Unless otherwise stated, references in this Draft Prospectus to a particular year are to the calendar year ended on December 31 and to a particular “fiscal” or “fiscal year” are to the fiscal year ended on March 31.

All references to “India” are to the Republic of India and its territories and possessions, and the “Government”, the “Central Government” or the “State Government” are to the Government of India, central or state, as applicable.

Financial Data

Our Company publishes its financial statements in Rupees.

The Company’s Audited Financial Statements for the financial year ended March 31, 2024 has been prepared by the Statutory Auditor, Manikandan & Associates, in accordance with Ind AS notified under the Companies Act, 2013 and other applicable statutory and / or regulatory requirements, as applicable.

With effect from April 1, 2019, as per the roadmap issued by the Ministry of Corporate Affairs (“MCA”) dated January 18, 2016, under the Companies (Indian Accounting Standards) Rules, 2015, for Non-Banking Finance Companies (other than the Non-Banking Finance Companies having total assets of ₹50,000 lakhs or more), for financial reporting purposes, the Company has followed the Indian Accounting Standards issued by the ICAI specified under Section 133 of the Companies Act, 2013, read with Rule 3 and/or Rule 7 of the Companies (Indian Accounting Standard) Rules, 2015 (“IND AS”), as applicable.

The Ministry of Corporate Affairs (“MCA”), in its press release dated January 18, 2016, issued a roadmap for implementation of Ind AS converged with IFRS for non-banking financial companies, scheduled commercial banks, insurers, and insurance companies, which was subsequently confirmed by the RBI through its circular dated February 11, 2016. The notification further explains that NBFCs whose equity and/or debt securities are listed or in the process of listing on any stock exchange in India or outside India and having a net worth of less than ₹50,000 lakh, shall comply with Ind AS for accounting periods beginning from April 1, 2019. Accordingly, Ind AS is applicable to our Company with effect from April 1, 2023.

Our Company’s Special Purpose Audited Financial Statements for the financial years ended March 31, 2023, March 31, 2022, are prepared by the Statutory Auditor, Manikandan & Associates, in accordance with accounting standards notified under the Companies Act, 2013 and other applicable statutory and / or regulatory requirements, as applicable.

The Company’s Special Purpose Audited Financial Statements for the financial years ended March 31, 2023 and March 31, 2022 have been prepared on the basis of audited financial statements prepared by Mohandas & Associates and Paulson Michael & Co., respectively, in accordance with Indian GAAP notified under the Companies Act, 2013 and other applicable statutory and/or regulatory requirements.

The Audited Financial Statements for the financial year ended March 31,2024 and Special Purpose Audited Financial Statements for the financial year ended March 31,2023 and the related audit reports as issued by our Company’s Statutory Auditors, M/s. Manikandan & Associates, Chartered Accountants, are included in this Draft Prospectus in the chapter titled “*Financial Statements*” beginning on page 141.

Unless stated otherwise, the financial data used in this Draft Prospectus is derived from the Audited Ind AS financial Statements for the financial year March 31,2024 and Special Purpose Audited Financial Statements for the financial years ended March 31,2023 and March 31,2022, of the Company.

In this Draft Prospectus, any discrepancies in any table, including “*Capital Structure*” and “*Objects of the Issue*” between the total and the sum of the amounts listed are due to rounding off. All the decimals have been rounded off to two decimal places.

Further, the financial data and numbers used in this Draft Prospectus are under Ind AS/ IGAAP, as specifically mentioned and is not strictly comparable.

Unless stated otherwise or unless the context requires otherwise, the financial data used in this Draft Prospectus is on a standalone basis.

Currency and units of Presentation

In this Draft Prospectus, all references to ‘Rupees’/ ‘Rs.’/ ‘INR’/ ‘₹’ are to Indian Rupees, the official currency of the Republic of India. Except where stated otherwise in this Draft Prospectus, all figures have been expressed in ‘lakhs’. All references to ‘lakh/lakhs’ means ‘one hundred thousand’ and ‘crore’ means ‘ten million’ and ‘billion /billions’ means ‘one hundred crores’.

Industry and Market Data

Unless stated otherwise, industry and market data used throughout this Draft Prospectus has been obtained from industry publications. Industry publications generally state that the information contained in those publications has been obtained from sources believed to be reliable but that their accuracy and completeness are not guaranteed and their reliability cannot be assured. Accordingly, no investment decision should be made on the basis of such information. Although our Company believes that industry data used in this Draft Prospectus is reliable, it has not been independently verified. Also, data from these sources may not be comparable. Similarly, internal reports, while believed by us to be reliable, have not been verified by any independent sources.

The extent to which the market and industry data used in this Draft Prospectus is meaningful depends on the reader’s familiarity with and understanding of the methodologies used in compiling such data. Certain information and statistics in relation to the industry in which we operate, which has been included in this Draft Prospectus has been extracted from an industry report titled “*Gold Loan Industry in India*”, dated July 23, 2024 prepared and issued by Fitch Solutions India Advisory Private Limited (“**Fitch Report**”). Please refer to “*Industry Overview*” on page 63 for further details. Following is the disclaimer of Fitch Solutions India Advisory Private Limited in relation to the Fitch Report:

General Risk

Investment in NCDs involve a degree of risk and investors should not invest any funds in NCDs unless they can afford to take the risk attached to such investments. Investors are advised to take an informed decision and to read the risk factors carefully before investing in this offering. For taking an investment decision, investors must rely on their examination of the issue including the risks involved in it. Specific attention of investors is invited to statement of risk factors contained under section “Risk Factors” on page 16. These risks are not, and are not intended to be, a complete list of all risks and considerations relevant to the NCDs or Investor’s decision to purchase such securities.

FORWARD LOOKING STATEMENTS

This Draft Prospectus contains certain statements that are not statements of historical fact and are in the nature of “forward-looking statements”. These forward-looking statements generally can be identified by words or phrases such as “aim”, “anticipate”, “believe”, “continue”, “expect”, “estimate”, “intend”, “objective”, “plan”, “potential”, “project”, “will”, “will continue”, “will pursue”, “will likely result”, “will seek to”, “seek” or other words or phrases of similar import. All statements regarding our expected financial condition and results of operations and business plans and prospects are forward-looking statements. These forward-looking statements include statements as to our business strategy, revenue and profitability and other matters discussed in this Draft Prospectus that are not historical facts.

All forward-looking statements are subject to risks, uncertainties and assumptions about us that could cause actual results, performance or achievements to differ materially from those contemplated by the relevant statement.

Actual results may differ materially from those suggested by the forward looking statements due to risks or uncertainties associated with our expectations with respect to, but not limited to, regulatory changes pertaining to our businesses and our ability to respond to them, our ability to successfully implement our strategies, our growth and expansion, technological changes, our exposure to market risks, general economic and political conditions in India and which have an impact on our business activities or investments, the monetary and fiscal policies of India, inflation, deflation, unanticipated turbulence in interest rates, equity prices or other rates or prices, the performance of the financial markets in India and globally, changes in domestic laws, regulations and taxes and changes in competition in our industry.

Important factors that could cause actual results to differ materially from our expectations including, without limitation, the following:

1. Any increase in the levels of non-performing assets (“NPA”) in our loan portfolio, for any reason whatsoever, would adversely affect our business and results of operations;
2. Any volatility in interest rates which could cause our Gross Spreads to decline and consequently affect our profitability;
3. Unanticipated turbulence in interest rates or other rates or prices; the performance of the financial and capital markets in India and globally;
4. Our operations are concentrated in 2 states i.e. Maharashtra and Kerala, and any adverse developments in these states of India may have an adverse effect on our business, results of operations, financial condition and cash flows;
5. Changes in Indian and/or foreign laws and regulations, including tax, accounting, banking, securities, insurance and other regulations; changes in competition and the pricing environment in India; and regional or general changes in asset valuations;
6. Any changes in connection with policies, statutory provisions, regulations and/or RBI directions in connection with NBFCs, including laws that impact our lending rates and our ability to enforce our collateral;
7. Competition from our existing as well as new competitors;
8. Availability of adequate debt and equity financing at commercially acceptable terms;
9. General, political, economic, social and business conditions in Indian and other global markets; and
10. Other factors discussed in this Draft Prospectus, including under the chapter titled “*Risk Factors*” beginning on page 16.

For further discussion of factors that could cause our actual results to differ from our expectations, please refer to the chapter titled “*Risk Factors*” and chapters titled “*Industry Overview*” and “*Our Business*” beginning on pages 16, 63 and 93, respectively.

By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated. Forward looking statements speak only as on the date of this Draft Prospectus. The forward-looking statements contained in this Draft Prospectus are based on the beliefs of management, as well as the assumptions made by and information currently available to management. Although we believe that the expectations reflected in such forward-looking statements are reasonable at this time, we cannot assure investors that such expectations will prove to be correct or will hold good at all times. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements. If any of these risks and uncertainties materialise, or if any of our underlying assumptions prove to be incorrect, our actual results of operations or financial condition could differ materially from that described herein as anticipated, believed, estimated or expected. All subsequent forward-looking statements attributable to us are expressly qualified in their entirety by reference to these cautionary statements.

Neither the Lead Manager, our Company, its Directors and its officers, nor any of their respective affiliates or associates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with the SEBI NCS Regulations, our Company, the Lead Manager will ensure that investors in India are informed of material developments between the date of filing this Draft Prospectus with the Stock Exchange and the date of the Allotment.

SECTION II - RISK FACTORS

The following are some of the important factors that could cause actual results to differ materially from the Company's expectations:

An investment in NCDs involves a certain degree of risk. You should carefully consider all the information contained in this Draft Prospectus, including the risks and uncertainties described below, and the information provided in the sections titled "Our Business" on page 103 and "Financial Statements" on page 141 before making an investment decision. The following are the risks envisaged by the management of the Company relating to the Company, the NCDs and the market in general. Potential investors should carefully consider all the risk factors stated in this Draft Prospectus in relation to the NCDs for evaluating the Company and its business and the NCDs before making any investment decision relating to the NCDs. The Company believes that the factors described below represents the principal risks inherent in investing in the NCDs but does not represent that the statements below regarding the risks of holding the NCDs are exhaustive. The ordering of the risk factors is intended to facilitate ease of reading and reference and does not in any manner indicate the importance of one risk factor over another. Potential investors should also read the detailed information set out elsewhere in this Draft Prospectus and reach their own views prior to making any investment decision. The market prices of the NCDs could decline due to such risks and you may lose all or part of your investment including interest thereon.

If any one of the following stated risks actually occurs, the Company's business, financial conditions and results of operations could suffer and, therefore, the value of the Company's NCDs could decline and/or the Company's ability to meet its obligations in respect of the NCDs could be affected. More than one risk factor may have simultaneous affect with regard to the NCDs such that the effect of a particular risk factor may not be predictable. In addition, more than one risk factor may have a compounding effect which may not be predictable. No prediction can be made as to the effect that any combination of risk factors may have on the value of the NCDs and/or the Company's ability to meet its obligations in respect of the NCDs. These risks and uncertainties are not the only issues that the Company faces. These risk factors are determined on the basis of their materiality. Additional risks and uncertainties not presently known to the Company or that the Company currently believes to be immaterial may also have a material adverse effect on its financial condition or business. Unless specified or quantified in the relevant risk factors, the Company is not in a position to quantify the financial or other implications of any risk mentioned herein below.

This Draft Prospectus also contains forward-looking statements that involve risks and uncertainties. Our results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including events described below and elsewhere in this Draft Prospectus. Unless otherwise stated, the financial information used in this section is derived from and should be read in conjunction with the Audited Financial Statements

Internal Risk Factors

- 1. We are subject to certain restrictive covenants in our loan documents and other debts, which may restrict our operations and ability to grow and may adversely affect our business.***

We have entered into agreements for availing financial facilities from various lenders. Certain covenants in these agreements require us to obtain approval / permission from our lenders in certain conditions. These conditions include, amongst others, implementation of any scheme of expansion / diversification / renovation / capital expenditure, formulation of any scheme of amalgamation or reconstruction, undertaking of guarantee obligation, any change in our capital structure. In the event of default or the breach of certain covenants, our lenders have the option to make the entire outstanding amount payable immediately. There can be no assurance that we will be able to comply with these financial or other covenants or that we will be able to obtain consents necessary to take the actions that we believe are required to operate and grow our business.

For further details in this regard, including approvals obtained from our lenders for this Issue, please refer chapter "Financial Indebtedness" on page 143.

- 2. Our ability to access capital also depends on our credit ratings. Any downgrade in our credit ratings would increase borrowing costs and constrain our access to capital and lending markets and, thus, would negatively affect our net interest margin and our business.***

The cost and availability of capital is also dependent on our long-term and short-term credit ratings. Ratings reflect a rating agency’s opinion of our financial strength, operating performance, strategic position, and ability to meet our obligations. Any downgrade of our credit ratings would increase borrowing costs and constrain our access to debt and bank lending markets and, thus, would adversely affect our net interest margins and business. In addition, downgrading of our credit ratings could increase the possibility of additional terms and conditions being added to any new or replacement financing arrangements. The NCDs proposed to be issued under this Issue have been rated “IND BBB/Stable”, by India Ratings and Research Private Limited (“**India Ratings**”) for an amount up to ₹15,000 lakhs vide its letter dated July 23, 2024. We have also been assigned IND BBB/Stable, by India Ratings for our bank facilities. For details regarding ratings received by our Company, please refer to “*Our Business - Our Borrowings and Credit Ratings*” on page 103.

3. Our Company, our Promoters and Directors are subject to certain legal proceedings and any adverse decision in such proceedings may have a material adverse effect on our business, financial condition and results of operations.

Our Company, our Promoters and Directors are subject to certain legal proceedings including civil suits, consumer litigations, tax litigations, trademark infringement suits etc. We incur substantial cost in defending these proceedings before a court of law. Moreover, we are unable to assure you that our Company, our Promoter and Directors shall be successful in any or all of these actions. In the event we or our Promoter and Directors suffer any adverse order, it may have an adverse impact on our reputation, business and results of operations. Further, our Company is involved in certain criminal proceeding with third parties in relation to our business operations. Any adverse decision in such proceedings may have a material adverse effect on our business.

Our Company, our Promoter, our Directors and our Group Companies are party to legal proceedings. These legal proceedings are pending at different levels of adjudication before various courts, tribunals and statutory, regulatory and other judicial authorities in India, and, if determined against us, could adversely affect our business, results of operations and financial condition. We cannot assure you that an adverse order by any statutory or governmental authority will not have a negative impact on our profit and financial condition.

Should any new developments arise, such as any change in applicable Indian law or any rulings against us by appellate courts or tribunals, we may need to make provisions in our financial statements that could increase expenses and current liabilities, which could adversely affect our results of operations.

A summary of the outstanding proceedings involving our Company, Directors, Promoter and Group Companies in accordance with requirements under the SEBI NCS Regulations, as disclosed in this Draft Prospectus, to the extent quantifiable, have been set out below:

4. Supporting documents in connection with the biographies of the directors included in the section “Our Management” of this Draft Prospectus are unavailable.

Certain documents supporting the information included in this Draft Prospectus with respect to previous work experience of the directors, disclosed in the sections titled “*Our Management*” on page 124 may not be available. Accordingly, reliance has been placed on declarations and undertakings furnished by such director to us and the Lead Manager to disclose details of their previous work experience in this Draft Prospectus. We and the Lead Manager have been unable to independently verify these details prior to inclusion in this Draft Prospectus. Further, there can be no assurances that our Director will be able to trace the relevant documents pertaining to their previous work experience in future, or at all.

5. A part of our branch network is concentrated in Kerala, Maharashtra and Odisha, and we derive majority of our revenue from these states. Any breakdown of services in these areas could have a material and adverse effect on our results of operations and financial conditions.

We derive majority of our revenue from our 165 branches situated in Kerala, Maharashtra and Odisha out of our total branches as on June 30, 2024. Further, approximately 70.61 % of our loan portfolio as on June 30, 2024 is concentrated in these 3 states i.e. Kerala, Maharashtra and Odisha. As a result, we are exposed to risks including any change in policies relating to these states, any localised social unrest, any natural disaster and any event or development which could make business in such states less economically beneficial. Any such risk, if materialises, could have a material adverse effect on the business, financial position and results of operations of our Company. For further details of our branch network within India, please refer to the chapter titled “*Our Business - Branch Network*” on 103.

6. Our business is capital intensive and any disruption or restrictions in raising financial resources could have a material adverse effect on our liquidity and financial condition.

Our liquidity and ongoing profitability is largely dependent upon our timely access to and the costs associated in raising resources. Our funding requirements historically have been met from a combination of borrowings such as working capital limits and term loans from banks and issuance of secured redeemable non-convertible debentures on private placement basis and subordinated debts. Thus, our business depends and will continue to depend on our ability to access diversified low-cost funding sources.

Our ability to raise funds on acceptable terms and at competitive rates continue to depend on various factors including our credit ratings, the regulatory environment and policy initiatives in India, developments in the international markets affecting the Indian economy, investors' and/or lenders' perception of demand for debt and equity securities of NBFCs, and our current and future results of operations and financial condition.

The global and Indian capital and lending markets are, by nature, highly volatile and access to liquidity can, at times, be significantly reduced. Moreover, since 2018, default in debt repayments by a large NBFC in India led to heightened investor focus around the health of the broader NBFC sector as well as their sources of liquidity.

This has led to some tightening in liquidity available to certain NBFCs and, as a result, it has become more difficult for certain NBFCs to renew loans and raise capital in recent times. If any event of similar nature and magnitude occurs again in the future, it may result in increased borrowing costs and difficulty in accessing debt in a cost-effective manner. Moreover, we are a NBFC-ND-BL, and do not have access to public deposits.

A significant portion of our debt matures each year. Out of the total amount of our outstanding non-convertible debentures (excluding interest thereon but including non-convertible debentures that are matured but not redeemed), issued by our Company as of June 30, 2024, non-convertible debentures amounting to ₹4,778 lakhs will mature during the next 12 months. In order to retire these instruments, we either will need to refinance this debt, which could be difficult in the event of volatility in the credit markets or raise equity capital or generate sufficient cash to retire the debt.

Changes in economic and financial conditions or continuing lack of liquidity in the market could make it difficult for us to access funds at competitive rates. As a NBFC, we also face certain restrictions on our ability to raise money from international markets, which may further constrain our ability to raise funds at attractive rates. Any disruption in our primary funding sources at competitive costs would have a material adverse effect on our liquidity and financial condition.

7. *Our financial performance is primarily dependent on interest rate risk. If we are unable to manage interest rate risk in the future it could have an adverse effect on our net interest margin, thereby adversely affecting business and financial condition of our Company.*

Our results of operations are substantially dependent upon the level of our Net Interest Margins. Income from loans is the largest component of our total income, and constituted 98.80%, 98.34% and 96.96% for the Financial Years ended March 31, 2022, March 31, 2023, and March 31, 2024 respectively. Interest rates are sensitive to many factors beyond our control, including the RBI's monetary policies, domestic and international economic and political conditions and other factors.

Over the last several years, the Government of India has substantially deregulated the financial sector. As a result, interest rates are now primarily determined by the market, which has increased the interest rate risk exposure of all banks and financial intermediaries in India, including us.

Our policy is to attempt to balance the proportion of our interest earning assets, which bear fixed interest rates, with interest bearing liabilities. A significant portion of our liabilities, such as our NCDs carry fixed rates of interest. Moreover, we do not hedge our exposure to interest rate changes. We cannot assure you that we can adequately manage our interest rate risk in the future or can effectively balance the proportion of our fixed rate loan assets and liabilities. Further, changes in interest rates could affect the interest rates charged on interest earning assets and the interest rates paid on interest bearing liabilities in different ways. Thus, our results of operations could be affected by changes in interest rates and the timing of any re-pricing of our liabilities compared with the re-pricing of our assets.

In a rising interest rate environment, if the yield on our interest earning assets does not increase at the same time or to the same extent as our cost of funds, or, in a declining interest rate environment, if our cost of funds does not decline at the same time or to the same extent as the yield on our interest earning assets, our net interest income and net interest margin would be adversely affected. There can be no assurance that we will be able to adequately manage our interest rate risk. If we are unable to address the interest rate risk, it could have an adverse effect on our net interest margin, thereby adversely affecting our business and financial condition.

8. *We depend on the recognition of the Muthoot brand, and failure to use, maintain and enhance awareness of the brand would adversely affect our ability to retain and expand our base of customers.*

Our business is dependent on the continued usage of the Muthoot brand and trademark. The mark

has been registered as a trademark by M. Mathews, Chairman of our Company. Further,

an application was filed by Thomas Muthoot, Thomas John Muthoot and Thomas George Muthoot before the Intellectual Property Appellate Board, Chennai on July 3, 2012 for the removal, expungement, rectification, cancellation and variation of the trademark with registration number 1267883 in class 36 in the name of M Matthew. Subsequently, the application was transferred to the Intellectual Property Division of the High Court of Judicature at Madras and is currently pending. Any damage to the brand or our reputation may substantially impair our ability to maintain or grow our business or have a material adverse effect on our overall business, financial condition, results of operations and cash flows.

In addition, any unauthorized or inappropriate use of our brand, trademarks and other related intellectual property rights by others in their corporate names or product brands or otherwise may harm our brand image, competitive advantages and business and dilute or harm our reputation and brand recognition. Moreover, we may also be harmed by the actions of or negative press relating to entities which have similar names. We have in the past instituted proceedings against third parties for infringing upon our licensed trademarks and trade names. Further, if a dispute arises with respect to any of our intellectual property rights or proprietary information, we will be required to produce evidence to defend or enforce our claims, and we may become party to litigation, which may strain our resources and divert the attention of our management.

9. Our Company has high Debt Equity ratio and any further increase in borrowings may have a material adverse effect on our business, financial condition and results of operations.

Our Company has raised funds from a combination of borrowings such as working capital limits and term loans from banks and issuance of secured redeemable non-convertible debentures on private placement basis, secured redeemable non-convertible debentures by way of public issue and subordinated debts. We are subject to the RBI's guidelines on financial regulation of NBFCs, including leverage ratio, capital adequacy, exposure and other prudential norms. As per the prudential norms, the leverage ratio of NBFCs (except NBFC-MFIs, NBFCs-ML and above) shall not be more than 7 at any point of time and our debt equity ratio of 3.43 as on March 31, 2024, is within the stipulated limits. While this strategic choice has facilitated our ability to undertake various initiatives improving the top lines and bottom lines, it also introduces certain financial considerations. We will continue to monitor and evaluate our capital structure to ensure we maintain a healthy balance between debt and equity financing. For further information, refer section 'Capital Structure - Debt - equity ratio' on page 41.

10. We have had negative cash flows in the past. Any negative cash flows in the future could adversely affect our results of operations and financial condition.

We have had negative cash flows for operating activities in the past on account of high growth in loans and advances i.e., disbursements as compared with collections for the year and may have negative cash flows in the future. If we experience any cash outflow in the future, this could adversely affect our business prospects, financial condition and results of operations. For further information, see the section titled 'Financial Statements' on page 141.

11. Volatility in the market price of gold may adversely affect our financial condition, cash flows and results of operations.

We extend loans secured mostly by household gold jewellery. A sustained decrease in the market price of gold could cause a corresponding decrease in new Gold Loan in our loan portfolio and, as a result, our interest income. In addition, customers may not repay their loans and the gold jewellery securing the loans may have decreased significantly in value, resulting in losses which we may not be able to support. The impact on our financial position and results of operations of a hypothetical decrease in gold values cannot be reasonably estimated because the market and competitive response to changes in gold values is not pre-determinable.

12. We face increasing competition in our business which may result in declining interest margins. If we are unable to compete successfully, our market share may also decline.

Our principal business is providing Gold Loan to customers in India secured by gold jewellery. Historically, the Gold Loan industry in India has been largely unorganised and dominated by local jewellery pawn shops and

money lenders, with little involvement from public sector or private sector banks. Gold Loan financing was availed predominantly by lower income group customers with limited or no access to other forms of credit, however, such income group has gained increased access to capital through organised and unorganised money lenders, which has increased our exposure to competition. The demand for Gold Loan has also increased due to relatively lower and affordable interest rates, increased need for urgent borrowing or bridge financing requirements, the need for liquidity for assets held in gold and increased awareness and acceptance of Gold Loan financing.

All of these factors have resulted in increased competition from other lenders in the Gold Loan industry, including commercial banks and other NBFCs, who also have access to funding from customers' savings and current deposits. We are reliant on higher cost loans and debentures for our funding requirements, which may reduce our margins compared to competitors. Our ability to compete effectively will depend, to some extent, on our ability to raise low cost funding in the future. If we are unable to compete effectively with other participants in the Gold Loan industry, our business, financial condition and results of operations may be adversely affected. Furthermore, as a result of increased competition in the Gold Loan industry, Gold Loan are becoming increasingly standardised. Variable interest rates, variable payment terms and waiver of processing fees are also becoming increasingly common.

13. We may not be able to realise the full value of our pledged gold, which exposes us to potential loss.

We may not be able to realise the full value of our pledged gold, due to, among other things, defects in the quality of gold or sharp downward movement in the price of gold which could result in fall in collateral value. In the event of any decrease in the price of gold, customers may not repay their loans and the value of collateral gold jewellery securing the loans may have decreased significantly, resulting in losses which we may not be able to support. Although, we have in place an internal policy on determining the quality of gold prior to disbursement of the Gold Loan. However, we cannot assure you that the methods followed by us are fool proof and the impurity levels in the gold can be accurately assessed.

Further, increase in price of gold allows us to lend more on gold jewellery. We may not be able recover dues on the loan entirely while auctioning the gold jewellery obtained as collateral on account of subsequent fall in gold price.

In the case of a default, we may auction the pledged gold in accordance with our auction policy. We cannot assure you that we will be able to auction such pledged gold jewellery at prices sufficient to cover the amounts under default. Moreover, there may be delays associated with the auction process or other processes undertaken by us to recover the amount due to us. Any such failure to recover the expected value of pledged gold could expose us to a potential loss and which could adversely affect our financial condition and results of operations.

We may also be affected by failure of employees to comply with internal procedures and inaccurate appraisal. Failure by our employees to properly appraise the value of the collateral provides us with no recourse against the borrower and the loan sanction may eventually result in a bad debt on our books of accounts. In the event we are unable to check the risks arising out of such lapses, our business and results of operations may be adversely affected.

14. We may not be able to successfully sustain our growth strategy. Inability to effectively manage our growth and related issues could materially and adversely affect our business and impact our future financial performance.

Our income from operations increased from ₹ 6,673.82 lakhs in the Financial Year ended March 31, 2022 to ₹ 12,993.00 lakhs in the Financial Year ended March 31, 2024, thereby achieving compounded annual growth rate ("CAGR") of 39.53%. Furthermore, the loan book increased from ₹ 33,851.92 lakhs for the Financial Year ended March 31, 2022 to ₹ 66,314.01 lakhs in the Financial Year ended March 31, 2024 at a CAGR of 39.96%. Our income from operations for Financial Year ended March 31, 2024, amounted to ₹12,993.00 lakhs and the loan book as on March 31, 2024 was at ₹ 66,314.01 lakhs.

Our growth strategy includes growing our loan book, expanding network of branches and expanding the range of products and services. We cannot assure you that we will be able to execute our growth strategy successfully or continue to achieve or grow at the levels of revenue earned in recent years, or that we will be able to expand further our loan book. Furthermore, there may not be sufficient demand for our services or they may not generate sufficient revenues relative to the costs associated with offering such services. Even if we were able to introduce

new services successfully, there can be no assurance that we will be able to achieve our intended return on such investments.

Further, principal component of our strategy is to continue to grow by expanding the size and geographical scope of our businesses. This growth strategy will place significant demands on our management, financial and other resources. It will require us to continuously develop and improve our operational, financial and internal controls. It also includes undertaking permission from various authorities, including RBI and various regulatory compliances. Continuous expansion increases the challenges involved in financial management, recruitment, training and retaining high quality human resources, preserving our culture, values and entrepreneurial environment, and developing and improving our internal administrative infrastructure.

15. If we are not able to control the level of non-performing assets in our portfolio, the overall quality of our loan portfolio may deteriorate and our results of operations may be adversely affected.

We may not be successful in our efforts to improve collections and/or enforce the security interest on the gold collateral on existing as well as future non-performing assets. Moreover, as our loan portfolio increases, we may experience greater defaults in principal and/or interest repayments. Thus, if we are not able to control our level of non-performing assets, the overall quality of our loan portfolio may deteriorate and our results of operations may be adversely affected. Our gross NPAs for the financial years ended March 31, 2022, March 31, 2023 and March 31, 2024 were ₹123.56 lakhs, ₹139.16 lakhs and ₹346.14 lakhs, respectively.

The RBI Master Directions prescribe the provisioning required in respect of our outstanding loan portfolio. Should the overall credit quality of our loan portfolio deteriorate, the current level of our provisions may not be adequate to cover further increases in the amount of our non-performing assets. Furthermore, although we believe that our total provision will be adequate to cover all known losses in our asset portfolio, our current provisions may not be adequate. Moreover, there also can be no assurance that there will be no further deterioration in our provisioning coverage as a percentage of gross non-performing assets or otherwise, or that the percentage of non-performing assets that we will be able to recover will be similar to our past experience of recoveries of non-performing assets. In the event of any further increase in our non-performing asset portfolio, there could be an even greater, adverse impact on our results of operations.

16. Our ability to lend against the collateral of gold jewellery has been restricted on account of guidelines issued by RBI, which may have a negative impact on our business and results of operation.

RBI vide the Master Directions has stipulated all NBFCs to maintain a loan to value (LTV) ratio not exceeding 75% for loans granted against the collateral of gold jewellery and further prohibits lending against bullion/primary gold. This notification will limit our ability to provide loan on the collateral of gold jewellery and thereby putting us at a disadvantage vis-à-vis unregulated money lenders offering similar products. Further, RBI in the Master Directions, has mandated NBFCs primarily engaged in lending against gold jewellery (such loans comprising 50% or more of their financial assets) to maintain a minimum Tier 1 capital of 12%. Such restrictions imposed by RBI may erode our margins, impact our growth and business prospects.

RBI in the Master Directions further tightened the norms for lending against the security of gold ornaments by pegging the maximum lendable value (LTV) to 30 day moving average closing price of 22 carat gold quoted by India Bullion and Jewellers Association Limited (formerly known as Bombay Bullion Association Limited). Any such future restrictions by RBI could have a negative impact on our business and results of operation.

17. We are subjected to supervision and regulation by the RBI as a NBFCs – Base Layer, and changes in RBI's regulations or period inspection governing us could adversely affect our business.

We are subject to the RBI's guidelines on financial regulation of NBFCs, including capital adequacy, exposure and other prudential norms. The RBI also regulates the credit flow by banks to NBFCs and provides guidelines to commercial banks with respect to their investment and credit exposure norms for lending to NBFCs. The RBI's regulations of NBFCs could change in the future which may require us to restructure our activities, incur additional cost or could otherwise adversely affect our business and our financial performance. Through the Master Directions, RBI has amended the regulatory framework governing NBFCs to address concerns pertaining to risks, regulatory gaps and arbitrage arising from differential regulations and aims to harmonise and simplify regulations to facilitate a smoother compliance culture among NBFCs.

As a NBFCs – **Base Layer**, our Company is required to maintain a capital adequacy ratio of at least 15.00% of our aggregate risk-weighted assets of our balance sheet (on-balance sheet and of risk adjusted value of off balance sheet items) on an ongoing basis. Our Company’s capital adequacy ratio was 29.82% as of March 31, 2024. If we continue to grow our Total Credit Exposure and asset base, we will be required to raise additional capital in order to continue to meet applicable capital adequacy ratios with respect to our business. There can be no assurance that we will be able to raise adequate additional capital in the future on terms favourable to us or at all, which could result in non-compliance with applicable capital adequacy ratios and may adversely affect the growth of our business. Further, our Tier I capital adequacy ratio of was 20.87% as of March 31, 2024. If we continue to grow our loan portfolio and asset base, we will be required to raise additional Tier I and Tier II capital in order to continue to meet applicable capital adequacy ratios and Tier I capital requirements with respect to our business of Gold Loan. There can be no assurance that we will be able to maintain adequate capital adequacy ratio or Tier I capital by raising additional capital in the future on terms favourable to us, or at all. Failure to maintain adequate capital adequacy ratio or Tier I capital may adversely affect the growth of our business.

Moreover, under the Master Directions – Reserve Bank of India (Non-Banking Financial Company – Scale Based Regulation) Directions, 2023, the threshold for defining the NBFCs based on their size, activity and perceived riskiness. NBFCs-Base Layer will be those NBFCs which have below asset size of ₹ 100,000 lakhs as per the last audited balance sheet. We cannot assure you that the Master Directions and its applicability to us will not have a material and adverse effect on our future financial conditions and results of operations.

Even though the RBI, has not provided for any restriction on interest rates that can be charged by non-deposit taking NBFCs, there can be no assurance that the RBI and/or the Government will not implement regulations or policies, including policies or regulations or legal interpretations of existing regulations, relating to or affecting interest rates, taxation, inflation or exchange controls, or otherwise take action, that could have an adverse effect on non-deposit taking NBFCs. In addition, there can be no assurance that any changes in the laws and regulations relative to the Indian financial services industry will not adversely impact our business.

As an NBFC, we are subject to periodic inspection by RBI under Section 45N of the RBI Act, 1934 (“**RBI Act**”), pursuant to which the RBI inspects our books of accounts and other records for the purpose of verifying the correctness or completeness of any statement, information or particulars furnished to the RBI. Any irregularities found during such investigations by such regulatory authorities could, similarly, expose us to warnings, penalties and restrictions. During the course of finalization of inspection, regulatory authorities share their findings and recommendations with us and give us an opportunity to provide justification and clarifications. Further, such regulatory authorities also seek certain clarifications and share their findings in the ordinary course of business. We respond to observations made by such authorities and address them appropriately; however, we cannot assure you that these authorities will not find any deficiencies in future inspections or otherwise/ the authorities will not make similar or other observations in the future.

18. We may be subject to regulations in respect of provisioning for non-performing assets. If such provisions are not sufficient to provide adequate cover for loan losses that may occur, this could have an adverse effect on our financial condition, liquidity and results of operations.

RBI guidelines prescribe the provisioning required in respect of our outstanding loan portfolio. These provisioning requirements may require us to reserve lower amounts than the provisioning requirements applicable to financial institutions and banks in other countries. The provisioning requirements may also require the exercise of subjective judgments of management. The RBI vide the Master Directions provides for the regulatory framework governing NBFCs pertaining to provision for standard assets. The requirement is to make a provision for standard asset at 0.4% of the outstanding.

There are multiple factors that affect the level of NPAs in our Company. Prominent among them are fall in value of gold, increase in the LTV ratio for gold loan etc.

The level of our provisions may not be adequate to cover further increases in the amount of our nonperforming assets or a decrease in the value of the underlying gold collateral. If such provisions are not sufficient to provide adequate cover for loan losses that may occur, or if we are required to increase our provisions, this could have an adverse effect on our financial condition, liquidity and results of operations and may require us to raise additional capital.

19. Our ability to borrow from various banks may be restricted on account of guidelines issued by the RBI, imposing restrictions on banks in relation to their exposure to NBFCs. Any limitation on our ability to

borrow from such banks may increase our cost of borrowing, which could adversely impact our growth, business and financial condition.

Under RBI Master Circular DBR.BP.BC.No.5/21.04.172/2015-16 on bank finance to NBFCs issued on July 1, 2015, the exposure (both lending and investment, including off balance sheet exposures) of a bank to a single NBFC engaged in lending against collateral of gold jewellery (i.e. such loans comprising 50% or more of its financial assets) should not exceed 7.5%, of its capital funds. Banks may, however, assume exposures on a single NBFC up to 12.5% of their capital funds, provided the exposure in excess of 7.5% is on account of funds on-lent by the NBFC to the infrastructure sector. Further, banks may also consider fixing internal limits for their aggregate exposure to all NBFCs put together and should include internal sub-limit to all NBFCs providing Gold Loan (i.e. such loans comprising 50% or more of their financial assets), including us. This limits the exposure that banks may have on NBFCs such as us, which may restrict our ability to borrow from such banks and may increase our cost of borrowing, which could adversely impact our growth, business and financial condition.

20. Our Gold Loan are due within 12 months of disbursement, and a failure to disburse new loans may result in a reduction of our loan portfolio and a corresponding decrease in our interest income.

The Gold Loan we offer are due within a period of upto 12 months of disbursement. The relatively short-term nature of our loans means that we are not assured of long-term interest income streams compared to businesses that offer loans with longer terms. In addition, our existing customers may not obtain new loans from us upon maturity of their existing loans, particularly if competition increases. The short-term nature of our loan products and the potential instability of our interest income could materially and adversely affect our results of operations and financial position.

21. Inaccurate appraisal of gold by our personnel may adversely affect our gold loan business and financial condition.

The accurate appraisal of pledged gold is a significant factor in the successful operation of our business and such appraisal requires a skilled and reliable workforce. Inaccurate appraisal of gold by our workforce may result in gold being overvalued and pledged for a loan that is higher in value than the gold's actual value, which could adversely affect our reputation and business. Further, we are subject to the risk that our gold appraisers may engage in fraud regarding their estimation of the value of pledged gold. Any such inaccuracies or fraud in relation to our appraisal of gold may adversely affect our reputation, business and financial condition.

22. We are subject to regulations in relation to minimum capital adequacy requirements and our inability to maintain our capital adequacy ratio could adversely affect our business.

The RBI Master Directions currently require NBFCs to comply with a capital to risk (weighted) assets ratio ("CRAR"), consisting of Tier I and Tier II capital. Under these requirements, Tier I and Tier II capital should not be less than 15% of the sum of the NBFC's risk-weighted assets on-balance sheet and of risk adjusted value of off-balance sheet items, as applicable. In addition, our Tier I capital, at any point in time, shall not be less than 10%. For details, see "Key Regulations and Policies" on page 251.

As of March 31, 2024, our CRAR was 29.82 %, with Tier I capital comprising 20.87% and Tier II capital comprising of 8.95%. As we continue to grow our loan portfolio and asset base, we will be required to raise additional Tier I and Tier II capital in order to remain in compliance with the applicable CRARs. Further, the RBI may increase its minimum CRAR threshold, which may require us to raise additional capital. We cannot assure you that we will be able to raise adequate capital in the future on terms favourable to us, or at all, which may adversely affect the growth of our business. Further, the RBI may also in the future require compliance with other prudential norms and standards, which may require us to alter our business and accounting practices or take other actions that could adversely affect our business and operating results.

23. Our branches are vulnerable to theft and burglary. While we are insured against the risk of burglary arising from our business, such insurance may not be sufficient to fully cover the losses we suffer and this may result in adverse effect on our financial condition and results of operations.

Storage of pledged gold jewellery as part of our business entails the risk of theft/burglary and resulting loss to our reputation and business. The short tenure of the loans advanced by us and our practice of processing loan repayments within short timelines require us to store pledged gold on our premises at all points in time. With regard to cases of theft/burglaries, we may not be able to recover the entire amount of the loss suffered and may

receive only a partial payment of the insurance claim. While we are insured against the risk of burglary arising from our business, such insurance may not be sufficient to fully cover the losses we suffer. Further, the actual recovery of the insured amount from the insurer requires the undertaking of certain procedures, and any delay in recovery could adversely affect our reputation and results of operation.

24. The insurance coverage taken by us may not be adequate to protect against certain business risks. This may adversely affect our financial condition and result of operations.

Operating and managing a Gold Loan business involves many risks that may adversely affect our operations and the availability of insurance is therefore important to our operations. We believe that our insurance coverage is adequate to cover us. However, to the extent that any uninsured risks materialise or if it fails to effectively cover any risks, we could be exposed to substantial costs and losses that would adversely affect our financial condition. In addition, we cannot be certain that the coverage will be available in sufficient amounts to cover one or more large claims or that our insurers will not disclaim coverage as to any particular claim or claims. Occurrence of any such situation could adversely affect our financial condition and results of operations.

25. Our entire customer base comprises individual borrowers, who generally are more likely to be affected by declining economic conditions than larger corporate borrowers.

A majority of our customer base belongs to the low to medium income group. Furthermore, unlike many developed economies, a nationwide credit bureau has only recently become operational in India, so there is less financial information available about individuals, particularly our focus customer segment of the low to medium income group. It is therefore difficult to carry out precise credit risk analyses on our customers. While we follow certain procedures to evaluate the credit profile of our customers before we sanction a loan, we generally rely on the quality of the pledged gold rather than on a stringent analysis of the credit profile of our customers. Although we believe that our risk management controls are sufficient, we cannot be certain that they will continue to be sufficient or that additional risk management policies for individual borrowers will not be required. Failure to maintain sufficient credit assessment policies, particularly for individual borrowers, could adversely affect our loan portfolio, which could in turn have an adverse effect on our financial condition, cash flows and results of operations.

26. We strive to attract, retain and motivate key employees, and our failure to do so could adversely affect our business. Failure to hire key executives or employees could have a significant impact on our operations.

While we strive to attract, train, motivate and retain highly skilled employees, especially branch managers and gold assessment technical personnel, any inability on our part to hire additional personnel or retain existing qualified personnel may impair our ability to expand our business could lead to a decline of our revenue. Hiring and retaining qualified and skilled managers and sales representatives are critical to our future, and competition for experienced employees in the gold loan industry is intense. In addition, we may not be able to hire and retain enough skilled and experienced employees to replace those who leave, or may not be able to re-deploy and retain our employees to keep pace with continuing changes in technology, evolving standards and changing customer preferences. The failure to hire key executives or employees or the loss of executives and key employees could have a significant impact on our operations.

27. We are subject to the risk of fraud by our employees and customers. Our lending operations involve significant amounts of cash collection which may be susceptible to loss or misappropriation or fraud by our employees. Specifically, employees operating in remote areas may be susceptible to criminal elements which may adversely affect our business, operations and ability to recruit and retain employees

We are exposed to the risk of fraud and other misconduct by employees and customers. While we carefully recruit all of our employees and screen all our employees who are responsible for disbursement of Gold Loan and custody of gold, there could be instances of fraud with respect to Gold Loan and cash related misappropriation by our employees. We are required to report cases of internal fraud to the RBI, which may take appropriate action. We cannot guarantee you that such acts of fraud will not be committed in the future, and any such occurrence of fraud would adversely affect our reputation, business and results of operations.

Our lending and collection operations involve handling of significant amounts of cash, including collections of instalment repayments in cash which is the norm in the finance industry. Large amounts of cash collection expose us to the risk of loss, fraud, misappropriation or unauthorised transactions by our employees responsible for dealing with such cash collections. While we obtain insurance, coverage including fidelity coverage and coverage

for cash in safes and in transit and undertake various measures to detect and prevent any unauthorised transactions, fraud or misappropriation by our employees, these measures may not be sufficient to prevent or deter such activities in all cases, which may adversely affect our business operations and financial condition. In addition, we may be subject to regulatory or other proceedings in connection with any such unauthorised transaction, fraud or misappropriation by our agents or employees, which could adversely affect our goodwill, business prospects and future financial performance.

Further, our employees operating in remote areas may be particularly susceptible to criminal elements as they are involved in cash collection and transportation due to lack of local banking facilities. In the event of any such adverse incident our ability to continue our operations in such areas will be adversely affected and our employee recruitment and retention efforts may be affected, thereby affecting our expansion plans. In addition, if we determine that certain areas of India pose a significantly higher risk of crime or political strife and instability, our ability to operate in such areas will be adversely affected.

28. We are subject to the risk of unknowingly receiving stolen goods as collateral from customers which may result in loss of collateral for the loan disbursed

We have a policy in place to satisfy ownership of the gold jewellery and have taken adequate steps to ensure that the KYC guidelines stipulated by RBI are followed and due diligence of the customer is undertaken prior to the disbursement of loans. However, in the event that we unknowingly receive stolen goods as collateral from a customer, the goods can be seized by authorities. Once seized by the authorities, gold items will be stored in court storage facilities without a surety arrangement. No recourse is generally available to our Company in the event of such seizure, except the recovery of the loss from the customer. Any seizure of the gold ornaments by the authorities shall result in us losing the collateral for the loan disbursed and could adversely affect our business and results of operations.

29. System failures or inadequacy and security breaches in computer systems may adversely affect our operations and result in financial loss, disruption of our businesses, regulatory intervention or damage to our reputation.

Our business is increasingly dependent on our ability to process, on a daily basis, a large number of transactions. Through our information technology systems, we manage our operations, market to our target customers, and monitor and control risks. We are dependent upon the IT software for effective monitoring & management, and any failure in our IT systems or loss of connectivity or any loss of data arising from such failure can impact our business and results of operations.

Our ability to operate and remain competitive will depend in part on our ability to maintain and upgrade our information technology systems on a timely and cost-effective basis. The information available to and received by our management through our existing systems may not be timely and sufficient to manage risks or to plan for and respond to changes in market conditions and other developments in our operations. We may experience difficulties in upgrading, developing and expanding our systems quickly enough to accommodate our growing customer base and business operations.

Our operations also rely on the secure processing, storage and transmission of confidential and other information in our computer systems and networks. Our computer systems, software and networks may be vulnerable to unauthorised access, computer viruses or other malicious code and other events that could compromise data integrity and security.

Any failure to effectively maintain or improve or upgrade our management information systems in a timely manner could materially and adversely affect our competitiveness, financial position and results of operations. Moreover, if any of these systems do not operate properly or are disabled or if there are other shortcomings or failures in our internal processes or systems, it could affect our operations or result in financial loss, disruption of our businesses, regulatory intervention or damage to our reputation. In addition, our ability to conduct business may be adversely impacted by a disruption in the infrastructure that supports our businesses and the localities in which we are located.

30. We have entered into, and will continue to enter into, related party transactions.

We have entered into certain transactions with related parties and are likely to continue to do so in the future. Although all such related-party transactions are at arm's length, as required under the Companies Act and SEBI

Listing Regulations. We cannot assure you that such transactions, individually or in aggregate, will not have an adverse effect on our financial condition and results of operations or that we could not have achieved more favourable terms if such transactions had not been entered into with related parties. Such related-party transactions may potentially involve conflicts of interest which may be detrimental to our interest and we cannot assure you that such transactions, individually or in the aggregate, will always be in the best interests of our minority shareholders and will not have an adverse effect on our business, financial condition and results of operations. For further details, see “*Financial Information - Transactions with Related Parties*” beginning on page 141.

31. *Our internal procedures, on which we rely for obtaining information on our customers and loan collateral, may be deficient and result in business losses.*

We rely on our internal procedures for obtaining information relating to our customers and the loan collateral provided. In the event of lapses or deficiencies in our procedures or in their implementation, we may be subject to business or operational risk. For example, in the event that we unknowingly receive stolen goods as collateral from a customer, the goods can be seized by authorities. Once seized by the authorities, gold items will be stored in court storage facilities without a surety arrangement. No recourse will generally be available to our Company in the event of such seizure, except the recovery of the loss from the customer.

32. *Our inability to open new branches at correct locations may adversely affect our business.*

Our business is dependent on our ability to service and support our customers from proximate locations and thereby giving our customers easy access to our services. Further, it is vital for us to be present in key locations for sourcing business as we depend on these branches to earn revenue. Thus, any inability on our part to open new branches at correct locations may adversely affect our business and results of operations.

33. *Our inability to obtain, renew or maintain our statutory and regulatory permits and approvals required to operate our business may have a material adverse effect on our business, financial condition and results of operations.*

NBFCs in India are subject to strict regulations and supervision by the RBI. In addition to the numerous conditions required for the registration as a NBFC with the RBI, we are required to maintain certain statutory and regulatory permits and approvals for our business. In the future, we will be required to renew such permits and approvals and obtain new permits and approvals for any proposed operations. There can be no assurance that the relevant authorities will issue any of such permits or approvals in the time-frame anticipated by us or at all. Failure on our part to renew, maintain or obtain the required permits or approvals may result in the interruption of our operations and may have a material adverse effect on our business, financial condition and results of operations.

In addition, our branches are required to be registered under the relevant shops and establishments laws of the states in which they are located. The shops and establishment laws regulate various employment conditions, including working hours, holidays and leave and overtime compensation. Some of our branches have not applied for such registration while other branches still have applications for registration pending. If we fail to obtain or retain any of these approvals or licenses, or renewals thereof, in a timely manner, or at all, our business may be adversely affected. If we fail to comply, or a regulator claims we have not complied, with any of these conditions, our certificate of registration may be suspended or cancelled and we shall not be able to carry on such activities.

34. *We rely significantly on our management team, our Key Managerial Personnel/Senior Management and our ability to attract and retain talent. Loss of any member from our management team or that of our Key Managerial Personnel/Senior Management may adversely affect our business and results of operation.*

We rely significantly on our core management team which oversees the operations, strategy and growth of our businesses. Our Key Managerial Personnel/Senior Management have been integral to our development. Our success is largely dependent on our management team which ensures the implementation of our strategy. If one or more members of our management team are unable or unwilling to continue in their present positions, they may be difficult to replace, and our business and results of operation may be adversely affected.

RISKS PERTAINING TO THIS ISSUE

35. *Changes in interest rates may affect the price of our NCDs which frequently accompany inflation and/or a growing economy, are likely to have a negative effect on the price of our NCDs.*

All securities where a fixed rate of interest is offered, such as our NCDs, are subject to price risk. The price of such securities will vary inversely with changes in prevailing interest rates, i.e., when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of prevailing interest rates. Increased rates of interest, which frequently accompany inflation and/or a growing economy, are likely to have a negative effect on the price of our NCDs.

36. The fund requirement and deployment mentioned in the Objects of the Issue have not been appraised by any bank or financial institution.

We intend to use the proceeds of the Issue, after meeting the expenditures of and related to the Issue, for the purpose of onward lending and for repayment of interest and principal of existing loans and also for general corporate purposes. For further details, see “*Objects of the Issue*” at page 47. The fund requirement and deployment is based on internal management estimates and has not been appraised by any bank or financial institution. The management will have significant flexibility in applying the proceeds received by us from the Issue. The utilization details of the proceeds of the Issue shall be adequately disclosed as per applicable law. Further, as per the provisions of the SEBI NCS Regulations, we are not required to appoint a monitoring agency and therefore no monitoring agency has been appointed for the Issue.

37. The liquidity for the NCDs in the secondary market is very low and it may remain so in the future and the price of the NCDs may be volatile.

The Issue will be a new public issue of NCDs for our Company and the liquidity in NCDs at present is very low in the secondary market. Although an application has been made to list the NCDs on BSE, there can be no assurance that liquidity for the NCDs will improve, and if liquidity for the NCDs were to improve, there is no obligation on us to maintain the secondary market. The liquidity and market prices of the NCDs can be expected to vary with changes in market and economic conditions, our financial condition and prospects and other factors that generally influence market price of NCDs. Such fluctuations may significantly affect the liquidity and market price of the NCDs, which may trade at a discount to the price at which you purchase the NCDs.

38. You may not be able to recover, on a timely basis or at all, the full value of the outstanding amounts and/or the interest accrued thereon in connection with the NCDs. Failure or delay to recover the expected value from a sale or disposition of the assets charged as security in connection with the NCDs could expose the holders to a potential loss.

Our ability to pay interest accrued on the NCDs and/or the principal amount outstanding from time to time in connection therewith would be subject to various factors, including, inter-alia our financial condition, profitability and the general economic conditions in India and in the global financial markets. We cannot assure you that we would be able to repay the principal amount outstanding from time to time on the NCDs and/or the interest accrued thereon in a timely manner or at all. Although our Company will create appropriate security in favour of the Debenture Trustee for the NCD Holders on the assets adequate to ensure minimum 100.00% asset cover for the NCDs, which shall be free from any encumbrances, the realisable value of the assets charged as security, when liquidated, may be lower than the outstanding principal and/or interest accrued thereon in connection with the NCDs. A failure or delay to recover the expected value from a sale or disposition of the assets charged as security in connection with the NCDs could expose you to a potential loss.

39. There can be no assurance that the NCDs issued pursuant to this Issue will be listed on the Stock Exchange in a timely manner, or at all.

In accordance with Indian law and practice, permission for listing and trading of the NCD issued pursuant to this issue will not be granted until after the NCDs have been issued and allotted. Approval for listing and trading will require all relevant documents authorising the issue of NCDs to be submitted. There could be a failure or delay in listing the NCDs in BSE for reasons unforeseen. If permission to deal in and for an official quotation of the NCDs is not granted by BSE, our Company will forthwith repay, without interest, all monies received from the Applicants in accordance with prevailing law in this context, and pursuant to this Draft Prospectus.

40. There may be no active market for the NCDs on the retail debt market/capital market segment of the BSE. As a result, the liquidity and market prices of the NCDs may fail to develop and may accordingly be adversely affected.

There can be no assurance that an active market for the NCDs will develop. If an active market for the NCDs fails to develop or be sustained, the liquidity and market prices of the NCDs may be adversely affected. The market price of the NCDs would depend on various factors inter alia including (i) the interest rate on similar securities available in the market and the general interest rate scenario in the country, (ii) the market price of our Equity Shares, (iii) the market for listed debt securities, (iv) general economic conditions, (v) our financial performance, growth prospects and results of operations and (vi) limited and sporadic trading. The aforementioned factors may adversely affect the liquidity and market price of the NCDs, which may trade at a discount to the price at which you purchase the NCDs and/or be relatively illiquid.

41. We cannot guarantee the accuracy or completeness of facts and other statistics with respect to India, the Indian economy and the NBFC and Gold Loan industries contained in this Draft Prospectus.

While facts and other statistics in this Draft Prospectus relating to India, the Indian economy as well as the Gold Loan industry have been based on various publications and reports from agencies that we believe are reliable, we cannot guarantee the quality or reliability of such materials, particularly since there is limited publicly available information specific to the Gold Loan industry. While we have taken reasonable care in the reproduction of such information, industry facts and other statistics, the same have not been prepared or independently verified by us or any of our respective affiliates or advisors and, therefore we make no representation as to their accuracy or completeness. These facts and other statistics include the facts and statistics included in the chapter titled “*Industry Overview*” beginning on page 63. Due to possibly flawed or ineffective data collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced elsewhere and should not be unduly relied upon. Further, there is no assurance that they are stated or compiled on the same basis or with the same degree of accuracy, as the case may be, elsewhere.

42. Our Company may raise further borrowings and charge its assets after receipt of necessary consents from its existing lenders. In such a scenario, the Debenture Holders holding the NCDs will rank pari passu with other secured creditors and to that extent, may reduce the amounts recoverable by the Debenture Holders upon our Company's bankruptcy, winding up or liquidation

Our Company may, subject to receipt of all necessary consents from its existing lenders and the Debenture Trustee to the Issue, raise further borrowings and charge its assets. Our Company is free to decide the nature of security that may be provided for future borrowings. In such a scenario, the Debenture Holders holding the NCDs will rank pari passu with other creditors and to that extent, may reduce the amounts recoverable by the Debenture Holders upon our Company's bankruptcy, winding up or liquidation.

43. In the event of liquidation or bankruptcy, the new bankruptcy code in India may affect our Company's right to recover loans from its borrowers.

The Insolvency and Bankruptcy Code, 2016 (“**Bankruptcy Code**”) was notified on August 5, 2016. The Bankruptcy Code offers a uniform and comprehensive insolvency legislation encompassing all companies, partnerships and individuals (other than financial firms). It allows creditors to assess the viability of a debtor as a business decision and agree upon a plan for its revival or a speedy liquidation. The Bankruptcy Code creates a new institutional framework, consisting of a regulator, insolvency professionals, information utilities and adjudicatory mechanisms, which will facilitate a formal and time-bound insolvency resolution and liquidation process.

In case insolvency proceedings are initiated against a debtor to our Company, we may not have complete control over the recovery of amounts due to us. Under the Bankruptcy Code, upon invocation of an insolvency resolution process, a committee of creditors is constituted by the interim resolution professional, wherein each financial creditor is given a voting share proportionate to the debts owed to it. Any decision of the committee of creditors must be taken by a vote of not less than 66% of the voting share of all financial creditors. Any resolution plan approved by committee of creditors is binding upon all creditors, even if they vote against it. In case a liquidation process is opted for, the Bankruptcy Code provides for a fixed order of priority in which proceeds from the sale of the debtor's assets are to be distributed. Before sale proceeds are distributed to a secured creditor, they are to be distributed for the costs of the insolvency resolution and liquidation processes, debts owed to workmen and other employees, and debts owed to unsecured credits. Further, under this process, dues owed to the Central and State Governments rank at par with those owed to secured creditors. Moreover, other secured creditors may decide to opt out of the process, in which case they are permitted to realise their security interests in priority.

Accordingly, if the provisions of the Bankruptcy Code are invoked against any of the borrowers of our Company, it may affect our Company's ability to recover our loans from the borrowers and enforcement of our Company's rights will be subject to the Bankruptcy Code.

EXTERNAL RISK FACTORS

44. Any downgrading of India's debt rating by an international rating agency could have a negative impact on our business.

India's sovereign debt rating could be downgraded due to several factors, including changes in tax or fiscal policy or a decline in India's foreign exchange reserves, all which are outside our control. Any adverse revisions to India's credit ratings for domestic and international debt by international rating agencies may adversely impact our ability to raise additional external financing, and the interest rates and other commercial terms at which such additional financing is available. This could have an adverse effect on our business and future financial performance and our ability to obtain financing for capital expenditures.

45. Instability of economic policies and the political situation in India could adversely affect the fortunes of the industry.

There is no assurance that the liberalisation policies of the government will continue in the future. Protests against privatisation could slow down the pace of liberalisation and deregulation. The Government of India plays an important role by regulating the policies and regulations that govern the private sector. The current economic policies of the government may change at a later date. The pace of economic liberalisation could change and specific laws and policies affecting the industry and other policies affecting investments in our Company's business could change as well. A significant change in India's economic liberalisation and deregulation policies could disrupt business and economic conditions in India and thereby affect our Company's business.

Unstable domestic as well as international political environment could impact the economic performance in the short term as well as the long term. The Government of India has pursued the economic liberalisation policies including relaxing restrictions on the private sector over the past several years. The present Government has also announced policies and taken initiatives that support continued economic liberalisation.

The Government has traditionally exercised and continues to exercise a significant influence over many aspects of the Indian economy. Our Company's business may be affected not only by changes in interest rates, changes in Government policy, taxation, social and civil unrest but also by other political, economic or other developments in or affecting India.

46. Financial difficulties and other problems in certain financial institutions in India could cause our business to suffer and adversely affect our results of operations.

We are exposed to the risks of the Indian financial system, which in turn may be affected by financial difficulties and other problems faced by certain Indian financial institutions. Certain Indian financial institutions have experienced difficulties during recent years. Some co-operative banks (which tend to operate in rural sector) have also faced serious financial and liquidity crises. There has been a trend towards consolidation with weaker banks, NBFCs and HFCs being merged with stronger entities. The problems faced by individual Indian financial institutions and any instability in or difficulties faced by the Indian financial system generally could create adverse market perception about Indian financial institutions, banks and NBFCs. This in turn could adversely affect our business, our future financial performance, our shareholders' funds and the market price of our NCDs.

47. Terrorist attacks, civil unrest and other acts of violence or war involving India and other countries could adversely affect the financial markets and our business.

Terrorist attacks and other acts of violence or war may negatively affect our business and may also adversely affect the worldwide financial markets. These acts may also result in a loss of business confidence. In addition, any deterioration in relations between India and its neighbouring countries might result in investor concern about stability in the region, which could adversely affect our business.

India has also witnessed civil disturbances in recent years, and it is possible that future civil unrest as well as other adverse social, economic and political events in India could have a negative impact on us. Such incidents could

also create a greater perception that investment in Indian companies involves a higher degree of risk and could have an adverse impact on our business and the market price of our NCDs.

48. Natural calamities could have a negative impact on the Indian economy, particularly the agriculture sector, and cause our business to suffer.

India has experienced natural calamities such as earthquakes, a tsunami, floods and drought in the past few years. The extent and severity of these natural disasters determines their impact on the Indian economy. Further, prolonged spells of below normal rainfall or other natural calamities could have a negative impact on the Indian economy thereby, adversely affecting our business.

49. Any downgrading of India's debt rating by an international rating agency could have a negative impact on our business.

Any adverse revisions to India's credit ratings for domestic and international debt by international rating agencies may adversely impact our ability to raise additional financing, the interest rates and other commercial terms at which such additional financing is available. This could have a material adverse effect on our business and financial performance, our ability to raise financing for onward lending and the price of our NCDs.

50. Significant fluctuations in exchange rates between the Rupee and foreign currencies may have an adverse effect on our results of operations.

Our results of operations may be adversely affected if the Indian rupee fluctuates significantly against foreign currencies or if our hedging strategy is unsuccessful. To the extent that our liabilities and expenditures are not denominated in Indian rupees, despite us entering into foreign exchange hedging contracts from time to time, exchange rate fluctuations could affect the amount of income and expenditure we recognise. In addition, the policies of RBI may also change from time to time, which may limit our ability to hedge our foreign currency exposures adequately.

Credit Rating

The NCDs proposed to be issued under this Issue have been rated “IND BBB/Stable”, by India Ratings for an amount up to ₹ 15,000 lakhs *vide* its letter dated July 23, 2024. The rating of NCDs by India Ratings indicates that instruments with this rating are considered to have moderate degree of safety regarding timely servicing of financial obligations and carry moderate credit risk. The rating provided by India Ratings may be suspended, withdrawn or revised at any time by the assigning rating agency and should be evaluated independently of any other rating. This rating is not a recommendation to buy, sell or hold securities. For the rationale for the ratings, see Annexure II to this Draft Prospectus.

Disclaimer clause of India Ratings

accurate and complete. Ultimately, the Issuer and its advisers are responsible for the accuracy of the information they provide to India Ratings and to the market in offering documents and other reports. In issuing its ratings India Ratings must rely on the work of experts, including independent auditors with respect to financial statements and attorneys with respect to legal and tax matters. Further, ratings are inherently forward-looking and embody assumptions and predictions about future events that by their nature cannot be verified as facts. As a result, despite any verification of current facts, ratings can be affected by future events or conditions that were not anticipated at the time a rating was issued or affirmed.

Ratings are not a recommendation or suggestion, directly or indirectly, to you or any other person, to buy, sell, make or hold any investment, loan or security or to undertake any investment strategy with respect to any investment, loan or security or any issuer. Ratings do not comment on the adequacy of market price, the suitability of any investment, loan or security for a particular investor (including without limitation, any accounting and/or regulatory treatment), or the tax-exempt nature or taxability of payments made in respect of any investment, loan or security. The Rating Agency shall neither have construed to be nor acting under the capacity or nature of an 'expert' as defined under Section 2(38) of the Companies Act, 2013. India Ratings is not your advisor, nor is India Ratings providing to you or any other party any financial advice, or any legal, auditing, accounting, appraisal, valuation or actuarial services. A rating should not be viewed as a replacement for such advice or services. Investors may find India Ratings to be important information, and India Ratings notes that you are responsible for communicating the contents of this letter, and any changes with respect to the rating, to investors.

Impersonation

As a matter of abundant precaution, attention of the investors is specifically drawn to the provisions of sub-Section (1) of Section 38 of the Companies Act, 2013, relating to punishment for fictitious applications. Section 38(1) of the Companies Act, 2013 provides that:

“Any person who:

- makes or abets making of an application in a fictitious name to a company for acquiring, or subscribing for, its securities; or
- makes or abets making of multiple applications to a company in different names or in different combinations of his name or surname for acquiring or subscribing for its securities; or
- otherwise induces directly or indirectly a company to allot, or register any transfer of, securities to him, or to any other person in a fictitious name,

shall be liable for action under Section 447”

The liability prescribed under Section 447 of the Companies Act 2013 for fraud involving an amount of at least ₹10 lakh or 1.00% of the turnover of the Company, whichever is lower, includes imprisonment for a term which shall not be less than six months extending up to 10 years (provided that where the fraud involves public interest, such term shall not be less than three years) and fine of an amount not less than the amount involved in the fraud, extending up to three times of such amount. In case the fraud involves (i) an amount which is less than ₹ 10 lakh or 1.00% of the turnover of the Company, whichever is lower; and (ii) does not involve public interest, then such fraud is punishable with an imprisonment for a term extending up to five years or a fine of an amount extending up to ₹ 50 lakh or with both.

Minimum Subscription

In terms of the SEBI NCS Regulations, for an issuer undertaking a public issue of debt securities the minimum subscription for public issue of debt securities shall be 75% of the Base Issue. If our Company does not receive the minimum subscription of 75% of Base Issue being ₹5,625 lakhs, within the prescribed timelines under the Companies Act, SEBI Regulations, and any rules thereto, the entire Application Amount blocked shall be unblocked in the relevant ASBA Account(s) of the Applicants within eight working days from the Issue Closing Date or such time as may be specified by the Board. In the event the Application Amount has been transferred to the Public Issue Account from the respective ASBA Accounts, such Application Amount shall be refunded from the Refund Account to the relevant ASBA Accounts(s) of the Applicants within eight working days from the Issue Closing Date, failing which the Company will become liable to refund the Application Amount along with interest at the rate 15 (fifteen) percent per annum for the delayed period.

Under Section 39(3) of the Companies Act, 2013 read with Rule 11(2) of the Companies (Prospectus and Allotment of Securities) Rules, 2014 if the stated minimum subscription amount is not received within the specified period, the application money received is to be credited only to the bank account from which the subscription was remitted. To the extent possible, where the required information for making such refunds is available with our Company and/or Registrar, refunds will be made to the account prescribed. However, where our Company and/or Registrar does not have the necessary information for making such refunds, our Company and/or Registrar will follow the guidelines prescribed by SEBI in this regard included in the SEBI Master Circular.

Annexure I

STATEMENT OF POSSIBLE TAX BENEFITS UNDER THE INCOME TAX ACT, 1961 (“IT ACT”) AVAILABLE TO THE DEBENTURE HOLDERS UNDER THE APPLICABLE INCOME-TAX LAWS IN INDIA.

The following tax benefits will be available to the debenture holders of the Company (“**Debenture Holders**”) as per the existing provisions of law. The tax benefits are given as per the prevailing tax laws under the provisions of the IT Act, as on date, taking into account the amendments made by the Finance Act, 2024, and may vary from time to time in accordance with amendments to the law or enactments thereto. The Debenture Holders are advised to consider the tax implications in respect of subscription to the Debentures after consulting his tax advisor as alternate views are possible.

IMPLICATIONS UNDER THE IT ACT

I. TO THE RESIDENT DEBENTURE HOLDER (“RESIDENT” AS DEFINED UNDER SECTION 6 OF THE IT ACT)

A. In Respect of Interest on Debentures (NCDs)

1. Interest on NCD received by Debenture Holders would be subject to income tax at the normal rates of tax in accordance with and subject to the provisions of the IT Act. Interest will be assessed to Income tax on receipt basis or mercantile basis (accrual basis) depending on the method of accounting regularly employed by the NCD holders under Section 145 of the IT Act.
2. Income Tax is deductible at source at the rate of 10% on interest on debentures held by resident Indians as per the provisions of Section 193 of the IT Act (in case where interest is paid to Individual or HUF, no TDS will be deducted where interest paid is less than ₹5,000 and interest is paid by way of account payee cheque).
Further, Tax will be deducted at source at reduced rate, or no tax will be deducted at source in the following cases:
 - a) When the Assessing Officer issues a certificate on an application by a Debenture Holder on satisfaction that the total income of the Debenture holder justifies no/lower deduction of tax at source as per the provisions of Section 197(1) of the IT Act; and that a valid certificate is filed with the Company before the prescribed date of closure of books for payment of debenture interest;
 - b) When the resident Debenture Holder with Permanent Account Number (‘PAN’) (not being a company or a firm) submits a declaration as per the provisions of section 197A(1A) of the IT Act in the prescribed Form 15G verified in the prescribed manner to the effect that the tax on his estimated total income of the financial year in which such income is to be included in computing his total income will be NIL. However, under section 197A(1B) of the IT Act, Form 15G cannot be submitted nor considered for exemption from tax deduction at source if the dividend income referred to in section 194, interest on securities, interest, withdrawal from NSS and income from units of mutual fund or of Unit Trust of India as the case may be or the aggregate of the amounts of such incomes credited or paid or likely to be credited or paid during the financial year in which such income is to be included exceeds the maximum amount which is not chargeable to income tax;
 - c) Senior citizens, who are 60 or more years of age at any time during the financial year, enjoy the special privilege to submit a self-declaration in the prescribed Form 15H for non-deduction of tax at source in accordance with the provisions of section 197A(1C) of the Act even if the aggregate income credited or paid or likely to be credited or paid exceeds the maximum amount not chargeable to tax, provided that the tax due on the estimated total income of the year concerned will be NIL; and
 - d) In all other situations, tax would be deducted at source as per prevailing provisions of the IT Act. Please find below the class of resident investors and respective documents that would be required for granting TDS exemption:

B. In respect of Capital Gains

1. Long Term Capital Gain

2.

Under Section 2(29AA) read with section 2(42A) of the IT Act, listed Debentures held as Capital Asset as defined under section 2(14) of the IT Act is treated as long term capital asset if it is held for more than 12 Months. Debentures held as capital asset for a period of 12 Months or less will be treated as short term capital asset.

Long Term Capital Gain will be chargeable to tax under Section 112 of the IT Act at the rate of 20% (plus applicable surcharge and education cess). However, in the case of listed debentures, as per first proviso to section 112(1) of the IT Act, tax payable is only 10% (plus applicable surcharge and education cess). No indexation benefit is available for debentures. Hence, the tax payable on long term capital gains on transfer of NCD will be 10% (plus applicable surcharge and education cess) and the capital gains have to be computed without indexation.

In case of an individual or HUF, being a resident, where the total income as reduced by such long-term capital gains is below the maximum amount which is not chargeable to income-tax, then, such long-term capital gains shall be reduced by the amount by which the total income as so reduced falls short of the maximum amount which is not chargeable to income-tax and the tax on the balance of such long-term capital gains shall be computed at the rate mentioned above.

3. Short Term Capital Gains

Listed Debentures held as capital asset under Section 2(14) of the IT Act for a period of not more than 12 months would be treated as Short term capital asset under Section 2(42A) of the IT Act. Short Term Capital Gains on transfer of NCD will be taxed at the normal rates of tax in accordance with the provisions of the IT Act. The provisions relating to maximum amount not chargeable to tax would apply to short term capital gains.

4. Capital Loss on transfer of Debentures.

As per Section 74 of the IT Act, short-term capital loss on transfer of debentures suffered during the year is allowed to be set-off against short-term as well as long-term capital gains of the said year. Balance loss, if any could be carried forward for eight years for claiming set-off against subsequent years' short term as well as long-term capital gains. Long-term capital loss on debentures suffered during the year is allowed to be set-off only against long-term capital gains. Balance loss, if any, could be carried forward for eight years for claiming set-off against subsequent year's long-term capital gains.

5. Exemption available for Individuals and HUF for Long Term Capital gains U/s 54F of the IT Act.

As per the provisions of Section 54F of the IT Act, any long-term capital gains on transfer of a long term capital asset arising to a Debenture Holder who is an individual or Hindu Undivided Family, is exempt from tax if the entire net sales consideration is utilized, within a period of one year before, or two years after the date of transfer, in purchase of a new residential house in India, or for construction of residential house in India within three years from the date of transfer subject to conditions. If part of such net sales consideration is invested within the prescribed period in a residential house, then such gains would be chargeable to tax on a proportionate basis. This exemption is available, subject to the conditions stated therein.

Under section 54EE of the IT Act, long term capital gains arising to the Debenture Holder(s) on transfer of debentures in the company shall not be chargeable to tax to the extent such capital gains are invested in long term specified asset (a unit or units issued before 01.04.2019) as notified by Central Government within six months after the date of transfer. If only part of the capital gain is so invested, the exemption shall be proportionately reduced. However, if the said notified bonds are transferred or converted into money within a period of three years from their date of acquisition, the amount of capital gains exempted earlier would become chargeable to tax as long-term capital gains in the year in which the bonds are transferred or converted into money. However, the exemption is subject to a limit of investment of ₹50 lakhs during any financial year in the notified bonds. Where the benefit of Section 54EE of the IT Act has been availed of on investments in the notified bonds, a deduction from the income with reference to such cost shall not be allowed under section 80C of the Act.

As per provisions of section 54EE of the IT Act, capital gain on the transfer of a long-term capital asset, arising to a debenture holder is exempt from tax, if the assessee / debenture holder invested the whole or any part of capital gains in the long-term specified asset at any time within a period of six months. If the cost of the long-term specified asset is less than the capital gain arising from the transfer of the original asset, then such gains would be chargeable to tax on a proportionate basis. This exemption is available, subject to the condition that the investment in the long-term specified asset by an assessee during any financial year does not exceed fifty lakh rupees: If the long term specified asset in which the investment has been made is transferred within a period of three years from the date of its acquisition, the amount of capital gains tax claimed earlier would become chargeable to tax as capital gains in the year in which such long term specified asset is transferred. Specified Asset means a unit or units, issued before the 1st day of April, 2019, of such fund as may be notified by the Central Government in this behalf.

C. In respect of Business Income

In case the Debentures are held as stock in trade by the debenture holder, the income/loss from transfer of debentures would be taxed as Income from Business. Such income is to be computed in accordance with the Income Computation and Disclosure Standard VIII, which is notified by the Ministry of Finance, Government of India under Section 145(2) of the IT Act. Where debentures are held as stock in trade and unpaid interest has accrued before acquisition of Debentures and is included in the price paid for the Debentures, subsequent receipt of interest is to be allocated between pre-acquisition and post-acquisition periods, the pre-acquisition portion of the interest is reduced from the actual cost and is to be treated as interest. In the case of Debentures held by Scheduled Bank and Public Financial Institutions, income is to be recognized in accordance with the guidelines issued by the Reserve Bank of India in this regard.

D. Debentures received as gift without consideration or inadequate consideration.

As per section 56(2)(x) of the IT Act, except in cases which are specifically exempted under this clause (such as gift received from relative as defined under the section), where the debentures are received without consideration where the aggregate market value of all gifts received exceeds ₹50,000/- the aggregate market value of the debentures shall be taxable as income in the hands of the recipient. Similarly, if debentures are received for inadequate consideration, the shortfall in the consideration will be treated as income of the recipient subject to the provisions contained in section 56(2)(x) of the IT Act. There is no gift tax for the Donor of the Debentures.

II. TO THE NON-RESIDENT DEBENTURE HOLDER.

A Non – Resident Indian has an option to be governed by Chapter XII – A of the IT Act, subject to the provisions contained therein which are given in brief as under:

- a) As per Section 115E of the IT Act, interest income from debentures acquired or purchased with or subscribed to in convertible foreign exchange will be taxable at 20%, whereas long term capital gains on transfer of such Debentures will be taxable at 10% of such capital gains without indexation of cost of acquisition. Short-term capital gains will be taxable at the normal rates of tax in accordance with

and subject to the provisions contained therein.

- b) As per Section 115G of the IT Act, it shall not be necessary for a non-resident Indian to file a return of income under Section 139(1) of the IT Act, if his total income consists only of investment income as defined under Section 115C and/or long term capital gains earned on transfer of such investment acquired out of convertible foreign exchange, and the tax has been deducted at source from such income under the provisions of Chapter XVII- B of the IT Act in accordance with and subject to the provisions contained therein.
- c) As per Section 115D (1) of the IT Act no deduction in respect of any expenditure or allowance shall be allowed under any provisions of the IT Act in the computation of income of a non-resident Indian under Chapter XII – A of the IT Act.
- d) In accordance with and subject to the provisions of Section 115-I of the IT Act, a Non-Resident Indian may opt not to be governed by the provisions of Chapter XII – A of the IT Act.
- e) Long Term capital gains on transfer of listed debentures would be subject to tax at the rate of 10% computed without indexation.
- f) Interest income and Short-term capital gains on the transfer of listed debentures, where debentures are held for a period of not more than 12 months preceding the date of transfer, would be taxed at the normal rates of tax in accordance with and subject to the provisions of the IT Act.
- g) Where debentures are held as stock in trade, the income on transfer of debentures would be taxed as business income or loss in accordance with and subject to the provisions of the IT Act.
- h) Under Section 195 of the IT Act, the applicable rate of tax deduction at source is 20% on investment income and 10% on any long-term capital gains as per Section 115E, and 30% for Short Term Capital Gains if the payee debenture Holder is a Non Resident Indian.
- i) The income tax deducted shall be increased by applicable surcharge and health and education cess. As per Section 74 of the IT Act, short-term capital loss on transfer of debentures suffered during the year is allowed to be set-off against short-term as well as long-term capital gains of the said year. Balance loss, if any could be carried forward for eight years for claiming set-off against subsequent years' short-term as well as long-term capital gains. Long-term capital loss on debentures suffered during the year is allowed to be set-off only against long-term capital gains. Balance loss, if any, could be carried forward for eight years for claiming set-off against subsequent year's long-term capital gains.

As per Section 90(2) of the IT Act read with the Circular No. 728 dated October 30, 1995 issued by the Central Board of Direct Taxes, in the case of a remittance to a country with which a Double Tax Avoidance Agreement (DTAA) is in force, the tax should be deducted at the rate provided in the Finance Act of the relevant year or at the rate provided in the DTAA, whichever is more beneficial to the assessee. However, submission of tax residency certificate (TRC), is a mandatory condition for availing benefits under any DTAA. If the tax residency certificate does not contain the prescribed particulars as per CBDT Notification 57/2013 dated August 1, 2013, a self-declaration in Form 10F would need to be provided by the assessee along with TRC.

- j) Alternatively, to avail non deduction or lower deduction of tax at source, as the case may be, the Debenture Holder should furnish a certificate under Section 195(2) and 195(3) of the IT Act, from the Assessing Officer before the prescribed date of closure of books for payment of debenture interest.
- k) In case the Debentures are held as stock in trade by the debenture holder, the income/loss from transfer of debentures would be taxed as Income from Business. Such income is to be computed in accordance with the Income Computation and Disclosure Standard VIII which is notified by the Ministry of Finance, Government of India under Section 145(2) of the IT Act. Where debentures are held as stock in trade and unpaid interest has accrued before acquisition of Debentures and is included in the price paid for the Debentures, subsequent receipt of interest is to be allocated between pre-acquisition and post-acquisition periods, the pre-acquisition portion of the interest is reduced from the actual cost and is to be treated as interest. In the case of Debentures held by Scheduled Bank, income is to be

recognized in accordance with the guidelines issued by the Reserve Bank of India in this regard.

- l) As per section 56(2)(x) of the IT Act, except in cases which are specifically exempted under this clause (such as gift received from relative as defined under the section), where the debentures are received without consideration where the aggregate market value of all gifts received exceeds Rs. 50,000/- the aggregate market value of the debentures shall be taxable as income in the hands of the recipient. Similarly, if debentures are received for inadequate consideration, the shortfall in the consideration will be treated as income of the recipient subject to the provisions contained in section 56(2)(x) of the IT Act. There is no gift tax for the Donor of the Debentures.
- m) As per the provisions of Section 54F of the IT Act, any long-term capital gains on transfer of a long term capital asset arising to a Debenture Holder who is an individual or Hindu Undivided Family, is exempt from tax if the entire net sales consideration is utilized, within a period of one year before, or two years after the date of transfer, in purchase of a new residential house in India, or for construction of residential house in India within three years from the date of transfer subject to conditions. If part of such net sales consideration is invested within the prescribed period in a residential house, then such gains would be chargeable to tax on a proportionate basis. This exemption is available, subject to the conditions stated therein

III. TO THE FOREIGN INSTITUTIONAL INVESTORS/ FOREIGN PORTFOLIO INVESTORS (FIIs/ FPIs)

1. As per Section 2(14)(b) of the IT Act, any securities held by FIIs which has invested in such securities in accordance with the regulations made under the Securities and Exchange Board of India Act, 1992, shall be treated as capital assets. Accordingly, any gains arising from transfer of such securities shall be chargeable to tax in the hands of FIIs as capital gains.
2. In accordance with and subject to the provisions of Section 115AD of the IT Act, long term capital gains on transfer of debentures by FIIs are taxable at 10% (plus applicable surcharge and cess) and short-term capital gains are taxable at 30% (plus applicable surcharge and cess). The benefit of cost indexation will not be available. Further, benefit of provisions of the first proviso of Section 48 of the IT Act will not apply.
3. Interest on NCD may be eligible for concessional tax rate of 5% (plus applicable surcharge and health and education cess) for interest referred under Section 194LD.
4. Further, in case where section 194LD is not applicable, the interest income earned by FIIs/FPIs should be chargeable to tax at the rate of 20% under section 115AD of the IT Act. Tax shall be deducted u/s. 196D of the IT Act on such income 141 at 20%. Where DTAA is applicable to the payee, the rate of tax deduction shall be lower of rate as per DTAA or 20%, subject to the conditions prescribed therein.
5. Section 194LD in the IT Act provides for lower rate of withholding tax at the rate of 5% on payment by way of interest paid by an Indian Company to FIIs and Qualified Foreign Investor in respect of rupee denominated bond of an Indian Company between June 1, 2013 and July 1, 2023 provided such rate does not exceed the rate as may be notified by the Government.
6. The income tax deducted shall be increased by applicable surcharge and health and education cess.
7. In accordance with and subject to the provisions of Section 196D(2) of the IT Act, no deduction of tax at source is applicable in respect of capital gains arising on the transfer of debentures by FIIs referred to in section 115AD.
8. The CBDT has issued a Notification No. 9 dated 22 January 2014 which provides that Foreign Portfolio Investors (FPI) registered under SEBI (Foreign Portfolio Investors) Regulations, 2014 shall be treated as FII for the purpose of Section 115AD of the IT Act.

IV. TO MUTUAL FUNDS

All mutual funds registered under Securities and Exchange Board of India or set up by public sector banks or public financial institutions or authorized by the Reserve Bank of India are exempt from tax on all their income, including income from investment in Debentures under the provisions of Section 10 (23D) of the IT Act in accordance with the provisions contained therein. Further, as per the provisions of section 196 of the IT Act, no deduction of tax shall be made by any person from any sums payable to mutual funds specified under Section 10(23D) of the IT Act, where such sum is payable to it by way of interest or dividend in respect of any securities or shares owned by it or in which it has full beneficial interest, or any other income accruing or arising to it.

V. TO SPECIFIED FUNDS (“SPECIFIED FUND” AS DEFINED UNDER SECTION 10(4D) OF THE IT ACT)

The income of Specified Funds is taxable for the year beginning April 1, 2020, to the extent attributable to units held by non-resident (not being a permanent establishment of a non-resident in India), and in accordance with and subject to the provisions of Section 115AD of the IT Act, as under:

- a) The interest income earned are chargeable to tax at the rate of 10%;
- b) long term capital gains on transfer of debentures to the specified extent are taxable at 10% (benefit of provisions of the first proviso of section 48 of the IT Act will not apply); and
- c) Short-term capital gains are taxable at 30%.

Further, where any income in respect of NCD is payable to Specified Funds, tax shall be deducted at the rate of 10% on the income other than exempt under section 10(4D) with effect from November 1, 2020 as per Section 196D of the IT Act.

The income tax deducted shall be increased by applicable surcharge and health and education cess.

VI. REQUIREMENTS TO FURNISH PAN/FILING OF RETURNS UNDER THE IT ACT

1. SEC. 139A (5A):

Section 139A (5A) requires every person from whom income tax has been deducted at source under chapter XVII – B of the IT Act to furnish his PAN to the person responsible for deduction of tax at source.

2. SEC. 206AA:

- a) Section 206AA of the IT Act requires every person entitled to receive any sum, on which tax is deductible under Chapter XVIIIB (‘deductee’) to furnish his PAN to the deductor, failing which tax shall be deducted at the higher of the following rates:
 - (i) at the rate specified in the relevant provision of the IT Act; or
 - (ii) at the rate or rates in force; or
 - (iii) at the rate of twenty per cent. 142
- b) A declaration under Section 197A (1) or 197A (1A) or 197A (1C) shall not be valid unless the person furnishes his PAN in such declaration and the deductor is required to deduct tax as per Para (a) above in such a case.
- c) Where a wrong PAN is provided, it will be regarded as non-furnishing of PAN and Para (a) above will apply.
- d) As per Rule 37BC, the higher rate under section 206AA shall not apply to a non resident, not being a company, or to a foreign company, in respect of payment of interest, if the non-resident deductee furnishes the prescribed details inter alia TRC and Tax Identification Number (TIN).

3. SEC. 206AB

Further, the Finance Act, 2021 inserted new section for punitive withholding tax rate for non-filers of return of income with effect from July 01, 2021 as per which payments made to the specified persons will be subject to TDS at higher of twice the applicable rate or 5% in respect of all TDS/TCS provisions except for specific exclusions.

1. OVERVIEW OF GLOBAL ECONOMY

The global economic recovery from the COVID-19 pandemic, Russia’s invasion of Ukraine, and the cost-of-living crisis is proving surprisingly resilient. Inflation is falling faster than expected from its 2022 peak, with a smaller-than-expected toll on employment and activity, reflecting favorable supply-side developments and tightening by central banks, which has kept inflation expectations anchored. At the same time, high interest rates aimed at fighting inflation and a withdrawal of fiscal support amid high debt are expected to weigh on growth in 2024.

Few Global macro trends as per the IMF World Economic Outlook (WEO) April 2024 report are as follows:

Despite the global downturn in inflation during 2022–23, the economy has demonstrated unexpected resilience. Employment and income levels have maintained a consistent trajectory, bolstered by beneficial trends in both demand and supply that have underpinned the stability of key global economies. This is in the face of higher interest rates imposed by central banks with the intention of re-establishing price stability. As inflation begins to align with targeted benchmarks and central banks shift to more accommodating monetary policies, there is an anticipation of a constriction in fiscal policies. This shift, aimed at reducing high levels of government debt through elevated taxes and decreased public expenditure, is likely to impose a drag on economic growth. Furthermore, the rate of economic growth is anticipated to be modest compared to historical norms. This tempered outlook is attributed to various factors, including the enduring impact of the COVID-19 pandemic, the ongoing military conflict initiated by Russia in Ukraine, a stagnation in productivity growth, and a rise in geoeconomic divisions.

Inflation (and expectations) in decline

Since 2022, the decrease in overall inflation rates can be attributed to the diminishing impact of initial price disturbances, particularly in the energy sector, along with a reduction in core inflation. This downward trend in energy costs can be linked to a boost in the worldwide supply of energy and the influence of stringent monetary policies. The concerted efforts by central banks in key developed nations to implement tighter monetary policies throughout 2022–23 likely played a significant role in driving down energy prices by reducing global energy consumption (as in the analysis of Auclert and others 2023).

Core inflation has seen a decrease due to the diminishing impact of previous price shocks on headline inflation and a relaxation in labor market tensions. The pass-through effects encompass the influence of prior price changes, especially in energy costs and supply adjustments across different sectors, which then affect costs and pricing in other industries via supply chain components and wage negotiations. Short-term inflation expectations, which play a crucial role in shaping wage and price strategies, have receded towards target figures in both advanced and emerging market and developing economies. However, indicators of inflation expectations based on financial markets have started to show an uptick in the US recently.

Interest rates restrictive, but set to fall

In response to escalating inflation, key central banks have hiked policy interest rates to levels considered to be constraining economic activity. Consequently, the cost of mortgages has surged, and credit has become widely less accessible, leading to challenges for companies attempting to refinance their debts, an uptick in corporate insolvencies, and dampened commercial and residential investment across various economies. The commercial real estate market, particularly the office sector, is experiencing pronounced stress in certain economies. This is characterized by an increase in loan defaults and a decline in investment and property values, which are outcomes of the dual impact of rising borrowing expenses and the trend towards remote working that has been amplified since the onset of the pandemic.

Nevertheless, fears of a global economic slump triggered by steep increases in policy rates have not become a reality, and this can be attributed to multiple factors. One key reason is that certain central banks, such as the European Central Bank and the Federal Reserve, elevated their nominal interest rates only after there was an uptick in inflation expectations. This led to relatively lower real interest rates that initially bolstered economic activity.

Elevated debt burdens

The debt-to-GDP ratios, which saw a significant rise during the pandemic, remain high, and substantial budget deficits are continuing to add to the debt loads in many economies. The proportion of government revenue that goes toward debt interest payments has risen, limiting the funds available for critical investments that could enhance economic growth. In low-income countries, the share of revenue spent on interest payments is projected to reach an average of 14.3% in 2024, which is roughly twice what it was 15 years earlier. In an effort to create more fiscal flexibility and reduce the upward trajectory of debt, it is anticipated that fiscal policies will become more stringent in 2024 and the years that follow. This is likely to involve increased taxes and reduced government expenditure in numerous advanced and emerging market and developing economies. Such a shift is expected to have a dampening effect on economic activity in the short term.

The outlook: steady growth and disinflation

Current forecasts indicate that the global economy is expected to maintain a growth rate in 2024–25 that is on par with that of 2023, while both global headline and core inflation are projected to decrease steadily. Since the January 2024 World Economic Outlook (WEO) Update, there has been little alteration in the global growth outlook, although there have been some adjustments for key economies. This includes an improved forecast for the United States, which is balanced by slight downward revisions for several other economies. Nonetheless, the projection for global growth is still higher than what was presented in the October 2023 WEO. The inflation outlook remains largely consistent with that of the October 2023 WEO, with a downward adjustment for advanced economies being counterbalanced by an upward adjustment for emerging market and developing economies. Looking at the medium-term, the growth prospects for global output and trade are anticipated to be the weakest in decades, and the rate at which middle- and lower-income countries are catching up to higher living standards is expected to slow down.

The baseline projections for the global economy are based on various assumptions regarding global commodity prices, interest rates, and fiscal policies.

- **Commodity price projections:** Fuel commodity prices are expected to decrease by an average of 9.7% in 2024, with a predicted reduction in oil prices of around 2.5%. These declines are attributed to ample excess capacity and robust supply growth from non-OPEC+ countries (which includes the Organization of the

Petroleum Exporting Countries and some non-members such as Russia). Prices for coal and natural gas are forecasted to continue their descent from previous highs, with a projected drop of 25.1% for coal and 32.6% for natural gas in 2024. This is due to the natural gas market approaching equilibrium as a result of new supplies entering the market, subdued demand, and substantial storage levels. The outlook for nonfuel commodity prices is expected to remain relatively unchanged in 2024, although base metal prices are anticipated to decrease by 1.8%, influenced by reduced industrial activity in Europe and China. Food commodity prices are also forecasted to fall by 2.2% in 2024. This is a slight downward revision from the January 2024 WEO Update forecasts, mainly due to the expectation of plentiful global wheat and maize supplies.

- **Monetary policy projections:** As inflation is anticipated to keep trending downwards toward their respective targets and long-term inflation expectations are seen to stay stable, the policy interest rates set by central banks in major advanced economies are widely expected to begin decreasing in the latter half of 2024. Among the key central banks, by the end of the fourth quarter of 2024, the Federal Reserve's policy rate is projected to drop from its current rate of around 5.4% to 4.6%. Similarly, the Bank of England's policy rate is expected to be lowered from approximately 5.3% to 4.8%, and the European Central Bank is anticipated to bring down its short-term rate from about 4.0% to 3.3%. In contrast, Japan's policy rates are expected to increase gradually, as there is growing confidence that inflation will consistently reach its target over the medium term, despite Japan's past experiences with deflation.
- **Fiscal policy projections:** It is anticipated that governments in advanced economies will implement more stringent fiscal policies in 2024, with a continuation of this tightening, albeit at a reduced pace, in 2025–26. Within the group of major advanced economies, the United States is expected to see its structural fiscal balance as a proportion of GDP increase by 1.9 percentage points in 2024, while the euro area is projected to experience a 0.8 percentage point rise in the same year. For emerging market and developing economies, the fiscal outlook for 2024 is predicted to be, on average, relatively neutral, with a modest fiscal contraction of about 0.2 percentage point forecasted for 2025.

Growth outlook: Stable but slow

It is anticipated that the global economy, which expanded by 3.2% in 2023, will maintain this growth rate into 2024 and 2025. The growth forecast for 2024 has been slightly adjusted upwards by 0.1 percentage point since the January 2024 WEO Update, and it marks a 0.3 percentage point increase from the October 2023 WEO predictions. However, these growth rates for 2024 and 2025 remain below the 3.8% annual average witnessed from 2000 to 2019. This slower pace is attributed to tight monetary policies, the phasing out of fiscal stimulus, and subdued productivity growth. While advanced economies are projected to experience a modest uptick in growth, largely due to the euro area rebounding from its 2023 slowdown, emerging, and developing economies are expected to maintain consistent growth levels during 2024 and 2025, with variations occurring on a regional basis.

Growth forecast for advanced economies

Growth in advanced economies is expected to increase from 1.6% in 2023 to 1.7% in 2024, and further to 1.8% in 2025. Compared with the January 2024 WEO Update, the projection for 2024 has been raised by 0.2 percentage points, while the forecast for 2025 remains unchanged. The upward adjustment for 2024 is primarily due to an improved growth estimate for the United States. In 2025, a positive revision in the US growth forecast is anticipated to counterbalance a similar negative revision in the euro area.

- Growth in the *United States* is anticipated to rise to 2.7% in 2024 but then decelerate to 1.9% in 2025. This slowdown is attributed to the gradual implementation of fiscal restraint measures and a cooling in the labor market, which are likely to dampen overall demand. The growth forecast for 2024 has been increased by 0.6

percentage points since the January 2024 WEO Update. This upward revision is mainly due to statistical carryover effects following a better-than-anticipated performance in the fourth quarter of 2023, and it is expected that some of this stronger growth dynamic will continue into 2024.

- The growth projection for the *euro* area anticipates a rebound from the modest rate of 0.4% in 2023, which was largely due to the region's significant exposure to the conflict in Ukraine. The forecast predicts an increase to 0.8% in 2024 and 1.5% in 2025. This recovery is expected to be fueled by a resurgence in household consumption as the impact of the energy price shock diminishes, and declining inflation helps to bolster real income growth. However, the growth outlook for Germany has been revised downwards by 0.3 percentage points for both 2024 and 2025, reflecting a continued downturn in consumer confidence. Nevertheless, this negative adjustment is largely balanced by positive revisions for several smaller euro area countries, including Belgium and Portugal.
- In the *United Kingdom*, growth is forecasted to improve from a modest 0.1% in 2023 to 0.5% in 2024, as the delayed adverse impact of elevated energy prices begins to recede. This upward trajectory is expected to continue, with growth reaching 1.5% in 2025, supported by a decline in inflation that is anticipated to lead to more accommodative financial conditions and a recovery in real incomes. Meanwhile, Japan's economic output is expected to experience a deceleration, decreasing from an estimated 1.9% in 2023 to 0.9% in 2024, and then slightly picking up to 1% in 2025. This slowdown is attributed to the dissipation of temporary factors that had previously spurred growth in 2023, such as a spike in tourism.

Growth Forecast for Emerging Market and Developing Economies

In emerging market and developing economies, growth rates are projected to hold steady at 4.2% for both 2024 and 2025. This consistency reflects a balance between a slowdown in emerging and developing Asia and heightened growth in regions such as the Middle East, Central Asia, and sub-Saharan Africa. Low-income developing countries are forecasted to see a gradual increase in their growth rates, from 4.0% in 2023 to 4.7% in 2024, and further to 5.2% in 2025, as some of the immediate growth constraints begin to relax.

- Growth in *emerging and developing Asia* is expected to decrease from an estimated 5.6% in 2023 to 5.2% in 2024 and then to 4.9% in 2025. This represents a minor upward revision from the January 2024 WEO Update. China's growth is projected to decelerate from 5.2% in 2023 to 4.6% in 2024 and 4.1% in 2025, with the waning of short-term boosts such as post-pandemic consumption recovery and fiscal stimulus, along with continued challenges in the real estate sector. In contrast, India is expected to maintain strong growth at 6.8% in 2024 and 6.5% in 2025, bolstered by robust domestic demand and a growing working-age population.
- *Emerging and developing Europe* is forecasted to grow at 3.2% in 2023 and 3.1% in 2024, with a slight decrease to 2.8% in 2025. This outlook includes an upward revision of 0.5 percentage points for 2023 and 0.3 percentage points for both 2024 and 2025 since January. Russia's growth is expected to decline from 3.2% in 2024 to 1.8% in 2025 as the impact of high investment and strong private consumption, supported by wage increases in a constrained labor market, begins to diminish. In Türkiye, growth projections stand at 3.1% for 2024 and 3.2% for 2025, with an anticipated economic boost in the latter half of 2024 following the cessation of monetary tightening and a resurgence in consumption.
- For *Latin America and the Caribbean*, growth is anticipated to fall from an estimated 2.3% in 2023 to 2.0% in 2024, followed by a rise to 2.5% in 2025, marking a slight upward adjustment of 0.1 percentage points for 2024 since January. Brazil's growth is expected to slow to 2.2% in 2024 due to fiscal consolidation, lingering effects of a stringent monetary policy, and a reduced contribution from the agricultural sector. Mexico's growth is forecasted at 2.4% in 2024, driven by fiscal expansion, but it is projected to drop to 1.4% in 2025 as the government looks to tighten fiscal policies. The Mexican forecast has been revised downward due to

weaker-than-expected performance at the end of 2023 and the beginning of 2024, particularly in the manufacturing sector.

Inflation Outlook: Declining at Different Speeds

The anticipated average global inflation is set to decline, moving from 6.8% in 2023 to 5.9% in 2024, then further decreasing to 4.5% by 2025. Advanced economies are expected to experience a sharper drop in inflation, with a 2.0 percentage point reduction in 2024. In contrast, the decline in inflation for emerging market and developing economies is predicted to occur in 2025. Advanced economies are predicted to reach inflation rates closer to their pre-pandemic levels (2017–19) faster, with a forecasted average inflation of 2.0% in 2025, which is approximately one year ahead of the timeline for emerging market and developing economies. These economies are expected to realign with their pre-pandemic inflation average of around 5.0%. There is also an anticipated wide range of inflation outcomes among emerging market and developing economies, with the projections for the five different regions varying significantly. Inflation is expected to be as low as 2.4% in emerging and developing Asia, a reflection of the tempered inflation rates in countries like China and Thailand, whereas emerging and developing Europe may see inflation soar to 18.8%, largely due to the high inflation rates in Türkiye.

The forecast for global inflation in 2024 has been adjusted slightly higher by 0.1 percentage point from the projections made in January 2024. This adjustment is due to stable inflation projections for advanced economies, where anticipated declines in the euro area, Japan, and the United Kingdom are offset by a rise in the United States. Additionally, there is an upward revision of 0.2 percentage point for emerging market and developing economies. This is primarily driven by higher inflation expectations in Iran and several other low-income nations.

The projected decrease in global inflation for 2024 is largely due to a widespread reduction in core inflation worldwide. This trend is a departure from what was observed in 2023, where the slight reduction in global core inflation on an annual average was overshadowed by a more significant drop in headline inflation, largely due to decreased prices for fuel and food. In 2024, however, core inflation is poised to drop by 1.2 percentage points, a more substantial decline compared to the modest contraction of 0.2 percentage point seen in 2023.

For economies operating under an inflation targeting framework, the median projection shows that headline inflation will exceed the target, or the midpoint of the target range, by 0.5 percentage point on a quarter-over-quarter basis by the third quarter of 2024. In advanced economies, the median discrepancy between the actual inflation rate and the target is forecasted to be narrower, at just 0.3 percentage point by the third quarter of 2024. This suggests that advanced economies are on track for a swifter convergence to their inflation targets compared to emerging market and developing economies. By the second quarter of 2025, most economies are anticipated to achieve inflation levels that are within 0.25 percentage points of their respective targets or the midpoints of their target ranges. Similar to the pattern in headline inflation, the reduction in core inflation is expected to occur more rapidly in advanced economies. The factors contributing to the downturn in core inflation vary from one country to another but are generally linked to the ongoing impact of restrictive monetary policies, a consequent easing in

labor market conditions, and the diminishing effects of previous decreases in relative prices, especially those related to energy.

2. OVERVIEW OF INDIAN ECONOMY

India had surpassed the UK to become the world's fifth-largest economy and is now behind only the US, China, Japan and Germany. India's Gross Domestic Product (GDP) has reached USD3.75Tn (trillion) in 2023 from around USD2.0trn in 2014.

The Monthly Economic Review of April 2024 released by the Department of Economic Affairs, Ministry of Finance states that the Indian economy closed FY24 strongly with its growth surpassing market expectations, despite strong external headwinds. Early indications suggest a continuation of the economic momentum during the first quarter of FY25. The emerging robust trends in important high frequency indicators of growth like the GST collections, e-way bills, electronic toll collections, sale of vehicles, purchasing managers' indices and the value and number of digital transactions attest to the growing strength of the economy. Industrial operations are accelerating, as evidenced by the enhancement in the use of industrial capacity and the increase in metrics such as the Index of Industrial Production and the Manufacturing Purchasing Managers' Index (PMI). At the same time, there is a noticeable uptick in fixed investment driven by the government's emphasis on capital expenditure, which in turn is encouraging private investment. Additionally, anticipatory surveys from the Reserve Bank suggest a rise in consumer confidence and a more positive view of the industrial sector. Trends in the job market are providing confidence. The urban unemployment rate saw a year-over-year decrease for the quarter that concluded in March 2024, while both the labor force participation rate and the ratio of workers to the overall population have shown signs of improvement. The increase in formal employment is evident from the escalating net additions to the payroll as reported by the Employee Provident Fund Organization. In addition to advancements in growth and employment, other key economic indicators are also showing signs of progress. Retail inflation reached 4.83% in April 2024, marking the lowest rate in the previous 11 months. Internationally, despite global economic headwinds, India maintains a comfortable level of foreign exchange reserves, and the Indian rupee has remained notably stable against the US dollar in recent times. On the fiscal side, the strong capital expenditure trends of the general government from April to February in the fiscal year 2024, along with the fiscal consolidation strategies outlined in the budget for fiscal year 2025, have alleviated concerns regarding the sustainability of the country's debt. Therefore, the fundamental aspects of India's macroeconomic stability, which encompass growth, price stability, and fiscal prudence, are showing positive trends that support and strengthen each other. Persistent geopolitical strife and fluctuations in the prices of global commodities, particularly oil products, pose significant challenges on multiple fronts. However, it is anticipated that the macroeconomic safeguards that have been carefully developed and reinforced throughout the post-Covid economic recovery period will enable the Indian economy to steer through these difficulties with relative ease.

Gross Domestic Product (GDP)

According to the Second Advance Estimates (SAE) of National Income, 2023-24 released by the National Statistical Office (NSO) on 29th February 2024, Real GDP or GDP at Constant (2011-12) prices in the year 2023-24 is estimated to attain a level of INR172.90trn, as against the First Revised Estimates of GDP for the year 2022-23 of INR160.71trn.

The growth rate of Real GDP during FY24 is estimated at 7.6% as compared to growth rate of 7.0% in FY23. India grew above 8% for three consecutive quarters in FY24 (8.2% in Q1FY24, 8.1% in Q2FY24 and 8.4% in Q3FY24), reaffirming her position as a standout performer amidst sluggish global growth trends. Driven by the Government's thrust on capex which has continued to crowd in private investment, Gross Fixed Capital Formation (GFCF) at constant prices registered a growth of 10.2% in FY24. Government Final Consumption Expenditure (GFCE) grew by 3.0% in FY24 as against growth of 9.0% in FY23. Private Final Consumption Expenditure (PFCE) grew by 3.0% in FY24 as against growth of 6.8% in FY23.

Gross Value Added (GVA)

According to the Second Advance Estimates (SAE) of National Income, 2023-24 released by the National Statistical Office (NSO) on 29th February 2024, Aggregate supply - measured by gross value added (GVA) at basic prices by economic activity (at 2011-12 Prices) - expanded by 6.9% in 2023-24, as compared with a growth of 6.7% a year ago. GVA growth was driven

by a construction and Manufacturing sector which grew by 10.7% and 8.5% respectively in 2023-24. Manufacturing sector grew by a surge in investment, improved investor confidence and strong domestic demand conditions. Similarly, a robust increase in cement and steel production portends well for a sustained rise in construction activity. Aided by government interventions and increased

demand for residential properties in tier-2 and tier-3 cities, the construction sector is capturing new markets. The strong thrust to infrastructure investment through initiatives like GatiShakti and National Infrastructure pipeline have also raised the demand for construction. Agriculture and allied sector growth moderated steeply at 0.7% in 2023-24.

The sector wise data of the (GVA) at basic prices by economic activity (at 2011-12 Prices) reveals the subdued performance of the agricultural sector. It has been estimated to grow at a mere 0.7% in 2023-24, down from 4.7% in 2022-23. Value added by the sector, in fact, fell by 0.8% in the third quarter of this year. The industrial sector (mining, manufacturing, electricity, gas and water supply, and construction) has picked up pace, growing at more than 8% this year. The healthy performance of the sector is on the back of a pick-up in manufacturing and a sustained performance in construction. The services sector, though, has seen a mild deceleration when compared to last year.

Industrial Growth trends

The Index of Industrial Production (IIP) is a composite indicator that measures the short-term changes in the volume of production of a basket of industrial products during a given period with respect to that in a chosen base period. Industrial output measured by the index of industrial production (IIP) expanded by 5.1% during FY23 as compared to 11.4% last year. Manufacturing sector, which accounts for three-fourths of the industrial sector largely shaped the industrial sector recovery.

Yearly IIP Growth rate (%)

According to the data released by the Ministry of Statistics and Programme Implementation (MoSPI), India's Industrial Production (IIP) growth decelerated to 4.9% in March 2024, down from 5.7% in February 2024. The IIP had previously peaked at an 11.9% increase in October 2023, but this momentum lessened to 2.5% in November 2023, followed by 4.2% in December 2023, and further to 4.1% in January 2024. For March 2024, compared to the same month the previous year, the expansion rates of the Mining, Manufacturing, and Electricity sectors stood at 1.2%, 5.2%, and 8.6%, respectively. Within the Manufacturing sector, the leading three industries contributing to the IIP growth for March 2024 were "Manufacture of basic metals" at a 7.7% increase, "Manufacture of pharmaceuticals, medicinal chemical and botanical products" at a 16.7% rise, and "Manufacture of other transport equipment" which surged by 25.4%. The cumulative growth rate from April to March for the fiscal year 2023-24, compared to the same period in the previous year, is recorded at 5.8%. When breaking this down by sector, Mining, Manufacturing, and Electricity have shown cumulative growth rates of 7.5%, 5.5%, and 7.1%, respectively, for the April to March period of 2023-24, when matched against the equivalent period of the prior year.

Per Capita GDP, Income and Final Consumption

According to the Second Advance Estimates (SAE) of National Income, 2023-24 released by the National Statistical Office (NSO) on 29th February 2024, India's per capita GDP at Constant (2011-12) Prices grew by 5.9% to INR116,216 in 2022-23, while it increased by 6.7% to INR123,945 in 2023-24. Per Capita Gross National Income (GNI) at Constant (2011-12) Prices increased by 5.7% in 2022-23; whereas it increased by 6.7% to INR122,110 in 2023-24. The per capita private final consumption expenditure (PFCE) at Constant (2011-12) Prices, that represents consumer spending, grew by 5.7% in 2022-23; while it increased by 2.1% to INR68,857 in 2022-23.

Note: f - forecast, FY24 GVA and GDP are as per First Advanced Estimates by NSO

FSIAPL estimates GDP growth to come in at 6.5% in FY25. Despite the base effect, the sequential GDP growth indicates that the economic recovery is on track due to the sustained government capex, healthy corporate performance, deleveraged corporates/banking sector balance sheet, continued softness in global commodity prices, and prospect of a new private corporate capex cycle.

However, there are risks as well. Aggregate demand is largely driven by government capex. Prevailing consumption demand is highly skewed in favour of the goods and services consumed by the households belonging to the upper 50% of the income bracket and therefore not broad based. This is reflected in the manufacturing growth which is also not broad based. Although global merchandise trade according to World Trade Organisation is expected to grow 3.3% in 2024 driven by increased trade in the goods closely linked to business cycle, such as machinery and consumer durables, trade fragmentation/near-shoring/friend-shoring may emerge as a risk for India's exports. And finally, tighter financial conditions and lower/uneven 2024 monsoon rainfall could act as constraints.

Another issue that will have implications on GVA and corporate profitability in FY25 is the rise in Wholesale Price Index (WPI) inflation which is akin to producers' price index. FSIAPL expects WPI to witness deflation (0.6%) in FY24. However, with the waning of base effect, it is expected to turn into inflation in FY25, impacting input costs. WPI after remaining in deflation from April to October 2023 has turned into inflation since November 2023. A rise in input cost, if is not translated adequately into output prices, will reduce value addition/corporate margin. Given that consumption is not broad-based, producers will find it difficult to pass on the higher input cost to output prices.

Wait for Broad-Basing of Consumption Demand Getting Longer: FSIAPL expects PFCE, which accounts for about 60% of the GDP from the demand side, to grow 6.1% y-o-y in FY25 (FY24: 4.4%). FSIAPL calculation shows that, in general, a 1%-point increase in real wages could lead to a 1.12% increase in the real PFCE and the multiplier effect of this could result in a 64bp increase in the GDP growth. However, wage growth has been muted over the past several years. In fact, the average real wage growth during FY21-FY22 was only 3.1% and the corresponding PFCE growth was 3.0%. Since consumption demand is skewed in favor of the goods and services consumed largely by the households belonging to the upper income bracket, FSIAPL believes such consumption demand is not sustainable. Perhaps this is the reason why PFCE growth in FY24 plummeted to 4.4% (lowest since FY03, barring the COVID-19 impacted FY21). FSIAPL believes for sustained consumption demand growth, demand for the goods and services consumed by the households belonging to the lower income bracket also has to pick up.

Growth in Private Consumption Demand over the years (% , y-o-y)

Source: NSO, FSIAPL

Investment Demand - No Let Up in Government Capex: FSIAPL expects GFCF to grow 8.1% y-o-y in FY25 (FY24: 10.3%), due to the sustained government capex. After PFCE, GFCF is the second-largest component of GDP from the demand side. In FY24 (Budget Estimate), the Union and State governments (aggregate) have budgeted capex growth at 35.0% and 18.5% y-o-y, respectively (FY23: 16.3%, 12.9%). The combined capital outlay of union and 25 states grew at a robust 67.5% y-o-y to INR1.25trn till December 2023.

Private sector's greenfield capex barring few sectors has remained down and out now for several years. However, select data are pointing towards the likelihood of a new private corporate capex cycle. According to a study published in the RBI Bulletin August 2023 titled 'Private Corporate Investment: Performance and Near-term Outlook' and based on the project finance data for FY23, private capex spend could reach a decadal high in FY24. While there is a steady uptick in project sanctions by banks/financial institutions across all ticket sizes, there could be a significant push from large (over INR10 bn ticket size) projects in this cycle. Overall, 982 projects raised INR3.53trn in FY23 compared to 791 projects with an investment of INR1.98trn in FY22.

Although India’s push for roads and renewable energy will continue to dominate the country’s investment cycle, recent expansions announced in a diverse range of industries suggest a more ambitious shift away from modular capex. Besides crude oil, base metals, power and telecom, broad basing is visible with stepped-up capex activity across cement, chemicals, textile, healthcare, logistics etc.

Growth in Investment Demand over the years (% , y-o-y)

Source: NSO, FSIAPL

Upside to Government Consumption Expenditure is Limited: FSIAPL expects GFCE to grow at 4.2% y-o-y in FY25 (FY23: 4.1%). GFCE had provided the much-needed support to the economy during FY16-FY20 as its y-o-y growth averaged 7.2%. However, due to the shift in government’s expenditure focus towards capex, its average y-o-y growth has fallen to 3.6% during FY22-FY24 and this trend is likely to continue in view of the fiscal consolidation path spelt out in the FY25 Union Budget. This is reflected in the centre’s revenue expenditure to GDP ratio, which had stepped up to 15.55% in FY21 to mitigate the adverse impact of COVID-19, gradually coming down (FY22: 13.64%; FY23: 12.69%) and is budgeted at 11.15% for FY25.

Reorientation of Global Trade Along Regional/Political Lines Poses New Risk to Exports: Global trade in goods and services grew at just 0.2% y-o-y in 2023, This is the slowest expansion outside global recessions in the past 50 years. Although World Bank expects global trade to grow 2.3% y-o-y in 2024, considerable headwinds continue to prevail. Purchasing Managers Index (PMI) for new export orders in December 2023 at 48.3 is still in the contractionary zone. FSIAPL expects goods and services exports to grow 5.8% y-o-y and imports to grow 8.8% y-o-y in FY25 as against 1.4% and 13.2%, respectively, in FY24. Inflation in advanced economies, though has moderated, is still high and is eroding household purchasing power. Also, a tighter monetary policy leading to higher cost of borrowings is constraining economic activity and demand across the globe, adversely impacting global trade. Moreover, as post-pandemic consumption in advanced economies is shifting back towards services, international merchandise trade is getting affected. Although global supply chains have largely recovered to pre-pandemic levels, the recent increase in the use of restrictive trade policies combined with subsidies and industrial

policies aimed at localising production, has accelerated the reshoring of activities in the US and European Union. Continuation of this trend may pose new risks for India's exports.

Agricultural Sector Growth Crucial for Price Stability: FSIAPL expects the agricultural sector to grow 3.0% y-o-y in FY25 (FY24: 1.8% y-o-y), subject to a normal monsoon rainfall. El Niño conditions affected the monsoon rainfall in 2023, leading to lower agricultural growth. As on 2nd February 2024, the total area sown under rabi crops stood at 709.29 lakh hectares, nearly same as previous year. Area sown under wheat, which accounts for 47% of the rabi full season normal area, has progressed well despite the initial lag caused by the late harvesting of kharif crops. The area under wheat, oilseeds and coarse cereals has been larger than previous year, but it is smaller for pulses. Since the harvesting of major rabi crops spills over to FY25, a robust rabi crop augurs well for FY25 agricultural growth. However, the smaller area under pulses means pulses inflation, which has remained in double digits since August 2023, may not see respite in the near term. Another food item that is causing heartburn is rice, whose output was impacted by the lower 2023 monsoon rainfall. As on 10th January 2024, the rice procurement stood 8.9% y-o-y lower at 35.53 million tonnes.

Industrial Sector - In Search of Sustainable Growth: FSIAPL expects the industrial sector to grow 6.5% y-o-y in FY25 (FY24: 7.9%), mainly supported by construction and electricity/utility. They are estimated to grow 7.9% y-o-y and 7.2% y-o-y, respectively. However, manufacturing, the largest component of industry, is estimated to grow at 5.8% y-o-y in FY25 (FY24: 6.5%). The spill-over effect of government capex is visible in select IIP segments namely capital and infrastructure/ construction goods. During April-December 2023 (9MFY24) while capital goods grew at a strong 7.1% y-o-y, infrastructure/ construction goods recorded a handsome average growth rate of 10.4% y-o-y. The same however cannot be said about the other two important segments of IIP namely consumer durables and non-durables. While the average growth of consumer durables during 9MFY24 has been 1.0% y-o-y, that of consumer non-durables was 5.2% y-o-y. This substantiates the point made above that consumption demand in the economy is still not broad based.

Services Sector – New Businesses to Provide Impetus: FSIAPL expects the services sector to grow 7.3% y-o-y in FY25 (FY24: 7.7%). Some of its segments which were severely dented by COVID-19 for being contact intensive and showed late revival in FY23, have continued to do reasonably well even in FY24. Its largest component financial, real estate & professional services is expected to grow at 7.3% y-o-y in FY25 (FY24: 8.9%). The other two components of services sector namely – 'trade, hotels, transport and communication' and public administration is expected to grow at 7.5% and 7.0%, respectively, in FY25 (FY24: 6.3% and 7.7%). High frequency indicators are showing a continued services sector recovery. PMI for services expanded to a six-month high of 61.8 in January 2024. Although services may face some headwinds due to tighter financial conditions and normalisation of pent-up demand, FSIAPL believes upside to the sector growth is likely to come from new businesses. India is rapidly emerging as a global leader in hosting global capability centres (GCCs) for providing worldwide delivery of a range of solutions around back-office support and IT functions, location assessment, recruitment and human resources support. Global corporations are increasingly finding that owning their resources and locating them in India gives them significant competitive edge due to quality real estate, competitive rental rates and an extraordinary talent pool.

Inflation Moderating but RBI's Fight Not Over Yet: FSIAPL expects the average retail (CPI) and wholesale inflation (WPI) to come in at 4.8% and 2.2%, respectively, in FY25. Retail and wholesale inflation averaged 5.4% and negative 0.9%, respectively, during 10MFY24. One of the key reasons for elevated retail inflation has been elevated food inflation. The push to retail inflation coming from fruits and vegetables prices is seasonal and generally gets corrected within a short span of time with the arrival of fresh/new vegetables crop. However,

sustained high inflation in some other food items such as cereals and pulses are more structural in nature and is linked to the productivity and cost-plus minimum support prices announced by the government. While cereals witnessed double-digit inflation at retail level during September 2022 to November 2023, pulses inflation entered into double digits since June 2023 (January 2024: 19.5%).

Although global commodity prices including crude oil are largely benign, despite volatile global geopolitical environment, the RBI's guidance with respect to inflation and its trajectory during the four quarters of FY25 suggests that it will remain cautious and watchful. Also, it is unlikely to change either the stance or the policy rate any time soon. The reason being that it does not want to fritter away the gains made so far in combating the inflation. Core inflation fell to 3.6% in January 2024 from 6.1% in December 2022, but the large and repetitive food price shocks in the recent past have interrupted the pace of disinflation, and the RBI would not like food inflation to get generalised through wage price spiral. FSIAPL therefore believes if monsoon remains normal in 2024 and there are no adverse weather/ geopolitical events, then the RBI may resort to monetary easing in H2FY25.

FY25 Fiscal Deficit is Achievable: By lowering the fiscal deficit of FY24 to 5.8% of GDP from the budgeted 5.9%, despite the lower nominal GDP and budgeting the FY25 fiscal deficit at 5.1% of GDP, the Union government has shown its intention of achieving a fiscal deficit of 4.5% of GDP in FY26. Over the past few years, the government's revenue collections, especially tax collections, have turned out to be better than budgeted. Even for FY25, the union budget is expecting the tax collections to grow 11.9% y-o-y (FY24BE: 11.6%). The budgeted tax revenue buoyancy for FY24 was 1.07x, but as per FY24RE it came in at 1.19x. Therefore, FSIAPL believes that the target of achieving a fiscal deficit of 5.1% of GDP in FY25, although challenging, is achievable. Moreover, the union government over the past few years has surprisingly reported a better fiscal deficit/ GDP ratio than budgeted.

Interest Rate to Soften: FSIAPL expects the 10-year G-sec yield to settle at 6.9%-7.0% by end-March 2024 (January 2024: 7.18%). This can be attributed to the lower fiscal deficit leading to lower government borrowing, decline in inflation and increased capital flows due to inclusion of G-sec into JP Morgan's Government Bond Index-Emerging Markets. Also as noted above, a normal monsoon coupled with no adverse weather/ geopolitical shock may result in monetary easing by the RBI in H2FY25. Banking liquidity has been under stress since September 2023 due to – (i) higher cash withdrawal owing to the festival demand, (ii) lower deposit than credit growth, and (iii) moderation in government spending. As a result, short-term money market rates starting from overnight rates to commercial papers/ certificates of deposit - all have remained elevated for long. However, with the step-up of government expenditure in 4QFY24 and injection of liquidity by the RBI through both the main

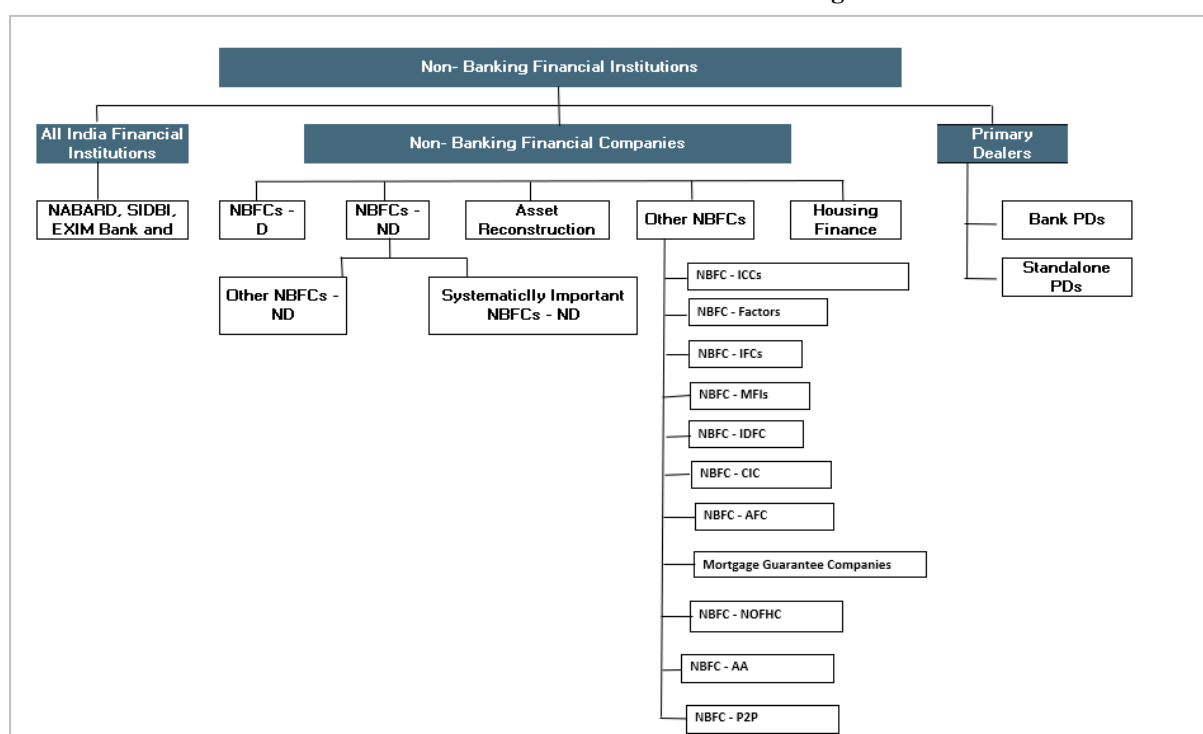

and the fine-tuning repo operations, liquidity tightness in the system has eased and so has the money market rates. The inversion visible at the shorter end though is still there, FSIAPL expects it to correct soon.

3. OVERVIEW OF THE NBFC MARKET IN INDIA

Introduction

Non-banking Financial Institutions (NBFIs) form an integral part of the Indian financial system by complementing the banking sector in reaching out credit to the unbanked segments of society, especially to the micro, small and medium enterprises which form the cradle of entrepreneurship and innovation.

On the basis of liabilities, NBFCs are classified into two categories (i) NBFCs-Deposit taking (NBFCs-D) and (ii) NBFCs-Non-Deposit taking (NBFCs-ND). NBFCs-D are subject to requirements of capital adequacy, liquid assets maintenance, exposure norms (including restrictions on exposure to investments in land, building, and unquoted shares), Asset-liability management and reporting requirements. The NBFCs, depending upon its nature of business, are broadly categorized as loan companies, investment companies, infrastructure finance companies (IFCs), asset finance companies (AFCs), core investment companies (CIC), infrastructure debt funds (IDFC), micro finance institutions (MFIs). In 2018-19, three categories of NBFCs namely, AFCs, loan companies (LCs) and investment companies (ICs) were merged into a new category called investment and credit companies (ICCs) for harmonisation and operational flexibility. The regulatory and supervisory framework for NBFCs has been continuously strengthened in order to ensure their strong and healthy functioning, limit excessive risk-taking practices, and protect the interests of the deposit holders.

NBFCs are primarily governed by the RBI Act and the RBI Master Directions. NBFCs are permitted to operate in similar sphere of activities as banks; there are a few important and key differences. The most important distinctions are:

- An NBFC cannot accept deposits repayable on demand – in other words, NBFCs can only accept fixed term deposits. Thus, NBFCs are not permitted to issue negotiable instruments, such as cheques which are payable on demand; and
- NBFCs are not allowed to deal in foreign exchange, even if they specifically apply to the RBI for approval in this regard.

While an NBFC may be registered as a deposit accepting NBFC (NBFC-D) or as a non-deposit accepting NBFC (NBFC-ND), NBFCs registered with RBI are further classified as:

- **Investment and Credit Company:** The main business of these companies is lending and investment.
- **Systemically Important Core Investment Company (CIC-ND-SI):** A systematically important NBFC (assets INR1.0bn and above) which has deployed at least 90% of its assets in the form of investment in shares or debt instruments or loans in group companies is called CIC-ND-SI. Out of the 90%, 60% should be invested in equity shares or those instruments which can be compulsorily converted into equity shares. Such companies do accept public funds.
- **Infrastructure Finance Companies (IFC):** A company which has net owned funds of at least INR3.0bn and has deployed 75% of its total assets in Infrastructure loans is called IFC provided it has credit rating of A or above and has a CRAR of 15%.
- **Infrastructure Debt Fund – NBFCs (IDF-NBFC):** An IDF-NBFC is a non-deposit taking NBFC that has Net Owned Fund of INR3.0bn or more and which invests only in Public Private Partnerships and post commencement operations date (COD) infrastructure projects which have completed at least one year of satisfactory commercial operation and becomes a party to a Tripartite Agreement.
- **NBFC – Micro Finance Institutions:** Microfinance companies are non-deposit taking firms that are entitled to provide loans up to INR50K to individuals coming under low-income group living in rural or semi-urban areas.
- **NBFC – Factors:** An NBFC-Factoring Company should have a minimum NOF of INR50.0mn and its financial assets in the factoring business should constitute at least 75% of its total assets and its income derived from factoring business should not be less than 75% of its gross income.
- **Mortgage Guarantee Companies:** Mortgage Guarantee Company acts as an insurance against defaults on loans by the homebuyer, thereby reducing the loan exposure and credit risks for the lender. Mortgage Guarantee Company is a financial institution for which at least 90% of the business turnover is mortgage guarantees or at least 90% of the gross income is from the mortgage guarantee business and whose net-owned funds is at least INR1000mn.
- **NBFC-Non-Operative Financial Holding Company (NOFHC):** For permitting promoter/ promoter groups of NBFCs to set up a new bank.
- **NBFC-Account Aggregator (NBFC-AA):** NBFC-AA engages in collecting and providing information about a customer's financial assets in a consolidated, organised, and retrievable manner to the customer or others as specified by the customer.
- **NBFC–Peer to Peer Lending Platform (NBFC-P2P):** NBFC – P2P provides an online platform to bring lenders and borrowers together to help mobilise funds.
- **Housing Finance Companies (HFC):** HFC is another form of a non-banking financial company NBFC which primarily is engaged in the business of providing finance for housing.

Scale Based Classification of NBFCs

A four-layered scale-based approach to regulate NBFC in the country was introduced vide circular DOR.CRE.REC. No.60/03.10.001/2021-22 dated 22nd October 2021. RBI subsequently released Master Direction – Reserve Bank of India (Non-Banking Financial Company – Scale Based Regulation) Directions, 2023 on 19th

Oct 2023 which was recently updated on 21st March 2024 vide DOR.FIN.REC. No.45/03.10.119/2023-24. The direction states that NBFCs shall comprise of four layers based on their size, activity and perceived riskiness as mentioned below:

- NBFCs in the lowest layer shall be known as NBFCs-Base Layer (NBFCs-BL)
- NBFCs in middle layer shall be known as NBFCs-Middle Layer (NBFCs-ML)
- NBFCs in upper layer shall be known as NBFCs-Upper Layer (NBFCs-UL)
- The Top Layer is ideally expected to be empty and will be known as NBFCs-Top Layer (NBFCs-TL)

Base Layer – The Base Layer shall comprise of (a) non-deposit taking NBFCs below the asset size of INR1,000 crore and (b) NBFCs undertaking the following activities – (i) NBFC-Peer to Peer Lending Platform (NBFC-P2P), (ii) NBFC-Account Aggregator (NBFC-AA), (iii) Non-Operative Financial Holding Company (NOFHC) and (iv) NBFC not availing public funds and not having any customer interface.

Middle Layer – The Middle Layer shall consist of (a) all deposit taking NBFCs (NBFCs-D), irrespective of asset size, (b) non-deposit taking NBFCs with asset size of INR1,000 crore and above and (c) NBFCs undertaking the following activities (i) Standalone Primary Dealer (SPD), (ii) Infrastructure Debt Fund-Non-Banking Financial Company (IDF-NBFC), (iii) Core Investment Company (CIC), (iv) Housing Finance Company (HFC) and (v) Non-Banking Financial Company-Infrastructure Finance Company (NBFC-IFC).

Upper Layer – The Upper Layer shall comprise of those NBFCs which are specifically identified by the Reserve Bank as warranting enhanced regulatory requirement based on a set of parameters and scoring methodology. The top ten eligible NBFCs in terms of their asset size shall always reside in the upper layer, irrespective of any other factor. In September 2023, RBI announced the list of NBFCs in the upper layer under scale-based regulation for NBFCs for the year FY24. LIC Housing Finance Limited, Bajaj Finance Limited, Shriram Finance Limited, Tata Sons Private Limited, L & T Finance Limited, Piramal Capital & Housing Finance Limited, Cholamandalam Investment and Finance Company Limited, Indiabulls Housing Finance Limited, Mahindra & Mahindra Financial Services Limited, Tata Capital Financial Services Limited, PNB Housing Finance Limited, HDB Financial Services Limited, Aditya Birla Finance Limited, Muthoot Finance Limited, Bajaj Housing Finance Ltd are the NBFCs in the upper layer under scale-based regulation for NBFCs for the year FY24. In terms of the framework, once an NBFC is classified as NBFC-Upper Layer, it shall be subject to enhanced regulatory requirement, at least for a period of five years from its classification in the layer, even in case it does not meet the parametric criteria in the subsequent year/s.

Top Layer – The Top Layer will ideally remain empty. This layer can get populated if the Reserve Bank is of the opinion that there is a substantial increase in the potential systemic risk from specific NBFCs in the Upper Layer. Such NBFCs shall move to the Top Layer from the Upper Layer.

Categorization of NBFCs carrying out specific activity

As the regulatory structure envisages scale based as well as activity-based regulation, the following prescriptions shall apply in respect of the NBFCs.

- NBFC-P2P, NBFC-AA, NOFHC and NBFC not availing public funds and not having any customer interface will always remain in the Base Layer of the regulatory structure.
- NBFC-D, CIC, NBFC-IFC and HFC will be included in Middle Layer or the Upper Layer (and not in the Base layer), as the case may be. SPD and IDF-NBFC will always remain in the Middle Layer.

- The remaining NBFCs, viz., NBFC-Investment and Credit Companies (NBFCICCs), NBFC-Micro Finance Institutions (NBFC-MFIs), NBFC-Factors and Mortgage Guarantee Companies (MGCs) could lie in any of the layers of the regulatory structure depending on the parameters of the scale based regulatory framework.
- Government owned NBFCs shall be placed in the Base Layer or Middle Layer, as the case may be. They will not be placed in the Upper Layer till further notice.

References to NBFC-ND, NBFC-ND-SI and NBFC-D

From 1st October 2022, all references to NBFC-ND (i.e., non-systemically important non-deposit taking NBFC) shall mean NBFC-BL and all references to NBFC-D (i.e., deposit taking NBFC) and NBFC-ND-SI (systemically important non-deposit taking NBFC) shall mean NBFC-ML or NBFC-UL, as the case may be.

Classification in Middle Layer in case of Multiple NBFCs in a Group

- NBFCs that are part of a common Group or are floated by a common set of promoters shall not be viewed on a standalone basis. The total assets of all the NBFCs in a Group shall be consolidated to determine the threshold for their classification in the Middle Layer.
- If the consolidated asset size of the NBFCs in the Group is INR1000 crore and above, then each NBFC-ICC, NBFC-MFI, NBFC Factor and MGC lying in the Group shall be classified as an NBFC in the Middle Layer and consequently, regulations as applicable to the Middle Layer shall be applicable to them. However, NBFC-D, within the Group, if any, shall also be governed under the Non-Banking Financial Companies Acceptance of Public Deposits (Reserve Bank) Direction, 2016.
- Statutory Auditors are required to certify the asset size (as on March 31) of all the NBFCs in the Group every year. The certificate shall be furnished to the Department of Supervision of the Reserve Bank under whose jurisdiction the NBFCs are registered.
- Provisions contained above shall not be applicable for classifying an NBFC in the Upper Layer.

Criteria for deciding NBFC-Middle Layer status.

- Once an NBFC reaches an asset size of INR1,000 crore or above, it shall be subject to the regulatory requirements as per Section III of these Directions, despite not having such assets as on the date of last balance sheet. All such non-deposit taking NBFCs shall comply with the regulations/directions issued to NBFCs-ML from time to time, as and when they attain an asset size of INR1,000 crore, irrespective of the date on which such size is attained.
- In a dynamic environment, the asset size of a NBFCs can fall below INR1,000 crore in a given month, which may be due to temporary fluctuations and not due to actual downsizing. In such a case the NBFC shall continue to meet the reporting requirements and shall comply with the extant directions as applicable to NBFC-ML, till the submission of its next audited balance sheet to the Reserve Bank and a specific dispensation from the Reserve Bank in this regard.

Regulatory revisions applicable to all layers of NBFCs under Scale Based Regulations

- 1) **Raising minimum Net Owned Fund (NOF) for certain NBFCs:** The regulatory minimum net-owned fund for finance companies acting as NBFC – ICC, NBFC- MFI and NBFC – Factors will be increased to INR 10 crore. The RBI has set a three-year glide path for the existing NBFCs to achieve the net-owned funds (NOF) of INR 10 crore by 31st March 2027. The following glide path is provided for the existing NBFCs:

NBFCs	Current NOF	By 31st March 2025	By 31st March 2027
NBFC-ICC	INR 2 crore	INR 5 crore	INR 10 crore
NBFC-MFI	INR 5 crore (INR2 crore in NE Region)	INR 7 crore (INR 5 crore in NE Region)	INR 10 crore
NBFC-Factors	INR 5 crore	INR 7 crore	INR 10 crore

Source: RBI's 'Scale Based Regulation: A Revised Regulatory Framework for NBFCs' circular dated 22nd Oct 2021

However, for NBFC-P2P, NBFC-AA, and those with no public funds and no customer interface, the NOF shall continue to be INR 2 crore. NBFCs failing to achieve the prescribed level within the stipulated period shall not be eligible to hold the Certificate of Registration (CoR) as NBFCs.

- 2) **Harmonizing Non-Performing Assets (NPA) classification norms:** The RBI has revised existing norms for classifying loans as non-performing assets (NPAs). The extant NPA classification norm stands changed to the overdue period of more than 90 days for all categories of NBFCs. A glide path is provided to NBFCs in Base Layer to adhere to the 90 days NPA norm as under –

NPA Norms	Classification
>150 days overdue	By March 31, 2024
>120 days overdue	By March 31, 2025
> 90 days	By March 31, 2026

Source: RBI's 'Scale Based Regulation: A Revised Regulatory Framework for NBFCs' circular dated 22nd Oct 2021

The glide path will not be applicable to NBFCs which are already required to follow the 90-day NPA norm. The central bank has provided a three-year transit period to NBFCs in the base layer to adhere to the revision. NBFCs in middle and upper layers have to make a thorough internal assessment of the need for capital, commensurate with the risks in their business. NBFCs in the upper layer will have to have a common equity tier-1 capital of at least 9% to enhance the quality of regulatory capital. In addition to the CRAR, the upper layer NBFCs will also be subjected to leverage requirements to ensure that their growth is supported by adequate capital. A suitable ceiling for leverage will be prescribed subsequently as and when necessary.

- 3) **Experience of the Board:** At least one of the directors in the Board of Directors should have relevant experience of having worked in a Bank/NBFC. This is a requirement for all NBFCs.
- 4) **Ceiling on Initial Public Offer (IPO) funding:** A limit of INR1 crore per borrower has been set for financing subscription to IPOs (earlier NBFCs had no ceiling on an IPO funding). Ceiling on an IPO funding has been made applicable from 1st April 2022.

4. EVOLUTION OF GOLD LOAN MARKET IN INDIA

Introduction

Gold has long been a valued commodity, historically regarded as among the most liquid assets and accepted universally as a currency since time immemorial. In India, Gold has traditionally been consumed by individuals in the form of jewellery – it is considered auspicious to buy gold jewellery during festive seasons - and handed down generations as family wealth. Gold is considered to be a safe haven in times of economic uncertainty, a fact exemplified by almost a 450x time's rise in gold prices over the past five decades.

Gold Demand in India (2013-2023)

India is one of the largest markets for gold and growing affluence is driving growth in demand. Gold has a central role in the country’s culture, considered a store of value, a symbol of wealth and status and a fundamental part of many rituals. Aside from Diwali, one of the most important dates in the Indian calendar, regional festivals across the country are celebrated with gold: in the south, Akshaya Tritiya, Pongal, Onam and Ugadi; in the east, Durga Puja; in the west, Gudi Pavda; in the north, Baisakhi and Karva Chauth. Two-thirds of India’s gold demand came from rural areas, where jewellery is a traditional store of wealth. The chart given below depicts the trend of India’s gold demand (in tonnes) from 2013-2023.

Source: World Gold Council

As per World Gold Council (WGC), Indian gold demand fell ~3.0-3.5% in 2023 from the prior year to 748 tonnes, the lowest since 2020, as prices rallying to a record high curtailed jewellery demand. Switzerland, the United Arab Emirates, Peru, and Ghana are leading gold suppliers to India. Demand for gold jewellery in 2023 dropped by 6% to 562 tonnes compared with 2022. Even though consumer interest remained high, it lagged trade sentiment. October's price correction during Navratri stimulated a robust consumer response, boosting Diwali sales in November. However, demand declined in December as gold prices resumed an upward trend, resulting in a 9% drop in October - December 2023 jewellery demand. 2023 also saw a rebound in investment in Gold bars and coins, which grew by 7% year-on-year to 185 tonnes. Demand in the October-December period of 2023 touched 67 tonnes, 64% above the five-year quarterly average. The correction in gold prices led to a robust investment response in last six months of 2023, supported by increased interest from physically backed gold ETF investors, setting the total holdings in Indian-listed products at a record 42 tonnes by the end of the year. Net gold imports in 2023 were 20% higher than the previous year at 780.7 tonnes, primarily due to substantial inventory building by traders. As per WGC, India's gold demand has been stuck between 700 and 800 metric tons in the past five years, but it is expected to break out of this range and rise to between 800 and 900 tons in 2024.

As per World Gold Council (WGC), gold demand including both jewellery and investment in India saw a significant rise by 8%, reaching 136.6 tonnes in the January - March quarter (Q1CY2024). This rise was supported by a robust economic backdrop, despite gold prices reaching historic highs. The increase in demand was further fueled by RBI’s robust gold purchases. The central bank purchased over 19 tonnes of gold during Q1CY24 surpassing the 16 tonnes it purchased throughout the entirety of 2023.

Gold Price Movement in India

Gold prices in India have been showing an overall upward trend since the last 3 decades. There was a steady increase in the prices of gold from FY10 to FY13. From FY14 to FY16, there was a decline in gold prices owing to geopolitical stability, low oil prices, low inflation, and strong growing equity market. During this period, gold lost its attractiveness to investors either from a capital appreciation perspective as a hedge against inflation or as a safe haven, causing a significantly reduced demand.

However, from FY17 to FY19, gold prices started to surge to the pre-FY13 levels, further increasing to INR40,740 per 10gram in FY20 and INR 47,555 per 10gram in FY21. Gold prices crossed INR 61,000 per 10gram in April 2023. It is currently at INR71,452 per 10 grams as of 25th June 2024.

Gold exhibited significant volatility, primarily influenced by decelerating growth in advanced economies and the monetary tightening policies pursued by global central banks in response to elevated inflation levels. During mid-week of June 2024, gold prices have traded in a range bound manner. Gold has become range bound as commodity traders in the US await macroeconomic data due to be released on 29th June 2024. The Federal Reserve is expected to release the US GDP data and the Personal Consumption Expenditures (PCE) inflation data, it's most preferred tool to gauge inflation in the country. Historically, Gold has shared an inverse relationship with interest rates. Generally, it is seen that gold prices have increased when interest rates are slashed and gold prices moderate when interest rates are hiked.

Gold Loan Market in India

Gold enjoys a unique connection with Indians in terms of social status, financial security and rich cultural legacy. Along with the country's growing population and ever-increasing disposable income, India's inclination and liking for gold has also increased. Due to the emotional value associated with household jewellery, people are hesitant to sell their gold to meet their immediate financial needs; as an alternative, people pledge their gold ornaments as collateral and secure a short-term loan. The pledging of gold ornaments and other gold assets to local pawnbrokers and money lenders to avail loans has been prevalent in Indian society over ages. The increased holding of gold as an asset among large section of people, and the practices related to borrowing against gold in the informal sector, have encouraged some loan companies to provide loans against the collateral of used household gold jewellery. Over a period of time, many companies have emerged as specialised gold loan companies.

Most of the gold in India is held by people in rural market. Rural residents and low-income groups are the major customers of gold loans, as gold is usually the only asset they possess, in some quantity. They also typically lack

access to banking facilities. Thus, gold loan has emerged as one of the most reliable credit sources for these categories of customers at a broader level, there are mainly two categories of gold loan providers:

- i. Formal sector (Banks, NBFCs and cooperatives)
- ii. Informal sector (local moneylenders)

The key factors that drove the rapid growth phase of gold loan in India included low cost of funds (eligibility under Priority Sector Lending), rise of India's middle class, consumerism and urbanization, rising gold prices, and high Loan to Value (LTV) of up to 75.0%. Convenience of access, quick disbursements and lower interest rates compared to moneylenders led to NBFCs becoming the customer's de-facto choice. Meanwhile, from the beginning of 2013, gold prices reduced drastically globally. With the pledged gold having lower market value, customers walked away from the loans resulting in increased Non-Performing Assets (NPAs).

The gold loan industry was also subsequently impacted by demonetization in 2016 when cash crunch in the market led to immediate shortfall in business. However, digital eco-system is now leading to increased credibility and tilting scales of gold loan business in favor of the specialized gold loan NBFCs. Alongside, the introduction of GST in 2017 has also impacted the market. In the pre-GST era, the taxation on gold was 1% excise duty, along with a VAT of 1-1.5%, totaling to 2.0% tax. GST rates on gold have now been pegged to 3%. This is in addition to an import duty of 7.5% and 3% GST on making charges.

To stabilize the proliferation and books of gold loan NBFCs, RBI intervened and released certain guidelines:

- Removal of Priority Sector Lending (PSL) status. This immediately resulted in substantially higher borrowing cost.
- Restricted credit exposure to single gold NBFC to 7.5% from 10% resulting in lower bank funding.
- Prohibition of grant of loans against bullion and gold coins.

The COVID-19 pandemic and the subsequent nationwide lockdown resulted in a significant amount of job losses, leaving people to burn out their savings for a living. People heavily relied on borrowings through banks and other sources to fulfil their financing needs amid the pandemic. Consumers used their gold holdings as collateral to obtain their financing needs rather than outright selling. These higher borrowings lifted demand for gold loans during the pandemic both through NBFCs and banks. Gold loans will benefit not just from the demand side but supply-side dynamics too as many banks and non-banking institutions target this product segment on account of its acceptable risk profile. Borrowers had benefited from higher loan value for the same collateral while lenders have benefited from lower LTV ratios on their existing loans and higher demand. Demand during the pandemic has pushed gold loan Asset Under Management (AUM) higher by 20-30% for most of India's leading gold loan NBFCs and banks.

Gold Loan NBFCs in India

Till the last century, most of the lending was in the unorganized sector through pawnbrokers and money lenders. However, this scenario has changed over the last two decades post India's economic liberalization and financial sector reforms, and the organized sector has become more dominant. Buoyed by the spurt in gold prices during the last decade, organized lenders grew during the period FY09 to FY12. However, correction in gold prices in FY13, adverse regulatory scenario, restrictions on offering high LTV products, and increase in competition

intensity has seen gold loan industry's AUM stagnating. This is also reflected in the stagnating portfolio of gold loan NBFCs.

The total gold loan industry AUM stood at approximately INR17,285bn in FY23, out of which approximately 35% accounted for organised market. India's unorganised gold loan market is estimated to be around 65% of the total gold loan market. There are no official estimates available on the size of this market, which is characterised by the presence of numerous pawnbrokers, moneylenders and landlords operating at a local level. However, this market is believed to be almost double the size of organised gold loans market.

The demand for gold has a regional bias with southern Indian states accounting for around 45.0% of the annual demand. There is potential to expand gold loans market to the Northern and Western regions of India, provided the branch network is expanded and the loans are available with ease and with flexible options. The prevalence of high level of rural indebtedness, easy availability of gold loans on extremely flexible terms, relative scarcity of personal and retail loans from the banks and changing attitude of customers to gold loans will contribute to the growth in the gold loan AUM to newer regions. Many Gold loan companies are reducing their geographical concentration risk and gradually shifting their focus to northern and western region over the last 3 years.

NBFCs were marked by slowdown and weakening competitive positioning during FY12 and FY15 owing to withdrawal of eligibility for NBFCs under priority sector lending, RBI putting a ceiling on LTV ratio that could be given out by NBFCs at 60%, as against 75% for banks and RBI norms for conducting gold loan auctions. Indian Gold loan market of organised players has increased at a CAGR of 12-13% from INR2,203.6bn in FY15 to INR6,050.0bn in FY23 owing to increase in gold prices, good monsoon, and favourable macroeconomic factors. During this period, NBFCs' focused on improving the business per branch, undertook aggressive marketing and diversified into new regions.

Overview of some operational parameters of organized players is provided below:

Parameters	Gold Loan NBFCs	Banks	Money Lenders

Growth in Gold Loans market of NBFCs (Gold Loan) in the Last 6 Years

The gold loan AUM of NBFCs grew at a CAGR of 17% between FY17 and FY23. NBFCs witnessed a decline in gold loan AUM between FY12 and FY14, as RBI's regulations curbed the performance as mentioned earlier. However, due to NBFCs flexible loan offerings and quicker disbursement time helped them to grow their gold loan AUM from INR582.5bn in FY17 to INR1512.5bn in FY23.

Source: FSIAPL

Gold Loan NBFCs AUM further grew by an impressive 19-20% over the next 5 years from INR641.5bn in FY18 to INR1512.5bn in FY23 due to geographic expansion, rise in gold prices and higher marketing expenditure undertaken by players in order to improve product awareness and build brand identity. NBFCs and banks approach the gold loan market differently, which is reflected in their interest rates, ticket sizes and loan tenures. NBFCs focus more single-mindedly on the gold loans business and have accordingly built their service offerings by investing significantly in manpower, systems, processes, and branch expansion. This has helped them attract and serve more customers.

Within the Gold Loan NBFCs, Muthoot Finance Ltd., Manappuram Finance Ltd. and Muthoot Fincorp Ltd. are the largest players accounting for 65% of the gold loan portfolio as of FY23. Muthoot Finance Ltd. holds the highest share of 40.9% in the gold loan market among Gold Loan NBFCs in India as of FY23.

Muthoot Finance Ltd. has witnessed growth of 7.6% in Gold AUM from INR575.3bn in FY22 to INR619.0bn in FY23. Meanwhile, Manappuram Finance Ltd. has witnessed a decline of 4.5% in Gold AUM from INR199.0bn in FY22 to INR190.0bn in FY23. Kosamattam Finance Ltd. had growth of 29.7% in Gold AUM from INR36.6bn in FY22 to INR47.5bn in FY23. Muthoottu Mini Financiers Ltd. had a growth of 25.5% in Gold AUM from INR24.3bn in FY22 to INR30.5bn in FY23. Muthoot Mercantile Ltd. has seen a substantial increase of 48.5% in its Gold AUM from INR3.3bn in FY22 to INR4.9bn in FY23.

Muthoot Mercantile Ltd. holds 0.3% share in the gold loan market among Gold Loan NBFCs in India as of FY23.

5. KEY GROWTH DRIVERS FOR GOLD LOAN

Gold financing companies form an integral part of the Indian financial system. It plays an important role in nation building and financial inclusion by complementing the banking sector in reaching out credit to the unbanked segments of society, especially to the MSMEs, which form the cradle of entrepreneurship and innovation. NBFCs' ground-level understanding of their customers profile and their credit needs gives them an edge, as does their ability to innovate and customise products as per their clients' needs. This makes them the perfect conduit for delivering credit to lower-income group people and MSMEs. Gold loan as a credit product is not a new phenomenon in the country; it is only in the recent past that Indians have started losing their inhibitions over pledging their family heirlooms to mainstream commercial lenders and leveraging multiple benefits, such as instant credit, flexible schemes, lower interest rates and minimal paperwork without the hassles of rigid credit

appraisal. As banks and NBFCs offer gold loans at interest rates much lower than those of informal moneylenders; they have successfully targeted a new segment of customers who would have otherwise not taken a gold loan. The key growth drivers for gold loan are provided below:

Lack of reach of banking to rural and lower-income groups

In India, the reach of NBFCs in rural areas is comparatively higher than the banks. Due to which NBFCs have an advantage in terms of business revenue and larger base of customer over the banks. The traditional banking products are not accessible to rural and lower-income groups as those products are to relatively higher-income groups. Credit scores would undermine one's effort to get normal loans during distress periods. This is the situation faced by a large portion of the Indian population engaged in farming and rural employment. Gold loans offer a viable solution in this situation since, gold loans are fully securitized, lenders have the option to recoup the full principal amount (in most cases) if the borrower defaults - hence, there is no need for extensive checks on borrower's previous repayment records. The relative ease in obtaining a loan approval has boosted the popularity of gold loans.

Rising consumerism in rural areas

WGC estimates that about 65% of the Indian household gold belongs to rural communities, who are the biggest purchasers of gold loan. Unpredictability of the rain and harvest season means farmers become cash-strapped frequently. For them, unlocking value of their household gold is the easiest way to meet their financial obligations. Consumption growth in rural India had outpaced urban spending by the widest margin in last decade, encouraged by relatively good rainfall and an increase in government spending on infrastructure. However, the year 2019 witnessed a slowdown in the rural market due to factors such as liquidity crunch, drop in gross domestic product (GDP), floods in several parts, weakened household spending, high food inflation due to spike in milk and onion prices impacted consumer wallet in rural regions. The rural consumption was back on high single digit growth in FY20, helped by factors including government spending in infra projects and increased rural spending. Additionally, the expected rise in consumerism in rural areas will lead to increased gold loans being taken for non-income generating purposes.

Changing attitudes towards Gold Loan

Few decades back, the gold loan was a high-cost affair, interest charged were around 35-50% (local moneylenders) but now organized players in the market (banks and NBFCs) offer the loan at 7.5-20% per annum. In recent, gold loan is becoming a word of mouth whether it is Tier1, Tier2 or Tier 3 cities – people are turning more towards depositing gold with banks and NBFCs because it is one of the easiest ways to avail money. The overall process to avail gold loans has become more formal and transparent with an entry of organized financial players. Further, gold is a secured asset and there is no requirement of any additional collateral, but however, to avail home loans & personal loans, one need to show income certificates, bank statements & income tax returns. One good thing about gold loan is that it can be used for any purpose so more and more people are migrating towards this loan. It is not only the rural communities who are willing to put household jewelry in the market – acceptance towards using family gold for financial needs is increasing in the relatively untapped urban market. Using gold loans to meet household exigencies is gaining popularity in Indian cities and metros.

Ease of availability of gold loan

NBFCs offer very competitive gold loan schemes with a wide range of tenures, interest slabs and repayment options making it very attractive for the customer. Unlike the rigid products offered by traditional banks, gold loan products are designed in a way that specifically meets the situation of the target customer segments. Disbursements are made within a quick time period after loan approval with a turnaround time (TAT) of around

10 minutes. A good number of loans do not have fixed Equated Monthly Instalment (EMI) facility - only the interest needs to be paid on a monthly basis while the principle should be paid at the end of the tenure. The ability to choose product features (repayment scheme, tenure) has facilitated increased gold loan penetration.

Untapped opportunities in the non-south regions

Since ages, most of the gold loan companies have their maximum presence in the southern pockets of India. Western, northern, and eastern region have minimal gold loan credit penetration, which reflects that gold loan companies can unlock this potential in the coming years. The gold loan market is expected to demonstrate high growth potential as banks are becoming more selective and stringent in credit disbursement. The emergence of the online and digital models in the gold loan space by NBFCs and new-age FinTech players that offer gold loans at the customers' doorstep have opened up an untapped market for gold loan companies.

Lower default rates

There is very low NPA in gold loans. A low default rate is the reason why many formal institutions have comfortably entered the gold loan space. Default rates typically are between 1-2% which is much lower than other traditional financial products offered by financial institutions. This makes gold loan attractive product for organised players.

Development of online gold loan market

Many new age fintech companies and traditional players have started to offer innovative products such as online gold loans (OGL) catering to the young and urban population. Primary beneficiaries of online gold loan facilities are digitally and financially literate customers who belong to the age group of 25 to 40 years. Gold loan companies have come up with various operating models like visiting customer's residence, allowing customers to place their gold within the NBFC's vault after which customers have the option to pledge this gold via online channels and receive funds directly to their bank accounts.

The increasing adoption of smartphones and expanding internet connectivity in rural and semi urban area will enable NBFCs in the coming years to get most of their customers to transact in the online gold loan platform. Further, NBFCs have started targeting MSME segment for the OGL as they are not very comfortable visiting gold loan offices for their finance requirements.

6. REGULATORY MEASURES IMPACTING THE GOLD LOAN MARKET IN INDIA

NBFCs primarily engaged in lending against gold jewelry (such loans comprising 50% or more of their financial assets) shall maintain a minimum Tier 1 capital of 12% of aggregate risk weighted assets of on-balance sheet and of risk adjusted value of off-balance sheet items. The Master Direction – Reserve Bank of India (Non-Banking Financial Company – Scale Based Regulation) Directions, 2023 have issued guidelines regarding the following:

Verification of the Ownership of Gold: Where the gold jewelry pledged by a borrower at any one time or cumulatively on loan outstanding is more than 20 grams, NBFCs shall keep a record of the verification of the ownership of the jewelry. The ownership verification need not necessarily be through original receipts for the jewelry pledged but a suitable document shall be prepared to explain how the ownership of the jewelry has been determined, particularly in each case where the gold jewelry pledged by a borrower at any one time or cumulatively on loan outstanding is more than 20 grams. Also, NBFCs shall have an explicit policy in this regard as approved by the Board in their overall loan policy.

Safety and security measures to be followed by NBFCs lending against collateral of gold jewellery:

NBFCs, which are in the business of lending against collateral of gold jewelry, shall ensure that necessary infrastructure and facilities are put in place, including safe deposit vault and appropriate security measures for operating the vault, in each of its branches where gold jewelry is accepted as collateral. This is required to safeguard the gold jewelry accepted as collateral and to ensure convenience of borrowers. No new branch/es shall be opened without suitable arrangements for security and for storage of gold jewelry, including safe deposit vault.

Standardization of Value of Gold in Arriving at the Loan to Value Ratio: The gold jewelry accepted as collateral by the NBFC shall be valued by considering the preceding 30 days' average of the closing price of 22 carat gold as per the rate as quoted by the Bombay Bullion Association Ltd. (BBA) or the historical spot gold price data publicly disseminated by a commodity exchange regulated by the Forward Markets Commission. If the purity of the gold is less than 22 carats, the NBFC shall convert the collateral into 22 carat and state the exact grams of the collateral. In other words, jewelry of lower purity of gold shall be valued proportionately. NBFC, while accepting gold as collateral, shall give a certificate to the borrower on their letterhead, of having assayed the gold and state the purity (in terms of carats) and the weight of the gold pledged. NBFCs may have suitable caveats to protect themselves against disputes during redemption, but the certified purity shall be applied both for determining the maximum permissible loan and the reserve price for auction.

Prior Approval of RBI for Opening Branches in Excess of 1,000: It is mandatory for NBFC to obtain prior approval of the RBI to open branches exceeding 1,000. However, NBFCs which already have more than 1,000 branches may approach the Bank for prior approval for any further branch expansion. Besides, no new branches will be allowed to be opened without the facilities for storage of gold jewelry and minimum-security facilities for the pledged gold jewelry.

Auction Process and Procedures: The following additional stipulations are made with respect to auctioning of pledged gold jewelry:

- The auction should be conducted in the same town or taluka in which the branch that has extended the loan is located. NBFCs can however pool gold jewelry from different branches in a district and auction it at any location within the district, subject to meeting the following conditions:
 - i. The first auction has failed.
 - ii. The NBFC shall ensure that all other requirements of the extant directions regarding auction (prior notice, reserve price, arms-length relationship, disclosures, etc.) are met.

Non-adherence to the above conditions will attract strict enforcement action.

- While auctioning the gold the NBFC must declare a reserve price for the pledged ornaments. The reserve price for the pledged ornaments shall not be less than 85% of the previous 30-day average closing price of 22 carat gold as declared by the Bombay Bullion Association Ltd. (BBA), or the historical spot gold price data publicly disseminated by a commodity exchange regulated by the Forward Markets Commission and value of the jewelry of lower purity in terms of carats shall be proportionately reduced.
- It will be mandatory on the part of the NBFCs to provide full details of the value fetched in the auction and the outstanding dues adjusted and any amount over and above the loan outstanding should be payable to the borrower.
- NBFCs must disclose in their annual reports the details of the auctions conducted during the financial year including the number of loan accounts, outstanding amounts, value fetched and whether any of its sister concerns participated in the auction.

Other Instructions:

- NBFCs financing against the collateral of gold must insist on a copy of the PAN Card of the borrower for all transaction above INR0.5mn
- High value loans of INR0.1mn and above must only be disbursed by cheque.
- Documentation across all branches must be standardized.
- NBFCs shall not issue misleading advertisements like claiming the availability of loans in a matter of 2-3 minutes.

Guidelines proposed for Gold Loan companies on settling the outstanding debt in case of death of the borrower, communicating terms and conditions in local languages, process to refund surplus from the auction of gold:

RBI had set up a six-member committee in May 2022, headed by former Deputy Governor Mr. BP Kanungo to examine and review customer services in regulated entities with an aim to protect the interests of customers. On 5th June 2023, Mr. BP Kanungo proposed a list of recommendations to improve customer service standards in regulated entities as follows:

- The committee recommends that in case of the death of the borrower, a notice may be served to the nominee or legal heir to settle the outstanding and keep the same on record before auctioning the pledged gold. Accountability may be fixed for non-adherence to the due notification process prior to the auction of gold. For facilitating this, the gold loan companies may be required to register nominees while extending loans.
- The committee highlights circumstances leading to the auction of gold, and the requirement of a notice period should mandatorily be a part of gold loan companies' fair practices code and the loan agreement. Regulated entities shall record the acknowledgement receipt of the notice before scheduling an auction of gold.
- A large volume of gold loan accounts belongs to middle and low-income households and rural population. Hence, the committee recommends that the lender should communicate the terms and conditions to the borrowers in local and regional languages. Recording of oral communication, if any, must be preserved.
- The committee suggests that the loan agreement should incorporate the time limit (maximum one month) within which the surplus, if any, from the auction of gold would be refunded to the customers, failing which the company should be required to pay interest, as may be stipulated by the RBI. Surplus from the auction of gold must be credited to the account of the borrower.

Details of other key guidelines impacting the gold loan market in India are provided below:

Loan to Value Ratio (LTV)

LTV ratio describes the size of a loan which is taken out compared to the value of the asset securing the loan. Lenders and others use LTVs to determine how risky a loan is. A higher LTV ratio suggests more risk because the assets behind the loan are less likely to pay off the loan as the LTV ratio increases. The LTV ratio has been capped at 75% for traditional banks and NBFCs. RBI regulations state that - gold jewellery accepted as security/collateral will have to be valued at the average of the closing price of 22 carat gold for the preceding 30 days as quoted by the India Bullion and Jewellers Association Ltd. If the gold is of purity less than 22 carats, the collateral should be translated into 22 carat value and exact grams need to be valued. Loan against bullion, units of Exchange-Traded Fund (ETF) and units of gold mutual funds is not permitted. This standardisation and increased transparency of LTV calculations across the organised sector has meant healthy businesses for NBFCs.

RBI directions on lending against security of single product-gold jewellery

As per RBI directions all applicable NBFCs should follow the below mentioned directives:

- i. NBFCs shall maintain a Loan-to-Value (LTV) Ratio not exceeding 75% for loans granted against the collateral of gold jewellery; provided that the value of gold jewellery for the purpose of determining the maximum permissible loan, amount shall be the intrinsic value of the gold content therein and no other cost elements shall be added thereto.
- ii. NBFCs shall disclose in their balance sheet the percentage of such loans to their total assets.
- iii. NBFCs shall not grant any advance against bullion/ primary gold and gold coins. NBFCs shall not grant any advance for purchase of gold in any form including primary gold, gold bullion, gold jewellery, gold coins, units of Exchange Traded Funds (ETF) and units of gold mutual fund.

Know Your Customer (KYC)

The RBI KYC directions are applicable to NBFCs, and RBI has advised all NBFCs to adopt the same with suitable modifications depending upon the activity undertaken by them and ensure that a proper policy framework of anti-money laundering measures is put in place. The KYC policies are required to have certain key elements, including, customer acceptance policy, customer identification procedures, monitoring of transactions and risk management, diligence of client accounts opened by professional intermediaries, customer due diligence and diligence of accounts of politically exposed persons, adherence to RBI KYC directions and the exercise of due diligence by persons authorised by the NBFC, including its brokers and agents.

For verification purposes, a customer needs to submit the following: government issued identity proof (passport, PAN card, voter's ID or driving license, along with passport size photographs), address proof (either electricity bill, ration card or telephone bill) and signature proof. The NBFCs are now allowed to make use of e-KYC which uses Aadhaar card validation. The move towards e- KYCs is meant to reduce risk of fraud and forgery as well as improve application processing speeds.

Changes in classification of Non-Performing Asset

The RBI Master Directions require that every non-deposit taking NBFC shall, after taking into account the degree of well-defined credit weaknesses and extent of dependence on collateral security for realisation, classify its lease/ hire purchase assets, loans and advances and any other forms of credit into the following classes:

- Standard Assets;
- Sub-Standard Assets;
- Doubtful Assets; and
- Loss Assets

Further, the class of assets referred to above shall not be upgraded merely as a result of rescheduling, unless it satisfies the conditions required for an upgrade. A NBFCs-ND is required to make provisions against sub-standard assets, doubtful assets and loss assets in accordance with the Master Directions. In terms of the Master Directions, NBFCs-ND has to make the following provisions on their loan portfolio.

Provisioning Policy for Systemically Important Non-Deposit taking NBFC

Asset Classification	Provisioning Policy
Standard Asset	0.40% of outstanding
Sub-standard Assets	10% of outstanding
Doubtful Assets	100% of unsecured portion + 20% - 50% of secured portion
Loss Assets	100% provided if not written off

Source: RBI Circular

Provisioning Policy for Non-Systemically Important Non-Deposit taking NBFC

Asset Classification	Provisioning Policy
Standard Asset	0.25% of outstanding
Sub-standard Assets	10% of outstanding
Doubtful Assets	100% of unsecured portion + 20% - 50% of secured portion
Loss Assets	100% provided if not written off

Source: RBI Circular

The time frame for classification of NPAs for NBFCs has been brought on par with banks. RBI mandated from FY18; a loan is termed as a NPA if interest is not paid for 90 days (3 months). In 2016, the time period was 5 months, while it was 4 months in 2017. However, it should not be a cause for concern, since default is not an issue for a gold finance company, as the loan is fully secured. In case of non-payment, the gold finance company could simply auction off the gold underlying to recover the interest and principal.

Impact of GST on purchase of Gold Jewellery

Earlier excise duty and VAT of 1% each were attracted to gold jewellery initially. Once GST was implemented, all the other taxes were eliminated, and only a GST of 3% was brought into effect. Whenever a customer purchases gold jewellery, they have to bear a flat rate of 3% GST. Additionally, he also must pay GST at 5% on the making charges. It is important to note that the import, purchase, and making charges of gold have different GST rates individually. However, there is no GST attracted if you sell old gold jewellery and purchase new jewellery in a single transaction.

Gold Monetisation Scheme (GMS)

The government in the late 1990s also tried to monetize the idle gold held by Indian households by bringing it into use for the industry and to reduce dependency on imports. Gold Deposit Scheme (GDS) was introduced in September 1999 to allow individuals to deposit gold at banks and receive interest in return. Further, the scheme was also exempt from capital gains, wealth and income tax. However, the minimum deposit of 500 grams was a huge deterrent for many individuals and households to avail this scheme. Between 1999 and 2015, only 15% of gold was mobilized reflecting the inefficiency of GDS structure. GDS was reintroduced in the Union Budget 2015 by Finance Minister Mr. Arun Jaitley in a new avatar - 'Gold Monetisation Scheme' with the minimum deposit size being reduced to 30 grams. This scheme offers an annual tax-free interest starting from 0.6% (Short-term: up to 3 years) to 2.5% (Long-term: up to 15 years).

The objective of GMS is to mobilize gold held by households and institutions of the country and facilitate its use for productive purposes, and in the long run, to reduce country's reliance on the import of gold. All Scheduled Commercial Banks excluding Regional Rural Banks are eligible to implement the scheme. It includes Revamped

Gold Deposit Scheme (R-GDS) and Revamped Gold Metal Loan Scheme (R-GML). The minimum deposit at any one time is 30 grams of raw gold (bars, coins, jewelry excluding stones and other metals). There is no maximum limit for deposit under the scheme. Also, the interest earned on the gold deposit will be exempted from not only income tax but also capital gains tax.

7. Key Risks in Gold Loans Financing

Few of the risks involved in gold loan financing is as follows:

Price Risk: Gold being a globally traded precious commodity, its price fluctuates daily depending on domestic and international factors. When gold price increases, it is beneficial to lenders as well as borrowers whereas when it falls drastically on a continuous basis, the current loan to value ratio (LTV) increases. This increases the possibility of delinquencies and the internally set mark to market (MTM) or LTV trigger may breach. As a policy, the financier in this case would ask for the part prepayment or additional collateral to avoid jewellery from auctioning. But in an extreme scenario when most of the customers fail to comply with either of the options combined with an unfavourable economic environment, a large chunk of jewellery may get auctioned for a value lower than market prices pre-auction, resulting in a lower recovery.

Credit Risk: Unlike other retail loans, where an independent credit team does assessment of a borrower, gold loans involve limited borrower credit check (by major non-banking finance companies), given that lending is purely collateral based. Given the limited role of credit risk assessment in gold loans' disbursement, the presence of robust internal processes for collateral assessment becomes crucial.

Valuation Risk: The LTV ratio at the time of sanction depends on the valuation conducted by the valuation officer to arrive at an intrinsic value/net weight of gold content in jewellery based on its purity, weight and excluding non-gold content. Often, one to two months of training is provided to staff before they are enrolled to the branches. Staff follows an internal policy of valuation which generally includes acid test and sound test, and disregarding stones and non-gold content to arrive at the net weight of jewellery. Lack of a standardised valuation procedure across branches of the originator will involve judgement of the valuer, which may result in mispricing the asset which can lead to an under collateralised loan. Moreover, to curb the risk of spurious gold being pledged, strong valuation system/process should be in place.

Auction Risk: Auction is typically conducted either on loan crossing 90 days past due (DPD) or when MTM breaches an internally defined threshold. Once it is established that an auction needs to be conducted, there are operational challenges of moving jewellery to a designated auction centre, risk of losing it in transit and finding buyers when quantity/weight is high.

Safety and Insurance Risk: In any secured loan, the substance of collateral is high from recovery perspective. Safety and protection of collateral becomes more crucial when servicer has custody of it. When security systems of storage and surveillance of gold have weak controls, the collateral is prone to the risk of burglary and fraud which can lead to unwanted losses. Also, financiers store high-value gold in vaults at their branches and make disbursements up to certain value in cash with high daily cash turnover. It is crucial to cover the risk of losing collateral and cash adequately and effectively through insurance.

Delinquency: Gold loan is considered as an emergency source of funding typically disbursed in a quick time. Although the product is fully secured, historically it has been noticed that there can be chances of delinquencies in the softer buckets because of the nature, purpose and tenor of loans. Income levels of the underlying borrowers during the tenor of loan and gold price volatility determine delinquency levels in the deeper buckets.

Seasoning Risk: Gold loans being a short tenure product where the weighted average life is often less than 12 months, the average seasoning at the time of securitisation may be three to four months and of only interest payment (principal repayment being bullet in nature). Hence, loan’s performance history is limited. Although the short-tenure gold loan has the advantage over a correction in gold prices, it does not give a larger picture on pre-securitisation credit behaviour.

8. OUTLOOK OF THE GOLD LOAN MARKET IN INDIA

Outlook of the Gold Loan Market in India

India is one of the largest markets for gold and in our Indian culture gold is considered as auspicious, particularly in Hindu and Jain cultures and gold is worn for important ceremonies and occasions. Gifting gold is a deeply ingrained part of marriage rituals in Indian society where weddings generate approximately about 50% of annual gold demand. Rural residents and low-income groups are the major customers of gold loans, as gold is usually the only asset they possess. Gold loan has emerged as one of the most reliable credit sources for these categories of customers. Further the gold loan market is still underpenetrated, considering the abundant availability of gold as collateral with Indian private households. This could play a vital role in the expansion of gold loan market. FSIAPL has estimated that the gold loan market size will grow to INR9,600bn by FY27P.

Demand for gold loans, both through banks and NBFC, has grown in response to the economic impact of the COVID-19 pandemic. The need for quick credit among small businesses will further spur gold loans' growth post the pandemic. With the credit demand expected to rise, the organised gold loan industry is expected to grow over the next few years at a CAGR of 12% from INR6,050.0bn in FY23 to INR9,600bn in FY27P which would be driven by gold loan NBFCs moving into non-southern Indian territories, improving penetration, improving product awareness and building brand identity. Diversification into other regional geographies and untapped markets would be the key for industry AUM to grow. Gold loan industry AUM projection from FY21 to FY27P is provided below:

Source: FSIAPL

Since the COVID-19 outbreak of the pandemic, gold loans have become an easy way of accessing capital and both banks and NBFCs have reported higher disbursements and increasing revenue numbers from their gold loans portfolio. Industry report suggests that MSME companies are turning to gold to raise funds, rebuild their business and manage working capital requirements. Gold loan processing is perceived to be faster and more convenient,

compared to personal loans. Organized players are adopting marketing initiatives to raise awareness against heavy interest rates charged by the unorganized players (which are in the range of 25-50%) especially in rural parts. Also, player’s ability to leverage technology and improve their online gold disbursements could turn out to be a game changer. Based on these growth drivers, we expect gold loan NBFCs’ AUM to grow at 14% CAGR, from INR1,512.5bn in FY23 to INR2,554.0bn in FY27P. Indian NBFC’s gold loan AUM projection for the coming 4 years is provided below:

Source: FSIAPL

The overall organized NBFC’s gold loan penetration level is around 25-30%, which confirms that there is headroom for growth in this market. So, financial institutions with the right focus, operational capabilities, availability of funds, refreshing products and modern technology can capture a large market share.

Various factors affect the gold demand in India. The relationship between these factors is provided below:

Long Term Factors		Short Term Factors	
Rising Income	Gold Price Movement	Inflation	Excess Rainfall
It is anticipated that for a 1% increase in income, the demand for gold will rise by 1%	For a 1% increase in gold price, demand will decrease by 0.5%	For a 1% increase in inflation, demand rises by 2.6%	For a 1% increase in monsoon rainfall, gold demand rises by 0.5%

The arrival of new online gold loan products and digital models by various NBFCs and fintech players are expected to tap the gold loan market. These products offer gold loans at the client’s doorstep and complete the process without much hassle. More and more tech driven consumers are opting for these loans as these products have lower interest rates vis-à-vis its competing brick and mortar NBFCs.

Gold as a Hedge against Inflation, Fluctuation in Interest Rates and Rupee Devaluation

The Indian rupee fell to a low of 83.62 against the US dollar on 20th June 2024. Amid escalating tensions in Western Asia following Iran's drone and missile assault on Israel in April 2024, the strengthening of the U.S. dollar exerted pressure on currencies from emerging markets around the world. The rise in crude oil prices to nearly a five-month high has exerted some selling pressure on the Indian Rupee, as India is the world's second-biggest oil importer. The escalating geopolitical tensions in the Middle East and Russia-Ukraine might further boost crude oil prices and drag the Indian Rupee lower. However, the robust Indian economic data and optimistic

outlook for the Indian economy might limit the Indian Rupee's downside. Also, to curb the weakening of the rupee, the Reserve Bank of India (RBI) stepped into the foreign exchange market, dispersing dollars to banks under state ownership.

Higher inflation leads to increase in expenses and lesser savings thereby affecting personal finances. Higher inflation over a period can cause higher interest rates, thereby making loans expensive. A weak rupee against dollar affects any investment done abroad, foreign education and foreign travel. The inflationary pressures have led to interest rate hike by RBI which has already raised interest rates several times last year. A higher interest rate will lead to higher EMIs. For the investor of debt funds, rise in interest rates would bring down the bond prices and hence has a negative impact on the debt funds 'net asset values'. As explained above, the rising exchange rates and the resulting inflationary pressures will have an impact on the value of the assets of the retail investors and hence it is imperative for the retail investors to invest in class of assets which are a good inflation hedge. Among all the class of assets, gold is considered as a best hedge against inflation and seen as an ideal asset for portfolio diversification.

The demand for gold rises whenever there is political chaos and gold is considered as safe haven. A significant reason why people invest in gold is that it has performed admirably in holding of value over the long-term in comparison to other assets like paper currency, some coins or even stocks. Thus, gold can be used to protect purchasing power, reduce volatility and minimize losses during periods of market shock.

RBI is among the 10th largest holder of gold reserves among central banks globally, according to the latest WGC report with USA and Germany among the top holders ever since uncertainty over the dollar outlook mounted after the US-China trade war concerns in 2018, central banks across the globe started buying gold to diversify their foreign exchange reserves base. RBI also started buying gold after a long gap (after Nov 2009). The surge in foreign inflow and low yield on overseas sovereign bonds may have led to RBI buy gold. As per the World Gold Council's report, central banks globally hold approximately 17% of all gold that has been extracted, with their reserves exceeding 36,699 metric tons (MT) at the end of 2023. The bulk of this accumulation has occurred in the last 14 years, as they turned into net purchasers of gold starting in 2010. As of end of April 2024, the Reserve Bank of India's foreign exchange reserves included 827.69 tonnes of gold, an increase from 803.6 tonnes at the end of December 2023, based on the most recent figures. The Bank of England safeguards over half of the gold reserves of the RBI in secure storage abroad.

The RBI has transported over 100 tonnes of gold from the United Kingdom to its domestic vaults in May 2024. Plans are in place to potentially repatriate more gold on an annual basis. This marks the first significant addition of the precious metal to the domestic reserves since 1991. Over half of the Reserve Bank of India's gold holdings are securely kept abroad with the Bank of England and the Bank for International Settlements (BIS), with about one third of these reserves maintained within the country. It is anticipated to reduce the storage expenses that the RBI currently incurs at the Bank of England. As per the annual data released by the RBI, the central bank's foreign exchange reserves included 822.10 tonnes of gold as of 31st March 2024, showing an uptick from the 794.63 tonnes recorded at the same point in the previous year.

The RBI decision to buy gold is significant because unlike Central banks it does not regularly trade in gold although the law permits it do so. The RBI's decision to buy gold is probably a decision for diversification of assets for deployment keeping in mind the evolving global risks due to rising policy rates in the USA and increasing market volatility. The beginning of the RBI's recent gold purchases in early 2018 coincides with two events. One, the US dollar fell sharply in 2017 as the trade war with China and crash in commodity prices led to

selling in dollar assets. Two, yields on US treasury bonds spiked sharply between September 2017 and March 2018. These two happenings, taken together, would have resulted in a sharp loss in the value of US treasury securities held in foreign exchange reserves. Gold prices have also been in a strong up-trend since September 2018, gaining almost 48% since then. This rally would have bolstered the central bank’s resolve further.

India’s desire to add gold reserves seems to be driven mainly by the fear of depreciation in dollar value causing capital loss. India’s forex reserves have been on an upward trajectory for most part over the last three decades as the RBI used the copious foreign portfolio and direct investment inflows to build its reserves. More than one-third of these reserves are held as US treasury securities.

9. KEY CHALLENGES FACED BY THE GOLD LOAN INDUSTRY

Volatility in Gold prices

Volatility in the gold prices has impact on the performance of the gold loan market. Though gold prices were increasing, it is expected to decrease over the long term. As per the Pink Sheet of World Bank Commodities Price Data of 4th June 2024, quarterly average price of gold was at USD 2,072.0 per toz in Q1CY2024. As per the World Bank Commodity Markets Outlook of April 2024, the global prices of gold are expected to increase from USD1,943.0 per toz in CY2023 to USD2,050.0 per toz in CY2025F. With increase in LTV, the asset portfolio of gold finance companies become more vulnerable if gold price crash suddenly. This is because the safety margin reduces with higher LTV. Banks would be exposed to greater risk due to higher LTV.

Note: F - Forecast

Regulatory pressure

At present, every NBFCs-ND-SI is required to make a provision for standard assets at 0.4% of the outstanding. In March 2017, RBI stated that NBFCs cannot disburse more than INR20,000/- in cash against the gold loans. This RBI move is being part of its go digital drive post demonetization. RBI had increased the maximum limit for LTV for gold loans for scheduled commercial banks to 90% (earlier it was 75%) till March 2021 but it was brought back to 75% post 31st March 2021. The LTV is still 75% for NBFCs. The objective behind increasing the LTV would be to provide some lending room for the lenders. The higher LTV ratio suggests more credit risk for the lenders as the collateral available in the form of gold ornaments or jewelry may not be sufficient to fully cover

both principal and interest components on these loans. Higher LTV could adversely impact the recoverability and asset quality of lenders in the case of a weakening in the borrower's credit risk profile and/or sharp decline in gold prices.

Security Threats and Risks of Theft

One of the principal risks in the operations of gold loan NBFCs are robbery and employee theft or fraud which needs to be safeguarded. To safeguard against theft or loss of collateralized gold NBFCs install safe vaults, in-house or outsourced storage model, electronic surveillance, internal and external audits and insurance.

Lack of financial literacy among rural customers

The customer segment living in remote areas is financially illiterate and till date they are under the impression that they are not eligible for any loans from the organized (banks, NBFCs, financial institutions) sector and they approach local moneylenders. This financial illiteracy among rural people is a factor that hampers the growth of market to a great extent.

Young Indians attraction to alternative jewelry

India is the largest consumer of gold in the world. From last few years the young population of India is more inclined towards high-end designer and gem-set jewellery with a preference to platinum and diamonds. This indicates buying patterns are shifting and the demand for plain gold jewellery is declining especially in the urban areas. As per industry reports, India is the world's fourth largest platinum market and customers have the assurance of buy-back similar to gold ornaments. In recent times, diamonds are also gaining equal popularity to gold as an investment option. Further, the Indian Commodity Exchange is offering a Systematic Investment Plan to acquire precious stones for retail buyers. Since, the last seven years, gold and platinum have appreciated by a similar extent. All these are indicators of slightly diminishing popularity of gold amongst the urban youth in urban markets.

Change in Savings Pattern

The youth are turning towards alternative options such as equity markets/mutual funds for wealth creation as against traditional method of buying gold. Also, the % age of discretionary spending is also rising day by day. These alternate investment options are gaining more traction.

Data Security

Protection of data is the most importance given to the rise of cyberattacks through malware and phishing targeted at the confidential client information. All the financial institutions need to make sure that sufficient attention is given to such challenges and a strong network and data infrastructure is in place which would be capable of preventing such attacks.

According to industry sources, cyber-crime is the third most reported fraud across the financial sector. The RBI directed that all NBFCs were required to have a board-approved information security policy with the following basic tenets:

- Confidentiality - Ensuring access to sensitive data to authorized users only.
- Integrity - Ensuring accuracy and reliability of information by ensuring that there is no modification without authorization.
- Availability - Ensuring that uninterrupted data is available to users when it is needed.

- Authenticity - For information security it is necessary to ensure that the data, transactions, communications, or documents (electronic or physical) are genuine.

Overview

We are a non-deposit taking non-banking financial company- base layer (NBFC – Base Layer) registered with the RBI bearing registration no. N-16-00178 dated December 12, 2002 under section 45-IA of the RBI Act primarily engaged in the gold loan sector lending money against the pledge of household and/or used gold jewellery (“**Gold Loan**”) primarily to retail customers who require immediate availability of funds, but who do not have access to formal credit on an immediate basis and are also engaged in providing unsecured loans (“**Pronote Loan**”) to individual customers for their personal needs. As of June 30, 2024, we disbursed Gold Loan and Pronote Loan to our customers from a network of 252 branches of our Company in 11 states and union territories of India namely Tamil Nadu, Kerala, Delhi, Haryana, Maharashtra, Madhya Pradesh, Odisha, Punjab, Uttar Pradesh, West Bengal and Rajasthan. As of June 30, 2024, we employed 863 persons in our operations. Our branches function as the key point of contact for loan origination, disbursement, and collection processes as well as facilitating customer interaction.

We are headquartered in the south Indian state of Kerala. Our Company commenced operations from Thiruvananthapuram, Kerala and have decades of established history in the money lending business, mainly in small-scale money lending against household and/or used gold jewellery. Our operating history has evolved over a period of 84 years since late M. Ninan Muthoot (the father of our Promoter, Mathew Mathaininan) founded a gold loan business in 1939 under the heritage of a trading business which was originally established in the year 1925. Since our formation, we have broadened the scale and geographic scope of our gold loan operations. For Fiscal 2024, 2023 and 2022, our interest income from our Gold Loan business constituted 95.27%, 96.58% and 98.66% and respectively of our total income. Historically, we have also provided other related services, including asset finance, money transfer and foreign exchange, sales of gold coins and business and personal lending. Our Company was incorporated as a Public Limited Company in the year 1997 and was registered as a NBFC by the Reserve Bank of India in the year 2002. We are also having arrangements with various agencies and brokers for Money Transfer and Insurance Business.

Our Gold Loan portfolio as of March 31, 2024 comprised approximately 0.90 lakh customers aggregating a principal amount of ₹ 64,659.27 lakhs in Gold Loan, which accounted for 97.50% of our total loans. Our Gold Loan portfolio as of Fiscal 2024, Fiscal 2023, and Fiscal 2022 had outstanding principal amounting to ₹ 64659.27 lakhs, ₹49,469.77 lakhs, and ₹33,255.80 lakhs respectively and has grown at a CAGR of 39.44% from Fiscal 2022 to Fiscal 2024.

We have developed various Gold Loan schemes, which offer variable terms in relation to the amount advanced per gram of gold, the interest rate and the quantum of the loan, to meet different needs of various customers. Our Gold Loan customers are largely individuals from rural, semi-urban areas and metro cities, including, Mumbai

and Delhi, who typically require funds for social obligations, emergencies, agriculture-related activities, small scale business operations or consumption purposes.

We believe that our focus on non-organized sections of society and our faster turn-around time are among the factors which distinguish us from banks. Loan amounts advanced by us are generally in the range of ₹1,000 to ₹100.00 lakhs per loan transaction. All our Gold Loan had a maximum tenure of 12 months. Our Gold Loan portfolio yield for period ended March 31, 2024 (representing interest income on Gold Loan as a percentage of average outstanding at March 31, 2024), was 22.00%.

We also provide Pronote Loan which are unsecured loans to our existing customers for their personal needs including consumption needs. Our Pronote Loan portfolio as of March 31, 2024 had outstanding principal amount of ₹ 1654.74 lakhs, which accounted for 2.50% of our total loans outstanding.

The following table sets forth certain key financial measures for us as of/for the years/period indicated:

Competitive Strengths

We believe that the following are our key strengths:

Strong brand name, track record in India with a long operating history

We are headquartered in the south Indian state of Kerala. Our Company commenced operations from Thiruvananthapuram, Kerala and have decades of established history in the money lending business, mainly in small-scale money lending against household and/or used gold jewellery. Our operating history has evolved over a period of 84 years since late M. Ninan Muthoot (the father of our Promoter, Mathew Mathaininan) founded a gold loan business in 1939 under the heritage of a trading business which was originally established in the year 1925. Since our formation, we have broadened the scale and geographic scope of our gold loan operations. We have established an effective process for origination, monitoring and collecting receivables through our branches and believe that has helped created a strong brand image in the Gold Loan market by catering to the expectations of our Gold Loan customer. Promoted by the Muthoot family, we believe that our long operating history, track record, management expertise and Promoters support have established a strong brand name for us in the markets we serve. A strong brand name has contributed to our ability to earn the trust of individuals who entrust us with their gold jewellery and will be key in allowing us to further expand business operations across India.

Our Gold Loan portfolio as of March 31, 2024, comprised approximately 0.90 lakhs customers aggregating a principal amount of ₹ 64,659.27 lakhs in Gold Loan, which accounted for 97.50% of our total loans. We attribute our growth, in part, to our market penetration, particularly in areas less served by organized lending institutions and the efficient and streamlined procedural formalities which our customers need to complete in order to complete a loan transaction with us, which makes us a preferred mode of finance for our customers. We also

attribute our growth to customer loyalty which in turn leads to repeat business. We believe that a large portion of our customer base returns to us when they are in need of funds.

Flexible loan schemes, high quality customer service and short response time

We believe the growth in our Gold Loan portfolio is partly due to the flexible gold loan schemes which offer variable terms in relation to the amount advanced per gram of gold, the interest rate and the quantum of the loan, to meet different needs of various customers. Depending on the needs of each customer, we are able to customize loans for our customers in terms of the loan amount, advance rate per gram of gold and interest rate. We also allow customers to prepay their loans availed from us without penalty. Further, we also provide shorter tenure loans which is up to 12 months (depending on the customer's requirement) at the discretion of the Company, to facilitate lower interest burden on the customers. The LTV varies across the various Gold Loan schemes and is dependent on the specific scheme opted for by a customer.

Our products and services are aligned to the lifestyle and needs of our customers. We adhere to a strict set of market survey and location guidelines at the time of selecting branch sites to ensure that our branches are set up close to our customers. We provide our customers with a transparent process and a clean, attractive and secure environment in which to transact their business, and we believe that our staff is professional, adequately trained and attentive at all our branch locations. Each of our branches is staffed with customer representatives who possess local knowledge and understanding of customers' needs. In addition, we strive to complete our Gold Loan transactions within a short time frame, which we believe is an important component in our competitive edge over other lenders. We believe that we are able to process Gold Loan within a short time frame as a result of our efficient technology support, skilled workforce and clear policies on internal processes. Although the duration for disbursement may vary due to the loan size and the number of items pledged, we have the ability to disburse loans within short period from the time gold is tendered to the appraiser.

Furthermore, since our Gold Loan are all collateralized by gold jewellery, there are minimal documentary and credit assessment requirements, which also shorten our turnaround time and increases the ease with which our customers can do business with us. We believe our high quality customer service and short response time are significant competitive strengths that differentiate our services and products from those provided by other lenders including commercial banks.

Geographical reach of our branch network

We have steadily expanded our branch network in the past, which we believe has provided us with an advantage over our competitors. The total number of our branches of our Company grew from 179 branches in 9 states and union territories of India as at March 31, 2022 to 252 branches in 11 states and union territories as at June 30, 2024. Although we have historically had most of our branches in the states of Kerala, we have expanded our branch network to the other states and currently have 171 branches in states other than Kerala as on June 30, 2024. Our customers are typically retail customers, small business persons, vendors, traders, farmers and salaried individuals, who for reasons of convenience, accessibility or necessity, avail our credit facilities by pledging their gold with us rather than taking loans from banks and other financial institutions. A significant proportion of our branches are located in rural locations and in semi-urban locations. We believe that we have a wide reach in rural markets in this category. Our reach in rural and semi-urban locations gives us an added advantage of being able to reach a large set of potential rural customers. In order to manage our expanding operations as well as our increased customer base, we have developed a proprietary technology framework that provides an integrated, robust platform to run our operations and scale our branch network. We intend to continue to develop our technology framework in order to equip ourselves for further growth of our business.

Experienced Management Team and Skilled Personnel

Our Promoters and Key Managerial Personnel have extensive experience and in-depth industry knowledge in the gold loan business and we believe that their considerable knowledge of, and experience in, the industry enhances our ability to operate effectively. Our staff, including professionals, covers a variety of disciplines, including gold appraisal, internal audit, technology, accounting, marketing and sales. Mathew Mathaininan is a Mechanical Engineering graduate with a work experience of more than 60 years in the financial services and chitty business. Our Managing Director Richi Mathew is a Computer Engineering graduate, has a work experience of more than 20 years in the Financial Sector.

We believe that the in-depth industry knowledge and loyalty of our management and professionals provide us with a distinct competitive advantage. Our management has experience in identifying market trends and suitable locations for expanding and setting up branches to suit our target customers. Our management further promotes a result-oriented culture that rewards our employees on the basis of merit. Our workforce also consists of appraisers who are skilled in the evaluation of the worth and authenticity of the gold that is pledged with us and we conduct periodic training programs to augment their knowledge and efficiency in performing this task. In order to strengthen our credit appraisal and risk management systems and to develop and implement our credit policies, we have hired a number of senior managers who have extensive experience in the Indian banking and financial services sector and in specialized finance firms providing loans to retail customers.

Effective internal controls and risk management systems

Risk management forms an integral part of our business as we are exposed to various risks relating to our business. We believe that we have effective internal controls and risk management systems that allow us to assess and monitor risks across our business lines. Our lending functions are supported by an in-house, custom developed information technology platform that allows us to, among other things, record relevant customer details, approve and disburse the loan, manage access to the strong rooms at all our branches from our head office. Our technology platform also handles internal audit, risk monitoring and management of the relevant loan and pledged gold related information. Our internal audit is carried out by a team of gold inspectors and internal auditors specially identified for the purpose based on a schedule fixed by the risk management team in our head office. Our Board has constituted various committees, including the Audit Committee, Asset Liability Management Committee and Risk Management Committee, to monitor and manage risks at various levels. For details of Committees, please refer to section titled '*Our Management*' on page 124. We place emphasis on risk management measures to maintain an appropriate balance between risk and return and have taken steps to implement comprehensive policies and procedures to identify, measure, monitor and manage risks. New loan schemes under loan products are launched as approved in meeting of the management team consisting of heads of departments. Such meetings are held as required and approvals are granted taking into account the lending policy approved by the Board. We believe that we have effective procedures for evaluating and managing the market, credit and other relevant risks.

Strategy

Our business strategy is designed to capitalize on our competitive strengths and enhance our market position in the Gold Loan industry. Key elements of our strategy include:

Further strengthen and grow our Gold Loan business

Historically, Indians have been one of the largest consumers of gold due to the strong preference for gold jewellery among Indian households and its widespread use as a savings instrument. Further, the market for our loan products was traditionally confined to lower and middle income groups, who viewed Gold Loan as an option of the last resort in case of instant requirement of money. As per report issued by FSIAPL, factors such as lack of reach of banking to rural and lower-income groups, rising consumerism in rural areas, changing attitudes towards Gold Loan, ease of availability of Gold Loan, untapped opportunities in the non-south regions and lower default rates could lead to exponential growth in Gold Loan business at a CAGR of 12% till Fiscal 2027. We have undertaken and intend to continue undertaking sustained marketing efforts to diminish the stigma attached to pledging gold jewellery in India and further capture the untapped opportunity. We continue to work to position Gold Loan as a convenient or lifestyle product and expand our customer base to include upper-middle income and upper income groups. We continue to emphasize our Gold Loan products' key advantages of expediency and minimal documentation, and alter the image of Gold Loan from an option of the last resort to an option of convenience.

We believe that we have built a recognizable brand in the rural and semi-urban markets of India, largely in the southern states of Kerala and Tamil Nadu and are growing our presence in Maharashtra, Delhi, Haryana, Orrisa, Punjab and other parts of India. We intend to leverage on our well connected branch network to strengthen our position in existing markets and reach out to customers in newer markets. To further strengthen our brand equity, we have a planned and consistent marketing approach based on long term as well as short term marketing goals.

Expand branch network and geographical reach

We intend to continuously grow our loan portfolio by expanding our network through the addition of new branches. In order to optimize our expansion, we carefully assess potential markets by analyzing demographic, competitive and regulatory factors, site selection and availability, and growth potential. We have a long-standing

presence in southern India and have expanded operations in other states than southern India. Our strategy for branch expansion includes further strengthening our market position in south Indian states by providing higher accessibility to customers as well as leveraging our expertise and presence in Kerala and Maharashtra. We also seek to enhance our presence in other regions of India, particularly in northern and western India, where we intend to open branches in most states. As a strategy, we will continue to leverage on the brand image and reputation of 'Muthoot Ninan Group' to further expand our business operations. We had 178 branches in Fiscal 2022 and have added 39 branches and 25 branches in Fiscal 2023 and Fiscal 2024, respectively. Subsequently, we have opened 10 branches as of June 30, 2024 and our Company had a total of 252 branches located across 11 states and union territories of India. Based on our branch expansion strategy, we expect to penetrate new markets and expand our customer base in rural and semi-urban markets where a large portion of the population has limited access to credit either because they do not meet the eligibility requirements of banks or financial institutions, or because credit is not available in a timely manner at reasonable rates of interest, or at all. We also intend to increase our efforts on increasing the number of customers in our existing branches, thereby increasing our loan portfolio while continuing to expand our branch network.

Strengthen our operating processes and risk management systems

Risk management forms an integral part of our business as we are exposed to various risks relating to the Gold Loan business. The objective of our risk management systems is to measure and monitor the various risks we are subject to and to implement policies and procedures to address such risks. We intend to continue to improve our operating processes and risk management systems that will further enhance our ability to manage the risks inherent to our business. For example, we have installed surveillance cameras in all our branches across India, centralised control on access to strong rooms. Furthermore, we intend to continue to train existing and new employees in appraisal skills, customer relations, communication skills and risk management procedures, update our employees with latest developments to mitigate risks against frauds, cheating and spurious gold and strengthen their gold assessment skills.

Corporate Structure

MUTHOOT MERCANTILE LIMITED

Our Business Operations

Our Gold Loan Business

Our core business is providing Gold Loan, which are typically small ticket loans secured by the pledge of household, and/or used gold jewellery. Loan amounts advanced by us are typically within the range of ₹ 1,000.00 to ₹ 100 lakhs per loan transaction and are typically for short tenor of up to 12 months. However, there is no maximum limit on the amount of Gold Loan to be advanced to any customer. As of Fiscals 2024, 2023 and 2022, we had Gold Loan outstanding aggregating to ₹66,659.27 lakhs, ₹49,469.77 lakhs, and ₹33,255.80 lakhs in principal amount.

We are able to offer a variety of Gold Loan schemes to our customers to suit their individual needs. We have developed various Gold Loan schemes which offer variable terms in relation to the amount advanced per gram of gold, the interest rate and the quantum of the loan, to meet different needs of various customers. The schemes differ in relation to the amount advanced per evaluated gram of gold, the interest rate chargeable, the number of days the scheme is valid and the amount of the loan. The elements of a scheme do not remain constant and are dependent on external factors such as the market price of gold, our cost of funds, the advance and the rate of interest that is offered by our competitors.

In the Fiscals 2022, 2023 and 2024, our gross Gold Loan portfolio yield representing net interest income on gross Gold loan as a percentage of gross average outstanding of Gold Loan were 21.43%, 22.10%, and 22.00% per annum respectively. In Fiscals 2022, 2023 and 2024, interest income from Gold Loan constituted 98.66%, 96.58%, and 97.27 % respectively, of our total revenue. For Fiscal 2024, the average loan amount advanced by us was approximately ₹0.48 lakhs per loan transaction respectively.

Loan Disbursement Process

The principal form of security that we accept is household, gold jewellery. The RBI Master Directions provide that NBFCs shall not grant any advance against primary gold, gold bullion, gold coins and bars, units of Exchange

Traded Funds (ETF) and units of gold mutual fund. We restrict acceptance of jewellery from other money lenders. Our internal policies have been suitably modified to ensure the same. While these restrictions narrow the pool of assets that may be provided to us as security, we believe that it provides us with the following key advantages:

- It filters out spurious jewellery that may be pledged by jewellers and goldsmiths. We find that household, used jewellery is less likely to be spurious or fake.
- The emotional value attached by each household to the pledged jewellery acts as a strong incentive for timely repayment of loans and revoking the pledge.
- As we only accept the pledge of household jewellery, the value of the pledged gold is typically only as much as the worth of gold that is owned by an average Indian household. This prevents our exposure to large-sized loans where the chances of default and subsequent losses are high.

The amount that we finance against the pledged gold jewellery is typically based on a fixed rate per gram of gold content in the jewellery. We value the gold jewellery brought by customers based on our centralized policies and guidelines. We generally lend up to 75.00% of the value of jewellery (basis the category of gold loan scheme of the 22 carat gold price based on 30 days average price of 22 carat gold declared by India Bullion and Jewellers Association Limited, as per RBI guidelines). As per our internal Gold Loan manual, we do not accept household gold jewellery below 19 carats as security for Gold Loan.

The actual loan amount varies according to the type of jewellery pledged. While jewellery can be appraised based on a variety of factors, such as total weight, weight of gold content, production cost, style, brand and value of any gemstones, we appraise the gold jewellery solely based on its gold content. Our Gold Loans are, therefore, generally well collateralized because the actual value of the gold jewellery is higher than our appraised value when the loan is disbursed. The amount we lend against an item and the total value of the pledged gold we hold fluctuates according to the market price of gold. An increase in the price of gold will not automatically result in an increase in the value of our Gold Loan portfolio unless the rate per gram is revised by our Registered Office. It only results in a favourable movement in the value of the security, pledged with us. Similarly, since adequate margins are built in at the time of the loan disbursement and owing to the short tenure of these loans, on average, a decrease in the price of gold generally has little impact on our interest income. However, a sustained decrease in the market price of gold could cause a decrease in the growth rate of Gold Loans in our loan portfolio.

All our Gold Loans have a maximum term of 365 days. In the event that a loan is not repaid on time and after providing due notice to the customer, the unredeemed pledged gold is disposed off, on behalf of the customer in satisfaction of the principal and interest charges. Any surplus arising out of the disposal of the pledged gold is refunded to the customer or is appropriated towards any other liability by the borrower. In the event that the recoverable amount is more than the realizable value of the pledged gold, the customer remains liable for the shortfall.

We make provisions for losses that we believe are not recoverable from the customer when the respective loans remain outstanding after 90 days from the date of agreed tenor of the loan.

The processes involved in approving and disbursing a Gold Loan are divided into three phases:

- Pre-disbursement,
- Post-disbursement;
- and
- Release of the pledge

Pre-Disbursement

Pre-disbursement processes include all the actions that are carried out from the moment a customer enters any of our branches for procuring a Gold Loan until the customer receives the loan amount and include the following:

Identification and Appraisal of the Customer

Gold Loans are sanctioned only to genuine borrowers. Gold loans are sanctioned only to genuine borrowers. Compliance with the KYC policies ensures that the personal data provided by a particular customer is accurate. For all loans, the customer must provide a document that confirms the customer's identity, which could be a Government issued document, such as a passport, driver's license, PAN card, voter identification card, ration card or UIDAI card (Aadhar) and proof of address required. For mandatory compliance of KYC norms, as mandated by RBI and easy identification of each borrower, a photograph, proof of identity and address are always obtained. Any KYC document that is received is verified for authenticity. A KYC register is maintained in every branch to enter all KYC related details of our customers. We also maintain and file electronic copies of all KYC documents at each branch, retain a photograph of each customer captured through web-cameras installed in our branches, and confirm the customer's mobile number by generation of a unique identification number through text message at the time of the pledge.

The RBI Master Directions provides that Gold Loan NBFCs have been mandated to insist on a copy of the PAN card of the borrower for all transaction above ₹500,000. Further, where the gold jewellery pledged by a borrower at any one time or cumulatively on loan outstanding is more than 20 grams, NBFCs must keep record of the verification of the ownership of the jewellery. Further, it is not necessary to produce original receipts to establish ownership. Instead, a suitable document may be prepared to explain how the ownership is determined and an explicit policy within the overall loan policy must be established by the Company. Our internal policies have been suitably modified to ensure the same.

Appraisal of Gold

The first step in the process is the appraisal or evaluation of the gold to be used as security for the Gold Loan. Once the manager is satisfied regarding ownership of the ornaments, the ornaments would then be appraised by the manager himself and/or other staff members who are assigned with the responsibility of appraising the gold jewellery. The ornaments being tendered are not appraised by any person who is not associated with our Company nor are the ornaments sent out of the concerned branch for appraisal. We use the services of our in-house gold appraisers in case of large value loans. These gold appraisers are professionally qualified for appraising the quality of gold and usually have multiple years of experience in appraising gold.

Several steps are involved in the gold appraisal process. The process of measuring the "fineness", or purity, of gold is referred to as 'assaying'. There are different methods of assaying the purity of gold. We first test the authenticity of the gold in accordance with standard guidelines that are applied across all our branches. This process involves several principal tests, which includes the acid test, the touchstone test, checking for hallmarks and the sound test. As per our policy, all types of stones are ignored, and their weight reduced from gross weight when advancing against ornaments. Sufficient margin is, therefore retained for the approximate weight of such stones and for arriving at eligible loan amount; net weight of the ornaments so arrived at alone is taken into account. Wherever weight of stones cannot be ascertained, such ornaments are avoided. The manager also verifies and satisfies himself that the ornaments have been properly tested for purity and details - gross weight as well as net weight, are correctly noted. He should also confirm correctness of valuation made.

We use weighing machines of high quality at various branches of our Company. Pursuant to RBI Master Directions, in order to standardize the valuation and make it more transparent to the borrower, gold jewellery accepted as collateral shall have to be valued at the average of the closing price of 22 carat gold for the preceding 30 days as quoted by the Indian Bullion and Jewellers Association Limited and value of the jewellery of lower purity in terms of carats shall be proportionately reduced.

Documentation

The standard set of documents that are executed in a typical Gold Loan transaction include the pawn ticket and the applications cum terms and conditions. Basic details of the pledge, such as the name of the customer and the net weight of the jewellery pledged is recorded on the gold loan slip, which is retained by us. The pawn ticket, which contains the details of the customer and the pledged jewellery, is filled in by the employee who appraised the gold and a copy is retained by the customer. The terms and conditions that are contained in the application form empower us to sell the pledged jewellery if the customer defaults on the Gold Loan. After execution of prescribed documents, a loan ticket detailing the particulars of the loan including the details of the items pledged, rate per gram, interest rate and maturity date is handed over to the customers along with disbursement of the loan.

Post-Disbursement

Custody of the Pledged Gold

The post disbursement process involves the storage of the pledged gold jewellery. The pledged gold jewellery is packed in plastic bag and sealed separately by staff of the branch along with the relevant documents about the loan and the customer are stored in the strong room of the branch. Once lodged in cabinets in the strong room of the concerned branch, the branch head and the assistant branch head are the joint custodians of the gold. The safes and strong rooms in which the gold jewellery is kept are built in accordance with industry practice. The strong rooms are vaults with reinforced concrete cement structures. Separate cupboards are used within the strong rooms for the safe keeping of the gold collateral. The physical stock of pledge packets is also verified and tallied with the general ledger on a fortnightly basis and at the time of internal audit and gold inspection. Pursuant to the RBI Master Directions, the business of granting loans against the security of gold cannot be transacted at places where there are no proper facilities for storage/security of the gold jewellery. Further, no new branches can be opened without suitable storage arrangements having been made.

Inventory Control

Once the pledged gold is packed and moved to the safe or strong room, colour coded stickers are affixed on the packet. Tamper proof stickers are also affixed on the jewellery packets to ensure inventory control. Additional stickers are used to seal packets by persons examining packages subsequently, including our internal auditors. In addition to the colour coding, these stickers also contain details of the persons inspecting the gold. We have procedures in place for random verification of gold packets by the branch heads/ other authorised officers. A separate register is maintained for updating the details of the stickers used by a branch.

Branch Security and Safety Measures

Ensuring the safety and security of the branch premises is vital to our business since cash and gold inventory are stored in each branch. Branch security measures implemented by us include:

- **Strong Rooms:** Every branch of the Company, without exception, is provided with a strong room constructed as per the specifications of RBI with fireproof strong room doors. This is a provision at each location to ensure safety of the pledged ornaments, of the clients.
- **Access to the strong room** is with the help of two distinct keys, which are in the hands of two different individuals attached to the branch. The strong room has a grill door, joint custody of whose keys are with the Branch Manager and another staff (the “**Joint Custodian**”). Both the branch head and the Joint Custodian hold the keys to grill in the strong room. While this will open the physical locks, as an added security measure, we have installed an electronic lock that can be opened only through “OTP(One-Time-Password)” delivered to the Branch head. This is a unique surveillance measure installed and operationalised by our Company.
- **Electronic Security System:** All our branches are installed with CCTV cameras and other numerous surveillance system. Such kind of a surveillance system helps to avert any major incidents of frauds, thefts, etc. in the branch premises.
- **Insurance:** Entire gold stock of the branches is insured for their gold content against theft and other calamities and also fidelity insurance.

Release of the Pledge

Once a loan is fully repaid, the pledged gold jewellery is returned to the customer. The customer has to be present personally along with the gold loan token, at the branch where the pledge was originally made. The branch will verify the person with the photo taken at the time of pledge and confirm that there is no foul play and the amount to be paid is informed to the customer from the software and clarifies doubts if any on the amount demanded. The customer pays the amount at the cash counter and the ornaments are taken out of the safe and handed over to the customer after confirming them with the list of ornaments mentioned in the token and gold loan application form.

When a customer does not repay a loan on or before its maturity, we initiate the recovery process and dispose of the pledged gold to satisfy the amount owed to us, including both the principal and accrued interest. Before starting the recovery process, we inform the customer through registered letters or legal notices.

We also reserve the right, subject to notification to the customer, to sell the pledged gold even before a loan becomes past due in the event the market value of the underlying pledged gold falls below amounts outstanding on the loan. Pursuant to the RBI Master Directions, the following additional stipulations have been made in respect to auctioning of gold jewellery:

- (i) Auction should be conducted in the same town or taluka in which the branch that has extended the loan is located and the auction will be conducted only through auctioneers approved and appointed by the Board;
- (ii) While auctioning the gold, NBFCs have been mandated to declare a reserve price for the pledged ornaments. The reserve price for the pledged ornaments should not be less than 85.00% of the previous 30 day average closing price of 22 carat gold as declared by India Bullion and Jewellers Association Limited and value of the jewellery of lower purity in terms of carats should be proportionately reduced;
- (iii) NBFCs have been mandated to provide full details of the value fetched in the auction and the outstanding dues adjusted and any amount over and above the loan outstanding should be payable to the borrower; and NBFCs shall disclose in their annual reports, the details of the auctions conducted during the financial year including the number of loan accounts, outstanding amounts, value fetched and whether any of its sister concerns participated in the auction.

The situation for auction of the gold ornaments pledged arises only when the borrower has not repaid the dues in spite of the various opportunities given to him by our Company. Thus, auction of the pledged gold ornaments is the last measure resorted by our Company to recover the dues from the borrower. It shall be the practice of our Company to avoid the auction of the ornaments pledged by the customer to the maximum possible extent. Our Company shall follow up with the borrowers for release of the pledged ornaments before putting the same in the auction list by sending registered notice reminding the borrowers. Even after putting the ornaments in the auction list, a last opportunity shall be given to the customer to get the pledged items released by all possible means of settlement.

If the loan is not settled by the customer even after receipt of the registered notice sent in respect of the overdue loans, final auction intimation shall be given to the customer by registered post with acknowledgement due giving him another 15 days' time and intimating him of date and place of auction. This intimation shall contain the details of loan such as the loan number, date of loan, net weight of the ornament pledged, principal amount, interest, additional interest and other charges due from the customer, and total amount due. Our Company keeps the post office receipt towards proof of intimation/ notice to the customer auction shall be announced to the public by issue of advertisement in at least two daily newspapers (one in national and one in vernacular language) and shall be made well in advance before the auction. The auction list shall also be displayed at respective branch office(s).

Pronote Loan

We also offer unsecured loans i.e., Pronote Loan for their personal needs including consumption needs. These types of loans are provided exclusively to existing customers, with eligibility determined by the branch manager's credit assessment and the repayment history of the customer. This assessment helps gauge the customer's capacity to repay both the principal loan amount and the associated interest. Our Pronote Loan portfolio as of Fiscal 2024, Fiscal 2023 and Fiscal 2022 had outstanding principal amounting to ₹ 1654.74 lakhs, ₹1,269.02 lakhs, and ₹596.13 lakhs respectively. In the Fiscals 2022, 2023 and 2024, our gross Pronote Loan portfolio yield representing net interest income on gross Pronote loan as a percentage of average outstanding of Pronote Loan were 3.19%, 17.90%, and 15.22% per annum respectively. In Fiscals 2022, 2023 and 2024, interest income from Pronote Loan constituted 0.14%, 1.76%, and 1.69%, respectively, of our total revenue.

Our Other Business:

Money Transfer Services

We provide money transfer service as a fee-based business for transfer of money from abroad through our branches. Under our money transfer agreements, with agents of Money Transfer companies we make payment of money remitted by persons from abroad to the beneficiaries after checking their identity. The money paid by us on behalf of the agent of the Money Transfer company is refunded to us by the agent on the next working day after payment. We are entitled to receive a commission for the services provided depending on the number of transactions and the amount of money transferred.

Risk Management

Risk management forms an integral element of our business. Our risk management policy approved vide board resolution dated March 3, 2023. Given the changes in the business environment and increase in competition, we have revised our risk management policy, effective from July 11, 2023. Our risk management policy represents the standards of risk assessment to be followed by our Company as an NBFC, formulated in line with the RBI guidelines, and with the approval of the Board of Directors. As a lending institution, we are exposed to various risks that are related to our gold lending business, including volatility in gold process, regulatory directives and operating environment.

Our objective in our risk management processes is to ensure growth with profitability within the limits of risk absorption capacity. The policy lays down a framework for identifying, assessing, and measuring various elements of risk involved in the business and formulation of procedures and systems for mitigating such risks. The major types of risk we face in our businesses are credit risk, operational risk, market risk, liquidity risk and foreign currency risk.

Credit Risk

Credit risk is the possibility of loss due to the failure of any counterparty to abide by the terms and conditions of any financial contract with us. Credit risk in our Gold Loan business is relatively low because all our loans are adequately collateralised with pledged gold jewellery. We aim to reduce credit risk through a rigorous structured gold appraisal and loan sanction process, an effective system for monitoring the credit portfolio and recovery of dues. Credit risk is relatively low as the gold jewellery (pledged) as security for our loans are largely household used jewellery which carry the emotional attachment of the borrower due to which defaults are lesser in number. In any case they can be readily liquidated, and the possibility of any loss is relatively low.

We also manage credit risk by restricting loans in excess of specified limits to a single customer. For high value loans (loan amounts exceeding a certain limit), we undertake a credit check on the borrower before higher exposure is assumed. The methodology for fixation of loan to value or loan per gram is fixed in a manner so as to even out any large fluctuations. Our internal control system ensures independent verification of gold at the branch level for all loans. The level of verification at the branch level increases with the quantity of gold pledged. In addition, the quality of gold is checked by the area head through random check conducted during branch visits. Post-disbursement of loan, analysis of daily disbursements is undertaken by skilled officials to identify risk prone accounts which are then subsequently verified by internal auditor team within the shortest possible time.

Operational Risk

Operational risk is broadly defined as the risk of direct or indirect loss due to the failure of systems, people or processes, or due to external events.

We have instituted a series of checks and balances and internal audit reviews to address the various operational risks. Loans are considered only after proper KYC procedures for which detailed instructions have been issued and its compliance monitored. We also have detailed guidelines/procedures on the custody of cash or gold to address custodial risk, which is a risk associated with the safety and security of gold inventory. We have implemented centralized software that grants branch personnel access to strong rooms upon receipt of OTPs. This software is operated from our head office. All pledged gold and cash holdings are suitably and adequately insured with reputed insurance companies to cover burglary risks.

Process definitions and internal controls also aid in controlling operational risk. For instance, the branch manager and the assistant branch head are the joint custodians of the pledged gold and cash, indicating that the strong rooms or vaults will only be opened granted access if both officials are present. We undertake adequate employee profiling and background verification checks before hiring. Fidelity Insurance cover has also been taken to protect the Company from employee frauds.

Market Risk

Market risk arises from any decline in the value of the security due to adverse fluctuation in gold prices. This risk (to a great extent) is mitigated by the adequate margins we build into our loan to value/loan per gram used to calculate the loan amount, as well as by linking the LTV calculation to 30 days average price of 22 carat gold

declared by India Bullion and Jewellers Association Limited. Market risk also arises on account of variations in interest rates on borrowings availed by the Company since interest is payable on the Gold Loan at a predetermined rate. This risk is mitigated by periodically reviewing the interest rates charged on the Gold Loan, extending only short term loans which correlate to the interest rate payable on borrowings availed by the Company.

Liquidity Risk

The liquidity risk associated with the business is mitigated by suitably matching the tenure of assets and liabilities. Gold Loan, typically are short term loans with maximum term upto 12 months. Funding of these Gold Loan is through a combination of equity, bank borrowings and liability products. We have also implemented a robust collection and recovery mechanism and cash management system, ensuring adequate undrawn borrowing limits to meet contingencies, investing surplus funds in liquid investments in approved institutions and schemes, reducing the level of non-performing loans.

Foreign Currency Risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Foreign currency risk for the Company arises majorly on account of foreign currency borrowings. The Company's foreign currency exposures are managed through hedging its foreign currency risk on its foreign currency borrowings as on March 31, 2024 by entering into forward contracts. The counterparties for such hedge transactions are banks.

Non-Performing Assets (NPAs)

The Prudential Norms require that every non-deposit taking NBFC shall, after taking into account the degree of well-defined credit weaknesses and extent of dependence on collateral security for realisation, classify its lease/hire purchase assets, loans and advances and any other forms of credit into the following classes:

- a) Standard assets;
- b) Sub-Standard assets;
- c) Doubtful assets; and
- d) Loss assets

Further, the class of assets referred to above shall not be upgraded merely as a result of rescheduling, unless it satisfies the conditions required for the upgradation. A non-deposit taking NBFC is required to make provisions against sub-standard assets, doubtful assets and loss assets in the manner provided for in the Prudential Norms. In terms of the RBI Master Directions, non-deposit taking NBFC has to make inter alia the following provisions on their loan portfolio:

Asset Classification	Provisioning Policy
Standard Assets	0.40% of outstanding amount
Sub-standard Assets	10% of the outstanding amount
Doubtful Assets	100% of unsecured portion + 20% - 50% of secured portion
Loss Assets	100% provided if not written off

Based on the Prudential Norms for asset classification, details of the classification of our gross NPAs for significant classes of our assets as of Fiscals 2022, 2023 and 2024 are provided below:

(₹ in lakhs except %)

Asset Type	Fiscals		
	2024	2023	2022
Sub-standard	189.53	114.28	122.77
Doubtful	139.87	24.88	0.79
Loss	16.75	-	-
Gross NPA	346.14	139.16	123.56
Gross NPA (%)	0.52%	0.27%	0.37%
Less Provisions	97.63	80.96	13.97

Net NPA	248.51	58.20	111.08
Net NPA (%)	0.37%	0.11%	0.33%

Branch Network and Customer Service

As of June 30, 2024 we had 252 branches located in 11 states and union territories. The distribution of branches across India by region as of March 31, 2022, March 31, 2023, March 31, 2024 and June 30, 2024, is as set out in the following table:

Capital Adequacy Ratio

As per the RBI Master Directions, every NBFC-BL including us are subject to capital adequacy requirements. Currently, we are required to maintain a minimum capital ratio consisting of Tier 1 and Tier 2 capital which shall not be less than 15% of its aggregate risk weighted assets on balance sheet and of risk adjusted value of off-balance sheet items. Further, we need to maintain a Tier 1 capital of 12%. Also, the total of Tier II capital, at any point of time, shall not exceed one hundred percent of Tier I capital. Additionally, we are required to transfer up to 20% of our annual profit to a reserve fund and make provisions for NPAs. We had a capital adequacy ratio of 47.66%, 37.93%, and 29.82% on March 31, 2022, March 31, 2023 and March 31, 2024 and respectively.

We have satisfied the minimum capital adequacy ratios prescribed by the RBI for the financial year ended March 31, 2023.

Technology

We use information technology as a strategic tool for our business operations to improve our overall productivity and efficiency. The operations of our Company function through CBS software program named “*MuthootOne*”. We have moved to this CBS Software System with effect from April 1, 2016. Our Software department is managed by five engineers and three hardware technicians. We believe that through our information systems which are currently in place, we are able to manage our operations efficiently, market effectively to our target customers, and effectively monitor and control risks. We believe that this system has improved customer service by reducing transaction time and has allowed us to manage loan collection efforts better and to comply with regulatory record-keeping and reporting requirements. All our branches are computerised.

Funding Sources and Credit Ratings

Source of funding

We have expanded our sources of funds in order to reduce our funding costs, protect interest margins and maintain a diverse funding portfolio that will enable us to achieve funding stability and liquidity. Our sources of funding comprise of term loans and working capital limits from bank, issuance of secured and unsecured non-convertible debentures through private placement and subordinated debts.

Please refer to sections titled “*Financial Statements*” and “*Financial Indebtedness*” on pages 141 and 143

Credit Rating

India Ratings	Non-Convertible Debenture Issue	July 23, 2024	IND BBB/Stable	The rating of NCDs by India Ratings indicates that instruments with this rating are considered to have moderate degree of safety regarding timely servicing of financial obligations and carry moderate credit risk.	₹15,000

Security threats and measures taken to mitigate them

The principal security risks to our operations are robbery and employee theft or fraud. We have extensive security and surveillance systems and dedicated security personnel to counter external security threats. To mitigate internal threats, we undertake careful pre-employment screening, including obtaining references before appointment. We have installed surveillance cameras across our branches. To protect against robbery, all branch employees work behind wooden/ glass and steel counters, and the back office, strong room/safe are locked and closed to customers. We also keep the pledged gold in joint custody. While we provide armed security guards for risk prone branches, the majority of our branches do not require security guards as the gold jewellery are stored securely in strong rooms. Since we handle high volumes of cash and gold jewellery at our locations, daily monitoring, spot audits and immediate responses to irregularities are critical to our operations. We have an internal auditing program that includes unannounced branch audits and cash counts at randomly selected branches.

Competition

We face competition from banks, NBFCs and other unregulated/unorganised money lenders. Our Board believes that we can achieve economies of scale and increased operating efficiencies by increasing the number of branches under operation and proven operating methods. We believe that the primary elements of competition are the quality of customer service and relationship management, branch location and the ability to lend competitive amounts at competitive rates. In addition, we believe the ability to compete effectively will be based increasingly on strong management, regional market focus, automated management information systems and access to capital.

INDEPENDENT AUDITORS' REPORT ON THE SPECIAL PURPOSE FINANCIAL STATEMENT OF ASSETS AND LIABILITIES AS AT MARCH 31, 2022, STATEMENT OF PROFIT AND LOSS AND CASH FLOWS STATEMENT FOR THE YEARENDED MARCH 31, 2022 OF MUTHOOT MERCANTILE LIMITED

To the Board of Directors of Muthoot Mercantile Limited

We have audited the accompanying financial statements of Muthoot Mercantile Limited (the "Company"), which comprise the balance sheet as at March 31, 2022, and the statement of profit and loss, and cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "financial statements").

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of the financial statements that give a true and fair view of the state of affairs, results of operations and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014, as amended and based on the provisions of Para 3.3.10 of Schedule I to the Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021, as amended (the "SEBI NCS Regulations"). This also includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statements based on our audit. We conducted our audit in accordance with Standards on Auditing issued by the Institute of Chartered Accountants of India ("ICAI"). Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements are prepared in the manner so required as per Companies Act, 2013 and as per SEBI NCS Regulations and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, and of its results of operations and its cash flows for the year then ended.

Restriction on Use and Distribution

The financial statements are prepared to assist the Company to meet the requirements of SEBI NCS Regulations, as amended. As a result, the financial statements may not be suitable for another purpose.

Other Matter

Muthoot Mercantile Limited has prepared a separate set of financial statements for the year ended March 31, 2022, in accordance with the Accounting Standards referred to in Section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014, as amended, on which M/s. Paulson Michael & Co, Chartered Accountants, has issued a separate auditor's report to the shareholders of the Company dated July 15, 2022.

Notes to the financial statements for the year ended 31-March-22

d. DEPRECIATION

Depreciation has been provided on Written Down Value method as per the useful life estimated by the management. The estimates of useful life followed by the company is provided as under:

Assets	Life of Assets (Years)
Strong Room	20 (acquired up to 31-03-15)*
	10 (Others)
Furniture and Fixtures	20 (acquired up to 31-03-15)*
	10 (Others)
Vehicles	8
Computer & Accessories	3 (End user devices)
	6 (Servers and networks)
Office & Electrical Equipments	20 (acquired up to 31-03-15)*
	10 (Others)

*Based on the estimation given by the chartered engineer

e. IMPAIRMENT OF ASSETS

The company assesses at each reporting date whether there is an indication that an asset may be impaired. If an indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

f. REVENUES

Revenues are recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Interest, where installments are overdue in respect of non performing assets are recognised on realisation basis. Any such income recognised and remaining unrealised after the installments become overdue with respect to non performing assets is reversed. Interest on deposits is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

g. EMPLOYEE BENEFITS

Employee benefits in the form of Provident Fund and Employee State Insurance is a defined contribution scheme and the contributions are charged to the statement of Profit and Loss of the year when the contributions to the fund is due. Gratuity payable under "The Payment of Gratuity Act, 1972" is accrued and provided for on the basis of an actuarial valuation on projected unit credit method. The Company does not have a scheme of encashment of earned leave. The Earned leave which is not utilized during the year will be automatically lapsed at the end of the year and can not be carried forward. Hence no provision has been made in the accounts for encashment of leave and carried forward of earned leave.

h. BORROWING COST

Borrowing costs directly attributable to the acquisition, construction or production of an asset which takes a substantial period of time to get ready for its intended use are capitalised as part of the cost of the respective asset. All other borrowing costs are expensed in the period in which they incur.

MUTHOOT MERCANTILE LIMITED

Notes to the financial statements for the year ended 31-March-22

i. INCOME TAX

Tax expense comprises current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961 enacted in India. Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. The carrying amount of deferred tax assets are reviewed at each balance sheet date. The Company write-down the carrying amount of deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

j. EARNINGS PER SHARE

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity share holders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period are adjusted for events of bonus issue; bonus element in a right issue to existing share holders; share split; and reverse share split, if any.

k. PROVISIONS

i) A provision is recognised when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. These are reviewed at each balance sheet date and adjusted to reflect the current management estimates.

ii) Provisioning policy for gold loan and other portfolio loans

Secured loans are classified / provided for as per management's best estimates, subject to minimum provision required as per Non Banking Financial Company-Non Systematically Important Non-Deposit taking Company (Reserve Bank) Directions, 2016, as follows

Gold and other loans

MUTHOOT MERCANTILE LIMITED

Notes to the financial statements for the year ended 31-March-22

n. CONTINGENT LIABILITIES

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events which is beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. The Company does not recognise a contingent liability but discloses its existence in the financial statements

o. LEASES

Leases where the lessor effectively retains substantially all the risks and benefits of ownership for the leased term, are classified as operating leases. Operating lease payments in respect of non-cancellable leases are recognised as an expense in the statement of profit and loss.

p. CASH FLOW STATEMENTS

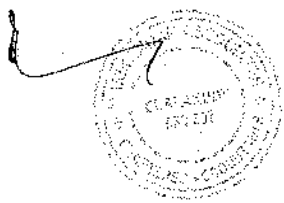

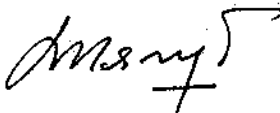

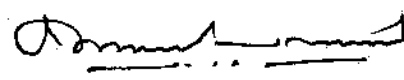

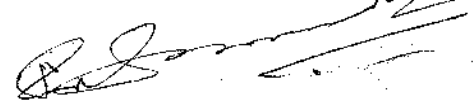

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past / future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information

q. INVESTMENTS

Investments that are readily realisable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Quoted current investments for each category is valued at cost or market value whichever is lower. Long-term investments are carried at cost. Provision for diminution shall be made to recognise a decline, other than temporary, in the value of the investments, such reduction being determined and made for each investment individually.

r. FOREIGN CURRENCY TRANSACTIONS

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction. Foreign currency monetary items are reported using the exchange rate prevailing at the reporting date. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined. Exchange differences arising on the settlement of monetary items or on reporting Company's monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognized as income or as expenses in the year in which they arise.

INDEPENDENT AUDITORS' REPORT ON THE SPECIAL PURPOSE FINANCIAL STATEMENT OF ASSETS AND LIABILITIES AS AT MARCH 31, 2023, STATEMENT OF PROFIT AND LOSS AND CASH FLOWS STATEMENT FOR THE YEARENDED MARCH 31, 2023 OF MUTHOOT MERCANTILE LIMITED

To the Board of Directors of Muthoot Mercantile Limited

We have audited the accompanying financial statements of Muthoot Mercantile Limited (the "Company"), which comprise the balance sheet as at March 31, 2023, and the statement of profit and loss, and cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "financial statements").

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of the financial statements that give a true and fair view of the state of affairs, results of operations and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014, as amended and based on the provisions of Para 3.3.10 of Schedule I to the Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021, as amended (the "SEBI NCS Regulations"). This also includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statements based on our audit. We conducted our audit in accordance with Standards on Auditing issued by the Institute of Chartered Accountants of India ("ICAI"). Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements are prepared in the manner so required as per Companies Act, 2013 and as per SEBI NCS Regulations and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, and of its results of operations and its cash flows for the year then ended.

Restriction on Use and Distribution

The financial statements are prepared to assist the Company to meet the requirements of SEBI NCS Regulations, as amended. As a result, the financial statements may not be suitable for another purpose.

Other Matter

Muthoot Mercantile Limited has prepared a separate set of financial statements for the year ended March 31, 2023, in accordance with the Accounting Standards referred to in Section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014, as amended, on which M/s. Mohandas & Associates, Chartered Accountants, has issued a separate auditor's report to the shareholders of the Company dated June 30, 2023.

MUTHOOT MERCANTILE LIMITED

Notes to the financial statements for the year ended 31-March-23

1 NATURE OF OPERATION

Muthoot Mercantile Limited(CIN:U65921KL1997PLC011260) was incorporated on 3rd March 1997, having registered office at 1st Floor, North Block, "Muthoot Floors", opposite W & C Hospital, Thycaud, Thiruvananthapuram, 695014, Kerala .The Company is a Non-Systemically Important Non-Deposit Taking Non-Banking Financial Company (NBFC-ND) which provides a wide range of fund based and fee based services including Gold loan, Money Transfer etc.The Company is a Non-Deposit taking Non Banking Financial Company registered under section 45 IA of the Reserve Bank of India Act,1934 vide Certificate of Registration ('CoR') number N-16.00178 dated 12th December, 2002

2 BASIS OF PREPARATION

The financial statements of the Company have been prepared in accordance with Generally Accepted Accounting Principles in India (Indian GAAP).The Company has prepared these financial statements to comply in all material respects with the Accounting Standards notified under section 133 of the Companies Act,2013, read together with paragraph 7 of the Companies (Accounts) Rules 2014 and the guidelines issued by the Reserve Bank of India as applicable to a Non-Systemically Important Non-Deposit Taking Non-Banking Financial Company (NBFC-ND). The financial statements have been prepared under historical cost convention and on accrual basis except for interest on Non Performing Assets which are recognised on realisation basis.The accounting policies have been consistently applied by the Company and are consistent with those used in the previous year.All amounts included in the financial statements are reported in Lakhs of Indian rupees (Rupees in Lakhs) except share and per share data, unless otherwise stated. Due to rounding off, the numbers presented throughout the document may not be add up precisely to the totals and percentages may not precisely reflect the absolute figures.

2.1 SIGNIFICANT ACCOUNTING POLICIES

Significant Accounting Policies adopted in the Preparation and Presentation of Financial Statements are as under:-

a. USE OF ESTIMATES

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period.Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring material adjustment to the carrying amounts of assets or liabilities in future periods.

b. PROPERTY, PLANT AND EQUIPMENT

Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses if any.The cost comprises purchase price, borrowing costs if capitalisation criteria are met and any cost directly attributable to bring the asset to its working condition for its intended use.

c. INTANGIBLE ASSETS

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any.

MUTHOOT MERCANTILE LIMITED

Notes to the financial statements for the year ended 31-March-23

Intangible assets are amortized on a straight line basis over the estimated useful economic life of 5 years as determined by the management. The amortization period and the amortization method are reviewed at least at each financial year end.

d. DEPRECIATION

Depreciation has been provided on Written Down Value method as per the useful life estimated by the management. The estimates of useful life followed by the company is provided as under:

Assets	Life of Assets (Years)
Strong Room	20 (acquired up to 31-03-15)*
	10 (Others)
Furniture and Fixtures	20 (acquired up to 31-03-15)*
	10 (Others)
Vehicles	8
Computer & Accessories	3 (End user devices)
	6 (Servers and networks)
Office & Electrical Equipments	20 (acquired up to 31-03-15)*
	10 (Others)

*Based on the estimation given by the chartered engineer

e. IMPAIRMENT OF ASSETS

The company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

f. REVENUES

Revenues are recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Interest, where installments are overdue in respect of non performing assets are recognised on realisation basis. Any such income recognised and remaining unrealised after the installments become overdue with respect to non performing assets is reversed. Interest on deposits is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

g. EMPLOYEE BENEFITS

Employee benefits in the form of Provident Fund and Employee State Insurance is a defined contribution scheme and the contributions are charged to the statement of Profit and Loss of the year when the contributions to the fund is due. Gratuity payable under "The Payment of Gratuity Act, 1972" is accrued and provided for on the basis of an actuarial valuation on Projected unit credit method with control period of one year. The Company does not have a scheme of encashment of earned leave. The Earned leave which is not utilized during the year will be automatically lapsed at the end of the year and can not be carried forward. Hence no provision has been made in the accounts for encashment of leave and carried forward of earned leave.

MUTHOOT MERCANTILE LIMITED

Notes to the financial statements for the year ended 31-March-23

h. BORROWING COST

Borrowing costs directly attributable to the acquisition, construction or production of an asset which takes a substantial period of time to get ready for its intended use are capitalised as part of the cost of the respective asset. All other borrowing costs are expensed in the period in which they incur.

i. INCOME TAX

Tax expense comprises current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961 enacted in India. Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. The carrying amount of deferred tax assets are reviewed at each balance sheet date. The Company write-down the carrying amount of deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

j. EARNINGS PER SHARE

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity share holders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period are adjusted for events of bonus issue; bonus element in a right issue to existing share holders; share split; and reverse share split, if any.

k. PROVISIONS

i) A provision is recognised when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. These are reviewed at each balance sheet date and adjusted to reflect the current management estimates.

ii) Provisioning policy for gold loan and other portfolio loans

Secured loans are classified /provided for as per management's best estimates, subject to minimum provision required as per Non Banking Financial Company-Non Systematically Important Non-Deposit taking Company (Reserve Bank) Directions, 2016, as follows

m. CASH AND CASH EQUIVALENTS

Cash and cash equivalents in the balance sheet comprise cash in hand ,cash at bank and deposits having original maturity of three months or less

n. CONTINGENT LIABILITIES

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events which is beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation.The Company does not recognise a contingent liability but discloses its existence in the financial statements.

o. LEASES

Leases where the lessor effectively retains substantially all the risks and benefits of ownership for the leased term, are classified as operating leases. Operating lease payments in respect of non-cancellable leases are recognised as an expense in the statement of profit and loss.

p. CASH FLOW STATEMENTS

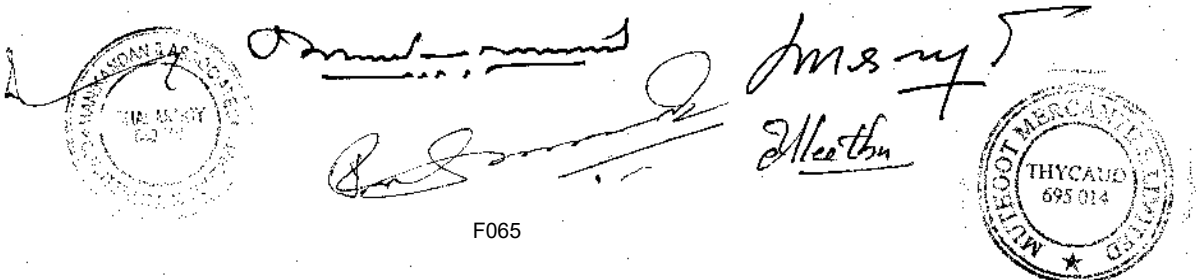

Cash flows are reported using the indirect method,whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past / future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information

q. INVESTMENTS

Investments that are readily realisable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Quoted current investments for each category is valued at cost or market value whichever is lower. Long-term investments are carried at cost. Provision for diminution shall be made to recognise a decline, other than temporary, in the value of the investments, such reduction being determined and made for each investment individually.

r. FOREIGN CURRENCY TRANSACTIONS

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction. Foreign currency monetary items are reported using the exchange rate prevailing at the reporting date. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined. Exchange differences arising on the settlement of monetary items or on reporting Company's monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognized as income or as expenses in the year in which they arise.

Independent Auditor's Report

To the members of Muthoot Mercantile Limited

Report on the Audit of the financial statements

Opinion

We have audited the accompanying financial statements of **M/s. Muthoot Mercantile Limited** ("the Company") which comprises the Balance Sheet as at 31st March, 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the period then ended, and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2024, its profit, total comprehensive income, changes in equity and its cash flows for the period ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Serial No.	Key Audit Matters	Auditor's Response
1.	Provision for Expected Credit Losses (ECL)	<p>We examined Board Policy approving methodologies for computation of ECL that address policies, procedures and controls for assessing and measuring credit risk on all lending exposures, commensurate with the size, complexity and risk profile specific to the Company.</p> <p>We evaluated the design and operating effectiveness of controls across the processes relevant to ECL</p> <p>We also tested assets in stage 1, 2 and 3 on sample basis to verify that they were allocated to the appropriate stage.</p>
2.	Due to the pervasive nature and complexity of the IT environment, we have ascertained IT systems and controls as a key audit matter.	<p>We performed the following audit procedures:</p> <ol style="list-style-type: none"> 1. Tested the Company's periodic review of access rights. 2. Considered the control environment relate to various interfaces, configuration and other application layer controls identified as key to our audit.

Information other than the financial statements and auditor's report thereon.

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon. This is the audit report in respect of the period ended on 31st March, 2024 and the annual report is expected to be made available to us after the date of this auditor's report.

- Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's responsibility for the financial statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibility for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors as on 31st March, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2024 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which would impact its financial position;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. Under Rule 11(e)
 - (i) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (ii) The management has represented that, to the best of its knowledge and belief, no funds have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, as on the date of this audit report, that the company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

- (iii) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, and according to the information and explanations provided to us by the Management in this regard nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) contain any material mis-statement.
- v. During the period the Company has not declared or paid dividend on equity shares.
- vi. Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the period for all relevant transactions recorded in the software. Further, during the course of audit we did not come across any instance of audit trail feature being tampered with.
3. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the period is in accordance with the provisions of section 197 of the Act.

Annexure 2 to the Independent Auditors' Report of Muthoot Mercantile Limited for the period ended 31st March, 2024.

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

We have audited the internal financial controls over financial reporting of **Muthoot Mercantile Limited** ('the Company') as of 31st March, 2024 in conjunction with our audit of the Ind AS financial statements of the Company for the period ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the guidance note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the guidance note on audit of internal financial controls over financial reporting (the 'Guidance Note') and the Standards on Auditing (the 'Standards') issued by ICAI and deemed to be prescribed under section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the guidance note issued by the ICAI.

(All amounts are in Lakhs of Indian Rupees unless otherwise stated)

1 BACKGROUND INFORMATION

Muthoot Mercantile Limited (CIN:U65921KL1997PLC011260) was incorporated on 3rd March 1997, having registered office at 1st Floor, North Block, "Muthoot Floors", opposite W & C Hospital, Thycaud, Thiruvananthapuram, 695014, Kerala

The Company is a Systemically Important Non-Deposit Taking Non-Banking Financial Company (NBFC-ND) which provides a wide range of fund based and fee based services including Gold loan, Money Transfer etc. The Company is a Non-Deposit taking Non Banking Financial Company registered under section 45 IA of the Reserve Bank of India Act, 1934 vide Certificate of Registration ('CoR') number N-16.00178 dated 12th December, 2002.

2 BASIS OF PREPARATION OF FINANCIAL STATEMENTS

The financial statements of the company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time). The financial statements have been prepared under the historical cost convention, as modified by the application of fair value measurements required or allowed by relevant Accounting Standards and on accrual basis except for certain financial instruments measured at fair value at the end of each reporting period as explained in accounting policies below.

The above financial statements have been prepared in accordance with the Indian Accounting Standards prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other accounting principles generally accepted in India mainly considering the Master Directions issued by the Reserve Bank of India ('RBI') as applicable to Non-Banking Finance Companies - ND.

The financial statements are presented in Indian Rupees (INR) except when otherwise indicated.

All amounts included in the financial statements are reported in Lakhs of Indian rupees (Rupees in Lakhs) except share and per share data, unless otherwise stated. Due to rounding off, the numbers presented throughout the document may not add up precisely to the totals and percentages may not precisely reflect the absolute figures.

3 PRESENTATION OF FINANCIAL STATEMENTS

The financial statements of the Company are presented as per Schedule III (Division III) of the Companies Act, 2013 applicable to NBFCs, as notified by the Ministry of Corporate Affairs (MCA). Financial assets and financial liabilities are generally reported on a gross basis except when, there is an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event and the parties intend to settle on a net basis in the following circumstances:

- (i) The normal course of business
- (ii) The event of default
- (iii) The event of insolvency or bankruptcy of the Company and/or its counterparties.

4 SIGNIFICANT ACCOUNTING POLICIES

Significant Accounting Policies adopted in the Preparation and Presentation of Financial Statements are as under:-

A. FINANCIAL INSTRUMENTS

(I) Classification of financial instruments

The Company classifies its financial assets into the following measurement categories:

- i) Financial assets to be measured at amortised cost.
- ii) Financial assets to be measured at fair value through other comprehensive income.
- iii) Financial assets to be measured at fair value through profit or loss account.

The classification depends on the contractual terms of the financial assets' cash flows and the Company's business model for managing financial assets. The Company determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective. The business model is assessed on the basis of aggregated portfolios based on observable factors. These factors include:

- Reports reviewed by the entity's key management personnel on the performance of the financial assets.
- The risks impacting the performance of the business model (and the financial assets held within that business model) and its management thereof.
- The compensation of the managing teams (for example, whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected)
- The expected frequency, value and timing of trades. The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account.

The Company also assesses the contractual terms of financial assets on the basis of its contractual cash flow characteristics that are solely for the payments of principal and interest on the principal amount outstanding. 'Principal' is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset (for example, if there are repayments of principal or amortisation of the premium/discount).

In making this assessment, the Company considers whether the contractual cash flows are consistent with a basic lending arrangement i.e. interest includes only consideration for the time value of money, credit risk, other basic lending risks and a profit margin that is consistent with a basic lending arrangement. Where the contractual terms introduce exposure to risk or volatility that are inconsistent with a basic lending arrangement, the related financial asset is classified and measured at fair value through profit or loss.

The Company classifies its financial liabilities at amortised costs unless it has designated liabilities at fair value through the profit and loss account or is required to measure liabilities at fair value through profit or loss such as derivative liabilities.

Notes to the Financial Statements for the year ended 31-March-2024

(All amounts are in Lakhs of Indian Rupees unless otherwise stated)

(II) Initial Recognition

The classification of financial instruments at initial recognition depends on their contractual terms and the business model for managing the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at FVTPL) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at FVTPL are recognised immediately in the Statement of profit or loss.

Financial assets and financial liabilities, with the exception of loans, debt securities and deposits are recognised on the trade date i.e. when a Company becomes a party to the contractual provisions of the instruments. Loans, debt securities and deposits are recognised when the funds are transferred to the customers account. Trade receivables are measured at the transaction price.

(III) Subsequent Measurement

Financial assets at amortised cost

Financial assets having contractual terms that give rise on specified dates to cash flows that are solely payments of principal and interest on the principal outstanding and that are held within a business model whose objective is to hold such assets in order to collect such contractual cash flows are classified in this category. Subsequently these are measured at amortised cost using effective interest method less any impairment losses.

Debt Instruments at FVOCI

Debt instruments that are measured at FVOCI have contractual terms that give rise on specified dates to cash flows that are solely payments of principal and interest on principal outstanding and that are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets. These instruments largely comprise long-term investments made by the Company. FVOCI debt instruments are subsequently measured at fair value with gains and losses arising due to changes in fair value recognised in OCI. Interest income and gains and losses are recognised in profit or loss in the same manner as for financial assets measured at amortised cost. On derecognition, cumulative gains or losses previously recognised in OCI are reclassified from OCI to profit or loss.

Equity Instruments at FVOCI

These include financial assets that are equity instruments as defined in Ind AS 32 "Financial Instruments: Presentation" and are not held for trading and where the Company's management has elected to irrevocably designated the same as Equity instruments at FVOCI upon initial recognition. Subsequently, these are measured at fair value and changes therein are recognised directly in other comprehensive income, net of applicable income taxes.

Gains and losses on these equity instruments are never recycled to profit or loss.

Dividends from these equity investments are recognised in the statement of profit and loss when the right to receive the payment has been established.

Fair value through Profit and loss account

Financial assets are measured at FVTPL unless it is measured at amortised cost or at FVOCI on initial recognition. The transaction costs directly attributable to the acquisition of financial assets at fair value through profit or loss are immediately recognised in profit or loss.

(IV) Financial Liabilities and Equity Instruments

Classification as debt or equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities.

Equity instruments are recorded at the proceeds received, net of direct issue costs.

Other Financial Liabilities

These are measured at amortised cost using effective interest rate.

(V) Derecognition of Financial Assets and Financial Liabilities

The Company derecognizes a financial asset only when the contractual rights to the cash flows from the asset expires or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires.

MUTHOOT MERCANTILE LIMITED

Notes to the Financial Statements for the year ended 31-March-2024

(All amounts are in Lakhs of Indian Rupees unless otherwise stated)

(VI) Impairment of Financial Assets

The company recognises impairment allowance for expected credit loss on financial assets held at amortised cost. In addition to that the Company has provided for Non-Performing Assets (NPA) as per Prudential Norms of RBI.

The Company recognises loss allowances (provisions) for expected credit losses on its financial assets (including non-fund exposures) that are measured at amortised costs or at fair value through other comprehensive income account. The Company applies a three-stage approach to measuring expected credit losses (ECLs) for the following categories of financial assets that are not measured at fair value through profit or loss:

- debt instruments measured at amortised cost and fair value through other comprehensive income;
- loan commitments.

No ECL is recognised on equity investments.

Financial assets migrate through the following three stages based on the change in credit risk since initial recognition:

Stage 1: ECL

For exposures where there has not been a significant increase in credit risk since initial recognition and that are not credit impaired upon origination, ECL associated with the probability of default events is recognised.

Stage 2: Lifetime ECL – not credit impaired

For exposures where there has been a significant increase in credit risk since initial recognition but are not credit impaired, a lifetime ECL (i.e. reflecting the remaining lifetime of the financial asset) is recognised.

Stage 3: Lifetime ECL – credit impaired

Exposures are assessed as credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of that asset have occurred. For exposures that have become credit impaired, a lifetime ECL is recognised

The company has identified the following stage classification to be the most appropriate for its loans:

Stage 1: 0 to 60 Days Past Due

Stage 2: 61 to 90 Days Past Due

Stage 3: above 90 Days Past Due

Reclassification of Financial assets

The company does not re-classify its financial assets subsequent to their initial recognition, apart from the exceptional circumstances when the company changes its business model for managing such financial assets. The company does not re-classify its financial liabilities.

(VII) Write-offs

The Company reduces the gross carrying amount of a financial asset when the Company has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. This is generally the case when the Company determines that the borrower /debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subjected to write-offs. Any subsequent recoveries against such loans are credited to the statement of profit and loss.

(VIII) Determination of fair value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value of a financial instrument on initial recognition is normally the transaction price (fair value of the consideration given or received). Subsequent to initial recognition, the Company determines the fair value of financial instruments that are quoted in active markets using the quoted bid prices (financial assets held) or quoted ask prices (financial liabilities held) and using valuation techniques for other instruments. Valuation techniques include discounted cash flow method and other valuation models.

(IX) Foreign currency transactions and translation

The financial statements of the Company are presented in Indian rupees (₹), which is the functional currency of the Company and the presentation currency for the financial statements.

In preparing the financial statements, transactions in currencies other than the Company's functional currency are recorded at the rates of exchange prevailing on the date of the transaction. At the end of each reporting period, monetary items denominated in foreign currencies are re-translated at the rates prevailing at the end of the reporting period. Exchange differences arising on the retranslation or settlement of monetary items are included in the statement of profit and loss for the period.

B. REVENUE FROM OPERATIONS

(I) Recognition of Dividend and Interest Income

Dividend income (including from FVOCI investments) is recognised when the Company's right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of the dividend can be measured reliably. This is generally when the shareholders or Board of Directors approve the dividend.

Under Ind AS 109 interest income is recorded using the Effective Interest Rate (EIR) method for all financial instruments measured at amortised cost, debt instrument measured at FVOCI and debt instruments designated at FVTPL. The EIR is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument or, when appropriate, a shorter period, to the net carrying amount of the financial asset.

The EIR (and therefore, the amortised cost of the asset) is calculated by taking into account any discount or premium on acquisition, fees and costs that are an integral part of the EIR.

(All amounts are in Lakhs of Indian Rupees unless otherwise stated)

(II) Dividends on Ordinary Shares

The Company recognises a liability to make cash or non-cash distributions to equity holders of the parent when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

Non-cash distributions are measured at the fair value of the assets to be distributed with fair value remeasurement recognised directly in equity. Upon distribution of non-cash assets, any difference between the carrying amount of the liability and the carrying amount of the assets distributed is recognised in the statement of profit and loss.

(III) Fees and Commission Income

Fees and commissions are recognised when the Company satisfies the performance obligation, at fair value of the consideration received or receivable based on a five-step model as set out below, unless included in the effective interest calculation:

Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognise revenue when (or as) the Company satisfies a performance obligation.

Processing fee which is not forming part of effective interest rate has been recognised as and when it is accrued.

(IV) Net gain on Fair value changes

Any differences between the fair values of financial assets classified as fair value through the profit or loss, held by the Company on the balance sheet date is recognised as an unrealised gain / loss. In cases there is a net gain in the aggregate, the same is recognised as Revenue and if there is a net loss the same is disclosed under as Expense in the statement of Profit and Loss.

However, net gain / loss on derecognition of financial instruments classified as amortised cost is presented separately under the respective head in the Statement of Profit and Loss.

C. EXPENSES

(I) Finance costs

Finance costs represents Interest expense recognised by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial liabilities other than financial liabilities classified as FVTPL.

The EIR in case of a financial liability is computed

- As the rate that exactly discounts estimated future cash payments through the expected life of the financial liability to the gross carrying amount of the amortised cost of a financial liability.
- By considering all the contractual terms of the financial instrument in estimating the cash flows
- Including all fees received between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Any subsequent change the estimation of the future cash flows is recognised in interest with the corresponding adjustment to the carrying amount of the assets.

(II) Employee Benefits

Short term employee benefit

Employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. These benefits include short term compensated absences such as paid annual leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognised as an expense during the period. Benefits such as salaries and wages, etc. and the expected cost of the bonus/ex-gratia are recognised in the period in which the employee renders the related service.

Post-employment employee benefits

a) Defined contribution schemes

All the employees of the Company are entitled to receive benefits under the Provident Fund and Employees State Insurance scheme, defined contribution plans in which both the employee and the Company contribute monthly at a stipulated rate. The Company has no liability for future benefits other than its annual contribution and recognises such contributions as an expense in the period in which employee renders the related service. If the contribution payable to the scheme for service received before the Balance Sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the Balance Sheet date, then excess is recognised as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

b) Defined Benefit schemes

The Company provides for the gratuity, a defined benefit retirement plan covering all employees. The plan provides for lump sum payments to employees upon death while in employment or on separation from employment after serving for the stipulated years mentioned under 'The Payment of Gratuity Act, 1972'. The present value of the obligation under such defined benefit plan is determined based on actuarial valuation, carried out by an independent actuary at each Balance Sheet date, using the Projected Unit Credit Method, which recognizes each period of service as giving rise to an additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan are based on the market yields on Government Securities as at the Balance Sheet date.

An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, attrition rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, these liabilities are highly sensitive to changes in these assumptions. All assumptions are reviewed annually.

Re-measurement, comprising of actuarial gains and losses are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit and loss in subsequent periods.

(III) Leases

The Company's lease asset classes primarily consist of leases for land and buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset. At the date of commencement of the lease, the Company recognizes a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases). For these short-term leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised. The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. ROU assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset if the Company changes its assessment of whether it will exercise an extension or a termination option.

Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

(IV) Other Income and Expenses

All Other income and expense are recognized in the period they occur.

(V) Impairment of Non-Financial Assets

The carrying amounts of the Company's property, plant & equipment and intangible assets are reviewed at each reporting period to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amounts are estimated in order to determine the extent of impairment loss, if any. An impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount. The impairment loss, if any, is recognised in the statement of profit and loss in the period in which impairment takes place.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, however subject to the increased carrying amount not exceeding the carrying amount that would have been determined (net of amortisation or depreciation) had no impairment loss been recognised for the asset in prior accounting periods. A reversal of an impairment loss is recognised immediately in profit or loss.

(VI) Taxes

Current Tax

Current tax assets and liabilities for the current and prior years are measured at the amount expected to be recovered from, or paid to, the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted, or substantively enacted, by the reporting date in the countries where the Company operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax assets and liabilities are recognised for temporary differences arising between the tax bases of assets and liabilities and their carrying amounts. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the reporting date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are only recognised for temporary differences, unused tax losses and unused tax credits if it is probable that future taxable amounts will arise to utilise those temporary differences and losses. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Deferred tax assets and liabilities are offset where there is a legally enforceable right to offset current tax assets and liabilities and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities are realised simultaneously.

Minimum Alternative Tax (MAT)

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Company.

D. CASH AND CASH EQUIVALENTS

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value. They are held for the purposes of meeting short term cash commitments (rather than for investment or other purposes).

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short term deposits, as defined above, as they are considered an integral part of the Company's cash management.

E. PROPERTY, PLANT AND EQUIPMENT (PPE)

Property, plant and equipment (PPE) are measured at cost less accumulated depreciation and accumulated impairment, (if any). The total cost of assets comprises its purchase price, freight, duties, taxes and any other incidental expenses directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by the management. Changes in the expected useful life are accounted for by changing the amortisation period or methodology, as appropriate, and treated as changes in accounting estimates.

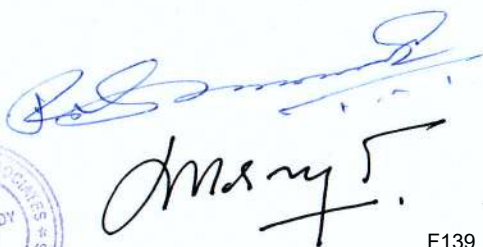

Subsequent expenditure related to an item of tangible asset are added to its gross value only if it increases the future benefits of the existing asset, beyond its previously assessed standards of performance and cost can be measured reliably. Other repairs and maintenance costs are expensed off as and when incurred. Depreciation is calculated using the Written Down Value (WDV) method to write down the cost of property and equipment to their residual values over their estimated useful lives.

The estimated useful lives as follows:

Particulars	Useful life estimated by company (Years)
Strong Room	20 (acquired up to 31-03-15)*
	10 (Others)
Furniture And Fixtures	20 (acquired up to 31-03-15)*
	10 (Others)
Vehicles	8
Office Equipments	3 (End user devices)
	6 (Servers and networks)
Office & Electrical Equipments	20 (acquired up to 31-03-15)*
	10 (Others)

*Based on the estimation given by the chartered engineer

MUTHOOT MERCANTILE LIMITED

Notes to the Financial Statements for the year ended 31-March-2024

(All amounts are in Lakhs of Indian Rupees unless otherwise stated)

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate. Property plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in other income /expense in the statement of profit and loss in the year the asset is derecognised. The date of disposal of an item of property, plant and equipment is the date the recipient obtains control of that item in accordance with the requirements for determining when a performance obligation is satisfied in Ind AS 115.

F. INTANGIBLE ASSETS

An intangible asset is recognised only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the Company.

Intangible assets acquired separately are measured on initial recognition at cost. The cost of an intangible asset comprises its purchase price and any directly attributable expenditure on making the asset ready for its intended use and net of any trade discounts and rebates. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses.

The useful lives of intangible assets are assessed to be either finite or indefinite. Intangible assets with finite lives are amortised over the useful economic life. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at each financial year-end. Changes in the expected useful life, or the expected pattern of consumption of future economic benefits embodied in the asset, are accounted for by changing the amortisation period or methodology, as appropriate, which are then treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is presented as a separate line item in the statement of profit and loss. Amortisation on assets acquired/sold during the year is recognised on a pro-rata basis to the Statement of Profit and Loss from / upto the date of acquisition/sale.

Amortisation is calculated using the straight-line method to write down the cost of intangible assets to their residual values over their estimated useful lives. Intangible assets comprising of software are amortised on a straight-line basis over a period of 5 years, unless it has a shorter useful life.

The Company's intangible assets consist of computer software with definite life. Gains or losses from derecognition of intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in the Statement of Profit and Loss when the asset is derecognised.

G. CAPITAL WORK IN PROGRESS AND CAPITAL ADVANCES

Cost of assets not ready for intended use, as on the Balance Sheet date, is shown as capital work in progress. Advances given towards acquisition of property, plant and equipment outstanding at each Balance Sheet date are disclosed in Other Non-Financial Assets.

H. ACCOUNTING FOR PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

Provisions are recognised in the balance sheet when the Company has a present obligation (legal or constructive) as a result of a past event, which is expected to result in an outflow of resources embodying economic benefits which can be reliably estimated. Each provision is based on the best estimate of the expenditure required to settle the present obligation at the balance sheet date. Where the time value of money is material, provisions are measured on a discounted basis. The expense relating to any provision is presented in the statement of profit and loss net of any reimbursement.

Constructive obligation is an obligation that derives from an entity's actions where:

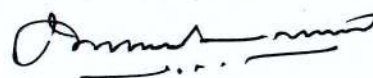

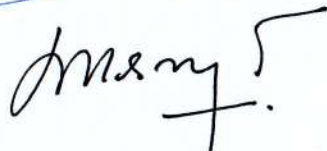

(a) by an established pattern of past practice, published policies or a sufficiently specific current statement, the entity has indicated to other parties that it will accept certain responsibilities, and

(b) as a result, the entity has created a valid expectation on the part of those other parties that it will discharge those responsibilities. Contingent liabilities are not recognised in the financial statements. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

I. EARNING PER SHARE

The Company reports basic and diluted earnings per share in accordance with Ind AS 33 on Earnings per share. Basic EPS is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. In computing the dilutive earnings per share, only potential equity shares that are dilutive and that either reduces the earnings per share or increases loss per share are included.

5 SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with the recognition and measurement principles of Ind AS requires management of the Company to make judgments, estimates and assumptions that affect the reported amounts of assets and liabilities, disclosures including disclosures of contingent assets and contingent liabilities as at the date of financial statements and the reported amounts of revenues and expenses during the period. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in future periods which are affected.

Key sources of estimation of uncertainty at the date of the financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of: impairment of financial instruments, provisions and contingent liabilities.

A. BUSINESS MODEL ASSESSMENT

Classification and measurement of financial assets depends on the results of the SPPI and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

B. DEFINED EMPLOYEE BENEFIT ASSETS AND LIABILITIES

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate; future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed annually.

C. FAIR VALUE MEASUREMENT

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using various valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

D. IMPAIRMENT OF LOANS PORTFOLIO

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances. It has been the Company's policy to regularly review its models in the context of actual loss experience and adjust when necessary. The impairment loss on loans and advances is disclosed in more detail in Note 9 Overview of ECL principles. In case, higher provisions are to be considered as per the prudential norms of the Reserve Bank of India, they are considered and routed through Impairment Reserves.

E. CONTINGENT LIABILITIES AND PROVISIONS OTHER THAN IMPAIRMENT ON LOAN PORTFOLIO

The Company operates in a regulatory and legal environment that, by nature, has a heightened element of litigation risk inherent to its operations. As a result, it is involved in various litigation, arbitration in the ordinary course of the Company's business. When the Company can reliably measure the outflow of economic benefits in relation to a specific case and considers such outflows to be probable, the Company records a provision against the case. Where the probability of outflow is considered to be remote, or probable, but a reliable estimate cannot be made, a contingent liability is disclosed. Given the subjectivity and uncertainty of determining the probability and amount of losses, the Company takes into account a number of factors including legal advice, the stage of the matter and historical evidence from similar incidents. Significant judgement is required to conclude on these estimates.

F. EFFECTIVE INTEREST RATE (EIR) METHOD

The Company's EIR methodology, recognises interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given / taken and recognises the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty interest and charges).

This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments and other fee income / expense that are integral parts of the instrument.

G. OTHER ESTIMATES

These include contingent liabilities, useful lives of tangible and intangible assets etc.

H. SEGMENT REPORTING

Pursuant to Ind AS 108 - Operating Segments, no segment disclosure has been made in these financial statements, as the Company has only one geographical segment and no other separate reportable business segment.

(i) Statutory Reserve:

Transfer of 20% of the profit after tax before re-measurement adjustments on transition to Ind AS, if any, to the statutory reserves in accordance with the provision of Section 45-IC of the RBI Act, 1934.

The conditions and restrictions for distribution attached to Special Reserve is as follows:

No appropriation of any sum from the reserve fund shall be made by the Company except for the purpose as may be specified by the RBI from time to time and every such appropriation shall be reported to the RBI within twenty-one days from the date of such withdrawal. RBI may, in any particular case and for sufficient cause being shown, extend the period of twenty one days by such further period as it thinks fit or condone any delay in making such report.

(ii) Capital Redemption Reserve:

This reserve created on account of buyback of equity shares during the financial year 2016-17.

(iii) Impairment Reserve:

Where impairment allowance under Ind As 109 is lower than the provisioning required under IRACP (including standard asset provisioning), the differential amount is transferred to impairment reserve. The balance in the impairment reserve shall not be reckoned for regulatory capital.

(iv) Retained Earnings:

This reserve represents the cumulative profits of the Company. This can be utilised in accordance with the provisions of the Companies Act, 2013.

(v) Other comprehensive income:

Other items of other comprehensive income consist of remeasurement of net defined benefit liability/asset.

SECTION VI - ISSUE RELATED INFORMATION

TERMS OF THE ISSUE

Authority for the Issue

At the meeting of the Board of Directors of our Company held on June 26, 2024, the Board of Directors approved the issuance of NCDs of the face value ₹1,000 each for an amount aggregating up to ₹7,500 lakhs (“**Base Issue Size**”) with an option to retain oversubscription up to ₹ 7,500 lakh, aggregating up to ₹ 15,000 lakh (“**Issue Size**” or “**Issue Limit**”).

Further, the present borrowing is within the borrowing limits under Section 180(1)(c) of the Companies Act, 2013, duly approved by the Shareholders’ *vide* their resolution passed at their EGM held on April 14, 2023.

Principal Terms & Conditions of this Issue

The NCDs being offered as part of the Issue are subject to the provisions of the SEBI NCS Regulations and the SEBI Master Circular, the applicable provisions of Companies Act, 2013, the Memorandum of Association and Articles of Association of our Company, the terms of this Draft Prospectus, the Prospectus, the Application Forms, the terms and conditions of the Debenture Trusteeship Agreement, the Debenture Trust Deed, other applicable statutory and/or regulatory requirements including those issued from time to time by SEBI/the Government of India/BSE, RBI, and/or other statutory/regulatory authorities relating to the offer, issue and listing of securities and any other documents that may be executed in connection with the NCDs.

Ranking of NCDs

The NCDs being offered through this Issue would constitute direct and secured obligations of the Company and shall rank *pari passu* inter se, and subject to any obligations under applicable statutory and/or regulatory requirements, shall also, with regard to the amount invested, be secured by way of first charge with Existing Secured Creditors, on all movable assets, including book debts and receivables, cash and bank balances, other movable assets, loans and advances, both present and future of the Company equal to the value of one time of the NCDs outstanding plus interest accrued thereon. The claims of the NCD Holders shall be superior to the claims of any unsecured creditors, subject to applicable statutory and/or regulatory requirements. We have received necessary consents from the relevant lenders, debenture trustees and security trustees for creating an exclusive charge in favour of the Debenture Trustee in relation to the NCDs.

In terms of the SEBI Master Circular for Debenture Trustees, our Company is required to obtain permissions or consents from or provide intimations to the prior creditors for proceeding with this Issue, if *pari passu* security is sought to be created. However, exclusive charge by way of hypothecation of identified book debts of the Company is being provided as security for this Issue and these assets have no prior charge by any creditor of our Company.

Security

The Issue comprises of public issue of NCDs of face value of ₹ 1,000 each.

The principal amount of the NCDs to be issued in terms of this Draft Prospectus together with all interest due on the NCDs, as well as all costs, charges, all fees, remuneration of Debenture Trustee and expenses payable in respect thereof shall be secured by way of first ranking *pari passu* charge with Existing Secured Creditors, on all movable assets, including book debts and receivables, cash and bank balances, other movable assets, loans and advances, both present and future of the Company equal to the value of one time of the NCDs outstanding plus interest accrued thereon.

Prior to the filing of the listing application as prescribed under SEBI Regulations and other Applicable Laws, our Company will ensure 100.00% or higher security cover on the outstanding amount, including interest, for the NCDs at any time, by creating security in favour of the Debenture Trustee for the Debenture Holders.

In terms of the SEBI Master Circular for Debenture Trustees, our Company has entered into the Debenture

Trusteeship Agreement and in furtherance thereof intends to enter into a Debenture Trust cum Hypothecation Deed with the Debenture Trustee for the benefit of the NCD Holders, (“**Debenture Trust cum Hypothecation Deed**”), before the filing of listing application as prescribed under SEBI Regulations and other applicable laws. The terms of the Debenture Trust cum Hypothecation Deed shall govern the appointment of the Debenture Trustee and the issue of the NCDs.

Under the terms of the Debenture Trust Deed, our Company will covenant with the Debenture Trustee that it will pay the Debenture Holders holding the NCDs the principal amount on the NCDs on the relevant redemption date and also that it will pay the interest due on the NCDs at the rate specified in this Draft Prospectus and in the Debenture Trust Deed.

The Debenture Trust Deed will also provide that our Company may withdraw any portion of the security subject to prior written consent of the Debenture Trustee and/or may replace with another asset of the same or a higher value subject to in accordance with Applicable Law(s).

Our Company confirms that the Issue proceeds shall be kept in the Public Issue Account until the documents for creation of security i.e. the Debenture Trust Deed, is executed.

The NCDs shall be considered as secured only if the charged asset is registered with sub-registrar and/or RoC or CERSAI or Depository etc., as applicable, or is independently verifiable by the Debenture Trustee. Further, in the event our Company fails to execute the Debenture Trust Deed within a timeline specified under Regulation 18 of SEBI NCS Regulations, our Company shall pay interest of at least 2% p.a. to each NCD Holder, over and above the agreed coupon rate, till the execution of the Debenture Trust Deed.

Debenture Redemption Reserve

Regulation 16 of the SEBI NCS Regulations and Section 71(4) of the Companies Act, 2013 states that where debentures are issued by any company, the company shall create a debenture redemption reserve out of the profits of the company available for payment of dividend. Rule 18(7) of the Companies (Share Capital and Debentures) Rules, 2014, as amended by Companies (Share Capital and Debentures) Amendment Rules, 2019, listed NBFC is not required to create a DRR in case of public issue of debentures. The rules further mandate that the company which is coming with a Public Issue shall deposit or invest, as the case may be, before the 30th day of April of each year a sum which shall not be less than 15% of the amount of its debentures maturing during the year ending on the 31st day of March of the next year in any one or more prescribed methods.

Accordingly, our Company is not required to create a DRR for the NCDs proposed to be issued through this Issue. Further, our Company shall deposit or invest, as the case may be, before the 30th day of April of each year a sum which shall not be less than 15% of the amount of its debentures maturing during the year ending on the 31st day of March of the next year in any one or more following methods: (a) in deposits with any scheduled bank, free from charge or lien; (b) in unencumbered securities of the Central Government or of any State Government; (c) in unencumbered securities mentioned in clauses (a) to (d) and (ee) of Section 20 of the Indian Trusts Act, 1882; (d) in unencumbered bonds issued by any other company which is notified under clause (f) of Section 20 of the Indian Trusts Act, 1882. The abovementioned amount deposited or invested, must not be utilized for any purpose other than for the repayment of debentures maturing during the year provided that the amount remaining deposited or invested must not at any time fall below 15% of the amount of debentures maturing during year ending on the 31st day of March of that year, in terms of the applicable laws.

Recovery Expense Fund

Pursuant to SEBI Master Circular for Debenture Trustee, as amended, our Company is required to create a recovery expense fund. Our Company shall deposit in the recovery expense fund an amount equal to 0.01% of the issue size, subject to maximum of ₹25 lakhs.

Settlement Guarantee Fund

Our Company will deposit amounts in the settlement guarantee fund in the manner as specified in the SEBI Master Circular, if applicable. This fund has been created under the SEBI Master Circular to ensure upfront collection of charges from eligible issuers at the time of allotment of debt securities

Face Value

The face value of each NCD to be issued under this Issue shall be ₹ 1,000.

NCD Holder not a Shareholder

The NCD Holders will not be entitled to any of the rights and privileges available to the equity and/or preference shareholders of our Company, except to the extent of the right to receive the annual reports of our Company and such other rights as may be prescribed under the Companies Act, 2013 and the rules prescribed thereunder and the SEBI Listing Regulations.

Rights of the NCD Holders

Some of the significant rights available to the NCD Holders are as follows:

1. The NCDs shall not, except as provided under the Companies Act, 2013, our Memorandum of Association and Articles of Association and/or the Debenture Trust Deed, confer upon the NCD Holders thereof any rights or privileges available to our members including the right to receive notices or annual reports of, or to attend and/or vote, at our general meeting. However, if any resolution affecting the rights attached to the NCDs is to be placed before the members, the said resolution will first be placed before the concerned registered NCD Holders for their consideration. The opinion of the Debenture Trustee as to whether such resolution is affecting the right attached to the NCDs is final and binding on NCD Holders. In terms of Section 136 of the Companies Act, 2013, holders of NCDs shall be entitled to a copy of the balance sheet and copy of trust deed on a specific request made to us.
2. Subject to applicable statutory/regulatory requirements and terms of the Debenture Trust Deed, including requirements of the RBI, the rights, privileges and conditions attached to the NCDs may be varied, modified and/or abrogated with the consent in writing of the holders of at least three-fourths of the outstanding amount of the NCDs or with the sanction of a special resolution passed at a meeting of the concerned NCD Holders, provided that nothing in such consent or resolution shall be operative against us, where such consent or resolution modifies or varies the terms and conditions governing the NCDs, if the same are not acceptable to us.
3. Subject to applicable statutory/regulatory requirements and terms of Debenture Trust Deed, , the registered NCD Holder or in case of joint-holders, the one whose name stands first in the register of debenture holders shall be entitled to vote in respect of such NCDs, either in person or by proxy, at any meeting of the concerned NCD Holders and every such NCD Holder shall be entitled to one vote on a show of hands and on a poll, his/her voting rights on every resolution placed before such meeting of the NCD Holders shall be in proportion to the outstanding nominal value of NCDs held by him/her.
4. The NCDs are subject to the provisions of the SEBI NCS Regulations and the SEBI Master Circular, the applicable provisions of Companies Act, 2013 and the Companies Act, 1956, our Memorandum and Articles of Association, the terms of this Draft Prospectus, the Prospectus, , the terms and conditions of the Debenture Trust Deed, requirements of the RBI, other applicable statutory and/or regulatory requirements relating to this issue and listing, of securities and any other documents that may be executed in connection with the NCDs.
5. Subject to SEBI RTA Master Circular, for NCDs in physical form on account of re-materialization, a register of debenture holders will be maintained in accordance with Section 88 and Section 94 of the Companies Act, 2013 and all interest and principal sums becoming due and payable in respect of the NCDs will be paid to the registered holder thereof for the time being or in the case of joint-holders, to the person whose name stands first in the register of debenture holders as on the Record Date. For NCDs in dematerialized form, all interest and principal sums becoming due and payable in respect of the NCDs will be paid to the person for the time being appearing in the register of beneficial owners of the Depositories. In terms of Section 88(3) of the Companies Act, 2013, the register of beneficial owners maintained by a Depository for any NCD in dematerialised form under Section 11 of the Depositories Act shall be deemed to be a register of debenture holders for this purpose. The same shall be maintained at the Registered Office of our Company under Section 94 of the Companies Act, 2013 unless the same has been moved to another location after obtaining the consent of the NCD Holders as given thereunder.
6. A register of NCD Holders holding NCDs in physical form pursuant to rematerialisation of the NCDs

issued pursuant to this Issue (“**Register of NCD Holder**”) will be maintained in accordance with Section 88 of the Companies Act, 2013 and all interest/redemption amounts and principal sums becoming due and payable in respect of the NCDs will be paid to the registered holder thereof for the time being or in the case of joint-holders, to the person whose name stands first in the Register of NCD Holders as on the Record Date.

7. Subject to compliance with RBI requirements, NCDs can be rolled over only with the consent of the holders of at least 75% of the outstanding amount of the NCDs after providing at least 15 days’ prior notice for such roll over and in accordance with the SEBI NCS Regulations. Our Company shall redeem the debt securities of all the debt securities holders, who have not given their positive consent to the roll-over.

The aforementioned rights of the NCD Holders are merely indicative. The final rights of the NCD Holders will be as per the terms of this Draft Prospectus, the Debenture Trust Deed to be executed between our Company and the Debenture Trustee.

Debenture Trustees for the NCD Holders

We have appointed MITCON Credentia Trusteeship Services Limited to act as the Debenture Trustees for the NCD Holders in terms of Regulation 8 of the SEBI NCS Regulations and Section 71(5) of the Companies Act, 2013 and the rules prescribed thereunder. We and the Debenture Trustee will execute a Debenture Trust Deed *inter alia*, specifying the powers, authorities and obligations of the Debenture Trustee and us, within such period as specified under Regulation 18 of the SEBI NCS Regulations and on failure to do the same, we shall pay interest of at least two percent per annum to the NCD Holder(s), over and above the agreed coupon rate, till the execution of the trust deed, with respect to the NCDs. The NCD Holder(s) shall, without further act or deed, be deemed to have irrevocably given their consent to the Debenture Trustee or any of its agents or authorised officials to do all such acts, deeds, matters and things in respect of or relating to the NCDs as the Debenture Trustee may in its absolute discretion deem necessary or require to be done in the interest of the NCD Holder(s). Any payment made by us to the Debenture Trustee on behalf of the NCD Holder(s) shall discharge us *pro tanto* to the NCD Holder(s).

The Debenture Trustee will protect the interest of the NCD Holders in the event of default by us in regard to timely payment of interest and repayment of principal and they will take necessary action at our cost. It is the duty of the debenture trustee to monitor the security cover is maintained, however, the recovery of 100% of the amount shall depend on the market scenario prevalent at the time of enforcement of the security.

Our Company shall not create any further encumbrances on the Security except with the prior approval of the Debenture Trustee. In the event of such request by our Company, the Debenture Trustee shall provide its approval for creation of further charges provided that our Company provides a certificate from a chartered accountant stating that after creation of such further charges, the required Security cover is maintained.

At any time before the Security constituted hereunder becomes enforceable, the Debenture Trustee, may, at the request of our Company and without any consent of the NCD Holders, do or concur our Company in doing all or any of the things which our Company might have done in respect of the Security as if no security had been created and particularly, but not by way of limitation, the following assent to any modification of any contracts or arrangements which may be subsisting in relation to the Security.

Allotment in this Issue will be in electronic form multiples of one NCD. For further details of Allotment, see the "Issue Procedure" beginning on page 193.

Nomination facility to NCD Holder

In accordance with Rule 19 of the Companies (Share Capital and Debentures) Rules, 2014 ("**Rule 19**") and Section 72 of the Companies Act, 2013, the sole NCD Holder, or first NCD Holder, along with other joint NCD Holders' (being individual(s)), may nominate, in the Form No. SH.13, any one person in whom, in the event of the death of Applicant the NCDs Allotted, if any, will vest. Where the nomination is made in respect of the NCDs held by more than one person jointly, all joint holders shall together nominate in Form No. SH.13 any person as nominee. A nominee entitled to the NCDs by reason of the death of the original holder(s), will, in accordance with Rule 19 and Section 56 of the Companies Act, 2013, be entitled to the same benefits to which he or she will be entitled if he or she were the registered holder of the NCDs. Where the nominee is a minor, the holder(s) may make a nomination to appoint, in Form No. SH.14, any person to become entitled to NCDs in the event of the holder's death during minority. A nomination will stand rescinded on a sale/transfer/alienation of NCDs by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at our Registered Office or with the Registrar to the

Issue.

NCD Holder(s) are advised to provide the specimen signature of the nominee to us to expedite the transmission of the NCD(s) to the nominee in the event of demise of the NCD Holder(s). The signature can be provided in the Application Form or subsequently at the time of making fresh nominations. This facility of providing the specimen signature of the nominee is purely optional.

In accordance with the Section 72 read with Rule 19 of the Companies (Share Capital and Debentures) Rules, 2014, any person who becomes a nominee by virtue of the above said Section, shall upon the production of such evidence as may be required by our Board, elect either:

- to register himself or herself as the holder of the NCDs; or
- to make such transfer of the NCDs, as the deceased holder could have made.

A person, being a nominee, becoming entitled to NCDs by reason of the death of the holder shall be entitled to the same interests and other advantages to which he would have been entitled to if he were the registered holder of the NCDs except that he shall not, before being registered as a holder in respect of such NCDs, be entitled in respect of these NCDs to exercise any right conferred. Further, our Board of Directors may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the NCDs, and if the notice is not complied with, within a period of 90 days, our Board of Directors may thereafter withhold payment of all interests or other monies payable in respect of the NCDs, until the requirements of the notice have been complied with.

NCD Holders who are holding NCDs in dematerialised form need not make a separate nomination with our Company. Nominations registered with the respective Depository Participant of the NCD Holder will prevail. If the NCD Holders require to changing their nominations, they are requested to inform their respective Depository Participant. A nomination may be cancelled or varied by nominating any other person in place of the present nominee, by the Secured NCD Holder who has made the nomination, by giving a notice of such cancellation or variation in the prescribed manner as per applicable laws. The cancellation or variation shall take effect from the date on which the notice of such variation or cancellation is received.

Since the allotment of Secured NCDs will be made only in dematerialized mode, there is no need to make a separate nomination with our Company. Nominations registered with the respective Depository Participant of the Applicant would prevail. If the investors require changing their nomination, they are requested to inform their respective Depository Participant.

Applicants who have opted for rematerialisation of NCDs and are holding the NCDs in the physical form should provide required details in connection with their nominee to our Company.

Jurisdiction

Exclusive jurisdiction for the purpose of the Issue is with the competent courts of jurisdiction in Thiruvananthapuram, Kerala India.

Application in the Issue

Applicants shall apply in this Issue in dematerialised form only, through a valid Application Form filled in by the Applicant along with attachment, as applicable. Further, Applications in this Issue shall be made through the ASBA facility only (including Applications made by UPI Investors under the UPI Mechanism).

In terms of Regulation 7 of the SEBI NCS Regulations, our Company will make public issue of the NCDs in the dematerialised form only.

However, in terms of Section 8(1) of the Depositories Act, our Company, at the request of the Investors who wish to hold the NCDs in physical form will rematerialise the NCDs. However, any trading of the NCDs shall be compulsorily in dematerialised form only.

Form of Allotment and Denomination of NCDs

As per the SEBI NCS Regulations, the trading of the NCDs on the Stock Exchange shall be in dematerialized form only in multiples of one (1) NCD (“**Market Lot**”). Allotment in this Issue to all Allottees, will be in electronic form i.e. in dematerialised form and in multiples of one NCD.

For details of allotment please see “*Issue Procedure*” on page 193.

Transfer/ Transmission of NCD(s)

The NCDs shall be transferred or transmitted freely in accordance with the applicable provisions of the Companies Act, 2013. The NCDs shall be transferred subject to and in accordance with the rules/procedures as prescribed by the Depositories and the relevant DPs of the transferor or transferee and any other applicable laws and rules notified in respect thereof. The transferee(s) should ensure that the transfer formalities are completed prior to the Record Date.

In the absence of the same, interest will be paid/redemption will be made to the person, whose name appears in the register of debenture holders maintained by the Depositories. In such cases, claims, if any, by the transferees would need to be settled with the transferor(s) and not with the Issuer or Registrar. The seller should give delivery instructions containing details of the buyer’s DP account to his depository participant.

For further details, see “*Issue Structure*” beginning on page 182, for the implications on the interest applicable to NCDs held by individual NCD Holders on the Record Date and NCDs held by non-individual NCD Holders on the Record Date. NCDs held in physical form, pursuant to any rematerialisation, as above, cannot be transferred. Any trading of the NCDs issued pursuant to this Issue shall be compulsorily in dematerialized form only. The procedure for transmission of securities has been further simplified vide the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) (Fourth Amendment) Regulations, 2022 Gazette Notification no. SEBI/LAD-NRO/GN/2022/80 dated April 25, 2022.

Title

In case of:

- the NCDs held in the dematerialised form, the person for the time being appearing in the record of beneficial owners maintained by the Depository; and
- the NCDs held in physical form pursuant to rematerialization, the person for the time being appearing in the register of NCD Holders shall be treated for all purposes by our Company, the Debenture Trustee, the Depositories and all other persons dealing with such person, as the holder thereof and its absolute owner for all purposes whether or not it is overdue and regardless of any notice of ownership, trust or any interest in it or any writing on, theft or loss of the consolidated NCD certificates issued in respect of the NCDs and no person will be liable for so treating the NCD holder.

No transfer of title of an NCD will be valid unless and until entered on the register of NCD holders or the register of beneficial owners maintained by the Depositories prior to the Record Date. In the absence of transfer being registered, interest and/or maturity amount, as the case may be, will be paid to the person, whose name appears first in the register of the NCD Holders maintained by the Depositories and/or our Company and/or the Registrar, as the case may be. In such cases, claims, if any, by the purchasers of the NCDs will need to be settled with the seller of the NCDs and not with our Company or the Registrar. The provisions relating to transfer and transmission and other related matters in respect of our Company’s shares contained in the Articles of Association of our Company and the relevant provisions of the Companies Act, 2013, shall apply, mutatis mutandis (to the extent applicable) to the NCD(s) as well.

Register of NCD Holders

No transfer of title of NCD will be valid unless and until entered on the Register of NCD Holders or the register and index of NCD Holders maintained by the Depository prior to the Record Date. In the absence of transfer being registered, interest and/or Maturity Amount, as the case may be, will be paid to the person, whose name appears first in the Register of NCD Holders maintained by the Depositories and/or our Company and/or the Registrar, as the case may be. In such cases, claims, if any, by the purchasers of the NCDs will need to be settled with the seller of the NCDs and not with our Company or the Registrar. The provisions relating to transfer and transmission and

other related matters in respect of our Company's shares contained in the Articles of Association of our Company and the Companies Act shall apply, mutatis mutandis (to the extent applicable) to the NCDs as well.

Maintenance of Accounts

The Company shall maintain proper books of account as required by the Companies Act, and make true and proper entries therein of all dealings and transactions of and in relation to the Movable Properties and the business of the Company and keep the said books of account and all other books, registers and other documents relating to the affairs of the Company at its registered office or, where permitted by law, at other place or places where the books of account and documents of a similar nature may be kept and the Company will ensure that all entries in the same relating to the Security and the business of the Company shall at all reasonable times be open for inspection of the Debenture Trustee without any condition and such person or persons as the Debenture Trustee shall, from time to time, in writing for that purpose appoint.

Annual Accounts

The Company shall submit to the Debenture Trustee its duly audited annual accounts, as prescribed under the SEBI Listing Regulations. In case statutory audit is not likely to be completed during this period, the Company shall get its accounts audited by an independent firm of chartered accountants and furnish the same to the Debenture Trustee.

Insurance

The Company shall insure and keep insured up to the replacement value thereof or on such other basis as approved by the Trustee, the Movable Properties against fire, theft, lightning, explosion, earthquake, strike, lock out, civil commotion, storm, tempest, flood, marine risk, erection risk, war risk and other risk as may be specified by the Trustee and shall duly pay all premium and other sums payable for the purpose. The insurance in respect of the Movable Properties shall be taken in the joint names of the Company the Trustee and any other person having a pari passu charge on the Movable Properties and acceptable to the Trustee. The Company shall submit copies of such insurance policies and renewals thereof with the Trustee. The Company shall deliver to the Trustee an Auditors' Certificate as and when requested by the Trustee certifying the adequacy of insurance coverage for the assets provided as security. In the event of failure on the part of the Company to insure the Movable Properties or to pay the insurance premium or other sums referred to above, the Trustee may, but shall not be bound to, get the Movable Property insured or pay the insurance premium and other sums referred to above, which shall be reimbursed to the Trustee by the Company.

Dividend Declaration

The Company shall not declare any dividend to the shareholders in any year until the company has paid or made satisfactory provision for the payment of the instalments of principal and interest due on the debentures.

Payment of Duties

The Company shall punctually pay all rents, royalties, taxes, rates, levies, cesses, assessments, impositions and outgoing, governmental, municipal or otherwise imposed upon or payable by the Company as and when the same shall become payable and when required by the Debenture Trustees produce the receipts of such payment and also punctually pay and discharge all debts and obligations and liabilities which may have priority over the security created and observe, perform and comply with all covenants and obligations which ought to be observed and performed by the Company in respect of the Security or any part thereof.

Notice of distribution of profits

The Company shall inform the Debenture Trustee prior to declaration or distribution of dividend by the Company.

Succession

Where NCDs are held in joint names and one of the joint holders dies, the survivor(s) will be recognized as the NCD Holder(s). It will be sufficient for our Company to delete the name of the deceased NCD Holder after obtaining satisfactory evidence of his death. Provided, a third person may call on our Company to register his name as successor of the deceased NCD Holder after obtaining evidence such as probate of a will for the purpose

of proving his title to the debentures. In the event of demise of the sole or first holder of the Debentures, the Company will recognise the executors or administrator of the deceased NCD Holders, or the holder of the succession certificate or other legal representative as having title to the Debentures only if such executor or administrator obtains and produces probate or letter of administration or is the holder of the succession certificate or other legal representation, as the case may be, from an appropriate court in India. The directors of the Company in their absolute discretion may, in any case, dispense with production of probate or letter of administration or succession certificate or other legal representation. In case of death of NCD Holders who are holding NCDs in dematerialised form, third person is not required to approach the Company to register his name as successor of the deceased NCD Holder. He shall approach the respective Depository Participant of the NCD Holder for this purpose and submit necessary documents as required by the Depository Participant.

Where a non-resident Indian becomes entitled to the NCDs by way of succession, the following steps have to be complied with:

1. Documentary evidence to be submitted to the Legacy Cell of the RBI to the effect that the NCDs were acquired by the non-resident Indian as part of the legacy left by the deceased NCD Holder.
2. Proof that the non-resident Indian is an Indian national or is of Indian origin.
3. Such holding by a non-resident Indian will be on a non-repatriation basis.

Joint-holders

Where two or more persons are holders of any NCD(s), they shall be deemed to hold the same as joint holders with benefits of survivorship subject to other provisions contained in the Articles.

Procedure for Re-materialization of NCDs

Subject to SEBI RTA Master Circular, Debenture Holders who wish to hold the NCDs in physical form may do so by submitting a request to their DP at any time after Allotment in accordance with the applicable procedure stipulated by the DP, in accordance with the Depositories Act and/or rules as notified by the Depositories from time to time. Holders of NCDs who propose to rematerialise their NCDs, would have to mandatorily submit details of their bank mandate along with a copy of any document evidencing that the bank account is in the name of the holder of such NCDs and their Permanent Account Number to the Company and the DP. No proposal for rematerialisation of NCDs would be considered if the aforementioned documents and details are not submitted along with the request for such rematerialisation.

Restriction on transfer of NCDs

There are no restrictions on transfers and transmission of NCDs allotted pursuant to this Issue. However, NCDs held in physical form, pursuant to any rematerialisation, as above, cannot be transferred. However, any trading of the NCDs issued pursuant to this Issue shall be compulsorily in dematerialised form only.

Further, pending mandate requests for bids placed on the last day of bidding will be validated by 5:00 p.m. (Indian Standard Time) on one Working Day after the Issue Closing Date. For further details please refer to the chapter titled “Issue Related Information” on page 164 of this Draft Prospectus. It is clarified that the Applications not uploaded on the Stock Exchange Platform would be rejected.

Due to limitation of time available for uploading the Applications on the Issue Closing Date, Applicants are advised to submit their Application Forms one day prior to the Issue Closing Date and, no later than 3:00 p.m. (Indian Standard Time) on the Issue Closing Date. Applicants are cautioned that in the event a large number of Applications are received on the Issue Closing Date, there may be some Applications which are not uploaded due to lack of sufficient time to upload.

Such Applications that cannot be uploaded will not be considered for allocation under the Issue. Application Forms will only be accepted on Working Days during the Issue Period. Neither our Company, nor the Lead Manager, or Trading Members of the Stock Exchange are liable for any failure in uploading the Applications due to failure in any software/hardware systems or otherwise. Please note that the Basis of Allotment under the Issue will be on the basis of date of upload of each application into the electronic book of the Stock Exchange in accordance with the SEBI Master Circular. However, from the date of oversubscription and thereafter, the allotments will be made to the applicants on proportionate basis.

Basis of payment of Interest

NCDs once Allotted under any particular category of NCDs shall continue to bear the applicable tenor, Coupon/Yield and Redemption Amount as at the time of original Allotment irrespective of the category of Debenture Holder on any Record Date, and such Tenor, Coupon/Yield and Redemption Amount as at the time of original Allotment will not be impacted by trading of any options of NCDs between the categories of persons or entities in the secondary market.

Payment of Interest/Maturity Amount will be made to those NCD Holders whose names appear in the register of Debenture Holders (or to first holder in case of joint-holders) as on Record Date.

We may enter into an arrangement with one or more banks in one or more cities for direct credit of interest to the account of the Investors. In such cases, interest, on the interest payment date, would be directly credited to the account of those Investors who have given their bank mandate.

We may offer the facility of NACH, NEFT, RTGS, Direct Credit and any other method permitted by RBI and SEBI from time to time to help NCD Holders. The terms of this facility (including towns where this facility would be available) would be as prescribed by RBI. Please see, “Terms of the Issue – Manner of Payment of Interest / Redemption Amounts” at page 164.

Taxation

Income Tax is deductible at source at the rate of 10% on interest on debentures held by resident Indians as per the provisions of Section 193 of the IT Act (in case where interest is paid to Individual or HUF, no TDS will be deducted where interest paid is less than 5,000 and interest is paid by way of account payee cheque).

Further, Tax will be deducted at source at reduced rate, or no tax will be deducted at source in the following cases:

- a) When the Assessing Officer issues a certificate on an application by a Debenture Holder on satisfaction

that the total income of the Debenture holder justifies no/lower deduction of tax at source as per the provisions of Section 197(1) of the IT Act; and that a valid certificate is filed with the Company/Registrar, at least 7 days before the relevant record date for payment of debenture interest;

- b) When the resident Debenture Holder with Permanent Account Number ('PAN') (not being a company or a firm) submits a declaration as per the provisions of section 197A(1A) of the IT Act in the prescribed Form 15G verified in the prescribed manner to the effect that the tax on his estimated total income of the financial year in which such income is to be included in computing his total income will be Nil. However, under section 197A(1B) of the IT Act, Form 15G cannot be submitted nor considered for exemption from tax deduction at source if the dividend income referred to in section 194, interest on securities, interest, withdrawal from NSS and income from units of mutual fund or of 236 Unit Trust of India as the case may be or the aggregate of the amounts of such incomes credited or paid or likely to be credited or paid during the financial year in which such income is to be included exceeds the maximum amount which is not chargeable to income tax;
- c) Senior citizens, who are 60 or more years of age at any time during the financial year, enjoy the special privilege to submit a self-declaration in the prescribed Form 15H for non-deduction of tax at source in accordance with the provisions of section 197A(1C) of the Act even if the aggregate income credited or paid or likely to be credited or paid exceeds the maximum amount not chargeable to tax, provided that the tax due on the estimated total income of the year concerned will be Nil.

In all other situations, tax would be deducted at source as per prevailing provisions of the IT Act. However in case of NCD Holders claiming non-deduction or lower deduction of tax at source, as the case may be, the NCD Holder should furnish either (a) a declaration (in duplicate) in the prescribed form i.e. (i) Form 15H which can be given by individuals who are of the age of 60 years or more (ii) Form 15G which can be given by all applicants (other than companies, and firms), or (b) a certificate, from the Assessing Officer which can be obtained by all applicants (including companies and firms) by making an application in the prescribed form i.e. Form No.13. Further, eligible NCD Holders other than resident individuals or resident HUF investors, the following documents should be submitted with the Company/ Registrar, at least 7 days before the relevant record date for payment of debenture interest (i) copy of registration certificate issued by the regulatory authority under which the investor is registered, (ii) self-declaration for non-deduction of tax at source, and (iii) such other document as may be required under the Income Tax Act, for claiming non-deduction / lower deduction of tax at source and/or specified by the Company/ Registrar, from time to time.

The aforesaid documents, as may be applicable, should be submitted at least 7 days before the relevant Record Date for payment of interest on the NCDs quoting the name of the sole/ first NCD Holder, NCD folio number and the distinctive number(s) of the NCD held, to ensure non-deduction/lower deduction of tax at source from interest on the NCD. The aforesaid documents for claiming non-deduction or lower deduction of tax at source, as the case may be, shall be submitted to the Registrar as per below details or any other details as may be updated on the website of the Issuer at www.muthootenterprises.com or the Registrar at www.kfintech.com, from time to time.

The investors need to submit Form 15H/ 15G/certificate in original from the Assessing Officer for each Fiscal during the currency of the NCD to claim non-deduction or lower deduction of tax at source from interest on the NCD. Tax exemption certificate/document, if any, must be lodged at the office of the Registrar to the Issue at least seven days prior to the Record Date or as specifically required, failing which tax applicable on interest will be deducted at source on accrual thereof in our Company's books and/or on payment thereof, in accordance with the provisions of the IT Act and/or any other statutory modification, enactment or notification as the case may be. A tax deduction certificate will be issued for the amount of tax so deducted.

Subject to the terms and conditions in connection with computation of applicable interest on the Record Date, please note that in case the NCDs are transferred and/or transmitted in accordance with the provisions of this Draft Prospectus read with the provisions of the Articles of Association of our Company, the transferee of such NCDs or the deceased holder of NCDs, as the case may be, shall be entitled to any interest which may have accrued on the NCDs.

Subject to the terms and conditions in connection with computation of applicable interest on the Record Date as stated in the section titled "Issue Procedure" on page 193, please note that in case the NCDs are transferred and/or transmitted in accordance with the provisions of this Draft Prospectus read with the provisions of the Articles of Association of our Company, the transferee of such NCDs or the deceased holder of NCDs, as the case may be, shall be entitled to any interest which may have accrued on the NCDs.

Day Count Convention:

Interest shall be computed on actual/actual basis i.e. on the principal outstanding on the NCDs as per the SEBI Master Circular.

Effect of holidays on payments

If the date of payment of interest does not fall on a Working Day, then the interest payment will be made on succeeding Working Day (the “**Effective Date**”), however the calculation for payment of interest will be only till the originally stipulated Interest Payment Date. The dates of the future interest payments would be as per the originally stipulated schedule. Payment of interest will be subject to the deduction of tax as per Income Tax Act or any statutory modification or re-enactment thereof for the time being in force. In case the Maturity Date (also being the last Interest Payment Date) does not fall on a Working Day, the payment will be made on the immediately preceding Working Day, along with coupon/interest accrued on the NCDs until but excluding the date of such payment.

Illustration for guidance in respect of the day count convention and effect of holidays on payments.

The illustration for guidance in respect of the day count convention and effect of holidays on payments, as required by SEBI Master Circular is disclosed at page 290.

Maturity and Redemption

The NCDs issued pursuant to this Draft Prospectus have a fixed maturity date. The NCDs will be redeemed at the expiry of [●] days from the Deemed Date of Allotment which will be disclosed at time of filing Prospectus. There is no put or call option available to any Investor.

Application Size

Each application should be for a minimum of 10 NCDs and multiples of one NCD thereof. The minimum application size for each application would be ₹ 10,000 (for all kinds of Options NCDs either taken individually or collectively) and in multiples of ₹ 1,000 thereafter.

Applicants can apply for any or all options of NCDs offered hereunder provided the Applicant has applied for minimum application size using the same Application Form.

Applicants are advised to ensure that application made by them do not exceed the investment limits or maximum number of NCDs that can be held by them under applicable statutory and or regulatory provisions.

Terms of Payment

The entire issue price of ₹ 1,000 per NCD is blocked in the ASBA Account on application itself. In case of allotment of lesser number of NCDs than the number of NCDs applied for, our Company shall instruct the SCSBs to unblock the excess amount blocked on application in accordance with the terms of this Draft Prospectus.

Manner of Payment of Interest / Redemption Amounts

The manner of payment of interest / redemption in connection with the NCDs is set out below:

For NCDs held in dematerialised form:

The bank details will be obtained from the Depositories for payment of Interest / redemption amount as the case may be. Holders of the NCDs, are advised to keep their bank account details as appearing on the records of the depository participant updated at all points of time. Please note that failure to do so could result in delays in credit of Interest/ Redemption Amounts at the Applicant’s sole risk, and the Lead Manager, our Company or the Registrar shall have no any responsibility and undertake no liability for the same.

For NCDs held in physical form on account of re-materialization:

In case of NCDs held in physical form, on account of rematerialisation, the bank details will be obtained from the documents submitted to the Company along with the rematerialisation request. For further details, please see “*Terms of Issue – Procedure for Re-materialization of NCDs*” on page 164.

The mode of payment of Interest/Redemption Amount shall be undertaken in the following order of preference:

1. **Direct Credit/ NACH/ RTGS:** Investors having their bank account details updated with the Depository shall be eligible to receive payment of Interest / Redemption Amount, through:
 - i. **Direct Credit.** Interest / Redemption Amount would be credited directly to the bank accounts of the Investors, if held with the same bank as the Company.
 - ii. **NACH:** National Automated Clearing House which is a consolidated system of ECS. Payment of Interest / Redemption Amount would be done through NACH for Applicants having an account at one of the centres specified by the RBI, where such facility has been made available. This would be subject to availability of complete bank account details including Magnetic Ink Character Recognition (MICR) code wherever applicable from the depository. The payment of Interest / Redemption Amount through NACH is mandatory for Applicants having a bank account at any of the centres where NACH facility has been made available by the RBI (subject to availability of all information for crediting the Interest / Redemption Amount through NACH including the MICR code as appearing on a cheque leaf, from the depositories), except where applicant is otherwise disclosed as eligible to get Interest / Redemption Amount through NEFT or Direct Credit or RTGS.
 - iii. **RTGS:** Applicants having a bank account with a participating bank and whose Interest / Redemption Amount exceeds ₹ 2 lakhs, or such amount as may be fixed by RBI from time to time, have the option to receive the Interest / Redemption Amount through RTGS. Such eligible Applicants who indicate their preference to receive Interest / Redemption Amount through RTGS are required to provide the IFSC code in the Application Form or intimate our Company and the Registrar to the Issue at least 7 (seven) working days before the Record Date. Charges, if any, levied by the Applicant’s bank receiving the credit would be borne by the Applicant. In the event the same is not provided, Interest / Redemption Amount shall be made through NECS subject to availability of complete bank account details for the same as stated above.
 - iv. **NEFT:** Payment of interest / redemption amount shall be undertaken through NEFT wherever the Applicants’ bank has been assigned the Indian Financial System Code (“**IFSC**”), which can be linked to a Magnetic Ink Character Recognition (“**MICR**”), if any, available to that particular bank branch. IFSC Code will be obtained from the website of RBI as on a date immediately prior to the date of payment of the Interest / Redemption Amounts, duly mapped with MICR numbers. Wherever the Applicants have registered their nine-digit MICR number and their bank account number while opening and operating the de-mat account, the same will be duly mapped with the IFSC Code of that particular bank branch and the payment of Interest / Redemption Amount will be made to the Applicants through this method.
 - v. **Registered Post/Speed Post:** For all other applicants, including those who have not updated their bank particulars with the MICR code, the interest payment / refund / redemption orders shall be dispatched through speed post/ registered post.

Please note that applicants are eligible to receive payments through the modes detailed in (i), (ii) (iii), and (iv) herein above provided they provide necessary information for the above modes and where such payment facilities are allowed / available.

Please note that our Company shall not be responsible to the holder of NCDs, for any delay in receiving credit of interest / refund / redemption so long as our Company has initiated the process of such request in time.

The Registrar to the Issue shall instruct the relevant SCSB or in case of Bids by Retail Individual Investors applying through the UPI Mechanism to the Sponsor Bank, to revoke the mandate and to unblock the funds in the relevant ASBA Account to the extent of the Application Amount specified in

the Application Forms for withdrawn, rejected or unsuccessful or partially successful Applications within six Working Days of the Issue Closing Date.

Printing of Bank Particulars on Interest/ Redemption Warrants

As a matter of precaution against possible fraudulent encashment of refund orders and interest/ redemption warrants due to loss or misplacement, the particulars of the Applicant's bank account are mandatorily required to be given for printing on the orders/ warrants. In relation to NCDs applied and held in dematerialized form, these particulars would be taken directly from the Depositories. In case of NCDs held in physical form on account of rematerialisation, the NCD Holders are advised to submit their bank account details with our Company/ Registrar to the Issue at least seven days prior to the Record Date failing which the orders/ warrants will be dispatched to the postal address of the NCD Holders as available in the records of our Company either through speed post, registered post.

Bank account particulars will be printed on the orders/ warrants which can then be deposited only in the account specified.

Loan against NCDs

Pursuant to RBI Circular dated June 27, 2013, our Company, being an NBFC, is not permitted to extend any loans against the security of its NCDs.

Buy Back of NCDs

Our Company may, at its sole discretion, from time to time, consider, subject to applicable statutory and/or regulatory requirements, buyback of NCDs, upon such terms and conditions as may be decided by our Company.

Our Company may from time to time invite the NCD Holders to offer the NCDs held by them through one or more buy-back schemes and/or letters of offer upon such terms and conditions as our Company may from time to time determine, subject to applicable statutory and/or regulatory requirements. Such NCDs which are bought back may be extinguished, re-issued and/or resold in the open market with a view of strengthening the liquidity of the NCDs in the market, subject to applicable statutory and/or regulatory requirements.

Procedure for Redemption by NCD Holders

The procedure for redemption is set out below:

NCDs held in physical form on account of re-materialization:

No action would ordinarily be required on the part of the NCD Holder at the time of redemption and the redemption proceeds would be paid to those NCD Holders whose names stand in the register of NCD Holders maintained by us on the Record Date fixed for the purpose of Redemption. However, our Company may require that the NCD certificate(s), duly discharged by the sole holder/all the joint-holders (signed on the reverse of the NCD certificate(s)) be surrendered for redemption on maturity and should be sent by the NCD Holder(s) by Registered Post with acknowledgment due or by hand delivery to our office or to such persons at such addresses as may be notified by us from time to time. NCD Holder(s) may be requested to surrender the NCD certificate(s) in the manner as stated above, not more than three months and not less than one month prior to the redemption date so as to facilitate timely payment.

We may at our discretion redeem the NCDs without the requirement of surrendering of the NCD certificates by the holder(s) thereof. In case we decide to do so, the holders of NCDs need not submit the NCD certificates to us and the redemption proceeds would be paid to those NCD Holders whose names stand in the register of NCD Holders maintained by us on the Record Date fixed for the purpose of redemption of NCDs. In such case, the NCD certificates would be deemed to have been cancelled. Also see "*Terms of Issue – Payment on Redemption*" on page 164.

NCDs held in electronic form:

No action is required on the part of NCD Holder(s) at the time of redemption of NCDs.

Payment on Redemption

The manner of payment of redemption is set out below:

NCDs held in physical form on account of re-materialisation:

The payment on redemption of the NCDs will be made by way of cheque/pay order/ electronic modes. However, if our Company so requires, the aforementioned payment would only be made on the surrender of NCD certificate(s), duly discharged by the sole holder / all the joint-holders (signed on the reverse of the NCD certificate(s)). Dispatch of cheques/pay order, etc. in respect of such payment will be made on the Redemption Date or (if so requested by our Company in this regard) within a period of 30 days from the date of receipt of the duly discharged NCD certificate.

In case we decide to do so, the redemption proceeds in the manner stated above would be paid on the redemption date to those NCD Holders whose names stand in the register of debenture holders maintained by us on the Record Date fixed for the purpose of Redemption. Hence the transferees, if any, should ensure lodgment of the transfer documents with us at least seven working days prior to the Record Date. In case the transfer documents are not lodged with us at least seven working days prior to the Record Date and we dispatch the redemption proceeds to the transferor, claims in respect of the redemption proceeds should be settled amongst the parties inter se and no claim or action shall lie against us or the Registrar to the Issue.

Our liability to holder(s) towards their rights including for payment or otherwise shall stand extinguished from the date of redemption in all events and when we dispatch the redemption amounts to the NCD Holder(s).

Further, we will not be liable to pay any interest, income or compensation of any kind from the date of redemption of the NCD(s).

NCDs held in electronic form:

On the redemption date, redemption proceeds would be paid by cheque /pay order / electronic mode to those NCD Holders whose names appear on the list of beneficial owners given by the Depositories to us. These names would be as per the Depositories' records on the Record Date fixed for the purpose of redemption. These NCDs will be simultaneously extinguished to the extent of the amount redeemed through appropriate debit corporate action upon redemption of the corresponding value of the NCDs. It may be noted that in the entire process mentioned above, no action is required on the part of NCD Holders.

Our liability to NCD Holder(s) towards his/their rights including for payment or otherwise shall stand extinguished from the date of redemption in all events and when we dispatch the redemption amounts to the NCD Holder(s).

Further, we will not be liable to pay any interest, income or compensation of any kind from the date of redemption of the NCD(s).

Right to reissue NCD(s)

Subject to the provisions of the Companies Act, 2013, where we have fully redeemed or repurchased any NCD(s), we shall have and shall be deemed always to have had the right to keep such NCDs in effect without extinguishment thereof, for the purpose of resale or reissue and in exercising such right, we shall have and be deemed always to have had the power to resell or reissue such NCDs either by reselling or reissuing the same NCDs or by issuing other NCDs in their place. The aforementioned right includes the right to reissue original NCDs.

Sharing of information

We may, at our option, use on our own, as well as exchange, share or part with any financial or other information about the NCD Holders available with us and affiliates and other banks, financial institutions, credit bureaus, agencies, statutory bodies, as may be required and neither we or our affiliates nor their agents shall be liable for use of the aforesaid information.

Notices

All notices to the NCD Holder(s) required to be given by us or the Debenture Trustee shall be published in one English language newspaper having wide circulation and one regional language daily newspaper in Kerala and/or will be sent by post/ courier or through email or other electronic media to the Registered Holders of the NCD(s) from time to time.

Issue of duplicate NCD Certificate(s)

If any NCD certificate(s), issued pursuant to rematerialisation, if any, is/are mutilated or defaced or the cages for recording transfers of NCDs are fully utilised, the same may be replaced by us against the surrender of such certificate(s). Provided, where the NCD certificate(s) are mutilated or defaced, the same will be replaced as aforesaid only if the certificate numbers and the distinctive numbers are legible.

If any NCD certificate is destroyed, stolen or lost then upon production of proof thereof to our satisfaction and upon furnishing such indemnity/security and/or documents as we may deem adequate, duplicate NCD certificate(s) shall be issued. Upon issuance of a duplicate NCD certificate, the original NCD certificate shall stand cancelled.

Future Borrowings

We will be entitled to borrow/raise loans or avail of financial assistance in whatever form as also to issue debentures/ NCDs/other securities in any manner having such ranking in priority, *pari passu* or otherwise, subject to applicable consents, approvals or permissions that may be required under any statutory/regulatory/contractual requirement, and change the capital structure including the issue of shares of any class, on such terms and conditions as we may think appropriate, provided stipulated security cover is maintained on the NCDs and after obtaining the consent of, or intimation to, the NCD Holders or the Debenture Trustee regarding the creation of a charge over such security.

Impersonation

Attention of the Investors is specifically drawn to the provisions of sub-section (1) of Section 38 of the Companies Act, 2013 which is reproduced below:

“Any person who:

- a) makes or abets making of an application in a fictitious name to a company for acquiring, or subscribing for, its securities; or*
- b) makes or abets making of multiple applications to a company in different names or in different combinations of his name or surname for acquiring or subscribing for its securities; or*
- c) otherwise induces directly or indirectly a company to allot, or register any transfer of, securities to him, or to any other person in a fictitious name,*

shall be liable for action under Section 447.”

The liability prescribed under Section 447 of the Companies Act 2013 for fraud involving an amount of at least ₹ 10 lakh or 1.00% of the turnover of the Company, whichever is lower, includes imprisonment for a term which shall not be less than six months extending up to 10 years (provided that where the fraud involves public interest, such term shall not be less than three years) and fine of an amount not less than the amount involved in the fraud, extending up to three times of such amount. In case the fraud involves (i) an amount which is less than ₹ 10 lakh or 1.00% of the turnover of the Company, whichever is lower; and (ii) does not involve public interest, then such fraud is punishable with an imprisonment for a term extending up to five years or a fine of an amount extending up to ₹ 50 lakh or with both.

Method of Application

Eligible investor desirous of applying in the Issue can make Applications through the ASBA mechanism only.

Further, the Application may also be submitted through the app or web interface developed by Stock Exchange wherein the Application is automatically uploaded onto the Stock Exchange bidding platform and the amount is blocked using the UPI mechanism, as applicable.

All Applicants shall mandatorily apply in the Issue through the ASBA process only. Applicants intending to subscribe in the Issue shall submit a duly filled Application form to any of the Designated Intermediaries. Designated Intermediaries (other than SCSBs) shall submit/deliver the Bid cum Application Form (except the Bid cum Application Form from a Retail Individual Investor bidding using the UPI mechanism) to the respective SCSB, where the Bidder has a bank account and shall not submit it to any non-SCSB bank or any Escrow Bank.

Applicants should submit the Application Form only at the Bidding Centres, i.e., to the respective Syndicate Members at the Specified Locations, the SCSBs at the Designated Branches, the Registered Broker at the Broker Centres, the RTAs at the Designated RTA Locations or CDPs at the Designated CDP Locations. Kindly note that Application Forms submitted by Applicants at the Specified Locations will not be accepted if the SCSB with which the ASBA Account, as specified in the Application Form is maintained has not named at least one branch at that location for the Designated Intermediaries for deposit of the Application Forms. A list of such branches is available at <http://www.sebi.gov.in>.

The relevant Designated Intermediaries, upon receipt of physical Application Forms from Applicants, shall upload the details of these Application Forms to the online platform of the Stock Exchange and submit these Application Forms (except a Bid cum Application Form from RIIs using the UPI Mechanism) with the SCSB with whom the relevant ASBA Accounts are maintained.

Designated Intermediaries (other than SCSBs) shall not accept any ASBA Form from a RII who is not Bidding using the UPI Mechanism.

For RIIs using UPI Mechanism, the Stock Exchange shall share the bid details (including UPI ID) with the Sponsor Bank on a continuous basis to enable the Sponsor Bank to initiate UPI Mandate Request to RIIs for blocking of funds.

An Applicant shall submit the Application Form, which shall be stamped at the relevant Designated Branch of the SCSB. Application Forms in physical mode, which shall be stamped, can also be submitted to be the Designated Intermediaries at the Specified Locations. The SCSB shall block an amount in the ASBA Account equal to the Application Amount specified in the Application Form.

The Sponsor Bank shall provide details of the UPI linked bank account of the Bidders to the Registrar to the Issue for purpose of reconciliation.

RIIs using the UPI Mechanism must provide the UPI ID in the relevant space provided in the Bid cum Application Form and the Bid cum Application Form that does not contain the UPI ID are liable to be rejected.

RIIs using UPI Mechanism, submitting a Bid-cum Application Form to any Designated Intermediary (other than SCSBs) should ensure that only the UPI ID is mentioned in the field for Payment Details in the Bid cum Application Form. Application Forms submitted by RIIs using UPI Mechanism to Designated Intermediary (other than SCSBs) with ASBA Account details, are liable to be rejected.

Further, such Bidders including RIIs using the UPI Mechanism, shall ensure that the Bids are submitted at the Bidding Centres only on Bid cum Application Forms bearing the stamp of the relevant Designated Intermediary (except in case of electronic Bid-cum-Application Forms) and Bid cum Application Forms (except electronic Bid-cum-Application Forms) not bearing such specified stamp may be liable for rejection. Bidders must ensure that the ASBA Account has sufficient credit balance such that an amount equivalent to the full Bid Amount can be blocked by the SCSB or the Sponsor Bank, as applicable, at the time of submitting the Bid. Designated Intermediaries (other than SCSBs) shall not accept any ASBA Form from a RII who is not Bidding using the UPI Mechanism.

Our Company, the Directors, affiliates, associates and their respective directors and officers, Lead Managers and the Registrar to the Issue shall not take any responsibility for acts, mistakes, errors, omissions and commissions etc. in relation to ASBA Applications accepted by the Designated Intermediaries, Applications uploaded by SCSBs, Applications accepted but not uploaded by SCSBs or Applications accepted and uploaded without blocking funds in the ASBA Accounts. It shall be presumed that for Applications uploaded by SCSBs, the Application Amount has been blocked in the relevant ASBA Account. Further, all grievances against Designated Intermediaries in relation to the Issue should be made by Applicants directly to the relevant Stock Exchange.

In terms of the SEBI Master Circular, an eligible investor desirous of applying in this Issue can make Applications through the following modes:

1. Through Self-Certified Syndicate Bank (SCSB) or intermediaries (viz. Syndicate members, Registered Stock Brokers, Registrar and Transfer agent and Depository Participants)

- a. An investor may submit the bid-cum-application form, with ASBA as the sole mechanism for making payment, physically at the branch of a SCSB, i.e., investor's bank. For such applications, the existing process of uploading of bid on the Stock Exchange bidding platform and blocking of funds in investors account by the SCSB would continue.
- b. An investor may submit the completed bid-cum-application form to intermediaries mentioned above along with details of his/her bank account for blocking of funds. The intermediary shall upload the bid on the Stock Exchange bidding platform and forward the application form to a branch of a SCSB for blocking of funds.
- c. An investor may submit the bid-cum-application form with a SCSB or the intermediaries mentioned above and use his / her bank account linked UPI ID for the purpose of blocking of funds, if the application value is ₹ 5 lakhs or less. The intermediary shall upload the bid on the Stock Exchange bidding platform. The application amount would be blocked through the UPI mechanism in this case.

2. Through Stock Exchange

- a. An investor may submit the bid-cum-application form through the App or web interface developed by Stock Exchange (or any other permitted methods) wherein the bid is automatically uploaded onto the Stock Exchange bidding platform and the amount is blocked using the UPI Mechanism.

- b. BSE extended their web-based platforms i.e. 'BSEDirect' to facilitate investors to apply in public issues of debt securities through the web based platform and mobile app with a facility to block funds through Unified Payments Interface (UPI) mechanism for application value upto ₹ 5 lakhs. To place bid through 'BSEDirect' platform/ mobile app the eligible investor is required to register himself/ herself with BSE Direct.
- c. An investor may use the following links to access the web-based interface developed by the Stock Exchange to bid using the UPI Mechanism: BSE: <https://www.bsedirect.com>.
- d. The BSE Direct mobile application can be downloaded from play store in android phones. Kindly search for 'BSEdirect' on Google Playstore for downloading mobile applications.
- e. For further details on the registration process and the submission of bids through the App or web interface, the Stock Exchange have issued operational guidelines and circulars available at BSE: <https://www.bseindia.com/markets/MarketInfo/DispNewNoticesCirculars.aspx?page=20201228-60>, and <https://www.bseindia.com/markets/MarketInfo/DispNewNoticesCirculars.aspx?page=20201228-61>.

Applications under Power of Attorney

In case of Applications made pursuant to a power of attorney by Applicants who are Institutional Investors or Non-Institutional Investors, a certified copy of the power of attorney or the relevant resolution or authority, as the case may be, with a certified copy of the memorandum of association and articles of association and/or bye laws must be submitted with the Application Form. In case of Applications made pursuant to a power of attorney by Applicants, a certified copy of the power of attorney must be submitted with the Application Form. Failing this, our Company reserves the right to accept or reject any Application in whole or in part, in either case, without assigning any reason therefor. Our Company, in its absolute discretion, reserves the right to relax the above condition of attaching the power of attorney with the Application Forms subject to such terms and conditions that our Company and the Lead Manager may deem fit.

Brokers having online demat account portals may also provide a facility of submitting the Application Forms online to their account holders. Under this facility, a broker receives an online instruction through its portal from the Applicant for making an Application on his/ her behalf. Based on such instruction, and a power of attorney granted by the Applicant to authorise the broker, the broker makes an Application on behalf of the Applicant.

APPLICATIONS FOR ALLOTMENT OF NCDs

This section is for the information of the Applicants proposing to subscribe to the Issue. The Lead Manager and our Company are not liable for any amendments or modifications or changes in applicable laws or regulations, which may occur after the date of this Draft Prospectus. Investors are advised to make their independent investigations and to ensure that the Application Form is correctly filled up.

Our Company, our Directors, affiliates, associates and their respective directors and officers, the Lead Manager and the Registrar to the Issue shall not take any responsibility for acts, mistakes, errors, omissions and commissions etc. in relation to Applications (including Applications under the UPI Mechanism) accepted by and/or uploaded by and/or accepted but not uploaded by Trading Members, registered brokers, CDPs, RTAs and SCSBs who are authorised to collect Application Forms from the Applicants in the Issue, or Applications accepted and uploaded without blocking funds in the ASBA Accounts by SCSBs or failure to block the Application Amount under the UPI Mechanism. It shall be presumed that for Applications uploaded by SCSBs (other than UPI Applications), the Application Amount payable on Application has been blocked in the relevant ASBA Account and for Applications by UPI Investors under the UPI Mechanism, uploaded by Designated Intermediaries, the Application Amount payable on Application has been blocked under the UPI Mechanism.

The list of branches of the SCSBs at the Specified Locations named by the respective SCSBs to receive Application Forms from the Members of the Syndicate is available on the website of SEBI (<https://www.sebi.gov.in>) and updated from time to time or any such other website as may be prescribed by SEBI from time to time. For more information on such branches collecting Application Forms from the Syndicate at Specified Locations, see the website of the SEBI (<https://www.sebi.gov.in>) as updated from time to time or any such other website as may be prescribed by SEBI from time to time. The list of registered brokers at the Broker Centres, CDPs at the Designated CDP Locations or the RTAs at the Designated RTA Locations, respective lists of which, including details such as address and telephone number, are available at the website of the Stock Exchange at www.bseindia.com. The list of branches of the SCSBs at the Broker Centres, named by the respective SCSBs to receive deposits of the Application Forms from the registered brokers will be available on the website of the SEBI (www.sebi.gov.in) and updated from time to time.

Submission of Applications

Applications can be submitted through either of the following modes:

- (a) Physically or electronically to the Designated Branches of the SCSB(s) with whom an Applicant's ASBA Account is maintained. In case of Application in physical mode, the Applicant shall submit the Application Form at the relevant Designated Branch of the SCSB(s). The Designated Branch shall verify if sufficient funds equal to the Application Amount are available in the ASBA Account and shall also verify that the signature on the Application Form matches with the Investor's bank records, as mentioned in the Application Form, prior to uploading such Application into the electronic system of the Stock Exchange. If sufficient funds are not available in the ASBA Account, the respective Designated Branch shall reject such Application and shall not upload such Application in the electronic system of the Stock Exchange. If sufficient funds are available in the ASBA Account, the Designated Branch shall block an amount equivalent to the Application Amount and upload details of the Application in the electronic system of the Stock Exchange. The Designated Branch of the SCSBs shall stamp the Application Form and issue an acknowledgement as proof of having accepted the Application.

In case of Application being made in the electronic mode, the Applicant shall submit the Application either through the internet banking facility available with the SCSB, or such other electronically enabled mechanism for application and blocking funds in the ASBA Account held with SCSB, and accordingly registering such Application.

- (b) Physically through the Designated Intermediaries at the respective Collection Centres. Kindly note that above Applications submitted to any of the Designated Intermediaries will not be accepted if the SCSB where the ASBA Account is maintained, as specified in the Application Form, has not named at least one branch at that Collection Center where the Application Form is submitted (a list of such branches is available at <https://www.sebi.gov.in>).
- (c) A UPI Investor making an Application in the Issue under the UPI Mechanism, where the Application Amount is upto ₹ 5 lakhs, can submit his Application Form physically to a SCSB or a Designated Intermediary. The Designated Intermediary shall upload the application details along with the UPI ID on the Stock Exchange's bidding platform using appropriate protocols. Kindly note that in this case, the Application Amount will be blocked through the UPI Mechanism.
- (d) A UPI Investor may also submit the Application Form for the Issue through BSE Direct, wherein the Application will be automatically uploaded onto the Stock Exchange's bidding platform and an amount

equivalent to the Application Amount shall be blocked using the UPI Mechanism.

Upon receipt of the Application Form by the Designated Intermediaries, an acknowledgement shall be issued by the relevant Designated Intermediary, giving the counter foil of the Application Form to the Applicant as proof of having accepted the Application. Thereafter, the details of the Application shall be uploaded in the electronic system of the Stock Exchange. Post which:

- (i) **for Applications other than under the UPI Mechanism** – the Application Form shall be forwarded to the relevant branch of the SCSB, in the relevant Collection Center, named by such SCSB to accept such Applications from the Designated Intermediaries (a list of such branches is available at <https://www.sebi.gov.in>). Upon receipt of the Application Form, the relevant branch of the SCSB shall perform verification procedures including verification of the Applicant's signature with his bank records and check if sufficient funds equal to the Application Amount are available in the ASBA Account, as mentioned in the Application Form. If sufficient funds are not available in the ASBA Account, the relevant Application Form is liable to be rejected. If sufficient funds are available in the ASBA Account, the relevant branch of the SCSB shall block an amount equivalent to the Application Amount mentioned in the Application Form.
- (ii) **for Applications under the UPI Mechanism** – once the Application details have been entered in the bidding platform through Designated Intermediaries or BSE Direct, the Stock Exchange shall undertake validation of the PAN and Demat account combination details of the Applicant with the Depository. The Depository shall validate the PAN and Demat account details and send response to the Stock Exchange which would be shared by the Stock Exchange with the relevant Designated Intermediary through its platform, for corrections, if any. Post uploading of the Application details on the Stock Exchange's platform, the Stock Exchange shall send an SMS to the Applicant regarding submission of the Application. Post undertaking validation with the Depository, the Stock Exchange shall, on a continuous basis, electronically share the bid details along with the Applicants UPI ID, with the Sponsor Bank appointed by our Company. The Sponsor Bank shall then initiate a UPI Mandate Request on the Applicant. The request raised by the Sponsor Bank, would be electronically received by the Applicant as an SMS or on the mobile app, associated with the UPI ID linked bank account. The Applicant shall then be required to authorise the UPI Mandate Request. Upon successful validation of block request by the Applicant, the information would be electronically received by the Applicants' bank, where the funds, equivalent to Application Amount, would get blocked in the Applicant's ASBA Account. The status of block request would also be shared with the Sponsor Bank, which in turn would be shared with the Stock Exchange. The block request status would also be displayed on the Stock Exchange platform for information of the Designated Intermediary.

The Application Amount shall remain blocked in the ASBA Account until approval of the Basis of Allotment and consequent transfer of the amount against the Allotted NCDs to the Public Issue Account(s), or until withdrawal/failure of this Issue or until withdrawal/ rejection of the Application Form, as the case may be.

Applicants must note that:

- (a) Application Forms will be available with the Designated Branches of the SCSBs and with the Designated Intermediaries at the respective Collection Centres; and electronic Application Forms will be available on the websites of the SCSBs and the Stock Exchange at least one day prior to the Issue Opening Date. Physical Application Forms will also be provided to the Trading Members of the Stock Exchange at their request. The Application Forms would be serially numbered. Further, the SCSBs will ensure that this Draft Prospectus is made available on their websites. The physical Application Form submitted to the Designated Intermediaries shall bear the stamp of the relevant Designated Intermediary. In the event the Application Form does not bear any stamp, the same shall be liable to be rejected.
- (b) The Designated Branches of the SCSBs shall accept Application Forms directly from Applicants only during the Issue Period. The SCSBs shall not accept any Application Forms directly from Applicants after the closing time of acceptance of Applications on the Issue Closing Date. However, the relevant branches of the SCSBs at Specified Locations can accept Application Forms from the Designated Intermediaries, after the closing time of acceptance of Applications on the Issue Closing Date, if the Applications have been uploaded. For further information on the Issue programme, please see "*General Information – Issue Programme*" on page 32. Physical Application Forms directly submitted to SCSBs should bear the stamp of SCSBs, if not, the same are liable to be rejected.

Please note that Applicants can make an Application for Allotment of NCDs in the dematerialised form

only.

- Applications should be in single or joint names and not exceeding three names, and in the same order as their Depository Participant details (in case of Applicants applying for Allotment of the Bonds in dematerialised form) and Applications should be made by Karta in case the Applicant is an HUF. The Applicant is required to specify the name of an Applicant in the Application Form as 'XYZ Hindu Undivided Family applying through PQR', where PQR is the name of the Karta. Please ensure that such Applications contain the PAN of the HUF and not of the Karta;
- Applicants must provide details of valid and active DP ID, Client ID and PAN, clearly and without error. On the basis of such Applicant's active DP ID, Client ID and PAN provided in the Application Form, and as entered into the electronic Application system of the Stock Exchange by SCSBs, the Designated Intermediaries, the Registrar will obtain from the Depository the Demographic Details. Invalid accounts, suspended accounts or where such account is classified as invalid or suspended may not be considered for Allotment of the NCDs;
- Applications must be for a minimum of 10 NCDs and in multiples of one NCD thereafter. For the purpose of fulfilling the requirement of minimum application size of 10 NCDs, an Applicant may choose to apply for 10 NCDs of the same option or across different option;
- If the ASBA Account holder is different from the Applicant, the Application Form should be signed by the ASBA Account holder also, in accordance with the instructions provided in the Application Form;
- If the depository account is held in joint names, the Application Form should contain the name and PAN of the person whose name appears first in the depository account and signature of only this person would be required in the Application Form. This Applicant would be deemed to have signed on behalf of joint holders and would be required to give confirmation to this effect in the Application Form;
- Thumb impressions and signatures other than in English/Hindi/Gujarati/Marathi or any other languages specified in the 8th Schedule of the Constitution needs to be attested by a Magistrate or Notary Public or a Special Executive Magistrate under his/her seal;
- All Applicants are required to ensure that the Application Forms are submitted at the Designated Branches of SCSBs or the Collection Centres provided in the Application Forms, bearing the stamp of the relevant Designated Intermediary/Designated Branch of the SCSB;
- The Designated Intermediaries or the Designated Branches of the SCSBs, as the case may be, will

acknowledge the receipt of the Application Forms by stamping and returning to the Applicants the Acknowledgement Slip. This Acknowledgement Slip will serve as the duplicate of the Application Form for the records of the Applicant;

- Applicants must ensure that the requisite documents are attached to the Application Form prior to submission and receipt of acknowledgement from the relevant Designated Intermediaries or the Designated Branch of the SCSBs, as the case may be;
- All Applicants are required to check if they are eligible to apply as per the terms of this Draft Prospectus and applicable law, rules, regulations, guidelines and approvals;
- All Applicants are required to tick the relevant column of “Category of Investor” in the Application Form;

and

- All Applicants should correctly mention the ASBA Account number (including bank account number/bank name and branch) and ensure that funds equal to the Application Amount are available in the ASBA Account before submitting the Application Form to the Designated Branch and also ensure that the signature in the Application Form matches with the signature in Applicant’s bank records, otherwise the Application is liable to be rejected;
- A system generated acknowledgement (TRS) will be given to the Applicant as a proof of the registration of each Application. It is the Applicant’s responsibility to obtain the acknowledgement from the Designated Intermediaries and the Designated Branches of the SCSBs, as the case may be.
- In case of any revision of Application in connection with any of the fields which are not allowed to be modified on the electronic application platform of the Stock Exchanges as per the procedures and requirements prescribed by each relevant Stock Exchange, the Applicants should ensure that they have first withdrawn their original Application and submit a fresh Application.

The option, mode of allotment, PAN, demat account no. etc. should be captured by the relevant Designated Intermediaries in the data entries as such data entries will be considered for Allotment.

Applicants should note that neither the Designated Intermediaries nor the SCSBs, as the case may be, will be liable for error in data entry due to incomplete or illegible Application Forms.

B. Applicant’s Beneficiary Account Details

Applicants must mention their DP ID, Client ID and UPI ID (wherever applicable) in the Application Form and ensure that the name provided in the Application Form is exactly the same as the name in which the Beneficiary Account is held. In case the Application Form is submitted in the first Applicant’s name, it should be ensured that the Beneficiary Account is held in the same joint names and in the same sequence in which they appear in the Application Form. In case the DP ID, Client ID, PAN and UPI ID (wherever applicable) mentioned in the Application Form and entered into the electronic system of the Stock Exchange do not match with the DP ID, Client ID, PAN and UPI ID (wherever applicable) available in the Depository database or in case PAN is not available in the Depository database, the Application Form is liable to be rejected. Further, Application Forms submitted by Applicants whose beneficiary accounts are inactive, will be rejected.

On the basis of the Demographic Details as appearing on the records of the DP, the Registrar to the Issue will take steps towards demat credit of NCDs. Hence, Applicants are advised to immediately update their Demographic Details as appearing on the records of the DP and ensure that they are true and correct, and carefully fill in their Beneficiary Account details in the Application Form. Failure to do so could result in delays in demat credit and neither our Company, Designated Intermediaries, SCSBs, Registrar to the Issue nor the Stock Exchange will bear any responsibility or liability for the same.

In case of Applications made under power of attorney, our Company in its absolute discretion, reserves the right to permit the holder of power of attorney to request the Registrar that for the purpose of printing particulars on the Allotment Advice, the Demographic Details obtained from the Depository of the Applicant shall be used.

By signing the Application Form, the Applicant would have deemed to have authorized the Depositories to provide, upon request, to the Registrar to the Issue, the required Demographic Details as available on its records. The Demographic Details given by Applicant in the Application Form would not be used for any other purpose by the Registrar to the Issue except in relation to this Issue. Allotment Advice would be mailed by speed post or registered post at the address of the Applicants as per the Demographic Details received from the Depositories. Applicants may note that delivery of Allotment Advice may get delayed if the same once sent to the address obtained from the Depositories are returned undelivered. Further, please note that any such delay shall be at such Applicants' sole risk and neither our Company, Registrar to the Issue, Public Issue Account Bank, Sponsor Bank nor the Lead Manager shall be liable to compensate the Applicant for any losses caused to the Applicants due to any such delay or liable to pay any interest for such delay. In case of refunds through electronic modes as detailed in this Draft Prospectus, refunds may be delayed if bank particulars obtained from the Depository Participant are incorrect.

With effect from August 16, 2010, the beneficiary accounts of Applicants for whom PAN details have not been verified shall be suspended for credit and no credit of NCDs pursuant to this Issue will be made into the accounts of such Applicants. **Application Forms submitted by Applicants whose beneficiary accounts are inactive shall be rejected. Furthermore, in case no corresponding record is available with the Depositories, which matches the parameters, namely, DP ID, Client ID, PAN and UPI ID (wherever applicable) then such Application are liable to be rejected.**

C. Permanent Account Number

The Applicant should mention his or her Permanent Account Number allotted under the IT Act. For minor Applicants, applying through the guardian, it is mandatory to mention the PAN of the minor Applicant. However, Applications on behalf of the Central or State Government officials and the officials appointed by the courts in terms of a SEBI circular dated June 30, 2008 and Applicants residing in the state of Sikkim who in terms of a SEBI circular dated July 20, 2006 may be exempt from specifying their PAN for transacting in the securities market. In accordance with Circular No. MRD/DOP/Cir-05/2007 dated April 27, 2007 issued by SEBI, the PAN would be the sole identification number for the participants transacting in the securities market, irrespective of the amount of transaction. **Any Application Form, without the PAN is liable to be rejected, irrespective of the amount of transaction. It is to be specifically noted that the Applicants should not submit the GIR number instead of the PAN as the Application is liable to be rejected on this ground.**

However, the exemption for the Central or State Government and the officials appointed by the courts and for investors residing in the State of Sikkim is subject to the Depository Participants' verifying the veracity of such claims by collecting sufficient documentary evidence in support of their claims. At the time of ascertaining the validity of these Applications, the Registrar to the Issue will check under the Depository records for the appropriate description under the PAN Field i.e., either Sikkim category or exempt category.

D. Joint Applications

Applications may be made in single or joint names (not exceeding three). In the case of joint Applications all interest / redemption amount payments will be made out in favour of the first Applicant. All communications will be addressed to the first named Applicant whose name appears in the Application Form and at the address mentioned therein. If the depository account is held in joint names, the Application Form should contain the name and PAN of the person whose name appears first in the depository account and signature of only this person would be required in the Application Form. This Applicant would be deemed to have signed on behalf of joint holders and would be required to give confirmation to this effect in the Application Form.

E. Additional/Multiple Applications

An Applicant is allowed to make one or more Applications for the NCDs for the same or other option of NCDs, subject to a minimum Application size as specified in this Draft Prospectus and in multiples of thereafter as specified in this Draft Prospectus. **Any Application for an amount below the aforesaid minimum Application size will be deemed as an invalid Application and shall be rejected.** However, multiple Applications by the same individual Applicant aggregating to a value exceeding ₹ 5 lakhs shall be deemed such individual Applicant to be an HNI Applicant and all such Applications shall be grouped in the HNI Portion, for the purpose of determining the Basis of Allotment to such Applicant. However, any Application made by any person in his individual capacity and an Application made by such person in his capacity as a Karta of a Hindu Undivided

family and/or as Applicant (second or third Applicant), shall not be deemed to be a multiple Application. For the purposes of allotment of NCDs under this Issue, Applications shall be grouped based on the PAN, i.e., Applications under the same PAN shall be grouped together and treated as one Application. Two or more Applications will be deemed to be multiple Applications if the sole or first Applicant is one and the same. For the sake of clarity, two or more applications shall be deemed to be a multiple Application for the aforesaid purpose if the PAN number of the sole or the first Applicant is one and the same.

Process for investor application submitted with UPI as mode of payment

- m. For mismatch bids, on successful validation of PAN and DP ID/ Client ID combination during T+1 modification session, such bids will be sent to Sponsor Bank for further processing by the Exchange on T+1 day till 1 PM.
- n. The facility of re-initiation/ resending the UPI mandate shall be available only till 5 pm on the day of bidding.
- o. Upon successful validation of block request by the investor, as above, the said information would be electronically received by the investors' bank, where the funds, equivalent to application amount, would get

blocked in investors account. Intimation regarding confirmation of such block of funds in investors account would also be received by the investor.

- p. The information containing status of block request (e.g. accepted / decline / pending) would also be shared with the Sponsor Bank, which in turn would be shared with the Stock Exchange. The block request status would also be displayed on the Stock Exchange platform for information of the intermediary.
- q. The information received from Sponsor Bank, would be shared by stock exchange with RTA in the form of a file for the purpose of reconciliation.
- r. Post closure of the offer, the Stock Exchange shall share the bid details with RTA. Further, the Stock Exchange shall also provide the RTA, the final file received from the Sponsor Bank, containing status of blocked funds or otherwise, along with the bank account details with respect to applications made using UPI ID.
- s. The allotment of NCDs shall be done as per SEBI Master Circular
- t. The RTA, based on information of bidding and blocking received from the Stock Exchange, shall undertake reconciliation of the bid data and block confirmation corresponding to the bids by all investor category applications (with and without the use of UPI) and prepare the basis of allotment.
- u. Upon approval of the basis of allotment, the RTA shall share the 'debit' file with Sponsor bank (through Stock Exchange) and SCSBs, as applicable, for credit of funds in the public issue account and unblocking of excess funds in the investor's account. The Sponsor Bank, based on the mandate approved by the investor at the time of blocking of funds, shall raise the debit / collect request from the investor's bank account, whereupon funds will be transferred from investor's account to the public issue account and remaining funds, if any, will be unblocked without any manual intervention by investor or their bank.
- v. Upon confirmation of receipt of funds in the public issue account, the securities would be credited to the investor's account. The investor will be notified for full/partial allotment. For partial allotment, the remaining funds would be unblocked. For no allotment, mandate would be revoked and application amount would be unblocked for the investor.
- w. Thereafter, Stock Exchange will issue the listing and trading approval.
- x. Further, in accordance with the Operational Instructions and Guidelines for Making Application for Public Issue of Debt Securities through BSE Direct issued by BSE on December 28, 2020 the investor shall also be responsible for the following:
 - i. Investor shall check the Issue details before placing desired bids;
 - ii. Investor shall check and understand the UPI mandate acceptance and block of funds process before placing the bid;
 - iii. The receipt of the SMS for mandate acceptance is dependent upon the system response/ integration of UPI on Debt Public Issue System;
 - iv. Investor shall accept the UPI Mandate Requests within the stipulated timeline;
 - v. Investor shall note that the transaction will be treated as completed only after the acceptance of mandates by the investor by way of authorising the transaction by entering their UPI pin and successfully blocking funds through the ASBA process by the investor's bank;
 - vi. Investor shall check the status of their bid with respect to the mandate acceptance and blocking of funds for the completion of the transaction; and
 - vii. In case the investor does not accept the mandate within stipulated timelines, in such case their bid will not be considered for allocation.
- y. The Investors are advised to read the operational guidelines mentioned for Making Application for Public Issue of Debt Securities through BSE Direct issued by BSE on December 28, 2020 before investing through the through the app/ web interface of Stock Exchange(s).

Do's and Don'ts

Applicants are advised to take note of the following while filling and submitting the Application Form:

Do's

1. Check if you are eligible to apply as per the terms of this Draft Prospectus and applicable law, rules, regulations, guidelines and approvals.
2. Read all the instructions carefully and complete the Application Form in the prescribed form.
3. Ensure that you have obtained all necessary approvals from the relevant statutory and/or regulatory authorities to apply for, subscribe to and/or seek Allotment of NCDs pursuant to this Issue.
4. Ensure that the DP ID, the Client ID and the PAN mentioned in the Application Form, which shall be entered into the electronic system of the Stock Exchange are correct and match with the DP ID, Client ID and PAN available in the Depository database. Ensure that the DP ID, Client ID, PAN and UPI ID (wherever applicable) are correct and the depository account is active as Allotment of the Equity Shares will be in dematerialized form only. The requirement for providing Depository Participant details is mandatory for all Applicants.
5. Ensure that you have mentioned the correct ASBA Account number (for all Applicants other than UPI Investors applying using the UPI Mechanism) in the Application Form. Further, UPI Investors using the UPI Mechanism must also mention their UPI ID.
6. UPI Investors applying using the UPI Mechanism shall ensure that the bank, with which they have their bank account, where the funds equivalent to the application amount are available for blocking, is certified by NPCI before submitting the ASBA Form to any of the Designated Intermediaries.
7. UPI Investors applying using the UPI Mechanism through the SCSBs and mobile applications shall ensure that the name of the bank appears in the list of SCSBs which are live on UPI, as displayed on the SEBI website. UPI Investors shall ensure that the name of the app and the UPI handle which is used for making the application appears on the list displayed on the SEBI website. An application made using incorrect UPI handle or using a bank account of an SCSB or bank which is not mentioned on the SEBI website is liable to be rejected.
8. Ensure that the Application Form is signed by the ASBA Account holder (or the UPI-linked bank account holder, as the case may be) in case the Applicant is not the ASBA account holder. Applicants (except UPI Investors making an Application using the UPI Mechanism) should ensure that they have an account with an SCSB and have mentioned the correct bank account number of that SCSB in the Application Form. UPI Investors applying using the UPI Mechanism should ensure that they have mentioned the correct UPI- linked bank account number and their correct UPI ID in the Application Form.
9. Ensure that you have funds equal to the Application Amount in the ASBA Account before submitting the Application Form to the respective Designated Branch of the SCSB, or to the Designated Intermediaries, as the case may be.
10. UPI Investors making an Application using the UPI Mechanism, should ensure that they approve the UPI Mandate Request generated by the Sponsor Bank to authorise blocking of funds equivalent to Application Amount and subsequent debit of funds in case of Allotment, in a timely manner.
11. UPI Investors making an Application using the UPI Mechanism shall ensure that details of the Application are reviewed and verified by opening the attachment in the UPI Mandate Request and then proceed to authorise the UPI Mandate Request using their UPI PIN. Upon the authorization of the mandate using their UPI PIN, the UPI Investor may be deemed to have verified the attachment containing the application details of the UPI Investor making and Application using the UPI Mechanism in the UPI Mandate Request and have agreed to block the entire Application Amount and authorized the Sponsor Bank to issue a request to block the Application Amount mentioned in the ASBA Form in their ASBA Account.
12. UPI Investors making an Application using the UPI Mechanism should mention valid UPI ID of only the Applicants (in case of single account) and of the first Applicant (in case of joint account) in the ASBA Form.
13. UPI Investors making an Application using the UPI Mechanism, who have revised their Application subsequent to making the initial Application, should also approve the revised UPI Mandate Request generated

by the Sponsor Bank to authorise blocking of funds equivalent to the revised Application Amount in their account and in case of Allotment in a timely manner.

14. Ensure that the Application Forms are submitted at the Designated Branches of SCSBs or the Collection Centres provided in the Application Forms, bearing the stamp of the relevant Designated Intermediary/Designated Branch of the SCSB.
15. Before submitting the Application Form with the Designated Intermediaries ensure that the SCSB, whose name has been filled in the Application Form, has named a branch in that relevant Collection Centre.
16. Ensure that you have been given an acknowledgement as proof of having accepted the Application Form.
17. Ensure that signatures other than in the languages specified in the Eighth Schedule to the Constitution of India is attested by a Magistrate or a Notary Public or a Special Executive Magistrate under official seal.
18. In case of an HUF applying through its Karta, the Applicant is required to specify the name of an Applicant in the Application Form as 'XYZ Hindu Undivided Family applying through PQR', where PQR is the name of the Karta. However, the PAN number of the HUF should be mentioned in the Application Form and not that of the Karta.
19. Ensure that the Applications are submitted to the Designated Intermediaries or Designated Branches of the SCSBs, as the case may be, before the closure of application hours on the Issue Closing Date. For further information on the Issue programme, please see "*General Information – Issue Programme*" on page 32.
20. **Permanent Account Number:** Except for Application (i) on behalf of the Central or State Government and officials appointed by the courts, and (ii) (subject to SEBI circular dated April 3, 2008) from the residents of the state of Sikkim, each of the Applicants should provide their PAN. Application Forms in which the PAN is not provided will be rejected. The exemption for the Central or State Government and officials appointed by the courts and for investors residing in the State of Sikkim is subject to (a) the Demographic Details received from the respective depositories confirming the exemption granted to the beneficiary owner by a suitable description in the PAN field and the beneficiary account remaining in "active status"; and (b) in the case of residents of Sikkim, the address as per the Demographic Details evidencing the same.
21. Ensure that if the depository account is held in joint names, the Application Form should contain the name and PAN of the person whose name appears first in the depository account and signature of only this person would be required in the Application Form. This Applicant would be deemed to have signed on behalf of joint holders and would be required to give confirmation to this effect in the Application Form.
22. All Applicants should choose the relevant option in the column "Category of Investor" in the Application Form.
23. Choose and mark the option of NCDs in the Application Form that you wish to apply for.

In terms of SEBI Master Circular, SCSBs making applications on their own account using ASBA facility, should have a separate account in their own name with any other SEBI registered SCSB. Further, such account shall be used solely for the purpose of making application in public issues and clear demarcated funds should be available in such account for Applications.

SEBI Master Circular stipulates the time between closure of the Issue and listing at 6 (six) Working Days. In order to enable compliance with the above timelines, investors are advised to use ASBA facility only to make payment.

Don'ts:

5. Do not apply through an Application Form that does not have the stamp of the relevant Designated Intermediary or the Designated Branch of the SCSB, as the case may be.
6. Do not fill up the Application Form such that the NCDs applied for exceeds the Issue Size and/or investment limit or maximum number of NCDs that can be held under the applicable laws or regulations or maximum amount permissible under the applicable regulations.
7. Do not submit the GIR number instead of the PAN as the Application is liable to be rejected on this ground.
8. Do not submit incorrect details of the DP ID, Client ID, PAN and UPI ID (wherever applicable) or provide details for a beneficiary account which is suspended or for which details cannot be verified by the Registrar to the Issue.
9. Do not submit the Application Form without ensuring that funds equivalent to the entire Application Amount are available for blocking in the relevant ASBA Account or in the case of UPI Investors making and Application using the UPI Mechanism, in the UPI-linked bank account where funds for making the Application are available.
10. Do not submit Applications on plain paper or on incomplete or illegible Application Forms.
11. Do not apply if you are not competent to contract under the Indian Contract Act, 1872.
12. Do not submit an Application in case you are not eligible to acquire NCDs under applicable law or your relevant constitutional documents or otherwise.
13. Do not submit Applications to a Designated Intermediary at a location other than Collection Centres.
14. Do not submit an Application that does not comply with the securities law of your respective jurisdiction.
15. Do not apply if you are a person ineligible to apply for NCDs under this Issue including Applications by Persons Resident Outside India, NRI (inter-alia including NRIs who are (i) based in the USA, and/or, (ii) domiciled in the USA, and/or, (iii) residents/citizens of the USA, and/or, (iv) subject to any taxation laws of the USA).
16. Do not make an Application of the NCD on multiple copies taken of a single form.
17. Payment of Application Amount in any mode other than through blocking of Application Amount in the ASBA Accounts shall not be accepted in the Issue.
18. Do not link the UPI ID with a bank account maintained with a bank that is not UPI 2.0 certified by the NPCI in case of Bids submitted by UPI Investors using the UPI Mechanism.
19. Do not submit more than five Application Forms per ASBA Account.
20. Bidding through the UPI Mechanism using the incorrect UPI handle or using a bank account of an SCSB and/or mobile applications which are not mentioned in the list provided in the SEBI.
21. If you are a Retail Individual Investor who is submitting the ASBA Application with any of the Designated Intermediaries and using your UPI ID for the purpose of blocking of funds, do not use any third party bank account or third-party linked bank account UPI ID.

Please also see “*Key Regulations and Policies – Operational Instructions*” on page 251.

Kindly note that Applications submitted to the Designated Intermediaries will not be accepted if the SCSB where the ASBA Account, as specified in the Application Form, is maintained has not named at least one branch at that location for the Designated Intermediaries, to deposit such Application Forms (A list of such branches is available at <https://www.sebi.gov.in>).

Please see “*Issue Procedure – Rejection of Applications*” on page 193 for information on rejection of Applications.

TERMS OF PAYMENT

The Application Forms will be uploaded onto the electronic system of the Stock Exchange and deposited with the relevant branch of the SCSB at the Collection Centres, named by such SCSB to accept such Applications from the Designated Intermediaries, as the case may be (a list of such branches is available at <https://www.sebi.gov.in>).

For Applications other than those under the UPI Mechanism, the relevant branch of the SCSB shall perform verification procedures and block an amount in the ASBA Account equal to the Application Amount specified in the Application. For Applications under the UPI Mechanism, i.e., upto ₹ 5 lakhs, the Stock Exchange shall undertake validation of the PAN and Demat account combination details of the Applicant with the Depository. The Depository shall validate the PAN and Demat account details and send response to the Stock Exchange which would be shared by the Stock Exchange with the relevant Designated Intermediary through its platform, for corrections, if any. The blocking of funds in such case (not exceeding ₹ 5 lakhs) shall happen under the UPI Mechanism.

The entire Application Amount for the NCDs is payable on Application only. The relevant SCSB shall block an amount equivalent to the entire Application Amount in the ASBA Account at the time of upload of the Application Form. In case of Allotment of lesser number of NCDs than the number applied, the Registrar to the Issue shall instruct the SCSBs or the Sponsor Bank (as the case maybe) to unblock the excess amount in the ASBA Account.

For Applications submitted directly to the SCSBs, the relevant SCSB shall block an amount in the ASBA Account equal to the Application Amount specified in the Application, before entering the Application into the electronic system of the Stock Exchange. SCSBs may provide the electronic mode of application either through an internet enabled application and banking facility or such other secured, electronically enabled mechanism for application and blocking of funds in the ASBA Account.

For Applications submitted under the UPI Mechanism, post the successful validation of the UPI Mandate Request by the Applicant, the information would be electronically received by the Applicants’ bank, where the funds, equivalent to Application Amount, would get blocked in the Applicant’s ASBA Account.

Applicants should ensure that they have funds equal to the Application Amount in the ASBA Account before submitting the Application. An Application where the corresponding ASBA Account does not have sufficient funds equal to the Application Amount at the time of blocking the ASBA Account is liable to be rejected.

A UPI Investor applying through the UPI Mechanism should ensure that, they check the relevant SMS generated for the UPI Mandate Request and all other steps required for successful blocking of funds in the UPI linked bank account, which includes accepting the UPI Mandate Request by 5:00 pm on the third Working Day from the day of bidding on the Stock Exchange (except on the last day of the Issue Period, where the UPI Mandate Request not having been accepted by 5:00 pm of the next Working Day), have been completed.

The Application Amount shall remain blocked in the ASBA Account until approval of the Basis of Allotment and consequent transfer of the amount against the Allotted NCDs to the Public Issue Account(s), or until withdrawal/ failure of this Issue or until withdrawal/ rejection of the Application Form, as the case may be. Once the Basis of Allotment is approved, and upon receipt of intimation from the Registrar, the controlling branch of the SCSB shall, on the Designated Date, transfer such blocked amount from the ASBA Account to the Public Issue Account. The balance amount remaining after the finalisation of the Basis of Allotment shall be unblocked by the SCSBs or the Sponsor Bank (in case of Applications under the UPI Mechanism) on the basis of the instructions issued in this regard by the Registrar to the respective SCSB or the Sponsor Bank, within six Working Days of the Issue Closing Date. The Application Amount shall remain blocked in the ASBA Account until transfer of the Application Amount to the Public Issue Account, or until withdrawal/ failure of this Issue or until rejection of the Application, as the case may be.

SUBMISSION OF COMPLETED APPLICATION FORMS

Mode of Submission of Application Forms	To whom the Application Form has to be submitted
ASBA Applications	(i) If using <u>physical Application Form</u> , (a) to the Designated Intermediaries at relevant Collection Centres, or (b) to the Designated Branches of the SCSBs where the ASBA Account is maintained; or (ii) If using <u>electronic Application Form</u> , to the SCSBs, electronically through internet banking facility, if available.
Applications under the UPI Mechanism	(i) Through the Designated Intermediary, physically or electronically, as applicable; or (ii) Through BSE Direct

No separate receipts will be issued for the Application Amount payable on submission of Application Form. However, the Designated Intermediaries will acknowledge the receipt of the Application Forms by stamping the date and returning to the Applicants an Acknowledgement Slips which will serve as a duplicate Application Form for the records of the Applicant.

Electronic Registration of Applications

- (a) The Designated Intermediaries and Designated Branches of the SCSBs, as the case may be, will register the Applications (including those under the UPI Mechanism) using the on-line facilities of the Stock Exchange. **The Members of Syndicate, our Company and the Registrar to the Issue or the Lead Manager is not responsible for any acts, mistakes or errors or omission and commissions in relation to, (i) the Applications accepted by the SCSBs, (ii) the Applications uploaded by the SCSBs, (iii) the Applications accepted but not uploaded by the SCSBs, (iv) with respect to Applications accepted and uploaded by the SCSBs without blocking funds in the ASBA Accounts, (v) any Applications accepted and uploaded and/or not uploaded by the Trading Members of the Stock Exchange or (vi) any Application made under the UPI Mechanism, accepted or uploaded or failed to be uploaded by a Designated Intermediary or through the app/web based interface of the Stock Exchange and the corresponding failure for blocking of funds under the UPI Mechanism.**

In case of apparent data entry error by the Designated Intermediaries or Designated Branches of the SCSBs, as the case may be, in entering the Application Form number in their respective schedules other things remaining unchanged, the Application Form may be considered as valid and such exceptions may be recorded in minutes of the meeting submitted to the Designated Stock Exchange. However, the option, mode of allotment, PAN, demat account no. etc. should be captured by the relevant Designated Intermediaries or Designated Branches of the SCSBs in the data entries as such data entries will be considered for Allotment/rejection of Application.

- (b) The Stock Exchange will offer an electronic facility for registering Applications for this Issue. This facility will be available on the terminals of Designated Intermediaries and the SCSBs during the Issue Period. The Designated Intermediaries can also set up facilities for off-line electronic registration of Applications subject to the condition that they will subsequently upload the off-line data file into the on-line facilities for Applications on a regular basis, and before the expiry of the allocated time on this Issue Closing Date. On the Issue Closing Date, the Designated Intermediaries and the Designated Branches of the SCSBs shall upload the Applications till such time as may be permitted by the Stock Exchange. This information will be available with the Designated Intermediaries and the Designated Branches of the SCSBs on a regular basis. Applicants are cautioned that a high inflow of high volumes on the last day of the Issue Period may lead to some Applications received on the last day not being uploaded and such Applications will not be considered for allocation. For further information on the Issue programme, please see “*General Information – Issue Programme*” on page 32.
- (c) With respect to Applications submitted directly to the SCSBs at the time of registering each Application, the Designated Branches of the SCSBs shall enter the requisite details of the Applicants in the on-line system including:
- Application Form number

 - Application amount
- (d) With respect to Applications submitted to the Designated Intermediaries, at the time of registering each Application, the requisite details of the Applicants shall be entered in the on-line system including:
- Application Form number
 - PAN (of the first Applicant, in case of more than one Applicant)
 - Investor category and sub-category
 - DP ID
 - Client ID
 - UPI ID (if applicable)
 - Option of NCDs applied for
 - Number of NCDs Applied for in each option of NCD
 - Price per NCD
 - Bank code for the SCSB where the ASBA Account is maintained
 - Bank account number
 - Location
 - Application amount
- (e) A system generated acknowledgement (TRS) will be given to the Applicant as a proof of the registration of each Application. It is the Applicant's responsibility to obtain the acknowledgement from the Designated Intermediaries and the Designated Branches of the SCSBs, as the case may be. The registration of the Application by the Designated Intermediaries and the Designated Branches of the SCSBs, as the case may be, does not guarantee that the NCDs shall be allocated/ Allotted by our Company. The acknowledgement will be non-negotiable and by itself will not create any obligation of any kind.
- (f) Applications can be rejected on the technical grounds listed below or if all required information is not

provided or the Application Form is incomplete in any respect.

- (g) The permission given by the Stock Exchange to use its network and software of the online system should not in any way be deemed or construed to mean that the compliance with various statutory and other requirements by our Company, the Lead Manager are cleared or approved by the Stock Exchange; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the compliance with the statutory and other requirements nor does it take any responsibility for the financial or other soundness of our Company, the management or any scheme or project of our Company; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the contents of this Draft Prospectus; nor does it warrant that the NCDs will be listed or will continue to be listed on the Stock Exchange
- (h) **Only Applications that are uploaded on the online system of the Stock Exchange shall be considered for allocation/ Allotment.** The Designated Intermediaries and the Designated Branches of the SCSBs shall capture all data relevant for the purposes of finalizing the Basis of Allotment while uploading Application data in the electronic systems of the Stock Exchange. In order that the data so captured is accurate the Designated Intermediaries and the Designated Branches of the SCSBs will be given up to one Working Day after the Issue Closing Date to modify/ verify certain selected fields uploaded in the online system during the Issue Period after which the data will be sent to the Registrar for reconciliation with the data available with the NSDL and CDSL.

For information on certain procedures to be carried out by the Registrar to the Issue for finalization of the Basis of Allotment, please see “*Information for Applicants*” below.

Information for Applicants

Upon the closure of the Issue, the Registrar to the Issue will reconcile the compiled data received from the Stock Exchange and all SCSBs and match the same with the Depository database for correctness of DP ID, Client ID, UPI ID (where applicable) and PAN. The Registrar to the Issue will undertake technical rejections based on the electronic details and the Depository database and prepare list of technical rejection cases. In case of any discrepancy between the electronic data and the Depository records, our Company, in consultation with the Designated Stock Exchange, the Lead Manager and the Registrar to the Issue, reserves the right to proceed as per the Depository records for such Applications or treat such Applications as rejected.

Based on the information provided by the Depositories, our Company shall have the right to accept Applications belonging to an account for the benefit of a minor (under guardianship).

In case of Applications for a higher number of NCDs than specified for that category of Applicant, only the maximum amount permissible for such category of Applicant will be considered for Allotment.

Mode of making refunds

The Registrar shall instruct the relevant SCSB to unblock the funds in the relevant ASBA Account to the extent of the Application Amount specified in the Application Forms for withdrawn, rejected or unsuccessful or partially successful Applications within 5 (five) Working Days of the Issue Closing Date.

Our Company and the Registrar shall credit the allotted NCDs to the respective beneficiary accounts, within 5 (five) Working Days from the Issue Closing Date.

Further,

- a. Allotment of NCDs in the Issue shall be made within a time period of 4 (four) Working Days from the Issue Closing Date;
- b. Credit to dematerialised accounts will be given within one Working Day from the Date of Allotment;
- c. Interest at a rate of 15% per annum will be paid if the Allotment has not been made and/or the refund has not been effected within 5 (five) Working Days from the Issue Closing Date, for the delay beyond 5 (five) Working Days; and
- d. Our Company will provide adequate funds to the Registrar for this purpose

BASIS OF ALLOTMENT

Basis of Allotment for NCDs

The Registrar will aggregate the Applications, based on the applications received through an electronic book from the Stock Exchange and determine the valid Application for the purpose of drawing the basis of allocation.

Allocation Ratio

The Registrar will aggregate the Applications based on the Applications received through an electronic book from the Stock Exchange and determine the valid applications for the purpose of drawing the basis of allocation. Grouping of the application received will be then done in the following manner:

Grouping of Applications and Allocation Ratio: Applications received from various applicants shall be grouped together on the following basis:

- (a) *Applications received from Category I applicants:* Applications received from Category I, shall be grouped together, ("**Institutional Portion**");
- (b) *Applications received from Category II applicants:* Applications received from Category II, shall be grouped together, ("**Non-Institutional Portion**");
- (c) *Applications received from Category III applicants:* Applications received from Category III, shall be grouped together, ("**Retail Individual Portion**").

For removal of doubt, "**Institutional Portion**", "**Non-Institutional Portion**" and "**Retail Individual Portion**" are individually referred to as "**Portion**" and collectively referred to as "**Portions**".

For the purposes of determining the number of NCDs available for allocation to each of the abovementioned Portions, our Company shall have the discretion of determining the number of NCDs to be Allotted over and above the Base Issue Size, in case our Company opts to retain any oversubscription in the Issue up to ₹ 7,500 lakhs. The aggregate value of NCDs decided to be allotted over and above the Base Issue Size, (in case our Company opts to retain any oversubscription in the Issue), and/or the aggregate value of NCDs up to the Base Issue Size shall be collectively termed as the "**Overall Issue Size**".

Basis of Allotment for NCDs

Allotments in the first instance:

- (i) Applicants belonging to the Category I, in the first instance, will be allocated NCDs up to 10% of overall Issue Size on first come first serve basis (determined on the basis of date of receipt of each Application duly acknowledged by the Lead Manager and their respective affiliates/SCSB (Designated Branch or online acknowledgement));
- (ii) Applicants belonging to the Category II, in the first instance, will be allocated NCDs up to 40% of Overall Issue Size on first come first serve basis (determined on the basis of date of receipt of each Application duly acknowledged by the Members of the Syndicate/Trading Members/SCSB (Designated Branch or online acknowledgement));

- (iii) Applicants belonging to the Category III, in the first instance, will be allocated NCDs up to 50% of Overall Issue Size on first come first serve basis (determined on the basis of date of receipt of each Application duly acknowledged by the Members of the Syndicate/Trading Members/SCSB (Designated Branch or online acknowledgement));

Allotments, in consultation with the Designated Stock Exchange, shall be made on date priority basis i.e., a first-come first-serve basis, based on the date of upload of each Application in to the electronic book with Stock Exchange, in each Portion subject to the Allocation Ratio. However, on the date of oversubscription, the Allotments would be made to the Applicants on proportionate basis.

(a) Under Subscription:

Under subscription, if any, in any Portion, priority in Allotments will be given in the following order:

- (i) Individual Portion
- (ii) Non-Institutional Portion and Resident Indian individuals and Hindu undivided families through the Karta applying who apply for NCDs aggregating to a value exceeding ₹ 5 lakhs;
- (iii) Institutional Portion
- (iv) on a first come first serve basis.

Within each Portion, priority in Allotments will be given on a first-come-first-serve basis, based on the date of upload of each Application into the electronic system of the Stock Exchange.

For each Portion, all Applications uploaded into the electronic book with the Stock Exchange would be treated at par with each other. Allotment would be on proportionate basis, where Applications uploaded into the Platform of the Stock Exchange on a particular date exceeds NCDs to be allotted for each Portion, respectively.

Minimum allotment of 5 NCD and in multiples of 1 (one) NCD thereafter would be made in case of each valid Application.

(b) Allotments in case of oversubscription:

In case of an oversubscription, Allotments to the maximum extent, as possible, will be made on a first-come first-serve basis and thereafter on proportionate basis, i.e. full Allotment of NCDs to the valid Applicants on a first come first serve basis for forms uploaded up to 5 pm of the date falling 1 (one) day prior to the date of oversubscription and proportionate allotment of NCDs to the valid Applicants on the date of oversubscription (based on the date of upload of the Application on the Stock Exchange Platform, in each Portion). In case of over subscription on date of opening of the Issue, the Allotment shall be made on a proportionate basis. Applications received for the NCDs after the date of oversubscription will not be considered for Allotment.

In view of the same, the Investors are advised to refer to the Stock Exchanges website at www.bseindia.com for details in respect of subscription.

(c) Proportionate Allotments: For each Portion, on the date of oversubscription:

- (i) Allotments to the Applicants shall be made in proportion to their respective Application size, rounded off to the nearest integer;
- (ii) If the process of rounding off to the nearest integer results in the actual allocation of NCDs being higher than the Issue Size, not all Applicants will be allotted the number of NCDs arrived at after such rounding off. Rather, each Applicant whose Allotment size, prior to rounding off, had the highest decimal point would be given preference; and
- (iii) In the event, there are more than one Applicant whose entitlement remain equal after the manner of distribution referred to above, our Company will ensure that the Basis of Allotment is finalised by draw of lots in a fair and equitable manner.

(d) Applicant applying for more than one Options of NCDs:

If an Applicant has applied for more than one Options of NCDs, and in case such Applicant is entitled to allocation of only a part of the aggregate number of NCDs applied for due to such Applications received on the date of oversubscription, the option-wise allocation of NCDs to such Applicants shall be in proportion to the number of NCDs with respect to each option, applied for by such Applicant, subject to rounding off to the nearest integer, as appropriate in consultation with Lead Manager and Designated Stock Exchange.

In cases of odd proportion for Allotment made, our Company in consultation with the Lead Manager will Allot the residual NCD (s) in the following order:

- (i) first with monthly interest payment in decreasing order of tenor i.e., Options [●];
- (ii) second with payment on cumulative options in decreasing order of tenor i.e., Options [●];

Hence using the above procedure, the order of Allotment for the residual NCD(s) will be: [●]

All decisions pertaining to the Basis of Allotment of NCDs pursuant to the Issue shall be taken by our Company in consultation with the Lead Manager, and the Designated Stock Exchange and in compliance with the aforementioned provisions of this Draft Prospectus.

Our Company would Allot Option [●] NCDs to all valid applications, wherein the Applicants have not indicated their choice of the relevant options of the NCDs.

Valid applications where the Application Amount received does not tally with or is less than the amount equivalent to value of number of NCDs applied for, may be considered for Allotment, to the extent of the Application Amount paid rounded down to the nearest ₹ 1,000 in accordance with the pecking order mentioned above.

Retention of oversubscription

Our Company shall have an option to retain over-subscription up to the Issue limit.

Unblocking of Funds for withdrawn, rejected or unsuccessful or partially successful Applications

The Registrar shall, pursuant to preparation of Basis of Allotment, instruct the relevant SCSB or the Sponsor Bank (for Applications under the UPI Mechanism), as applicable, to unblock the funds in the relevant ASBA Account/UIP linked bank account, for withdrawn, rejected or unsuccessful or partially successful Applications within six Working Days of the Issue Closing Date.

ISSUANCE OF ALLOTMENT ADVICE

Our Company shall use best efforts to ensure that all steps for completion of the necessary formalities for commencement of trading at the Stock Exchange where the NCDs are proposed to be listed are taken within six Working Days from the Issue Closing Date.

Application Amount shall be unblocked within 15(fifteen)Days from the Issue Closing Date or such lesser time as may be specified by SEBI or else the Application Amount shall be unblocked in the ASBA Accounts or the UIP linked bank accounts (for Applications under the UPI Mechanism) of the Applicants forthwith, failing which interest shall be due to be paid to the Applicants at the rate of 15% per annum for the delayed period.

Our Company will provide adequate funds required for dispatch of Allotment Advice to the Registrar to the Issue.

OTHER INFORMATION

Withdrawal of Applications during the Issue Period

Applicants can withdraw their Applications until the Issue Closing Date. In case an Applicant wishes to withdraw the Application during the Issue Period, the same can be done by submitting a request for the same to the concerned Designated Intermediary who shall do the requisite.

In case of Applications (other than under the UPI Mechanism) were submitted to the Designated Intermediaries, upon receipt of the request for withdrawal from the Applicant, the relevant Designated Intermediary, as the case may be, shall do the requisite, including deletion of details of the withdrawn Application Form from the electronic system of the Stock Exchange and intimating the Designated Branch of the SCSB unblock of the funds blocked in the ASBA Account at the time of making the Application. In case of Applications (other than under the UPI Mechanism) submitted directly to the Designated Branch of the SCSB, upon receipt of the request for withdraw from the Applicant, the relevant Designated Branch shall do the requisite, including deletion of details of the withdrawn Application Form from the electronic system of the Stock Exchange and unblocking of the funds in the ASBA Account, directly.

Withdrawal of Applications after the Issue Period

In case an Applicant wishes to withdraw the Application after the Issue Closing Date or early closure date, the same can be done by submitting a withdrawal request to the Registrar to the Issue prior to the finalisation of the Basis of Allotment.

Revision of Applications

Cancellation of one or more orders (series) within an Application is permitted during the Issue Period as long as the total order quantity does not fall under the minimum quantity required for a single Application. Please note that in case of cancellation of one or more orders (series) within an Application, leading to total order quantity falling under the minimum quantity required for a single Application will be liable for rejection by the Registrar.

Applicants may revise/ modify their Application details during the Issue Period, as allowed/permitted by the Stock Exchange, by submitting a written request to the Designated Intermediary and the Designated Branch of the SCSBs, as the case may be. For Applications made under the UPI Mechanism, an Applicant shall not be allowed to add or modify the details of the Application except for modification of either DP ID/Client ID, or PAN ID but not both. However, the Applicant may withdraw the Application and reapply.

However, for the purpose of Allotment, the date of original upload of the Application will be considered in case of such revision/ modification. In case of any revision of Application in connection with any of the fields which are not allowed to be modified on the electronic Application platform of the Stock Exchange as per the procedures and requirements prescribed by the Stock Exchange, Applicants should ensure that they first withdraw their original Application and submit a fresh Application. In such a case the date of the new Application will be considered for date priority for Allotment purposes.

Revision of Applications is not permitted after the expiry of the time for acceptance of Application Forms on the Issue Closing Date. However, in order that the data so captured is accurate, the Designated Intermediaries and/ or the Designated Branches of the SCSBs will be given up to one Working Day after the Issue Closing Date to modify/ verify certain selected fields uploaded in the online system during the Issue Period, after which the data will be sent to the Registrar for reconciliation with the data available with the NSDL and CDSL. Please also see, "*Key regulations and Policies*" on page 251.

Depository Arrangements

We have made depository arrangements with NSDL and CDSL. Please note that Tripartite Agreements have been executed between our Company, the Registrar and both the depositories.

As per the provisions of the Depositories Act, 1996, the NCDs issued by us can be held in a dematerialised form. In this context:

- (i) Tripartite agreement dated October 28, 2023 among our Company, the Registrar and CDSL and tripartite agreement dated October 16, 2023 among our Company, the Registrar and NSDL, respectively for offering depository option to the investors.

- (ii) An Applicant must have at least one beneficiary account with any of the Depository Participants (DPs) of NSDL or CDSL prior to making the Application.
- (iii) The Applicant must necessarily provide the DP ID and Client ID details in the Application Form.
- (iv) NCDs Allotted to an Applicant in the electronic form will be credited directly to the Applicant's respective beneficiary account(s) with the DP.
- (v) Non-transferable Allotment Advice will be directly sent to the Applicant by the Registrar to this Issue.
- (vi) It may be noted that NCDs in electronic form can be traded only on the Stock Exchange having electronic connectivity with NSDL or CDSL. The Stock Exchange has connectivity with NSDL and CDSL.
- (vii) Interest or other benefits with respect to the NCDs held in dematerialised form would be paid to those Debenture Holders whose names appear on the list of beneficial owners given by the Depositories to us as on Record Date. In case of those NCDs for which the beneficial owner is not identified by the Depository as on the Record Date/ book closure date, we would keep in abeyance the payment of interest or other benefits, till such time that the beneficial owner is identified by the Depository and conveyed to us, whereupon the interest or benefits will be paid to the beneficiaries, as identified, within a period of 30 days.
- (viii) The trading of the Secured NCDs on the floor of the Stock Exchanges shall be in dematerialized form only.

Please note that the NCDs shall cease to trade from the Record Date (for payment of the principal amount and the applicable premium and interest for such NCDs) prior to redemption of the NCDs.

Regulations governing NBFCs

Reserve Bank of India Act, 1934

As per prescribed law any company that carries on the business of a non-banking financial institution as its 'principal business' is to be treated as an NBFC. The term 'principal businesses has not been defined in any statute, however, RBI has clarified through a press release (Ref. No. 1998-99/1269) issued in 1999, that in order to identify a particular company as an NBFC, it will consider both the assets and the income pattern as evidenced from the last audited balance sheet of the company to decide a company's principal business. The company will be treated as an NBFC if its financial assets are more than 50 percent of its total assets (netted off by intangible assets) and income from financial assets should be more than 50 percent of the gross income. Both these tests are required to be satisfied in order to determine the principal business of a company.

Every NBFC is required to submit to the RBI a certificate, from its statutory auditor within one month from the date of finalisation of the balance sheet and in any case, not later than December 30 of that year, stating that it is engaged in the business of non-banking financial institution requiring it to hold a certificate of registration.

NBFCs are primarily governed by the RBI Act and the Master Directions – Reserve Bank of India (Non-Banking Financial Company – Scale Based Regulation) Directions, 2023, Peer to Peer Lending Platform (Reserve Bank) Directions 2017, Master Direction– Non-Banking Financial Company - Account Aggregator (Reserve Bank) Directions, 2016, Reserve Bank Commercial Paper Directions, 2017 and the Non-Banking Financial Companies Acceptance of Public Deposits (Reserve Bank) Directions, 2016. In addition to these regulations, NBFCs are also governed by various circulars, notifications, guidelines and directions issued by the RBI from time to time.

Although by definition, NBFCs are permitted to operate in similar sphere of activities as banks, there are a few important and key differences. The most important distinctions are:

- An NBFC cannot accept deposits repayable on demand – in other words, NBFCs can only accept fixed term deposits. Thus, NBFCs are not permitted to issue negotiable instruments, such as cheques which are payable on demand; and
- NBFCs are not allowed to deal in foreign exchange, even if they specifically apply to the RBI for approval in this regard.

Types of NBFCs

Section 45-IA of the RBI Act makes it mandatory for every NBFC to get itself registered with the Reserve Bank in order to be able to commence any of the aforementioned activities. The major regulations governing our Company are detailed below:

On October 19, 2023, the RBI issued a Master Direction – Reserve Bank of India (Non-Banking Financial Company – Scale Based Regulation) Directions, 2023, as amended from time to time (“**SBR Directions**”). A Revised Regulatory Framework for NBFCs (“**SBR Framework**”), whereby NBFCs have been categorised into following four layers based on their size, activity, and perceived riskiness by the RBI:

- i) NBFC- Base Layer (“**NBFC-BL**”);
- ii) NBFC- Middle Layer (“**NBFC-ML**”);
- iii) NBFC- Upper layer (“**NBFC-UL**”); and
- iv) NBFC- Top Layer (“**NBFC-TL**”)

The NBFC- BL comprise of (a) non-deposit taking NBFCs below the asset size of ₹ 1,00,000 lakh and (b) NBFCs undertaking the following activities- (i) NBFC-Peer to Peer Lending Platform (NBFC-P2P), (ii) NBFC-Account Aggregator (NBFC-AA), (iii) Non-Operative Financial Holding Company (NOFHC) and (iv) NBFCs not availing public funds and not having any customer interface.

The NBFC- ML consist of (a) all deposit taking NBFCs (“**NBFC-Ds**”), irrespective of asset size, (b) non-deposit taking NBFCs with asset size of ₹ 1,00,000 lakh and above and (c) NBFCs undertaking the following activities (i) Standalone Primary Dealers (SPDs), (ii) Infrastructure Debt Fund - Non-Banking Financial Companies (IDF-NBFCs), (iii) Core Investment Companies (CICs), (iv) Housing Finance Companies (HFCs) and (v) Infrastructure Finance Companies (NBFC-IFCs).

The NBFC-UL comprise of those NBFCs which are specifically identified by RBI as warranting enhanced regulatory requirement based on a set of parameters and scoring methodology as provided in appendix to SBR Framework. The top ten eligible NBFCs in terms of their asset size shall always reside in the upper layer, irrespective of any other factor.

The NBFC-TL will ideally remain empty. This layer can get populated if RBI is of the opinion that there is a substantial increase in the potential systemic risk from specific NBFC-UL. Such NBFCs shall move to the NBFC-TL.

Pursuant the SBR Framework the criteria of asset size of non-deposit NBFCs for classification as non-systemically important has been increased from ₹ 50,000 lakh to ₹ 1,00,000 lakh (“**NBFC-ND**”). Therefore, non-deposit NBFCs with asset size of over ₹ 1,00,000 lakh will be considered as risky and will fall under middle layer (“**NBFC-ND-SI/ NBFC-ML**”). The SBR Framework came into effect from October 01, 2022 and provides that from October 01, 2022 references to NBFC-ND shall mean NBFC-BL and all references to NBFC-D and NBFC-ND-SI shall mean NBFC-ML or NBFC-UL, as the case may be. The SBR Framework clarified that existing NBFC-ND-SIs having asset size of ₹ 50,000 lakhs and above but below ₹ 1,00,000 lakh (except those necessarily featuring in NBFC-Middle Layer) will be known as NBFC-BL.

As on the date of this Draft Prospectus the Company falls under the category of NBFC-BL, as its asset size below 1,00,000 lakhs as per the last audited balance sheet. SBR Directions provide that NBFC-BL shall be subject to regulations as specified in Section II, unless stated otherwise.

As of the date of this Draft Prospectus, the NBFC-BL are governed by updated SBR Directions and other applicable laws.

As the regulatory structure envisages scale based as well as activity-based regulation under the SBR Framework, the following prescriptions shall apply in respect of the NBFCs:

- i) NBFC-P2P, NBFC-AA, NOFHC and NBFCs without public funds and customer interface will always remain in the base layer of the regulatory structure.
- ii) NBFC-D, CIC, IFC and HFC will be included in middle layer or the upper layer (and not in the base layer), as the case may be. SPD and IDF-NBFC will always remain in the middle layer.
- iii) The remaining NBFCs, viz., Investment and Credit Companies (NBFC-ICC), Micro Finance Institution (NBFC-MFI), NBFC-Factors and Mortgage Guarantee Companies (NBFC-MGC) could lie in any of the layers of the regulatory structure depending on the parameters of the scale based regulatory framework.

- iv) Government owned NBFCs shall be placed in the base layer or middle layer, as the case may be. RBI Master Directions define 'NBFC ICC' to mean a company which is a financial institution carrying on as its principal business of asset finance, the providing of finance whether by making loans or advances or otherwise for any activity other than its own and the acquisition of securities.

Further, an NBFC may be registered as a NBFC-D or as a NBFC-ND. The RBI has recently harmonised the categories of NBFCs into: (i) investment and credit companies (which erstwhile consisted of asset finance companies, investment companies, and loan companies); (ii) infrastructure finance companies; (iii) infrastructure debt funds; (iv) NBFC – micro finance institutions; and (v) NBFC – factors

Regulatory Requirements of an NBFC under the RBI Act

Our Company has been classified as an NBFC-ND-SI pursuant to a Board resolution of the Company dated March 9, 2020. As on date of filing of this Draft Prospectus the Company falls under the category of NBFC BL, as its assets size is below ₹ 1,00,000 lakh, as per the last audited balance sheet. SBR Framework provide that NBFCs in the base layer (NBFC-BL) shall continue to RBI Master Directions applicable on NBFC-BL.

NBFC-NDs

As per the RBI Master Directions, the revised the threshold for defining systemic significance for NBFCs- ND in the light of the overall increase in the growth of the NBFC sector. NBFCs-ND-BL will henceforth be those NBFCs-ND which have asset size of below ₹ 1,00,000 lakhs as per the last audited balance sheet. NBFCs-ND-BL is required to comply with conduct of business regulations if customer interface exists.

NBFCs primarily engaged in lending against gold jewellery shall maintain a minimum Tier 1 capital of 12 percent of aggregate risk weighted assets of on-balance sheet and of risk adjusted value of off-balance sheet items

Rating of NBFCs

Pursuant to the RBI Master Directions, NBFCs with asset size of ₹100 crore and above shall furnish information about downgrading/upgrading of assigned rating of any financial product issued by them, within fifteen days of such a change in rating, to the Regional Office of the Reserve Bank under whose jurisdiction their registered office is functioning.

Prudential Norms

The leverage ratio of NBFCs (except NBFC-MFIs, NBFCs-ML and above) shall not be more than seven at any point of time. Leverage ratio means the total Outside Liabilities divided by Owned Fund. NBFCs primarily engaged in lending against gold jewellery (such loans comprising 50 percent of more of their financial assets) shall maintain a minimum Tier 1 capital of 12 percent of aggregate risk weighted assets of on-balance sheet and of risk adjusted value of off-balance sheet items. The value of each asset/item requires to be multiplied by the relevant risk weights to arrive at risk adjusted value of assets. The aggregate shall be taken into account for reckoning the minimum capital ratio.

NBFC shall calculate the total risk weighted off-balance sheet credit exposure as the sum of the risk-weighted amount of the market related and non-market related off-balance sheet items. The risk-weighted amount of an off-balance sheet item that gives rise to credit exposure shall be calculated by means of a two-step process:

- (a) The notional amount of the transaction shall be converted into a credit equivalent amount, by multiplying the amount by the specified credit conversion factor or by applying the current exposure method; and
- (b) The resulting credit equivalent amount shall be multiplied by the risk weight applicable, viz., zero percent for exposure to Central Government/ State Governments, 20 percent for exposure to banks and 100 percent for others.

Corporate governance norms

As per the RBI Master Direction, all NBFC-ND-BL are required to adhere to certain corporate governance norms, including constitution of an audit committee, a nomination committee, an Asset Liability Management committee and risk management committee. NBFCs are required to furnish to the RBI a quarterly statement on change of

directors, and a certificate from the managing director of the NBFC that fit and proper criteria in selection of the directors has been followed. Further, all applicable NBFCs shall have to frame their internal guidelines on corporate governance with the approval of its board of directors, enhancing the scope of the guidelines without sacrificing the spirit underlying the above guidelines and it shall be published on the company's web-site, if any, for the information of various stakeholders constitution of a nomination committee, a risk management committee and certain other norms in connection with disclosure, transparency and connected lending has also been prescribed in the RBI Master Circular. Further, RBI *vide* notification dated 10 November 2014 has mandated the Audit Committee to ensure that an information systems audit of the internal systems and processes is conducted at least once in two years to assess operational risks faced by the company. RBI has also mandated the NBFCs to have a policy to ascertain the 'fit and proper criteria' at the time of appointment of directors and on a continuing basis.

Under the terms of SBR Framework following additional corporate governance compliances have been stipulated for NBFC-ML and NBFC-UL:

- (a) Key Managerial Personnel - Except for directorship in a subsidiary, key managerial personnel shall not hold any office (including directorships) in any other NBFC-ML or NBFC-UL. A timeline of two years is provided with effect from October 01, 2022 to ensure compliance with these norms. However, they can assume directorship in NBFC-BLs.
- (b) Independent Director - Within the permissible limits in terms of Companies Act, 2013, an independent director shall not be on the board of more than three NBFCs (NBFC-ML or NBFC-UL) at the same time. Further, the Board of the NBFC shall ensure that there is no conflict arising out of their independent directors being on the board of another NBFC at the same time. A timeline of two years is provided with effect from October 01, 2022 to ensure compliance with these norms. There shall be no restriction to directorship on the boards of NBFC-BLs, subject to applicable provisions of Companies Act, 2013.
- (c) Disclosures - NBFCs shall, in addition to the existing regulatory disclosures, disclose the following in their annual financial statements, with effect from March 31, 2023:
 - i. Corporate governance report containing composition and category of directors, shareholding of nonexecutive directors, etc.
 - ii. Disclosure on modified opinion, if any, expressed by auditors, its impact on various financial items and views of management on audit qualifications.
 - iii. Items of income and expenditure of exceptional nature.
 - iv. Breaches in terms of covenants in respect of loans availed by the NBFC or debt securities issued by the NBFC including incidence/s of default.
 - v. Divergence in asset classification and provisioning above a certain threshold to be decided by RBI.
- (d) Chief Compliance Officer – In order to ensure an effective compliance culture, it is necessary to have an independent compliance function and a strong compliance risk management framework in NBFCs. NBFCs are, therefore, required to appoint a chief compliance officer (CCO), who should be sufficiently senior in the organization hierarchy. NBFCs shall put in place a board approved policy laying down the role and responsibilities of the CCO with the objective of promoting better compliance culture in the organization.
- (e) Compensation guidelines - In order to address issues arising out of excessive risk taking caused by misaligned compensation packages, NBFCs shall put in place a board approved compensation policy. The guidelines shall at the minimum include, a) constitution of a remuneration committee, b) principles for fixed/ variable pay structures, and c) malus/ claw back provisions. The nomination and remuneration committee shall ensure that there is no conflict of interest.
- (f) Other Governance matters - NBFCs shall comply with the following:
 - i. The board shall delineate the role of various committees (audit committee, nomination and remuneration committee, risk management committee or any other committee) and lay down a calendar of reviews.

- ii. NBFCs shall formulate a whistle blower mechanism for directors and employees to report genuine concerns.
- iii. The board shall ensure good corporate governance practices in the subsidiaries of the NBFC.

Core Banking Solution - NBFCs with 10 and more branches are mandated to adopt core banking solution in accordance with a glide path of 3 years with effect from October 01, 2022.

Provisioning Requirements

An NBFC-ND, after taking into account the time lag between an account becoming non-performing, its recognition, the realisation of the security and erosion overtime in the value of the security charged, shall make provisions against sub-standard assets, doubtful assets and loss assets in the manner provided for in the Prudential Norms Directions.

In the interests of counter cyclicity and so as to ensure that NBFCs create a financial buffer to protect them from the effect of economic downturns, RBI vide their circular no. DNBS.PD.CC. No.207/ 03.02.002 /2010-11 dated 17 January 2011, introduced provisioning for Standard Assets by all NBFCs. NBFCs are required to make a general provision at 0.25 per cent of the outstanding standard assets. RBI vide their circular no. DNBR (PD) CC No. 037/03.01.001/2014-15 dated 11 June 2015 raised the provision for standard assets to 0.40 per cent to be met by March 2018. The provisions on standard assets are not reckoned for arriving at Net NPAs. The provisions towards Standard Assets are not needed to be netted from gross advances but shown separately as 'Contingent Provisions against Standard Assets' in the balance sheet. NBFCs are allowed to include the 'General Provisions on Standard Assets' in Tier II capital which together with other 'general provisions/ loss reserves' will be admitted as Tier II capital only up to a maximum of 1.25 per cent of the total risk-weighted assets.

Capital Adequacy Norms

Every systemically important NBFC-ND is required to maintain, with effect from 01 April 2007, a minimum capital ratio consisting of Tier I and Tier II capital of not less than 15 per cent of its aggregate risk weighted assets on balance sheet and of risk adjusted value of off-balance sheet items is required to be maintained. Also, the total of the Tier II capital of a NBFC-MFI shall not exceed 100 per cent of the Tier I capital.

Internal Capital Adequacy Assessment Process (ICAAP)

Under the SBR Framework, NBFC-ML and NBFC-UL are required to make a thorough internal assessment of the need for capital, commensurate with the risks in their business. The internal assessment shall be on similar lines as ICAAP prescribed for commercial banks under Pillar 2 (Master Circular – Basel III Capital Regulations dated July 01, 2015). While Pillar 2 capital will not be insisted upon, however, NBFCs are required to make a realistic assessment of risks. Internal capital assessment shall factor in credit risk, market risk, operational risk and all other residual risks as per methodology to be determined internally. The methodology for internal assessment of capital shall be proportionate to the scale and complexity of operations as per the NBFCs board approved policy. The objective of ICAAP is to ensure availability of adequate capital to support all risks in business as also to encourage NBFCs to develop and use better internal risk management techniques for monitoring and managing of the risks.

Hybrid debt means, capital instrument, which possess certain characteristics of equity as well as debt.

Subordinated debt means a fully paid up capital instrument, which is unsecured and is subordinated to the claims of other creditors and is free from restrictive clauses and is not redeemable at the instance of the holder or without the consent of the supervisory authority of the NBFC. The book value of such instrument is subjected to discounting as prescribed.

Concentration of credit/ investment

The erstwhile credit concentration limits prescribed for NBFCs were separate for lending and investments, however, under the SBR Framework the lending and investments exposure limits have been merged into a single exposure limit of 25% for single borrower/ party and 40% for single group of borrowers/ parties, of the Tier 1 capital of the NBFC.

Asset Classification

NBFC shall, after taking into account the degree of well-defined credit weaknesses and extent of dependence on collateral security for realisation, classify its lease/ hire purchase assets, loans and advances and any other forms of credit into the following classes, namely:

- a. Standard assets
- b. Sub-standard assets
- c. Doubtful assets and
- d. Loss assets.

The class of assets referred to above shall not be upgraded merely as a result of rescheduling, unless it satisfies the conditions required for the upgradation.

Other stipulations

All NBFCs are required to frame a policy for demand and call loan that includes provisions on the cut-off date for recalling the loans, the rate of interest, periodicity of such interest and periodical reviews of such performance.

The prudential norms also specifically prohibit NBFCs from lending against its own shares.

Net Owned Fund

Section 45-IA of the RBI Act provides that to carry on the business of a NBFC, an entity would have to register as an NBFC with the RBI and would be required to have a minimum net owned fund of ₹ 200 lakhs. For this purpose, the RBI Act has defined “net owned fund” to mean:

Net Owned Fund - The aggregate of the paid-up equity capital and free reserves as disclosed in the latest balance sheet of the company, after deducting (i) accumulated balance of losses, (ii) deferred revenue expenditure, (iii) deferred tax asset (net); and (iv) other intangible assets; and further reduced by the amounts representing,

- (i) investment by such companies in shares of (i) its subsidiaries, (ii) companies in the same group, (iii) other NBFCs; and
- (ii) the book value of debentures, bonds, outstanding loans and advances (including hire purchase and lease finance) made to, and deposits with (i) subsidiaries of such companies; and (ii) companies in the same group, to the extent such amount exceeds 10 per cent of (a) above.

Further, in accordance with RBI Notification No DNBR.007/CGM (CDS) 2015 dated 27 March 2015 which provides that a non-banking financial company holding a certificate of registration issued by the RBI and having net owned fund of less than 200 lakhs may continue to carry on the business of non-banking financial institution, if such company achieves net owned fund of:

- i. ₹100 lakhs before April 1, 2016; and
- ii. ₹200 lakhs before April 1, 2017

Reserve Fund

In addition to the above, Section 45-IC of the RBI Act requires NBFCs to create a reserve fund and transfer therein a sum of not less than 20 per cent% of its net profits earned annually before declaration of dividend. Such a fund is to be created by every NBFC irrespective of whether it is a ND NBFC or not. Such sum cannot be appropriated by the NBFC except for the purpose as may be specified by the RBI from time to time and every such appropriation is required to be reported to the RBI within 21 days from the date of such appropriation.

Maintenance of liquid assets

The RBI through notification dated January 31, 1998, as amended has prescribed that every NBFC shall invest and continue to invest in unencumbered approved securities valued at a price not exceeding the current market price of such securities an amount which shall, at the close of business on any day be not less than 10% in approved securities and the remaining in unencumbered term deposits in any scheduled commercial bank; the aggregate of which shall not be less than 15% of the public deposit outstanding at the last working day of the second preceding quarter.

NBFCs such as the Company, which do not accept public deposits, are subject to lesser degree of regulation as compared to a NBFC-D and are governed by the RBI's Non- Deposit Accepting Companies Directions.

An NBFC-ND is required to inform the RBI of any change in the address, telephone no's, etc. of its Registered Office, names and addresses of its directors/auditors, names and designations of its principal officers, the specimen signatures of its authorised signatories, within one month from the occurrence of such an event. Further, an NBFC-ND would need to ensure that its registration with the RBI remains current.

All NBFCs (whether accepting public deposits or not) having an asset base of ₹ 10,000 lakhs or more or holding public deposits of ₹ 20,000 lakhs or more (irrespective of asset size) as per their last audited balance sheet are required to comply with the RBI Guidelines for an Asset-Liability Management System.

Similarly, all NBFCs are required to comply with "Know Your Customer Guidelines - Anti Money Laundering Standards" issued by the RBI, with suitable modifications depending upon the activity undertaken by the NBFC concerned.

RBI, *vide* circular bearing reference number RBI/2018-19/130 DNBR (PD) CC.No.097/03.10.001/2018-19 dated February 22, 2019, has harmonised different categories of NBFCs into fewer ones, based on the principle of regulation by activity rather than regulation by entity. Accordingly, RBI has merged the three categories of NBFCs viz. Asset Finance Companies (AFC), Loan Companies (LCs) and Investment Companies (ICs) into a new category called NBFC - Investment and Credit Company (NBFC-ICC). Further differential regulations relating to bank's exposure to the three categories of NBFCs viz., AFCs, LCs and ICs were harmonised. Further, a deposit taking NBFC-ICC shall invest in unquoted shares of another company which is not a subsidiary company or a company in the same group of the NBFC, an amount not exceeding twenty per cent of its owned fund.

Lending against security of gold

The RBI pursuant to the SBR Direction has prescribed that all NBFCs shall maintain a loan to value ratio not exceeding 75% for loans granted against the collateral of gold jewellery. Provided that the value of gold jewellery for the purpose of determining the maximum permissible loan amount shall be the intrinsic value of the gold content therein and no other cost elements shall be added thereto. NBFCs primarily engaged in lending against gold jewellery (such loans comprising 50% or more of their financial assets) shall maintain a minimum Tier 1 capital of 12%. The SBR Directions has issued guidelines with regard to the following:

Where the gold jewellery pledged by a borrower at any one time or cumulatively on loan outstanding is more than 20 grams, NBFCs shall keep a record of the verification of the ownership of the jewellery. The ownership verification need not necessarily be through original receipts for the jewellery pledged but a suitable document shall be prepared to explain how the ownership of the jewellery has been determined, particularly in each and every case where the gold jewellery pledged by a borrower at any one time or cumulatively on loan outstanding is more than 20 grams.

The gold jewellery accepted as collateral by the NBFC shall be valued by the following method:

The gold jewellery accepted as collateral by the NBFC shall be valued by taking into account the preceding 30 days' average of the closing price of 22 carat gold as per the rate as quoted by the Bombay Bullion Association Ltd. (BBA) or the historical spot gold price data publicly disseminated by a commodity exchange regulated by the Forward Markets Commission.

If the purity of the gold is less than 22 carats, the NBFC shall convert the collateral into 22 carat and state the exact grams of the collateral. In other words, jewellery of lower purity of gold shall be valued proportionately. NBFC, while accepting gold as collateral, shall give a certificate to the borrower on their letterhead, of having assayed the gold and state the purity (in terms of carats) and the weight of the gold pledged. NBFCs may have

suitable caveats to protect themselves against disputes during redemption, but the certified purity shall be applied both for determining the maximum permissible loan and the reserve price for auction.

The auction shall be conducted in the same town or taluka in which the branch that has extended the loan is located. NBFCs can however pool gold jewellery from different branches in a district and auction it at any location within the district, subject to meeting the following conditions:

- The first auction has failed.
- The NBFC shall ensure that all other requirements of the extant directions regarding auction (prior notice, reserve price, arms-length relationship, disclosures, etc.) are met. Non-adherence to the above conditions will attract strict enforcement action

While auctioning the gold the NBFC must declare a reserve price for the pledged ornaments. The reserve price for the pledged ornaments shall not be less than 85 percent of the previous 30 day average closing price of 22 carat gold as declared by the Bombay Bullion Association Ltd. (BBA) or the historical spot gold price data publicly disseminated by a commodity exchange regulated by the Forward Markets Commission and value of the jewellery of lower purity in terms of carats shall be proportionately reduced.

It shall be mandatory on the part of the NBFCs to provide full details of the value fetched in the auction and the outstanding dues adjusted and any amount over and above the loan outstanding shall be payable to the borrower.

NBFCs shall disclose in their annual reports the details of the auctions conducted during the financial year including the number of loan accounts, outstanding amounts, value fetched and whether any of its sister concerns participated in the auction.

NBFCs, which are in the business of lending against collateral of gold jewellery, shall ensure that necessary infrastructure and facilities are put in place, including safe deposit vault and appropriate security measures for operating the vault, in each of its branches where gold jewellery is accepted as collateral. This is required to safeguard the gold jewellery accepted as collateral and to ensure convenience of borrowers. No new branch/es shall be opened without suitable arrangements for security and for storage of gold jewellery, including safe deposit vault

Reserve Bank of India (Know Your Customer (KYC)) Master Directions, 2016 dated February 25, 2016, as amended (“RBI KYC Directions”)

The RBI KYC Directions are applicable to every entity regulated by the RBI, specifically, scheduled commercial banks, regional rural banks, local area banks, primary (urban) co-operative banks, state and central co-operative banks, all India financial institutions, NBFCs, miscellaneous non-banking companies and residuary non-banking companies, amongst others. In terms of the RBI KYC Directions, every entity regulated thereunder is required to formulate a KYC policy which is duly approved by the board of directors of such entity or a duly constituted committee thereof. The KYC policy formulated in terms of the RBI KYC Directions is required to include four key elements, being customer acceptance policy, risk management, customer identification procedures and monitoring of transactions. It is advised that all NBFC’S adopt the same with suitable modifications depending upon the activity undertaken by them and ensure that a proper policy framework of anti-money laundering measures is put in place. The RBI KYC Directions provide for a simplified procedure for opening accounts by NBFCs. It also provides for an enhanced and simplified due diligence procedure. It has prescribed detailed instructions in relation to, inter alia, the due diligence of customers, record management, and reporting requirements to Financial Intelligence Unit – India. The RBI KYC Directions have also issued instructions on sharing of information while ensuring secrecy and confidentiality of information held by Banks and NBFCs. The regulated entities must also adhere to the reporting requirements under Foreign Account Tax Compliance Act and Common Reporting Standards. The RBI KYC Directions also require the regulated entities to ensure compliance with the requirements/obligations under international agreements. The regulated entities must also pay adequate attention to any money-laundering and financing of terrorism threats that may arise from new or developing technologies, and ensure that appropriate KYC procedures issued from time to time are duly applied before introducing new products/services/technologies. The RBI KYC Directions were updated on April 20, 2018 to enhance the disclosure requirements under the Prevention of Money-Laundering Act, 2002 and in accordance with the Prevention of Money-Laundering Rules vide Gazette Notification GSR 538 (E) dated June 1, 2017 and the final judgment of the Supreme Court in the case of Justice K.S. Puttaswamy (Retd.) & Another v. Union of India (Writ Petition (Civil) 494/2012). The Directions were updated to accommodate authentication as per the

Master Direction - Reserve Bank of India (Regulatory Framework for Microfinance Loans) Directions, 2022 dated March 14, 2022

Applicability

The master directions are applicable to the following entities:

- i) All Commercial Banks (including Small Finance Banks, Local Area Banks, and Regional Rural Banks) excluding Payments Banks;
- ii) All Primary (Urban) Co-operative Banks/ State Co-operative Banks/ District Central Cooperative Banks; and
- iii) All Non-Banking Financial Companies (including Microfinance Institutions and Housing Finance Companies).

Definition of microfinance loan

A microfinance loan is defined as a collateral-free loan given to a household having annual household income up to ₹ 3,00,000. For this purpose, the household shall mean an individual family unit, i.e., husband, wife and their unmarried children. Further, all collateral-free loans, irrespective of end use and mode of application/ processing/ disbursement (either through physical or digital channels), provided to low income households, i.e., households having annual income up to ₹ 3,00,000, shall be considered as microfinance loans.

Pricing of loans

According to the directions, each of the regulated entities must implement a board-approved policy on microfinance loan pricing, on microfinance loans, interest rates and other charges/fees should not be usurious and shall be subjected to the supervisory scrutiny of the Reserve Bank. Further, according to the master directions each of the regulated entities shall also disclose pricing related information in a standardised format.

The master directions also lay down the guidelines on conduct towards microfinance borrowers.

Qualifying asset criteria

Under the earlier guidelines, an NBFC that does not qualify as an NBFC-MFI, cannot extend microfinance loans exceeding 10 per cent of its total assets. As per the master directions, the maximum limit on microfinance loans for such NBFCs (i.e., NBFCs other than NBFC-MFIs) is now revised to 25 per cent of the total assets.

Implementation of Green Initiative of the Government

All NBFCs are required take proactive steps for increasing the use of electronic payment systems, elimination of post-dated cheques and gradual phase-out of cheques in their day to day business transactions which would result in more cost-effective transactions and faster and accurate settlements.

Master Circular - Non-Banking Financial Companies – Corporate Governance (Reserve Bank) Directions, 2015 - Corporate Governance Directions 2015

All NBFC-ND-NSI are required to adhere to certain corporate governance norms, including constitution of an audit committee, a nomination committee, an Asset Liability Management committee and risk management committee. RBI *vide* its recent Master Circular dated July 1, 2015, introduced the Non-Banking Financial Companies – Corporate Governance (Reserve Bank) Directions, 2015 which requires all systemically important ND NBFCs having an asset size above ₹ 50,000 lakhs are required to consider adopting best practices and transparency in their systems as specified below. CC.No.053/03.10.119/2015-16 dated July 1, 2015 mandated that all NBFC having assets of ₹ 50,000 lakhs and above as per its last audited balance sheet are required to constitute an audit committee, consisting of not less than three members of its Board of Directors. NBFCs are required to furnish to the RBI a quarterly statement on change of directors, and a certificate from the managing director of the NBFC that fit and proper criteria in selection of the directors has been followed. Further, all applicable NBFCs shall have to frame their internal guidelines on corporate governance with the approval of its board of directors, enhancing the scope of the guidelines without sacrificing the spirit underlying the above guidelines and it shall be published on the company's web-site, if any, for the information of various stakeholders constitution of a nomination committee, a risk management committee and certain other norms in connection with disclosure, transparency and connected lending has also been prescribed in the RBI Master Circular. Further, the Audit Committee are required to ensure that an Information Systems Audit of the internal systems and processes is conducted at least once in two years to assess operational risks.

Know Your Customers Guidelines

The RBI has extended the KYC Guidelines to NBFCs and advised all NBFCs to adopt the same with suitable modifications depending upon the activity undertaken by such NBFCs and ensure that a proper policy framework of anti-money laundering measures is put in place. The know your customer policies are required to have certain key elements, including a customer acceptance policy, customer identification procedures, monitoring of transactions and risk management, adherence to KYC Guidelines and the exercise of due diligence by persons authorised by the NBFC, including its brokers and agents.

Accounting Standards & Accounting policies

NBFCs that are required to implement Ind AS as per the Companies (Indian Accounting Standards) Rules, 2015 (“**Accounting Standard Rules**”) shall prepare their financial statements in accordance with Ind AS notified by the Government of India and shall comply with the regulatory guidance specified in the Master Directions. Disclosure requirements for notes to accounts specified in the Master Directions shall continue to apply. Other NBFCs shall comply with the requirements of notified Accounting Standards (AS) insofar as they are not inconsistent with Master Directions. The Ministry of Corporate Affairs (“MCA”), in its press release dated January 18, 2016, issued a roadmap for implementation of Ind AS converged with IFRS for non-banking financial companies, scheduled commercial banks, insurers, and insurance companies, which was subsequently confirmed by the RBI through its circular dated February 11, 2016. The Accounting Standard Rules were subsequently amended by MCA press release dated March 30, 2016. The Accounting Standard Rules stipulates that NBFCs whose equity and/or debt securities are listed or in the process of listing on any stock exchange in India or outside India and having a net worth of less than ₹50,000 lakh, shall comply with Ind AS for accounting periods beginning from April 1, 2023 onwards with comparatives for the periods ending on March 31, 2023 or thereafter. Accordingly, Ind AS is applicable to our Company with effect from April 1, 2023.

Implementation of Indian Accounting Standards: RBI Notification

The Reserve bank of India *vide* notification number RBI/2019-20/170 DOR (NBFC).CC.PD.No.109/22.10.106/2019-20 dated March 13, 2020 framed regulatory guidance on Ind AS which will be applicable on Ind AS implementing NBFCs and Asset Reconstruction Companies (ARCs) for preparation of their financial statements from financial year 2019-20 onwards. These guidelines focus on the need to ensure consistency in the application of the accounting standards in specific areas, including asset classification and provisioning, and provide clarifications on regulatory capital in the light of Ind AS implementation.

The guidelines cover aspects on Governance Framework, Prudential Floor for ECL and Computation of Regulatory Capital and Regulatory Ratios.

Master Direction dated September 29, 2016 on Monitoring of Frauds in NBFCs (Reserve Bank) Directions, 2016

All NBFC-ND-NSIs shall put in place a reporting system for frauds and fix staff accountability in respect of delays in reporting of fraud cases to the RBI. An NBFC-ND-NSI is required to report all cases of fraud of ₹ 1 lakh and above, and if the fraud is of ₹ 100 lakhs or above, the report should be sent in the prescribed format within three weeks from the date of detection thereof. The NBFC-ND-NSI shall also report cases of fraud by unscrupulous borrowers and cases of attempted fraud.

Master Circular dated July 1, 2015 – Frauds – Future approach towards monitoring of frauds in NBFCs

In order to prevent the incidence of frauds in NBFCs, the RBI established a reporting requirement to be followed by NBFCs, both NBFCs-Deposit taking and NBFCs-ND-NSI. In terms of the circular, all NBFCs-ND-NSI shall disclose the amount related to fraud, reported in the company for the year in their balance sheets. NBFCs failing to report fraud cases to the RBI would be liable for penal action prescribed under the provisions of Chapter V of the RBI Act. Additionally, the circular provides for categorisation of frauds and the reporting formats in order to ensure uniformity in reporting.

Master Circular dated July 1, 2015 on returns to be submitted by NBFCs

The circular lists down detailed instructions in relation to submission of returns, including their periodicity, reporting time, due date, purpose and the requirement of filing such returns by various categories of NBFCs, including an NBFC-ND-NSI. RBI, *vide* notification dated November 26, 2015 titled “Online Returns to be submitted by NBFCs-Revised” changed the periodicity of NDSI returns from monthly to quarterly.

Reporting by Statutory Auditor

The statutory auditor of the NBFC-ND is required to submit to the Board of Directors of the company along with the statutory audit report, a special report certifying that the Directors have passed the requisite resolution mentioned above, not accepted any public deposits during the year and has complied with the prudential norms relating to income recognition, accounting standards, asset classification and provisioning for bad and doubtful debts as applicable to it. In the event of non-compliance, the statutory auditors are required to directly report the same to the RBI.

Master Direction – Non-Banking Financial Companies Auditor’s Report (Reserve Bank) Directions, 2016

In addition to the report made by the auditor under Section 143 of the Companies Act, 2013 on the accounts of an NBFC-ND-NSI, the auditor shall make a separate report to the Board of Directors of the company on inter alia examination of validity of certificate of registration obtained from the RBI, whether the NBFC is entitled to continue to hold such certificate of registration in terms of its Principal Business Criteria (financial asset / income pattern) as on March 31 of the applicable year, whether the NBFC is meeting the required net owned fund requirement, whether the board of directors has passed a resolution for non-acceptance of public deposits, whether the company has accepted any public deposits during the applicable year, whether the company has complied with the prudential norms relating to income recognition, accounting standards, asset classification and provisioning for bad and doubtful debts as applicable to it, whether the capital adequacy ratio as disclosed in the return submitted to the Bank in form NBS- 7, has been correctly arrived at and whether such ratio is in compliance with the minimum CRAR prescribed by the Bank, whether the company has furnished to the Bank the annual statement of capital funds, risk assets/exposures and risk asset ratio (NBS-7) within the stipulated period, and whether the non-banking financial company has been correctly classified as NBFC Micro Finance Institutions (MFI).

Master Direction – Reserve Bank of India (Filing of Supervisory Returns) Directions – 2024 dated February 27, 2024

NBFCs - ML are required to report data on their domestic and overseas operations, including the operations of IFSC Banking Units (IBUs) and Overseas Banking Units (OBUs). NBFCs - ML shall design, build, and maintain the data architecture and supporting IT infrastructure for accurate, complete, and timely data aggregation and reporting not only in normal times but also during times of stress or crisis. NBFCs- ML are expected to measure and monitor the accuracy of data and to develop appropriate escalation channels and action plans to rectify any deterioration in data quality. NBFCs- ML are expected to measure and monitor the accuracy of data and to develop appropriate escalation channels and action plans to rectify any deterioration in data quality. Furthermore, NBFCs-ML should strive to achieve a higher degree of automation in the generation of data for the filing of returns. NBFCs- ML shall maintain proper records of sources and aggregation rules for generating returns’ data.

Ombudsman scheme for customers of NBFCs

The RBI had under its Statement on Development and Regulatory Policies-February 2018 dated February 7, 2018 announced the proposed ombudsman scheme for NBFCs to provide cost-free and expeditious grievance redressal to customers of all NBFC-Ds and all NBFCs with customer interface having an asset size exceeding ₹ 1 billion (“Covered NBFCs”).

The RBI has on February 23, 2018 introduced the Ombudsman Scheme for Non-Banking Financial Companies, 2018 (the “**Scheme**”). The stated objective of the Scheme is to enable the resolution of complaints free of cost, relating to certain aspects of services rendered by certain categories of NBFCs registered with the RBI to facilitate the satisfaction or settlement of such complaints, and matters connected therewith. The Scheme provides for the appointment by RBI of one or more officers not below the rank of general manager as ombudsmen (the “**Ombudsmen**”) for a period not exceeding three years at a time, to carry out the functions entrusted to Ombudsmen under the Scheme. The Scheme describes the nature of complaints which any person could file with an Ombudsman alleging deficiency in services by an Covered NBFC, which include *inter alia* failure to convey in writing the amount of loan sanctioned along with the terms and conditions including annualised rate of interest and method of application thereof, failure or refusal to provide adequate notice on proposed changes being made in the sanctioned terms in vernacular or a language understood by the borrower, levying of charges without adequate prior notice to the borrower/customer and failure or inordinate delay in releasing the securities documents to the borrower on repayment of all dues. The complaints may be settled by the Covered NBFC within a specified period or may be decided by an award passed by Ombudsman after affording the parties a reasonable opportunity to present their case, either in writing or in a meeting. Where the Ombudsman decides to allow the complaint, the award passed is required to contain the direction/s, if any, to the Covered NBFC for specific performance of its obligations and in addition to or otherwise, the amount, if any, to be paid by the Covered NBFC to the complainant by way of compensation for any loss suffered by the complainant, arising directly out of the act or omission of the Covered NBFC. The Covered NBFC is required to implement the settlement arrived at with the complainant or the award passed by the Ombudsman when it becomes final and send a report in this regard to the RBI within 15 days of the award becoming final. The Ombudsman is required to send a report to the RBI governor annually (as on June 30 every year) containing general review of the activities of his office during the preceding financial year and provide such other information as may be required by the RBI.

Master Direction on Information Technology Governance, Risk, Controls and Assurance Practices dated November 7, 2023

These directions require all NBFC-ML to implement a comprehensive IT governance framework that includes a board-level IT strategy committee and an IT steering committee for oversight. Additionally, a Chief Information Security Officer (CISO) and an Information Security Committee (ISC) must be appointed to manage cyber and information security risks. A critical aspect of this is the implementation of an IT and Information Security Risk Management Framework, which incorporates information security policies, cybersecurity policies, and a cyber crisis management plan. Furthermore, cybersecurity measures like regular Vulnerability Assessments (VA) and Penetration Testing (PT) along with a cyber incident response plan are mandated. The RBI also dictates guidelines for managing IT infrastructure and services, including software, hardware, third-party arrangements, capacity, projects, vendors, and data. Secure access controls with Multi-Factor Authentication (MFA) and audit trails are another requirement. To ensure business continuity in case of disruptions, NBFC-MLs must have a Business Continuity Plan (BCP) and Disaster Recovery (DR) policy that is tested regularly. Finally, an IS Audit policy with a separate IS Audit function is necessary to conduct risk-based audits

Directions on Managing Risks and Code of Conduct in Outsourcing of Financial Services by NBFCs, 2017

With a view to put in place necessary safeguards applicable to outsourcing of activities by NBFCs, the RBI has issued directions on managing risks and code of conduct in outsourcing of financial services by NBFCs (“Risk Management Directions”). The Risk Management Directions specify that core management functions like internal auditing, compliance functions, decision making functions such as compliance with KYC norms shall not be outsourced by NBFCs. Further, the Risk Management Directions specify that outsourcing of functions shall not limit its obligations to its customers.

Financing of NBFCs by bank

The RBI has issued guidelines *vide* a circular dated bearing number DBOD No. FSD. BC.46/24.01.028/2006-07 dated December 12, 2006 relating to the financial regulation of non-systemically important NBFC-NDs and the relationship of banks with such institutions. In particular, these guidelines prohibit banks from lending to NBFCs for the financing of certain activities, such as (i) bill discounting or rediscounting, except where such discounting arises from the sale of commercial vehicles and two wheelers or three wheelers, subject to certain conditions; (ii) unsecured loans or corporate deposits by NBFCs to any company; (iii) investments by NBFCs both of current and long term nature, in any company; (iv) further lending to individuals for the purpose of subscribing to an initial public offer.

In addition to the above the RBI has issued guidelines *vide* a circular dated bearing number DBR.BP.BC.No.5/21.04.172/2015-16 dated July 1, 2015 relating to bank financing of NBFCs predominantly engaged in lending against Gold has directed banks to (i) reduce their regulatory exposure ceiling on a single NBFC, having gold loans to the extent of 50% or more of its total financial assets 10% of banks' capital funds. However, the exposure ceiling may go up by 5%, i.e., up to 15% of banks' capital funds if the additional exposure is on account of funds on-lent by NBFCs to the infrastructure sector and (ii) to have an internal sub-limit on their aggregate exposures to all such NBFCs, having gold loans to the extent of 50% or more of their total financial assets, taken together. The sub-limits should be within the internal limit fixed by the banks for their aggregate exposure to all NBFCs put together.

Norms for excessive interest rates

In addition, the RBI has introduced *vide* a circular bearing reference number RBI/ 2006-07/ 414 dated May 24, 2007 whereby RBI has requested all NBFCs to put in place appropriate internal principles and procedures in determining interest rates and processing and other charges. In addition to the aforesaid instruction, the RBI has issued a Master Circular on Fair Practices Code dated July 1, 2015 read with the Master Directions for regulating the rates of interest charged by the NBFCs. These circulars stipulate that the board of each NBFC is required to adopt an interest rate model taking into account the various relevant factors including cost of funds, margin and risk premium. The rate of interest and the approach for gradation of risk and the rationale for charging different rates of interest for different categories of borrowers are required to be disclosed to the borrowers in the application form and expressly communicated in the sanction letter. Further, this is also required to be made available on the NBFCs website or published in newspapers and is required to be updated in the event of any change therein. Further, the rate of interest would have to be an annualised rate so that the borrower is aware of the exact rates that would be charged to the account.

Supervisory Framework

In order to ensure adherence to the regulatory framework by non-systemically important ND-NBFCs, the RBI has directed such NBFCs to put in place a system for submission of an annual statement of capital funds, and risk asset ratio etc. as at the end of March every year, in a prescribed format. This return is to be submitted electronically within a period of three months from the close of every financial year. Further, a NBFC is required to submit a certificate from its statutory auditor that it is engaged in the business of non-banking financial institution with requirement to hold a certificate of registration under the RBI Act. This certificate is required to be submitted within one month of the date of finalisation of the balance sheet and in any other case not later than December 30 of that particular year. Further, in addition to the auditor's report under Section 143 of the Companies Act, 2013 the auditors are also required to make a separate report to the Board of Directors on certain matters, including correctness of the capital adequacy ratio as disclosed in the return NBS-7 to be filed with the RBI and its compliance with the minimum CRAR, as may be prescribed by the RBI. Where the statement regarding any of the items referred relating to the above, is unfavorable or qualified, or in the opinion of the auditor the company has not complied with the regulations issued by RBI, it shall be the obligation of the auditor to make a report containing the details of such unfavourable or qualified statements and/or about the non-compliance, as the case may be, in respect of the company to the concerned Regional Office of the Department of Non-Banking Supervision of the Bank under whose jurisdiction the registered office of the company is located.

Asset Liability Management

The RBI has prescribed the Guidelines for Asset Liability Management ("ALM") System in relation to NBFCs ("ALM Guidelines") that are applicable to all NBFCs through a Master Circular on Miscellaneous Instructions to All Non-Banking Financial Companies dated July 1, 2015. As per this Master Circular, the NBFCs (engaged in and classified as equipment leasing, hire purchase finance, loan, investment and residuary non-banking companies) meeting certain criteria, including, an asset base of ₹ 10,000 lakhs, irrespective of whether they are accepting / holding public deposits or not, or holding public deposits of ₹ 2,000 lakhs or more (irrespective of the asset size) as per their audited balance sheet as of March 31, 2001, are required to put in place an ALM system. The ALM Guidelines mainly address liquidity and interest rate risks. In case of structural liquidity, the negative gap (i.e. where outflows exceed inflows) in the 1 to 30/31 days' time-bucket should not exceed the prudential limit of 15% of cash outflows of each time-bucket and the cumulative gap of up to one year should not exceed 15% of the cumulative cash outflows of up to one year. In case these limits are exceeded, the measures proposed for bringing the gaps within the limit should be shown by a footnote in the relevant statement.

The Recovery of Debts due to Banks and Financial Institutions Act, 1993

The Recovery of Debts due to Banks and Financial Institutions Act, 1993 (the “DRT Act”) provides for establishment of the Debts Recovery Tribunals (the “DRTs”) for expeditious adjudication and recovery of debts due to banks and public financial institutions or to a consortium of banks and public financial institutions. Under the DRT Act, the procedures for recovery of debt have been simplified and time frames have been fixed for speedy disposal of cases. The DRT Act lays down the rules for establishment of DRTs, procedure for making application to the DRTs, powers of the DRTs and modes of recovery of debts determined by DRTs. These include attachment and sale of movable and immovable property of the defendant, arrest of the defendant and his detention in prison and appointment of receiver for management of the movable or immovable properties of the defendant.

The DRT Act also provides that a bank or public financial institution having a claim to recover its debt, may join an ongoing proceeding filed by some other bank or public financial institution, against its debtor, at any stage of the proceedings before the final order is passed, by making an application to the DRT.

Anti-Money Laundering

The RBI has issued a Master Circular dated July 1, 2015 to ensure that a proper policy frame work for the Prevention of Money Laundering Act, 2002 (“PMLA”) is put into place. The PMLA seeks to prevent money laundering and provides for confiscation of property derived from, or involved in money laundering and for other matters connected therewith or incidental thereto. It extends to all banking companies, financial institutions, including NBFCs and intermediaries. Pursuant to the provisions of PMLA and the RBI guidelines, all NBFCs are advised to appoint a principal officer for internal reporting of suspicious transactions and cash transactions and to maintain a system of proper record (i) for all cash transactions of value of more than ₹ 10 lakhs; (ii) all series of cash transactions integrally connected to each other which have been valued below ₹ 10 lakhs where such series of transactions have taken place within one month and the aggregate value of such transaction exceeds ₹ 10 lakhs. Further, all NBFCs are required to take appropriate steps to evolve a system for proper maintenance and preservation of account information in a manner that allows data to be retrieved easily and quickly whenever required or when requested by the competent authorities. Further, NBFCs are also required to maintain for at least ten years from the date of transaction between the NBFCs and the client, all necessary records of transactions, both domestic or international, which will permit reconstruction of individual transactions (including the amounts and types of currency involved if any) so as to provide, if necessary, evidence for prosecution of persons involved in criminal activity.

Additionally, NBFCs should ensure that records pertaining to the identification of their customers and their address are obtained while opening the account and during the course of business relationship, and that the same are properly preserved for at least ten years after the business relationship is ended. The identification records and transaction data is to be made available to the competent authorities upon request.

RBI Notification dated December 3, 2015 titled “Anti-Money Laundering (AML)/ Combating of Financing of Terrorism (CFT) – Standards” states that all regulated entities (including NBFCs) are to comply with the updated FATF Public Statement and document ‘Improving Global AML/CFT Compliance: on-going process’ as on October 23, 2015.

Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 (“SARFAESI”)

The SARFAESI Act regulates the securitization and reconstruction of financial assets of banks and financial institutions. The SARFAESI Act provides for measures in relation to enforcement of security interests and rights of the secured creditor in case of default.

The RBI has issued guidelines to banks and financial institutions on the process to be followed for sales of financial assets to asset reconstruction companies. These guidelines provide that a bank or a financial institution or an NBFC may sell financial assets to an asset reconstruction company provided the asset is an NPA. A bank or financial institution or NBFC may sell a financial asset only if the borrower has a consortium or multiple banking arrangements and at least 75% by value of the total loans to the borrower are classified as an NPA and at least 75% by the value of the banks and financial institutions in the consortium or multiple banking arrangement agree to the sale. In addition to the above, a financial asset may be sold by any bank or financial institution where the asset is reported, by the bank financial institution to Central Repository for Information on Large Credit, as an NPA wherein the principal or interest payment is overdue between 61-90 days.

As per the SARFAESI Amendment Act of 2004, the constitutional validity of which was upheld in a recent Supreme Court ruling, non-performing assets have been defined as an asset or account of a borrower, which has been classified by a bank or financial institution as sub-standard, doubtful or loss asset in accordance with directions or guidelines issued by the RBI. In case the bank or financial institution is regulated by a statutory body/authority, NPAs must be classified by such bank in accordance with guidelines issues by such regulatory authority. The RBI has issued guidelines on classification of assets as NPAs. Further, these assets are to be sold on a “without recourse” basis only.

The SARFAESI Act provides for the acquisition of financial assets by Securitization Company or Reconstruction Company from any bank or financial institution on such terms and conditions as may be agreed upon between them. A securitization company or reconstruction company having regard to the guidelines framed by the RBI may, for the purposes of asset reconstruction, provide for measures such as the proper management of the business of the borrower by change in or takeover of the management of the business of the borrower, the sale or lease of a part or whole of the business of the borrower and certain other measures such as rescheduling of payment of debts payable by the borrower; enforcement of security.

Additionally, under the provisions of the SARFAESI Act, any securitisation company or reconstruction company may act as an agent for any bank or financial institution for the purpose of recovering its dues from the borrower on payment of such fee or charges as may be mutually agreed between the parties.

Various provisions of the SARFAESI Act have been amended by the Enforcement of Security Interest and Recovery of Debt Laws and Miscellaneous Provisions (Amendment) Act, 2016 as also the Insolvency and Bankruptcy Code, 2016 (which amended S.13 of SARFAESI). As per this amendment, the Adjudicating Authority under the Insolvency and Bankruptcy Code, 2016 shall by order declare moratorium for prohibiting inter alia any action to foreclose, recover or enforce any security interest created by the corporate debtor in respect of its property including any action under the SARFAESI Act.

Further, in accordance with Ministry of Finance notification no. S.O. 856(E) dated February 24, 2020, the eligibility limit for to enforcement of security interest with respect to secured debt recovery by NBFCs (having assets worth ₹ 100 Crores and above) has been reduced from ₹ 1 Crore to ₹ 50 Lakhs.

Insolvency and Bankruptcy Code, 2016

The Insolvency and Bankruptcy Code, 2016 (“**Code**”) consolidates laws relating to insolvency, reorganisation and liquidation/ bankruptcy of all persons, including companies, individuals, partnership firms and Limited Liability Partnerships (“**LLPs**”). The Code has established an Insolvency and Bankruptcy Board of India to function as the regulator for all matters pertaining to insolvency and bankruptcy. The Code prescribes a timeline of 330 days for the insolvency resolution process, which begins from the date the application is admitted by the NCLT. During this period, the creditors and the debtor shall negotiate and finalise a resolution plan (accepted by 66% of the financial creditors) and in the event, they fail, the debtor is placed in liquidation and the moratorium lifted. The Code stipulates an interim-moratorium period which would commence after filing of the application for a fresh start process and shall cease to exist after elapse of a period of 180 days from the date of application. During such period, all legal proceedings against such debtor should be stayed and no fresh suits, proceedings, recovery or enforcement action may be initiated against such debtor. However, the Code has also imposed certain restrictions on the debtor during the moratorium period such as the debtor shall not be permitted to act as a director of any company or be involved in the promotion or management of a company during the moratorium period. In light of the COVID-19 pandemic, the Government of India, introduced economic reforms to contribute to the ease of doing business. One of the reforms introduced is the suspension of the Code for a period of one year. An ordinance detailing the changes pursuant to this reform is expected to be introduced by the government. Further, the GoI vide notification dated March 24, 2020 (“**Notification**”) has amended section 4 of the Code due the lingering impact of the COVID-19 pandemic. Pursuant to the said Notification, Government of India has increased the minimum amount of default under the insolvency matters from ₹ 1,00,000 to ₹ 1,00,00,000.

The Insolvency and Bankruptcy (Insolvency and Liquidation Proceedings of Financial Service Providers and Application to Adjudicating Authority) Rules 2019 (“IBC Rules, 2019”)

The Code, which regulates the insolvency resolution process for “corporate persons” previously excluded financial service providers from its purview. With the notification of the IBC Rules, 2019, the provisions of the Code will apply to financial service providers as well, which are subject to modifications and additional conditions

as set out in the IBC Rules, 2019. Financial service providers are defined to mean persons engaged in the business of providing financial services in terms of authorisation issued or registration granted by a financial sector regulator under the Code. “Financial services” is broadly defined in the Code, and includes, inter alia, services in the nature of acceptance of deposits, administration of assets, underwriting services, advisory services with respect to dealings in financial products, operation of an investment scheme, and maintenance of records of ownership of a financial product. The IBC Rules, 2019, lays down the provisions for setting up an advisory committee, resolution plan and the liquidation process of financial service providers.

Guidelines for Licencing and other Approvals for Authorised Money Changers (AMCs)

Full Fledged Money Changers (FFMCs) are authorised by the Reserve Bank to deal in foreign exchange for specified purposes, to widen the access of foreign exchange facilities to residents and tourists while ensuring efficient customer service through competition. FFMCs are authorised to purchase foreign exchange from residents and non-residents visiting India and to sell foreign exchange for certain approved purposes. AD Category –I Banks/ADs Category – II/FFMCs may appoint franchisees to undertake purchase of foreign currency*. No person shall carry on or advertise that he carries on money changing business unless he is in possession of a valid money changer’s licence issued by the Reserve Bank.

Guidelines for appointment of Agents/ Franchisees by Authorised Dealer Category – FFMCs.

Under the Scheme, the Reserve Bank permits FFMCs to enter into franchisee/agency agreements at their option for the purpose of carrying on Restricted Money Changing business i.e. conversion of foreign currency notes, coins or travellers' cheques into Indian Rupees.

A franchisee can be any entity which has a place of business and a minimum Net Owned Funds of ₹ 10 lakhs. Franchisees can undertake only restricted money changing business.

FFMCs as the franchisers are free to decide on the tenor of the arrangement as also the commission or fee through mutual agreement with the franchisee. The Agency/Franchisee agreement to be entered into should include the salient features as mentioned under the master circular. The master circular also prescribes the procedure for application, due diligence of franchisees, selection of centres, training, reporting, audit and inspection of franchisees and Anti Money Laundering (AML)/Know Your Customer (KYC)/Combating the Financing of Terrorism (CFT) Guidelines.

Note: No licence for appointment of franchisees will be issued to any FFMC, against whom any major DoE/DRI/CBI/Police case is pending. In case where any FFMC has received one-time approval for appointing franchisees and subsequent to the date of approval, any DoE/DRI/CBI/Police case is filed, the FFMC should not appoint any further franchisees and bring the matter to the notice of the Reserve Bank immediately. A decision will be taken by the Reserve Bank regarding allowing the FFMC to appoint franchisees.

Operational Instructions

Foreign exchange in any form can be brought into India freely without limit provided it is declared on the Currency Declaration Form (CDF) on arrival to the Custom Authorities. When foreign exchange brought in the form of currency notes or travellers' cheques does not exceed US \$10,000 or its equivalent and/or the value of foreign currency notes does not exceed US \$5,000 or its equivalent, declaration thereof on CDF is not insisted upon.

Taking out foreign exchange in any form, other than foreign exchange obtained from an authorised dealer or a money changer is prohibited unless it is covered by a general or special permission of the Reserve Bank. Non-residents, however, have general permission to take out an amount not exceeding the amount originally brought in by them, subject to compliance with the provisions of sub-para above.

Authorised Money Changers (AMCs)/franchisees may freely purchase foreign currency notes, coins and traveller's cheques from residents as well as non-residents. Where the foreign currency was brought in by declaring on form CDF, the tenderer should be asked to produce the same. The AMC should invariably insist on production of declaration in CDF.

AMCs may sell Indian Rupees to foreign tourists/visitors against International Credit Cards/International Debit Cards and take prompt steps to obtain reimbursement through normal banking channels.

AMCs may issue certificate of encashment when asked for in cases of purchases of foreign currency notes, coins and travellers cheques from residents as well as non-residents. These certificates bearing authorised signatures should be issued on the letter head of the money changer and proper record should be maintained.

In cases where encashment certificate is not issued, attention of the customers should be drawn to the fact that unspent local currency held by non-residents will be allowed to be converted into foreign currency only against production of a valid encashment certificate.

AMCs may purchase from other AMCs and ADs any foreign currency notes, coins and encashed travellers' cheques tendered in the normal course of business. Rupee equivalent of the amount of foreign exchange purchased should be paid only by way of crossed account payee cheque/demand draft/bankers' cheque/Pay order.

AMCs may sell foreign exchange up to the prescribed ceiling (currently US \$ 10,000) specified in Schedule III to the Foreign Exchange Management (Current Account Transaction) Rules, 2000 during a financial year to persons resident in India for undertaking one or more private visits to any country abroad (except Nepal and Bhutan). Exchange for such private visits will be available on a self-declaration basis to the traveller regarding the amount of foreign exchange availed during a financial year. Foreign nationals permanently resident in India are also eligible to avail of this quota for private visits provided the applicant is not availing of facilities for remittance of his salary, savings, etc., abroad in terms of extant regulations.

AMCs may sell foreign exchange to persons' resident in India for undertaking business travel or for attending a conference or specialised training or for maintenance expenses of a patient going abroad for medical treatment or check-up abroad or for accompanying as attendant to a patient going abroad for medical treatment/check-up up to the limits as specified in Schedule III to FEMA (Current Account Transactions) Rules, 2000.

AMCs may convert into foreign currency, unspent Indian currency held by non-residents at the time of their

departure from India, provided a valid Encashment Certificate is produced.

AMCs may convert at their discretion, unspent Indian currency up to ₹ 10,000 in the possession of non-residents if, for bona fide reasons, the person is unable to produce an Encashment Certificate after ensuring that the departure is scheduled to take place within the following seven days. FFMCs may provide facility for reconversion of Indian Rupees to the extent of ₹ 50,000/- to foreign tourists (not NRIs) against ATM Receipts based on the following documents- Valid passport and visa, ticket confirmed for departure within 7 days, Original ATM slip.

AMCs may issue a cash memo, if asked for, on official letterhead to travellers to whom foreign currency is sold by them. The cash memo may be required for production to emigration authorities while leaving the country.

AMCs may put through transactions relating to foreign currency notes and travellers' cheques at rates of exchange determined by market conditions and in alignment with the ongoing market rates.

AMCs should display at a prominent place in or near the public counter, a chart indicating the rates for purchase/sale of foreign currency notes and travellers' cheques for all the major currencies and the card rates for any day, should be updated, latest by 10:30 a.m.

AMCs should keep balances in foreign currencies at reasonable levels and avoid build-up of idle balances with a view to speculating on currency movements.

Franchisees should surrender foreign currency notes, coins and travellers' cheques purchased only to their franchisers within seven working days.

The transactions between authorised dealers and FFMCs should be settled by way of account payee crossed cheques/demand drafts. Under no circumstances should settlement be made in cash.

AMCs may obtain their normal business requirements of foreign currency notes from other AMCs/authorised dealers in foreign exchange in India, against payment in rupees made by way of account payee crossed cheque/demand draft.

Where AMCs are unable to replenish their stock in this manner, they may make an application to the Forex Markets Division, Foreign Exchange Department, Central Office, RBI, Mumbai through an AD Category-I for permission to import foreign currency into India. The import should take place through the designated AD Category-I through whom the application is made.

AMCs may export surplus foreign currency notes/encashed travellers' cheques to an overseas bank through designated Authorised Dealer Category - I in foreign exchange for realisation of their value through the latter. FFMCs may also export surplus foreign currency to private money changers abroad subject to the condition that either the realisable value is credited in advance to the AD Category – I bank's nostro account or a guarantee is issued by an international bank of repute covering the full value of the foreign currency notes/coins to be exported.

In the event of foreign currency notes purchased being found fake/forged subsequently, AMCs may write-off up to US \$ 2000 per financial year after approval of their Top Management after exhausting all available options for recovery of the amount. Any write-off in excess of the above amount, would require the approval of the Regional Office concerned of the Foreign Exchange Department of the Reserve Bank.

Further, provisions regarding the following are also mentioned-

- Registers and Books of Accounts of Money-changing Business
- Submission of Statements to the Reserve Bank
- Inspection of Transactions of AMCs
- Concurrent Audit
- Temporary Money Changing Facilities

Opening of Foreign Currency Accounts by AMCs

AMCs, with the approval of the respective Regional Offices of the Foreign Exchange Department, may be allowed to open Foreign Currency Accounts in India, subject to the following conditions: -

- i. Only one account may be permitted at a particular centre.
- ii. Only the value of foreign currency notes/encashed TCs exported through the specific bank and realised can be credited to the account.
- iii. Balances in the accounts shall be utilised only for settlement of liabilities on account of:
 - (a) TCs sold by the AMCs and
 - (b) Foreign currency notes acquired by the AMCs from AD Category-I banks.
 - (c) No idle balance shall be maintained in the said account

All AMCs are required to submit their annual audited balance sheet to the respective Regional office of the Reserve Bank for the purpose of verification of their Net Owned Funds along-with a certificate from the statutory auditors regarding the NOF as on the date of the balance sheet. As AMCs are expected to maintain the minimum NOF on an ongoing basis, if there is any erosion in their NOF below the minimum level, they are required to bring it to the notice of the Reserve Bank immediately along with a detailed time bound plan for restoring the Net Owned Funds to the minimum required level.

FFMCs, which are not Regional Rural Banks (RRBs), Local Area Banks (LABs), Urban Co-operative Banks (UCBs) and Non-Banking Financial Companies (NBFCs) having a minimum net worth of ₹ 500 lakhs, may participate in the designated currency futures and currency options on exchanges recognised by the Securities and Exchange Board of India (SEBI) as clients only for the purpose of hedging their underlying foreign exchange exposures. FFMCs and ADs Category-II which are RRBs, LABs, UCBs and NBFCs, may be guided by the instructions issued by the respective regulatory Departments of the Reserve Bank in this regard.

Shops and Establishments legislations in various states

The provisions of various Shops and Establishments legislations, as applicable, regulate the conditions of work and employment in shops and commercial establishments and generally prescribe obligations in respect of inter-alia registration, opening and closing hours, daily and weekly working hours, holidays, leave, health, termination of services and safety measures and wages for overtime work.

Labour Laws

India has stringent labour related legislations. We are required to comply with certain labour laws, which include the Employees' Provident Funds and Miscellaneous Provisions Act 1952, the Minimum Wages Act, 1948, the Payment of Bonus Act, 1965, Employees' Compensation Act, 1923, the Payment of Gratuity Act, 1972 and the Payment of Wages Act, 1936, amongst others.

Intellectual Property

Intellectual Property in India enjoys protection under both common law and statute. Under statute, India provides for patent protection under the Patents Act, 1970, copyright protection under the Copyright Act, 1957 and trademark protection under the Trade Marks Act, 1999. The above enactments provide for protection of intellectual property by imposing civil and criminal liability for infringement.

SECTION VIII – SUMMARY OF MAIN PROVISIONS OF THE ARTICLES OF ASSOCIATION

Capitalised terms used in this section have the meaning that has been given to such terms in the Articles of Association of our Company. In case of any inconsistency between the Articles of Association of our Company and the Companies Act, 1956 and Companies Act, 2013, the provisions of the Companies Act, 1956 and the Companies Act 2013 shall prevail over the Articles of Association of our Company. Pursuant to Schedule II of the Companies Act, 1956 and the SEBI Regulations, the main provisions of the Articles of Association of our Company are detailed below:

<u>SHARE CAPITAL AND VARIATION OF RIGHTS</u>			
II.	1.		Subject to the provisions of the Act and these Articles, the shares in the capital of the Company shall be under the control of the Directors who may issue, allot or otherwise dispose of the same or any of them to such persons, in such proportion and such terms and conditions and either at a premium or at par and at such time as they may from time to time think fit.
	2.	(i)	Every person whose name is entered as a member in the Register of Members shall be entitled to receive within two months after incorporation , in case of subscribers to the memorandum or after allotment or within one month after the application for registration of transfer or transmission or within such other period as the conditions of issue shall be provided,-
		(a)	One certificate for all his shares without payment of any charges; or
		(b)	Several certificates, each for one or more of his shares, upon payment of twenty rupees for each certificate after the first.
		(c)	Share/ Debenture Certificate shall be issued in marketable lot and where Share/ Debenture Certificates are issued for either more or less than marketable lots, sub-division/ consolidation in to marketable lots shall be done free of charge
		(ii)	Every certificate shall be under the seal and shall specify the shares to which it relates and the amount paid up thereon.
		(iii)	In respect of any share or shares held jointly by several persons, the Company shall not be bound to issue more than one certificate, and delivery of a certificate for a share to one of several joint holders shall be sufficient delivery to all such holders.
	3.	(i)	If any share certificate be worn out, defaced, mutilated or torn or if there be no further space on the back for endorsement of transfer, then upon production and surrender thereof to the Company, a new certificate may be issued in lie thereof, and if any certificate is lost or destroyed then upon proof thereof to the satisfaction of the Company and on execution of such indemnity as the Company deem adequate, a new certificate in lieu thereof shall be given. Every certificate under this Article shall be issued on payment of twenty rupees for each certificate.
		(ii)	The provisions of Article (2) and (3) mutatis mutandis apply to debentures of the Company.
	4.		Except as required by law, no person shall be recognized by the Company as holding any share upon any trust, and the Company shall not be bound by, or be compelled in any way to recognize (even when having notice thereof) any equitable, contingent, future or partial interest in any share, or any interest in any equitable, contingent, future or partial interest in any share, or in any fractional part of a share, or (except only as by these regulations or by law otherwise provided) any other rights in respect of any share except an absolute right to the entirety thereof in the registered holder.
	5.	(i)	The Company may exercise the powers of paying commissions conferred by sub-section (6) of Section 40, provided that the rate percent or the amount of commission paid or agreed to be paid shall be disclosed in the manner required by that section and rules made thereunder.
		(ii)	The rate or the amount of commission shall not exceed the rate or amount prescribed in the rules made under sub- section (6) of section40.

		(iii)	The commission may be satisfied by the payment of cash or the allotment of fully or partly paid shares or partly in the one way and partly in the other.
6.	(i)		If at any time the share capital is divided into different classes of shares, the rights attached to any class (unless otherwise provided by the terms of issue of shares of that class) may, subject to the provisions of section 48, and whether or not is being wound up , be varied with the consent in writing of the holders of three- fourths of the issued shares of that class, or with the sanction of a special resolution passed at a separate meeting of the holders of the shares of that class.
		(ii)	To every such separate meeting, the provisions of these regulations relating to general meetings shall mutatis mutandis apply, but so that the necessary quorum shall be at least two persons holding at least one-third of the issued shares of the class in question.
7.			The rights conferred upon the holders of shares of any class issued with preferred or other rights shall not, unless otherwise expressly provided by the terms of issue of shares of that class, be deemed to be varied by the creation or issue of further shares ranking pari passu therewith.
8.			Subject to provisions of section 55, any preference shares may, with the sanction of an ordinary resolution, be issued on the terms that are to be redeemed on such terms and in such manner as the company before the issue of the shares may, any special resolution, determine.
9.			<u>*DEMATERIALIZATION OF SECURITIES</u>
10.			Notwithstanding anything contained herein and subject to the provisions of the Act, the Company shall be entitled to admit its shares, debentures and other securities for dematerialisation pursuant to the provisions of the Depositories Act or any other law applicable and to offer its shares, debentures and other securities for subscription in a dematerialised form.
11.			Notwithstanding anything to contrary contained in the Act or these Articles, a depository shall be deemed to be the registered owner for the purposes of effecting transfer of ownership of securities of the Company on behalf of the beneficial owner.
12.			Every person holding securities of the Company and whose name is entered as the beneficial owner in the records of the depository shall be entitled to all the rights and benefits and be subject to all the Liabilities in respect of the securities which are held by a depository and shall be deemed to be a Member of the Company.
			Nothing contained in Section 56 of the Act or these Articles shall apply to a transfer of securities effected by transferor and transferee both of whom are entered as beneficial owners in the records of a depository.
<u>LIEN</u>			
13.	(i)		The Company shall have a first and paramount lien-
	(a)		on every share (not being a fully paid share), for all monies (whether presently payable or not) called, or payable at a fixed time, in respect of that share; and
	(b)		on all shares (not being fully paid shares) standing registered in the name of a single person, for all monies presently payable by him or his estate to the company; PROVIDED the Board of Directors may at any time declare any share to be wholly or in part exempt from the provisions of this clause. <i>*Inserted vide special resolution at the EGM of the company dated 19th December 2018</i>

		(ii)	The Company's lien, if any, on a share shall extend to all dividends payable and bonuses declared from time to time in respect of such shares.
	14.		The Company may sell, in such manner as the Board thinks fit, any shares on which the Company has a lien. PROVIDED no sale shall be made-
		(a)	unless a sum in respect of which the lien exists is presently payable; or
		(b)	until the expiration of fourteen days after a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is presently payable, has been given to the registered holder for the time being of the share or the person entitled thereto by reason of his death or insolvency.
	15.	(i)	To give effect to any such sale, the Board may authorize some person to transfer the shares sold to the purchaser thereof;
		(ii)	The purchaser shall be registered as the holder of shares comprised in any such transfer.
		(iii)	The purchaser shall not be bound to see to the application of the purchase money, nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings in reference to the sale.
	16.	(i)	The proceeds of the sale shall be received by the company and applied in payment of such part of the amount in respect of which the lien exists and is presently payable.
		(ii)	The residue, if any, shall, subject to a like lien for sums not presently payable as existed upon the shares before the sale, be paid to the person entitled to the shares at the date of the sale.
CALLS ON SHARES			
	17	(i)	The Board may, from time to time, make calls upon the members in respect of any monies unpaid on their shares (whether on account of the nominal value of the shares or by way of premium) and not by the conditions of allotment thereof made payable at fixed times: PROVIDED that no call shall exceed one- fourth of the nominal value of the share or be payable at less than one month from the date fixed for the payment of the last preceding call.
		(ii)	Each member shall, subject to receiving at least fourteen days' notice specifying the time or times and place of payment, pay to the company, at the time or times and place so specified, the amount called on his shares.
		(iii)	The call may be revoked or postponed at the discretion of the Board.
	18		A call shall be deemed to have been made at the time when the resolution of the Board authorizing the call was passed and may be required to be paid by installments.
	19		The joint holders of a share shall be jointly and severally liable to pay all calls in respect thereof.
	20	(i)	If a sum called in respect of a share is not paid before or on the day appointed for payment thereof, the person from whom the sum is due shall pay interest thereon from the day appointed for payment thereof to the time of actual payment at ten percent per annum or at such lower rate , if any, as the Board may determine.
		(ii)	The Board shall be at the liberty to waive payment of any such interest wholly or in part

	21	(i)	Any sum by which the terms of issue of a share becomes payable on allotment or at any fixed date, whether on account of the nominal value of the share or by way of premium, shall, for the purposes of these regulations, be deemed to be a call duly made and payable on the date on which by terms of issue such sum becomes payable.
		(ii)	In case of non –payment of such sum, all the relevant provisions of these regulations as to the payment of interest and expenses, forfeiture or otherwise shall apply as is such sum had become payable by virtue o a call duly made and notified.
	22		The Board-
		(a)	may, if thinks fit, receive from any member willing to advance the same, all or any part of the monies uncalled and unpaid upon any shares; and
		(b)	upon all or any of the monies so advanced, any (until the same would, but for such advance, become presently payable) pay interest at such rate not exceeding, unless the company in general meeting shall otherwise direct, twelve percent per annum, as may be agreed upon between the Board and the member paying the sum in advance.
<u>TRANSFER OF SHARES</u>			
	23	(i)	The instrument of transfer of any share in the company shall be executed by or on behalf of both the transferor and transferee.
		(ii)	The transferor shall be deemed to remain a holder of the share until the name of the transferee is entered in the Register of Members in respect thereof.
	24		The Board may, subject to the right of appeal conferred by Section 58 decline to register-
		(a)	the transfer of a share, not being a fully paid share, to a person of whom they do not approve; or
		(b)	The transfer of shares on which the company has a lien.
	25		The Board may decline to recognize any instrument of transfer unless-
		(a)	the instrument of transfer is in the form as prescribed in the rules made under sub- section (1) of Section 56;
		(b)	the instrument of transfer is accompanied by the certificate of the shares to which it relates, and such other evidence as the Board may reasonably require to show the right of the transferor to make the transfer; and
		(c)	the instrument of transfer is in respect of only one class of shares.
	26		On giving less than seven days' previous notice in accordance with Section 91 and rules made thereunder, the registration of transfers may be suspended at such times and for such periods as the Board may from time to time determine. PROVIDED that such registration shall not be suspended for more than thirty days at any one time or for more than forty-five days in the aggregate in any year.
<u>TRANSMISSION OF SHARES</u>			
	27	(i)	On the death of a member, the survivor or survivors where the member was a joint holder, and his nominee or nominees or legal representatives where he was a sole holder, shall be the only persons recognized by the company as having any title to the interest in the shares.

		(ii)	Noting in clause (i) shall release the estate of a deceased joint holder from any liability in respect of any share which had been jointly held by him with other persons.
28	(i)	Any person becoming entitled to a share in consequence of the death or insolvency of a member may, upon such evidence being produced as may from time to time properly be required by the Board and subject as hereinafter provided, elect, either-	
	(a)	to be registered himself as holder of the share; or	
	(b)	to make such transfer of shares as the deceased or insolvent member could have made.	
	(ii)	The Board shall, in either case, have the same right to decline or suspend registration as it would have had, if the deceased or insolvent member had transferred the share before his death or insolvency.	
29	(i)	If the person so becoming entitled shall elect to be registered as holder of the share himself, he shall deliver or send to the company a notice in writing signed by him stating that he so elects.	
	(ii)	If the person aforesaid shall elect to transfer the share, he shall testify his election by executing a transfer of the share.	
	(iii)	All the limitations, restrictions and provisions of these regulations relating to the right to transfer and the registration of transfers of shares shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the member had not occurred and the notice or transfer were a transfer signed by that member.	
30		<p>A person becoming entitled to a share by reason of the death or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered holder of the share, except that he shall not, before being registered as a member in respect of the share, be entitled in respect of it to exercise any right conferred by membership in relation to the meetings of the company.</p> <p>PROVIDED that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the share, and if the notice is not complied with within ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the share, until the requirements of the notice have been complied with.</p>	
<u>FORFEITURE OF SHARES</u>			
31		If a member fails to pay any call, or instalment of a call, on the day appointed for payment thereof, the Board may, at any time thereafter during such time as any part of the call or instalments remains unpaid, serve a notice on him requiring payment of so much of the call or instalment as unpaid, together with any interest which may have accrued.	
32		The notice aforesaid shall-	
	(a)	name a further day (not being earlier than the expiry of fourteen days from the date of service of the notice) on or before which the payment required by the notice is to be made; and	
	(b)	state that, in the event of non-payment on or before the day so named, the shares in respect of which the call was made shall be liable to be forfeited.	
33		If the requirements of any such notice as aforesaid are not complied with, any share in respect of which the notice has been given may, at any time thereafter, before the payment required by the notice has been made, be forfeited by a resolution of the Board to that effect.	

	34	(i)	A forfeited share may be sold or otherwise disposed of on such terms and in such manner as the Board thinks fit.
		(ii)	At any time before a sale or disposal as aforesaid, the Board may cancel the forfeiture on such terms as it thinks fit.
	35	(i)	A person whose shares have been forfeited shall cease to be a member in respect of the forfeited shares, but shall, notwithstanding the forfeiture, remain liable to pay to the company all monies which, at the date of forfeiture, were presently payable by him to the company in respect of the shares.
		(ii)	The liability of such person shall cease if and when the company shall have received the payment in full of all such monies in respect of the shares.
	36	(i)	A duly verified declaration in writing that the declarant is a director, the manager or the secretary, of the company, and that a share in the company has been duly forfeited on a date stated in the declaration shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the share.
		(ii)	The company may received the consideration, if any, given for the share on any sale or disposal thereof and may execute a transfer of the share in favor of the person to whom the share is sold or disposed of;
		(iii)	The transferee shall thereupon be registered as the holder of the share; and
		(iv)	The transferee shall not be bound to see the application of the purchase money, if any, nor his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale or disposal of the share.
	37		The provisions of these regulation as to forfeiture shall apply in case of non- payment of any sum which, by the terms of issue of a share, becomes payable at a fixed time, whether on account of the nominal value of the share or by way of premium, as if the same had been payable by virtue of a call duly made and notified.
<u>ALTERATION OF CAPITAL</u>			
	38		The company may, from time to time, by ordinary resolution, increase the share capital by such sum, to be divided into shares of such amount, as may be specified in the resolution.
	39		Subject to the provisions of Section 61, the Company may, by ordinary resolution-
		(a)	consolidate and divide all or any of its share capital into shares of larger amount than its existing shares;
		(b)	convert all or any its fully paid-up shares into stock, reconvert that stock into fully paid-up shares of any denomination.
		(c)	sub-divide its existing shares or any of them into shares of smaller amount than is fixed by the memorandum
		(d)	cancel any shares which, at the date of passing of resolution, have not been taken or agreed to be taken by any person.
	40		Where shares are converted into stock-
		(a)	the holders of stock may transfer the same or any part thereof in the same manner as, and subject to the same regulation under which, the shares from which the stock arose might before the conversion have been transferred, or as near thereto as circumstances admit:

			PROVIDED that the Board may, from time to time, fix the minimum amount of stock transferable, so, however, that such minimum shall not exceed the nominal amount of the shares from which the stock arose.
		(b)	the holders of stock shall, according to the amount of stock held by them, have the same rights, privileges and advantages as regards dividends, voting at meetings of the company, and other matters, as if they held the shares from which the stock arose; but no such privilege or advantage (except participation in the dividends and profits of the company and in the assets on winding up) shall be conferred by an amount of stock which would not, if existing in shares, have conferred that privilege or advantage.
	41		The Company may, by special resolution, reduce in any manner and with, and subject to, any incident authorized and consent required by law-
		(a)	its share capital
		(b)	any capital redemption reserve account; or
		(c)	any share premium account
<u>CAPITALISATION OF PROFITS</u>			
	42	(i)	The company in general meeting nay, upon the recommendation of the Board, resolve-
		(a)	that it is desirable to capitalize any part of the amount for the time being standing to the credit of any of the company's reserve accounts, or to the credit of the profit and loss account, or otherwise available for distribution; and
		(b)	that such sum be accordingly set free for distribution in the manner specified in clause (ii) amongst the members who would have been entitled thereto, if distributed by way of dividend and in the same proportions.
		(ii)	The sum aforesaid shall not be paid in cash but shall be applied, subject to the provisions contained in clause (iii), either in or towards-
		(A)	Paying up any amounts for the time being unpaid on any shares held by such members respectively;
		(B)	Paying up in full, unissued shares of the company to be allotted and distributed, credited as fully paid-up, to and amongst such members in the proportions aforesaid;
		(C)	Partly in way specified in sub-clause (A) and partly in that specified in sub-clause (B)
		(D)	A securities premium account and a capital redemption reserve account may, for the purpose of this regulation, be applied in the paying up of unissued shares to be issued to the members of the company as fully paid bonus shares
		(E)	The Board shall give effect to the resolution passed by the company in pursuance of this regulation.
	43	(i)	Whenever such a resolution as aforesaid shall have been passed, the Board shall-
		(a)	make appropriations and applications of the undivided profits resolved to be capitalized thereby, and all allotments and issues of fully paid shares, if any; and
		(b)	to authorize any person to enter, on behalf of the members entitled thereto, into an agreement with the company providing for the allotment to them respectively, credited as fully paid-up, of any further shares to which they may be entitled upon such capitalization, or as the case may

		require, for the payment by the company on their behalf, by the application thereto of their respective proportions of profits resolved to be capitalized, of the amount or any part of the amounts remaining unpaid on their existing shares.
	(iii)	Any agreement made under such authority shall be effective and binding on such members.
<u>BUY-BACK OF SHARES</u>		
44		Notwithstanding anything contained in these articles but subject to the provisions of section 68 to 70 and any other applicable provisions of the Act or any other law for the time being in force, the company may purchase its own shares or other specified securities.

	(v)	In the light of section 102, a statement setting out the material facts concerning each item of the special business to be transacted at the general meeting shall be annexed to the notice calling such meeting.
<u>PROCEEDINGS AT GENERAL MEETING</u>		
49	(i)	No business shall be transacted at any general meeting unless a quorum of members is present at any time when the meeting proceeds to business.

		(ii)	Save as otherwise provided herein, the quorum for the general meetings shall be as provided in section 103 i.e. five members to be present in person (who are qualified to vote) shall be the quorum of the meeting.
50			The Chairman of the Board shall preside as the Chairperson at every general meeting of the company.
51			If the Chairperson is not present within fifteen minutes after the time appointed for holding the meeting, the directors present shall elect one of their members to be the Chairperson of the meeting.
52			If at any meeting no director is willing to act as Chairperson or if no director is present within fifteen minutes after the time appointed for holding the meeting, the members present shall choose one of their members to be the Chairperson of the meeting.
<u>ADJOURNMENT OF MEETING</u>			
53	(i)		If the quorum is not present within half an hour from the appointed time for holding the meeting of the company, the meeting shall stand adjourned to the same day in the next week at the same time and place, or to such other date and such other time and place as the Board may determine.
	(ii)		No business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.
	(iii)		When a meeting is adjourned for thirty days or more, notice of the adjourned meeting shall be given as in the case of an original meeting.
	(iv)		Save as aforesaid and as provided in section 103 of the Act, it shall not be necessary to give any notice of an adjournment or of the business to be transacted at an adjourned meeting.
	(v)		If at the adjourned meeting also, a quorum is not present within half an hour from the time appointed for holding meeting, the members present shall be the quorum.
<u>VOTING RIGHTS</u>			
54			Subject to any rights or restrictions for the time being attached to any class of classes of shares-
	(a)		On a show of hands, every member present in person shall have one vote; and
	(b)		On a poll, the voting rights of members shall be in proportion to his shares in the paid-up equity share capital of the company
55	(i)		In case of joint holders, the vote of the senior who tenders a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders.
	(ii)		For this purpose, seniority shall be determined by the order in which the names stand in the Register of Members.
56			A member of unsound mind, or in respect of whom an order has been made by any court having jurisdiction in lunacy, may vote, whether on a show of hands or on a poll, by his committee or legal guardian, and any such committee or guardian may, on a poll, vote by proxy.
57			Any business other than that upon which a poll has been demanded may be proceeded with, pending the taking of the poll.
58			No member shall be entitled to vote at any general meeting unless all calls or other sums presently payable by him in respect of shares in the company have been paid.

	59	(i)	No objection shall be raised to the qualification of any voter except at the meeting or adjourned meeting at which the vote objected to is given or tendered, and every vote not disallowed at such meeting shall be valid for all purposes.
		(ii)	Any such objection made in due time shall be referred to the Chairperson of the meeting, whose decision shall be final and conclusive.

ANNEXURE I - DAY COUNT CONVENTION

Interest on the NCDs shall be computed on an actual/actual basis for the broken period, if any. For Options [●] the interest shall be calculated from the first day till the last date of every month on an actual/actual basis during the tenor of such NCDs. Consequently, interest shall be computed on a 365 day a year basis on the principal outstanding on the NCDs. However, if period from the Deemed Date of Allotment/anniversary date of Allotment till one day prior to the next anniversary/redemption date includes February 29, interest shall be computed on 366 days a-year basis, on the principal outstanding on the NCDs.

For Options [●] interest shall be computed on a 365 day a year basis on the principal outstanding on the NCDs which have tenors on cumulative basis. However, if period from the Deemed Date of Allotment till one day prior to the redemption date includes February 29, interest shall be computed on 366 days a-year basis, on the principal outstanding on the NCDs.

Illustration of cash-flows: To demonstrate the day count convention, please see the following table below, which describes the cash-flow in terms of interest payment and payment of Redemption Amount per NCD for all categories of NCD Holders.

NOTES:

- Effect of public holidays has been ignored as these are difficult to ascertain for future period except January 26, April 1, May 1, August 15, October 2, day have been taken into consideration.
- As per SEBI Master Circular, in order to ensure uniformity for payment of interest/redemption on debt securities, the interest/redemption payment shall be made only on a Working Day. Therefore, if the interest payment date falls on a non-Working Day, the coupon payment shall be on the next Working Day. However, the future coupon payment dates would be as per the schedule originally stipulated. In other words, the subsequent coupon schedule would not be disturbed merely because the payment date in respect of one

particular coupon payment has been postponed earlier because of it having fallen on a holiday. However, if the redemption date of the debt securities falls on non- Working Day, the redemption proceeds shall be paid on the previous Working Day.

3. *Deemed Date of Allotment has been assumed to be [●].*
4. *The last coupon payment will be paid along with maturity amount at the redemption date.*

^Yet to be issued

In issuing and maintaining its ratings, India Ratings relies on factual information it receives from issuers and underwriters and from other sources India Ratings believes to be credible. India Ratings conducts a reasonable investigation of the factual information relied upon by it in accordance with its ratings methodology, and obtains reasonable verification of that information from independent sources, to the extent such sources are available for a given security.

The manner of India Ratings factual investigation and the scope of the third-party verification it obtains will vary depending on the nature of the rated security and its issuer, the requirements and practices in India where the rated security is offered and sold, the availability and nature of relevant public information, access to the management of the issuer and its advisers, the availability of pre-existing third-party verifications such as audit reports, agreed-upon procedures letters, appraisals, actuarial reports, engineering reports, legal opinions and other reports provided by third parties, the availability of independent and competent third-party verification sources with respect to the particular security or in the particular jurisdiction of the issuer, and a variety of other factors.

Users of India Ratings ratings should understand that neither an enhanced factual investigation nor any third-party verification can ensure that all of the information India Ratings relies on in connection with a rating will be accurate and complete. Ultimately, the issuer and its advisers are responsible for the accuracy of the information they provide to India Ratings and to the market in offering documents and other reports. In issuing its ratings India Ratings must rely on the work of experts, including independent auditors with respect to financial statements and attorneys with respect to legal and tax matters. Further, ratings are inherently forward-looking and embody assumptions and predictions about future events that by their nature cannot be verified as facts. As a result, despite any verification of current facts, ratings can be affected by future events or conditions that were not anticipated at the time a rating was issued or affirmed.

India Ratings seeks to continuously improve its ratings criteria and methodologies, and periodically updates the descriptions on its website of its criteria and methodologies for securities of a given type. The criteria and methodology used to determine a rating action are those in effect at the time the rating action is taken, which for public ratings is the date of the related rating action commentary. Each rating action commentary provides information about the criteria and methodology used to arrive at the stated rating, which may differ from the general criteria and methodology for the applicable security type posted on the website at a given time. For this reason, you should always consult the applicable rating action commentary for the most accurate information on the basis of any given public rating.

Ratings are based on established criteria and methodologies that India Ratings is continuously evaluating and updating. Therefore, ratings are the collective work product of India Ratings and no individual, or group of individuals, is solely responsible for a rating. All India Ratings reports have shared authorship. Individuals identified in an India Ratings report were involved in, but are not solely responsible for, the opinions stated therein. The individuals are named for contact purposes only.

Ratings are not a recommendation or suggestion, directly or indirectly, to you or any other person, to buy, sell, make or hold any investment, loan or security or to undertake any investment strategy with respect to any investment, loan or security or any issuer. Ratings do not comment on the adequacy of market price, the suitability of any investment, loan or security for a particular investor (including without limitation, any accounting and/or regulatory treatment), or the tax-exempt nature or taxability of payments made in respect of any investment, loan or security. India Ratings is not your advisor, nor is India Ratings providing to you or any other party any financial advice, or any legal, auditing, accounting, appraisal, valuation or actuarial services. A rating should not be viewed as a replacement for such advice or services. Investors may find India Ratings ratings to be important information, and India Ratings notes that you are responsible for communicating the contents of this letter, and any changes with respect to the rating, to investors.

It will be important that you promptly provide us with all information that may be material to the ratings so that our ratings continue to be appropriate. Ratings may be raised, lowered, withdrawn, or placed on Rating Watch due to changes in, additions to, accuracy of or the inadequacy of information or for any other reason India Ratings deems sufficient.

Nothing in this letter is intended to or should be construed as creating a fiduciary relationship between India Ratings and you or between India Ratings and any user of the ratings.

Analytical Approach

Ind-Ra continues to take a standalone view of MML for the rating review.

Detailed Rationale of the Rating Action

The ratings reflect MML's improved performance with the loan book increasing to INR7.3 billion in June 2024 (FY23: INR5.13 billion) with the predominant loan book consisting of gold loans (over 99.3% of loan book in June 2024) and having a pan-India presence with the major geographical share being in Maharashtra, Odisha and Kerala. MML has also managed to keep the asset quality under control while increasing the stage 3 provisions as a prudential practice. The company's liability profile remains concentrated towards subordinated debt, and private and public non-convertible debentures (NCDs), while the company's funding lines from five banks has declined in proportion, as MML continued to rely on NCDs for funding loan book growth in FY24. The ratings reflect MML's increased profitability in FY24, owing to improved yields and controlled credit costs, even as the operating expense increased because of an addition of branches. The ability to scale up profitably while also keeping the asset quality under control, as the company has a majority of the portfolio in non-south geography, remains a key monitorable.

List of Key Rating Drivers

Strengths

- Significant growth and franchise expansion; improved geographic diversification

- Reasonable profitability supporting growth
- Stable asset quality
- Adequate capitalisation

Weaknesses

- Scaling up of business and profitability remain monitorable
- Funding profile remains concentrated

Detailed Description of Key Rating Drivers

Significant Growth and Franchise Expansion; Improved Geographic Diversification: MML has a long track record of operations in gold loan business and registered significant growth during FY23-FY24, with the loan book growing around 30% yoy to INR7.3 billion in 1QFY25, backed by the addition of new branches. MML added more than 50 new branches over FY23-FY24, taking the total branch count to 264 at end-March 2024. Until 2019, the company had operations only in Kerala and Tamil Nadu (FY24: 21% of the loan book; FY23: 28%; FY22: 42.96%; FY21: 48%; FY20: 73%; FY19: 99.8%); however, it has now diversified its geographical presence to Madhya Pradesh, Punjab, Maharashtra, Orissa, New Delhi, Uttar Pradesh, Rajasthan and Haryana.

Furthermore, the company had started disbursing small-ticket personal loans to existing customers with a robust repayment track record during COVID-19, which constituted 2%-3% of the total portfolio and touched INR40 million at end-June 2024 (March 2024: INR164 million, March 2023: INR128 million; March 2022: INR89.4 million; March 2021: nil). However, the same has been stopped and the portfolio is likely to run down in FY25. MML will also be looking for co-lending opportunities to increase its portfolio in the near term. The company also operates two Nidhi companies; however, as per management, there were no transactions between the Nidhi companies and MML at end-March 2024, in accordance with the Reserve Bank of India's requirements.

Reasonable Profitability Supporting Growth: MML's net interest margin increased to 12.15%, according to the audited financials for FY24 (FY23: 10.73% ; FY22: 12.14%), because of the improvement in yield. MML's operating expenses are likely to moderate as it scales up its operations, and this, along with a further improvement in its assets under management per branch (FY24: INR26 million, FY23: INR22.9 million, FY22: INR19.7 million; FY21: INR18.4million; FY20: INR11.2 million), will drive its overall profitability over the medium term.

Stable Asset Quality: The gold loan segment displayed a considerable resilience during COVID-19-related disruptions and reported stable asset quality. In FY24, the gross non-performing asset increased to 0.3% (FY23: 0.27%). Although the borrower class is vulnerable, the ultimate credit loss is capped due to the loan-to-value (LTV) being capped at 75% as per regulatory requirements at the time of disbursement and the liquid nature of the collateral. Being in the gold loan business, MML's credit cost has always been modest and less volatile through the cycle, leading to improved operating profit buffers.

At end-March 2024, MML's major book has an LTV of 60%-75%, which leaves adequate headroom in case the company needs to opt for auctions to recover its dues. The agency believes sustaining adequate LTV buffers, and timely auctions and recoveries will be critical for MML to maintain stable asset quality. MML monitors LTV on the basis of daily gold prices, wherein the threshold LTV, which could trigger the company to seek additional collateral or initiate the auction process, is decided after considering the existing LTV (computed on the basis of the day's gold price) as the base and adding margins to factor in the impact on realisations due to volatility in gold prices until the auction process is completed. Once the exposure is closer to the threshold LTV, MML seeks additional collateral or starts the auction process, depending on the response of the borrower, irrespective of the completion of the loan tenor, thereby mitigating the risk associated with gold price volatility over loan tenor.

Adequate Capitalisation: MML is wholly owned by the chairman and his family, with a tangible net worth of INR1,631 million as on 31 March 2024. The company's tier-1 capital adequacy stood at 21% in 1QFY25 (FY24: 21%, FY23: 25.1%, FY22: 32%, FY21: 33% FY20: 48%) and overall capital adequacy stood at 30% (30%, 37.9%, 49%, 51%, 74%), supported by accruals and the company's ability to raise subordinate debt from retail investors. Ind-Ra believes MML's capitalisation levels are adequate to support the management's near-term growth strategy. The promoters infused INR70 million in FY24, and plan to infuse an additional INR100 million in MML in FY25.

Scaling Up of Business and Profitability Remain Monitorable: MML has been facing heightened competitive pressures in south India from Nidhi companies, moneylenders, microfinance institutions and banks providing agriculture gold loans; this has led to a moderation or slower growth in the AUM per branch along with pricing pressure in this region. Consequently, MML has

been expanding its presence in the northern and western regions of the country, where its ability to scale up and improve its AUM per branch meaningfully and maintain control over costs to improve its operating efficiency would be key rating monitorable.

Funding Profile remains Concentrated: As of March 2024, the funding mix for MML consisted of NCDs (26%), subordinated debentures (38.6%), and loans cash credit limits from public sector banks (35.4%). The company had a leverage of 3.3x at end-March 2024. The investors for the NCDs and subordinate debt are retail investors, largely from Kerala and Tamil Nadu.

MML's funding profile remains concentrated, with the share of bank loans in the overall funding mix reducing and that of NCDs increasing; the bank funding came down to 35.4% in FY24 (FY23: 47.4%; FY22: 33.3%), with a total of four lenders. Nevertheless, Ind-Ra believes the funding remains skewed towards subordinated debt. Therefore, a further diversification in the funding profile would be a key rating driver.

Liquidity

Adequate: There were no negative mismatches in any of the up-to-one-year time buckets in the company's asset-liability statement at end-June 2024, supported by short-term assets of nine months tenor and the average tenor of liabilities of three-to-five years. As per Ind Ra's stress-case scenario, the company's asset-liability profile reflects a positive surplus up to one year. Furthermore, the cash and bank balances, and fixed deposits of INR320 million and unutilised bank lines of INR174 million at end-June 2024 provide an additional cushion to the liquidity profile as against the debt repayment of INR319 million over July-September 2024.

Rating Sensitivities

Positive: Significant and sustainable growth in loan book while maintaining stable asset quality, an improvement in the AUM per branch, driving healthy profitability, along with continuous funding diversification could lead to a positive rating action.

Negative: A significant dilution in the tangible net worth due to significant losses, tier-1 ratio falling below 15% in the medium term, on a sustained basis, deterioration in the asset quality, leading to heightened auctions that could impact the profitability or lead to losses, could lead to a negative rating action.

ESG Issues

ESG Factors Minimally Relevant to Rating: Unless otherwise disclosed in this section, the ESG issues are credit neutral or have only a minimal credit impact on MML, due to either their nature or the way in which they are being managed by the entity.
