ANNUAL REPORT

2013-14

FORWARD LOOKING STATEMENT

In this Annual Report we have disclosed forward looking information to enable investors to comprehend our prospectus and take informed investment decisions. This report and other statements - written and oral - that we periodically make, contain forward-looking statements that set out anticipated results based on the management's plans and assumptions. We have tried wherever possible to identify such statements by using words such as 'anticipates', 'estimates', 'expects', 'projects', 'intends', 'plans', 'believes' and words of similar substance in connection with any discussion of future performance.

We cannot guarantee that these forward-looking statements will be realized, although we believe we have been prudent in assumptions. The achievement of results is subject to risks, uncertainties and the underlying assumptions undergoing change. Should known or unknown risks or uncertainties materialize, or should underlying assumptions not materialize, actual results could vary materially from those anticipated, estimated or projected. Shareholders and Readers should bear this in mind.

We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

Overview of Indian Economy

India is the most attractive investment destination in the world, according to a survey by global consultancy firm Ernst & Young (EY). The Indian economy is expected to grow at 3.4 per cent in the current fiscal, a slight increase from 3.3 per cent in FY 2012–13, as per projections from the Organisation for Economic Co-operation and Development (OECD). The growth is estimated to be even greater in FY 2014–15 (5.1 per cent) and FY 2015–16 (5.7 per cent).

India's exports have also been doing well, touching US\$ 303 billion in FY 2012–13, almost double of what it managed (US\$ 167 billion) four years ago. Experts express confidence that the figure will scale US\$ 325 billion by the end of the current fiscal. The US\$ 1.2 trillion investment planned in the infrastructure sector will go a long way in boosting export performance of Indian companies and the Indian growth story, according to Mr Anand Sharma, Union Minister for Commerce and Industry, Government of India.

The HSBC Trade Confidence Index, the largest trade confidence survey in the world, has positioned India at the top with 142 points. The increasing demand due to its population makes the country a good market for consumption goods, according to the report.

The Economic Scenario

India's industrial economy is gathering momentum on the back of improved output of eight core sector industries – coal, crude oil, refining, steel, cement, natural gas, fertilisers and electricity – which, at 8 per cent in September 2013, rose at its fastest pace in a year.

The Cabinet Committee on Investments (CCI) has approved the speedy execution of 36 infrastructure projects entailing investments of Rs 1,830 billion (US\$ 29.28 billion) to boost investor confidence, according to Mr P Chidambaram, Union Minister for Finance, Government of India.

Some of the other important economic developments in the country are as follows:

- Indian companies signed as many as 360 private equity (PE) deals totalling US\$ 8.9 billion during the January–October 2013 period, registering an increase of 33 per cent over the corresponding period a year ago. In the first 10 months of 2012, India Inc had announced 345 transactions worth US\$ 6.7 billion, according to a report by global assurance, tax and advisory firm Grant Thornton.

- Indian corporates raised Rs 1,700 billion (US\$ 27.20 billion) through commercial papers (CPs) during the first half of FY 2013–14. A total of 169 issuers raised this amount, according to a report by Prime Database.
- Exports from India during August 2013 were valued at Rs 1,652.02 billion (US\$ 26.42 billion), registering a growth of 28.53 per cent as compared to Rs 1,285.35 billion (US\$ 20.56 billion) during August 2012.
- The cumulative amount of FDI equity inflows into India were worth US\$ 303.06 billion in the April 2000–August 2013 period, according to the latest data published by Department of Industrial Policy and Promotion (DIPP).
- Foreign exchange (Forex) reserves of India rose in the week ending October 11, 2013 by US\$ 1.5 billion to US\$ 279.24 billion, according to data released by the Reserve Bank of India (RBI).

Textile Industry overview

The Indian Textile Industry is one of the leading industries in the world. Liberalization of the Indian economy in 1991 gave the much-needed thrust to the Indian economy, which is now turning out to be the largest in the world. The Indian Textiles Industry has a vast presence in the economic life of the country. Apart from providing the basic necessities of life, it also plays a significant role through its contribution to various macro-economic factors of the country. At present, it contributes about 14% to industrial production, 4% to the Gross Domestic Product (GDP), and 11% to the country's export earnings. It is also one of the largest sectors in the country in terms of employment generation. It provides direct employment to over 35 million people, which includes a substantial number of Schedule Caste / Schedule Tribe, and women. It not only generates job in this industry but also opens up space in other ancillary sectors. Its proximity to agriculture and the ancient culture and tradition of country also make the Indian textiles sector unique compared to the textiles industry of other countries.*The Indian textile industry is one of the largest contributors to Indian exports. A report on increasing India's manufacturing exports submitted by the Working Group constituted by the Planning Commission during the XIIth Five Year Plan (2014-17), envisages India's exports of Textiles and Clothing at \$32.35 billion by the end of the XIth Five Year plan, against the earlier target of \$55 billion envisaged in the Report of Working Group on Textiles for the XIth Five Year Plan and based on historic growth rate of 10%, Compounded Annualized Growth Rate (CAGR). A business-as-usual approach will result in exports of \$52 billion by the end of the XIth Plan. An export target of \$65 billion and creation of 25 million additional jobs has been proposed with a CAGR of 15% during the XII Plan.* The Indian textiles industry is extremely varied. It includes hand-spun and hand-woven sector on one hand and capital intensive, sophisticated mill sector on the other. Power looms / hosiery and knitting sectors are also some of the largest sections of the Textiles sector. The major sub-sectors that comprise the textiles sector include the organized Cotton/Man-Made Fibre Textiles Mill Industry, the Man-Made Fibre / Filament Yarn Industry, the Wool and Woolen Textiles Industry, the Sericulture and Silk Textiles Industry, Handlooms, Handicrafts, the Jute and Jute Textiles Industry, and Textiles Exports. The Government of India is also promoting a number of policies for the textile sector. Some of the measures taken by the Government are as under:

- Health insurance and life insurance cover to the weavers and ancillary workers under Rajiv Gandhi ShilpiSwasthyaBimaYojna.
- Technology Up gradation Fund Scheme (TUFS) has also been introduced which provides interest reimbursement / capital subsidy and margin money subsidy for technology up gradation, which will lead to cost effectiveness as well as improve quality.

- The Textile Workers' Rehabilitation Fund Scheme (TWRFS) came into force with the objective to provide interim relief to textile workers rendered unemployed as a consequence of permanent closure of any particular portion or the entire textile unit.
- The schemes for mega cluster has been launched which will provide for development of all the facets of selected clusters like raw material support, design inputs, up gradation of technology, infrastructure development, marketing support, welfare of weavers etc.
- Providing facility of E-Marketing.
- Through "Integrated Skill Development program", lots of people are being trained.
- Financial package for waiver of overdues has also been announced.
- Several textile parks with world-class infrastructure facility has also been approved which would lead to employment generation. In 2014-2014, the Indian economy has witnessed moderation in growth. Turbulent global conditions, rupee depreciation, rising inflation, coupled with a weak industrial sector have emerged as key challenges for the Indian economy. However, despite these challenges, favorable demographic conditions and rising income level will help to keep growth story of India's domestic demand intact.

Independent Auditor's Report To the Members of BIRDHI CHAND PANNALAL AGENCIES LIMITED

Report on the Financial Statements

We have audited the accompanying financial statements of BIRDHI CHAND PANNALAL AGENCIES LIMITED ('the Company') which comprise the Balance Sheet as at 31 March 2014, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance of the Company in accordance with the Accounting Standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956 ("the Act"). This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- (i) in the case of the Balance Sheet, of the state of affairs of the Company as at 31 March 2014;
- (ii) in the case of the Statement of Profit and Loss, of the Loss of the company for the year ended on that date; and
- (iii) in the case of the Cash Flow Statement, of the cash flows of the company for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2003 ("the Order"), as amended, issued by the Central Government of India in terms of sub-section (4A) of section 227 of the Act, we give in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the Order.
2. As required by section 227(3) of the Act, we report that:

Notes to Financial Statements

CORPORATE INFORMATION

Birdhi Chand Pannalal Agencies Limited (the Company) is a Public limited company domiciled in India and incorporated under the provisions of the Companies Act, 1956.

BASIS OF PREPARATION

The Company maintains its accounts on accrual basis following the historical cost convention in accordance with Generally Accepted Accounting Principles (GAAP) in India, in compliance with the provisions of the Companies Act, 1956 and the Accounting Standards as specified in the Companies (Accounting Standards) (Second Amendment) Rules, 2011, prescribed by the Central Government. Management evaluates all recently used or revised accounting standards on an ongoing basis. The accounting policies adopted in the preparation of financial statements are consistent with those of previous year, except for the change in accounting policy explained below.

1 SIGNIFICANT ACCOUNTING POLICIES

(a) Use of Estimates

The preparation of the Financial Statements in conformity with Generally Accepted Accounting Principles (GAAP) in India requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures relating to contingent liabilities as at the date of the financial statements and reported amount of income and expenses during the period. Examples of such estimates includes future obligation with respect to employees benefits, income taxes, useful lives of fixed assets etc. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates. Difference between the actual results and estimates are recognised in the period in which the results are known / materialised.

(b) Fixed Assets and Depreciation

(i) Tangible Assets

Tangible assets are stated at their cost of acquisition net of receivable CENVAT and VAT Credits. All costs, direct or indirect, relating to the acquisition and installation of fixed assets and bringing it to its working condition for its intended use are capitalised and include borrowing costs and adjustments arising from foreign exchange rate variations directly attributable to construction or acquisition of fixed assets. Depreciation on fixed assets is provided on written down value method (WDV) on a pro-rata-basis at the rates and in the manner specified in Schedule XIV to the Companies Act, 1956. In respect of assets acquired/sold during the year, depreciation has been provided on pro-rata basis with reference to the days of addition/put to use or disposal.

(ii) Intangible Assets

Intangible Assets are stated at their cost of acquisition, less accumulated amortization and accumulated impairment losses thereon. An intangible asset is recognized where it is probable that future economic benefits attributable to the asset will flow to the enterprise and where its cost can be reliably measured. The depreciable amount of intangible assets is allocated based on the estimates of the useful life of the asset not exceeding five years.

(c) Impairment of Assets

An asset is treated as impaired when the carrying cost of assets exceeds its recoverable value. An impairment loss is charged to the Profit & Loss Account in the year in which an asset is identified as impaired. The impairment loss recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.
