**ANNEXURE-I TO THE DIRECTORS' REPORT
MANAGEMENT DISCUSSION AND ANALYSIS REPORT**

(a) Industry Structure and Development:

The management of Vallabh Steels Limited presents its analysis report covering performance and outlook of the Company. The Indian Steel Industry remains one of the most competitive steel industries in the world. However, there is a need to create a fair level playing field amidst supply glut caused by surplus capacities in steel surplus countries. India has emerged as one of the brightest spots in the world grappling with economic turbulence and fragile growth. In the financial year 2019-20 growth rate is estimated around 7% driven by the fundamentals of strong consumption and the government's push for streamlining the business processes. Focus on infrastructure creation, housing policy initiatives by the Government of India augers well for healthy growth in Steel demand in India in the years to come.

Even though the Steel Industry is poised for handsome growth but there are challenges also for the global economy which include increasing protectionism in various countries, increasing global debt and rising interest rates and rising crude oil prices. Beside there is also a big challenge in currency fluctuations worldwide and U.S. Dollar vis-à-vis Indian Rupee for the Indian Economy.

Steel demand in India is expected to grow in the current year on the back of reform momentum in India that remains better than in many countries. The construction industry is expected to rise further due to government's thrust on housing sector. Hence, it is expected that domestic steel demand is going to register healthy growth in the years to come.

Indian Economy:

The Government of India introduced the Goods and Services Tax Act (GST) two years ago besides other economic measures like Promulgation of Insolvency and Bankruptcy Code to improve asset quality of Banks which will further result in growth of the economy and enhance the ease of doing business in India. The fundamentals of Indian economy continued to improve during the year. However in general there is pressure not only on Indian economy but worldwide.

b) Company's Performance:

i) Product Portfolio:

Your Company is mainly engaged in the manufacturing and marketing of Steel Pipes and Cold Rolled Steel Strips & Coils which fall within the single segment of "Iron & Steel Industry."

ii) Highlights: The highlights of the financial year 2018-19 have been as under:

- The Company recorded a total revenue of Rs. 11689.13 Lakhs.
- Various measures launched during the year to improve the quality of cut ends in final products.
- The Company has been able to meet its raw material requirement without compromising on quality and production schedules.

c) Outlook: Opportunity, Threats, Risks & Concerns:

The basic aim of the Company is to become capable to produce Iron and Steel products as per market requirements and thus be able to manage market trends to its advantage. Opportunities abound in growing economies and opening up of economy in India has created opportunities for Indian enterprise to move beyond national boundaries as well to create productive assets.

The Company is engaged in steel and steel related products activity. The outlook for the industry looks promising. Indian Steel demand did very well showing an upward trend, setting a road ahead for the growth of the domestic steel industry in the years to come.

Competition in Steel industry is escalating and technological changes will spur or drag the forward march of individual units in steel industry. Supply side could also be an issue in next few years because of increase in production capacity by steel industry in India and expression of interest by foreign companies to set up new steel making units. The Company's thrust on improving productivity and re-ducing cost of production will, in such a scenario, help in forging ahead in globally competitive environment. Global economic uncertainties have affected India's economy. Key risks synonymous to industry include the increase in financial charges, non-availability of raw materials, such as iron-ore, coal and labour etc., coupled with market fluctuations. The Company does not apprehend any inherent risk in the long run. However following factors may pose threat, risk & concern for the Iron

& Steel Industry in general and your company in particular:

1. Any adverse conditions of user sector to which it caters, thus adversely affecting the demand.
 2. Underdeveloped infrastructure curtailing growth prospects.
 3. The supply and demand imbalance due to new capacities coming on stream which may have negative impact on the plant utilization and steel prices.
 4. Unexpected reduced growth of the manufacturing sector impacting demand.
 5. Quantitative restrictions and/or additional tariffs of exports from India by importing countries.
 6. Unpredictable and sharp cyclical movements in the raw material and other input prices.
 7. Any change in Govt. Policies pertaining to steel industry may affect the profitability.
- The opportunities of growth for your company as detailed below are manifold in view of its Strengths which may also counter the above concerns:-
1. It is expected that better trends will emerge and may improve also in the times ahead. Your company by virtue of quality and market oriented specification of its products have posted profitable operations during the most trying times in the past. As such current conditions may pave a way for improved performance in future.
 2. Well established customers base for the last over 38 years.
 3. Your Company is fully poised to reap the benefits of economies of scale and it will be in a better position to negotiate raw material prices on long term bulk lifting basis & definite savings on overheads will bring down the cost per unit of production and lead to higher profitability.
 4. Your Company has strategic advantage as its units are located in the industry friendly areas having all infrastructural amenities.

Thus, your company stands in good stead to avail of the opportunities and also to take head on successfully the areas posing risks, concerns and threats to it.

(d) Environment Safety:

During the year the company continued with the implementation of occupational health and safety, quality and environmental protection measures and these are ongoing process at the company's manufacturing facilities. Other factors for the environmental safety which the company has followed include conservation of resources through waste reduction, training of employees and adoption of cleaner technologies.

(e) Risks and Concerns:

A Risk Management Policy (Policy) has been adopted by the Company which aims to detail the objectives and principles of risk management along with an overview of the process and related roles and responsibilities. The Policy lays down Company's approach towards risk mitigation, its risk management objectives and defines the risk management framework of the organization.

In order to ensure that the management controls risk in adherence to the policy the Audit Committee as well as the Board of Directors of the Company periodically review the risk assessment and risk minimization procedure.

The key business risks identified by the Company and its mitigation plans are as under:

i. Risk related to Personnel:-

Our business is increasingly dependent on the skills and competencies of our employees and management team. The general war for talent in our growing economy has created a substantial risk related to the retention of key personnel both at manufacturing and managerial levels. This risk is mitigated through effective HR policies relating to recruitment and retention and a proactive remuneration and rewards policy that is periodically reviewed at the highest management level. With excellent performance track as well as best HR practices, we are able to attract and retain people for growth of our business.

ii. Risk related to Safety:-

The company has taken adequate insurance covers to indemnify the risks associated with the safety of personnel, building, stock and Plant & Machinery and other infrastructure of the Company. These include:

- i) Fire Insurance Policies
- ii) Various Breakdown Policies
- iii) Theft insurance Policies

The company has also taken steps to strengthen IT security system as well as physical security system at all its locations.

iii. Compliance Related Risks:-

The Company is committed to being a responsible corporate citizen and respects the laws and regulations of the country. All the compliances under various laws applicable to the Company, including Companies Act, 2013, Factories Act, 1948 and Income Tax Act 1961 etc., are followed in letter & spirit.

f) Internal Financial Control System and its adequacy:

Your Company has a robust internal control system, which is constantly assessed and strengthened with new/revised standard operating procedures. The Company's internal control system is commensurate with its size, scale and complexities of its operations. The internal audit is entrusted to M/s. Gupta Sanjeev & Co., Chartered Accountants, (FRN: 005365N). The main thrust of internal audit is to test and review controls of various departments and areas. The reviews and findings by the Internal Auditors are discussed with the process owners and suitable corrective actions taken as per the directions of Audit Committee on an ongoing basis to improve efficiency in operations.

Audit plays a key role in providing assurance to the Board of Directors. Significant audit observations and corrective actions taken by the management are presented to the Audit Committee of the Board. To maintain its objectivity and independence, the Internal Audit function reports to the Chairman of the Audit Committee.

The Company has modified the scope and coverage for audits with a focus on the Internal Control on Financial Reporting (ICFR) framework. The Audit Committee of the Board of Directors actively reviews the adequacy and effectiveness of the internal control systems and suggests improvements to strengthen the same. The Company has an effective Management Information System, which is an integral part of the control mechanism.

g) Cautionary statement:

Certain statements in this report concerning our future growth prospects are forward looking statements, which involve a number of risks, and uncertainties that could cause actual results to differ materially from those in such forward looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding fluctuations in earnings, our ability to manage growth. Intense competition within Steel Industry including those factors which may affect our cost advantage, wage increases in India, our ability to attract and retain highly skilled professionals, our ability to successfully complete and integrate potential acquisitions, the success of the companies in which the company has made strategic investments, withdrawal of governmental incentives, political instability, legal restrictions on raising capital or acquiring companies outside India, general economic conditions affecting our industry. The Company does not undertake to update any forward looking statements that may be made from time to time by or on behalf of the Company.

**ANNEXURE- II TO THE DIRECTORS' REPORT
CORPORATE GOVERNANCE REPORT**

The Directors present the Company's Report on Corporate Governance for the year ended March 31, 2019 in terms of Regulation 34(3) read with Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations")

I. COMPANY'S PHILOSOPHY ON CODE OF CORPORATE GOVERNANCE:

Governance Philosophy of Vallabh Steels Limited ("The Company") is based on trusteeship, transparency, accountability and equity. 4. During the period under review the Company has substantial complied with the provisions of the Acts, Rules, Regulations, Standards and Agreements mentioned under paragraph 1 above.
5. We report that we have not examined the Financial Statement, financial books and related Financial Acts like Income Tax, Value Added Tax, Sales Tax, Goods & Services Tax Act, ESIC, Provident Fund and Professional Tax etc. For these matters we rely on the report of Statutory Auditors for financial statement for the year ended 31st March, 2019.
6. We further report that
 - i. The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The Board also has a Woman Director. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.
 - ii. Adequate notice was given to all directors to schedule the Board Meetings. Notices of Board Meetings were sent at least seven days in advance. Agenda and detailed notes on agenda were sent less than seven days before the meeting as there was no statutory requirement under the Act for the same.
 - iii. A system exists for directors to seek and obtain further information and clarifications on the agenda items before the meetings and for their meaningful participation at the meetings before majority decision is carried through. We are informed that there were no dissenting members' views on any of the matters during the year that were required to be captured and recorded as part of the minutes.
 - iv. As per minutes, the decisions at the Board meetings were taken unanimously.
 - v. There are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.
 - vi. We further report that during the audit period there were no specific events/actions such as Public Issue of Securities, buy back, merger, amalgamation, foreign technical collaborations etc. or any other major decisions in pursuance of section 180 of the Companies Act, 2013 which require compliance of applicable provisions thereof.

**INDEPENDENT AUDITOR'S REPORT**

To

The Members of

VALLABH STEELS LTD,**Report on the Standalone Ind AS financial statements****Qualified Opinion**

We have audited the accompanying Standalone Ind AS financial statements of VALLABH STEELS LTD. ("the Company"), which comprise the Balance Sheet as at March 31, 2019, and the Statement of Profit and Loss (including other comprehensive income), Cash Flow Statement and the statement of changes in equity for the year then ended, and a summary of significant accounting policies and other explanatory information (herein after referred to as "standalone Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matters described in Basis for Qualified Opinion section of our report, the standalone financial statements give the information required by the Companies Act 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March, 2019, and its Profit and Loss (including other comprehensive income), Cash Flow Statement and its statement of changes in equity for the year ended.

Basis for Qualified Opinion

- I. Trade Receivables includes, certain debtors in respect of which no provision has been made as per IND AS 109 on financial instruments by applying expected credit loss method on receivables for getting fair value of assets.
- II. Inventories have been taken as Certified by the management. We have not verified the same.

Emphasis of Matter

We draw attention to the following:

Trade receivables, Loan and Advances and Trade payables are subject to confirmation and reconciliation.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matter described below to be the key audit matter to be communicated in our report.

Company was having investment in Vallabh Textile Company Limited, Net worth of investee company was eroded in FY 2017-18 as well as investee company went into CIRP (Corporate Insolvency Resolution Process) in Financial Year 2018-19. Accordingly, the management has taken a decision to get the investment at its fair value considering the ongoing scenario of the investee company and its net worth. Hence, a loss of amounting Rs. 4,98,90,208/- was booked in the Current Year.

Information other than the financial statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Ind AS financial statements

The Management and board of directors of the company are responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ('the act') with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone

financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibility

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- i. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ii. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for explaining our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- iii. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- iv. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- v. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure A statement on the matters Specified in paragraphs 3 and 4 of the Order.
2. As required by section 143(3) of the Act, we report that:
 - a) Except for the matters described in the Basis of Qualified Section, we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b) In our opinion, except for the matters stated in the Basis of Qualified Section, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books.
 - c) The Balance Sheet, Statement of Profit and loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this report are in agreement with the books of account.
 - d) Except for the matters stated in the Basis of Qualified Section, there is no any other observations or comments of the auditors on financial transactions or matters which have any adverse effect on the functioning of the company;
 - e) Except for the matters stated in the Basis of Qualified Section, there is no any other qualification, reservation or adverse remark relating to the maintenance of accounts and other matters connected therewith;

- f) In our opinion, except for the matters stated in the Basis of Qualified Section, the aforesaid standalone Ind AS financial statements comply with the applicable Indian Accounting Standards specified under Section 133 of the Act.
- g) On the basis of written representations received from the directors as on March 31, 2019, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2019, from being appointed as a director in terms of Section 164(2) of the Act.
- h) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure "B"; and
- i) In our opinion and to the best of our information and according to the explanations given to us, we report as under with respect to other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014:
- i. The company has disclosed the impact of pending litigations on its financial position in its standalone IND AS financial statements
- ii. The Company did not have any long-term contracts including derivative contracts; as such the question of commenting on any material foreseeable losses thereon does not arise.
- iii. There has not been an occasion in case of the Company during the year under report to transfer any sums to the Investor Education and Protection Fund. The question of delay in transferring such sums does not arise.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

On the basis of such checks as we considered appropriate and according to the information and explanations given to us during the course of our audit, we report that:

- I. In respect of fixed assets:
- a) The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets.
- b) According to the information and explanation given to us the company has a regular program of physical verification of fixed assets by which all fixed assets are verified. However, no such report of physical verification of fixed assets done by the company has been provided to us.
- c) According to information and explanation given to us, the title deeds of immovable Properties are held in the name of the company. However, none is made available to us as they are pledged with the financial institutions.
- II. In respect of Inventories: -
- a) According to information and explanations given to us, the inventories have been physical verified during the year by the management. In our opinion, the frequency of verification is reasonable.
- b) In our opinion and according to the information and explanations given to us, the procedures of physical verification of inventories followed by the management are reasonable and adequate in relation to the size of the company and the nature of its business. However, no such report was made available to us.
- c) The company has maintained proper records of inventory. As explained to us, the discrepancies noticed on physical verification were not material. However, the discrepancies noticed have been properly dealt with in the books of account.
- III. According to the information and explanations given to us, the Company has granted secured or unsecured loans to companies, firms, Limited Liability partnerships or other parties covered in the Register maintained under section 189 of the Act which are outstanding at the year end.
- a) Whether terms and conditions of the grant of such loan are not prejudicial to the company's interest?
- b) Whether the schedule of repayment of principal and payment of interest has been stipulated and whether the repayments and receipts are regular?
- c) If the amount is overdue, state the total amount overdue, state the total amount overdue for more than 90 days and whether reasonable steps have been taken by the company for recovery of principal?
- In the absence of required information, we are not able to comment on the same. IND AS impact on such is not ascertainable.

- IV. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Act in respect of grant of loans, making investments and providing guarantees and securities, as applicable.
- V. In our opinion and according to the information and explanations given to us, the company has not accepted any deposit from the public covered under Section 73 to 76 of the Companies Act, 2013. Therefore, the provisions of the clause 3 (v) of the Order are not applicable to the Company.
- VI. We have broadly reviewed the records maintained by the company pursuant to the rules prescribed by the central government for maintenance of cost records under sub-section (l) of section 148 of the act and are of the opinion that prima facie, the prescribed accounts have been prepared and maintained. However, we have not made the detailed examination of records.
- VII. According to the information and explanations given to us and based on the records of the company examined by us, the company is regular in depositing the undisputed statutory dues, including Provident Fund, Employees' State Insurance, Income-tax, Sales-tax, Service Tax, Custom Duty, Excise Duty and other material statutory dues, as applicable, with the appropriate authorities in India.
- According to the information and explanation given to us and based on the records of the company examined by us, there are no dues of Provident Fund, Employees' State Insurance, Income-tax, Sales-tax, Service Tax, Custom Duty, Excise Duty and other material statutory dues which have not been deposited on account of any disputes.
- VIII. According to the records of the Company examined by us and the information and explanations given to us, the Company has not defaulted in repayment of loans or borrowings to a banks and financial institution and also has not issued debentures during the year and has not taken any fresh loans or borrowings from Government.
- IX. The Company did not raise any money by way of initial public offer or further public offer (including debt instruments) and term loans during the year. Accordingly, paragraph 3 (ix) of the Order is not applicable.
- X. To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company or no material fraud on the Company by its officers or employees has been noticed or reported during the year.
- XI. In our opinion and according to the information and explanations given to us, the Company has paid/provided managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Act.
- XII. In our opinion and according to the information and explanations given to us, the Company is not a Nidhi company. Accordingly, paragraph 3(xii) of the Order is not applicable.
- XIII. In our opinion and according to the information and explanations given to us, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.
- XIV. During the year, the Company has not made any preferential allotment or private placement of shares or fully or partly paid convertible debentures and hence reporting under clause 3 (xiv) of the Order is not applicable to the Company.
- XV. In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its Directors or persons connected to its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- XVI. The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

Annexure – B to Independent Auditors' Report
(Referred to in our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of VALLABH STEELS LTD. as of 31st March 2019 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI').

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's

policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India.

Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with Authorizations of management and directors of the company; and (3) provide reasonable Assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone Ind AS financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected.

Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us, the company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2019, based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2019****1. BACKGROUND**

Vallabh Steels Limited is a Public incorporated on 25 November 1980. It is classified as Non-govt company and is registered at Registrar of Companies, Chandigarh. Its authorized share capital is Rs. 50,000,000 and its paid up capital is Rs. 49,500,000. It is involved in Manufacture of Basic Iron & Steel

It is an established name Nationally & Internationally as one of the leading manufacturer of Galvanized Coils /Sheets, Pre-Painted Galvanized Coils and sheets, Galvanized Steel Tubes, Precision Steel Tubes, Galvanized Steel Pipes, Steel Square Tube, Galvanized & Pre-Painted Corrugated Sheets, Pre- painted Trapezoidal / Tile Profile Sheets and PUF Panels etc.

2. SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied by company in the preparation of financial statements are listed below such policies have been consistently applied to all the years presented.

a) Basis of Preparation**(I) Compliance with Ind AS**

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 read with rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act.

(II) Historical Cost Convention

The financial statements have been prepared on a historical cost basis, except for the following:

- (i) Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments) and
- (ii) Employee's Defined Benefit Plan as per actuarial valuation.

(III) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to two decimals places to the nearest lacs as per the requirement of Schedule III, unless otherwise stated.

b) Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

In the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period or each case.

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2019

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarizes accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

Disclosures for valuation methods, significant estimates and assumptions

Quantitative disclosures of fair value measurement hierarchy

Investment in unquoted equity shares

Financial instruments

c) Current versus non-current classification

All assets and liabilities have been classified as current or non current as per company's normal operating cycle and other criteria set out in the Schedule III to the Act.

d) Property, plant and equipment

"Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less depreciation and impairment, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items. On transition to Ind AS, the Company has adopted optional exemption under Ind AS 101 to measure Property, Plant and Equipment at previous GAAP carrying value. Consequently, the previous GAAP carrying value has been assumed to be deemed cost of Property, Plant and Equipment."

Depreciation methods, estimated useful lives and residual value

Depreciation is calculated using the Written Down Value Method to allocate their cost, net of their residual values, over their useful lives. The Company depreciates its property, plant and equipment over the useful life in the manner prescribed in Schedule II of the Act. The residual values are not more than 5% of the original cost of the asset.

e) Impairment of Non-financial assets

The impairment assessment for all assets is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss.

f) Inventories

Raw materials and stores, work in progress, traded and finished goods are stated at the lower of cost and net realisable value. Cost of raw materials and stores & spares at the weighted average cost, Cost of work in progress and finished goods comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity. Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition. Costs of purchased inventory are determined after deducting rebates and discounts.

g) Borrowing costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. Other borrowing costs are expense in the period in which they are incurred.

h) Provisions, Contingent liabilities and Contingent Assets

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

**NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2019**

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period.

A present obligation that arises from past events where it is neither probable that an outflow of resources will be required to settle nor a reliable estimate of the amount cannot be made, is disclosed as a contingent liability. Contingent liabilities are also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent assets are not recognised in financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognised.

i) Foreign currency translation

Items included in the financial statements of each of the Company's entities are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is Vallabh Steels Limited functional and presentation currency.

Foreign currency translations are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in profit or loss.

j) Revenue recognition

Revenue is measured at the fair value of the consideration received or receivables. Amounts disclosed as revenue are inclusive of excise duty and net of returns, trade allowances, rebates, discounts, value added taxes.

The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Company and specific criteria have been met for each of the Company's activities as described below.

Sale of goods

Sales are recognised when substantial risk and rewards of ownership are transferred to customer as per the terms of the contract, there is no continuing managerial involvement with the goods. The Company retains no effective control of the goods transferred to a degree usually associated with ownership and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of goods., in case of domestic customer, sales take place when goods are dispatched or delivery is handed over to transporter, in case of export customers, sales takes place when goods are shipped onboard based on bill of lading.

Revenue from Services

Revenue from services is recognised in the accounting period in which the services are rendered.

Other operating revenue - Export incentives

Revenue in respect of export incentives is recognised when such incentives accrue upon export of goods.

k) Income Tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2019

other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

l) Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash in hand and other bank balances.

m) Trade receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment if any. The EIR is the rate that discounts estimated future cash income through the expected life of financial instrument.

n) Financial instruments

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

Initial Recognition:

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss and ancillary costs related to borrowings) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in Statement of Profit and Loss.

Classification and Subsequent Measurement: Financial Assets

The Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income ("FVOCI") or fair value through profit or loss ("FVTPL") on the basis of following:

- the entity's business model for managing the financial assets and
- the contractual cash flow characteristics of the financial asset.

Amortised Cost:

A financial asset shall be classified and measured at amortised cost if both of the following conditions are met:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Fair Value through OCI:

A financial asset shall be classified and measured at fair value through OCI if both of the following conditions are met:

- the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Fair Value through Profit or Loss:

A financial asset shall be classified and measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through OCI.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Classification and Subsequent Measurement: Financial liabilities:

Financial liabilities are classified as either financial liabilities at FVTPL or 'other financial liabilities'.

Financial Liabilities at FVTPL:

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or are designated upon initial recognition as FVTPL:

Gains or Losses on liabilities held for trading are recognised in the Statement of Profit and Loss.

**NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2019****Other Financial Liabilities:**

Other financial liabilities (including borrowings and trade and other payables) are subsequently measured at amortised cost using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Impairment of financial assets:

Financial assets, other than those at FVTPL, are assessed for indicators of impairment at the end of each reporting period. The Company assesses on a forward looking basis the expected credit losses associated with its assets. The impairment methodology applied depends on whether there has been a significant increase in credit risk. In case of trade receivables, the Company follows the simplified approach permitted by Ind AS 109 – Financial Instruments for recognition of impairment loss allowance. The application of simplified approach does not require the Company to track changes in credit risk. The Company calculates the expected credit losses on trade receivables using a provision matrix on the basis of its historical credit loss experience.

De-recognition of financial assets:

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

o) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

p) Employee benefits**i) Short term obligations**

Liabilities for wages and salaries, short term compensated absences and ex-gratia short terms compensated absences and ex-gratia including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefits obligations in the balance sheet.

ii) Post-employment obligations

The liability recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligations at the end of the reporting period. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

iii) Defined contribution plans

The Company pays provident fund contributions to publicly administered provident funds as per local Regulations. The Company has made further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due.

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2019

q) Segment reporting

The Company operates only in one segment. i.e. Iron and steel.

r) Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within the credit period allowed. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. Long term trade payables are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

s) Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

t) Earnings per share

i) Basic earnings per share

Basic earnings per share is calculated by dividing:

The profit attributable to owners of the Company by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares

ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

The after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and the weighted average number of additional equity shares that would be outstanding assuming the conversion of all dilutive potential equity shares.

Note: 2.1 CRITICAL ESTIMATES AND JUDGEMENTS

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the Company's accounting policies.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

Critical estimates and judgements

The areas involving critical estimates or judgements are:

Estimation of defined benefit obligation – Note 36

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on Company and that are believed to be reasonable under the circumstances.

35 SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Judgements

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Defined benefit plans (gratuity benefits)

The cost of the defined benefit gratuity plan and other post-employment benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation. The mortality rate is based on publicly available mortality tables for the specific countries. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates.

Impairment of non-financial assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a DCF model. The cash flows are derived from the budget for the next five years and do not include restructuring activities that the Company is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3

c) Fair Value of Financial Assets and Liabilities measured at amortised cost

Particulars	As at 31st March, 2019 (Rs. in Lacs)		As at 31st March, 2018 (Rs. in Lacs)

Total	432.13	432.13	536.18	536.18

The carrying amounts of trade receivables, trade payables and cash and cash equivalents are considered to be the same as their fair values, due to short term nature. The fair values for security deposits was calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk. The fair values of non-current borrowings are based on discounted cash flows using a current borrowings rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs, including own credit risk. For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2019
38 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES:

The Company's principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations and to support its operations. The Company's financial assets include investment, loans, trade and other receivables, and cash & cash equivalents that derive directly from its operations. The Company is exposed to market risk, credit risk and liquidity risk. The company's senior management oversees the management of these risks. The company's senior management is supported by a financial risk committee that advises on financial risks and the appropriate financial risk governance framework for the Company. This financial risk committee provides assurance to the Company's senior management that the Company's financial risk activities are governed by appropriate policies and procedure and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each risk, which are summarised as below:

(A) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: interest rate risk & other price risks.

a) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long term debt obligations with floating interest rates. The Company is carrying its borrowings primarily at variable rate. The Company expects the variable rate to decline, accordingly the Company is currently carrying its loans at variable interest rates.

PARTICULARS	As at 31st March, 2019 (Rs. in Lacs)	As at 31st March, 2018 (Rs. in Lacs)
Variable rate borrowings	3921.58	3324.50

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variable held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

PARTICULARS	31st March, 2019 (Rs. in Lacs)	31st March, 2018 (Rs. in Lacs)
Increase by 50 basis points	(19.60)	(16.62)
Decrease by 50 basis points	19.60	16.62

b) Foreign currency risks

The company has no foreign exchange exposure hence, there is currency risk involved.

(B) Credit risk

Credit risk is the risk that counter party will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including loans to related parties, deposits with banks and financial institutions and other financial instruments.

Credit risk management

The Company assesses and manages credit risk based on internal credit rating system. Internal credit rating is performed for each class of 'financial instruments with different characteristics. The Company assigns the following credit ratings to each class of financial assets based 'on the assumptions, inputs and factors specific to the class of financial assets.

(i) Low credit risk on reporting date
(ii) Moderate credit risk
(iii) High credit risk
