NOTICE TO OVERSEAS INVESTORS

The distribution of the Issue Material and the Issue of Rights Entitlements or the Rights Shares on a rights basis to persons in certain jurisdictions outside India may be restricted by legal requirements prevailing in those jurisdictions. Persons in whose possession the Issue Material may come are required to inform themselves about and observe such restrictions.

Our Company is making this Issue on a rights basis to the Eligible Shareholders as on Record Date and will dispatch the Issue Materials through email and courier to such Eligible Shareholders who have a registered address in India or have provided an Indian address to our Company. The Draft letter of offer will be provided, through email and courier, by the Registrar on behalf of our Company to the Eligible Shareholders who have provided their Indian addresses to our Company or who are in jurisdictions where the offer and sale of the Rights Shares is permitted under laws of such jurisdictions and in each case who make a request in this regard. Those overseas shareholders, who have not updated our records with their Indian address or the address of their duly authorized representative in India, prior to the date on which we propose to dispatch the Issue Materials, shall not be sent the Issue Materials. Investors can also access the Issue Material from the websites of the Registrar, our Company, and on BSE.

No action has been or will be taken to permit this Issue in any jurisdiction where action would be required for that purpose, except that the Draft letter of offer has been filed with BSE for observations. Accordingly, the Rights Entitlements or the Rights Shares may not be offered or sold, directly or indirectly, and the Issue Materials may not be distributed in any jurisdiction, except in accordance with the legal requirements applicable in such jurisdiction. Receipt of the Issue Materials will not constitute an offer in those jurisdictions in which it would be illegal to make such an offer, and, under such circumstances, Issue Materials must be treated as sent for information only and should not be acted upon for subscription to Rights Shares and should not be copied or redistributed. Accordingly, persons receiving a copy of the Issue Materials should not, in connection with the Issue of Rights Entitlements or the Rights Shares, distribute or send the same in or into any jurisdiction where to do so would or might contravene local securities laws or regulations. If Issue Materials are received by any person in any such jurisdiction, or by their agent or nominee, they must not seek to subscribe to the Rights Entitlements, or the Rights Shares referred to in the Issue Materials.

Any person who makes an application to acquire the Rights Entitlement or the Rights Shares offered in this Issue will be deemed to have declared, represented, warranted, and agreed that she/he is authorized to acquire the Rights Entitlement or the Rights Shares in compliance with all applicable laws and regulations prevailing in her/his jurisdiction. Our Company, the Registrar or any other person acting on behalf of us reserve the right to treat any Application Form as invalid where we believe that the Application Form is incomplete, or acceptance of such Application Form may infringe applicable legal or regulatory requirements and we shall not be bound to Allot or issue any Rights Entitlement or Rights Shares in respect of any such Application Form.

Neither the delivery of Issue Materials nor any sale hereunder, shall under any circumstances create any implication that there has been no change in our Company's affairs from the date hereof or that the information contained herein is correct as at any time subsequent to the date of the Draft letter of offer.

THE CONTENTS OF THE ISSUE MATERIALS SHOULD NOT BE CONSTRUED AS LEGAL, TAX OR INVESTMENT ADVICE. PROSPECTIVE INVESTORS MAY BE SUBJECT TO ADVERSE FOREIGN, STATE, OR LOCAL TAX OR LEGAL CONSEQUENCES AS A RESULT OF THE OFFER OF RIGHT ENTITLEMENTS OR RIGHTS SHARES. AS A RESULT, EACH INVESTOR SHOULD CONSULT ITS OWN COUNSEL, BUSINESS ADVISOR, AND TAX ADVISOR AS TO THE LEGAL, BUSINESS, TAX, AND RELATED MATTERS CONCERNING THE OFFER OF THE RIGHTS ENTITLEMENT OR THE RIGHTS SHARES. IN ADDITION, OUR COMPANY IS NOT MAKING ANY REPRESENTATION TO ANY OFFEREE OR PURCHASER OF THE RIGHTS ENTITLEMENT OR THE RIGHTS SHARES REGARDING THE LEGALITY OF AN INVESTMENT IN THE RIGHTS ENTITLEMENT OR THE RIGHTS SHARES BY SUCH OFFEREE OR PURCHASER UNDER ANY APPLICABLE LAWS OR REGULATIONS.

NO OFFER IN THE UNITED STATES

The Right Entitlements or the Rights Shares of our Company have not been and will not be registered under the Securities Act, or any U.S. state securities laws and may not be offered, sold, resold, or otherwise transferred within the United States of America or the territories or possessions thereof, except in a transaction exempt from the registration requirements of the Securities Act. The rights referred to in the Issue Materials are being offered in India, but not in the United States. The offering to which the Issue Materials relate to is not and are under no

circumstances to be construed as, an offering of any Right Entitlement or the Rights Shares for sale in the United States or as a solicitation therein of an offer to buy any of the said Right Entitlement or the Rights Shares. Accordingly, the Issue Materials should not be forwarded to or transmitted in or into the United States at any time.

Neither our Company nor any person acting on behalf of our Company will accept subscriptions or renunciation from any person, or the agent of any person, who appears to be, or who our Company or any person acting on behalf of our Company has reason to believe is in the United States when the buy order is made. Envelopes containing an Application Form and Rights Entitlement Letters should not be postmarked in the United States or otherwise dispatched from the United States or any other jurisdiction where it would be illegal to make an offer, and all persons subscribing for the Right Entitlements or the Rights Shares and wishing to hold such Rights Shares in registered form must provide an address for registration of the Equity Shares in India. Any person who acquires Right Entitlements or Rights Shares will be deemed to have declared, represented, warranted, and agreed, that:

1. It is not and that at the time of subscribing for the Right Entitlements or the Rights Shares, it will not be, in the United States when the buy order is made,
2. It does not have a registered address (and is not otherwise located) in the United States, and
3. It is authorized to acquire the Right Entitlements or the Rights Shares in compliance with all applicable laws and regulations.

Our Company reserves the right to treat as invalid any Application Form which:

1. Does not include the certification set out in the Application Form to the effect that the subscriber does not have a registered address (and is not otherwise located) in the United States and is authorized to acquire the rights and the Equity Shares in compliance with all applicable laws and regulations;
2. Appears to our Company or its agents to have been executed in or dispatched from the United States;
3. Where a registered Indian address is not provided; or
4. Where our Company believes that the Application Form is incomplete or acceptance of such Application Form may infringe applicable legal or regulatory requirements; and our Company shall not be bound to allot or issue any Rights Entitlement or the Right in respect of any such Application Form.

EXEMPTION FROM COMPLYING WITH ANY PROVISIONS OF SECURITIES LAWS, IF ANY, GRANTED BY THE SECURITIES AND EXCHANGE BOARD OF INDIA

Our Company has not been granted any exemption from complying with any provisions of securities laws by the Securities and Exchange Board of India.

SECTION III – RISK FACTORS

An investment in Equity Shares involves a high degree of risk. You should carefully consider each of the following risk factors, uncertainties, and all other information described in this Draft letter of offer, in conjunction with **‘Industry Overview’, ‘Business Overview’, ‘Financial Statements’, ‘Management’s Discussion and Analysis of Financial Condition and Results of Operations’, and ‘Key Industry Regulations and Policies’** beginning on pages 72, 83, 107, 173, and 190 respectively in this Draft letter of offer, before making an investment in our Equity Shares.

The risks described in this section are those that we consider to be the most significant and material to our business, financial condition, results of operations, and cash flows as of the date of this Draft letter of offer. We have described the risks and uncertainties that we currently believe to be material, but the risks set out in this section may not be exhaustive, and additional risks and uncertainties not presently known to us, or which we currently deem to be immaterial, may arise or may become material in the future. If any or some combination of the following risks, or other risks that are not currently known or believed to be adverse, occur, our business, financial condition, and results of operations could suffer, and the trading price and the value of your investment in, our Equity Shares could decline, and you may lose all or part of your investment. In making an investment decision with respect to this Issue, you must rely on your examination of our Company and the terms of this Issue, including the merits and risks involved. You should consult your tax, financial, and legal advisors about the consequences of an investment in our Equity Shares and its impact on you.

In making an investment decision, prospective investors must rely on their own examinations of us and the terms of the Offer, including the merits and risks involved. Prospective investors should consult their tax, financial and legal advisors about the consequences they could encounter in investing in the Equity Shares.

This Draft letter of offer also contains forward-looking statements that involve risks and uncertainties. Our results could differ materially from such forward-looking statements because of certain factors, including the considerations described below and elsewhere in this t Draft letter of offer.

Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify the financial or other implications of any of the risks described in this section. Unless the context otherwise requires, in this section, reference to ‘we’, ‘us’, and ‘our’ refers to our Company.

INTERNAL RISK FACTORS

- 1. Our top ten, five and one customers contribute majority of our revenues from operations. Any loss of business from one or more of them may adversely affect our revenues and profitability.**

Our top ten, five and one customers have contributed the following of our revenues for the period/year ended September 30,2024, March 31, 2024, March 31, 2023 and March 31, 2022:

| Particulars | Revenue (in %) For the year ended | | | |
|------------------|--------------------------------------|----------------|----------------|----------------|
| | September 30, 2024 | March 31, 2024 | March 31, 2023 | March 31, 2022 |
| Top 10 customers | 14.15 | 7.47 | 6.56 | 89.21 |
| Top 5 customers | 13.65 | 6.80 | 6.27 | 88.30 |
| Top 1 customers | 7.00 | 1.57 | 4.84 | 74.47 |

However, our top customers may vary from period to period depending on the demand and thus the composition and revenue generated from these customers might change as we continue to add new customers in normal course of business.

Since our business is concentrated among relatively few significant customers (including wholesalers), also we have our promoter group entities as our customers. We could experience a reduction in our results of operations, cash flows and liquidity if we lose one or more of these customers or the amount of business we obtain from them is reduced for any reason, including but not limited on account of any dispute or disqualification. Accordingly, we cannot assure you that the customers which contribute to the major part of our revenue stream will pay us the amounts due to us on time, or at all. In the event any of our significant customers fail to fulfil their respective obligations, our business, financial condition and results of operations would be adversely affected. While we believe we have maintained good and long-term relationships with our customers, there can

be no assurance that we will continue to have such long-term relationship with them. We cannot assure that we shall generate the same quantum of business, or any business at all, from these customers, and loss of business from one or more of them may adversely affect our revenues and profitability.

2. ***Our Company had been inoperative until previous financial years and has started generating revenue only through investment activities routing through its various subsidiaries, as a result of which, there are losses in booked and in the near future, we may not be able to achieve profitability.***

Our Company remained inactive until recent financial years and has only recently begun generating revenue through investment activities routed via its subsidiaries. As per our Restated Consolidated Financial Statements, the Company has incurred net losses of ₹140.99 Lakhs for the six months ended September 2024. For the financial years ending March 2024, 2023, and 2022, net losses amounted to ₹349.67 Lakhs, ₹205.89 Lakhs, and ₹ 0.62 Lakhs, respectively. We anticipate continued net losses and may not achieve profitability in the near future. Additionally, as a listed entity, we incur significant legal, accounting, and other operational expenses that impact profitability. Any failure to sufficiently increase revenue to offset these investments, initiatives, and expenses may hinder our ability to achieve consistent profitability or positive cash flow in the foreseeable future.

Moreover, several of our subsidiaries and associates have incurred losses in recent fiscal years. To sustain their operations, our Company has provided financial support in the form of debt or equity and may continue to do so in the future. However, there is no certainty that these entities will be able to raise sufficient capital to sustain their operations or meet their financial obligations. If these subsidiaries or associates fail to achieve profitability or secure adequate funding through debt or equity, their operations could be significantly impacted.

There is no assurance that our Company will not incur losses in the future, which may adversely affect our reputation and business prospects. For further details, refer to the section titled “***Financial Information***” on page 107 of this Draft Letter of Offer.

3. ***Our top ten, five and three suppliers contribute majority of our purchases. Any loss of business with one or more of them may adversely affect our business operations and profitability.***

Our top ten, five and one suppliers contributed the following of our total purchases for the period ended September 30, 2024, March 31, 2024, March 31, 2023 and March 31, 2022.

| Particulars | Purchases (in %) For the year ended | | | |
|------------------|--|----------------|----------------|----------------|
| | September 30, 2024 | March 31, 2024 | March 31, 2023 | March 31, 2022 |
| Top 10 suppliers | 99.69 | 97.88 | 99.55 | 86 |
| Top 5 suppliers | 92.95 | 96.50 | 97.69 | 80 |
| Top 1 suppliers | 86.74 | 91.70 | 67.72 | 34 |

However, our top suppliers may vary from period to period depending on the demand-supply mechanism and thus the supply process from these suppliers might change as we continue to seek more cost-effective suppliers in the normal course of business. Since our business is concentrated among relatively few significant suppliers, we could experience a reduction in our purchases and business operations if we lose one or more of these suppliers, including but not limited on account of any dispute or disqualification.

While we believe we have maintained good and long-term relationships with our other suppliers too, there can be no assurance that we will continue to have such long-term relationships with them. We cannot assure that we shall do the same quantum of business, or any business at all, with these customers, and loss of business with one or more of them may adversely affect our purchases and business operations.

4. ***Our Subsidiaries operate in various facets of industries. Further, since these subsidiaries have been incorporated vide joint venture agreements, pre-mature termination of agreements can have an adverse impact on the financial operations of our Company.***

As on date of this Draft letter of offer, our Company is undertaking various business activities through:

- (a) Alan Scott Retail Limited, which was incorporated on December 24, 2021, has established and is operating fourteen stores in Mumbai and North India.

- (b) Alan Scott Automation & Robotics Limited was incorporated on March 17, 2022. Alan Scott Automation & Robotics Ltd. is a forward-thinking Company at the forefront of Robotics and Industrial Automation. With a focus on delivering cutting-edge solutions, the Company specialize in designing and manufacturing advanced machinery tailored to meet the needs of dynamic industries such as dairy, food & beverage and FMCG.
- (c) Alan Scott Fusion Resonance India Limited, was incorporated on June 18, 2022, with an aim to market and distribute the innovative products developed by its Australian partner.

For further details, kindly refer to the section titled '**Business Overview**' on page 83 of this Draft letter of offer.

Due to our operations in diversified field of industry, we are exposed to various risks and opportunities in each of these particular industries. We cannot assure you that our operations will not be affected due to an impact or effect of various internal and external factors in our industry. If we suffer a disruption in our operations, it could also have an adverse effect on our business, results of operations, financial condition and cash flows.

5. ***In the Financial Year ended on March 31, 2020, an open offer had been triggered by our current Promoter, due to execution of a share purchase agreement and change in control and management of our Company.***

On December 20, 2019, a share purchase agreement had been executed between Soketu Parikh, Concord Capitals Private Limited (erstwhile promoters of our Company) with current Promoter, Suresh Kumar Jain, for acquisition of equity shares and change in control and management of our Company. Due to the said share purchase agreement, an open offer had been triggered during the Financial Year 2019-2020, in accordance and compliance with the provisions of the Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011. Post-completion of the said open offer, the Promoter took over the management of the Company and through his and the newly appointed Board's expertise strived and is striving to take the Company on the path of revival. The Company's new management is making all out efforts to enter into the business of manufacturing and distribution of various health and hygiene products and retail business. Therefore, our success is largely dependent on our management team which ensures the implementation of our strategy. If one or more members of our key management team were unable or unwilling to continue in their present positions, such persons would be difficult to replace and our business, results of operations, financial condition, cash flows and prospects could be adversely affected.

6. ***Our Company has had explored various business opportunity in the Financial Years prior to 2020. As a result of which the financial disclosures in the Restated Financial Statements shall not give a true and fair view of the current operations of our business.***

On incorporation, the Company was engaged in manufacturing of designer socks. Our Company had been selected by the Business Initiative Directions, Madrid, Spain for the International Platinum Star Award for Quality Commitment in the year 1998. During the said period, our Company was one of the first few companies to introduce the state-of-the-art manufacturing facilities in India. Our Company had also endeavoured and launched its own brand 'ALAN SCOTT' and was in the business of supplying socks to various brands during the period 1994 to 2002. However, in the month of November 2002 the manufacturing facilities of the Company was completely destroyed in fire. In-order to revive the business from the said loss, our Company entered into a joint venture with Delta Galil Limited. But to add up to the crisis, the relations with the joint venture partner became sour and the joint venture was terminated in the year 2006. Due to non-compete clause in the said joint venture, our Company had to suspend the manufacturing of sock, which was the core competence of the Company. After the said termination, our Company tried to enter into film distribution and entertainment business. However, it could not get through remarkably.

In the year 2020, the erstwhile promoters sold off their stake to our current Promoter, who post-completion of the aforesaid open offer, took over the management of the Company, and through his and the newly appointed Board's expertise strived and is striving to take the Company on the path of revival. As on date of this Draft letter of offer, on BSE's website the industry of our Company is displayed as 'Film Production, Distribution & Exhibition', and no application for rectifying and updating the same has been made by our Company. Accordingly, investors should read the section titled as '**Business Overview**' on page 83 of this Draft letter of offer.

7. ***Any decline in the value of investments of our Company, present and future, could have a material adverse effect on our business, results of operations, financial condition and cash flows.***

Our Company has been pre-dominantly operating through its Subsidiaries, namely being, Alan Scott Retail Limited, Alan Scott Automation & Robotics Limited, and Alan Scott Fusion Resonance India Limited, in varied industries. In pursuance of joint venture agreements, the aforesaid Subsidiaries have been incorporated, the specific details of which are enumerated as hereunder:

| Name of the Subsidiary | Date of Incorporation | Investment in the number of equity shares of the said Subsidiary by our Company | Percentage of Equity Shares in the said Subsidiary by our Company | Price per Equity Share | Total Consideration (₹ in Lakhs) |
|---|-----------------------|---|---|------------------------|----------------------------------|
| Alan Scott Retail Limited | December 24, 2021 | 84,990 | 44.73% | ₹10.00/- | ₹8.50/- |
| | | 90,000 | 47.37% | ₹300.00/- | ₹270/- |
| Alan Scott Automation & Robotics Limited | March 17, 2022 | 80,000 | 80.00% | ₹10.00/- | ₹8.00/- |
| Alan Scott Fusion Resonance India Limited | June 18, 2022 | 69,000 | 7.74% | ₹10.00/- | ₹6.90/- |
| | | 7,91,667 | 88.78% | ₹12.00 | ₹95.00/- |

If the aforesaid Subsidiaries or any other entity whose securities we may invest in in the future does not perform adequately or if there is any material adverse impact on their business, results of operations, financial condition or cash flows, we may not derive optimal returns on such investments, or the return on such investments may be lower or may have to be impaired / written off, which may have an adverse impact on our business, results of operations, financial condition or cash flows. For further details, kindly refer to the section titled '**Business Overview**' page 83 of this Draft letter of offer.

In addition, any regulatory non-compliance by the lessor or us or adverse development relating to the lessors' title or ownership rights to such properties, may entail significant disruptions to our operations, especially if we are forced to vacate the leased spaces following such developments. If our sales do not increase in line with our rent and costs, including setup and interior design costs, our profitability, business, results of operations, financial condition and cash flows could be adversely affected.

8. ***The Registered Office of our Company and our Subsidiaries, and various other operations of our Subsidiaries are located/ carried on land parcels that are not owned by us and are held by us on a leasehold/ rental basis. In the event we lose or are unable to renew such leasehold rights, our business, results of operations, financial condition and cash flows may be adversely affected.***

We cannot assure you that we will be able to renew our leases on commercially acceptable terms, or at all. In the event that we are required to vacate the aforesaid leased premises, we would be required to make alternative arrangements and we cannot assure that the new arrangements will be on commercially acceptable terms. Further, since the registered office of not only our Company, but also of our Subsidiaries is located in the same premises, any negative set-back could materially adversely affect our business, results of operations, financial condition, cash flows and prospects. If we are required to relocate our business operations, we may suffer a disruption in our operations or have to pay increased charges, which could have an adverse effect on our business, results of operations, financial condition and cash flows.

9. ***Insurance policies have been covered and insured by one of our subsidiary, i.e., namely being Alan Scott Retail Ltd. Our insurance coverage may not adequately protect us against all material hazards, which may adversely affect our business, results of operations and financial condition.***

Insurance policies have been covered and insured by one of our subsidiaries, i.e., namely being Alan Scott Retail Ltd, our Company has not availed any insurance coverage. The insured furniture, stocks, etc, are shared by our Company and our Subsidiaries at their registered office located at Unit no.302, Kumar Plaza, 3rd Floor, Near Kalina Masjid, Kalina Kurla Road, Santacruz (East), Mumbai – 400029, Maharashtra, India. We believe that the insurance coverage maintained, would reasonably cover all normal risks associated with the operation of our business, however, there can be no assurance that any claim under the insurance policies maintained by us will be met fully, in part or on time. In the event, we suffer loss or damage that is not covered by insurance or exceeds our insurance coverage, our results of operations and cash flow may be adversely affected. Further, our Company is required to renew these insurance policies from time to time and in the event, we fail to renew the insurance policies within the time period prescribed in the respective insurance policies or not obtain at all, our Company may face significant uninsured losses. If our Company suffers a large uninsured loss or if any insured loss suffered, significantly exceeds our insurance coverage, our business, financial condition and results of operations may be adversely affected.

10. ***Our Company has provided personal guarantee for loan facilities obtained by our Subsidiaries, and any failure or default by our Company to repay such loans in accordance with the terms and conditions of the financing documents could trigger repayment obligations, which may affect the ability of our Company and Promoters to effectively render their duties and thereby, adversely impact our business and operations.***

Our Subsidiaries have availed loans and facilities in the ordinary course of its business. Our Company has given personal guarantee to secure a significant portion of the existing borrowings taken from the banks and may continue to provide such guarantees and other security. As of March 31, 2024 principal outstanding amounts from credit facilities guaranteed by them were ₹395.19 Lakhs (Rupees Three Crores Ninty Five Lakh point One Nine Only). Our Company, Promoters, and Directors may continue to provide such guarantees and other such securities. In case of a default under the loan agreements, any of the guarantees provided by our Company may be invoked, which in turn, could have an impact on their ability to effectively service their obligations as Promoters and Directors of our Company in addition to negatively impacting their reputation and net worth and adversely affecting our business, results of operations and financial condition. Further, our

Company may be required to liquidate their assets of our Company to settle the claims of the lenders. In the event our Company withdraw or terminate their guarantees, our lenders may require alternate guarantees, repayments of amounts outstanding or even terminate the loan facilities. We may not be successful in providing alternate guarantees satisfactory to the lenders, and as a result may be required to repay outstanding amounts or seek additional sources of capital, which could affect our financial condition and cash flows.

11. ***We are highly dependent on our Promoter and our management team and key personnel and the loss of any key team member may adversely affect our business performance.***

Our Promoter, management team, and key personnel have been instrumental in the growth and development of our Company. Our management team comprises our Managing Director, Suresh Pukhraj Jain, and our Chief Financial Officer, Mr. Ankit Gondaliya. In particular, the active involvement of our management team and key personnel in our operations, including through strategy, direction, and relationships have been integral to our development and business. The loss of any of these persons would have a material adverse effect on our operations.

Our businesses are dependent upon a core and senior management team which oversees the day-to-day operations, strategy and growth of our business. Our success is largely dependent on our management team which ensures the implementation of our strategy. If one or more members of our key management team were unable or unwilling to continue in their present positions, such persons would be difficult to replace and our business, results of operations, financial condition, cash flows and prospects could be adversely affected. Our future success, amongst other factors, will depend on our ability to continue to attract and retain qualified personnel, particularly persons with critical expertise, know-how and skills that are capable of helping us to strategize, and develop our business and various business vertical products. Our failure to successfully manage our personnel needs could materially and adversely affect our business, results of operations, financial condition and cash flows. Moreover, if any of our key professional employees were to join an existing competitor or form a competing company or otherwise leave, it could lead to setbacks in the implementation of our plans and strategy. Our failure to successfully manage our employees' needs could materially adversely affect our business, results of operations, financial condition, cash flows and prospects. If we are not able to address these risks, our business, results of operations, financial condition and cash flows could be adversely affected.

12. ***We have experienced negative cash flows in prior years.***

As per our Restated Consolidated Financial Statements, our Company has experienced negative cash flow for the period ended September 30, 2024 and Financial Years ended on March 31, 2024, 2023, and 2022, the details of which are specified as under:

(₹ in lakhs)

Such loans may be recalled at any time. In the event that our Promoter and/ or other parties seeks repayment of any such unsecured loan, our Company may need to find alternative sources of financing, which may not be available on commercially reasonable terms, or at all. As a result, any such demand may materially and adversely affect our business, results of operations, financial condition and cash flows.

14. ***We are required to comply with certain restrictive covenants under our financing agreements. Any non-compliance may lead to, amongst others, suspension of further drawdowns, which may adversely affect our business, results of operations, financial condition and cash flows.***

As of March 31, 2024 as per our Restated Consolidated Financial Statements our total borrowings amounted to ₹8,62,56,771. Our ability to pay interest and repay the principal for our indebtedness is dependent upon our ability to manage our business operations and generate sufficient cash flows to service such debt. Any additional indebtedness we incur may have significant consequences, including, without limitation, requiring us to use a significant portion of our cash flow from operations and other available cash to service our indebtedness, thereby reducing the funds available for other purposes, including capital expenditures, acquisitions, and strategic investments; reducing our flexibility in planning for or reacting to changes in our business, competition pressures and market conditions; and limiting our ability to obtain additional financing for working capital, capital expenditures, acquisitions, share repurchases, or other general corporate and other purposes.

Our financing arrangements include conditions that require us to obtain respective lenders' consent prior to carrying out certain activities and entering into certain transactions. We may also require consents from certain third parties, including our lenders under our financing agreements, in order to utilize the Net Proceeds towards the objects of the Issue, including in relation to the object on prepayment or repayment of certain outstanding borrowings availed by our Company, due to which we may also attract prepayment penalties. Failure to meet these conditions or obtain these consents could have significant consequences on our business and operations. These covenants vary depending on the requirements of the financial institution extending such loan and the conditions negotiated under each financing agreement. Certain of the corporate actions that require prior consents from certain lenders of our Company include, amongst others, entering into a scheme of merger, amalgamation, compromise or reconstruction, declaring dividend, permit any change in the general nature of our business, or any change in the ownership or control of our Company whereby the effective beneficial ownership or control of our Company changes directly or indirectly and making amendments to our constitutional documents. Further, while we have not yet faced any instances of non-compliance of our financing agreements in the past, any failure to comply with such covenants in the future may restrict or delay certain actions or initiatives that we may propose to take from time to time.

Some of our borrowings are secured, among others, through a charge by way of hypothecation on our movable property, i.e., motor car. For further details, kindly refer to the section '**Financial Indebtedness**' on page 107 of this Draft letter of offer. As these assets are hypothecated our rights in respect of transferring or disposing of these assets are restricted except in the normal course of business. Further, in the event we fail to service our debt obligations, the lenders have the right to enforce the security created in respect of our secured borrowings. If the lenders choose to enforce security and dispose our assets to recover the amounts due from us, our business, results of operations, financial condition and cash flows may be adversely affected. A failure to observe the covenants under our financing arrangements or to obtain necessary waivers may lead to the termination of our credit facilities, acceleration of amounts due under such facilities, suspension of further access/ withdrawals, either in whole or in part, for the use of the facility and/or restructuring of our debt.

15. ***The properties of one of our subsidiaries i.e., Alan Scott Retail Ltd is on lease***

The retail stores belonging to our subsidiary Alan Scott Retail Ltd is on lease. If in any event there is a delay by the landowners to carry out the maintenance, repair of building's water or electrical, it could result in operations to come to a slow down or if repair works are undertaken by our subsidiary, it would affect its financial results, which will in turn affect the financial results of the Company.

16. ***In the event that our Net Proceeds to be utilised towards growth initiatives are insufficient for the cost of our proposed acquisitions, we may have to seek alternative forms of funding.***

We will from time to time continue to seek attractive opportunities to achieve growth vide investments and proposes to utilise ₹650 Lakhs from the Net Proceeds towards our strategic acquisitions and/or investments which may be undertaken over the course of next Financial Year ending March 31, 2026, as set forth in '**Objects of the Issue**' on page 59 of this Draft letter of offer. Further, for details of interim use of Net Proceeds, see '**Objects of the Issue**' on page 59 of this Draft letter of offer. The amount of Net Proceeds to be used for each individual investments will be based on our management's decision and may not be the total value or cost of any such investments but is expected to provide us with sufficient financial leverage to pursue such investments. The actual deployment of funds will also depend on a number of factors, including the timing, nature, size and quantum of investments undertaken, as well as general factors affecting our business, results of operation, financial condition, cash flows and access to capital. These factors will also determine the form of investment for these potential acquisitions, i.e., whether they will be directly done by our Company or whether these will be in the nature of asset or technology acquisitions or joint ventures.

In addition, acquisitions may result in impairment of goodwill and other intangible assets, adversely affecting our business, results of operations, financial condition and cash flows. These difficulties could disrupt our ongoing business, distract our management and employees and increase our expenses. We may not be able to achieve the strategic purpose of such acquisition or operational integration or our targeted return on investment. Further, for any reason, in the event the benefits we realize are less than our estimates or the acquisitions adversely affect our operations or cost more or take longer to effectuate than we expect, or if our assumptions prove inaccurate, our business, results of operations, financial condition and cash flows may be materially adversely affected.

17. ***One of our subsidiaries i.e., Alan Scott Retail Ltd have hired services of a third party.***

Alan Scott Retail Ltd has hired the services of a third party for its operations. The third party may at any time terminate its services which will affect the operations of Alan Scott Retail Ltd. This will ultimately affect the financial results of our Company.

18. *We have entered into, and will continue to enter into, related party transactions which may potentially involve conflicts of interest.*

In the ordinary course of our business, we enter into and will continue to enter into transactions with related parties. For details regarding our related party transactions, see '*Restated Financial Statements – Annexure 23 – Related Party Transactions*' on page 168 of this Draft letter of offer. While we believe that all such related party transactions that we have entered into are conducted on an arms' length basis in accordance with the Companies Act and other applicable regulations pertaining to the evaluation and approval of such transactions and all related party transactions are subject to board or shareholder approval, as necessary under the Companies Act and the SEBI (LODR) Regulations, in the interest of the Company and its minority shareholders and in compliance with the SEBI (LODR) Regulations, we cannot assure you these arrangements in the future, or any future related party transactions that we may enter into, individually or in the aggregate, will not have an adverse effect on our business, financial condition, results of operations, cash flows and prospects. Further, any future transactions with our related parties could potentially involve conflicts of interest which may be detrimental to our Company. There can be no assurance that our Directors and executive officers will be able to address such conflicts of interests or others in the future.

The following table highlights the details of our related party transactions as per Ind AS – 24 Related Party Disclosures, read with SEBI (ICDR) Regulations for the period ended September 30, 2024 and Financial Years ended on March 31, 2024, 2023 and 2022, is specified as below:

For details of the Related Party Transactions, as reported in the Restated Financial Statements, please refer to the section titled '*Financial Information*' beginning on page 107 of this Draft letter of offer.

19. ***Our Directors and Key Managerial Personnel have interests in our Company in addition to their remuneration and reimbursement of expenses.***

The Promoter may be deemed interested in our Company to the extent of any transactions entered, his shareholding, and dividend entitlement in our Company. For further details, please refer to the section titled '*Our Promoters and Promoter Group*' beginning on page 100 of this Draft letter of offer.

Our Directors and Key Managerial Personnel may be deemed interested in our Company to the extent of remuneration paid to them for services rendered to our Company and reimbursement of expenses payable to them. Additionally, our Directors and Key Managerial Personnel may be interested in the Equity Shares that may be subscribed by or allotted to them, their relatives, companies, firms, ventures, and trusts in which they are interested as promoters, directors, partners, proprietors, members, or trustees, pursuant to this Offer. For

further details, please refer to the section titled ***‘Our Management’*** beginning on page 91 of this Draft letter of offer.

20. ***Our Promoter will continue to retain significant shareholding in our Company after the Issue, which will allow it to exercise control over us.***

As on date of this Draft letter of offer, our Promoter holds 23,08,313 (Twenty Three Lakhs Eighty Thousand Three Hundred and Thirteen) Equity Shares, representing 63.56% (Sixty Three point Fifty-Six Percent) of the Voting Share Capital of the Company. Further, the Promoter of our Company, through his letter dated Monday, January 06, 2025, has confirmed that, he intends to subscribe in part or to full extent of his Right Entitlements in this Issue and to the extent of the unsubscribed portion (if any) of this Issue and that he shall not renounce his Right Entitlements in accordance with the provisions of Regulation 86 of the SEBI (ICDR) Regulations.

After the completion of the Issue, our Promoter will continue to hold significant percentage of our outstanding Equity Shares. Accordingly, our Promoter will continue to exercise control over our business and all matters requiring shareholders’ approval, including the composition of our Board of Directors, the adoption of amendments to our charter documents, the approval of mergers, strategic acquisitions or joint ventures or the sales of substantially all of our assets, and the policies for dividends, lending, investments and capital expenditures. There can be no assurance that our Promoter will exercise its rights as a shareholder to the benefit and best interests of our Company. The interests of our Promoter, as our Company’s significant shareholder and exercising control over our Company, could be different from the interests of our other Shareholders and their influence may result in change of management or control of our Company, even if such a transaction may not be beneficial to our other Shareholders.

21. ***There is a mismatch in the name of our Company on BSE’s website.***

Alan Scott Enterprises Limited (CIN: L33100MH1994PLC076732) was incorporated on February 22, 1994, under the Companies Act, 1956 in the name and style as Suketu Fashions Limited as a Public Limited company in the State of Maharashtra. The Company obtained the Certificate of Commencement of Business on March 9, 1994 from the Registrar of Companies, Maharashtra, Mumbai. The Company changed its name from Suketu Fashions Limited to Alan Scott Industries Limited and a fresh Certificate Incorporation was issued by the Registrar of Companies on October 24, 1997. The name was again changed to Alan Scott Industries Limited and a fresh Certificate of Incorporation dated September 9, 2006 was issued by the Registrar of Companies, Maharashtra. The Company changed its name from Alan Scott Industries Limited to Alan Scott Enterprises Limited vide Shareholders approval dated September 25, 2023. The Registrar of Companies, Maharashtra, Mumbai vide its order dated October 25, 2023 approved the name change. The Company made its maiden public issue in August 1994 and got listed on the OTC Stock Exchange of India. However, the name of the Company on BSE’s website is wrongly displayed as ‘Alan Scott Industries Limited.

As on date of this Draft letter of offer, no application has been made to BSE Limited to rectify the same. Accordingly, investors should read our Company in the name and style of ‘Alan Scott enterprises Limited’.

22. ***We have not commissioned an industry report for the disclosures made in the section titled ‘Industry Overview’ and made disclosures based on the data available on the internet and such third-party data has not been independently verified by us.***

We have neither commissioned an industry report, nor sought consent from the quoted website source for the disclosures which need to be made in the section titled ***‘Industry Overview’*** beginning on page 72 of this Draft letter of offer. We have made disclosures in the said section based on the relevant industry related data available online for which relevant consents have not been obtained. We have not independently verified such third-party data. We cannot assure you that any assumptions made are correct or will not change and, accordingly, our position in the market may differ from that presented in this Draft letter of offer. Further, the industry data mentioned in this Draft letter of offer or sources from which the data has been collected are not recommendations to invest in our Company. Accordingly, investors should read the industry related disclosure in this Draft letter of offer in this context.

23. ***Significant differences exist between Ind AS used to prepare our financial information and other accounting principles, such as U.S. GAAP and IFRS, which may affect investors’ assessments of our Company’s financial condition.***

Our Restated Consolidated Summary Statements for Financial Years ended on September 30, 2024, March 31, 2024, 2023, and 2022, included in this Draft letter of offer are derived from our audited consolidated financial statements prepared in accordance with Ind AS or Ind AS 34, as applicable, specified under Section 133 of the Companies Act 2013, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and restated in accordance with the requirements of Section 26 of Part 1 of Chapter III of the Companies Act, the SEBI ICDR Regulations. Ind AS differs from accounting principles with which prospective investors may be familiar, such as Indian GAAP, IFRS and U.S. GAAP.

We have not attempted to explain in a qualitative manner the impact of the IFRS or U.S. GAAP on the financial information included in this Draft Red Herring Prospectus, nor do we provide a reconciliation of our financial information to those of U.S. GAAP or IFRS. U.S. GAAP and IFRS differ in significant respects from Ind AS and Indian GAAP, which may differ from accounting principles with which prospective investors may be familiar in other countries. Accordingly, the degree to which the financial information included in this Draft letter of offer, which are restated as per the SEBI (ICDR) Regulations, will provide meaningful information is entirely dependent on the reader's level of familiarity with Indian accounting practices, Ind AS, the Companies Act, and the SEBI (ICDR) Regulations. Any reliance by persons not familiar with Indian accounting practices, Ind AS, the Companies Act and the SEBI (ICDR) Regulations, on the financial disclosures presented in this Draft letter of offer should accordingly be limited.

ISSUE SPECIFIC FACTORS

24. ***Our Company will not distribute the Offer Documents to certain overseas shareholders who have not provided an address in India for service of documents.***

Our Company will dispatch the Offer Documents to such shareholders who have provided an address in India for the service of documents or who are in jurisdictions where the offer and sale of the Rights Equity Shares permitted under laws of such jurisdictions and in each case who make a request in this regard. The Offer Documents will not be distributed to addresses outside India on account of restrictions that apply to the circulation of such materials in various overseas jurisdictions. However, the Companies Act requires companies to serve documents at any address, which may be provided by the members as well as through e-mail. Presently, there is a lack of clarity under the Companies Act, 2013, and the rules thereunder, with respect to the distribution of Issue Materials in overseas jurisdictions where such distribution may be prohibited under applicable laws of such jurisdictions. While we have requested all the shareholders to provide an address in India for the purposes of distribution of Issue Materials, we cannot assure you that the regulator or authorities would not adopt a different view with respect to compliance with the Companies Act and may subject us to fines or penalties.

25. ***There is no public market for the Rights Equity Shares or Equity Shares outside India.***

After this Issue, there will continue to be no public market for our Equity Shares in the United States or any country other than India. In addition, the holders of the partly paid-up Rights Equity Shares will not be able to trade in these Equity Shares till they are credited to the holders' account as fully paid-up, and thereafter there will also be no public market for the Rights Equity Shares outside of India. We cannot assure you that the face value of the Rights Equity Shares will correspond to the price at which the Rights Equity Shares will trade subsequent to this Issue. This may also affect the liquidity of our Rights Equity Shares and Equity Shares and restrict your ability to sell them.

26. ***Failure to exercise or sell the Rights Entitlements will cause the Rights Entitlements to lapse without compensation and result in a dilution of shareholding.***

The Rights Entitlements that are not exercised prior to the end of the Issue Closing Date will expire and become null and void, and Eligible Equity Shareholders will not receive any consideration for them. The proportionate ownership and voting interest in our Company of Eligible Equity Shareholders who fail (or are not able) to exercise their Rights Entitlements will be diluted. Even if you elect to sell your unexercised Rights Entitlements, the consideration you receive for them may not be sufficient to fully compensate you for dilution of your percentage ownership of the equity share capital of our Company that may be caused because of the Issue. Renounees may not be able to apply in case of failure in completion of renunciation through off-market transfer in such a manner that the Rights Entitlements are credited to the demat account of the Renounees prior to the Issue Closing Date. Further, in case, the Rights Entitlements do not get credited in time, in case of On Market Renunciation, such Renounee will not be able to apply in this Issue with respect to such Rights Entitlements.

27. ***SEBI has recently, by way of Rights Issue Circulars streamlined the process of rights issues. You should follow the instructions carefully, as stated in such SEBI circulars and in this Draft letter of offer.***

The concept of crediting Rights Entitlements into the demat accounts of the Eligible Equity Shareholders has recently been introduced by the SEBI. Accordingly, the process for such Rights Entitlements has been recently devised by capital market intermediaries. Eligible Equity Shareholders are encouraged to exercise caution, carefully follow the requirements as stated in the SEBI Rights Issue Circulars and ensure completion of all necessary steps in relation to providing/updating their demat account details in a timely manner. For details, see '*Terms of the Issue*' on page 201 of this Draft letter of offer.

In accordance with Regulation 77A of the SEBI (ICDR) Regulations read with the SEBI Rights Issue Circular, the credit of Rights Entitlements and Allotment of Rights Equity Shares shall be made in dematerialized form only. Prior to the Issue Opening Date, our Company shall credit the Rights Entitlements to (i) the demat accounts of the Eligible Equity Shareholders holding the Equity Shares in dematerialised form; and (ii) a demat suspense escrow account (namely being [●]) opened by our Company, for the Eligible Equity Shareholders which would comprise Rights Entitlements relating to:

- a. Equity Shares held in a demat suspense account pursuant to Regulation 39 of the SEBI (LODR) Regulations; or
 - b. Equity Shares held in the account of IEPF authority; or
 - c. The demat accounts of the Eligible Equity Shareholder which are frozen or suspended for debit or credit or details of which are unavailable with our Company or with the Registrar on the Record Date; or
 - d. Equity Shares held by Eligible Equity Shareholders holding Equity Shares in the physical form on the Record Date the details of demat accounts are not provided by Eligible Equity Shareholders to our Company or Registrar; or
 - e. Credit of the Rights Entitlements returned/reversed/failed; or
 - f. The ownership of the Equity Shares currently under dispute, including any court proceedings.
28. ***Any future issuance of Equity Shares, or convertible securities or other equity-linked securities by our Company may dilute your shareholding and any sale of Equity Shares by our Promoter or members of our Promoter Group may adversely affect the trading price of the Equity Shares.***

Any future issuance of the Equity Shares, convertible securities or securities linked to the Equity Shares by our Company may dilute your shareholding in our Company; adversely affect the trading price of the Equity Shares and our ability to raise capital through an issue of our securities. In addition, any perception by investors that such issuances or sales might occur could also affect the trading price of the Equity Shares. We cannot assure you that we will not issue additional Equity Shares. The disposal of Equity Shares by any of our Promoter and Promoter Group, or the perception that such sales may occur may significantly affect the trading price of the Equity Shares. We cannot assure you that our Promoter and Promoter Group will not dispose of, pledge or encumber their Equity Shares in the future;

29. ***Investors shall not have the option to receive Rights Equity Shares in physical form.***

In accordance with the provisions of Regulation 77A of the SEBI (ICDR) Regulations read with SEBI Rights Issue Circular, the credit of Rights Entitlement and Allotment of Rights Equity Shares shall be made in dematerialised form only. Investors will not have the option of getting the allotment of Equity Shares in physical form.

30. ***The Rights Entitlement of Physical Equity Shareholders may lapse in case they fail to furnish the details of their demat account to the Registrar.***

In accordance with the SEBI Circular bearing reference number 'SEBI/HO/CFD/DIL2/CIR/P/2020/13 dated January 22, 2020', the credit of Rights Entitlement and Allotment of Equity Shares shall be made in dematerialised form only. Accordingly, the Rights Entitlements of the Physical Equity Shareholders shall be credited in a suspense escrow demat account opened by our Company during the Issue Period. The Physical

Equity Shareholders are requested to furnish the details of their demat account to the Registrar not later than 2 (Two) Working Days prior to the Issue Closing Date to enable the credit of their Rights Entitlements in their demat accounts at least 1 (One) day before the Issue Closing Date. The Rights Entitlements of the Physical Shareholders who do not furnish the details of their demat account to the Registrar not later than 2 (Two) Working Days prior to the Issue Closing Date, shall lapse. Further, pursuant to a press release dated December 03, 2018 issued by the SEBI, with effect from April 01, 2019, a transfer of listed Equity Shares cannot be processed unless the Equity Shares are held in dematerialized form (except in case of transmission or transposition of Equity Shares). For further details, please refer to the section titled '*Terms of the Issue*' on page 201 of this Draft letter of offer.

31. ***Our ability to pay dividends in the future will depend on our future earnings, cash flows, working capital requirements, capital expenditures and financial condition. Investors of Rights Equity Shares are only entitled to dividend in proportion to the amount paid up and the voting rights (exercisable on a poll by investors) shall also be proportional to such investor's share of the paid-up Equity Share capital of our Company.***

The amount of our future dividend payments, if any, will depend on various factors such as our future earnings, cash flows, financial condition, working capital requirements, capital expenditures and in accordance with applicable laws. We may decide to retain all our earnings to finance the development and expansion of our business and, therefore, may not declare dividends on the Equity Shares. Additionally, in the future, we may be restricted by the terms of our financing agreements in making dividend payments unless otherwise agreed with our lenders. The amounts paid as dividends in the past are not necessarily indicative of our Company's dividend policy or the dividend amounts, if any, in the future. There is no guarantee that any dividends will be declared or paid or that the amount thereof will not be decreased in the future.

Further, with respect to the present Issue, investors are only entitled to dividend in proportion to the amount paid-up and the voting rights (exercisable on a poll by investors) shall also be proportional to such investor's share of the paid-up Equity Share capital of our Company.

32. ***You may be subject to Indian taxes arising out of capital gains on the sale of the Rights Equity Shares and Rights Entitlement.***

Under current Indian tax laws, unless specifically exempted, capital gains arising from the sale of equity shares held as investments in an Indian company are generally taxable in India. Any capital gain realised on the sale of listed equity shares on the Stock Exchanges held for more than 12 (Twelve) months immediately preceding the date of transfer will be subject to long term capital gains in India at the specified rates depending on certain factors, such as whether the sale is undertaken on or off the Stock Exchanges, the quantum of gains and any available treaty relief. Accordingly, you may be subject to payment of long-term capital gains tax in India, in addition to payment of Securities Transaction Tax, on the sale of any Equity Shares held for more than 12 (Twelve) months immediately preceding the date of transfer. Securities Transaction Tax will be levied on the seller and/or the purchaser of the Equity Shares and collected by the domestic stock exchange on which the Equity Shares are sold. Further, any capital gains realised on the sale of listed equity shares held for a period of 12 (Twelve) months or less immediately preceding the date of transfer will be subject to short term capital gains tax in India as well as Securities Transaction Tax.

Capital gains arising from the sale of the Equity Shares will not be chargeable to tax in India in cases where relief from such taxation in India is provided under a treaty between India and the country of which the seller is resident read with the Multilateral Instrument, if and to the extent applicable, and the seller is entitled to avail benefits thereunder. Generally, Indian tax treaties do not limit India's ability to impose tax on capital gains. As a result, residents of other countries may be liable for tax in India as well as in their own jurisdiction on a gain upon the sale of the Equity Shares.

No dividend distribution tax is required to be paid in respect of dividends declared, distributed, or paid by a domestic company after March 31, 2020, and, accordingly, such dividends would not be exempt in the hands of the Shareholders, both for residents as well as non-residents. Our Company may or may not grant the benefit of a tax treaty (where applicable) to a non-resident Shareholder for the purposes of deducting tax at source pursuant to any corporate action, including dividends.

Similarly, any business income realised from the transfer of equity shares held as trading assets is taxable at the applicable tax rates subject to any treaty relief, if applicable, to a non-resident seller. Additionally, in terms of the Finance Act, 2018, which has been notified on March 29, 2018 with effect from April 1, 2018, taxes

payable by an assessee on the capital gains arising from transfer of long-term capital assets (introduced as Section 112A of the Income-Tax Act, 1961) shall be calculated on such long-term capital gains at the rate of 10%, where the long-term capital gains exceed ₹1.00 Lakh (Rupees One Lakh), subject to certain exceptions in case of resident individuals and Hindu Undivided Families.

Further, the Finance Act, 2019 made various amendments in the taxation laws and clarified that, in the absence of a specific provision under an agreement, the buyer will be liable to pay stamp duty in case of sale of securities through the Stock Exchanges, while the transferor will be liable to pay stamp duty in other cases of transfer for consideration through a depository. The stamp duty for transfer of securities other than debentures, on a delivery basis, is specified at 0.015% (Zero Point Zero One Five Percent) and on a non-delivery basis is specified at 0.003% (Zero Point Zero Zero Three Percent) of the consideration amount. These amendments came into effect from July 1, 2020.

33. ***You may not receive the Equity Shares that you subscribe in the Issue until 15 (Fifteen) days after the date on which this Issue closes, which will subject you to market risk.***

The Equity Shares that you subscribe in the Issue may not be credited to your demat account with the depository participants until approximately 15 (Fifteen) days from the Issue Closing Date. You can start trading such Equity Shares only after receipt of the listing and trading approval in respect thereof. There can be no assurance that the Equity Shares allocated to you will be credited to your demat account, or that trading in the Equity Shares will commence within the specified time, subjecting you to market risk for such period.

34. ***Applicants to this Issue are not allowed to withdraw their Applications after the Issue Closing Date.***

In terms of the SEBI (ICDR) Regulations, Applicants in this Issue are not allowed to withdraw their Applications after the Issue Closing Date. The Allotment in this Issue and the credit of such Equity Shares to the Applicant's demat account with its depository participant shall be completed within such period as prescribed under the applicable laws. There is no assurance, however, that material adverse changes in the international or national monetary, financial, political, or economic conditions or other events in the nature of force majeure, material adverse changes in our business, results of operation or financial condition, or other events affecting the Applicant's decision to invest in the Rights Equity Shares, would not arise between the Issue Closing Date and the date of Allotment in this Issue. Occurrence of any such events after the Issue Closing Date could also impact the market price of our Equity Shares.

The Applicants shall not have the right to withdraw their Applications in the event of any such occurrence. We cannot assure you that the market price of the Equity Shares will not decline below the Issue Price. To the extent the market price for the Equity Shares declines below the Issue Price after the Issue Closing Date, the shareholder will be required to purchase Rights Equity Shares at a price that will be higher than the actual market price for the Equity Shares at that time. Should that occur, the shareholder will suffer an immediate unrealized loss as a result. We may complete the Allotment even if such events may limit the Applicants' ability to sell our Equity Shares after this Issue or cause the trading price of our Equity Shares to decline.

35. ***Holders of Equity Shares could be restricted in their ability to exercise pre-emptive rights under Indian law and could thereby suffer future dilution of their ownership position.***

Under the Companies Act, any Company incorporated in India must offer its holders of equity shares pre-emptive rights to subscribe and pay for a proportionate number of equity shares to maintain their existing ownership percentages prior to the issuance of any new equity shares, unless the pre-emptive rights have been waived by the adoption of a special resolution by holders of three-fourths of the equity shares voted on such resolution, unless our Company has obtained government approval to issue without such rights. However, if the law of the jurisdiction that you are in does not permit the exercise of such pre-emptive rights without us filing an offering document or registration statement with the applicable authority in such jurisdiction, you will be unable to exercise such pre-emptive rights unless we make such a filing. We may elect not to file a registration statement in relation to pre-emptive rights otherwise available by Indian law to you. To the extent that you are unable to exercise pre-emptive rights granted in respect of the Equity Shares, your proportional interests in us would be reduced.

36. ***There is no guarantee that our Equity Shares will be listed in a timely manner or at all which may adversely affect the trading price of our Equity Shares.***

In accordance with applicable laws and regulations and the requirements of the BSE Limited, in principle and final approvals for listing and trading of the Rights Equity Shares issued pursuant to this Issue will not be applied for or granted until after the Rights Equity Shares have been issued and allotted. Approval for listing and trading will require all the relevant documents authorising the issuance of Rights Equity Shares to be submitted. Accordingly, there could be a delay in listing the Rights Equity Shares on the BSE. If there is a delay in obtaining such approvals, we may not be able to credit the Rights Equity Shares allotted to the Investors to their depository participant accounts or assure ownership of such Rights Equity Shares by the Investors in any manner promptly after the Issue Closing Date. In any such event, the ownership of the Investors over Rights Equity Shares allotted to them and their ability to dispose of any such Equity Shares may be restricted. For further information on issue procedure, please refer to the section titled '*Terms of the Issue*' beginning on page 201 of this Draft letter of offer.

37. ***Failure to exercise or sell the Rights Entitlements will cause the Rights Entitlements to lapse without compensation and result in a dilution of shareholding.***

The Rights Entitlements that are not exercised prior to the end of the Issue Closing Date will expire and become null and void, and Eligible Shareholders will not receive any consideration for them. The proportionate ownership and voting interest in our Company of Eligible Shareholders who fail (or are not able) to exercise their Rights Entitlements will be diluted. Even if you elect to sell your unexercised Rights Entitlements, the consideration you receive for them may not be sufficient to fully compensate you for dilution of your percentage ownership of the equity share capital of our Company that may be caused as a result of the Issue. Renouncees may not be able to apply in case of failure in completion of renunciation through off-market transfer in such a manner that the Rights Entitlements are credited to the demat account of the Renouncees prior to the Issue Closing Date. Further, in case, the Rights Entitlements do not get credited in time, in case of On-Market Renunciation, such Renouncee will not be able to apply in this Issue with respect to such Rights Entitlements.

38. ***Fluctuation in the exchange rate between the Indian Rupee and foreign currencies may adversely affect the value of our Equity Shares, independent of our operating results.***

On listing, our Equity Shares will be quoted in Rupees on the Stock Exchanges. Any dividends in respect of our Equity Shares will also be paid in Rupees and subsequently converted into the relevant foreign currency for repatriation, if required. Any adverse movement in currency exchange rates during the time that it takes to undertake such conversion may reduce the net dividend to foreign investors. In addition, any adverse movement in currency exchange rates during a delay in repatriating outside India the proceeds from a sale of Equity Shares, for example, because of a delay in regulatory approvals that may be required for the sale of Equity Shares may reduce the proceeds received by equity shareholders. For example, the exchange rate between the Rupee and the U.S. dollar has fluctuated substantially in recent years and may continue to fluctuate substantially in the future, which may adversely affect the trading price of our Equity Shares and returns on our Equity Shares, independent of our operating results.

39. ***Rights of shareholders under Indian laws may be more limited than under the laws of other jurisdictions.***

Indian legal principles related to corporate procedures, directors' fiduciary duties and liabilities, and shareholders' rights may differ from those that would apply to a Company in another jurisdiction. Shareholders' rights including in relation to class actions, under Indian law may not be as extensive as shareholders' rights under the laws of other countries or jurisdictions. Investors may have more difficulty in asserting their rights as shareholder in an Indian Company than as shareholder of a corporation in another jurisdiction.

40. ***SEBI operates an index-based market-wide circuit breaker. Any operation of a circuit breaker may adversely affect a shareholder's ability to sell, or the price at which it can sell, our Equity Shares at a particular point in time.***

We are subject to an index-based market-wide circuit breaker generally imposed by SEBI on Indian stock exchanges. This may be triggered by an extremely high degree of volatility in the market activity (among other things). Due to the existence of this circuit breaker, there can be no assurance that shareholders will be able to sell our Equity Shares at their preferred price or at all at any particular point in time.

41. ***Investors in the Rights Equity Shares may not be able to enforce a judgment of a foreign court against us or our management, except by way of a suit in India on such judgment.***

We are a limited liability company incorporated under the laws of India and majority of our directors and all executive officers are residents of India. It may be difficult for the investors to affect service of process upon us or such persons outside India or to enforce judgments obtained in courts outside India.

India has reciprocal recognition and enforcement of judgments in civil and commercial matters with only a limited number of jurisdictions, which includes the United Kingdom, Singapore, Hong Kong, and the United Arab Emirates. In order to be enforceable, a judgment from a jurisdiction with reciprocity must meet certain requirements of the Code of Civil Procedure, 1908. Judgments or decrees from jurisdictions, which do not have reciprocal recognition with India, cannot be executed in India. Therefore, a final judgment for the payment of money rendered by any court in a non-reciprocating territory for civil liability, whether predicated solely upon the general laws of the non-reciprocating territory, would not be enforceable in India. Even if an investor obtained a judgment in such a jurisdiction against us or our officers or directors, it may be required to institute a new proceeding in India and obtain a decree from an Indian court. However, the party in whose favour such final judgment is rendered may bring a new suit in a competent court in India based on a final judgment that has been obtained in a non-reciprocating territory within 3 (Three) years of obtaining such final judgment in the same manner as any other suit filed to enforce a civil liability in India. If, and to the extent that, an Indian court were of the opinion that fairness and good faith so required, it would, under current practice, give binding effect to the final judgment that had been rendered in the non-reciprocating territory, unless such a judgment contravenes principles of public policy in India. It is unlikely that an Indian court would award damages on the same basis or to the same extent as was awarded in a final judgment rendered by a court in another jurisdiction if the Indian court believed that the amount of damages awarded was excessive or inconsistent with Indian practice. In addition, any person seeking to enforce a foreign judgment in India is required to obtain prior approval of the RBI to repatriate any amount recovered pursuant to the execution of such a judgment.

EXTERNAL RISK FACTORS

42. ***Any downturn in the macroeconomic environment in India could adversely affect our business, financial condition, results of operations and cash flows.***

Global economic and political factors that are beyond our control, influence forecasts and directly affect performance. These factors include interest rates, rates of economic growth, fiscal and monetary policies of governments, inflation, deflation, foreign exchange fluctuations, consumer credit availability, consumer debt levels, unemployment trends, terrorist threats and activities, worldwide military and domestic disturbances and conflicts, and other matters that influence consumer confidence, spending and tourism. Increasing volatility in financial markets may cause these factors to change with a greater degree of frequency and magnitude. Any downturn in the macroeconomic environment in India could adversely affect our business, financial condition, results of operations and cash flows.

43. ***Any downgrading of India's debt rating by an international rating agency could have a negative impact on our business.***

Any adverse revision to India's credit rating for domestic and international debt by international rating agencies may adversely impact our ability to raise additional financing and the interest rates and other commercial terms at which such additional financing is available. This could have an adverse effect on our financial performance and our ability to obtain financing to fund our growth on favourable terms or at all.

44. ***The occurrence of natural calamities or man-made disasters could have a negative effect on the Indian economy and cause our business to suffer.***

India has experienced natural calamities such as earthquakes, tsunamis, floods, drought, fires, explosions, tornadoes, pandemic disease, and man-made disasters including acts of terrorism and military actions in the past few years. The extent and severity of these natural and man-made disasters determines their effect on the Indian economy. The erratic progress of a monsoon would also adversely affect sowing operations for certain crops. Further prolonged spells of below normal rainfall or other natural calamities in the future could have a negative effect on the Indian economy, adversely affecting our business and the price of our Equity Shares.

45. ***A slowdown in economic growth in India could cause our business to suffer.***

We are incorporated in India, and all our assets and employees are located in India. As a result, we are highly dependent on prevailing economic conditions in India and our results of operations are significantly affected by factors influencing the Indian economy. A slowdown in the Indian economy could adversely affect our business, including our ability to grow our assets, the quality of our assets, and our ability to implement our strategy.

Factors that may adversely affect the Indian economy, and hence our results of operations, may include:

1. Any increase in Indian interest rates or inflation.
2. Any scarcity of credit or other financing in India.
3. Prevailing income conditions among Indian consumers and Indian corporations.
4. Changes in India's tax, trade, fiscal or monetary policies.
5. Political instability, terrorism, or military conflict in India or in countries in the region or globally, including in India's various neighbouring countries.
6. Prevailing regional or global economic conditions; and Other significant regulatory or economic developments in or affecting India.

Any slowdown in the Indian economy or in the growth of the sectors we participate in or future volatility in global commodity prices could adversely affect our borrowers and contractual counterparties. This in turn could adversely affect our business and financial performance and the price of our Equity Shares.

46. ***Financial instability in both Indian and international financial markets could adversely affect our results of operations and financial condition.***

The Indian financial market and the Indian economy are influenced by economic and market conditions in other countries, particularly in emerging market in Asian countries. Financial turmoil in Asia, Europe, the United States and elsewhere in the world in recent years has affected the Indian economy. Although economic conditions are different in each country, investors' reactions to developments in one country can have an adverse effect on the securities of companies in other countries. A loss in investor confidence in the financial systems of other emerging markets may cause increased volatility in the Indian economy in general. Any global financial instability, including further deterioration of credit conditions in the U.S. market, could also have a negative impact on the Indian economy. Financial disruptions may occur again and could harm our results of operations and financial condition.

The Indian economy is also influenced by economic and market conditions in other countries. This includes, but is not limited to, the conditions in the United States, Europe, and certain economies in Asia. Financial turmoil in Asia and elsewhere in the world in recent years has affected the Indian economy. Any worldwide financial instability may cause increased volatility in the Indian financial markets and directly or indirectly, adversely affect the Indian economy and financial sector and its business.

Although economic conditions vary across markets, loss of investor confidence in one emerging economy may cause increased volatility across other economies, including India. Financial instability in other parts of the world could have a global influence and thereby impact the Indian economy. Financial disruptions in the future could adversely affect our business, prospects, financial condition, and results of operations. The global credit and equity markets have experienced substantial dislocations, liquidity disruptions and market corrections.

There are concerns that a tightening of monetary policy in emerging markets and some developed markets will lead to a moderation in global growth. In response to such developments, legislators and financial regulators in the United States and other jurisdictions, including India, have implemented a number of policy measures designed to add stability to the financial markets. However, the overall long-term impact of these and other legislative and regulatory efforts on the global financial markets is uncertain, and they may not have had the intended stabilizing effects. Any significant financial disruption in the future could have an adverse effect on our cost of funding, loan portfolio, business, future financial performance, and the trading price of the Equity Shares.

47. ***Foreign investors are subject to foreign investment restrictions under Indian law that limits our ability to attract foreign investors, which may adversely impact the market price of the Equity Shares.***

As an Indian Company, we are subject to exchange controls that regulate borrowing in foreign currencies, including those specified under FEMA. Such regulatory restrictions limit our financing sources for our projects under development and hence could constrain our ability to obtain financing on competitive terms and refinance existing indebtedness. In addition, we cannot assure you that the required approvals will be granted to us without onerous conditions, or at all. Limitations on foreign debt may adversely affect our business growth, results of operations and financial condition.

Further, under the foreign exchange regulations currently in force in India, transfers of shares between non-residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or fall under any of the exceptions referred to above, then the prior approval of the RBI will be required. Additionally, shareholders who seek to convert the Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection/ tax clearance certificate from the income tax authority. There can be no assurance that any approval required from the RBI, or any other government agency can be obtained on any particular terms or at all.

48. ***Changing laws, rules and regulations and legal uncertainties, including adverse application of tax laws, may adversely affect our business, prospects, and results of operations.***

The regulatory and policy environment in which we operate is evolving and subject to change. Such changes may adversely affect our business, results of operations and prospects, to the extent that we are unable to suitably respond to and comply with any such changes in applicable law and policy. For example, the Government of India implemented a comprehensive national goods and services tax (hereinafter referred to as 'GST') regime with effect from July 1, 2017, that combined multiple taxes and levies by the Central and State Governments into a unified tax structure.

Our business and financial performance could be adversely affected by any unexpected or onerous requirements or regulations resulting from the introduction of GST or any changes in laws or interpretation of existing laws, or the promulgation of new laws, rules and regulations relating to GST, as it is implemented. The Government has enacted the GAAR which have come into effect from April 1, 2017.

The Government of India has announced the union budget for Fiscal 2021 and the Ministry of Finance has notified the Finance Act, 2020 (hereinafter referred to as '**Finance Act**') on March 27, 2020, pursuant to assent received from the President, and the Finance Act will come into operation with effect from July 1, 2020. There is no certainty on the impact that the Finance Act may have on our business and operations or on the industry in which we operate. We cannot predict whether any amendments made pursuant to the Finance Act would have a material adverse effect on our business, financial condition, and results of operations. Unfavourable changes in or interpretations of existing, or the promulgation of new, laws, rules and regulations including foreign investment and stamp duty laws governing our business and operations could result in us being deemed to be in contravention of such laws and may require us to apply for additional approvals. For instance, the Supreme Court of India has, in a decision clarified the components of basic wages, which need to be considered by companies while making provident fund payments. Our Company has not made relevant provisions for the same, as on date. Any such decisions in future or any further changes in interpretation of laws may have an impact on our results of operations. Further, a draft of the Personal Data Protection Bill, 2019 (hereinafter referred to as '**Bill**') has been introduced before the Lok Sabha on December 11, 2019, which is currently being referred to a joint parliamentary committee by the Parliament. We may incur increased costs and other burdens relating to compliance with such new requirements, which may also require significant management time and other resources, and any failure to comply may adversely affect our business, results of operations and prospects.

Uncertainty in the applicability, interpretation, or implementation of any amendment to, or change in, governing law, regulation, or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may impact the viability of our current businesses or restrict our ability to grow our businesses in the future.

49. ***Changes in government regulations or their implementation could disrupt our operations and adversely affect our business and results of operations.***

Our business and industry is regulated by different laws, rules and regulations framed by the Central and State Government. These regulations can be amended/ changed on a short notice at the discretion of the Government. If we fail to comply with all applicable regulations or if the regulations governing our business or their implementation change adversely, we may incur increased costs or be subject to penalties, which could disrupt our operations and adversely affect our business and results of operations

50. ***Political instability or a change in economic liberalization and deregulation policies could seriously harm business and economic conditions in India generally and our business in particular.***

The GOI has traditionally exercised and continues to exercise influence over many aspects of the economy. Our business and the market price and liquidity of our Equity Shares may be affected by interest rates, changes in Government policy, taxation, social and civil unrest and other political, economic or other developments in or affecting India. The rate of economic liberalization could change, and specific laws and policies affecting the information technology sector, foreign investment and other matters affecting investment in our securities could change as well. Any significant change in such liberalization and deregulation policies could adversely affect business and economic conditions in India, generally, and our business, prospects, financial condition and results of operations, in particular.

51. ***Global economic, political and social conditions may harm our ability to do business, increase our costs and negatively affect our stock price.***

Global economic and political factors that are beyond our control, influence forecasts and directly affect performance. These factors include interest rates, rates of economic growth, fiscal and monetary policies of governments, inflation, deflation, foreign exchange fluctuations, consumer credit availability, fluctuations in commodities markets, consumer debt levels, unemployment trends and other matters that influence consumer confidence, spending and tourism. Increasing volatility in financial markets may cause these factors to change with a greater degree of frequency and magnitude, which may negatively affect our stock prices.

52. ***The extent and reliability of Indian infrastructure could adversely affect our Company's results of operations and financial condition.***

India's physical infrastructure is in the developing phase compared to that of many developed nations. Any congestion or disruption in its port, rail and road networks, electricity grid, communication systems or any other public facility could disrupt our Company's normal business activity. Any deterioration of India's physical infrastructure would harm the national economy, disrupt the transportation of goods and supplies, and add costs to doing business in India. These problems could interrupt our Company's business operations, which could have an adverse effect on its results of operations and financial condition.

53. ***Terrorist attacks, civil unrests and other acts of violence or war involving India or other countries could adversely affect the financial markets, our business, financial condition and the price of our Equity Shares.***

Any major hostilities involving India or other acts of violence, including civil unrest or similar events that are beyond our control, could have a material adverse effect on India's economy and our business. Incidents such as the terrorist attacks, other incidents such as those in US, Indonesia, Madrid and London, and other acts of violence may adversely affect the Indian stock markets where our Equity Shares will trade as well the global equity markets generally. Such acts could negatively impact business sentiment as well as trade between countries, which could adversely affect our Company's business and profitability. Additionally, such events could have a material adverse effect on the market for securities of Indian companies, including the Equity Shares

54. ***Any adverse application or interpretation of the Competition Act could adversely affect our business***

The Competition Act, 2002, as amended (the "Competition Act"), regulates practices having an appreciable adverse effect on competition in the relevant market in India. Under the Competition Act, any formal or informal arrangement, understanding or action in concert, which causes or is likely to cause an appreciable adverse effect on competition is considered void and results in the imposition of substantial monetary penalties. Further, any agreement among competitors which directly or indirectly: (i) involves the

determination of purchase or sale prices, limits or controls production, supply, markets, technical development, investment or provision of services; (ii) shares the market or source of production or provision of services by way of allocation of geographical area, type of goods or services or number of customers in the relevant market; or (iii) results in bid-rigging or collusive bidding is presumed to have an appreciable adverse effect on competition. The Competition Act also prohibits abuse of a dominant position by any enterprise. The combination regulation (merger control) provisions under the Competition Act require acquisitions of shares, voting rights, assets or control or mergers or amalgamations that cross the prescribed asset and turnover based thresholds to be mandatorily notified to, and pre-approved by, the CCI.

If we are affected, directly or indirectly, by the application or interpretation of any provision of the Competition Act, or any award passed by the CCI, or any adverse publicity that may be generated due to scrutiny or prosecution by the CCI or if any prohibition or substantial penalties are levied under the Competition Act, it would adversely affect our business, financial condition, cash flows and results of operations.

55. ***Natural disasters, epidemics, pandemics, acts of war, terrorist attacks and other events could materially and adversely affect our business.***

Natural disasters (such as earthquakes, fire, typhoons, cyclones, hurricanes and floods), pandemics, epidemics, strikes, civil unrest, terrorist attacks and other events, which are beyond our control, may lead to global or regional economic instability, which may in turn materially and adversely affect our business, financial condition, cash flows and results of operations. Any of these occurrences could cause severe disruptions to our daily operations and may warrant a temporary closure of our facilities. Such closures may disrupt our business operations and adversely affect our results of operations. Our operation could also be disrupted if our customers or business partners are affected by such natural disasters or epidemics.

The Indian economy and its securities markets are influenced by economic developments and volatility in securities markets in other countries. Investors' reactions to developments in one country may have adverse effects on the market price of securities of companies located in other countries, including India. For instance, SARS, the H1N1 and H5N1 viruses and the COVID-19 pandemic caused an economic downturn in several major economies and generated volatility in, and general adverse impact on, the global securities markets, including in India. Further, it is not possible for us to predict the extent and duration of this volatility and adverse impact on the global or Indian securities markets, including any possible impact on our Equity Shares. Negative economic developments, such as rising fiscal or trade deficits, or a default on national debt, in other emerging market countries may also affect investor confidence and cause increased volatility in Indian securities markets and indirectly affect the Indian economy in general. Any worldwide financial instability could also have a negative impact on the Indian economy, including the movement of exchange rates and interest rates in India and could then adversely affect our business, financial performance and the price of our Equity Shares.

Further deterioration in the global economy as a result of Pandemics, or the perception that such deterioration could occur, may continue to adversely affect global economic conditions and the stability of global financial markets, and may significantly reduce global market liquidity and restrict the ability of key market participants to operate in certain financial markets. Any of these factors could depress economic activity and restrict our access to capital, which could adversely affect our business, cash flows, results of operations, financial condition and reduce the price of our Equity Shares. Any financial disruption could materially and adversely affect our business, results of operations, Shareholders' equity and the price of our Equity Shares.

Furthermore, certain regions in India have witnessed terrorist attacks and civil disturbances and it is possible that future terrorist attacks or civil unrest, as well as other adverse social, economic and political events in India could have a negative effect on us. Transportation facilities, including vehicles, can be targets of terrorist attacks, which could lead to, among other things, increased insurance and security costs. Regional and global political or military tensions or conflicts strained or altered foreign relations, protectionism and acts of war or the potential for war could also cause damage and disruption to our business, which could materially and adversely affect our business, financial condition, cash flows and results of operations. Such incidents could create the perception that investments in Indian companies involve a higher degree of risk and such perception could adversely affect our business and the price of the Equity Shares. We may also face difficulty in accessing certain parts of India at certain times of the year or under adverse or inclement weather condition

56. ***Financial instability in other countries may cause increased volatility in Indian and other financial markets.***

The Indian financial market and the Indian economy are influenced by economic and market conditions in other countries, particularly in emerging market in Asian countries. Financial turmoil in Asia, Europe, the United States and elsewhere in the world in recent years has affected the Indian economy. Although economic conditions are different in each country, investors' reactions to developments in one country can have an adverse effect on the securities of companies in other countries, including India. A loss in investor confidence in the financial systems of other emerging markets may cause increased volatility in Indian financial markets and, indirectly, in the Indian economy in general. Any global financial instability, including further deterioration of credit conditions in the U.S. market, could also have a negative impact on the Indian economy. Financial disruptions may occur again and could harm our results of operations and financial condition.

The Indian economy is also influenced by economic and market conditions in other countries. This includes, but is not limited to, the conditions in the United States, Europe and certain economies in Asia. Financial turmoil in Asia and elsewhere in the world in recent years has affected the Indian economy. Any worldwide financial instability may cause increased volatility in the Indian financial markets and, directly or indirectly, adversely affect the Indian economy and financial sector and its business.

Although economic conditions vary across markets, loss of investor confidence in one emerging economy may cause increased volatility across other economies, including India. Financial instability in other parts of the world could have a global influence and thereby impact the Indian economy. Financial disruptions in the future could adversely affect our business, prospects, financial condition and results of operations. The global credit and equity markets have experienced substantial dislocations, liquidity disruptions and market corrections.

These could include greater volatility of markets in general due to the increased uncertainty. These and other related events could have a significant impact on the global credit and financial markets as a whole, and could result in reduced liquidity, greater volatility, widening of credit spreads and a lack of price transparency in the global credit and financial markets. There are also concerns that a tightening of monetary policy in emerging markets and some developed markets will lead to a moderation in global growth. In response to such developments, legislators and financial regulators in the United States and other jurisdictions, including India, have implemented a number of policy measures designed to add stability to the financial markets. However, the overall long-term impact of these and other legislative and regulatory efforts on the global financial markets is uncertain, and they may not have had the intended stabilizing effects. Any significant financial disruption in the future could have an adverse effect on our cost of funding, loan portfolio, business, future financial performance and the trading price of the Equity Shares. Changing laws, rules and regulations and legal uncertainties in India and other countries may adversely affect our business and financial performance.

57. ***The regulatory and policy environment in which we operate is evolving and subject to change. Such changes may adversely affect our business, results of operations and prospects, to the extent that we are unable to suitably respond to and comply with any such changes in applicable law and policy. For example, the Government of India implemented a comprehensive national goods and services tax ("GST") regime with effect from July 1, 2017, that combined multiple taxes and levies by the Central and State Governments into a unified tax structure. Our business and financial performance could be adversely affected by any unexpected or onerous requirements or regulations resulting from the introduction of GST or any changes in laws or interpretation of existing laws, or the promulgation of new laws, rules and regulations relating to GST, as it is implemented. The Government has enacted the GAAR which have come into effect from April 1, 2017.***

Further, the Government of India has announced the Union Budget for the Fiscal 2024 pursuant to which the Finance Act, 2023 has introduced various amendments to taxation laws in India. Amendments made pursuant to the Finance Act, 2023 may have an impact on our business, financial condition and results of operations. As a result, any such changes or interpretations could adversely affect our business and financial performance. There is no certainty on the impact that the Finance Act may have on our business and operations or on the industry in which we operate. We cannot predict whether any amendments made pursuant to the Finance Act would have a material adverse effect on our business, financial condition and results of operations. Unfavorable changes in or interpretations of existing, or the promulgation of new, laws, rules and regulations including foreign investment and stamp duty laws governing our business and operations could result in us being deemed to be in contravention of such laws and may require us to apply for additional approvals. For instance, the Supreme Court of India has, in a decision clarified the

components of basic wages, which need to be considered by companies while making provident fund payments. Our Company has not made relevant provisions for the same, as on date. Any such decisions in future or any further changes in interpretation of laws may have an impact on our results of operations. Any political instability in India, such as corruption, scandals and protests against certain economic reforms, which have occurred in the past, could slow the pace of liberalization and deregulation. The rate of economic liberalization could change, and specific laws and policies affecting foreign investment, currency exchange rates and other matters affecting investment in India could change as well.

Further, the Government of India is considering the enactment of the Digital Personal Data Protection Bill, 2023 (“**Data Protection Bill**”) on personal data protection for implementing organizational and technical measures in processing personal data and lays down norms for cross-border transfer of personal data including ensuring the accountability of entities processing personal data. The Data Protection Bill has been recently approved by the Union Cabinet on July 5, 2023 and Lok Sabha on August 7, 2023. The Data Protection Bill, if passed into law, would require companies that collect and deal with high volumes of personal data to fulfil certain additional obligations such as appointment of a data protection officer for grievance redressal and a data auditor to evaluate compliance with such Data Protection Bill.

58. ***Investors outside India may not be able to enforce any judgment of a foreign court against us, except by way of a suit in India.***

Our Company is a limited liability company incorporated under the laws of India. All of our directors and executive officers are residents of India. Many of our Company’s assets are located in India. As a result, it may be difficult for investors to effect service of process upon us or such persons in India or to enforce judgments obtained against our Company or such parties outside India. India is not a party to any international treaty in relation to the recognition or enforcement of foreign judgments. India has reciprocal recognition and enforcement of judgments in civil and commercial matters with a limited number of jurisdictions, including the United Kingdom, Singapore, UAE, and Hong Kong. A judgment from certain specified courts located in a jurisdiction with reciprocity must meet certain requirements of the Code of Civil Procedure, 1908, as amended (“**Civil Procedure Code**”). The United States has not been notified as a reciprocating territory.

In order to be enforceable, a judgment obtained in a jurisdiction which India recognizes as a reciprocating territory must meet certain requirements of the Civil Procedure Code. Section 13 of the Civil Procedure Code provides that foreign judgments shall be conclusive regarding any matter directly adjudicated on except (i) where the judgment has not been pronounced by a court of competent jurisdiction, (ii) where the judgment has not been given on the merits of the case, (iii) where it appears on the face of the proceedings that the judgment is founded on an incorrect view of international law or refusal to recognize the law of India in cases to which such law is applicable, (iv) where the proceedings in which the judgment was obtained were opposed to natural justice, (v) where the judgment has been obtained by fraud or (vi) where the judgment sustains a claim founded on a breach of any law then in force in India. Under the Civil Procedure Code, a court in India shall, on the production of any document purporting to be a certified copy of a foreign judgment, presume that the judgment was pronounced by a court of competent jurisdiction, unless the contrary appears on record; such presumption may be displaced by proving want of jurisdiction. The Civil Procedure Code only permits the enforcement of monetary decrees, not being in the nature of any amounts payable in respect of taxes, or other charges of a like nature or in respect of a fine or other penalty and does not provide for the enforcement of arbitration awards even if such awards are enforceable as a decree or judgment. A foreign judgment rendered by a superior court (as defined under the Civil Procedure Code) in any jurisdiction outside India which the Government of India has by notification declared to be a reciprocating territory, may be enforced in India by proceedings in execution as if the judgment had been rendered by a competent court in India. Judgments or decrees from jurisdictions which do not have reciprocal recognition with India cannot be enforced by proceedings in execution in India. Therefore, a final judgment for the payment of money rendered by any court in a non-reciprocating territory for civil liability, whether or not predicated solely upon the general laws of the non-reciprocating territory, would not be enforceable in India. Even if an investor obtained a judgment in such a jurisdiction against us, our officers or directors, it may be required to institute a new proceeding in India and obtain a decree from an Indian court. However, the party in whose favor such final judgment is rendered may bring a new suit in a competent court in India based on a final judgment that has been obtained in the United States or other such jurisdiction within three years of obtaining such final judgment. It is unlikely that an Indian court would award damages on the same basis as a foreign court if an action is brought in India. Moreover, it is unlikely that an Indian court would award damages to the extent awarded in a final judgment rendered outside India if it believes that the amount of damages awarded were excessive or inconsistent with public policy in Indian. In addition, any person seeking to enforce a foreign judgment in India is required to obtain the prior approval of the RBI to repatriate

any amount recovered, and we cannot assure that such approval will be forthcoming within a reasonable period of time, or at all, or that conditions of such approvals would be acceptable. Such amount may also be subject to income tax in accordance with applicable law.

Consequently, it may not be possible to enforce in an Indian court any judgment obtained in a foreign court, or effect service of process outside of India, against Indian companies, entities, their directors and executive officers and any other parties resident in India. Additionally, there is no assurance that a suit brought in an Indian court in relation to a foreign judgment will be disposed of in a timely manner.

9. Intention and participation by the promoter and promoter group

The Promoter of our Company, through his letter dated 6th January 2025, has confirmed that, he intends to subscribe in part or to full extent of his Right Entitlements in this Issue and to the extent of the unsubscribed portion (if any) of this Issue and that he shall not renounce his Right Entitlements in accordance with the provisions of Regulation 86 of the SEBI (ICDR) Regulations.

The Promoter has confirmed that he intends to apply for and subscribe to the additional Rights Equity Shares and any Rights Equity Shares offered in the Issue that remains unsubscribed, subject to compliance with the minimum public shareholding requirements, as prescribed under and subject to compliance with the provisions of the Companies Act, the SCRR, SEBI (ICDR) Regulations, SEBI (LODR) Regulations, and SEBI (SAST) Regulations.

Any such subscription for Rights Equity Shares over and above the Rights Entitlement of the Promoter may result in an increase in his shareholding percentage in the Company. The allotment of Rights Equity Shares of the Company subscribed by the Promoter in this Issue shall be eligible for exemption from open offer requirements in terms of Regulation 10(4)(a) and 10(4)(b) of the SEBI (SAST) Regulations. This Issue shall not result in a change of control of the management of our Company in accordance with the provisions of SEBI (SAST) Regulations. GLOBAL ECONOMY:

Global growth is expected to remain stable yet underwhelming. At 3.2 percent in 2024 and 2025, the growth projection is virtually unchanged from those in both the July 2024 World Economic Outlook Update and the April 2024 World Economic Outlook. However, notable revisions have taken place beneath the surface, with upgrades to the forecast for the United States offsetting downgrades to those for other advanced economies—in particular, the largest European countries. Likewise, in emerging market and developing economies, disruptions to production and shipping of commodities—especially oil—conflicts, civil unrest, and extreme weather events have led to downward revisions to the outlook for the Middle East and Central Asia and that for sub-Saharan Africa. These have been compensated for by upgrades to the forecast for emerging Asia, where surging demand for semiconductors and electronics, driven by significant investments in artificial intelligence, has bolstered growth. The latest forecast for global growth five years from now—at 3.1 percent—remains mediocre compared with the pre-pandemic average. Persistent structural headwinds—such as population aging and weak productivity—are holding back potential growth in many economies.

Cyclical imbalances have eased since the beginning of the year, leading to a better alignment of economic activity with potential output in major economies. This adjustment is bringing inflation rates across countries closer together and on balance has contributed to lower global inflation. Global headline inflation is expected to fall from an annual average of 6.7 percent in 2023 to 5.8 percent in 2024 and 4.3 percent in 2025, with advanced economies returning to their inflation targets sooner than emerging market and developing economies. As global disinflation continues to progress, broadly in line with the baseline, bumps on the road to price stability are still possible. Goods prices have stabilized, but services price inflation remains elevated in many regions, pointing to the importance of understanding sectoral dynamics and of calibrating monetary policy.

Risks to the global outlook are tilted to the down side amid elevated policy uncertainty. Sudden eruptions in financial market volatility—as experienced in early August—could tighten financial conditions and weigh on investment and growth, especially in developing economies in which large near-term external financing needs may trigger capital outflows and debt distress. Further disruptions to the disinflation process, potentially triggered by new spikes in commodity prices amid persistent geopolitical tensions, could prevent central banks from easing monetary policy, which would pose significant challenges to fiscal policy and financial stability. Deeper- or longer-than-expected contraction

in China's property sector, especially if it leads to financial instability, could weaken consumer sentiment and generate negative global spillovers given China's large footprint in global trade. An intensification of protectionist policies would exacerbate trade tensions, reduce market efficiency, and further disrupt supply chains. Rising social tensions could prompt social unrest, hurting consumer and investor confidence and potentially delaying the passage and implementation of necessary structural reforms.

As cyclical imbalances in the global economy wane, near-term policy priorities should be carefully calibrated to ensure a smooth landing. In many countries, shifting gears on fiscal policy is urgently needed to ensure that public debt is on a sustainable path and to rebuild fiscal buffers; the pace of adjustment should be tailored to country-specific circumstances. Structural reforms are necessary to lift medium-term growth prospects, but support for the most vulnerable should be maintained. Chapter 3 discusses strategies to enhance the social acceptability of these reforms—a crucial prerequisite for successful implementation. Multilateral cooperation is needed more than ever to accelerate the green transition and to support debt-restructuring efforts. Mitigating the risks of geoeconomic fragmentation and strengthening rules-based multilateral frameworks are essential to ensure that all economies can reap the benefits of future growth.

The past four years have put the resilience of the global economy to the test. A once-in-a-century pandemic, eruption of geopolitical conflicts, and extreme weather events have disrupted supply chains, caused energy and food crises, and prompted governments to take unprecedented actions to protect lives and livelihoods. The global economy has demonstrated resilience overall, but this masks uneven performance across regions and lingering fragilities. The negative supply shocks to the global economy since 2020 have had lasting effects on output and inflation, with varied impacts across individual countries and country groups. The sharpest contrasts are between advanced and developing economies. Whereas the former have caught up with activity and inflation projected before the pandemic, the latter are showing more permanent scars (see the October 2023 World Economic Outlook), with large output shortfalls and persistent inflation (Figure 1.1). They also remain more vulnerable to the types of commodity price surges that followed Russia's invasion of Ukraine (Figure 1.2; October 2023 and April 2024 World Economic Outlook).

AEs = advanced economies; EMMIEs = emerging market and middle-income economies; LIDCs = low-income developing countries; WEO = World Economic Outlook.

Since the beginning of the year, signs have emerged that cyclical imbalances are being gradually resorbed, with economic activity in major economies better aligned with their potential. These developments may have helped bring inflation rates across countries closer together, but the momentum in global disinflation appears to have slowed in the first half of the year (July 2024 World Economic Outlook Update). Goods prices have stabilized, and some are declining, but services price inflation remains high in many countries, partly reflecting rapid wage increases, as pay is still catching up with the inflation surge of 2021–22. This has forced some central banks to delay their policy-easing plans (Chapter 2), putting public finances under more pressure, especially in countries where debt-servicing costs are already high and refinancing needs significant.

Now, as before, the global outlook will be shaped largely by fiscal and monetary choices, their interna-

tional spillovers, the intensity of geoeconomic fragmentation forces, and the ability of governments to implement

long-overdue structural reforms. With inflation approaching central bank targets and governments striving to manage debt dynamics, the policy mix is expected to shift from monetary to fiscal tightening as monetary policy rates are brought down, closer to their natural levels. How fast such rotations occur in individual countries will have consequences for capital flows and exchange rates. The level of uncertainty surrounding the outlook is high. Newly elected governments (about half of the world population has gone or will go to the polls in 2024) could introduce significant shifts in trade and fiscal policy (Box 1.2). Moreover, the return of financial market volatility over the summer has stirred old fears about hidden vulnerabilities. This has heightened anxiety over the appropriate monetary policy stance—especially in countries where inflation is persistent and signs of slowdown are emerging. Further intensification of geopolitical rifts could weigh on trade, investment, and the free flow of ideas. This could affect long-term growth, threaten the resilience of supply chains, and create difficult trade-offs for central banks. On the upside, governments could succeed in building the necessary consensus around overdue and difficult-to-pass structural reforms (Chapter 3), which would boost growth and enhance fiscal sustainability and financial stability.

In many advanced economies, disinflation has come at a relatively low cost to employment, thanks partly to offsetting supply developments. These included a faster-than-expected decline in energy prices and a surprising rebound in labor

higher than before the pandemic in major advanced and emerging market economies (excluding the US). This contrasts with core goods price inflation, which has declined all the way to zero (Figure 1.3, panel 3). Recent increases in shipping rates, especially for routes to and from China, have put upward pressure on goods prices. However, this source of upward pressure has been mitigated so far by declining prices for exports from China (Figure 1.3, panel 4).

Stubbornness in services price inflation partly reflects higher nominal wage growth relative to pre pandemic trends. Even as labor market pressure has started to ease (Figure 1.4, panel 2), wage negotiators have continued to aim for sizable raises to counter the cost-of-living squeeze felt after the 2021–22 inflation surge (Figure 1.4, panel 1). That nominal wage growth continues to run higher after the inflation surge is consistent with past inflationary episodes—when real wages catch up to their equilibrium level determined by labor productivity—and does not necessarily risk a wage-price spiral.

With output gaps expected to close, and assuming no disruptions to labor supply in advanced economies, wage growth is expected to moderate. Whether recent increases translate into further persistence in core inflation will depend on (1) the impact of recent real wage increases on unit labor costs, which itself depends on labor productivity, and (2) the willingness of firms to absorb increased unit labor costs in their profit margins. These two factors seem to be working

supply, bolstered by substantial immigration flows that helped cool labor markets (April 2024 World Economic Outlook). Moreover, temporary sectoral bottlenecks during and after the pandemic led to a steepening of the Phillips curve and implied a small sacrifice ratio (the slack required to decrease inflation). a temporarily steeper Philips curve helps explain both the rapid surge in inflation and the—so far—relatively painless disinflation (Figure 1.3, panel 1).

Since the beginning of 2024, signs that cyclical imbalances are being gradually resorbed have helped bring inflation rates across countries closer together (Figure 1.3, panel 2). Disinflation has continued broadly as expected but did show signs of slowing in the first half of the year, suggesting potential bumps on the road to price stability (July 2024 World Economic Outlook Update). The persistence in core inflation has been driven primarily by services price inflation. At 4.2 percent, core services price inflation is about 50 percent

differently in the largest two advanced economies but should still allow disinflation to continue. In the United States, wage growth has reflected productivity gains lately, keeping unit labor costs contained. In the euro area, recent wage increases have exceeded productivity, raising unit labor costs (Figure 1.4, panel 3). However, European firms should be able to absorb those costs, given large increases in profit shares in recent years (Figure 1.4, panel 4).
Policy Mix: Tight Monetary, Loose Fiscal Policies

Economic developments over the past four years have had a lot to do with how individual countries have deployed fiscal and monetary policies since the pandemic. Following an initial period of easing, monetary policy has tightened significantly, with central banks in many emerging markets starting earlier than major central banks in advanced economies (Chapter 2). Most central banks stopped increasing nominal policy rates in the first half of 2023. But real rates continued to rise as inflation expectations started to decline (Figure 1.5, panel 1), tightening the monetary policy stance further. Real rates are currently above estimates of the natural rates are acting to cool down economic activity and bring inflation back to target. Higher policy rates have led higher mortgage and bank lending rates, a sign that leg of monetary transmission has worked as expected. pass-through to market rates has been gradual but to have finished. The increase in borrowing costs has held back private credit growth and investment, moderating aggregate demand (Figure 1.5, panels 2 and 3). The contrast with fiscal policy is striking. Despite a rebound in activity in 2022 and generalized inflationary pressures, fiscal policy has remained loose. Some slippage with respect to consolidation plans is (see the October 2024 Fiscal Monitor), except in low-developing countries, where limited fiscal space has constrained their ability to tackle energy and food (Figure 1.6, panel 1). From 2022 to 2024, monetary tightened significantly in most countries, but fiscal lagged and even eased in many instances (Figure 1.6, panel 2), complicating the task of central banks in their rein in inflation and delaying the necessary rebuilding buffers. Tight monetary policy combined with relatively loose fiscal policy, particularly relevant in United States, may be one of the key factors that has led to dollar appreciation in 2024. This is expected to complicate the task of central banks in their rein in inflation and delaying the necessary rebuilding buffers. With public-debt-servicing costs on an upward trend in emerging market and developing economies and a jump in the United States (Figure 1.6, panel 3), the necessary fiscal consolidation in many economies is expected to slow growth and calls for looser monetary policy, which in turn help governments trim deficits more easily (“Policy Priorities: From Restoring Price Stability to Rebuilding Buffers”).

Returning Financial Market Volatility In the first week of August, global financial markets experienced significant turbulence, interrupting a steady and rapid ascent of equity markets. Weaker-than-expected jobs data raised concerns about a potential recession in the United States, leading to a stock market correction. This, combined with the Bank of Japan’s decision to hike interest rates, resulted in a rapid unwinding of Japanese-yen-funded carry trades, which amplified the equity market correction (see Box 1.3 of the October 2024 Global Financial Stability Report and Box 1.4 of the April 2023 Global Financial Stability Report). Markets have rapidly stabilized. The Chicago Board Options Exchange Volatility (VIX) Index, after having surged to its highest point since 2020, has returned to its historical average. However, vulnerabilities that contributed to the recent increase in market volatility persist. These include the disconnect between economic uncertainty and market volatility (see Chapter 1 of the October 2024 Global Financial Stability Report) and overstretched equity valuations, particularly in the technology sector. Revised market expectations regarding US monetary policy have aligned the outlook for rate cuts there more closely with those for other advanced economies, halting the appreciation of the US dollar against the currencies of major

advanced economies. However, depreciation pressures remain high in emerging market and developing economies (Figure 1.7, panel 1). Many of these economies, which began hiking interest rates earlier, have also started easing earlier, leading to a narrowing of differentials between their policy rates and that of the United States. For some emerging market and developing economies faced with large short-term external financing needs—often a significant share of their buffer of net international reserves—sovereign borrowing spreads have increased since April, posing an additional challenge (Figure 1.7, panel 2). Although few of these economies are in debt distress—defined as having spreads greater than 1,000 basis points—heavy reliance on short-term external financing reveals vulnerabilities to sudden currency swings.

INDIAN ECONOMY:

Strong economic growth in the first quarter of FY23 helped India overcome the UK to become the fifth-largest economy after it recovered from the COVID-19 pandemic shock. Nominal GDP or GDP at Current Prices for Q1 2024-25 is estimated at Rs. 77.31 lakh crores (US\$ 928.9 billion) with growth rate of 9.7%, compared to the growth of 8.5% for Q1 2023-24. The growth in nominal GDP during 2023-24 is estimated at 9.6% as compared to 14.2% in 2022-23. Strong domestic demand for consumption and investment, along with Government's continued emphasis on capital expenditure are seen as among the key driver of the GDP in the second half of FY24. During the period April-September 2025, India's exports stood at US\$ 211.46 billion, with Engineering Goods (26.57%), Petroleum Products (16.51%) and electronic goods (7.39%) being the top three exported commodity. Rising employment and increasing private consumption, supported by rising consumer sentiment, will support GDP growth in the coming months. Future capital spending of the government in the economy is expected to be supported by factors such as tax buoyancy, the streamlined tax system with low rates, a thorough assessment and rationalisation of the tariff structure, and the digitization of tax filing. In the medium run, increased capital spending on infrastructure and asset-building projects is set to increase growth multipliers. The contact-based services sector has demonstrated promise to boost growth by unleashing the pent-up demand. The sector's success is being captured by a number of HFIs (High-Frequency Indicators) that are performing well, indicating the beginnings of a comeback.

India has emerged as the fastest-growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships. India's appeal as a destination for investments has grown stronger and more sustainable because of the current period of global unpredictability and volatility, and the record amounts of money raised by India-focused funds in 2022 are evidence of investor faith in the "Invest in India" narrative.

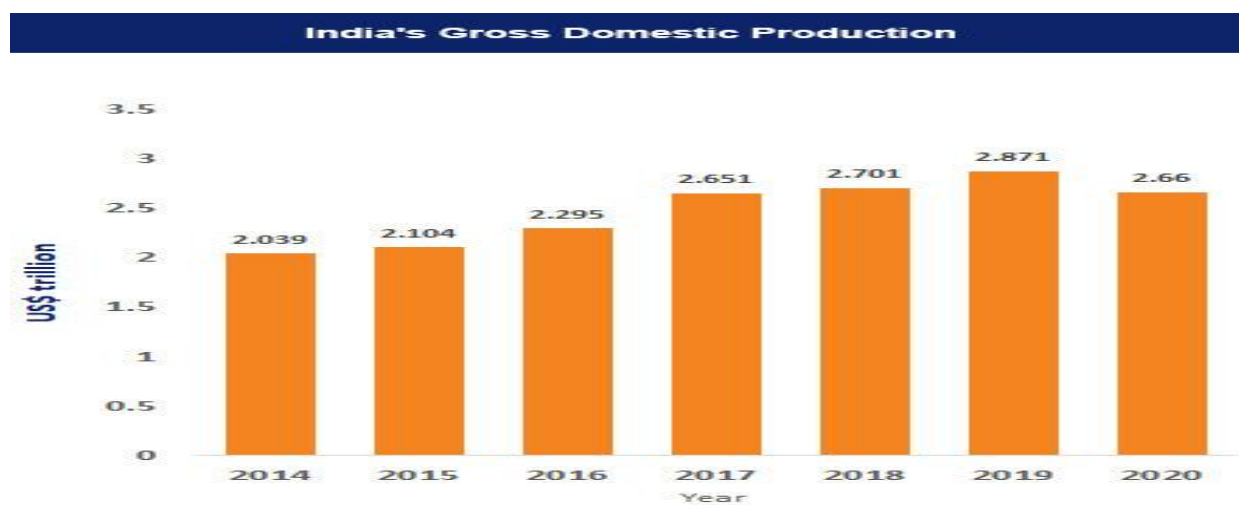

Market size

Real GDP or GDP at Constant (2011-12) Prices for the period Q1 2024-25 is estimated at Rs. 43.64 lakh crore (US\$ 524 billion), against the First Revised Estimates (FRE) of GDP for the year Q1 2023-24 of Rs. 40.91 lakh crore (US\$ 491 million). The growth in real GDP during 2023-24 is estimated at 8.2% as compared to 7.0% in 2022-23. There are 113 unicorn startups in India, with a combined valuation of over US\$ 350 billion. As many as 14 tech startups are expected to list in 2024 Fintech sector poised to generate the largest number of future unicorns in India. With India presently has the third-largest unicorn base in the world. The government is also focusing on renewable sources by

achieving 40% of its energy from non-fossil sources by 2030. India is committed to achieving the country's ambition of Net Zero Emissions by 2070 through a five-pronged strategy, 'Panchamrit'. Moreover, India ranked 3rd in the renewable energy country attractive index.

According to the McKinsey Global Institute, India needs to boost its rate of employment growth and create 90 million non-farm jobs between 2023 to 2030 in order to increase productivity and economic growth. The net employment rate needs to grow by 1.5% per annum from 2023 to 2030 to achieve 8-8.5% GDP growth between same time periods. India's current account deficit (CAD) narrowed to 0.7% of GDP in FY24. The CAD stood at US\$ 9.7 billion for the Q1 2024-25 from US\$ 8.9 billion in Q1 2023-24 or 1.1% of GDP. This was largely due to decrease in merchandise trade deficit.

Exports fared remarkably well during the pandemic and aided recovery when all other growth engines were losing steam in terms of their contribution to GDP. Going forward, the contribution of merchandise exports may waver as several of India's trade partners witness an economic slowdown. According to Minister of Commerce and Industry, Consumer Affairs, Food and Public Distribution and Textiles Mr. Piyush Goyal, Indian exports are expected to reach US\$ 1 trillion by 2030.

Recent Developments

India is primarily a domestic demand-driven economy, with consumption and investments contributing to 70% of the economic activity. With an improvement in the economic scenario and the Indian economy recovering from the Covid-19 pandemic shock, several investments and developments have been made across various sectors of the economy. According to World Bank, India must continue to prioritise lowering inequality while also putting growth-oriented policies into place to boost the economy. In view of this, there have been some developments that have taken place in the recent past. Some of them are mentioned below.

- According to HSBC Flash India PMI report, business activity surged in April to its highest level in about 14 years as well as sustained robust demand. The composite index reached 62.2, indicating continuous expansion since August 2021, alongside positive job growth and decreased input inflation, affirming India's status as the fastest-growing major economy.
- As of October 11, 2024, India's foreign exchange reserves stood at US\$ 690.43 billion.
- In 1H 2024, India saw a total of US\$ 31.5 billion in PE-VC investments.
- India secured 39th position out of 133 economies in the Global Innovation Index 2024. India rose from 81st position in 2015 to 39th position in 2024. India ranks 3rd position in the global number of scientific publications.
- In September 2024, the gross Goods and Services Tax (GST) stood at highest monthly revenue collection at Rs. 1.73 lakh crore (US\$ 20.83 billion).
- Between April 2000–June 2024, cumulative FDI equity inflows to India stood at US\$ 1,013.45 billion.
- In August 2024, the overall IIP (Index of Industrial Production) stood at 145.6. The Indices of Industrial Production for the mining, manufacturing and electricity sectors stood at 125.1, 147.1 and 219.3, respectively.
- According to data released by the Ministry of Statistics & Programme Implementation (MoSPI), India's Consumer Price Index (CPI) based retail inflation reached 5.49% (Provisional) for September 2024.
- Foreign Institutional Investors (FII) inflows between April-July (2023-24) were close to Rs. 80,500 crore (US\$ 9.67 billion), while Domestic Institutional Investors (DII) sold Rs. 4,500 crore (US\$ 540.56 million) in the same period. As per depository data, Foreign Portfolio Investors (FPIs) invested (US\$ 13.89 billion) in India during January- (up to 15th July) 2024.

- The wheat procurement during Rabi Marketing Season (RMS) 2024-25 (till May) was estimated to be 266 lakh metric tonnes (LMT) and the rice procured in Kharif Marketing Season (KMS) 2024-25 was 400 LMT.

Government Initiatives

Over the years, the Indian government has introduced many initiatives to strengthen the nation's economy. The Indian government has been effective in developing policies and programmes that are not only beneficial for citizens to improve their financial stability but also for the overall growth of the economy. Over recent decades, India's rapid economic growth has led to a substantial increase in its demand for exports. Besides this, a number of the government's flagship programmes, including Make in India, Start-up India, Digital India, the Smart City Mission, and the Atal Mission for Rejuvenation and Urban Transformation, is aimed at creating immense opportunities in India. In this regard, some of the initiatives taken by the government to improve the economic condition of the country are mentioned below:

- In July 2024, the Ministry of Finance held the Union Budget and announced that for 2024-25, the total receipts other than borrowings and the total expenditure are estimated at Rs. 32.07 lakh crore (US\$ 383.93 billion) and Rs. 48.21 lakh crore (US\$ 577.16 billion), respectively.
- In February 2024, the Finance Ministry announced the total expenditure in Interim 2024-25 estimated at Rs. 47,65,768 crore (US\$ 571.64 billion) of which total capital expenditure is Rs. 11,11,111 crore (US\$ 133.27 billion).
- On January 22, 2024, Prime Minister Mr. Narendra Modi announced the 'Pradhan Mantri Suryodaya Yojana'. Under this scheme, 1 crore households will receive rooftop solar installations.
- On September 17, 2023, Prime Minister Mr. Narendra Modi launched the Central Sector Scheme PM-VISHWAKARMA in New Delhi. The new scheme aims to provide recognition and comprehensive support to traditional artisans & craftsmen who work with their hands and basic tools. This initiative is designed to enhance the quality, scale, and reach of their products, as well as to integrate them with MSME value chains.

ROAD AHEAD

In the second quarter of FY24, the growth momentum of the first quarter was sustained, and high-frequency indicators (HFIs) performed well in July and August of 2023. India's comparatively strong position in the external sector reflects the country's positive outlook for economic growth and rising employment rates. India ranked 5th in foreign direct investment inflows among the developed and developing nations listed for the first quarter of 2022.

India's economic story during the first half of the current financial year highlighted the unwavering support the government gave to its capital expenditure, which, in 2023-24, stood 37.4% higher than the same period last year. In the budget of 2024-25, capital expenditure took lead by steeply increasing the capital expenditure outlay by 17.1 % to Rs.11 lakh crore (US\$ 133.51 billion) over Rs. 9.48 lakh crore (US\$ 113.91 billion) in 2023-24. Stronger revenue generation because of improved tax compliance, increased profitability of the company, and increasing economic activity also contributed to rising capital spending levels.

Since India's resilient growth despite the global pandemic, India's exports climbed at the second-highest rate with a year-over-year (YoY) growth of 8.39% in merchandise exports and a 29.82% growth in service exports till April 2023. With a reduction in port congestion, supply networks are being restored. The CPI-C inflation reduction from June 2022 already reflects the impact. In September 2023 (Provisional), CPI-C inflation was 5.02%, down from 7.01% in June 2022. With a proactive set of administrative actions by the government, flexible monetary policy, and a softening of global commodity prices and supply-chain bottlenecks, inflationary pressures in India

look to be on the decline overall.

RETAIL INDUSTRY

Indian retail industry has emerged as one of the most dynamic and fast-paced industries due to the entry of several new players. It accounts for over 10% of the country's gross domestic product (GDP) and around 8% of the

employment. India is the world's fifth-largest global destination in the retail space. India is the world's fifth-largest global destination in the retail space and ranked 63 in the World Bank's Doing Business 2023.

The sizeable middle class and nearly unexplored retail market in India are the main enticing factors for international retail behemoths seeking to move into newer markets, which will help the Indian retail business grow more quickly. The urban Indian consumer's purchasing power is increasing, and branded goods in categories like apparel, cosmetics, footwear, watches, beverages, food, and even jewellery are gradually evolving into business and leisure that are well-liked by the urban Indian consumer. The retail sector in India is expected to reach a whopping US\$ 2 trillion in value by 2032, according to a recent analysis by the Boston Consulting Group (BCG).

India is one of the most promising and developing marketplaces in the world.

There is a great deal of desire among multinational corporations to take advantage of the consumer base in India and to enter the market first. Nearly 60 shopping malls encompassing a total retail space of 23.25 million sq. ft are expected to become operational during 2023-25.

India ranks among the best countries to invest in Retail space. Factors that make India so attractive include the second largest population in the world, a middle-income class of ~158 households, increasing

urbanization, rising household incomes, connected rural consumers, and increasing consumer spending.

As of December 2022, there were 7.8 billion daily e-commerce transactions. Online shoppers in India are expected to reach ~500 million in 2030 from 150 million in 2020. Online shoppers in India are expected to reach ~500 million in 2030 from +150 million in 2020. The E-Commerce market is expected to touch US\$ 350 billion in GMV by 2030.

India's retail sector was experiencing exponential growth with retail development taking place not just in major cities and metros, but also in small cities. Healthy economic growth, changing demographic profile, increasing disposable income, urbanisation, and changing consumer tastes and preferences have been some of the factors driving growth in the organised retail market in India.

To improve the business climate and make it simpler for foreign companies to register fully owned subsidiaries in India, the Indian government has implemented a number of rules, regulations, and policies.

Market Size

As per Kearney Research, India's retail industry is projected to grow at 9% over 2019-2030, from US\$ 779 billion in 2019 to US\$ 1,407 billion by 2026 and more than US\$ 1.8 trillion by 2030. India's direct selling industry is expected to be valued at US\$ 7.77 billion by the end of 2025. Despite unprecedented challenges, the India consumption story is still robust.

India has the third-highest number of e-retail shoppers (only behind China and the US). The new-age logistics players are expected to deliver 2.5 billion Direct-to-Consumer (D2C) shipments by 2030. Online used car transaction penetration is expected to grow by 9x in the next 10 years.

According to recent industry reports, the e-commerce industry witnessed a phenomenal 36.8% YoY growth in terms of order volumes. As consumers prefer to shop online throughout the year, this fast-changing consumer preference towards online shopping reveals the mature status acquired by e-commerce brands in India.

India's retail sector boasts an impressive market size, ranking fourth globally and contributing over 10% to the nation's GDP.

As of December 2022, there were 7.8 billion daily e-commerce transactions. Online shoppers in India are expected to reach ~500 million in 2030 from +150 million in 2020.

India's digital economy is expected to touch US\$ 800 billion by 2030, and the E-Commerce market is expected to touch US\$ 350 billion in GMV by 2030.

As per Crisil, Organised food & grocery retailers topline will grow at 14-15% in FY25.

Investments/ Developments

The Retail sector in India has seen a lot of investments and developments in the recent past.

- In the next 5 to 6 years, Subway, the renowned QSR chain, aims to double its presence in India, expanding its store count from 850 to 1,700 locations.

- Lulu Group, a UAE-based retail company, will invest Rs. 2,000 crore (US\$ 240.96 million) to develop a shopping mall near Ahmedabad in Gujarat as part of its plans to expand business in India.
- India's retail trading sector attracted US\$ 4.68 billion FDIs between April 2000-June 2024.
- The annual inflation rate based on all India Consumer Price Index (CPI) number is 4.83% (Provisional) for the month of April 2024 (over April, 2023).
- In November 2022, Aditya Birla Fashion and Retail Ltd. entered a strategic partnership with the Galleries Lafayette to open luxury department stores and a dedicated e-commerce platform in India.
- In August 2022, Louis Philippe, India's leading premium menswear brand from Aditya Birla Fashion and Retail Ltd., announced the launch of its outlet in Vadodara, Gujarat.
- In August 2022, Wipro Consumer announced the launch of traditional snacks and spices as it forays into packaged foods.
- In July 2022, Reliance Brands Limited (RBL) partnered with Maison Valentino to bring to India the most established Italian Maison de Couture.
- In June 2022, Reliance Brands Limited inks a JV with plastic legno spa to strengthen toy manufacturing ecosystem in India.
- In June 2022, Aditya Birla Group formally launches TMRW – a Digital First 'House of Brands' venture in the Fashion & Lifestyle space.
- In May 2022, Reliance brands limited (RBL) partnered with Tod's S.p.A, the iconic Italian luxury brand to become the official retailer of the brand across all categories including footwear, handbags, and accessories in the Indian market.

- According to the Minister of State for finance, Total digital payment transactions volume increases from 2,071 crore in FY 2017-18 to 13,462 crore in FY 2022-23 at a CAGR of 45%.
- In January 2024, UPI transactions were valued at Rs. 18.4 lakh crore (US\$ 221.6 billion).
- Retail tech companies supporting the retail sector with services such as digital ledgers, inventory management, payments solutions, and tools for logistics and fulfilment are taking off in India.
- With the rising need for consumer goods in different sectors including consumer electronics and home appliances, many companies have invested in the Indian retail space in the past few

months.

Growth Drivers for retail in India

- Favourable Demographics: India's large and young population, Rising Middle Class, Urbanization, Changing Lifestyle and Consumption Patterns and favourable government initiatives prove to be a growth engine for the retail industry.
- Rise in income and purchasing power: As of the most recent Purchasing Power Parity (PPP) calculations by the World Bank and the International Comparison Programme (ICP), India ranks 3rd in the world in terms of GDP by PPP. Along with improvements in general purchasing power of the middle class, and a low cost of living, India has also almost completely eradicated extreme poverty at the global PPP poverty level of US\$ 1.9.
- Change in consumer mindset: The transition from traditional retail to online platforms in India has spurred a shift in consumer mindset. This change is characterized by a prioritization of convenience, a wider product selection, increased price sensitivity, growing trust in online transactions, reliance on reviews and recommendations, evolving loyalty dynamics, a greater embrace of technology, and heightened expectations for fast delivery.
- Brand consciousness: Brand consciousness in India is a multifaceted phenomenon shaped by economic, cultural, and technological factors. As consumer expectations continue to evolve, brands must remain agile and responsive to changing trends, ensuring that they deliver value, innovation, and authenticity to maintain their competitive edge in the market.
- Easy consumer credit and increase in quality products: Share of unsecured retail loans grew to 25.2% from 22.9% in March 2021-2023, while secured loans eased from 77.1% to 74.8%. Banks' unsecured loan portfolio amounted to close to Rs. 12 lakh crore (US\$ 144.58 billion) as of July 2023.

Government Initiatives

The Government of India has taken various initiatives to improve the retail industry in India. Some of them are listed below:

- In July 2021, the Andhra Pradesh government announced retail parks policy 2021-26, anticipating targeted retail investment of Rs. 5,000 crore (US\$ 674.89 million) in the next five years.
- Government may change Foreign Direct Investment (FDI) rules in food processing in a bid to permit E-commerce companies and foreign retailers to sell Made in India consumer products.
- Government of India has allowed 100% FDI in online retail of goods and services through the automatic route, thereby providing clarity on the existing businesses of E-commerce companies operating in India.

Road Ahead

The COVID-19 pandemic has caused changes in consumer preferences, habits, and attitudes over the past few years. This has a significant impact on how people buy and consume goods and services. Global retailers are now using cutting-edge business strategies to take advantage of new retail opportunities. Consumers no longer distinguish between offline and online consumption channels. Due to this, major companies are experimenting with different ways to design seamless retail experiences that are integrated across all channels. By utilising both established e-commerce platforms and traditional techniques, retailers are also experimenting with revenue models to improve their customer value offer.

E-commerce is expanding steadily in the country. Customers have the ever-increasing choice of products at the lowest rates. E-commerce is probably creating the biggest revolution in retail industry, and this trend is likely to continue in the years to come. Retailers should leverage digital retail channels (E-commerce), which would enable them to spend less money on real estate while reaching out to more customers in tier II and tier III cities.

Online retail market in India is projected to reach US\$ 350 billion by 2030 from an estimated US\$ 70 billion in 2022, due to rising online shoppers in the country. Nevertheless, long-term outlook for the industry looks positive, supported by rising income, favourable demographics, entry of foreign players, and increasing urbanisation.

Further, kindly refer to the risk factor described *‘Our Subsidiaries operate in various facets of industries. Further, since these subsidiaries have been incorporated vide joint venture agreements, pre-mature termination or non-renewal of the said agreements can have an adverse impact on the financial operations of our Company.’*, and *‘Any decline in the value of investments of our Company, present and future, could have a material adverse effect on our business, results of operations, financial condition and cash flows.’* on pages 25, and 26 of this Draft letter of offer.

DIVIDEND POLICY

Under the Companies Act, 2013, our Company can pay dividends upon a recommendation by our Board of Directors and approval by a majority of the shareholders at the General Meeting. The shareholders of our Company have the right to decrease, not to increase the amount of dividend recommended by the Board of Directors. The dividends may be paid out of profits of our Company in the year in which the dividend is declared or out of the undistributed profits or reserves of previous fiscal years or out of both.

The Articles of Association of our Company also gives the discretion to our Board of Directors to declare and pay interim dividends. The declaration and payment of dividend will be recommended by our Board of Directors and approved by the shareholders of our Company at their discretion and will depend on a number of factors, including the results of operations, earnings, capital requirements and surplus, general financial conditions, applicable Indian legal restrictions and other factors considered relevant by our Board of Directors.

There are no dividends declared by our Company since incorporation.

ANNEXURE IV

ACCOUNTING POLICY AND NOTES TO THE RESTATED FINANCIAL STATEMENTS

A. BACKGROUND

The Company was incorporated as 'SUKETU FASHIONS LIMITED' under the provisions of the Companies Act, 1956 vide Certificate of Incorporation Dated February 22, 1994 issued by the Registrar of Companies, Mumbai. Later on it was renamed as '**ALAN SCOTT ENTERPRISESS LIMITED**' after passing the necessary resolutions as required by Companies Act, 1956. (CIN: L33100MH1994PLC076732)

B. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

1. BASIS OF PREPARATION OF FINANCIAL STATEMENTS

The Restated Consolidated Summary Statement of Assets and Liabilities of the Company as on September 30, 2024, March 31, 2024, March 31, 2023 and March 31, 2022, and the Restated Consolidated Summary Statement of Profit and Loss and Restated Consolidated Summary Statements of Cash Flows for the period/year ended on September 30, 2024, March 31, 2024, March 2023 and March 31, 2022, and the annexure thereto (collectively, the "Restated Consolidated Financial Statements" or "Restated Consolidated Summary Statements") have been extracted by the management from the Audited Financial Statements of the Company for the period/ year ended on March 31, 2024, March 31, 2023 ,and March 31, 2022.

The Consolidated financial statements are prepared and presented under the historical cost convention and evaluated on a going-concern basis using the accrual system of accounting in accordance with the accounting principles generally accepted in India (Indian GAAP) and the requirements of the Companies Act, including the Accounting Standards as prescribed by the Section 133 of the Companies Act, 2013 ('the Act') read with Rule 7 of Companies (Accounts) Rules, 2014).

2. USE OF ESTIMATES

The preparation of these financial statements in conformity with the recognition and measurement principles of Ind AS requires the management of the Company to make estimates, judgments and assumptions.

These estimates, judgments and assumptions affect the reported balances of assets and liabilities, disclosures relating to contingent liabilities as at the date of the financial statements and the reported amounts of revenues and expenses for the year. These estimates and underlying assumptions are reviewed on an ongoing basis.

Revisions to accounting estimates are recognized in the period in which the estimates are revised and future periods are affected. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these estimates, judgments and assumptions may result in the outcome that may require material adjustment in the carrying amounts of assets and liabilities in future period.

Estimations which may cause material adjustment to the carrying amounts of assets and liabilities within next financial year is in respect of useful lives of property, plant and equipment, valuation of deferred tax assets, provisions and contingent liabilities and fair value measurement of financial instruments have been discussed below

3. PROPERTY, PLANT AND EQUIPMENT

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment loss, if any. The cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Advances paid towards the acquisition of property, plant and equipment outstanding at each Balance Sheet date is classified as capital advances under other non-current assets and the cost of assets not ready to use before such date are disclosed under 'Capital work-in-progress'.

Subsequent expenditures related to property, plant and equipment is capitalized only if it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. Repairs and maintenance costs of items of property, plant and equipment are recognized in the statement of profit and loss when incurred.

Gains or losses arising from of fixed assets are measured as the difference between the net proceeds and carrying amount of the asset and are recognized in the statement of profit and loss when the asset is recognized.

4. DEPRECIATION

Depreciation has been provided on Written Down Value method on all assets as per Useful lives prescribed under Schedule II of Companies Act 2013. Depreciation on assets added during the year has been provided on pro-rata basis from the date of addition. Depreciation on deductions during the year is provided on pro-rata basis up to the date of sale. Individual assets whose cost does not exceed 5,000 are depreciated at 100%.

5. BORROWING COSTS

Borrowing costs are capitalized that are directly attributable to the acquisition, construction or production of a qualifying asset as part of the cost of that asset. Other borrowing costs are recognized as an expense in the period in which it is incurred.

6. IMPAIRMENT OF ASSETS

The carrying amounts of assets are reviewed at each balance sheet dates and if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value at the weighted average cost of capital. If at the balance sheet date, there is an indication that a previously assessed impairment loss no longer exists, then such loss is reversed and the asset is restated to extent of the carrying value of the asset that would have been determined (net of amortization / depreciation), had no impairment loss been recognized. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

7. INVENTORIES

Inventories are valued at the lower of cost or net realizable value. Cost includes purchase price, duties, transport, handling costs and other costs directly attributable to the acquisition and bringing the inventories to their present location and condition.

The basis of determination of cost is as follows:

- Stores and spares and consumables valued on cost
- Finished goods valued at lower of cost or net realizable value. Cost is determined on FIFO basis.

8. INTANGIBLE ASSETS

Intangible assets including software licenses of enduring nature and acquired contractual rights separately are measured on initial recognition, at cost. Intangible assets are carried at cost less accumulated amortization and impairment losses, if any.

Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Cost of internally generated intangible assets comprises all directly attributable costs necessary to create, produce, and prepare the asset to be capable of operating in the manner intended by management.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is recognized.

Capitalized development cost is carried at cost less accumulated amortization and impairment losses, if any. Intangibles under development include cost of intangibles that are not ready to be put to use.

9. REVENUE RECOGNITION

Revenue is Recognized Limited to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured and it is reasonable to expect ultimate collection.

Sale of Goods

Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration entitled in exchange for those goods or services. The Company is generally the principal as it typically controls the goods or services before transferring them to the customer. Generally, control is transferred upon shipment of goods to the customer or when the goods is made available to the

customer, provided transfer of title to the customer occurs and the Company has not retained any significant risks of ownership or future obligations with respect to the goods shipped

Revenue from Investment

Dividend income is accounted for in the year in dividend is declared and right to receive is established as per Accounting India Standard 9 on 'Revenue Recognition' issued by the Institute of Chartered Accountants of (ICAI).

Interest

Revenue is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.

10. FAIR VALUE MEASUREMENT:

The Company measures financial instruments, such as, derivatives at fair value at each Balance Sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

In the principal market for the asset or liability, or

In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the consolidated financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

11. CASH AND CASH EQUIVALENT:

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consists of cash and short-term deposits, as defined above, net of outstanding bank overdrafts and cash credit facilities as they are considered an integral part of the Company's cash management.

12. INVESTMENTS:

Investment that are readily realizable and intended to be held for not more than one year are classified as current investments. All other investments are classified as long-term investments. The investments have been valued at fair value in compliance with the Indian Accounting Standards

13. EMPLOYEE BENEFITS:

(i) Gratuity

The Company provides for Gratuity, covering eligible employees under Company Gratuity Scheme. On reporting date, liabilities with respect to gratuity plan as determined by an independent actuarial valuation and actuarial gains/losses are charged to the Statement of Profit and Loss Account. The Company recognizes the net obligation of a defined benefit plan in its Balance Sheet as liability and as per the requirements of Ind AS19.

(ii) Short-term Employee Benefits

All employee benefits payable within twelve months of rendering the service are classified as short-term benefits. Such benefits include salaries, wages, bonus, short term compensated absences, awards, ex-gratia, performance pay etc. in the period in which the employee renders the related service. A liability is recognized for the amount expected to be paid when there is a present obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

(iii) Compensated absences

The Company provides accumulating and non-accumulating paid absences such as annual leave, sick leave and casual leave.

Compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related services are recognized as undiscounted liability at the balance sheet date. Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognized as an actuarially determined liability at the present value of the defined benefit obligation at the balance sheet date

14. FINANCIAL LIABILITIES:

All Financial liabilities are measured at amortized cost using effective interest method or fair value through profit and loss. However, financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies, financial guarantee contracts issued by the Company, and commitments issued by the Company to provide a loan at below-market interest rate are measured in accordance with the specific accounting policies set out below.

Financial liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognised by the Company as an acquirer in a business combination to which Ind AS 103 applies or is held for trading or it is designated as at FVTPL.

A financial liability is classified as held for trading if:

It has been incurred principally for the purpose of repurchasing it in the near term; or
on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
It is a derivative that is not designated and effective as a hedging instrument

A financial liability other than a financial liability held for trading or contingent consideration recognised by the Company as an acquirer in a business combination to which Ind AS 103 applies, may be designated as at FVTPL upon initial recognition if:

Such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;

The financial liability forms part of a Company of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Company's documented risk management or investment strategy, and information about the Company is provided internally on that basis; or It forms part of a contract containing one or more embedded derivatives, and Ind AS 109 permits the entire combined contract to be designated as at FVTPL in accordance with Ind AS 109.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on re-measurement recognised in Statement of Profit and Loss. The net gain or loss recognized in Statement of Profit and Loss incorporates any interest paid on the financial liability and is included in the 'Other income' line item. However, for non-held-for-trading financial liabilities that are designated as at FVTPL, the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is recognised in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in profit or loss, in which case these effects of changes in credit risk are recognised in Statement of Profit and Loss.

The remaining amount of change in the fair value of liability is always recognised in Statement of Profit and Loss. Changes in fair value attributable to a financial liability's credit risk that are recognised in other comprehensive income are reflected immediately in retained earnings and are not subsequently reclassified to Statement of Profit and Loss. Gains or losses on financial guarantee contracts and loan commitments issued by the Company that are designated by the Company as at fair value through profit or loss are recognised in Statement of Profit and Loss.

Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method.

Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item. The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in Statement of Profit and Loss.

15. INVESTMENTS AND OTHER FINANCIAL ASSETS:

(i) Classification

Financial assets, other than equity instruments, are subsequently measured at amortised cost, fair value through other comprehensive income (FVOCI) or fair value through profit or loss (FVTPL) on the basis of both:

- (a) the entity's business model for managing the financial assets and
- (b) the contractual cash flow characteristics of the financial asset.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

The company reclassifies debt investments when and only when its business model for managing those assets changes.

(ii) **Measurement**

At initial recognition, the company measures a financial asset at its fair value plus, in the case of a financial asset not carried at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Debt instruments

Subsequent measurement of debt instruments depends on the company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the company classifies its debt instruments:

- **Amortised cost:**

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

- **Fair value through other comprehensive income (FVOCI):**

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

- **Fair value through profit or loss (FVTPL):**

Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss and presented net in the statement of profit and loss within other gains/(losses) in the period in which it arises. Interest income from these financial assets is included in other income.

Equity instruments

The company subsequently measures all equity investments at fair value. Where the company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in profit or loss as other income when the company's right to receive payments is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

(iii) **Impairment of financial assets**

At amortised cost and FVOCI debt instruments. The impairment methodology applied depends on The company assesses on a forward looking basis the expected credit losses associated with its assets carried whether there has been a significant increase in credit risk.

For trade receivables only, the company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

16. BORROWING COST

Borrowing costs are capitalized that are directly attributable to the acquisition, construction or production of a qualifying asset as part of the cost of that asset. Other borrowing costs are recognized as an expense in the period in which it is incurred.

17. PROVISIONS AND CONTINGENT LIABILITY:

Provisions are recognized when the Company has a present, legal or constructive obligation as a result of a past event and it is probable that an outflow of resources will be required to settle the obligation, and a reliable estimate of the amount of the obligation can be made. Provisions are determined based on the best estimate required to settle the obligation at the Balance Sheet date. Provisions are reviewed at each Balance Sheet date and adjusted to reflect current best estimates.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognized as interest expense.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. A disclosure for a contingent liability is made where there is a possible obligation arising out of past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation arising out of a past event where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

18. EARNINGS PER SHARE:

In determining the Earnings Per share, the company considers the net profit after tax which does not include any post tax effect of any extraordinary / exceptional item. The number of shares used in computing basic earnings per share is the weighted average number of shares outstanding during the period. Split in face value of equity share of company has been considered as if it took place at the beginning of Restatement period.

19. CASH FLOW:

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. Cash flows from operating, investing and financing activities of the Company are segregated, accordingly.

21. ACCOUNTING FOR TAXES ON INCOME

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

- (i) Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date.
- (ii) Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

The carrying amount of deferred tax assets are reviewed at each reporting date. The company writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

ANNEXURE IV

ACCOUNTING POLICY AND NOTES TO THE RESTATED FINANCIAL STATEMENTS

A. BACKGROUND

The Company was incorporated as “SUKETU FASHIONS LIMITED” under the provisions of the Companies Act, 1956 vide Certificate of Incorporation Dated February 22, 1994 issued by the Registrar of Companies, Mumbai. Later on it was renamed as “ALAN SCOTT ENTERPRISES LIMITED” (FORMERLY KNOWN AS ALAN SCOTT INDUSTRIES LIMITED) after passing the necessary resolutions as required by Companies Act, 1956. (CIN: L33100MH1994PLC076732)

B. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

1. BASIS OF PREPARATION OF FINANCIAL STATEMENTS

The Restated Summary Statement of Assets and Liabilities of the Company as on September 30, 2024, March 31, 2024, March 31, 2023 and March 31, 2022 and the Restated Summary Statement of Profit and Loss and Restated Summary Statements of Cash Flows for the period/year ended on September 30, 2024, March 31, 2024, March 31, 2023, and March 31, 2022 and the annexure thereto (collectively, the “Restated Financial Statements” or “Restated Summary Statements”) have been extracted by the management from the Audited Financial Statements of the Company for the period/ year ended on March 31, 2024, March 31, 2023, and March 31, 2022.

The financial statements are prepared and presented under the historical cost convention and evaluated on a going-concern basis using the accrual system of accounting in accordance with the accounting principles generally accepted in India (Indian GAAP) and the requirements of the Companies Act, including the Accounting Standards as prescribed by the Section 133 of the Companies Act, 2013 (“the Act”) read with Rule 7 of Companies (Accounts) Rules, 2014).

2. USE OF ESTIMATES

Use of estimates and judgment

The preparation of these financial statements in conformity with the recognition and measurement principles of Ind AS requires the management of the Company to make estimates, judgments and assumptions.

These estimates, judgments and assumptions affect the reported balances of assets and liabilities, disclosures relating to contingent liabilities as at the date of the financial statements and the reported amounts of revenues and expenses for the year. These estimates and underlying assumptions are reviewed on an ongoing basis.

Revisions to accounting estimates are recognized in the period in which the estimates are revised and future periods are affected. Although these estimates are based on the management’s best knowledge of current events and actions, uncertainty about these estimates, judgments and assumptions may result in the outcome that may require material adjustment in the carrying amounts of assets and liabilities in future period.

Estimations which may cause material adjustment to the carrying amounts of assets and liabilities within next financial year is in respect of useful lives of property, plant and equipment, valuation of deferred tax assets, provisions and contingent liabilities and fair value measurement of financial instruments have been discussed below

3. PROPERTY, PLANT AND EQUIPMENT

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment loss, if any. The cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Advances paid towards the acquisition of property, plant and equipment outstanding at each Balance Sheet date is classified as capital advances under other non-current assets and the cost of assets not ready to use before such date are disclosed under 'Capital work-in-progress'.

Subsequent expenditures related to property, plant and equipment is capitalized only if it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. Repairs and maintenance costs of items of property, plant and equipment are recognized in the statement of profit and loss when incurred.

Gains or losses arising from of fixed assets are measured as the difference between the net proceeds and carrying amount of the asset and are recognized in the statement of profit and loss when the asset is recognized.

4. DEPRECIATION

Depreciation has been provided on Written Dawn Value method on all assets as per Useful lives prescribed under Schedule II of Companies Act 2013. Depreciation on assets added during the year has been provided on pro-rata basis from the date of addition. Depreciation on deductions during the year is provided on pro-rata basis up to the date of sale. Individual assets whose cost does not exceed 5,000 are depreciated at 100%.

5. BORROWING COSTS

Borrowing costs are capitalized that are directly attributable to the acquisition, construction or production of a qualifying asset as part of the cost of that asset. Other borrowing costs are recognized as an expense in the period in which it is incurred.

6. IMPAIRMENT OF ASSETS

The carrying amounts of assets are reviewed at each balance sheet dates and if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value at the weighted average cost of capital. If at the balance sheet date, there is an indication that a previously assessed impairment loss no longer exists, then such loss is reversed and the asset is restated to extent of the carrying value of the asset that would have been determined (net of amortization / depreciation), had no impairment loss been recognized. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

7. INVENTORIES

Inventories are valued at the lower of cost or net realizable value. Cost includes purchase price, duties, transport, handing costs and other costs directly attributable to the acquisition and bringing the inventories to their present location and condition.

The basis of determination of cost is as follows:

- Stores and spares and consumables valued on cost
- Finished goods valued at lower of cost or net realizable value. Cost is determined on FIFO basis.

8. INTANGIBLE ASSETS:

Intangible assets including software licenses of enduring nature and acquired contractual rights separately are measured on initial recognition, at cost. Intangible assets are carried at cost less accumulated amortization and impairment losses, if any.

Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Cost of internally generated intangible assets comprises all directly attributable costs necessary to create, produce, and prepare the asset to be capable of operating in the manner intended by management.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is recognized.

Capitalized development cost is carried at cost less accumulated amortization and impairment losses, if any. Intangibles under development include cost of intangibles that are not ready to be put to use.

9. **REVENUE RECOGNITION**

Revenue is Recognized Limited to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured and it is reasonable to expect ultimate collection.

Sale of Goods

Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration entitled in exchange for those goods or services. The Company is generally the principal as it typically controls the goods or services before transferring them to the customer. Generally, control is transferred upon shipment of goods to the customer or when the goods is made available to the customer, provided transfer of title to the customer occurs and the Company has not retained any significant risks of ownership or future obligations with respect to the goods shipped.

Revenue from Investment

Dividend income is accounted for in the year in dividend is declared and right to receive is established as per Accounting India Standard 9 on "Revenue Recognition" issued by the Institute of Chartered Accountants of (ICAI).

Interest

Revenue is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.

10. **FAIR VALUE MEASUREMENT:**

The Company measures financial instruments, such as, derivatives at fair value at each Balance Sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

In the principal market for the asset or liability, or

In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the standalone financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the standalone financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

11. **CASH AND CASH EQUIVALENT:**

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consists of cash and short-term deposits, as defined above, net of outstanding bank overdrafts and cash credit facilities as they are considered an integral part of the Company's cash management.

12. **INVESTMENTS:**

Investment that are readily realizable and intended to be held for not more than one year are classified as current investments. All other investments are classified as long-term investments. The investments have been valued at fair value in compliance with the Indian Accounting Standards

13. **EMPLOYEE BENEFITS:**

(i) **Gratuity**

The Company provides for Gratuity, covering eligible employees under Company Gratuity Scheme. On reporting date, liabilities with respect to gratuity plan as determined by an independent actuarial valuation and actuarial gains/losses are charged to the Statement of Profit and Loss Account. The Company recognizes the net obligation of a defined benefit plan in its Balance Sheet as liability and as per the requirements of Ind AS19.

(ii) **Short-term Employee Benefits**

All employee benefits payable within twelve months of rendering the service are classified as short-term benefits. Such benefits include salaries, wages, bonus, short term compensated absences, awards, ex-gratia, performance pay etc. in the period in which the employee renders the related service. A liability is recognized for the amount expected to be paid when there is a present obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

(iii) **Compensated absences**

The Company provides accumulating and non-accumulating paid absences such as annual leave, sick leave and casual leave.

Compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related services are recognized as undiscounted liability at the balance sheet date. Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognized as an actuarially determined liability at the present value of the defined benefit obligation at the balance sheet date

14. **FINANCIAL LIABILITIES:**

All Financial liabilities are measured at amortized cost using effective interest method or fair value through profit and loss. However, financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies, financial guarantee contracts issued by the Company, and commitments issued by the Company to provide a loan at below-market interest rate are measured in accordance with the specific accounting policies set out below.

Financial liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognised by the Company as an acquirer in a business combination to which Ind AS 103 applies or is held for trading or it is designated as at FVTPL.

A financial liability is classified as held for trading if:

It has been incurred principally for the purpose of repurchasing it in the near term; or

on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or

It is a derivative that is not designated and effective as a hedging instrument

A financial liability other than a financial liability held for trading or contingent consideration recognised by the Company as an acquirer in a business combination to which Ind AS 103 applies, may be designated as at FVTPL upon initial recognition if:

Such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;

The financial liability forms part of a Company of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Company's documented risk management or investment strategy, and information about the Company is provided internally on that basis; or

It forms part of a contract containing one or more embedded derivatives, and Ind AS 109 permits the entire combined contract to be designated as at FVTPL in accordance with Ind AS 109.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on re-measurement recognised in Statement of Profit and Loss. The net gain or loss recognized in Statement of Profit and Loss incorporates any interest paid on the financial liability and is included in the 'Other income' line item. However, for non-held-for-trading financial liabilities that are designated as at FVTPL, the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is recognised in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in profit or loss, in which case these effects of changes in credit risk are recognised in Statement of Profit and Loss.

The remaining amount of change in the fair value of liability is always recognised in Statement of Profit and Loss. Changes in fair value attributable to a financial liability's credit risk that are recognised in other comprehensive income are reflected immediately in retained earnings and are not subsequently reclassified to Statement of Profit and Loss. Gains or losses on financial guarantee contracts and loan commitments issued by the Company that are designated by the Company as at fair value through profit or loss are recognised in Statement of Profit and Loss.

Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method.

Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item. The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees paid or received that form an integral part of the effective interest rate,

transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in Statement of Profit and Loss.

15. INVESTMENTS AND OTHER FINANCIAL ASSETS:

(i) Classification

Financial assets, other than equity instruments, are subsequently measured at amortised cost, fair value through other comprehensive income (FVOCI) or fair value through profit or loss (FVTPL) on the basis of both:

- (a) the entity's business model for managing the financial assets and
- (b) the contractual cash flow characteristics of the financial asset.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

The company reclassifies debt investments when and only when its business model for managing those assets changes.

(ii) Measurement

At initial recognition, the company measures a financial asset at its fair value plus, in the case of a financial asset not carried at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Debt instruments

Subsequent measurement of debt instruments depends on the company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the company classifies its debt instruments:

- **Amortised cost:**

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

- **Fair value through other comprehensive income (FVOCI):**

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously

recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

- **Fair value through profit or loss (FVTPL):**

Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss and presented net in the statement of profit and loss within other gains/(losses) in the period in which it arises. Interest income from these financial assets is included in other income.

Equity instruments

The company subsequently measures all equity investments at fair value. Where the company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in profit or loss as other income when the company's right to receive payments is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

- **Impairment of financial assets**

At amortised cost and FVOCI debt instruments. The impairment methodology applied depends on The company assesses on a forward looking basis the expected credit losses associated with its assets carried whether there has been a significant increase in credit risk.

For trade receivables only, the company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

16. PROVISIONS AND CONTINGENT LIABILITY:

Provisions are recognized when the Company has a present, legal or constructive obligation as a result of a past event and it is probable that an outflow of resources will be required to settle the obligation, and a reliable estimate of the amount of the obligation can be made. Provisions are determined based on the best estimate required to settle the obligation at the Balance Sheet date. Provisions are reviewed at each Balance Sheet date and adjusted to reflect current best estimates.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre- tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognized as interest expense.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. A disclosure for a contingent liability is made where there is a possible obligation arising out of past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation arising out of a past event where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

17. EARNINGS PER SHARE:

In determining the Earnings Per share, the company considers the net profit after tax which does not include any post tax effect of any extraordinary / exceptional item. The number of shares used in computing basic earnings

per share is the weighted average number of shares outstanding during the period. Split in face value of equity share of company has been considered as if it took place at the beginning of Restatement period.

18. CASH FLOW:

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. Cash flows from operating, investing and financing activities of the Company are segregated, accordingly.

20. ACCOUNTING FOR TAXES ON INCOME

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

- (i) Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date.
- (ii) Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits. The carrying amount of deferred tax assets are reviewed at each reporting date. The company writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

(1) Debt represents only Long-Term Liabilities.

(2) Debt service represent Interest + Principal pertaining to long term borrowings payable.

The variance in case of Current ratio is due to financing of working capital by short term borrowing availed and trade payable.

The variance in case of Debt service coverage ratio and Return on Equity (ROE), Net profit ratio, Return on Capital Employed (ROCE), is because, Alan scott enterprisess is an investment entity and all of its operational business is carried on through in Subsidiaries. All the Subsidiaries have been recently incorporated and are in initial stage of business and aren't generating enough revenue. Hence, the revenue earned is insufficient to meet up the interest expenses on loan as of now

The variance in case of Trade receivables turnover ratio is because of the increase in receivable days.

The variance in case of Net capital turnover ratio is because of the increased working capital requirement in the current year.

D. CHANGES IN ACCOUNTING POLICIES IN THE PERIOD/YEARS COVERED IN THE RESTATED FINANCIALS

The Company does not have any diluted potential Equity Shares. Consequently, the basic and diluted profit/earning per share of the company remain the same.

1. The ratios have been calculated as below:
 - a) Basic Earnings Per Share (Rs.) = Restated PAT attributable to Equity Shareholders/Weighted Average Number of Equity Shares outstanding during the year;
 - b) Diluted Earnings Per Share (Rs.) = Restated PAT attributable to Equity Shareholders/Weighted Average Number of Diluted Potential Equity Shares outstanding during the year;
 - c) Return on Net Worth (%) = Restated PAT attributable to Equity Shareholders/Net Worth X 100;
 - d) Restated Net Assets Value Per Equity Share (Rs.) = Restated Net Worth as at the end of the Year/Total Number of Equity Share outstanding during the Year;
2. Weighted Average Number of Equity is the number of Equity Share of Company calculated after adjusting for changes in the share capital over the reporting period;
3. Net Worth = Equity Share Capital + Reserves & Surplus (including surplus in the Statement of Profit & Loss and adjusted for losses, if any);
4. The figures disclosed above are based on the Restated Financial Statements of the Company

TAX RELATED LAWS

The Income Tax Act, 1961

The Income Tax Act deals with computation of tax liability of individuals, corporates, partnership firms and others. The Income-tax Act, 1961 ('IT Act') is applicable to every Company, whether domestic or foreign whose income is taxable under the provisions of this Act or Rules made there under depending upon its 'Residential Status' and 'Type of Income' involved. As per the provisions of Income Tax Act, the rates at which they are required to pay tax is calculated on the income declared by them or assessed by the authorities, after availing the deductions and concessions accorded under the Income Tax Act. Filing of returns of income is compulsory for all assesses. Furthermore, it requires every taxpayer to apply to the assessing officer for a permanent account number.

The Goods and Service Tax (GST)

GST is an Indirect Tax which has replaced many Indirect Taxes in India. The Goods and Service Tax A^{ct} was passed in the Parliament on 29th Marc^h 2017. The Act came into effect on 1st July 2017 and combined the Central Excise Duty, Commercial Tax, Value Added Tax (VAT), Food Tax, Central Sales Tax (CST), Introit, Octroi, Entertainment Tax, Entry Tax, Purchase Tax, Luxury Tax, Advertisement Tax, Service Tax, Customs Duty, Surcharges. Goods & Services Tax Law in India is a comprehensive, multi-stage, destination-based tax that is levied on every value addition. GST has mainly removed the Cascading effect on the sale of goods and services. GST is a consumption-based tax; therefore, taxes are paid to the state where the goods or services are consumed and not the state in which they were produced.

Every person liable to take registration under these Acts shall do so within a period of 30 days from the date on which he becomes liable to registration. The Central/State authority shall issue the registration certificate upon receipt of application. The Certificate shall contain fifteen-digit registration numbers known as Goods and Service Tax Identification Number (GSTIN). In case a person has multiple business verticals in multiple locations in a state, a separate application will be made for registration of each and every location. The registered assesse is then required to pay GST as per the rules applicable thereon and file the appropriate returns as applicable thereon.

INTELLECTUAL PROPERTY RELATED LAWS

In-general the Intellectual Property Rights includes but is not limited to the following enactments:

- The Patents Act, 1970
- The Trademarks Act, 1999; and
- Design Act, 2000.

Indian Patents Act, 1970

A patent is an intellectual property right relating to inventions and is the grant of exclusive right, for limited period, provided by the Government to the patentee, in exchange of full disclosure of his invention, for excluding others from making, using, selling, importing the patented product or process producing that product. The term invention means a new product or process involving an inventive step capable of industrial application.

The Trademark Act, 1999

The Trademark Act, 1999 was developed keeping in view the need for simplification of and harmonization of Trademarks system, registration and statutory protection for the purpose of prevention of the use of fraudulent marks in India. A trademark is a mark capable of being represented graphically and which is capable of distinguishing the goods or services of one person from those of others used in relation to goods and services to indicate a connection in the course of trade between the goods and some person having the right as proprietor to use the mark. An application for trade mark registration may be made by any person claiming to be the proprietor of a trade mark used or proposed to be used by him, who is desirous of registering it. Once granted, trade mark registration is valid for ten years unless cancelled, which may be renewed for similar periods on payment of a prescribed renewal fee. The Trade Marks Act prohibits any registration of deceptively similar trademarks or chemical compound among others. It also provides for penalties for infringement, falsifying and falsely applying trademarks.

Designs Act, 2000 ('Designs Act')

Industrial designs have been accorded protection under the Designs Act. A 'Design' means only the features of shape, configuration, pattern, ornament or composition of lines or color or combination thereof applied to any article whether two dimensional or three dimensional or in both forms, by any industrial process or means, whether manual, mechanical or chemical, separate or combined, which in the finished article appeal to and are judged solely by the eye, but does not include any mode or principle or construction or anything which is in substance a mere mechanical device, and expressly excludes works accorded other kinds of protection like property marks, Trademarks and Copyrights. Any person claiming to be the proprietor of a new or original design may apply for registration of the same under the Act before the Controller-General of Patents, Designs and Trade Marks. On registration, the proprietor of the design attains a copyright over the same. The duration of the registration of a design in India is initially ten years from the date of registration, but in cases where claim to priority has been allowed the duration is ten years from the priority date. No person may sell, apply for the purpose of sale or import for the purpose of sale any registered design, or fraudulent or obvious imitation thereof.

GENERAL LEGISLATIONS

The Arbitration and Conciliation Act, 2015 ('Arbitration Act')

The Arbitration Act was enacted to consolidate and amend the law relating to domestic arbitration, international commercial arbitration and enforcement of foreign arbitral awards as also to define the law relating to conciliation and for matters connected therewith or incidental thereto. The main objectives of the Act is to comprehensively cover international and commercial arbitration and conciliation as also domestic arbitration and conciliation, to make provision for an arbitral procedure which is fair, efficient and capable of meeting the needs of the specific arbitration. The Act provides for the arbitral tribunal to give reasons for its arbitral award, to ensure that the arbitral tribunal remains within the limits of its jurisdiction and thus minimizing the supervisory role of courts in the arbitral process.

The Indian Contract Act, 1872

The Indian Contract Act, 1872 ('Contract Act') codifies the way in which a contract may be entered into, executed, implementation of the provisions of a contract and effects of breach of a contract. A person is free to contract on any terms he chooses. The Contract Act also provides for circumstances under which contracts will be considered as 'void' or 'voidable'. The Contract Act contains provisions governing certain special contracts, including indemnity, guarantee, bailment, pledge, and agency.

The Competition Act, 2002

The Competition Act, 2002 prohibits anti-competitive agreements, abuse of dominant positions by enterprises and regulates 'combinations' in India. The Competition Act also established the Competition Commission of India (the 'CCI') as the authority mandated to implement the Competition Act. Combinations which are Likely to cause an appreciable adverse effect on competition in a relevant market in India are void under the Competition Act. The obligation to notify a combination to the CCI falls upon the acquirer in case of an acquisition, and on all parties to the combination jointly in case of a merger or amalgamation.

Transfer of Property Act, 1882 ('TP Act')

The Transfer of Property Act, 1882 (the 'TP Act') establishes the general principles relating to transfer of property in India. It forms a basis for identifying the categories of property that are capable of being transferred, the persons competent to transfer property, the validity of restrictions and conditions imposed on the transfer and the creation of contingent and vested interest in the property. Transfer of property is subject to stamping and registration under the specific statutes enacted for that purpose.

The Information Technology Act, 2000

The Information Technology Act, 2000 (the IT Act) is an Act of the Indian Parliament notified on October 17, 2000. It is the primary law in India dealing with cybercrime and electronic commerce. It was enacted with the purpose of providing legal recognition to electronic transactions and facilitating electronic filing of documents. The IT Act further provides for civil and criminal liability including fines and imprisonment for various cyber-crimes, including unauthorized access to computer systems, unauthorized modification to the contents of computer systems, damaging computer systems, and the unauthorized disclosure of confidential Information and computer fraud.

The Indian Stamp Act, 1899

Under the Indian Stamp Act, 1899, stamp duty is payable on instruments evidencing a transfer or creation or extinguishment of any right, title or interest in immovable property. Stamp duty must be paid on all instruments specified under the Stamp Act at the rates specified in the schedules to the Stamp Act. The applicable rates for stamp duty on instruments chargeable with duty vary from state to state.

The Registration Act, 1908

The purpose of the Registration Act, amongst other things, is to provide a method of public registration of documents so as to give information to people regarding legal rights and obligations arising or affecting a particular property, and to perpetuate documents which may afterwards be of legal importance, and also to prevent fraud.

Negotiable Instruments Act, 1881

In India, the laws governing monetary instruments such as cheques are contained in the Negotiable Instruments Act, 1881. The Act provides effective legal provision to restrain people from issuing cheque without having sufficient funds in their account or any stringent provision to punish them in the event of such cheque not being honoured by their bankers and returned unpaid. Section 138 of the Act, creates statutory offence in the matter of dishonour of cheque on the ground of insufficiency of funds in the account maintained by a person with the banker.

Limitation Act, 1963

The law relating to Law of Limitation to India is the Limitation Act, 1859 and subsequently Limitation Act, 1963 which was enacted on 5th of October, 1963 and which came into force from 1st of January, 1964 for the purpose of consolidating and amending the legal principles relating to limitation of suits and other legal proceedings. The basic concept of limitation is relating to fixing or prescribing of the time period for barring legal actions. According to Section 2 (j) of the Limitation Act, 1963, 'period of limitation' means the period of limitation prescribed for any suit, appeal or application by the Schedule, and 'prescribed period' means the period of limitation computed in accordance with the provisions of this Act.

| Access of Documents on the website of | URL of websites |
|---------------------------------------|--|
| Company | www.thealanscott.com |
| Registrar to the Issue | www.purvashare.com |
| BSE Limited | www.bseindia.com |

The Eligible Equity Shareholders can obtain the details of their respective Rights Entitlements from the website of the Registrar (*i.e.*, www.purvashare.com) by entering their DP ID and Client ID or Folio Number (in case of resident Eligible Equity Shareholders holding Equity Shares in physical form) and PAN. The link for the same shall also be available on the website of our Company (*i.e.* www.thealanscott.com).

The Common Application Form can be used by the Investors, Eligible Equity Shareholders as well as the Renounees, to make Applications in this Issue, based on the Rights Entitlement credited in their respective demat accounts. Please note that one single Common Application Form shall be used by the Investors to make Applications for all Rights Entitlements available in a particular demat account. In case of Investors who have provided details of demat account in accordance with the SEBI (ICDR) Regulations, such Investors will have to apply for the Rights Shares from the same demat account in which they are holding the Rights Entitlements and in case of multiple demat accounts, the Investors are required to submit a separate Common Application Form for each demat account.

Investors may accept this Issue and apply for the Rights Shares by submitting the Common Application Form to the Designated Branch of the SCSB or online/electronic Application through the website of the SCSBs (if made available by such SCSB) for authorising such SCSB to block Application Money payable on the Application in their respective ASBA Accounts

Please note that Applications made with payment using third party bank accounts are liable to be rejected.

Investors are also advised to ensure that the Common Application Form is correctly filled up stating therein, the ASBA Account (in case of Application through ASBA process) in which an amount equivalent to the amount payable on Application as stated in the Common Application Form will be blocked by the SCSB.

Applicants should note that they should very carefully fill-in their depository account details and PAN number in the Common Application Form or while submitting application through online/electronic Application through the website of the SCSBs (if made available by such SCSB). Incorrect depository account details or PAN number could lead to rejection of the Application. For details see ‘Grounds for Technical Rejection’ on page 221 of this Draft letter of offer. Our Company, the Registrar and the SCSB shall not be liable for any incorrect demat details provided by the Applicants.

Additionally, in terms of Regulation 78 of the SEBI ICDR Regulations, Investors may choose to accept the offer to participate in this Issue by making plain paper Applications. Please note that Eligible Equity Shareholders making an application in this Issue by way of plain paper applications shall not be permitted to renounce any portion of their Rights Entitlements. For details, see ‘*Application on Plain Paper under ASBA process*’ on page 215 of this Draft letter of offer.

Options available to the Eligible Equity Shareholders

The Rights Entitlement Letter will clearly indicate the number of Rights Shares that the Eligible Equity Shareholder is entitled to.

If the Eligible Equity Shareholder applies in this Issue, then such Eligible Equity Shareholder can:

- (i) Apply for its Rights Shares to the full extent of its Rights Entitlements; or
- (ii) Apply for its Rights Shares to the extent of part of its Rights Entitlements (without renouncing the other part); or
- (iii) Apply for Rights Shares to the extent of part of its Rights Entitlements and renounce the other part of its Rights Entitlements; or
- (iv) Apply for its Rights Shares to the full extent of its Rights Entitlements and apply for additional Rights Shares; or
- (v) Renounce its Rights Entitlements in full.

PROCEDURE FOR APPLICATION THROUGH THE ASBA PROCESS

An investor, wishing to participate in this Issue through the ASBA facility, is required to have an ASBA enabled bank account with an SCSB, prior to making the Application. Investors desiring to make an Application in this Issue through ASBA process, may submit the Common Application Form to the Designated Branch of the SCSB or online/electronic Application through the website of the SCSBs (if made available by such SCSB) for authorising such SCSB to block Application Money payable on the Application in their respective ASBA Accounts.

Investors should ensure that they have correctly submitted the Common Application Form, or have otherwise provided an authorisation to the SCSB, *via* the electronic mode, for blocking funds in the ASBA Account equivalent to the Application Money mentioned in the Common Application Form, as the case may be, at the time of submission of the Application.

Self-Certified Syndicate Banks

For the list of banks which have been notified by SEBI to act as SCSBs for the ASBA process, please refer to <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognisedFpi=yes&intmId=34>. For details on Designated Branches of SCSBs collecting the Common Application Form, please refer the above-mentioned link.

Please note that subject to SCSBs complying with the requirements of SEBI Circular No. CIR/CFD/DIL/13/2012 dated September 25, 2012 within the periods stipulated therein, ASBA Applications may be submitted at the Designated Branches of the SCSBs, in case of Applications made through ASBA facility.

The Company, its directors, employees, affiliates, associates and their respective directors and officers, and the Registrar shall not take any responsibility for acts, mistakes, errors, omissions, and commissions etc., in relation to Applications accepted by SCSBs, Applications uploaded by SCSBs, Applications accepted but not uploaded by SCSBs or Applications accepted and uploaded without blocking funds in the ASBA Accounts.

Acceptance of this Issue

Investors may accept this Issue and apply for the Rights Shares (i) by submitting the Common Application Form to the Designated Branch of the SCSB or online/electronic Application through the website of the SCSBs (if made available by such SCSB) for authorising such SCSB to block Application Money payable on the Application in their respective ASBA Accounts.

Please note that on the Issue Closing Date for Applications through ASBA process will be uploaded until 5.00 p.m. (Indian Standard Time) or such extended time as permitted by the Stock Exchange.

Applications submitted to anyone other than the Designated Branches of the SCSB are liable to be rejected.

Investors can also make Application on plain paper under ASBA process mentioning all necessary details as mentioned under the section '*Application on Plain Paper under ASBA process*' on page 215 of this Draft letter of offer.

Additional Rights Shares

Investors are eligible to apply for additional Rights Shares over and above their Rights Entitlements, provided that they are eligible to apply for Rights Shares under applicable law and they have applied for all the Rights Shares forming part of their Rights Entitlements without renouncing them in whole or in part. Where the number of additional Rights Shares applied for exceeds the number available for Allotment, the Allotment would be made as per the Basis of Allotment finalised in consultation with the Designated Stock Exchange. Applications for additional Rights Shares shall be considered and Allotment shall be made in accordance with the SEBI ICDR Regulations and in the manner prescribed under the section '*Basis of Allotment*' on page 226 of this Draft letter of offer.

Eligible Equity Shareholders who renounce their Rights Entitlements cannot apply for additional Rights Shares

Non-resident Renounees who are not Eligible Equity Shareholders cannot apply for additional Rights Shares.

Resident Eligible Equity Shareholders who hold Equity Shares in physical form as on the Record Date cannot renounce until the details of their demat account are provided to our Company or the Registrar and the dematerialized Rights Entitlements are transferred from suspense escrow demat account to the respective demat accounts of such Eligible Equity Shareholders within prescribed timelines. However, Such Eligible Equity Shareholders, where the dematerialized Rights Entitlements are transferred from the suspense escrow demat account to the respective demat accounts within prescribed timelines, can apply for additional Rights Shares while submitting the Application through ASBA process.

PROCEDURE FOR RENUNCIATION OF RIGHTS ENTITLEMENTS

The Investors may renounce the Rights Entitlements, credited to their respective demat accounts, either in full or in part (a) by using the secondary market platform of BSE Limited; or (b) through an off-market transfer, during the Renunciation Period. The Investors should have the demat Rights Entitlements credited/lying in his/ her own demat account prior to the renunciation. The trades through On Market Renunciation and Off Market Renunciation will be settled by transferring the Rights Entitlements through the depository mechanism.

Investors may be subject to adverse foreign, state, or local tax or legal consequences as a result of trading in the Rights Entitlements. Investors who intend to trade in the Rights Entitlements should consult their tax advisor or stock broker regarding any cost, applicable taxes, charges and expenses (including brokerage) that may be levied for trading in Rights Entitlements. The Company accepts no responsibility to bear or pay any cost, applicable taxes, charges and expenses (including brokerage), and such costs will be incurred solely by the Investors.

Please note that the Rights Entitlements which are neither renounced nor subscribed by the Investors on or before the Issue Closing Date shall lapse and shall be extinguished after the Issue Closing Date.

On Market Renunciation

The Investors may renounce the Rights Entitlements, credited to their respective demat accounts by trading/selling them on the secondary market platform of the Stock Exchange through a registered stock broker in the same manner as the existing Equity Shares of our Company.

In this regard, in terms of provisions of the SEBI ICDR Regulations and the SEBI Rights Issue Circulars, the Rights Entitlements credited to the respective demat accounts of the Eligible Equity Shareholders shall be admitted for trading on BSE Limited under [●] subject to requisite approvals. The details for trading in Rights Entitlements will be as specified by BSE Limited from time to time.

The Rights Entitlements are tradable in dematerialized form only. The market lot for trading of Rights Entitlements is one Rights Entitlement.

The On Market Renunciation shall take place only during the Renunciation Period for On Market Renunciation, i.e., from [●] to [●] (both days inclusive).

The Investors holding the Rights Entitlements who desire to sell their Rights Entitlements will have to do so through their registered stock brokers by quoting the [●] and indicating the details of the Rights Entitlements they intend to sell. The Investors can place order for sale of Rights Entitlements only to the extent of Rights Entitlements available in their demat account.

The On Market Renunciation shall take place electronically on secondary market platform of BSE under automatic order matching mechanism and on 'T+2 rolling settlement basis', where 'T' refers to the date of trading. The transactions will be settled on trade-for-trade basis. Upon execution of the order, the stock broker will issue a contract note in accordance with the requirements of BSE Limited and SEBI.

Off Market Renunciation

The Investors may renounce the Rights Entitlements, credited to their respective demat accounts by way of an off-market transfer through a depository participant. The Rights Entitlements can be transferred in dematerialised form only.

Eligible Equity Shareholders are requested to ensure that renunciation through off-market transfer is completed in such a manner that the Rights Entitlements are credited to the demat account of the Renounees on or prior to the Issue Closing Date.

The Investors holding the Rights Entitlements who desire to transfer their Rights Entitlements will have to do so through their depository participant by issuing a delivery instruction slip quoting the [●], the details of the buyer and the details of the Rights Entitlements they intend to transfer. The buyer of the Rights Entitlements (unless already having given a standing receipt instruction) has to issue a receipt instruction slip to their depository participant. The Investors can transfer Rights Entitlements only to the extent of Rights Entitlements available in their demat account.

The instructions for transfer of Rights Entitlements can be issued during the working hours of the depository participants.

The detailed rules for transfer of Rights Entitlements through off-market transfer shall be as specified by the NSDL and CDSL from time to time.

I/ we understand the Rights Shares referred to in this application are being offered and sold in offshore transactions outside the United States in compliance with Regulation S under the US Securities Act ('Regulation S') to existing shareholders located in jurisdictions where such offer and sale of the Equity Shares is permitted under laws of such jurisdictions. I/ we understand that the Issue is not, and under no circumstances is to be construed as, an offering of any Rights Shares or Rights Entitlements for sale in the United States, or as a solicitation therein of an offer to buy any of the said Rights Shares or Rights Entitlements in the United States. I/ we confirm that I am/ we are (a) not in the United States and eligible to subscribe for the Rights Shares under applicable securities laws, (b) complying with laws of jurisdictions applicable to such person in connection with the Issue, and (c) understand that neither the Company, nor the Registrar or any other person acting on behalf of the Company will accept subscriptions from any person, or the agent of any person, who appears to be, or who the Company, the Registrar to the Issue or any other person acting on behalf of the Company have reason to believe is in the United States or is outside of India and United States and ineligible to participate in this Issue under the securities laws of their jurisdiction.

I/ We will not offer, sell or otherwise transfer any of the Rights Shares which may be acquired by us in any jurisdiction or under any circumstances in which such offer or sale is not authorized or to any person to whom it is unlawful to make such offer, sale or invitation. I/ We satisfy, and each account for which I/ we are acting satisfies, (a) all suitability standards for investors in investments of the type subscribed for herein imposed by the jurisdiction of my/our residence, and (b) is eligible to subscribe and is subscribing for the Rights Shares and Rights Entitlements in compliance with applicable securities and other laws of our jurisdiction of residence.

I/we hereby make the representations, warranties, acknowledgments and agreements set forth in the section of the Draft letter of offer.

I/ We understand and agree that the Rights Entitlements and Rights Shares may not be reoffered, resold, pledged or otherwise transferred except in an offshore transaction in compliance with Regulation S, or otherwise pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the US Securities Act.

I/ We acknowledge that we, the Company, its affiliates and others will rely upon the truth and accuracy of the foregoing representations and agreements.'

In cases where multiple Common Application Forms are submitted for Applications pertaining to Rights Entitlements credited to the same demat account or in demat suspense escrow account, including cases where

an Investor submits Common Application Forms along with a plain paper Application, such Applications shall be liable to be rejected.

Investors are requested to strictly adhere to these instructions. Failure to do so could result in an Application being rejected, with our Company, and the Registrar not having any liability to the Investor. The plain paper Application format will be available on the website of the Registrar at www.purvashare.com.

Our Company, and the Registrar shall not be responsible if the Applications are not uploaded by SCSB or funds are not blocked in the Investors' ASBA Accounts on or before the Issue Closing Date.

MODE OF PAYMENT

All payments against the Common Application Forms shall be made only through ASBA facility. The Registrar will not accept any payments against the Common Application Forms, if such payments are not made through ASBA facility.

In case of Application through ASBA facility, the Investor agrees to block the amount payable on Application with the submission of the Common Application Form, by authorizing the SCSB to block an amount, equivalent to the amount payable on Application, in the Investor's ASBA Account.

After verifying that sufficient funds are available in the ASBA Account details of which are provided in the Common Application Form, the SCSB shall block an amount equivalent to the Application Money mentioned in the Common Application Form until the Transfer Date. On the Transfer Date, upon receipt of intimation from the Registrar, of the receipt of minimum subscription and pursuant to the finalization of the Basis of Allotment as approved by the Designated Stock Exchange, the SCSBs shall transfer such amount as per the Registrar's instruction from the ASBA Account into the Allotment Account which shall be a separate bank account maintained by our Company, other than the bank account referred to in sub-section (3) of Section 40 of the Companies Act, 2013.

The balance amount remaining after the finalisation of the Basis of Allotment on the Transfer Date shall be unblocked by the SCSBs on the basis of the instructions issued in this regard by the Registrar to the respective SCSB.

The Investors would be required to give instructions to the respective SCSBs to block the entire amount payable on their Application at the time of the submission of the Common Application Form.

The SCSB may reject the application at the time of acceptance of Common Application Form if the ASBA Account, details of which have been provided by the Investor in the Common Application Form does not have sufficient funds equivalent to the amount payable on Application mentioned in the Common Application Form. Subsequent to the acceptance of the Application by the SCSB, our Company would have a right to reject the Application on technical grounds as set forth hereinafter.

APPLICATION BY ELIGIBLE EQUITY SHAREHOLDERS HOLDING EQUITY SHARES IN PHYSICAL FORM

Please note that in accordance with Regulation 77A of the SEBI ICDR Regulations read with the SEBI Rights Issue Circulars, the credit of Rights Entitlements and Allotment of Rights Shares shall be made in dematerialised form only. - (o) Applications which: (i) does not include the certifications set out in the Common Application Form; (ii) appears to us or our agents to have been executed in or dispatched from a Restricted Jurisdiction; (iii) where a registered Indian address is not provided; or (iv) where our Company believes that Common Application Form is incomplete or acceptance of such Common Application Form may infringe applicable legal or regulatory requirements; and our Company shall not be bound to allot or issue any Rights Shares in respect of any such Common Application Form.
- (p) Applications which have evidence of being executed or made in contravention of applicable securities laws.

Depository account and bank details for Investors holding Equity Shares in demat accounts and applying in this Issue

IT IS MANDATORY FOR ALL THE INVESTORS APPLYING UNDER THIS ISSUE TO APPLY THROUGH THE ASBA PROCESS, TO RECEIVE THEIR RIGHTS SHARES IN DEMATERIALIZED FORM AND TO THE SAME DEPOSITORY ACCOUNT/ CORRESPONDING PAN IN WHICH THE EQUITY SHARES ARE HELD BY THE INVESTOR AS ON THE RECORD DATE. ALL INVESTORS APPLYING UNDER THIS ISSUE SHOULD MENTION THEIR DEPOSITORY PARTICIPANT'S NAME, DP ID AND BENEFICIARY ACCOUNT NUMBER/ FOLIO NUMBER IN THE COMMON APPLICATION FORM. INVESTORS MUST ENSURE THAT THE NAME GIVEN IN THE COMMON APPLICATION FORM IS EXACTLY THE SAME AS THE NAME IN WHICH THE DEPOSITORY ACCOUNT IS HELD. IN CASE THE COMMON APPLICATION FORM IS SUBMITTED IN JOINT NAMES, IT SHOULD BE ENSURED THAT THE DEPOSITORY ACCOUNT IS ALSO HELD IN THE SAME JOINT NAMES AND ARE IN THE SAME SEQUENCE IN WHICH THEY APPEAR IN THE COMMON APPLICATION FORM OR PLAIN PAPER APPLICATIONS, AS THE CASE MAY BE.

Investors applying under this Issue should note that on the basis of name of the Investors, Depository Participant's name and identification number and beneficiary account number provided by them in the Common Application Form or the plain paper Applications, as the case may be, the Registrar will obtain Demographic Details from the Depository. Hence, Investors applying under this Issue should carefully fill in their Depository Account details in the Application.

These Demographic Details would be used for all correspondence with such Investors including mailing of the letters intimating unblocking of bank account of the respective Investor and/or refund. The Demographic Details given by the Investors in the Common Application Form would not be used for any other purposes by the Registrar. Hence, Investors are advised to update their Demographic Details as provided to their Depository Participants.

By signing the Common Application Forms, the Investors would be deemed to have authorised the Depositories to provide, upon request, to the Registrar, the required Demographic Details as available on its records.

The Allotment advice and the email intimating unblocking of ASBA Account or refund (if any) would be emailed to the address of the Investor as per the email address provided to our Company or the Registrar or Demographic Details received from the Depositories. The Registrar will give instructions to the SCSBs for unblocking funds in the ASBA Account to the extent Rights Shares are not Allotted to such Investor. Please note that any such delay shall be at the sole risk of the Investors and none of our Company, the SCSBs or the Registrar to the Issue shall be liable to compensate the Investor for any losses caused due to any such delay or be liable to pay any interest for such delay.

In case no corresponding record is available with the Depositories that match three parameters, (a) names of the Investors (including the order of names of joint holders), (b) the DP ID, and (c) the beneficiary account number, then such Common Application Forms are liable to be rejected.

MODES OF PAYMENT

All payments against the Common Application Forms shall be made only through ASBA facility. The Registrar will not accept any payments against the Common Application Forms, if such payments are not made through ASBA facility.

In case of Application through ASBA facility, the Investor agrees to block the amount payable on Application with the submission of the Common Application Form, by authorizing the SCSB to block an amount, equivalent to the amount payable on Application, in the Investor's ASBA Account.

After verifying that sufficient funds are available in the ASBA Account details of which are provided in the Common Application Form, the SCSB shall block an amount equivalent to the Application Money mentioned in the Common Application Form until the Transfer Date. On the Transfer Date, upon receipt of intimation from the Registrar, of the receipt of minimum subscription and pursuant to the finalization of the Basis of Allotment as approved by the Designated Stock Exchange, the SCSBs shall transfer such amount as per the Registrar's instruction from the ASBA Account into the Allotment Account which shall be a separate bank account maintained by our Company, other than the bank account referred to in sub-section (3) of Section 40 of the Companies Act, 2013. The balance amount remaining after the finalisation of the Basis of Allotment on the Transfer Date shall be unblocked by the SCSBs on the basis of the instructions issued in this regard by the Registrar to the respective SCSB.

The balance amount remaining after the finalisation of the Basis of Allotment on the Transfer Date shall be unblocked by the SCSBs on the basis of the instructions issued in this regard by the Registrar to the respective SCSB

The Investors would be required to give instructions to the respective SCSBs to block the entire amount payable on their Application at the time of the submission of the Common Application Form.

The SCSB may reject the application at the time of acceptance of Common Application Form if the ASBA Account, details of which have been provided by the Investor in the Common Application Form does not have sufficient funds equivalent to the amount payable on Application mentioned in the Common Application Form. Subsequent to the acceptance of the Application by the SCSB, our Company would have a right to reject the Application on technical grounds as set forth hereinafter.

Mode of payment for Resident Investors

- (a) Ensure that the details about your Depository Participant and beneficiary account are correct and the beneficiary account is activated as the Rights Shares will be Allotted in the dematerialized form only.
- (b) Ensure that the Applications are submitted with the Designated Branch of the SCSBs and details of the correct bank account have been provided in the Application.

(e) Ensure that you have a bank account with an SCSB providing ASBA facility in your location and the Application is made through that SCSB providing ASBA facility in such location.

(f) Ensure that you receive an acknowledgement from the Designated Branch of the SCSB for your submission of the Common Application Form in physical form or plain paper Application.

Ensure that the name(s) given in the Common Application Form is exactly the same as the name(s) in which the beneficiary account is held with the Depository Participant. In case the Common Application Form is submitted in joint names, ensure that the beneficiary account is also held in same joint names and such names are in the same sequence in which they appear in the Common Application Form and the Rights Entitlement Letter. All payments on the Common Application Forms shall be made only through ASBA facility. Applicants are requested to strictly adhere to these instructions.

Mode of payment for Non-Resident Investors

As regards the Application by non-resident Investors, payment must be made only through the ASBA facility and using permissible accounts in accordance with the FEMA, FEMA Rules and requirements prescribed by the RBI and subject to the following conditions:

1. Individual non-resident Indian Applicants who are permitted to subscribe to Rights Shares by applicable local securities laws can obtain Common Application Forms on the websites of the Registrar, our Company.

Note: In case of non-resident Eligible Equity Shareholders, the Abridged Draft letter of offer, the Rights Entitlement Letter and the Common Application Form shall be sent to their email addresses if they have provided their Indian address to our Company or if they are located in certain jurisdictions (other than the United States and India) where the offer and sale of the Rights Shares is permitted under laws of such jurisdictions and does not result in and may not be construed as, a public offering such jurisdiction. The Draft letter of offer will be provided, only through email, by the Registrar on behalf of our Company to the Eligible Equity Shareholders who have provided their Indian addresses to our Company or who are located in jurisdictions where the offer and sale of the Rights Shares is permitted under laws of such jurisdictions and does not result in and may not be construed as, a public offering in such jurisdictions and in each case who make a request in this regard.

2. Common Application Forms will not be accepted from non-resident Investors in any jurisdiction where the offer or sale of the Rights Entitlements and Rights Shares may be restricted by applicable securities laws.

3. Payment by non-residents must be made only through ASBA facility and using permissible accounts in accordance with FEMA, FEMA Rules and requirements prescribed by the RBI.

Notes:

1. In case where repatriation benefit is available, interest, dividend, sales proceeds derived from the investment in Rights Shares can be remitted outside India, subject to tax, as applicable according to the Income-tax Act.

2. In case Rights Shares are Allotted on a non-repatriation basis, the dividend and sale proceeds of the Rights Shares cannot be remitted outside India.

3. In case of a Common Application Form received from non-residents, Allotment, refunds and other distribution, if any, will be made in accordance with the guidelines and rules prescribed by the RBI as applicable at the time of making such Allotment, remittance and subject to necessary approvals.

4. Common Application Forms received from non-residents/ NRIs, or persons of Indian origin residing abroad for Allotment of Rights Shares shall, amongst other things, be subject to conditions, as may be imposed from time to time by RBI under FEMA, in respect of matters including Refund of Application Money and Allotment.
5. In the case of NRIs who remit their Application Money from funds held in FCNR/NRE Accounts, refunds and other disbursements, if any shall be credited to such account.
6. Non-resident Renouncees who are not Eligible Equity Shareholders must submit regulatory approval for applying for additional Rights Shares.

Multiple Applications

In case where multiple Applications are made using same demat account, such Applications shall be liable to be rejected. A separate Application can be made in respect of Rights Entitlements in each demat account of the Investors and such Applications shall not be treated as multiple applications. Similarly, a separate Application can be made against Equity Shares held in dematerialized form and Equity Shares held in physical form, and such Applications shall not be treated as multiple applications. A separate Application can be made in respect of each scheme of a mutual fund registered with SEBI and such Applications shall not be treated as multiple applications. For details, see '*Procedure for Applications by Mutual Funds*' on page 231 of this Draft letter of offer.

In cases where multiple Common Application Forms are submitted, including cases where an Investor submits Common Application Forms along with a plain paper Application or multiple plain paper Applications, such Applications shall be treated as multiple applications and are liable to be rejected, other than multiple applications submitted by our Promoter to meet the minimum subscription requirements applicable to this Issue as described in '*Capital Structure – Intention and extent of participation by our Promoters and Promoter Group*' on page 57 of this Draft letter of offer.

Last date for Application

The last date for submission of the duly filled in the Common Application Form or a plain paper Application is Thursday, July 13, 2023, *i.e.*, Issue Closing Date. Our Board or any committee thereof may extend the said date for such period as it may determine from time to time, subject to the Issue Period not exceeding 30 days from the Issue Opening Date (inclusive of the Issue Opening Date).

If the Common Application Form is not submitted with an SCSB, uploaded with BSE Limited and the Application Money is not blocked with the SCSB, on or before the Issue Closing Date or such date as may be extended by our Board or any committee thereof, the invitation to offer contained in the Draft letter of offer shall be deemed to have been declined and our Board or any committee thereof shall be at liberty to dispose of the Rights Shares hereby offered, as provided under the paragraph titled '*Basis of Allotment*' on page 226 of this Draft letter of offer.

Please note that on the Issue Closing Date for Applications through ASBA process shall be uploaded until 5.00 p.m. (Indian Standard Time) or such extended time as permitted by BSE Limited.

Please ensure that the Common Application Form and necessary details are filled in. In place of Application number, Investors can mention the reference number of the e-mail received from Registrar informing about their Rights Entitlement or last eight digits of the demat account. Alternatively, SCSBs may mention their internal reference number in place of application number.

Withdrawal of Application

An Investor who has applied in this Issue may withdraw their Application at any time during Issue Period by approaching the SCSB where application is submitted. However, no Investor, applying through ASBA facility, may withdraw their Application post the Issue Closing Date.

BASIS OF ALLOTMENT

Subject to the provisions contained in the Draft letter of offer, the Abridged Draft letter of offer, the Rights Entitlement Letter, the Common Application Form, the Articles of Association and the approval of the Designated Stock Exchange, our Board or duly authorized committee will proceed to Allot the Rights Equity Shares in the following order of priority:

- (a) Full Allotment to those Eligible Equity Shareholders who have applied for their Rights Entitlements of Rights Equity Shares either in full or in part and also to the Renouncee(s) who has or have applied for Rights Equity Shares renounced in their favour, in full or in part.
- (b) Eligible Equity Shareholders whose fractional entitlements are being ignored and Eligible Equity Shareholders with zero entitlement, would be given preference in allotment of one additional Rights Share each if they apply for additional Rights Equity Shares. Allotment under this head shall be considered if there are any unsubscribed Rights Equity Shares after allotment under (a) above. If number of Rights Equity Shares required for Allotment under this head are more than the number of Rights Equity Shares available after Allotment under (a) above, the Allotment would be made on a fair and equitable basis in consultation with the Designated Stock Exchange and will not be a preferential allotment.
- (c) Allotment to the Eligible Equity Shareholders who having applied for all the Rights Equity Shares offered to them as part of this Issue, have also applied for additional Rights Equity Shares. The Allotment of such additional Rights Equity Shares will be made as far as possible on an equitable basis having due regard to the number of Equity Shares held by them on the Record Date, i.e. [●] provided there are any unsubscribed Rights Equity Shares after making full Allotment in (a) and (b) above. The Allotment of such Rights Equity Shares will be at the sole discretion of our Board or our duly authorized committee in consultation with the Designated Stock Exchange, as a part of this Issue and will not be a preferential allotment.
- (d) Allotment to Renouncees who having applied for all the Rights Equity Shares renounced in their favour, have applied for additional Rights Equity Shares provided there is surplus available after making full Allotment

under (a), (b) and (c) above. The Allotment of such Rights Equity Shares will be made on a proportionate basis in consultation with the Designated Stock Exchange, as a part of this Issue and will not be a preferential allotment.

- (e) Allotment to any other person, that our Board or a duly authorized committee may deem fit, provided there is surplus available after making Allotment under (a), (b), (c) and (d) above, and the decision of our Board or a duly authorized committee in this regard shall be final and binding.

After taking into account Allotment to be made under (a) to (d) above, if there is any unsubscribed portion, the same shall be deemed to be 'unsubscribed'.

Upon approval of the Basis of Allotment by the Designated Stock Exchange, the Registrar shall send to the Controlling Branches, a list of the Investors who have been allocated Rights Equity Shares in this Issue, along with:

1. The amount to be transferred from the ASBA Account to the separate bank account opened by our Company for this Issue, for each successful Application;
2. The date by which the funds referred to above, shall be transferred to the aforesaid bank account; and
3. The details of rejected ASBA applications, if any, to enable the SCSBs to unblock the respective ASBA Accounts.

ALLOTMENT ADVICE OR REFUND/ UNBLOCKING OF ASBA ACCOUNTS

Our Company will send/ dispatch Allotment advice, refund intimations (or demat credit of securities and/or letters of regret, only to the Eligible Equity Shareholders who have provided Indian address. In case such Eligible Equity Shareholders have provided their valid e-mail address, Allotment advice, refund intimations or demat credit of securities and/or letters of regret will be sent only to their valid e-mail address and in case such Eligible Equity Shareholders have not provided their e-mail address, then the Allotment advice, refund intimations or demat credit of securities and/or letters of regret will be dispatched, on a reasonable effort basis, to the Indian addresses provided by them; along with crediting the Allotted Equity Shares to the respective beneficiary accounts (only in dematerialised mode) or in a demat suspense account (in respect of Eligible Equity Shareholders holding Equity Shares in physical form on the Allotment Date) or issue instructions for unblocking the funds in the respective ASBA Accounts, if any, within a period of on or before T+1 day (T: Basis of allotment day). In case of failure to do so, our Company shall pay interest at 15% p.a. or such other rate as specified under applicable law from the expiry of such 15 days' period.

The Rights Entitlements will be credited in the dematerialized form using electronic credit under the depository system and the Allotment advice shall be sent, through email, to the email address provided to our Company or at the address recorded with the Depository.

In the case of non-resident Investors who remit their Application Money from funds held in the NRE or the FCNR Accounts, refunds and/or payment of interest or dividend and other disbursements, if any, shall be credited to such accounts.

Where an Applicant has applied for additional Equity Shares in the Issue and is Allotted a lesser number of Equity Shares than applied for, the excess Application Money paid/blocked shall be refunded/unblocked. The unblocking of ASBA funds / refund of monies shall be completed be within such period as prescribed under the

SEBI ICDR Regulations. In the event that there is a delay in making refunds beyond such period as prescribed under applicable law, our Company shall pay the requisite interest at such rate as prescribed under applicable law.

PAYMENT OF REFUND

Mode of making refunds

The payment of refund, if any, including in the event of oversubscription or failure to list or otherwise would be done through any of the following modes.

- (a) Unblocking amounts blocked using ASBA facility.
- (b) NACH – National Automated Clearing House is a consolidated system of electronic clearing service. Payment of refund would be done through NACH for Applicants having an account at one of the centers specified by the RBI, where such facility has been made available. This would be subject to availability of complete bank account details including MICR code wherever applicable from the depository. The payment of refund through NACH is mandatory for Applicants having a bank account at any of the centers where NACH facility has been made available by the RBI (subject to availability of all information for crediting the refund through NACH including the MICR code as appearing on a cheque leaf, from the depositories), except where Applicant is otherwise disclosed as eligible to get refunds through NEFT or Direct Credit or RTGS.
- (c) National Electronic Fund Transfer ('NEFT') – Payment of refund shall be undertaken through NEFT wherever the Investors' bank has been assigned the Indian Financial System Code ('IFSC Code'), which can be linked to a MICR, allotted to that particular bank branch. IFSC Code will be obtained from the website of RBI as on a date immediately prior to the date of payment of refund, duly mapped with MICR numbers. Wherever the Investors have registered their nine digit MICR number and their bank account number with the Registrar to our Company or with the Depository Participant while opening and operating the demat account, the same will be duly mapped with the IFSC Code of that particular bank branch and the payment of refund will be made to the Investors through this method.
- (d) Direct Credit – Investors having bank accounts with the Bankers to the Issue shall be eligible to receive refunds through direct credit. Charges, if any, levied by the relevant bank(s) for the same would be borne by our Company.
- (e) RTGS – If the refund amount exceeds ₹2,00,000, the Investors have the option to receive refund through RTGS. Such eligible Investors who indicate their preference to receive refund through RTGS are required to provide the IFSC Code in the Common Application Form. In the event the same is not provided, refund shall be made through NACH or any other eligible mode. Charges, if any, levied by the refund bank(s) for the same would be borne by our Company. Charges, if any, levied by the Investor's bank receiving the credit would be borne by the Investor.
- (f) For all other Investors, the refund orders will be dispatched through speed post or registered post subject to applicable laws. Such refunds will be made by cheques, pay orders or demand drafts drawn in favor of the sole/first Investor and payable at par.
- (g) Credit of refunds to Investors in any other electronic manner, permissible by SEBI from time to time.

Refund payment to non-residents

The Application Money will be unblocked in the FCNR/NRE Account of the non-resident Applicants, details of which were provided in the Common Application Form.

Allotment Advice or Demat Credit of Securities

The demat credit of securities to the respective beneficiary accounts or the demat suspense account (in case of credit of the Rights Equity Shares returned/ reversed/ failed) will be credited within 15 days from the Issue Closing Date or such other timeline in accordance with applicable laws.

Receipt of the Rights Equity Shares in Dematerialized Form

PLEASE NOTE THAT THE RIGHTS EQUITY SHARES APPLIED FOR UNDER THIS ISSUE CAN BE ALLOTTED ONLY IN DEMATERIALIZED FORM AND TO (A) THE SAME DEPOSITORY ACCOUNT/ CORRESPONDING PAN IN WHICH THE EQUITY SHARES ARE HELD BY SUCH INVESTOR ON THE RECORD DATE, OR (B) THE DEPOSITORY ACCOUNT, DETAILS OF WHICH HAVE BEEN PROVIDED TO OUR COMPANY OR THE REGISTRAR AT LEAST TWO WORKING DAYS PRIOR TO THE ISSUE CLOSING DATE BY THE ELIGIBLE EQUITY SHAREHOLDER HOLDING EQUITY SHARES IN PHYSICAL FORM AS ON THE RECORD DATE, OR (C) DEMAT SUSPENSE ACCOUNT PENDING RECEIPT OF DEMAT ACCOUNT DETAILS FOR RESIDENT ELIGIBLE EQUITY SHAREHOLDERS WHERE THE

CREDIT OF THE RIGHTS EQUITY SHARES RETURNED/REVERSED/FAILED.

Investors shall be Allotted the Rights Equity Shares in dematerialized (electronic) form. Our Company has signed an agreement dated March 18, 2002 with NSDL and an agreement dated September 30, 2002 with CDSL which enables the Investors to hold and trade in the securities issued by our Company in a dematerialized form, instead of holding the Equity Shares in the form of physical certificates.

INVESTORS MAY PLEASE NOTE THAT THE EQUITY SHARES CAN BE TRADED ON THE STOCK EXCHANGE ONLY IN DEMATERIALIZED FORM.

The procedure for availing the facility for Allotment of Rights Equity Shares in this Issue in the dematerialized form is as under:

1. Open a beneficiary account with any depository participant (care should be taken that the beneficiary account should carry the name of the holder in the same manner as is registered in the records of our Company. In the case of joint holding, the beneficiary account should be opened carrying the names of the holders in the same order as registered in the records of our Company). In case of Investors having various folios in our Company with different joint holders, the Investors will have to open separate accounts for such holdings. Those Investors who have already opened such beneficiary account(s) need not adhere to this step.
2. It should be ensured that the depository account is in the name(s) of the Investors and the names are in the same order as in the records of our Company or the Depositories.
3. The responsibility for correctness of information filled in the Common Application Form *vis-a-vis* such information with the Investor's depository participant, would rest with the Investor. Investors should ensure that the names of the Investors and the order in which they appear in Common Application Form should be the same as registered with the Investor's depository participant.
4. If incomplete or incorrect beneficiary account details are given in the Common Application Form, the Investor will not get any Rights Equity Shares and the Common Application Form will be rejected.
5. The Rights Equity Shares will be allotted to Applicants only in dematerialized form and would be directly credited to the beneficiary account as given in the Common Application Form after verification or demat suspense account (pending receipt of demat account details for resident Eligible Equity Shareholders holding Equity Shares in physical form/ with IEPF authority/ in suspense, *etc.*). Allotment advice, refund order (if any) would be sent directly to the Applicant by email and, if the printing is feasible, through physical dispatch, by the Registrar but the Applicant's depository participant will provide to him the confirmation of the credit of such Rights Shares to the Applicant's depository account.
6. Non-transferable Allotment advice/ refund intimation will be directly sent to the Investors by the Registrar, by email and, if the printing is feasible, through physical dispatch.
7. Renounees will also have to provide the necessary details about their beneficiary account for Allotment of Rights Equity Shares in this Issue. In case these details are incomplete or incorrect, the Application is liable to be rejected.

Procedure for Applications by FPIs

In terms of applicable FEMA Rules and the SEBI FPI Regulations, investments by FPIs in the Equity Shares is subject to certain limits, *i.e.*, the individual holding of an FPI (including its investor group (which means multiple entities registered as foreign portfolio investors and directly and indirectly having common ownership of more than 50% of common control)) shall be below 10% of our post-Issue Equity Share capital. In case the total holding of an FPI or investor group increases beyond 10% of the total paid-up Equity Share capital of our Company, on a fully diluted basis or 10% or more of the paid-up value of any series of debentures or preference shares or share warrants that may be issued by our Company, the total investment made by the FPI or investor group will be re-classified as FDI subject to the conditions as specified by SEBI and the RBI in this regard and our Company and the investor will also be required to comply with applicable reporting requirements. Further, the aggregate limit of all FPIs investments, with effect from April 1, 2020, is up to the sectoral cap applicable to the sector in which our Company operates (*i.e.*, 100%).

FPIs are permitted to participate in this Issue subject to compliance with conditions and restrictions which maybe specified by the Government from time to time. Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, an FPI may issue, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by an FPI against securities held by it that are listed or proposed to be listed on any recognised stock exchange in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only to persons registered as Category I FPI under the SEBI FPI Regulations; (ii) such offshore derivative instruments are issued only to persons who are eligible for registration as Category I FPIs (where an entity has an investment manager who is from the Financial Action Task Force member country, the investment manager shall not be required to be registered as a Category I FPI); (iii) such offshore derivative instruments are issued after compliance with 'know your client' norms; and (iv) compliance with other conditions as may be prescribed by SEBI.

An FPI issuing offshore derivative instruments is also required to ensure that any transfer of offshore derivative instruments issued by or on its behalf, is carried out subject to inter alia the following conditions:

- (a) such offshore derivative instruments are transferred only to persons in accordance with the SEBI FPI Regulations; and
- (b) Prior consent of the FPI is obtained for such transfer, except when the persons to whom the off shore derivative instruments are to be transferred to are pre – approved by the FPI.

Procedure for Applications by AIFs, FVCIs and VCFs

The SEBI VCF Regulations and the SEBI FVCI Regulations prescribe, among other things, the investment restrictions on VCFs and FVCIs registered with SEBI. Further, the SEBI AIF Regulations prescribe, among other things, the investment restrictions on AIFs.

As per the SEBI VCF Regulations and SEBI FVCI Regulations, VCFs and FVCIs are not permitted to invest in listed companies pursuant to rights issues. Accordingly, applications by VCFs or FVCIs will not be accepted in this Issue. Venture capital funds registered as Category I AIFs, as defined in the SEBI AIF Regulations, are not permitted to invest in listed companies pursuant to rights issues. Accordingly, applications by venture capital funds registered as category I AIFs, as defined in the SEBI AIF Regulations, will not be accepted in this Issue. Other categories of AIFs are permitted to apply in this Issue subject to compliance with the SEBI AIF Regulations. Such AIFs having bank accounts with SCSBs that are providing ASBA in cities / centers where such AIFs are located are mandatorily required to make use of the ASBA facility. Otherwise, applications of such AIFs are liable for rejection.

Procedure for Applications by NRIs

Investments by NRIs are governed by the FEMA Rules. Applications will not be accepted from NRIs that are ineligible to participate in this Issue under applicable securities laws.

As per the FEMA Rules, an NRI or Overseas Citizen of India ('OCI') may purchase or sell capital instruments of a listed Indian company on repatriation basis, on a recognised stock exchange in India, subject to the conditions, *inter alia*, that the total holding by any individual NRI or OCI will not exceed 5% of the total paid-up equity capital on a fully diluted basis or should not exceed 5% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together will not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrants. The aggregate ceiling of 10% may be raised to 24%, if a special resolution to that effect is passed by the general body of the Indian company.

Further, in accordance with press note 3 of 2020, the FDI Policy has been recently amended to state that all investments by entities incorporated in a country which shares land border with India or where beneficial owner of an investment into India is situated in or is a citizen of any such country ('**Restricted Investors**'), will require prior approval of the Government of India. It is not clear from the press note whether or not an issue of the Rights Equity Shares to Restricted Investors will also require prior approval of the Government of India and each Investor should seek independent legal advice about its ability to participate in the Issue.

In the event such prior approval has been obtained, the Investor shall intimate our Company and the Registrar about such approval within the Issue Period.

Procedure for Applications by Mutual Funds

A separate application can be made in respect of each scheme of an Indian mutual fund registered with SEBI and such applications shall not be treated as multiple applications. The applications made by asset management companies or custodians of a mutual fund should clearly indicate the name of the concerned scheme for which the application is being made.

Procedure for Applications by Systemically Important Non-Banking Financial Companies ('NBFC-SI')

In case of an application made by NBFC-SI registered with the RBI, (a) the certificate of registration issued by the RBI under Section 451A of the RBI Act, 1934 and (b) net worth certificate from its statutory auditors or any independent chartered accountant based on the last audited consolidated financial statements is required to be attached to the application.

Impersonation

As a matter of abundant caution, attention of the Investors is specifically drawn to the provisions of Section 38 of the Companies Act, 2013 which is reproduced below:

'Any person who makes or abets making of an application in a fictitious name to a company for acquiring, or subscribing for, its securities; or makes or abets making of multiple applications to a company in different names or in different combinations of his name or surname for acquiring or subscribing for its securities; or otherwise induces directly or indirectly a company to allot, or register any transfer of, securities to him, or to any other person in a fictitious name, shall be liable for action under Section 447.'

The liability prescribed under Section 447 of the Companies Act for fraud involving an amount of at least ₹ 1 millions or 1% of the turnover of the company, whichever is lower, includes imprisonment for a term of not less than six months extending up to 10 years (provided that where the fraud involves public interest, such term shall not be less than three years) and fine of an amount not less than the amount involved in the fraud, extending upto three times of such amount. In case the fraud involves (i) an amount which is less than ₹ 1 millions or 1% of the turnover of the company, whichever is lower; and (ii) does not involve public interest, then such fraud is punishable with an imprisonment for a term extending up to five years or a fine of an amount extending up to ₹ 5 million or with both.

Payment by stock invest

In terms of the RBI Circular DBOD No. FSC BC 42/24.47.00/2003- 04 dated November 5, 2003, the stock invest scheme has been withdrawn. Hence, payment through stock invest would not be accepted in this Issue.

DISPOSAL OF APPLICATION AND APPLICATION MONEY

No acknowledgment will be issued for the Application Money received by our Company. However, the Designated Branch of the SCSBs receiving the Common Application Form will acknowledge its receipt by stamping and returning the acknowledgment slip at the bottom of each Common Application Form would generate an electronic acknowledgment to the Eligible Equity Shareholders upon submission of the Application.

Our Board or our duly authorized committee reserves its full, unqualified and absolute right to accept or reject any Application, in whole or in part, and in either case without assigning any reason thereto.

In case an Application is rejected in full, the whole of the Application Money will be unblocked in the respective ASBA Accounts, in case of Applications through ASBA. Wherever an Application is rejected in part, the balance of Application Money, if any, after adjusting any money due on Rights Equity Shares Allotted, will be refunded / unblocked in the respective bank accounts from which Application Money was received / ASBA Accounts of the Investor within a period of 4 days from the Issue Closing Date. In case of failure to do so, our Company shall pay interest at such rate and within such time as specified under applicable law.

For further instructions, please read the Common Application Form carefully.

UTILISATION OF ISSUE PROCEEDS

Our Board declares that:

- A. All monies received out of this Issue shall be transferred to a separate bank account;

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

There are two routes through which foreign investors may invest in India. One is the 'automatic route', where no government approval is required under Indian foreign exchange laws to make an investment as long as it is within prescribed thresholds for the relevant sector. The other route is the 'government route', where an approval is required under foreign exchange laws from the relevant industry regulator, prior to the investment.

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991, of the Government of India and FEMA. While the Industrial Policy, 1991, of the Government of India, prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise way such investment may be made. The Union Cabinet, as provided in the Cabinet Press Release dated May 24, 2017, has given its approval for phasing out the FIPB. Under the Industrial Policy, 1991, unless specifically restricted, foreign investment is freely permitted in all sectors of the Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. Accordingly, the process for foreign direct investment and approval from the Government of India will now be handled by the concerned ministries or departments, in consultation with the Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry, Government of India (formerly known as the Department of Industrial Policy and Promotion), Ministry of Finance, Department of Economic Affairs, FIPB section, through a memorandum dated June 5, 2017, has notified the specific ministries handling relevant sectors.

The Government has, from time to time, made policy pronouncements on FDI through press notes and press releases. The DPIIT issued the Consolidated FDI Policy Circular of 2020 ('**FDI Circular 2020**'), which, with effect from October 15, 2020, consolidated and superseded all previous press notes, press releases and clarifications on FDI issued by the DPIIT that were in force and effect as on October 15, 2020. The Government proposes to update the consolidated circular on FDI policy once every year and therefore, FDI Circular 2020 will be valid until the DPIIT issues an updated circular.

The Government of India has from time to time made policy pronouncements on FDI through press notes and press releases which are notified by RBI as amendments to FEMA. In case of any conflict, the relevant notification under Foreign Exchange Management (Non-Debt Instruments) Rules, 2019 will prevail. The payment of inward remittance and reporting requirements are stipulated under the Foreign Exchange Management (Mode of Payment and Reporting of Non-Debt Instruments) Regulations, 2019 issued by RBI. The FDI Circular 2020, issued by the DPIIT, consolidates the policy framework in place as on October 15, 2020, and supersedes all previous press notes, press releases and clarifications on FDI issued by the DPIIT that were in force and effect as on October 15, 2020.

The transfer of shares between an Indian resident and a non-resident does not require the prior approval of RBI, provided that:

1. The activities of the investee company falls under the automatic route as provided in the FDI Policy and FEMA and transfer does not attract the provisions of the SEBI (SAST) Regulations;
2. The non-resident shareholding is within the sectoral limits under the FDI Policy; and
3. The pricing is in accordance with the guidelines prescribed by SEBI and RBI.

No investment under the FDI route (i.e., any investment which would result in the investor holding 10% or more of the fully diluted paid-up equity share capital of the Company or any FDI investment for which an approval from the government was taken in the past) will be allowed in the Issue unless such application is accompanied with necessary approval or covered under a pre-existing approval from the government. It will be the sole responsibility of the investors to ensure that the necessary approval or the pre-existing approval from the government is valid to make any investment in the Issue.

The Company will not be responsible for any allotments made by relying on such approvals. Please also note that pursuant to Circular no. 14 dated September 16, 2003, issued by RBI, Overseas Corporate Bodies have been derecognized as an eligible class of investors and RBI has subsequently issued the Foreign Exchange Management (Withdrawal of General Permission to Overseas Corporate Bodies (OCBs)) Regulations, 2003. Any Investor being an OCB is required not to be under the adverse notice of RBI and in order to apply for this issue as an incorporated non-resident must do so in accordance with the FDI Circular 2020 and Foreign Exchange Management (Non-Debt Instrument) Rules, 2019. Further, while investing in the Issue, the

Investors are deemed to have obtained the necessary approvals, as required, under applicable laws and the obligation to obtain such approvals shall be upon the Investors. Our Company shall not be under an obligation to obtain any approval under any of the applicable laws on behalf of the Investors and shall not be liable in case of failure on part of the Investors to obtain such approvals.
