 - i. Remote e-voting: In compliance with the provisions of Section 108 of the Companies Act, 2013, read with Rule 20 of the Companies (Management and Administration) Rules, 2014, as amended and the provisions of Regulation 44 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Members are provided with the facility to cast their vote electronically, through the e-voting services provided by Karvy Computershare Private Limited (Karvy) on all resolutions set forth in this Notice, from a place other than the venue of the Meeting (Remote e-voting).
 - (A) In case a Member receives an email from Karvy [for Members whose email IDs are registered with the Company/Depository Participants (s)]:
 - i. Launch internet browser by typing the URL: <https://evoting.karvy.com>.
 - ii. Enter the login credentials (i.e. User ID and password). In case of physical folio, User ID will be EVEN (E-Voting Event Number) followed by folio number. In case of Demat account, User ID will be your DP ID and Client ID. However, if you are already registered with Karvy for e-voting, you can use your existing User ID and password for casting your vote.
 - iii. After entering these details appropriately, click on "LOGIN".
 - iv. You will now reach password change Menu wherein you are required to mandatorily change your password. The new password shall comprise of minimum 8 characters with at least one upper case (A- Z), one lower case (a-z), one numeric value (0-9) and a special character (@, #, \$, etc.,). The system will prompt you to change your password and update your contact details like mobile number, email ID etc. on first login. You may also enter a secret question and answer of your choice to retrieve your password in case you forget it. It is strongly recommended that

- you do not share your password with any other person and that you take utmost care to keep your password confidential.
- v. You need to login again with the new credentials.
 - vi. On successful login, the system will prompt you to select the "EVENT" i.e., 'Name of the Company'
 - vii. On the voting page, enter the number of shares (which represents the number of votes) as on the Cut-off Date under "FOR/AGAINST" or alternatively, you may partially enter any number in "FOR" and partially "AGAINST" but the total number in "FOR/AGAINST" taken together shall not exceed your total shareholding as mentioned herein above. You may also choose the option ABSTAIN. If the Member does not indicate either "FOR" or "AGAINST" it will be treated as "ABSTAIN" and the shares held will not be counted under either head.
 - viii. Members holding multiple folios/demat accounts shall choose the voting process separately for each folio/demat accounts.
 - ix. Voting has to be done for each item of the notice separately. In case you do not desire to cast your vote on any specific item, it will be treated as abstained.
 - x. You may then cast your vote by selecting an appropriate option and click on "Submit".
 - xi. A confirmation box will be displayed. Click "OK" to confirm else "CANCEL" to modify. Once you have voted on the resolution (s), you will not be allowed to modify your vote. During the voting period, Members can login any number of times till they have voted on the Resolution(s).
 - xii. Corporate/Institutional Members (i.e. other than Individuals, HUF, NRI etc.) are also required to send scanned certified true copy (PDF Format) of the Board Resolution/ Authority Letter etc., together with attested specimen signature(s) of the duly authorised representative(s), to the Scrutinizer at email csraghavad@gmail.com with a copy marked to evoting@karvy.com. The scanned image of the above mentioned documents should be in the naming format "**Corporate Name_Event No.**"
- (B) In case of Members receiving physical copy of Notice [for Members whose email IDs are not registered with the Company/Depository Participants (s)]:
 - i. E-Voting Event Number, User ID and Password is provided in the Attendance Slip.
 - ii. Please follow all steps from Sl. No. (i) to (xii) above to cast your vote by electronic means.
 - II. Voting at AGM: The Members, who have not cast their vote through Remote e-voting can exercise their voting rights at the AGM. The Company will make necessary arrangements in this regard at the AGM Venue. Members who have already cast their votes by Remote e-voting are eligible to attend the Meeting; however those Members are not entitled to cast their vote again in the Meeting. A Member can opt for only single mode of voting i.e. through Remote e-voting or voting at the AGM. If a Member casts votes by both modes then voting done through Remote e-voting shall prevail and vote at the AGM shall be treated as invalid.
- Other instructions:**
- a. In case of any query and/or grievance, in respect of voting by electronic means, Members may refer to the Help & Frequently Asked Questions (FAQs) and E-voting user manual available at the download section of <https://evoting.karvy.com> (Karvy Website) or contact Mr. Premkumar Nair, (Unit: Hindustan Fluorocarbons Limited) of Karvy Computer share Private Limited, Karvy Selenium Tower B, Plot 31-32, Gachibowli, Financial District, Nanakramguda, Hyderabad - 500 032 or at einward.ris@karvy.com or phone no. 040-6716 1500 or call Karvy's toll free No.1-800-34-54-001 for any further clarifications.

INDEPENDENT AUDITOR'S REPORT**

To
The Members of
HINDUSTAN FLUORO CARBONS LIMITED,
Hyderabad.

Report on the Financial Statements

We have audited the accompanying Ind AS complaint financial statements of **HINDUSTAN FLUORO CARBONS LIMITED ("the Company")** which comprise the Balance Sheet as at March 31, 2018, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of changes in equity, Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information (herein after referred to as Standalone Ind AS Financial statements).

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the

standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit. In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under and the Order issued under section 143(11) of the Act.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the

aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the state of affairs of the Company as at March 31, 2018, and its Loss and its Cash Flow for the year ended on that date.

“Annexure B” to the Independent Auditor’s Report of even date on the Standalone Financial Statements of HINDUSTAN FLUORO CARBONS LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **HINDUSTAN FLUORO CARBONS LIMITED** (“the Company”) as of March 31, 2018 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on “the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India” These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of

internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may

become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an **adequate** internal financial controls system over financial reporting and such internal financial controls over financial reporting were **operating effectively** as at March 31, 2018, based on the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India”.

**COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143(6)(b) OF THE COMPANIES ACT, 2013 ON THE FINANCIAL STATEMENTS OF HINDUSTAN FLUOROCARBONS LIMITED FOR THE YEAR ENDED 31 MARCH, 2018**

The presentation of financial statement of Hindustan Fluorocarbons Limited for the year ended on 31 March 2018 in accordance with the financial reporting framework prescribed under the Companies Act, 2013 (Act) is the responsibility of the management of the company. The Statutory Auditor appointed by the Comptroller and Auditor General of India under Section 139(5) of the Act is responsible for expressing an opinion on these financial statements under Section 143 of the Act based on independent audit in accordance with the Standards on auditing prescribed under Section 143(10) of the Act. This is stated to have been done by them vide their Auditor Report dated 23 May 2018

I, on behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit under Section 143(6)(a) of the Act of the financial statements of Hindustan Fluorocarbons Limited for the year ended on 31 March 2018. This supplementary audit has been carried out independently without access to the working papers of the Statutory Auditors and is limited primarily to inquiries of the Statutory Auditor and company personnel and selective examination of some of the accounting records. Based on my supplementary audit, I would like to highlight the following significant matters under section 143(6)(b) of the Act which have come to my attention and which in my view are necessary for enabling a better understanding of the financial statements and the related audit report.

Comments on Profitability Statement of Profit & Loss Revenue Rs.37.21 Crore.

The above is understated by Rs.6.23 Core on account of deduction of Excise Duty/Goods and Services Tax (GST) from the revenue from operations instead of exhibiting the same separately under expenses, as required under the provisions of Note 3 of General Instructions for preparation of statement of Profit and Loss of Division-II of Schedule II of the Companies Act, 2013 which are applicable to Ind AS compliant financial statements. This has also resulted in understatement of expenses by Rs.6.23 Crore and non-compliance to the provisions of Companies Act, 2013.

**Comments on Financial Position Statement of Assets and Liabilities****Assets****Non-current assets:****(a) Property, Plant and Equipment (Note 3) Rs.49.75 Crore.**

The company has adopted the carrying value of all the assets as deemed cost of Property, Plant and Equipment on the date of transition to Ind AS, except for the Freehold land, where fair value has been considered as deemed cost. As per paragraph D7AA of Ind AS-101 (first time adoption of Indian Accounting Standards), where there is no change in its functional currency on the date of transition to Ind ASs, a first time adopter to Ind ASs may elect to continue with the carrying value of "all" of its Property, Plant and Equipment as at the date of transition measured as per the previous GAAP and use that as its deemed cost at the date of transition. Thus the option of applying the carrying value on selective basis to some of the items of Property, Plant and Equipment and using fair value for others is not available under the provisions of Ind AS 101. However, the company has selectively applied fair valuation to Freehold Land only. This has resulted in overstatement of Property, Plant and Equipment and Other Comprehensive Income by Rs.29.96 Crore (Fair value of land Rs.30.55 Cr – Value of land before fair valuation Rs.0.59 Crore).

REPLY TO THE COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143(6)(b) OF THE COMPANIES ACT, 2013 ON THE FINANCIAL STATEMENTS OF HINDUSTAN FLUOROCARBONS LTD FOR THE YEAR ENDED 31ST MARCH, 2018

A.	<p>Comments on Profitability Statement of Profit & Loss Revenue Rs.37.21 Crore.</p> <p>The above is understated by Rs.6.23 Core on account of deduction of Excise Duty/Goods and Services Tax (GST) from the revenue from operations instead of exhibiting the same separately under expenses, as required under the provisions of Note 3 of General Instructions for preparation of statement of Profit and Loss of Division-II of Schedule II of the Companies Act, 2013 which are applicable to Ind AS compliant financial statements. This has also resulted in understatement of expenses by Rs.6.23 Crore and non-compliance to the provisions of Companies Act, 2013.</p>	<p>It may be kindly observed that the sales are shown by the company including the duties only i.e. the Gross value only is mentioned against the 'Revenue'. However instead of showing the duties included in those sales, in the 'Expenditure side', the company has shown, then and there at with 'Sales', showing the duties component separately as a netting effect. This also provides a clear understanding of the elements of sale revenue and duties i.e.; the actual economic benefit/value received by the company on its own account, and the indirect tax element to be collected and remitted to the treasury, instead of showing/ grouping it in the 'Expenditure' column. Further it may be kindly observed, that the details of expenses as per the Guidance Note Division II of Ind AS, under point No. IV expenses, the spread of items indicate only a broad category of expenses, and do not provide for showing the 'Duties/ Taxes' in an explicit manner, and the duties being an Indirect Tax, are to be clubbed in the company's other expenses.</p> <p><i>However, there is neither any overstatement of Income, nor any understatement of Expense, as there is no revenue impact, it is clearly seen as a netting effect only, by including once, and reducing then and there. Further the company explains/ undertakes to follow the guidelines.</i></p>
B.	<p>Comments on Financial Position Statement of Assets and Liabilities Assets</p> <p>Non-current assets:</p> <p>(a) Property, Plant and Equipment (Note 3) Rs.49.75 Crore.</p> <p>The company has adopted the carrying value of all the assets as</p>	<p>In regard to the land valuation, we submit that, the company has opted the fair value, in place of the historical cost under IND AS i.e.; value of Rs. 30.55crs is adopted in Financial Statements under IND AS, in place of Rs.59 lakhs as per earlier IGAAP. Accordingly, the same is reported in Notes to A/cs No. 36(b) (For the first time Adoption of IND AS), which read as that the carrying value adopted of all</p>

Sl. No.	AUDIT OBSERVATION	MANAGEMENT REPLY
	<p>deemed cost of Property, Plant and Equipment on the date of transition to Ind AS, except for the Freehold land, where fair value has been considered as deemed cost. As per paragraph D7AA of Ind AS-101 (first time adoption of Indian Accounting Standards), where there is no change in its functional currency on the date of transition to Ind ASs, a first time adopter to Ind ASs may elect to continue with the carrying value of "all" of its Property, Plant and Equipment as at the date of transition measured as per the previous GAAP and use that as its deemed cost at the date of transition. Thus the option of applying the carrying value on selective basis to some of the items of Property, Plant and Equipment and using fair value for others is not available under the provisions of Ind AS 101. However, the company has selectively applied fair valuation to Freehold Land only. This has resulted in overstatement of Property, Plant and Equipment and Other Comprehensive Income by Rs.29.96 Crore (Fair value of land Rs.30.55 Cr – Value of land before fair valuation Rs.0.59 Crore).</p>	<p>assets <u>except for the Free Hold Land, where fair value is considered for deemed cost</u> as per IND AS. <i>We hope to have clarified this, and submit there is no over statement of the value of land/ property.</i></p>

The Company's Provident Fund is exempted under section 17 of Employees' Provident Fund and Miscellaneous Provisions Act, 1952. Conditions for grant of exemption stipulate that the employer shall make good deficiency, if any, in the interest rate declared by the trust vis-à-vis statutory rate.

The employees' gratuity fund scheme managed by a trust (Life Insurance Corporation of India) is a defined benefit plan. The present Value of obligation is determined based on actuarial valuation using the Projected unit credit Method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation for leave encashment is recognised in the same manner as gratuity.

Notes to financial statements as at and for the year ended 31st March 2018

1. General Information

Hindustan Fluorocarbons Limited (HFL) was incorporated in 1983 as a subsidiary of Hindustan Organic Chemicals Limited (HOCL), A Government of India Enterprise under the Ministry of Chemicals & Fertilizers with a shareholding of 56.43%. HFL is engaged in manufacture of Polytetrafluoroethylene (PTFE) with annual capacity of 500 MT and intermediate product of Chlorodifluoromethane (CFM-22) with annual capacity of 1265 MT. The company also manufactures Modified Polytetrafluoroethylene (MPTFE). Shares of the company are listed in Bombay Stock Exchange.

2. Significant Accounting Policies

a) Statement of Compliance

These financial statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 and companies (Indian Accounting Standards) Amendment Rules, 2016 as applicable.

Up to the year ended March 31, 2017, the Company prepared its financial statements in accordance with the requirements of previous GAAP, which includes Standards notified under the Companies (Accounting Standards) Rules, 2006. These are the first Ind AS financial statements and the date of transition to Ind AS is April 1, 2016. Reconciliations and description of the effect of the transition to Ind AS from Indian GAAP is given in Note 36.

b) Basis of Accounting and Preparation

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ('Act') (to the extent notified). The

Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except leasing transactions that are within the scope of Ind AS 17, and measurements that have some similarities to fair value but are not fair value, such as a net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- ◆ Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- ◆ Level 2 inputs are other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

- ◆ Level 3 inputs are unobservable inputs for the asset or liability.

c) Accounting Estimates

The preparation of the financial statements, in conformity with the recognition and measurement principles of Ind AS, requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities as at the date of financial statements and the results of operation during the reported period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates which are recognised in the period in which they are determined.

Estimates and Assumptions:

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

Defined benefit plans

The cost and present value of the gratuity obligation and compensated absences are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, attrition rate and mortality rates. Due to the complexities involved in the valuation and

its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

d) Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable and is recognised when it is probable that the economic benefits associated with the transaction will flow to the Company and the amount of income can be measured reliably. Revenue is net of returns and is reduced for rebates, trade discounts, refunds and other similar allowances. Revenue includes excise duty but is net of service tax, sales tax, value added tax and other similar taxes and GST from July 01, 2017.

i) Sale of goods

Revenue is recognized when it is probable that economic benefits associated with a transaction flows to the Company in the ordinary course of its activities and the amount of revenue can be measured reliably. Revenue is recognised, when the significant risks and rewards of the ownership have been transferred to the buyers and there is no continuing effective control over the goods or managerial involvement with the goods. Revenue from sale of chemical products is generally recognised at the time of dispatch.

ii) Other Income

Dividend income from investments is recognized when the right to receive payment is established. Interest income from a financial asset is recognised on time basis, by reference to the principal outstanding at the effective interest rate applicable, which is the rate which exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition. Insurance claims are recognised to the extent there is a reasonable certainty of the realizability of the claim amount.

e) Property, plant and equipment

Property, plant and equipment are carried at cost less accumulated depreciation and impairment losses, if any. The cost of Property, plant and equipment comprises of purchase price, applicable duties and taxes, any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying fixed assets, upto the date the asset is ready for its intended use. "The initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located is required to be included in the cost of the respective item of property plant and equipment" and "Cost of major inspections is recognized in the carrying amount of property, plant and equipment as a replacement, if recognition criteria are satisfied and any remaining carrying amount of the cost of previous inspection is derecognized.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in profit or loss.

f) Investment Property

Investment properties are properties held to earn rentals and/or for capital appreciation (including property under construction for such purposes). Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are measured in accordance with the Ind AS16's requirement for cost model.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no further economic benefits expected from

disposal. Any gain or loss arising on derecognition of the property is included in profit or loss in the period in which the property is derecognised.

g) Intangible Assets

Identifiable intangible assets are recognised when the Company controls the asset, it is probable that future economic benefits attributed to the asset will flow to the Company and the cost of the asset can be reliably measured. At initial recognition, the separately acquired intangible assets are recognised at cost. Following initial recognition, the intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses, if any. The estimated useful life and amortization method reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

h) Depreciation and Amortization

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost less its estimated residual value. Depreciation on Property, Plant and equipment has been provided on the straight line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 taking into account the nature of asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, maintenance, etc.

Intangible Assets are amortised, on straight line method based on the useful life as assessed by the Management. The amortisation period and the amortisation method for an intangible asset is reviewed at least at each financial year end.

i) Impairment of Assets

Intangible assets and property, plant and equipment: Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying

amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU to which the asset belongs. If such assets are considered to be impaired, the impairment to be recognized in the statement of profit and loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

j) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

A. Financial Assets

1) Initial Recognition

In the case of financial assets, not recorded at fair value through profit or loss (FVPL), financial assets are recognised initially at fair value plus transaction costs that are directly attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

2) Subsequent Measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

a) Financial Assets at Amortised Cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business model with an objective to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Interest income from these financial assets is included in finance income using the effective interest rate ("EIR") method. Impairment gains or losses arising on these assets are recognised in the Statement of Profit and Loss.

b) Financial Assets Measured at Fair Value

Financial assets are measured at fair value through OCI if these financial assets are held within a business model with an objective to hold these assets in order to collect contractual cash flows or to sell these financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in the Statement of Profit and Loss.

In respect of equity investments (other than for investment in subsidiaries and associates) which are not held for trading, the Company has made an irrevocable election to present subsequent changes in the fair value of such instruments in OCI. Such an election is made by the Company on an instrument by instrument basis at the time of transition for existing equity instruments/ initial recognition for new equity instruments.

Financial asset not measured at amortised cost or at fair value through OCI is carried at FVPL. On transition to Ind AS, the Company has opted to continue with the carrying values measured under the previous GAAP as at 1 April 2016 of its investments in subsidiaries, associates and joint ventures and used that carrying value as the deemed cost of these investments on the date of transition i.e. 1 April 2016.

c) **Impairment of Financial Assets**

In accordance with Ind AS 109, the Company applies the expected credit loss (“ECL”) model for measurement and recognition of impairment loss on financial assets and credit risk exposures.

The Company follows ‘simplified approach’ for recognition of impairment loss allowance on trade receivables. Simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECL at each reporting date, right from its initial recognition. For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

ECL is the difference between all contractual cash flows that are due to the group in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. Lifetime ECL are the expected credit losses resulting from all possible default

events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL impairment loss allowance (or reversal) recognised during the period is recognised as income/ expense in the Statement of Profit and Loss.

d) **De-recognition of Financial Assets**

The Company de-recognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all risks and rewards of ownership of the asset to another entity.

If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognizes its retained interest in the assets and an associated liability for amounts it may have to pay.

If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

B. Financial Liabilities

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments which are issued for cash are recorded at the proceeds received, net of direct issue costs. Equity instruments which are issued for consideration other than cash are recorded at fair value of the equity instrument.

Financial Liabilities

1) Initial Recognition

Financial liabilities are classified, at initial recognition, as financial liabilities at FVTPL, loans and borrowings and payables as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

2) Subsequent Measurement

The measurement of financial liabilities depends on their classification, as described below:

a) Financial liabilities at FVTPL

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at FVTPL. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Gains or losses on liabilities held for trading are recognised in the Statement of Profit and Loss.

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee.

Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation. Amortisation is recognised as finance income in the Statement of Profit and Loss.

b) Financial liabilities at amortised cost

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method.

Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings in the Statement of Profit and Loss.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

Where the terms of a financial liability is renegotiated and the Company issues equity instruments to a creditor to extinguish all or part of the liability (debt for equity swap), a gain or loss is recognised in the Statement of Profit and Loss; measured as a difference between the carrying amount of the financial liability and the fair value of equity instrument issued.

3) De-recognition of Financial Liabilities

Financial liabilities are de-recognised when the obligation specified in the contract is discharged, cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as de-recognition of the original liability and recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

4) Offsetting Financial Instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis to realise the assets and settle the liabilities simultaneously.

k) Employee Benefits

The estimated liability for employee benefits for present and past services which are due as per terms of employment are determined

in accordance with the requirements of Ind AS 19 "Employee Benefits". A brief description of the employee benefits are as follows:

Gratuity:

The Company has an obligation towards gratuity, a defined benefit plan covering all eligible employees. The plan provides for lump sum payment in accordance with the Payment of Gratuity Act, 1972 to vested employees on retirement, death while in employment or on separation. Vesting occurs on completion of five years of service. The liability, which is determined by means of an independent actuarial valuation, is partly funded under Group Gratuity Plan Scheme managed by the Life Insurance Corporation of India.

Provident Fund:

Provident Fund is a defined contribution plan of the Government of India under which both the employer and employee contribute on a monthly basis at a pre-determined rate (currently upto 10% of employee salary) and the Company has no further obligation.

Compensated Absences

- a. In respect of the employees at Head Office, the Company measures the expected cost of compensated absence based on actuarial valuation made by an independent actuary as at the balance sheet date on projected unit credit method.
- b. In respect of the employees at the locations, the undiscounted amount of short term employee benefits which include the compensated absences such as paid leave expected to be paid in exchange for the services rendered by employees is recognised during the year when the employee renders the service and is calculated on an actual basis.

l) Inventories

- i) The closing stock of raw materials, packing material, stores and spares are valued at cost by adopting weighted average method or net realisable value whichever is less. Stock in process (intermediate products) and finished

goods are valued at cost or net realisable value whichever is lower.

Cost of stock-in-process includes costs of conversion and other costs incurred in bringing the inventories to their present location and condition.

- ii) Excise duty payable on finished goods manufactured but not removed is included in the valuation of such stocks.
- iii) By-products are valued at NIL value.

m) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The chief operating decision maker regularly monitors and reviews the operating result of the whole Company as one segment of "Manufacturing of PTFE". Thus, as defined in Ind AS 108 "Operating Segments", the Company's entire business falls under this one operational segment and hence the necessary information has already been disclosed in the Balance Sheet and the Statement of Profit and Loss.

n) Borrowing Costs

Borrowing costs consist of interest and other costs that the Company incurs in connection with the borrowing of funds. Also, the EIR amortisation is included in finance costs.

Borrowing costs relating to acquisition, construction or production of a qualifying asset which takes substantial period of time to get ready for its intended use are added to the cost of such asset to the extent they relate to the period till such assets are ready to be put to use. All other borrowing costs are expensed in the Statement of Profit and Loss in the period in which they occur.

o) Foreign Exchange Translation of Foreign Projects and Accounting of Foreign Exchange Transactions

The functional currency of the Company is the Indian rupee.

Foreign currency transactions are accounted at the exchange rates prevailing on the date

of transactions. Gains and losses resulting from settlement of such transactions are recognized in the Statement of Profit and Loss. Monetary assets and liabilities related to foreign currency transactions remaining unsettled at the end of the year are translated at year end rates. The difference in translation of monetary assets and liabilities and realised gains and losses on foreign exchange transactions are recognised in the Statement of Profit and Loss.

The exchange difference on restatement of long term receivables / payables from / to foreign operations that are considered as net investments in such operation are recognised in the statement of profit or loss in the separate financial statements of the reporting entity or the individual financial statements of the foreign operation, as appropriate.

Foreign branches functional currency is other than reporting currency of its parent and foreign branch financial statements are translated into reporting currency of its parent using the following procedures.

Assets and Liabilities (both monetary and non-monetary) are translated at the closing rate at the year end. Income and expenses are translated at the monthly average rate at the end of the respective month. All resulting exchange differences are recognised in other comprehensive income till the disposal of the net investment.

p) Income Tax

1) Current Tax

Current income tax is recognised based on the estimated tax liability computed after taking credit for allowances and exemptions in accordance with the Income Tax Act, 1961. Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

2) Deferred Tax

Deferred tax is determined by applying the Balance Sheet approach. Deferred tax assets and liabilities are recognised for all deductible temporary differences between the financial statements' carrying amount of existing assets and liabilities and their respective tax base. Deferred tax assets and liabilities are measured using the enacted tax rates or tax rates that are substantively enacted at the Balance Sheet date. The effect on deferred tax assets and liabilities of a change in tax rates is recognised in the period that includes the enactment date. Deferred tax assets are only recognised to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilised. Such assets are reviewed at each Balance Sheet date to reassess realisation.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

3) MAT

Minimum Alternative Tax ("MAT") credit is recognised as an asset only when and to the extent it is probable that the Company will pay normal income tax during the specified period.

q) Leases

Leases, where the lessor effectively retains substantially all the risks and benefits of ownership over the leased term, are classified as operating leases. Operating lease payments are recognised as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term except where the lease payments are structured to increase in line with expected general inflation. Assets acquired on finance lease are capitalised at

fair value or present value of minimum lease payment at the inception of the lease, whichever is lower.

r) Earnings Per Share

Basic earnings per share is computed by dividing the net profit or loss for the period attributable to the equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a corresponding change in resources.

Diluted earnings per share is computed by dividing the net profit or loss for the period attributable to the equity shareholders of the Company and weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares).

s) Provisions, Contingent Liabilities and Contingent Assets

A provision is recognised when the Company has a present obligation (legal or constructive) as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, in respect of which a reliable estimate can be made of the amount of obligation. Provisions (excluding gratuity and compensated absences) are determined based on management's estimate required to settle the obligation at the Balance Sheet date. In case the time value of money is

material, provisions are discounted using a current pre-tax rate that reflects the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost. These are reviewed at each Balance Sheet date and adjusted to reflect the current management estimates.

t) Exceptional Items

When items of income and expense within profit or loss from ordinary activities are of such size, nature or incidence that their disclosure is relevant to explain the performance of the enterprise for the period, the nature and amount of such material items are disclosed separately as exceptional items.

u) Operational Cycle

The Company adopts operating cycle based on the project period and accordingly all project related assets and liabilities are classified into current and noncurrent. Other than project related assets and liabilities, 12 months period is considered as normal operating cycle.

v) Cash Flow Statements

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

w) Recent Accounting Pronouncement

In March 2017, the Ministry of Corporate Affairs issued the Companies (Indian

Accounting Standards) (Amendments) Rules, 2017, notifying amendments to Ind AS 7, 'Statement of cash flows' and Ind AS 102, 'Share-based payment.' These amendments are in accordance with the recent amendments made by International Accounting Standards Board (IASB) to IAS 7, 'Statement of cash flows' and IFRS 2, 'Share-based payment,' respectively. The amendments are applicable to the group from April 1, 2017.

Amendment to Ind AS 7:

The amendment to Ind AS 7 requires the entities to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes, suggesting inclusion of a reconciliation between the opening and closing balances in the balance sheet for liabilities arising from financing activities, to meet the disclosure requirement.

The Company is currently evaluating the requirements of the amendment and has not yet determined the impact on the financial statements.

Amendment to Ind AS 102:

The amendment to Ind AS 102 provides specific guidance to measurement of cash-settled awards, modification of cash-settled awards and awards that include a net settlement feature in respect of withholding taxes.

It clarifies that the fair value of cash-settled awards is determined on a basis consistent with that used for equity-settled awards. Market-based performance conditions and non-vesting conditions are reflected in the 'fair values', but non-market performance conditions and service vesting conditions are reflected in the estimate of the number of awards expected to vest. Also, the amendment clarifies that if the terms and conditions of a cash-settled share-based payment transaction are modified with the result that it becomes an equity-settled share-based payment transaction, the transaction is accounted for as such from the date of the modification. Further, the amendment requires the award that include a net

settlement feature in respect of withholding taxes to be treated as equity-settled in its entirety. The cash payment to the tax authority is treated as if it was part of an equity settlement.

The Company is evaluating the requirements of the amendment and the impact on the financial statements is being evaluated.

x) Disclosures as required by Indian Accounting Standard (Ind AS) 101 First time adoption of Indian Accounting Standard

The Company has adopted Ind AS with effect from 1 April 2017 with comparatives being restated. Accordingly the impact of transition has been provided in the Opening Reserves as at 1 April 2016 and all the periods presented have been restated accordingly.

1) Exemptions availed on first time adoption of Ind AS 101:

On first time adoption of Ind AS, Ind AS 101 allows certain exemptions from the retrospective application of certain requirements under Ind AS. The Company has availed the following exemptions:

- a) Under Ind AS 109, at initial recognition of a financial asset, an entity may make an irrevocable election to present subsequent changes in the fair value of an investment in an equity instrument in other comprehensive income. Ind AS 101 allows such designation of previously recognized financial assets, as 'fair value through other comprehensive income' on the basis of the facts and circumstances that existed at the date of transition to Ind AS.

Accordingly, the Company has designated its investments in certain equity instruments at fair value through other comprehensive income on the basis of the facts and circumstances that existed at the date of transition to Ind AS.

- b) Since, there is no change in the functional currency of the Company, it has opted to continue with the carrying values measured

- under the previous GAAP and use that carrying value as the deemed cost for property, plant and equipment and intangible assets on the date of transition.
- c) The Company has opted to continue with the carrying values measured under the previous GAAP and use that carrying value as the deemed cost for investment in subsidiaries, associates and joint ventures on the date of transition to Ind AS.
- d) The Company has opted to continue with the accounting for exchange differences arising on long-term foreign currency monetary items, outstanding as on the transition date, as per previous GAAP. Exchange differences arising on long-term foreign currency monetary items related to acquisition of a fixed asset are capitalised and depreciated over the remaining useful life of the asset and exchange differences arising on other long-term foreign currency monetary items are accumulated in the "Foreign currency monetary translation account" and amortised over the remaining life of the concerned monetary item.
- e) Share-based payment transactions: Ind AS 101 encourages, but does not require, first time adopters to apply Ind AS 102 Share based payment to equity instruments that were granted on or before the date of transition to Ind AS. The Company has elected not to apply Ind AS 102 to awards that vested prior to 1 April 2016.
- f) Fair value measurement of financial assets or liabilities at initial recognition: The Company has not applied the provision of Ind AS 109, Financial Instruments, upon the initial recognition of the financial instruments where there is no active market.
- g) Designation of previously recognised financial instruments: The Company does not have any financial assets or liabilities as of the transition dates which were required to be designated, and which met the required criteria given in Ind AS 101, as a financial asset or financial liability at FVTPL.
- 2) Exceptions:**
The following mandatory exceptions have been applied in accordance with Ind AS 101 in preparing the financial statements:
- a) **Estimates:**
The estimates as at 1 April 2016 and 31 March 2017 are consistent with those made for the same dates in accordance with previous GAAP (after adjustment to reflect and differences if any, in accounting policies) apart from the following items where the application of previous GAAP did not require estimation:
- i. Impairment of financial assets based on the expected credit loss model; and
 - ii. Investments in equity instruments carried as FVTPL or FVTOCI.
- The estimates used by the Company to present the amounts in accordance with the Ind AS reflect conditions that existed at the date on transition to Ind AS.
- b) **De-recognition of financial assets:**
The Company has elected to apply the de-recognition requirements for financial assets and financial liabilities in Ind AS 109 prospectively for transactions occurring on or after the date of transition to Ind AS.
- c) **Classification and movement of financial assets and liabilities**
The Company has classified the financial assets and liabilities in accordance with Ind AS 109 on the basis of facts and circumstances that existed at the date on transition to Ind AS.
