchless elevators to access the hotel.

The Indian hospitality industry is undoubtedly one of the biggest casualties of the COVID-19 outbreak as demand has declined to an all-time low. Domestic leisure tourism has been driving the recovery in the Indian hotels sector in the post-COVID era, as inbound tourism continues to be on a standstill even after a year. Key leisure markets such as Goa, Rajasthan, Uttarakhand, Himachal Pradesh, and Kerala have been brimming with domestic tourists looking for a break from their COVID-blues, which helped India-wide hotel occupancy to reach 33-35% at the end of 2020. As a result, the year-on-year (y-o-y) decline in India-wide occupancy in 2020 was approximately 47%, much lower than its Asian counterparts such as Thailand (y-o-y decline of 60%) and Malaysia (y-o-y decline of 53%), as these countries are largely dependent on international tourists.

According to a report published by the state's Tourism Ministry in December, Goa's tourism industry may have suffered losses between \$273 million (€222 million) and \$985 million (€801

million) on account of the COVID-19 pandemic. The state also recorded job losses in the range of 35%-58%.

The India-wide occupancy, in fact, is expected to have breached the 50% mark in February 2021, a first since the onset of the COVID-19 outbreak last year, as travel within the country for short breaks, weekend getaways, staycations, workcations etc. has increased. While, Goa hotel market's performance is inching closer to the pre-pandemic levels, hotel markets in key business destinations, especially those focused on IT-ITES such as Bengaluru and Pune, continue to suffer as demand from corporate travel and MICE is still subdued, though the 'staycation' packages are helping shore up the occupancy at some city hotels.

Nothing deters Indians from travelling, when Goa is the destination. The lockdown may have restricted travelers for a few months owing to the mandatory COVID tests, but no sooner did Goa relax the rules, that there was an influx of domestic travelers from across the country. Waiting to break-free and experience unbridled fun albeit in the form of 'stayacations' and 'workcations', from friend's villas to budget hotels and way-out, but well-equipped five-star resorts, travelers sought them all.

RISK MANAGEMENT:

Risk management is an integral part of the Company's business process. With the help of experts in this field, risks are carefully mapped and a risk management framework is evolved. Pertinent policies and methods are set forth to mitigate such risks. The Company has taken several measures at all its properties to beef up its security preparedness. In addition to the physical security measures, the Company has also taken adequate insurance cover to meet financial obligations which may arise from any untoward incidents.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:

The Company has a proper and adequate internal control system to ensure that all the assets are safe-guarded and protected against the loss from unauthorized use or disposition and those transactions are authorized, recorded and reported correctly.

The internal control is supplemented by an extensive internal audit, periodical review by the management and documented policies, guidelines and procedures. The internal control is designed to ensure that the financial and other records are reliable for preparing financial statements and other data and for maintaining accountability of assets.

MATERIAL DEVELOPMENTS IN HUMAN RESOURCES:

The Company continues to lay emphasis on developing and facilitating optimum human performance. Performance of management was the key word for the Company this year. Recruitment process has been strengthened to ensure higher competence levels. During the year, the Company successfully

inducted people to meet the needs of the growing business, both from outside as well as through talent management and capability development initiatives aimed at development of existing employees. The employee strength is 103 as on 31st March, 2021.

CAUTIONARY STATEMENT

Certain statements in the Management Discussion and Analysis describing the Company's objectives, projections, estimates,

expectations or predictions may be forward-looking statements within the meaning of applicable securities laws and regulations. Actual results could differ from those expressed or implied. Important factors that could make a difference to the Company's operations include poor macroeconomic growth and consumer confidence, inability to add resorts and increase the inventory of room, cyclical demand and pricing in the Company's principal markets, changes in tastes and preferences, government regulations, tax regimes, economic development within India and other incidental factors.

INDEPENDENT AUDITOR'S REPORT

To The Members of Phoenix Township Limited Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Phoenix Township Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2021, and the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion, and to the best of our information and according to the explanations given to us, read with Key Audit Matters, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report.

We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Emphasis of matter

We draw your attention that balances of trade payables, trade receivables, advances received, advances given, GST liabilities and Income Tax assets (Net of liabilities) are subject to reconciliation and confirmation. The management is in the process of reconciling the same.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit matter	How our audit addressed the key audit matter
<p>1. Impact of COVID-19 pandemic on Going Concern Refer Note No.: 1(xxviii) and Note No.:1(xxix) "Estimation related to COVID-19" of the financial statements. On 11 March 2020, the World Health Organisation declared the Novel Coronavirus (COVID-19) outbreak to be a pandemic. The Indian Government has imposed lock-downs across the country from 22 March 2020 up to 30 June 2020. These lockdowns and restrictions due to COVID-19 pandemic have posed significant challenges to the businesses of the Company. This required the Company to assess impact of COVID-19 on its operations. The Company has assessed the impact of COVID-19 on the future cash flow projections. The Company has also prepared a range of scenarios to estimate financing requirements. In view of the above, we identified impact of COVID-19 on going concern as a key audit matter.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> • Obtained an understanding of the key controls relating to the Company's forecasting process • Compared the forecasted statement of profit and loss and cash flows with the Company's business plan approved by the board of directors • Obtained an understanding of key assumptions adopted by the Company in preparing the forecasted statement of profit and loss and cash flow and assessed the consistency thereof with our expectations based on our understanding of the Company's business • Assessed the forecasted statement of profit and loss and cash flow by considering plausible changes to the key assumptions adopted by the Company. • Performed the following procedures as mitigating factors: <ul style="list-style-type: none"> ➢ Obtained understanding of new borrowing facilities availed subsequent to the year-end; ➢ Assessed impact of Government's announcement to lift the lockdown restrictions and Company's plan to re-open hotels in a phased manner; • Assessed disclosures made in the financial statements with regard to the above. Refer to note no.: 1(xxviii) and note no.: 1(xxix). <p>Our procedures included, but were not limited to the following:</p> <ul style="list-style-type: none"> • Obtained an understanding of management's process and evaluated design and tested operating effectiveness of controls around identification of indicators of impairment under IndAS. • Assessed the appropriateness of methodology and valuation model used by the management to estimate

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's Report, Management discussion & Analysis and Business responsibility report, but does not include the financial statements and our auditor's report thereon.
- Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information; then we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the IND AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and

maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. As part of an audit in accordance with SA's, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used, and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we

are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease or to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them and all their relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India, in terms of sub-section (11) of Section 143 of the Act, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act,

except Ind AS 109 Financial instruments regarding part provision of Expected Credit Loss (ECL) on doubtful debtors and advances.

- e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as Amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i) As per information and explanation given to us Company does not have any pending litigations which would impact its financial position.
 - ii) The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts;
 - iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

of Phoenix Township Limited.**

Referred to in paragraph 1 under the heading 'Report on Other Legal & Regulatory Requirement' of our report of even date to the financial statements of the Company for the year ended March 31st, 2021:

- 1) (a). The Company has maintained proper records showing full particulars, including quantitative details and situation of all fixed assets.
 - (b). The Fixed Assets have been physically verified by the management in a phased manner, designed to cover all the items over a period of three years, which in our opinion, is reasonable having regard to the size of the company and nature of its business. Pursuant to the program, a portion of the fixed asset has been physically verified by the management during the year and no material discrepancies between the books records and the physical fixed assets have been noticed.
 - (c). The title deeds of immovable properties (which are included under the Note 2 - 'Property, plant and equipment') are held in the name of the Company.
- 2) In our opinion, the management has conducted physical verification of inventory at reasonable intervals during the year. No material discrepancies were noticed on the aforesaid verification.
- 3) The Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability partnerships or other parties covered in the Register maintained under section 189 of the Act. Accordingly, the provisions of clause 3 (iii) (a) to (C) of the Order are not applicable to the Company and hence not commented upon.
- 4) In our opinion and according to the information and explanations given to us, the company has complied with the provisions of section 185 and 186 of the Companies Act, 2013 In respect of loans, investments, guarantees, and securities.
- 5) In our opinion, the Company has not accepted any deposits within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of clause 3(v) of the Order are not applicable.
- 6) In pursuant to the rules made by the Central Government of India the company is required to maintain cost records as specified under section 148(1) of the act.
- 7) a) Undisputed statutory dues, including Provident Fund, Income Tax, Sales Tax, Cess and other material statutory dues as applicable have generally been regularly deposited by the company during the year with the appropriate authorities.
 - b) According to the information and explanation given to us, there are no dues in respect of income tax, goods and services tax, sales tax, service tax, duty of customs, duty of excise, value added tax outstanding on account of any dispute.
- 8) According to the records of the company examined by us and the information and explanation given to us, the company has not defaulted in repayment of loans or borrowings to any financial institution or bank as at balance sheet date.
- 9) Based upon the audit procedures performed and the information and explanations given by the management, the company has not raised moneys by way of initial public offer or further public offer including debt instruments and term Loans. Accordingly, the provisions of clause 3 (ix) of the Order are not applicable to the Company and hence not commented upon.
- 10) Based upon the audit procedures performed and the information and explanations given by the management, we report that no fraud by the Company or on the company by its officers or employees has been noticed or reported during the year.
- 11) Based upon the audit procedures performed and the information and explanations given by the management, the managerial remuneration has been paid or provided in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V of the Companies Act.
- 12) In our opinion, the Company is not a Nidhi Company. Therefore, the provisions of clause 4 (xii) of the Order are not applicable to the Company.
- 13) In our opinion, all transactions with the related parties are in compliance with section 177 and 188 of Companies Act, 2013 and the details have been disclosed in the Financial Statements as required by the applicable accounting standards.
- 14) During the year, the Company has not made any preferential allotment or private placement of shares or fully or partly paid convertible debentures and hence reporting under clause 3 (xiv) of the Order is not applicable to the Company.
- 15) Based upon the audit procedures performed and the information and explanations given by the management, the company has not entered into any non-cash transactions with directors or persons connected with him. Accordingly, the provisions of clause 3 (xv) of the Order are not applicable to the Company and hence not commented upon.

- 16) In our opinion, the company is not required to be registered under section 45 IA of the Reserve Bank of India Act, 1934 and accordingly, the provisions of clause 3 (xvi) of the Order are not applicable to the Company and hence not commented upon.

"Annexure B" to the Independent Auditor's Report of even date on the Financial Statements of Phoenix Township Limited.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act").

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2021 we have audited the internal financial controls over financial reporting of **Phoenix Township Limited**. ("the Company") which is a Company incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that;

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over

financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

PHOENIX TOWNSHIP LIMITED

*Accompanying notes to the financial statements
for the year ended 31st March 2021*

NOTE 1 : SIGNIFICANT ACCOUNTING POLICIES

I. Company Overview

PHOENIX TOWNSHIP LIMITED (the company) is a Public limited company incorporated on 10/02/1993 under the provisions of The Indian Companies Act, 1956 having Corporate Identity Number (CIN) L67190GA1993PLC001327. Its shares are listed in Bombay stock exchange. The Registered office is situated at Panjim in the state of Goa. The company is engaged in providing Services relating to hotel business.

II. Significant accounting policies:

i) Basis of Preparation and Presentation:

The Financial Statements are prepared in accordance with Indian Accounting Standards (IndAS) notified under Section 133 of the Companies Act, 2013 ("Act") read with Companies (Indian Accounting Standards) Rules, 2015; and the other relevant provisions of the Act and Rules thereunder.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. The Financial Statements have been prepared under historical cost convention basis except for certain financial assets and financial liabilities measured at fair value

Authorisation of Financial Statements: The Financial Statements were authorized for issue in accordance with a resolution of the directors on 30th June 2021.

ii) Use of Estimates and Judgments:

The preparation of the financial statements of the Company in accordance with Indian Accounting Standards (Ind-AS) requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets, liabilities and the accompanying disclosures along with contingent liabilities at the date of the financial statements. These estimates are based upon management's best knowledge of current events and actions; however uncertainty about these assumptions and estimates could result in outcomes that may require adjustment to the carrying amounts of assets or liabilities in future periods. Appropriate revisions in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Revisions in estimates are recognized

prospectively in the financial statements in the period in which the estimates are revised in any future periods affected.

iii) Fair Value Measurement:

The Company measures certain financial instruments at fair value at each reporting date. Certain accounting policies and disclosures require the measurement of fair values, for both financial and non-financial asset and liabilities.

The Company used valuation techniques, which were appropriate in circumstances and for which sufficient data were available considering the expected loss/ profit in case of financial assets or liabilities.

iv) Revenue Recognition

Revenue is recognized to the extent it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment.

Revenue in respect of export sales is recognised on shipment of products.

Interest income is recognized using Effective Interest Rate (EIR) method.

Dividend Income on Investments is accounted for when the right to receive the payment is established.

v) Inventories

Inventories of Raw Materials, Finished Goods, Semi-Finished Goods, Accessories and Packing Materials are valued at cost or net realizable value, whichever is lower. Goods in transit are valued at cost or net realizable value, whichever is lower. Cost comprises of all cost of purchases, cost of conversion and other costs incurred in bringing the inventory to their present location and conditions. Cost is arrived at on Weighted Average basis.

vi) Property, plant and equipment

Property, plant and equipment are stated at cost, net of accumulated depreciation and/or accumulated impairment losses, if any.

Such cost includes the cost of replacing part of the property, plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of property, plant and equipment are required to be replaced at intervals, the Company recognises such parts as individual assets with specific useful lives and

depreciation, respectively. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied and the carrying amount of old part is written off. All other repair and maintenance costs are recognised in the statement of comprehensive income as incurred.

vii) Intangible Assets

Intangible assets acquired are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any.

Intangible Assets are amortized on a systematic basis over its useful life on straight line basis and the amortization for each period will be recognized as an expense.

i) Goodwill is amortised on Straight Line Method over a period of five years.

viii) Depreciation

Depreciation on Plant, Property and Equipment has been provided based on the useful life of the assets as prescribed in Schedule II of the Companies Act, 2013.

Depreciation methods, useful lives and residual values are reviewed at each reporting date.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment. Subsequent expenditure relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably. Repairs and maintenance costs are recognized in the statement of profit and loss when incurred. The cost and related accumulated depreciation are eliminated from the financial statements upon sale or disposition of the asset and the resultant gains or losses are recognized in the statement of profit and loss.

ix) Borrowing costs

Borrowing costs consist of interest and other costs incurred in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

Borrowing costs that are attributable to the acquisition or construction of qualifying assets (i.e. an asset that necessarily takes a substantial period of time to get ready for its intended use) are capitalized as a part of the cost of such assets. All other borrowing costs are charged to the

Statement of Profit & Loss.

x) Taxes on Income

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognized in the statement of profit and loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity, respectively.

a) Current Income Tax

Current income tax for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities based on the taxable income for that period. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted by the balance sheet date.

Current tax assets and liabilities are offset only if, the Company:

- has a legally enforceable right to set off the recognized amounts; and
- intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

b) Deferred Income Tax

Deferred tax is recognized for the future tax consequences of deductible temporary differences between the carrying values of assets and liabilities and their respective tax bases at the reporting date, using the tax rates and laws that are enacted or substantively enacted as on reporting date.

Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses and credits can be utilized.

Deferred tax assets and liabilities are offset only if:

- Entity has a legally enforceable right to set off current tax assets against current tax liabilities; and
- Deferred tax assets and the deferred tax liabilities relate to the income taxes levied by the same taxation authority.

xi) Leases

Lease payments under operating leases are recognized as an expense on a straight line basis in the statement of profit and

loss over the lease term except where the lease payments are structured to increase in line with expected general inflation.

For arrangements entered into prior to 1 April 2015, the Company has determined whether the arrangement contain lease on the basis of facts and circumstances existing on the date of transition.

xii) Financial Assets:

a) Initial recognition and measurement

All financial assets (not measured subsequently at fair value through profit or loss) are recognised initially at fair value plus transaction costs that are attributable to the acquisition of the financial asset.

b) Subsequent measurement

Subsequent measurement is determined with reference to the classification of the respective financial assets. The Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of its business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

(i) Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the Statement of Profit & Loss. The losses arising from impairment are recognised in the Statement of Profit & Loss.

(ii) Debt instruments at Fair value through Other Comprehensive Income (FVOCI)

A 'debt instrument' is measured at the fair value through other comprehensive income if both the following conditions are met:

- The asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, these assets are subsequently measured at fair value. Interest income under effective interest method, foreign exchange gains and losses and impairment are recognised in the Statement of Profit & Loss. Other net gains and losses are recognised in other comprehensive Income.

(iii) Debt instruments at Fair value through profit or loss (FVTPL)

Fair value through profit or loss is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorisation as at amortised cost or as FVOCI, is classified as at FVTPL.

(iv) Equity investments

All equity investments in scope of Ind-AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Company decides to classify the same either as at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

For equity instruments classified as FVOCI, all fair value changes on the instrument, excluding dividends, are recognized in other comprehensive income (OCI).

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit & Loss.

c) Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's Balance Sheet) when.

The rights to receive cash flows from the asset have expired, or The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either:

- The Company has transferred substantially all the risks and rewards of the asset, or

- The Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

On de-recognition, any gains or losses on all debt instruments and equity instruments (measured at FVTPL) are recognised in the Statement of Profit & Loss. Accumulated gains or losses on equity instruments measured at FVOCI are never reclassified to the Statement of Profit & Loss.

d) Impairment of financial assets

In accordance with Ind-AS 109, the Company applies Expected Credit Loss ("ECL") model for measurement and recognition of impairment loss on the financial assets measured at amortised cost.

Loss allowances on trade receivables are measured following the 'simplified approach' at an amount equal to the lifetime ECL at each reporting date. In respect of other financial assets measured at amortised cost, the loss allowance is measured at 12 month ECL for financial assets with low credit risk at the reporting date and there is a significant deterioration in the credit risk since initial recognition of the asset.

xiii) Financial Liabilities:

a) Initial recognition and measurement

All financial liabilities are recognised initially at fair value net of transaction costs that are attributable to the respective liabilities.

b) Subsequent measurement

Subsequent measurement is determined with reference to the classification of the respective financial liabilities. The Company classifies all financial liabilities as subsequently measured at amortised cost, except for financial liabilities at fair value through profit or loss.

(i) Financial Liabilities at fair value through profit or loss (FVTPL)

A financial liability is classified as at fair value through profit or loss if it is classified as held-for-trading or is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and changes therein, including any interest expense, are recognised in Statement of Profit & Loss.

(ii) Financial Liabilities measured at amortised cost

After initial recognition, financial liabilities other than

those which are classified as fair value through profit or loss are subsequently measured at amortised cost using the effective interest rate method ("EIR").

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit & Loss.

c) Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit & Loss.

xiv) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

xv) Fair value of financial instruments

In determining the fair value of its financial instruments, the Company uses following hierarchy and assumptions that are based on market conditions and risks existing at each reporting date.

Fair value hierarchy:

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

➤ Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities

➤ Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

➤ Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

xvi) Financial guarantees

Financial guarantee contracts issued by the Corporation are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of the debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the fair value initially recognised less cumulative amortisation.

xvii) Cash & Cash Equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

Cash and cash equivalents comprise cash on hand and in banks and demand deposits with banks which can be withdrawn at any time without prior notice or penalty on the principal. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

xviii) Employee Benefits

Short term employee benefits:

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. These benefits include short term compensated absences such as paid annual leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognized as an expense during the period. Benefits such as salaries and wages, etc. and the paid or expected cost of the incentives / miscellaneous welfare compensations / bonus / ex-gratia are recognised in the period in which the employee renders the related service.

Long term employee benefits:

Defined Contribution plans:

Company's periodical makes contribution to several vital funds and employee benefits insurances schemes its cost has been charged to the Statement of Profit and Loss of the year where such contributions to the respective funds are due or on accrual basis.

Such contribution are to the Employee's Provident fund Scheme, 1952 govern by regional provident funds commissioner, Maharashtra and / Goa whereby Company's employee are obligation towards pension and retirement benefits are covered

Defined benefit plans:

Gratuity, which is a defined benefit plan, is accrued based on an independent actuarial valuation, which is done based on project unit credit method as at the balance sheet date. The Company recognizes the net obligation of a defined benefit plan in its balance sheet as an asset or liability. Gains and losses through re-measurements of the net defined benefit liability/(asset) are recognized in other comprehensive income. In accordance with Ind AS, re-measurement gains and losses on defined benefit plans recognised in OCI are not to be subsequently reclassified to statement of profit and loss. As required under Ind AS compliant Schedule III, the Company transfers it immediately to retained earnings.

xix) Events after Reporting date

Where events occurring after the Balance Sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the financial statements. Otherwise, events after the Balance Sheet date of material size or nature are only disclosed.

xx) Foreign Currency Transactions:

a) Functional and Presentation Currency:

The Financial Statements are presented in Indian rupees which is the functional currency for the Company. All amounts have been rounded off to the nearest lakh, unless otherwise indicated. Hence, the figures already reported for all the quarters during the year might not add up to the year figures reported in this statement.

b) Transactions and Balances

- Transactions denominated in foreign currency are normally accounted for at the exchange rate prevailing at the time of transaction.

- Monetary assets and Liabilities in foreign currency transactions remaining unsettled at the end of the year are translated at the year-end rates and the corresponding effect is given to the statement of profit and loss.
- Exchange differences' arising on account of fluctuations in the rate of exchange is recognized in the statement of Profit & Loss.
- Exchange rate difference arising on account of conversion/translation of liabilities incurred for acquisition of Fixed Assets is recognized in the Statement of Profit & Loss.
- Non-monetary items are reported at the exchange rate at the date of transaction.

xxi) Impairment of Assets:

At each balance sheet date, the Company assesses whether there is any indication that any property, plant and equipment and intangible assets with finite life may be impaired. If any such impairment exists, the recoverable amount of an asset is estimated to determine the extent of impairment, if any. Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

xxii) Provisions:

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

Provisions are not discounted to present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

xxiii) Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized

because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the condensed standalone financial statements.

xxiv) Earnings per Share

The basic earnings per share is computed by dividing the net profit attributable to equity shareholders for the period by the weighted average number of equity shares outstanding during the period.

The number of shares used in computing diluted earnings per share comprises the weighted average shares considered for deriving basic earnings per share, and also the weighted average number of equity shares which could be issued on the conversion of all dilutive potential equity shares

xxv) Classification of Assets and Liabilities as Current and Non-Current:

All assets and liabilities are classified as current or non-current as per the Corporation's normal operating cycle (determined at 12 months) and other criteria set out in Schedule III of the Act

xxvi) Cash Flows

Cash flows are reported using the indirect method, where by net profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities are segregated.

xxvii) Operating Segments

Operating segments are reported in a manner consistent with the internal reporting provided to Chief Operating Decision Maker (CODM).

The Company has identified its Managing Director as CODM which assesses the operational performance and position of the Company and makes strategic decisions.

xxviii) Impact of COVID-19 pandemic on Going Concern:

Company has assessed the possible impact of Covid-19 in preparation of these financials, including assessment of liquidity and going concern assumption, recoverable values of its financial and non-financial assets and impact on

revenues and costs, the figures of the quarter and year ended March 31, 2021 are not comparable with the figures of previous periods.

The impact assessment of COVID -19 is a continuing process given the uncertainties associated with its nature and duration and actual results may differ materially from these estimates. The Company will continue to monitor any material changes to future economic conditions and any significant impact of these changes would be recognized in the financial statements as and when these material changes to economic conditions arise.

xxix) Estimation and uncertainty relating to the global health pandemic on COVID-19:

Company has assessed the possible impact of Covid-19 in preparation of these financials, including assessment of liquidity and going concern assumption, recoverable values of its financial and non-financial assets and impact on revenues and costs, the figures of the quarter and year ended March 31, 2021 are not comparable with the figures of previous periods.

The management of the company is in process of getting some secured or unsecured additional financing for the next 36 months to prevent disruption of the operating cash flows and to enable the Company meet its debts and obligations as they fall due.

Management also believes that it has taken into account all the possible impact of known events arising from COVID-19 pandemic in the preparation of above financial results. The associated economic impact of the pandemic is highly dependent on variables that are difficult to predict.

Note 39 : Financial instruments – Fair values and risk management

A. Accounting classification and fair values

"The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:"

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy. It does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amount is a reasonable approximation of fair value.

B. Measurement of fair values

Valuation techniques and significant unobservable inputs

The Fair Value of the Financial Assets & Liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following tables show the valuation techniques used in measuring Level 2 and Level 3 fair values, for financial instruments measured at fair value in the statement of financial position, as well as the significant unobservable inputs used.

Financial instruments measured at fair value

Type	Valuation technique
Non current financial assets and liabilities measured at amortised cost	Discounted cash flows: The valuation model considers the present value of expected receipt/payment discounted using appropriate discounting rates.

NOTE 40 : Financial instruments - Fair values and risk management (continued)

Market risk

Market Risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk.

Currency risk

The Company is exposed to currency risk on account of its operating and financing activities. The functional currency of the Company is Indian Rupee. Our exposure are mainly denominated in U.S. dollars. The USD exchange rate has changed substantially in recent periods and may continue to fluctuate substantially in the future. The Company's business model incorporates assumptions on currency risks and ensures any exposure is covered through the normal business operations. This intent has been achieved in all years presented. The Company has put in place a Financial Risk Management Policy to Identify the most effective and efficient ways of managing the currency risks.

Exposure to currency risk

The currency profile of financial assets and financial liabilities as at March 31, 2021 and March 31, 2020 are as below:

Sensitivity Analysis

A reasonably possible strengthening / (weakening) of the Indian Rupee against US dollars at 31st March would have affected the measurement of financial instruments denominated in US dollars and affected profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases. In cases where the related foreign exchange fluctuation is capitalised to fixed assets or recognised directly in reserves, the impact indicated below may affect the Company's income statement over the remaining life of the related fixed assets or the remaining tenure of the borrowing respectively.

**NOTE 41 : Financial instruments - Fair values and risk management (continued)****Financial Risk Management****Risk management framework**

A wide range of risks may affect the Company's business and operational / financial performance. The risks that could have significant influence on the Company are market risk, credit risk and liquidity risk. The Company's Board of Directors reviews and sets out policies for managing these risks and monitors suitable actions taken by management to minimise potential adverse effects of such risks on the company's operational and financial performance.

Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's trade and other receivables, cash and cash equivalents and other bank balances. To manage this, the Company periodically assesses financial reliability of customers, taking into account the financial condition, current economic trends and analysis of historical bad debts and ageing of accounts receivable. The maximum exposure to credit risk in case of all the financial instruments covered below is restricted to their respective carrying amount.

(a) Trade receivables

The Company extends credit to customers in normal course of business. The Company considers factors such as credit track record in the market and past dealings with the Company for extension of credit to customers. The Company monitors the payment track record of the customers. Outstanding customer receivables are regularly monitored. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and industries and operate in largely independent markets. The history of trade receivables shows a negligible provision for bad and doubtful debts. Therefore, the Company does not expect any material risk on account of non performance by any of the counterparties.

Credit risk in respect of trade and other receivables is managed through credit approvals, establishing credit limits and monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in the credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of default occurring on assets as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- i) Actual or expected significant adverse changes in business
- ii) Actual or expected significant changes in the operating results of the counterparty
- iii) Financial or economic conditions that are expected to cause a significant change to the counterparties ability to meet its obligation
- iv) Significant increase in credit risk on other financial instruments of the same counterparty
- v) Significant changes in the value of the collateral supporting the obligation or in the quality of third party guarantees or credit enhancements

Financial assets are written off when there is no reasonable expectations of recovery, such as a debtor failing to engage in a repayment plan with the Company. When loans or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. When recoverables are made, these are recognised as income in the statement of profit and loss.

The Company measures the expected credit loss of trade receivables and loan from individual customers based on historical trend, industry practices and the business environment in which the entity operates. Loss rates are based on actual credit loss experience and past trends. Based on the historical data, loss on collection of receivable is not material hence no additional provision considered.

**NOTE 42 : Financial instruments - Fair values and risk management (continued)****Interest rate risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is exposed to interest rate risk through the impact of rate changes on interest-bearing liabilities and assets. The Company manages its interest rate risk by monitoring the movements in the market interest rates closely.

Exposure to interest rate risk

Company's interest rate risk arises primarily from borrowings. The interest rate profile of the Company's interest-bearing financial instruments is as follows.

(Rs. in Lacs)

Particulars	As at 31.03.2021	As at 31.03.2020
Borrowing bearing variables interest rate	360.05	238.74
Total of Variable Rate Financial Liabilities	360.05	238.74

Cash flow sensitivity analysis for variable-rate instruments

The sensitivity analysis below have been determined based on the exposure to interest rates for financial instruments at the end of the reporting year and the stipulated change taking place at the beginning of the financial year and held constant throughout the reporting period in the case of instruments that have floating rates. A 50 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates :

Cash flow sensitivity analysis (net)**Profit or loss**

INR	50 bp increase	50 bp decrease
31st March 2021		
Variable-rate loan instruments	(1.80)	1.80
Cash flow sensitivity (net)	(1.80)	1.80
31st March 2020		
Variable-rate loan instruments	(1.80)	1.19
Cash flow sensitivity (net)	(1.80)	1.19

Other price risk

The Company invests its surplus funds in various Equity and debt instruments . These comprise of mainly liquid schemes of mutual funds (liquid investments), Equity shares, Debentures and fixed deposits. This investments are susceptible to market price risk, mainly arising from changes in the interest rates or market yields which may impact the return and value of such investments. However due to the very short tenor of the underlying portfolio in the liquid schemes, these do not pose any significant price risk.

**NOTE 43 : Financial instruments - Fair values and risk management (continued)****Liquidity risk**

Liquidity is defined as the risk that the Company will not be able to settle or meet its obligations on time or at a reasonable price. The Company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the Company's net liquidity position through rolling forecasts on the basis of expected cash flows.

The table below provides details regarding the contractual maturities of significant financial liabilities :

NOTE 44 : Capital Management

"For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the Company. The Company strives to safeguard its ability to continue as a going concern so that they can maximise returns for the shareholders and benefits for other stake holders. The aim to maintain an optimal capital structure and minimise cost of capital."

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may return capital to shareholders, issue new shares or adjust the dividend payment to shareholders (if permitted). Consistent with others in the industry, the Company monitors its capital using the gearing ratio which is total debt divided by total capital plus total debt.
