Accordingly, no investment decision should be made on the basis of such information. Although we believe that industry data used in this Draft Letter of Offer is reliable, it has not been independently verified and neither we, nor any of our affiliates, jointly or severally, make any representation as to its accuracy or completeness. The extent to which the market and industry data used in this Draft Letter of Offer is meaningful depends on the reader's familiarity with and understanding of the methodologies used in compiling such data. There are no standard data gathering methodologies in the industry in which we conduct our business, and methodologies and assumptions may vary widely among different industry sources. Such data involves risks, uncertainties and numerous assumptions and is subject to change based on various factors, including those disclosed in the section "Risk Factors" beginning on page 24 of this Draft Letter of Offer.

Conversion rates for foreign currency:

This Draft Letter of Offer contains conversions of certain other currency amounts into Indian Rupees that have been presented solely to comply with the SEBI ICDR Regulations. These conversions should not be construed as a representation that these currency amounts could have been, or can be converted into Indian Rupees, at any particular rate or at all.

The following table sets forth, for the periods indicated, information with respect to the exchange rate between the Indian Rupee and other foreign currencies:

FORWARD LOOKING STATEMENTS

Our Company has included statements in this Draft Letter of Offer which contain words or phrases such as 'anticipate', 'believe', 'continue', 'can', 'could', 'estimate', 'expect', 'expected to', 'future', 'intend', 'is likely', 'may', 'objective', 'plan', 'potential', 'project', 'pursue', 'shall', 'should', 'will', 'will continue', 'would', or other words or phrases of similar import. Similarly, statements that describe our objectives, strategies, plans or goals are also forward looking statements. However, these are not the exclusive means of identifying forward looking statements. Forward-looking statements are not guarantees of performance and are based on certain assumptions, future expectations, describe plans and strategies, contain projections of results of operations or of financial condition or state other forward-looking information. All statements regarding our Company's expected financial conditions, results of operations, business plans and prospects are forward-looking statements.

Forward-looking statements contained in this Draft Letter of Offer (whether made by our Company or any third party), are predictions and involve known and unknown risks, uncertainties, assumptions and other factors that may cause the actual results, performance or achievements of our Company to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements or other projections. Important factors that could cause actual results to differ materially from our Company's expectations include, among others:

- Uncertainty of the continuing impact of the COVID-19 pandemic on our business and operations;
- Our ability to successfully implement our growth strategy and expansion plans, and to successfully launch and implement various business plans;
- Any failure or disruption of our information technology system;
- Increasing competition in or other factors affecting the industry segments in which our Company operates;
- Changes in laws and regulations relating to the industries in which we operate;
- Fluctuations in operating costs and impact on the financial results;
- Our ability to attract and retain qualified personnel;
- Changes in political and social conditions in India or in other countries that we may enter, the monetary and interest rate policies of India and other countries, inflation, deflation, unanticipated turbulence in interest rates, equity prices or other rates or prices; and
- General economic and business conditions in the markets in which we operate and in the local, regional, national and international economies.

Additional factors that could cause actual results, performance or achievements to differ materially include, but are not limited to, those discussed in the section titled "Risk Factors" beginning on page 24 of this Draft Letter of Offer. By their very nature, market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains, losses or impact or net interest income and net income could materially differ from those that have been estimated, expressed or implied by such forward-looking statements or other projections.

Whilst we believe that the expectations reflected in such forward-looking statements are reasonable at this time, we cannot assure investors that such expectations will prove to be correct. Given these uncertainties, Investors are cautioned not to place undue reliance on such forward-looking statements. In any event, these statements speak only as of the date of this Draft Letter of Offer or the respective dates indicated in this Draft Letter of Offer, and our Company undertakes no obligation to update or revise any of them, whether as a result of new information, future events or otherwise. If any of these risks and uncertainties materialise, or if any of our Company's underlying assumptions prove to be incorrect, the actual results of operations or financial condition of our Company could differ materially from that

Our Company is engaged in the Trading and production/Manufacturing product range encompassing plastic molded components under the brand name "RIDH". The brand "RIDH" is the Trademark showcasing the entire Product range.

Our Company is engaged in manufacturing and distribution of Plastic Moulded Component. Injection moulding is a formative manufacturing technology, i.e. material is formed from an amorphous shape into a fixed shape defined by a mould tool. Almost every plastic part created today is by injection moulding as it allows identical parts to be created in huge numbers, in a short space of time, and at very low cost per part.

The process works as follows:

- 1) A mould cavity defines the shape of the part.
- 2) Material (melted plastic) is injected under pressure into the cavity.
- 3) When the plastic cools it solidifies to take the form defined by the mould.
- 4) The part is ejected, and the process repeats from step 2.

Our Company is having 35 Injection Moulding Machines Start with 100 Tones to 850 Tones we can produces anything in Plastic upto 3.5 kg apart from Machines we have own toll room along with R&D team for New Product Development. Our State of art facility is situated at Plot No. 8, Main Mathura Road, Sector 5, Faridabad, Haryana - 121006.

For further details, refer chapter titled "*Our Business*" on page 89.

Summary of Industry

India is one of the top producers of a large numbers of plastic products, and also has a long history of manufacturing of Plastic items. The market for plastic moulded components is growing day by day.

SECTION III - RISK FACTORS

An investment in our Equity Shares involves a high degree of risk. You should carefully consider each of the following risk factors and all other information set forth in this Draft Letter of Offer, including in "Our Business", "Industry Overview", "Management's Discussion and Analysis of Financial Condition and Results of Operations", and "Financial Statements" before making an investment in our Equity Shares.

The risks and uncertainties described below are not the only risks that we currently face. Additional risks and uncertainties not presently known to us or that we currently believe to be immaterial may also adversely affect our business, financial condition, results of operations and cash flows. If any or some combination of the following risks, or other risks that are not currently known or believed to be adverse, actually occur, our business, financial condition and results of operations could suffer, the trading price of, and the value of your investment in, our Equity Shares could decline and you may lose all or part of your investment. In making an investment decision with respect to this Issue, you must rely on your own examination of our Company and the terms of this Issue, including the merits and risks involved. You should consult your tax, financial and legal advisors about the consequences of an investment in our Equity Shares and its impact on you.

This Draft Letter of Offer also contains forward-looking statements that involve risks and uncertainties. Our results could differ materially from such forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Draft Letter of Offer.

Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify the financial or other implications of any of the risks described in this section. Unless the context otherwise requires, in this section, reference to "we", "us" "our" refers to our Company.

INTERNAL RISK FACTORS**BUSINESS RELATED RISK****1. Our manufacturing operations are critical to our business and any shutdown of our manufacturing facilities may have an adverse effect on our business, results of operations and financial condition.**

Our Company manufactures Plastic Moulding components and our success depend on our ability to successfully manufacture and deliver our products to meet our customer demand. Our manufacturing facility is also susceptible to damage or interruption or operating risks, such as human error, power loss, breakdown or failure of equipment, power supply or processes, performance below expected levels of output or efficiency, obsolescence, loss of services of our external contractors, terrorist attacks, acts of war, break-ins, earthquakes, other natural disasters and industrial accidents and similar events. It is also subject to operating risk arising from compliance with the directives of relevant government authorities. In past, there have been two instances where our facility met with a fire situation. Operating risks may result in personal injury and property damage and in the imposition of civil and criminal penalties.

If our Company experience delays in production or shutdowns at our facility due to any reason, including disruptions caused by disputes with its workforce or any external factors, our Company's operations will be significantly affected, which in turn would have a material adverse effect on its business, financial condition and results of operations. Further, continuous addition of industries in and around our manufacturing facilities without commensurate growth of its infrastructural facilities may put pressure on the existing infrastructure therein, which may adversely affect our business.

2. Activities involving our manufacturing process can be dangerous and can cause injury to people or property in certain circumstances. A significant disruption at any of our manufacturing facilities may adversely affect our production schedules, costs, sales and ability to meet customer demand.

Our business operations are subject to hazards such as risk of equipment failure, work accidents, fire or explosion and require individuals to work under potentially dangerous circumstances or with flammable materials. Although we employ safety procedures in the operation of our facilities and maintain what we believe to be adequate insurance, there is a risk that an accident or death may occur in one of our facilities. An accident may result in destruction of property or equipment, environmental damage, manufacturing or delivery delays, or may lead to suspension of our operations and/or imposition of liabilities. Any such accident may result in litigation, the outcome of which is difficult to assess or quantify, and the cost to defend litigation can be significant. As a result, the costs to defend any action or the potential liability resulting from any such accident or death or arising out of any other litigation, and any negative publicity associated therewith, may have a negative effect on our business, financial condition, results of operations, cash flows and prospects.

In particular, if operations at our manufacturing facility were to be disrupted as a result of any significant workplace accident, equipment failure, natural disaster, power outage, fire, explosion, terrorism, adverse weather conditions, labour dispute, obsolescence or other reasons, our financial performance may be adversely affected as a result of our inability to meet customer demand or committed delivery schedules for our products. Interruptions in production may also increase our costs and reduce our sales, and may require us to make substantial capital expenditures to remedy the situation or to defend litigation that we may become involved in as a result, which may negatively affect our profitability, business, financial condition, results of operations, cash flows and prospects.

3. Our cost of production and trading activities is exposed to fluctuations in the prices of materials.

Our Company is dependent on third party suppliers for procuring the raw material. We are exposed to fluctuations in the prices of these raw materials/ traded goods as well as its unavailability, particularly as we typically do not enter into any long term supply agreements with our suppliers and our major requirement is met in the spot market. We may be unable to control the factors affecting the price at which we procure the materials. We also face the risks associated with compensating for or passing on such increase in our cost of production/ trades on account of such fluctuations in prices to our customers. Upward fluctuations in the prices of raw material/ traded goods may thereby affect our margins and profitability, resulting in a material adverse effect on our business, financial condition and results of operations. Though we enjoy favourable terms from the suppliers both in prices as well as in supplies, our inability to obtain high- quality materials in a timely and cost-effective manner would cause delays in our production/trade cycles and delivery schedules, which may result in the loss of our customers and revenues.

4. Our key raw material, polymer is manufactured by few players domestically, hence we are dependent on a few suppliers.

Key raw materials required by us include PPCP/PP, HDPE and LDPE/LLDPE which are manufactured in India by oil PSUs and other manufacturers. In Fiscal 2022, where we spent Rs. 957 lakhs for 820 tonnes of polymer in comparison to Fiscal 2023, where we spent Rs. 380 Lakhs for 350 tonnes of polymer. For Fiscal 2024, Our consumption of PPCP/PP, HDPE and LDPE/LLDPE was 90 tonnes, 240 tonnes, respectively. We procure 39% of polymers required by us through delcredere agents of a single manufacturer in the 2024. Hence, we are significantly dependent on them for supply of polymer which is a key raw material in manufacturing our products. We enter into annual MoUs with them for purchase of polymer quantity as it is not economic to enter into long term agreements with our key suppliers due to

price fluctuations. Due to our long standing relationship with such suppliers, we believe we procure polymer at competitive rates. If the supplier is unable to supply polymer to us on commercially reasonable terms or quantity we require, it may adversely affect our production schedule and we may have to purchase polymer at a higher rate from the market, which may affect our profitability.

5. We incur investments from time to time on our R & D and we may not be able to derive adequate benefits from such investments.

We operate in the industry which requires continuous technology upgrade for manufacturing products and research activities to stay ahead of the market. We currently have centralised integrated tool room where we develop, repair molds. While we believe our centralised tool room provides us with advantage like early development of products at cheaper cost, but cannot assure you that we will be able to develop products acceptable to our customers. We will continue to make investments on R & D including and not limited to developing our Robots, new molds and processes as we depend significantly on such processes for upgrading our technologies and processes from time to time. We capitalise part of salary of our Managing Director, Mr. Santosh Kumar Kushawaha, who devotes considerable time to develop new design and technologies at our tool room. These R & D activities are critical since it may improve demand for our product and our profitability, if such activities prove to be successful.

Our Company is engaged in the on-going process of studying, designing and developing new moulds in accordance with customer requirements. We cannot guarantee that we may be able to derive adequate benefits from these R & D activities and will be able to reap profits from our investments in the same. In addition, shifts in customer demand may render existing technologies and machinery obsolete, requiring additional capital expenditures and/or write-downs of assets.

6. Our growth prospect may suffer if we fail to anticipate and develop new products and enhance existing products in order to keep pace with rapid changes in customer preferences and the industry on which we focus.

We have successfully adopted “In-mold labelling” technology which enable us to produce a picture quality decoration on the molds produced by us. Our business is characterized by constant product innovation due to rapid technological change, evolving industry standards and customer preferences. To compete successfully in the packaging industry, we must be able to identify and respond to changing demands and preferences in packaging industry. We believe that our in-house tool room and centralised R&D gives us competitive advantage and helped us in reaching current level. However, we cannot assure that our new products may always gain buyer acceptance and we will always be able to achieve competitive products to meet customer expectations. Failure to identify and respond to changes in consumer preferences could, among other things, limit our ability to differentiate our products, adversely affect consumer acceptance of our products and could have impact on our growth prospect.

7. Any inability on our part to successfully maintain quality standards could adversely impact our business.

Quality of our product is very important for our customers and their brands equity. Our product goes through various quality checks at various stages including random sampling check, drop test and/or any tenth order lot check. We supply our packaging products to Horticulture, Agriculture and Milk Industry and other industries each of which have different product specifications. Our manufacturing plant is ISO: 9001:2015, 14000:2015, 45000:2018 and BIS 15532:2004 certified. We maintain utmost hygiene standards in our manufacturing facilities serving food. We ensure that our products are tested for various application tests such as load, impact, strength, durability, wear and fatigue etc., in line with certain international

standards. Failure of our products to meet prescribed quality standards may result in rejection and reworking of product hence any failure on our part to successfully maintain quality standards for our products may affect our customer demands or preference which may negatively affect our business.

8. We may be unable to effectively implement our growth strategies or manage our growth.

Our total income has been decreased from Rs. 2,956.17 lakhs in the Fiscal 2023 to Rs. 949.70 lakhs in the Fiscal 2024. Our growth has been a result of our growth strategies over the year and success of our design capabilities and innovations. Our growth strategy involves risks and difficulties, many of which are beyond our control and, accordingly, there may be no assurance that we will be able to complete our plans on schedule or at all, or without incurring additional unforeseen material capital expenditure. Any inability on our part to manage our growth effectively or to ensure the continued adequacy of our current systems to support our growth strategy could have an adverse effect on our growth plans. Furthermore, if market conditions change or if our operations do not generate sufficient funds or for any other reasons, we may decide to delay, modify or forgo some aspects of our growth strategy which could have a material and adverse effect on our business prospects.

9. Our customers' requirements to locate our manufacturing units in close proximity to their facilities may require capital expenditure and we may not be able to manage our manufacturing units at various locations effectively.

Currently we are operating in one manufacturing unit at Faridabad, Haryana. We continue to incur capital expenditure to set up or extending new facilities in proximity to our customers. In the event that any of our customers' facilities are moved from their current locations, we may not be able to utilize our manufacturing unit efficiently. Our Company is and will continue to evaluate various location options for its expansion plans preferably closer to the customers. Our ability to set up and manage effectively our new manufacturing facilities in the future, will depend on a variety of factors including availability of sufficient capital, procurement of land, receipt of relevant approvals, availability of sufficient skilled employee and labour base. Costs associated with such expansion plan may affect our business, financial condition and results of operations.

Further, we cannot assure that we will be able to manage all our manufacturing units at various locations effectively.

10. If we are unable to adapt to technological changes coupled with changes in industry trends and preferences our business and results of operations may be adversely affected

We seek to enhance our production and technological capabilities to distinguish ourselves from our competitors and enable us to introduce new products as well as different variants of our existing products, based on consumer preferences and demand. We depend on the successful introduction of new production and manufacturing processes to create innovative products, achieve operational efficiencies and adapt to advances in, or obsolescence of our technology. In the past, we have worked closely with our customers and developed upgraded versions of the packs introducing various features like leak proof, no-gasket design, tamper evident, tamper proof, light weight packs. We have introduced packs with tamper evidence for food delivery, for sweets and confectionery etc. With our in-house product design & tool room, we have enabled product design and innovation capabilities. Our failure to successfully adopt such technologies in a cost effective and a timely manner could increase our costs and lead to us being less competitive in terms of our prices or quality of products we sell. Our future success will depend on our ability to respond to technological advances in the businesses in which we operate, on a cost-effective and timely basis. The development and implementation of such technology entails

significant technical and business risks. There can be no assurance that we will continuously implement/adopt new technologies effectively or will be able to respond in timely manner

11. Failure to meet our production timelines may impact our reputation and could also lead to cancellation of our orders.

We manufacture diverse products for our customers including plastic crates for fruits and vegetables and milk & curd of different color and different sizes, safety goggles for medical industry, Outer Bodies of Coolers and RO in Home appliances and plastic irrigation tools for Agriculture industry and Plastic Accessories for Mobile Phones. Most of our customers give us production schedule for thirty days but few give production schedule for less than two weeks. We are expected to supply varying quantities at different points in time, as per the given schedule. Our operations are streamlined to take into account delivery schedule. While a certain amount of time is always calculated as buffer and we keep raw material for about a month's requirement, any serious disruption in our manufacturing units will impact our ability to meet our production timelines and may impact our reputation and could also lead to cancellation of our orders.

12. Any shortage or non-availability of electricity may adversely affect our profitability

Our quality of product and efficiency of production of our manufacturing units are dependent on uninterrupted supply of quality power. We depend on power supplied by the State electricity board for our manufacturing facility requirements. Our manufacturing unit is equipped with diesel generator set for alternative source of power. We have faced power supply deficiency including scheduled power disruptions in our manufacturing unit in the past due to which led to alternate source of power. The average cost of generation of electricity from diesel generator set is Rs. 12 per unit, whereas the average cost of electricity purchase from electricity board is Rs. 6.65 per unit. Further, our Company has also been taking steps towards installation of solar power systems in our manufacturing units to cost of own generated power and our dependency on electricity board. If we do not get uninterrupted quality power for our manufacturing units from electricity board, it may increase the manufacturing cost of our products and affect our profitability.

13. Our inability to maintain an optimal level of inventory for our business may impact our operations adversely.

Our daily operations largely depend on consistent inventory control which is generally dependent on our projected sales in different months of the year. An optimal level of inventory is important to our business as it allows us to respond to customer demand effectively and to maintain a range of finished products. If we over-stock inventory, our required working capital will increase and if we under-stock inventory, our ability to meet consumer demand and our operating results may be adversely affected. Any mismatch between our planning and the actual off take by customers can impact us adversely.

14. Delays or defaults in client payments could result in a reduction of our profits.

We may be subject to working capital shortages due to delays or defaults in payments by clients. If clients defaults in their payments in due time to which we have devoted significant resources it could have a material adverse effect on our business, financial condition and results of operations and could cause the price of our Equity Shares to decline.

15. We could become liable to customers, suffer adverse publicity and incur substantial costs as a result of defects in our products, which in turn could adversely affect the value of our brand, and our sales could be diminished if we are associated with negative publicity.

Any failure or defect in our products could result in a claim against us for damages, regardless of our responsibility for such a failure or defect. We currently carry no products liability insurance with respect to our products. Although we attempt to maintain quality standards, we cannot assure that all our products would be of uniform quality, which in turn could adversely affect the value of our brand, and our sales could be diminished if we are associated with negative publicity.

Also, our business is dependent on the trust our customers have in the quality of our products. Any negative publicity regarding our company, brand, or products, including those arising from a drop in quality of merchandise from our vendors, mishaps resulting from the use of our products, or any other unforeseen events could affect our reputation and our results from operations.

16. We are dependent on our Managing Director, and senior management to manage our current operations and meet future business challenges

While we have been developing next layers of management as a direct support system to senior management who can take over the management responsibilities in the future, our future success is still dependent on our Managing Director Mr. Santosh Kumar Kushawaha, whole time Director, Mr. Abhishek Singh and other senior management to maintain strategic direction, manage current operations and risk profile and meet future business challenges, including the planned expansion and the addition of new businesses. Our Managing Director has more than a decade of experience in business and its management and is the visionary of our Company and involved in formulation of corporate strategy and planning, overall execution and management, and concentrates on the growth of our Company.

Although, most of the other senior management of our Company have been employed with us for over 5 years, our Company does not enter into employment agreements with the senior management personnel who are therefore not obligated to work for our Company for any specified period. If one or more of these key personnel are unwilling or unable to continue in their present positions, we may not be able to replace them with persons of comparable skill and expertise promptly or at all, and we may not be able to further augment our management team appropriately and this could have a material adverse effect on our business, results of operations and financial condition

17. We are subject to risks associated with rejection of supplied products and consequential claims including product liability costs

Defects, if any, in our products could lead to rejection of supplied products and consequential financial claims and could require us to undertake service actions. As per the terms of our agreements with certain clients, these actions could require us to expend considerable resources in rectifying and/or addressing these problems, to absorb costs incurred by our customers in addressing such problems. We are currently not covered by insurance for any product liability claims and hence any such liability could have an adverse impact on our results of operations. Though there have not been any significant rejection and claims experienced by our Company in past, we cannot assure you that no such claims will be made against us in the future or that such claims will be settled in our favour. Any such successful claims could adversely affect our results of operations and cash flow.

18. Termination of agreements/arrangements with Customers, could negatively impact our revenues and profitability.

Our customers typically retain us on a non-exclusive basis. Many of our client contracts can be terminated with or without cause by providing notice and without termination-related penalties. Additionally, most of clients carry no commitment to a specific volume of business or future work. Our business is dependent on the decisions and actions of our customers, and there are a number of factors relating to our clients that are outside our control that might result in the termination of an assignment or the loss of a client, including a demand for price reductions. Therefore, our business may be adversely affected if any of our contracts are terminated by our customers.

19. We face competition in our business from both domestic and international competitors. Such competition would have an adverse impact on our business and financial performance.

The industry, in which we are operating, is highly competitive and our results of operations and financial condition are sensitive to, and may be materially adversely affected by, competitive pricing and other factors. Competition may result in pricing pressures, reduced profit margins or lost market share or a failure to grow our market share, any of which could substantially harm our business and results of operations. There can be no assurance that we can effectively compete with our competitors in the future, and any such failure to compete effectively may have a material adverse effect on our business, financial condition and results of operations.

20. Our Company is involved in certain legal and other proceedings. An adverse outcome in such proceedings may have an adverse effect on our financials.

Our Company is currently involved in certain legal proceedings in India. These legal proceedings are pending at different levels of adjudication before various courts and tribunals. In the event of an adverse outcome of such legal proceedings, we may have to incur expenses and management time in such proceedings and may have to make provisions in our financial statements, which could increase our expenses and liabilities which will adversely affect our financials. As on the date of Draft Letter of Offer the company has Rs. 1,442.89 outstanding dues against the proceedings pending against our Company.

For further details of these legal proceedings, please refer to chapter titled "Outstanding Litigations and Defaults" beginning on page 130 of this Draft Letter of offer.

21. We have in the past entered into related party transactions and may continue to do so in the future.

We have entered into transactions with our promoter, Directors. While we believe that all such transactions have been conducted on an arm's length basis, there can be no assurance that we could not have achieved more favourable terms had such transactions not been entered into with related parties. Further, it is likely that we may enter into related party transactions in the future. There can be no assurance that such transactions, individually or in the aggregate, will not have an adverse effect on our financial condition and results of operations.

For further details please refer to Financial Information of Our Company on page 118 of Draft Letter of offer.

22. Changes in government regulations or their implementation could disrupt our operations and adversely affect our business and results of operations.

Our business and industry are regulated by different laws, rules and regulations framed by the Central and State Government. These regulations can be amended/ changed on a short notice at the discretion of the Government. If we fail to comply with all applicable regulations or if the regulations governing our business or their implementation change adversely, we may incur increased costs or be subject to penalties, which could disrupt our operations and adversely affect our business and results of operations.

23. Our Company requires certain statutory and regulatory registrations, licenses and approvals for our business and failure or inability to obtain and/or renew any registration, approvals or licenses in future may have an adverse impact on our business operations and profitability.

Our Company requires several statutory and regulatory permits, licenses and approvals to operate the business. Many of these approvals are granted for fixed periods of time and need renewal from time to time. Our Company is required to renew such permits, licenses and approvals. There can be no assurance that the relevant authorities will issue any of such permits or approvals in time or at all. Further, these permits, licenses and approvals are subject to several conditions, and our Company cannot assure that it shall be able to continuously meet such conditions or be able to prove compliance with such conditions to statutory authorities, and this may lead to cancellation, revocation or suspension of relevant permits/ licenses/ approvals. Failure by our Company to renew, maintain or obtain the required permits, licenses or approvals, or cancellation, suspension or revocation of any of the permits, licenses or approvals which may result in the interruption of our Company's operations and may have a material adverse effect on the business.

24. Extensive environmental, health and safety laws and regulations may result in increased liabilities and capital expenditure.

Our operations are subject to various environmental and safety laws including industry specific regulations, including those governing the generation, handling, storage, use, management, transportation and disposal of, or exposure to, environmental pollutants or hazardous materials resulting from our manufacturing processes. For instance, we require approvals under the Water (Prevention and Control of Pollution) Act, 1974 and the Air (Prevention and Control of Pollution) Act, 1981, in order to establish and operate our manufacturing facilities in India. We would also incur costs and liabilities related to compliance with these laws and regulations. We are subject to various central, state and local environmental, health and safety laws and regulations concerning issues such as damage caused by air emissions, wastewater discharges, solid and hazardous waste handling and disposal. These laws and regulations are increasingly becoming stringent and may in the future create substantial environmental compliance or remediation liabilities and costs. These laws can impose liability for non-compliance, with health and safety regulations or clean up liability on generators of hazardous waste and other substances that are disposed of either on or off-site, regardless of fault or the legality of the disposal activities.

25. We engage contract labour for carrying out certain of our operations and we may be held liable for paying the wages of such workers in the event of default by the independent contractor.

We appoint independent contractors who in turn engage on-site contract labour for performance of certain of our operations in our manufacturing unit. We use to engaged labourers through our contractors based on the requirements of our manufacturing units. Although we do not engage these labourers directly, we may be held responsible for any wage payments to be made to such labourers in

the event of default by such independent contractors. Any difficulties in managing contract labour may have an adverse impact on our results of operations.

26. We are a labour intensive industry and hence may face labour disruptions and other planned and unplanned outages that would interfere with our operations.

Our Company's activities are labour intensive. Our Company use to engage labourers hired through contractors. Strikes and other labour action may have an adverse impact on our operations, though we have not experienced any such labour disruption in the past. We cannot guarantee that we will not experience any strike, work stoppage or other industrial action in the future. Any such event could disrupt our operations impacting profitability.

27. We are dependent on third party transportation providers for the supply of raw materials and delivery of our products and any failure on part of such providers to meet their obligations could have an adverse effect on our profitability and results of operation.

As a manufacturing business, our success depends on the smooth supply and transportation of the various raw materials required for our manufacturing units and of our products from our manufacturing units to our customers, both of which are subject to various uncertainties and risks. We are dependent on third party transport providers for transportation of raw material from our suppliers to our manufacturing units and for delivery of our finished products to our customers.

Many of our customers work on just in time principle and maintain very low level of inventory of pails. An increase in freight costs or the unavailability of adequate infrastructure for transportation of our products to our customers may have an adverse effect on our profitability and results of operation.

28. We are a listed company and are required to comply with rules and regulations imposed by the Stock Exchanges and SEBI with respect to continuous listing and the Companies Act. Any failure to comply with such rules and regulations or any wrong disclosure made to the Stock Exchange or any statutory authority could result in penalties being imposed on us, which may adversely affect our business and operations.

As a listed company, we are required to comply with certain conditions for continuous listing under the SEBI Listing Regulations and other rules and regulations imposed by SEBI, which require us to make certain periodic disclosures, including disclosures about any material events or occurrences with respect to our Company, disclosure of our financial statements and disclosure of our updated shareholding pattern. Any failure to comply with these continuous disclosure requirements or any wrongful disclosure made by us to the Stock Exchange or any other statutory authority may lead to penalties being imposed on us.

There has been, inadvertent Non Compliances done by our Company as required under the provisions of Insider Trading Regulations. Although the violation was unintentional, Audit Committee of the Company had determined that there was a violation of the Company's Policy and PIT Regulations and has therefore unanimously decided to remit the profits derived by the virtue of non-compliance, to the Investor Protection and Education Fund administered by SEBI pursuant to the SEBI (Prohibition of Insider Trading) Regulations, 2015. Further, we believe, we are in compliance with rules and regulations imposed by the BSE and SEBI with respect to continuous listing, any failure to comply with such rules and regulations or any wrong disclosure/ Non filing/ Delay Filing to the BSE or any statutory authority could result in penalties being imposed on us, which may adversely affect our business and operations.

29. As on the date of this Draft Letter of Offer, no investor complaint is outstanding on SCORES.

As on the date of this Draft Letter of Offer, no investor complaint is outstanding on SCORES. But there is no assurance that in future the Company will be able to resolve each and every investor complaint received on SCORES. For detailed information of the no. of Investor Complaints received and resolved by the Company, kindly refer to page 142 of this Draft letter of letter.

30. Our Promoters or members of our Promoter Group may pledge or dispose of the Equity Shares held by them which may adversely impact the trading price of our Equity Shares.

There is no restriction on our Promoters and members of the Promoter Group to dispose, transfer or pledge their Equity Shares, and our Promoters and / or members forming part of the Promoter Group may at any time pledge or dispose of the Equity Shares held by them including immediately after listing of Rights Equity Shares pursuant to this Rights Issue. In the event of creation of such a pledge, the pledgee may exercise the right of acquiring, selling or otherwise disposing of such Equity Shares if the pledgor fails to abide by the terms and conditions of the pledge so created. Any transfer / sale of Equity Shares by our Promoter and / or members forming part of the Promoter Group will lead to a dilution of the Promoter holding in our Company which may adversely impact the trading price of our Equity Shares.

31. Our ability to pay dividends in the future may be affected by any material adverse effect on our future earnings, financial condition or cash flows.

Our Company has not paid any dividend till now to our shareholders in the absence of high profit. Our ability to pay dividends in future will depend on our earnings, financial condition and capital requirements and capital expenditure. We are required to obtain consents from our lenders prior to the declaration of dividend as per the terms of the agreements executed with them. In the past, we have written to our lenders requesting for their consent to declare dividend but have not received any response thereof. We may be unable to pay dividends in the near or medium term, and our future dividend policy will depend on our capital requirements and financing arrangements in respect of our operations, financial condition and results of operations.

Further we cannot assure you that our dividend yields maintain our past practice.

32. Our premises from which we operate or are used by our Company for the purposes of our operations are situated at lease hold premises. Any termination of the relevant lease or leave and license agreements in connection with such properties or our failure to renew the same could adversely affect our operations.

Premises used by our Company at Faridabad, Haryana is taken on a long – term leasehold basis from third party. Further, our branch office at Lucknow and odisha is taken on the basis of short-term leave and license basis from third party. There can be no assurance that these agreements will be renewed upon expiry or on terms and conditions acceptable to us. Any failure to renew these agreements or procure new premises will increase our costs or may force us to look out for alternative premises which may not be available or which may be available at more expensive prices. Any or all of these factors may have a material adverse effect upon our operation and profitability.

33. Our diverse and complex multi-location operations subject us to various statutory, legal and regulatory risks.

Our future revenue growth depends upon the successful operation of our operating locations and warehouses, the efficiency of our delivery systems and the successful management of our sales, marketing, and support and service teams through direct and indirect channels in various states across India where our existing or potential clients are located. The expansion of our business may require that we establish new offices and warehouses and manage businesses in widely disparate states with different statutory, legal and regulatory framework. In addition, we may be affected by various factors inherent in carrying out business operations in several states in India and abroad, such as:

- coordinating and managing operations in several locations, including different political, economic and business conditions and labour laws and associated uncertainties;
- exposure to different legal standards and enforcement mechanisms and compliance with regulations; and
- difficulties in staffing and managing operations, including coordinating and interacting with our local representatives and business partners to fully understand local business and regulatory requirements. Any of these factors, alone or in combination, could materially and adversely affect our business, results of operations and financial condition and prospects.

34. Our insurance coverage may not be adequate to protect us against all potential losses to which we may be subject to, and this may have a material adverse effect on our business and financial condition

We maintain insurance for a variety of risks, including risks relating to fire, special perils, burglary, etc., and other similar risks. However, there can be no assurance that any claim under the insurance policies maintained by us will be honoured fully, in part or on time. Any liability in excess of our insurance limits could result in additional costs, which would reduce our profits. Further, we may be subject to claims arising from alleged, suspected or actual defects in the products that we manufacture, which may require us to conduct product recalls, due to alleged, suspected or actual defects in end product manufactured by them for their own customers. In the event that any significant product liability, performance improvement or replacement claims are brought against us, which are not covered by insurance or result in recoveries in excess of our insurance coverage, it may adversely affect our business, financial condition, results of operations and prospects.

35. There is no monitoring agency appointed by our Company and the deployment of funds are at the discretion of our Management and our Board of Directors, though it shall be monitored by the Audit Committee.

As per SEBI (ICDR) Regulations, 2018 appointment of monitoring agency is required only for Issue size above Rs. 10,000 Lacs. Since our Issue size is for upto Rs. 2,200.00 Lakhs, hence, we have not appointed a monitoring agency to monitor the utilization of Issue proceeds. However, the audit committee of our Board will monitor the utilization of Issue proceeds. Further, our Company shall inform about material deviations in the utilization of Issue proceeds to the BSE and shall also simultaneously make the material deviations / adverse comments of the audit committee public.

36. Delay in raising funds from the Right issue could adversely impact the implementation schedule.

The proposed expansion, as detailed in the section titled "*Objects of the Issue*" is to be funded from the proceeds of this Issue. We have not identified any alternate source of funding and hence any failure or

delay on our part to mobilize the required resources or any shortfall in the Issue proceeds may delay the implementation schedule. We therefore, cannot assure that we would be able to execute the expansion process within the given time frame, or within the costs as originally estimated by us. Any time overrun or cost overrun may adversely affect our growth plans and profitability.

37. The Objects of the Issue for which funds are being raised, are based on our management estimates and any bank or financial institution or any independent agency has not appraised the same. The deployment of funds in the project is entirely at our discretion, based on the parameters as mentioned in the chapter titles "Objects of the Issue".

The fund requirement and deployment, as mentioned in the "Objects of the Issue" on page 59 of this Draft Letter of Offer is based on the estimates of our management and has not been appraised by any bank or financial institution or any other independent agency. These fund requirements are based on our current business plan. We cannot assure that the current business plan will be implemented in its entirety or at all. In view of the highly competitive and dynamic nature of our business, we may have to revise our business plan from time to time and consequently these fund requirements. The deployment of the funds as stated under chapter "Objects of the Issue" is at the discretion of our Board of Directors and is not subject to monitoring by any external independent agency.

Further, we cannot assure that the actual costs or schedule of implementation as stated under chapter "Objects of the Issue" will not vary from the estimated costs or schedule of implementation. Any such variance may be on account of one or more factors, some of which may be beyond our control. Occurrence of any such event may delay our business plans and/or may have an adverse bearing on our expected revenues and earnings.

38. Our future fund requirements, in the form of further issue of capital or securities may be prejudicial to the interest of the Shareholders depending upon the terms on which they are eventually raised.

We may require additional capital from time to time depending on our business needs. Any further issue of Equity Shares or convertible securities would dilute the shareholding of the existing Shareholders and such issuance may be done on terms and conditions, which may not be favourable to the then existing Shareholders. If such funds are raised in the form of loans or debt or preference shares, then it may substantially increase our fixed interest/dividend burden and decrease our cash flows, thus adversely affecting our business, results of operations and financial condition.

39. We have not independently verified certain data in this Draft Letter of offer.

We have not independently verified data from industry publications contained herein and although we believe these sources to be reliable, we cannot assure you that they are complete or reliable. Such data may also be produced on a different basis from comparable information compiled with regard to other countries. Therefore, discussions of matters relating to India and its economy are subject to the caveat that the statistical and other data upon which such discussions are based have not been verified by us and may be incomplete or unreliable.

40. Our Company will not distribute the Draft Letter of Offer and Application Form to certain overseas Shareholders who have not provided an address in India for service of documents.

Our Company will dispatch this Draft Letter of Offer, the Abridged Letter of Offer, Rights Entitlement Letter and Application Form (the "Offering Materials") to such Shareholders who have provided an

address in India for the service of documents. The Offering Materials will not be distributed to addresses outside India on account of restrictions that apply to the circulation of such materials in various overseas jurisdictions. However, the Companies Act requires companies to serve documents at any address, which may be provided by the members as well as through e- mail. Presently, there is a lack of clarity under the Companies Act, 2013, and the rules thereunder, with respect to the distribution of Offering Materials to retail individual shareholders in overseas jurisdictions where such distribution may be prohibited under applicable laws of such jurisdictions.

RISKS RELATING TO RIGHTS ISSUE

41. Failure to exercise or sell the Rights Entitlements will cause the Rights Entitlements to lapse without compensation and result in a dilution of Investor's shareholding

The Rights Entitlements that are not exercised prior to the end of the Closing Date will expire and become null and void, and Eligible Equity Shareholders will not receive any consideration for them. The proportionate ownership and voting interest in our Company of Eligible Equity Shareholders who fail (or are not able) to exercise their Rights Entitlements will be diluted pursuant to increase in paid up share capital. Even if you elect to sell your unexercised Rights Entitlements, the consideration you receive for them may not be sufficient to fully compensate you for the dilution of your percentage ownership of the equity share capital of our Company that may be caused as a result of the Rights Issue. Renounees may not be able to apply in case of failure in completion of renunciation through off-market transfer in such a manner that the Rights Entitlements are credited to the Demat Account of the Renounees prior to the Issue Closing Date. Further, in case, the Rights Entitlements do not get credited in time, in case of On Market Renunciation, such Renounee will not be able to apply in this Rights Issue with respect to such Rights Entitlements.

42. You may not receive the Equity Shares that you subscribe in the Issue until fifteen days after the date on which this Issue closes, which will subject you to market risk.

The Equity Shares that you subscribe in the Issue may not be credited to your demat account with the depository participants until approximately 15 days from the Issue Closing Date. You can start trading such Equity Shares only after receipt of the listing and trading approval in respect thereof. There can be no assurance that the Equity Shares allocated to you will be credited to your demat account, or that trading in the Equity Shares will commence within the specified time period, subjecting you to market risk for such period.

43. There is no guarantee that our Equity Shares will be listed in a timely manner or at all which may adversely affect the trading price of our Equity Shares.

In accordance with Indian law and practice, final approval for listing and trading of the Equity Shares will not be granted by the Stock Exchanges until after those Equity Shares have been issued and allotted. Approval will require all relevant documents authorizing the issuing of Equity Shares to be submitted. There could be a failure or delay in listing the Equity Shares on Stock Exchanges. Any failure or delay in obtaining the approval would restrict your ability to dispose of your Equity Shares. Further, historical trading prices, therefore, may not be indicative of the prices at which the Equity Shares will trade in the future which may adversely impact the ability of our shareholders to sell the Equity Shares or the price at which shareholders may be able to sell their Equity Shares at that point of time.

44. The Issue Price of our Right Equity Shares may not be indicative of the market price of our Equity Shares after the Issue.

The market price of the Equity Shares could be subject to significant fluctuations after the Issue, and may decline below the Issue Price.

There can be no assurance that the Investors will be able to sell their Equity Shares at or above the Issue Price. The factors that could affect our share price are:

- (a) quarterly variations in the rate of growth of our financial indicators such as earnings per share;
- (b) changes in revenue or earnings estimates or publication of research reports by analysts;
- (c) speculation in the press or investment community;
- (d) general market conditions; and
- (e) domestic and international economic, legal and regulatory factors unrelated to our performance.

EXTERNAL RISK FACTORS**45. Any downgrading of India's debt rating by a domestic or international rating agency could adversely affect our business.**

There could be a downgrade of India's sovereign debt rating due to various factors, including changes in tax or fiscal policy, or a decline in India's foreign exchange reserves, which are outside our control. Any adverse revisions to India's credit ratings for domestic and international debt by domestic or international rating agencies may adversely impact our ability to raise additional financing, and the interest rates and other commercial terms at which such additional financing is available.

Although economic conditions are different in each country, investors' reactions to developments in one country can have adverse effects on the securities of companies in other countries, including India, which may cause fluctuations in the prices of our Equity Shares. This could have an adverse effect on our business and financial performance, and ability to obtain financing for expenditures.

46. Investing in securities that carry emerging market risks can be affected generally by volatility in the emerging markets.

The markets for securities bearing emerging market risks, such as risks relating to India, are, to varying degrees, influenced by economic and securities market conditions in other emerging market countries. Although economic conditions differ in each country, investors' reactions to developments in one country may affect securities of issuers in other countries, including India. A loss of investor confidence in the financial systems of other emerging markets may cause increased volatility in Indian financial markets and the Indian economy in general.

Any worldwide financial instability could also have a negative impact on the Indian economy, including the movement of exchange rates and interest rates in India, which could adversely affect the Indian financial sector in particular. Any such disruption could have an adverse effect on our Company's business, future financial performance, financial condition and results of operations, and affect the price of the Equity Shares. Accordingly, the price and liquidity of the Equity Shares may be subject to significant fluctuations, which may not necessarily be directly or indirectly related to our financial performance.

47. Political instability or changes in the Government or Government policies could impact the liberalization of the Indian economy and adversely affect economic conditions in India generally.

The performance and growth of our Company is dependent on the health of the Indian economy and more generally the global economy. The economy could be adversely affected by various factors such as political or regulatory action, including adverse changes in liberalization policies, social disturbances, terrorist attacks and other acts of violence or war, natural calamities, interest rates, commodity and energy prices and various other factors. The rate of economic liberalization could change, and specific laws and policies affecting foreign investment, currency exchange rates and other matters affecting investment in India could change as well. As a result, our business and the market price and liquidity of the Equity Shares may be affected by such economic and / or political changes. While the current Government is expected to continue the liberalization of India's economic and financial sectors and deregulation policies, there can be no absolute assurance that such policies will be continued. A significant change in India's economic liberalization and deregulation policies could disrupt business and economic conditions in India generally and specifically have an adverse effect on the operations of our Company.

48. Regional hostilities, terrorist attacks, communal disturbances, civil unrest and other acts of violence or war involving India and other countries may result in a loss of investor confidence and adversely affect our business, prospects, results of operations and financial condition.

Terrorist attacks, civil unrest and other acts of violence or war may negatively affect the Indian markets on which our Equity Shares will trade as well as the worldwide financial markets. The Asian region has from time to time experienced instances of civil unrest and hostilities among neighbouring countries which may persist and occur in the future. Military activity or terrorist attacks in India may result in investor concern about stability in the region, which may adversely affect the price of our Equity Shares. Events of this nature in the future, as well as social and civil unrest within other countries in the World, could influence the Indian economy and could have an adverse effect on the market for securities of Indian companies, including our Equity Shares.

49. Natural disasters and other disruptions could adversely affect the Indian economy and could cause our business and operations to suffer and the trading price of our Equity Shares to decrease.

Our operations, may be damaged or disrupted as a result of natural disasters such as earthquakes, floods, heavy rainfall, epidemics, tsunamis and cyclones and other events such as protests, riots and labour unrest. Such events may lead to the disruption of information systems and telecommunication services for sustained periods. They also may make it difficult or impossible for employees to reach our business locations which could adversely affect our reputation, our relationships with our customers, our senior management team's ability to administer and supervise our business or it may cause us to incur substantial additional expenditure to repair or replace damaged equipment or rebuild parts of our infrastructure. We may also be liable to our customers for disruption in supply resulting from such damage or destruction. Our insurance coverage for such liability may not be sufficient. Any of the above factors may adversely affect our business, our financial results and the price of our Equity Shares.

50. Any future issuance of the Equity Shares may dilute your future shareholding and sales of the Equity Shares by the Promoters or other major shareholders of our Company may adversely affect the trading price of the Equity Shares.

Any future equity issuances by our Company may lead to dilution of your future shareholding in our Company. Any future equity issuances by our Company or sales of the Equity Shares by the Promoters or

A F ENTERPRISES LIMITED

(CIN- L18100DL1983PLC016354)

other major shareholders of our Company may adversely affect the trading price of the Equity Share. In addition, any perception by investors that such issuances or sales might occur could also affect the trading price of the Equity Share. Except as otherwise stated in the Draft Letter of Offer, there is no restriction on our Company's ability to issue the Securities or the relevant shareholders' ability to dispose of their Equity Share, and there can be no assurance that our Company will not issue Equity Share or that any such shareholder (including Promoters and Promoter Group) will not dispose of, encumber, or pledge its Securities.

51. Inflation in India could have an adverse effect on our profitability and if significant, on our financial condition.

Inflation rates in India have been volatile in recent years, and such volatility may continue in the future. India has experienced high inflation in the recent past. Increased inflation can contribute to an increase in interest rates and increased costs to our business, including increased costs of salaries, and other expenses relevant to our business.

High fluctuations in inflation rates may make it more difficult for us to accurately estimate or control our costs. Any increase in inflation in India can increase our expenses, which we may not be able to pass on to our customers, whether entirely or in part, and the same may adversely affect our business and financial condition. In particular, we might not be able to reduce our costs or increase our rates to pass the increase in costs on to our customers. In such case, our business, results of operations, cash flows and financial condition may be adversely affected. Further, the GoI has previously initiated economic measures to combat high inflation rates, and it is unclear whether these measures will remain in effect. There can be no assurance that Indian inflation levels will not worsen in the future.

Notes :

- (1) The above audited financial results for year ended 31st March, 2024 has been reviewed by the Audit Committee and then approved by the Board of Directors at their meeting held on 29th day of May, 2024.
- (2) The above results have been prepared in compliance with the recognition and measurement principles of the Companies (India Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards Amendment Rules, 2016) prescribed under section 133 of the Companies Act, 2013 and other recognised accounting practices and policies to the extent applicable.
- (3) Figures for the previous period have been regrouped wherever considered necessary so as to confirm to the classification of the current period.
- (4) The figures for the quarter ended on 31st March, 2024 are balancing figures between audited figures in respect of the full financial year and the unaudited published year-to-date figures upto the quarter ended on 31st December, 2023, which were subject to limited review.
- (5) The statutory auditors have carried out the audit on the above results for the year ended 31st March, 2024. However, the management has exercised necessary due diligence to ensure that the financial results provided true and fair view of its affairs.
- (6) The format for above results as prescribed in SEBI's circular CIR/SFD/CMS/15/2015 dated 30th November, 2015 has been modified to comply with requirements of SEBI's circular dated 5th July, 2016, Ind AS and Schedule III (Division-II) to the companies Act, 2013 applicable to companies that are required to comply with Ind AS.
- (7) Exceptional item of Rs.100 Lakhs is Related to the compensation received for the non-fulfillment of underwriting commitments related to the subscription of the rights issue. The underwriting agreement required the underwriters to subscribe to any unsubscribed shares in the rights issue. However, as the underwriters failed to fulfill this obligation, the amount received serves as a compensation for this non-fulfillment
- (8) These Results are also updated on the company's website <https://afenterprisesltd.in>.

To the extent our Company is unable to utilize any portion of the Net Proceeds towards the Objects, as per the estimated schedule of deployment specified above, Our Company shall deploy the Net Proceeds in the subsequent Financial Years towards the Objects.

MEANS OF FINANCE:

The fund requirements set out below are proposed to be funded from the Net Proceeds and internal accruals. We confirm that there are no requirements to make firm arrangements of finance through verifiable means towards at least 75% of the stated means of finance, excluding the amount to be raised through the Net Proceeds and existing identifiable internal accruals.

The fund requirement and deployment is based on internal management estimates and our Company's current business plan and is subject to change in light of changes in external circumstances or costs, other financial conditions, business or strategy. These estimates have not been appraised by any bank or financial institution.

Any amount, deployed by our Company out of internal accruals towards the aforementioned objects till the date of receipt of Issue Proceeds shall be recouped by our Company from the Issue Proceeds of the Issue. In case of delays in raising funds from the Issue, our company may deploy certain amounts towards any of the above mentioned objects through a combination of Internal Accruals or Loans (Bridge Financing) and in such case the Funds raised shall be utilized towards repayment of such Loans or recouping of Internal Accruals. However, we confirm that no bridge financing has been availed as on date, which is subject to being repaid from the Issue Proceeds.

As we operate in competitive environment, we may have to revise our expenditure and fund requirements as a result of variations in cost estimates, exchange rate fluctuations and external factors which may not be within the control of our management. This may entail rescheduling and revising the planned expenditures and fund requirements and increasing or decreasing expenditures for a particular purpose at the discretion of our management, within the objects. For further details on the risks involved in our business plans and executing our business strategies, please see the section titled "Risk Factors" beginning on page 24 of this Draft Letter of offer.

DETAILS OF THE OBJECTS

The details of the objects of the Issue are set out below:

1. TO PART FINANCE WORKING CAPITAL REQUIREMENTS OF THE COMPANY.

With the expansion of the business activity, the Company will be in need of additional working capital requirements which are based on our management estimations of the future business plan for the FY 2024-25. The major capital will be invested in procuring of the raw materials, trade receivables and maintaining inventory and reducing trade payables cycles. The funding of the working capital requirements of our Company is expected to lead to a consequent increase in our profitability. As on March 31, 2024, the outstanding amount under the fund based working capital facilities of our Company was Rs. 3,088.42 Lakhs and non-fund based working capital facility is Nil.

Assumption for Working Capital Requirement

Assumptions for holding level (Months)

Particulars	March 31, 2022	March 31, 2023	March 31, 2024	March 31, 2025
Inventory	0.71	1.47	4.25	1.41
Trade Receivable	27.13	59.85	174.52	28.91
Trade Payable	28.11	53.69	252.83	35.58

Justification of Holding Level of last 3 years and estimated for FY 25:

Sr. No.	Particulars	Assumptions
Current Assets		
1	Revenues from operations:	The revenues from operations from FY 2022 to FY 2023 have decreased by 50% and the revenues from operations from FY 2023 to FY 2024 was decreased by 65%. However, going forward we have estimated the rationalization in increase our revenues in FY 2025 by 400% due to expansion of Government Contracts, New clients' partnerships, acquisition of new clients and availability of production capacity. As on date the Company has order from
2	Inventories:	We have maintained average inventory in fiscal 2022 of 0.71 months of cost of goods sold and in fiscal 2023 of 1.47 months and in fiscal 2024 of 4.25 months due to slump in operational revenue. Going forward we estimate average inventory of 1.41 months in financial year 2024-2025.
3	Trade receivables	We have assumed the Trade Receivable holding period level of around 27.13 months in financial year 2021-22, in FY 2022-23 holding period level was of 59.85 months, holding period level was 174.52 months in financial year 2023-24 due to slump in operational revenue. Going forward we estimate average inventory of 28.91 months in financial year 2024-2025.
4	Other current assets including other financial assets.	The key items under this head are advance to suppliers, staff, other advances, security deposit with statutory authorities, Balances of taxes with Government authorities, prepaid expenses etc.
Current Liabilities		
5	Trade payables	Our payable's credit period was 28.11 months in financial year 2021-22, credit period was 53.69 months in financial year 2022-23 and credit period in the financial year 2023-24 was 252.83 months due to slump in operational revenue. Our company will strive to adhere to stricter credit policy to achieve better and favorable pricing terms and to ensure continued relations with the existing suppliers. By making early payments to the suppliers (i.e. availing lower credit periods), the company shall be able to get competitive prices which would result in a reduction in the cost as a percentage of goods sold thereby increasing the profitability of the Company. Thus, the Company has estimated lower credit period of around 35.58 months in a FY 2024-25 which would in turn help in reducing the cost of sales and improve profitability margins.
6	Other current liabilities	Other current liabilities include provisions, statutory dues, expenses payable etc.

Justification for utilization of Working Capital requirement for financial year 2024-25:

We have estimated Rs. 4,250.69 Lakhs turnover during the Financial Year 2024-25 & Calculated the Working capital requirement as per standard holding levels of the industry and the Company. Accordingly, we need additional working capital funds for expansion of business.

The Company's order book is as follows:

Note: The above orders are repetitive in nature.

Assuming full subscription and Allotment of the Rights Equity Shares in the Issue, our Company proposes to utilize upto Rs. 1,250.00 lakhs from the Net Proceeds towards funding our working capital requirements.

2. REPAYMENT OF CERTAIN OUTSTANDING BORROWINGS AVAILED BY US.

We have entered various financing arrangements from time to time, with various lenders. As at March 31, 2024, the amount outstanding under borrowing arrangements of our Company to be Fully or partially

repaid or prepaid from the Net Proceeds is Rs. 445.30 Lakhs. Our Company proposes to utilise an estimated amount of Rs. 435.62 Lakhs from the Net Proceeds towards repayment of borrowings availed by our Company.

The following table sets forth details of certain borrowings availed by us, which are outstanding as on March 31, 2024 out of which we may repay all or a portion of, any or all of the borrowings, from the Net Proceeds:

Sr. No.	Lender	Amount sanctioned (Amount in Lakhs)	Outstanding Term loan as on March 31, 2024 (Amount in Lakhs)	Interest (%)	Nature of Borrowing	Purpose of borrowings	Date of repayment	Proposed repayment from Net Proceeds (Amount in Rs. lakhs)

7	Nimble Infrastructure Pvt Ltd.	30.00	30.00	-	Long Term Loan	Working Capital Loan	30-09-2024	30.00

We believe that such repayment or prepayment will help reduce our outstanding indebtedness and our debt -equity ratio and enable utilization of our internal accruals for further investment in business growth. In addition, we believe that the strength of our balance sheet and our leverage capacity will further improve, which shall enable us to raise further capital in the future at competitive rates to fund potential business development opportunities and plans to grow and expand our business in the coming years.

We have considered the following factors for identifying the loans that will be repaid or pre-paid out of the Net Proceeds:

- Costs, expenses and charges relating to the facility including interest rates involved;
- Presence of onerous terms and conditions under the facility;
- Terms and conditions of consents and waivers;
- Other commercial considerations including, among others, the amount of the loan outstanding and the remaining tenor of the loan.

Accordingly, we may utilise the Net Proceeds for repayment of any such refinanced facilities, or full or partial prepayment, or repayment of any additional facilities obtained by our Company. However, the aggregate amount to be utilised from the Net Proceeds towards repayment of borrowings (including refinanced or additional facilities availed, if any), in part or full, would not exceed Rs. 435.62 Lakhs. In the event our Board deems appropriate, the amount allocated for estimated schedule of deployment of Net Proceeds in a particular Financial Year may be repaid in full by our Company in the subsequent Financial Year subject to compliance with all applicable laws and regulations. Further, the amounts outstanding under the borrowings are dependent on several factors and may vary with the business cycle of our Company with multiple intermediate repayments, & drawdowns.

3. TO FINANCE THE GENERAL CORPORATE PURPOSE.

The Net Proceeds will first be utilized towards the Objects set out above, as well as meeting the Issue-related expenses. Subject to this, our Company intends to deploy any balance left out of the Net Proceeds of Rs. [●] * Lacs towards general corporate purposes and the business requirements of our Company, as approved by our management, from time to time. We confirm that utilization for general corporate purposes will not exceed 25% of the Net Proceeds of the Issue.

Such general corporate purposes may include, but are not restricted to, the following:

- Strategic initiatives, including investments or acquisitions, from time to time;
- Brand building, promotional and outreach activities;
- Strengthening our infrastructure and systems and processes, in-house training initiatives, etc.;
- Repayment of present or future loans;
- Research and Development;
- Ongoing general corporate purposes or exigencies, as approved by the Board, subject to compliance with applicable law.

Our management will have flexibility in utilizing any amounts for general corporate purposes in accordance with policies of our Board. The quantum of utilization of funds towards any of the purposes mentioned above will be determined by the Board, based on the amount available under this head and the business requirements of our Company, from time to time.

* To be finalized on determination of Issue Price.

GLOBAL PROSPECTS AND POLICIES

The baseline forecast is for the world economy to continue growing at 3.2 percent during 2024 and 2025, at the same pace as in 2023. A slight acceleration for advanced economies – where growth is expected to rise from 1.6 percent in 2023 to 1.7 percent in 2024 and 1.8 percent in 2025 – will be offset by a modest slowdown in emerging market and developing economies from 4.3 percent in 2023 to 4.2 percent in both 2024 and 2025. The forecast for global growth five years from now – at 3.1 percent – is at its lowest in decades. Global inflation is forecast to decline steadily, from 6.8 percent in 2023 to 5.9 percent in 2024 and 4.5 percent in 2025, with advanced economies returning to their inflation targets sooner than emerging market and developing economies. Core inflation is generally projected to decline more gradually. The global economy has been surprisingly resilient, despite significant central bank interest rate hikes to restore price stability. Chapter 2 explains that changes in mortgage and housing markets over the prepandemic decade of low interest rates moderated the near-term impact of policy rate hikes. Chapter 3 focuses on medium-term prospects and shows that the lower predicted growth in output per person stems, notably, from persistent structural frictions preventing capital and labor from moving to productive firms. Chapter 4 further indicates how dimmer prospects for growth in China and other large emerging market economies will weigh on trading partners.

Global growth is projected at 3.1 percent in 2024 and 3.2 percent in 2025, with the 2024 forecast 0.2 percentage point higher than that in the October 2023 World Economic Outlook (WEO) on account of greater-than-expected resilience in the United States and several large emerging market and developing economies, as well as fiscal support in China. The forecast for 2024–25 is, however, below the historical (2000–19) average of 3.8 percent, with elevated central bank policy rates to fight inflation, a withdrawal of fiscal support amid high debt weighing on economic activity, and low underlying productivity growth. Inflation is falling faster than expected in most regions, in the midst of unwinding supply-side issues and restrictive monetary policy. Global headline inflation is expected to fall to 5.8 percent in 2024 and to 4.4 percent in 2025, with the 2025 forecast revised down.

With disinflation and steady growth, the likelihood of a hard landing has receded, and risks to global growth are broadly balanced. On the upside, faster disinflation could lead to further easing of financial conditions. Looser fiscal policy than necessary and than assumed in the projections could imply temporarily higher growth, but at the risk of a more costly adjustment later on. Stronger structural reform momentum could bolster productivity with positive cross-border spillovers. On the downside, new commodity price spikes from geopolitical shocks—including continued attacks in the Red Sea—and supply disruptions or more persistent underlying inflation could prolong

tight monetary conditions. Deepening property sector woes in China or, elsewhere, a disruptive turn to tax hikes and spending cuts could also cause growth disappointments.

Policymakers' near-term challenge is to successfully manage the final descent of inflation to target, calibrating monetary policy in response to underlying inflation dynamics and—where wage and price pressures are clearly dissipating—adjusting to a less restrictive stance. At the same time, in many cases, with inflation declining and economies better able to absorb effects of fiscal tightening, a renewed focus on fiscal consolidation to rebuild budgetary capacity to deal with future shocks, raise revenue for new spending priorities, and curb the rise of public debt is needed. Targeted and carefully sequenced structural reforms would reinforce productivity growth and debt sustainability and accelerate convergence toward higher income levels. More efficient multilateral coordination is needed for, among other things, debt resolution, to avoid debt distress and create space for necessary investments, as well as to mitigate the effects of climate change.

Forces Shaping the Outlook

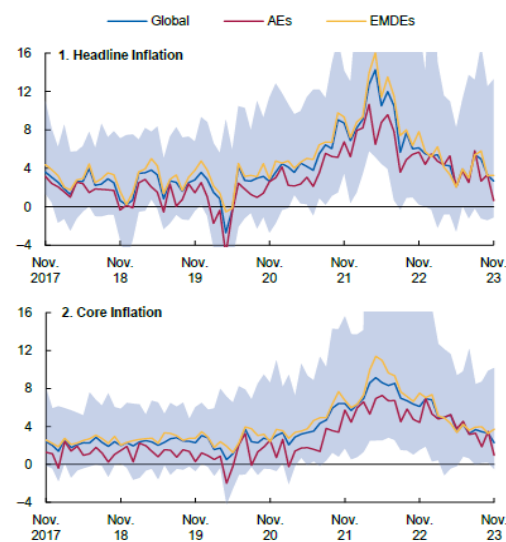

The global economic recovery from the COVID-19 pandemic, Russia's invasion of Ukraine, and the cost-of-living crisis is proving surprisingly resilient. Inflation is falling faster than expected from its 2022 peak, with a smaller-than-expected toll on employment and activity, reflecting favorable supply-side developments and tightening by central banks, which has kept inflation expectations anchored. At the same time, high interest rates aimed at fighting inflation and a withdrawal of fiscal support amid high debt are expected to weigh on growth in 2024.

Growth resilient in major economies. Economic growth is estimated to have been stronger than expected in the second half of 2023 in the United States, and several major emerging market and developing economies. In several cases, government and private spending contributed to the upswing, with real disposable income gains supporting consumption amid still-tight—though easing—labor markets and households drawing down on their accumulated pandemic-era savings. A supply-side expansion also took hold, with a broad-based increase in labor force participation, resolution of pandemic-era supply chain problems, and declining delivery times. The rising momentum was not felt everywhere, with notably subdued growth in the euro area, reflecting weak consumer sentiment, the lingering effects of high energy prices, and weakness in interest-rate-sensitive manufacturing and business investment. Low-income economies continue to experience large output losses compared with their prepandemic (2017–19) paths amid elevated borrowing costs.

Inflation subsiding faster than expected.

Amid favorable global supply developments, inflation has been falling faster than expected, with recent monthly readings near the prepandemic average for both headline and underlying (core) inflation (Figure 1). Global headline inflation in the fourth quarter of 2023 is estimated to have been about 0.3 percentage point lower than predicted in the October 2023 WEO on a quarter-over-quarter seasonally adjusted basis. Diminished inflation reflects the fading of relative price shocks—notably those to energy prices—and their associated pass-through to core inflation.¹ The decline also reflects an easing in labor market tightness, with a decline in job vacancies, a modest rise in unemployment, and greater labor supply, in some cases associated with a strong inflow of immigrants.

Figure 1. Global Inflation: Rise and Fall
(Month-over-month annualized percent change, seasonally adjusted)

Sources: Haver Analytics; and IMF staff calculations.

Note: The figure plots the median of a sample of 57 economies that accounts for 78 percent of *World Economic Outlook* world GDP (in weighted purchasing-power-parity terms) in 2023. Vertical axes are cut off at -4 percent and 16 percent. The bands depict the 10th to 90th percentiles of inflation across economies. "Core inflation" is the percent change in the consumer price index for goods and services, excluding food and energy (or the closest available measure). AEs = advanced economies; EMDEs = emerging market and developing economies.

Wage growth has generally remained contained, with wage-price spirals – in which prices and wages accelerate together—not taking hold. Near-term inflation expectations have fallen in major economies, with long-term expectations remaining anchored.

High borrowing costs cooling demand. To reduce inflation, major central banks raised policy interest rates to restrictive levels in 2023, resulting in high mortgage costs, challenges for firms refinancing their debt, tighter credit availability, and weaker business and residential investment. Commercial real estate has been especially under pressure, with higher borrowing costs compounding postpandemic structural changes. But with inflation easing, market expectations that future policy rates will decline have contributed to a reduction in longer-term interest rates and rising equity markets (Box 1). Still, long-term borrowing costs remain high in both advanced and emerging market and developing economies, partly because government debt has been rising. In addition, central banks' policy rate decisions are becoming increasingly asynchronous. In some countries with falling inflation—including Brazil and Chile, where central banks tightened policy earlier than in other countries—interest rates have been declining since the second half of 2023. In China, where inflation has been near zero, the central bank has eased monetary policy. The Bank of Japan has kept short-term interest rates near zero.

Fiscal policy amplifying economic divergences. Governments in advanced economies eased fiscal policy in 2023. The United States, where GDP had already exceeded its prepandemic path, eased policy more than did euro area and other economies in which the recovery was incomplete. In emerging market and developing economies, in which output has on average fallen even further below the prepandemic trend, on average the fiscal stance is estimated to have been neutral. The exceptions include Brazil and Russia, where fiscal policy eased in 2023. In low-income countries, liquidity squeezes and the elevated cost of interest payments—averaging 13 percent of general government revenues, about double the level 15 years ago—crowded out necessary investments, hampering the recovery of large output losses compared with prepandemic trends. In 2024, the fiscal policy stance is expected to tighten in several advanced and emerging market and developing economies to rebuild budgetary room for maneuver and curb the rising path of debt, and this shift is expected to slow growth in the near term.

Inflation Outlook: Steady Decline to Target

Global headline inflation is expected to fall from an estimated 6.8 percent in 2023 (annual average) to 5.8 percent in 2024 and 4.4 percent in 2025. The global forecast is unrevised for 2024 compared with October 2023 projections and revised down by 0.2 percentage point for 2025. Advanced economies are expected to see faster disinflation, with inflation falling by 2.0 percentage points in 2024 to 2.6 percent, than are emerging market and developing economies, where inflation is projected to decline by just 0.3 percentage point to 8.1 percent. The forecast is revised down for both 2024 and 2025 for advanced economies, while it is revised up for 2024 for emerging market and developing economies, mainly on account of Argentina where the realignment of relative prices and elimination of legacy price controls, past currency depreciation, and the related pass-through into prices is expected to increase inflation in the near term. The drivers of declining inflation differ by country but generally reflect lower core inflation as a result of still-tight monetary policies, a related softening in labor markets, and pass-through effects from earlier and ongoing declines in relative energy prices.

Overall, about 80 percent of the world's economies are expected to see lower annual average headline and core inflation in 2024. Among economies with an inflation target, headline inflation is projected to be 0.6 percentage point above target for the median economy by the fourth quarter of 2024, down from an estimated gap of 1.7 percentage points at the end of 2023. Most of these economies are expected to reach their targets (or target range midpoints) by 2025. In several major economies, the downward revision to the projected path of inflation, combined with a modest upgrade to economic activity, implies a softer-than-expected landing.

Note: Real effective exchange rates are assumed to remain constant at the levels prevailing during October 30–November 27, 2023. Economies are listed on the basis of economic size. The aggregated quarterly data are seasonally adjusted. WEO = *World Economic Outlook*.

1/ Difference based on rounded figures for the current and October 2023 WEO forecasts. Countries for which forecasts have been updated relative to October 2023 WEO forecasts account for approximately 90 percent of world GDP, measured at purchasing-power-parity weights.

2/ For World Output (Emerging Market and Developing Economies), the quarterly estimates and projections account for approximately 90 percent (80 percent) of annual world (emerging market and developing economies') output at purchasing-power-parity weights.

3/ Excludes the Group of Seven (Canada, France, Germany, Italy, Japan, United Kingdom, United States) and euro area countries.

4/ For India, data and projections are presented on a fiscal year (FY) basis, with FY 2022/23 (starting in April 2022) shown in the 2022 column. India's growth projections are 5.7 percent in 2024 and 6.8 percent in 2025 based on calendar year.

5/ Indonesia, Malaysia, Philippines, Singapore, Thailand.

6/ Simple average of growth rates for export and import volumes (goods and services).

7/ Simple average of prices of UK Brent, Dubai Fateh, and West Texas Intermediate crude oil. The average assumed price of oil in US dollars a barrel, based on futures markets (as of November 29, 2023), is \$79.8 in 2024 and \$75.3 in 2025.

8/ Excludes Venezuela.

9/ The assumed inflation rate for the euro area is 2.8% in 2024 and 2.1% in 2025, that for Japan is 2.7% in 2024 and 2.0% in 2025, and that for the United States is 2.2% in 2024 and 1.9% in 2025.

Risks to the Outlook

With the likelihood of a hard landing receding as adverse supply shocks unwind, risks to the global outlook are broadly balanced. There is scope for further upside surprises to global growth, although other potential factors pull the distribution of risks in the opposite direction.

Upside risks. Stronger global growth than expected could arise from several sources:

- *Faster disinflation:* In the near term, the risk that inflation will fall faster than expected could again become a reality, with stronger-than-expected pass-through from lower fuel prices, further downward shifts in the ratio of vacancies to unemployed persons, and a compression of profit margins to absorb past cost increases. Combined with a decline in inflation expectations, such developments could allow central banks to move forward with their policy-easing plans and could also contribute to improving business, consumer, and financial market sentiment, as well as raising growth.
- *Slower-than-assumed withdrawal of fiscal support:* Governments in major economies might withdraw fiscal policy support more slowly than necessary and than assumed during 2024–25, implying higher-than-projected global growth in the near term. However, such delays could in some cases exacerbate inflation and, with elevated public debt, result in higher borrowing costs and a more disruptive policy adjustment, with a negative impact on global growth later on.
- *Faster economic recovery in China:* Additional property sector-related reforms—including faster restructuring of insolvent property developers while protecting home buyers’ interests—or larger-than-expected fiscal support could boost consumer confidence, bolster private demand, and generate positive cross-border growth spillovers.
- *Artificial intelligence and supply-side reforms:* Over the medium term, artificial intelligence could boost workers’ productivity and incomes, although this would depend on countries’ harnessing the potential of artificial intelligence. Advanced economies may experience benefits from artificial intelligence sooner than emerging market and developing economies, largely because their employment structures are more focused on cognitive-intensive roles.² For emerging market and developing economies with constrained policy environments, faster progress on implementing supply-enhancing reforms could result in greater-than-expected domestic and foreign investment and productivity and faster convergence to higher income levels.

Downside risks. Several adverse risks to global growth remain plausible:

- *Commodity price spikes amid geopolitical and weather shocks:* The conflict in Gaza and Israel could escalate further into the wider region, which produces about 35 percent of the world’s oil exports and 14 percent of its gas exports. Continued attacks in the Red Sea—through which 11 percent of global trade flows—and the ongoing war in Ukraine risk generating fresh adverse supply shocks to the global recovery, with spikes in food, energy, and transportation costs. Container shipping costs have already sharply increased, and the situation in the Middle East remains volatile. Further geoeconomic fragmentation could also constrain the cross-border flow of commodities, causing additional price volatility. More extreme weather shocks, including floods and drought, could, together with the El Niño phenomenon, also cause food price spikes, exacerbate food insecurity, and jeopardize the global disinflation process.
- *Persistence of core inflation, requiring a tighter monetary policy stance:* A slower-than-expected decline in core inflation in major economies due, for example, to persistent labor market tightness and renewed tensions in supply chains could trigger a rise in interest rate expectations and a fall in asset prices, as in early 2023. Such developments could increase financial stability risks, tighten global financial conditions,

trigger flight-to-safety capital flows, and strengthen the US dollar, with adverse consequences for trade and growth.

- *Faltering of growth in China:* Absent a comprehensive restructuring policy package for the troubled property sector, real estate investment could drop more than expected, and for longer, with negative implications for domestic growth and trading partners. Unintended fiscal tightening in response to local government financing constraints is also possible, as is reduced household consumption in a context of subdued confidence.
- *Disruptive turn to fiscal consolidation:* Fiscal consolidation is necessary in many economies to deal with rising debt ratios. But an excessively sharp shift to tax hikes and spending cuts, beyond what is envisaged, could result in slower-than-expected growth in the near term. Adverse market reactions could pressure some countries that lack a credible medium-term consolidation plan or face a risk of debt distress to undertake harsh adjustments. In low-income countries and emerging market economies, the risk of debt distress remains elevated, constraining scope for necessary growth-enhancing investments.

Indian Economy Overview

Introduction

Strong economic growth in the first quarter of FY23 helped India overcome the UK to become the fifth-largest economy after it recovered from the COVID-19 pandemic shock. Nominal GDP or GDP at Current Prices in the year 2023-24 is estimated at Rs. 293.90 lakh crores (US\$ 3.52 trillion), against the First Revised Estimates (FRE) of GDP for the year 2022-23 of Rs. 269.50 lakh crores (US\$ 3.23 trillion). The growth in

nominal GDP during 2023-24 is estimated at 9.1% as compared to 14.2% in 2022-23. Strong domestic demand for consumption and investment, along with Government's continued emphasis on capital expenditure are seen as among the key driver of the GDP in the first half of FY24. During the period January-March 2024, India's exports stood at US\$ 119.10 billion, with Engineering Goods (25.01%), Petroleum Products (17.88%) and Organic and Inorganic Chemicals (7.65%) being the top three exported commodity. Rising employment and increasing private consumption, supported by rising consumer sentiment, will support GDP growth in the coming months.

Future capital spending of the government in the economy is expected to be supported by factors such as tax buoyancy, the streamlined tax system with low rates, a thorough assessment and rationalisation of the tariff structure, and the digitization of tax filing. In the medium run, increased capital spending on infrastructure and asset-building projects is set to increase growth multipliers. The contact-based services sector has demonstrated promise to boost growth by unleashing the pent-up demand. The sector's success is being captured by a number of HFIs (High-Frequency Indicators) that are performing well, indicating the beginnings of a comeback.

India has emerged as the fastest-growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships.

India's appeal as a destination for investments has grown stronger and more sustainable because of the current period of global unpredictability and volatility, and the record amounts of money raised by India-focused funds in 2022 are evidence of investor faith in the "Invest in India" narrative.

Market size

Real GDP or GDP at Constant (2011-12) Prices in the year 2023-24 is estimated at Rs. 172.90 lakh crores (US\$ 2.07 trillion), against the First Revised Estimates (FRE) of GDP for the year 2022-23 of Rs. 160.71 lakh crores (US\$ 1.92 trillion). The growth in real GDP during 2023-24 is estimated at 7.6% as compared to 7.0% in 2022-23. There are 113 unicorn startups in India, with a combined valuation of over US\$ 350 billion. As many as 14 tech startups are expected to list in 2024 Fintech sector poised to generate the largest number of future unicorns in India. With India presently has the third-largest unicorn base in the world. The government is also focusing on renewable sources by achieving 40% of its energy from non-fossil sources by 2030. India is committed to achieving the country's ambition of Net Zero Emissions by 2070 through a five-pronged strategy, 'Panchamrit'. Moreover, India ranked 3rd in the renewable energy country attractive index.

According to the McKinsey Global Institute, India needs to boost its rate of employment growth and create 90 million non-farm jobs between 2023 to 2030 in order to increase productivity and economic growth. The net employment rate needs to grow by 1.5% per annum from 2023 to 2030 to achieve 8-8.5% GDP growth between same time period. India's current account deficit (CAD) narrowed to 1.2% of GDP in the October-December quarter. The CAD stood at US\$ 10.5 billion for

the third quarter of 2023-24 compared to US\$ 11.4 billion or 1.3% of GDP in the preceding quarter. This was largely due to higher service exports.

Exports fared remarkably well during the pandemic and aided recovery when all other growth engines were losing steam in terms of their contribution to GDP. Going forward, the contribution of merchandise exports may waver as several of India's trade partners witness an economic slowdown. According to Minister of Commerce and Industry, Consumer Affairs, Food and Public Distribution and Textiles Mr. Piyush Goyal, Indian exports are expected to reach US\$ 1 trillion by 2030.

Recent Developments

India is primarily a domestic demand-driven economy, with consumption and investments contributing to 70% of the economic activity. With an improvement in the economic scenario and the Indian economy recovering from the Covid-19 pandemic shock, several investments and developments have been made across various sectors of the economy. According to World Bank, India must continue to prioritise lowering inequality while also putting growth-oriented policies into place to boost the economy. In view of this, there have been some developments that have taken place in the recent past. Some of them are mentioned below.

- According to HSBC Flash India PMI report, business activity surged in April to its highest level in about 14 years as well as sustained robust demand. The composite index reached 62.2, indicating continuous expansion since August 2021, alongside positive job growth and decreased input inflation, affirming India's status as the fastest-growing major economy.
- As of April 12, 2024, India's foreign exchange reserves stood at US\$ 643.162 billion.
- In 2023, India saw a total of US\$ 49.8 billion in PE-VC investments.
- Merchandise exports in March 2024 stood at US\$ 41.68 billion, with total merchandise exports of US\$ 437.06 billion during the period of April 2023 to March 2024.
- India was also named as the 48th most innovative country among the top 50 countries, securing 40th position out of 132 economies in the Global Innovation Index 2023. India rose from 81st position in 2015 to 40th position in 2023. India ranks 3rd position in the global number of scientific publications.
- In March 2024, the gross Goods and Services Tax (GST) stood at second highest monthly revenue collection at Rs.1.78 lakh crore (US\$ 21.35 billion), of which CGST is Rs. 34,532 crore (US\$ 4.14 billion), SGST is Rs. 43,746 crore (US\$ 5.25 billion).
- Between April 2000–December 2023, cumulative FDI equity inflows to India stood at US\$ 971.52 billion.
- In February 2024, the overall IIP (Index of Industrial Production) stood at 147.2. The Indices of Industrial Production for the mining, manufacturing and electricity sectors stood at 139.6, 144.5 and 187.1, respectively, in February 2024.
- According to data released by the Ministry of Statistics & Programme Implementation (MoSPI), India's Consumer Price Index (CPI) based retail inflation reached 5.69% in December 2023.
- Foreign Institutional Investors (FII) inflows between April-July (2023-24) were close to Rs. 80,500 crore (US\$ 9.67 billion), while Domestic Institutional Investors (DII) sold Rs. 4,500 crore (US\$

540.56 million) in the same period. As per depository data, Foreign Portfolio Investors (FPIs) invested (US\$ 8.06 billion) in India during January-April 2024.

- The wheat procurement during RMS 2023-24 (till May) was estimated to be 262 lakh metric tonnes (LMT) and the rice procured in KMS 2023-24 was 385 LMT. The combined stock position of wheat and rice in the Central Pool is over 579 LMT (Wheat 312 LMT and Rice 267 LMT).

Government Initiatives

Over the years, the Indian government has introduced many initiatives to strengthen the nation's economy. The Indian government has been effective in developing policies and programmes that are not only beneficial for citizens to improve their financial stability but also for the overall growth of the economy. Over recent decades, India's rapid economic growth has led to a substantial increase in its demand for exports. Besides this, a number of the government's flagship programmes, including Make in India, Start-up India, Digital India, the Smart City Mission, and the Atal Mission for Rejuvenation and Urban Transformation, is aimed at creating immense opportunities in India. In this regard, some of the initiatives taken by the government to improve the economic condition of the country are mentioned below:

- In February 2024, the Finance Ministry announced the total expenditure in Interim 2024-25 estimated at Rs. 47,65,768 crore (US\$ 571.64 billion) of which total capital expenditure is Rs. 11,11,111 crore (US\$ 133.27 billion).
- On January 22, 2024, Prime Minister Mr. Narendra Modi announced the 'Pradhan Mantri Suryodaya Yojana'. Under this scheme, 1 crore households will receive rooftop solar installations.
- On September 17, 2023, Prime Minister Mr. Narendra Modi launched the Central Sector Scheme PM-VISHWAKARMA in New Delhi. The new scheme aims to provide recognition and comprehensive support to traditional artisans & craftsmen who work with their hands and basic tools. This initiative is designed to enhance the quality, scale, and reach of their products, as well as to integrate them with MSME value chains.
- On August 6, 2023, Amrit Bharat Station Scheme was launched to transform and revitalize 1309 railway stations across the nation. This scheme envisages development of stations on a continuous basis with a long-term vision.
- On June 28, 2023, the Ministry of Environment, Forests, and Climate Change introduced the 'Draft Carbon Credit Trading Scheme, 2023'.
- From April 1, 2023, Foreign Trade Policy 2023 was unveiled to create an enabling ecosystem to support the philosophy of 'AtmaNirbhar Bharat' and 'Local goes Global'.
- To enhance India's manufacturing capabilities by increasing investment and production in the sector, the government of India has introduced the Production Linked Incentive Scheme (PLI) for Pharmaceuticals.
- Prime Minister's Development Initiative for North-East Region (PM-DevINE) was announced in the Union Budget 2022-23 with a financial outlay of Rs. 1,500 crore (US\$ 182.35 million).

- Prime Minister Mr Narendra Modi has inaugurated a new food security scheme for providing free food grains to Antodaya Ann Yojna (AAY) & Primary Household (PHH) beneficiaries, called Pradhan Mantri Garib Kalyan Ann Yojana (PMGKAY) from January 1, 2023.
 - The Amrit Bharat Station scheme for Indian Railways envisages the development of stations on a continuous basis with a long-term vision, formulated on December 29, 2022, by the Ministry of Railways.
 - On October 7, 2022, the Department for Promotion of Industry and Internal Trade (DPIIT) launched Credit Guarantee Scheme for Start-ups (CGSS) aiming to provide credit guarantees up to a specified limit by start-ups, facilitated by Scheduled Commercial Banks, Non-Banking Financial Companies and Securities and Exchange Board of India (SEBI) registered Alternative Investment Funds (AIFs).
 - Telecom Technology Development Fund (TTDF) Scheme was launched in October 2022 by the Universal Service Obligation Fund (USOF), a body under the Department of Telecommunications. The objective is to fund R&D in rural-specific communication technology applications and form synergies among academia, start-ups, research institutes, and the industry to build and develop the telecom ecosystem.
 - Home & Cooperation Minister Mr. Amit Shah laid the foundation stone and performed Bhoomi Pujan of Tanot Mandir Complex Project under Border Tourism Development Programme in Jaisalmer in September 2022.
 - In August 2022, Mr. Narendra Singh Tomar, Minister of Agriculture and Farmers Welfare inaugurated four new facilities at the Central Arid Zone Research Institute (CAZRI), which has been rendering excellent services for more than 60 years under the Indian Council of Agricultural Research (ICAR).
 - In August 2022, a Special Food Processing Fund of Rs. 2,000 crore (US\$ 242.72 million) was set up with National Bank for Agriculture and Rural Development (NABARD) to provide affordable credit for investments in setting up Mega Food Parks (MFP) as well as processing units in the MFPs.
 - In July 2022, Deendayal Port Authority (DPA) announced plans to develop two Mega Cargo Handling Terminals on a Build-Operate-Transfer (BOT) basis under Public-Private Partnership (PPP) Mode at an estimated cost of Rs. 5,963 crore (US\$ 747.64 million).
 - In July 2022, the Union Cabinet chaired by Prime Minister Mr. Narendra Modi, approved the signing of the Memorandum of Understanding (MoU) between India & Maldives. This MoU will provide a platform to tap the benefits of information technology for court digitization and can be a potential growth area for IT companies and start-ups in both countries.
 - India and Namibia entered a Memorandum of Understanding (MoU) on wildlife conservation and sustainable biodiversity utilization on July 20, 2022, for establishing the cheetah into the historical range in India.
 - In July 2022, the Reserve Bank of India (RBI) approved international trade settlements in Indian rupees (Rs.) to promote the growth of global trade with emphasis on exports from India and to support the increasing interest of the global trading community.

- The Agnipath Scheme aims to develop a young and skilled armed force backed by an advanced warfare technology scheme by providing youth with an opportunity to serve Indian Army for a 4-year period. It is introduced by the Government of India on June 14, 2022.
 - In June 2022, Prime Minister Mr. Narendra Modi inaugurated and laid the foundation stone of development projects worth Rs. 21,000 crore (US\$ 2.63 billion) at Gujarat Gaurav Abhiyan at Vadodara.
 - Mr. Rajnath Singh, Minister of Defence, launched 75 newly developed Artificial Intelligence (AI) products/technologies during the first-ever 'AI in Defence' (AIDef) symposium and exhibition organized by the Ministry of Defence in New Delhi on July 11, 2022.
 - In June 2022, Prime Minister Mr. Narendra Modi laid the foundation stone of 1,406 projects worth more than Rs. 80,000 crore (US\$ 10.01 billion) at the ground-breaking ceremony of the UP Investors Summit in Lucknow. The Projects encompass diverse sectors like Agriculture and Allied industries, IT and Electronics, MSME, Manufacturing, Renewable Energy, Pharma, Tourism, Defence & Aerospace, and Handloom & Textiles.
 - The Indian Institute of Spices Research (IISR) under the Indian Council for Agricultural Research (ICAR) inked a Memorandum of Understanding (MoU) with Lysterra LLC, a Russia-based company for the commercialization of bio capsule, an encapsulation technology for bio-fertilization on June 30, 2022.
 - As of April 2022, India signed 13 Free Trade Agreements (FTAs) with its trading partners including major trade agreements like the India-UAE Comprehensive Partnership Agreement (CEPA) and the India-Australia Economic Cooperation and Trade Agreement (IndAus ECTA).
 - 'Mission Shakti' was applicable with effect from April 1, 2022, aimed at strengthening interventions for women's safety, security, and empowerment.
 - The Union Budget of 2022-23 was presented on February 1, 2022, by the Minister for Finance & Corporate Affairs, Ms. Nirmala Sitharaman. The budget had four priorities PM GatiShakti, Inclusive Development, Productivity Enhancement and Investment, and Financing of Investments. In the Union Budget 2022-23, effective capital expenditure is expected to increase by 27% at Rs. 10.68 trillion (US\$ 142.93 billion) to boost the economy. This will be 4.1% of the total Gross Domestic Production (GDP).
 - Strengthening of Pharmaceutical Industry (SPI) was launched in March 2022 by the Ministry of Chemicals & Fertilisers to provide credit linked capital and interest subsidy for Technology Upgradation of MSME units in pharmaceutical sector, as well as support of up to Rs. 20 crore (US\$ 2.4 million) each for common facilities including Research centre, testing labs and ETPs (Effluent Treatment Plant) in Pharma Clusters, to enhance the role of MSMEs.
 - Under PM GatiShakti Master Plan, the National Highway Network will develop 25,000 km of new highways network, which will be worth Rs. 20,000 crore (US\$ 2.67 billion). In 2022-23. Increased government expenditure is expected to attract private investments, with a production-linked incentive scheme providing excellent opportunities. Consistently proactive, graded, and measured policy support is anticipated to boost the Indian economy.

-
- In February 2022, The Ministry of Social Justice & Empowerment launched the Scheme for Economic Empowerment of Denotified/Nomadic/SemiNomadic tribal communities (DNTs) (SEED) to provide basic facilities like good quality coaching, and health insurance. livelihoods initiative at a community level and financial assistance for the construction of houses.
 - In February 2022, Minister for Finance and Corporate Affairs Ms. Nirmala Sitharaman said that productivity linked incentive (PLI) schemes would be extended to 14 sectors to achieve the mission of AtmaNirbhar Bharat and create 60 lakh jobs with an additional production capacity of Rs. 30 trillion (US\$ 401.49 billion) in the next five years.
 - In the Union Budget of 2022-23, the government announced funding for the production-linked incentive (PLI) scheme for domestic solar cells and module manufacturing of Rs. 24,000 crore (US\$ 3.21 billion).
 - In the Union Budget of 2022-23, the government announced a production-linked incentive (PLI) scheme for Bulk Drugs which was an investment of Rs. 2,500 crore (US\$ 334.60 million).
 - In the Union Budget of 2022, Minister for Finance & Corporate Affairs Ms. Nirmala Sitharaman announced that a scheme for design-led manufacturing in 5G would be launched as part of the PLI scheme.
 - In September 2021, Union Cabinet approved major reforms in the telecom sector, which are expected to boost employment, growth, competition, and consumer interests. Key reforms include rationalization of adjusted gross revenue, rationalization of bank guarantees (BGs), and encouragement of spectrum sharing.
 - In the Union Budget of 2022-23, the government has allocated Rs. 44,720 crore (US\$ 5.98 billion) to Bharat Sanchar Nigam Limited (BSNL) for capital investments in the 4G spectrum.
 - Minister for Finance & Corporate Affairs Ms. Nirmala Sitharaman allocated Rs. 650 crore (US\$ 86.69 million) for the Deep Ocean mission that seeks to explore vast marine living and non-living resources. Department of Space (DoS) has got Rs. 13,700 crore (US\$ 1.83 billion) in 2022-23 for several key space missions like Gaganyaan, Chandrayaan-3, and Aditya L-1 (sun).
 - In May 2021, the government approved the production-linked incentive (PLI) scheme for manufacturing advanced chemistry cell (ACC) batteries at an estimated outlay of Rs. 18,100 crore (US\$ 2.44 billion); this move is expected to attract domestic and foreign investments worth Rs. 45,000 crore (US\$ 6.07 billion).
 - Minister for Finance & Corporate Affairs Ms. Nirmala Sitharaman announced in the Union Budget of 2022-23 that the Reserve Bank of India (RBI) would issue Digital Rupee using blockchain and other technologies.
 - In the Union Budget of 2022-23, Railway got an investment of Rs. 2.38 trillion (US\$ 31.88 billion) and over 400 new high-speed trains were announced. The concept of "One Station, One Product" was also introduced.
 - To boost competitiveness, Budget 2022-23 has announced reforming the 16-year-old Special Economic Zone (SEZ) act.

-
- In June 2021, the RBI (Reserve Bank of India) announced that the investment limit for FPI (foreign portfolio investors) in the State Development Loans (SDLs) and government securities (G-secs) would persist unaffected at 2% and 6%, respectively, in FY22.
 - In November 2020, the Government of India announced Rs. 2.65 trillion (US\$ 36 billion) stimulus package to generate job opportunities and provide liquidity support to various sectors such as tourism, aviation, construction, and housing. Also, India's cabinet approved the production-linked incentives (PLI) scheme to provide ~Rs. 2 trillion (US\$ 27 billion) over five years to create jobs and boost production in the country.
 - Numerous foreign companies are setting up their facilities in India on account of various Government initiatives like Make in India and Digital India. Prime Minister of India Mr. Narendra Modi launched the Make in India initiative with an aim to boost the country's manufacturing sector and increase the purchasing power of the average Indian consumer, which would further drive demand and spur development, thus benefiting investors. The Government of India, under its Make in India initiative, is trying to boost the contribution made by the manufacturing sector with an aim to take it to 25% of the GDP from the current 17%. Besides, the government has also come up with the Digital India initiative, which focuses on three core components: the creation of digital infrastructure, delivering services digitally, and increasing digital literacy.
 - On January 29, 2022, the National Asset Reconstruction Company Ltd (NARCL) will acquire bad loans worth up to Rs. 50,000 crore (US\$ 6.69 billion) about 15 accounts by March 31, 2022. India Debt Resolution Co. Ltd (IDRCL) will control the resolution process. This will clean up India's financial system, help fuel liquidity, and boost the Indian economy.
 - National Bank for Financing Infrastructure and Development (NaBFID) is a bank that will provide non-recourse infrastructure financing and is expected to support projects from the first quarter of FY23; it is expected to raise Rs. 4 trillion (US\$ 53.58 billion) in the next three years.
 - By November 1, 2021, India, and the United Kingdom hope to begin negotiations on a free trade agreement. The proposed FTA between these two countries is likely to unlock business opportunities and generate jobs. Both sides have renewed their commitment to boost trade in a manner that benefits all.
 - In August 2021, Prime Minister Mr. Narendra Modi announced an initiative to start a national mission to reach the US\$ 400 billion merchandise export target by FY22.
 - In August 2021, Prime Minister Mr. Narendra Modi launched a digital payment solution, e-RUPI, a contactless and cashless instrument for digital payments.
 - In April 2021, Dr. Ahmed Abdul Rahman AlBanna, Ambassador of the UAE to India and Founding Patron of IFIICC, stated that trilateral trade between India, the UAE and Israel is expected to reach US\$ 110 billion by 2030.
 - India is expected to attract investment of around US\$ 100 billion in developing the oil and gas infrastructure during 2019-23.
 - The Government of India is expected to increase public health spending to 2.5% of the GDP by 2025

Global Plastic Market

The global plastic market size was estimated at USD 624.8 billion in 2023 and is expected to grow at a compound annual growth rate (CAGR) of 4.2% from 2024 to 2030. The increasing substitution of glass, metals, wood, natural rubber, and other materials, by plastics is expected to drive the global plastics market in the coming years. Furthermore, plastic resins is one of the most heavily regulated markets across the globe. A number of players are operating in the global resins market, offering a variety of plastic resins. Some of plastic resins are polystyrene (PS), polyethylene (PE), acrylonitrile butadiene styrene (ABS), polypropylene (PP), polybutylene terephthalate (PBT), polyphenylene oxide (PPO), polyurethane (PU), polyether ether ketone (PEEK), polyvinyl chloride (PVC), polyethylene terephthalate (PET), polycarbonate (PC), polysulfone (PSU), polyamide (PA), and polyphenylsulfone (PPSU).

Polypropylene is the most common resin used in several end-use industries. It is utilized in packaging, automotive parts, toys, and a variety of industrial components. It has good chemical and electrical resistance, hardness, a high melting point, stress resistance, and flexibility. The growing demand for polypropylene in the automotive and construction industries is expected to drive the growth of resin industry. The high consumer spending has increased the demand for individual vehicles, propelling the automotive industry and driving market expansion.

The U.S. dominated the North American market for plastic in 2023 and is expected to continue its dominance over the forecast period. The demand for plastic in the country is majorly generated from the expanding automotive industry coupled with the rise in a number of construction activities. Capacity addition and plant expansion by automotive companies in the U.S. are further expected to augment the demand for plastics compounding.

PET is expected to be one of the fastest-growing segments in the U.S. plastics market due to its high demand from the packaging sector. PET is mostly used in the production of bottles and contributes to a significant market share in plastics industry. Most PET processors in the U.S. are increasingly focusing on implementing Good Manufacturing Practices (GMPs) in an attempt to optimally utilize available resources, conserve resources, and increase production efficiency. These initiatives are further expected to boost the market growth of PET over the forecast period.

Increasing alternatives for glass, metals, natural rubber, wood, and other artificial materials by plastics is expected to drive the global plastics market. Various products such as olefins, PVC, polystyrene, and PET are rapidly replacing major materials in automotive, medical & healthcare, construction & infrastructure, and consumer goods applications. In addition, increasing awareness regarding the reduction of carbon emissions and favorable regulations are leading to the replacement of metals and heavy substances with lightweight plastics, especially in automobile and industrial machinery.

However, petrochemical prices are largely influenced by crude oil prices as the latter is a source for petrochemicals. Since major raw materials used in plastics are largely dependent on petrochemicals, volatility in crude oil prices is expected to result in fluctuation in the plastic market price over the forecast period.

Market Concentration & Characteristics

The global plastics industry is highly consolidated in nature with the presence of various key players such as BASF SE, SABIC, Dow Inc., DuPont de Nemours, Inc., Evonik Industries AG, Sumitomo Chemical Co. Ltd., Arkema, Celanese Corporation, Eastman Chemical Company, among a few medium and small regional players operating in different parts of the world. The global players face intense competition from each other as well as from the regional players who have strong distribution networks and good knowledge about suppliers & regulations.

Companies in the market compete on the basis of product quality offered and the technology used for the production of plastics. Major players, in particular, compete on the basis of application development capability and new technologies used in product formulation. Established players such as BASF SE are investing in research & development activities to formulate new and advanced plastics compounds, which gives them a competitive edge over the other players.

To maintain a strong and healthy competitive environment across the marketplace, the global plastic companies have implemented various strategic initiatives such as acquisition & merger, new product launch, production expansion, and various others. For instance, in April 2023, Covestro AG announced the expansion of more sustainable polycarbonates. Covestro is setting up a separate compounding unit for PCR polycarbonates at its integrated location in Shanghai to accommodate increased demand.

Plastics such as Polyethylene Terephthalate (PET) and Polycarbonates (PC) are increasingly being used in the packaging of beverages, consumer goods, appliances, toys, and apparel. The packaging of appliances is expected to offer lucrative opportunities for market growth. The demand for packaging for healthcare products, groceries, and e-commerce transportation has increased sharply in the post-COVID period, while the demand for luxury, industrial, and some B2B transport packaging declined, owing to the suspension or slowdown of industrial production.

Moreover, the demand for plastic in consumer packaging is expected to shift drastically towards food packaging, owing to the shutdown of restaurants and foodservice outlets during the pandemic. The stockpile and panic purchases of food, groceries, and other homecare necessities are further expected to boost the aforementioned trend.

Asia Pacific dominated the market and held a revenue share of over 22.0% in 2023. Asian countries such as Vietnam, Indonesia, Thailand; China; Japan; and India are expected to emerge as the primary growth markets for plastics in Asia Pacific over the forecast period. Growing manufacturing sector is expected to propel the demand for plastic compounds in automotive, industrial machinery, construction, packaging, and electrical & electronics industries. In the recent past, India and China have witnessed a spike in automotive production owing to technology transfer to the sector from the Western markets.

China is the largest supplier and producer of plastic components in this region. The growth of the automotive and electronic markets and the subsequent demand for lightweight components to improve the efficiency of vehicles and reduce the weight of electronics components are the major factors contributing to the higher demand for plastic in the country.

Indian Plastic Market

Indian plastic industry market is one of the leading sectors in the country’s economy. The history of the plastic industry in India dates to 1957 with the production of polystyrene. Since then, the industry has made substantial progress and has grown rapidly. The industry is present across the country and has more than 2,000 exporters. It employs more than 4 million people in the country and constitutes 30,000 processing units; among these, 85-90% belong to small and medium enterprises. India manufactures various products such as plastics and linoleum, houseware products, cordage, fishnets, floorcoverings, medical items, packaging items, plastic films, pipes, raw material, etc. The country majorly exports plastic raw materials, films, sheets, woven sacks, fabrics, and tarpaulin. The Government of India intends to take the plastic industry from a current level of Rs. 3 lakh crores (US\$ 37.8 billion) of economic activity to Rs. 10 lakh crores (US\$ 126 billion) in 4-5 years.

Ten Plastic Parks have been approved in the country by The Department of Chemicals and Petrochemicals. Among these, 6 plastic parks have received final approval from the following states - Madhya Pradesh (2 parks), Assam (1 park), Tamil Nadu (1 park), Odisha (1 park) and Jharkhand (1 park). These parks are intended to boost employment and attain environmentally sustainable growth.

In FY24 (Until February 2024), India’s plastic exports stood at US\$ 10.43 billion. During this period, the exports of human hair & related products, medical items, plastic pipes and FRP & composites grew by 12.7%, 8.9%, and 13.8%, respectively, over the same period last year.

In February 2024, the exports of Floorcoverings, leathercloth & Laminates witnessed a growth of 19.7%.

The cumulative exports of plastics and related materials during 2022-23 were valued at US\$ 11.96 billion. This was a 10.4% decrease from the 2021-22 exports valued at US\$ 13.35 billion. Plastic raw materials were the largest exported category and constituted 27.76% of the total exports in 2022-23; it recorded a growth of 21.5% over the previous year. Plastic films and sheets were the second largest category, comprising 15.13% of the total exports, but declined by 10.6% over the previous year.

In February 2024, the exports of plastics and linoleum from India were valued at US\$ 996.9 million. During the same period, medical items of plastics; FRP & composites; packaging items; cordage fishnets & monofilaments and floorcoverings, leathercloth, & laminates recorded strong growth. The cumulative exports for April-February 2024 declined by 4.4% year-on-year (YoY) to US\$ 10.43 billion.

India exports plastic to more than 200 countries in the world. The top five consumer and houseware product importing countries are the USA, Germany Japan, the UK, and France. India largely exports plastic and related products to the USA, China, the UAE, the UK, Germany, Italy, Bangladesh, etc. The total value of exports to the USA, the largest consumer of the Indian plastic industry, stood at US\$ 2.31 billion in 2022-23, a decrease of 4.71% YoY. China was the second largest consumer of plastic export products from India and the total value of exports stood at US\$ 690.95 million. The USA and China constituted 19.37%, and 5.78%, of the total plastic exports in 2022-23.

The total plastic exports from India to France during 2022-23 was around US\$ 211.4 million. In order to boost exports to France and Europe, PLEXCONCIL collaborated with the Indo-French Chamber in the first quarter of 2021-22. The Minister for Commerce and Industry, Mr. Piyush Goyal, recently urged industry to adopt international standards to help it expand its global footprint. India has recently signed a free-trade agreement with UAE and Australia, which will give the plastics industry new opportunities.

GOVERNMENT INITIATIVES

Country-wise share in exports of plastic products during 2022-23

Source: PLEXCONCIL

The Plastic Export Promotion Council (PLEXCONCIL) has set a target to increase the plastic exports of the country to US\$ 25 billion by 2027. There are multiple plastic parks that are being set up in the country in a phased manner that will help improve the plastic manufacturing outputs of the country. Under the plastic park schemes, the Government of India provides funds of up to 50% of the project costs or a ceiling cost of Rs. 40 crore (US\$ 5 million) per project.

Government initiatives like "Digital India", "Make in India", and "Skill India" will also boost India's Plastic industry. For instance, under the "Digital India" program, the government aims to reduce the import dependence on products from other countries, which will lift the local plastic part manufacturers.

The government also launched a program for building Centres of Excellence (CoEs) to develop the existing petrochemical technology and promote the research environment pertaining to the sector in the country. This will aid in promoting and developing new applications of polymers and plastics in the country. Additionally, about 23 Central Institute of Plastics Engineering & Technology (CIPET) have been approved to accelerate financial and technological collaboration for promoting skills in the chemicals and petrochemicals sector.

OUR BUSINESS

Some of the information in this section, including information with respect to our plans and strategies, contain forward-looking statements that involve risks and uncertainties. Before deciding to invest in the Equity Shares, Shareholders should read this entire Draft Letter of Offer. An investment in the Equity Shares involves a high degree of risk. For a discussion of certain risks in connection with investment in the Equity Shares, you should read section titled "Risk Factors" on page 24, for a discussion of the risks and uncertainties related to those statements, as well as "Financial Statements" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" on pages 118 and 123, respectively, for a discussion of certain factors that may affect our business, financial condition or results of operations. Our actual results may differ materially from those expressed in or implied by these forward-looking statements. Unless otherwise stated, the financial information used in this section is derived from our Audited Standalone and Consolidated Financial Statements.

Overview

Our Company was originally incorporated as "A F Investment Private Limited" a private limited company vide a certificate of incorporation dated August 18, 1983, issued by the Registrar of Companies, NCT of Delhi & Haryana, under the provisions of the Companies Act, 1956. Subsequently, our Company was converted into a public limited company, following which the name was changed to "AF Investment Limited" and a fresh certificate of incorporation was issued on November 24, 1983 by the Registrar of Companies, Delhi & Haryana. Subsequently, the name of our Company was changed to "A F Enterprises Limited" and a fresh certificate of incorporation consequent on change of name dated May 14, 1991, was issued by, the Registrar of Companies, Delhi & Haryana.

Our Company is engaged in the Trading and production/Manufacturing product range encompassing plastic molded components under the brand name "RIDH". The brand "RIDH" is the Trademark showcasing the entire Product range.

Our Company is engaged in manufacturing and distribution of Plastic Moulded Component. Injection moulding is a formative manufacturing technology, i.e. material is formed from an amorphous shape into a fixed shape defined by a mould tool. Almost every plastic part created today is by injection moulding as it allows identical parts to be created in huge numbers, in a short space of time, and at very low cost per part.

The process works as follows:

- 1) A mould cavity defines the shape of the part.
- 2) Material (melted plastic) is injected under pressure into the cavity.
- 3) When the plastic cools it solidifies to take the form defined by the mould.
- 4) The part is ejected, and the process repeats from step 2.

Our Company is having 35 Injection Moulding Machines Start with 100 Tones to 850 Tones we can produces anything in Plastic upto 3.5 kg Apart from Machines we haves own toll room along with R&D team for New Product Development. Our State of art facility is situated at Plot No. 8, Main Mathura Road, Sector 5, Faridabad, Haryana - 121006.

Our Company has emerged into a national entity as a complete innovation for its own type of manufactured products. We offer a wide range of Plastic Moulded components in a systematic manner to ensure easy and accurate selection, with the simultaneous advantage of providing the most cost-effective solutions for customers. We have established itself as an innovative leader and quality manufacturer by

continuously upgrading its technology, modernizing manufacturing facilities and maintaining highest standards of quality and services.

Our Company is ISO Certified ISO 9001:2015 for Quality Management System, ISO 14001:2015 for Environmental Management System and ISO 45001:2018 for Occupational Health and Safety Management System.

COMPETITION

The industry in which we operate is highly competitive and fragmented. We have a lot of competition from regional and national carriers who are in business of manufacturing of Plastic moulded components. We compete a lot with other manufacturing and trader on basis of Service quality, price and reliability. While these factors are key Parameters in client's decision making matrix in availing service, we try to offer the best service at the most economical price. We provide services at a large scale and we provide options of various airlines which makes us offer best quality service in comparisons to our competitors.

We believe that scale of our operations allows us to meet customer requirements better than small manufacturer and distributors.

Due to industry fragmentation, there is no authentic data available to our Company on total Industry size and market share of Our Company vis-vis Competitors.

MARKETING STRATEGY:

We undertake an exercise periodically to identify existing and prospective customers with the potential to develop into large clients. Our senior management is actively involved in managing customer relationships and business development through targeted interaction with multiple contacts at different levels on an ongoing basis. Our Company proposes to market the products to the major users of our products viz. infrastructure industry, construction industry, transportation and process engineering industry etc. We also propose to market our products through placing advertisement in newspapers, trade journals, participate in exhibitions and trade fairs and display our wide range of products to promote our products.

EXPORT POSSIBILITIES & EXPORT OBLIGATION:

We do not have any outstanding export obligations.

QUALITY:

We are wholly committed to build and sustain itself as an organization where quality shall be the hallmark of every aspect. We check the entire process right from procurement of materials to final delivery. Our maximum attention is paid to upgrade our process and system to achieve consistent product quality and customer satisfaction.

To maintain our quality policy, we shall follow the basic system in the organization which are:

- All the members shall participate in achieving the targets

**Independent Auditor's Report on the Quarterly and Year to Date Audited
Standalone Financial Results of the Company Pursuant to the Regulation
33 of the SEBI (Listing Obligations and Disclosure Requirements)
Regulations, 2015, as amended**

To,
The Board of Directors of A F Enterprises Limited,

Report on the audit of the Standalone Financial Results

Opinion

We have audited the accompanying statement of quarterly and year to date standalone financial results of **A F Enterprises Limited** (the "Company") for the quarter ended 31st March, 2024 and for the year ended 31st March, 2024 ("Statement"), attached herewith, being submitted by the Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the "Listing Regulations").

In our opinion and to the best of our information and according to the explanations given to us, the Statement:

- i. is presented in accordance with the requirements of the Listing Regulations in this regard; and
- ii. gives a true and fair view in conformity with the applicable accounting standards and other accounting principles generally accepted in India, of the net profit and other comprehensive loss and other financial information of the Company for the quarter ended 31st March, 2024 and of the net profit and other comprehensive income and other financial information of the Company for the year ended 31st March, 2024.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013, as amended ("the Act"). Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Standalone Financial Results" section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion.

Management's Responsibilities for the Standalone Financial Results

The Statement has been prepared on the basis of the standalone annual financial statements. The Board of Directors of the Company are responsible for the preparation and presentation of the Statement that gives a true and fair view of the net profit and other comprehensive loss of the Company and other financial information in accordance with the applicable accounting standards prescribed under Section 133 of the Act read

with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Statement, the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Results

Our objectives are to obtain reasonable assurance about whether the Statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the Statement.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in

our auditor's report to the related disclosures in the financial results or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Statement, including the disclosures, whether the Statement represents the underlying transactions and events in a manner that achieves the fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matter

The Statement includes the results for the quarter ended 31st March, 2024 and the corresponding quarter ended in the previous year as reported in these standalone financial results, which are the balancing figures between the audited figures in respect of the full financial year and the published unaudited year to date figures up to the third quarter of the current and previous financial year respectively, which were subject to limited review, as required under the Listing Regulations.

As on 31.03.2024 the company has a liability of Rs 50 lakhs toward rent payable in respect of a leased property attached by ED due to proceeding against property owner i.e. M/S Horizon Global Limited for more than 6 months and TDS on the same also not been deducted other than that our opinion on the Statement is not modified in respect of the above matter

INDEPENDENT AUDITOR'S REPORT

To Board of Directors of A F Enterprises Limited

Report on audit of Consolidated Financial Results

Qualified Opinion and Conclusion

We have (a) audited the accompanying Consolidated Financial Results for the year ended March 31, 2024 (b) reviewed the Consolidated Financial Results for the quarter ended March 31, 2024 (refer para 12 of the 'Other Matters' section below), which were subject to limited review by us, both included in the accompanying "Consolidated Financial Results for the Quarter and Year Ended March 31, 2024" of A F Enterprises Limited ("the Parent") and its subsidiary (the Parent and its subsidiaries together referred to as "Group") being submitted by the company, pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, ("listing regulations").

a) Qualified Opinion on Annual Consolidated Financial Results

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of the audit reports of the other auditors on separate financial statement of the entities included in the group referred to in Other Matters section below, the Consolidated Financial Results for the year ended March 31, 2024:

- (i) Includes the financial results of the subsidiary viz., M/s Aunik IT Private Limited;
- (ii) is presented in accordance with the requirements of Regulation 33 of the listing regulations; and
- (iii) *Except for the possible effects of the matter described in the Basis for Qualified Opinion section of our report give a true and fair view in conformity with recognition and measurement principles laid down in applicable accounting standards prescribed under Section 133 of the Companies Act, 2013 ("the Act") and other accounting principles generally accepted in India, of the net profit including other comprehensive income and other financial information of the Group for the year ended March 31, 2024.*

b) Conclusion on Unaudited Consolidated Financial Results for the quarter ended March 31, 2024

With respect to the Consolidated Financial Results for the quarter ended March 31, 2024, based on our review conducted as stated in paragraph (b) of Auditor's Responsibilities section below, *except for the possible effects of the matter described in the Basis for Qualified Opinion section of our report*, nothing has come to our attention that causes us to believe that the Consolidated Financial Results for the quarter ended March 31, 2024, prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standards and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 of the listing regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement.

Basis for Qualified Opinion on the Consolidated Financial Results for the quarter ended March 31, 2024

1. We have not audited the financial statements of M/s. Aunik I.T. Solutions Private Limited ("the subsidiary") included in the consolidated financial results of the group whose financial statements reflect total assets of Rs. 2373.7 lakhs as at March 31, 2024, total revenue of Rs. 1.17 lakhs and net cash outflow of Rs. 0.31 lakhs during the year ended on that date, as considered in the Annual Consolidated Financial Results.

As referred to in Note 6 of the consolidated financial results, the Independent Auditors of M/s Aunik IT Private Limited ("the subsidiary") have given a Disclaimer of Opinion on the separate financial statements of M/s Aunik IT Private Limited for the year ended March 31, 2024 vide their report dated May 04, 2024. The basis for Disclaimer of Opinion described by the Independent Auditors of M/s Aunik IT Private Limited is as under:

- i) *The company has shown a sum of Rs. 23,43,08,599 as Trade Receivable for which we have not received any third-party confirmation. During the course of our audit, we have not found sufficient audit evidence to prove the reliability of these recoveries. These trade receivables are outstanding for more than 2 years. Also, the Company has not made any provision against these long outstanding.*
- ii) *The company has shown a sum of Rs. 22,98,21,646/- as Trade Payable to Morpheus Care Limited, for which we have not received any third-party confirmation. During the course of our audit we have not found sufficient audit evidence to prove the reliability of his claim and company's ability to pay. These trade payables are outstanding for more than two years. Further upon our verification from MCA portal we came to know that the company, Morpheus Care Limited, is not filing their returns on MCA portal from March 2020 onwards*
- iii) *During the year under consideration the company has taken unsecured loan of Rs 2,12,08,604/- from Mr. Sourabh Koolwal, director of the company, in violation of section 73(2) of The Companies Act, 2013. The said loan was given by the director out of borrowed fund which is violation of section 73(2) of The Companies Act, 2013*
- iv) *As on March 2024, the losses of the company accumulate to Rs 2.45 Crores and its net worth is fully eroded. The company has also taken unsecured loans from director of the company. The Companies current liabilities exceed its current assets by Rs. 1.73 crores. As per the management the company is still a going concern entity because it is in process of identifying new plans to improve the performance of the company. During the course of our audit we came to know that the company has already surrendered its GST registration during the year. In absence of conclusive evidence about management plan for improving the financial position of the company and considering large liabilities outstanding as on balance sheet date we have doubt about the company's ability to continue as a going concern. However the company has prepared its financial statements on a going concern basis. The financial statements do not adequately disclose this matter..*
- v) *The matters as stated in para 1 to 4 of Basis of Disclaimer of opinion give rise to the material uncertainties as regard possible material adjustments that may require to be made to the values of recorded assets and liabilities. These matters indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern.*

Considering the above, we are unable to determine and comment on the extent of adjustments, if any, that may be required to these Consolidated Financial Statements for the year ended March 31, 2024 on account of inter- alia, lack of sufficient audit evidences, doubt about the subsidiary's ability to continue as going concern, and non compliances with various provisions of Companies Act, 2013.

2. We conducted our audit in accordance with Standards on Auditing (SAs) specified under Section 143(10) of the Act and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India ("the ICAI"). Our responsibilities under those standards are further described in the 'Auditor's Responsibilities for the Audit of Consolidated Financial Results' section of our report. We are independent of the company in accordance with the code of ethics issued by the ICAI together with ethical requirements that are relevant to our audit of the Consolidated Financial Results under the provisions of the Act and Rules made thereunder, and we have fulfilled our ethical responsibilities in accordance with the requirements with these requirements and the Code of Ethics. We believe that the audit evidences obtained by us is sufficient and appropriate to provide a basis for our opinion.

Management's Responsibilities for the Statement

3. This statement, which includes Consolidated Financial Results is the responsibility of the Parent's Board of Directors and has been approved for the issuance. The Consolidated Financial Results for the year ended March 31, 2024 has been compiled from the related audited consolidated financial statements. This responsibility includes the preparation and presentation of the Consolidated Financial Results for the quarter and the year ended March 31, 2024 that give a true and fair view of the net profit/(loss) and consolidated other comprehensive income and other financial information of the group in accordance with recognition and measurement principles laid down in the Indian Accounting Standards prescribed under Section 133 of the Act read with relevant issues thereunder and other accounting principles generally accepted in India and in compliance with the requirements of the Regulation 33 of the listing regulations. The respective Board of Directors of the companies in the group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the group and for preventing and detecting frauds and other irregularities; selection and application of accounting policies; making judgment and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the respective financial results that give true and fair view and are free for material misstatement, whether due to fraud and error, which have been used for the purpose of preparation of Consolidated Financial Results by the Board of Directors of the Parent, as aforesaid.
4. In preparing the Consolidated Financial Results, the respective Board of Directors of the Companies included in the group are responsible for assessing the ability of the respective entities to continue as going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.
5. The respective Board of Directors of the Companies included in the group are responsible for overseeing the financial reporting process of the group.

Auditor's Responsibilities for the Audit of Consolidated Financial Results

a) Audit of the Consolidated Financial Results for the year ended March 31, 2024

6. Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Results as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatement can arise from a fraud or error and consider material, if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Results.

7. As part of an audit in accordance with the SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
- Identify and assess the risks of material misstatement of the Consolidated Financial Results, whether due to fraud or error, design and perform audit procedure responsive to those risks, and obtain audit evidence that is sufficient and appropriate to our basis of opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud involves collusions, forgery, intentional omissions, misrepresentations, or override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedure that are appropriate in circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and operating effectiveness of such controls.
 - Evaluate the appropriateness of the accounting policies used and reasonableness of accounting estimates and related disclosures made by the Board of Directors.
 - Conclude on the appropriateness of the Board of Directors use of the going concern basis of accounting and, based on our audit evidences obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the company to continue as a going concern. If we conclude that material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Results or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidences obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of Consolidated Financial Results including the disclosures and whether the standalone Consolidated Financial Results represent the underlying transactions and events in the manner that achieves fair presentation.
 - Perform procedures in accordance with the circular issued by the SEBI under Regulation 33(8) of the Listing Regulations to the extant applicable.
 - Obtain sufficient and appropriate evidence regarding Annual Standalone Financial Results of the entities within the group to express an opinion on the Annual Consolidated Financial Results. We are responsible for the direction, supervision and performance of the audit of the financial information of such entities included in the Annual Consolidated Financial Results of which we are the independent auditors. For the other entities included in the Annual Consolidated Financial Results, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audit of the financial information of audits carried out by them. We remain solely responsible for our audit opinion.
8. Materiality is the magnitude of misstatement in the Annual Consolidated Financial Results that, individually or in aggregate, makes it probable that the economic decision of a reasonably knowledge user of the Annual Consolidated Financial Results may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Annual Consolidated Financial Results.
9. We communicate with those charged with governance of the Parent and such other entities included in the Consolidated Financial Results of which we are the independent auditors regarding, among other matters, the planned scope of timing of the audit and significant audit findings, including

significant deficiencies in internal control that we identify during our audit. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear our independence, and wherever applicable, related safeguards.

b) Review of the Consolidated Financial Results for the quarter ended March 31, 2024

10. We conducted our review of the Consolidated Financial Results for the quarter ended March 31, 2024, in accordance with the Standard on Review Engagements ("SRE") 2410 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity', issued by the ICAI. A review of interim financial information consists of making inquiries, primarily of the Company's personnel responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with SAs specified under section 143(10) of the Act and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Other Matters

11. The Consolidated Financial Results include the results for the quarter ended March 31, 2024 being the balancing figures between audited figures in respect of the full financial year and the published year to date figures upto the end of the third quarter of the financial year. which were subject to a limited review by us as required under the listing Regulations

As on 31.03.2024 the company has a liability of Rs 50 lakhs toward rent payable in respect of a leased property attached by ED due to proceeding against property owner i.e. M/S Horizon Global Limited for more than 6 months and TDS on the same also not been deducted other than that our opinion on the Statement is not modified in respect of the above matter

- (4) The figures for the quarter ended on 31st March, 2024 and 31st March 2023 are balancing figures between audited figures in respect of the full financial year and the unaudited published year-to-date figures upto the quarter ended on 31st December, 2023 and 31st December 2022 respectively, which were subject to limited review.
- (5) The statutory auditors have carried out the audit on the above consolidated financial results for the year ended 31st March, 2024. However, the management has exercised necessary due diligence to ensure that the financial results provided true and fair view of its affairs.
- (6) Exceptional item of Rs.100 Lakhs is Related to the compensation received for the non-fulfillment of underwriting commitments related to the subscription of the rights issue. The underwriting agreement required the underwriters to subscribe to any unsubscribed shares in the rights issue. However, as the underwriters failed to fulfill this obligation, the amount received serves as a compensation for this non-fulfillment
- (7) These Consolidated Results are also updated on the company's website <https://afenterprisesltd.in>.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion of our financial condition and results of operations should be read in conjunction with the "Financial Statements" beginning on page 118 of this Draft Letter of Offer.

Some of the information contained in the following discussion, including information with respect to our plans and strategies, contain forward-looking statements that involve risks and uncertainties. You should also read "Risk Factors" and "Forward Looking Statements" beginning on page 24 and 19, respectively of this Draft Letter of Offer, which discuss a number of factors and contingencies that could affect our financial condition and results of operations.

Our financial statements included in this Draft Letter of Offer are prepared in accordance with Ind AS, which differs in certain material respects from other accounting standards such as IFRS. Our financial year ends on March 31 of each year. Accordingly, all references to a particular financial year are for the 12 months ended March 31 of that year. Unless otherwise indicated or the context requires, the financial information for Fiscal 2021 included herein is based on the Audited Financial Statements included in this Draft Letter of Offer. For further information, see "Financial Statements" beginning on page 118 of this Draft Letter of Offer.

Neither we, nor any of our affiliates or advisors, nor any other person connected with the Issue has independently verified such information. For further information, see "Presentation of Financial and other Information" beginning on page 17 of this Draft Letter of Offer.

Business overview

Our Company is engaged in the Trading and production/Manufacturing product range encompassing plastic molded components under the brand name "RIDH". The brand "RIDH" is the Trademark showcasing the entire Product range.

Our Company is engaged in manufacturing and distribution of Plastic Moulded Component. Injection moulding is a formative manufacturing technology, i.e. material is formed from an amorphous shape into a fixed shape defined by a mould tool. Almost every plastic part created today is by injection moulding as it allows identical parts to be created in huge numbers, in a short space of time, and at very low cost per part.

The process works as follows:

- 1) A mould cavity defines the shape of the part.
- 2) Material (melted plastic) is injected under pressure into the cavity.
- 3) When the plastic cools it solidifies to take the form defined by the mould.
- 4) The part is ejected, and the process repeats from step 2.

For further details, refer chapter titled "Our Business" on page 89.

SIGNIFICANT DEVELOPMENTS SUBSEQUENT TO THE LAST FINANCIAL YEAR

To the knowledge of our Company and except as disclosed herein, since the date of the last financial statements contained in this Draft Letter of Offer, no other circumstances have arisen which would

A F ENTERPRISES LIMITED

materially and adversely affect or which would be likely to affect, our operations or profitability, or the value of our assets or our ability to pay our material liabilities within the next 12 (twelve) months.

FACTORS AFFECTING OUR RESULTS OF OPERATIONS

Our business is subjected to various risks and uncertainties, including those discussed in the section titled "Risk Factors" beginning on page 24 of this Draft Letter of offer. Our results of operations and financial conditions are affected by numerous factors including the following:

- Our success depends on the value, perception and quality of our product;
- Branding and marketing;
- General economic and business conditions;
- Company's inability to successfully implement its growth and expansion plans;
- Increasing competition in the Industry;
- Changes in technology;
- Any change in the laws and regulations to Industry in which we operate;

SIGNIFICANT ACCOUNTING POLICIES

The accounting policies have been applied consistently to the periods presented in the Limited Review Unaudited Standalone and Consolidated Financial Statements and Audited Standalone and Consolidated Financial Statements. For details of our significant accounting policies, please refer chapter titled "Financial Statements" on page 118 of this Draft Letter of Offer.

CHANGE IN ACCOUNTING POLICIES IN PREVIOUS 3 YEARS

Except as mentioned in chapter titled "Financial Statements" on page 118, There has been no change in accounting policies for the period which has been included in this Draft Letter of Offer.

RESERVATIONS, QUALIFICATIONS AND ADVERSE REMARKS

For details, please refer chapter titled "Financial Statements" on page 118 of this Draft Letter of Offer.

Performance vis-à-vis objects – Public/Rights Issue of our Company

Our Company had come up with the rights issue in the 2022-23 and it failed to achieve the minimum subscription. There have been no instances in the past, wherein our Company has failed to achieve the objects in its previous issues.

Filing

SEBI *vide* the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) (Fourth Amendment) Regulations, 2020 has amended Regulation 3(b) of the SEBI ICDR Regulations as per which the threshold of filing of Draft Letter of Offer with SEBI for rights issues has been increased. The threshold of the rights issue size under Regulation 3 (b) of the SEBI ICDR Regulations has been increased from Rupees ten crores to Rupees fifty crores. Since the size of this Issue falls below this threshold, the Draft Letter of Offer has been filed with the Stock Exchange and not with SEBI. However, the Draft Letter of Offer will be submitted with SEBI for information and dissemination and will be filed with the Stock Exchange.

Mechanism for Redressal of Investor Grievances

Our Company has adequate arrangements for redressal of investor grievances in compliance with the SEBI Listing Regulations. We have been registered with the SEBI Complaints Redress System (SCORES) as required by the SEBI Circular no. CIR/ OIAE/ 2/ 2011 dated June 3, 2011. Consequently, investor grievances are tracked online by our Company.

Our Company has a Stakeholders Relationship Committee which meets at least once a year and as and when required. Its terms of reference include considering and resolving grievances of Shareholders in relation to transfer of shares and effective exercise of voting rights. Our Registrar and Share Transfer Agent. All investor grievances received by us have been handled by the Registrar and Share Transfer Agent in consultation with the Company Secretary and Compliance Officer.

Investor complaints received by our Company are typically disposed of within 15 days from the receipt of the complaint.

Investors may contact the Registrar or our Company Secretary and Compliance Officer for any pre Issue or post Issue related matter. All grievances relating to the ASBA process may be addressed to the Registrar, with a copy to the SCSBs (in case of ASBA process), giving full details such as name, address of the Applicant, contact number(s), e mail address of the sole/ first holder, folio number or demat account number, number of Equity Shares applied for, amount blocked (in case of ASBA process), ASBA Account number and the Designated Branch of the SCSBs where the Application Form or the plain paper application, as the case may be, was submitted by the Investors along with a photocopy of the acknowledgement slip (in case of ASBA process). For details on the ASBA process, see "Terms of the Issue" beginning on page 143. The contact details of Registrar to the Issue and our Company Secretary and Compliance Officer are as follows:

PROCESS OF MAKING AN APPLICATION IN THE ISSUE

In accordance with Regulation 76 of the SEBI ICDR Regulations, the SEBI Rights Issue Circulars and the ASBA Circulars, all Shareholders desiring to make an Application in this Issue are mandatorily required to use the ASBA process. Shareholders should carefully read the provisions applicable to such Applications before making their Application through ASBA.

Investors can submit either the Application Form in physical mode to the Designated Branches of the SCSBs or online/ electronic Application through the website of the SCSBs (if made available by such SCSB) authorizing the SCSB to block the Application Money in an ASBA Account maintained with the SCSB. Application through ASBA facility in electronic mode will only be available with such SCSBs who provide such facility.

Investors applying through the ASBA facility should carefully read the provisions applicable to such Applications before making their Application through the ASBA process. For details, titled "Procedure for Application through the ASBA Process" on page 146.

Please note that subject to SCSBs complying with the requirements of SEBI Circular CIR/CFD/DIL/13/2012 dated September 25, 2012, within the periods stipulated therein, Applications may be submitted at the Designated Branches of the SCSBs.

Further, in terms of the SEBI Circular CIR/CFD/DIL/1/2013 dated January 2, 2013, it is clarified that for making Applications by SCSBs on their own account using ASBA facility, each such SCSB should have a separate account in its own name with any other SEBI registered SCSB(s). Such account shall be used solely for the purpose of making an Application in this Issue and clear demarcated funds should be available in such account for such an Application.

Applicants should note that they should very carefully fill-in their depository account details and PAN in the Application Form or while submitting application through online/electronic Application through the website of the SCSBs (if made available by such SCSB). Please note that incorrect depository account details or PAN or Application Forms without depository account details shall be treated as incomplete and shall be rejected. For details refer "Grounds for Technical Rejection" 131. Our Company, the Registrar and the SCSBs shall not be liable for any incomplete or incorrect demat details provided by the Applicants.

Additionally, in terms of Regulation 78 of the SEBI ICDR Regulations, Investors may choose to accept the offer to participate in this Issue by making plain paper Applications. Please note that Eligible Equity Shareholders making an application in this Issue by way of plain paper applications shall not be permitted to renounce any portion of their Rights Entitlements. For details, refer chapter titled "Application on Plain Paper under ASBA process".

Options available to the Eligible Equity Shareholders

The Rights Entitlement Letter will clearly indicate the number of Equity Shares that the Eligible Equity Shareholder is entitled to.

If the Eligible Equity Shareholder applies in this Issue, then such Eligible Equity Shareholder can:

A F ENTERPRISES LIMITED
(CIN- L18100DL1983PLC016354)

- a) apply for its Equity Shares to the full extent of its Rights Entitlements; or
- b) apply for its Equity Shares to the extent of part of its Rights Entitlements (without renouncing the other part); or
- c) apply for Equity Shares to the extent of part of its Rights Entitlements and renounce the other part of its Rights Entitlements; or
- d) apply for its Equity Shares to the full extent of its Rights Entitlements and apply for additional Equity Shares; or
- e) renounce its Rights Entitlements in full.

Making of an Application through the ASBA process

A Shareholders, wishing to participate in this Issue through the ASBA facility, is required to have an ASBA enabled bank account with an SCSB, prior to making the Application. Shareholders desiring to make an Application in this Issue through ASBA process, may submit the Application Form in physical mode to the Designated Branches of the SCSB or online/ electronic Application through the website of the SCSBs (if made available by such SCSB) for authorizing such SCSB to block Application Money payable on the Application in their respective ASBA Accounts.

Shareholders should ensure that they have correctly submitted the Application Form and have provided an authorisation to the SCSB, *via* the electronic mode, for blocking funds in the ASBA Account equivalent to the Application Money mentioned in the Application Form, as the case may be, at the time of submission of the Application.

For the list of banks which have been notified by SEBI to act as SCSBs for the ASBA process, please refer to <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognisedFpi=yes&intmId=34>.

Please note that subject to SCSBs complying with the requirements of the SEBI circular bearing reference number CIR/CFD/DIL/13/2012 dated September 25, 2012, within the periods stipulated therein, Applications may be submitted at the Designated Branches of the SCSBs. Further, in terms of the SEBI circular bearing reference number CIR/CFD/DIL/1/2013 dated January 2, 2013, it is clarified that for making Applications by SCSBs on their own account using ASBA facility, each such SCSB should have a separate account in its own name with any other SEBI registered SCSB(s). Such account shall be used solely for the purpose of making an Application in this Issue and clear demarcated funds should be available in such account for such an Application.

Our Company, its directors, its employees, affiliates, associates and their respective directors and officers and the Registrar shall not take any responsibility for acts, mistakes, errors, omissions and commissions etc., in relation to Applications accepted by SCSBs, Applications uploaded by SCSBs, Applications accepted but not uploaded by SCSBs or Applications accepted and uploaded without blocking funds in the ASBA Accounts.

Do's for Shareholders applying through ASBA:

- a) Ensure that the details about your Depository Participant, PAN and beneficiary account are correct and the beneficiary account is activated as the Equity Shares will be allotted in the dematerialized form only.

A F ENTERPRISES LIMITED
(CIN- L18100DL1983PLC016354)

- b) Ensure that the Applications are submitted with the Designated Branch of the SCSBs and details of the correct bank account have been provided in the Application.
- c) Ensure that there are sufficient funds (equal to {number of Equity Shares (including additional Equity Shares) applied for} X {Application Money of Equity Shares}) available in ASBA Account mentioned in the Application Form before submitting the Application to the respective Designated Branch of the SCSB.
- d) Ensure that you have authorised the SCSB for blocking funds equivalent to the total amount payable on application mentioned in the Application Form, in the ASBA Account, of which details are provided in the Application Form and have signed the same.
- e) Ensure that you have a bank account with an SCSB providing ASBA facility in your location and the Application is made through that SCSB providing ASBA facility in such location.
- f) Ensure that you receive an acknowledgement from the Designated Branch of the SCSB for your submission of the Application Form in physical form or plain paper Application.
- g) Ensure that the name(s) given in the Application Form is exactly the same as the name(s) in which the beneficiary account is held with the Depository Participant. In case the Application Form is submitted in joint names, ensure that the beneficiary account is also held in same joint names and such names are in the same sequence in which they appear in the Application Form and the Rights Entitlement Letter.

Don'ts for Shareholders applying through ASBA:

- a) Do not submit the Application Form after you have submitted a plain paper Application to a Designated Branch of the SCSB or vice versa.
- b) Do not send your physical Application to the Registrar, the Escrow Collection Bank(s) (assuming that such Escrow Collection Bank is not an SCSB), a branch of the SCSB which is not a Designated Branch of the SCSB or our Company; instead submit the same to a Designated Branch of the SCSB only.
- c) Do not instruct the SCSBs to unblock the funds blocked under the ASBA process upon making the Application.
- d) Do not submit Application Form using third party ASBA account.

Making of an Application by Eligible Equity Shareholders on Plain Paper under ASBA process

An Eligible Equity Shareholder in India who is eligible to apply under the ASBA process may make an Application to subscribe to this Issue on plain paper in case of non-receipt of Application Form as detailed above. In such cases of non-receipt of the Application Form through e-mail or physical delivery (where applicable) and the Eligible Equity Shareholder not being in a position to obtain it from any other source may make an Application to subscribe to this Issue on plain paper with the same details as per the Application Form that is available on the website of the Registrar, Stock Exchange. Making of an Application by Eligible Equity Shareholders holding Equity Shares in physical form

Please note that in accordance with Regulation 77A of the SEBI ICDR Regulations read with the SEBI Rights Issue Circulars, the credit of Rights Entitlements and Allotment of Equity Shares shall be made in dematerialised form only. Accordingly, Eligible Equity Shareholders holding Equity Shares in physical form as on Record Date and desirous of subscribing to Equity Shares in this Issue are advised to furnish the details of their demat account to the Registrar or our Company at least two Working Days prior to the Issue Closing Date, to enable the credit of their Rights Entitlements in their respective demat accounts at least one day before the Issue Closing Date.

Prior to the Issue Opening Date, the Rights Entitlements of those Eligible Equity Shareholders, among others, who hold Equity Shares in physical form, and whose demat account details are not available with our Company or the Registrar, shall be credited in a demat suspense escrow account opened by our Company.

Eligible Equity Shareholders, who hold Equity Shares in physical form as on Record Date and who have opened their demat accounts after the Record Date, shall adhere to following procedure for participating in this Issue:

- a) The Eligible Equity Shareholders shall send a letter to the Registrar containing the name(s), address, e-mail address, contact details and the details of their demat account along with copy of self-attested PAN and self-attested client master sheet of their demat account either by e-mail, post, speed post, courier, or hand delivery so as to reach to the Registrar no later than two Working Days prior to the Issue Closing Date;

A F ENTERPRISES LIMITED
(CIN- L18100DL1983PLC016354)

-
- b) The Registrar shall, after verifying the details of such demat account, transfer the Rights Entitlements of such Eligible Equity Shareholders to their demat accounts at least one day before the Issue Closing Date;
 - c) The remaining procedure for Application shall be same as set out in "*Making of an Application by Eligible Equity Shareholders on Plain Paper under ASBA process*" mentioned above.

Resident Eligible Equity Shareholders who hold Equity Shares in physical form as on the Record Date will not be allowed renounce their Rights Entitlements in the Issue. However, such Eligible Equity Shareholders, where the dematerialized Rights Entitlements are transferred from the suspense escrow demat account to the respective demat accounts within prescribed timelines, can apply for additional Equity Shares while submitting the Application through ASBA process.

Application for Additional Equity Shares

Shareholders are eligible to apply for additional Equity Shares over and above their Rights Entitlements, provided that they are eligible to apply for Equity Shares under applicable law and they have applied for all the Equity Shares forming part of their Rights Entitlements without renouncing them in whole or in part. Where the number of additional Equity Shares applied for exceeds the number available for Allotment, the Allotment would be made as per the Basis of Allotment finalised in consultation with the Designated Stock Exchange. Applications for additional Equity Shares shall be considered and Allotment shall be made in accordance with the SEBI ICDR Regulations and in the manner as set out in "*Basis of Allotment*" mentioned below.

Eligible Equity Shareholders who renounce their Rights Entitlements cannot apply for additional Equity Shares. Non-resident Renounees who are not Eligible Equity Shareholders cannot apply for additional Equity Shares.

Additional general instructions for Shareholders in relation to making of an application

- i) Please read this Draft Letter of offer carefully to understand the Application process and applicable settlement process.
- ii) Please read the instructions on the Application Form sent to you. Application should be complete in all respects. The Application Form found incomplete with regard to any of the particulars required to be given therein, and/or which are not completed in conformity with the terms of this Draft Letter of offer, the Abridged Letter of Offer, the Rights Entitlement Letter and the Application Form are liable to be rejected. The Application Form must be filled in English.
- iii) In case of non-receipt of Application Form, Application can be made on plain paper mentioning all necessary details as mentioned under the section "*Making of an Application by Eligible Equity Shareholders on Plain Paper under ASBA process*" mentioned above.
- iv) Applications should be (i) submitted to the Designated Branch of the SCSB or made online/electronic through the website of the SCSBs (if made available by such SCSB) for authorising such SCSB to block Application Money payable on the Application in their respective ASBA Accounts. Please note that on the Issue Closing Date, (i) Applications through ASBA process will be uploaded until 5.00 p.m. (Indian Standard Time) or such extended time as permitted by the Stock Exchange.
- v) Applications should not be submitted to the Banker(s) to the Issue or Escrow Collection Bank(s) (assuming that such Escrow Collection Bank is not an SCSB), our Company or the Registrar.

-
- vi) All Applicants, and in the case of Application in joint names, each of the joint Applicants, should mention their PAN allotted under the Income-tax Act, irrespective of the amount of the Application. Except for Applications on behalf of the Central or the State Government, the residents of Sikkim and the officials appointed by the courts, Applications without PAN will be considered incomplete and are liable to be rejected. With effect from August 16, 2010, the demat accounts for Shareholders for which PAN details have not been verified shall be "suspended for credit" and no Allotment and credit of Equity Shares pursuant to this Issue shall be made into the accounts of such Shareholders.
- vii) Ensure that the demographic details such as address, PAN, DP ID, Client ID, bank account details and occupation ("**Demographic Details**") are updated, true and correct, in all respects. Shareholders applying under this Issue should note that on the basis of name of the Shareholders, DP ID and Client ID provided by them in the Application Form or the plain paper Applications, as the case may be, the Registrar will obtain Demographic Details from the Depository. Therefore, Shareholders applying under this Issue should carefully fill in their Depository Account details in the Application. These Demographic Details would be used for all correspondence with such Shareholders including mailing of the letters intimating unblocking of bank account of the respective Shareholders and/or refund. The Demographic Details given by the Shareholders in the Application Form would not be used for any other purposes by the Registrar. Hence, Shareholders are advised to update their Demographic Details as provided to their Depository Participants. **The Allotment Advice and the e-mail intimating unblocking of ASBA Account or refund (if any) would be e-mailed to the address of the Shareholders as per the e-mail address provided to our Company or the Registrar or Demographic Details received from the Depositories. The Registrar will give instructions to the SCSBs for unblocking funds in the ASBA Account to the extent Equity Shares are not allotted to such Shareholders. Please note that any such delay shall be at the sole risk of the Shareholders and none of our Company, the SCSBs, Registrar shall be liable to compensate the Shareholders for any losses caused due to any such delay or be liable to pay any interest for such delay. In case no corresponding record is available with the Depositories that match three parameters, (a) names of the Shareholders (including the order of names of joint holders), (b) DP ID, and (c) Client ID, then such Application Forms are liable to be rejected.**
- viii) By signing the Application Forms, Shareholders would be deemed to have authorised the Depositories to provide, upon request, to the Registrar, the required Demographic Details as available on its records.
- ix) For physical Applications through ASBA at Designated Branches of SCSB, signatures should be either in English or Hindi or in any other language specified in the Eighth Schedule to the Constitution of India. Procedure for Applications by certain categories of Shareholders

Procedure for Applications by FPIs

In terms of applicable FEMA Rules and the SEBI FPI Regulations, investments by FPIs in the Equity Shares is subject to certain limits, *i.e.*, the individual holding of an FPI (including its Shareholders group (which means multiple entities registered as foreign portfolio Shareholders and directly and indirectly having common ownership of more than 50% of common control)) shall be below 10% of our post-Issue Equity Share capital. In case the total holding of an FPI or Shareholders group increases beyond 10% of the total paid-up Equity Share capital of our Company, on a fully diluted basis or 10% or more of the paid-up value of any series of debentures or preference shares or share warrants that may be issued by our Company, the total investment made by the FPI or Shareholders group will be re-classified as FDI subject to the conditions as specified by SEBI and RBI in this regard and our Company and the Shareholders will also be required to comply with applicable reporting requirements.

FPIs are permitted to participate in this Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time. FPIs who wish to participate in the Issue are advised to use the Application Form for non-residents. Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, an FPI may issue, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by an FPI against securities held by it that are listed or proposed to be listed on any recognised stock exchange in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only to persons registered as Category I FPI under the SEBI FPI Regulations; (ii) such offshore derivative instruments are issued only to persons who are eligible for registration as Category I FPIs (where an entity has an investment manager who is from the Financial Action Task Force member country, the investment manager shall not be required to be registered as a Category I FPI); (iii) such offshore derivative instruments are issued after compliance with 'know your client' norms; and (iii) compliance with other conditions as may be prescribed by SEBI.

A F ENTERPRISES LIMITED
(CIN- L18100DL1983PLC016354)

An FPI issuing offshore derivative instruments is also required to ensure that any transfer of offshore derivative instruments issued by or on its behalf, is carried out subject to inter alia the following conditions:

1. Such offshore derivative instruments are transferred only to persons in accordance with the SEBI FPI Regulations; and
2. prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred to are pre - approved by the FPI.

No investment under the FDI route will be allowed in the Issue unless such application is accompanied with necessary approval or covered under a pre-existing approval.

Procedure for Applications by AIFs, FVCIs, VCFs and FDI route

The SEBI VCF Regulations and the SEBI FVCI Regulations prescribe, among other things, the investment restrictions on VCFs and FVCIs registered with SEBI. Further, the SEBI AIF Regulations prescribe, among other things, the investment restrictions on AIFs.

As per the SEBI VCF Regulations and SEBI FVCI Regulations, VCFs and FVCIs are not permitted to invest in listed companies pursuant to rights issues. Accordingly, applications by VCFs or FVCIs will not be accepted in this Issue. Further, venture capital funds registered as Category I AIFs, as defined in the SEBI AIF Regulations, are not permitted to invest in listed companies pursuant to rights issues. Accordingly, applications by venture capital funds registered as category I AIFs, as defined in the SEBI AIF Regulations, will not be accepted in this Issue. Other categories of AIFs are permitted to apply in this Issue subject to compliance with the SEBI AIF Regulations. Such AIFs having bank accounts with SCSBs that are providing ASBA in cities / centres where such AIFs are located are mandatorily required to make use of the ASBA facility. Otherwise, applications of such AIFs are liable for rejection.

No investment under the FDI route (i.e any investment which would result in the Shareholders holding 10% or more of the fully diluted paid-up equity share capital of the Company or any FDI investment for which an approval from the government was taken in the past) will be allowed in the Issue unless such application is accompanied with necessary approval or covered under a pre-existing approval from the government. It will be the sole responsibility of the Shareholders to ensure that the necessary approval or the pre-existing approval from the government is valid in order to make any investment in the Issue. Our Company will not be responsible for any allotments made by relying on such approvals.

Procedure for Applications by NRIs

Investments by NRIs are governed by the FEMA Rules. Applications will not be accepted from NRIs that are ineligible to participate in this Issue under applicable securities laws.

As per the FEMA Rules, an NRI or Overseas Citizen of India ("OCI") may purchase or sell capital instruments of a listed Indian company on repatriation basis, on a recognised stock exchange in India, subject to the conditions, *inter alia*, that the total holding by any individual NRI or OCI will not exceed 5% of the total paid-up equity capital on a fully diluted basis or should not exceed 5% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together will not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or

preference shares or share warrants. The aggregate ceiling of 10% may be raised to 24%, if a special resolution to that effect is passed by the general body of the Indian company.

Further, in accordance with press note 3 of 2020, the FDI Policy has been recently amended to state that all investments by entities incorporate in a country which shares land border with India or where beneficial owner of an investment into India is situated in or is a citizen of any such country ("**Restricted Shareholders**"), will require prior approval of the Government of India. It is not clear from the press note whether or not an issue of the Rights Equity Shares to Restricted Shareholders will also require prior approval of the Government of India and each Shareholders should seek independent legal advice about its ability to participate in the Issue. In the event such prior approval has been obtained, the Shareholders shall intimate our Company and the Registrar about such approval within the Issue Period.

Procedure for Applications by Mutual Funds

A separate application can be made in respect of each scheme of an Indian mutual fund registered with SEBI and such applications shall not be treated as multiple applications. The applications made by asset management companies or custodians of a mutual fund should clearly indicate the name of the concerned scheme for which the application is being made.

Procedure for Applications by Systemically Important Non-Banking Financial Companies ("NBFC-SI")

In case of an application made by NBFC-SI registered with RBI, (a) the certificate of registration issued by RBI under Section 45IA of RBI Act, 1934 and (b) net worth certificate from its statutory auditors or any independent chartered accountant based on the last audited financial statements is required to be attached to the application.

Last date for Application

The last date for submission of the duly filled in the Application Form or a plain paper Application is [●], 2024, i.e., Issue Closing Date. Our Board or any committee thereof may extend the said date for such period as it may determine from time to time, subject to the Issue Period not exceeding 30 days from the Issue Opening Date (inclusive of the Issue Opening Date).

If the Application Form is not submitted with an SCSB, uploaded with the Stock Exchange and the Application Money is not blocked with the SCSB on or before the Issue Closing Date or such date as may be extended by our Board or any committee thereof, the invitation to offer contained in this Draft Letter of offer shall be deemed to have been declined and our Board or any committee thereof shall be at liberty to dispose of the Equity Shares hereby offered, as set out in "*Basis of Allotment*" mentioned below.

Please note that on the Issue Closing Date, (Applications through ASBA process will be uploaded until 5.00 p.m. (Indian Standard Time) or such extended time as permitted by the Stock Exchange.

Please ensure that the Application Form and necessary details are filled in. (CIN- L18100DL1983PLC016354)

the Issue Closing Date, to enable such Eligible Equity Shareholders to make an application in this Issue, and this communication shall serve as an intimation to such Eligible Equity Shareholders in this regard. Such Eligible Equity Shareholders are also requested to ensure that their demat account, details of which have been provided to our Company or the Registrar account is active to facilitate the aforementioned transfer.

RENUNCIATION AND TRADING OF RIGHTS ENTITLEMENT

Renounees

All rights and obligations of the Eligible Equity Shareholders in relation to Applications and refunds pertaining to this Issue shall apply to the Renounee(s) as well.

Renunciation of Rights Entitlements

This Issue includes a right exercisable by Eligible Equity Shareholders to renounce the Rights Entitlements credited to their respective demat account either in full or in part.

The renunciation from non-resident Eligible Equity Shareholder(s) to resident Indian(s) and *vice versa* shall be subject to provisions of FEMA Rules and other circular, directions, or guidelines issued by RBI or the Ministry of Finance from time to time. However, the facility of renunciation shall not be available to or operate in favor of an Eligible Equity Shareholders being an erstwhile OCB unless the same is in compliance with the FEMA Rules and other circular, directions, or guidelines issued by RBI or the Ministry of Finance from time to time.

The renunciation of Rights Entitlements credited in your demat account can be made either by sale of such Rights Entitlements, using the secondary market platform of the Stock Exchange or through an off-market transfer.

Procedure for Renunciation of Rights Entitlements

The Eligible Equity Shareholders may renounce the Rights Entitlements, credited to their respective demat accounts, either in full or in part (a) by using the secondary market platform of the Stock Exchange (the "**On Market Renunciation**"); or (b) through an off-market transfer (the "**Off Market Renunciation**"), during the Renunciation Period. The Shareholders should have the demat Rights Entitlements credited/lying in his/her own demat account prior to the renunciation. The trades through On Market Renunciation and Off Market Renunciation will be settled by transferring the Rights Entitlements through the depository mechanism.

Shareholders may be subject to adverse foreign, state or local tax or legal consequences as a result of trading in the Rights Entitlements. Shareholders who intend to trade in the Rights Entitlements should consult their tax advisor or stock-broker regarding any cost, applicable taxes, charges and expenses (including brokerage) that may be levied for trading in Rights Entitlements.

Please note that the Rights Entitlements which are neither renounced nor subscribed by the Shareholders on or before the Issue Closing Date shall lapse and shall be extinguished after the Issue Closing Date.

A F ENTERPRISES LIMITED
(CIN- L18100DL1983PLC016354)

Our Company accept no responsibility to bear or pay any cost, applicable taxes, charges and expenses (including brokerage), and such costs will be incurred solely by the Shareholders.

On Market Renunciation

The Eligible Equity Shareholders may renounce the Rights Entitlements, credited to their respective demat accounts by trading/selling them on the secondary market platform of the Stock Exchange through a registered stock-broker in the same manner as the existing Equity Shares of our Company.

In this regard, in terms of provisions of the SEBI ICDR Regulations and the SEBI Rights Issue Circulars, the Rights Entitlements credited to the respective demat accounts of the Eligible Equity Shareholders shall be admitted for trading on the Stock Exchange under ISIN [●] subject to requisite approvals. Prior to the Issue Opening Date, our Company will obtain the approval from the Stock Exchange for trading of Rights Entitlements. No assurance can be given regarding the active or sustained On Market Renunciation or the price at which the Rights Entitlements will trade. The details for trading in Rights Entitlements will be as specified by the Stock Exchange from time to time.

The Rights Entitlements are tradable in dematerialized form only. The market lot for trading of Rights Entitlements is one Rights Entitlements.

The On Market Renunciation shall take place only during the Renunciation Period for On Market Renunciation, *i.e.*, from [●] to [●] (both days inclusive).

The Shareholders holding the Rights Entitlements who desire to sell their Rights Entitlements will have to do so through their registered stock-brokers by quoting the ISIN [●] and indicating the details of the Rights Entitlements they intend to trade.

The Shareholders can place order for sale of Rights Entitlements only to the extent of Rights Entitlements available in their demat account.

The On Market Renunciation shall take place electronically on secondary market platform of BSE under automatic order matching mechanism and on 'T+2 rolling settlement basis', where 'T' refers to the date of trading. The transactions will be settled on trade-for-trade basis. Upon execution of the order, the stock-broker will issue a contract note in accordance with the requirements of the Stock Exchange and the SEBI.

Off Market Renunciation

The Eligible Equity Shareholders may renounce the Rights Entitlements, credited to their respective demat accounts by way of an off-market transfer through a depository participant. The Rights Entitlements can be transferred in dematerialised form only.

Eligible Equity Shareholders are requested to ensure that renunciation through off-market transfer is completed in such a manner that the Rights Entitlements are credited to the demat accounts of the Renounees on or prior to the Issue Closing Date to enable Renounees to subscribe to the Equity Shares in the Issue.

A F ENTERPRISES LIMITED
(CIN- L18100DL1983PLC016354)

The Shareholders holding the Rights Entitlements who desire to transfer their Rights Entitlements will have to do so through their depository participant by issuing a delivery instruction slip quoting the ISIN [●], the details of the buyer and the details of the Rights Entitlements they intend to transfer. The buyer of the Rights Entitlements (unless already having given a standing receipt instruction) has to issue a receipt instruction slip to their depository participant. The Shareholders can transfer Rights Entitlements only to the extent of Rights Entitlements available in their demat account.

The instructions for transfer of Rights Entitlements can be issued during the working hours of the depository participants.

The detailed rules for transfer of Rights Entitlements through off-market transfer shall be as specified by the NSDL and CDSL from time to time.

Record date for Call and suspension of trading

Our Company would fix a Call Record Date giving notice, in advance of such period as may be prescribed under applicable law, to the Stock Exchange for the purpose of determining the list of holders of the Rights Equity Shares to whom the notice for the Call would be sent. Once the Call Record Date has been fixed, trading in the Rights Equity Shares for which the call has been made may be suspended prior to the Call Record Date.

Procedure for Call for Rights Equity Shares

Our Company would convene a meeting of the Board of Directors to pass the required resolutions for making the Call and suitable intimation would be given by our Company to the Stock Exchanges. Further, advertisements for the same will be published in (i) one English national daily newspaper with wide circulation; (ii) one Hindi language national daily newspaper with wide circulation being the regional language of Delhi, where our Registered Office is situated). The Call shall be deemed to have been made at the time when the resolution authorising such Call is passed at the meeting of our Board. The Call may be revoked or postponed at the discretion of the Board. Pursuant to the provisions of the Articles of Association, the Investors would be given at least 14 days' notice for the payment of the Call. The Board may, from time to time at its discretion, extend the time fixed for the payments of the Call. Our Company, at its sole discretion and as it may deem fit, may send one or more reminders for the Call, and if it does not receive the Call Monies as per the timelines stipulated unless extended by the Board, the defaulting holders of the Rights Equity Shares will be liable to pay interest as may be fixed by the Board unless waived or our Company may forfeit the Application Money and any Call Money received for previous Call made.

Payment of Call Money

In accordance with the SEBI circular SEBI/HO/CFD/DIL1/CIR/238/2020 dated December 8, 2020 regarding additional payment mechanism (i.e. ASBA, etc.) for payment of balance money in call for partly paid specified securities issued by the listed entity, the holders of Rights Equity Shares may make payment of the Call Monies using ASBA Mechanism through the Designated Branch of the SCSB or through online/electronic through the website of the SCSBs (if made available by such SCSB) by authorizing the SCSB to block an amount, equivalent to the amount payable on Call, in the Investor's ASBA Account. The holders of Rights Equity Shares may also use the facility of linked online trading,

A F ENTERPRISES LIMITED
(CIN- L18100DL1983PLC016354)

demat and bank account (3-in-1 type account), if provided by their broker, for making payment of the Call Monies.

Separate ISIN for Rights Equity Shares

In addition to the present ISIN for the existing Equity Shares, our Company would obtain a separate ISIN for the Rights Equity Shares for the Call, until fully paid-up. The Rights Equity Shares offered under this Issue will be traded under a separate ISIN after the Call for the period as may be applicable under the rules and regulations prior to the record date for the final Call Notice. The ISIN representing the Rights Equity Shares will be terminated after the Call Record Date for the final Call. On payment of the final Call Money in respect of the Rights Equity Shares, such Rights Equity Shares would be fully paid-up and merged with the existing ISIN of our Equity Shares.

MODE OF PAYMENT

All payments against the Application Forms shall be made only through ASBA facility. The Registrar will not accept any payments against the Application Forms, if such payments are not made through ASBA facility.

In case of Application through the ASBA facility, the Shareholders agrees to block the entire amount payable on Application with the submission of the Application Form, by authorizing the SCSB to block an amount, equivalent to the amount payable on Application, in the Shareholder's ASBA Account. The SCSB may reject the application at the time of acceptance of Application Form if the ASBA Account, details of which have been provided by the Shareholders in the Application Form does not have sufficient funds equivalent to the amount payable on Application mentioned in the Application Form. Subsequent to the acceptance of the Application by the SCSB, our Company would have a right to reject the Application on technical grounds as set forth in this Draft Letter of offer.

After verifying that sufficient funds are available in the ASBA Account details of which are provided in the Application Form, the SCSB shall block an amount equivalent to the Application Money mentioned in the Application Form until the Transfer Date. On the Transfer Date, upon receipt of intimation from the Registrar, and pursuant to the finalization of the Basis of Allotment as approved by the Designated Stock Exchange, the SCSBs shall transfer such amount as per the Registrar's instruction from the ASBA Account into the Allotment Account(s) which shall be a separate bank account maintained by our Company, other than the bank account referred to in sub-section (3) of Section 40 of the Companies Act, 2013. The balance amount remaining after the finalisation of the Basis of Allotment on the Transfer Date shall be unblocked by the SCSBs on the basis of the instructions issued in this regard by the Registrar to the respective SCSB.

In terms of RBI Circular DBOD No. FSC BC 42/24.47.00/2003- 04 dated November 5, 2003, the stock invest scheme has been withdrawn. Hence, payment through stock invest would not be accepted in this Issue.

Mode of payment for Resident Shareholders

All payments on the Application Forms shall be made only through ASBA facility. Applicants are requested to strictly adhere to these instructions.

Mode of payment for Non-Resident Shareholders

As regards the Application by non-resident Shareholders, payment must be made only through ASBA facility and using permissible accounts in accordance with FEMA, FEMA Rules and requirements prescribed by RBI and subject to the following:

1. In case where repatriation benefit is available, interest, dividend, sales proceeds derived from the investment in Equity Shares can be remitted outside India, subject to tax, as applicable according to the Income-tax Act. However, please note that conditions applicable at the time of original investment in our Company by the Eligible Equity Shareholder including repatriation shall not change and remain the same for subscription in the Issue or subscription pursuant to renunciation in the Issue.
2. Subject to the above, in case Equity Shares are Allotted on a non-repatriation basis, the dividend and sale proceeds of the Equity Shares cannot be remitted outside India.
3. In case of an Application Form received from non-residents, Allotment, refunds and other distribution, if any, will be made in accordance with the guidelines and rules prescribed by RBI as applicable at the time of making such Allotment, remittance and subject to necessary approvals.
4. Application Forms received from non-residents/ NRIs, or persons of Indian origin residing abroad for Allotment of Equity Shares shall, amongst other things, be subject to conditions, as may be imposed from time to time by RBI under FEMA, in respect of matters including Refund of Application Money and Allotment.
5. In the case of NRIs who remit their Application Money from funds held in FCNR/NRE Accounts, refunds and other disbursements, if any shall be credited to such account.
6. Non-resident Renounees who are not Eligible Equity Shareholders must submit regulatory approval for applying for additional Equity Shares.

BASIS FOR THIS ISSUE AND TERMS OF THIS ISSUE

Ranking

The Equity Shares to be issued and Allotted pursuant to this Issue shall be subject to the provisions of this Draft Letter of offer, the Abridged Letter of Offer, the Rights Entitlement Letter, the Application Form, and the Memorandum of Association and the Articles of Association, the provisions of the Companies Act, 2013, FEMA, the SEBI ICDR Regulations, the SEBI Listing Regulations, and the guidelines, notifications and regulations issued by SEBI, the Government of India and other statutory and regulatory authorities from time to time, the terms of the Listing Agreements entered into by our Company with the Stock Exchange and the terms and conditions as stipulated in the Allotment advice. The Equity Shares to be issued and Allotted under this Issue shall rank *pari passu* with the existing Equity Shares, in all respects including dividends.

Listing and trading of the Equity Shares to be issued pursuant to this Issue

Subject to receipt of the listing and trading approvals, the Equity Shares proposed to be issued on a rights basis shall be listed and admitted for trading on the Stock Exchange. Unless otherwise permitted by the SEBI ICDR Regulations, the Equity Shares Allotted pursuant to this Issue will be listed as soon as practicable and all steps for completion of necessary formalities for listing and commencement of trading in the Equity Shares will be taken within such period prescribed under the SEBI ICDR Regulations. Our Company has received in-principle approval from the BSE through letter bearing reference number [●] dated [●]. Our Company will apply to the Stock Exchange for final approvals for the listing and trading of the Equity Shares subsequent to their Allotment. No assurance can be given regarding the active or sustained trading in the Equity Shares or the price at which the Equity Shares offered under this Issue will trade after the listing thereof.

The existing Equity Shares are listed and traded on BSE (Scrip Code: 538351) under the ISIN: INE663P01015. The Equity Shares shall be credited to a temporary ISIN which will be frozen until the receipt of the final listing/ trading approvals from the Stock Exchange. Upon receipt of such listing and trading approvals, the Equity Shares shall be debited from such temporary ISIN and credited to the new ISIN for the Equity Shares and thereafter be available for trading and the temporary ISIN shall be permanently deactivated in the depository system of CDSL and NSDL.

The listing and trading of the Equity Shares issued pursuant to this Issue shall be based on the current regulatory framework then applicable. Accordingly, any change in the regulatory regime would affect the listing and trading schedule.

In case our Company fails to obtain listing or trading permission from the Stock Exchange, our Company shall refund through verifiable means/unblock the respective ASBA Accounts, the entire monies received/blocked within four days of receipt of intimation from the Stock Exchange, rejecting the application for listing of the Equity Shares, and if any such money is not refunded/ unblocked within four days after our Company becomes liable to repay it, our Company and every director of our Company who is an officer-in-default shall, on and from the expiry of the fourth day, be jointly and severally liable to repay that money with interest at rates prescribed under applicable law.

- The right to free transferability of Rights Equity Shares; and
- Such other rights as may be available to a shareholder of a listed public company under the Companies Act and Memorandum of Association and Articles of Association.

General Terms of the Issue

Market Lot

The Equity Shares of our Company are tradable only in dematerialised form. The market lot for Rights Equity Shares in dematerialised mode is one Equity Share.

Joint Holders

Where two or more persons are registered as the holders of any Equity Shares, they shall be deemed to hold the same as the joint holders with the benefit of survivorship subject to the provisions contained in our Articles of Association. In case of Equity Shares held by joint holders, the Application submitted in physical mode to the Designated Branch of the SCSBs would be required to be signed by all the joint holders (in the same order as appearing in the records of the Depository) to be considered as valid for allotment of Equity Shares offered in this Issue.

Nomination

Nomination facility is available in respect of the Equity Shares in accordance with the provisions of the Section 72 of the Companies Act, 2013 read with Rule 19 of the Companies (Share Capital and Debenture) Rules, 2014.

Since the Allotment is in dematerialised form, there is no need to make a separate nomination for the Equity Shares to be allotted in this Issue. Nominations registered with the respective DPs of the Shareholders would prevail. Any Shareholders holding Equity Shares in dematerialised form and desirous of changing the existing nomination is requested to inform its Depository Participant.

Offer to Non-Resident Eligible Equity Shareholders/Shareholders

As per Rule 7 of the FEMA Rules, RBI has given general permission to Indian companies to issue Equity Shares to non-resident Equity Shareholders including additional Equity Shares. Further, as per the Master Direction on Foreign Investment in India dated January 4, 2018 issued by RBI, non-residents may, amongst other things, (i) subscribe for additional shares over and above their Rights Entitlements; (ii) renounce the shares offered to them either in full or part thereof in favour of a person named by them; or (iii) apply for the shares renounced in their favour. Applications received from NRIs and non-residents for allotment of Equity Shares shall be, amongst other things, subject to the conditions imposed from time to time by RBI under FEMA in the matter of Application, refund of Application Money, Allotment of Equity Shares and issue of Rights Entitlement Letters/ letters of Allotment/Allotment advice. If a non-resident or NRI Shareholders has specific approval from RBI or any other governmental authority, in connection with his shareholding in our Company, such person should enclose a copy of such approval with the Application details and send it to the Registrar at Skyline Financial Services Private Limited at www.skylinerta.com. It will be the sole responsibility of the Shareholders to ensure that the necessary approval from the RBI or the governmental authority is valid in order to make any investment in the

Issue and our Company will not be responsible for any such allotments made by relying on such approvals.

The Abridged Letter of Offer, the Rights Entitlement Letter and Application Form shall be sent only to the Indian addresses of the non-resident Eligible Equity Shareholders on a reasonable efforts basis, who have provided an Indian address to our Company and located in jurisdictions where the offer and sale of the Equity Shares may be permitted under laws of such jurisdictions, Eligible Equity Shareholders can access this Letter Offer, the Abridged Letter of Offer and the Application Form (provided that the Eligible Equity Shareholder is eligible to subscribe for the Equity Shares under applicable securities laws) from the websites of the Registrar, our Company, and the Stock Exchange. Further, Application Forms will be made available at Registered and Corporate Office of our Company for the non-resident Indian Applicants. Our Board may at its absolute discretion, agree to such terms and conditions as may be stipulated by RBI while approving the Allotment. The Equity Shares purchased by non-residents shall be subject to the same conditions including restrictions in regard to the repatriation as are applicable to the original Equity Shares against which Equity Shares are issued on rights basis.

In case of change of status of holders, *i.e.*, from resident to non-resident, a new demat account must be opened. Any Application from a demat account which does not reflect the accurate status of the Applicant is liable to be rejected at the sole discretion of our Company.

Please also note that pursuant to Circular No. 14 dated September 16, 2003 issued by RBI, Overseas Corporate Bodies ("OCBs") have been derecognized as an eligible class of Shareholders and RBI has subsequently issued the Foreign Exchange Management (Withdrawal of General Permission to Overseas Corporate Bodies (OCBs)) Regulations, 2003. Any Shareholders being an OCB is required not to be under the adverse notice of RBI and in order to apply for this issue as an incorporated non-resident must do so in accordance with the FDI Circular 2020 and Foreign Exchange Management (Non-Debt Instrument) Rules, 2019.

The non-resident Eligible Equity Shareholders can update their Indian address in the records maintained by the Registrar and our Company by submitting their respective copies of self-attested proof of address, passport, etc. by mail at www.skylinerta.com

Please note that if Eligible Equity Shareholders holding Equity Shares in physical form as on Record Date, have not provided the details of their demat accounts to our Company or to the Registrar, they are required to provide their demat account details to our Company or the Registrar not later than two Working Days prior to the Issue Closing Date, i.e., [•] to enable the credit of the Rights Entitlements by way of transfer from the demat suspense escrow account to their respective demat accounts, at least one day before the Issue Closing Date, i.e., [•] .

Basis of Allotment

Subject to the provisions contained in this Letter of Offer, the Abridged Letter of Offer, the Rights Entitlement Letter, the Application Form, the Articles of Association and the approval of the Designated Stock Exchange, our Board will proceed to allot the Equity Shares in the following order of priority:

- (a) Full Allotment to those Eligible Equity Shareholders who have applied for their Rights Entitlements of Equity Shares either in full or in part and also to the Renounee(s) who has or have applied for Equity Shares renounced in their favour, in full or in part.
- (b) Eligible Equity Shareholders whose fractional entitlements are being ignored and Eligible Equity Shareholders with zero entitlement, would be given preference in allotment of one additional Equity Share each if they apply for additional Equity Shares. Allotment under this head shall be considered if there are any unsubscribed Equity Shares after allotment under (a) above. If number of Equity Shares required for Allotment under this head are more than the number of Equity Shares available after Allotment under (a) above, the Allotment would be made on a fair and equitable basis in consultation with the Designated Stock Exchange and will not be a preferential allotment.
- (c) Allotment to the Eligible Equity Shareholders who having applied for all the Equity Shares offered to them as part of this Issue, have also applied for additional Equity Shares. The Allotment of such additional Equity Shares will be made as far as possible on an equitable basis having due regard to the number of Equity Shares held by them on the Record Date, provided there are any unsubscribed Equity Shares after making full Allotment in (a) and (b) above. The Allotment of such Equity Shares will be on equitable basis giving due regard to the holdings as on the record date and will not be a preferential allotment.
- (d) Allotment to Renounees who having applied for all the Equity Shares renounced in their favour, have applied for additional Equity Shares provided there is surplus available after making full

A F ENTERPRISES LIMITED
(CIN- L18100DL1983PLC016354)

Allotment under (a), (b) and (c) above. The Allotment of such Equity Shares will be made on a proportionate basis in consultation with the Designated Stock Exchange, as a part of this Issue and will not be a preferential allotment.

- (e) Allotment to any other person, subject to applicable laws, that our Board may deem fit, provided there is surplus available after making Allotment under (a), (b), (c) and (d) above, and the decision of our Board in this regard shall be final and binding.

After taking into account Allotment to be made under (a) to (d) above, if there is any unsubscribed portion, the same shall be deemed to be 'unsubscribed'.

Upon approval of the Basis of Allotment by the Designated Stock Exchange, the Registrar shall send to the Controlling Branches, a list of the Shareholders who have been allocated Equity Shares in this Issue, along with:

- i) The amount to be transferred from the ASBA Account to the separate bank account opened by our Company for this Issue, for each successful Application;
- ii) The date by which the funds referred to above, shall be transferred to the aforesaid bank account; and
- iii) The details of rejected ASBA applications, if any, to enable the SCSBs to unblock the respective ASBA Accounts.

Further, the list of Applicants eligible for refund with corresponding amount will also be shared with Escrow Collection Bank(s) to refund such Applicants.

ALLOTMENT ADVICE OR REFUND/ UNBLOCKING OF ASBA ACCOUNTS

Our Company will send/ dispatch Allotment advice, refund intimations or demat credit of securities and/or letters of regret, only to the Eligible Equity Shareholders who have provided Indian address. In case such Eligible Equity Shareholders have provided their valid e-mail address, Allotment advice, refund intimations or demat credit of securities and/or letters of regret will be sent only to their valid e-mail address and in case such Eligible Equity Shareholders have not provided their e-mail address, then the Allotment advice, refund intimations or demat credit of securities and/or letters of regret will be dispatched, on a reasonable effort basis, to the Indian addresses provided by them; along with crediting the Allotted Equity Shares to the respective beneficiary accounts (only in dematerialised mode) or in a demat suspense account (in respect of Eligible Equity Shareholders holding Equity Shares in physical form on the Allotment Date) or issue instructions for unblocking the funds in the respective ASBA Accounts, if any, within a period of 4 days from the Issue Closing Date. In case of failure to do so, our Company and our Directors who are "officers in default" shall pay interest at 15% p.a. and such other rate as specified under applicable law from the expiry of such 4 days' period.

The Rights Entitlements will be credited in the dematerialized form using electronic credit under the depository system and the Allotment advice shall be sent, through an e-mail, to the e-mail address provided to our Company or at the address recorded with the Depository.

A F ENTERPRISES LIMITED
(CIN- L18100DL1983PLC016354)

In the case of non-resident Shareholders who remit their Application Money from funds held in the NRE or the FCNR Accounts, unblocking and/or payment of interest or dividend and other disbursements, if any, shall be credited to such accounts.

Where an Applicant has applied for additional Equity Shares in the Issue and is allotted a lesser number of Equity Shares than applied for, the excess Application Money paid/blocked shall be refunded/unblocked. The unblocking of ASBA funds / refund of monies shall be completed within such period as prescribed under the SEBI ICDR Regulations. In the event that there is a delay in making refunds beyond such period as prescribed under applicable law, our Company shall pay the requisite interest at such rate as prescribed under applicable law.

PAYMENT OF REFUND

Mode of making refunds

The payment of refund, if any, including in the event of oversubscription or failure to list or otherwise would be done through any of the following modes.

Unblocking amounts blocked using ASBA facility.

NACH - National Automated Clearing House is a consolidated system of electronic clearing service. Payment of refund would be done through NACH for Applicants having an account at one of the centres specified by RBI, where such facility has been made available. This would be subject to availability of complete bank account details including MICR code wherever applicable from the depository. The payment of refund through NACH is mandatory for Applicants having a bank account at any of the centres where NACH facility has been made available by RBI (subject to availability of all information for crediting the refund through NACH including the MICR code as appearing on a cheque leaf, from the depositories), except where Applicant is otherwise disclosed as eligible to get refunds through NEFT or Direct Credit or RTGS.

National Electronic Fund Transfer ("NEFT") - Payment of refund shall be undertaken through NEFT wherever the Shareholders' bank has been assigned the Indian Financial System Code ("**IFSC Code**"), which can be linked to a MICR, allotted to that particular bank branch. IFSC Code will be obtained from the website of RBI as on a date immediately prior to the date of payment of refund, duly mapped with MICR numbers. Wherever the Shareholders have registered their nine digit MICR number and their bank account number with the Registrar to our Company or with the Depository Participant while opening and operating the demat account, the same will be duly mapped with the IFSC Code of that particular bank branch and the payment of refund will be made to the Shareholders through this method.

Direct Credit - Shareholders having bank accounts with the Banker(s) to the Issue shall be eligible to receive refunds through direct credit. Charges, if any, levied by the relevant bank(s) for the same would be borne by our Company

RTGS - If the refund amount exceeds Rs. 2,00,000, the Shareholders have the option to receive refund through RTGS. Such eligible Shareholders who indicate their preference to receive refund through RTGS are required to provide the IFSC Code in the Application Form. In the event the same is not provided, refund shall be made through NACH or any other eligible mode. Charges, if any, levied by the Refund

A F ENTERPRISES LIMITED
(CIN- L18100DL1983PLC016354)

Bank(s) for the same would be borne by our Company. Charges, if any, levied by the Shareholder's bank receiving the credit would be borne by the Shareholders.

For all other Shareholders, the refund orders will be dispatched through speed post or registered post subject to applicable laws. Such refunds will be made by cheques, pay orders or demands drawn in favour of the sole/first Shareholders and payable at par.

Credit of refunds to Shareholders in any other electronic manner, permissible by SEBI from time to time.

Refund payment to non-residents

The Application Money will be unblocked in the ASBA Account of the non-resident Applicants, details of which were provided in the Application Form.

ALLOTMENT ADVICE OR DEMAT CREDIT OF SECURITIES

Receipt of the Equity Shares in Dematerialized Form

The demat credit of securities to the respective beneficiary accounts will be credited within 15 days from the Issue Closing Date or such other timeline in accordance with applicable laws.

PLEASE NOTE THAT THE EQUITY SHARES APPLIED FOR UNDER THIS ISSUE CAN BE ALLOTTED ONLY IN DEMATERIALIZED FORM AND TO (A) THE SAME DEPOSITORY ACCOUNT/ CORRESPONDING PAN IN WHICH THE EQUITY SHARES ARE HELD BY SUCH SHAREHOLDERS ON THE RECORD DATE, OR (B) THE DEPOSITORY ACCOUNT, DETAILS OF WHICH HAVE BEEN PROVIDED TO OUR COMPANY OR THE REGISTRAR AT LEAST TWO WORKING DAYS PRIOR TO THE ISSUE CLOSING DATE BY THE ELIGIBLE EQUITY SHAREHOLDER HOLDING EQUITY SHARES IN PHYSICAL FORM AS ON THE RECORD DATE.

Shareholders shall be allotted the Equity Shares in dematerialized (electronic) form. Our Company has signed an agreement with NSDL and with CDSL which enables the Shareholders to hold and trade in the securities issued by our Company in a dematerialized form, instead of holding the Equity Shares in the form of physical certificates.

SHAREHOLDERS MAY PLEASE NOTE THAT THE EQUITY SHARES CAN BE TRADED ON THE STOCK EXCHANGE ONLY IN DEMATERIALIZED FORM.

The procedure for availing the facility for Allotment of Equity Shares in this Issue in the dematerialized form is as under:

- i) Open a beneficiary account with any depository participant (care should be taken that the beneficiary account should carry the name of the holder in the same manner as is registered in the records of our Company. In the case of joint holding, the beneficiary account should be opened carrying the names of the holders in the same order as registered in the records of our Company). In case of Shareholders having various folios in our Company with different joint holders, the Shareholders will have to open separate accounts for such holdings. Those Shareholders who have already opened such beneficiary account(s) need not adhere to this step.

A F ENTERPRISES LIMITED
(CIN- L18100DL1983PLC016354)

-
- ii) It should be ensured that the depository account is in the name(s) of the Shareholders and the names are in the same order as in the records of our Company or the Depositories.
 - iii) The responsibility for correctness of information filled in the Application Form *vis-a-vis* such information with the Shareholder's depository participant, would rest with the Shareholders. Shareholders should ensure that the names of the Shareholders and the order in which they appear in Application Form should be the same as registered with the Shareholder's depository participant.
 - iv) If incomplete or incorrect beneficiary account details are given in the Application Form, the Shareholders will not get any Equity Shares and the Application Form will be rejected.
 - v) The Equity Shares will be allotted to Applicants only in dematerialized form and would be directly credited to the beneficiary account as given in the Application Form after verification or demat suspense account (pending receipt of demat account details for resident Eligible Equity Shareholders holding Equity Shares in physical form/ with IEPF authority/ in suspense, etc.). Allotment advice, refund order (if any) would be sent directly to the Applicant by e-mail and, if the printing is feasible, through physical dispatch, by the Registrar but the Applicant's depository participant will provide to him the confirmation of the credit of such Equity Shares to the Applicant's depository account.
 - vi) Non-transferable Allotment advice/ refund intimation will be directly sent to the Shareholders by the Registrar, by e-mail and, if the printing is feasible, through physical dispatch.
 - vii) Renounees will also have to provide the necessary details about their beneficiary account for Allotment of Equity Shares in this Issue. In case these details are incomplete or incorrect, the Application is liable to be rejected.

IMPERSONATION

As a matter of abundant caution, attention of the Shareholders is specifically drawn to the provisions of Section 38 of the Companies Act, 2013 which is reproduced below:

"Any person who makes or abets making of an application in a fictitious name to a company for acquiring, or subscribing for, its securities; or makes or abets making of multiple applications to a company in different names or in different combinations of his name or surname for acquiring or subscribing for its securities; or otherwise induces directly or indirectly a company to allot, or register any transfer of, securities to him, or to any other person in a fictitious name, shall be liable for action under Section 447."

The liability prescribed under Section 447 of the Companies Act, 2013 for fraud involving an amount of at least Rs. 0.1 crore or 1% of the turnover of the company, whichever is lower, includes imprisonment for a term of not less than six months extending up to 10 years (provided that where the fraud involves public interest, such term shall not be less than three years) and fine of an amount not less than the amount involved in the fraud, extending up to three times of such amount. In case the fraud involves (i) an amount which is less than Rs. 0.1 crore or 1% of the turnover of the company, whichever is lower; and (ii) does not involve public interest, then such fraud is punishable with an imprisonment for a term extending up to five years or a fine of an amount extending up to Rs. 0.5 crore or with both.

UTILISATION OF ISSUE PROCEEDS

Our Board declares that:

- A. All monies received out of this Issue shall be transferred to a separate bank account;
- B. Details of all monies utilized out of this Issue referred to under (A) above shall be disclosed, and continue to be disclosed till the time any part of the Issue Proceeds remains unutilised, under an appropriate separate head in the balance sheet of our Company indicating the purpose for which such monies have been utilised; and

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991, of the Government of India and FEMA. While the Industrial Policy, 1991, of the Government of India, prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. The Union Cabinet, as provided in the Cabinet Press Release dated May 24, 2017, has given its approval for phasing out the FIPB. Under the Industrial Policy, 1991, unless specifically restricted, foreign investment is freely permitted in all sectors of the Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. Accordingly, the process for foreign direct investment ("FDI") and approval from the Government of India will now be handled by the concerned ministries or departments, in consultation with the Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry, Government of India (formerly known as the Department of Industrial Policy and Promotion) ("DPIIT"), Ministry of Finance, Department of Economic Affairs, FIPB section, through a memorandum dated June 5, 2017, has notified the specific ministries handling relevant sectors.

The Government has, from time to time, made policy pronouncements on FDI through press notes and press releases. The DPIIT issued the Consolidated FDI Policy Circular of 2020 ("**FDI Circular 2020**"), which, with effect from October 15, 2020, consolidated and superseded all previous press notes, press releases and clarifications on FDI issued by the DPIIT that were in force and effect as on October 15, 2020. The Government proposes to update the consolidated circular on FDI policy once every year and therefore, FDI Circular 2020 will be valid until the DPIIT issues an updated circular.

The Government of India has from time to time made policy pronouncements on FDI through press notes and press releases which are notified by RBI as amendments to FEMA. In case of any conflict, the relevant notification under Foreign Exchange Management (Non-Debt Instruments) Rules, 2019 will prevail. The payment of inward remittance and reporting requirements are stipulated under the Foreign Exchange Management (Mode of Payment and Reporting of Non-Debt Instruments) Regulations, 2019 issued by RBI. The FDI Circular 2020, issued by the DPIIT, consolidates the policy framework in place as on October 15, 2020, and supersedes all previous press notes, press releases and clarifications on FDI issued by the DPIIT that were in force and effect as on October 15, 2020.

The transfer of shares between an Indian resident and a non-resident does not require the prior approval of RBI, provided that (i) the activities of the investee company falls under the automatic route as provided in the FDI Policy and FEMA and transfer does not attract the provisions of the Takeover Regulations; (ii) the non-resident shareholding is within the sectorial limits under the FDI Policy; and (iii) the pricing is in accordance with the guidelines prescribed by SEBI and RBI.

No investment under the FDI route (i.e. any investment which would result in the investor holding 10% or more of the fully diluted paid-up equity share capital of the Company or any FDI investment for which an approval from the government was taken in the past) will be allowed in the Issue unless such application is accompanied with necessary approval or covered under a pre-existing approval from the government. It will be the sole responsibility of the investors to ensure that the necessary approval or the pre-existing approval from the government is valid in order to make any investment in the Issue. Our Company will not be responsible for any allotments made by relying on such approvals.
