the indian film industry

Poised to witness tremendous growth, the Indian film industry today is at an inflection point. Backed by rapid urbanization, digital distribution and a surge of investments in previously unpenetrated markets, the sector is set to make a powerful comeback. And Picturehouse Media Limited, the sole listed entity in this realm, is at its core.

With over a hundred years of cinematic history behind us, motion pictures continue to be an important part of Indian entertainment. The industry has grown by leaps and bounds over the past decade, and today, having proved its resilience to the world, stands at the cusp of a momentous phase of growth.

Various factors have come together to make this happen. The industry has benefitted from increased corporatisation and professionalism, paving the way for entertainment-focused investment. The rapid growth of multiplexes and their infiltration into smaller cities has transformed the cinematic experience for millions of Indians. Digital adoption across the industry's value chain has meant more widespread releases, penetration into smaller, previously untapped markets and an increased ability to invest in differentiated content.

While Bollywood may currently be the face of Indian cinema, with the emergence of new consumption centers in Tier II and III cities, the country's lesser known, regional film centers are emerging as the new money spinners of the industry. And at Picturehouse Media Limited, we are geared to drive this growth. From investing to shareholding, from financing to reaping dividends, we will continue to propell this strong growth trajectory.

★ **OUR VISION**

To be a game changer in the Indian media and entertainment sector.

★ **OUR MISSION**

To deliver trendsetting solutions for capital requirements of the media and entertainment sector, and create a value chain that benefits every stakeholder.

corporate philosophy and identity

India is one of the largest producer of films in the world. Picturehouse Media Ltd is South India's leading organized film media capital provider.

Picturehouse Media Limited [Previously, Telephoto Entertainment Ltd.] was acquired in 2007 by Mr. Prasad V. Potluri, a serial global entrepreneur.

Mr Potluri is one of the youngest first-generation entrepreneurs to have built and sold three companies the world over- Procon, Albion Orion LLC and Irevna- before he was thirty five.

Following a comprehensive market survey, the company identified film production and financing as an attractive niche, marked by the absence of organized financiers. Capital provision [the financing of films] was one of the few scalable initiative in the Indian entertainment industry.

As a media capital house, **Picturehouse Media finances the end-to-end process in film making;** from film ideation and germination to its successful completion.

Within a short span of four years, the Company has evolved into a dependable one-stop-shop for film financing through PVP Capital (100 percent subsidiary) as well as film production under the banner of PVP Cinema.

Picturehouse Media Limited enjoys a leadership position in the financing of Tamil and Telugu cinema. The Company has produced and financed over 60 films since commencing operations more than half a decade ago.

from the managing director's desk

More than just financing films, Picturehouse Media has already demonstrated a capability in production and built a strong brand recall for the organization amongst film-goers. **We believe that vernacular cinema has been the leader for the last 100 years and will remain so for another century to come.**

Dear Shareholders,

The Indian Media and Entertainment (M&E) industry is a sunrise sector taking giant strides and powering the economy. Proving its resilience to the world, the Indian M&E sector is on the cusp of a strong phase of growth, backed by rising consumer payments and advertising revenues across all sectors. The industry has been largely driven by increasing digitisation and higher internet usage over the last decade.

One of the significant developments is the growth of multiplexes which has enhanced the movie-going experience for Indian audience and has led to increased per-ticket realization. Rising urbanization and growing disposable incomes are also driving increased investments in multiplexes. In addition, theaters with low seating capacities allow cost-effective screening of movies that are targeted at niche audiences. Companies such as Real Image (Qube) and UFO Moviez have ushered in a game changing phenomenon of 60% box-office collections being realized in the first week of a movie by facilitating digitization of movies, which also aided in curbing piracy as well as enabling a wider reach for movies across the nation.

Technological advancements in the field of entertainment consumption have bolstered the industry further. Aspects like 4K projection, are slated to enrich the viewing experience, and open a whole new avenue for premium content consumption. 4G, will further empower the consumer to access rich content on the go. These factors have added a whole new dimension to the overall entertainment ecosystem.

As per the estimates, the Indian film industry is set to grow by an estimated 11.5 percent of CAGR (compounded annual growth rate) over the next three years, hitting Rs 19,300 crore (\$3.1 billion) by 2017, according to a FICCI-KPMG report. The trigger for this surge is the growing middle class population, its changing aspirations and the plans by large business houses to build more multi-screen cinemas.

The Media and Entertainment industry in South India, is poised to grow at a CAGR of 16 percent till FY-2017, driven by demands of its ever-discerning consumers and unstinted endeavors by media vehicles to expand their presence and operations. Industry continues to attract national and international players to explore this growing market while at the same time enabling regional media players to reach their target audience, Picturehouse Media is a listed media capital provider in India and is among a handful in the category of organized film financing in the country.

Our Company has already demonstrated an extensive track record in having financed more than 60 films since commencing operations. More than just financing films, Picturehouse Media has already demonstrated a capability in production and built a strong brand recall for the organization amongst film-goers. We believe that the vernacular cinema has been the leader for the last 100 years and will remain so for another century to come.

We are poised to take a leap further consolidating our market position in the current economic climate, given our size and scale. We are building on our core competence of content development and acquisition while expanding into areas where we have identified a clear demand. We continue to grow from strength to strength seeking motivation from the prime objective of entertaining the audience.

All our activities during the year, have a common recurring theme—the theme of a desire to excel. We continue to build our content portfolio with constant emphasis on improved, varied and exciting content. We built on our strengths and leveraged our competitive advantage to scale up our business significantly.

We survive on consistent innovation, by shifting our orbits of creative thought process. We believe in nurturing a generative approach which is structured and driven towards solutions.

Despite challenges, we are emerging as a content powerhouse, catering to the varying aspirations of diverse segments of the audience and we will continue to move forward with confident, determined steps, to seize opportunities available in the Media and Entertainment sector and your trust gives us the courage to continue doing what we love and are passionate about.

Best Regards to you all,

Prasad V. Potluri
Managing Director

our business model

Ten things our shareholders need to know about how we have emerged as one of the most exciting media capital providers in the South Indian film industry.

1 Objective

Our core purpose is to be an attractively profitable company, with industry-leading IRRs.

2 Niche

The Company has selected to be present in the Tamil Nadu, Telangana, Andhra Pradesh, Karnataka and Kerala film financing segments.

3 Structured Capital Deployment

The Company works only with AAA rated producers, who in turn work with top-rated artists and technicians.

4 Capital

The Company finances prospective films using low-cost accruals. A growing net worth has helped grow the Company's business.

5 Discipline

The Company's structured three-tier verification and documentation process appraises a producer's creditworthiness, project viability, security collateral and the quantum of funds released. All funding proposals are appraised as projects, which are carefully analyzed by a credit committee headed by the Managing Director. The result is a willingness to fund one of ten film proposals on average.

6 Robust Intellectual Capital

The senior management is passionate about the business with an appraisal of over 1000 films across various genres. The Company possesses a team of experienced professionals who have both in-depth knowledge and experience in project financing, coupled with vast experience in the film industry.

7 NPAs

The Company's robust film appraisal and financing/producing capabilities are validated through non-performing assets following more than fifty films being financed in the last three years.

8 Exposure

The Company finances only 60-65 percent of the total film budget. The rest is mobilized by the producer to ensure continued commitment.

9 Collateral

The Company charges a lien on film negatives or digital media, which is released only after its dues have been completely liquidated. In instances, the Company also charges land banks or other assets as security collateral to secure its lending.

10 Extension

The Company extended to film producers, to strengthen the quality of its brand and to ensure a stronger market understanding and diverse income streams. The Company has produced blockbuster films such as Naan E [in Tamil] and Balupu [In Telugu]

managing risks

Industry Risks

The Indian media and entertainment industry may cease to grow.

M The Indian media and entertainment industry has outperformed itself and is one of the fastest growing sectors in the country today. As a growing population pool has access to larger disposable incomes, the industry has grown faster. A KPMG-FICCI Frames 2012 Report states that the Indian media and entertainment industry registered a 12 percent growth over 2010 to reach Rs. 728 billion. This growth trajectory was backed by strong consumption in Tier II and III cities, the growth of regional media and a fast-increasing new media business. Overall, these trends are expected to push the industry to register a CAGR of 15 percent to an estimated Rs. 1,457 billion by 2016. Moreover, the same report states that the Indian film industry is projected to grow at a CAGR of 10 percent to touch Rs. 150 billion by 2016, from its size of 93 billion in 2011, indicating a growth of 11.5 percent vis-a-vis 2010.

Competition Risks

The Indian film financing market may trend towards thinning margins

M Picturehouse Media is the largest and only listed player in the South Indian film financing space. By virtue of its sheer scale, the Company has embraced the larger vision of organising the industry, typically characterised by unorganised moneylenders. The company has carved out a unique space for itself. The Company is a selective financier, with a rejection rate of 90 percent.

Perception Risks

The film financing industry is considered to be a high-risk proposition

M The film financing and production industry is fraught with risks, However, the business becomes attractive for players like Picturehouse Media who operates in the organised space, backed with 100 percent compliance with processes, with a view to remove arbitrariness in decision-making. The Company finances films following a comprehensive study of creditworthiness and the track record of the directors, producers, actors and technicians involved. The Company has chosen to work only with AAA rated producers and prominent artistes. Moreover, the Company's role as a financier is independent of the commercial performance of the film as it recovers its outstandings well before the film's release.

Project Completion Risks

The film project might be delayed or might not be completed at all, impacting the portfolio adversely.

- M** The Company monitors film progress. In certain cases, it checks with film processing labs/digital film storage companies to refer to the quantum of film shot on reel besides deputing staff to periodically visit studios and other on-site locations to oversee progress. Based on this understanding, the Company releases milestone funds or undertakes course corrections. In the rare event of a film not likely to be completed, the Company assumes the role of a producer (as was the case in the film Rajapattai, which was successfully released) in order to recover funds. The company intends to leverage this experience, and produce around five films in 2015-2016.

Collateral Risks

Delayed projects might expose the Company's loan book to losses

- M** The Company charges a lien on the film negatives or digital media and in extreme cases, even land banks and other assets to cover its loans. It also issues NOCs for the release of a film only once all outstandings are paid by the producer. A strong recovery system backed by robust loan collaterals has resulted in the Company reporting zero NPAs on its books over the last three years, with a track record of financing over fifty films during the period.

Piracy Risks

Piracy might dampen the prospects for legitimate revenue generation

- M** The Company is unaffected by this risk as it closes its entire lending transaction before the release.

Financing Risks

The Company may not be able to mobilize funds for onward deployment

- M** To the contrary, The Company depends largely on internal sources, and to an extent, on external agencies to generate funds for deployment into film financing.

Capital Deployment Risks

The Company may not get the right opportunity to deploy funds

- M** On an average, the Company refuses to finance nine out of ten films that come its way, reflecting the high quality of its loan book of Rs. 118.65 Crore [2012-2013] On an average, the Company has about ten films in the pipeline at all times, ensuring that deployable capital does not lie idle.

MANAGEMENT'S DISCUSSION AND ANALYSIS

INDUSTRY STRUCTURE AND DEVELOPMENT

With the Change in leadership in the Central government , the economy may not have seen a dramatic turnaround as everyone expected what cannot be denied however is that the new government has tried to make some positive fundamental changes the effect of which may be seen in the coming years, the inflation levels have been under control which has helped the final consumer in terms of lowered credit rates, the GDP growth rate is above 7% (the methodology of calculating the new GDP although a little debatable), several rating agencies including the Moody's have upgraded India's credit outlook and so the positive hope and sentiment still continues. We have seen earlier that a positive development in macro economy and core sectors sets the system rolling in a manner which has a positive impact on the services economy including Media and Entertainment.

In the media sector digital media continues its rapid penetration. One of the major highlights of 2014 was the announcement of "Digital India: A programme to transform India into a digitally empowered society and knowledge economy" by the government. As per the FICCI-KPMG Report on Media and Entertainment (M&E) industry, 2015, this industry as a whole witnessed a growth of 11.7% during the year 2014, from INR 918 billion during the FY 2013 to INR 1026 billion in the FY 2014. In the same period the film industry grew at 1% from INR 125.3 billion to INR 126.4 billion. Further, it is also estimated that due to the factors like digitization, growth of regional media, fast increasing new media business, M&E industry is estimated to achieve a growth rate of 13% in 2015 to touch INR 1159 billions. Going forward, this sector is projected to grow at a healthy CAGR of 14% to reach INR 1964 billion by 2019. It is expected that during the same period film industry will reach INR 204 billion at a CAGR of 10%.

Overall the year 2014 has been a correction of sorts for the entire Film Industry as the lack of growth was characterized by death of home video, correction in the satellite right rates and almost no growth in the domestic theatrical. At the same time however the ancillary revenue streams such as in-cinema advertising, merchandising, pay-per-view on various platforms have increased remarkably at 20% from last year giving an indication of the promise going ahead for the innovative and alternate revenue streams. The regional cinemas, dominated by the Tamil and Telugu market, continued its rise. Tamil movies especially had a great year with close to 300 movies releasing, compared to 255 in Telugu and 200 in Hindi. Various Tamil movies like "I" and "Lingaa" had a pan India release and stood out for their innovative and aggressive marketing strategies. Besides, there were innumerable small budget films with good and fresh content which performed exceptionally well at the box office. Telugu movies on the other hand had a correction in 2014 similar to that of Hindi film industry. The challenge for Tamil industry remains to ensure that all the movies get enough space to be seen and for Telugu industry which can be very star driven, to allow diversity in content and appetite for new talent. The best part about the South Indian film industry is that it has grown in terms of quantity, collection and satellite prices even with restricted access to the organized funding. This further confirms our belief on the potential of this industry and the heights to which it can reach with organized funding.

The key challenges going forward for the industry shall be to combat piracy, managing costs (especially the still uncorrected star costs and the marketing expenses), built infrastructure and regulatory framework, get trained manpower, ensure more transparency in box office monitoring/tracking and implementation of revised cinematography act. The industry continues to be highly

fragmented and lack of cohesive production & distribution infrastructure and lack of efforts for media penetration in lower socio-economic classes are some of the bottlenecks that the Industry is facing. While the capital is being poured in through organised and unorganised channels, the industry still faced challenges in delivering robust bottom line results. Multiplex expansion, ticket prices growth and the expansion of digital screens are all likely to slow down in the near term – challenging the industry to find new avenues to maintain momentum. However, India is a heavily under-screened country and the macro story for the film industry remains strong.

The future looks immensely bright and with more number of multiplex screens, better internet penetration and bandwidth, the Tier 2 and Tier 3 cities may soon hold the prime focus of the industry. In many projects, the professionally run business houses and the family owned ones are learning to operate cohesively and leveraging on each other's strength. While a star may provide good opening, a strong content is required to sustain the momentum. The regional films especially Tamil and Telugu with their dedicated fan base and niche stories will have a larger pie in the overall industry going forward.

OPPORTUNITIES AND THREATS

Concept of crossover and content based movies, emergence of new distribution channels, emergence of Tier 2 and Tier 3 cities, penetration of internet at affordable prices, rise in ancillary revenue streams, technological innovations like animations, etc. are some of the opportunities that the Industry may foresee in the times to come. Sourcing of film financing has been largely unorganized due to high risk nature of the business. However, with scaling up of revenues, Indian films are increasingly attracting private equity / venture capital funding from institutions directly. This indicates the growth of organized film financing for the film industry, and is expected to sustain and grow in the years ahead.

On the other hand, this Industry is facing threats like piracy, lack of transparent data to make apt decisions, lack of trained manpower and industry still being largely unorganized. India is one of the top countries witnessing peer-to-peer file sharing infringement worldwide. For the first time in 2014, India has been included in the International Piracy Watch List by the US, a list of four countries where piracy is rampant. Further, large foreign studios or investors indicate that they are reluctant to invest in the Indian film industry because there is no way of verifying or validating the data made available in the public domain about the amount a film has grossed and its profitability.

FINANCIAL PERFORMANCE [CONSOLIDATED BASIS]

- A Capital Structure** There is no change in the capital structure during the period under report
- B Reserves and Surplus** The increase in Reserves and Surplus has been contributed by the profit for the year under report.
- C Borrowings** The Long term and Short term Borrowings as at the end of the financial year 2015 stood at Rs.208.89 crore as against Rs.108.65 crore in 2014.
- D Fixed Assets** There is no significant change in the fixed assets of the company.
- E Non-current Investment** It is the amount invested by the Company in Mutual Funds

- F Long Term and Short Term Loans and Advances** This indicates various loans and advances made by the company towards film production and film financing as part of its business operations.
- G Inventories** Inventory at the year end consists of film production work in progress (WIP).
- H Revenue from Operations** The consolidated revenue decreased to Rs.54.83 crore from Rs.101.24 crore during the previous year.
- I Movie Production Expenses** The movie production expenses for the year 2015 stood at Rs.16.63 crore, which represents the expenses incurred on production of movies by the company and released during the year.
- J Employee Cost** The decrease in employee cost was due to allocation of resources to various projects and re-organising the senior executives in the Company.
- K Net Profit** The consolidated net profit for the year was Rs.2.91 crore and has decreased when compared to the consolidated net profit generated during the previous year. Predominantly it was contributed only by Film funding and the Movies under production are set to release in 2015-16.

OUTLOOK

There is a steady rise in the dynamism and confidence in India's film sector. Increasing consumption in tier 2 and 3 cities, growing importance of regional markets, greater focus on market research, innovation in content and evolution of marketing and delivery platforms to serve different niches – all point towards a very positive future for the Indian film industry.

RISKS AND CONCERNS

In the talent driven M&E Industry, the ability to attract and retain right people has always been a concern for most of the Companies operating in this Industry. The issue of piracy remains a critical issue for the Indian film industry. However, there are some changes that have helped the industry battle this issue aggressively. A few years ago, a film reached television and home video only after six months of its theatrical release. Pirates could take advantage of this delay, and would flood the market with pirated DVDs/VCDs. Currently the theatre-to-television window has been reduced to less than 3 months. Further steps being taken are- proposed new Cinematograph Act, 2013 tough stance by certain producers to release the movie only on digital screens and various initiatives to raise consumer awareness. According to Motion Pictures Distributors Association (MPDA) India is the fourth largest downloader of films after the US, Great Britain and Canada. It estimates the loss due to piracy in 2012 was USD 1.1 billion, an increase of 15.79 percent from that in 2008. In this context, it is important that industries collaborate and create efficient mechanisms for content protection. With cooperation from the government and internet service providers, site-blocking measures can combat online piracy.

While India leads world averages in terms of the number of films produced each year and attendance, the under penetration of theatre screens in India remains the biggest challenge for the industry. There are just 7-8 screens per million people, unlike in the United States, where there are 117 per million. Besides, unlike other countries such as US, U.K. and China, India's merchandizing market is still very premature.

High entertainment tax acts as a major impediment to the growth of M&E industry, as the overall tax implication is as high as 40-50 percent in states like Maharashtra, Uttar Pradesh, Bihar and Karnataka. Such high rates of entertainment tax on box office admissions seem irrational considering that films are available on other platforms like television and Internet platforms for free or very little cost. Such regulations have also led to many corrupt trade practices. Separately, it will be useful to provide tax holiday benefits for infrastructural development on setting up Cineplexes in tier 2 and tier 3 cities to incentivize the sector and boost growth and development of such cities.

Ticket pricing in many states is regulated by state governments. The industry expects the governments to relax regulations on fixed number of shows and cap on ticket pricing and let the exhibitors decide on the admission rates according to demand. Flexible pricing will also help to reduce black-marketing of tickets since theatre owners will have freedom to revise the rates according to the audience inflow.

INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY

The internal audit and other internal checks implemented in the Company are adequate and commensurate with the size and nature of operations providing sufficient assurance and safe guarding all assets, authorizing transactions and its recording and timely reporting.

HUMAN RESOURCES AND INDUSTRIAL RELATIONS

Industrial relations are harmonious. The company recognizes the importance and contribution of the human resources for its growth and development.

As on 31st March 2015 the Company had total strength of 34 employees.

- (xv) Evaluating internal financial controls and risk management systems.
- (xvi) Reviewing the functioning of the Whistle blowing mechanism.

In addition to the above the committee is also responsible for:

- (i) Formulate and recommend to the Board, a CSR Policy
- (ii) Recommend the amount of expenditure to be incurred on the CSR activities
- (iii) Monitor the implementation of the CSR Policy and expenditure incurred on the CSR activities

The Audit and CSR Committee has three Directors, as per the details given below. All Members are financially literate and have the required accounting and financial management expertise. The Chairman of the Audit Committee, Mr. R. Nagarajan, is an Independent Director and he was present at the last Annual General Meeting to answer the Shareholders' queries. The Company Secretary of the Company acts as the Secretary to the Audit Committee.

During May 2014, the Board approved and adopted the Whistleblower Policy. The Company had established a mechanism for Directors and employees to report concerns about unethical behavior, actual or suspected fraud. It also provides for adequate safeguards against the victimization of Directors and employees who avails the mechanism, and allows direct access to the Chairman of the Audit Committee in exceptional cases.

The Whistleblower policy is available on the Company's website i.e., <http://www.pvpcinema.com/pdf/2015/WhistleBlowerPolicy-PHML.pdf> and forms part of this report as **Annexure 8**.

The Audit Committee met four times during the financial year 2014-15 on May 28, 2014, August 08, 2014, November 10, 2014 and February 13, 2015 and not more than four months had elapsed between two Audit Committee Meetings. The necessary quorum was present for all the Audit Committee Meetings.

Managing Director

ANNEXURE - 8

Whistle Blower Policy

1 POLICY OBJECTIVE AND APPLICABILITY

As a public company, Picturehouse Media Limited and its wholly-owned subsidiaries ("PML") believes in conducting its affairs in a fair and transparent manner by adopting the highest standards of professionalism, honesty, integrity and ethical behaviour. Any actual or potential violation of these Principles and PML's Code of Conduct for Employees would be a matter of serious concern for PML.

Employees have a role and responsibility in pointing out such violations. This policy is formulated to provide a secure environment and to encourage employees of PML to report unethical, unlawful or improper practices, acts or activities in PML and to prohibit managerial personnel from taking any adverse personnel action against those employees who report such practices in good faith. This policy applies to all employees of PML.

The purpose of this Policy is to provide a framework to promote responsible and secure whistle blowing. It protects employees, customers and/or third-party intermediaries wishing to raise a concern about serious irregularities within the Company. The Policy neither releases employees, customers and/or third-party intermediaries from their duty of confidentiality in the course of their work, nor is it a route for taking up a grievance about a personal situation.

2 DEFINITIONS

A **Whistle-blower** is defined as any Personnel (defined below) who has or had access to data, events or information about an actual, suspected or anticipated Reportable Matter within or by the organisation, and, whether anonymously or not, makes or attempts to make a deliberate, voluntary and protected disclosure or complaint of organisational malpractice.

B **Reportable Matters** means Questionable Accounting or Auditing Matters (defined below), and/or any other Company matters involving abuse of authority, breach of Code of Conduct, fraud, bribery, corruption, employee misconduct, illegality, health & safety, environmental issues, wastage/misappropriation of company funds/assets and any other unethical conduct.

C **Questionable Accounting or Auditing Matters** include, without limitation, the following:

1. fraud or deliberate error in the preparation, evaluation, review or audit of any financial statement of the Company;
2. fraud or deliberate error in the recording and maintaining of financial records of the Company;
3. deficiencies in or non-compliance with the Company's internal accounting controls;
4. misrepresentation or false statement to or by a senior officer or accountant regarding a matter contained in the financial records, financial reports or audit reports of the Company;
5. deviation from full and fair reporting of the Company's financial condition.

- D** **Personnel** means any employee, director, officer, customer, contractor and/or third-party intermediary engaged to conduct business on behalf of the Company, such as agents and consultants.
- E** **Audit Committee** means the Audit Committee constituted by the Board of Directors of the Company in accordance with the provisions of the Companies Act read with Clause 49 of the Listing Agreement.

3 ROLES, RIGHTS AND RESPONSIBILITIES OF WHISTLE-BLOWERS

- A** Whistle-Blowers provide initial information based on a reasonable belief that an alleged wrongful conduct has occurred. The motivation of a whistle-blower is irrelevant to the consideration of the validity of the allegations. However, the intentional filing of a false report, whether orally or in writing, is itself considered an improper activity.
- B** Whistle-Blowers shall refrain from obtaining evidence for which they do not have a right of access. Such improper access may itself be considered an improper activity.
- C** Whistle-Blowers have a responsibility to be candid with the Investigation Officer or the Members of the Audit Committee or others to whom they make a report of alleged improper activities and shall set forth all known information regarding any reported allegations.
- D** Anonymous whistle-blowers must provide sufficient corroborating evidence to justify the commencement of an investigation. An investigation of unspecified wrongdoing or broad allegations would not be undertaken without verifiable evidence. Because investigators are unable to interview anonymous whistle-blowers, it may be more difficult to evaluate the credibility of the allegations and, therefore, less likely to cause an investigation to be initiated.
- E** Whistle-Blowers are “reporting parties,” not investigators. They are not to act on their own in conducting any investigative activities, nor do they have a right to participate in any investigative activities other than as requested by the investigating authority.
- F** The identity of the whistle-blower will not be disclosed except where required under the law or for the purpose of the investigation. Should, however, the whistle-blower self-disclose his or her identity, there will no longer be an obligation not to disclose the whistle-blower’s identity.
- G** A whistle-blower’s right to protection from retaliation does not extend immunity for any complicity in the matters that are the subject of the allegations or an ensuing investigation or any other misconduct or wrong doing.
- H** This policy may not be used as a defence by an employee against whom an adverse personnel action has been taken for legitimate reasons or cause under Company rules and policies. It shall not be a violation of this policy to take adverse personnel action against an employee, whose conduct or performance warrants that action, separate and apart from that employee making a disclosure.

4 FALSE COMPLAINTS

While this Policy is intended to protect genuine Whistle-blowers from any unfair treatment as a result of their disclosure, misuse of this protection by making frivolous and bogus complaints with mala fide intentions is strictly prohibited. A Personnel who makes complaints with mala fide intentions and which are subsequently found to be false will be subject to strict disciplinary action.

5 REPORTING MECHANISM

Personnel should raise Reportable Matters with someone who is in a position to address them appropriately. In most cases, a Personnel's supervisor, manager or point of contact is in the best position to address an area of concern. Supervisors, managers or points of contact to whom Reportable Matters are raised are required to report the same immediately to the Group Head - Legal or Chairman of the Audit Committee.

Notwithstanding the aforesaid, Personnel can lodge a complaint in any one of the following ways:

- A** by contacting the Chairman of the Audit Committee
- B** by contacting the Group Head - Legal, any member of the Audit Committee or anyone in management whom the Whistle-blower is comfortable approaching;
- C** by sending an email to ir.telephoto@pvpglobal.com, or;
- D** by sending a complaint letter in a sealed envelope marked "Private and Confidential" to the Group Head - Legal.

A complaint may be made anonymously. If a complaint is made anonymously, however, the complainant must be detailed in their description of the complaint and must provide the basis of making the assertion therein.

Although a Whistle-blower is not required to furnish any more information than what he/she wishes to disclose, it is essential for the Company to have all critical information in order to enable the Company to effectively evaluate and investigate the complaint. It is difficult for the Company to proceed with an investigation on a complaint, particularly an anonymous complaint, which does not contain all the critical information such as the specific charge. The complaint or disclosure must therefore provide as much detail and be as specific as possible, including names and dates, in order to facilitate the investigation.

To the extent possible, the complaint or disclosure must include the following:

- A** The employee, and/or outside party or parties involved;
- B** The sector of the Company where it happened (division, office);
- C** When did it happen: a date or a period of time;
- D** Type of concern (what happened);
 - Financial reporting;
 - Legal matter;
 - Management action;
 - Employee misconduct; and/or
 - Health and safety and environmental issues
- E** Submit proof or identify where proof can be found, if possible;
- F** Who to contact for more information, if possible; and/or
- G** Prior efforts to address the problem, if any

6 INVESTIGATIONS

Upon receipt of a complaint, the Group Head - Legal will make an assessment thereof and place an appropriate complaint before the Audit Committee. The Audit Committee shall address all concerns or complaints regarding Reportable Matters which are placed before them, and ensure resolution of the same.

The Head - Legal may, in consultation with the Audit Committee, either direct the complaint to the organization/department best placed to address it (while maintaining oversight authority for the investigation), or lead the investigation in person to ensure prompt and appropriate investigation and resolution.

All information disclosed during the course of the investigation will remain confidential, except as necessary or appropriate to conduct the investigation and take any remedial action, in accordance with any applicable laws and regulations. The Company reserves the right to refer any concerns or complaints regarding Reportable Matters to appropriate external regulatory authorities. All Personnel have a duty to cooperate in the investigation of complaints reported as mentioned hereinabove.

Depending on the nature of the complaint, any concerned Personnel, at the outset of formal investigations, may be informed of the allegations against him/her and provided an opportunity to reply to such allegations.

Personnel shall be subject to strict disciplinary action up to and including immediate dismissal, if they fail to cooperate in an investigation, or deliberately provide false information during an investigation. If, at the conclusion of its investigation, the Company determines that a violation has occurred or the allegations are substantiated, the Company will take effective remedial action commensurate with the severity of the offence.

This may include disciplinary action against the concerned Personnel. The Company may also take reasonable and necessary measures to prevent any further violations which may have resulted in a complaint being made. In some situations, the Company may be under a legal obligation to refer matters to appropriate external regulatory authorities.

7 NON RETALIATION

No Personnel who, in good faith, makes a disclosure or lodges a complaint in accordance with this Policy shall suffer reprisal, discrimination or adverse employment consequences. Accordingly, the Company strictly prohibits discrimination, retaliation or harassment of any kind against a Whistle-blower who, based on his/her reasonable belief that one or more Reportable Matters has occurred or are occurring, reports that information. Any Personnel who retaliates against a Whistle-blower who has raised a Reportable Matter in good faith, will be subject to strict disciplinary action up to and including immediate termination of employment or termination of his/her relationship with the Company.

If any Personnel who makes a disclosure or complaint in good faith, believes that he/she is being subjected to discrimination, retaliation or harassment for having made a report under this Policy, he/she must immediately report those facts to his/her supervisor, manager or point of contact, or the Group Head - Legal. If, for any reason, he/she does not feel comfortable

discussing the matter with these persons, he/she should bring the matter to the attention of the Audit Committee. It is imperative that such Personnel brings the matter to the Company's attention promptly so that any concern of reprisal, discrimination or adverse employment consequences can be investigated and addressed promptly and appropriately.

8 DOCUMENT RETENTION

The Company shall maintain documentation of all complaints or reports subject to this Policy. The documentation shall include any written submissions provided by the complainant, any other Company documents identified in the complaint or by the Company as relevant to the complaint, a summary of the date and manner in which the complaint was received by the Company and any response by the Company to the complainant. All such documentation shall be retained by the Company for a minimum of six (6) years from the date of receipt of the complaint. Confidentiality will be maintained to the extent reasonably practicable depending on the requirements and nature of the investigation, as indicated above.

9 ADDITIONAL ENFORCEMENT INFORMATION

In addition to the Company's internal complaint procedure, Personnel should also be aware that certain central, federal, local and state law enforcement agencies and regulatory authorities are authorized to review questionable accounting or auditing matters, or potentially fraudulent reports of financial information. Nothing in this Policy is intended to prevent any Personnel from reporting information to the appropriate agency when the Personnel has reasonable cause to believe that the violation of a central, federal, local or state statute or regulation has occurred.

10 MODIFICATION

The Company may modify this Policy unilaterally at any time without notice. Modification may be necessary, among other reasons, to maintain compliance with local, state, central and federal regulations and/or accommodate organizational changes within the Company.

11 CONCLUSIONS

The PML's Code of Conduct, policies and practices have been developed as a guide to our legal and ethical responsibilities to achieve and maintain the highest business standards. Conduct that violates the Company's policies are viewed as unacceptable by the Company. Certain violations of the Company's policies and practices could even subject the Company and any individual employee involved to civil and criminal penalties. Before issues escalate to such level, Personnel are encouraged to report any violations covered herein above, or reprisal, discrimination or adverse employment consequences related to such reports.

INDEPENDENT AUDITOR'S REPORT

To,
The Members
Picturehouse Media Limited
Chennai.

Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of Picturehouse Media Limited [the Company] which comprise the Balance Sheet as at 31st March, 2015, the Statement of Profit and Loss, the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information. [the Financial Statements]

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosure in the financial statements. These procedures selected depend on the auditor's judgment, including the assessment of the risk of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Board of Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2015, and its Loss, and its cash flows for the year ended on that date.

NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2015

NOTE 1 SIGNIFICANT ACCOUNTING POLICIES

1.1 Basis of preparation of financial statements

- A** The financial statements of the Company have been prepared under the historical cost convention in accordance with the Accounting Standards specified by Companies (Accounts) Rules, 2014 issued by the Central Government and the relevant provisions of the Companies Act, 2013, to the extent applicable.
- B** All financial transactions have been recognized on accrual basis. The preparation of financial statements in conformity with the GAAP requires that the management makes estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities as at the date of the financial statements and the reported amounts of revenue and expenses during the reported period. The Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable. Future results could differ from those estimates.

1.2 Revenue Recognition

Income from movie and related rights are recognised in accordance with the terms of the agreements on accrual basis. Interest income is recognized on time proportionate basis. Income earned on licensing the copyrights is recognized on time proportionate basis.

1.3 Use of Estimates

In preparation of financial statements conforming to GAAP requirements certain estimates and assumptions are essentially required to be made with respect to items such as provision for doubtful debts, future obligations under employee retirement benefit plans, income taxes and the useful life period of Fixed Assets. Due care and diligence have been exercised by the Management in arriving at such estimates and assumptions since they may directly affect the reported amounts of income and expenses during the year as well as the balances of Assets and Liabilities including those which are contingent in nature as at the date of reporting of the financial statements.

To comply with GAAP requirements relating to impairment of assets, if any, the Management periodically determines such impairment using external and internal resources for such assessment. Loss, if any, arising out of such impairment is expensed as stipulated under the GAAP requirements. Contingencies are recorded when a liability is likely to be incurred and the amount can be reasonably estimated. To this extent the results may differ from such estimates

1.4 Fixed Assets and Depreciation

Fixed Assets are stated at acquisition cost. Depreciation is charged on a pro-rata basis on a straight-line method as per the rates and in the manner prescribed under the Schedule II to the Companies Act, 2013, as amended.

1.5 Benefits to employees

- A** **Gratuity**
The liability as at the Balance Sheet date is provided for based on the actuarial valuation

carried out in accordance with Accounting Standard 15 (Revised 2005) on "Employee Benefits" as at the end of the period. Actuarial Gains/Losses are recognized immediately in Statement of Profit and Loss.

B Leave Encashment

Leave encashment is paid for in accordance with the rules of the Company and provided based on an actuarial valuation as at the balance sheet date. Actuarial Gains/Losses are recognized immediately in Statement of Profit and Loss.

C Other Benefit Plans

Contributions paid under defined contribution plans are recognized in the Statement of Profit and Loss in each year. Contribution plans primarily consist of Provident Fund administered and managed by the Government of India. The company makes monthly contributions and has no further obligations under the plan beyond its contributions.

1.6 Investments

Long-term investments are stated at cost less diminution, other than temporary, in the value of such investments, if any. Current investments are valued at cost or market value whichever is lower.

1.7 Inventory

Inventory at the yearend consists of film under production Work in progress (WIP). The inventory WIP are valued at cost or net realizable value whichever is less. Cost includes direct and indirect cost relating to film production activities.

1.8 Foreign Currency Transactions

All foreign currency transactions are accounted for at the rates prevailing on the dates of the transaction. Foreign currency assets and liabilities are converted at the yearend rates as applicable. The exchange difference on settlement / conversion is adjusted to Statement of Profit and Loss.

1.9 Taxes on Income

Tax expense comprises current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the relevant tax laws. Deferred income taxes reflect the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the company has unabsorbed depreciation or carry forward tax losses, deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that such deferred tax assets can be realised against future taxable profits.

1.10 Leases

The assets purchased under hire purchase agreements are included in the Fixed Assets

block. The value of the asset purchased is capitalized in the books. A liability for the same amount is created at the time of entering into the agreement. The payments are made to the HP vendors as per the EMI's given in the hire purchase agreements.

The finance charges are debited to the statement of profit and loss and the principal amount is adjusted against the liability created for the vendor.

Lease rentals in respect of operating lease arrangements are charged to expense on a straight-line basis over the term of the related lease agreement.

1.11 Borrowing Cost

Expenditure on borrowing cost on the loans obtained specifically for acquisition, construction or production of qualifying assets are capitalized as part of the cost of that asset. Other borrowing costs are charged to revenue over the tenure of the loan.

1.12 Impairment of Assets

The Company reviews the carrying values of tangible and intangible assets for any possible impairment at each Balance Sheet date. Impairment loss, if any, is recognized in the year in which the impairment takes place.

1.13 Cash Flow Statement

The Cash flow statement is prepared under the indirect method as per Accounting Standard 3 "Cash Flow Statements".

1.14 Segment Reporting

The Company operates in only one segment viz. movie and related activities. Hence segment reporting is not applicable.

1.15 Earnings per Share

The earnings considered for ascertaining the Company's Earnings Per Share comprises the net profit after tax. The number of shares used in computing Basic EPS is the weighted average number of shares outstanding during the period. The number of shares used in computing diluted EPS comprises the weighted average shares considered for deriving basic EPS, and also the weighted average number of equity shares that would be issued on the conversion of all dilutive potential equity shares.

1.16 Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognized when the Company has an obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Obligations are assessed on an ongoing basis and only those having a largely probable outflow of resources are provided for.

Contingent Liabilities are recognized only when there is a possible obligation arising from past events due to occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or where any present obligation cannot be measured in terms of future outflow of resources or where a reliable estimate of the obligation cannot be made.

NOTE 23: OTHER ITEMS

23.1 Provision for Taxation and deferred tax

The provision for deferred tax asset/liability has been made in accordance with AS-22 on Accounting for Taxes on Income.

INDEPENDENT AUDITOR'S REPORT

To,
The Members
Picturehouse Media Limited
Chennai.

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Picturehouse Media Limited (herein after referred to "the Holding Company"), and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), comprising of the Consolidated Balance Sheet as at 31 March, 2015, the Consolidated Statement of Profit and Loss, the Consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements").

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and the irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosure in the consolidated financial statements. These procedures selected depend

on the auditor's judgment, including the assessment of the risk of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on whether the Holding Company has an adequate internal financial controls system over financial reporting in place and the operating effectiveness of such control. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in sub-paragraph (a) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its associates as at 31 March, 2015, and their consolidated Profit, and their consolidated cash flows for the year ended on that date.

Other Matter

We did not audit the financial statements / financial information of two subsidiaries, whose financial statements / financial information reflect total assets (net) of Rs.17932.41lakhs as at 31st March, 2015, total revenues of Rs.3508.01 lakhs and net cash inflows amounting to Rs.10.12 lakhs for the year then ended, as considered in the consolidated financial statements. These financial statements / financial information have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub section (3) and (11) of Section 143 of the Act, insofar as it relates to the aforesaid subsidiaries is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

- 1** As required by the Companies (Auditor's Report) Order, 2015 (the Order), issued by the Central Government of India, in terms of sub-section (11) of Section 143 of the Act, based on the comments in the auditor's reports of the Holding Company and subsidiary companies, we give in the Annexure a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2015

NOTE 1 SIGNIFICANT ACCOUNTING POLICIES

1.1 Basis of preparation of financial statements

A The financial statements of the Company have been prepared under the historical cost convention in accordance with the Accounting Standards specified by Companies (Accounts) Rules, 2014 issued by the Central Government and the relevant provisions of the Companies Act, 2013, to the extent applicable.

B All financial transactions have been recognized on accrual basis. The preparation of financial statements in conformity with the GAAP requires that the management makes estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities as at the date of the financial statements and the reported amounts of revenue and expenses during the reported period. The Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable. Future results could differ from those estimates.

C Principles of Consolidation: The Group's consolidated financial statements include those of Picturehouse Media Limited and its subsidiary companies PVP Cinema Private Limited, PVP Capital Ltd, Picturehouse Media Private Limited, Singapore. All significant inter-company transactions and balances have been eliminated in the consolidated statements.

D List of subsidiaries and proportion of voting power held:

Name of Subsidiary	Country of incorporation/ Residence	Proportion of Ownership interest / Proportion of Voting power held
PVP Cinema Private Limited (Formerly PVP Screens Private Limited)	India	100 % (Wholly owned Subsidiary)
PVP Capital Ltd (Formerly Nahar Finance Ltd)	India	100 % (Wholly owned Subsidiary)
Picturehouse Media Private Limited	Singapore	100 % (Wholly owned Subsidiary)

E Going Concern: During the previous year, PVP Cinema Private Limited is fully dependent upon the financial and administrative support of its holding company Picturehouse Media Limited. Hence, the financial statements are prepared on going concern basis.

1.2 Revenue Recognition

Income from Movie and related rights are recognized in accordance with the terms of the agreement on accrual basis. Sale of Intangibles are recognized when asset are sold to customers which generally coincides with the delivery and acceptance. Income earned on licensing the copyrights is recognized on time proportionate basis. Interest income is recognized on time proportionate basis. Where loans have been classified as non-performing assets the interest is recognized on collection basis as per RBI guidelines.

1.3 Use of Estimates

In preparation of financial statements conforming to GAAP requirements certain estimates and assumptions are essentially required to be made with respect to items such as provision for doubtful debts, future obligations under employee retirement benefit plans, income taxes and the useful life period of fixed assets. Due care and diligence have been exercised by the Management in arriving at such estimates and assumptions since they may directly affect the reported amounts of income and expenses during the year as well as the balances of Assets and Liabilities including those which are contingent in nature as at the date of reporting of the financial statements.

To comply with GAAP requirements relating to impairment of assets, if any, the Management periodically determines such impairment using external and internal resources for such assessment. Loss, if any, arising out of such impairment is expensed as stipulated under the GAAP requirements. Contingencies are recorded when a liability is likely to be incurred and the amount can be reasonably estimated. To this extent the results may differ from such estimates.

1.4 Fixed Assets and Depreciation

Fixed Assets are stated at acquisition cost. Depreciation is charged on a pro-rata basis on a straight-line method as per the rates and in the manner prescribed under the Schedule II to the Companies Act, 2013, as amended.

1.5 Inventory

Inventory at the yearend consists of film under production Work in progress (WIP). The inventory WIP are valued at cost or net realizable value whichever is less. Cost includes direct and indirect cost relating to film production activities.

1.6 Benefits to employees

A Gratuity

The liability as at the Balance Sheet date is provided for based on the actuarial valuation carried out in accordance with Accounting Standard 15 (Revised 2005) on "Employee Benefits" as at the end of the period. Actuarial Gains/Losses are recognized immediately in Statement of Profit & Loss.

B Leave Encashment

Leave encashment is paid for in accordance with the rules of the Company and provided based on an actuarial valuation as at the balance sheet date. Actuarial Gains/Losses are recognized immediately in Statement of Profit & Loss.

C Other Benefit Plans

Contributions paid under defined contribution plans are recognized in the Statement of Profit and Loss in each year. Contribution plans primarily consist of Provident Fund administered and managed by the Government of India. The company makes monthly contributions and has no further obligations under the plan beyond its contributions.

1.7 Foreign Currency Transactions

All foreign currency transactions are accounted for at the rates prevailing on the dates of the transaction. Foreign currency assets and liabilities are converted at the yearend rates as applicable. The exchange difference on settlement / conversion is adjusted to Statement of Profit and Loss.

1.8 Taxes

Tax expense comprises current and deferred. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the relevant tax laws. Deferred income taxes reflect the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the company has unabsorbed depreciation or carry forward tax losses, deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that such deferred tax assets can be realised against future taxable profits.

1.9 Leases

The assets purchased under hire purchase agreements are included in the Fixed Assets block. The value of the asset purchased is capitalized in the books. A liability for the same amount is created at the time of entering into the agreement. The payments are made to the HP vendors as per the EMI's given in the hire purchase agreements. The finance charges are debited to the profit and loss statement and the principal amount is adjusted against the liability created for the vendor.

Lease rental in respect of operating lease arrangements are charged to expense on a straight-line basis over the term of the related lease agreement.

1.10 Borrowing Cost

Expenditure on borrowing cost on the loans obtained specifically for acquisition, construction or production of qualifying assets are capitalized as part of the cost of that asset. Other borrowing costs are charged to revenue over the tenure of the loan.

1.11 Segment Reporting

The Holding Company, Picturehouse Media Limited operates only in entertainment segment, whereas PVP Cinema Private Limited, the subsidiary, did not have any commercial activity during the year and PVP Capital Ltd is in the media financing business and Picutrehouse Media Private Limited , Singapore operates only in entertainment segment. Hence the group operations are under one segment i.e movie and related activities.

1.12 Impairment of Assets

The Group reviews the carrying values of tangible and intangible assets for any

possible impairment at each Balance Sheet date. Impairment loss, if any, is recognized in the year in which the impairment takes place.

1.13 Cash Flow Statement

The Cash Flow statement is prepared under the indirect method as per Accounting Standard 3 "Cash Flow Statements".

1.14 Earnings per Share

The earnings considered for ascertaining the Group's Earnings Per Share comprises the net profit after tax. The number of shares used in computing Basic EPS is the weighted average number of shares outstanding during the period. The number of shares used in computing diluted EPS comprises of the weighted average number of shares considered for deriving Basic EPS and also the weighted average number of equity shares that would be issued on the conversion of all dilutive potential equity shares.

1.15 Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognized when the Group has an obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Obligations are assessed on an ongoing basis and only those having a largely probable outflow of resources are provided for.

Contingent Liabilities are recognized only when there is a possible obligation arising from past events due to occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or where any present obligation cannot be measured in terms of future outflow of resources or where a reliable estimate of the obligation cannot be made.

NOTE 25: OTHER ITEMS

25.1 Provision for Taxation and deferred tax

The provision for deferred tax asset/liability has been made in accordance with AS-22 on Accounting for Taxes on Income.
