NOTES:

1. A MEMBER ENTITLED TO ATTEND AND VOTE AT THE MEETING IS ENTITLED TO APPOINT A PROXY/ PROXIES TO ATTEND AND VOTE INSTEAD OF HIMSELF/HERSELF.

SUCH A PROXY/ PROXIES NEED NOT BE A MEMBER OF THE COMPANY.

A person can act as proxy on behalf of members not exceeding fifty (50) and holding in the aggregate not more than ten percent (10%) of the total share capital of the Company. The instrument of Proxy in order to be effective, should be deposited at the Registered Office of the Company, duly completed and signed, not less than 48 hours before the commencement of the meeting. A Proxy form is sent herewith. Proxies submitted on behalf of the companies, societies etc., must be supported by an appropriate resolution/authority, as applicable.

- 2. At the Thirtieth Annual General Meeting ("AGM") of the Company held on September 04, 2017 the Members approved the appointment of M/s. G. D. Singhvi & Co. Chartered Accountants, Mumbai (Firm Registration No. 11028W) as Statutory Auditors of the Company to hold office for a period of five years from the conclusion of that AGM till the conclusion of the Thirty Fifth AGM to be held in the year 2022 subject to ratification of their appointment by the Members at every AGM held thereafter. Section 139 of the Act has been amended vide the Companies (Amendment) Act, 2017 by the Ministry of Corporate Affairs on May 7, 2018 and has done away with the requirement of seeking ratification of Members for appointment of Auditors at every AGM. Accordingly, no Resolution is being proposed for ratification of appointment of Statutory Auditors at this Thirty-First AGM.
- 3. The Statement setting out material facts pursuant to section 102 of the Companies Act, 2013, which sets out details relating to item no. 3 & 4 of the Notice and the information required in respect of appointment/ re-appointment of directors as per Regulation 36 (3) of the SEBI (Listing Obligations and Disclosure Requirements), Regulations, 2015 ("SEBI Listing Regulations") and the Secretarial Standards on General Meetings of the persons seeking appointment/ re-appointment as Directors under item no. 2 & 4 are annexed hereto.
- 4. The Register of Members and the Share Transfer Books of the Company will be closed from Saturday, September 15, 2018 to Friday, September 21, 2018 both days inclusive.
- 5. Members are requested to notify immediately any change of address:
 - a. to their Depositary Participants (DPs) in respect of their electronic share accounts, and
 - to the Company's Registrar & Share Transfer Agents, Universal Capital Securities Pvt. Ltd. ("UCSPL")
 21, Shakil Niwas, Mahakali Caves Road, Andheri (East), Mumbai 400093, in respect of their physical share folios, if any, quoting their folio numbers.
- 6. Pursuant to the provisions of the Act, the dividend for the financial year 2010-11 and for subsequent years remaining unclaimed/unpaid for a period of seven years from the date they became due for payment shall be credited to the Investors' and Protection Fund setup by the Central Government. Members who have so far not claimed the dividend are requested to make claim with the Company as no claim shall lie against the fund or the Company in respect of individual amounts once credited to the said fund.

Pursuant to the provision of Section 124(6) of the Act, read with Rule 6 of the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 ("the IEPF Rules") and amendments thereto, shares on which dividend has not been paid or claimed for seven consecutive years or more shall be transferred to the demat account of the IEPF Authority except for shares in respect of which there is a specific order of Court, Tribunal or Statutory Authority restraining any transfer of the shares.

The Members/claimants whose shares, unclaimed dividend, etc. have been transferred to the Fund may claim the shares by making an application to IEPF Authority in Form IEPF-5 (available on iepf.gov.in) along with requisite fee as decided by the Authority from time to time. The Member/claimant can file only one consolidated claim in a financial year as per the IEPF Rules and amendments thereto.

- 7. Members, Proxies and Authorised Representatives are requested to bring the duly completed Attendance Slip enclosed herewith to attend the AGM.

The chemical industry is one of the most important sectors for the economic development of any country. Dyestuff sector is one of the core chemical industries in India.

The industry's higher installed capacity is a source of strength for exports. With the entry of small units in a big way and the availability of the basic organic intermediates, Indian dyestuff industry has now gained a firm footing in the export markets. The Indian dyestuff industry accounts for 6.5% of world production. This shows that India is a competent player in the world market.

Globally the dyestuffs industry has seen an impressive growth. Initially the industry's production bases were mostly in the west, but in the last few years, they have been shifting to the East.

OPPORTUNITY:

The world market for textile is growing and therefore the demand for dyes will continue to grow in future. The raw material and intermediates are easily available and most of the manufacturers located in Gujarat and Maharashtra are very close to the source of the raw material.

Most of the plants in the world today are large, but India has developed technology for small size plant too. Indigenously developed technology is capable of producing dyes with full efficiency which results in reduction of cost.

Almost a 100 dyestuff manufacturer from India are exporting various product to US, UK, Singapore, the Middle East, Japan etc which shows our products are well accepted in international market.

THREATS:

The demand for most of the dyes depends largely on the textile and the garment industry, any change in the production pattern of textile industry has an influence on the demand pattern of the individual categories of dyestuff.

The small scale manufacturers forced the organized manufacturers to scale down their price of H-Acid. Indiscriminate production of H-Acid led to its being sold at a lower price in the international market.

The factors restraining the growth of colorants market are raw material price volatility, its global over-capacity, and environmental concerns.

SEGMENT-WISE OR PRODUCT-WISE PERFOMANCE:

Since the company operates mainly in single product which is DYE Intermediate - H-Acid (1-Amino, 8-Napthol, 3-6 Disulphonic acid), therefore the financial performance is related to that product.

OUTLOOK:

The product of the company is an Intermediate for the dyestuff which is used in Reactive Dyes, Acid Dyes and Direct Dyes. India is competent enough to manufacture all types of dyes which are in good demand in the world today.

RISKS & CONCERNS:

The industry also faces several challenges on the environmental front, as the company is falling under red category, any stringent norms fixed by the regulators may affect the working of the company.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:

The company has appropriate and adequate internal control system for its business processes at all sites with regards to efficiency of operation, accurate and prompt financial reporting, compliance with applicable law and regulations etc. The company continues to regularly evaluate and strengthen its Internal Control Systems to commensurate with its size and the nature of the business.

ANNEXURE TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON FINANCIAL STATEMENTS OF SHREE HARI CHEMICALS EXPORT LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of SHREE HARI CHEMICALS EXPORT LIMITED ("the Company") as of March 31, 2018 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India".

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit

preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company, has in all other material respects has, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

1. SIGNIFICANT ACCOUNTING POLICIES:

Company Overview

Shree Hari Chemicals Export Limited (the Company) is a Public Limited Company domiciled in India and is listed on the Bombay Stock Exchange (BSE). The Company was incorporated in 1987. The company is leading manufacturer of H-Acid. It has its manufacturing facility at Mahad, Raigad District of Maharashtra, India. Through Innovation, dedication & customer satisfaction, company had succeeded in developing customers worldwide.

a) Basis of Preparation of Financial Statements:-

These financial statements have been prepared in compliance with Indian Accounting Standards (Ind-AS) notified under the Companies (Indian Accounting Standards) Rules, 2015, on the accrual basis. These Financial Statements are the Company's first Ind AS Financial Statements and as covered by Ind AS 101, 'First-time adoption of Indian Accounting Standards'. For all periods up to and including the year ended March 31, 2015, the Company has prepared its Financial Statements in accordance with Indian GAAP, including accounting standards (AS) notified under the Companies (Accounting Standards) Rules, 2006 (as amended), which is considered as "Previous GAAP". An explanation of how the transition to Ind-AS has affected the Company's equity and its net profits is provided in Note No 29.25.

b) Use of Estimates:-

The preparation of Financial Statements in accordance with Ind - AS requires use of estimates and assumptions for some items, which might have an effect on their recognition and measurement in the Balance Sheet and Statement of Profit and Loss. The actual amounts realized may differ from these estimates. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as the management becomes aware of changes in circumstances surrounding the estimates. Differences between the actual results and estimates are recognized in the period in which the results are known / materialized and, if material, their effects are disclosed in the notes to the Financial Statements.

Estimates and Assumptions are required in particular for:

i. Determination of the estimated useful life of tangible assets and the assessment as to which components of the cost may be capitalized. Useful life of tangible assets is based on the life prescribed in Schedule II of the Companies Act, 2013. In cases, where the useful life is different from that prescribed in Schedule II, it is based on technical advice, taking into account the nature of the asset, estimated usage and operating conditions of the asset, past history of replacement and maintenance support. Assumptions also need to be made, when the Company assesses, whether an asset may be capitalized and which components of the cost of the asset may be capitalized.

ii. Recognition and measurement of defined benefit obligations:

The obligation arising from the defined benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, trends in salary escalation and vested future benefits and life expectancy. The discount rate is determined with reference to market yields at the end of the reporting period on the government bonds. The period to maturity of the underlying bonds correspond to the probable maturity of the post-employment benefit obligations.

iii. Recognition of deferred tax assets:

A Deferred tax asset is recognized for all the deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilized. The management assumes that taxable profits will be available while recognizing deferred tax assets

iv. Discounting of financial liabilities:

All financial liabilities are required to be measured at fair value on initial recognition. In case of financial liabilities, which are required to be subsequently measured at amortized cost, interest is accrued using the effective interest method.

c) Property, Plant and Equipments:

- i. The Company has measured all of its plant and Equipments and freehold land at fair value at the date of transition to Ind - AS. The Company has elected these value as deemed cost at the transition date. All other property, plant and equipments have been carried at value in accordance with the previous GAAP.
- ii. Property, plant and equipments are stated at cost net of cenvat / value added tax less accumulated depreciation and impairment loss, if any.

All the direct costs, expenditure during the project construction period (net of income) are specifically attributable to construction/acquisition of fixed assets and advances against capital expenditure are shown as Capital Work in progress until the relevant assets are ready for its intended use.

d) Depreciation:-

Depreciation on Fixed Assets has been provided as per the Written Down Value (WDV) of depreciation based on the useful life of the assets prescribed under Schedule II to the Companies Act, 2013 with exception of Effluent Treatment Plant which is depreciated over 8 years.

e) Revenue Recognition:-

Sale of Goods:

Revenue from sales of goods is recognized when all the significant risks and rewards of ownership in the goods are transferred to the buyer as per contract, the Company retains no effective control of the goods transferred to a degree usually associated with ownership and no significant uncertainty exist regarding the amount of consideration that will be derived from the sale of goods. Sales are recognized net of Trade Discount, Value Added Tax, CST, Excise Duty and GST.

Other Income:

Interest income is recognized on time proportion basis taking into account the amount outstanding and rate applicable.

Dividend income is recognized when the right to receive the payment is established on the Balance Sheet date.

Income from export incentive such as duty drawback is recognized on accrual basis.

f) Fair Value Measurement:

Fair value is the price that would be received to sell an asset or settle a liability in an ordinary transaction between market participants at the measurement date. The fair value of an asset or a liability is measured using the assumption that market participants would use when pricing an asset or liability acting in their best economic interest. The Company used valuation techniques, which were appropriate in circumstances and for which sufficient data were available considering the expected loss/ profit in case of financial assets or liabilities.

g) Inventories:

Inventories including raw materials, work-in-progress and stores are valued at cost and that of finished goods are valued at the lower of cost (on Avg. Cost basis) and the net realizable value after providing for obsolescence and other losses, where considered necessary except for by-product, which is valued at estimated net realizable value . Cost includes all charges in bringing the goods to the point of sale, including tax (non-refundable), levies, transit insurance, and receiving charges. Work-in-progress and finished goods include material cost, appropriate proportion of overhead.

h) Foreign Currency Transactions:

Transactions denominated in foreign currencies are normally recorded at the exchange rate prevailing on the date of the transaction or that approximates the actual rate at the date of the transaction.

Monetary items denominated in foreign currencies remaining unsettled at the year- end are restated at the exchange rate prevailing at end of the year. Non-monetary foreign currency items are carried at cost. Any income or expense on account of exchange difference either on settlement or on restatement is recognized in the Statement of Profit and Loss.

i) Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets:

i. Classification:

The Company classifies financial assets as subsequently measured at amortized cost, fair value through other comprehensive income or fair value through profit or loss on the basis of its business model for managing the financial assets and the contractual cash flows characteristics of the financial asset.

ii. Initial recognition and measurement:

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

iii. Financial Assets measured at amortized cost:

Financial assets are measured at amortised cost when asset is held within a business model, whose objective is to hold assets for collecting contractual cash flows and contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest. Such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. The losses arising from impairment are recognised in the Statement of profit and loss. This category generally applies to trade and other receivables.

iv. Financial Assets measured at fair value through other comprehensive income (FVTOCI):

Financial assets under this category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income.

v. Financial Assets measured at fair value through profit or loss (FVTPL):

Financial assets under this category are measured initially as well as at each reporting date at fair value with all changes recognised in profit or loss.

vi. Investment in Equity Instruments:

Equity instruments which are held for trading are classified as at FVTPL. All other equity instruments are classified as FVTOCI. Fair value changes on the instrument, excluding dividends, are recognised in the other comprehensive income. There is no recycling of the amounts from other comprehensive income to profit or loss.

vii. De-recognition of Financial Assets:

A financial asset is primarily derecognised when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

viii. Impairment of Financial Assets:

In accordance with Ind - AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the financial assets that are debt instruments and trade receivables.

Financial Liabilities:

i. Classification:

The Company classifies all financial liabilities as subsequently measured at amortised cost, except for financial liabilities at fair value through profit or loss. Such liabilities, including derivatives that are liabilities, shall be subsequently measured at fair value.

ii. Initial recognition and measurement:

All financial liabilities are recognised initially at fair value, in the case of loans, borrowings and payables, net of directly attributable transaction costs. Financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

iii. Subsequent measurement:

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading, if they are incurred for the purpose of repurchasing in the near term.

iv. Loans and Borrowings:

Interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through EIR amortisation process.

v. De-recognition of Financial Liabilities:

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

j) Impairment of Assets:

The Company has a system to review the carrying values of assets / cash generating units at each Balance Sheet date. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognized, if the carrying amount of these assets exceeds their recoverable amount.

k) Defined Benefit Plans:

The cost of the defined benefit gratuity plan and other post-employment benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The mortality rate is based on publicly available mortality tables for the specific countries. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates in India. Further details about gratuity obligations are given in Note No. 29.19.

1) Borrowing cost:

Borrowing Cost that is directly attributable to the acquisition or construction of qualifying assets is capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. Other borrowing cost is recognized as expenses in the period in which they are incurred.

m) Provision for Current Tax and Deferred Tax:

Income Tax expenses comprises of current tax and deferred tax charge or credit. It is recognized in statement of profit and loss except to the extent that it relates to a business combination, or items recognized directly in equity or in other comprehensive income.

i. Current Tax

Current tax comprises of the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of the previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Company:

- · has a legally enforceable right to set off the recognized amounts; and
- intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously

ii. Deferred tax

Deferred tax is recognized for the future tax consequences of deductable temporary differences between the carrying values of assets and liabilities and their respective tax bases at the reporting date, using the tax rates and laws that are enacted or substantively enacted as on reporting date. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses and credits can be utilized. Deferred tax relating to items recognized in other comprehensive income and directly in equity is recognized in correlation to the underlying transaction.

Deferred tax assets and liabilities are offset only if:

- · entity has a legally enforceable right to set off current tax assets against current tax liabilities;
- deferred tax assets and the deferred tax liabilities relate to the income taxes levied by the same taxation authority.

n) Provision for Doubtful Debts and Loans and Advances:

Provision is made in the accounts for doubtful debts, loans and advances in cases where the management considers the debts, loans and advances to be doubtful of recovery.

o) Provisions, Contingent Liabilities and Contingent Assets:

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent liabilities are not recognized but are disclosed in the notes. Contingent Assets are neither recognized nor disclosed in the financial statements.

p) Earnings Per Share:

Basic Earnings Per Share is calculated by dividing the net profit for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

29.21 Financial risk management objectives and policies

"The company's financial liabilities comprise trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations and to provide guarantees to support its operations. The Company's principal financial assets include trade receivables, loans, security deposits, cash and cash equivalents and other financial assets that derive directly from its operations. "The Company is exposed to market risk, credit risk and liquidity risk. The Company's management oversees the management of these risks based on approved policies. The Company seeks to minimise the effects of these risks by using derivative financial instruments to hedge risk exposures. The Company does not enter into or trade financial instruments, including derivative financial instruments, for a speculative purposes. The Board of Directors reviews and agrees policies for managing each of these risks which are summarized below:"

(a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. The financial instruments affected by market risk are investments and foreign currency transactions and exposures."

Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in a foreign currency). The company is of the view that they dont have any major foreign currency exposure and no hedging is been done.

Commodity Price Risk

The Company is affected by the price volatility of certain commodities. Its operating activities require the on-going purchase or continuous supply of chemicals. Therefore the Company monitors its purchases closely to optimise the price.

(b) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including loans, security deposits, deposits with banks and other financial instruments.

"Trade Receivables" Customer credit risk is managed by each business unit subject to the Company's established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored. An impairment analysis is performed at each reporting date on an individual basis for major clients."

Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Company's management. Investments of surplus funds are made only with approved authorities. Credit limits of all authorities are reviewed by the Management on regular basis.

c) Liquidity Risk

The Company continuously monitors its risk of a shortage of funds. The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts, Letter of Credit and working capital limits.

29.22 Capital Management

For the purpose of the Company's capital management, capital includes issued equity share capital and all other equity reserves attributable to the equity holders. The primary objective of the Company's capital management is to maximise the shareholder value. ""The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company includes within net debt, long-term loans and borrowings less cash and cash equivalents."

For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to safeguard continuity, maintain a strong credit rating and healthy capital ratios in order to support its business and provide adequate return to shareholders through continuing growth.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The funding requirement is met through a mixture of equity, internal accruals and short term borrowings. In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements.

29.23 Fair values

Set out below, is a comparison by class of the carrying amounts and fair value of the Company's financial instruments, other than those with carrying amounts that are reasonable approximations of fair values:-

Bank Overdraft	17	-	-	3,430,188	-	-	3,430,188	

The management assessed that the fair value of cash and cash equivalents, other bank balances, trade receivables, trade payables, other payables and other financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

Security deposits - The above deposits are given to government authorities where refundable time period is not defined/ not available. Therefore the carrying value and the fair value is considered same.

Loans from banks and financial institution - The carrying value and fair value of the borrowings has been considered the same since the interest rate approximates its fair value.

29.24 Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about

the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

"All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:"

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities" Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable"-

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable ""

Specific valuation techniques used to value financial instruments include:

- (i) the use of quoted market prices or dealer quotes for similar instruments
- (ii) the fair value of the remaining financial instruments is determined using discounted cash flow analysis.

29.25 First time adoption of IND AS

"These financial statements, for the year ended March 31, 2018, are the first the Company has prepared in accordance with Ind AS. For periods up to and including the year ended March 31, 2017, the Company prepared its financial statements in accordance with Previous GAAP or Indian GAAP. Accordingly, the Company has prepared financial statements which comply with Ind AS applicable as at and for the year ended March 31, 2018, together with the comparative period data as at and for the year ended March 31, 2017, as described in the summary of significant accounting policies. In preparing these financial statements, the Company's opening balance sheet was prepared as at April 1, 2016, the Company's date of transition to Ind AS. This note explains the principal adjustments made by the Company in restating its Previous GAAP or Indian GAAP financial statements, including the opening balance sheet as at April 1, 2016 and the financial statements as at and for the year ended March 31, 2017. "An explanation of how the transition from previous GAAP to Ind AS has affected the company's financial position, financial performance and cash flows is set out in the following tables and notes."

A. Exemptions and exceptions availed

Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to Ind AS.

1. Ind AS optional exemptions

(a) Deemed cost"Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition after making necessary adjustments for de-commissioning liabilities. "Accordingly, the Company has elected to measure all of the mentioned assets at their previous GAAP carrying value."

2. Ind AS mandatory exceptions

(a) Estimates "An entity's estimates in accordance with Ind ASs at the date of transition to Ind AS shall be consistent with the estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error. Errors in previous GAAP estimates are disclosed in there rconciliation between previous GAAP and Ind AS given below. "Other than the specified errors, Ind AS estimates as at April 1, 2016 and March 31, 2017 are consistent with the estimates as at the same date made in conformity with previous GAAP.""

(b) Classification and measurement of financial assets "Ind AS 101 requires an entity to assess classification and measurement of financial assets into amortised cost or FVTOCI or FVTPL on the basis of the facts and circumstances that exist at the date of transition to Ind AS, if retrospective application is impracticable. "Accordingly, the Company has determined the classification and measurement of financial assets into amortised cost or FVTOCI or FVTPL based on the facts and circumstances that exist on the date of transition."

Footnotes to first time adoption of Ind AS

(1) Investments

Under Indian GAAP, current investments were measured at cost or market value whichever is lower and non-current investments were measured at cost less permanent diminution in value. Under Ind AS, the Company has fair valued such investments and designated them as fair value through profit and loss (FVTPL). This increased other reserves by Rs. 30,79,424 as at March 31st, 2107 (April 1, 2016 Rs. 34,54,591).

(2) Proposed Dividend

Under IGAAP, dividends proposed by the Board of Directors after the Balance Sheet date, but before the approval of the Financial Statements were considered as adjusting events. Accordingly, provision for proposed dividend was recognised as a liability. Under Ind AS, such dividends are recognised when the same is approved by the Shareholders in the General Meeting. Accordingly, the liability for proposed dividend (including dividend distribution tax) of Rs. 53,51,478 as at March 31, 2017 (April 01, 2016: Rs. 53,51,478) included under current provisions has been reversed with corresponding adjustment to Retained earnings. Consequently, the total equity has increased by an equivalent amount.

(3) Deferred tax

Under Indian GAAP, deferred taxes were recognized using the income statement approach, which focuses on differences between taxable profits and accounting profits for the period. Ind AS 12 requires entities to account for deferred taxes using the balance sheet approach, which focuses on temporary differences between the carrying amount of an asset or liability in the balance sheet and its tax base. In addition, the various transitional adjustments has led to temporary differences. Accordingly, Company has accounted for deferred tax on such differences in retained earnings and other comprehensive income.
