Annual Report 2017 – 18

FORWARD LOOKING STATEMENT

In this Annual Report, we have disclosed forward-looking information to enable investors to comprehend our prospects and take investment decisions. This report and other statements - written and oral – that we periodically make contain forward-looking statements that set out anticipated results based on the management's plans and assumptions. We have tried wherever possible to identify such statements by using words such as 'anticipate', 'estimate', 'expects', 'projects', 'intends', 'plans', 'believes', and words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward-looking statements will be realized, although we believe we have been prudent in assumptions. The achievements of results are subject to risks, uncertainties, and even inaccurate assumptions. Should known or unknown risks or uncertainties materialize, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated, or projected. Readers should keep this in mind. We undertake no obligation to publicly update any forward looking statements, whether as a result of new information, future events or otherwise.

DEAR FRIENDS,

At SVA, we often talk at length about our unsurpassed growth strategy and how we are sustaining that growth momentum. But we seldom ask ourselves one simple, but fundamental question: 'Is there any deeper purpose behind this strategy? Any definite plan of which, multi-sectoral growth is just the outward expression or affirmation?' I would like to take this opportunity to answer this question unambiguously; so that you can understand our priorities better and see our road ahead clearer. From a very modest beginning, we have reached a stage in our corporate existence, when we cannot be just identified as a manufacturer of zinc oxide. We have not restricted our vision in the domain of zinc oxide or in trading of stocks and shares for that matter. We have reinforced our footprint in altogether new segment of tea and tea products, and even foraying into the hotels and retail sector of the Company's brand product "BASILUR TEA" and new brand product "AUSSEE OATS" at Sri Lanka with the main object to manufacture Oats and Muesli based food products for local and export market. The purpose is not just enhanced visibility, but to understand global market forces better and to create products and solutions that fulfil the needs of today and tomorrow in line with evolving socio-economic scenario. Effective innovation has always been our motto.

Although the sharp increase in prices of raw materials has dragged down the profits figures but it has not affected the Company's potential to keep on growing. In a post-recessionary global economy our deep-rooted belief that companies today must harmonize performance with social commitment — is resonating more than ever before. This has important implications for different stakeholders: for consumers and shareowners this translates into creating enhanced value, both economic and social, through trusted brands; for governments and the general public, it translates into responsibility. All businesses have a responsibility to the communities in which they operate, to the consumers they serve and to the planet whose resources they use.

ENVIRONMENT AND SOCIAL RESPONSIBILITY

Environment protection and social responsibility are deeply ingrained in our corporate credo. SLCL's concern for the environment is reflected in the following initiatives: in-campus greening; encouraging judicious use of natural resources; recycling; pollution control to ensure clean air and water; and reduction of landfill wastes. We have also Developed 30 acres of land for organic product development. We ensure healthy working environment and proper housing and medical facilities for our people. We adhere to strict lab our compliance to all working conditions and benefits as directed under Indian Labour laws.

PARTING THOUGHTS

At SVA, we believe what's right for society is right for business. It is a belief to which we are deeply committed. Businesses cannot create supreme value locally or globally without an underpinning of integrity and responsibility. We will continue to chart our future course of action based on this fundamental value system, seeking the encouragement and support of all stakeholders. Finally, I would like to put on record my sincere appreciation towards all the stakeholders, be it bankers, shareholders, customers, suppliers and the employees for the continuing faith and confidence that they have reposed in us. We are confident that with their continued support, cooperation and guidance the Company will excel to achieve new landmarks in future.

Warm Regards,

Ranjana Gupta

CORPORATE GOVERNANCE REPORT

Board of Directors

The Board has an optimum combination of Executive and Non-Executive Directors as per the Corporate Governance requirements. The Board of Directors of the Company consists of eminent persons with considerable professional expertise and experience in business, industry, finance, management etc. As on March 31, 2018, the Company has four Directors.

Company's philosophy on code of Corporate Governance

Company believes that corporate governance is about creating outperforming Organization, i.e. Organization that consistently succeed in the market place against competition and thereby enhance the value of all its stakeholders. SVA's philosophy on code of good Corporate Governance is to:

- a. Comply with all statutory regulations
- b. Maintain steady growth
- c. Ensure responsibility and accountability
- d. Maintain a sound system of management control
- e. Maintain transparency with professionalism
- f. Ensure benefits to all stakeholders and creation of shareholders wealth

In the process of achieving corporate goals, the Company has always been taking the spirit of various legislations as guiding principles and has done well beyond simple statutory compliance by instituting such systems and procedures as required to make the management completely transparent and institutionally sound. This is the continuous process in the Company, to improve upon the past experience.

Board of Directors

a. Board consists of four members. The composition and category of Directors on Board of the Company are as follows:

- | | | | |
|----|--------------------|---|---|
| 1. | Mrs. Ranjana Gupta | - | <i>Chairperson cum Non - Executive Director</i> |
| 2. | Mr. Raghav Gupta | - | <i>Whole Time Director</i> |
| 3. | Mr. Arun Agarwal | - | <i>Independent Director</i> |
| 4. | Mr. Aadesh Jain | - | <i>Independent Director</i> |

b. Board Meetings

The Board meets at regular intervals to discuss and decide on Company / business policy and strategy apart from other Board business. The Board / Committee Meetings are pre-scheduled and a tentative annual calendar of the Board and Committee Meetings is circulated to the Directors well in advance to facilitate them to plan their schedule and to ensure meaningful participation in the meetings. However, in case of a special and urgent business need, the Board's approval is taken by passing resolutions by circulation, as permitted by law, which is noted and confirmed in the subsequent Board meeting.

The Board held eight meetings during the Financial Year 2017-18. The Board Meetings were held on April 26, 2017, May 27, 2017, August 10, 2017, November 13, 2017, February 7, 2018, February 13, 2018, March 20, 2018 and March 28, 2018. The maximum time gap between any two meetings was not more than 120 days.

During the financial year ended on 31st March, 2018 none of the Director was disqualified under section 164(2) of the Companies Act, 2013. The directors of the company have given disclosure to abide by the code of conduct applicable to them.

The Company's guidelines relating to Board meetings are applicable to Committee meetings. None of the director is a member in more than 10 committees and a chairman in more than 5 committees.

The category of each Director, together with his attendance at Board Meetings, the number of his Directorships and memberships of the SEBI-designated Board Committees of other companies as well as his holding in the Company, as on 31st March, 2018, is given below:

Name of Directors	Category of Director	No. of BM attended out of 8 meetings held	No. of Directorship		Membership of mandatory Board Committees		No. of Ordinary shares held

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

A.) Overview

The following operating and financial review is intended to convey the Management's perspective on the financial and operating performance of the Company at the end of Financial Year 2017-18. This report should be read in conjunction with the Company's financial statements, the schedules and notes thereto and the other information included elsewhere in the Integrated Report. The Company's financial statements have been prepared in compliance with the requirements of the Companies Act, 2013, the guidelines issued by the Securities and Exchange Board of India (SEBI) and the Generally Accepted Accounting Principles (GAAP) in India.

This report is an integral part of the Directors' Report. Aspects on industry structure and developments, opportunities and threats, outlook, risks and concerns, internal control systems and their adequacy have been covered in the Directors' Report.

B.) Risk and Risk Management:

1. Foreign Exchange

The Company is exposed to risk from market fluctuations of Foreign Exchange. We try to minimize the risk of Foreign Exchange fluctuation by entering into forward contracts immediately on booking the export orders.

2. Commodity Price Risk

To take care of commodities price risk, export orders are immediately tied up with suppliers for procurement. However, this risk cannot be eliminated in case of imports because there is a time lag between the date of placing order and receiving delivery. Further, for the sake of economy, size of import contracts is too big to achieve back to back tie up with local buyers.

3. Risk elements in Business Transactions

The buyers and suppliers are selected after due diligence. Advance of 10-20% from overseas buyers, irrevocable letters of credit, payment at sight documents, ECGC cover, etc. are obtained, wherever considered necessary. As regards domestic trade delivery is released on receipt of full payment.

4. Physical risk to cargo

All our warehouses are adequately insured. For imports on CIF basis the supplier obtains insurance cover and for import on C & F basis insurance cover is obtained by the Company. For export shipments made on C & F basis, insurance is covered by the buyer and in case of orders on CIF basis, insurance is obtained by the Company. Warehouse to Warehouse insurance cover is obtained for domestic trade.

C.) Internal Controls and their adequacy

The Company has well structured internal control mechanisms and internal Audit is headed by senior executive which reviews all transactions independently on continuous basis. Internal Audit Department regularly briefs the management and necessary steps are taken wherever, necessary.

D.) Quality Control

The Company maintains high standards of quality. For exports before shipment and for imports on receipt of shipment the cargo is inspected for quality by company's field staff, brokers' representatives and by reputed quality testing equipments viz., moisture testing machine, electronic weight machines, scales, caliper and any other instruments to test various commodities. Services of recognized reputed laboratories are also hired whenever necessary. This has enabled the Company to earn reputation, attract and retain clients.

E.) Human Resource / Industrial Relations

The Company provides a challenging, open and satisfying work environment to its employees. Necessary steps are taken for boosting their motivation and active involvement in the organization. The Company also encourages its employees to continuously upgrade and improve their skills and qualifications.

F.) Material Financial and Commercial Transactions

There are no material financial and commercial transactions

INDEPENDENT AUDITOR'S REPORT ON CONSOLIDATED FINANCIAL STATEMENTS

To the Members of SVA India Limited

Report on the Consolidated Ind AS Financial Statements

We have audited the accompanying Consolidated Ind AS financial statements SVA India Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2018, the Statement of Profit and Loss, including the Statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Consolidated Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these Consolidated Ind AS financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under. We conducted our audit of the Consolidated Ind AS financial statements in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Consolidated Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Consolidated Ind AS financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Consolidated Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2018, its loss including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The Balance Sheet, Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid Consolidated Ind AS financial statements comply with the Accounting Standards specified under section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
 - (e) On the basis of written representations received from the directors as on March 31, 2018, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2018, from being appointed as a director in terms of section 164 (2) of the Act;
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;

(g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. The Company has disclosed the impact of pending litigations on its financial position in its Consolidated Ind AS financial statements

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE 2 REFERRED TO IN PARAGRAPH 2(f) UNDER THE HEADING “REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS” OF OUR REPORT OF EVEN DATE

Re: SVA India Limited (‘the Company’)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of SVA India Limited (“the Company”) as of March 31, 2018 in conjunction with our audit of the consolidated financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

SIGNIFICANT ACCOUNTING POLICIES

1. NATURE OF OPERATIONS

SVA India Limited (the 'Company' or 'ORL'), a public limited company is incorporated under provisions of the Companies Act applicable in India. The Company is engaged primarily in the business of real estate development and hospitality.

The Company is headquartered in Mumbai, India. The shares of the Company are listed on the BSE Limited. Its registered office is situated at 162-C Mittal Tower, Nariman Point Mumbai-400 021.

The financial statements for the year ended March 31, 2018 were authorized and approved for issue by the Board of Directors on May 30th, 2018.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation

The standalone financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) as notified under section 133 of the Companies Act read with the Companies (Indian Accounting Standards) Rules 2015 (as amended).

The financial statements have been prepared on a historical cost basis, except for certain financial instruments which are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

The financial statements are presented in Indian Rupee (“INR”) and all values are rounded to the nearest INR Lakh, except when otherwise indicated.

2.2 Current / non-current classification

The Company as required by Ind AS 1 presents assets and liabilities in the Balance Sheet based on current / non- current classification.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The Company’s normal operating cycle in respect of operations relating to the construction of real estate projects may vary from project to project depending upon the size of the project, type of development, project complexities and related approvals. Operating cycle for all completed projects and hospitality business is based on 12 months period. Assets and liabilities have been classified into current and non-current based on their respective operating cycle.

2.3 Foreign currencies

Initial recognition

Foreign currency transactions are recorded in the functional currency (Indian Rupee) by applying to the foreign currency amount, the exchange rate between the functional currency and the foreign currency on the date of the transaction.

Conversion

All monetary items outstanding at year end denominated in foreign currency are converted into Indian Rupees at the reporting date exchange rate. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

Exchange differences

The exchange differences arising on such conversion and on settlement of the transactions are recognized in the Statement of Profit and Loss.

2.4 Property, plant and equipments (PPE)

Recognition and initial measurement

Property, plant and equipments are stated at cost less accumulated depreciation / amortization and impairment losses, if any.

Cost comprises the purchase price and any attributable / allocable cost of bringing the asset to its working condition for its intended use. The cost also includes direct cost and other related incidental expenses. Revenue earned, if any, during trial run of assets is adjusted against cost of the assets. Cost also includes the cost of replacing part of the plant and equipments.

Borrowing costs relating to acquisition / construction / development of tangible assets, which takes substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.

When significant components of property and equipments are required to be replaced at intervals, recognition is made for such replacement of components as individual assets with specific useful life and depreciation, if these components are initially recognized as separate asset. All other repair and maintenance costs are recognized in the Statement of Profit and Loss as incurred.

Subsequent measurement (depreciation and useful lives)

Depreciation is provided from the date the assets are put to use, on straight line basis as per the useful life of the assets as prescribed under Part C of Schedule II of the Companies Act, 2013.

OFFICE EQUIPMENT	5 YEARS
MOTOR CAR	6 YEARS
FURNITURE AND FIXTURES	10 YEARS
COMPUTER	3 YEARS
AIR CONDITIONER	5 YEARS
Office equipments*	5 Years
OFFICE AT VADGADI	30 Years
RESIDENTIAL FLAT	30 Years

Depreciation method, useful life and residual value are reviewed periodically.

Leasehold land and improvements are amortized on the basis of duration and other terms of lease.

The carrying amount of PPE is reviewed periodically for impairment based on internal / external factors. An impairment loss is recognized wherever the carrying amount of assets

exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use.

De-recognition

PPE are derecognized either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in the Statement of Profit and Loss in the period of de-recognition.

2.6 Finance income

Finance income is recognized as it accrues using the Effective Interest Rate (EIR) method. Finance income is included in other income in the Statement of Profit and Loss.

2.8.5 Dividend income

Revenue is recognized when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

2.8.6 Other income

Other incomes are accounted on accrual basis, except interest on delayed payment by debtors and liquidated damages which are accounted on acceptance of the Company's claim.

2.10 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

EIR is the rate that exactly discounts the estimated future cash receipts or payments over the expected life of the financial instruments or a shorter period, where appropriate, to the net carrying amount of the financial asset or liability.

2.10.1 Financial assets

Initial measurement

Financial assets are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial assets are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets (other than financial assets at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset.

Subsequent measurement

(i) Financial assets at amortized cost

Financial assets are measured at the amortized cost, if both of the following criteria are met:

- a. These assets are held within a business model whose objective is to hold assets for collecting contractual cash flows; and
- b. Contractual terms of the asset give rise on specified dates to cash flows that are SPPI on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the EIR method. The EIR amortization is included in other income in the Statement of Profit and Loss. The losses arising from impairment are recognized in the Statement of Profit and Loss.

(ii) Financial assets at fair value through other comprehensive income (FVTOCI)

Financial assets are classified as FVTOCI if both of the following criteria are met:

- a. These assets are held within a business model whose objective is achieved both by collecting contractual cash flows and selling the financial assets; and
- b. Contractual terms of the asset give rise on specified dates to cash flows that are SPPI on the principal amount outstanding.

Fair value movements are recognized in the Other Comprehensive Income (OCI). On de-recognition of the asset, cumulative gain or loss previously recognized in OCI is reclassified from the equity to the Statement of Profit and Loss.

(iii) Financial assets at fair value through profit or loss (FVTPL)

Any financial assets, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, are classified as at FVTPL. Gain or losses are recognized in the Statement of Profit and Loss.

(iv) Equity instruments

Equity instruments which are held for trading and contingent consideration recognized by an acquirer in a business combination are classified as FVTPL, and measured at fair value with all changes recognized in the Statement of Profit and Loss.

Impairment of financial assets

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- a. Trade receivables; and
- b. All lease receivables resulting from transactions within the scope of Ind AS 17.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime Expected Credit Loss (ECL) at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the Company reverts to recognizing impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all cash shortfalls), discounted at the original EIR.

2.10.2 Financial liabilities

Initial measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings and financial guarantee contracts.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the Statement of Profit and Loss.

Intercompany loans not repayable on demand are discounted to its present value using incremental borrowing rate applicable to the borrower entity. The difference between the carrying value of the loan and its present value is accounted based on the relationship with the borrower for e.g. in case of subsidiary, the difference is shown as further equity infusion in the subsidiary. The unwinding of discount from the date of loan to the transition date is shown as an income and recognized in "Retained Earnings" of the Lender.

2.12 Cash and cash equivalents

Cash and cash equivalent in the Balance Sheet comprise cash at banks and on hand, demand deposit and short- term deposits, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above.

The amendments to Ind AS 7 require entities to provide disclosure of changes in their liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes (such as foreign exchange gains or losses). The Company has provided the information for both the current and the comparative period in Cash Flow Statement.

2.13 Income taxes

2.13.1 Current income tax

Current income tax are measured at the amount expected to be paid to the taxation authorities using the tax rates and tax laws that are in force at the reporting date.

Current income tax relating to items recognized outside the Statement of Profit and Loss is recognized outside the Statement of Profit and Loss (either in other comprehensive income or in equity). Current tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity.

The Company offsets current tax assets and current tax liabilities where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the assets and settle the liability simultaneously.

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

2.13.2 Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognized for all taxable temporary differences, except:

(i) When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

(ii) In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary

differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

Deferred tax relating to items recognized outside the Statement of Profit and Loss is recognized outside the Statement of Profit and Loss. Such deferred tax items are recognized in correlation to the underlying transaction either in other comprehensive income or directly in equity.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Minimum Alternate Tax ('MAT') credit is recognized as deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which the Company recognizes MAT credit as an asset in accordance with Ind AS 12, the said asset is created by way of credit to the Statement of Profit and Loss and shown as "Deferred Tax". The Company reviews the MAT Credit asset at each reporting date and reduces to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the MAT to be utilized.

2.14 Impairment of non-financial assets

The carrying amounts of assets are reviewed at each reporting date if there is any indication of impairment based on internal / external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's fair value less cost of disposals and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Fair value is the price that would be received to sell an asset or paid to transfer a liability in orderly transaction between market participants at the measurement date. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for the Company Cash Generating Unit's (CGU) to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year.

Impairment losses are recognized in the Statement of Profit & Loss in expense categories.

An assessment is made at each reporting date as to whether there is any indication that previously recognized impairment losses may no longer exist or may have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognized impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognized. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years.

2.15 Inventories

2.15.1 Construction materials and consumables

The construction materials and consumables are valued at lower of cost or net realizable value. The construction materials and consumables purchased for construction work, issued to construction are treated as consumed.

2.17 Provisions and contingent liabilities

(i) A provision is recognized when:

- The Company has a present obligation (legal or constructive) as a result of a past event;
- It is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and
- A reliable estimate can be made of the amount of the obligation.
- If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

(ii) A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably may not, require an outflow of resources. A contingent liability also arises in extreme cases where there is a probable liability that cannot be recognized because it cannot be measured reliably.

(iii) Where there is a possible obligation or a present obligation such that the likelihood of outflow of resources is remote, no provision or disclosure is made.

2.19 Segment reporting

Based on the “management approach” as defined in Ind AS 108 – Operating Segments, the Chairman and Managing Director / Chief Financial Officer evaluates the Company’s performance based on an analysis of various performance indicators by operating segment. Segment revenue and expense include amounts which can be directly attributable to the segment and allocable on reasonable basis. Segment assets and liabilities are assets / liabilities which are directly attributable to the segment or can be allocated on a reasonable basis. Income/ expenses / assets / liabilities relating to the enterprise as a whole and not allocable on a reasonable basis to business segments are reflected as unallocated income / expenses / assets / liabilities.

2.20 Employee benefits

2.20.1 Defined contribution plans

Retirement benefits in the form of contribution to provident fund and pension fund are charged to the Statement of Profit and Loss.

2.20.2 Defined benefit plans

Gratuity is in the nature of a defined benefit plan.

Provision for gratuity is calculated on the basis of actuarial valuations carried out at reporting date and is charged to the Statement of Profit and Loss. The actuarial valuation is computed using the projected unit credit method.

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the Balance Sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

2.21 Earnings per share

Basic earnings per share is calculated by dividing the net profit / (loss) for the year attributable to equity shareholders (after deducting preference dividends and attributable taxes) by weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit / (loss) for the year attributable to equity shareholders and the weighted average numbers of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

3. USE OF JUDGMENTS AND ESTIMATES

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the reported amounts of assets, liabilities, income, expenses and disclosures of contingent assets and liabilities at the reporting date. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods.

Estimates and underlying assumptions are reviewed at each reporting date. Any revision to accounting estimates and assumptions are recognized prospectively i.e. recognized in the period in which the estimate is revised and future periods affected.

3.1 Significant management judgments

The following are significant management judgments in applying the accounting policies of the Company that have a significant effect on the financial statements.

3.1.1 Revenue recognition of premises

Revenue is recognized using the percentage of completion method as construction progresses. The percentage of completion is estimated by reference to the stage of the projects determined based on the proportion of costs incurred to date and the total estimated costs to complete.

3.1.4 Recognition of deferred tax assets

The extent to which deferred tax assets can be recognized is based on the transfer of significant risks and rewards to the buyer and certainty of receipt of amount from such buyer.

In addition, significant judgement is required in assessing the impact of any legal or economic limits or uncertainties in tax jurisdictions.

3.2 Estimates and assumptions

3.2.1 Classification of assets and liabilities into current and non-current

The management classifies the assets and liabilities into current and non-current categories based on the operating cycle of the respective business / projects.

3.2.2 Impairment of assets

In assessing impairment, management estimates the recoverable amounts of each asset or CGU (in case of non-financial assets) based on expected future cash flows and uses an estimated interest rate to discount them. Estimation relates to assumptions about future cash flows and the determination of a suitable discount rate.

3.2.3 Useful lives of depreciable / amortizable assets (Property, plant and equipments, intangible assets and investment property)

Management reviews its estimate of the useful lives of depreciable / amortizable assets at each reporting date, based on the expected usage of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the usage of certain assets.

3.2.4 Inventories

Inventory is stated at the lower of cost or net realizable value (NRV).

3.2.6 Fair value measurements

Management applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available) and non-financial assets. This involves developing estimates and assumptions consistent with how market participants would price the instrument / assets. Management bases its assumptions on observable data as far as possible but this may not always be available. In that case Management uses the best relevant information available. Estimated fair values may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

FIRST TIME ADOPTION OF IND AS

The date of transition to Ind AS is April 01, 2017. The Company applied Ind AS 101 First-time Adoption of Indian Accounting Standards' in preparing these first Ind AS financial statements. The effects of the transition to Ind AS on equity, total comprehensive income and reported cash flows are presented in this section and are further explained in the accompanying notes. Accordingly, the Company has prepared financial statements which comply with Ind AS applicable for periods ending on March 31, 2017 together with the comparative period data as at and for the year ended March 31, 2018 and April 01, 2016 being restated as described in the summary of significant accounting policies. In preparing these financial statements, the Company's opening balance sheet was prepared as at April 01, 2015, the Company's date of transition to Ind AS. This note explains the principal adjustments made and the exemptions applied by the Company in restating its previous Indian GAAP financial statements, including the balance sheet as at April 01, 2016 and the financial statements as at and for the year ended March 31, 2018

Mandatory exemptions applied by the Company

(i) As per Ind AS 1 09, financial assets and liabilities that had been de-recognised before the date of transition to Ind AS under previous Indian GAAP have not been recognised under Ind AS.

(ii) As per Ind AS 1 09, impairment of financial assets needs to be applied retrospectively. Company has reasonable and supportable information to determine the credit risk and it has concluded that the credit risk remains the same on the date of transition which was assessed to such instrument on the date of its initial recognition. Hence there is no impairment which is to be given effect retrospectively.

Optional exemptions applied by the Company

Ind AS 101 provides optional exemption to apply Ind AS 109 prospectively. Company has availed the said exemption.

NOTES FORMING PART OF FINANCIAL STATEMENTS

Explanations for the reconciliation of the Balance Sheet and Profit and Loss Statement as previously reported under IGAAP to Ind AS:

Property Plant and Equipment, Investment Properties and Intangible Assets

Under the previous Indian GAAP investment properties were presented as part of Fixed Asset/ whereas under Ind AS/ investment properties are required to be shown separately under the head "Investment Property". The Company has elected to measure an item of property/ plant and equipment/ intangible assets and investment properties at deemed cost at the date of transition to Ind AS.

Fair Value of Investment

Under the previous Indian GAAP investment in mutual funds were classified as current investments. Current investments were carried at lower of cost and fair value. Under Ind AS/ these investments are required to be measured at fair value. The resulting fair value changes of these investments have been recognised in retained earning / statement of profit & loss.

Deferred Tax

The previous Indian GAAP required deferred tax accounting using the income statement approach/ which focuses on differences between taxable profits and accounting profits for the period. Ind AS 12 requires entities to account for deferred taxes using the balance sheet approach/ which focuses on temporary differences between the carrying amount of an asset or liability in the balance sheet and its tax base. The application of Ind AS 12 approach has resulted in recognition of deferred tax on new temporary differences which was not required under previous Indian GAAP

Defined benefit liabilities

Both under previous Indian GAAP and Ind AS/ the Group recognised costs related to its post-employment defined benefit plan on an actuarial basis. Under previous Indian GAAP, the entire cost/ including remeasurements/ are charged to profit or loss. Under Ind AS/ remeasurements [comprising of actuarial gains and losses/ the effect of the asset ceiling/ excluding amounts included in net interest on the net defined benefit liability and the return on plan assets excluding amounts included in net interest on the net defined benefit liability] are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI.

INDEPENDENT AUDITOR'S REPORT ON STANDALONE FINANCIAL STATEMENTS

To the Members of SVA India Limited

Report on the Standalone Ind AS Financial Statements

We have audited the accompanying standalone Ind AS financial statements SVA India Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2018, the Statement of Profit and Loss, including the Statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under. We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards

require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone Ind AS financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2018, its loss including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The Balance Sheet, Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid standalone Ind AS financial statements comply with the Accounting Standards specified under section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;

(e) On the basis of written representations received from the directors as on March 31, 2018, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2018, from being appointed as a director in terms of section 164 (2) of the Act;

(f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure 2” to this report;

ANNEXURE 1 REFERRED TO IN PARAGRAPH 1 UNDER THE HEADING “REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS” OF OUR REPORT OF EVEN DATE

Re: SVA India Limited (‘the Company’)

(i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.

(b) The Company has a regular programme of physical verification of its fixed assets under which fixed assets are verified in a phased manner over the period of two years, which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. In accordance with this program, certain fixed assets were verified during the year and no material discrepancies were noticed on such verification.

(c) According to the information and explanations given by the management, the title deeds of immovable properties included in property, plant and equipments / investment properties are held in the name of the company.

(ii) The management has conducted physical verification of inventory at reasonable intervals during the year and no material discrepancies were noticed on such physical verification.

(iii) (a) The Company has granted unsecured interest bearing loans to one Company and interest bearing loan to one HUF covered in the register maintained under section 189 of the Companies Act, 2013. In our opinion and according to the information and explanations given to us, the terms and conditions of the grant of such loans are not prejudicial to the company’s interest.

(b) The Company has granted loans that are re-payable on demand, to the parties covered in the register maintained under section 189 of the Companies Act, 2013. The loans granted are re-payable on demand. We are informed that the Company has not demanded repayment of any such loan during the year, and thus, there has been no default on the part of the parties to whom the money has been lent. There is no stipulation as to the date of payment of interest.

(c) There is no amount of loans granted to companies, firm or other parties listed in the register maintained under section 189 of the Companies Act, 2013 which are outstanding for more than ninety days.

(iv) In our opinion and according to the information and explanations given to us, provisions of section 185 and 186 of the Companies Act 2013 in respect of loans to directors including entities in which they are interested and in respect of loans and advances given, investments made and, guarantees, and securities given have been complied with by the company.

(v) The Company has not accepted any deposits from the public.

(vi) We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under section

148(1) of the Companies Act, 2013, related to the manufacture or service of construction activities, and are of the opinion that prima facie, the specified accounts and records have been made and maintained. We have not, however, made a detailed examination of the same.

(vii) (a) The Company is generally regular in depositing with appropriate authorities undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of custom, duty of excise, value added tax, cess, goods and services tax (GST) and other statutory dues applicable to it. According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees' state insurance, income-tax, service tax, sales-tax, duty of custom, duty of excise, value added tax, cess, goods and services tax (GST) and other material statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.

(b) According to the records of the Company, the dues outstanding of income-tax, service tax, value added tax and property tax on account of any dispute, are as follows:

Name of the Statute	Nature of Dues	Amount (Rs. In Lakhs)	Financial year to which the Amount relates	Forum where Dispute is Pending
Income Tax Act, 1961	Income Tax and Penalty	Penalty Proceeding Pending	2014-15	Commissioner of Income Tax (Appeals)

(viii) In our opinion and according to the information and explanations given by the management, the Company has not defaulted in repayment of dues to a financial institution and bank. The Company did not have any outstanding loans and borrowing in respect of Government or dues to debenture holders during the year.

(ix) In our opinion and according to the information and explanations given by the management, the Company has utilised the monies raised in the nature of term loans for the purposes for which they were raised.

(x) Based upon the audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to the information and explanations given by the management, we report that no fraud by the Company or no fraud on the Company by the officers and employees of the Company has been noticed or reported during the year.

(xi) According to the information and explanations given by the management, the managerial remuneration has been paid / provided in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Companies Act, 2013.

(xii) In our opinion, the Company is not a nidhi company. Therefore, the provisions of clause 3(xii) of the order are not applicable to the Company and hence not commented upon.

(xiii) According to the information and explanations given by the management, transactions with the related parties are in compliance with section 177 and 188 of Companies Act, 2013 where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards.

(xiv) According to the information and explanations given to us and on an overall examination of the balance sheet, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review and hence, reporting requirements under clause 3(xiv) are not applicable to the Company and, not commented upon.

(xv) According to the information and explanations given by the management, the Company has not entered into any non-cash transactions with directors or persons connected with him as referred to in section 192 of Companies Act, 2013.

(xvi) According to the information and explanations given to us, the provisions of section 45-IA of the Reserve Bank of India Act, 1934 are not applicable to the Company.

ANNEXURE 2 REFERRED TO IN PARAGRAPH 2(f) UNDER THE HEADING “REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS” OF OUR REPORT OF EVEN DATE

Re: SVA India Limited (‘the Company’)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of SVA India Limited (“the Company”) as of March 31, 2018 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

SIGNIFICANT ACCOUNTING POLICIES

1. NATURE OF OPERATIONS

SVA India Limited (the 'Company' or 'ORL'), a public limited company is incorporated under provisions of the Companies Act applicable in India. The Company is engaged primarily in the business of real estate development and hospitality.

The Company is headquartered in Mumbai, India. The shares of the Company are listed on the BSE Limited. Its registered office is situated at 162-C Mittal Tower, Nariman Point Mumbai- 400 021.

The financial statements for the year ended March 31, 2018 were authorized and approved for issue by the Board of Directors on May 30th, 2018.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation

The standalone financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) as notified under section 133 of the Companies Act read with the Companies (Indian Accounting Standards) Rules 2015 (as amended).

The financial statements have been prepared on a historical cost basis, except for certain financial instruments which are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

The financial statements are presented in Indian Rupee ("INR") and all values are rounded to the nearest INR Lakh, except when otherwise indicated.

2.2 Current / non-current classification

The Company as required by Ind AS 1 presents assets and liabilities in the Balance Sheet based on current / non- current classification.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The Company's normal operating cycle in respect of operations relating to the construction of real estate projects may vary from project to project depending upon the size of the project, type of development, project complexities and related approvals. Operating cycle for all completed projects and hospitality business is based on 12 months period. Assets and liabilities have been classified into current and non-current based on their respective operating cycle.

2.3 Foreign currencies

Initial recognition

Foreign currency transactions are recorded in the functional currency (Indian Rupee) by applying to the foreign currency amount, the exchange rate between the functional currency and the foreign currency on the date of the transaction.

Conversion

All monetary items outstanding at year end denominated in foreign currency are converted into Indian Rupees at the reporting date exchange rate. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

Exchange differences

The exchange differences arising on such conversion and on settlement of the transactions are recognized in the Statement of Profit and Loss.

2.4 Property, plant and equipments (PPE)

Recognition and initial measurement

Property, plant and equipments are stated at cost less accumulated depreciation / amortization and impairment losses, if any.

Cost comprises the purchase price and any attributable / allocable cost of bringing the asset to its working condition for its intended use. The cost also includes direct cost and other related incidental expenses. Revenue earned, if any, during trial run of assets is adjusted against cost of the assets. Cost also includes the cost of replacing part of the plant and equipments.

Borrowing costs relating to acquisition / construction / development of tangible assets, which takes substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.

When significant components of property and equipments are required to be replaced at intervals, recognition is made for such replacement of components as individual assets with specific useful life and depreciation, if these components are initially recognized as separate asset. All other repair and maintenance costs are recognized in the Statement of Profit and Loss as incurred.

Subsequent measurement (depreciation and useful lives)

Depreciation is provided from the date the assets are put to use, on straight line basis as per the useful life of the assets as prescribed under Part C of Schedule II of the Companies Act, 2013.

OFFICE EQUIPMENT	5 YEARS
MOTOR CAR	6 YEARS
FURNITURE AND FIXTURES	10 YEARS
COMPUTER	3 YEARS
AIR CONDITIONER	5 YEARS
Office equipments*	5 Years
OFFICE AT VADGADI	30 Years
RESIDENTIAL FLAT	30 Years

Depreciation method, useful life and residual value are reviewed periodically.

Leasehold land and improvements are amortized on the basis of duration and other terms of lease.

The carrying amount of PPE is reviewed periodically for impairment based on internal / external factors. An impairment loss is recognized wherever the carrying amount of assets exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use.

De-recognition

PPE are derecognized either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in the Statement of Profit and Loss in the period of de-recognition.

2.6 Finance income

Finance income is recognized as it accrues using the Effective Interest Rate (EIR) method. Finance income is included in other income in the Statement of Profit and Loss.

2.8.5 Dividend income

Revenue is recognized when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

2.8.6 Other income

Other incomes are accounted on accrual basis, except interest on delayed payment by debtors and liquidated damages which are accounted on acceptance of the Company's claim.

2.10 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

EIR is the rate that exactly discounts the estimated future cash receipts or payments over the expected life of the financial instruments or a shorter period, where appropriate, to the net carrying amount of the financial asset or liability.

2.10.1 Financial assets

Initial measurement

Financial assets are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial assets are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets (other than financial assets at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset.

Subsequent measurement

(i) Financial assets at amortized cost

Financial assets are measured at the amortized cost, if both of the following criteria are met:

- a. These assets are held within a business model whose objective is to hold assets for collecting contractual cash flows; and
- b. Contractual terms of the asset give rise on specified dates to cash flows that are SPPI on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the EIR method. The EIR amortization is included in other income in the Statement of Profit and Loss. The losses arising from impairment are recognized in the Statement of Profit and Loss.

(ii) Financial assets at fair value through other comprehensive income (FVTOCI)

Financial assets are classified as FVTOCI if both of the following criteria are met:

- a. These assets are held within a business model whose objective is achieved both by collecting contractual cash flows and selling the financial assets; and
- b. Contractual terms of the asset give rise on specified dates to cash flows that are SPPI on the principal amount outstanding.

Fair value movements are recognized in the Other Comprehensive Income (OCI). On de-recognition of the asset, cumulative gain or loss previously recognized in OCI is reclassified from the equity to the Statement of Profit and Loss.

(iii) Financial assets at fair value through profit or loss (FVTPL)

Any financial assets, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, are classified as at FVTPL. Gain or losses are recognized in the Statement of Profit and Loss.

(iv) Equity instruments

Equity instruments which are held for trading and contingent consideration recognized by an acquirer in a business combination are classified as FVTPL, and measured at fair value with all changes recognized in the Statement of Profit and Loss.

Impairment of financial assets

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- a. Trade receivables; and
- b. All lease receivables resulting from transactions within the scope of Ind AS 17.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime Expected Credit Loss (ECL) at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the Company reverts to recognizing impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all cash shortfalls), discounted at the original EIR.

2.10.2 Financial liabilities

Initial measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings and financial guarantee contracts.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the Statement of Profit and Loss.

Intercompany loans not repayable on demand are discounted to its present value using incremental borrowing rate applicable to the borrower entity. The difference between the carrying value of the loan and its present value is accounted based on the relationship with the borrower for e.g. in case of subsidiary, the difference is shown as further equity infusion in the subsidiary. The unwinding of discount from the date of loan to the transition date is shown as an income and recognized in "Retained Earnings" of the Lender.

2.12 Cash and cash equivalents

Cash and cash equivalent in the Balance Sheet comprise cash at banks and on hand, demand deposit and short- term deposits, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above.

The amendments to Ind AS 7 require entities to provide disclosure of changes in their liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes (such as foreign exchange gains or losses). The Company has provided the information for both the current and the comparative period in Cash Flow Statement.

2.13 Income taxes

2.13.1 Current income tax

Current income tax are measured at the amount expected to be paid to the taxation authorities using the tax rates and tax laws that are in force at the reporting date.

Current income tax relating to items recognized outside the Statement of Profit and Loss is recognized outside the Statement of Profit and Loss (either in other comprehensive income or in equity). Current tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity.

The Company offsets current tax assets and current tax liabilities where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the assets and settle the liability simultaneously.

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

2.13.2 Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognized for all taxable temporary differences, except:

(i) When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

(ii) In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

Deferred tax relating to items recognized outside the Statement of Profit and Loss is recognized outside the Statement of Profit and Loss. Such deferred tax items are recognized in correlation to the underlying transaction either in other comprehensive income or directly in equity.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Minimum Alternate Tax ('MAT') credit is recognized as deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which the Company recognises MAT credit as an asset in accordance

with Ind AS 12, the said asset is created by way of credit to the Statement of Profit and Loss and shown as “Deferred Tax”. The Company reviews the MAT Credit asset at each reporting date and reduces to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the MAT to be utilised.

2.14 Impairment of non-financial assets

The carrying amounts of assets are reviewed at each reporting date if there is any indication of impairment based on internal / external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset’s fair value less cost of disposals and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Fair value is the price that would be received to sell an asset or paid to transfer a liability in orderly transaction between market participants at the measurement date. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for the Company Cash Generating Unit’s (CGU) to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year.

Impairment losses are recognized in the Statement of Profit & Loss in expense categories.

An assessment is made at each reporting date as to whether there is any indication that previously recognized impairment losses may no longer exist or may have decreased. If such indication exists, the Company estimates the asset’s or CGU’s recoverable amount. A previously recognized impairment loss is reversed only if there has been a change in the assumptions used to determine the asset’s recoverable amount since the last impairment loss was recognized. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years.

2.15 Inventories

2.15.1 Construction materials and consumables

The construction materials and consumables are valued at lower of cost or net realisable value. The construction materials and consumables purchased for construction work, issued to construction are treated as consumed.

2.17 Provisions and contingent liabilities

(i) A provision is recognized when:

- The Company has a present obligation (legal or constructive) as a result of a past event;

- It is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and
- A reliable estimate can be made of the amount of the obligation.
- If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

(ii) A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably may not, require an outflow of resources. A contingent liability also arises in extreme cases where there is a probable liability that cannot be recognized because it cannot be measured reliably.

(iii) Where there is a possible obligation or a present obligation such that the likelihood of outflow of resources is remote, no provision or disclosure is made.

2.19 Segment reporting

Based on the “management approach” as defined in Ind AS 108 – Operating Segments, the Chairman and Managing Director / Chief Financial Officer evaluates the Company’s performance based on an analysis of various performance indicators by operating segment. Segment revenue and expense include amounts which can be directly attributable to the segment and allocable on reasonable basis. Segment assets and liabilities are assets / liabilities which are directly attributable to the segment or can be allocated on a reasonable basis. Income/ expenses / assets / liabilities relating to the enterprise as a whole and not allocable on a reasonable basis to business segments are reflected as unallocated income / expenses / assets / liabilities.

2.20 Employee benefits

2.20.1 Defined contribution plans

Retirement benefits in the form of contribution to provident fund and pension fund are charged to the Statement of Profit and Loss.

2.20.2 Defined benefit plans

Gratuity is in the nature of a defined benefit plan.

Provision for gratuity is calculated on the basis of actuarial valuations carried out at reporting date and is charged to the Statement of Profit and Loss. The actuarial valuation is computed using the projected unit credit method.

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the Balance Sheet with a corresponding debit or credit to retained earnings through

OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

2.21 Earnings per share

Basic earnings per share is calculated by dividing the net profit / (loss) for the year attributable to equity shareholders (after deducting preference dividends and attributable taxes) by weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit / (loss) for the year attributable to equity shareholders and the weighted average numbers of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

3. USE OF JUDGMENTS AND ESTIMATES

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the reported amounts of assets, liabilities, income, expenses and disclosures of contingent assets and liabilities at the reporting date. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods.

Estimates and underlying assumptions are reviewed at each reporting date. Any revision to accounting estimates and assumptions are recognized prospectively i.e. recognized in the period in which the estimate is revised and future periods affected.

3.1 Significant management judgments

The following are significant management judgments in applying the accounting policies of the Company that have a significant effect on the financial statements.

3.1.1 Revenue recognition of premises

Revenue is recognized using the percentage of completion method as construction progresses. The percentage of completion is estimated by reference to the stage of the projects determined based on the proportion of costs incurred to date and the total estimated costs to complete.

3.1.4 Recognition of deferred tax assets

The extent to which deferred tax assets can be recognized is based on the transfer of significant risks and rewards to the buyer and certainty of receipt of amount from such buyer.

In addition, significant judgement is required in assessing the impact of any legal or economic limits or uncertainties in tax jurisdictions.

3.2 Estimates and assumptions

3.2.1 Classification of assets and liabilities into current and non-current

The management classifies the assets and liabilities into current and non-current categories based on the operating cycle of the respective business / projects.

3.2.2 Impairment of assets

In assessing impairment, management estimates the recoverable amounts of each asset or CGU (in case of non-financial assets) based on expected future cash flows and uses an estimated interest rate to discount them. Estimation relates to assumptions about future cash flows and the determination of a suitable discount rate.

3.2.3 Useful lives of depreciable / amortisable assets (Property, plant and equipments, intangible assets and investment property)

Management reviews its estimate of the useful lives of depreciable / amortisable assets at each reporting date, based on the expected usage of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the usage of certain assets.

3.2.4 Inventories

Inventory is stated at the lower of cost or net realisable value (NRV).

3.2.6 Fair value measurements

Management applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available) and non-financial assets. This involves developing estimates and assumptions consistent with how market participants would price the instrument / assets. Management bases its assumptions on observable data as far as possible but this may not always be available. In that case Management uses the best relevant information available. Estimated fair values may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

FIRST TIME ADOPTION OF IND AS

The date of transition to Ind AS is April 01, 2015. The Company applied Ind AS 101 First-time Adoption of Indian Accounting Standards' in preparing these first Ind AS financial statements. The effects of the transition to Ind AS on equity, total comprehensive income and reported cash flows are presented in this section and are further explained in the accompanying notes. Accordingly, the Company has prepared financial statements which comply with Ind AS applicable for periods ending on March 31, 2017 together with the comparative period data as at and for the year ended March 31, 2016 and April 01, 2015 being restated as described in the summary of significant accounting policies. In preparing these financial statements, the Company's opening balance sheet was prepared as at April 01, 2015, the Company's date of transition to Ind AS. This note explains the principal adjustments made and the exemptions applied by the Company in restating its previous Indian GAAP financial statements, including the balance sheet as at April 01, 2015 and the financial statements as at and for the year ended March 31, 2016.

Mandatory exemptions applied by the Company

- (i) As per Ind AS 109, financial assets and liabilities that had been de-recognized before the date of transition to Ind AS under previous Indian GAAP have not been recognized under Ind AS.
- (ii) As per Ind AS 109, impairment of financial assets needs to be applied retrospectively. Company has reasonable and supportable information to determine the credit risk and it has concluded that the credit risk remains the same on the date of transition which was assessed to such instrument on the date of its initial recognition. Hence there is no impairment which is to be given effect retrospectively.

Optional exemptions applied by the Company

Ind AS 101 provides optional exemption to apply Ind AS 109 prospectively. Company has availed the said exemption.

NOTES FORMING PART OF STANDALONE FINANCIAL STATEMENTS

Explanations for the reconciliation of the Balance Sheet and Profit and Loss Statement as previously reported under IGAAP to Ind AS:

1. Property Plant and Equipment, Investment Properties and Intangible Assets

Under the previous Indian GAAP investment properties were presented as part of Fixed Asset/ whereas under Ind AS/ investment properties are required to be shown separately under the head "Investment Property".

The Company has elected to measure an item of property/ plant and equipment/ intangible assets and investment properties at deemed cost at the date of transition to Ind AS.

2. Fair Value of Investment

Under the previous Indian GAAP investment in mutual funds were classified as current investments. Current investments were carried at lower of cost and fair value. Under Ind AS/ these investments are required to be measured at fair value. The resulting fair value changes of these investments have been recognized in retained earning / statement of profit & loss.

3. Deferred Tax

The previous Indian GAAP required deferred tax accounting using the income statement approach/ which focuses on differences between taxable profits and accounting profits for the period. Ind AS 12 requires entities to account for deferred taxes using the balance sheet approach/ which focuses on temporary differences between the carrying amount of an asset or liability in the balance sheet and its tax base. The application of Ind AS 12 approach has resulted in recognition of deferred tax on new temporary differences which was not required under previous Indian GAAP

4. Defined benefit liabilities

Both under previous Indian GAAP and Ind AS/ the Group recognized costs related to its post-employment defined benefit plan on an actuarial basis. Under previous Indian GAAP, the entire cost/ including remeasurements/ are charged to profit or loss. Under Ind AS/ remeasurements [comprising of actuarial gains and losses/ the effect of the asset ceiling/ excluding amounts included in net interest on the net defined benefit liability and the return on plan assets excluding amounts included in net interest on the net defined benefit liability] are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI.
