MANAGEMENT DISCUSSIONS AND ANALYSIS REPORT (EBL)

ECONOMIC OVERVIEW

Indian economy showed early signs of growth post various initiatives and reform measures undertaken by the Central Government. The Company believes that public and private investment spending to drive the capex growth will be critical to India's growth outlook. The Government has taken measures to boost spending by increasing the capex allocation towards infrastructure projects by reforms in the budget. The Government is also taking various initiatives to unlock stuck investments in the core and infrastructure projects, revive investments from the private sector by reforming policy environment, improving the ease of doing business and accelerating the project related approvals.

INDUSTRY STRUCTURE AND DEVELOPMENT

The real estate sector continued to face a challenging environment due to lackluster demand scenario, various policy hurdles, delay in approval cycle, continued high borrowing costs both for industry and the consumer. Further with the implementation of Real Estate (Regulation and Development) Act, 2016 it will improve the overall industry in long term and will also be beneficial for all stakeholders of this industry.

The RBI has started to soften the interest rates but the impact at ground level is still awaited. Further downtrend in the interest rate cycle remains crucial for revival of the sector.

The overall mood in the leasing market is also expected to remain cautious. While few large scale transactions for consolidation and relocation of offices might be reported, majority of the demand is expected to be for small and medium size office space. Supply level will continue to exert pressure on rental movement and market recovery in most micro market. Introduction of REIT is likely to have a positive impact on the retail market segment.

Opportunities and Threats

Opportunities

The Company firmly believes that as soon as policy reforms pick up the speed in the Country, the demand for Real Estate should turn up/remains strong in the medium to long term. Your Company's well - accepted brand, contemporary architecture, well-designed projects in strategic locations, strong balance sheet, and stable financial performance even in testing times make it a preferred choice for Customers and Shareholders.

Challenges

It is obvious that along with available opportunities the business has also to face challenges/threats at times. The Management of your Company finds the following business challenges to have their impact in the years to come:

- Increased cost of finance
- Unanticipated delays in project approvals
- Availability of accomplished and trained labour force
- Increased cost of manpower
- Rising cost of construction
- Over-regulated environment

Annexure B to the Auditor's Report**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of East Buildtech Limited ("the Company") as of March 31, 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India

EAST BUILDTECH LIMITED

(ICAI)". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for my /our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:

- a) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- b) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and
- c) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2017, based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI".
