Management Discussion and Analysis Report

Pursuant to Regulation 34(3) and Para B of Schedule V of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and the amendments thereof, details of the Management discussion and analysis are given below:

Industry Structure & Development

Coal has historically fuelled India's rise, bringing energy to millions of households and generating useful economic activity. It continues to be the mainstay of India's energy mix, even as concerns over climate change and air pollution have highlighted the need to pursue a more sustainable path forward.

As per IEA's India Energy Outlook 2021, even though coal's share in India's total primary energy demand will steadily decline in percentage terms from 44 per cent in 2019 to 34 per cent in 2040 (stated policies scenario), demand for coal will still grow by 31 per cent over the same period in absolute terms, from 413 million tonnes of oil equivalent (mtoe) in 2019 to 541 mtoe in 2040.

Opportunities and Challenges, Risks and Concerns

The Government of India has projected that the overall demand for coal would far exceed the domestic supply in the current financial year. The development assumes significance in the wake of certain parts of the country grappling with power outages in the wake of coal shortage, which has compelled companies to import dry fuel for the first time in seven years to meet the demand of power plants. With the demand for coal expected to rise in future, Company expects to tap the demand, leading to potential growth opportunities.

Growing infrastructure like roads and highways, railways, aviation, shipping, energy, power or oil & gas will boost the demand for specialized steel and the Company also expects to revive the operations as the demand for sponge iron products seems better in the future with economic and Industrial growth.

Product-wise performance

During the year under review, the Company generated revenue through trading of iron and coal. The company has leased its Sponge Iron Plant to MTC Business Pvt. Ltd and source of income from the said lease has been accounted for.

Outlook

In the recent years, the demand for Sponge Iron is sluggish. The factors like COVID-19 pandemic, slowdown in infrastructure and constructions, fluctuating volatile raw materials prices, regional demand & supply imbalances, and INR Value against global currencies have impacted significantly the Indian steel industry. Cheap import of steels products from neighbouring countries may result in the lowering prices and making the market highly competitive.

The management has initiated steps to revive the company with various other business opportunities with positive economic outlook and improvement in industrial growth in forthcoming years.

Internal Control Systems

Internal control systems continued to function as effectively as in the past. Top management and the Board of Directors and the Committees thereof continue to be actively involved in ensuring that all controls work as intended.

Financial and Operations Performance

The Company's revenue from operations for the year under review is Rs. 24,00,000 during the period 2021-22 and 2020-21 signifying an increase of 0%. The increase in revenue during the year under review is attributed to the increase in the Investment activities. The operating profit has also seen a significant jump during the year under review.

The Company has identified the following as Key Financial Ratios:-

Particulars	Unit of Measurement	March 31, 2022	March 31, 2021	Variation in %
Current Ratio	In multiple	19.96	0.72	19.24
Debt-Equity Ratio	In multiple	1.66	-	1.66
Return on Equity Ratio	In %	3.15	(3.44)	6.58
Net Profit Ratio	In %	72.88	(3,331.19)	3,404.07
Return on Capital Employed	In %	84.71	(687.45)	772.16
Return on Investment (Assets)	In %	60.09	(72.60)	132.69

The Company does not have any debt/ borrowings, hence disclosure of Debt-Equity Ratio is not applicable.

Ratios where there has been a significant change from FY 2020-21 to FY 2021-22 are explained below :-

1. Efficient collection practices has resulted in the higher Debtors Turnover Ratio.
2. Increased operating margin and net profit margin is owing to the increase in the operating revenue.
3. Higher current ratio is indicative of the Company's abilities to meet its short-term obligations.
4. Increase in profit has resulted in the higher Return on Net Worth.

Human Resource Development

Information other than the financial statements and auditors' report thereon

The Company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, Business Responsibility Report but does not include the Ind As financial statements and our auditor's report thereon.

Our opinion on the Ind As financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind As financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's responsibility for the financial statements

The Company's board of directors are responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these Ind As financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian accounting standards (Ind-As) specified under section 133 of the Act read with the Companies (Indian Accounting Standard) Rules, 2015 as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind As financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind As financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The board of directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the Ind As financial statements

Our objectives are to obtain reasonable assurance about whether the Ind As financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind As financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind As financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind As financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind As financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Ind AS financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i)

planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Ind As financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind As financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

Annexure “B” to the Independent Auditor’s Report

(Referred to in paragraph 2 (f) under ‘Report on other legal and regulatory requirements’ section of our report to the Members of Gita Renewable Energy Limited of even date)

Report on the internal financial controls over financial reporting under clause (i) of sub - section 3 of section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Gita Renewable Energy Limited (“the Company”) as at March 31, 2022, in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s responsibility for internal financial controls

The board of directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the standards on auditing prescribed under Section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those standards and the guidance note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement in the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial control system over financial reporting.

Meaning of internal financial controls over financial reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of internal financial controls over financial reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management of override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and according to the information and explanations given to us, the Company has, in all material respects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

v) For the purpose of fair value disclosures, the company has determined the classes of assets and liabilities based on the nature, characteristics and risks of the assets or liabilities and the level of the fair value hierarchy as explained above.

vi) The basis for fair value determination for measurement and / or disclosure purposes is detailed below:

a. Investments in Equity

All equity investments in scope of Ind AS 109 are measured at fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

b. Forward exchange contracts

The fair value of forward exchange contracts is based on the quoted price if available; otherwise, it is estimated by discounting the difference between contractual forward price and current forward price for the residual maturity of the contract using government bond rates.

c. Non-derivative financial liabilities

The fair value of non-derivative financial liabilities viz, borrowings are determined for disclosure purposes calculated based on the present value of future principal and interest cash flows, discounted at the market rate of interest at the reporting date.
