MANAGING DIRECTOR'S MESSAGE

Dear Shareholders,

We are happy to report a solid performance in FY18, with 29% increase in total income. We have undertaken several strategic initiatives to drive improvement across operating parameters and create a more efficient and sustainable business framework. Focusing on growth investments, while rationalizing cost structures, has resulted in net profit growth of 48% YoY.

Growth has been broad-based across key segments, triggering the multiple demand drivers that underpin our multi-faceted business. After declining over two consecutive years, remittances to India saw 9.5% growth in 2017 to a level of US\$ 69 billion, and the country retained its top position as a recipient of remittances. The trend this year is once again looking positive. In the inward remittances business, we have over two decades long relationship with Western Union Money Transfer (WU) and have emerged as WU's largest principal agent in terms of network size, with more than 61,000+ touchpoints. We have also empanelled with additional global principals – MoneyGram, Ria Money Transfer, Express Money and Transfast. These arrangements have expanded our addressable market size, reduced concentration risk, diversified revenue stream from non-Gulf corridors and facilitated better utilization of our nationwide distribution network.

On the forex front, we have undertaken many initiatives to expand the addressable market on the back of expansion in outbound tourism across retail and corporate segments, increasing our presence to 18 airport counters (across Mumbai, Hyderabad, Kochi, Chandigarh and Goa International Airports) and focusing on the increasing volume of students going abroad to study. Travel Card is another growing category and the company is looking to increase their usage across various travel segments.

While we have expanded the ecosystem, we and our principals are also seeing greater competitive pressures. Commensurate shifts in network incentive structures are being implemented and we are now focusing on harnessing our strong position to drive higher volumes and benefit from these incremental relationships over time.

We have undertaken a major re-engineering exercise to enhance the customer experience on sustainable basis. Our business model and operational processes including our network are being calibrated to market needs for technology driven solutions and improvements. We have commissioned an in-house ERP Platform to cater for customers through all our verticals and products, with increased data analytics for customer delight.

The Technology driven solutions and re-engineering of its business and processes would have stress on current year's performances to achieve long term sustainable market penetration and market share improvements.

For FY18, total income increased by 29% YoY to ₹ 7,700 crore, net revenue was up 4% YoY to ₹ 214 crore, EBITDA was higher by 20% YoY to ₹ 63 crore, margins expanded 380 bps to 29.6% and resultant Profit After Tax was up 48% to ₹ 34 crore. We have maintained strong return ratios – with ROE and ROCE of 21% and 29% respectively in FY18.

The Board has recommended dividend of 10% i.e. ₹ 1 per share for FY18. Further, the Board has approved buy-back of equity shares. We see the implementation of these proposals supporting long term shareholder value.

On behalf of the Board, I would like to thank all our stakeholders including shareholders, investors, bankers, creditors and employees for their continued support. I would like to express my sincere gratitude to all the members of our Board for their continued insights and invaluable guidance as we explore new opportunities and move ahead with confidence.

Warm regards,

Warm regards,

B. Karthikeyan

The consolidated Financial Statements of the Company and its associates, prepared in accordance with Indian Accounting Standards (IND AS) including the Rules notified under the relevant provisions of the Companies Act, 2013, form part of the Annual Report and Accounts. The Company has adopted IND AS w.e.f. 01.04.2017, the date from which the said standards are mandatorily applicable and accordingly has changed number of Accounting Policies as detailed in "Significant Accounting Policies" forming part of Financial Statements for F.Y. 2017-18 in line with the applicable IND AS. Figures for F.Y. 2016-17 has been restated as per IND AS and therefore may not be comparable with Financials for F.Y. 2016-17 approved by the Directors and disclosed in the Financial Statements of the previous year.

2. DIVIDEND

Your Directors have recommended a dividend of ₹ 1/- i.e. 10% (previous year ₹ 3/- per share i.e. 30%) for financial year 2017-18. The aggregate dividend including Dividend Distribution Tax of ₹ 23.77 Lakh would amount to ₹ 139.41 Lakh. The dividend payment is subject to approval of the members in the ensuing Annual General Meeting.

3. RESERVE

No amount was transferred to General Reserve during the year under review.

4. PERFORMANCE

The Company continued its strides in its core business activities of Money Changing as an RBI Registered Authorized Dealer Category-II and of Money transfer as one of the foremost RBI approved Principal Agents of overseas money transfer entities.

In money transfer the Company apart from its two decade old relationship with Western Union, also tied up with other leading international players viz. MoneyGram, Ria Financial Services, Xpress Money and Transfast. Consequently the company with its wide network of 200 own locations and 61,000 plus subagent locations are in a position to cater to the beneficiaries in India of the remittance from any of the leading overseas money transfer players. Since such new tie ups and commencement of operations thereof was almost into third and fourth quarter of 2017-18, the growth aspect is expected to be reflected in the coming financial years only. With India continuing to hold the numero uno position as recipient of funds from its diaspora at an

estimated figure of USD 69 Billion in 2017 as per World Bank Report, the money transfer business is expected to grow steadily.

In money changing business, the Company through its offer of array of products of currency, travellers cheques, forex prepaid multicurrency cards, issuance of foreign currency, demand draft, telegraphic transfers, in the matter of remittance for Students Fees, Film shooting, tour remittances, etc., outbound remittances for trade related imports through Western Union Business Solutions, provides travel insurance to its customers directly and also through partners / intermediaries has become a force to reckon with in this line of business.

The growth prospects estimated by number of organizations like World Bank, Directorate General of Civil Aviation (DGCA) and UN World Tourism Organization (UNWTO), a leading Indian Rating Agency - CRISIL, the money changing business especially with respect to tour remittances, Students Fees Remittances, Prepaid forex cards for travel abroad are expected to develop at faster pace.

During 2017-18 the Company adopted a new brand identity symbolizing Assurance, Quality, Trust, Aspiration and Optimism. Apart from general new brand identity across all its business, the selected leading Agent locations too are being branded for special identity "WOW – World of Weizmann".

The Company also promoted Domestic Money Transfer and other Allied activities as one of the leading Distributors of products offered by a group entity Weizmann Impex Service Enterprise Limited through its online portal "JaldiCash".

The Company continued to be benefitted by extending ease of money changing transactions for its customers through an online portal "Doorstepforex.com" which provided quite number of leads on a Pan India basis.

During the year under review your Company has achieved a profit before tax of Rs. 52.10 Crore which is 42.98% higher than the previous year's achievement of Rs.36.44Crore.

The Profit after Tax for the current year at Rs.34.14 Crore, also increased by 48.28%, against the previous year's results at Rs. 23.02Crore.

The above performance was contributed by increase in the turnover by 29.28%, in its Money Changing Division - Rs.7,564.66 Crore in the current year as against Rs.5,851.60 Crore in the previous year, coupled with better margins & Improved Inventory and Cash Management, have contributed to Company's bottom line.

In Money Transfer business activity the income decreased by 10.67 % to ₹ 102.16 Crore in the current year as against ₹ 114.35 Crore in the previous year. The reduction is primarily on account of after effect of demonetization in late 2016-17, increase in protectionism, rising geopolitical tensions in select countries, had impact on the growth of remittance flows.

Both the core activities of the company are regulated by Reserve Bank of India and the company constantly upgrades its systems and procedures to comply with the extant guidelines of regulatory body as providing continuous training to employees, strengthening its internal control and internal audit system not only helps in compliance but also contributing to the bottom line.

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To,

The Members,

Weizmann Forex Limited

214, Empire House, Dr. D N. Road,
Ent. AK Nayak Marg, Fort,
Mumbai - 400001

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Weizmann Forex Limited** (hereinafter called the Company). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on our verification of the **Weizmann Forex Limited** books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the company has, during the audit period covering the financial year ended on **31st March, 2018**, complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by **Weizmann Forex Limited** ("the Company") for the financial year ended on **31st March,**

2018 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
 - (d) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014; - **Not applicable as the Company has not issued any Employee Stock Option Scheme and Employee Stock Purchase Scheme.**;

GENERAL ECONOMY OUTLOOK

World growth strengthened in 2017 to 3.8 percent, with a notable rebound in global trade. It was driven by an investment recovery in advanced economies, continued strong growth in emerging Asia, a notable upswing in emerging Europe, and signs of recovery in several commodity exporters. Global growth is expected to tick up to 3.9 percent this year and next, supported by strong momentum, favourable market sentiment, accommodative financial conditions, and the domestic and international repercussions of expansionary fiscal policy in the United States. The partial recovery in commodity prices should allow conditions in commodity exporters to gradually improve.

In the current financial year as global economic activity continues to strengthen, global growth is forecast to grow by 3.9% during 2018 as per the International Monetary Fund's (IMF) January 2018 World Economic Outlook. The IMF expects India to grow at 7.4% during 2018 which could increase further to 7.8% during 2019 in contrast to 6.7% during 2017.

The indicative GDP growth is expected to touch 7% to 7.2% into 2018-19 as against 6.6% in 2017-18.

In the Union Budget of 2018-19, the Central Government's major thrust is on the development & upliftment of rural economy and agricultural sector by strengthening and improving the Infrastructure of the Country. These initiatives will help increase the creation of more employment and thereby invigorating the entire economy of the Country.

COMPANY BUSINESS

The Company is a leading RBI registered Authorized Dealer Category-II for money changing and one of the foremost Principal Agents of overseas money transfer entities for international inbound money transfer business.

In money changing, the Company provides an array of products and services including buying and selling of foreign currency notes, servicing of co-branded international prepaid multicurrency travel cards, issuance of foreign currency demand drafts, travellers' cheques and outward telegraphic remittances, including outbound remittances towards student fees, film shoots, tour remittances etc. and also extends encashments of foreign currency demand drafts, travellers' cheques and forex prepaid cards. The Company also facilitates outbound remittances for trade-related imports through Western Union Business Solutions, provides travel insurance to its customers directly and also through partners / intermediaries.

With respect to Money Transfer, the company apart from about two decade old relationship with Western Union has now tied up with four more leading International Players viz. MoneyGram, RIA Financial Services, Xpress Money and Transfast. These tie ups could garner more money transfer business without any additional cost of creating infrastructure since tie ups could be through existing network itself. The company has now about 200 own outlets including for money changing and about 61,000 plus customer touch points for money transfer.

The Company's strength is its wide network developed over the years across India, its brand image and number of allied products being made available to its valuable customers.

OUTLOOK, OPPORTUNITIES AND THREATS

World Travel & Tourism Economic Report 2018 predicts an average annual growth of 3.8% over the next decade. This report gives good prospects for the Travel Industry which currently contributes 10.4% of the annual global GDP and supports 9.9% of the Global employment. The direct contribution of Travel & Tourism to GDP was USD 2,570.1bn (3.2% of total GDP) in 2017, and is forecast to rise by 4.0% in 2018.

As per World Bank Reports, the spending by outbound travelling Indians is about 20.5 billion USD in 2016 and is expected to grow by 7% annually. Forex card market has been 25% of this spending.

The number of outbound travellers from India is around 22 million as per Directorate General of Civil Aviation (DGCA) and UN World Tourism Organisation (UNWTO). This is expected to grow by 10% annually. The average spending by an Indian abroad happens to be around 1200 USD as per UNWTO.

In Students Remittance Business, according to the Reserve Bank of India the market was about 1.3 billion USD in 2016. This has grown to 1.75 billion USD in 2017. A growth of around 34.6%. CRISIL, a reputed Indian Rating Agency, predicts a faster growth in this segment than other remittances. Number of students travelling abroad for studies stands at 420,583 in 2017 according to World Bank and it is expected to grow by 15% annually.

In Tour Remittances, the size in 2016 was 2.2 billion USD and it is 3.4 billion USD in 2017 a growth of 54%. CRISIL, a reputed Indian Rating Agency, predicts a faster growth in this segment than other remittances. The number of outbound travellers from India is around 22 million as per Directorate General of Civil Aviation (DGCA) and UN World Tourism Organisation (UNWTO). This is expected to grow by 10% annually.

The Government of India's initiatives in boosting up its public expenditure on

Infrastructure development will give an impetus to its "MAKE IN INDIA" policy. India is being the most sought after Investment destination for many Investors world over. Hence, this augurs well for the Company business as there will be inflow of Capital Investment giving a boost to Company's Money changing business.

In money transfer, as per World Bank report released in April 2018, India retained the top position as recipient of remittances with its diaspora sending about USD 69 billion back home in 2017. India was followed by China (USD 64 billion), the Philippines (USD 33 billion), Mexico (USD 31 billion), Nigeria (USD 22 billion), and Egypt (USD 20 billion).

Reversing previous year's sharp decline (8.9 per cent in 2016), Remittances to India picked up sharply by 9.9% to \$69 billion in 2017, reversing the previous year's dip, but were still short of \$70.4 billion received in 2014. Payments from immigrants back to their home countries rebounded to reach a new record in 2017.

International Migrants from India is about 16.4 Million followed at distant no. 2 by Mexico at 11.9 Million, Russia at 11 Million, China 10.9 million

The upsurge is likely to continue into 2018 on the back of stronger economic conditions in advanced economies (particularly the US) and an increase in oil prices which is beneficial to Gulf Cooperation Council countries.

2017-18 witnessed consolidation of money transfer business in India with few peer competitors selling their money transfer business to an Indian arm of overseas entity and hence in money transfer business the challenges are expected to be different than what was hitherto witnessed in the last two years.

Further, the comparative slower growth globally as compared to Asian Countries coupled with the challenges faced through the advancement of the world digital economy and India too encouraging digitization, the Company's management though expects new challenges, it does not foresee any immediate threat to its core business activities and in fact its efforts are being channelized to seize the newer methodologies to counter the challenges faced.

RISKS AND CONCERNS

Company has laid down a detailed risk management policy, customer identification and acceptance procedure. Credit procedure envisaged by the Company's credit policy ensures identification of the operational and business risk while entering into any transactions with the prospective customers. ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2(f) of our report of even date)

Report on the Internal Financial Controls under Section 143(3)(i) of the Companies Act, 2013 (the 'Act')

We have audited the internal financial controls over financial reporting of **Weizmann Forex Limited** (the 'Company') as of 31st March, 2018 in conjunction with our audit of the Standalone Ind AS Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing issued by ICAI and specified under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting

includes those policies and procedures that: (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as of 31st March, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS : 31ST MARCH, 2018

1 Company Overview and Significant Accounting Policies

1.0 Corporate Information

Weizmann Forex Limited ("the Company"), is a public company domiciled in India and was incorporated on 9th October, 1985 under the provision of the Companies Act, 1956 applicable in India. Its shares are listed on National Stock Exchange of India (NSE) and Bombay Stock Exchange Limited (BSE). The registered office of the Company is located at Empire House, 214, D. N. Road, Fort, Mumbai - 400001.

1.1 Basis of Preparation

a. Compliance with Ind AS

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

These financial statements for the year ended 31st March, 2018 are the first the Company has prepared under Ind AS. For all periods upto and including the year ended 31st March, 2017, the Company prepared its financial statements in accordance with the generally accepted accounting principles (hereinafter referred to as 'Previous GAAP') used for its statutory reporting requirement in India immediately before adopting Ind AS. The financial statements for the year ended 31st March, 2017 and the opening Balance Sheet as at 1st April, 2016 have been restated in accordance with Ind AS for comparative information.

In accordance with Ind AS 101 First-time Adoption of Indian Accounting Standard, the Company has presented a reconciliation from the presentation of Financial Information under Accounting Standards notified under the Companies (Accounting Standards) Rules, 2006 ("Previous GAAP") to Ind AS of Shareholders' equity as at March 31, 2017, April 1, 2016 and of the Statement of Comprehensive Income for the year ended March 31, 2017 as provided in note no. 2.6.

b. Historical Cost Convention

The financial statements have been prepared on Historical Cost basis except for-

1. Certain financial assets and liabilities measured at fair value
2. Investment in Equity (Excluding Investment in Associates)
3. Defined benefit plans- plan assets measured at fair value and the present value of the defined benefit obligations as per actuarial valuation.

c. Basis of Accounting

The Company maintains accounts on accrual basis following the historical cost convention, except for certain financial instruments that are measured at fair value in accordance with Ind AS and certain items of property, plant and equipment that were revalued in earlier years in accordance with the I-GAAP principles. The carrying value of all the items of property, plant and equipment and investment property as on date of transition is considered as the deemed cost.

Fair value measurements under Ind AS are categorised as below based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety:

- a. Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the company can access at measurement date;
- b. Level 2 inputs are inputs, other than quoted prices included in level 1, that are observable for the asset or liability, either directly or indirectly; and
- c. Level 3 inputs are unobservable inputs for the valuation of assets/liabilities

d. Presentation of Financial Statements

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in the Division II of Schedule III to the Act. The statement of cash flows has been prepared and presented as per the requirements of Ind AS

7 "Statement of Cash flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the financial statements along with the other notes required to be disclosed under the notified Accounting Standards and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended.

Functional Currency

These financial statements are presented in Indian Rupees in lakhs rounded off to two decimal places as permitted by Schedule III to the Companies Act, 2013. Per share data are presented in Indian Rupees to two decimals places.

e. Classification of Current / Non-Current Assets and Liabilities

All the assets and liabilities have been classified as current or non current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Act, 2013.

Assets

An asset is classified as current when it satisfies any of the following criteria:

- a) it is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle;
- b) it is held primarily for the purpose of being traded;
- c) it is expected to be realised within twelve months after the reporting date; or
- d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- a) it is expected to be settled in the Company's normal operating cycle;
- b) it is held primarily for the purpose of being traded;
- c) it is due to be settled within twelve months after the reporting date; or
- d) the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other assets/ liabilities are classified as non-current. Based on the nature of the products and services, the Company has ascertained its operating cycle as twelve months for the purpose of Current / Non-current classification of assets and liabilities.

f. Key estimates and assumptions

The preparation of financial statements in accordance with Ind AS requires use of estimates and assumptions for some items, which might have an effect on their recognition and measurement in the (i) balance sheet and (ii) statement of profit and loss. The actual amounts realised may differ from these estimates.

The estimates and judgements used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the period in which the results are known/ materialised.

The said estimates are based on the facts and events, that existed as at the report date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

Estimates and assumptions are required in particular for:

a. Determination of the estimated useful lives of tangible assets

Useful lives of tangible assets are based on the life prescribed in Schedule II of the Companies Act, 2013. In cases, where the useful lives are different from that prescribed in Schedule II,

they are based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers' warranties and maintenance support.

b. Recognition and measurement of defined benefit obligations

The obligation arising from defined benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, trends in salary escalation, actuarial rates and life expectancy. The discount rate is determined by reference to market yields at the end of the reporting period on government bonds. The period to maturity of the underlying bonds correspond to the probable maturity of the post-employment benefit obligations.

c. Recognition of deferred tax assets

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases, and unutilized business loss and depreciation carry-forwards and tax credits. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses, depreciation carry-forwards and unused tax credits could be utilized.

d. Recognition and measurement of other provisions

The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the balance sheet date. The actual outflow of resources at a future date may therefore vary from the amount included in other provisions.

1.2 Property, Plant and Equipment

Property, plant and equipment (PPE) are stated at the cost of acquisition including incidental costs related to acquisition and installation less accumulated depreciation and impairment loss, if any. Cost of acquisition is inclusive of freight, duties, taxes and other incidental expenses necessary for it to be capable of operating in the manner intended by management.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

On transition to Ind AS, the Company has elected to continue with the carrying value of all its property, plant and equipment recognised as at April 1, 2016 measured as per the Indian GAAP and use that carrying value as the deemed cost of the Property, plant and equipment.

Property Plant and Equipment are depreciated based on the revised remaining useful life of the assets as per the requirement of Schedule II of Companies Act, 2013.

1.3 Intangible Assets

Intangible assets are recognised when it is probable that the expected future economic benefits that are attributable to the asset will flow to the Company and the cost of the asset can be measured reliably.

Administrative and other general overhead expenses that are specifically attributable to acquisition of intangible assets are allocated and capitalised as a part of the cost of the intangible assets.

Intangible assets not ready for the intended use on the date of the Balance Sheet are disclosed as "intangible assets under development"

On transition to Ind AS, the Company has elected to continue with the carrying value of all its Intangible Assets recognised as at April 1, 2016 measured as per the Indian GAAP and use that carrying value as the deemed cost of the Intangible Assets.

Intangible assets are amortised over their estimated useful life as under:

- | | |
|-----------------------------|------------|
| (a) Goodwill | - 10 years |
| (b) Licenses and franchises | - 10 years |
| (c) Computer software | - 3 years |

1.4 Investments

(a) Non-current investments are carried at cost, after providing for any diminution in value, to recognise a decline other than

temporary in nature.

(b) Current investments are carried at lower of cost and fair value.

The determination of carrying amount of such investments is done on the basis of weighted average cost of each individual investment.

On transition to Ind AS, the Company has elected to continue with the carrying value of all its Investments in Associates recognised as at April 1, 2016 measured as per the Indian GAAP and use that carrying value as the deemed cost.

On transition to Ind AS, the Company has decided to measure its investment in Equity instrument (other than Associates) at its Fair Value as defined under Ind AS-109.

1.5 Impairment of Assets

As at each balance sheet date, the carrying amount of assets is tested for impairment so as to determine:

- the provision for impairment loss, if any; and
- the reversal of impairment loss recognised in previous periods, if any.

Impairment loss is recognised when the carrying amount of an asset exceeds its recoverable amount.

Recoverable amount is determined:

- in the case of an individual asset, at the higher of net selling price and the value in use; and
- in the case of cash generating unit (a group of assets that generates identified, independent cash flows), at the higher of the cash generating unit's net selling price and the value in use.

(Value in use is determined as the present value of estimated future cash flows from the continuing use of an asset and from its disposal at the end of its useful life.)

1.6 Inventories

Foreign currencies - notes and paid documents on hand are valued at lower of Average Cost and Inter Bank Rate as on the last day of the financial year for each currency.

1.7 Cash and Cash Equivalents

- Cash comprises cash on hand and demand deposits with banks.
- Cash equivalents are short-term, highly liquid investment that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

1.8 Taxation

Tax on income for the current period is determined on the basis of taxable income and tax credits computed in accordance with the provisions of Income Tax Act, 1961, and based on the expected outcome of assessments / appeals, is recognised in profit or loss except to the extent that it relates to a business combination, or items recognised directly in equity or in OCI.

Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Company:

- has a legally enforceable right to set off the recognised amounts; and
- intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences.

Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable

that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Transaction or event which is recognised outside profit or loss, either in other comprehensive income or in equity, is recorded along with the tax as applicable.

Minimum Alternate Tax (MAT)

Minimum Alternate Tax (MAT) credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognised as an asset in accordance with the Guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the Statement of Profit and Loss.

1.9 Provisions and Contingencies

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Contingent liabilities are disclosed in the notes.

Commitments are future liabilities for contractual expenditure, classified and disclosed as follows:

- estimated amount of contracts remaining to be executed on capital account and not provided for;
- other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of management.

Other commitments related to sales/procurements made in the normal course of business are not disclosed to avoid excessive details.

1.10 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. The Company recognises a financial asset or a liability in its balance sheet only when the entity becomes party to the contractual provisions of the instrument.

a. Financials Assets

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instrument.

Initial Recognition

On initial recognition, a financial asset is recognised at fair value, in case of Financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction cost are recognised in the statement of profit and loss. In other cases, the transaction cost are attributed to the acquisition value of the financial asset.

Financial assets are subsequently classified as measured at Amortised Cost

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Fair Value Through Other Comprehensive Income (FVOCI)-

A financial asset is measured at FVOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Fair Value Through Profit and Loss (FVTPL)-

A financial asset which is not classified in any of the above categories are measured at FVTPL.

Derecognition of financial assets-

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's financial statements) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either
 - the Company has transferred substantially all the risks and rewards of the asset, or
 - the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

b. Financial Liabilities and Equity Instruments

Classification as debt or equity

Instruments issued by a company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Initial Recognition-

Equity instruments are any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss.

Subsequent Measurement-

Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

Derecognition of Financial Liabilities-

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

1.11 Revenue Recognition

- Sales of foreign currencies/encashed traveller's cheques is recognised when the delivery is completed and invoice raised.
- Income on money transfer is recognised when the payment is made to beneficiaries of remittance.
- Commission is recognised on sale of currency/encashed traveller's cheques.
- Other operational income represents income earned from activities incidental to the business and is recognised when the right to receive the income is established as per the terms of the contract.
- Interest income on deposits, securities and loans is recognised at the agreed rate on time proportion basis.
- Income from sale of power is recognised on the basis of meter reading recorded and confirmed by the Electricity Board Authorities upto the last months meter reading of the financial year.
- Income from sale of entitlements from wind power projects are accounted for as and when sold.

1.12 Employee Benefits

(a) Short term employee benefits

All Employee benefits falling due wholly within twelve months of rendering the service are classified as short term employee benefits. The benefits like salaries, wages, short term compensated absences and bonus are recognised in the period in which the employee renders this related services.

(b) Post-employment benefits

(1) **Defined contribution plans** : Company's contribution paid/payable during the year to Provident fund, and ESIC are recognised in Statement of Profit and Loss during the period in which the employee renders the related service.

(2) **Defined benefit plans** : Company has covered its gratuity liability with Life Insurance Corporation of India (LIC). Any amount payable to the employees in the year of separation in excess of amount received from LIC is charged to Statement of Profit and Loss. The present value of the obligation under defined benefit plans is determined based on actuarial valuation using the Projected Unit Credit Method.

Re-measurement of defined benefit plans in respect of post-employment are charged to the Other Comprehensive Income.

(c) Long-term employee benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability at the balance sheet date. Company provides for Leave Encashment Liability on Privilege Leave, Sick Leave and Casual Leaves.

1.13 Foreign Currency Transactions

Purchases and sales of foreign currencies and traveller's cheques are accounted at the contracted rates. Other transactions in foreign currencies are initially recognised at the rate at which the transaction is entered into. On settlement of such transactions the profit/loss arising from exchange differences is recognised in the Statement of profit and loss. Receipts of foreign exchange in money transfer are accounted on the prevalent bank conversion rate or forward contract rate as the case may be and the profit / loss arising from exchange differences is recognised in the Statement of profit and loss. Assets and liabilities denominated in foreign currencies are restated at the rates prevailing at the year end / forward contract rate, as the case may be. The profit / loss so determined are also recognised in the Statement of Profit and Loss.

1.14 Segment Reporting

The Chief Operational Decision Maker monitors the operating results of its business segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit and loss and is measured consistently with profit or loss in the financial statements.

The Accounting Policies adopted for segment reporting are in line with the Accounting Policies of the Company. Segment assets include all operating assets used by the business segments and consist principally of fixed assets, trade receivables and inventories. Segment liabilities include the operating liabilities that result from the operating activities of the business.

Segment assets and liabilities that cannot be allocated between the segments are shown as part of unallocated corporate assets and liabilities respectively. Income / Expenses relating to the enterprise as a whole and not allocable on a reasonable basis to business segments are reflected as unallocated corporate income / expenses.

Segment Policies

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole. Segment assets include all operating assets used by the business segments and consist principally of fixed assets, trade receivables and inventories. Segment liabilities include the operating liabilities that result from the operating activities of the

business.

1.15 Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

A lease is classified at the inception date as an operating lease

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item are classified as operating leases. Operating lease payments are recognised as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

1.16 Earnings Per Share

Basic Earnings per share is calculated by dividing the net profit for the period attributable to the equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit for the period attributable to the equity shareholders and the weighted average number of equity shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

1.17 Recent Accounting Pronouncements

Appendix B to Ind AS 21, Foreign currency transactions and advance consideration:

On March 28, 2018, Ministry of Corporate Affairs ("MCA") has notified the Companies (Indian Accounting Standards) Amendment Rules, 2018 containing Appendix B to Ind AS 21, Foreign currency transactions and advance consideration which clarifies the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income, when an entity has received or paid advance consideration in a foreign currency.

The amendment will come into force from 1st April, 2018. The Company has evaluated the effect of this on the financial statements and the impact is not material.

Ind AS 115, Revenue from Contract with customers:

In March 2018, the Ministry of Corporate Affairs has notified the Companies (Indian Accounting Standards) Amended Rules, 2018 ("amended rules"). As per the amended rules, Ind AS 115 "Revenue from contracts with customers" supersedes Ind AS 11, "Construction Contracts" and Ind AS 18, "Revenue" and is applicable for all accounting periods commencing on or after 1st April 2018.

Ind AS 115 introduces a new framework of five step model for the analysis of revenue transactions. The model specifies that revenue should be recognised when (or as) an entity transfer control of goods or services to a customer at the amount to which the entity expects to be entitled. Further the new standard requires enhanced disclosures about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contracts with customers. The new revenue standard is applicable to the Company from 1st April 2018.

The standard permits two possible methods of transition:

- Retrospective approach - Under this approach the standard will be applied retrospectively to each prior reporting period presented in accordance with Ind AS 8 - *Accounting Policies, Changes in Accounting Estimates and Errors*
- Retrospectively with cumulative effect of initially applying the standard recognized at the date of initial application (Cumulative catch - up approach)

The effective date for adoption of Ind AS 115 is financial period beginning on or after 1st April, 2018

The Company will adopt the standard on 1st April, 2018 by using the cumulative catch-up transition method and accordingly, comparatives for the year ending or ended 31st March, 2018 will not be retrospectively adjusted. The effect on adoption of Ind AS 115 is expected to be insignificant.

Change in Rate of Employee Turnover (Delta Effect of +1%)	10.53	8.37
Change in Rate of Employee Turnover (Delta Effect of -1%)	(11.96)	(12.65)

The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

The sensitivity analysis presented above may not be representative of the actual change in the projected benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the projected benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the projected benefit obligation as recognised in the balance sheet.

Risks associated with defined benefit plan

Gratuity is a defined benefit plan and company is exposed to the Following Risks:

Interest rate risk: A fall in the discount rate which is linked to the G.Sec. Rate will increase the present value of the liability requiring higher provision. A fall in the discount rate generally increases the mark to market value of the assets depending on the duration of asset.

Salary Risk: The present value of the defined benefit plan liability is calculated by reference to the future salaries of members. As such, an increase in the salary of the members more than assumed level will increase the plan's liability.

Investment Risk: The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it will create a plan deficit. Currently, for the plan in India, it has a relatively balanced mix of investments in government securities, and other debt instruments.

Asset Liability Matching Risk: The plan faces the ALM risk as to the matching cash flow. Since the plan is invested in lines of Rule 101 of Income Tax Rules, 1962, this generally reduces ALM risk.

Mortality risk: Since the benefits under the plan is not payable for life time and payable till retirement age only, plan does not have any longevity risk.

Concentration Risk: Plan is having a concentration risk as all the assets are invested with the insurance company and a default will wipe out all the assets. Although probability of this is very less as insurance companies have to follow regulatory guidelines.

Notes:

The Company has prepared its financial statements to comply with Ind AS for the year ending 31st March, 2018, together with comparative information for the year ended 31st March, 2017. In preparing these financial statements, the Company's opening balance sheet was prepared as at 1st April, 2016, the Company's date of transition to Ind AS. This note explains the principal adjustments made by the Company in restating its Indian GAAP financial statements, including the balance sheet as at 1st April, 2016 and the financial statements as at and for the year ended 31st March, 2016.

Ind AS 101 allows first-time adopters certain exemptions from the retrospective application of certain requirements under Ind AS. The Company has applied the following exemptions:

A. Exemptions Availed:

i. Business Combinations

Ind AS 101 provides the option to apply Ind AS 103 prospectively from the transition date or from a specific date prior to the transition date. This provides relief from full retrospective application that would require restatement of all business combinations prior to the transition date. The Company elected to apply Ind AS 103 prospectively to business combinations occurring after its transition date.

ii. Deemed cost

Ind AS 101 allows a first time adopter to continue with the carrying value for all its Property, Plant and Equipment and Intangible Assets as recognised in its previous GAAP financials on the date of transition.

The Company has opted for this exemption and decided to carry its Property, Plant and Equipment and Intangible assets at Carrying value as per Indian GAAP on the date of transition i.e. April 1, 2016."

iii. Investment in Associates

Ind AS 101 allows a First time adopter to account for its Investments in Associates either at cost or in accordance with Ind AS 109. The Company has elected to account for its investments in Associate at cost, which is equal to the deemed cost as per the Previous GAAP on the date of transition.

B. Mandatory Exemptions

i. Estimates

An entity's estimates in accordance with Ind ASs at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with Previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error. Ind AS estimates as at April 1, 2016 are consistent with the estimates as at the same date made in conformity with Previous GAAP.

ii. Classification and measurement of financial assets

Ind AS 101 provides exemptions to certain classification and measurement requirements of financial assets under Ind AS 109, where these are impracticable to implement. The Company has elected to classify and measure financial assets as per the Previous GAAP on the date of transition.

C. Fair valuation of Investments

Under Indian GAAP, Non-current investments were carried at cost less provision for other than temporary decline in the value of such investments. Under Ind AS, the Company has valued its Investments (other than investment in Associates, which are accounted at cost), at fair value in accordance with Ind AS 109. Impact of fair value changes as on the date of transition, is recognised in opening reserves and changes thereafter are recognised in Other Comprehensive Income.

D. Deferred Tax

Under Ind AS, deferred tax has been recognised on the adjustments made on transition to Ind AS.

E. Remeasurements of post-employment benefit obligation

Under Previous GAAP the Company recognised actuarial gains and losses in the Statement of Profit and Loss. Under Ind AS, remeasurements, i.e., actuarial gains and losses, the return on plan assets excluding amounts included in net interest on the net defined benefit liability are recognised in Other Comprehensive Income instead of Statements of Profit and Loss.

F. Other Adjustments

To comply with the Companies (Indian Accounting Standards) Rules, 2015, certain account balances have been regrouped as per the format prescribed under Division II of Schedule III to the Act.

2.38 DISCLOSURE PURSUANT TO INDIAN ACCOUNTING STANDARD (Ind AS) 107, FINANCIAL INSTRUMENTS- DISCLOSURES

i. All Financial Instruments are initially recognised and subsequently re-measured at fair value as detailed below

- The Fair Value of investment in Quoted equity shares, Government securities and mutual funds is measured at quoted price or NAV
- The Fair Value of investment of unquoted equity shares in other than Associate is determined by valuing such investee companies at their respective fair values by considering in each of such investee companies, the value of immovable properties considered by revenue authorities for determining the stamp duty amount, the quoted equity shares at their quoted price, and for unquoted equity shares by adopting the method of determination as above i.e. finding the fair value of such unquoted entities and other assets and liabilities at their carrying costs.

iii. The Company uses forward exchange contracts to hedge against its foreign currency exposures related to the underlying transactions and firm commitments. The Company does not enter into any derivative instruments for trading or speculative purposes.

The forward exchange contracts outstanding as at March 31, 2018 are as under:

Currency exchange	
(a) Number of buy contracts	14
(b) Aggregate amount (₹ Lakh)	70.80
(c) Number of sale contracts	31
(d) Aggregate amount (₹ Lakh)	17,492.16

iv. Liquidity Risk Management

The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. Prudent liquidity risk management implies maintaining sufficient cash and the availability of funding to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, Company's treasury maintains flexibility in funding by maintaining sufficient cash and bank balances available to meet the working capital requirements. Given the need to fund diverse businesses, the Company maintains flexibility in funding by maintaining availability under committed credit lines to meet obligations when due.

v. Credit Risk Management

The company is exposed to credit risk, which is the risk that counterparty will default on its contractual obligation resulting in a financial loss to the company. To manage this, the company periodically assesses the financial reliability of customers, taking into account the financial conditions, current economic trends, analysis of historical bad debts and ageing of accounts receivable as at different reporting periods.

INDEPENDENT AUDITOR'S REPORT

To the Members of Weizmann Forex Limited

Report on the Consolidated Ind AS Financial Statements

We have audited the accompanying Consolidated Ind AS Financial Statements of **Weizmann Forex Limited** (the 'Holding Company') and its associates (the Holding Company and its associate Companies constitute the 'Group'), comprising of the Consolidated Balance sheet as at 31st March, 2018, the Consolidated Statement of Profit and Loss (including Other comprehensive income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the year ended and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as 'the Consolidated Ind AS Financial Statements').

Management's Responsibility for the Consolidated Ind AS Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (the 'Act') that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated Ind AS financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated Ind AS financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs (consolidated financial position) of the Group as at 31st March, 2018, and its consolidated profit (consolidated financial performance including other comprehensive income), consolidated cash flows and consolidated changes in the equity for the year ended on that date.

Other Matter

The consolidated Ind AS financial statements contain information on Holding Company's and four associate companies incorporated in India which are as follows:

ANNEXURE 'A' TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph (f) of our report of even date)

Report on the Internal Financial Controls under Section 143(3)(i) of the Companies Act, 2013 ('the Act')

In conjunction with our audit of the Consolidation Ind AS Financial Statements of **Weizmann Forex Limited** (the 'Company'/ the 'Holding Company') as of and for the year ended 31st March, 2018, we have audited the internal financial controls over financial reporting of the Holding Company and its associate companies which are incorporated in India (the Holding Company and its associates constitute the 'Group'), as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its associate companies which are incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable, to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of associate companies which are incorporated in India, in terms of their reports referred to in Other Matter paragraph below is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that: (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the

company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its associate companies which are incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Other Matter

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to associate companies which are incorporated in India, is based solely on the corresponding reports of the auditors of associate companies incorporated in India.

Our opinion is not modified in respect of this matter.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS :
31ST MARCH, 2018

1 Company Overview and Significant Accounting Policies

1.0 Corporate Information

Weizmann Forex Limited ("the Company"), is a public company domiciled in India and was incorporated on 9th October, 1985 under the provision of the Companies Act, 1956 applicable in India. Its shares are listed on National Stock Exchange of India (NSE) and Bombay Stock Exchange (BSE). The registered office of the Company is located at Empire House, 214, D. N. Road, Fort, Mumbai - 400001.

1.1 Basis of Preparation

a. Compliance with Ind AS

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016. These financial statements for the year ended 31st March, 2018 are the first the Company has prepared under Ind AS. For all periods upto and including the year ended 31st March, 2017, the Company prepared its financial statements in accordance with the generally accepted accounting principles (hereinafter referred to as 'Previous GAAP') used for its statutory reporting requirement in India immediately before adopting Ind AS. The financial statements for the year ended 31st March, 2017 and the opening Balance Sheet as at 1st April, 2016 have been restated in accordance with Ind AS for comparative information.

In accordance with Ind AS 101 First-time Adoption of Indian Accounting Standard, the Company has presented a reconciliation from the presentation of Financial Information under Accounting Standards notified under the Companies (Accounting Standards) Rules, 2006 ("Previous GAAP") to Ind AS of Shareholders' equity as at March 31, 2017, April 1, 2016 and of the Statement of Comprehensive Income for the year ended March 31, 2017 as provided in note no. 2.6.

b. Historical Cost Convention

The financial statements have been prepared on Historical Cost basis except for-

1. Certain financial assets and liabilities measured at fair value
2. Investment in Equity (Excluding Investment in Associates)
3. Defined benefit plans- plan assets measured at fair value and the present value of the defined benefit obligations as per actuarial valuation.

c. Basis of Consolidation

The Consolidated financial statements are prepared in accordance with the principles and procedures for the preparation and presentation of consolidated financial statements as laid down under Indian Accounting Standard (Ind AS), as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

The financial statements of Associate used in the consolidation are drawn up to the same reporting date as that of the Company, i.e. 31st March, 2018.

Investment in Associates has been accounted under the Equity Method as per Ind AS 28 - Investments in Associates and Joint Ventures.

d. Basis of Accounting

The Company maintains accounts on accrual basis following the historical cost convention, except for certain financial instruments that are measured at fair value in accordance with Ind AS and certain items of property, plant and equipment that were revalued in earlier years in accordance with the I-GAAP principles. The carrying value of all the items of property, plant and equipment and investment property as on date of transition is considered as the deemed cost.

Fair value measurements under Ind AS are categorised as below based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety:

a. Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the company can access at measurement date;

b. Level 2 inputs are inputs, other than quoted prices included in level 1, that are observable for the asset or liability, either directly or indirectly; and

c. Level 3 inputs are unobservable inputs for the valuation of assets/liabilities

e. Presentation of Financial Statements

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in the Division II of Schedule III to the Act. The statement of cash flows has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the financial statements along with the other notes required to be disclosed under the notified Accounting Standards and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended.

Functional Currency

These financial statements are presented in Indian Rupees in lakhs rounded off to two decimal places as permitted by Schedule III to the Companies Act, 2013. Per share data are presented in Indian Rupees to two decimal places.

f. Classification of Current / Non-Current Assets and Liabilities

All the assets and liabilities have been classified as current or non current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Act, 2013.

Assets

An asset is classified as current when it satisfies any of the following criteria:

- a) it is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle;
- b) it is held primarily for the purpose of being traded;
- c) it is expected to be realised within twelve months after the reporting date; or
- d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- a) it is expected to be settled in the Company's normal operating cycle;
- b) it is held primarily for the purpose of being traded;
- c) it is due to be settled within twelve months after the reporting date; or
- d) the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other assets/ liabilities are classified as non-current. Based on the nature of the products and services, the Company has ascertained its operating cycle as twelve months for the purpose of Current / Non-current classification of assets and liabilities.

g. Key estimates and assumptions

The preparation of financial statements in accordance with Ind AS requires use of estimates and assumptions for some items, which might have an effect on their recognition and measurement in the (i) balance sheet and (ii) statement of profit and loss. The actual amounts realised may differ from these estimates.

The estimates and judgements used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the period in which the results are known/ materialised.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

Estimates and assumptions are required in particular for:

a. Determination of the estimated useful lives of tangible assets

Useful lives of tangible assets are based on the life prescribed in Schedule II of the Companies Act, 2013. In cases, where the useful lives are different from that prescribed in Schedule II, they are based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers' warranties and maintenance support.

b. Recognition and measurement of defined benefit obligations

The obligation arising from defined benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, trends in salary escalation, actuarial rates and life expectancy. The discount rate is determined by reference to market yields at the end of the reporting period on government bonds. The period to maturity of the underlying bonds correspond to the probable maturity of the post-employment benefit obligations.

c. Recognition of deferred tax assets

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases, and unutilized business loss and depreciation carry-forwards and tax credits. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses, depreciation carry-forwards and unused tax credits could be utilized.

d. Recognition and measurement of other provisions

The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the balance sheet date. The actual outflow of resources at a future date may therefore vary from the amount included in other provisions.

1.2 Property, Plant and Equipment

Property, plant and equipment (PPE) are stated at the cost of acquisition including incidental costs related to acquisition and installation less accumulated depreciation and impairment loss, if any. Cost of acquisition is inclusive of freight, duties, taxes and other incidental expenses necessary for it to be capable of operating in the manner intended by management.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

On transition to Ind AS, the Company has elected to continue with the carrying value of all its property, plant and equipment recognised as at April 1, 2016 measured as per the Indian GAAP and use that carrying value as the deemed cost of the Property, plant and equipment.

Property Plant and Equipment are depreciated based on the revised remaining useful life of the assets as per the requirement of Schedule II of Companies Act, 2013.

1.3 Intangible Assets

Intangible assets are recognised when it is probable that the expected future economic benefits that are attributable to the asset will flow to the Company and the cost of the asset can be measured reliably.

Administrative and other general overhead expenses that are specifically attributable to acquisition of intangible assets are allocated and capitalised as a part of the cost of the intangible assets.

Intangible assets not ready for the intended use on the date of the Balance Sheet are disclosed as "intangible assets under development"

On transition to Ind AS, the Company has elected to continue with the carrying value of all its Intangible Assets recognised as at April 1, 2016 measured as per the Indian GAAP and use that carrying value as the deemed cost of the Intangible Assets.

Intangible assets are amortised over their estimated useful life as under:

- (a) Goodwill - 10 years
- (b) Licenses and franchises - 10 years
- (c) Computer software - 3 years

1.4 Investments

(a) Non-current investments are carried at cost, after providing for any diminution in value, to recognise a decline other than temporary in nature.

(b) Current investments are carried at lower of cost and fair value.

The determination of carrying amount of such investments is done on the basis of weighted average cost of each individual investment.

On transition to Ind AS, the Company has elected to continue with the carrying value of all its Investments in Associates recognised as at April 1, 2016 measured as per the Indian GAAP and use that carrying value as the deemed cost.

On transition to Ind AS, the Company has decided to measure its investment in Equity instrument (other than Associates) at its Fair Value as defined under Ind AS-109.

1.5 Impairment of Assets

As at each balance sheet date, the carrying amount of assets is tested for impairment so as to determine:

- (a) the provision for impairment loss, if any; and
- (b) the reversal of impairment loss recognised in previous periods, if any.

Impairment loss is recognised when the carrying amount of an asset exceeds its recoverable amount.

Recoverable amount is determined:

- (a) in the case of an individual asset, at the higher of net selling price and the value in use; and
- (b) in the case of cash generating unit (a group of assets that generates identified, independent cash flows), at the higher of the cash generating unit's net selling price and the value in use.

(Value in use is determined as the present value of estimated future cash flows from the continuing use of an asset and from its disposal at the end of its useful life.)

1.6 Inventories

Foreign currencies - notes and paid documents on hand are valued at lower of Average Cost and Inter Bank Rate as on the last day of the financial year for each currency.

1.7 Cash and Cash Equivalents

(a) Cash comprises cash on hand and demand deposits with banks.

(b) Cash equivalents are short-term, highly liquid investment that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

1.8 Taxation

Tax on income for the current period is determined on the basis of taxable income and tax credits computed in accordance with the provisions of Income Tax Act, 1961, and based on the expected outcome of assessments / appeals, is recognised in profit or loss except to the extent that it relates to a business combination, or items recognised directly in equity or in OCI.

Current Tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Company:

- a) has a legally enforceable right to set off the recognised amounts; and
- b) intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally

recognised for all taxable temporary differences.

Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Transaction or event which is recognised outside profit or loss, either in other comprehensive income or in equity, is recorded along with the tax as applicable.

Minimum Alternate Tax (MAT)

Minimum Alternate Tax (MAT) credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognised as an asset in accordance with the Guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the Statement of Profit and Loss.

1.9 Provisions and Contingencies

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Contingent liabilities are disclosed in the notes.

Commitments are future liabilities for contractual expenditure, classified and disclosed as follows:

- estimated amount of contracts remaining to be executed on capital account and not provided for;
- other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of management.

Other commitments related to sales/procurements made in the normal course of business are not disclosed to avoid excessive details.

1.10 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. The Company recognises a financial asset or a liability in its balance sheet only when the entity becomes party to the contractual provisions of the instrument.

a. Financials Assets

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instrument.

Initial Recognition

On initial recognition, a financial asset is recognised at fair value, in case of Financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction cost are recognised in the statement of profit and loss. In other cases, the transaction cost are attributed to the acquisition value of the financial asset.

Financial assets are subsequently classified as measured at

Amortised Cost

A financial asset is measured at amortised cost if it is held within a

business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Fair Value Through Other Comprehensive Income (FVOCI)

A financial asset is measured at FVOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Fair Value Through Profit and Loss (FVTPL)

A financial asset which is not classified in any of the above categories are measured at FVTPL.

Derecognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's financial statements) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either
 - the Company has transferred substantially all the risks and rewards of the asset, or
 - the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

b. Financial Liabilities and Equity Instruments

Classification as debt or equity

An instruments issued by a company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Initial Recognition-

Equity instruments are any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss.

Subsequent Measurement-

Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

Derecognition of Financial Liabilities-

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

1.11 Revenue Recognition

- Sales of foreign currencies/encashed traveller's cheques is recognised when the delivery is completed and invoice raised.
- Income on money transfer is recognised when the payment is made to beneficiaries of remittance.
- Commission is recognised on sale of currency/encashed traveller's cheques.
- Other operational income represents income earned from activities incidental to the business and is recognised when the right to receive the income is established as per the terms of the contract.
- Interest income on deposits, securities and loans is recognised at the agreed rate on time proportion basis.
- Income from sale of power is recognised on the basis of meter reading recorded and confirmed by the Electricity Board Authorities upto the last months meter reading of the financial year.

(g) Income from sale of entitlements from wind power projects are accounted for as and when sold.

1.12 Employee Benefits

(a) Short term employee benefits

All Employee benefits falling due wholly within twelve months of rendering the service are classified as short term employee benefits. The benefits like salaries, wages, short term compensated absences and bonus are recognised in the period in which the employee renders this related services.

(b) Post-employment benefits

(1) Defined contribution plans : Company's contribution paid/payable during the year to Provident fund, and ESIC are recognised in Statement of Profit and Loss during the period in which the employee renders the related service.

(2) Defined benefit plans : Company has covered its gratuity liability with Life Insurance Corporation of India (LIC). Any amount payable to the employees in the year of separation in excess of amount received from LIC is charged to Statement of Profit and Loss. The present value of the obligation under defined benefit plans is determined based on actuarial valuation using the Projected Unit Credit Method. Re-measurement of defined benefit plans in respect of post-employment are charged to the Other Comprehensive Income.

(c) Long-term employee benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability at the balance sheet date. Company provides for Leave Encashment Liability on Privilege Leave, Sick Leave and Casual Leaves.

1.13 Foreign Currency Transactions

Purchases and sales of foreign currencies and traveller's cheques are accounted at the contracted rates. Other transactions in foreign currencies are initially recognised at the rate at which the transaction is entered into. On settlement of such transactions the profit/loss arising from exchange differences is recognised in the Statement of profit and loss. Receipts of foreign exchange in money transfer are accounted on the prevalent bank conversion rate or forward contract rate as the case may be and the profit / loss arising from exchange differences is recognised in the Statement of profit and loss. Assets and liabilities denominated in foreign currencies are restated at the rates prevailing at the year end / forward contract rate, as the case may be. The profit / loss so determined are also recognised in the Statement of Profit and Loss.

1.14 Segment Reporting

The Chief Operational Decision Maker monitors the operating results of its business segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit and loss and is measured consistently with profit or loss in the financial statements.

The Accounting Policies adopted for segment reporting are in line with the Accounting Policies of the Company. Segment assets include all operating assets used by the business segments and consist principally of fixed assets, trade receivables and inventories. Segment liabilities include the operating liabilities that result from the operating activities of the business.

Segment assets and liabilities that cannot be allocated between the segments are shown as part of unallocated corporate assets and liabilities respectively. Income / Expenses relating to the enterprise as a whole and not allocable on a reasonable basis to business segments are reflected as unallocated corporate income / expenses.

Segment Policies

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole.

Segment assets include all operating assets used by the business segments and consist principally of fixed assets, trade receivables and inventories. Segment liabilities include the operating liabilities that result from the operating activities of the business.

1.15 Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfillment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

A lease is classified at the inception date as an operating lease

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item are classified as operating leases. Operating lease payments are recognised as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

1.16 Earnings Per Share

Basic Earnings per share is calculated by dividing the net profit for the period attributable to the equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit for the period attributable to the equity shareholders and the weighted average number of equity shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

1.17 Recent Accounting Pronouncements

Appendix B to Ind AS 21, *Foreign currency transactions and advance consideration:*

On March 28, 2018, Ministry of Corporate Affairs ("MCA") has notified the Companies (Indian Accounting Standards) Amendment Rules, 2018 containing Appendix B to Ind AS 21, *Foreign currency transactions and advance consideration* which clarifies the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income, when an entity has received or paid advance consideration in a foreign currency.

The amendment will come into force from 1st April, 2018. The Company has evaluated the effect of this on the financial statements and the impact is not material.

Ind AS 115, *Revenue from Contract with customers*

In March 2018, the Ministry of Corporate Affairs has notified the Companies (Indian Accounting Standards) Amended Rules, 2018 ("amended rules"). As per the amended rules, Ind AS 115 "*Revenue from contracts with customers*" supersedes Ind AS 11, "*Construction Contracts*" and Ind AS 18, "*Revenue*" and is applicable for all accounting periods commencing on or after 1st April 2018."

Ind AS 115 introduces a new framework of five step model for the analysis of revenue transactions. The model specifies that revenue should be recognised when (or as) an entity transfer control of goods or services to a customer at the amount to which the entity expects to be entitled. Further the new standard requires enhanced disclosures about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contracts with customers. The new revenue standard is applicable to the Company from 1 April 2018.

The standard permits two possible methods of transition:

a. Retrospective approach

Under this approach the standard will be applied retrospectively to each prior reporting period presented in accordance with Ind AS 8 - *Accounting Policies, Changes in Accounting Estimates and Errors*

b. Retrospectively with cumulative effect of initially applying the standard recognized at the date of initial application (Cumulative catch - up approach)

The effective date for adoption of Ind AS 115 is financial period beginning on or after 1st April, 2018

The Company will adopt the standard on 1st April, 2018 by using the cumulative catch-up transition method and accordingly, comparatives for the year ending or ended 31st March, 2018 will not be retrospectively adjusted. The effect on adoption of Ind AS 115 is expected to be insignificant.

Notes:

The Company has prepared its financial statements to comply with Ind AS for the year ending 31st March, 2018, together with comparative information for the year ended 31st March, 2017. In preparing these financial statements, the Company's opening balance sheet was prepared as at 1st April, 2016, the Company's date of transition to Ind AS. This note explains the principal adjustments made by the Company in restating its Indian GAAP financial statements, including the balance sheet as at 1st April, 2016 and the financial statements as at and for the year ended 31st March, 2016.

Ind AS 101 allows first-time adopters certain exemptions from the retrospective application of certain requirements under Ind AS. The Company has applied the following exemptions:

A. Exemptions Availed:

i. Business Combinations

Ind AS 101 provides the option to apply Ind AS 103 prospectively from the transition date or from a specific date prior to the transition date. This provides relief from full retrospective application that would require restatement of all business combinations prior to the transition date. The Company elected to apply Ind AS 103 prospectively to business combinations occurring after its transition date.

ii. Deemed cost

Ind AS 101 allows a first time adopter to continue with the carrying value for all its Property, Plant and Equipment and Intangible Assets as recognised in its previous GAAP financials on the date of transition.

The Company has opted for this exemption and decided to carry its Property, Plant and Equipment and Intangible assets at Carrying value as per Indian GAAP on the date of transition i.e. April 1, 2016.

iii. Investment in Associates

Ind AS 101 allows a First time adopter to account for its Investments in Associates either at cost or in accordance with Ind AS 109. The Company has elected to account for its investments in Associate at cost, which is equal to the deemed cost as per the Previous GAAP on the date of transition.

B. Mandatory Exemptions

i. Estimates

An entity's estimates in accordance with Ind ASs at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with Previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error. Ind AS estimates as at April 1, 2016 are consistent with the estimates as at the same date made in conformity with Previous GAAP.

ii. Classification and measurement of financial assets

Ind AS 101 provides exemptions to certain classification and measurement requirements of financial assets under Ind AS 109, where these are impracticable to implement. The Company has elected to classify and measure financial assets as per the Previous GAAP on the date of transition.

C. Fair valuation of Investments

Under Indian GAAP, Non-current investments were carried at cost less provision for other than temporary decline in the value of such investments. Under Ind AS, the Company has valued its Investments (other than investment in Associates, which are accounted at cost), at fair value in accordance with Ind AS 109. Impact of fair value changes as on the date of transition, is recognised in opening reserves and changes thereafter are recognised in Other Comprehensive Income.

D. Deferred Tax

Under Ind AS, deferred tax has been recognised on the adjustments made on transition to Ind AS.

E. Remeasurements of post-employment benefit obligation

Under Previous GAAP the Company recognised actuarial gains and losses in the Statement of Profit and Loss. Under Ind AS, re-measurements, i.e., actuarial gains and losses, the return on plan assets excluding amounts included in net interest on the net defined benefit liability are recognised in Other Comprehensive Income instead of Statements of Profit and Loss.

F. Other Adjustments

To comply with the Companies (Indian Accounting Standards) Rules, 2015, certain account balances have been regrouped as per the format prescribed under Division II of Schedule III to the Act.

2.36 DISCLOSURE PURSUANT TO INDIAN ACCOUNTING STANDARD (Ind AS) 107, FINANCIAL INSTRUMENTS- DISCLOSURES

All Financial Instruments are initially recognised and subsequently re-measured at fair value as detailed below

- The Fair Value of investment in Quoted equity shares, Government securities and mutual funds is measured at quoted price or NAV
- The Fair Value of investment of unquoted equity shares in other than Associate is determined by valuing such investee companies at their respective fair values by considering in each of such investee companies, the value of immovable properties considered by revenue authorities for determining the stamp duty amount, the quoted equity shares at their quoted price, and for unquoted equity shares by adopting the method of determination as above i.e. finding the fair value of such unquoted entities and other assets and liabilities at their carrying costs.

iii. The Company uses forward exchange contracts to hedge against its foreign currency exposures related to the underlying transactions and firm commitments. The Company does not enter into any derivative instruments for trading or speculative purposes.

The forward exchange contracts outstanding as at March 31, 2018 are as under:

Currency exchange	
(a) Number of buy contracts	14
(b) Aggregate amount (₹ Lakh)	70.80
(c) Number of sale contracts	31
(d) Aggregate amount (₹ Lakh)	17,492.16

iv. Liquidity Risk Management

The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. Prudent liquidity risk management implies maintaining sufficient cash and the availability of funding to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, Company's treasury maintains flexibility in funding by maintaining sufficient cash and bank balances available to meet the working capital requirements. Given the need to fund diverse businesses, the Company maintains flexibility in funding by maintaining availability under committed credit lines to meet obligations when due.

v. Credit Risk Management

The company is exposed to credit risk, which is the risk that counterparty will default on its contractual obligation resulting in a financial loss to the company. To manage this, the company periodically assesses the financial reliability of customers, taking into account the financial conditions, current economic trends, analysis of historical bad debts and ageing of accounts receivable as at different reporting periods.
