

ANNUAL REPORT

2017-18

ANSAL PROPERTIES & INFRASTRUCTURE LIMITED

A Message from Chairman

Excellence in any form of human endeavor rests on strong foundations and concrete results. It is the drive to succeed and lead in the face of stiff competition and mounting challenges that moves an enterprise into the next orbit of excellence. A dream shared got us through more than four glorious decades of uplifting the quality of lives. This in turn has put us in an enviable position of being the catalyst of change in India. It has been our endeavour to drive the company and business to the next level with the changing market scenarios, government policies and customer aspirations. We have been adopting new approaches, technologies and stronger business processes with support of professional teams. Now we are geared to further this transition by doing an all new identity built on solid foundation of excellence, teamwork and commitment. I would like to sum up thoughts by saying “We had dreamt of enriching the lives of our brethren by creating world class real estate solutions and redefining lifestyle standards”.

Quite aptly we are headed towards this direction.

VISION & MISSION

To fulfill growing aspirations of our customers by building world class real estate solutions & redefining lifestyle standards

EXPLANATORY STATEMENT AS REQUIRED U/S. 102 OF THE COMPANIES ACT, 2013

Item nos. 5 to 8:

The Board of Directors of the Company (Board) at their meeting held on the 12th August, 2014 had appointed Shri Dharmendar Nath Davar, Shri Prithvi Raj Khanna, Dr. Ramesh Chandra Vaish and Dr. Lalit Bhasin as Non- Executive Independent directors of the Company (not liable to retire by rotation) for a period of five consecutive years, w.e.f. the 29th September, 2014 to the 28th September, 2019 (Being the first term of their appointment), in terms of the provisions of Section 149, 150, 152 and other applicable provisions, if any, of the Companies Act, 2013 and the Companies (Appointment and Qualification of Directors) Rules, 2014 and the amended Clause 49 of the erstwhile Listing Agreement entered with the Stock Exchanges on the recommendation of the Nomination and Remuneration Committee at their meeting held on the said date subject to the approval of the shareholders by way of passing Ordinary Resolution/s. Subsequently, their appointments were approved by the shareholders on the 28th September, 2014.

The Securities and Exchange Board of India (SEBI) on the 02nd September, 2015 had notified the SEBI (Listing Obligations and Disclosure Requirements) Regulations (Listing Regulations) in place of the Listing Agreement executed with the Stock Exchanges.

SEBI (Listing Obligations and Disclosure Requirements)(Amendment) Regulations, 2018 (Amended Listing Regulations) have been notified on the 09th May, which inter alia, stipulates that no listed entity shall appoint a person or continue the directorship of any person as a non-executive director who has attained the age of seventy five years unless a special resolution is passed to that effect, in which case the explanatory statement annexed to the notice for such motion shall indicate the justification for appointing such a person.

The Board and the Nomination and Remuneration Committee believe that the justification for continuing the directorships of Shri Dharmendar Nath Davar, Shri Prithvi Raj Khanna, Dr. Ramesh Chandra Vaish and Dr. Lalit Bhasin, as Non- Executive Independent Directors of the Company, (who have attained the age of seventy five years), is that all of such Directors

are eminent personalities and experts in their respective fields who have been contributing immensely to the growth & development of the Company and its projects and business for long periods during their terms as Independent Directors. Moreover, the Company's success has been to a great extent attributed to their contributions and presence in the Board, and that it is expected that their continuing presence as Non-Executive Independent Directors shall be significantly beneficial to the Company and its business, in the future.

In view of the above, The Board at their meeting held on the 13th August, 2018 has approved the continuing of the directorships of Shri Dharmendar Nath Davar, Shri Prithvi Raj Khanna, Dr. Ramesh Chandra Vaish and Dr. Lalit Bhasin as Non- Executive Independent directors of the Company (not liable to retire by rotation) for remaining part of their first term {i.e. till the 28th September, 2019}, in compliance with the requirements of Sections 149, 150, 152 and other applicable provisions, if any, of the Companies Act, 2013 and the Companies (Appointment and Qualification of Directors) Rules, 2014 and the Listing Regulations as amended on the recommendation of the Nomination and Remuneration Committee at their meeting held on the said date, subject to the approval of the shareholders by way of passing Special Resolution/s.

The above mentioned independent directors have given a declaration that they meet the criteria of independence as provided under Section 149 (6) of the Act and are not debarred from continuing their directorships pursuant to any SEBI's Order. Moreover, they are also not disqualified to continue their directorships under the Act.

In the opinion of the Board, the abovementioned Independent Directors fulfil the conditions specified in the Act and the Companies (Appointment and Qualification of Directors) Rules 2014 for appointment as Independent Directors and they are independent of the Management.

In compliance with the Listing Regulations as amended, the continuation of the directorships of the above Directors as Non Executive Independent Directors is now being placed before the shareholders in this AGM for their approval by way of passing the Special Resolution/s.

Brief resume of Shri Dharmendar Nath Davar, Shri Prithvi Raj Khanna, Dr. Ramesh Chandra Vaish and Dr. Lalit Bhasin and other information as required to be given in terms of Regulation 36(3) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, is given as a part of this notice of AGM and also forms part of Directors Report for the Financial Year 2017-18

The Memorandum & Articles of Association of the Company can be inspected by members of the Company in physical form at its Registered Office of the Company on all working days, except Saturdays, during business hours (i.e., 11:00 a.m. to 4:00 p.m.) up to the date of the Meeting.

Your Directors recommend passing the proposed Resolution given in Item Nos. 5 to 8 as Special Resolution/s.

Save and except the aforesaid Independent Directors, none of the other Directors, Key Managerial Personnel of the Company, and/or their relatives are concerned or interested, financially or otherwise in these proposed Resolutions.

Item No. 9

The Board of Directors of the Company (Board) at their meeting held on the 10th November, 2012 had re- appointed Shri Pranav Ansal {DIN: 00017804} as Vice Chairman & Managing Director of the Company for a period of 05 years, w.e.f. the 01st November, 2012 to the 31st October, 2017 on the recommendation of the Nomination and Compensation / Remuneration Committees at their respective meetings held on the same date subject to the approval of the members by way of passing an Ordinary Resolution. He has been re-designated as Vice Chairman & Whole Time Director of the Company w.e.f the 09th August, 2013. Subsequently, his appointment was approved by the members on the 27th September, 2013 including the payment of his remuneration. Accordingly, the tenure of his re-appointment as Vice Chairman & Whole Time Director had expired on the 31st October, 2017.

The Board of Directors at their meeting held on the 14th November, 2017 have approved the re-appointment and remuneration of Shri Pranav Ansal as Vice Chairman and Whole Time Director for a period of five years commencing from the 01st November, 2017 to the 31st October, 2022, in terms of the provisions of Section 196, 197, 203 read with Schedule V and all other applicable provisions, if any, of the Companies Act, 2013 {"Act"}, and the Rules framed there under on the basis of the recommendation of the Nomination and Remuneration Committee at their meeting held on the said date subject to the approval of the members by way of passing an Ordinary Resolution at the next General Meeting. However, the appointment with remuneration is subject to all the statutory provisions of the Companies Act, 2013 ("Act") including Section 197(3) of the Act regarding payment of the remuneration during the Financial Year, when the Company has no profits or its profit are inadequate.

Shri Pranav Ansal satisfies all the conditions set out in Part –I of Schedule V of the Act for being eligible for his re-appointment and he is not debarred from holding the office of director pursuant to SEBI's order.

Shri Pranav Ansal, a prominent industrialist, is consolidating and expanding the great legacy of the Ansal API Group. He is the driving force behind Ansal Plaza, Delhi which sparked the Mall revolution in the Country. His brief profile and other disclosures, as required to be given in terms of Regulation 36(3) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Secretarial Standard on General Meeting, is given as a part of this notice of AGM and also forms part of Directors Report for the Financial Year 2017-18.

The aforesaid re-appointment and remuneration of Shri Pranav Ansal which are subject to the approval of the shareholders by way of passing an Ordinary Resolution, in terms of the recommendation of Nomination and Remuneration Committee and approval of the Board under the provisions of the Companies Act, 2013 and other applicable provisions, if any of the Act be regarded as written memorandum setting out the terms and conditions of his re-appointment and remuneration pursuant to Section 190 of the Act which is available at the Registered office of the Company.

Details of the re-appointment including terms and conditions along with the salary, perquisites and commission {in short, remuneration} of Shri Pranav Ansal, is set out in Resolution mentioned at item no . 9.

The Memorandum & Articles of Association of the Company can be inspected by members of the Company in physical form at its Registered Office of the Company on all working days, except Saturdays, during business hours (i.e., 10:00 a.m. to 5:30 p.m.) up to the date of the Meeting.

Your Directors recommend passing the proposed Resolution given in Item No. 9 as an Ordinary Resolution.

Except Shri Pranav Ansal, Vice Chairman and Shri Sushil Ansal, Chairman and Whole Time Director, father of Pranav Ansal, none of the other Directors, Key Managerial Personnel of the Company, and/or their relatives are concerned or interested, financially or otherwise in this proposed Ordinary Resolution.

Item No. 10

In terms of the provisions of Section 148 and all other applicable provisions, if any, of the Companies Act, 2013, the Companies (Audit and Auditors) Rules, 2014 and the Companies (Cost Records and Audit) Rules, 2014 (including any statutory modification(s) or re-enactment(s) thereof, for the time being in force), it is required to appoint the Cost Auditor to conduct the audit of the cost records of the Company. The remuneration of Cost Auditor is required to be ratified by the Members of the Company.

M/s J.D. Associates, Cost Accountants, Firm Registration No. 101443, has been appointed as Cost Auditor by the Board of the Company {Board} on the recommendation of the Audit Committee at their respective meetings held on the 12th August, 2017, to conduct the audit of the cost records of the Company for the Financial Year ending the 31st March, 2018 at the remuneration amounting Rs. 1,50,000 {Rupees one lakh and Fifty Thousand } excluding applicable tax.

In compliance with the provisions of said Section the remuneration of the Cost Auditor for the Financial Year 2018-19 is now being placed before the Members at this AGM for their ratification and confirmation.

The Memorandum & Articles of Association of the Company can be inspected by members of the Company in physical form at its Registered Office of the Company on all working days, except Saturdays, during business hours (i.e., 10:00 a.m. to 5:30 p.m.) up to the date of the Meeting.

Your Directors recommend passing the proposed Resolution given in Item No. 10 as an Ordinary Resolution.

None of the Directors, Key Managerial Personnel of the Company, and/or their relatives are concerned or interested, financially or otherwise in the proposed Ordinary Resolution.

Item No. 11

In terms of the provisions of Section 180(1)(a) of the Companies Act, 2013, the consent of the members by a Special Resolution is necessary to mortgage and /or create charge on the immovable and movable properties or otherwise dispose off the whole or substantially the whole of the undertaking of the company or where the company owns more than one undertaking the whole or substantially the whole of any such undertakings. Since mortgaging by the company of its movable or immovable properties in favour of various Financial Institutions/ Banks/ Trustees/ Debenture holders/ Depositors/ Body Corporates for availing terms loans/other secured borrowings is regarded as disposal of the company's properties/undertakings, it is necessary for the members to pass the resolution under Section 180(1)(a) of the Companies Act, 2013 by way of special

resolution.

The members of the Company had passed a Special resolution under Section 180(1)(a) approving the power to mortgage or create charge on 47th AGM of the Company held on the 29th September, 2014.

However the same does not cover the power to mortgage / charge on the properties of the Company in case of borrowing done by any associate/subsidiary company of your Company.

Accordingly the Special Resolution dated 29th September, 2014 is proposed to be modified to cover the borrowings by the associate and subsidiary Companies of the Company.

None of the Directors / Key Managerial Personnel of the Company/ their relatives are, in any way, concerned or interested, financially or otherwise, in this resolution.

The Board of Directors recommends the Special Resolution set out at Item no. 11 of the Notice for approval by the members.

TRANSFER TO RESERVES

During the Financial Year under review, no amount has been transferred to General Reserve.

CAPITAL STRUCTURE

During the Financial Year 2017-18, there has been no change in the capital structure of the Company.

DIVIDEND

The Board of Directors of your Company, keeping in view the loss in the Financial Year 2017-18 and uncertainties in the real estate sector and so also the imperative need to conserve resources, decided not to recommend any dividend for the said financial year.

LOANS, GUARANTEES AND INVESTMENTS

Details of loans, guarantees and investments under the provisions of Section 186 of the Companies Act, 2013 ("the Act") read

with the Companies (Meetings of Board and its Powers) Rules, 2014, as amended from time to time as on 31st March, 2018, are set out in the Standalone Financial Statements forming part of this Annual report.

CONSOLIDATED FINANCIAL STATEMENTS

The Audited Consolidated Financial Statements of your Company for the Financial Year 2017-18 have been prepared in accordance with the applicable provisions of Companies Act, 2013, Rules made thereunder, Indian Accounting Standards (IND –AS) and the provisions of SEBI (Listing Obligations and Disclosure Requirements) Regulation, 2015 as amended (hereinafter referred to as the “Listing Regulations”), are forming part of this Annual Report.

FIXED DEPOSITS

As on the 31st March, 2018, fixed deposits stood at Rs.11033 Lakhs as against Rs. 13267 Lakhs in the previous year.

As already reported earlier, the Company could not to comply with the provisions of Section 73 and other applicable Sections of the Companies Act, 2013 read with the Companies (Acceptance of Deposits) Rules, 2014 and therefore the Company had w.e.f. the 01st April 2014, stopped accepting/renewing fixed deposits.

Since the Company was unable to make payments to its fixed deposit holders as per schedule mentioned in its Fixed Deposit Schemes due to fund constraints arising out of downturn in the real estate market, a revised schedule of payment of fixed deposits was approved by the then Hon'ble Company Law Board, New Delhi Bench (CLB) vide its Order dated the 30th December, 2014.

Subsequently, fresh petition/s had been filed at Principal Bench of the National Company Law Tribunal (NCLT), New Delhi for seeking further extension of time for repayment of Fixed Deposits (FDs) payable as there was no improvement in the fund position and the real estate market had remained depressed.

In response thereto, NCLT passed Order/s for repayment of fixed deposits with certain conditions.

As per the Order of the Hon'ble NCLT dated the 31st May, 2018, the requirement to maintain the liquid assets {on or before the 30th April, 2018} as required under the Companies {Acceptance of Deposits} Rules, 2014 has been waived for the financial year 2017-18.

Thereafter, at the various hearings held before the NCLT and at the last hearing held on the 19th July, 2018 NCLT has reviewed the status of its Order Compliance and passed an Order extending the Scheme for further 02 months after which the performance of the Company shall be reviewed by it for considering further extension.

The Company has made payments to the fixed deposit holders in compliance with the fresh proposal approved by the NCLT till June, 2018. The next date of hearing will be on the 06th September, 2018.

The Company is complying with above NCLT Orders. Further, provisions of Sections 73 to 76 or any other relevant provisions of the Act, whichever is applicable are being complied by it.

Details relating to deposits covered under The Companies (Acceptance of Deposits) Rules, 2014 for the Financial Year 2017-18 are as follows:

- Deposit accepted during the year: Nil
- Deposit accepted before the 01st April 2014 is in compliance with the requirements of the Companies Act, 1956 and Rules there under.

MATERIAL CHANGES AND COMMITMENTS, IF ANY, AFFECTING THE FINANCIAL POSITION OF THE COMPANY

No Material changes and commitments have occurred between the end of Financial Year 2017-18 and the date of this Report which could affect the financial position of the Company.

BUSINESS

There has been no change in Nature of Business of the Company during the Financial Year 2017-18.

Pursuant to its mission as well as in practice, your Company is constantly striving to create world class solutions in real estate and uplift the quality of life. Over the five decades it has been engaged in the business of real estate in various facets and in that process, it has been evolving as a professionally managed organization striving for excellence.

During the last 51 years, it had been and presently engaged in the field of housing and real estate business covering development of Hi- Tech and integrated townships and other large mixed-use and stand-alone developments in the residential, commercial, retail and hospitality segments, with a focus on large-scale mixed use developments, particularly in residential projects. The business is being carried on by the Company on its own as well as through various subsidiaries, associates, joint ventures and collaborations etc. As a well-known developer, your Company has several landmark buildings in Connaught Place (CBD of New Delhi) viz. Akash Deep, Surya Kiran, Vikas Minar, Amba Deep, Statesman House etc., and it has established its brand image over long five decades. The projects of your Company are located in the NCR, the States of Uttar Pradesh, Haryana, Rajasthan and Punjab.

Through Management's Discussion and Analysis Report forming part of the Directors' Report, your Board has tried to capture broader overview of the Global economic scenario and the Indian economy situation and more particularly the Real Estate Sector prevailing in the Country which have and shall have impact on the nature of Company's business and generally in the class of business in which the Company has interest.

No significant and material order has been passed by the Regulators or Courts or Tribunal affecting the going concern status and company's operations in future.

REAL ESTATE SECTOR

Real estate in India is being recognized to drive the economic growth engine of the Country. The Sector, if channelized properly, could catapult the growth of several other sectors in India through its backward and forward linkages.

The entry of major private players in the education sector has created vast opportunities for the real estate sector. Emergence of nuclear families and growing urbanization has given rise to several townships that are developed to take care of the elderly. Growth in the number of tourists has resulted in demand for service apartments. This demand is likely to be on the uptrend and presents opportunities for the unorganized sector.

The real estate sector including construction is a pivotal cog of economic growth for India, as it contributes the third highest share to the Indian economy and is also the third largest employer (after agriculture and manufacturing). With forward and backward linkages to over 250 sectors and ancillary industries, the real estate sector is the third-highest contributor to the economy. It employed over 52 million work-force till 2017, and as per projections is slated to employ over 67 million work-force by 2022.

The Indian real estate market is expected to touch US\$ 180 billion by 2020. The housing sector alone contributes 5-6 per cent to the Country's Gross Domestic Product (GDP). In the Financial years from 2008-2020, the market size of this Sector is expected to increase at a Compound Annual Growth Rate (CAGR) of 11.2 per cent. Retail, hospitality, and commercial real estate are also growing significantly, providing the much-needed infrastructure for India's growing needs.

Your Company has at present projects under various stages of implementation across residential, commercial, retail and others. It focuses on mixed use development, particularly in residential projects, and, has a leading position in the housing segment, particularly in key cities in northern India. Within the residential asset class, the projects of the Company range from large-scale integrated townships to mixed use and stand-alone detached single and group housing, as well as serviced plots. Your Company continues to follow the strategy of developing integrated townships in key cities in North India.

TOWNSHIPS

The housing industry of India has been one of the fastest growing sectors. Over 51 years, your Company has developed and continues to develop world-class residential townships, complexes, giving facilities to its customers, stakeholders and investors while giving a new dimension to the India infrastructure development.

Townships have become the most sought after property destinations even though the properties located there-in cost higher than the standalone properties. Complexes built in large area of lands with all facilities including schools, hospitals, shopping malls, gymnasium, swimming pool, health spa provide an unique living experience that people demand these days. With these changes in consumer preferences it is but apparent that the townships are the next big thing in the Indian real estate development industry. As land prices show fluctuating movements with tendency of significant escalation in key cities and basic infrastructures lag to balance with increasing populace, real estate property developers are building cities away from the city to facilitate better quality lifestyles.

Details of major projects / townships of your Company are discussed in Management Discussion and Analysis Report which forms a part of this Annual Report.

CORPORATE SOCIAL RESPONSIBILITY (CSR)

Your Company has always been a committed organisation in working towards social causes and meeting the societal expectations and thus ushering in cooperative relationship. With this very notion in mind, the Company now seeks to extend its support towards community service with a public -spirited approach by enhancing the quality of life in the field of healthcare, learning and basic infrastructure facilities to the underprivileged. Through its CSR initiatives, your Company wishes to create a community of goodwill thus enabling itself to reinforce a positive and socially amicable corporate entity.

Your Company aims to actively contribute towards a healthy and harmonious environment in the society and communities around its areas of operation. This allows your Company to enhance corporation from the society it caters.

The Corporate Social Responsibility {CSR} Committee constituted by the Board of Directors {Board} on the 07th February, 2014, is in consonance with the requirements of the Section 135 of the Companies Act, 2013 and its Rules. The said CSR Committee has been entrusted with the responsibility of formulating and recommending to the Board, a Corporate Social Responsibility Policy (CSR Policy) indicating the activities to be undertaken by the Company, monitoring the implementation of the framework of the CSR Policy and the amount to be spent on CSR activities. In this regard following the recommendation of the said Committee, the Board has approved the CSR policy, on the 16th May, 2015 {duly amended}, which is also available on the website of the Company i.e. <http://www.ansalapi.com/wp-content/uploads/2014/12/Corporate-social-responsibility-policynew.pdf>

The Composition of the said Committee and other particulars are mentioned in the Corporate Governance Report which forms part of this Annual Report.

As part of its existing Corporate Social Responsibility (CSR) your Company has since long supported the under-privileged and socially and economically backward sections of the society. This can be seen from many of its social projects in terms of setting up of schools, health care facilities, old age care homes and affordable homes for weaker sections. Your Company collaborates with social, charitable and NGOs which are similarly engaged in pursuit of upliftment of under-privileged sections of the society.

Annual Report on the Corporate Social Responsibility Activities for the Financial Year ended on the 31st March, 2018.

The CSR report for the financial year ended 31st March, 2018, is attached as **Annexure – A** to the Boards' Report.

A. EDUCATION

Education imparts not just knowledge but nurtures an individual's evolution for the future. The key factor of knowledge is at core of all development efforts in advancing economic and social well being in an emerging nation like India. Your Company, through its associates/ Trust, has ushered in the field of education and has built eminent institutes like:

- **Ansal University**

Chiranjiv Charitable Trust (CCT) has setup a University called “**Ansal University**” under the Haryana Private Universities Act, 2006. Ansal University is dedicated to its mission to nurture scholars who will contribute to society by advancing knowledge and imparting it to new generations of students.

The University has established various schools with a focus on Architecture, Design, Engineering & Management supported by Applied Sciences, Computer Applications, Humanities, and Languages & International Studies. A few unique features of the University are - contemporary curriculum, relevant pedagogy, emphasis on soft skills & trans-disciplinary learning (TDL) by all students across various disciplines.

The students having gone through the transcendental education model have come to the international benchmarks of quality education and are evolving into all-rounded professionals for holistic perspective towards industry and academics.

Brief for various disciplines being taught at University are:

Sushant School of Art & Architecture (SSAA):- Conceived with the objective of combining traditional Indian aesthetics and mode of urban planning with the needs of a modern city space; SSAA not only fulfils this objective but also goes beyond and set its own paradigm. SSAA has completed 27 years of its existence and it has been recognised as one of the top three schools of architecture in the Country.

SSAA has associations with many international universities and institutions such as Massachusetts Institute of Technology, AA School London, University of Bath, Deakin University, Illinios Institute of Technology, Chicago, Lawrence Technology University, Aristotle University, University of British Columbia, University of Melbourne. These

international relationships ensure that SSAA is always in dialogue with world community.

Sushant School of Design's:- Its curriculum is planned and progressed keeping in mind the individual's potential and abilities for pursuing the courses of interior designing , fashion and textiles designing, product designing, and visual communication.

School of Engineering and Technology:- It is focussing on renewal energies, design and development of sustainable products and processes to enhance manufacturing and its productivity, affordable health care systems and services, future cities and new materials in bio medicine and cooling. It offers courses on computer science engineering, electronics, electrical and communication engineering, mechanical and civil engineering.

School of Management Studies:- It offers management education with futuristic outlook. Courses include on real estate management, health care management, international business, specialisation in retail, insurance, tourism, marketing, finance, hotel management and catering technology.

School of Skill and Entrepreneurial Development (SSED):- It has been set-up with the objective to up-grade skills of unemployed youth to facilitate the supply of skilled manpower, ready to work in Industry. Imparting skills under partnership with NSDC will help the unemployed, particularly the dropout youths in getting job – employment or self employment. SSED organizes on the job training through placement at the Companies under the National Employment Enhancement Mission (NEEM) of AICTE to enhance the employability of the students.

B RESEARCH & RESOURCES CONSERVATION

Your Company recognizes the relationship of business sustainability with resources management and is committed to supervise and conserve the amount of water and electricity used across its project sites at the time of construction. It has installed Solar Power Plants at some of its location with view of generating clean energy for internal consumptions.

Scientific Research Program – In this era of technological advancement throughout the World, there is need for development of new technologies. Therefore, your Company has undertaken a scientific research program to bring out innovations in the field of Solar Energy Projects.

In India there is a wide gap between the demand for electricity and its availability leading to load shedding in many areas particularly in rural areas. To plug the gaps small auxiliary power plants are being set up by the governments which are based on gas and oil and make them cost inefficient. The solar thermal systems can provide very efficient and cost- effective alternative for power demands. The project of your Company is expected to yield benefits for the entire Society clubbed with availability of sustainable and clean energy with reasonable costs.

In order to create awareness amongst employees towards environment and resources conservation, your Company organises various camps and has been anchoring green initiatives on a regular basis. The projects of your Company have integrated environment protection, up gradation, conservation, water harvesting, etc. and plantation of trees etc. as a part of the sustainable development.

C DAY CARE CRÈCHE FACILITIES AT PROJECT SITES

Your Company, through an NGO- 'Mobile Crèches', strives to ensure a healthy and secure childhood for children through quality day care programs aimed at holistic development. This further creates favorable conditions for Women to work at the Company's project sites by providing them the necessary day care support for their children and providing opportunities for basic schooling skills. Day care programs run for eight hours, six days a week for children as young as newborns to 12 year old, with trained, experienced and caring staff.

D COMMUNITY DEVELOPMENT INITIATIVES

Your Company strongly believes in contributing to and investing in communities in and around its project sites. Under this endeavour, several initiatives have made a lasting impact on the economic, environmental and social conditions of local people. Some such initiatives are:

- Tree plantations
- Adoption of villages connected to project sites of the Company
- Construction of roads, sanitation facilities and temples
- Provision of electricity
- Provision of employment

- Sponsorship of Vocational Training Programmes
- Blood Donation Camps
- Provision of health facilities to poor people

E HEALTHCARE

● **Diya India Foundation:-** This NGO is engaged for betterment of weaker sections of society. Your Company, through this trust, has been supporting primary school education to the underprivileged children from the slum clusters. Today the foundation has two school buildings - Chetan Vidya Mandir and Chetan Playway School. It is also being planned to conduct regular basic healthcare facilities with assistance in medicines to those in need in villages that have no access to the hospital facility.

● **Village Kahma in Punjab:-** The welfare and social upliftment of this village and the surrounding areas has been undertaken through Kahma Welfare Committee, a non-profitable organization set up for this purpose. This initiative has been in progress for decades. A hospital in Kahma—Hansraj Government Hospital - in the name of Late Sh. Hans Raj – grandfather of Shri Sushil Ansal, has been set up. The Welfare Committee has been working well in providing medical support to the villagers of Kahma in Punjab and adjoining villages with the support from your Company. Specialized eye camps are organized every year and many are getting benefitted through camp facility.

F HOUSING FOR ECONOMICALLY WEAKER SECTIONS (EWS) OF THE SOCIETY

More than three thousand plots for Economically Weaker Sections of the society, in townships of the Company, are in the process of development. The plots were allotted through open public lottery system at highly subsidised rates with easy interest free instalments. The affordable homes are being developed in the projects in Uttar Pradesh and Rajasthan and it is also proposed to further add to above tally of dwelling units in the affordable housing category in the next few years.

G SENIOR CITIZEN HOME

A plot of 1000 sq. m. has long since been donated to establish a Senior Citizen's Home in Palam Vihar, Gurgaon. Free technical and engineering support was provided to build this home called Chiranjiv Karam Bhoomi. Several senior citizens are staying in this home which is being run by Divya Chaya Trust comprising Smt. Kusum Ansal and other members of the Trust.

H PROMOTION OF LITERATURE

Kusumanjali Foundation, another social and literary initiative of your Company, a non-profit making company is promoting literary works of budding writers in Hindi and other regional languages. Kusumanjali Foundation has been established by Dr. (Mrs.) Kusum Ansal, the well-known writer and supported by your Company.

A literary charitable organisation known as SAMVAD has been launched. It provides an opportunity for creative writers where their literary works are discussed and analysed. Your Company's social and charitable initiatives have been giving support for more than twenty years. A collection of the selected works of the members of the Samvad has been compiled into a book for dissemination to public and creative fraternity.

I PROMOTION OF RELIGIOUS AND SPIRITUAL ACTIVITIES

Ethics and principles, which are deep rooted in the Indian philosophy of spiritualism and religious inclinations, are immensely valued. Contributions have been made to religious and spiritual activities from time to time. An extended portion of Chhattarpur Temple in Delhi has been built. Earlier, a donation of five acres of land has been made to ISKCON, where a spiritual learning centre and the construction of temple are already in progress.

AUDIT COMMITTEE

The composition of the Audit committee is covered under the Corporate Governance Report which forms the part of this Annual Report. All the recommendations made by the Audit Committee were accepted by the Board.

AUDITORS AND AUDITORS' REPORT

Statutory Auditors

In terms of the provisions of Section 139 of the Companies Act, 2013 and the Companies (Audit and Auditors) Rules, 2014, M/s S. S. Kothari Mehta & Company, Chartered Accountants, Firm Registration No. 000756N, having their office at 146-149 Tribhuvan Complex, Ishwar Nagar, Mathura Road, New Delhi-110065, were appointed as the Statutory Auditors of the Company by the members/shareholders at the Forty Eighth (48th) Annual General Meeting of the Company held on 30th September, 2015 for a period of five years i.e. up to Fifty Third (53rd) Annual General Meeting of the Company to be held in the year 2020. The said appointment is subject to ratification by the members/shareholders at every Annual General Meeting. However, in terms of the Companies (Amendment Act), 2017 w.e.f the 07th May, 2018, the said ratification is now not required

No fraud has been reported by the Statutory Auditor of the Company in the course of the performance of his duties as Auditor in terms of the provisions of Section 143(12) of the Companies Act, 2013 and its Rules.

Report

The Notes to Accounts, forming part of Balance Sheet as at the 31st March, 2018 and Profit & Loss Account for the year ended on that date, referred to in the Auditors' Report, are self explanatory. However, certain observations/ qualifications appearing in the Auditors Report on Accounts for the Financial year ended on the 31st March, 2018 are as under:

- (1) During the year the Company has not claimed any exemption under section 80IA of the Income Tax Act 1961. Exemption amounting to Rs 3,448 Lakhs has been claimed up to the year ended March 31,2011, continuing up to the end of current period, under section 80IA of the income Tax Act, 1961 ("the Act") being tax profit arising out of sale of Industrial park units, pending the notification of the same by Central Board of Direct Tax (Competent Authority). The Competent Authority has not passed notification under section 80IA (4) (iii) of the Act and hence, rejected the application as filed by the company, against which Review petition has been filed by the company before the Competent Authority. The company has taken the opinion that the Review petition as filed satisfies all the condition specified under Industrial Park scheme,2008 being replaced under Industrial Park (Amendment) scheme, 2010, hence, eligible for notification under section 80IA (4)(iii) of the Act.
- (2) The Company is carrying project work in progress of Rs. 11043 lakhs (March 31, 2017: Rs. 11455 lakhs) for Group Housing Project in Greater Noida. The Greater Noida Industrial Development Authority (GNIDA),

keeping in view the market conditions, announced a Scheme whereby the developers have an option to accept project on a smaller piece of land equivalent to the amount paid and surrender balance project land subject to certain conditions. Pursuant to this Scheme, a Surrender Deed for the balance project land has been executed with GNIDA. The management is of the view that there is no impairment in the value of land/ project.

- (3) The matter regarding repayment of Public Deposits & Interest thereon is under consideration before the Hon'ble National Company Law Tribunal, North Delhi Bench on an application filed by the Company for appropriate extension or relief in the scheme of repayment already sanctioned by Hon'ble Company Law Board and to submit request for waiver of maintenance of requisite liquid assets required in terms of section 73 (2) of the Companies Act 2013 and Deposit Rules and CLB order, which is fixed for hearing on 31st May 2018.
- (4) The Company Prescribed Norms issued by Reserve Bank of India (RBI) and exercise of powers conferred on the Bank under Securitization and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 (SREAFESI), two lender banks of the Company have classified the bank accounts of the Company as Non – Performing Assets (NPA) and have demanded the entire amount of Rs. 19,246 lakhs due towards the banks outstanding excluding interest and penal charges. The Management is of the view that Company is not in agreement with the contention of the lender banks and is in discussions with the lender banks to resolve this matter.

New Delhi- 110001

We were appointed by the Board of Directors of **M/s Ansal Properties and Infrastructure Limited** (hereinafter called "the Company") in the Board Meeting held on the 12th August, 2017 to conduct the Secretarial Audit for the Financial Year 2017-18.

Management's Responsibility on Secretarial Compliances

The Company's Management is responsible for preparation and maintenance of secretarial records and for devising proper systems to ensure compliance with the provisions of applicable laws and regulations.

Auditor's Responsibility

Our responsibility is to express an opinion on the secretarial records, standards and procedures followed by the Company with respect to secretarial compliances.

We believe that audit evidence and information obtained from the Company's management is adequate and appropriate for us to provide a basis for our opinion.

Opinion

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by the Company. Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon. Based on our verification of the books, papers, Minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit.

We hereby report that in our opinion, the Company has, during the audit period covering the financial period ended on 31st March, 2018 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and Compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

- I. The Companies Act, 2013 (the Act) and the Rules made thereunder, as applicable;
- II. The Secretarial Standards issued by the Institute of Company Secretaries of India;
- III. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the Rules made thereunder;
- IV. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- V. Foreign Exchange Management Act, 1999 and the Rules and Regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- VI. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-

REPORT ON CORPORATE GOVERNANCE

COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE

Corporate Governance creates a need to adopt a corporate culture of transparency, accountability, ethical environment, legality and proper disclosures. Your Company firmly believes in such corporate culture which also helps it to maximize stakeholders' value on a sustainable basis. It is also the professed belief of the Company that through good corporate governance it would be able to protect, augment and meet the trust and expectations of the shareholders, customers, employees, suppliers, government agencies and the society.

Although corporate governance has been legally mandated in various aspects it is always the endeavor that the Company should go beyond adherence to regulatory framework, and, adopt and observe the best and honest corporate practices.

Your Company continues to follow the procedures and practices in conformity with the Corporate Governance practices as stipulated by Securities and Exchange Board of India (SEBI).

Your Board of Directors wholeheartedly supports and endorses Corporate Governance practices adopted by your Company in accordance with the relevant provisions of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended (in short "Listing Regulations") and beyond. The Board also continuously looks forward to improving such practices at all the times.

BOARD OF DIRECTORS

The Company has as an active, informed, and independent Board, which is a pre-requisite for strong and effective Corporate Governance.

The Board plays a crucial role in overseeing how the management safeguards the interest of all the stakeholders. The Board critically evaluates the strategic direction of the Company and exercises proper control to ensure that the business of the Company is conducted in the best interests of all stakeholders including the shareholders and society at large. One of the primary roles of the Board is that of the trusteeship to protect and enhance the shareholders and enterprise values.

A) The composition of the Board

Your Company has a balanced and diverse Board which includes Executive Directors and Non- Executive Independent Directors (including one woman director). The Executive Directors on the Board are highly experienced professionals in their respective areas; give directions to the management on operational issues, adopt systems and best practices in management. The Non- Executive Independent Directors also play a significant role in improving the Board's efficacy with their independent judgment on issues of strategy, performance, resources, standards of conduct etc., through giving of valuable inputs.

None of the Directors is on the Board of more than ten Public Limited Companies or acts as an Independent Director in more than seven Listed Companies. Further, none of the Directors is a member of more than ten committees or act as chairperson of more than five committees, across all the companies in which he/she is a Director.

Except Shri Sushil Ansal and Shri Pranav Ansal who are related to each other as father and son, none of the other Directors are related to each other. The Company has issued the formal letter of appointment to all the Independent Directors as prescribed under the provisions of the Companies Act, 2013 and the terms and conditions of their appointment have been uploaded on the website of the Company (<http://www.ansalapi.com/wp-content/uploads/2014/12/Appointmentletterofindependentdirectors.pdf>). The Company has received declarations from all the Independent Directors for the Financial Year 2018-19 confirming that they meet the criteria of independence as specified under Section 149 (6) of the Companies Act, 2013 and they are neither debarred from holding the office pursuant to SEBI's Order nor disqualified to act as Independent Directors. All the Directors are above 21 years of age.

As on the 31st March 2018, the Board of your Company consists of 8 (Eight) Directors comprising 03 (three) Executive Directors (constituting of 37.50% of the Board strength) and 05 (Five) Non-Executive Independent Directors including one woman director (constituting of 62.50% of the Board strength) and complies with the requirements of Companies Act, 2013 and the Listing Regulations. BOARD MEETINGS

a) Scheduling and selection of agenda items for Board Meetings

The Board of your Company comprises of qualified as well as immensely experienced professionals. Roles and responsibility (ies) of the Executive Directors and Non- Executive Independent Directors of the Company have been growing in the context of rapidly expanding and increasing complexity of business.

Executive Directors are engaged in the day to day affairs of the Company. Non- Executive Directors, i.e. Independent Directors along with Executive Directors, in addition to attending meetings of the Board and its Committees devote time and make efforts to devising, designing and finalization of Company's policies and plan for successful implementation of project/s and other business activities, from time to time. The Independent Directors, although not involved in day to day activities of the Company, bring to the Company a wide spectrum of inputs and advice keeping in view their background of vast knowledge and expertise both in their fields and Boardroom and governance practices.

The Board meets at least once in a quarter to review the quarterly/half yearly/ annual financial results and other operations of the Company. Additional meetings are also held whenever necessary; to address the specific needs of the Company.

The Board agenda and the detailed explanatory notes are prepared by the Company Secretary in consultation with Executive Directors of the Company (i.e. Chairman, Vice Chairman, and Joint Managing Director and CEO). All the key issues included in the agenda for consideration of the Board are backed by comprehensive notes and relevant supporting documents / papers containing all the vital information to enable the Board to have focused discussion, and, to take informed decisions. Inclusion of urgent additional items on the agenda is done with the permission of the Chair and other Board Members.

Board Meetings are scheduled well in advance. Dates of the Board meetings are usually informed to all Directors and Auditors and other concerned officer/s about a month in advance and thereafter detailed agenda papers are circulated at least seven days before the meeting. The senior management personnel are invited at the Board / Committee meetings to apprise and update the Board members on the item being discussed at the meetings. The Statutory and Internal Auditors are also present in the meetings whenever the matters of financial results, internal audits and related issues are discussed.

Adequate attendance is ensured, and the quorum is always present throughout every meeting. Independent Directors attend in sufficient numbers.

Action Taken Reports in respect of the decisions arising out of the earlier meetings are placed at the succeeding meetings of the Board/Committee. The draft minutes of each Board/Committee meetings are circulated to all Directors for their comments within 15 days of the meeting. The Company Secretary, after incorporating comments, received if any, from the Directors, records the minutes of each Board/Committee meeting within 30 days from conclusion of the meeting. The important decisions taken at the Board/Committee meetings are communicated to the concerned departments promptly.

These practices are in adherence to applicable laws including the Companies Act, 2013 and its Rules, Secretarial Standard on Meetings of the Board of Directors (SS-1) and the Listing Regulations, and, are aimed at maximization of good corporate governance.

b) Review of compliance by the Board

The Board periodically reviews compliance certificate/s given by the departmental heads of all laws applicable to the Company and takes steps to rectify non-compliances, if any. The Board also regularly monitors the compliance of the Code of Conduct for the Board Members and Senior Management and other norms of the Corporate Governance.

Remuneration Policy:-

The Company has also formulated a policy on the Remuneration of Directors, Key Managerial Persons (KMPs) and other employees. The key features of the policy are as follows:-

- The Company shall ensure that the level and composition of remuneration is reasonable and sufficient to attract, retain and motivate Directors, KMP and other employees of the quality required to run the Company successfully.
- It should be ensured that no director/KMP/ other employee are involved in deciding his or her own remuneration.
- The market rates/ quantum and structures of remuneration as applicable to the comparable organizations in the similar business spheres should be given due consideration.
- It is to be ensured that relationship of remuneration to the performance is clear & meets appropriate performance benchmarks.
- Performance benchmarks are laid down.
- Increase in remuneration should provide rewards for improved performance.
- Remuneration packages should strike a balance between fixed and incentive pay, where applicable, reflecting short and long- term performance objectives appropriate to the Company's working and goals.
- Following criteria are also to be considered:-
 - Responsibilities and duties ;
 - Time & efforts devoted;
 - Value addition;
 - Profitability of the Company & growth of its business;
 - Analyzing each and every position and skills for fixing the remuneration yardstick ;
 - Standards for certain functions/Departments like Sanctions, Land, & Business Development, where there is a huge scarcity of qualified resources.
 - Ensuring tax efficient remuneration structures.
 - Ensuring that remuneration structure is simple and that the cost to the Company (CTC) is not shown inflated and, in comparison, the effective take home remuneration is not low.
 - Any other criteria as may be applicable.
 - Consistent treatment of remuneration parameters across the organization.
 - Provisions of law with regard making payment of remuneration, as may be applicable, are complied.
 - Whenever, there is any deviation from the Policy, the justification /reasons should also be indicated / disclosed adequately.

The Chairman Speech at the Annual General Meeting {AGM} also gives a wealth of information to the members.

The AGM is the principal forum for interaction by the Board of Directors and the Management with shareholders. Here, the Directors answer specific queries, whenever, raised by members. The Board acknowledges its responsibility towards its members and therefore encourages open and active dialogue with them.

The Company also interacts with the potential investor/s from time to time and gives presentation of various details of projects etc. The presentation so made is uploaded on the Company's website **www.ansalapi.com**

The Corporate Governance Report also has profile of all the Directors. The Report also contains a Section on "General Shareholders' Information" which provides, inter alia, information relating to the AGM date, time and venue, shareholding pattern, distribution of shareholding, top shareholders, voting rights, the monthly high and low price of the Equity shares, volume of shares traded on the National Stock Exchanges and Bombay Stock Exchange Limited and other information as required under the Listing Regulations. These details are also available on the Company's website **www.ansalapi.com**, which is updated regularly.

Your Company has been supporting and complying to the extent possible the Ministry of Corporate Affairs, Govt. of India's "Green Initiative in the Corporate Governance" permitting service of all notices/ documents including Annual Report to members / shareholders, through electronic mode instead of physical mode.

The Company always encourages the members to send their queries for appropriate responses.

MANAGEMENT DISCUSSION AND ANALYSIS*

GLOBAL AND INDIAN ECONOMY- OVERVIEW

Global growth is expected to show downward trend over the next two years after reaching 3.1 percent in both 2017 and 2018, as global trade and investment moderate and financing conditions tighten. There exist the possibility of disorderly financial market movements, escalating trade protectionism, heightened policy uncertainty and rising geopolitical tensions. Amid moderating international trade and tightening global financing conditions, growth in emerging market and developing economies (EMDEs) is projected to plateau, reaching 4.7 percent in 2019 and 2020, up from 4.5 percent in 2018.

India has emerged as the fastest growing major economy in the world as per the Central Statistics Organisation (CSO) and International Monetary Fund (IMF) and it is expected to be one of the top three economic powers of the world over the next 10-15 years, backed by its strong democracy and partnerships. India's GDP is estimated to have increased 6.6 per cent in 2017-18 and is expected to grow 7.3 per cent in 2018-19.

GDP growth in India

As per the second advance estimates of national income released by the Central Statistics Office in February, 2018, real Gross Domestic Product (GDP) at constant prices is estimated to grow at 6.6% for Financial Year 2017-18. The Indian economy achieved an impressive growth rate of 7.2%, a five-quarter high during the third quarter (Oct-Dec) of Financial Year 2017-18 as opposed to 6.5% in the second quarter. India also regained its tag of the fastest growing major economy in the third quarter.

The robust growth registered in the third quarter of the Financial Year 2017-18 was primarily on account of the good performance of the manufacturing and construction sectors. The manufacturing sector has registered a growth rate of 8.1% as compared to 6.9% in the previous quarter while the construction sector has recorded a growth rate of 6.8% in contrast to 2.8% during the previous quarter.

This growth has been achieved in a milieu of lower inflation, improved current account balance and notable reduction in the fiscal deficit to GDP ratio makes it more creditable. In addition to the introduction of GST, the year also saw significant steps being undertaken towards resolution of problems associated with non-performing assets of the banks, further liberalization of FDI, etc., thus strengthening the momentum of reforms. After staying in negative territory for a couple of years, growth of exports rebounded into positive one during 2016-17 and strengthened further in 2017-18.

Real estate contribution to India's Gross Domestic Product (GDP) is estimated to increase to about 13 per cent by 2028, on the back of increasing industrial activity, improving income level and urbanization.

INDIA'S REAL ESTATE SECTOR

The Indian real estate sector has been a major beneficiary of the strong economic growth witnessed in India since the year 2000.

The real estate sector comprises of four sub sectors - housing, retail, hospitality and commercial. The growth of this Sector is well complemented by the growth of the corporate environment and the demand for office space as well as urban and semi-urban accommodations.

Real estate in India is being recognized to drive the economic growth engine of the Country. The Sector, if channelized properly, could catapult the growth of several other sectors in India through its backward and forward linkages.

The growth in the sector, supported by series of reforms, has not only resulted in significant residential and commercial real estate, but also complemented the development of physical and social infrastructure of India.

The entry of major private players in the education sector has created vast opportunities for the real estate sector. Emergence of nuclear families and growing urbanization has given rise to several townships that are developed to take care of the elderly. Growth in the number of tourists has resulted in demand for service apartments. This demand is likely to be on the uptrend and presents opportunities for the unorganized sector.

The real estate sector including construction is a pivotal cog of economic growth for India, as it contributes the third highest share to the Indian economy and is also the third largest employer (after agriculture and manufacturing). With forward and backward linkages to over 250 sectors and ancillary industries, the real estate sector is the third-highest contributor to the economy. It employed over 52 million work-force till 2017, and as per projections is slated to employ over 67 million work-force by 2022.

The Indian real estate market is expected to touch US\$ 180 billion by 2020. The housing sector alone contributes 5-6 per cent to the Country's Gross Domestic Product (GDP). In the Financial Years from 2008-2020, the market size of this Sector is expected to increase at a Compound Annual Growth Rate (CAGR) of 11.2 per cent. Retail, hospitality, and commercial real estate are also growing significantly, providing the much-needed infrastructure for India's growing needs.

HOUSING

The housing industry of India is one of the fastest growing sectors. A large population base, rising income level and rapid urbanization leads to growth in this sector. As per Indian Constitution the matters about the housing and urban development have been assigned to the State Governments. However, the Union government is responsible for formulation and implementation of social housing schemes. It is also an important sector for the economy as it has inter-linkages with many other industries as stated earlier. The development of housing sector can have direct impact on employment generation, GDP growth and consumption pattern in the economy.

For the Indian residential sector, Financial Year 2017-18 was not a very good year due to pressures of increasing unsold inventory, delay in possession, high property prices, low demand, cautious buyer approach and a liquidity crunch. These have resulted in limited numbers of project launches in most of the cities despite of increase in the freebies being offered to sell the property, such as different innovative payment plans, discounts and gifts with bookings etc.

Housing has always been an important agenda for the Government of India over the years because it is a visible output where the development can be seen and a vital sector of the national economy creating jobs and generating taxes and wages that positively influence the quality of life. Presently, affordable housing is basically targeting the economically weaker class and low-income groups and constitutes majority of the Indian Housing Industry, both in terms of value and volume. Besides, luxury housing is also expected to witness significant growth in the coming years as this market segment is comparatively very small and possesses enormous potential for further developments.

Residential launches across top 14 cities in India during Financial Year 2017-18 fell to the lowest in past five years to about 58,000 units as per the National Real Estate Development Council (NAREDCO).

At present your Company's projects are under various stages of implementation across residential, commercial, retail and others. It focuses on mixed use development, particularly in residential projects, and, has a leading position in the housing segment, particularly in key cities in northern India. Your Company continues to follow the strategy of developing integrated townships in key cities in North India.

TOWNSHIP DEVELOPMENT

The positive perception of township generally happens when there is growing demand for luxury apartments along with attendant facilities comprising in formation of integrated townships. There has been shifting of necessities and standards of living of India's residential property buyers who do not want just a modest home but a dream house.

Townships have become the most sought after even though they cost much higher than individual buildings. Complexes built in large area of lands with all facilities including schools, hospitals, shopping malls, gymnasium, club, health spa etc. provide the unique living experience that people demand these days.

With these changes in consumer preferences it is but apparent that the townships are the next big thing in the Indian real estate development industry. As land prices peak in key cities and basic infrastructures lag to balance with increasing populace, real estate property developers are building cities away from the city to help better quality lifestyles.

Your Company is fully into development of Townships and it along with its subsidiaries, joint venture partners/associates etc. is developing and promoting several fully Hi- Tech, integrated and other townships, notably "Sushant Golf City" in Lucknow, the "Sushant Aquapolis" in Ghaziabad, "Esencia" in Gurgaon, "Sushant Serene Residency" in Greater Noida etc.

OTHER SECTORS

Commercial

Your Company's commercial real estate business includes developing and constructing high rise office blocks and IT/ITES parks. Commercial space offerings are a mix of "built to suit" offices, customized facilities, and pure multi-tenanted facilities.

Retail

Your Company's retail business model includes both the leasing and sale of retail developments. It has developed many modern shopping malls and other retail spaces under the "Ansal Plaza" brand name such as Ansal Plaza in Palam Vihar, Greater Noida, Jalandhar, Ludhiana, Jodhpur, Ajmer, Gurgaon, Sonapat and also in the process of developing number of shopping malls in Panipat, Lucknow, Meerut and Ghaziabad. These retail spaces are characterized by better design, high quality infrastructure as well as have leisure and entertainment amenities such as multiplexes, food courts and restaurants etc.

Hospitality

Built on the foundations of its image in real estate; your Company through its subsidiaries/associates has forayed into the hospitality segment elevating luxury standards to high levels. Presently the group has operational clubs in Ajmer, Jaipur & Lucknow.

Facilities Management

Facilities Management (FM) is an interdisciplinary business function that coordinates space, infrastructure, people and organization. It is about managing people and places like commercial complexes, malls, hospitals, residential developments etc. to achieve best value for money by balancing between needs of the users and the business to achieve ideal satisfaction and effectiveness.

Your Company provides/facilitates adequate facilities management for properties developed by it.

INDIAN REAL ESTATE: OPPORTUNITIES AND CHALLENGES/ THREATS/STRATEGIES

Opportunities

Over the next few quarters, there are expectations from both buyers and developers with new government policies. The ultimate aim would be to keep the industry organized and boost the housing segment. Also, there is the projection of receiving Private Equity (PE) investment of about US \$4 billion during the fiscal year. The financial year 2017-18 was a roller-coaster for the Indian real estate sector, with too many things happening around. The effect of demonetization was still visible in year 2018. The Central government in the Union Budget 2017-18 introduced "Housing for All by 2022" which came with several benefits like availability of prime land parcels, access to funds and fast approval of incentivizing for the affordable housing projects. The government later introduced Real Estate (Regulation and Development) Act, 2016 {RERA} to bring complete transparency between buyers and sellers. This act has raised the interests of home buyers and confidence among the consumers. Mandatory registration, strong penalties and complete transparency are some of the features of RERA.

Furthermore, the introduction of GST in July 2017 aimed to dismantle multiple tax system. This has helped increase in the FDI and further growth of the industry.

Though, there are positive and negative things taking place in the real estate sector, it will face challenges and opportunities throughout the year.

❖ **Major Focus on Selling and Delivery:**

In the year 2018, developers will majorly focus on selling and completing the existing projects within the deadline. Hence, the year 2018 will witness major sales and delivery in the residential market. RERA has given opportunities to developers to stay transparent and complete the project by the mentioned deadline.

❖ **Past year reforms to shape the future:**

There have been many reforms set by the government, including RERA and GST which will affect the industry in 2018 too. For both, home buyers and real estate developers, these reforms will change the face of the industry. There are some big questions from home buyers regarding the project which is under-construction or readily available. With complete transparency, home buyers and developers can have an easy business.

❖ **Clean Capital:**

Due to lack of transparency in the sector, it was difficult to get clean capital from financial institutes. But times have changed since RERA and Demonetization have come to the effect there has been a complete change in the process of buying and selling of a home. Investors and financial institutes have opened up the avenue for clean capital. This certainly shows the positive picture in 2018.

❖ **Pradhan Mantri Awas Yojana (PMAY) to shape up Housing for All:**

The ambitious plan of Prime Minister's to build homes for all by 2022 will certainly bring a major change in economic with \$1.3 trillion. This will create 60 million new houses and 2 million jobs over the next 4-5 years. Every project is now getting registered under PMAY scheme; the urban realty sector will see a major boost in 2018. Affordable housing could emerge as the defining trend in 2018. Also, it shall boost the growth of industries auxiliary to real estate, viz. cement, sanitary ware, paints, etc.

With increasing FDI, government schemes and transparency, the real estate sector in India is set to change dramatically. Though there are challenges and opportunities for developers and home buyers, according to which they need to plan out for easy flow and have a positive long-term effect.

Government Initiatives

The Government's intention is to spur the real estate sector and it has taken commendable but measured steps. To accord the housing sector, industry status, has been a long-standing demand. Though only the affordable housing has been given this much-coveted and all-important status, it is definitely a shot in the arm for the sector. Suddenly, the Government's objective of providing Housing for All by 2022 looks very much achievable.

- ❖ The reduction of the corporate tax to 25% for MSMEs (Micro, Small and Medium Enterprises) earning up to 250 crores is a positive sign for several businesses in their nascent stage. This means more attraction for upcoming startups which further indicates more investment in corporate reality.
- ❖ Government is doing its best to boost the source of 'affordable housing' through various tax incentives and other reforms. Union Cabinet has decided to increase the carpet area of the unit like 120 sq.m and 150 sq.m for MIG-I (income category of 6-12 lakhs), MIG-II (category of 12-18 lakhs pa). This will also come with interest subsidy of 4%, further boosting buying and selling of a home.
- ❖ Tier 2 and 3 cities are soon going to be the next hotspots for property investments due to efficiently carrying on the proposal of developing the 4 lakhs KM road and rural infrastructure.
- ❖ In March, 2018, construction of 321,567 additional houses across 523 cities under the Pradhan Mantri Awas Yojana (Urban) has been approved by the Ministry of Housing and Urban Poverty Alleviation, Government of India with an allocation of Rs 18,203 crore.
- ❖ In February, 2018, The Union Cabinet Committee has approved setting up of National Urban Housing Fund (NUHF) for Rs 60,000 crore (US\$ 9.3 billion) which will help in raising requisite funds in the next four years.
- ❖ The target of an Open Defecation Free (ODF) India will be achieved by October 2, 2019 as adequate funding is available to the Swachh Bharat Mission (Gramin).
- ❖ The Government of India has succeeded in providing road connectivity to 85 per cent of the 178,184 eligible rural habitations in the country under its Pradhan Mantri Gram Sadak Yojana (PMGSY) since its launch in 2014.
- ❖ The Government of India has decided to invest Rs 2.11 trillion (US\$ 32.9 billion) to recapitalise public sector banks over the next two years and Rs. 07 trillion (US\$ 109.31 billion) for construction of new roads and highways over the next five years.
- ❖ The India-Japan Act East Forum, under which India and Japan will work on development projects in the North-East Region of India will be a milestone for bilateral relations between the two countries.
- ❖ The Government of India and the Government of Portugal have signed 11 bilateral agreements in areas of outer space, double taxation, and nano technology, among others, which will help in strengthening the economic ties between the two countries.
- ❖ India's revenue receipts are estimated to touch Rs. 28-30 trillion (US\$ 436- 467 billion) by 2019, owing to Government of India's measures to strengthen infrastructure and reforms like demonetisation and Goods and Services Tax (GST).
- ❖ Housing schemes – Affordable housing to be given infrastructure status
- ❖ National Housing Bank will refinance individual housing loans of about Rs. 20,000 crore in 2017-18

CHALLENGES / THREATS

The real estate sector is a critical sector of the economy. It has a huge multiplier effect and therefore, is a big driver of economic growth. The key challenges that the Indian real estate industry is facing today are, inter alia, as follows:

❖ **Regulatory Pressure:**

In 2017, some regulatory rules by the government have impacted the industry, positively and negatively. So, in 2018 too, developers will face the impact of RERA, restricting to new construction and focusing more on completing the projects. As the supply of ready-to-move-in properties will increase, developers will face the challenge of completing the project on mentioned deadline.

❖ Single Window Clearance:

The major obstacle a real estate developer faces is the matter of obtaining various approvals and that usually takes 18 to 36 months. The delay happens when authorities take months to reply and respond. Single Window Clearance is the biggest challenge faced by the real estate developers. So, implementing this method will not only bring down the project delivery deadline delay but also the cost of the project implementation. By going online, it will boost the transparency and curb the scope of undue gratification.

❖ Getting limit on Home Loan Interest:

The home loan interest tax is the major issue faced by the home buyers. The government need to raise tax deduction limit for up to 05 lakhs from the present 02 lakh per annum. So, this will certainly give a huge relax to home buyers in saving money on the home loan.

❖ The GST Rate:

Since the establishment of GST, the real estate has been facing huge roadblock due to high GST rate. As home buying is a huge investment, the government should bring down the GST rate by 6% to encourage buyers to invest in new projects.

❖ Rising Input Cost:

Real estate is a capital and labour intensive industry, thus a rise in the cost of labour creates issues in the development of the project. Furthermore, unfair practice of certain sections of distributors and cement industry by raising the price creates issues in the project completion.

❖ Other Challenges are as follows:-

- Projects of the Company are subject to many approvals/licenses. Obtaining formal clearances and approvals from Government authorities is slow and time consuming and may cause delays/ interruption in project execution or even rework/ modifications as Single window clearance mechanism not in place.
- Projects in Real Estate business involve buying small parcels of contiguous lands within a large area and failure to purchase any contiguous/strategically located parcels may lead to delay of the launch of the proposed project. The land titles are not clear because of poor record keeping and division of land in many parts till independence. The slow pace of modernization of land records is further aggravating the problem. Delays in project launch and completion leads to cost and time overruns.
- The prices of land and real estate in India has increased exponentially during last decade and caused overpricing of commercial and residential properties. In recent times, the real estate has been the most favorable destination for investments in India and far ahead than equity or gold. Notably, real estate agents or brokers buy or sell property frequently with their own investments and cause of surging prices in properties which do not reflect genuine public demand.
- Finance is the key for development of any industry. Due to poor image of Real Estate sector, banks are becoming reluctant to give loans and making regulation tougher to avoid the bad loans. Alternate sources of finance are very costly and ultimately impact total cost of the project.
- Further government intervention of building minimum 20% affordable housing putting extra burden on developers and ultimately on the rest 80%.
- Indebtedness of Company and the covenants with institutional lenders and other contractual commitments imposed by the lenders could restrict for expansion which may hurt the business and results of operations and financial condition.
- The Company is reliant on its directors and senior management team and loss of key members or failure to attract skilled personnel may adversely affect the business.
- The Company may not be able to raise adequate funds at competitive rates to fuel its development plans. The growth of the Company needs further capital, which may not be available on terms acceptable to it.
- Weather-related catastrophes have a similar stifling effect on the real estate market to global crises.
- Real estate is the most famous sector for soaking the black money without any ambit.

THE ROAD AHEAD / POSITIVE APPROACH

Prospects

The prospects for Indian economy for the year 2018-19 need to be assessed in the light of emerging global and domestic developments. Indications are that global economic growth is gradually picking up.

India's economy is projected to grow 7.6 per cent in fiscal year 2018-19, indicating that it is the fastest growing economy in the world, as robust private consumption and benefits from past reforms help the country's GDP gain momentum but sustained recovery in private investment still is a crucial challenge.

The growth during 2018-19 could be higher, depending on several factors. On the positive side, as per IMF's World Economic Outlook released in October 2017, the global growth is expected to accelerate to 3.7 per cent in 2018 from 3.6 percent in 2017. This can be expected to provide further boost to India's exports, which have already shown acceleration in the current financial year. There are signs of revival of investment activity in the economy and the recent pick up in the growth of fixed investment can be expected to keep momentum in the coming year.

The policy rates can be expected to remain fairly stable if the inflation rate does not deviate much from its current levels. This, along with the still favorable interest rate regime prevailing in the global markets could provide greater certainty to the investment climate. The reform measures undertaken in 2017-18 can be expected to strengthen further in 2018-19 and reinforce growth momentum.

On the other hand, downside risk to higher growth emanate from higher crude oil prices, which (going by current indications) can be expected to increase by about 10-15 per cent over and above the likely average price of around US\$ 56-57 per barrel (for Indian basket) for 2017-18. Protectionist tendencies in some of the countries could have an impact on exports growth, while the possibility of tightening of monetary conditions in the developed countries could lead to lower capital inflows. This monetary tightening could also lead to the possibility of financial stress and therefore can be a downside risk. On balance, there is a strong possibility of growth in 2018-19 to be higher than what it is expected to be in 2017-18. Growth of GDP in 2018-19 could be in the range of 7.0 to 7.5 per cent.

India has enormous potential to attract large foreign investments into real estate. The growing flow of FDI into Indian real estate is encouraging increased transparency. Developers, to attract funding, have revamped their accounting and management systems to meet due diligence standards.

Strategies

The Company's strategy for long-term growth is based on continuing to scale, strengthen its core business and grow in new areas of business. The key elements of your Company's business strategy are as follows:

- ❖ The Company is focusing on high growth markets in NCR as well as in other states of Northern India by expanding its existing townships to increase returns through economies of scale as well as entering into collaboration for new projects in order to conserve capital deployment in land aggregation and to achieve better realizations.
- ❖ Accelerating its cash flows by monetizing its assets from finished stock sales, to consider sale /exit from non-core assets /slow moving investments if fetching better value and to reduce the debt.
- ❖ The Company is focusing on the Northern India Territory for township development and has accelerated the development and sales efforts in all the townships that were launched in the past few quarters.
- ❖ The Company is giving priority in completing and delivering the projects of good quality on time and building further saleable area(s) in these states by expanding the existing townships.
- ❖ The Company is improving its financial parameters through better performance and ensures prompt repayment of principal and interest amount, to attract more funds.
- ❖ The Company is reducing the interest cost burden by bringing in proper mixture of funding from Banks/ others.

In addition, your Company is constantly trying to look for more private equity participation and other funding sources to increase the execution process and further mitigate its risks.

PROSPECTS & OUTLOOK

Over the years the Company's long -term strategy continues to focus on smaller cities or better known as Tier 2 cities. This strategy has proved to be beneficial considering both i.e. its performance and priority in overall development. As already said, the Company is developing many Hi- Tech and Integrated Townships.

Customer satisfaction being the most emphatic priority of your Company, all efforts are continued to be made to use the best of construction, architecture and allied inputs, both from highly reputed national and international Companies to provide quality products to customers at all the times. Sensing the need for the focus on quality and timely delivery, the Company has tied up with highly reputed construction contractors and other expert service providers.

Your Company is always looking forward to new opportunities. It continues to emphasize and build upon its well acknowledged brand image of "Ansal Plaza" and "Sushant City". It has successfully launched various Townships and commercial Projects under the Brand Name of "Sushant City" and "Ansal Plaza", respectively.

The said Projects and the following Townships are expected to yield high visibility, status and effectiveness to your Company:-

❖ SUSHANT GOLF CITY – one of Asia's largest Hi-Tech Townships- Lucknow

The development of your Company's premiere Hi-Tech Residential Township, Sushant Golf City in Lucknow, Uttar Pradesh sprawling across 6465 acres of land is in full swing. It is well known that this ultra- modern township offers wide range of residential/commercial properties with world class facilities. Located along the Amar Shaheed Path on one side & NH-56, Lucknow-Varanasi Highway on the other, located within a very short drive from Lucknow International Airport; Sushant Golf City has already become a preferred destination to live in Lucknow. It has eco-friendly environment with various other world class amenities and gives rise to opportunities for employment, trade and commerce. It has about 400 acres of land dedicated only to greenery with a world class 18 hole Golf Course designed by Dr. Martin Hawtree, U.K and hence this mega Township makes life on the greens a reality. This golf course is now a preferred destination for PGA Tours. The Golf Habitat villas are state-of-the-art designer villas and have features which not only match with the international class but also redefine luxury in the true sense of the word. Overall, it's a perfect abode for modern living full of amenities.

Notably, possession has been offered for more than 3500 units in various categories of plots, built-ups and group housings and more than 1200 families have started residing in the township.

Your Company through its group/associates has already launched its established brand "The Palms Golf Club & Resorts" at Lucknow. Some reputed institutions and business centers have also started operating, for example, Ansal Institute of Technology and Management, G D Goenka Public School, S J International School, Jaipuria School, and Kunskapkollon School-A Swedish School in the Township. The retail giant, Walmart, bulk market place is also operational in the township.

"Medanta, The Medicity" has started construction of its 800-900 bedded, multi-super specialty hospital in your Company's Complex which itself will not only upgrade the stature of Sushant Golf City but will provide quality health care to the other residents of Lucknow city.

Iskcon's Spiritual Centre at your Company's complex at Lucknow has become a famous spot that attracts devotees from far flung areas.

Sushant Golf City has been acknowledged by the people in Lucknow and in the State of Uttar Pradesh as "New Lucknow" as it gives quality housing, employment and opportunities to make profitable investments in the Real Estate sector.

Helipad services have been introduced to the township in the year 2016.

I.T hub in the close vicinity of Sushant Golf City, Lucknow, is being developed as Joint Venture between U.P Govt. and HCL, India's fourth largest Information Technology services company, which is spread over 1600 acres which is integrated with Sushant Golf City. An Oncology Hospital has already started its OPD. The well- known brand "Amul" has a factory which has begun production.

Out of nine ambitious projects initiated under the Hi-Tech Township policy within the State of Uttar Pradesh, your Company is the unquestioned leader and today the Company's Sushant Golf City at Lucknow is known as one of the best and largest township being developed by any real estate company.

❖ **ESENCIA - Green Township of Tomorrow in GURGAON**

Your Company is to achieve one more “first” with the ‘ESENCIA’ a Township Project. The aim is to build and sustain a “self-reliant community”. Every aspect of the Township is designed to conserve natural resources and has minimal adverse impact on the environment. The emphasis is on protection, use and recycling of natural resources.

ESENCIA offers well-designed homes with the best amenities. Strategically located at Sector 67/67A, Golf Course Extension Road, Gurgaon, ESENCIA is spread over an area of approx. 142 acres. The Township has been registered as the pilot project for rating under GRIHA* (Green Rating for Integrated Habitat Assessment), in India. ADARSH (Association for Development and Research of Sustainable Habitats), an independent, registered society, constituted by the MNRE (Ministry of New and Renewable Energy) and TERI (The Energy & Resources Institute), is helping your Company in this endeavor.

ESENCIA has been conceived and designed to create a balance between modern and environmentally conscious living. This Township will offer many leisure and recreational activities like medical center, high school, primary and secondary schools, clubs, sports complex and convenience stores. The Township is fast approaching completion. It has eight fully developed parks with automatic sprinkler system, jogging tracks and landscaped surroundings. Flora in these parks will not only give a visual treat but will have indigenous species which will balance the eco-system.

❖ **Green Escape**

Green Escape is being developed by your Company on an area admeasuring 30 acres and strategically located at 8-lane Kundli-Manesar-Palwal expressway at Sonepat (Haryana). It is being created with a vision of an awe-inspiring city-within city that will delight residents with its cosmopolitan, free-spirited atmosphere and unique, invigorating lifestyle. It offers an opportunity to escape from the humdrum and fierce harshness of the urban concrete jungle into the soft, flowing natural lushness of nature. This Project has world class facilities. It is in close vicinity of India’s largest Educational City- ‘Rajeev Gandhi Education City’.

❖ **Golf Link I and II - Integrated Townships in Mohali**

Your Company is developing two integrated townships in Mohali, {Punjab}. First Township is Golf Links I, spread in 240 acres and situated in Sector 114, Mohali, where- in the Company has handed over possession of plots, independent floors, and commercial. Army Welfare Housing Organization which had purchased FSI from your Company is building Group Housing consisting of 1000 high rise units which are expected to be handed over shortly.

The second Township is ‘Golf Links II’, spread over 106 acres and situated in Sector 116 where the development work is complete, and the Company is in the process of handing over possession of residential plots, and, it also expects to hand over possession of independent floors in due course. In the coming months, your Company proposes to launch Premium Group Housing project at the entrance to Golf Links I; this Project will be crowning jewel of the Sector and will make the area a destination point.

❖ **Orchard County**

TThis Project is being developed on an area admeasuring 11.87 acres and strategically located on the main city road (Kharar-Landran Road), Mohali. The Project is being made to luxurious specifications. It offers well designed homes with best amenities.

There are two sections of this Project; One is known as “Palm Grove”,- there are Ground + {Plus} 03 floors, and all 128 floors are offered for possession.

Another section is known as “Orchard County” flats:- which has 12 towers, wherein 10 towers have been offered for possession, 01 is ready for possession and in 02 the Company has started the construction. All in all, in these flats it has already offered possession to 315 flats and in the process of handing over possession of further 36 apartments. Rest of 104 flats is under construction.

In total, in sector 115, your Company has already offered for possession of over 443 apartments.

❖ **Other Integrated Townships and Education**

Your Company’s other integrated townships are Sushant City, Ajmer, Sushant City, Jaipur, Sushant City, Jodhpur, Sushant City, Agra, Sushant City, Meerut and others. The facilities in these townships include health centres, shopping complexes, schools, parks, community centres, and underground parking systems.

Your Company’s strategy is to focus on high growth markets in NCR as well as in other states of Northern India by expanding its existing townships to increase returns through economies of scale as well as entering into collaboration for new projects to conserve capital deployment in land aggregation and to achieve better realizations.

In the last few years, the education sector of India has seen a number of dramatic changes which resulted in substantial increase in the market share of the education sector. With availability of enhanced technology, it is extremely essential to expand the Indian education sector in order to contribute to the economic growth of the Country. Education is also designed to be an important driver for the future, and, your Company, through its associates/ Trust, has ushered in the field of education and has built eminent Institutes like Sushant School of Architecture and Sushant School of Design. The Institutes run under the Ansal brand name and have in recent times acquired the status of a University called “Ansal University” under the Haryana Private Universities Act, 2006. All these have also footprints in the Corporate Social Responsibility of your Company.

In line with its motto of improving the lifestyle standards of people and the quality of life through creating state-of-the-art realty and infrastructure facilities and projects, your Company is committed to take on increasingly challenging tasks in its area of operations with intensified focus and dedication, in the coming years.

OUTLOOK ON RISKS & CONCERNS

Your Company is aware that the first step in earning rewards in business is to mitigate the risk involved in business decisions. Throughout its long existence your Company has managed its business risks effectively. The management of risk and opportunities is the inherent responsibility of your Company. Many of the risks include uncertainties or emerging risks, which are difficult to quantify or control. Nonetheless, it is important that these are identified so that the Company can have options to deal with them.

Enterprise Risk Management Framework has been successfully implemented within the Organization of your Company with an overall goal to measure the progress in risk mitigation through quantifiable means. The process is constantly reviewed for improvement.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

Internal controls and systems serve multiple needs in any organisation. Well- designed Internal control systems lay down the framework for day-to-day operations, and provide guidelines for employees and, most importantly, provide a certain level of security against a variety of risks such as fraud and misappropriation.

The primary responsibility for the development and maintenance of internal control rests with an organization's management. Internal control evaluation involves everything management does to control the organization in the effort to achieve its objectives.

Your Company's control system and procedures are regularly reviewed for relevance and effectiveness and changed as per the need of business environment.

The Company has an efficacious Audit Committee consisting of Independent Directors, the details of which have been given in the Corporate Governance Report. Independent Chartered Accountant firm has been appointed as Internal Auditors and effectiveness of internal control mechanism is reviewed by Internal Auditors at regular intervals. Independent Auditors' Report

To the Members of Ansal Properties & Infrastructure Limited

Report on the Standalone Ind AS Financial Statements

We have audited the accompanying standalone Ind AS financial statements of **Ansal Properties & Infrastructure Limited** ('the Company'), which comprise the balance sheet as at March 31, 2018, the statement of profit and loss (including other comprehensive income), the cash flow statement and the statement of changes in equity for the year then ended and a summary of the significant accounting policies and other explanatory information (herein after referred to as "Ind AS financial statements").

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with relevant Rules issued thereunder.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2018, and its loss (including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Emphasis of Matter

We draw attention to:

- (i) Note No. 41 to the standalone Ind AS financial statements wherein the Company had claimed a cumulative exemption of Rs. 3,448 lakhs up to the period ended March 31, 2011, continuing up to the end of current period, under section 80 IA of the Income Tax Act, 1961 being tax profits arising out of sale of Industrial Park units, pending the notification of the same

by Central Board of Direct Taxes (Competent Authority). The Competent Authority rejected the initial application against which the Company has filed review petition. The Company has taken opinion from a senior counsel that its review petition satisfies all the conditions specified in the said Scheme of Industrial Park under Industrial Park (Amendment) Scheme, 2010. No exemption is claimed during the current year as there are no sales of industrial park units.

- (ii) Note No. 64 to the standalone Ind AS financial statements wherein the Company is carrying project inventory of Rs. 11,043 lakhs for one of its Group Housing projects. The Company had applied to the Authority for developing the project on the basis of revised Scheme announced by the Authority for which approval has been received envisaging developing the project on a smaller piece of land equivalent to the amount paid and surrender balance project land subject to certain conditions. Pending final decision of the Authority in the matter and fulfillment of conditions precedent, the management is of the view that there is no impairment in the value of land/ project and we have relied on management contention.
- (iii) Note No. 58 to the standalone Ind AS financial statements wherein the Company pursuant to Orders of the Company Law Board {CLB} dated the December 30, 2014 and April 28, 2016, the Company was required to refund all its public deposits as per the schedule. Further, as per National Company Law Tribunal Order dated January 13, 2017, in response to an application filed by the Company, as amended/extended from time to time, the Company was required to repay Rs 400 lakhs per month as per revised schedule. As on March 31, 2018 an amount of Rs 1,530 lakhs is overdue on account of what was payable as per schedule.
- (iv) Note No. 45 to the standalone Ind AS financial statements wherein the Company Prescribed Norms issued by Reserve Bank of India (RBI) and exercise of powers conferred on the Bank under Securitization and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 (SREAFESI), two lender banks of the Company have classified the bank accounts of the Company as Non – Performing Assets (NPA) and have demanded the entire amount of Rs. 19,246 lakhs due towards the banks outstanding excluding interest and penal charges. As explained to us, the Company is not in agreement with the contention of the lender banks and is in discussions with the lender banks to resolve this matter.

Our opinion is not qualified in respect of the above matters.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of section 143(11) of the Act, we give in the Annexure A, a statement on the matters specified in the paragraph 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of cash flows and the statement of changes in equity dealt with by this Report are in agreement with the books of account;
 - d) In our opinion, the aforesaid standalone Ind AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with relevant Rules issued thereunder;
 - e) On the basis of the written representations received from the directors as on March 31, 2018 and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2018 from being appointed as a director in terms of Section 164 (2) of the Act;
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B"; and
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company has disclosed the impact of pending litigation on its financial position as referred to in Note 39 to the standalone Ind AS financial statements.
- ii. The Company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses;

There has been no delay in transferring amounts required to be transferred to the Investor Education and Protection Fund by the Company.

Annexure A to the Independent Auditor's Report to the Members of Ansal Properties & Infrastructure Limited dated May 30, 2018 on its Standalone Ind AS Financial Statements.

Report on the matters specified in paragraph 3 of the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of section 143(11) of the Companies Act, 2013 ("the Act") as referred to in paragraph 1 of 'Report on Other Legal and Regulatory Requirements' section.

- i. (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) The Company has a phased program of physical verification of its fixed assets which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. All the fixed assets identified during the year for verification have not been physically verified by the management. However, discrepancies noticed during physical verification have been recorded and accounted for in the books of account to the extent of verification carried out.
- (c) In our opinion, and according to the information and explanations given to us, the title deeds of immovable properties are held in the name of the Company.
- ii. The Management has conducted physical verification of inventory at reasonable intervals during the year and no material discrepancies were noticed on such physical verification.
- iii. The Company has not granted any loans, secured or unsecured, to companies, firms or other parties covered in the register maintained under section 189 of the Act. Accordingly, provisions of clause 3(iii) of the Order are not applicable.
- iv. In our opinion and according to the information and explanations given to us, provisions of section 185 and 186 of the Act in respect of loans to directors including entities in which they are interested and in respect of loans and advances given, investments made and, guarantees, and securities given have been complied with by the Company.
- v. In the previous year, the Company had filed with Company Law Board (CLB) a scheme for extension of time for repayment of its fixed deposits. CLB had approved extension of time for repayment of fixed deposits with certain conditions vide Order dated December 30, 2014 and April 28, 2016 under sections 74(2) of the Act. As per National Company Law Tribunal Order dated January 13, 2017, in response to an application filed by the Company, as amended/extended from time to time, the Company was required to repay Rs. 400 lakhs per month as per revised schedule. As on March 31, 2018 an amount of Rs 1,530 lakhs is overdue on account of what was payable as per schedule. Further, provisions of section 73 to 76 or any other relevant provisions of the Act, whichever is applicable have been complied with by the Company [refer para (iii) of Emphasis of Matter para of main independent auditors report].
- vi. The Central Government has prescribed for maintenance of Cost Accounting records pursuant to the requirements of sub-section (1) of section 148 of the Act with regard to the activities of the Company. The Company is in the process of making and maintaining those records. However, we are not required to carry out a detailed examination of the same.

- vii. a. According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is generally irregular in depositing the undisputed statutory dues including provident fund, employees state insurance, income tax, sales tax, service tax, goods and service tax (GST), duty of customs, duty of excise, value added tax, cess, professional tax and other material statutory dues, as applicable, with the appropriate authorities, during the year. However, there are no such undisputed statutory dues payable for a period of more than six months from the date they became payable as at March 31, 2018 except income tax payable of Rs. 1366.92 lakhs, Tax Deducted at Source of Rs. 388.03 lakhs and Works contract tax of Rs. 62.52 lakhs.
- (b) According to the information and explanations given to us and as per the books and records examined by us, there are no dues of income tax, sales tax, value added tax, service tax, goods and service tax (GST), duty of customs, duty of excise which have not been deposited with the appropriate authorities on account of any dispute and the forum where the dispute is pending, are as under:

Annexure B to the Independent Auditor's Report to the Members of Ansal Properties & Infrastructure Limited dated May 30, 2018 on its standalone Ind AS financial statements

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") as referred to in paragraph 2(f) of 'Report on Other Legal and Regulatory Requirements' section

We have audited the internal financial controls over financial reporting of **Ansal Properties & Infrastructure Limited** (“the Company”) as of March 31, 2018 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on “the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by The Institute of Chartered Accountants of India (ICAI)”. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit.

We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by The Institute of Chartered Accountants of India (ICAI). Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that:

- a) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- b) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- c) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by The Institute of Chartered Accountants of India (ICAI).

Basic of accounting and preparation of Financial Statements**1. Corporate overview**

Ansal Properties and Infrastructure Limited ("APIL" or the "Company"), was incorporated in 1967. The Company's main business is real estate promotion and development in residential and commercial segment. This prestigious company deals in residential, commercial and retail properties located in the areas of Delhi NCR, U.P, Haryana, Punjab, Rajasthan, etc. The company is listed on the National Stock Exchange of India and Bombay Stock Exchange of India.

The registered office of the Company is situated at 115, Ansal Bhawan, 16 K.G. Marg, New Delhi, India.

These financial statements were approved and adopted by board of directors of the Company in their meeting held on May 30, 2018.

2. Basis of preparation and significant Accounting Policies**A. Basis of Preparation**

Ministry of Corporate Affairs notified roadmap to implement Indian Accounting Standards ('Ind AS') prescribed under section 133 of the Companies Act 2013, (the 'Act') read with companies (Indian Accounting Standards) (Amendments) Rules, 2015 as amended by the companies (Indian Accounting Standards) (Amendment) Rules, 2015. Accordingly, the company has adopted Ind as w.e.f April 1, 2016 as a transition date. Therefore, the financial statements of the Company for the year ended March 31, 2018 has been prepared as per Ind AS.

The financial statements have been prepared accrual basis on historical cost convention, except as stated otherwise.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use

i. Operating cycle

The normal operating cycle in respect of operation relating to under construction real estate project depends on signing of agreement, size of the project, phasing of the project, type of development, project complexities, approvals needed & realisation of project into cash & cash equivalents and range from 3 to 5 years. Accordingly project related assets & liabilities have been classified into current & non-current based on operating cycle of respective projects. All other assets and liabilities have been classified into current and non-current based on a period of twelve month.

ii. Functional and presentation currency

The financial statements are presented in Indian rupees, which is the functional currency of the parent company. All the financial information presented in Indian rupees has been rounded to the nearest Lakh.

iii. Use of estimates

The preparation of financial statements in conformity with Ind AS requires the Management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period. Although these estimates are based upon the Management's best knowledge of current events and actions, actual results could differ from these estimates. Difference between the actual results and estimates are recognized in the period in which the results are known / materialized.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods

a. Property, plant and equipment

Useful life of the tangible assets are based on the life prescribed in Schedule II of the Companies Act 2013. Assumptions are also made, when company assesses, whether an assets may be capitalised and which components of the cost of the assets may capitalised.

b. Recognition and measurement of defined benefit obligations

The obligation arising from define benefit plan is determined on the basis of actuarial assumptions. Key

actuarial assumption includes discount rate, trends in salary escalation and attrition rate. The discount rate is determined by reference to market yields at the end of the reporting period on government securities. The period to maturity of the underlying securities correspond to the probable maturity of the post-employment benefit obligations.

c. Fair value measurement of financial instruments

When the fair value of the financial assets and liabilities recorded in the balance sheet cannot be measured based on the quoted market price in active markets, their fair value is measured using valuation technique. The input to these models are taken from the observable market where possible, but this is not feasible, a review of judgment is required in establishing fair values. Changes in assumption relating to these assumption could affect the fair value of financial instrument.

d. Intangibles

Internal technical or user team assess the remaining useful lives of Intangible assets. Management believes that assigned useful lives are reasonable.

Before transition to IND AS, the company has revisited the useful life of the assets and the impact of change in life on transition is considered in opening carrying values. Also all Intangibles are carried at net book value on transition.

e. Provision for contingencies

Provision for project related liabilities is made on the basis of Management judgement and estimation for possible outflow of resources, if any, in respect of:

Contingencies/claim/litigations against the Company

B. Standards issued but not yet effective

Ind AS 21 The Effects of Changes in Foreign Exchange Rates

Appendix B to Ind AS 21, Foreign currency transactions and advance consideration:

On March 28, 2018, Ministry of Corporate Affairs ("MCA") has notified the Companies (Indian Accounting Standards) Amendment Rules, 2018 containing Appendix B to Ind AS 21, Foreign currency transactions and advance consideration which clarifies the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income, when an entity has received or paid advance consideration in a foreign currency. The amendment will come into force from April 1, 2018. The Company has evaluated the effect of this on the financial statements and the impact is not material

IND AS 115: Revenue from Contracts with Customers

In March 2018, the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) (Amendments) Rules, 2017, notifying Ind AS 115, 'Revenue from Contracts with Customers'. The Standard is applicable to the Company with effect from 1st April, 2018.

Revenue from Contracts with Customers Ind AS 115 establishes a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers. Ind AS 115 will supersede the current revenue recognition standard Ind AS 18 Revenue, Ind AS 11 Construction Contracts and guidance note on accounting for real estate transactions when it becomes effective. The core principle of Ind AS 115 is that an entity should recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Specifically, the standard introduces a 5-step approach to revenue recognition:

- Step 1: Identify the contract(s) with a customer
- Step 2: Identify the performance obligation in contract
- Step 3: Determine the transaction price
- Step 4: Allocate the transaction price to the performance obligations in the contract
- Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation

Under Ind AS 115, an entity recognises revenue when (or as) a performance obligation is satisfied, i.e. when 'control' of the goods or services underlying the particular performance obligation is transferred to the customer. The Company is currently evaluating the effect of the above amendments and will adopt the standard from April 1, 2018.

C. Fair value measurement

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets & liabilities on the basis of the nature, characteristics and the risks of the asset or liability and the level of the fair value hierarchy as explained above.

2. Significant accounting policies

A. Property, plant and equipment

Property, plant and equipment are stated at original cost net of tax/ duty credit availed, less accumulated depreciation and accumulated impairment losses, when significant part of the property, plant and equipment are required to replace at intervals, the company derecognized the replaced part and recognized the new parts with its own associated useful life and it depreciated accordingly. Likewise when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance cost are recognized in the statement of the profit and loss as incurred. The present value of the expected cost for the decommissioning of the asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Internally manufactured property, plant and equipment are capitalised at factory cost including excise duty whatever is applicable.

Capital work in progress including property plant & equipment under installation/under development as at the balance sheet date.

Capital expenditure on tangible assets for research and development is classified under property and equipment and is depreciated on the same basis as other property, plant and equipment.

Property, plant and equipment are derecognised from the financial statement, either on disposal or when no

economic benefits are expected from its use or disposal. Losses arising in the case of retirement of property, plant and equipment and gain or losses arising from disposal of property, plant and equipment are recognized in the statement of profit and loss in the year of occurrence.

B. Investment properties

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any. The cost includes the cost of replacing parts and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of the investment property are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognized in the statement of profit & loss as & when incurred.

Though the Company measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on an annual evaluation performed by an accredited external independent valuer.

Investment properties are derecognized either when they have been disposed off or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in statement of profit & loss in the period of de-recognition.

C. Intangible assets

Capital expenditure on purchase and development of identifiable assets without physical substance is recognized as intangible assets in accordance with principles given under Ind AS-38 – Intangible Assets.

The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the assets are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates. Expenses incurred during construction period, preliminary project expenditure, capital expenditure, indirect expenditure incidental and related to construction / implementation, interest on borrowings to finance fixed assets and expenditure on start-up / commissioning of assets forming part of a composite project are capitalized up to the date of commissioning of the project as the cost of respective assets.

D. Depreciation and amortization

The assets' residual values, useful lives and methods of depreciation are reviewed each financial year end and adjusted prospectively, if applicable.

Depreciation on Property, Plant and Equipment is provided over the useful life of assets as specified in schedule II to the Act. Property, Plant and Equipment which are added / disposed off during the year, depreciation is provided pro-rata basis with reference to the month of addition / deletion.

Depreciation on property, plant and equipment is calculated on a written down basis.

The useful lives of property, plant & equipment are given below:

Asset	Use full life
Office & residential premises	60 years
Plant & machinery (computers)	3 years
Plant & machinery (others)	15 years
Furniture & fixtures	10 years
Office equipment's	5 years
Air conditioning plant & air conditioners	15 years
Vehicles	8 years

Depreciation on Investment property is provided over the useful life of assets as specified in schedule II to the Act. which is as under on written down basis :

Asset	Life
Office & residential premises	60 years

Intangible Assets are amortised on written down value over the useful life not exceeding Six years.

E. Capital work-in-progress

Capital work-in-progress/intangible assets under development are carried at cost, comprising direct cost, related incidental expenses and attributable borrowing cost.

F. Impairment of Non-financial assets

Property, plant and equipment, intangible assets and assets classified as investment property with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

If the recoverable amount of an asset or CGU is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognized in the statement of profit or loss.

An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

Impairment losses on continuing operations, including impairment on inventories are recognized in the statement of profit and loss, except for properties previously revalued with the revaluation taken to other comprehensive income. For such properties, the impairment is recognized in OCI up to the amount of any previous revaluation surplus.

G. Inventories

Inventories are valued as under:-

- | | |
|--|---|
| i. Building materials, stores, spare parts | At weighted average cost |
| ii. Shuttering & scaffolding materials | At depreciated cost |
| iii. Apartments / houses / shops/ flats | At lower of cost or net realisable value |
| iv. Projects in progress | It represents land acquired for future development and construction, and is stated at cost including the cost of land, the related costs of acquisition, construction costs, borrowing costs incurred to get the properties ready for their intended use. |

Cost is calculated on weighted average basis.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and costs required to make the sale.

H. Cash and cash equivalents

Cash and cash equivalents includes cash on hand and at bank, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value.

For the purpose of the Statement of Cash Flows, cash and cash equivalents consists of cash and short term deposits, as defined above, net of outstanding bank overdraft as they being considered as integral part of the Company's cash management.

I. Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

For arrangements entered into prior to 1 April 2015, the company has determined whether the arrangement contain lease on the basis of facts and circumstances existing on the date of transition.

Where the Company is the lessee

Finance leases are capitalized as assets at the commencement of the lease, at an amount equal to the fair value of leased asset or present value of the minimum lease payments, whichever is lower, valued at the inception date. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognized as finance costs in the statement of profit and loss, unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the company's general policy on borrowing cost. A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating lease payments are recognized as an operating expense in the statement of profit and loss on a straight-line basis over the lease term.

Where the Company is the lessor

Rental Income from operating leases is recognized on a straight-line basis over the term of the relevant lease, costs including depreciation are recognized as an expense in the statement of profit and loss. Initial direct costs incurred in negotiating and arranging an operating lease are recognized immediately in the statement of profit and loss.

J. Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all potential dilutive equity shares.

K. Provisions, contingent liabilities and contingent assets**GENERAL**

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that the outflow of resources embodying economic benefits will be required to settle the obligation in respect of which reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, the expense relating to provision presented in the statement of profit & loss is net of any reimbursement.

If the effect of the time value of money is material, provisions are disclosed using a current pre-tax rate that reflects, when appropriate, the risk specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as finance cost.

Contingent liability is disclosed in the notes in case of:

- There is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.
- A present obligation arising from past event, when it is not probable that an outflow of resources will be required to settle the obligation
- A present obligation arises from the past event, when no reliable estimate is possible
- A present obligation arises from the past event, unless the probability of outflow are remote.

Commitments include the amount of purchase order (net of advances) issued to parties for completion of assets. Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date.

Onerous contracts

A provision for onerous contracts is measured at the present value of the lower expected costs of terminating the contract and the expected cost of continuing with the contract. Before a provision is established, the Company recognizes impairment on the assets with the contract.

Contingent assets

Contingent assets are not recognized in the financial statements.

L. Interest in Joint Ventures and associates

Investments in equity shares of Subsidiaries, Joint Ventures & Associates are recorded at cost and reviewed for impairment at each balance sheet date.

M. Taxes

Tax expense comprises current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-Tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Current income tax relating to items recognized directly in equity is recognised in equity and not in the statement of profit and loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Minimum alternate tax

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The Company recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The Company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

Deferred tax

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purpose at reporting date. Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized.

The carrying amount of deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow deferred tax assets to be recovered.

The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle

the liability simultaneously.

N. Advances to subsidiaries, associates and others for purchase of land

Advances given to subsidiary and land holding companies for acquiring land are initially classified as 'Advances' for purchase of land under "Other non- current/ current assets". On obtaining the license for a land, the full cost of the land is transferred to cost of land, an item of cost of construction, from 'advance against land'.

O. Revenue recognition

i. The Company follows "percentage of completion method" of accounting for contracts and constructed residential, institutional and commercial properties. As per this method, the revenue is recognized in proportion to the actual costs incurred as against the total estimated cost of the projects under execution subject to actual cost being 30% or more of the total estimated cost.

Effective April 1, 2016, in accordance with the "guidance note on accounting for real estate transactions (for entities to whom IND AS is applicable)" construction revenue on all projects have been recognized on percentage of completion method provided the following thresholds have been met.

- (a) All critical approvals necessary for the project commencement have been obtained.
- (b) The expenditure incurred on construction and development cost (excluding land costs) is not less than 25% of the total estimated construction and development costs.
- (c) At least 25% of the saleable project area is secured by agreements with buyers; and
- (d) At least 10% of the sale proceeds relating to agreements secured are realized at the reporting date in respect of such contracts.
- ii. Income from know how fee is recognized as per the terms of the agreement with the recipient of know how.
- iii. The estimates relating to saleable area, sale value, estimated costs etc., are revised and updated periodically by the management and necessary adjustments are made in the accounts in the year in which the estimates are revised.
- iv. Indirect costs are treated as "period costs" and are charged to the statement of profit & loss in the year in which they are incurred.
- v. Surrender of flats by buyers are valued at cost and accounted for as surrender of rights under 'cost of construction' in the case of projects in progress and once sold, proceeds are treated as 'Sales'.
- vi. For recognizing income and working out related cost of construction, in case of developed land, flats / shops/ houses/ farms etc., major self-contained residential township projects are divided into various schemes such as plotted area, constructed houses, commercial area, malls etc.
- vii. Whereas all income and expenses are accounted for on accrual basis, interest on delayed payments by customers against dues and holding charges, interest claims for delay in projects and assured returns to customers are taken into account on realization or payment owing to practical difficulties and uncertainties involved.
- viii. Income from windmill is accounted for on the basis of power supplied to the customer as per the terms of the Power Purchase Agreement with the respective party.
- ix. Interest income on fixed deposits with banks is recognized on time proportion basis taking into account the amount outstanding and the rates applicable.
- x. Dividend income from investments is recognized when the company's right to receive payment is established.

P. Foreign currency translation/conversion

Standalone financial statements have been presented in Indian Rupees (Rs.), which is the Company's functional and presentation currency.

• **Initial recognition**

Foreign currency transactions are recorded on initial recognition in the functional currency, using the

exchange rate at the date of the transaction.

- **Conversion**

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

- **Exchange differences**

The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognized in OCI or profit or loss are also recognized in OCI or profit or loss, respectively).

Q. Borrowings

Borrowings are initially recognized at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognized in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognized as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognized in the statement of profit or loss as other gains/(losses).

R. Borrowing costs

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Borrowing costs that are directly attributable to the projects are charged to the respective project on the basis of expenditure incurred net of customer collections.

Other borrowing costs are expensed in the period in which they are incurred.

S. Employee benefits

Expenses and liabilities in respect of employee benefits are recorded in accordance with Indian Accounting Standard (Ind AS)-19 - 'Employee Benefits'.

Defined contribution plan:

Retirement benefits in the form of provident fund and superannuation scheme are a defined contribution scheme and the contributions are charged to the statement of profit and loss of the year when the contributions to the respective funds are due. There are no other obligations other than the contribution payable to the provident fund/trust.

Defined benefit plan:

The Company's liabilities on account of gratuity and earned leaves on retirement of employees are determined at the end of each financial year on the basis of actuarial valuation certificates obtained from registered actuary in accordance with the measurement procedure as per Indian Accounting Standard (INDAS)-19- 'Employee Benefits'. Gratuity liability is funded on year-to-year basis by contribution to respective fund. The costs of providing benefits under these plans are also determined on the basis of actuarial valuation at each year end. Actuarial gains and losses for defined benefit plans are recognized through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

Accumulated leaves, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date. The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long term compensated absences are provided for based on actuarial valuation. The actuarial valuation is done as per projected unit credit method at the year-end.

T. Financial Instruments

(a) Financial Assets

i. Classification

The company classified financial assets as subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of its business model for managing the financial assets and contractual cash flow characteristics of the financial asset.

ii. Initial Recognition and Measurement

The company recognizes financial assets when it becomes a party to the contractual provisions of the instrument. All financial assets are recognized initially at fair value plus transaction costs that are attributable to the acquisition of financial assets.

iii. Subsequent Measurement

For the purpose of subsequent measurement the financial assets are classified in three categories:

- Debt instruments at amortised cost
- Debt instrument at fair value through profit or loss
- Equity investments

iv. Debt instrument at amortised cost

A "debt instrument" is measured at the amortised cost if both the following conditions are met.

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flow, and
- Contractual terms of the assets give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount and premium and fee or costs that are an integral part of an EIR. The EIR amortisation is included in finance income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss.

v. Debt instrument at Fair value through Profit or loss

Debt instruments included within the fair value through profit or loss (FVTPL) category are measured at fair value with all changes recognised in the statement of profit and loss.

vi. Equity investments

All equity investments other than investment in subsidiaries, joint venture and associates are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the company decides to classify the same either as at fair value through other comprehensive income (FVTOCI) or FVTPL. The company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the company decides to classify an equity instrument as at FVTOCI, then fair value changes on the instrument, excluding dividends, are recognised in other comprehensive income (OCI). There is no recycling of the amounts from OCI to statement of profit or loss, even on sale of such investments.

Equity instrument includes within the FVTPL category are measured at fair value with all changes recognised in the Statement of profit or loss.

vii. Derecognition

A financial assets (or, where applicable, a part of a financial asset) is primarily derecognised when:

- The right to receive cash flows from the assets have expired or
- The company has transferred substantially all the risks and rewards of the assets, or
- The company has neither transferred nor retained substantially all the risks and rewards of the assets, but has transferred control of the assets.

viii. Impairment of financial assets

The company applies 'simplified approach' measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- Financial assets that are debt instrument and are measured at amortised cost e.g. loans, debt securities, deposits, and bank balance.
- Trade receivables

The application of simplified approach does not require the company to track changes in credit risk. Rather, it recognised impairment loss allowance based on lifetime expected credit loss at each reporting date, right from its initial recognition.

(b) Financial liabilities**i. Classification**

The company classifies all financial liabilities as subsequently measured at amortised cost

ii. Initial recognition and measurement

All financial liabilities are recognised initially at fair value and, in the case of loan and borrowings and payables net of directly attributable transaction costs.

iii. Loan and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Rate (EIR) Method. Gain and losses are recognised in statement of profit and loss when the liabilities are derecognised.

Amortised cost is calculated by taking into account any discount or premium on acquisition and transaction cost. The EIR amortization is included as finance cost in the statement of profit and loss.

This category generally applies to loans& Borrowings.

iv. Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are, substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amount recognised in the Statement of Profit and loss.

v. Offsetting of financial instrument

Financial Assets and Financial Liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously

(c) Share capital**i. Ordinary equity shares**

Incremental cost directly attributable to the issue of ordinary equity shares are recognised as a deduction from equity.

U. Segment accounting and reporting

The chief operational decision maker monitors the operating results of its business segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit and loss and is measured consistently with profit and loss in the financial statements.

The Operating Segments have been identified on the basis of the nature of products/ services.

- i. Segment Revenue includes sales and other income directly identifiable with/ allocable to the segment including inter- segment revenue.
- ii. Expenses that are directly identifiable with/ allocable to the segments are considered for determining the segment result. Expenses not allocable to segments are included under unallocable expenditure.
- iii. Income not allocable to the segments is included in unallocable income
- iv. Segment results includes margin on inter segment and sales which are reduced in arriving at the profit before tax of the company.
- v. Segment assets and Liabilities include those directly identifiable with the respective segments. Assets and liabilities not allocable to any segment are classified under unallocable category.

Ltd., Sia Properties Pvt.Ltd. and Sarvsanjhi Construction Pvt. Ltd.) have ceased to be subsidiaries of the Ansal Landmark due to loss of Ansal Landmark's control, as per criteria for "control" specified in IND AS 110 over these companies.
43. During the year, the Company along with its subsidiary has lost the control over Ansal Urban Condominiums Pvt Ltd (AUCPL) as per criteria for "control" specified in IND AS 110 over this Company. It is now jointly controlled.
44. During the current year, dispute relating to division of business of the erstwhile Joint Venture Company Ansal Landmark Township Pvt Ltd arose between the Company and the Landmark Group. The dispute was jointly referred by the Company and the Landmark Group to the Hon'ble Sole Arbitration and is pending adjudication of final award.
45. As per prescribed norms issued by Reserve Bank of India (RBI) and exercise of powers conferred on the Bank under Securitization and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 (SREAFESI), two lender banks of the Company have classified the bank accounts of the Company as Non – Performing Assets (NPA) and have demanded the entire amount of Rs. 19,246 lakhs due towards the banks outstanding excluding interest and penal charges. As explained to us, the Company is not in agreement with the contention of the lender banks and is in discussions with the lender banks to resolve this matter.
46. a) The Company and one of the lender of a subsidiary Company has filed cases on each other for their dues/ claims in Hon'ble Mumbai High Court. The Company has given corporate guarantee to the lender on behalf of the subsidiary. The management is of view that there will not be any liability on the Company due to the above matter.
- b) One of the lenders of the subsidiary Company has classified the bank account of the subsidiary as Non – Performing Assets (NPA) and filed as case against the Subsidiary in NCLT. The Company has given financial guarantee to the lender on behalf of the Company. The management is of view that there will not be any liability on the Company due to the above matter.

67. Financial instruments by category

Financial risk management objectives and policies:

The purpose of financial risk management is to ensure that the Company has adequate and effective utilized financing as regards the nature and scope of the business. The objective is to minimize the impact of such risks on the performance of the Company. The Company's senior management oversees the management of these risks.

The Company's principal financial liabilities comprise bank loans, trade payables and other liabilities. The main purpose of these financial instruments is to raise finance for operations. It has various financial assets such as loans, advances, land advances, trade receivables, cash which arise directly from its operation.

The main risk arising from the Company's financial instruments are market risk, credit risk, liquidity risk, and interest rate risk.

Market risk:

Market risk is the risk that the fair values of financial instruments will fluctuate because of change in market price. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk. The risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. Financial Instruments affected by market risk include loans and borrowings, investments and deposits. There is no currency risk since all operations are in INR. The Company managed interest rate risk by converting existing loans and borrowings with cheaper means of finance and charging interest on amount recoverable from customers in case of delays beyond a credit period.

Interest Rate Risk :

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's short term borrowings obligations in the nature of cash credit.

Particulars	Fixed Rate Borrowing	Variable Rate Borrowing	Total Borrowing
As at March 31, 2018	-	56,536	56,536
As at March 31, 2017	-	67,528	67,528

Sensitivity analysis - For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year.

Sensitivity on variable rate borrowings	As at March 31, 2018	As at March 31, 2017
Interest rate increase by 0.25%	(141.34)	(168.82)
Interest rate decrease by 0.25%	(141.34)	(168.82)

Credit risk:

It is a that one party to a financial instrument or customer contract will cause a financial loss due to non fulfillment of its obligations under a financial instrument or customer contract for the other party, leading to a finance loss. The Company's credit risks relate to the sales of Plot, FSI, under construction properties and completed properties after receiving completion certificate / occupancy certificate as per local laws and leasing activities. The customer credit risk is managed by holding property under sale as mortgage against recoverable amount till the date of possession or registry whichever is earlier. Further, it charges interest and holding charges over and above the amount recoverable in case of delay(s) in payment by customer. There is a cancellation policy where the Company can cancel the booking in case of nonpayment of amount dues by forfeiting up 20% of the amount already paid. In case of leasing activities, there is security as collateral up to three months rental value.

Liquidity risk:

The risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. The Company's cash flow is a mix of cash flow from collections from customers, leasing and interest income. The other main component in liquidity is timing to call loans/ funds and optimization of repayments of loans installment, interest payments.

68. Capital Management

For the purpose of the Company's capital management, equity includes issued equity capital, securities premium and all other equity reserves attributable to the equity shareholders and net debt includes interest bearing loans and borrowings less current investments and cash and cash equivalents. The primary objective of the Company's capital management is to safeguard continuity, maintain a strong credit rating and healthy capital ratios in order to support its business and provide adequate return to shareholders through continuing growth.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The funding requirement is met through a mixture of equity, internal accruals, long term borrowings and short term borrowings. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt.

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements.

The company monitors capital using gearing ratio, which is total debt divided by total capital plus debt.

Independent Auditors' Report

To The Members of Ansal Properties and Infrastructure Limited

Report on the Consolidated Ind AS Financial Statements

We have audited the accompanying consolidated Ind AS financial statements of Ansal Properties and Infrastructure Limited (hereinafter referred to as "the Holding Company") and its subsidiaries & joint ventures (collectively referred to as "the Group"), comprising of the consolidated balance sheet as at March 31, 2018, the consolidated statement of profit and loss (including other comprehensive income), the consolidated cash flow statement and consolidated statement of changes in equity for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated Ind AS financial statements").

Management's Responsibility for the Consolidated Ind AS Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated Ind AS financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated statement of changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with relevant Rules issued thereunder.

The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities, the selection and application of appropriate accounting policies, making judgments and estimates that are reasonable and prudent, and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone/consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated Ind AS financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules issued thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated Ind AS financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in basis for qualified opinion and Other Matters paragraph below, is sufficient and appropriate to provide a basis for our qualified audit opinion on the consolidated Ind AS financial statements.

Basis for Qualified Opinion

- i. We invite attention to Note No.50(d) to the consolidated Ind AS financial statements, wherein one of the subsidiary Company Ansal Hitech Townships Limited (AHTL) has not repaid its debentures of Rs. 20,000 lakh, out of which Rs. 10,000 lakh, is due for payment for more than one year from the due date and interest thereon. As a result, all the directors of AHTL are disqualified under section 164(2) of the Act. Further, AHTL has not recorded interest aggregating to Rs.4,050 lakhs for the year ended March 31, 2018 on above mentioned matured debentures issued for Rs. 20,000 lakh. This has resulted in understatement of inventory by Rs 4,050 lakh and understatement of liability for interest by Rs 4,050 lakh in the financial statements of the AHTL and these consolidated Ind As financial statements for the year ended March 31, 2018.
- ii. We invite attention to Note No.50 (e) to the consolidated Ind AS financial statements, wherein the Holding Company's

subsidiaries/step down subsidiaries/joint venture more fully explained in the said note have failed to repay its dues to debenture holders for principal amount and interest thereon which is outstanding for more than a year. As a result of this default, all the directors of these subsidiaries/step down subsidiaries/joint venture have become disqualified as per provisions of section 164(2) of the Act.

- iii. We invite attention to Note No. 50 (f) to the consolidated Ind AS financial statements, wherein in the case of 1 joint venture Company not audited by us, whose financial statements/financial information reflect Group's share of (loss)/profit before tax of Rs. 2,501 lakhs for the year ended March 31, 2018, have been considered in these consolidated Ind As financial statements. The financial statements/information of this joint venture Company is based on management certified accounts. Our opinion in so far as it relates to the amounts and disclosures included in respect of this joint venture Company is based solely on the unaudited information provided by the Management. This joint venture Company is considered material to the Group.
- iv. We invite attention to Note No. 50 (f) to the consolidated Ind AS financial statements, wherein in case of 1 subsidiary and 4 step down subsidiaries of the Holding Company not audited by us, whose consolidated Ind As financial statements/financial information reflect total assets of 23,953 lakhs as at March 31, 2018 and total revenues of Rs 589 lakhs for the year ended on that date, have been considered in these consolidated financial statements. The financial statements/information of these subsidiary/step down subsidiaries is based on management certified accounts. Our opinion in so far as it relates to the amounts and disclosures included in respect of this subsidiary company/step down subsidiaries is based solely on the unaudited financial statements/information provided by the Management. This subsidiary company/step down subsidiaries is considered material to the Group.

Qualified Opinion

In our opinions and to the best of our information and according to the explanations given to us, except for the effect of the matter described in the Basis of Qualified Opinion paragraph above, the aforesaid consolidated Ind As financial statements give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2018 and their consolidated loss including other comprehensive income, their consolidated cash flows and consolidated statement of changes in equity and for the year ended on that date.

Emphasis of matter

Without qualifying, we draw attention to the following matters:

- i. Note No. 44 to the consolidated Ind AS financial statements wherein the Holding Company had claimed a cumulative exemption of Rs. 3,448 lakhs up to the period ended March 31, 2011, continuing up to the end of current period, under section 80 IA of the Income Tax Act, 1961 being tax profits arising out of sale of Industrial Park units, pending the notification of the same by Central Board of Direct Taxes (Competent Authority). The Competent Authority rejected the initial application against which the Holding Company has filed review petition. The Holding Company has taken opinion from a senior counsel that its review petition satisfies all the conditions specified in the said Scheme of Industrial Park under Industrial Park (Amendment) Scheme, 2010. No exemption is claimed during the current year as there are no sales of industrial park units.
- ii. Note No. 45 to the consolidated Ind AS financial statements wherein the Holding Company is carrying project inventory of Rs. 11,043 lakhs for one of its Group Housing Project. The Holding Company had applied to the Authority for developing the project on the basis of revised Scheme announced by the Authority for which approval has been received envisaging developing the project on a smaller piece of land equivalent to the amount paid and surrender balance project land subject to certain conditions. Pending final decision of the Authority in the matter and fulfilment of conditions precedent, the management is of the view that there is no impairment in the value of land/ project and we have relied on management contention.
- iii. Note No. 62 to the consolidated Ind AS financial statements wherein pursuant to Orders of the Company Law Board {CLB} dated the December 30, 2014 and April 28, 2016, the Holding Company was required to refund all its public deposits as per the schedule. Further, as per National Company Law Tribunal Order dated January 13, 2017, in response to an application filed by the Company, as amended/extended from time to time, the Company was required to repay Rs. 400 lakhs per month as per revised schedule. As on March 31, 2018 an amount of Rs. 1,530 lakhs is overdue on account of what was payable as per revised schedule.
- iv. Note No. 49 to the consolidated Ind AS financial statements wherein as per prescribed norms issued by Reserve Bank of India (RBI) and exercise of powers conferred on the Bank under Securitization and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 (SREAFSAESI), three lender banks of the Group have classified the bank accounts of the Group as Non – Performing Assets (NPA) and have demanded the entire amount of Rs.49,204 lakhs due towards the banks outstanding excluding interest and penal charges. As explained to us, the Group is not in agreement with the contention of the lender banks and is in discussions with the lender banks to resolve this matter.
- v. Note No. 65 to the consolidated Ind AS financial statements wherein the auditors' of one of the subsidiary company ' Star

Facilities Management Limited” (SFML) emphasized that fair value of investment of SFML in Pro- Facilities Services Private Limited have not been determined after 01.04.2015, hence adjustment of fair value have not been done in other comprehensive income in the year ended 31.03.2016 and 31.03.2017 (Amount unascertained).

- vi. Note No. 46 to the consolidated Ind AS financial statements wherein during the year ended March 31, 2018, Ansal Landmark (Karnal) Township Pvt Ltd. (whose 100% shareholding is held by the Ansal Landmark Townships Pvt Ltd (ALTPL) jointly with Dalmia family members), and its nine subsidiary companies (viz Lilac Real Estate Developers Pvt. Ltd., Aerie Properties Pvt. Ltd., Arena Constructions Pvt. Ltd., Arezzo Developers Pvt. Ltd., Vridhi Properties Pvt. Ltd., Vriti Construction Pvt. Ltd., Sphere Properties Pvt. Ltd., Sia Properties Pvt. Ltd. and Sarvsanjhi Construction Pvt. Ltd.) have ceased to be a subsidiary of the ALTPL owing to loss of control over Ansal Landmark (Karnal) Townships Pvt Ltd, in terms of Ind AS 110, Consolidated Financial Statements. Accordingly, the financial statements of Ansal Landmark (Karnal) Township Pvt Ltd and its nine subsidiary companies have been derecognized from consolidated financial statement of ALTPL with effect from January 01, 2018.
- vii. Note No. 47 to the consolidated Ind AS financial statements wherein during the year ended March 31, 2018, Ansal Urban Condominium Private Limited (AUCPL) has ceased to be a subsidiary of the ALTPL owing to loss of Control over Ansal Urban Condominium Private Ltd. In terms of Ind AS 28, ‘Investments in Associates and Joint Ventures’ and Ind AS 111, ‘Joint Arrangements’. AUCPL has been consolidated as a Joint Venture company by ALTPL, as considered in these consolidated Ind As financial statements.

Other Matters

- i. We did not audit the financial statements of 100 subsidiaries (including 89 step down subsidiaries) whose financial statements reflect total revenue of Rs. 5,003 lakhs for the year ended March 31, 2018, the total assets of Rs. 2,75,011 lakhs as at March 31, 2018 and net cash inflow Rs. 315.17 lakhs for the year ended March 31, 2018, as considered in the consolidated Ind AS financial statements. These financial statements and other financial information have been audited by other auditors whose audit reports for the year ended March 31, 2018 have been furnished to us by the management, and our opinion on the consolidated Ind As financial statements, in so far as it relates to these subsidiaries and step down subsidiaries, and our report in terms of sub – section (3) and (11) of Section 143 of the Act, insofar as it relates to the aforesaid subsidiaries/ step down subsidiaries is based solely on the reports of the other auditors.
- ii. The Consolidated Ind As financial statements also include the Group's share of loss of Rs. 25 lakhs for the year ended March 31, 2018 in respect of two joint ventures, whose financial statements have not been audited by us, as considered in these consolidated Ind As financial statements. These financial statements and other financial information have been audited by other auditors whose audit reports for the year ended March 31, 2018 have been furnished to us by the Management, and our opinion on the consolidated Ind As financial statements, in so far as it relates to these two joint ventures, and our report in terms of sub – section (3) and (11) of Section 143 of the Act, insofar as it relates to the aforesaid two joint ventures is based solely on the reports of the other auditors.

Our opinion on the consolidated Ind AS financial statements and our report on Other Legal and Regulatory Requirements below, is not modified in respect of above matters with respect to the our reliance on the work done and the reports of the other auditors and the financial statements certified by the Management.

Report on Other Legal and Regulatory Requirements

Annexure A to the Independent Auditor's Report to the Members of Ansal Properties and Infrastructure Limited dated May 30, 2018 on its consolidated Ind AS financial statements

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") as referred to in paragraph 2(g) of 'Report on Other Legal and Regulatory Requirements' section

In conjunction with our audit of the consolidated Ind AS financial statements of Ansal Properties and Infrastructure Limited as of and for the year ended March 31, 2018, we have audited the Internal Financial Controls Over Financial Reporting of **Ansal Properties and Infrastructure Limited** (hereinafter referred to as the "Holding Company"), its subsidiary companies (including step down subsidiaries) & joint ventures (together referred to as "the Group"), which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the of the Holding Company, its subsidiary companies (including step down subsidiaries) and joint venture companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Group's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and ("the Guidance Note") require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial

controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in term of their report referred to in the Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Group's internal financial controls system over financial reporting with reference to these Consolidated Ind AS financial statements.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- a) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- b) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- c) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company, its subsidiary companies including step down subsidiaries and joint venture companies which are companies incorporated in India, have, maintained in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

- a. Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to thirty three subsidiaries, sixty seven step down subsidiary and two joint ventures, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.
- b. In our aforesaid reports we are unable to comment under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to one subsidiary and four step down subsidiaries and one Joint venture which are companies incorporated in India for which no corresponding report of the auditors of such companies is available as the accounts are management certified.

1. Basic of accounting and preparation of Financial Statements

A. Group overview

Ansal Properties and Infrastructure Limited ("API" or the "Company"), including its subsidiaries and joint venture collectively referred to as ("the Group") is engaged primarily in the business of real estate promotion and development in residential and commercial segment. This prestigious company deals in residential, commercial and retail properties located in the areas of Delhi NCR, U.P, Haryana, Punjab, Rajasthan, etc. The company is listed on the National Stock Exchange of India and Bombay Stock Exchange of India.

The registered office of the Company is situated at 115, Ansal Bhawan, 16 K.G. Marg, New Delhi, India.

These consolidated financial statements were approved and adopted by board of directors of the Company in their meeting held on May 30, 2018.

B. Basis of preparation of accounts

The financial statement of the subsidiaries and joint venture entities used in the consolidation are drawn upto the same reporting date as that of the Company, i.e. March 31, 2018.

Ministry of Corporate Affairs notified roadmap to implement Indian Accounting Standards ('Ind AS') notified under the Companies (Indian Accounting Standards) Rules 2015 as amended by the Companies (Indian Accounting Standards) (Amendments) Rules, 2016. As per the said roadmap, the Company is required to apply Ind AS starting from the financial year beginning on or after April 1, 2016. Accordingly, these financial statements of the Group have been prepared in accordance with Ind AS.

The consolidated financial statement of the Group have been prepared in accordance with the Indian Accounting Standards (Ind AS) to comply with section 133 of the companies Act 2013 ("the Act"), and the relevant provisions and amendments, as applicable. The consolidated financial statements have been prepared on accrual basis under the historical cost convention except certain as stated otherwise.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use

C. Operating cycle

The normal operating cycle in respect of operation relating to under construction real estate project depends on signing of agreement, size of the project, phasing of the project, type of development, project complexities, approvals needed & realisation of project into cash & cash equivalents and range from 3 to 5 years. Accordingly, project related assets & liabilities have been classified into current & non-current based on operating cycle of respective projects. All other assets and liabilities have been classified into current and non-current based on a period of twelve month.

D. Functional and presentation currency

The financial statements are presented in Indian rupees, which is the functional currency of the parent Group. All the financial information presented in Indian rupees has been rounded to the nearest thousands.

E. Use of estimates

The preparation of financial statements in conformity with Ind AS requires the Management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period. Although these estimates are based upon the Management's best knowledge of current events and actions, actual results could differ from these estimates. Difference between the actual results and estimates are recognized in the period in which the results are known / materialized.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

a. Property, plant and equipment

Useful life of the tangible assets are based on the life prescribed in Schedule II of the Companies Act 2013. Assumptions are also made, when Group assesses, whether an assets may be capitalised and which components of the cost of the assets may capitalised.

b. Recognition and measurement of defined benefit obligations

The obligation arising from define benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumption includes discount rate, trends in salary escalation and attrition rate. The discount rate is determined by reference to market yields at the end of the reporting period on government securities. The period to maturity of the underlying securities correspond to the probable maturity of the post-employment benefit obligations.

C. Fair value measurement of financial instruments

When the fair value of the financial assets and liabilities recorded in the balance sheet cannot be measured based on the quoted market price in activate markets, their fair value is measures using valuation technique. The input to these models are taken from the observable market where possible, but this is not feasible, a review of judgment is required in establishing fair values. Changes in assumption relating to these assumption could affect the fair value of financial instrument.

d. Intangibles

Internal technical or user team assess the remaining useful lives of Intangible assets. Management believes that assigned useful lives are reasonable.

Before transition to IND AS, the Group has revisited the useful life of the assets and the impact of change in life on transition is considered in opening carrying values. Also all Intangibles are carried at net book value on transition.

e. Provision for contingencies

Provision for project related liabilities is made on the basis of management judgement and estimation for possible outflow of resources, if any, in respect of contingencies/claim/litigations against the Group.

F. Standards issued but not yet effective

Ind AS 21 The Effects of Changes in Foreign Exchange Rates

Appendix B to Ind AS 21, Foreign currency transactions and advance consideration:

On March 28, 2018, Ministry of Corporate Affairs ("MCA") has notified the Companies (Indian Accounting Standards) Amendment Rules, 2018 containing Appendix B to Ind AS 21, Foreign currency transactions and advance consideration which clarifies the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income, when an entity has received or paid advance consideration in a foreign currency. The amendment will come into force from April 1, 2018. The Company has evaluated the effect of this on the financial statements and the impact is not material.

IND AS 115: Revenue from Contracts with Customers

In March 2018, the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) (Amendments) Rules, 2017, notifying Ind AS 115, 'Revenue from Contracts with Customers'. The Standard is applicable to the Company with effect from April 01, 2018.

Revenue from Contracts with Customers Ind AS 115 establishes a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers. Ind AS 115 will supersede the current revenue recognition standard Ind AS 18 Revenue, Ind AS 11 Construction Contracts and guidance note on accounting for real estate transactions, when it becomes effective. The core principle of Ind AS 115 is that an entity should recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Specifically, the standard introduces a 5-step approach to revenue recognition:

- Step 1: Identify the contract(s) with a customer
- Step 2: Identify the performance obligation in contract
- Step 3: Determine the transaction price
- Step 4: Allocate the transaction price to the performance obligations in the contract
- Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation

Under Ind AS 115, an entity recognises revenue when (or as) a performance obligation is satisfied, i.e. when

'control' of the goods or services underlying the particular performance obligation is transferred to the customer. The Group is currently evaluating the effect of the above amendments and will adopt the standard from April 1, 2018.

G. Fair value measurement

The Group measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets & liabilities on the basis of the nature, characteristics and the risks of the asset or liability and the level of the fair value hierarchy as explained above.

2. Significant accounting policies

A. Basis of consolidation

The consolidated financial statements have been prepared on accrual and going concern basis. The accounting policies are applied consistently to all the periods presented in the consolidated financial statements. All assets and liabilities have been classified as current or non current as per the Group's normal operating cycle and other criteria as set out in the Division II of Schedule III to the Act.

Principles of consolidation and equity accounting

Subsidiaries

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date when control ceases to exist.

The Group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between Group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed wherever considered necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet respectively.

Associates

Associates are all entities over which the Group has significant influence but not control or joint control. This is generally the case where the Group holds between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting, after initially being recognised at cost.

Joint arrangements

Under Ind AS 111 'Joint Arrangements', investments in joint arrangements are classified as either joint operations or joint ventures. The classification depends on the contractual rights and obligations of each investor, rather than the legal structure of the joint arrangement. Joint arrangement is of two types i.e. joint operations and joint ventures.

Joint operations

Value Ind AS Limited recognises its direct right to the assets, liabilities, revenues and expenses of joint operations and its share of any jointly held or incurred assets, liabilities, revenues and expenses. These have been incorporated in the financial statements under the appropriate headings. Details of the joint operation are set out in note .

Joint ventures

Interests in joint ventures are accounted for using the equity method, after initially being recognised at cost in the consolidated balance sheet.

Equity method

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the Group's share of the post-acquisition profits or losses of the investee in the statement of profit and loss, and the Group's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates and joint ventures are recognised as a reduction in the carrying amount of the investment.

When the Group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity

Unrealised gains on transactions between the Group and its associates and joint ventures are eliminated to the extent of the Group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the Group.

Changes in ownership interests

The Group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the Group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognised within equity.

When the Group ceases to consolidate or equity account for an investment because of a loss of control, joint control or significant influence, any retained interest in the entity is remeasured to its fair value with the change in carrying amount recognised in the statement of profit or loss. This fair value becomes the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognised in other comprehensive income in respect of that entity are accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in other comprehensive income are reclassified to the statement of profit or loss.

If the ownership interest in a joint venture or an associate is reduced but joint control or significant influence is re-

tained, only a proportionate share of the amounts previously recognised in other comprehensive income are reclassified to the statement of profit or loss where appropriate.

B. Business combinations

The acquisitions of businesses are accounted for using the acquisition method. The cost of the acquisition is measured at the aggregate of the fair values at the date of exchange of assets given, liabilities incurred or assumed and equity instruments issued by the Group in exchange for control of the acquiree. The acquiree's identifiable assets, liabilities and contingent liabilities that meet the condition for recognition are recognised at their fair values at the acquisition date except certain assets and liabilities required to be measured as per the applicable standard. Goodwill arising on acquisition is recognised as an asset and initially measured at cost, being the excess of the cost of the business combination over the Group's interest in the net fair value of the identifiable assets acquired over, liabilities recognised and contingent liabilities assumed. In the case of bargain purchase, resultant gain is recognized in other comprehensive income on the acquisition date and accumulated to capital reserve in equity.

The interest of non-controlling shareholders in the acquiree is initially measured at the non-controlling shareholders proportionate share of the acquiree's identifiable net assets.

C. Property, plant and equipment

Property, plant and equipment are stated at original cost net of tax/ duty credit availed, less accumulated depreciation and accumulated impairment losses, when significant part of the property, plant and equipment are required to replace at intervals, the Group derecognized the replaced part and recognized the new parts with its own associated useful life and it depreciated accordingly. Likewise when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance cost are recognized in the statement of the profit and loss as incurred. The present value of the expected cost for the decommissioning of the asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Internally manufactured property, plant and equipment are capitalised at factory cost including excise duty wherever is applicable.

Capital work in progress includes property plant & equipment under installation/under development as at the balance sheet date. It is carried at cost, comprising direct cost, related incidental expenses and attributable borrowing cost.

Capital expenditure on tangible assets for research and development is classified under property and equipment and is depreciated on the same basis as other property, plant and equipment.

Property, plant and equipment are derecognised from the financial statement, either on disposal or when no economic benefits are expected from its use or disposal. Losses arising in the case of retirement of property, plant and equipment from disposal of property, plant and equipment are a recognized in the statement of profit and loss in the year of occurrence.

D. Investment properties

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any. The cost includes the cost of replacing parts and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of the investment property are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognized in the statement of profit & loss as & when incurred.

Though the Group measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on an annual evaluation performed by an accredited external independent valuer.

Investment properties are derecognized either when they have been disposed off or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in statement of profit & loss in the period of de-recognition.

E. Intangible assets

Capital expenditure on purchase and development of identifiable assets without physical substance is recognized as intangible assets in accordance with principles given under Ind AS-38 – Intangible Assets.

The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the assets are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates. Expenses Incurred during construction period, preliminary project expenditure, capital expenditure, indirect expenditure incidental and related to construction / implementation, interest on borrowings to finance fixed assets and expenditure on start-up / commissioning of assets forming part of a composite project are capitalized up to the date of commissioning of the project as the cost of respective assets.

F. Depreciation and amortization

The assets’ residual values, useful lives and methods of deprecation are reviewed each financial year end and adjusted prospectively, if applicable.

Depreciation on property, plant and equipment is provided over the useful life of assets as specified in schedule II to the Act. Property, plant and equipment which are added / disposed off during the year, deprecation is provided pro-rata basis with reference to the month of addition / deletion.

Depreciation on property, plant and equipment is calculated on a written down basis.

The useful lives of property, plant & equipment are given below:

Asset	Use full life
Office & residential premises	60 years
Plant & machinery (computers)	3 years
Plant & machinery (others)	15 years
Furniture & fixtures	10 years
Office equipment’s	5 years
Air conditioning plant & air conditioners	15 years
Vehicles	10 years

Depreciation on Investment property is provided over the useful life of assets as specified in schedule II to the Act, which is as under on written down basis:

Asset	Life
Office & residential premises	60 years

Intangible assets are amortised on written down value over its useful life not exceeding six years.

G. Impairment of non-financial assets

Property, plant and equipment, intangible assets and assets classified as investment property with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

If the recoverable amount of an asset or CGU is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognized in the statement of profit or loss.

An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

Impairment losses on continuing operations, including impairment on inventories are recognized in the statement of profit and loss, except for properties previously revalued with the revaluation taken to other comprehensive income. For such properties, the impairment is recognized in OCI up to the amount of any previous revaluation surplus.

H. Inventories

Inventories are valued as under:-

i.	Building materials, stores, spare parts	At weighted average cost
ii.	Shuttering & scaffolding materials	At depreciated cost
iii.	Apartments / houses / shops/ flats	At lower of cost or net realisable value
iv.	Projects in progress	It represents land acquired for future development and construction, and is stated at cost including the cost of land, the related costs of acquisition, construction costs, borrowing costs incurred to get the properties ready for their intended use.

Cost is calculated on weighted average basis.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and costs required to make the sale.

I. Cash and cash equivalents

Cash and cash equivalents includes cash on hand and at bank, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value.

For the purpose of the Statement of Cash Flows, cash and cash equivalents consists of cash and short term deposits, as defined above, net of outstanding bank overdraft as they being considered as integral part of the Group's cash management.

J. Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

For arrangements entered into prior to 1 April 2015, the Group has determined whether the arrangement contain lease on the basis of facts and circumstances existing on the date of transition.

Where the Group is the lessee

Finance leases are capitalized as assets at the commencement of the lease, at an amount equal to the fair value of leased asset or present value of the minimum lease payments, whichever is lower, valued at the inception date. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognized as finance costs in the statement of profit and loss, unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the Group's general policy on borrowing cost. A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Group will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating lease payments are recognized as an operating expense in the statement of profit and loss on a straight-line basis over the lease term.

Where the Group is the lessor

Rental Income from operating leases is recognized on a straight-line basis over the term of the relevant lease, costs including depreciation are recognized as an expense in the statement of profit and loss. Initial direct costs incurred in negotiating and arranging an operating lease are recognized immediately in the statement of profit and loss.

K. Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects

of all potential dilutive equity shares.

L. Provisions, contingent liabilities and contingent assets

General

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event and it is probable that the outflow of resources embodying economic benefits will be required to settle the obligation in respect of which reliable estimate can be made of the amount of the obligation. When the Group expects some or all of a provision to be reimbursed, the expense relating to provision presented in the statement of profit & loss is net of any reimbursement.

If the effect of the time value of money is material, provisions are disclosed using a current pre-tax rate that reflects, when appropriate, the risk specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as finance cost.

Contingent liability is disclosed in the notes in case of:

- There is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group.
- A present obligation arising from past event, when it is not probable that an outflow of resources will be required to settle the obligation
- A present obligation arises from the past event, when no reliable estimate is possible
- A present obligation arises from the past event, unless the probability of outflow are remote.

Commitments include the amount of purchase order (net of advances) issued to parties for completion of assets.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date.

Onerous contracts

A provision for onerous contracts is measured at the present value of the lower expected costs of terminating the contract and the expected cost of continuing with the contract. Before a provision is established, the Group recognizes impairment on the assets with the contract.

Contingent assets

Contingent assets are not recognized in the financial statements.

M. Taxes

Tax expense comprises current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-Tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Current income tax relating to items recognized directly in equity is recognised in equity and not in the statement of profit and loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Minimum alternate tax

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The Group recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the Group will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Group recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The Group reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Group does not have convincing evidence that it will pay normal tax during the specified period.

Deferred tax

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purpose at reporting date. Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized.

The carrying amount of deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow deferred tax assets to be recovered.

The Group offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

N. Advances to subsidiaries, associates and others for purchase of land

Advances given to subsidiary and land holding companies for acquiring land are initially classified as 'Advances' for purchase of land under "Other non- current/ current assets". On obtaining the license for a land, the full cost of the land is transferred to cost of land, an item of cost of construction, from 'advance against land'.

O. Revenue recognition

- i. The Group follows "percentage of completion method" of accounting for contracts and constructed residential, institutional and commercial properties. As per this method, the revenue is recognized in proportion to the actual costs incurred as against the total estimated cost of the projects under execution subject to actual cost being 30% or more of the total estimated cost.

Effective April 1, 2016, in accordance with the "guidance note on accounting for real estate transactions (for entities to whom IND AS is applicable)" construction revenue on all projects have been recognized on percentage of completion method provided the following thresholds have been met.

- (a) All critical approvals necessary for the project commencement have been obtained.
 - (b) The expenditure incurred on construction and development cost (excluding land costs) is not less than 25% of the total estimated construction and development costs.
 - (c) At least 25% of the saleable project area is secured by agreements with buyers; and
 - (d) At least 10% of the sale proceeds relating to agreements secured are realized at the reporting date in respect of such contracts.
- ii. Income from know how fee is recognized as per the terms of the agreement with the recipient of know how.
 - iii. The estimates relating to saleable area, sale value, estimated costs etc., are revised and updated periodically by the management and necessary adjustments are made in the accounts in the year in which the estimates are revised.
 - iv. Indirect costs are treated as "period costs" and are charged to the statement of profit & loss in the year in which they are incurred.
 - v. Surrender of flats by buyers are valued at cost and accounted for as surrender of rights under 'cost of construction' in the case of projects in progress and once sold, proceeds are treated as 'Sales'.
 - vi. For recognizing income and working out related cost of construction, in case of developed land, flats / shops/ houses/ farms etc., major self-contained residential township projects are divided into various schemes such as plotted area, constructed houses, commercial area, malls etc.
 - vii. Whereas all income and expenses are accounted for on accrual basis, interest on delayed payments by customers against dues and holding charges, interest claims for delay in projects and assured returns to customers are taken into account on realization or payment owing to practical difficulties and uncertainties involved.

- viii. Income from windmill is accounted for on the basis of power supplied to the customer as per the terms of the Power Purchase Agreement with the respective party.
- ix. Interest income on fixed deposits with banks is recognized on time proportion basis taking into account the amount outstanding and the rates applicable.
- x. Dividend income from investments is recognized when the Group's right to receive payment is established.
- xi. Revenue from various service is recognised in the accounting period in which the services are rendered and when outcome of the transactions involving rendering of services can be estimated reliably.

P. Foreign currency translation/conversion

Consolidated financial statements have been presented in Indian Rupees (₹), which is the Group's functional and presentation currency.

- **Initial recognition**

Foreign currency transactions are recorded on initial recognition in the functional currency, using the exchange rate at the date of the transaction.

- **Conversion**

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

- **Exchange differences**

The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognized in OCI or profit or loss are also recognized in OCI or profit or loss, respectively).

Q. Borrowings

Borrowings are initially recognized at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognized in the statement of profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognized as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognized in the statement of profit or loss as other gains/(losses).

R. Borrowing costs

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Borrowing costs that are directly attributable to the projects are charged to the respective project on the basis of expenditure incurred net of customer collections.

Other borrowing costs are expensed in the period in which they are incurred.

S. Employee benefits

Expenses and liabilities in respect of employee benefits are recorded in accordance with Indian Accounting Standard (Ind AS)-19 - 'Employee Benefits'.

Defined contribution plan:

Retirement benefits in the form of provident fund and superannuation scheme are a defined contribution scheme and the contributions are charged to the statement of profit and loss of the year when the contributions to the respective funds are due. There are no other obligations other than the contribution payable to the provident fund/trust.

Defined benefit plan:

The Group's liabilities on account of gratuity and earned leaves on retirement of employees are determined at the end of each financial year on the basis of actuarial valuation certificates obtained from registered actuary in accordance with the measurement procedure as per Indian Accounting Standard (INDAS)-19- 'Employee Benefits'. Gratuity liability is funded on year-to-year basis by contribution to respective fund. The costs of providing benefits under these plans are also determined on the basis of actuarial valuation at each year end. Actuarial gains and losses for defined benefit plans are recognized through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

Accumulated leaves, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Group measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date. The Group treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long term compensated absences are provided for based on actuarial valuation. The actuarial valuation is done as per projected unit credit method at the year-end.

T. Financial Instruments**(a) Financial assets****i. Classification**

The Group classified financial assets as subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of its business model for managing the financial assets and contractual cash flow characteristics of the financial asset.

ii. Initial recognition and measurement

The Group recognizes financial assets when it becomes a party to the contractual provisions of the instrument. All financial assets are recognized initially at fair value plus transaction costs that are attributable to the acquisition of financial assets.

iii. Subsequent measurement

For the purpose of subsequent measurement the financial assets are classified in three categories

- Debt instruments at amortised cost
- Debt instrument at fair value through profit or loss
- Equity investments

iv. Debt instrument at amortised cost

A "debt instrument" is measured at the amortised cost if both the following conditions are met.

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flow, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount and premium and fee or costs that are an integral part of an EIR. The EIR amortisation is included in finance income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss.

v. Debt instrument at Fair value through Profit or loss

Debt instruments included within the fair value through profit or loss (FVTPL) category are measured at fair value with all changes recognised in the statement of profit and loss.

vi. Equity investments

All equity investments other than investment in subsidiaries, joint venture and associates are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Group decides to classify the same either as at fair value through other comprehensive income (FVTOCI) or FVTPL. The Group makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Group decides to classify an equity instrument as at FVTOCI, then fair value changes on the instrument, excluding dividends, are recognised in other comprehensive income (OCI). There is no recycling of the amounts from OCI to statement of profit or loss, even on sale of such investments.

Equity instrument includes within the FVTPL category are measured at fair value with all changes recognised in the Statement of profit or loss.

vii. Derecognition

A financial assets (or, where applicable, a part of a financial asset) is primarily derecognised when:

- The right to receive cash flows from the assets have expired or
- The Group has transferred substantially all the risks and rewards of the assets, or
- The Group has neither transferred nor retained substantially all the risks and rewards of the assets, but has transferred control of the assets.

viii. Impairment of financial assets

The Group applies 'simplified approach' measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- Financial assets that are debt instrument and are measured at amortised cost e.g. loans, debt securities, deposits, and bank balance.
- Trade receivables

The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognised impairment loss allowance based on lifetime expected credit loss at each reporting date, right from its initial recognition.

(b) Financial liabilities**i. Classification**

The Group classifies all financial liabilities as subsequently measured at amortised cost

ii. Initial recognition and measurement

All financial liabilities are recognised initially at fair value and, in the case of loan and borrowings and payables net of directly attributable transaction costs.

iii. Loan and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Rate (EIR) Method. Gain and losses are recognised in statement of profit and loss when the liabilities are derecognised.

Amortised cost is calculated by taking into account any discount or premium on acquisition and transaction cost. The EIR amortization is included as finance cost in the statement of profit and loss.

This category generally applies to loans & Borrowings.

iv. Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are, substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amount recognised in the Statement of Profit and loss.

v. Offsetting of financial instrument

Financial Assets and Financial Liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

(c) Share capital**i. Ordinary equity shares**

Incremental cost directly attributable to the issue of ordinary equity shares are recognised as a deduction from equity.

U. Segment accounting and reporting

The chief operational decision maker monitors the operating results of its business segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit and loss and is measured consistently with profit and loss in the financial statements.

The Operating Segments have been identified on the basis of the nature of products/ services.

- i. Segment Revenue includes sales and other income directly identifiable with/ allocable to the segment including inter- segment revenue.
- ii. Expenses that are directly identifiable with/ allocable to the segments are considered for determining the segment result. Expenses not allocable to segments are included under unallocable expenditure.
- iii. Income not allocable to the segments is included in unallocable income
- iv. Segment results includes margin on inter segment and sales which are reduced in arriving at the profit before tax of the Group.
- v. Segment assets and Liabilities include those directly identifiable with the respective segments. Assets and liabilities not allocable to any segment are classified under unallocable category.

Notes:

- i. The management is of the view that in majority of the cases, claims will be successfully resisted or settled out of court on payment of nominal compensation.
- ii. As regards income tax demands of **Rs. 6,334.82 lakh** (March 31, 2017: Rs.8560.90 lakh) disputed by the Holding Company are concerned, similar demands have been set aside by the Appellate Authorities in most of the cases in the past. Further Holding company has deposited advance tax net of provision of income tax to the tune of **Rs. 1034.95 lakh** (March 31, 2017: Rs.921.35 lakh) against such demand.
- iii. In respect of block assessment for the year April 1st, 1989 to February 12th, 2000, wherein cross appeals have been filed by the Holding Company and the Tax department, Income Tax Appellate Tribunal (ITAT) has given full relief to the Holding Company and rejected the department's grounds of appeal and tax claim of Rs.4,409 lakh. The tax department has gone for further reference to the High Court. The Holding Company, based on an arbitration award, had accounted for income of Rs. 4,200 lakh in the year 2002-03 and paid/ provided income tax accordingly. The contingent liability not provided in the accounts in respect of block assessments is estimated at Rs. 1,884 lakh. The Holding Company has been legally advised that it has a good case to succeed in the High Court.

44. During the year, the Group has not claimed any exemption under section 80IA of the Income Tax Act 1961. Exemption amounting to Rs 3,448 Lakh has been claimed up to the year ended March 31,2011, continuing up to the end of current period, under section 80IA of the income Tax Act, 1961 (“the Act”) being tax profit arising out of sale of Industrial park

- units, pending the notification of the same by Central Board of Direct Tax (Competent Authority). The Competent Authority has not passed notification under section 80IA (4) (iii) of the Act and hence, rejected the application as filled by the Group, against which Review petition has been filed by the company before the Competent Authority. The Group has taken the opinion that the Review petition as filed satisfies all the condition specified under Industrial Park scheme ,2008 being replaced under Industrial Park (Amendment) scheme, 2010, hence , eligible for notification under section 80IA (4)(iii) of the Act.
45. The Group is carrying project inventory of **Rs. 1,1043 lakh** (March 31, 2017: Rs.11,455 lakh) for Group Housing project in Greater Noida. The Greater Noida Industrial Development Authority (GNIDA), keeping in view the market conditions, announced a scheme whereby the developers have an option to accept project on a smaller piece of land equivalent to the amount paid and surrender balance project land subject to certain conditions. Pursuant to this scheme, a surrender deed for the balance project land has been executed with GNIDA. The management is of the view that there is no impairment in the value of land/ project.
46. During the year, Ansal Landmark (Karnal) Townships Pvt Ltd [(ALTPL or a subsidiary of APIL) whose 100% shareholding is held by the Ansal Landmark Township Pvt Limited(Ansal Landmark) jointly with Dalmia family members] and its nine subsidiary companies (viz Lilac Real Estate Developers Pvt. Ltd., Aerie Properties Pvt. Ltd., Arena Constructions Pvt. Ltd., Arezzo Developers Pvt. Ltd., Vridhi Properties Pvt. Ltd., Vriti Construction Pvt. Ltd., Sphere Properties Pvt. Ltd., Sia Properties Pvt.Ltd. and Sarvsanjhi Construction Pvt. Ltd.) have ceased to be subsidiaries of the Ansal Landmark due to loss of Ansal Landmark's control, as per criteria for "control" specified in IND AS 110 over these companies. Therefore, financial statement of ALTPL and above mentioned nine subsidiaries are not consolidated with Ansal Landmark.
47. During the year, the Company along with its subsidiary has lost the control over Ansal Urban Condominiums Pvt Ltd (AUCPL) as per criteria for "control" specified in IND AS 110 over AUCPL. It is now jointly controlled and hence consolidated by using equity method.
48. During the year, dispute relating to division of business of the erstwhile Joint Venture Company Ansal Landmark Township Pvt Ltd arose between the Company and the Landmark Group. The dispute was jointly referred by the Company and the Landmark Group to the Hon'ble Sole Arbitration and is pending adjudication of final award.
49. As per prescribed norms issued by Reserve Bank of India (RBI) and exercise of powers conferred on the Bank under Securitization and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 (SREAFESI). Four lender banks /consortium of lenders of the Group have classified the bank accounts of the Company as Non – Performing Assets (NPA) and have demanded the entire amount of Rs. 49,204lakhs due towards the banks outstanding excluding interest and penal charges. As explained to us, the Group is not in agreement with the contention of the lender banks and is in discussions with the lender banks to resolve this matter.
50. a. The Company and one of the lender of a subsidiary Company, Ansal Hitech Township Limited (AHTL) has filed cases on each other for their dues/ claims in Hon'ble Mumbai High Court. The Company has given corporate guarantee to the lender on behalf of the subsidiary. The management is of view that there will not be any additional liability on the Company or the Group due to the above matter.
- b. One of the lenders of AHTL has classified the bank account of AHTL as Non–Performing Assets (NPA) and filed as case against AHTL in NCLT. The management is of view that there will not be anyadditional liability on the Group due to the above matter.
- c. The Company had filed income tax returns for the assessment years 2016-17 & 2017-18 without paying self-assessment tax of Rs. 1008.18 lakhs& Rs.358.74 lakhs respectively. The Income Tax Department has sent notices to the Company u/s 139 (9) of the Income Tax Act, 1961. The Income Tax Department is inter – alia empowered to proceed and complete the assessment ex- party.
- d. Ansal Hi-Tech Townships Limited (AHTL), a subsidiary of the Company, due to the dispute with Debenture holders/ Trustee as regards terms and conditions of sanction, has not repaid its debentures of Rs. 20,000 lakhs, out of which Rs. 10,000 lakhs is due for payment for more than one year from the due date and

overdue interest thereon of Rs. 1530.28 lakhs. As a result, all the directors of AHTL are disqualified under section 164(2) of the Act from being reappointed as director of AHTL or any other company for a period of five years from the date of disqualification.

The Company is in the process of arriving at a settlement with them for more than a year from the due date. In view of this, interest of Rs. 4,050 lakhs on above mentioned overdue debentures has not been provided during current year by AHTL. This has resulted in understatement of inventory by Rs 4,050 lakhs and understatement of liability for interest by Rs 4,050 lakhs in the financial statements of the AHTL and these consolidated Ind As financial statements for the year ended March 31, 2018

71. Financial instruments by category

Financial risk management objectives and policies:

The purpose of financial risk management is to ensure that the Company has adequate and effective utilized financing as regards the nature and scope of the business. The objective is to minimize the impact of such risks on the performance of the Company. The Company's senior management oversees the management of these risks.

The Company's principal financial liabilities comprise bank loans, trade payables and other liabilities. The main purpose of these financial instruments is to raise finance for operations. It has various financial assets such as loans, advances, land advances, trade receivables, cash which arise directly from its operation.

The main risk arising from the Company's financial instruments are market risk, credit risk, liquidity risk, and interest rate risk.

Market risk:

Market risk is the risk that the fair values of financial instruments will fluctuate because of change in market price. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk. The risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. Financial Instruments affected by market risk include loans and borrowings, investments and deposits. There is no currency risk since all operations are in INR. The Company managed interest rate risk by converting existing loans and borrowings with cheaper means of finance and charging interest on amount recoverable from customers in case of delays beyond a credit period.

Interest rate risk :

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's short term borrowings obligations in the nature of cash credit.

Particulars	Fixed Rate Borrowing	Variable Rate Borrowing	Total Borrowing
As at March 31, 2018	72,167.31	75,241.12	1,47,408.43
As at March 31, 2017	97,034.90	69,308.33	1,66,343.23

Sensitivity analysis - For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year.

Sensitivity on variable rate borrowings	As at March 31, 2018	As at March 31, 2017
Interest rate increase by 0.25%	(188.10)	(415.86)
Interest rate decrease by 0.25%	(188.10)	(415.86)

Credit risk:

It is that one party to a financial instrument or customer contract will cause a financial loss due to non fulfillment of its obligations under a financial instrument or customer contract for the other party, leading to a finance loss. The Company's credit risks relate to the sales of Plot, FSI, under construction properties and completed properties after receiving completion certificate / occupancy certificate as per local laws and leasing activities. The customer credit risk is managed by holding property under sale as mortgage against recoverable amount till the date of possession or registry whichever is earlier. Further, it charges interest and holding charges over and above the amount recoverable in case of delay(s) in payment by customer. There is a cancellation policy where the Company can cancel the booking in case of non payment of amount dues by forfeiting up 20% of the amount already paid. In case of leasing activities, there is security as collateral up to three months rental value.

Liquidity risk:

The risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. The Company's cash flow is a mix of cash flow from collections from customers, leasing and interest income. The other main component in liquidity is timing to call loans/ funds and optimization of repayments of loans instalment, interest payments.

72. Capital Management

For the purpose of the Group's capital management, equity includes issued equity capital, securities premium and all other equity reserves attributable to the equity shareholders and net debt includes interest bearing loans and borrowings less current investments and cash and cash equivalents. The primary objective of the Group's capital management is to safeguard continuity, maintain a strong credit rating and healthy capital ratios in order to support its business and provide adequate return to shareholders through continuing growth.

The Group manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The funding requirement is met through a mixture of equity, internal accruals, long term borrowings and short term borrowings. The Group monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt.

In order to achieve this overall objective, the Group's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements.

The Group monitors capital using gearing ratio, which is total debt divided by total capital plus debt.

The fair value of financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

- a. Company has opted to fair value its Financial asset through profit and loss.
- b. Company has opted to fair value its financial asset through OCI.
- c. As per Para 10 of Ind AS 27, the entity may chose to measure its investment in subsidiaries, JVs and Associates at cost or at fair value. Company has opted to value its investments in subsidiaries, JVs and Associates at cost.
- d. Company has adopted effective rate of interest for calculating Interest. This has been calculated as the weighted average of effective interest rates calculated for each loan. In addition processing fees and transaction cost relating to each loan has also been considered for calculating effective interest rate.

Fair value hierarchy

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

* The carrying amounts are considered to be the same as their fair values due to short term nature.

76. Previous year figures have been regrouped / rearranged wherever considered necessary, to make them comparable with current year's figure.
