TV18 is more than just a brand to 700 million people who watch our channels and represent about 90% of television viewing universe in India.

It is a brand that exudes trust. It informs, enlightens and entertains.

TV18 brings to life the work of some of the world's most talented anchors, journalists, story tellers and actors for its audiences.

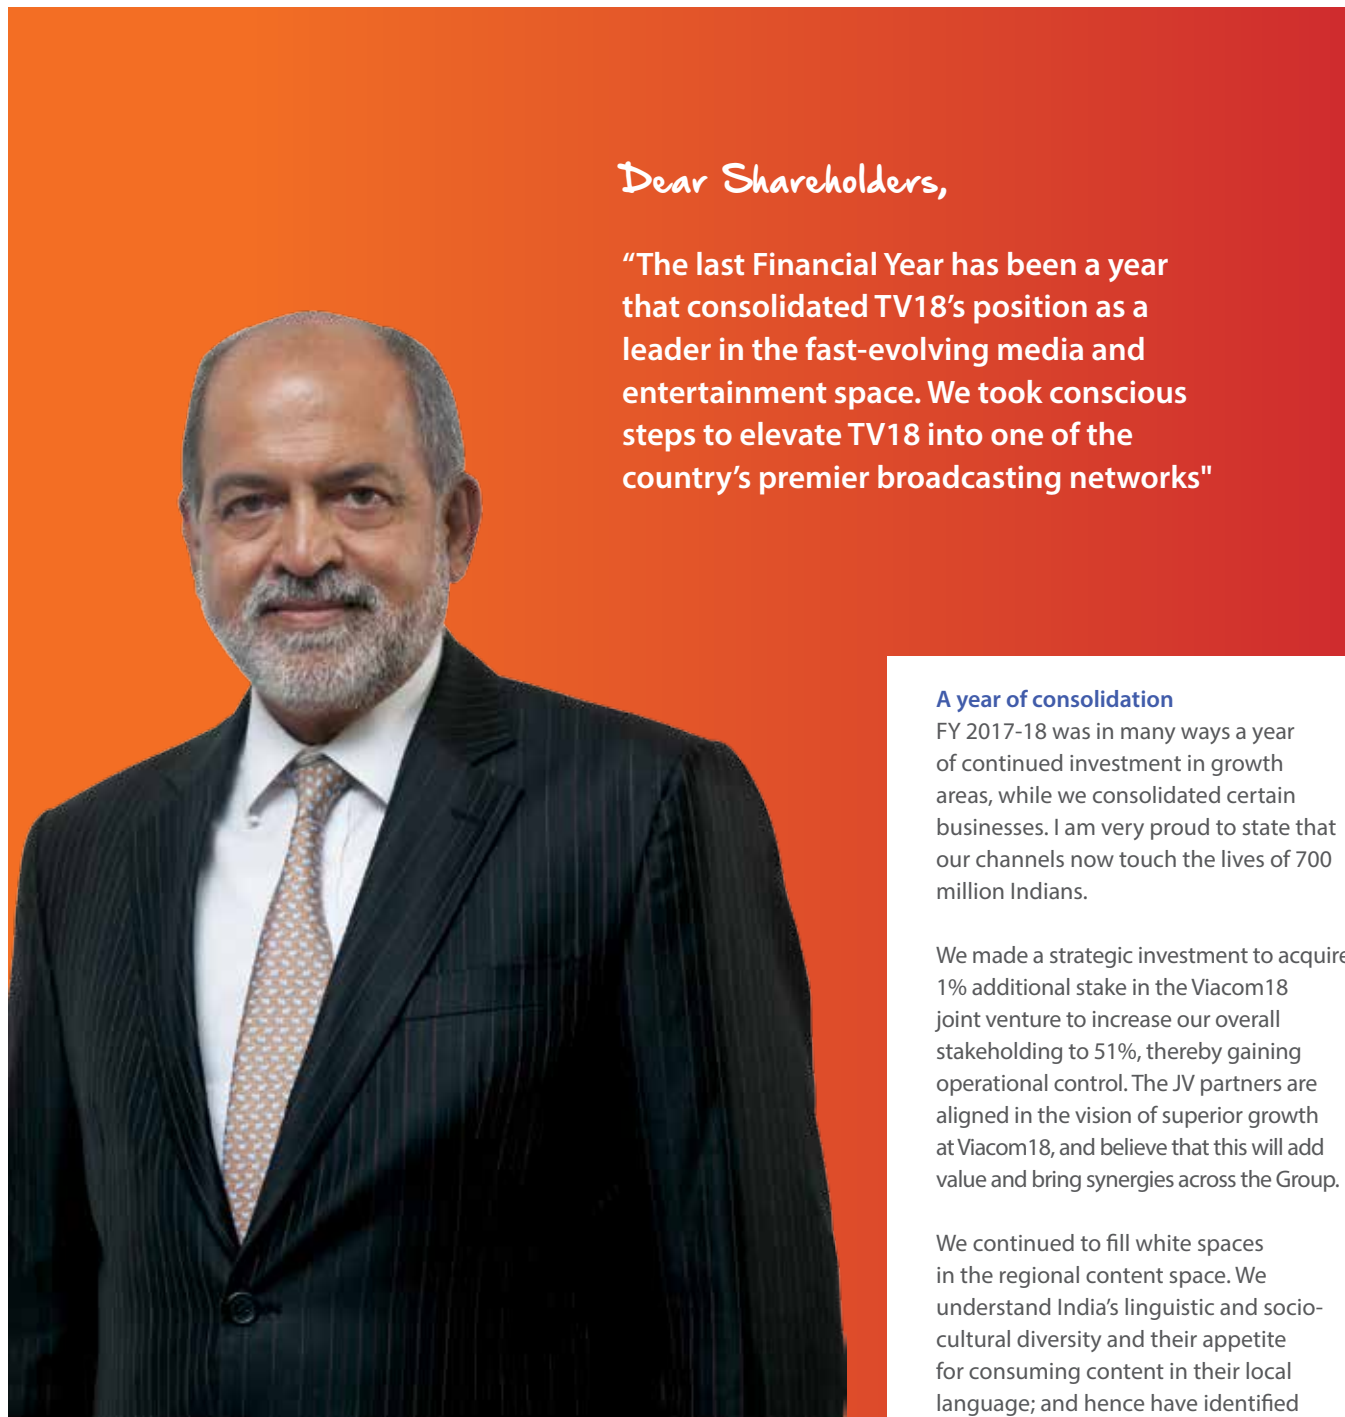

Its wide canvas brings together powerful personalities, global leaders, fresh ideas and topical subjects.

It connects with viewers across India's diverse landscape through screens of every size and nature; whether on handhelds, of televisions or in cinemas. It strives to inform and entertain; and its brands resonate with millions of Indians across demographics, languages and regions.

It is a place where Indians like to be and where India's diversity unites.

A message from the Chairman

Dear Shareholders,

"The last Financial Year has been a year that consolidated TV18's position as a leader in the fast-evolving media and entertainment space. We took conscious steps to elevate TV18 into one of the country's premier broadcasting networks"

A year of consolidation

FY 2017-18 was in many ways a year of continued investment in growth areas, while we consolidated certain businesses. I am very proud to state that our channels now touch the lives of 700 million Indians.

We made a strategic investment to acquire 1% additional stake in the Viacom18 joint venture to increase our overall stakeholding to 51%, thereby gaining operational control. The JV partners are aligned in the vision of superior growth at Viacom18, and believe that this will add value and bring synergies across the Group.

We continued to fill white spaces in the regional content space. We understand India's linguistic and socio-cultural diversity and their appetite for consuming content in their local language; and hence have identified

regional vernacular content as a key for future growth. In view of this, we strengthened our regional footprint with the launch of Colors Tamil around the end of the year in February 2018.

Colors Tamil with its fresh subjects and cinematic quality content has generated strong appeal among viewers, especially in the urban region. Within its first month of launch, the channel has made its presence felt in a highly competitive market, garnering 5% viewership share. With this, TV18 now has 7 regional entertainment and 14 regional news channels. We will continue to explore more such opportunities to deliver cutting edge localised content to under-served audiences.

The year saw us undertake an important transition as we brought together all the general news channels under one mega brand, News18. This was announced at the highly prestigious Rising India Summit, amidst the presence of the Honourable Prime Minister of India, Shri Narendra Modi, and other dignitaries. The event was the culmination of the state-level Rising Series that we had initiated during the year to bring together all the stakeholders of the states and discuss a roadmap for development. The unification marks our journey towards becoming one of the largest news brands in the world.

Focussed on the digital opportunity

We believe that the digital arena will be a significant growth driver in the coming years. As the world increasingly

converges to smaller screens, digital content consumption is bound to rise. Already, the online video consuming is witnessing a massive upsurge with viewer base growing by 64% to 250 million users in 2017. The increasing smartphone penetration, rising internet speeds and decreasing data charges will only intensify this growth. By 2020 it is expected that the userbase will double to 500 million. And this will drive monthly data consumption, which is expected to increase over four-fold from 3.9 GB per smartphone in 2017 to 18 GB by 2023. (Source: FICCI-EY Media and Entertainment report, 2018)

With our platform-agnostic approach and technological competence, we are well positioned to capitalise on this opportunity. We have leveraged this competence to build a powerful and scalable OTT platform, VOOT, which is garnering consumer admiration for its huge curated content library and user experience. VOOT had been downloaded by ~70 million users and has 35 million active users, spending an average of 40+ minutes daily. We will remain focussed on creating more digital-first content and promote fresh ideas to cater to evolving consumer preferences.

Content innovation remains vital

TV18 has always been a believer of encouraging creativity and embracing artistic independence. It is this virtue that has enabled us to create path-defining content that has been running successfully year after year and continues to attract more audiences. With our

strong team of storytellers, creative experts, journalists, anchors and actors, we will continue to launch innovative concepts and formats.

My colleagues and I appreciate the excellent work and commitment of our teams. Our efforts to bring on-stage some of the world's most powerful people, encourage thought leadership and spread positive social message only goes on to show our social and economic importance to the nation.

I take this opportunity to thank all the other stakeholders for their sustained trust in us. We continue to seek their support to make TV18 much stronger than it is today.

Warm regards,

Adil Zainulbhai
Chairman

Promoting thought leadership

We initiated one of India's most comprehensive thought leadership programmes with our marquee Rising Series. Through the series, we created a state-level platform to facilitate open-dialogue between politicians and various state stakeholders to discuss, debate and identify a roadmap for development. Held across various states, the series culminated at the mega Rising

India Summit which was attended by the Honourable Prime Minister of India, Shri Narendra Modi, Nobel Laureate Economist Paul Krugman and several other dignitaries from different walks of life.

At the cutting edge

With our large and formidable team of trusted anchors and experts, we continue to dominate the news space with our

offerings of 4 business, 2 general and 14 regional news channels. We define the business news genre with our comprehensive, insightful and in-depth coverage of significant economic, political and financial events. Our general and regional news portfolio under the umbrella brand News18 is increasingly a force to reckon with.

CNBC Awaaz had 80% viewership share on Union Budget Day, peaking at 90% during Finance Minister's speech

CNBC-TV18 had 79% channel share for Budget Day Programming, higher than all English news channels combined

Television viewing best appeals to audience when they can emotionally and personally connect with its content and characters. We understand the pulse of India's massive diversity and present vernacular content with the flavour of local culture to provide an unmatched viewing experience.

The Rising Series

The Rising Series focussed on holistically analysing the development of Indian states. Held across 11 states, it brought together politicians (ruling and opposition), bureaucrats, and other key stakeholders to discuss, debate and identify the roadmap for development in their respective states. Rising India was the culmination of this series, which witnessed the bringing together of all general news channels under one mega brand, News18.

MANAGEMENT DISCUSSION & ANALYSIS

The Media & Entertainment (M&E) industry posted robust growth, in FY17, reaching ₹ 1.5 trillion

COMPANY OVERVIEW

'TV18 Broadcast Limited', a subsidiary of Network18, manages its primary business of broadcasting. TV18 runs the largest news network in India, spanning business news (4 channels with market leadership), general news (1 each in English and Hindi) and regional news (14 channels across India, including joint venture News18-Lokmat). Marquee brands like CNBC-TV18, CNBC Awaaz and CNN-News18 are part of this news bouquet.

FORWARD-LOOKING STATEMENTS

Statements in the Management Discussion and Analysis, which describe the Company's objectives, projections, estimates, expectations, may be 'forward-looking statements' within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied. Important factors that could influence the Company's operations include economic developments within the country, demand and supply conditions in the industry, input prices, changes in government regulations, tax laws and other factor such as litigation.

Network18 Media & Investments Limited is one of India's most diversified Media and Entertainment conglomerates. It has interests across television, digital content, filmed entertainment, e-commerce, magazines and allied businesses.

TV18's entertainment subsidiary Viacom18 (a joint-venture with Viacom Inc) operates an array of entertainment channels. The entertainment portfolio comprises Hindi general entertainment channels, English entertainment, movies, youth and musical entertainment, kids genre and seven regional entertainment channels as well. This includes leading properties like Colors, MTV and Nickelodeon. The Group has a presence in the

movie business too, which it operates through Viacom18 Motion Pictures.

TV18's Infotainment subsidiary AETN18 (a joint venture with A+E Networks) operates factual entertainment and lifestyle channels named History TV18 and FYI TV18 respectively.

TV18 and Viacom18 have also formed a multi-platform content asset monetisation entity Indiacast, which drives domestic and international channel distribution, placement services and content syndication for the Group's channels and for other broadcasters as well.

INDIAN ECONOMY

The third quarter of FY 2017-18 witnessed India's climb back on a growth trajectory, making it the fastest-growing major nation in the world. After dropping sharply to a three-year low of 5.7% in the first half of FY17, it recovered smartly to 7.2% in the quarter ended December 2017. This has been viewed by most as a sign that the economy has adjusted to the two recent policy shocks – demonetisation and implementation of GST – and is ready to resume its high growth path.

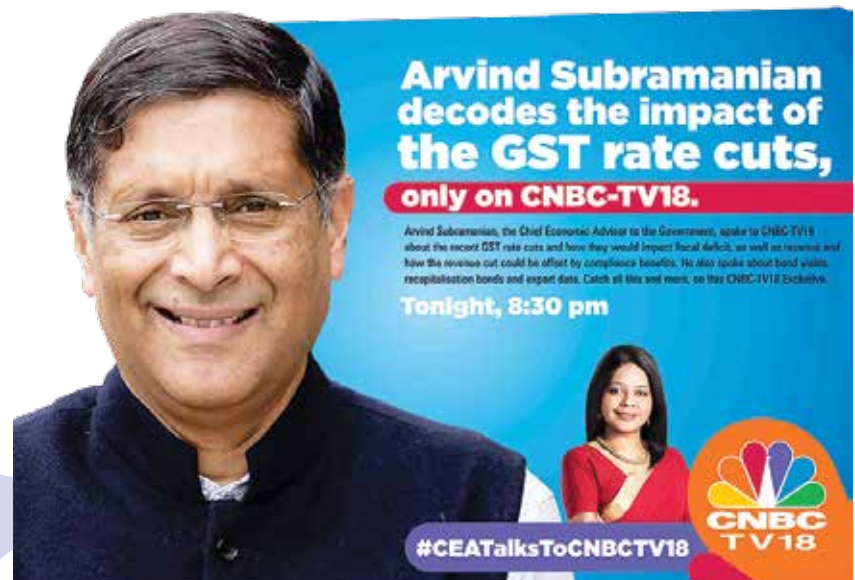

The third quarter of FY 2017-18 witnessed India's climb back on a growth trajectory, making it the fastest-growing major nation in the world

12.6% | Growth of M&E sector in FY17 over the previous year

In its World Economic Outlook Update, the International Monetary Fund (IMF) also remains optimistic about India's growth potential. It has forecasted India's GDP growth at 7.4% for FY18 and expects that to accelerate to 7.8% in FY19.

INDIAN MEDIA AND ENTERTAINMENT Industry overview

Mirroring good growth in the economy, the Media & Entertainment (M&E) industry posted robust growth, in 2017, reaching ₹ 1.5 trillion, according to the 'FICCI-Frames - 2018 report, Re-imagining India's M&E sector'. More noticeably, all segments of the industry posted growth, with digital media clocking the highest rise of 24.9% and print

Arvind Subramanian #CEATalksToCNBCTV18

bringing up the rear with 5.7%. The year was also characterised by strong elements of consolidation and innovation on the back of digital, both for consumers and all along the content supply chain.

The increasing popularity of mobile cameras, internet and the easy and affordable access to information and computing power in hand-held devices has changed the dynamics of media consumption and production. Now, more than ever, the M&E industry has become more inclusive and democratic.

Advertising budgets followed the changing content consumption patterns of consumers and this drove the digital segment to the top of the growth list. The films segment also saw strong growth, aided along by international revenues generated by Indian films. With the re-emergence of India as an efficient and high quality outsourcing destination, animation, VFX and post production business also saw good growth. With the rising incidence of sporting meets and events (conferences, exhibitions, etc.), especially in tier II and III cities, the events segment maintained its strong pace of growth. The television segment gained traction on the back of digitisation of television homes. It also got mileage from non-fiction programming, particularly in regional languages.

Overall, the M&E sector grew faster than India's GDP, reflecting the increase in disposable incomes resulting from relatively stable economic growth. According to the FICCI-Frames report, Re-imagining India's M&E Sector – March 2018, the M&E sector continues to show great potential, and is expected to grow on the back of India's need for escapism, knowledge and social acceptance. Media and entertainment has become a necessity of life, and provides exciting opportunities for existing and new companies as it heads towards a ₹ 2 trillion (USD 31 billion) industry by 2020.

USD 31 billion
Estimated size of the Media and Entertainment industry by 2020

OTT platforms like VOOT from the Network18 group have gained substantially from falling data prices and rising smartphone penetration.

Growth Drivers

Rise in Digital Subscription and Digital Advertising Spends

FY17 saw a powerful rise of 50% in Digital subscription. As per industry estimates, quoted by the FICCI-Frames 2018 report, there are around 2 million paid digital subscribers across application providers, and between 1 and 1.5 million customers who have moved entirely to digital media consumption. By 2020, the number of digital-only consumers is expected to rise to 4 million. Availability of niche content, global content, increased OTT-only content, sports and falling data charges will drive the wider adoption of subscribers.

A parallel phenomenon is the rise of advertising spends on digital. As screens and internet broadband penetration increases, alongside a fall in data rates, there was a parallel increase in the consumption of content and rise in time spent on digital media. Following this trend, some advertising spends did shift to digital medium, as per the FICCI report. Consequently, digital advertising comprised 17% of the total advertising

spends in 2017. Going forward, by 2020, the share of digital advertising is expected to grow to 22%, making Digital the third largest segment of the Indian M&E sector (after Television and Print), ahead of even Filmed Entertainment.

Television posts good growth in revenue and penetration

TV penetration in India continued to grow to reach 64% (183 million households), accounting for about 780 million viewers. With digitisation, the monetisation of this viewership became more transparent. DAS markets clocked an increase in ARPU, which is now flowing to MSOs and distributors more seamlessly.

This year, the full impact of BARC's enhanced rural panel weightage became apparent. Some genres, such as Infotainment, English News and English Entertainment saw a reduction in their viewership. However, the increase in weightage to rural India registered a higher viewership of kids' content compared to the previous year.

International taste for high budget Indian films

A combination of high growth in overseas theatrical releases (particularly in China), growth in satellite rights values and domestic box office collections rendered a growth of 27% in the Indian film industry. Movie releases like Baahubali and Dangal propelled growth in both the domestic and international markets.

The success of Baahubali last fiscal is likely to drive the creation of high budget Hindi and regional movies in the years to come. However, domestic box office collections should be able to adequately support such higher investments. In addition, India's current screen density of less than 10,000 screens compares poorly with developed media markets, like the US, and even China.

While the current success in the international markets points to promising times ahead, the limited release of foreign films in China, due to regulations, could limit the growth in overseas markets. Lastly, the success of films is not linear; it depends largely on the number and types of releases.

Better measurement and analytics of viewership

Broadcast Audience Research Council (BARC) is a joint industry body of broadcasters, advertisers and advertising agencies. Because of its ability to measure viewership habits of both Rural and Urban TV households, through BAR-O-Meters seeded in a growing number of TV households across

the country, BARC has unlocked considerable insights into a vast majority of India's media and entertainment preferences. Keeping up with the convergence in the M&E industry, BARC will be launching its combined TV plus digital measurement system "EKAM". This will create a uniform currency to measure performance across both mediums.

OUTLOOK FOR THE MEDIA INDUSTRY

With the recovery and fast growth in the Indian economy, the prospects of the Indian M&E industry look bright. In fact, it is expected to grow at a higher pace than even the economy in the medium term. Largely driven by sentiment, ad spends by companies are expected to increase in 2019 and beyond and advertisements account for around 50% of the M&E industry's revenues. Additionally, export-led entertainment companies are expected to gain from global growth.

THE INDIAN TELEVISION INDUSTRY

Overview

The Indian Television industry grew 11.2% (9.8% net of taxes) from ₹ 594 billion to ₹ 660 billion in 2017. Its advertising revenues, which comprise 40% of revenues, grew to ₹ 267 billion while revenue from distribution (i.e. consumer spend), which comprises the remaining 60%, grew to ₹ 393 billion.

According to EY estimates, advertising is 41% of industry revenues today (72% of broadcaster revenues) and this is expected to grow to 43% of total revenues by 2020 (75% of broadcaster revenues).

According to the FICCI-Frames report, TV viewership has grown 21% across all age groups. In terms of content, 54% of content viewed is in the GEC genre, followed by movies, which comprise 23% of total content viewed. News and music account for 7% and 6%, respectively.

RURAL TV

Rural India at 99 mn TV homes is 17% higher than Urban India but is only 52% penetrated

There are 877 licensed private satellite TV channels, of which 389 are news channels and 488 are non-news channels; in terms of subscription, 300 were pay channels and 577 were Free To Air (FTA). During 2017, 11 fresh channel licenses were issued. The local cable operator universe comprises over 60,000 operators.

Trends in the TV industry

According to a 'BARC – FICCI Frames report - 2018, The changing face of TV in India', the Hindi GEC

category leads all other channels with a reach of 499 a week, with Hindi movies close on its heels with 471. In the GEC genre, while the three top choices for urban India were talent search/feats/reality show, drama/soap, mythological/costume dramas, those in the rural areas put drama/soap at the top of the list, followed by mythological/costume dramas and finally talent search/feats/reality shows. In the sports genre, while cricket still remains the most popular sport watched on TV, local sport Kabaddi is fast gaining share.

The evening prime time contributes to over 30% for Hindi, English and Regional News. However, Morning Time contributes maximum to News in Andhra Pradesh and Tamil Nadu.

Advertising

Increases in advertising revenue driven by volumes and premium properties

According to BARC, the number of advertisers on TV grew to 12,964 and ad volumes grew to 70 million insertions, in 2017. Total ad revenue grew 10% (8.7% on a net of tax basis), from ₹ 243 billion to ₹ 267 billion. This was largely driven by increased volumes on the back of the launch of more channels, particularly in the FTA space. At the same time, the ad revenue of premium properties such as sports, prime time content, film premieres and reality TV also grew.

Top 10 channel genres account for 47% of total ad volumes

Almost half of the total ad volumes (47%) came from the top 10 channel genres, with 30% coming from Hindi channels and the balance 17% from Tamil, Telugu and Bangla. Hindi Movies as a genre clocked the largest advertisements, helped along by the launch of several FTA movie channels on DD Free Dish. Nevertheless, regional channels are outpacing many other genres in terms of growth, leading large broadcasters to consider enhancing their regional channel offerings.

Free Dish offerings rake in ad revenues

Large private broadcasters saw a growth to over ₹ 20 billion in advertising revenues from their Free Dish offerings, largely on account of the fast growth of this facility but also partly due to the increased rural weightage used by BARC.

TV CHANNELS

SHARE IN AD REVENUES

47% | Almost half of the total ad volumes came from the top 10 channel genres

These channels have a large reach and are often some of the most viewed channels in the country. Since the captive audience of these channels is different from that of the pay TV channels, advertisers wishing to use television to reach out to lower NCCS audiences, particularly in rural areas, see good opportunity in advertising on them.

News channels thrived on events

A lion's share of 40% of revenues for certain channel genres, particularly business and regional news, came from events and activations. Over the past few years, there has been a steady rise in the number of awards, contests, etc. It has been estimated that over 650 events are telecast on news channels in India annually. Bundling of sponsorship with advertising time has emerged a cost-effective formula for sponsors.

Slot sales remain steady

Slot sales volumes to advertisers continued to hold for many channels with the launch of additional FTA and pay channels in the news, GEC and movies genres. These have high distribution in HSM and regional markets and have created inventory availability. As a result, they generate estimated revenue of between ₹ 5 and 8 billion.

Distribution

Fragmented distribution market

There are an estimated 60,000 local cable operators (LCOs) and more than 6,000 multi-service operators (MSOs) in the distribution segment in India. There were six pay direct-to-home (DTH) operators and

Doordarshan's free satellite service in operation. In addition, there was one Headend-in-the-sky (HITS) operator. The DTH companies and 10 largest MSOs dominated the market, serving around 65% of pay TV homes.

Steady growth in TV-viewing households

Clocking a 3.5% growth over the previous year, TV penetration in India reached 64%, taking the total number of TV-viewing households to 183 million in 2017. This translates into approximately 780 million viewers. 83% of the total TV households were paying households.

Digitisation resulted in increased customer ARPU

As anticipated, digitisation led to higher collections from end customers, across all DAS markets. This, in turn, led to an increase in revenue received by MSOs and broadcasters. Prior to digitisation, revenue leakages adversely impacted MSOs as LCOs tended to under-report the number of subscribers to retain higher margins. However, now transparency has increased and MSOs have greater clarity on the number of active consumers of every

LCO. This has led to an increase in the bargaining capacity of MSOs.

	TV-owning Homes (mn)	TV Penetration (%)
Rural India	99	52
All India	183	64

The elimination of channel aggregators and distributors has also culminated in better bargaining power for MSOs and thereby better revenue to distributors. Their collections from digitised LCOs in the DAS I and DAS II markets now ranges from ₹ 80 to ₹ 125 per subscriber per month. In the DAS III markets, their collections also grew significantly from ₹ 50 to ₹ 80 per subscriber per month from the earlier range of ₹ 30 to ₹ 50.

MSOs and broadcasters see improved revenue streams

With the introduction of digitisation, the revenue dynamics of the entire distribution have changed. With enhanced transparency at the LCO level, MSOs have gained and so have broadcasters. According to EY, there has been a concerted push towards the implementation of a prepaid model by several leading MSOs. Having invested in implementing B2B online portals, they are pushing LCOs to transact online on a prepaid basis. Currently, though the prepaid models are only implemented by a handful of large MSOs, that too only in some markets. Nevertheless, the trend is likely to catch on with other MSOs too as it streamlines billing and reduces collection efforts significantly.

ARPU under pressure despite growth in DTH subscribers

During 2017, the number of active DTH subscribers in India grew by over three million largely on account of digitisation in DAS III and DAS IV markets. However, due to various factors - demonetisation, implementation of GST, the introduction of low value packs for rural markets, attempts to counter the competition from Free Dish providers - ARPUs have been flat at around ₹ 220 per month, despite muted increase in package prices. The upside for broadcasters is that the visibility of their content has improved. Although they have not been able to monetise this yet, as incomes rise, there is scope to leverage their household presence with advertisers.

OTT viewership continues to grow

The gap between the cost of watching an hour of TV on broadband and traditional cable or DTH has significantly reduced, thanks to the fall in broadband pricing. However, with the assumption that an average TV household watches over three hours of content a day, it is currently still more expensive to watch TV using broadband, especially if watched on a large television screen.

Nevertheless, EY estimates that by 2020, there would be around 4 million people who primarily depend on OTT platforms for their content. With an eye on the future, many distribution companies are investing in broadband to mitigate this risk, which shall potentially lead to increased ARPU.

Subscription revenue of broadcasters increased

Broadcasters witnessed an increase in subscription revenues from ₹ 90 billion in 2016 to ₹ 99 billion in 2017. This was largely due to long-term contracts with escalation clauses, digitisation of TV households and increased transparency. International subscription revenues faced stagnant rates on account of the increased number of consumer offerings and remained stable at around ₹ 20 billion in 2017.

Content

Interactivity keeps gaining in popularity

Interactivity is perhaps the most significant trend in the Indian TV industry in 2017. It contributed to making TV content truly immersive. Shows like the Jio Ghar Baithey Jeeto Jackpot contest for Kaun Banega Crorepati, generated considerable interest in viewers. In addition, interactivity enhanced audience stickiness and increased the time spent on linear TV.

Increasing cost of content

A combination of factors including more TV channels, several OTT players like Amazon Prime, Viu, Alt, Netflix, etc. has increased the overall demand for content. Although Indian broadcasters produce over 1,00,000 hours of content annually across languages and formats, newer players are investing higher amount per episode (albeit for much smaller quantities of content) and are tying up with leading talent. The increase in cost is expected to impact the cost of film acquisition more than cost of episodic content.

During FY2017, the number of active DTH subscribers in India grew by over three million largely on account of digitisation in DAS III and DAS IV markets

Increased values of satellite rights

Broadcasters paid around 18% more for satellite rights in 2017. Large increases were seen for blockbuster films, particularly in the regional language space. While movie channels generated 23% of total viewership, movies on regional channels also generated significant revenues.

Export of content an emerging opportunity

Indian broadcasters receive a steady stream of subscription revenue as well as advertising revenue from Indian television that is exported to over 150 countries across the globe. News channels have also now become available in over 70 countries.

In addition to channels that cater to Indian diaspora in Indian languages, there is a growing opportunity for dubbed Indian content in countries like Africa, Middle East and Eastern Europe.

Regional language content leads growth in viewership

Data from BARC indicates that growth in languages like Punjabi, Oriya, Bhojpuri, Assamese and Gujarati is almost twice the rate of growth of languages like Hindi, Tamil, Telugu, etc. Broadcasters increasingly intend to provide better quality and fresher content to regional consumers.

Merchandising and Licensing saw good growth

As per capita incomes rose and the middle class segment grew, the opportunity for licensing and merchandising of characters increased too, particularly for children's characters and sports leagues. This revenue source is expected to continue growing, despite the parallel growth of pirated products. Media companies have begun to provide products across multiple price points. Merchandising is led by international characters from Disney, Viacom18 and Turner, but local characters also captured the fancy of Indian audiences and correspondingly increased licensing opportunities.

Conclusion

Looking ahead, the Indian M&E sector is expected to grow strongly on the back of favourable socio-economic and demographic indicators. The rapid pace of digital adoption will add considerable fuel to this growth. At the same time, the value chain within the industry will continue to evolve

and continuous innovation and adaptation to this dynamic scenario will determine the survival and success of players within the industry.

News18

News18 is designed to give global audiences a window into India. The channel is present in the United States, Canada, United Kingdom, Singapore, and the Middle East. News18 is a destination for definitive news for the Indian diaspora, a community of high achievers seeking Indian news and for ethnic conglomerates with business interests in India.

Regional News

News18 Regional Network

TV18 currently operates a bouquet of 14 regional news channels covering 26 states and offering news in 15 languages. The most significant achievement has been that regional news network of TV18 has become the largest regional news network in India, reaching out to 59.7 crore audiences⁶ across the country. The viewership share of the News18 Regional news network (as a % of overall TV News viewership) has also near-doubled to ~4.5%. This is backed by impactful editorial and the distribution footprint of the channels which comprises over 1,200 reporters.

The re-branding of regional channels operating under the erstwhile ETV and IBN brands to News18 was completed during the fiscal year. The News18 brand was unveiled during one of Network18's biggest thought leadership events 'News18 Rising India Summit' where the keynote address was made by the Prime Minister of India. In addition to the re-branding, the channels were revamped from the programming and the look and feel perspective.

With strong feet on ground, election reporting has been the strength of News18 regional channels and it strives to bring election results first to its viewers.

The series of "Rising" events in different states is another milestone for the News18 Network. The noteworthy thing about these events is that it allows for an open dialogue between the political leadership and other key stakeholders of the respective states.

MTV India

MTV is an iconic and multi award winning youth brand that is irreverent, fun, innovative, passionate and optimistic, encouraging and inclusive. It was the No. 1 Youth channel for the year^[i]. The channel had several successful shows during the year such as 'Splitsvilla X', 'Roadies Rising' and 'India's Next Top Model S3' (which all became No. 1 shows^[ii]). While the channel owns a highly successful original IP 'MTV Roadies', which was launched in FY04 and has its 15th season ongoing, MTV continues to be a leader in introducing new formats in India with the launch of Dropout (World's first show to form a startup on TV) and Troll Police (India's 1st show that catches and confront online 'trolls'). MTV builds on its legacy of music with 7 years of MTV Unplugged and also introduced a new array of differentiated youth content through strategic partnerships with Super Fight League and U-Cypher. MTV is also one of the biggest youth brands on social media with approx. 45 million fans on FB and has been the pioneer of what we call 'Branded Content' today. MTV has successfully created impactful and award-winning content and platforms for clients such as Air BnB, Havells, HP, Nestle, Renault among several others.

On the Youth side, Flyp@MTV cafes expanded from 1 to 3 across the country with launches in Mumbai and Chandigarh.

Content Asset Monetisation

IndiaCast

IndiaCast is a JV between TV18 and Viacom18, and manages content monetisation for TV18, Viacom18 and other broadcasters with three clear mandates:

Padmaavat - Top Grossing Hindi movie of the year

- **Domestic:** IndiaCast manages domestic distribution of the channels from Viacom18, TV18 and Eenadu Television (ETPL) across various platforms such as Cable (digital and analog), DTH, HITS and IPTV. It also ensures best-in-class availability and reach of all channels by strategically managing key aspects of carriage and placement. Indiast has recently signed with Turner for distribution of its channels in India & Nepal.
- **International:** IndiaCast monetises content/programmes for TV18, Viacom18 across territories and platforms. In addition, we also distribute channels of ETPL across territories except US. With 22 international beams and its content syndication capabilities, IndiaCast has managed to reach the Asian diaspora and international audiences spanning across 145+ countries. With a rich content library of 50,000+ hours across genres, IndiaCast syndicates content from the Group in over 35 languages (including Hebrew, Russian, Serbian, Bosnian, Albanian, Macedonian, Kazakh, Swahili, Spanish, and English among others).
- **Digital:** IndiaCast also manages digital initiatives of the Group. It is responsible for linear channel distribution to OTT platforms and telecom operators for mobile consumption.

CORPORATE SOCIAL RESPONSIBILITY

At TV18, Corporate Social Responsibility (CSR) is embedded in the long-term business strategy of the Company. The Company's CSR initiatives help elevate the quality of life of millions, especially the disadvantaged sections of the society. TV18 seeks to transform people's lives by promoting health and education and sports, the latter to empower the children and youth of the country.

Reliance Foundation acts as the funnel through which Network18 Group reaches out to empower people and deepen its social engagements. In FY 2017-18, the Company focussed on the following initiatives:

- "Young Champs" initiative aimed at providing training to sports persons to promote rural sports, Nationally recognised sports, Paralympic and Olympic sports
- Dhirubhai Ambani Scholarships Programme through which financial assistance for education was provided in over 15 states of the country
- Health Outreach Programme through which preventive health was promoted by setting up 'Static Medical Units' in Mumbai

PAT	96	101	-5%

- Operating revenue rose 10% YoY to ₹ 735 crore, driven by growth of our Hindi General News channel, and Business News continuing to perform well.
- Operating expenses growth was contained at 6% YoY, led by a focus on cost efficiency. The focus was accentuated during the seasonal and macro-driven weakness in advertising environment during H1FY18.
- Operating EBITDA improved to ₹ 156 crore (up 28% YoY) as a result of operating leverage. However, full tax rate applicable for the whole of FY18 implied that profit after tax fell 5% YoY to ₹ 96 crore.

HUMAN RESOURCE DEVELOPMENT

Your Company's Human Resource Management systems and processes are aimed at attracting, developing, nurturing and retaining its single largest asset – Human Capital. It continues to focus on creating an engaging and high-performance work culture and a strong talent pipeline.

In the Talent Acquisition space, your Company further strengthened its Employer brand on campus and in the job market through multiple initiatives. We expanded our base of campuses that we visit for recruitment and were the employer of choice across all premiere journalism schools. The campus selection process was further standardised and refined, with the combination of psychometric tools and multiple selection rounds. To speed up the time-to-productivity of the trainees, a comprehensive induction and on-boarding programme was deployed, which provides cross-functional exposure to the new joiners.

The rigour of the selection process was improved by introducing background verification process for the senior hires. Additionally, your Company was able to achieve significant savings in the replacement costs of new hires.

Our journey of making the HR function more technology-driven continues on track. While SAP was launched in the last financial year, we continued to improve the system to enhance its employee friendliness. A Mobility platform (app) was launched this year to facilitate the processing of travel, attendance, leaves, reimbursements etc.

Our people are the key to truly realising the organisation's potential. We continually strive to enable employees to realise their own potential within the organisation's setup, by providing growth opportunities and extensive trainings. The learning and development initiatives of your Company are forward-looking and work towards not just bridging the skill-competency gaps but

Young Media Professionals at work

equally towards equipping employees with skills for the future. We deployed a leading online learning platform to provide our employees easy access to a vast library of engaging courses and help them achieve their personal and professional goals. Also, to encourage growth of internal talent and cater to the evolving aspirations of our employees, internal movements were facilitated through internal job postings.

Your Company's Performance Management system and processes contribute vastly towards enhancing the business performance as well as the employee's engagement levels and their perception of fairness. We ensured that the organisation level goals were cascaded down to employees through a structured goal-setting process. The assessment process has constructive feedbacks and identification of development areas as its cornerstone – which helps guide employees towards the journey of improvement. Performance is also linked commensurately with the reward mechanisms. Initiatives were undertaken to ensure high employee engagement and involvement, and to promote employee health and well-being, while developing a more inclusive culture.

As of March 31, 2018, there were 3,000 employees on the rolls of your Company.

Headcount

	As of March 31, 2018	As of March 31, 2017
TV18	1,873	1,849

In the coming year, the focus will be on further automation and technology improvements. A comprehensive framework around succession planning, leadership and career development would be deployed to develop a new breed of future leaders.

RISK MANAGEMENT

TV18 maintains a robust system of internal controls, commensurate with the size and complexity of its business operations. The system provides, inter alia, a reasonable assurance of protection against any probable loss of the Company's assets as a result of misuse of powers

by those who are in a position to influence the working of the business verticals of the organisation. It ensures that the transactions of its business operation are recorded in all respects in a fair and transparent manner. The Company has an external and independent firm of Internal Auditors to scrutinise its financials and other operations. The Internal Auditors report their findings directly to the Audit Committee, which forwards them to the concerned departments/business verticals for taking corrective measures. Internal audit also ensures that applicable laws are being complied with in true spirit.

RISKS AND MITIGATION STRATEGY

Digitisation Regime

Timely implementation of the Government's phased digitisation regime is critical to the long-term growth of the television industry. With the completion of the process of seeding of set-top boxes for Phases I and II (and nearing the completion of Phase III as well), the challenge now is to boost last-mile billing and packaging. This will help multi-system operators (MSOs) increase the average revenue per user (ARPU) and also benefit broadcasters. In this scenario, channels with weak content could stand to lose out on account of poor consumer demand.

Regulatory Environment

The Indian broadcast industry is heavily regulated across a multitude of areas including distribution, taxation, etc. Any policy changes can have a material impact on the economic and strategic direction of the industry and may restrict TV18's ability to do business.

Competitive Forces

The emergence of digital media, along with growth of mobile and radio, is causing a shift in part of the advertising revenue away from television. With their greater local connect and more measurable reach index, such media are drawing in considerable advertising from sectors such as FMCG and BFSI.

Advertising Revenue

Advertising being a major source of revenue generation, any decline in advertising revenues

could adversely impact TV18's revenue and operating results. TV18's primary revenue generation is linked with the sale of advertisements through television channels, which is dependent on the overall macroeconomic and industry conditions, market trends, public policy and government regulation, viewership, budgets of advertisers, among other factors. TV advertisement sales are also threatened by abrupt termination of contracts by advertisers, limits on advertising time, advertising shift to new media formats such as digital, etc.

Third-Party Relations/JV/Partnerships

TV18 has relationships and JVs with external partners whose long-term continuation it cannot assure. Sudden termination or deterioration of these relationships may materially and adversely affect TV18's operations and financial condition. The success of any future JVs and strategic relationships with third parties is also not assured, as every relationship comes with its own set of risks, including failure to recover the investment made in such initiatives.

Brand Recognition and Popularity

TV18's brand strength is one of its biggest assets and its success depends upon the popularity and recognition of its brands, as well as its ability to deliver original and compelling content and services that attract and retain viewers. Failure to sustain the brands, or excessive expenditure incurred in doing so, could seriously impact TV18's business and financial operations.

Mitigation Strategy

TV18 has an exciting portfolio of quality content and is continuously working on strengthening its content bouquet to reap the benefits of digitisation. Cognisant of the importance to remain abreast of changes in the regulatory environment, TV18 is constantly evolving its operational strategy to align it with the transforming dynamics of the industry in the context of policy changes. Strong risk mechanisms are in place to ensure continued high levels of operational efficiencies and effectiveness in the changed environment. TV18 is also expanding its portfolio and focussing on other forms of revenue by expanding in the digital space. It is also strengthening its processes

and systems to ensure cost effectiveness. TV18 is further keeping a sharp focus on cost-control without sacrificing scale. It is also continuously expanding its content basket to capture advertising interest and revenue. TV18 has in place a strong risk management system and stringent organisation policies that its employees are required to adhere to at all times. This ensures that its reputation remains protected and maintained.

INTERNAL CONTROL SYSTEMS

TV18 has exhaustive internal control systems that are aligned to its business requirements. TV18 regularly monitors the risks and has in place focussed risk mitigation strategies. Internal and external audit teams continuously monitor the adequacy and effectiveness of the internal control environment across TV18 and the status of compliance with operating systems, internal policies and regulatory requirements. The Audit Committee meets periodically to review the adequacy and efficacy of the internal control systems.

ANNEXURE I

Dividend Distribution Policy

The Board of Directors (the "Board") of TV18 Broadcast Limited (the "Company") at its meeting held on July 18, 2017, has adopted this Dividend Distribution Policy (the "Policy") as required by Regulation 43A of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the "Listing Regulations").

Objective

The objective of this Policy is to establish the parameters to be considered by the Board of Directors of the Company before declaring or recommending dividend.

Circumstances under which the Shareholders may or may not Expect Dividend

The Board of Directors of the Company, while declaring or recommending dividend shall ensure compliance with statutory requirements under applicable laws including the provisions of the Companies Act, 2013 and Listing Regulations. The Board of Directors, while determining the dividend to be declared or recommended shall take into consideration the advice of the executive management of the Company and the planned and further investments for growth apart from other parameters set out in this Policy.

The Board of Directors of the Company may not declare or recommend dividend for a particular period if it is of the view that it would be prudent to conserve capital for the then ongoing or planned business expansion or other factors which may be considered by the Board.

Parameters to be considered before Recommending Dividend

The Board of Directors of the Company shall consider the following financial / internal parameters while declaring or recommending dividend to shareholders:

- Profits earned during the financial year
- Retained Earnings
- Earnings outlook for next three to five years
- Expected future capital / liquidity requirements
- Any other relevant factors and material events

The Board of Directors of the Company shall consider the following external parameters while declaring or recommending dividend to shareholders:

- Macro-economic environment - Significant changes in macro-economic environment materially affecting the

businesses in which the Company is engaged in the geographies in which the Company operates

- Regulatory changes – Introduction of new regulatory requirements or material changes in existing taxation or regulatory requirements, which significantly affect the businesses in which the Company is engaged
- Technological changes which necessitate significant new investments in any of the businesses in which the Company is engaged

Utilisation of Retained Earnings

The Company shall endeavor to utilise the retained earnings in a manner which shall be beneficial to the interests of the Company and also its shareholders.

The Company may utilise the retained earnings for making investments for future growth and expansion plans, for the purpose of generating higher returns for the shareholders or for any other specific purpose, as approved by the Board of the Company.

Parameters that shall be adopted with regard to various classes of shares

The Company has issued only one class of shares viz. equity shares. Parameters for dividend payments in respect of any other class of shares will be as per the respective terms of issue and in accordance with the applicable regulations and will be determined, if and when the Company decides to issue other classes of shares.

Conflict in Policy

In the event of any conflict between this Policy and the provisions contained in the regulations, the regulations shall prevail.

Amendments

The Board may, from time to time, make amendments to this Policy to the extent required due to change in applicable laws and regulations or as deemed fit on a review.

INDEPENDENT AUDITOR'S REPORT

To the Members of TV18 Broadcast Limited

Report on the Standalone Ind AS Financial Statements

We have audited the accompanying standalone Ind AS financial statements of TV18 Broadcast Limited (the "Company"), which comprise the Balance Sheet as at March 31, 2018, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone IND AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules

made thereunder. We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone Ind AS financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2018, its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Other Matter

The Ind AS financial statements of the Company for the year ended March 31, 2017, included in these standalone Ind AS financial statements, have been audited by the predecessor auditor who expressed an unmodified opinion on those statements on April 19, 2017.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.
 2. As required by section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The Balance Sheet, Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid standalone Ind AS financial statements comply with the Accounting Standards specified under section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
 - (e) On the basis of written representations received from the directors as on March 31, 2018, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2018, from being appointed as a director in terms of section 164 (2) of the Act;
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone Ind AS financial statements – Refer Note 31 to the standalone Ind AS financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

ANNEXURE 1 TO THE INDEPENDENT AUDITOR'S REPORT

Referred to in Paragraph 1 under the heading "Report on other legal and regulatory requirements" of our report of even date

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) All fixed assets have not been physically verified by the management during the year but there is a regular programme of verification which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
- (c) According to information and explanations given by the management, the title deeds of immovable properties included in property, plant and equipment are held in the name of the Company.
- (ii) The Company's business does not involve inventories and, accordingly, the requirements under paragraph 3 (ii) of the Order are not applicable to the Company.
- (iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, limited liability partnerships or other parties covered in the register maintained under section 189 of the Act. Accordingly, the provisions of paragraph 3(iii)(a) to (c) of the Order are not applicable to the Company and hence not commented upon.
- (iv) In our opinion and according to the information and explanations given to us, provisions of section 186 of the Act in respect of loans given and investment made have been complied with by the Company. There are no other loans given, investments made, guarantees given, and securities granted in respect of which provisions of section 185 and 186 of the Act are applicable and hence not commented upon.
- (v) The Company has not accepted any deposits from the public during the year. As informed and represented by management, public deposits aggregating to ₹ 46 lakhs and interest on public deposits of ₹ 21 lakhs, accepted under the Companies (Acceptance of Deposits) Rules, 1975 have not been claimed by depositors till date. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 73 to 76 or other relevant provisions of the Act and the rules framed there under with regard to the deposits. We are informed by the management that no order has been passed by the Company Law Board, National Company Law Tribunal, Reserve Bank of India or any Court or any other Tribunal.
- (vi) We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under sub-section (1) of section 148 of the Act, related to the Broadcasting and related services of the Company, and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the same.
- (vii) (a) The Company is regular in depositing with appropriate authorities undisputed statutory dues including provident fund, employees' state insurance, income-tax, service tax, duty of customs, value added tax, goods and service tax, cess and other statutory dues applicable to it. The provisions relating to sales-tax and duty of excise are not applicable to the Company.
- (b) According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees' state insurance, income-tax, service tax, duty of customs, value added tax, goods and service tax, cess and other statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.
- (c) According to the information and explanation given to us, there are no dues of sales-tax, duty of customs and value added tax which have not been deposited on account of any dispute. According to the records of the Company, details of income tax dues and service

Standalone

tax which have not been deposited on account of a dispute, are as under:

Name of the statute	Nature of dues	Amount (₹ in lakhs)	Period to which the amount relates	Forum where dispute is pending
Income Tax Act, 1961	Income Tax	44	Assessment Year 2002-03	Income tax Appellate Tribunal
		1	Assessment Year 2003-04	Income tax Appellate Tribunal
		205	Assessment Year 2010-11	Income tax Appellate Tribunal
Finance Act, 1994	Service tax	3,603	2005-06 to 2008-09	Customs, Excise and Service Tax Appellate Tribunal, Allahabad

- (viii) In our opinion and according to the information and explanations given by the management, the Company has not defaulted in repayment of loans or borrowings to Banks or financial institutions. The Company has neither issued any debentures nor availed any loan or borrowings from government.
- (ix) According to the information and explanations given by the management, the Company has not raised any money by way of initial public offer or further public offer (including debt instruments) and term loans hence, reporting under clause (ix) of the Order is not applicable to the Company and hence not commented upon.
- (x) Based upon the audit procedures performed for the purpose of reporting the true and fair view of the financial statements and as per the information and explanations given by the management, we report that no fraud by the Company or no fraud on the Company by the officers and employees of the Company has been noticed or reported during the year.
- (xi) According to the information and explanations given by the management, the Company has not paid or provided any

managerial remuneration during the year to the Manager appointed under the Act.

- (xii) In our opinion, the Company is not a nidhi company. Therefore, the provisions of paragraph 3, clause (xii) of the Order are not applicable to the Company and hence not commented upon.

ANNEXURE 2 TO THE INDEPENDENT AUDITOR'S REPORT

Referred to in Paragraph 1 under the heading "Report on other legal and regulatory requirements" of our report of even date

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of TV18 Broadcast Limited (the "Company") as of March 31, 2018 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material

misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established

by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 31st March, 2018

A CORPORATE INFORMATION

TV18 Broadcast Limited (“the Company”) is a listed Company incorporated in India.

The registered office of the Company is situated at First Floor, Empire Complex, 414 Senapati Bapat Marg, Lower Parel, Mumbai - 400 013, Maharashtra.

The Company is engaged in the business of news broadcasting, digital content and allied businesses.

B SIGNIFICANT ACCOUNTING POLICIES

B.1 Basis of Preparation and Presentation

The financial statements have been prepared on the historical cost basis except for certain financial assets and liabilities, Defined benefit plans - plan assets and Equity settled share based payments which have been measured at fair value amount.

The financial statements of the Company have been prepared to comply with the Indian Accounting standards ('Ind AS'), including the rules notified under the relevant provisions of the Companies Act, 2013.

These financial statements are the Company's Ind AS standalone financial statements.

The Company's financial statements are presented in Indian Rupees (₹), which is its functional currency and all values are rounded to the nearest lakh (₹ 00,000), except when otherwise indicated.

B.2 Summary of Significant Accounting Policies

(a) Property, plant and equipment:

Property, plant and equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost and any cost directly attributable to bringing the assets to its working condition for its intended use.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow the entity and the cost can be measured reliably.

Depreciation on property, plant and equipment is provided using straight-line method. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013. Leasehold improvements are depreciated over the period of lease agreement or the useful life whichever is shorter.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Gains or losses arising from derecognition of a property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

(b) Intangible assets:

Intangible Assets are stated at cost of acquisition net of recoverable taxes, trade discount and rebate less accumulated amortisation/ depletion and impairment loss, if any. Such cost includes purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use.

Subsequent costs are included in the asset's carrying amount or recognized as a separate assets, as appropriate, only when it is probable that future economic benefits associated with the items will flow to the Company and cost can be measured reliably.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

Computer Software and License pertaining to satellite rights are being amortised over its estimated useful life of 5 years. News Archives' is being depreciated over a period of 21 years as the contents of the same are continuously used in day to day programming and hence the economic benefits from the same arise for a period longer than 20 years.

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 31st March, 2018

(c) Leases:

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Leased assets:

Assets held under finance leases are initially recognised as assets of the Company at their fair value at the inception of the lease or, if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the Balance Sheet as a finance lease obligation.

Lease payments are apportioned between finance expenses and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance expenses are recognised immediately in Statement of Profit and Loss, unless they are directly attributable to qualifying assets, in which case they are capitalized.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating lease payments are recognised as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the Company's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue.

(d) Borrowing Cost

Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use.

All other borrowing costs are charged to the Statement of Profit and Loss in the period in which they are incurred.

(e) Impairment of non-financial assets - property, plant and equipment and intangible assets:

The Company assesses at each reporting dates as to whether there is any indication that any property, plant and equipment and intangible assets may be impaired. If any such indication exists the recoverable amount of an asset is estimated to determine the extent of impairment, if any.

An impairment loss is recognized in the Statement of the Profit and Loss to the extent, asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets.

The impairment loss recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

(f) Provisions and Contingencies

Provisions are recognised when the Company has a present obligation as a result of a past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities are disclosed unless the possibility of outflow of resources is remote. Contingent assets

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 31st March, 2018

are neither recognised nor disclosed in the financial statements.

(g) Employee Benefits

Short Term Employee Benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

Long Term Employee Benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability as at the Balance Sheet date on the basis of actuarial valuation.

Post-Employment Benefits

Defined Contribution Plans

A defined contribution plan is a post-employment benefit plan under which the Company pays specified contributions towards Provident Fund, Employee State Insurance and Pension Scheme. The Company's contribution is recognised as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

Defined Benefit Plans

The Company pays gratuity to the employees whoever has completed five years of service with the Company at the time of resignation/superannuation. The gratuity is paid @ 15 days salary for the every completed year of service as per the Payment of Gratuity Act, 1972.

The liability in respect of gratuity and other post-employment benefits is calculated using the Projected Unit Credit Method and spread over the period during which the benefit is expected to be derived from employees' services.

Re-measurement of defined benefit plans in respect of post-employment and other long term benefits are charged to the Other Comprehensive Income.

(h) Tax Expenses

The tax expense for the period comprises current and deferred tax. Tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in the comprehensive income or in equity.

i Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted or substantively enacted at the Balance Sheet date.

ii Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred income tax assets are reassessed at each reporting period and are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax assets to be utilised.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of deferred tax liabilities and assets are reviewed at the end of each reporting period.

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 31st March, 2018

(i) Share based payments

Equity- settled share-based payments to employees and others providing similar services are measured at the fair value of the equity instruments at the grant date.

The fair value determined at the grant date of the equity-settled share based payments is expensed on a straight line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in Statement of Profit and Loss such that the cumulative expenses reflects the revised estimate, with a corresponding adjustment to the Share Based Payments Reserve.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

(j) Foreign currencies transactions and translation

Transactions in foreign currencies are recorded at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency closing rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in Statement of Profit and Loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are recorded using the exchange rates at the date of the transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item.

(k) Revenue recognition

Revenue from operations includes sale of goods and services. Sale of services includes advertisement revenue, subscription revenue, revenue from sale of television content, facility and equipment rental, program revenue, revenue from sponsorship of events and revenue from media related professional and consultancy services.

Sale of services is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates and excluding taxes or duties collected on behalf of the government. Revenue from rendering of services is recognised when the performance of agreed contractual task has been completed.

Sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. Revenue from sale of goods, is recognised when the significant risks and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated cost can be estimated reliably, there is no continuing effective control, or managerial involvement with, the goods, and the amount of revenue can be measured reliably.

Interest income

Interest Income from a financial asset is recognised using effective interest rate method.

Dividend income

Dividend income is recognised when the Company's right to receive the payment has been established.

(l) Financial instruments

(i) Financial Assets

A. Initial recognition and measurement:

All financial assets are initially recognised at fair value. Transaction costs that are directly

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 31st March, 2018

attributable to the acquisition of financial assets, which are not accounted at fair value through profit or loss, are adjusted to the fair value on initial recognition. Purchase and sale of financial assets are recognised using trade date accounting.

B. Subsequent measurement:

a) Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The effective interest rate amortisation is included in other income in the Statement of Profit and Loss.

b) Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

c) Financial assets at fair value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories are fair valued through profit or loss.

C. Investment in subsidiaries, associates and joint ventures

The Company accounts for its investments in subsidiaries, associates and joint venture at cost.

D. Equity investments:

All equity investments are measured at fair value, with value changes recognised in Statement of Profit and Loss, except for those equity investments for which the Company has elected to present the value changes in 'Other Comprehensive Income'.

E. Impairment of financial assets

In accordance with Ind AS 109, the Company uses 'Expected Credit Loss' (ECL) model, for evaluating impairment assessment of financial assets other than those measured at fair value through profit and loss (FVTPL).

Expected credit losses are measured through a loss allowance at an amount equal to:

- a) The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- b) Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument)

For trade receivables, Company applies 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivable. Further, Company uses historical default rates to determine impairment loss on the portfolio of the trade receivables. At every reporting date, these historical default rates are reviewed and changes in the forward looking estimates are analysed.

For other assets, the Company uses 12 months ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 31st March, 2018

(ii) Financial Liabilities

A. Initial recognition and measurement:

All financial liabilities are recognized initially at fair value and in case of loans net of directly attributable cost. Fees of recurring nature are directly recognised in statement of profit and loss as finance cost.

B. Subsequent measurement:

Financial liabilities are carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

(iii) Derecognition of financial instruments

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

(iv) Offsetting

Financial assets and financial liabilities are offset and the net amount is presented in the balance sheet when, and only when, the Company has a legally enforceable right to set off the amount and it intends, either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

C CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY:

The preparation of the Company's financial statements requires management to make judgement, estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and the accompanying disclosures. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

a) Depreciation and useful lives of property, plant and Equipment and intangible assets:

Property, plant and equipment are depreciated over the estimated useful lives of the assets, after taking into account their estimated residual value. Intangible assets are amortised over its estimated useful lives. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation/ amortisation to be recorded during any reporting period. The useful lives and residual values are based on the Company's historical experience with similar assets and take into account anticipated technological changes. The depreciation/ amortisation for future periods is adjusted if there are significant changes from previous estimates.

b) Recoverability of trade receivable:

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

c) Provisions:

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability require the application of judgement to existing facts and circumstances, which can be subject to change. Since the cash outflows can take place many years in the future, the carrying amounts of provisions and liabilities are reviewed regularly and adjusted to take account of changing facts and circumstances.

d) Impairment of non-financial assets:

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 31st March, 2018

amount is the higher of an asset's or Cash Generating Units ("CGU's") fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or a groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transaction are taken into account, if no such transactions can be identified, an appropriate valuation model is used.

e) Impairment of financial assets:

The impairment provisions for financial assets are based on assumptions about risk of default and expected cash loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

f) Defined benefit plans:

The employment benefit obligations depends on a number of factors that are determined on an actuarial basis using a number of assumptions. The assumptions used in determining the net cost/ income include the discount rate, inflation and mortality assumptions. Any changes in these assumptions will impact upon the carrying amount of employment benefit obligations.

D STANDARDS ISSUED BUT NOT EFFECTIVE:

On March 28, 2018, the Ministry of Corporate Affairs (MCA) has notified Ind AS 115 - Revenue from Contract with Customers and certain amendment to existing Ind AS. These amendments shall be applicable to the Company from April 01, 2018.

i. Issue of Ind AS 115 - Revenue from Contracts with Customers:

Ind AS 115 will supersede the current revenue recognition guidance including Ind AS 18 Revenue, Ind AS 11 Construction Contracts and the related interpretations. Ind AS 115 provides a single model of accounting for revenue arising from contracts with customers based on the identification and satisfaction of performance obligations.

ii. Amendment to Existing issued Ind AS

The MCA has also carried out amendments following accounting standards. These are:

- a Ind AS 21 - The Effects of Changes in Foreign Exchange Rates
- b Ind AS 40 - Investment Property
- c Ind AS 12 - Income Taxes
- d Ind AS 28 - Investments in Associates and Joint Ventures and
- e Ind AS 112 - Disclosure of Interests in Other Entities

Application of above standards are not expected to have any significant impact on the Company's financial statements.

24.1 Defined contribution plans

The Company makes Provident Fund and Employee State Insurance scheme contributions to the relevant authorities, which are defined contribution plans for qualifying employees. Under the Schemes, the Company is required to contribute a specified percentage of the payroll costs to fund the benefits.

Contribution to Defined Contribution Plans, recognised as expense for the year is as under:

₹ in lakh

Particulars	For the year 2017-18	For the year 2016-17
Employer's Contribution to Provident Fund	735	695
Employer's Contribution to Pension Fund	267	168
Employer's Contribution to Employees State Insurance	9	4

Defined benefit plans

The employees' gratuity fund scheme managed by a Trust is a defined benefit plan. The Company makes contributions to the trust which in turn makes contributions to the employees group gratuity cum life assurance scheme of the Life Insurance Corporation of India. The present value of obligation is determined based on actuarial valuation using the Projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation for compensated absences is recognised in the same manner as gratuity.

Expected rate of return on plan assets (per annum)	9.00%	9.00%
Rate of escalation in salary (per annum)	5.50%	5.50%

IALM - Indian Assured Lives Mortality.

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 31st March, 2018

The discount rate is based on the prevailing market yields of Government of India Bonds as at the Balance Sheet date for the estimated terms of the obligations.

The estimates of rate of escalation in salary considered in actuarial valuation, take into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market. The above information is certified by the actuary.

The expected rate of return on plan assets is determined considering several applicable factors, mainly the composition of Plan assets held, assessed risks, historical results of return on plan assets and the Company's policy for plan assets management.

vii) The expected contributions for Defined Benefit Plan for the next financial year will be in line with financial year 2017 -18.

viii) Sensitivity Analysis

Significant Actuarial assumptions for the determination of the defined benefit obligation discount rate, expected salary increase and employee turnover. The sensitivity analysis below, have been determined based on reasonable possible change of the assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The result of Sensitivity Analysis is given below:

Particulars	₹ in lakh	
	2017-18	2016-17
a) Impact of the change in discount rate		
Present value of obligation at the end of the period	1,746	1,561
i) Impact due to increase of 0.50%	(113)	(105)
ii) Impact due to decrease of 0.50%	124	115
b) Impact of the change in salary increase		
Present value of obligation at the end of the period	1,746	1,561
i) Impact due to increase of 0.50%	108	117
ii) Impact due to decrease of 0.50%	(103)	(108)

These plans typically expose the Company to actuarial risks such as: investment risk, interest risk, longevity risk and salary risk.

(A) **Investment risk** – The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds; if the return on plan asset is below this rate, it will create a plan deficit.

(B) **Interest risk** - A decrease in the discount rate will increase the plan liability.

(C) **Longevity risk** – The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

(D) **Salary risk** – The present value of the defined plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

34.2 Financial Risk Management

The Company's activities exposes it mainly to credit risk and liquidity risk, The treasury team identifies and evaluates financial risk in close coordination with the Company's business teams.

(a) Credit risk

Credit risk is the risk that customers or counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities which is primarily trade receivables.

Customer credit risk is managed by each business team subject to the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an extensive credit rating scorecard and individual credit limits are defined in accordance with this assessment. Outstanding customers receivables are regularly monitored.

An impairment analysis is performed at each reporting date for major customers. Receivables are grouped into homogenous groups and assessed for impairment collectively. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The Company evaluates the concentration of risk with respect to receivables as low.

(b) Liquidity Risk

The Company closely monitors its risk of shortage of funds. The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of commercial papers and cash credit/ overdrafts from banks. The Company assessed the concentration of risk with respect to its debt as low. As at reporting date, all financial liabilities of the Company are short term. Further, the Company believes that carrying value of all of its financial liabilities including debt approximates its fair value.

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consist of the following three level.

Level 1: Inputs are Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs are other than the quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumption that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

Note 37 | Segment Reporting

The Company is engaged in only one segment i.e. "Media Operations" and hence there is no separate reportable segment as per Ind AS 108 'Operating Segments'. Since the Company's operations are primarily in India, it has determined single geographical segment.

Note 38 In the previous year 2016-17, The Group received 90,96,333 Equity Shares of ₹ 10 each and 2,078 Optionally Convertible Non-Cumulative Redeemable Preference shares (0.001%) of ₹ 10 each of Viacom18 Media Private Limited ("Viacom18") (Joint venture of the Company), pursuant to the Scheme of Amalgamation and Arrangement for merger of Prism TV Private Limited (joint venture of Equator, a wholly owned subsidiary of the Company) and Viacom18, approved by the Honorable High Court of Judicature at Bombay on 12th August, 2016.

Note 39 The Scheme for Merger by Absorption (the 'Scheme') for merger of Equator Trading Enterprises Private Limited, Panorama Television Private Limited, RVT Media Private Limited and ibn18 (Mauritius) Limited in to TV18 Broadcast Limited with appointed date as 1st April, 2016, has been filed with National Company Law Tribunal, Mumbai Bench, for approval. Upon receipt of approval, the scheme shall be given effect to in the financial statements of the Company.

Note 40 On 28th February 2018, the Company increased its equity interest in Viacom18 Media Private Limited (Viacom18) from 50% to 51% by acquiring in cash 1% of the equity shares for ₹ 12,975 lakh and consequently obtained operational control over Viacom18. Accordingly, the Company has accounted for Viacom18 as subsidiary from March 1, 2018. Consequent to this acquisition, IndiaCast Media Distribution Private Limited, which was hitherto a Joint Venture, was accounted as subsidiary with effect from 1st March, 2018.

Note 41 Previous year's figures have been regrouped wherever necessary to make them comparable to current year's figures.

Note 42 The financial statements were approved for issue by the Board of Directors on 24th April, 2018.

INDEPENDENT AUDITOR'S REPORT

To the Members of TV18 Broadcast Limited

Report on the Consolidated Ind AS Financial Statements

We have audited the accompanying consolidated Ind AS financial statements of TV18 Broadcast Limited (hereinafter referred to as the "Holding Company"), its subsidiaries (the Holding Company and its subsidiaries together referred to as the "Group") its associates and joint ventures, comprising of the consolidated Balance Sheet as at March 31, 2018, the consolidated Statement of Profit and Loss including other comprehensive income, the consolidated Cash Flow Statement, the consolidated Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "consolidated Ind AS financial statements").

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated Ind AS financial statements in terms of the requirement of the Companies Act, 2013 (the "Act") that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group including its associates and joint ventures in accordance with accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standard) Rules, 2015, as amended. The respective Board of Directors of the companies included in the Group and of its associates and joint ventures are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and of its associates and joint ventures and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated Ind AS financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act,

the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in sub-paragraph (a) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements and on the other financial information of the subsidiaries, associates and joint ventures, the aforesaid consolidated Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the consolidated state of affairs of the Group, its associates and joint ventures as at March 31, 2018, their consolidated profit including other comprehensive income, their consolidated cash flows and consolidated statement of changes in equity for the year ended on that date.

Other Matter

- (a) We did not audit the financial statements and other financial information, in respect of twelve subsidiaries, whose Ind AS financial statements include total assets of ₹ 514,261 lakhs and net assets of ₹ 215,198 lakhs as at March 31, 2018, and total revenues of ₹ 79,772 lakhs and net cash inflows

of ₹ 6,406 lakhs for the year ended on that date. These financial statement and other financial information have been audited by other auditors, which financial statements, other financial information and auditor's reports have been furnished to us by the management. The consolidated Ind AS financial statements also include the Group's share of net profit of ₹ 6,913 lakhs for the year ended March 31, 2018, as considered in the consolidated financial statements, in respect of one associate and eight joint ventures, whose financial statements, other financial information have been audited by other auditors and whose reports have been furnished to us by the Management. Our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, associates and joint ventures, and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, associates and joint ventures, is based solely on the reports of such other auditors.

- (b) The consolidated Ind AS financial statements of the Company for the year ended March 31, 2017, included in these consolidated Ind AS financial statements, have been audited by the predecessor auditor who expressed an unmodified opinion on those statements on April 19, 2017.

Our opinion above on the consolidated Ind AS financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

As required by section 143 (3) of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of subsidiaries, associates and joint ventures, as noted in the 'Other matter' paragraph we report, to the extent applicable, that:

- (a) We / the other auditors whose reports we have relied upon have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated Ind AS financial statements;
- (b) In our opinion proper books of account as required by law relating to preparation of the aforesaid consolidation of the financial statements have been kept so far as it appears from our examination of those books and reports of the other auditors;
- (c) The consolidated Balance Sheet, consolidated Statement of Profit and Loss including the Statement of Other Comprehensive Income, the consolidated Cash Flow Statement and consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the consolidated Ind AS financial statements;

- (d) In our opinion, the aforesaid consolidated Ind AS financial statements comply with the Accounting Standards specified under section 133 of the Act, read with Companies (Indian Accounting Standard) Rules, 2015, as amended;
- (e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2018 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors who are appointed under Section 139 of the Act, of its subsidiary companies, associate companies and joint ventures incorporated in India, none of the directors of the Group's companies, its associates and joint ventures incorporated in India is disqualified as on March 31, 2018 from being appointed as a director in terms of Section 164 (2) of the Act;
- (f) With respect to the adequacy and the operating effectiveness of the internal financial controls over financial reporting of the Holding Company and its subsidiary companies, associate companies and joint ventures incorporated in India, refer to our separate report in "Annexure 1" to this report;
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statements as also the other financial information of the subsidiaries, associates and joint ventures, as noted in the 'Other matter' paragraph:
- The consolidated Ind AS financial statements disclose the impact of pending litigations on its consolidated financial position of the Group, its associates and joint ventures – Refer Note 33 to the consolidated Ind AS financial statements;
 - The Group, its associates and joint ventures did not have any material foreseeable losses in long-term contracts including derivative contracts during the year ended March 31, 2018.
 - There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company, its subsidiaries, associates and joint ventures incorporated in India during the year ended March 31, 2018.

ANNEXURE 1 TO THE INDEPENDENT AUDITOR'S REPORT

Referred in our report of even date

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the "Act")

In conjunction with our audit of the consolidated financial statements of TV18 Broadcast Limited (the "Group") as of and for the year ended March 31, 2018, we have audited the internal financial controls over financial reporting of TV18 Broadcast Limited (hereinafter referred to as the "Holding Company") and its subsidiary companies, its associate companies and joint venture, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the of the Holding Company, its subsidiary companies, its associate companies and joint venture, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, both, issued by Institute of Chartered Accountants of India, and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be

detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company, its subsidiary companies, its associate companies and joint venture, which are companies incorporated in India, have, maintained in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting of the Holding Company, insofar as it relates to these six subsidiary companies, one associate and one joint venture, which are companies incorporated in India, is based on the corresponding reports of the auditors of such subsidiary, associate and joint venture companies incorporated in India.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 31st March, 2018

B SIGNIFICANT ACCOUNTING POLICIES

B.1 Basis of Preparation and Presentation

The consolidated financial statements have been prepared on the historical cost basis except for certain financial assets and liabilities, Defined benefit plans - plan assets and Equity settled share based payments which have been measured at fair value amount.

The financial statements of the Group have been prepared to comply with the Indian Accounting standards ('Ind AS'), including the rules notified under the relevant provisions of the Companies Act, 2013.

These financial statements are the Group's Ind AS Consolidated financial statements.

Group's consolidated financial statements are presented in Indian Rupees (₹), which is its functional currency and all values are rounded to the nearest lakh (₹ 00,000), except when otherwise indicated.

B.2 Principles of Consolidation

The consolidated financial statements relate to the Company and its subsidiary companies, associate and joint ventures. The consolidated financial statements have been prepared on the following basis.

- a The financial statements of the Company and its subsidiaries are combined on a line by line basis by adding together like items of assets, liabilities, equity, income, expenses and cash flows, after fully eliminating intra-group balances and intra-group transactions.
- b Profits or losses resulting from intra-group transactions that are recognised in assets, such as inventory and property, plant & equipment, are eliminated in full.
- c In case of foreign subsidiaries, revenue items are consolidated at the average rate prevailing during the year. All assets and liabilities are converted at rates prevailing at the end of the year. Any exchange difference arising on consolidation is recognised in the Foreign Currency Translation Reserve.

- d Offset (eliminate) the carrying amount of the parent's investments in each subsidiary and the parent's portion of equity of each subsidiary.
- e The difference between the proceeds from disposal of investment in subsidiaries and the carrying amount of its assets less liabilities as on the date of disposal is recognised in the Consolidated Statement of Profit and Loss being the profit or loss on disposal of investment in subsidiary.
- f Non Controlling Interest's share of profit/ loss of consolidated subsidiaries for the year is identified and adjusted against the income of the group in order to arrive at the net income attributable to shareholders of the Company.
- g Non Controlling Interest's share of net assets of consolidated subsidiaries is identified and presented in the Consolidated Balance Sheet separate from liabilities and the equity of the Company's shareholders.
- h Investment in Associates and Joint Ventures has been accounted under the equity method as per Ind AS 28 - Investments in Associates and Joint Ventures.
- i The Company accounts for its share of post acquisition changes in net assets of associates and joint ventures, after eliminating unrealised profits and losses resulting from transactions between the companies within the Group and its associates to the extent of its share, through its Consolidated Statement of Profit and Loss, to the extent such change is attributable to the associates' Statement of Profit and Loss and through its reserves for the balance based on available information.

B.3 Summary of Significant Accounting Policies

(a) Property, plant and equipment:

Property, plant and equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost and any cost directly attributable to bringing the assets to its working condition for its intended use.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 31st March, 2018

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Projects under which assets are not ready for their intended use are shown as Capital Work -in-Progress.

Depreciation on property, plant and equipment is provided using straight-line method. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013, except for certain assets where useful life is considered based on internal technical evaluation. Leasehold improvements are depreciated over the period of lease agreement or the useful life whichever is shorter.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Gains or losses arising from derecognition of a property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

(b) Goodwill and Intangible assets:

Goodwill represents the cost of acquired business as established at the date of acquisition of the business in excess of the acquirer's interest in net fair value of the identifiable assets, liabilities and contingent liabilities less accumulated impairments losses, if any. Goodwill is tested for impairment annually or when events or circumstances indicate that the implied fair value of goodwill is less than its carrying amount.

Intangible Assets are stated at cost of acquisition net of recoverable taxes, trade discount and rebates less accumulated amortisation/ depletion and impairment loss, if any. Such cost includes purchase price,

borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use.

Subsequent costs are included in the asset's carrying amount or recognized as a separate assets, as appropriate, only when it is probable that future economic benefits associated with the items will flow to the entity and cost can be measured reliably.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

Computer Software, Electronic Programming Guide Slot and License pertaining to satellite rights are being amortised over its estimated useful life of 5 years. News Archives is being depreciated over a period of 21 years as the contents of the same are continuously used in day to day programming and hence the economic benefits from the same arise for a period longer than 20 years. Film telecast rights are amortised over a period of 10 years.

Programming costs are being amortised over 2 years for all programs purchased from A&E Television Networks, LLC, over the license period for programs purchased from others and over 5 years for all programs produced in-house. Website development costs are capitalised and amortised over their estimated useful life of 2 years.

Intangible assets under development: Expenditure on programming costs eligible for capitalisation are carried as Intangible assets under development where such assets are not yet ready for their intended use.

(c) Leases:

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 31st March, 2018

Leased Assets: Assets held under finance leases are initially recognised as assets of the Group at their fair value at the inception of the lease or, if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the Balance Sheet as a finance lease obligation.

Lease payments are apportioned between finance expenses and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance expenses are recognised immediately in the Statement of Profit and Loss, unless they are directly attributable to qualifying assets, in which case they are capitalized.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Group will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating lease payments are recognised as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the Company's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue.

(d) Borrowing Cost

Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use.

All other borrowing costs are charged to the Statement of Profit and Loss in the period in which they are incurred.

(e) Inventories

Items of inventories are measured at lower of cost and net realisable value after providing for obsolescence, if

any. Cost of inventories comprises of cost of purchase, cost of conversion and other costs net of recoverable taxes incurred in bringing them to their respective present location and condition.

The Group evaluates the realizable value and / or revenue potential of inventory based on the type of programming assets. Cost of shows, events and films are expensed off based on the expected pattern of realisation of economic benefits. Acquired rights of shows and music rights are amortised evenly over the license period. The Group evaluates the realizable value and /or revenue potential of inventory on an ongoing basis and appropriate write down is made in cases where accelerated write down is warranted.

Programmes purchased and the cost of programmes produced in-house is expensed off based on number of episodes telecast during the period. Cost of news/ current affairs/ one time events are fully expensed off on first telecast.

(f) Impairment of non-financial assets - property, plant and equipment and intangible assets:

The Group assesses at each reporting date as to whether there is any indication that any property, plant and equipment and intangible assets may be impaired. If any such indication exists the recoverable amount of an asset is estimated to determine the extent of impairment, if any.

An impairment loss is recognised in the Statement of Profit and Loss to the extent, asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets.

The impairment loss recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 31st March, 2018

(g) Provisions and Contingencies

Provisions are recognised when the Group has a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities are disclosed unless the possibility of outflow of resources is remote. Contingent assets are neither recognised nor disclosed in the financial statements.

(h) Employee Benefits

Short Term Employee Benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

Long Term Employee Benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability as at the Balance Sheet date on the basis of actuarial valuation.

Post-Employment Benefits

Defined Contribution Plans

A defined contribution plan is a post-employment benefit plan under which the Group pays specified contributions towards Provident Fund, Employee State Insurance and Pension Scheme. The Group's contribution is recognised as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

Defined Benefit Plans

The Group pays gratuity to the employees whoever has completed five years of service with the Group at the time of resignation/ superannuation. The gratuity is paid @ 15 days salary for the every completed year of service as per the Payment of Gratuity Act, 1972.

The liability in respect of gratuity and other post-employment benefits is calculated using the Projected Unit Credit Method and spread over the period during which the benefit is expected to be derived from employees' services.

Re-measurement of defined benefit plans in respect of post-employment and other long term benefits are charged to the Other Comprehensive Income.

(i) Tax Expenses

The tax expense for the period comprises current and deferred tax. Tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or in equity. In which case, the tax is also recognised in other comprehensive income or equity.

i Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted or substantively enacted at the Balance Sheet date.

ii Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred income tax assets are reassessed at each reporting date and are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 31st March, 2018

The carrying amount of Deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax assets to be utilised.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of Deferred tax liabilities and assets are reviewed at the end of each reporting period.

(j) Share based payments

Equity-settled share-based payments to employees and others providing similar services are measured at the fair value of the equity instruments at the grant date.

The fair value determined at the grant date of the equity-settled share based payments is expensed on a straight line basis over the vesting period, based on the Group's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Group revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in Statement of Profit and Loss such that the cumulative expenses reflects the revised estimate, with a corresponding adjustment to the Share Based Payments Reserve.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

(k) Foreign currencies-Transactions and Translation

Transactions in foreign currencies are recorded at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency closing rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in Statement of Profit and Loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are recorded using the exchange rates at the date of the transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item.

(l) Revenue recognition

Revenue from operations includes sale of goods and services. Sale of services includes advertisement revenue, subscription revenue, revenue from sale of television content, facility and equipment rental, program revenue, revenue from sponsorship of events and revenue from media related professional and consultancy services.

Sale of services is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates and excluding taxes or duties collected on behalf of the government. Revenue from rendering of services is recognised when the performance of agreed contractual task has been completed. Revenues from theatrical distribution of movies is recognised in accordance with the licensing agreement as the films are screened.

Sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. Revenue from sale of goods, is recognised when the significant risks and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated cost can be estimated reliably, there is no continuing effective control, or managerial involvement with, the goods, and the amount of revenue can be measured reliably.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 31st March, 2018

Interest income

Interest Income from a financial asset is recognised using effective interest rate method.

Dividend income

Dividend income is recognised when the Group's right to receive the payment is established.

(I) Financial instruments

(i) Financial Assets

A. Initial recognition and measurement:

All financial assets and liabilities are initially recognised at fair value. Transaction costs that are directly attributable to the acquisition of financial assets and financial liabilities, which are not accounted at fair value through profit or loss, are adjusted to the fair value on initial recognition. Purchase and sale of financial assets are recognised using trade date accounting.

B. Subsequent measurement:

a) Financial assets carried at amortised cost

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The effective interest rate amortisation is included in other income in the statement of Profit and Loss.

b) Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments

of principal and interest on the principal amount outstanding.

c) Financial assets at fair value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories are fair valued through profit or loss.

C. Equity Investments:

All equity investments are measured at fair value, with value changes recognised in Statement of Profit and Loss, except for those equity investments for which the Group has elected to present the value changes in 'Other Comprehensive Income'.

D. Investment in associate and joint ventures

The Group accounts for its investments in an associate and joint ventures at equity method.

E. Impairment of financial assets

In accordance with Ind AS 109, the Group use 'Expected Credit Loss' (ECL) model, for evaluating impairment assessment of financial assets other than those measured at fair value through profit and loss (FVTPL).

Expected credit losses are measured through a loss allowance at an amount equal to:

- a) The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- b) Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument)

For trade receivables the Group applies a 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivable.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 31st March, 2018

Further, the Group uses historical default rates to determine impairment loss on the portfolio of the trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward looking estimates are analysed.

For other assets, the Group uses 12 months ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

(ii) Financial Liabilities

A. Initial recognition and measurement:

All financial liabilities are recognized initially at fair value and in case of loans net of directly attributable cost. Fees of recurring nature are directly recognised in Statement of Profit and Loss as finance cost.

B. Subsequent measurement:

Financial liabilities are carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

(iii) Derecognition of financial instruments

The Group derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Group's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

(iv) Offsetting

Financial assets and financial liabilities are offset and the net amount is presented in the balance sheet when, and only when, the Group has a legally enforceable right to set off the amount

and it intends, either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

C CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY:

The preparation of the Group's consolidated financial statements requires management to make judgement, estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and the accompanying disclosures. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

a) Depreciation/ amortisation and useful lives of property, plant and equipment and intangible assets:

Property, plant and equipment are depreciated over their estimated useful lives of the assets, after taking into account their estimated residual value. Intangible assets are amortised over its estimated useful lives. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation/ amortisation to be recorded during any reporting period. The useful lives and residual values are based on the Group's historical experience with similar assets and take into account anticipated technological changes. The depreciation/ amortisation for future periods is adjusted if there are significant changes from previous estimates.

b) Recoverability of trade receivable:

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

c) Provisions:

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 31st March, 2018

outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change. Since the cash outflows can take place many years in the future, the carrying amounts of provisions and liabilities are reviewed regularly and adjusted to take account of changing facts and circumstances.

d) Impairment of non-financial assets:

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Units ("CGU's") fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or a groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transaction are taken into account, if no such transactions can be identified, an appropriate valuation model is used.

e) Impairment of financial assets:

The impairment provisions for financial assets are based on assumptions about risk of default and expected cash loss rates. The Group uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Group's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

f) Defined benefit plans:

The employment benefit obligations depends on a number of factors that are determined on an actuarial basis using a number of assumptions. The assumptions used in determining the net cost/ income include the discount rate, inflation and mortality assumptions. Any changes in these assumptions will impact upon the carrying amount of employment benefit obligations.

D STANDARDS ISSUED BUT NOT EFFECTIVE:

On March 28, 2018, the Ministry of Corporate Affairs (MCA) has notified Ind AS 115 - Revenue from Contract with Customers and certain amendment to existing Ind AS. These amendments shall be applicable to the Group from April 01, 2018.

i. Issue of Ind AS 115 - Revenue from Contracts with Customers:

Ind AS 115 will supersede the current revenue recognition guidance including Ind AS 18 Revenue, Ind AS 11 Construction Contracts and the related interpretations. Ind AS 115 provides a single model of accounting for revenue arising from contracts with customers based on the identification and satisfaction of performance obligations.

ii. Amendment to Existing issued Ind AS

The MCA has also carried out amendments following accounting standards. These are:

- a. Ind AS 21 - The Effects of Changes in Foreign Exchange Rates
- b. Ind AS 40 - Investment Property
- c. Ind AS 12 - Income Taxes
- d. Ind AS 28 - Investments in Associates and Joint Ventures and
- e. Ind AS 112 - Disclosure of Interests in Other Entities

Application of above standards are not expected to have any significant impact on the Group's financial statements.

26.2 Defined benefit plans

"The employees' gratuity fund scheme managed by a Trust is a defined benefit plan. The Group makes contributions to the trust which in turn makes contributions to the employees group gratuity cum life assurance scheme of the Life Insurance Corporation of India. The present value of obligation is determined based on actuarial valuation using the Projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation for compensated absences is recognised in the same manner as gratuity.

The following table sets out the funded/ unfunded status of the defined benefit plans and the amount recognised in the consolidated financial statements:

i) Reconciliation of opening and closing balances of Defined Benefit Obligation:

Rate of escalation in salary (per annum)	5.50% to 8.00%	5.50% to 8.00%	5.50%	5.50%

IALM - Indian Assured Lives Mortality

The discount rate is based on the prevailing market yields of the Government of India Bonds as at the Balance Sheet date for the estimated term of the obligations.

The estimates of rate of escalation in salary considered in actuarial valuation, take into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market. The above information is certified by the actuary.

The expected rate of return on plan assets is determined considering several applicable factors, mainly the composition of Plan assets held, assessed risks, historical results of return on plan assets and the Group's policy for plan assets management.

vii) The expected contributions for Defined Benefit Plan for the next financial year will be in line with financial year 2017-18.

viii) Sensitivity Analysis

Significant Actuarial assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase and employee turnover. The sensitivity analysis below, have been determined based on reasonable possible change of the assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The result of Sensitivity Analysis is given below:

These plans typically expose the Group to actuarial risks such as: investment risk, interest risk, longevity risk and salary risk.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 31st March, 2018

Investment risk:

The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds; if the return on plan asset is below this rate, it will create a plan deficit.

Interest risk

A decrease in the discount rate will increase the plan liability.

Longevity risk

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary risk

The present value of the defined plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

Later than five years	1,015	1,493
Total	8,181	6,394

- The operating leases mainly relates to office premises with lease terms of between 2 to 9 years. Most of the operating lease contract contains market review clauses for rate escalation.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 31st March, 2018

Note 31 | Segment Reporting:

- The Group reported separate information about its two operating segments, namely, Media operations and Film production and distribution till year ended 31st March, 2017. In the current year, consequent to the changes in the structure of its internal organisation and the review of the operating results by the Group's Chief Operating Decision Maker and consideration of the aggregation criteria as stipulated in Ind AS 108 'Operating Segments', the Group has determined that it operates in a single reportable operating segment 'Media and Entertainment'. Hence there is no separate reportable segment as per Ind AS 108 'Operating Segments'.
- Since the Group operations are primarily in India, it has determined single geographical segment.
- No single customer represents 10% or more of the Group's total revenue.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 31st March, 2018

Note 34 | Business Combination

On 28th February 2018, the Company increased its equity interest in Viacom18 Media Private Limited (Viacom18) from 50% to 51% by acquiring in cash 1% of the equity shares held by MTV Asia Ventures (India) Pte. Ltd., Mauritius for ₹ 12,975 lakh and consequently obtained operational control over Viacom18. Accordingly, the Company has consolidated Viacom18 as subsidiary from 1st March, 2018

Under Ind AS 103 – Business Combinations ('Ind AS 103' or the 'relevant standard') such transactions are considered as step acquisition which require re-measurement of previously held equity interest at its acquisition date fair value and to recognise the resulting gain in the statement of profit and loss. Further, excess of consideration transferred, non-controlling interest and the re-measured equity interest in the acquiree over fair value of identifiable assets acquired and liabilities assumed is recorded as goodwill.

The gain on re-measurement of previously held equity interest amounting to ₹ 4,94,231 lakh which has been credited to the profit or loss in accordance with Ind AS 103 has been adjusted against the goodwill so created and netted off in Exceptional Items, since the Company considers equity interest in Viacom18 as long term strategic business of the Group with no intention to liquidate in the near future. This, in the Company's view, will reflect a true and fair view of the consolidated financial statements of the Group.

Following table explains the accounting on the date of acquisition:

		₹ in lakh	
Particulars		Amount	
Amount paid for 1% additional equity interest		12,975	
Acquisition date fair value of existing equity interest (50%)		6,48,725	6,61,700

Trade Receivables		1,25,905	
Others		84,196	
	(a)	3,64,226	
Liabilities Assumed			
Trade Payables		1,46,871	
Borrowings		69,143	
Others		23,931	
	(b)	2,39,945	
Net assets acquired (a-b)			1,24,281
Add: Non-Controlling Interest (49%)			60,898
Goodwill per Ind AS 103			5,98,317
Less: Gain on re-measurement of 50% previously held equity interest			4,94,231
Net Goodwill recorded on the date of acquisition			1,04,086

Consequent to this acquisition, IndiaCast Media Distribution Private Limited, which was hitherto a Joint Venture, was accounted as subsidiary with effect from 1st March 2018 and Goodwill of ₹ 895 lakh has been recognised.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended 31st March, 2018

(a) Credit risk

Credit risk is the risk that customers or counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities which is primarily trade receivables.

Customers credit risk is managed by each business team subject to the Group's established policy, procedures and control relating to customers credit risk management. Credit quality of a customer is assessed based on an extensive credit rating scorecard and individual credit limits are defined in accordance with this assessment. Outstanding customers receivables are regularly monitored.

An impairment analysis is performed at each reporting date for major customers. Receivables are grouped into homogenous groups and assessed for impairment collectively. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The Group evaluates the concentration of risk with respect to receivables as low.

(b) Liquidity Risk

The Group closely monitors its risk of shortage of funds. The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of term loans, commercial papers and cash credit/ overdrafts from banks. The Group assessed the concentration of risk with respect to its debt as low. As at reporting date, except vehicle loan, the Group does not have any term loan and all other financial liabilities of the Group are short term. Further, the Group believes that carrying value of all of its financial liabilities including debt approximates its fair value.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

 for the year ended 31st March, 2018

The financial instruments are categorized into three levels based on the inputs used to arrive at fair value measurements as described below:

Level 1: Inputs are Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs are other than the quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly.

Level 3: Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumption that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

STATEMENT PURSUANT TO SECTION 102(1) OF THE COMPANIES ACT, 2013 (THE "ACT")

The following Statement sets out all material facts relating to the Special Business mentioned in the Notice:

Item No. 3

Based on the recommendation of the Nomination and Remuneration Committee, the Board of Directors of the Company, pursuant to the provisions of Section 161(1) of the Companies Act, 2013 ('the Act') and the Articles of Association of the Company, appointed Ms. Jyoti Deshpande as an Additional Director on the Board of the Company w.e.f. July 9, 2018. She holds the office as an additional director up to the date of this Annual General Meeting.

Ms. Jyoti Deshpande is not disqualified from being appointed as a Director in terms of Section 164 of the Act and has given her consent to act as a Director. The Nomination and Remuneration Committee of the Board of Directors of the Company has recommended the appointment of Ms. Jyoti Deshpande as Director of the Company.

Ms. Jyoti Deshpande does not hold any share of the Company in her name. She is not related to any other Director or Key Managerial Personnel of the Company.

Ms. Jyoti Deshpande (DIN: 02303283), 47 years, has over 25 years of experience in media and entertainment across advertising, media consulting, television and film. From April 2018, Ms Deshpande joined Reliance Industries Limited (RIL) as President of the Chairman's Office to set up and head the Media and Entertainment business. In her new role at RIL, Ms. Deshpande leads the company's initiatives in Media and Entertainment to organically build and grow businesses around the content ecosystem such as Broadcasting, Films, Sports, Music, Digital, Gaming, Animation etc., as well as integrate RIL's existing media investments such as Viacom18, Balaji Telefilms, Eros and Saavn with a view to build, scale and consolidate the fragmented \$20 billion Indian M&E sector.

Prior to Reliance, Ms. Deshpande was part of the leadership team of Eros International since 2001 and as Group CEO & MD she spearheaded Eros's growth as a global leader in Indian filmed entertainment. Before 2001, Ms. Deshpande worked for 7 years in the field of advertising, media consulting and television with companies such as J Walter Thompson India, Mindshare, Zee Television and B4U Television. Ms. Deshpande has a Bachelor's Degree in Commerce and Economics from Mumbai University and a Master's Degree in Business Administration (MBA) from SPJIMR, Mumbai University.

Ms. Deshpande was featured in the prestigious Fortune India magazine's 50 Most Powerful Women in Business (2017/2015) which celebrates the journeys and triumphs of women who not only impact their organisations but are also thought leaders in their industry. Ms. Deshpande was also featured in the list of Top 50 Most Powerful Women in Business by Business Today (2015). She was also recently awarded as one of the Women of the Decade for Innovation and Leadership by Women Economic Forum.

Ms. Deshpande joined the Board as Non-Executive Director on July 9, 2018.

She is also on the Board of Eros International Media Limited (Listed), Eros International PLC (Listed on NYSE), Balaji Telefilms Limited (Listed), Network18 Media & Investments Limited (Listed), Saavn Media Private Limited and IndiaCast Media Distribution Private Limited. She is a member of Corporate Social Responsibility Committee of Eros International Media Limited.

Save and except Ms. Jyoti Deshpande and her relatives, to the extent of their shareholding interest, if any, in the Company, none of the other Directors / Key Managerial Personnel of the Company / their relatives are, concerned or interested, financially or otherwise, in the resolution set out at Item No. 3 of the Notice.

The Board commends the Ordinary Resolution set out at Item No. 3 of the Notice for approval by the members.

Item No. 4

The Board, on the recommendation of the Audit Committee, has approved the appointment and remuneration of M/s Pramod Chauhan & Associates, Cost Accountants, as Cost Auditors to conduct the audit of the cost records of the Company for the financial year ending March 31, 2019 as set out in the resolution.

In accordance with the provisions of Section 148 of the Act, read with the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditors as recommended by the Audit Committee and approved by the Board, has to be ratified by the members of the Company.

Accordingly, ratification by the members is sought for the remuneration payable to the Cost Auditors for the financial year ending March 31, 2019 by passing an Ordinary Resolution as set out at Item No. 4 of the Notice.

None of the Directors / Key Managerial Personnel of the Company / their relatives are, concerned or interested, financially or otherwise, in the resolution set out at Item No. 4 of the Notice.

The Board commends the Ordinary Resolution set out at Item No. 4 of the Notice for approval by the members.

Item No. 5

The members of the Company at the previous Annual General Meeting held on September 25, 2017, had passed a Special Resolution authorising the Board of Directors of the Company to offer or invite subscriptions for redeemable non-convertible debentures, in one or more series/ tranches, aggregating upto ₹ 1,000 crore on private placement. The said resolution is valid and effective for 1 (one) year from September 25, 2017. The members may note that the Company has not made any private placement of redeemable non-convertible debentures pursuant to the said authorisation.

In order to augment long term resources, the Board of Directors may, at an appropriate time, consider offering or inviting subscription for secured/unsecured redeemable non-convertible debentures, in one or more series/ tranches on private placement. Issuance of such debentures will be within the overall borrowing limits approved by the members of the Company at the Annual General Meeting held on September 30, 2014.

Sections 42 and 71 of the Act, read with Rule 14 of the Companies (Prospectus and Allotment of Securities) Rules, 2014 deals with private placement of securities by a Company. Rule 14 of the said Rules provides that in case of an offer or invitation to subscribe for non-convertible debentures on private placement, the Company shall obtain previous approval of its members by means of Special Resolution. Further, it shall be sufficient if the Company passes a Special Resolution only once in a year for all the offers or invitation for such non-convertible debentures during the year.

Keeping in view the above, consent of members is sought for passing the Special Resolution as set out in the Item No. 5 of the Notice. The resolution enables the Board of Directors of the Company to offer or invite subscription for non-convertible debentures, as may be required by the Company, from time to time upto ₹ 1,000 crore.

None of the Directors / Key Managerial Personnel of the Company / their relatives are, concerned or interested, financially or otherwise, in the resolution set out at Item No. 5 of the Notice.

The Board commends the Special Resolution set out at Item No. 5 of the Notice for approval by the members.
