AGM Notice

NOTICE is hereby given that the Nineteenth Annual General Meeting (“AGM”) of Shareholders of BSE Limited will be held on Monday, July 15, 2024, at 3:00 p.m. (IST) through Video Conferencing (“VC”) / Other Audio-Visual Means (“OAVM”) to transact the following businesses:

ORDINARY BUSINESS

1. To receive, consider and adopt the Audited Financial Statements (including Audited Consolidated Financial Statements) of the Company for the Financial Year ended March 31, 2024, and the Reports of the Board of Directors and Auditors thereon.
2. To declare a final dividend of ₹ 15.00 per equity share, for the Financial Year ended March 31, 2024.
3. To appoint a director in place of Shri Jagannath Mukkavilli (DIN: 10090437), Non-Independent Director, who retires by rotation at this Annual General Meeting and being eligible, offers himself for re-appointment, subject to approval of the Securities and Exchange Board of India (“SEBI”).

By Order of the Board of Directors

Vishal Bhat

Company Secretary and Compliance Officer
Membership No. A41136
Mumbai, May 8, 2024

NOTES:

1. A statement of details of the Director seeking re-appointment under item No.3 of the notice to be transacted at the AGM pursuant to Regulation 36(3) of the SEBI (Listing obligations and Disclosure Requirements) Regulations, 2015 (“Listing Regulations”) and Secretarial Standard-2 on General Meetings is annexed hereto.
2. Pursuant to the General Circular Nos. 20/2020, 2/2022, 10/2022 and 09/2023 issued by the Ministry of Corporate Affairs (“MCA”), companies are allowed to hold AGM through VC/OAVM up to September 30, 2024, without the physical presence of Members at a common venue. Further, the Securities and Exchange Board of India (“SEBI”) vide its circular no. SEBI/HO/CFD/PoD-2/P/CIR/2023/4 dated January 5, 2023, SEBI/HO/CFD/CFD-PoD-2/P/CIR/2023/167 dated October 7, 2023, has granted the relaxation in respect of sending physical copies of annual report to members till September 30, 2024. Hence, in compliance with the provisions of the Act, Listing Regulations, MCA & SEBI Circulars, the Nineteenth AGM of the Company is being held through VC/OAVM. Accordingly, the facility for appointment of proxies will not be available for the AGM and hence the Proxy Form and Attendance Slip are not annexed to this Notice.
3. Since the AGM will be held through VC, the Route Map is not annexed to this Notice. The registered office of the Company shall be deemed to be the venue for the AGM.
4. The Company has engaged the services of Central Depository Services (India) Limited (“CDSL”), as the authorized agency for conducting the AGM and providing remote e-Voting and e-Voting facility for/during the AGM of the Company. The instructions for participation by Members are given in the subsequent notes.
5. In compliance with the Circulars mentioned above, this Annual Report along with the Notice of the AGM, and instructions for remote e-Voting/ e-Voting are being sent only through e-mail to those Shareholders whose e-mail addresses are registered with the Company’s Registrar and Transfer Agents, KFin Technologies Limited (“RTA”)/ Depository Participant(s) (“DP”). The Notice of the AGM along with the Annual Report for FY 2023-24 is also available on Company’s website at www.bseindia.com, www.nseindia.com (where the Company is listed) and www.evotingindia.com (agency providing e-Voting facility).
6. M/s. DM & Associates, Company Secretaries LLP, have been appointed as the Scrutinizer to scrutinize the remote e-Voting/e-Voting process in a fair and transparent manner. The Scrutinizer will submit the report to the Chairman, or any person authorized by him after completion of the scrutiny and the results of voting will be announced after the AGM. Subject to receipt of requisite number of votes, the resolutions shall be deemed to be passed on the date of the AGM. The results will be displayed on the website of the Company at www.bseindia.com, www.nseindia.com and www.evotingindia.com.

7. Members of the Company under the category of Institutional/Corporate Shareholders are encouraged to attend and vote at the AGM through VC. Corporate Members intending to authorize their representatives to participate, and vote are requested to send a certified copy of the Board resolution / authorization letter to the Scrutinizer by e-mail at dmassociatesllp@gmail.com and the same should also be uploaded on the VC portal / e-Voting portal of CDSL.
8. Pursuant to Regulation 2(ka) of Security Contracts (Regulation) (Stock Exchange and Clearing Corporation) Regulation 2018 (“SECC Regulations”), Trading Members or their associates and agents as on cut-off date shall not be eligible to vote on Item No. 3 of the Notice.
9. Pursuant to Regulation 46 of the SECC Regulations, the securities of a Recognized Stock Exchange are required to be maintained in Demat mode. Further, in terms of Listing Regulations, securities of listed companies can only be transferred in Demat mode w.e.f. April 1, 2019. In view of the above, Members are advised to dematerialize their shares held in physical mode.
10. The Board of Directors has recommended a Final Dividend of ₹ 15.00 per equity share for the Financial Year ended March 31, 2024 which is proposed to be paid on or before Tuesday, August 13, 2024, to those Members whose names appears in the Register of Members of the Company as on the Record date i.e., Friday, June 14, 2024, subject to the approval of the Shareholders at the AGM.
11. Members whose shareholding is in demat mode are requested to notify any change in address or bank account details to their respective DPs.
12. For Members holding shares in Demat mode, the final dividend for FY 2023-24, once approved by the Members, will be paid electronically through various online transfer modes to those Members who have updated their bank account details. Such Members who have not updated their bank account details, dividend warrants / cheques will be sent out to their registered addresses.
13. Members who have not yet registered their e-mail addresses and bank details registered/updated are requested to register the same with their DP in case the shares are held by them in demat mode.
14. SEBI, vide its Circular dated November 3, 2021, read with subsequent circulars issued in this regard, has mandated registration of PAN, KYC details and Nomination, by holders of physical securities. As per the said mandate, Shareholders, holding securities in physical form, whose folio(s) are not updated with any of the KYC details [viz., (i) PAN; (ii) Choice of Nomination; (iii) Contact Details; (iv) Mobile Number; (v) Bank Account Details and (vi) Signature] shall be eligible for any payment including dividend, interest or redemption in respect of such folios, only through electronic mode with effect from April 1, 2024. In accordance with the above, dividends, in respect of physical folios wherein any of the above KYC details (except choice of Nomination) are not updated before the Record Date, will be held back by the Company. Shareholders may please note that the dividends will get credited to their bank account only after the KYC details are updated in the folio.
15. SEBI has mandated submission of PAN by every participant in the securities market. Members holding shares in demat mode are therefore, requested to submit their PAN to their DP.
16. As per Section 72 of the Act read along with Rule 19 of Companies (Share Capital and Debentures) Rules 2014, the facility for submitting nomination is available for Members in respect of the shares held by them. Members who have not yet registered their nomination are requested to register the same with their DP in case the shares are held by them in demat mode.
17. **Tax Deducted at Source (“TDS”) on Dividend:**

Pursuant to the provisions of the Finance Act, 2020 dividend income is taxable in the hands of the Shareholders w.e.f. April 1, 2020, and accordingly, the Company would be required to deduct tax at source from the dividend paid to Shareholders, if so approved at the ensuing AGM at the prescribed rates.

The rate of TDS as per the Income Tax Act, 1961 (“IT Act”), would depend upon the status of the recipient and is explained herein below:

i. Resident Shareholders:

In case of resident Shareholders, Section 194 of the IT Act provides mandate for withholding tax @ 10% on dividend income. No TDS is required to be deducted, if aggregate dividend distributed or likely to be distributed during the Financial Year to **Individual** Shareholder does not exceed ₹ 5,000/-. In absence of PAN, TDS rate of 20% will apply. Further, tax may be deducted at double the applicable rate, if any shareholder required to file their return of income has not filed their return of income as required as per the provisions of Section 206AB of the Act. The said requirement will be verified by the Company from the Government enabled online facility. Further for shareholders who have not linked PAN and Aadhaar, the PAN will be considered as invalid and higher rate of taxes shall apply. For the purpose of TDS, Company will verify the status (i.e., Specified Person or not and PAN-Aadhar linkage) from the Government enabled online facility and deduct TDS accordingly.

Resident Shareholders, being individuals, whose total dividend income in a Financial Year exceeds ₹ 5,000/- and who wish to receive dividend without deduction of tax at source may submit a declaration in Form No. 15G (for individuals below the age of 60 years, with no tax liability on

total income and income not exceeding maximum amount which is not chargeable to tax) or Form No. 15H (applicable to an individual of the age of 60 years and above with no tax liability on total income), in original to the RTA at einward.ris@kfintech.com. The format for Form 15G and Form 15H have been uploaded on the Company's website as Annexure 1 and Annexure 2 respectively. Where a Shareholder furnishes a valid Nil or lower tax rate deduction certificate under Section 197 of the IT Act, TDS will be applied as per the rates prescribed in such certificate.

Any other entity entitled to exemption from TDS:

- i. **Insurance companies:** Documentary evidence (PAN and registration certificate along with self-declaration in the format is uploaded on Company's website as Annexure 3) that the provisions of Section 194 of the IT Act are not applicable to them (self-attested by the competent authority with affixed stamp).
- ii. **Mutual Funds:** Documentary evidence to prove that the mutual fund is a mutual fund specified under clause (23D) of Section 10 of the IT Act and is covered under Section 196 of the IT Act. (Format of declaration form is uploaded on Company's website as Annexure 3).
- iii. **Alternative Investment Fund (AIF) established in India:** Self declaration that its dividend income is not chargeable under the head 'Profit and Gains of Business or Profession' and exempt under Section 10(23FBA) of the IT Act and they are established as Category I or Category II AIF under the SEBI regulations (Format of declaration form is uploaded on Company's website as Annexure 3).
- iv. **Entities Exempt under Section 10 of the IT Act:** In case of resident non-individual Shareholders, if the income is exempt under the IT Act, the authorized signatory shall submit the declaration duly signed with stamp affixed for the purpose of claiming exemption from TDS (Format of declaration form is uploaded on Company's website as Annexure 3).
- v. **Corporation established by or under a Central Act which is, under any law for the time being in force, exempt from income-tax on its income -** Documentary evidence that the person is covered under Section 196 of the IT Act.
- vi. **Beneficial ownership:** In case of equity share(s) held in the Company as a beneficiary; and are not subject to TDS under Section 196 of the IT Act, the person shall submit self-attested copy of the documentary evidence supporting the exemption status along with self-attested copy of PAN card (Format of declaration form is uploaded on Company's website as Annexure 3).
- vii. **Benefit under Rule 37BA:** In case where shares are held by Clearing Members/ Intermediaries/ Stockbrokers and TDS is to be applied by the Company in the PAN of the beneficial Shareholders then intermediaries/ stockbrokers and beneficial Shareholders will have to provide a declaration (Format of declaration is uploaded on Company's website as Annexure 4). This declaration should be submitted within 6 working days from the record date to the RTA on einward.ris@kfintech.com. Kindly note that no declaration shall be accepted after 6 working days from the record date.

Shareholders are requested to note that while submission of original form / documentary evidence is mandatory, they may upload and submit the said documents online, on the portal of the RTA at <https://ris.kfintech.com/form15> or e-mail the same at einward.ris@kfintech.com on or before Monday, June 24, 2024.

ii. Non-resident Shareholders (including Foreign Portfolio Investors/ Foreign Institutional Investors ('FPI / FII'))

In case of non-resident Shareholders other than foreign companies, and firms (partnership firm/ LLP), the IT Act provides mandate for withholding tax at the rate of 20% plus applicable surcharge and health and education cess of 4% on dividend income making effective rate of TDS as under:

Particulars	Surcharge Rate	Effective TDS rate
Dividend Income not exceeding ₹ 50,00,000	Nil	20.80%
Dividend Income exceeds ₹ 50,00,000 but does not exceed ₹ 1,00,00,000	10%	22.88%
Dividend Income exceeding ₹ 1,00,00,000	15%	23.92%

In case of Shareholders, being foreign companies, the IT Act provides mandate for withholding tax at the rate of 20% plus applicable surcharge and health and education cess of 4% on dividend income making effective rate of TDS as under:

Particulars	Surcharge Rate	Effective TDS rate
Dividend Income not exceeding ₹ 1,00,00,000	Nil	20.80%
Dividend Income exceeds ₹ 1,00,00,000 but does not exceed ₹ 10,00,00,000	2%	21.216%
Dividend Income exceeding ₹ 10,00,00,000	5%	21.84%

In case of Shareholders, being firm (partnership firm/ LLP), the IT Act provides mandate for withholding tax at the rate of 20% plus applicable surcharge and health and education cess of 4% on dividend income making effective rate of TDS as under

Particulars	Surcharge Rate	Effective TDS rate
Dividend Income not exceeding ₹ 1,00,00,000	Nil	20.80%
Dividend Income exceeding ₹ 1,00,00,000	12%	23.296%

In respect of non-resident Shareholders (including foreign companies and including FPI/ Fil), the TDS rates mentioned above will be further subject to any benefits available under the Double Taxation Avoidance Agreement (“DTAA”) read with Multilateral Instrument (“MLI”) provisions, if any, between India and the country in which the non-resident is considered resident in terms of such DTAA read with MLI.

In order to claim benefit under DTAA, the non-resident Shareholders would be required to submit the following documents in each Financial Year on or before the record date fixed for determining the Shareholders who are eligible to receive the final dividend, if so, approved at the respective AGMs:

- A. Self-Attested PAN
- B. Tax Residency Certificate (“TRC”) issued by the Tax / Government authority of the country in which the Non-Resident shareholder is a resident of (valid for the relevant financial year).
- C. Form 10F filed electronically on the Indian Income Tax web portal pursuant to Notification no. 03/2022 dated 16th July 2022 (User Manual of declaration form is uploaded on Company’s website as Annexure 5)
- D. Declaration from Shareholders stating the following (template uploaded on Company’s website as Annexure 6):
 - That the shareholder did not at any time during the relevant year have a permanent establishment in India
 - That the shareholder is the beneficial owner of the dividend
 - That the construct and affairs of the shareholder is not arranged with the main or principal purpose of obtaining any tax benefits, directly or indirectly, under the Tax Treaty.
 - That the arrangement of the shareholder is not covered under impermissible avoidance arrangement
- E. The Company will apply at its sole discretion and is not obligated to apply the beneficial DTAA rates for tax deduction on dividend payable to Shareholders. Application of beneficial DTAA rate shall depend upon the completeness and satisfactory review by the Company of the documents submitted by the Non-Resident Shareholders.
- F. Where a shareholder furnishes valid nil / lower withholding tax certificate under Section 195/ 197 of the IT Act, withholding tax will be applied as per the rates prescribed in such certificate.
- G. Valid self-attested documentary evidence in support of the entity being entitled to exemption from TDS needs to be submitted. Shareholders are requested to note that while submission of original form / documentary evidence is mandatory, they may upload and submit the said documents online (except Annexure 4), on the portal of the RTA at <https://ris.kfintech.com/form15> on or before Monday, June 24, 2024.

Please note: Shareholders holding shares under multiple accounts under different status / category and single PAN, may note that, higher of the tax as applicable to the status in which shares are held under a PAN will be considered on their entire holding in different accounts.

Please note that the Company in its sole discretion reserves the right to call for any further information and/or to apply domestic law for TDS.

Application of TDS rate is subject to necessary due diligence and verification by the Company of the shareholder details as available in register of Members on the Record Date, documents, information available in public domain, etc. In case of ambiguous, incomplete, or conflicting information, or the valid information/documents not being provided, the Company will arrange to deduct tax at the maximum applicable rate.

Shareholders may note that in case the tax on said dividend is deducted at a higher rate in absence of receipt of the aforementioned details/ documents from you, option is available to you to file the return of income as per the Act and claim for a credit / appropriate refund, if eligible.

No claim shall lie against the Company for such taxes deducted.

Shareholders, whose **valid PAN** is updated, will be able to see the credit of TDS in Form 26AS, which can be downloaded from their e-filing account at <https://www.incometax.gov.in/iec/foportal/>

In the event of any income tax demand (including interest, penalty, etc.) arising from any misrepresentation, inaccuracy or omission of information provided / to be provided by the Member(s), such Member(s) will be responsible to indemnify the Company and also, provide the Company with all information / documents and co- operation in any appellate proceedings.

Please note that all the relevant annexures, as mentioned above, can be downloaded from the link : https://www.bseindia.com/investor_relations/annualreport.html

The summary of annexures are as follows:

The Board of the Company, in its meeting held on May 8, 2024, has recommended a final dividend of ₹ 15/- per equity share of the face value of ₹ 2/- each fully paid up for the FY ended March 31, 2024, subject to the approval of the Shareholders at the Annual General Meeting ("AGM").

The said dividend is in line with the Dividend Distribution Policy of the Company.

The final dividend on equity shares for FY 2023-24, if approved, would result in a cash outflow of approximately ₹ 20,598.95 Lakh.

In view of the changes made under the Income-Tax Act, 1961, by the Finance Act, 2020, dividends paid or distributed by the Company shall be taxable in the hands of the Shareholders. The Company shall, accordingly, make the payment of the Final Dividend after deduction of tax at source. For more clarity on deduction of tax, please refer para on 'Tax Deducted at Source ("TDS") on Dividend' as mentioned in the notes to the Notice of 19th AGM.

Under Clause 5.3 of the BSE (Corporatisation and Demutualisation) Scheme, 2005, the allotment of equity shares to 10 Trading Members of the erstwhile BSE has been kept in abeyance for various reasons as on March 31, 2024. All corporate benefits including dividend as may be declared by the Company from time to time are being provided for and would be payable on the allotment of these shares. Brief details about the shares being kept in abeyance by the Company are given in 'Share Capital' section.

C. TRANSFER TO RESERVES

The Company was not required to transfer any amount of profits to general reserves for FY 2023-24 pursuant to the provisions of Companies Act, 2013 ("the Act").

10. CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

A. CONSERVATION OF ENERGY

I. The steps taken and their impact on conservation of energy:

We regularly replace high energy consuming electrical equipment with modern efficient devices such as replacing the induction ballasts with electronic ballasts and the fluorescent lights with LED lights. We conserve energy by switching off lights & other equipment when they are not required. We have installed motion sensors in certain areas thereby automatically switching off the lights when not in use. Our offices are painted in brighter colours to maximize lighting efficiency besides using natural light in most places. We have coated the glass windows to reduce the heat entering the building which reduces the air-conditioning load. The Company continuously strives to optimize its energy usage and efficiency. We have replaced few AHU coils which has resulted in increase in efficiency and energy savings. We have installed energy saving devices for operation of AHU's.

II. The steps taken by the Company for utilising alternate sources of energy:

Our building has glass windows all around and we also use the ambient light for lighting purposes as much as possible. This reduces the electricity consumption due to lesser need of lighting during the day.

III. The capital investment on energy conservation equipment:

No capital investment was made on energy conservation equipment in the FY 2023-24.

B. TECHNOLOGY ABSORPTION

BSE has emerged as a cornerstone of India's financial landscape, fostering economic growth, and attracting investments both domestically and internationally. In an era defined by rapid technological advancements, BSE has continuously adapted to the changing landscape, harnessing the power of technology to drive innovation, enhance operational efficiency, and ensure market stability. This annual report aims to highlight the pivotal role technology has played in BSE's growth and resilience.

I. Advanced Trading Infrastructure:

BSE's cutting-edge trading infrastructure has been instrumental in facilitating seamless and efficient trading activities. The Exchange has invested significantly in high-performance servers, state-of-the-art networks, and robust data centers to ensure ultra-low latency, high availability, and resilience. BSE has also increased its co-location data centre capacity to service more customers.

II. Strengthening Risk Management:

With the aim of ensuring market integrity and stability, BSE has prioritized the development and implementation of robust risk management systems. Sophisticated technological solutions, including real-time surveillance systems, algorithmic monitoring, and anomaly detection mechanisms, have been deployed to detect and prevent market manipulation, fraud,

and irregularities. BSE's strong risk management framework has bolstered investor confidence and fostered a safe and secure trading environment.

To further enhance the Business Continuity of the Risk Management System of the Clearing Corporation (CC), a SaaS (Software as a Service) setup has been provided by both major CCs to each other.

Functioning of the SaaS setup was effectively demonstrated in a Special Live Trading session held on Saturday, March 2, 2024. The Risk Management System of ICCL switched over to the SaaS setup on this day (March 2, 2024) and continued from the SaaS setup for the rest of the day.

III. Agility in DR operations

When it comes to BCP/DR the Company's regulator had been very proactive in setting improved guidelines on a regular basis. Last year (FY 2022-23) the regulator had established a series of joint exercise between all MII's where multiple coordinated intraday switchovers were performed.

The purpose of these coordinated exercise was to prepare all MIIs as well as market participants to be agile in its operations in case a DR switchover was triggered by any MII during Live trading. Several scenarios were tested during these mocks. Some of these were:

1. All Exchanges switching to DR at the same time
2. Exchange at DR and Clearing Corporation at PR
3. Graceful and non-graceful shutdown at PR
4. Creation of data loss scenarios and recovering missing data at DR
5. Interop data verification and recovery
6. Maintaining the prescribed RTO and RPO

The Company was able to consistently showcase its ability switchover with prescribed RTO and RPO. It was also able to recover missing data during non-graceful shutdowns. Overall, the Company was able to perform all the mandated tests successfully.

The testament of effectiveness of the DR setup is that the Company was able to switch-over to the DR site intraday within the prescribed RTO & RPO in a Special Live Trading session held on Saturday, March 2, 2024.

Further, like the previous years, as per the regulatory mandate, the Company had successfully completed 2 full-day Live DR sessions twice during the FY.

IV. Technology upgrades in StAR MF platform

The Company had been continuously in the process of technically and functionally upgrading its products. This year the Company's mutual fund platform StAR MF has undergone major updates to keep up its competitive edge in the market and meet regulatory requirements.

The Company has introduced automated reconciliation of funds received before settlement of Mutual Fund SIP and Purchase orders, leading to better controls and surety of allotment of units. Furthermore, the Company has enhanced the cut-off time to process Mutual Fund orders to 2:40 P.M. from earlier 2:00 P.M. thereby moving closer to the AMFI cut-off time.

Further, the StAR MF Platform now also provides proactive push notifications to members on order status, thereby enhancing the experience of members and investors.

New SEBI Defined Category of Execution Only Platform (EOP) for Mutual Funds was introduced on the StAR MF Platform, thereby enabling a new category of service providers to register and transact in Mutual Funds.

V. Other Notable References

- There were no major incidents affecting Exchange operations during the year.
- Various regulatory initiatives have taken up such as Market Price Impact, Limit Price Protection, T+0 Settlement and Encryption of Data.
- BSE has successfully and seamlessly completed the hardware refresh of servers older than 5 years.

C. CYBER SECURITY TECHNOLOGY ABSORPTION AND CERTIFICATION

In the ever-shifting landscape of Information and Cyber Security, staying ahead of the curve is not just a choice but a necessity. Cyber threats are ever growing, and new threat vectors are ever evolving. To ensure BSE's information assets are resilient to such information and cyber security threats, the 24X7 Information and Cyber Security Operation Centre (SOC) continuously aims to evolve and adapt our defences with the state-of-the-art technologies implemented.

I. SOAR (Security Orchestration, Automation and Response)

BSE uses SOAR to step-up the Company's Cyber security operation centres' response capability by enabling orchestration and automation by combining SIEM and other technologies. SIEM use-case playbooks has been created in SOAR along with required integrations. Security Orchestration has enabled the threat intelligence feed from multiple sources and streamlined the threat response workflows. It helped to reduce the turnaround time on security alerts and enabled cyber security analysts to act on alerts quickly through defined cyber security alert playbooks.

II. Technology for Phishing Simulation and Employee awareness training

Humans are considered one of the weakest and most vulnerable links in Information and Cybersecurity. It is important to ensure continuous awareness, training, and assessment of human aspect for strong cybersecurity. The Company conducts periodic cybersecurity training and assessment exercises for employees and vendors. With phishing simulation and Learning Management System (LMS) based training, awareness, and assessment technology, it will help to cover all employees and ensure each employee and vendors who are working at the Company premises are going through the assigned trainings and clear the assessments.

III. Threat Intel Platform, External Risk Exposures and Brand Monitoring Service

To ensure continuous digital risk assessment and mitigation of possible threats, the Company has subscribed for services which provides external

threat intel for cyber threats where the threats are discovered by research and threat intel provider companies. Brand monitoring services to discover the threats pertaining to the Company's information assets and to avoid the misuse of the Company's digital assets and brand name. Surface and Dark web are monitored to identify possible and related cyber threats and exposures being planned or surfaced for the Company.

IV. Certification

The Company has successfully achieved the Information Security Management System ISO 27001:2022 and Business Continuity Management System ISO 22301:2019 certifications and surveillance audits for FY 2023-24.

Conclusion:

BSE's continues to innovate and enhance its technology stack in order to create a resilient marketplace for investors. It also undertakes timely refresh of technologies thereby keeping pace with a fast-moving landscape.

During FY 2023-24, it has augmented its infrastructure significantly, thereby allowing it to keep pace with growing volumes in the Derivatives, Equities and Mutual Fund Segments. BSE remains committed to investing in technology as a key driver towards achieving business and excellence.

11. RISK MANAGEMENT AND COMPLIANCE

Risk Management is one of the critical elements of operating framework at BSE. Enterprise Risk Management (“ERM”) framework encompasses practices relating to the identification, evaluation, mitigation, and monitoring of strategic, operational, financial, compliance risks and emerging risks to achieve key business objectives, and to minimise the adverse impact of risks.

The Board of Directors of the Company has constituted a Risk Management Committee (“RMC”) to oversee the ERM Framework, risk mitigation, monitoring the risk management plan and ensuring its effectiveness. The Audit Committee has additional oversight in the area of financial risks and controls.

BSE's management identifies key risks (existing as well as emerging) and prioritises the mitigation actions based on the potential adverse impact on operations and/or shareholder value. As the Exchange operates in a dynamic environment, these risks are reviewed regularly and assessed for their potential impact/ exposure. A comprehensive enterprise-wide Risk Management Policy has been created which was last reviewed by the RMC in August 2023. Further, every quarter a detailed update on ERM along with important risk incidents/events that occurred, is presented, and deliberated upon in the meetings of the RMC.

Overview

Risk Management is an enterprise-wide function at BSE which covers major business and functional objectives including Strategy, Operations, Technology and Compliance and stipulates the risk management framework of the Company / principles adopted by the Company for the achievement of business objectives through risk identification, evaluation, monitoring and minimisation of identifiable risks and improved resiliency towards unknown risks. The approach uses RCSA (Risk Control and Self-Assessment) tool for evaluating and mitigating risks.

RISK CATEGORIES

The Company's risk management framework is broadly categorized into 10 risk vectors pertaining to:

- a) Business,
- b) Technology,
- c) Cyber Security,
- d) People,
- e) Regulatory and Compliance,
- f) Reputation,
- g) Fraud,
- h) Operations,
- i) Finance,
- j) Physical and Infrastructure.

Apart from above, external risks arising from external, environmental, macro-economic and geopolitical factors are also identified for assessment.

RISK MANAGEMENT PROCEDURE

Risk Identification

The risk identification uses RCSA which involves identifying, recognizing, and describing risks that obstruct the attainment of the strategic and business goals of the organisation. BSE has in place, the system, and measures to identify high-level risks related to operational, technological, regulatory and compliance, reputational, infrastructural, environmental, and strategic, etc. aspects of the organisation.

Risk Assessment

Each risk is assessed for impact (materiality of the risk if it occurs) and likelihood (at an agreed level of impact, the probability of the event taking place). This shall provide the inherent risk of the particular risk activity. Based on the impact and likelihood the risk exposure is categorized into categories based on defined matrix.

Residual Risk is derived after assessing the impact of the mitigation plan.

Risk Mitigation Measures

Mitigation actions are prepared and finalised, owners are identified, and the progress of mitigation actions are monitored and reviewed. The Risk Management Committee periodically reviews and monitors the mitigation actions, its effectiveness and provides its advice and insights to the mitigation teams.

The management along with risk and control owners remain vigilant in mitigating the risks that may come with changes in internal and external environment.

Risk Reporting

The top risk from the risk registers, its mitigation plans, periodic review of processes and new risks emanating from such reviews, a detailed update on ERM is presented and deliberated upon in the meetings of the RMC on a quarterly basis.

The risks identified by risk management function or roles at different levels in the organization are presented at appropriate level of governance structure. Critical risks or cross functional risks at each level are escalated to the next level in the governance structure. Critical risks under different categories of risks at group level are reviewed by Chief Risk Officer, Chief Financial Officer, Chief of Business Operations, Chief Information Officer, and Chief Regulatory Officer and reviewed by MD & CEO.

Risk Management Framework for the year

During the year, as a part of a fresh perspective to Risk Management and monitoring the key risks, the following activities were undertaken by the risk management function during the year:

- a) Review of the risks arising from external environment such as geo-political factors, macro-economic factors at global and local level.
- b) As per requirement of SECC Regulations, a revised Risk Management Policy for the FY 2023-24 was placed before and was approved by the Risk Management Committee.
- c) Standardisation of the format of risk registers for the all the organisational functions.
- d) Established the Exception Reporting and Escalation Mechanism whereby exception events which could pose risk to the enterprise are escalated and reported on a timely basis to ensure the required remediation.
- e) Established the RCSA Assessment system to achieve a professionalised and industry wide accepted approach to Risk Management.
- f) Identification of major risk vectors impacted, and risks involved in processes followed by the departments.

Due to the inherent risks in the Company's business activities, BSE ensures to risk management practices to strengthen the organisation through informed strategic and business decisions.

BSE's strategic vision for the ERM function is to embed ERM across processes, business strategy and key decision making to add significant and strategic organisational value.

- ii. Surveillance and investigation;
- iii. Listing;
- iv. Member registration;
- v. Compliance;
- vi. Inspection;
- vii. Enforcement;
- viii. Arbitration and grievance redressal mechanism;
- ix. Member default;
- x. Investor protection and services.

There are 193 resources in these functions at various designations. Each such function is headed by the Chief Regulatory Officer, who in turn reports to the MD & CEO and Regulatory Oversight Committee.

The Company has ensured to make disclosures of various mandatory regulatory requirements along with reporting of the same to various regulatory authorities in addition to informing the same to the Board of Directors and respective Committee.

For the FY ending on March 31, 2024, BSE incurred direct and indirect expenses amounting to ₹ 3057.81 Lakhs as per activity-based accounting methodology towards strengthening regulatory functions and towards ensuring compliance with regulatory requirements.

15. COMMUNICATIONS

Over the years, communication at BSE has played a crucial and important role in delivering accurate and timely information to all its stakeholders. Through a wide array of communication channels, we have effectively and efficiently shared comprehensive updates on new product offerings, services, regulatory developments, and investor education initiatives from time to time.

During the year, our collaborative approach with prominent industry bodies and trade associations has enabled joint programs that cultivate a favorable business environment for all. The Memorandum of Understandings with the Government of Maharashtra and Goa, Chamber of Commerce and Industry to promote SME listing during the year is one such step in this direction. Continuing its legacy as a trusted institution in the financial sectors, BSE played host to many international and Indian dignitaries, trade associations, and student organizations in FY 2023-24.

While BSE has strived towards enhancing the visibility for innovative products and new initiatives with the rebranding and launch of the new logo which showcases the Exchange’s dynamic spirit and its embrace of the digital era. The relaunch of Sensex and Bankex and Brand visibility

building events like unveiling of Charging Bull and Common Man sculptures at Horniman Circle are other significant initiatives. The relaunch of Bankex saw a record of over 13 Crore contracts traded with a notional turnover of over ₹ 100 Lakh Crore while the Sensex Derivatives Turnover rocketed to a new record by reaching ₹ 13.58 Lakh Crore. The efforts and work done by BSE was recognised as it was awarded as one of ET NOW's Best BFSI Brands for 2024.

“Mane ki Mano”, the informative videos on investor awareness by BSE received tremendous response from the regulators and public at large. The year also saw the launch of Investor Risk Reduction Access (IRRA) platform by SEBI Chairperson, Ms. Madhabi Puri Buch, celebration of World Investor Week and celebration of Diwali Mahurat Trading.

On International Women's Day, BSE in collaboration with UN Women, marked a significant moment by hosting the “Ring the Bell for Gender Equality” emphasizing the critical investment in women for accelerating progress towards gender equality.

D. INVESTOR PROTECTION FUND (“IPF”)

The Company, through its IPF, regularly conducts Investor Awareness Programs (“IAPs”) throughout the country. IPF was instrumental in conducting 13,780 IAPs during FY 2023-24. Out of this, 4,320 IAPs were conducted through IPF while 9,460 IAPs were conducted through the Investors Services Fund (“ISF”). Similarly, 8,542 IAPs were conducted physically while 5,238 were conducted online (webinars) out of the above. Additionally, during the year, IPF officials conducted 324 Regional Investor Seminars for Awareness (RISA) jointly with SEBI across different parts of the country. IPF also publishes TV, print, digital and online advertisements regarding Do's and Don'ts for investors, to educate them and enable them to safeguard their interests. During the year, several educational and other capital market awareness events were supported by IPF to raise awareness about investor centric areas such as investing early, power of compounding, diversification of investment, goal-based investing, retirement investment ideas, etc.

MAJOR INITIATIVES:

Mr. Mane Videos:

This year, IPF resorted largely to digital and social media as a means of spreading awareness as it is the trend seen amongst investors. As a part of digital strategy for investor awareness campaign, BSE IPF in coordination with the Corporate Communications team of BSE, successfully made 11 videos on various topics related to securities market in Hindi language with the videos evolving around one common character called “Mr. Mane”. These videos became very popular in short span of time with total views across social media and YouTube exceeding 10.75 Crore.

Other Digital Initiatives:

BSE IPF released animated films on four topics related to Securities Market for Investor Awareness during the year. Pursuant to discussions with SEBI, BSE IPF had sent investor awareness messages (with an embedded video) through WhatsApp to over 4.5 crore active investors registered with BSE, on various topics related to Securities Market.

World Investor Week (WIW) 2023:

BSE IPF celebrated the globally popular event for investors called World Investor Week (WIW 2023) under the aegis of SEBI and International Organisation of Securities Commissions (IOSCO), from October 9, 2023 to October 15, 2023.

WIW is a week-long global celebration promoted by the IOSCO to raise awareness about the importance of investor education and protection. In India, SEBI had worked with all the Market Infrastructure Institutions to make this a memorable and enriching week for all investors.

To mark the beginning of WIW 2023, on the first of day of the week i.e. October 9, 2023, BSE IPF conducted a bell ringing ceremony at BSE International Convention Hall which was attended by Shri G. P. Garg, Executive Director, SEBI, and various other senior dignitaries from SEBI.

Certain key activities undertaken by IPF to celebrate WIW 2023 are:

1) Investor Awareness Programs (IAPs):

BSE IPF conducted 928 IAPs in the week, through its network of resource persons, regional officials and jointly with SEBI officials, creating awareness and educating the investors about various aspects of investments through securities market. As desired by SEBI, the Exchange focused on bringing participation for these IAPs from the investors who have newly entered the market in last 2 years, in addition to the general investors.

2) Creating Microsite:

A microsite of WIW 2023 was created which can be accessed from BSE IPF website. Additionally, a WIW 2023 banner was displayed on the BSE website.

3) QUIZ programs:

a) General Quiz

BSE IPF conducted series of general Quiz programs for capital market investors on 5 consecutive days during WIW 2023. The Quiz was

conducted online, wherein participants were required to answer multiple choice answer questions in a time bound manner. Winners were awarded with the certificates as well as suitable cash prizes. All other participants were given participation certificates. Total 12,744 people participated in the Quiz program out of which 10 daily winners were announced and 2 winners were selected amongst the daily winners who were awarded as “Quiz Ka Shahenshah”.

b) National level Quiz for students at Institute of Company Secretaries of India (“ICSI”)

Keeping the importance of governance and knowledge of regulations in mind, BSE IPF conducted a special nation-wide Quiz for the students of ICSI, in coordination with the ICSI, on October 11, 2023. Majority of the questions were based on the regulatory framework governing listed securities and specifically Listing Regulations. Total 846 students from the institute participated in the Quiz, out of which 10 winners were awarded with the cash prizes and others were given participation certificates.

4) Nukkad Natak on Financial Literacy:

Nukkad Natak aims at shaping investors in India to become more aware, responsible, and thinking adults and have an opinion on issues of financial literacy. This activity was conducted during WIW 2023, wherein the participants (in groups) performed skit to create awareness about investments in the capital market. This activity received overwhelming response from the participants and more than 11,000 entries were received. The best 5 teams were awarded cash prizes.

5) Organizing Human Chain:

This is yet another unique activity which was conducted during WIW 2023. On the first day of WIW 2023 i.e. October 9, 2023, BSE IPF in co-ordination with one of the resource person organized a Human Chain at Shishuvan School, Matunga, Mumbai, where more than 300 students participated. The students wore T-shirts and caps given by BSE IPF and formed a human chain shape of WIW 2023. This was captured on video showing a captivating aerial view of the event. A photo frame of the event was also presented to SEBI Executive Director.

6) Street Plays:

BSE IPF in co-ordination with one of the resource person performed 11 street plays at various busy locations at Mumbai to propagate the message of Investor Resilience and Sustainable Finance during the WIW 2023. One such play was performed near SEBI office at BKC, which was attended by the senior SEBI officials and was well appreciated.

7) Katputali Dance:

BSE IPF in co-ordination with one of the resource person successfully conducted a new activity - 10 Katputali Dance events at Tier II and Tier III cities in Rajasthan to spread the knowledge about financial planning and investments in securities market through these activities. Each program was for a duration of 60 to 90 minutes which was mixture of dance and speech by a Trainer in the regional language, on investor education.

8) Social media campaign:

We have created some short videos for Investment Inspiration giving messages from well-known investors like Mr. Vijay Kedia, Mr. Neeraj Choksey & Mr. Ramdev Agarwal, etc., who shared their stories of Investment journey over a period to encourage the investors. We have also created static messages on the theme called “The Right Tip” for investors’ awareness, covering messages on different topics in the interest of general investors in the capital market. These videos and messages were sent out to all social media handles of BSE i.e. Facebook, LinkedIn, X, and Instagram during the entire length of the WIW 2023, which garnered a total reach of more than 19 million people.

9) BSE building illumination:

The iconic BSE Building was lit up during all days of WIW 2023, displaying the logos of SEBI, BSE, and WIW 2023.

E. RAINWATER HARVESTING

In order to address the environmental concerns, the Company is undertaking steps to promote sustainability, by disseminating all agenda items of Board and Committee meetings electronically on a real time basis, by uploading them on a secured online application specifically designed for this purpose, thereby eliminating circulation of printed agenda papers.

Further, in order to make effective use of rainwater, rainwater harvesting system is implemented for BSE buildings situated in Mumbai. The rainwater harvested will be stored and used for chiller plant after due treatment. Additionally, the harvested rainwater will also help in recharging existing ring wells situated in the premises.

F. THE DETAILS OF APPLICATION MADE OR ANY PROCEEDING PENDING UNDER THE INSOLVENCY AND BANKRUPTCY CODE, 2016 DURING THE YEAR ALONG WITH THEIR STATUS AS AT THE END OF THE FINANCIAL YEAR.

During the year, no proceeding has been initiated under Insolvency and Bankruptcy Code for default in payment of debt. Further, the Company has also not initiated any proceedings against the defaulting entities. However, it had lodged its claim with the resolution professional/liquidator appointed for defaulting listed companies.

G. THE DETAILS OF DIFFERENCE BETWEEN AMOUNT OF THE VALUATION DONE AT THE TIME OF ONETIME SETTLEMENT AND THE VALUATION DONE WHILE TAKING LOAN FROM THE BANKS OR FINANCIAL INSTITUTIONS ALONG WITH THE REASONS THEREOF.

During the period under review, Company has not taken any loans from the banks or financial institutions. Accordingly, there has been no one time settlement or valuation done for this purpose.

17. ACKNOWLEDGEMENTS

The Board sincerely thanks the Government of India, SEBI, RBI, IRDA, GIFT City Ltd., CERC, the Government of Maharashtra, other State Governments, and various government agencies for their continued support, co-operation, and advice.

The Board places on record its gratitude to the members of various committees for their guidance and leadership and for providing valuable contribution towards the functioning of respective committees during the year.

The Board also acknowledges the support extended by trading members, issuers, investors in the capital market and other market intermediaries and associates.

DIVIDEND DISTRIBUTION POLICY

The Board of Directors (the “**Board**”) of BSE Limited (the “**Company**”) has adopted this dividend distribution policy (“**Policy**”) formulated in accordance with the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. This progressive Policy reflects the intent of the Company to maintain or grow the dividend each year, while recognizing that some earnings fluctuations are to be expected and that the dividend declared by the Board will reflect its view of the earnings prospects over the entirety of the investment cycle.

The Board, while considering the decision of dividend pay-out or retention of a certain amount or entire profits of the Company, shall, as far as possible, continue to strike a balance between the interests of the business, our financial creditors and our shareholders.

This updated Policy has been adopted by the Board with effect from Financial Year 2017-18.

Guidelines for Dividend Declaration

The Board shall consider the following factors while declaring / recommending dividend:

1. Circumstances under which Shareholders can expect Dividend: Dividend will generally be paid once a year. Dividends for any financial year will generally be paid out of net profit earned during the said year. However, in special circumstances which include maintaining dividend rate, the Board may at its discretion, declare interim dividends and also declare dividend out of retained earnings.
2. Financial Factors: The dividend, if any, will depend on a number of factors, including but not limited to the Company's result of operations, earnings, capital requirements and surplus, quantum of profits, current and future cash flow requirements, providing for unforeseen events and contingencies, and general financial conditions as the Board may deem fit.
3. Other Internal / External Factors: Internal factors include business expansion plan, investment plans, contractual restrictions, or other strategic priorities as may be considered prudent by the Board. External factors include market conditions, competition intensity, applicable legal restrictions, adherence to requirements stipulated under the regulations formulated by the Securities and Exchange Board of India, the Companies Act and rules thereunder, as amended from time to time, taxation and other factors considered relevant by our Board.
4. Utilization of Retained Earnings: Retained earnings will generally be used to strengthen the financial position of the Company and will be used for declaration of dividends in special circumstances including maintenance of dividend rate.
5. The Company currently has only one class of shares, viz. equity, for which this Policy is applicable. This Policy is subject to review if and when the Company issues different classes of shares.

Dividend will continue to be accrued and payable with respect to shares held in abeyance.

The Policy shall be published in the annual report of the Company and available on the Company's website.

The adequacy of this Policy shall be reviewed and reassessed periodically and updated by the Board based on the changes that may be brought about due to any regulatory amendments or otherwise.

Management Discussion & Analysis Report

1. ECONOMIC OUTLOOK

A. ECONOMIC ENVIRONMENT

Global growth is projected at 3.1% in 2024 and 3.2% in 2025, with the 2024 forecast 0.2% point higher than that in the October 2023, World Economic Outlook (WEO) on account of greater-than-expected resilience in the United States and several large emerging market and developing economies, as well as fiscal support in China. The forecast for 2024–25 is, however, below the historical (2000–2019) average of 3.8%, with elevated central bank policy rates to fight inflation, a withdrawal of fiscal support amid high debt weighing on economic activity, and low underlying productivity growth. Inflation is falling faster than expected in most regions, in the midst of unwinding supply-side issues and restrictive monetary policy. Global headline inflation is expected to fall to 5.8% in 2024 and to 4.4% in 2025, with the 2025 forecast revised down.

With disinflation and steady growth, the likelihood of a hard landing has receded, and risks to global growth are broadly balanced. On the upside, faster disinflation could lead to further easing of financial conditions. Looser fiscal policy than necessary and then assumed in the projections could imply temporarily higher growth, but at the risk of a more costly adjustment later on. Stronger structural reform momentum could bolster productivity with positive cross-border spillovers. On the downside, new commodity price spikes from geopolitical shocks including continued attacks in the Red Sea and supply disruptions or more persistent underlying inflation could prolong tight monetary conditions. Deepening property sector woes in China or, elsewhere, a disruptive turn to tax hikes and spending cuts could also cause growth disappointments.

Policymakers' near-term challenge is to successfully manage the final descent of inflation to target, calibrating monetary policy in response to underlying inflation dynamics and where wage and price pressures are clearly dissipating adjusting to a less restrictive stance. At the same time, in many cases, with inflation declining and economies better able to absorb effects of fiscal tightening, a renewed focus on fiscal consolidation to rebuild budgetary capacity to deal with future shocks, raise revenue for new spending priorities, and curb the rise of public debt is needed. Targeted and carefully sequenced structural reforms would reinforce productivity growth and debt sustainability and accelerate convergence toward higher income levels. More efficient multilateral coordination is needed for, among other things, debt resolution, to avoid debt distress and create space for necessary investments, as well as to mitigate the effects of climate change.

The global economic recovery from the COVID-19 pandemic, Russia's invasion of Ukraine, and the cost-of-living crisis is proving surprisingly resilient. Inflation is falling faster than expected from its 2022 peak, with a smaller-than-expected toll on employment and activity, reflecting favourable supply side developments and tightening by central banks, which has kept inflation expectations anchored. At the same time, high

interest rates aimed at fighting inflation and a withdrawal of fiscal support amid high debt are expected to weigh on growth in 2024.

Key Factors Shaping the Outlook

- **Growth resilient in major economies –**

Economic growth is estimated to have been stronger than expected in the 2nd half of CY2023 in the United States, and several major emerging market and developing economies. In several cases, government and private spending contributed to the upswing, with real disposable income gains supporting consumption amid still-tight though easing labor markets and households drawing down on their accumulated pandemic-era savings. A supply-side expansion also took hold, with a broad-based increase in labor force participation, resolution of pandemic-era supply chain problems, and declining delivery times. The rising momentum was not felt everywhere, with notably subdued growth in the euro area, reflecting weak consumer sentiment, the lingering effects of high energy prices, and weakness in interest-rate-sensitive manufacturing and business investment.

- **Inflation subsiding faster than expected –**

Amid favourable global supply developments, inflation has been falling faster than expected, with recent readings near the pre-pandemic average for both headline and underlying (core) inflation. Global headline inflation in the 4th quarter of 2023 is estimated to have been about 0.3% point lower than predicted in the October 2023 WEO on a quarter over quarter seasonally adjusted basis. Diminished inflation reflects the fading of relative price shocks, notably those to energy prices and their associated pass-through to core inflation.

- **High borrowing costs cooling demand –**

To reduce inflation, major central banks raised policy interest rates to restrictive levels in 2023, resulting in high mortgage costs, challenges for firms refinancing their debt, tighter credit availability, and weaker business and residential investment. But with inflation easing, market expectations that future policy rates will decline have contributed to a reduction in longer-term interest rates and rising equity markets. Still, long-term borrowing costs remain high in both advanced and emerging markets and developing economies, partly because government debt has been rising. In addition, central banks' policy rate decisions are becoming increasingly asynchronous. In some countries with falling inflation including Brazil and Chile, where central banks tightened policy earlier than in other countries interest rates have been declining since the 2nd half of 2023. In China, where inflation has been near zero, the central bank has eased monetary policy. The Bank of Japan has kept short-term interest rates near zero.

- **Fiscal policy amplifying economic divergences–**

Governments in advanced economies eased fiscal policy in 2023. The United States, where GDP had already exceeded its pre-pandemic path,

eased policy more than did euro area and other economies in which the recovery was incomplete. In emerging market and developing economies, in which output has on average fallen even further below the pre pandemic trend, on average the fiscal stance is estimated to have been neutral. The exceptions include Brazil and Russia, where fiscal policy eased in 2023. In FY 2023-24, the fiscal policy stance is expected to tighten in several advanced and emerging markets and developing economies to rebuild budgetary room for maneuver and curb the rising path of debt, and this shift is expected to slow growth in the near term.

B. INDIAN ECONOMIC OUTLOOK

I. Economic Performance in FY 2023-24

As per the India Economic Survey, the real GDP grew by a robust 7.7% in H1 of FY 2023-24 following a 7.6% growth in Q2. On the back of strong performance in Q2, the RBI has raised its growth forecast to 7% for the full year. Resilient consumption and investment have driven up the growth rate in H1. The urban component has strengthened consumption while rural demand is beginning to pick up. The government capex has increased the investment rate while private investment is showing promise. The strong domestic demand has consequently induced a significant increase in manufacturing and services value-add.

Geopolitical tensions persist and have exacerbated the weakness in global trade emerging from the slowing of global output. Merchandise exports and imports of India have thus contracted in H1 of FY 2023-24 but in a manner that has improved the merchandise trade deficit. Seen with a growing surplus in the services trade account, the current account deficit is expected to narrow in H1 of FY 2023-24. The Foreign Portfolio Investments (FPIs) further fueled optimism as they became net buyers during H1 of FY 2023-24, in contrast to being net sellers during H1 of FY 2022-23.

The Foreign Direct Investment (FDI) inflow into India net of repatriation has declined in H1 in line with the global pattern of FDI flows. Notwithstanding these short-term developments, FDI inflows are expected to resurrect in the medium term as strong government support, a stable macroeconomic environment and rising growth in India are enabling conditions for boosting FDI inflows. Evidence to this effect is seen in a sharp rebound in FDI in October 2023.

Amidst the fiscal risks prevailing globally, the government has been carefully monitoring public spending to achieve fiscal consolidation. To this end, expenditures have been re-prioritized towards the immediate requirement of safeguarding the vulnerable. Re-prioritization, however, has not compromised the government's longer-term objective of strengthening productive capital spending. Such a prudent fiscal policy is expected to support the country's economic growth prospects.

Core inflation at 3.53% in January 2024 was at a 47-month low. It has fallen by 269 basis points from its recent peak in January 2023. This decline is primarily attributed to disinflationary monetary policy and softening input prices. Consumer Price Inflation (CPI) has been fluctuating between 5% and 6% since September 2023, which is within the inflation target of 2%

to 6% set by the RBI. Recurring food price shocks poses risks to ongoing disinflation. Wholesale Price Inflation (WPI) continued to be in the positive territory after remaining in the deflationary phase since the beginning of FY 2023-24. Increase in WPI inflation is attributed to higher food prices.

On the employment front, labour markets have fully recovered their pre-pandemic levels. High frequency indicators further reflect an improvement in the overall employment situation across sectors. Formal sector employment also showed robust growth, as indicated by a steep rise in the subscription base of the Employees Provident Fund Organization (EPFO). The PMI Manufacturing and services employment sub-indices showcase a broad-based improvement in employment generation. The outlook for the employment sector appears bright, with employers intending to maintain or expand their workforce.

High Frequency Indicators (HFIs) in India for October and November 2023 reflect robust economic activity in Q3 of FY 2023-24, which is likely to continue in Q4 as well. Downside risks to growth arise from smoldering inflationary pressures in advanced countries and supply-chain disruptions re-emerging from persistent geopolitical stress, while geopolitics is an independent source of risk in itself. However, India's domestic economic momentum and stability, low-to-moderate input cost pressures and anticipated policy continuity are significant buffers against those risks.

II. Economic Prospects for FY 2024-25

India's Gross Domestic Product (GDP) outperformed expectations, achieving a 7.8% growth rate in the January-March quarter. For the full fiscal year 2023-24, GDP growth was revised upwards to 8.2% from the earlier estimate of 7.6%, as reported by the Ministry of Statistics and Programme Implementation (MOSPI). This surge marks an improvement from the 7.0% growth recorded in the preceding fiscal year, showcasing the resilience and strength of the Indian economy amidst evolving global dynamics. The provisional data indicates that real GDP surged to ₹ 173.82 lakh crore in FY 2023-24, up from ₹ 160.71 lakh crore in the prior fiscal year. This represents an 8.2% growth rate, illustrating the economy's buoyancy. Likewise, real GVA increased to ₹ 158.74 lakh crore, reflecting a significant 7.2% growth from the previous year.

The sector-wise analysis further illuminates the economic landscape, with real Gross Value Added (GVA) experiencing a growth rate of 7.2% in 2023-24, compared to the 6.7% growth observed in FY 2022-23. This impressive full-year growth is driven by the manufacturing and construction sectors, although there has been some moderation in the services sector growth. The agricultural sector's muted growth of 1.4% in FY 2023-24 is in line with expectations due to a poor monsoon. On the expenditure side, a sharp increase in gross fixed capital formation, led by public capital expenditure, supported the growth in FY 2023-24.

On the expenditure side, the growth has been mainly led by the healthy government capex. A strong uptick in overall export growth, along with moderation in import growth, also supported the growth momentum in Q4. However, private consumption growth has remained feeble, maintaining

growth at similar levels as last quarter. A combination of factors, including a deficient monsoon and persistent food inflation, has exerted pressure on rural demand sentiments.

Looking forward, high-frequency indicators indicate an ongoing recovery in the rural demand, which has been impacted by the muted farm output due to the poor monsoon last year. Prospects of a good monsoon bode well for the overall consumption demand as it will moderate food inflation and support farm income. However, the temporal and spatial distribution of the monsoon would be an important factor to monitor. Government initiated relief measures, particularly in the run-up to elections, such as the reduction in LPG prices and the extension of the Prime Minister Garib Kalyan Yojana (PMGKAY) for an additional five years until 2029, will also provide a certain degree of relief and support.

Despite significant global headwinds, Indian economy has remained the fastest growing major economy in FY 2023-24, backed by strong capex push and upswing in the manufacturing sector. However, going forward, this momentum will moderate in FY 2024-25. On the external front, unlike in FY 2021-22 and FY 2022-23, where exports contributed noticeably to the growth print, decelerating global economy with stagnant or falling growth among India's major export destinations will continue to impede exports prospects in coming fiscal. Overall, exports are not expected to contribute significantly to GDP growth in FY 2024-25.

On the investment front, while public capex may witness moderation to stick to the fiscal consolidation target, general election- induced uncertainty and tighter lending conditions would also keep private investments restrained in the first half of FY25. Nevertheless, with the bottoming out of global growth, expected interest rate cuts and post-election clarity, private capex could pick up in later half of FY25. This optimism is bolstered by factors such as elevated capacity utilization levels, sizable order books, and cleaner corporate and bank balance sheets.

Private Final Consumption Expenditure (PFCE) which contributes significantly to India's GDP noted a moderation in growth the 2nd quarter. Private final consumption expenditure (PFCE), which captures domestic consumption demand, grew by 3.1% in 2nd quarter of FY 2023-24. The revival in consumption since pandemic shock has not been able to maintain a sustained momentum. In the current fiscal, while urban consumption demand has remained buoyant as evident from domestic air passenger traffic, passenger vehicle sales and household credit offtake, rural demand has had a sluggish pace due to weak agriculture sector performance and high food inflation, particularly in cereals which are a staple food for many people in the rural areas.

On the inflation front, the Reserve Bank of India (RBI) has kept its forecast for retail price inflation in FY 2023-24 unchanged at 5.4%. It has brought down the estimate for the January-March 2024 quarter to 5% from 5.2% in the previous meeting. Assuming normal monsoon in the next fiscal, the RBI has projected inflation to close at 4.5% in FY 2024-25, with the April-June 2024 quarter noting an inflation of 5%, July-September 2024 quarter penciling an inflation of 4%, the October-December 2024 quarter

observing an inflation of 4.6% and the January-March 2025 quarter noting an inflation of 4.7%.

In the coming months, upside and downside factors persist, expectations are of a subdued recovery in consumption demand. On the upside, expected ease in inflation rates, election-injected income spur and pick-up in private investments bode well for consumption growth. On the downside, in case of rural demand, muted agriculture performance is expected to weigh on consumption and sentiments. In case of urban demand, lagged impact of RBI's policy rate hikes and RBI's recent regulatory measures in terms of increasing the risk weights associated with unsecured retail loans are expected to soften the growth in such loans and hence impact consumption.

2. INDUSTRY STRUCTURE AND DEVELOPMENTS

A. CAPITAL MARKET

In FY 2023-24, the Indian equity market witnessed a phenomenal performance as benchmark indices soared to unprecedented all-time highs, with the Benchmark Sensex Index scaling milestone of 74,245 mark. The Indian corporate earnings began to show improvement, with companies benefiting from a softening in commodity prices, leading to enhanced profitability and margins.

Exchanges are organized markets designed to provide centralized facilities for the listing and trading of financial instruments, including securities issued by companies, sovereigns, and other entities to raise capital. Exchanges are crucial market intermediaries and are supervised by the SEBI. In certain cases, exchanges may also act as a self-regulatory organization responsible for supervising their members, corporates, and market participants. To give an overview of the dimension of the capital markets in India, as of FY 2023-24 there were 3 Stock Exchanges in the Equity Cash, Equity derivatives and Currency Derivatives Segment and 4 in the Commodities Derivatives Segment, 4 clearing corporations, 2 depositories, 11,211 Foreign Portfolio Investors (FPIs), and 17 custodians, with a market capitalization of all listed companies at ₹ 387 trillion.

A stock exchange is a catalyst for nation building and not just a trading platform. A vibrant capital market is a large job creator with the number of intermediaries required to support each trade. The Exchange ecosystem supports various intermediaries' including brokers, sub brokers, corporates, banks, depositories, depository participants, custodians, and investors. The Stock Exchange industry in India has evolved rapidly in the past few years and spans multi asset classes – equities, equity derivatives, currency derivatives, commodity derivatives, ETF, mutual funds, debt, interest rate derivatives and power trading.

B. MAJOR POLICY DEVELOPMENTS FOR FY 2023-24

T+0: The Securities and Exchange Board of India or SEBI has stated that it has been decided to put in place a framework for introduction of the Beta version of T+0 settlement cycle on optional basis in addition to the existing T+1 settlement cycle in equity cash market, for a limited set of 25 scrips and with a limited number of brokers. All investors are eligible

to participate in the segment for the T+0 settlement cycle, if they can meet the timelines, process and risk requirements as prescribed by the MIs. Further, T+0 prices will not be considered in index calculation and settlement price computation. Also, there shall be no separate close price for securities based on trading in the T+0 segment. The surveillance measures applicable in the T+1 settlement cycle shall apply to scrips in the T+0 settlement cycle. SEBI had earlier allowed for introduction of T+1 rolling settlement cycle. All stock exchanges, clearing corporations and depositories jointly decided to shift to T+1 settlement cycle in a phased manner, which was fully implemented w.e.f. January 27, 2023.

IPO listing time reduced to T + 3: Companies launching their public offering from December 1, 2023, had to ensure that the listing happens within three days of the IPO close. The reduction in the timeline for listing is aimed at benefiting both issuers and investors. The reduced listing time means that the issuers would receive their funds in a much shorter time period, and the same is with allottees, who would get their securities within the stipulated 3 days. Also, subscribers who were not allotted shares would receive their money back quickly. This ensures that when two or three IPOs collide on the Street, investors will have funds at their disposal where they can participate in multiple issues in parallel. The mandatory T+3 listing means that HNI (high net worth individual) clients opting for IPO funding will experience a reduction in interest payment duration, down from around 7 days to a mere 4 days.

C. INDIAN CAPITAL MARKETS PERFORMANCE AND OUTLOOK

The Indian stock market has delivered stellar returns to investors in FY 2023-24. BSE Sensex logged to the tune of 25% rise, 2nd largest gain in last 5 years. It touched an all-time high of 74,119.39 points on March 7, 2024. The increase has been relatively broad-based, driven by sectors which noted high consumer demand, such as FMCG, auto, energy and realty.

The biggest macro factors influencing the markets include the strong economic growth prospects, solid corporate results, strong inflows from both domestic and foreign institutional investors, favourable government policies and confidence of domestic investors in our economic strength and growth prospects.

The outlook for Indian equities market in FY 2024-25 appears promising, supported by various factors such as economic recovery, stable government, increased focus on reforms, and rise foreign investments. However, it will be crucial to remain vigilant and monitor potential risks, such as global financial conditions and domestic policy changes, as it may have a significant impact in the Indian markets.

India is likely to embrace abundant rainfall during monsoon this year, under the reduced influence of El Niño and significant La-Niño conditions in the Pacific region after May, according to the Indian Meteorological Department (IMD). A shift from El Niño to La Niña generally brings positive implications for consumption-based companies in India as rainfall improves. This will lead to a boost in demand on account of better disposable income and favourable agricultural yield. Higher disposable income should boost the subdued demand outlook for rural India which will provide a significant boost to companies which are struggling on account of weak rural demand. The market is expected to closely monitor this shift as it will have an impact on various fronts such as inflation, interest rates, increase in spending, improved profit margins, which might provide India a much-needed volume growth.

Going into FY 2024, corporate earnings would be key among the many factors that will decide the market movement. Other major factors to impact Indian capital markets in the coming year include resurrection in consumption demand, growth led by policy reforms, move towards

digitization and monetary stance of central banks of major economies, and economic and trade policies. Coupled with strong demographic dividend and economic growth, consumer demand conditions in the country will remain strong for a long period. Additionally, stable fiscal situation, moderate inflation rate, exports growth, rising FDI inflows point towards fundamental stability in the economy, which augurs well for the capital markets.

It is widely expected that the equity markets to remain vibrant as the country remains one among the top investment destinations. Among financial assets, majority of household savings in India are still concentrated in the form of cash deposits, gold, and real estate. This is in sharp contrast to developed economies where households rely on a mix of equities, pension products, insurance, and other financial products. As financial literacy levels improve and per capita savings increase, the allocation of savings into more financial products such as insurance, mutual funds and equities is expected to further increase.

D. INDIA INTERNATIONAL EXCHANGE (IFSC) LIMITED (INDIA INX)

BSE has made strategic investments in India International Exchange (IFSC) Limited (India INX) and India International Clearing Corporation (IFSC) Limited (India ICC). ICICI Bank Limited and State Bank of India have already joined as a strategic partner in these ventures. The total investments made by BSE Limited till date is ₹ 167.91 crores in India INX and ₹ 114.68 crores in India ICC. The focus of the government and the regulators is to make IFSC a successful international financial centre in the coming years. Various regulatory measures have been put in place and others are in the pipeline to have a vibrant cash and derivatives markets at GIFT IFSC.

International Financial Services Centres (IFSC) Authority, the unified regulator for IFSC, now regulates all financial services in IFSC, comprising banking, securities, insurance, and pension markets. The IFSC Authority, as a unified regulator, plays a pivotal role in inter-regulatory coordination and harmonizing regulations of various inter-related markets, leading to improvement in the regulatory regime and ease of doing business at IFSC. As a dedicated regulator for the IFSC, headquartered at GIFT City IFSC, Gandhinagar, the authority plays a very significant role in ushering in rapid development and growth of the IFSC as envisioned by the Government of India.

India INX continues to position itself as a preferred offshore platform, open for 22 hours a day for trading and become the financial gateway of choice for both inbound and outbound investors. The derivatives trading volumes at India INX has grown significantly since inception.

The notional trading turnover on INDIA INX’s derivatives for FY 2023-24 is USD 306.16 billion. The cumulative notional trading turnover as of FY 2023-24 is 8.91 trillion. This has laid the foundation for India INX to become the preferred offshore gateway to India through innovative product offerings, cutting edge technology, competitive regulatory framework, attractive tax structure, easy access to markets and outstanding customer service. India INX continues to innovate and place emphasis on reaching out to global investors through its trading members to improve the liquidity and depth of the markets. Depending on regulatory approvals, India INX proposes to introduce new and innovative products in future to compete with other international exchanges and cater to the needs of investors across the globe.

One of the primary goals of India INX is to help companies raise funds from the capital markets which can be deployed for the growth and development needs of the company, leading to employment generation and overall economic development. Keeping this in mind India INX launched the Global Securities Market Platform, which is a pioneering concept in India, offering issuers an efficient and transparent method to raise capital. The platform offers a debt listing framework at par with other global listing venues such as London, Luxembourg, Singapore etc. To date, Global Securities Market has established around USD 75 billion in MTN programmes and around USD 56 billion of bonds issued. During FY 2023-24, 100% of the ESG funds raised by Indian issuers was listed on India INX's Global Securities Market. In the current fiscal, the budget 2023 has increased attractiveness of the GIFT IFSC jurisdiction with providing the issuers a sweet deal of lower withholding tax of 9% for listing their ECB Bonds in GIFT IFSC vs 20% otherwise. The NBFC's also sought this route and found new set of investors in GIFT IFSC, this has led to the onshoring the offshore in complete sense in the year 2023-24.

During the year, Exchange platform has witnessed a bouquet of instruments being listed, the first ever Yen denominated issuance by Maharatna REC Limited of JPY 61+ Billion, the first ever FCB issuance to be issued through IFSC of EUR 3.5 Million by NeoGrowth Credit, USD 750 Million notes issued by Shriram Finance Ltd. and USD 600 Million to be issued by the country's largest bank viz: State Bank of India. This continual confidence in the jurisdiction will certainly make the vision and dream of Honourable Prime Minister Shri Narendra Modi of GIFT IFSC being the pivotal centre of fund raising for Indian and foreign issuers. India INX is committed towards this journey.

The IFSC would be the venue where various innovations and new initiatives are expected to materialize in the coming years. BSE would be keen to explore these new initiatives and seek investment opportunities in IFSC.

II. KEY REGULATORY DEVELOPMENTS

i. UNION BUDGET 2024-25

The interim budget has maintained the existing tax rates while extending income tax benefits by a year in three significant areas: startups, Indian branches of foreign banks located in GIFT City (Gandhinagar, Gujarat), and sovereign funds as well as foreign pension funds.

- a. Tax exemption for International Financial Services Centre units under Sections 10(4D) and 10(4F) has been prolonged by one year, now applicable until March 31, 2025.
- b. Noteworthy tax benefits are extended to entities within the IFSC, including:
 - i. Derivative contracts issued by Foreign Portfolio Investors (FPIs) within GIFT City and overseen by the IFSCA are officially acknowledged as valid legal contracts. This legalization essentially permits the use of specific financial instruments, such as Participatory Notes (P-notes), allowing foreign investors to indirectly access Indian securities.
 - ii. The Indian branches of foreign banks situated in GIFT City are now authorized to utilize these Offshore Derivative Contracts (ODCs) for investments in the Indian stock market.
- c. Entities in GIFT City qualify for a ten-year tax exemption out of a total of fifteen consecutive years. In the FY 2022-23 budget, the period allowed

for transferring funds from other countries into GIFT City was prolonged by two years. In FY 2023-24, it has been extended even further.

- d. An equivalent one-year extension has been granted to airline leasing finance companies intending to relocate their base to GIFT City.
- e. Also, Tax exemption for Sovereign Wealth Funds and Pension Funds under Section 10(23FE) has been prolonged by one year, now applicable until March 31, 2025.
- f. Sovereign wealth funds and pension funds (specified funds) are eligible for a tax exemption on the interests, profits, and dividends earned by their units in GIFT City from investments made between April 2020 and March 2024.
- g. The tax exemption under Section 80-IAC has been extended until March 31, 2025, with a one-year extension for Startups. Startups that have had a turnover of less than ₹ 100 crore in any of the preceding financial years qualify for a three-year tax holiday at any point within the initial ten years of their establishment. Startups that were established on or before March 31, 2024, were entitled to a three-year tax holiday under Section 80-IAC of the Income Tax Act, 1961. The deadline for incorporation has now been extended by one year. Consequently, startups incorporated on or before March 31, 2025, are now eligible for this benefit.

During FY 2023-2024, 46 Deposit Based Membership ("DBM") applications were received at BSE. Since launch of new DBM scheme in April 2010, BSE has received a total of 1070 DBM applications, as on March 31, 2024.

B. CORPORATE SERVICES (LISTING)

The Corporate Services segment of BSE registered revenue growth in FY 2023-24. Annual Listing Fees (equity, debt, and MF) increased by 15% to

₹ 204 Crore compared to ₹ 177 Crore in FY 2022-23. BSE also provides other services to corporates such as book building software, buy-back facilities, reverse book building software, etc. Fees earned from such services were ₹ 48 Crore in FY 2023-24 as compared to ₹ 42 Crore in FY 2022-23, an increase of 14% from the previous year on account of IPO, Rights Issues, OTB/OFS issues etc.

C. DATA INFORMATION PRODUCTS

The company and Deutsche Borse have entered into a partnership in October 2013, under which Deutsche Borse would act as the licensor of the company's market data and information to all international clients. The business for sales and marketing of the company's market data products to international customers by Deutsche Borse commenced from April 2014. Under the co-operation, Deutsche Borse is responsible for sales and marketing of the company's all market data products to customers outside India, while the company continues to serve its domestic clients. Deutsche Borse also shares the joint responsibility along with the company for product development and innovation, which includes extending its existing infrastructure and creation of new market data solutions to support the company's product offerings.

The total revenue from the sale of market data and information products was ₹ 43.14 Crore in FY 2023-24 as compared to ₹ 38.86 Crore in FY 2022-23. The increase in revenue was on account of addition of domestic as well as international customers and revision in international pricing.

D. INDEX

AIPL's Total Revenue increased from ₹ 5,507 lacs in FY 2022-23 to ₹ 6,443 lacs in FY 2023-24, which is a growth of 21%. The Profit before Tax increased from ₹ 1,560 lacs in FY 2022-23 to ₹ 2,047 lacs in FY 2023-24, which is a growth of 31%.

In 2023-24 we saw an increase in demand for Data Subscription for S&P BSE 500, S&P BSE BANKEX and S&P BSE SENSEX.

5. SIGNIFICANT DEVELOPMENTS

A. TRADING PREFERENCE BY CLIENTS

Clients need to give an authorization to the trading member (TM) providing their preference to trade on different stock exchange for the same segment or on different segment. In order to ensure that clients are permitted to access all the stock exchanges in which the stockbrokers are registered for the same segment. SEBI has mandated TMs that w.e.f. August 01, 2023, "Trading Preferences" to be obtained from clients in a new format which captures preference for segment.

B. UPSTREAMING OF CLIENTS' FUNDS BY TRADING MEMBERS / CLEARING MEMBERS TO CLEARING CORPORATIONS

As per the regulatory mandate dated December 12, 2023, Trading Member (TM) / Clearing Member (CM) shall upstream all the clients' clear credit balances to CCs on End of Day (EOD) basis. Such upstreaming shall be done only in the form of either cash, lien on Fixed Deposit Receipts (FDRs) created out of clients' funds, or pledge of units of Mutual Fund Overnight Schemes

(MFOS) created out of clients' funds. As the bank instruments provided by clients as collateral i.e. client FDRs and Bank Guarantees (BGs) cannot be unstreamed to CCs, they shall be ineligible to be accepted as collateral in any segment of securities market with an exception to BGs provided by non-individual clients in Commodity Segment on meeting specified terms and conditions. Operational Guidelines with respect to Upstreaming of Clients funds is issued by the Exchange on January 19, 2024.

C. BANK GUARANTEES CREATED OUT OF CLIENTS' FUNDS

Trading Members (TM) and Clearing Members (CM) pledge client's funds with Banks which in turn issue Bank Guarantees (BGs) to clearing corporations for higher amounts. This implicit leverage exposes the market and especially the client's funds to risks. To safeguard the interest of the investors, SEBI has mandated that w.e.f. May 01, 2023, no new BGs shall be created out of clients' funds and Existing BGs created out of clients' funds shall be wound down by September 30, 2023.

D. MOST IMPORTANT TERMS AND CONDITIONS

SEBI has prescribed a uniform document for formalizing the broker-client relationship. To bring into focus the critical aspects of the broker-client relationship and for ease of understanding of the clients, it has been decided that brokers shall inform a standard Most Important Terms and Conditions (MITC) which shall be acknowledged by the client. The standard MITC was issued by the Exchange on January 05, 2024.

6. SECONDARY MARKET POLICY DEVELOPMENTS

A. Enhanced Surveillance Measure (ESM)

Based on joint discussion with Exchanges and SEBI, the ESM framework was introduced in June 2023 for identifying highly volatile "micro-small cap" main board companies. These are companies with a market capitalization of less than ₹ 500 crores. The parameters used to shortlist securities under this framework are high-low price variation and close-to-close price variation.

B. Recently implemented Surveillance Framework for SME Segment

SME segment commenced in 2010 but the segment was excluded from all major Surveillance actions since the segment was at a nascent stage. Only two types of Surveillance Actions were applied on SME stocks i.e. Price Bands and Long Term ASM framework.

In order to address the Surveillance concerns regarding the SME segment, the extant Short Term ASM (STASM) Framework, Trade for Trade Framework and Graded Surveillance (GSM) Framework applicable for main board companies has been extended to Small and Medium Enterprises (SME) stocks subject to certain changes.

7. REGULATORY

A. SURVEILLANCE & INVESTIGATION

I. Statistics for FY 2023-24

As part of market monitoring activities during FY 2023-2024, 41,578 surveillance alerts were generated, of which 755 alerts were taken up for

snap investigations. Subsequently till March 31, 2024, 203 cases were taken up for preliminary/ detailed investigations, of which 144 preliminary/ investigation reports have been forwarded to SEBI.

II. Broker Supervision

Broker Supervision 764 inspections of members were conducted during FY 2023-24, which include 700 routine inspections. Further, 64 out of 764 member inspections were jointly conducted with SEBI, other Exchanges and Depositories during FY 2023-24 which was selected by SEBI for joint inspection for the FY 2023-24.

III. Investor Services

The Investor Services Cell provides the following services:

Redressal of complaints against trading members

The Company redresses investor complaints against trading members by taking prompt action upon receiving the complaints. Investor complaints against trading members are received through the SEBI Complaints Redressal System ("SCORES") of SEBI, a web-based system where investors can lodge their complaints online. The Company in turn communicates the complaints to the trading members electronically through the BSE Electronic Filing System ("BEFS"), thereby reducing the communication time resulting in expeditious resolution of investor complaints. The trading members send their reply through "BEFS". The investors can also lodge complaints directly with the Exchange through email, physical document form or through online e-Complaint registration on BSE website (e-Complaint Registration).

SEBI, as a part of enhancing investor experience had initiated opening of additional Investor Service Centres across the country by the Exchanges. It was targeted to have in place 50 such Common Investor Service Centres between the Company and NSE. As a part of this initiative, there shall be only one Investor Service Centre between the two Exchanges at one location, which shall function as the Common Investor Service Centre for both Exchanges as well as SEBI. Accordingly, 13 Investor Service Centres of the Company have been designated as Common Investor Service Centre and are fully functional.

Redressal of complaints against listed companies

The Company redresses investor complaints against listed entities by taking prompt action upon receiving the complaints. Investor complaints against listed entities are received through various modes such as through emails, physical documents, online e-Complaint registration on BSE website and through SCORES. The Company takes up the complaint with respective listed entity for resolution.

Online Dispute Resolution

Effective August 16, 2023, SEBI has introduced the Online Dispute Resolution ("ODR") mechanism, wherein the Investor Grievance Redressal Mechanism and Arbitration Mechanism administered by the Company has been replaced by the ODR mechanism. In the ODR mechanism, investors can lodge their disputes against SEBI registered intermediaries for resolution through the Conciliation and Arbitration process under the ODR mechanism.

Hence, the Company is now administering the Conciliation and Arbitration matters against other intermediaries like Mutual Funds and Registrar and Transfer Agents in addition to those against the Trading Members and Listed Companies which were being handled by the Company.

For lodging the disputes, the Company, along with other stock exchanges and depositories, has put in place a common portal, viz., SMARTODR. In. After the disputes are lodged on the SMARTODR portal, the disputes are allocated to the 7 Mills, viz. BSE, NSE, MSE, MCX, NCDEX, CDSL and NSDL in accordance with the provisions of the SEBI circular. Post lodging of the disputes on the portal, the same are resolved in accordance with the provisions of the SEBI circular in a timebound manner.

As of March 31, 2024, the Company had received 746 disputes of which 653 disputes were resolved / closed prior to reference to ODR Institute whereas 74 disputes were referred to ODR Institute for resolution.

B. LISTING COMPLIANCE

I. Corporate Announcement Filing System ("CAFS")

The Company has been making continual efforts to improve on the turnaround time for disseminating critical information received from listed companies to the shareholders and the public at large, on its website, without compromising on the quality and timely dissemination of the information.

Towards this objective, the Exchange introduced the CAFS with effect from March 1, 2017, in beta mode. The system provides for seamless dissemination of filings/ disclosures by listed companies directly on the Exchange website without any pre-verification by the Exchange. This is done using security measures such as Two Factor Authentication ("TFA") and has ensured almost instantaneous dissemination of price sensitive information to the investors.

The system makes companies responsible and accountable for their filings, which leads to much faster, efficient, and informed decisions by investors and the public at large. Auto check has been placed to provide notification that all pdf files are in machine readable format.

During the current year, the system has been periodically enhanced to include additional disclosures under the seamless mode as well as enhancing the security features in line with the regulatory requirements. Various webforms for Financial Results, Annual Secretarial Compliance Report, Annual Reports, have been updated to receive periodic compliances. Category of Corporate Action has been enhanced by adding more descriptions.

Filing through CAFS, which was available for Equity listed companies, has now been extended to other segments like, debt, mutual funds, and commercial papers as well. In the FY 2023-24, the Exchange received 16,83,768 filings by companies using the CAFS system.

II. Update on eXtensible Business Reporting Language ("XBRL")

BSE is the first Exchange in India to introduce the globally accepted reporting format XBRL as it is more popularly known, for certain critical disclosures required under the SEBI (Listing Obligations and Disclosure

Requirements) Regulations, 2015, ("Listing Regulations"). The Company had earlier enabled XBRL based filing for Shareholding Pattern, Corporate Governance Report, Voting Results, Financial Results, Share Capital Audit report, Disclosure of Insider Trading under Prohibition of Insider Trading, Unit Holding Pattern for Mutual funds, Annual Secretarial Compliance Report, Related Party Transactions, Record Date for Debt Listed Entities and Centralized Database Statement (Credit Rating, Interest Payment, Redemption Payment and Default History Information), Statement of Investor Complaints, Statement of Deviation/Variation Financial Results for Insurance Companies and NBFCs and filing of companies' Annual Reports (based on Ministry of Corporate Affairs Taxonomy).

The Committee on Corporate Governance (Kotak Committee) in its report had recommended filing of disclosures to Exchange in XBRL format. Accordingly, SEBI had directed the Exchanges to implement XBRL based filing for the disclosures. Since BSE had made significant progress on this front, it was recommended by SEBI that the other nation-wide Exchanges also adopt the BSE Taxonomy and the same may be the common taxonomy for these regulations, across India. In the previous year, other Exchanges had commenced integration of the BSE XBRL taxonomy for these filings and listed companies are now able to use a common file for filing at all Exchanges.

All new XBRL based developments are now being jointly developed by the exchanges with BSE, being largely responsible for the development of Taxonomy and the Excel utility used for filing. During the current year, filing of certain additional disclosures under Regulation 30 of Listing Regulations along with updates to already available XBRL utilities, were introduced in XBRL. Further, the Company is working with other MIs to introduce XBRL facility for receiving filing under various regulations of Listing Regulations in XBRL format.

III. Compulsory Delisting:

Trading in the securities of certain listed companies had been suspended for a long period of time on account of non-compliance with the critical clauses / regulations of the erstwhile Listing Agreement/SEBI(LODR) Regulations.

BSE under the guidance of SEBI, had advised companies that had been under suspension for a period of six months or more, to expedite their filings completion of all formalities for revocation or else be compulsorily delisted from the Exchange, as per the provisions of the SEBI (Delisting of Equity Shares) Regulations, 2009 / 2021.

Under SEBI (Delisting of Equity Shares) Regulations, 2009/2021, the Exchange has delisted 1383 companies from April 1, 2016, till March 31, 2024, which have been suspended for a period of more than 6 months for non-compliance with the erstwhile Listing Agreement/ Listing Regulations/ other reasons and which have not completed formalities for revocation within the stipulated timelines.

SEBI has included this provision in its circular on Standard Operating Procedure (SOP) for suspension and revocation. The Exchange accordingly

sends advisory letters to companies suspended pursuant to the provisions of SEBI SOP circular, informing them about the consequences of not initiating formalities for revocation of suspension of trading.

8. COMPETITIVE STRENGTHS AND OPPORTUNITIES

A. STRENGTHS

I. Strong brand recognition

Established in 1875, BSE is Asia's oldest Stock Exchange and one of the most identifiable brand names in India with high levels of recognition among investors, intermediaries, and the public. In fact, today BSE is the world's fastest exchange with a speed of 6 microseconds.

The BSE building is a symbol of the Indian growth story and is one of the most recognizable icons of India. It is one of the few structures in India that has been trademarked.

In addition, the benchmark index, the S&P BSE SENSEX, an index based on 30 BSE-listed large, well-established, and financially sound companies across key sectors of the Indian economy, serves as the primary global barometer for India's financial markets and is comparable in recognition to other global indices such as the S&P 500, the Dow Jones Industrial Average, the FTSE 100, the DAX, and the Hang Seng Index. Since it was first compiled in 1986, the Sensex has come to be known as the market bellwether.

BSE brand is further strengthened due to over four thousand seminars/ education sessions conducted every year. These events are investor awareness programmes that are conducted in association with BSE IPF (Investor Protection Fund), or events organized with industry associations like FICCI, CII, ASSOCHAM, PHD Chamber of Commerce & Industry, BSE Brokers Forum etc.

II. Sound corporate governance and regulatory framework

As a Stock Exchange, we are subject to a high level of regulatory oversight. We are committed to working with national and international Regulators, Exchanges, Clearing Corporations, Depositories and Market Participants to ensure an orderly, informed, and fair market for the benefit of investors. We are also committed to strong and effective internal governance and regulation and believe that regulatory integrity benefits investors, strengthens our brand and attracts companies seeking to list securities on our markets.

In furtherance of these goals, we have a dedicated surveillance department to keep a close and daily watch on the price movement of securities, detect potential market manipulation, monitor prices and volumes which are not consistent with normal trading patterns.

III. Technological Prowess

Use of Open-source technologies

The Company's core Trading system and other mission critical systems are based on open-source technologies.

Strategically the Company has been careful in selection of open-source technologies and its applicability. Every year the adoption has been

growing, given the fact the opportunity open-source technologies offer both in terms of technology flexibility and cost effectiveness. Use of open-source technologies gives the Company freedom to choose relevant technologies. Application development can be agile and highly customisable. All this provides the Company a competitive edge.

The Company now has its Trading system, Databases, Identity and Access Management, Business Intelligence, Log Management and Analysis, Infrastructure monitoring and several other systems/ applications built on mostly open-source technologies. These systems are highly flexible, robust, and scalable.

BSE advocates the use of Licensed and Supported Open-source products and in line with this thought, BSE has engaged with various reputed OEMs such as Redhat, Oracle for support of their Open-Source products.

Inspiring the capabilities of Big Data

The Company has strengthened its position as a market leader in implementation of Big Data and leveraging the benefits of implementation of RegTech initiatives by use of Artificial Intelligence (AI) and Machine Learning (ML) in certain key areas of surveillance and monitoring.

As part of the Exchange trading and settlement process, tons of data are processed daily, and all of these are time bound activity. AI facilitates 'thinking' and Automation facilitates 'doing'. By processing daily data 'intelligently' with use of AI, it can ease the human element for need to intervene and instead augment decision making process as also help in surveillance.

BSE has taken up an ambitious task of revamping the Data warehouse technology to support a Data Lake/Lake house architecture. It is envisaged that all T-1 and earlier data shall be sourced from here.

B. OPPORTUNITIES

I. Gold Spot Exchange – Domestic Zone

The Government of India in the budget of FY 2021-22 had announced the setting of a gold spot exchange and that Securities and Exchange Board of India (SEBI) will be the designated regulator for the proposed gold exchanges. Subsequently, SEBI in its board meeting held on September 28, 2021, proposed the framework for Gold Exchange and SEBI (Vault Managers) Regulations, 2021. SEBI further notified that the instrument representing gold will be called 'Electronic Gold Receipt' (EGR) and it will be notified as "securities" under Securities Contracts (Regulation) Act, 1956. The "SEBI Framework for operationalizing the Gold Exchange in India" prescribed that Stock Exchange/s desirous of trading in electronic gold receipts (EGR) may apply to SEBI for approval for trading of EGR in a new segment.

In September 2022, BSE had received final approval from the capital markets regulator Securities and Exchange Board of India (SEBI) for introducing the EGR segment on its platform. On October 24, 2022, during Muhurat trading, BSE launched two new EGR products of 995 and 999 purity and trading will be in multiples of 1 grams and deliveries in multiples

of 10 grams and 100 grams thus offering new solutions for investors, Jewellers, and institutions to invest in Gold. EGRs offers the participants a safe and convenient avenue to invest in gold and comes at a critical time to support the bullion industry as it grows in scale. BSE expects greater trade and liquidity in the days ahead as it continues to educate the market and onboard new members.

BSE is confident of playing a transformative role in developing a vibrant gold spot exchange via the trading of EGR by ensuring maximum participation from across the country.

II. Power Exchange

India's power demand is expected to grow with the government's focus of providing "24x7" clean and affordable power for all. Of around 1,200 billion units ("bu") of electricity generated in India, the short-term market accounts for around 130-150bu. This trade volume has grown by around 10% annually and is valued at around ₹ 22,124 Crore. This short-term power market is serviced by power exchanges, which function on the lines of commodity exchanges and provides a platform for buyers, sellers, and traders of electricity to enter spot contracts that are for the same day, next day, and on a weekly basis. It also provides a payment security mechanism to buyers and sellers. India currently has two operating power exchanges Power Exchange of India (PXIL) and India Energy Exchange (IEX).

There is a need to deepen existing exchanges through more evolved products, clarity on intra-state cross-border trading along with institutional mechanisms to deal with forward contracts of varying durations. In this regard, Pranurja Solutions Limited (Consortium of BSE Investments Limited, along with PTC India Limited and ICICI Bank Limited), filed a petition with the power market regulator, CERC (Central Electricity Regulatory Commission) on September 7, 2018, for grant of license for setting up a new power exchange.

CERC has granted registration on May 12, 2021 to Pranurja Solutions Ltd. to establish and operate a power exchange. The Company name was changed from Pranurja Solutions Limited to Hindustan Power Exchange Limited in November 2021, to brand itself as a power exchange.

On July 6, 2022 HPX commenced operations, and steadily increase its product portfolio and provides a wide range of contracts to address the demand of different segments of the electricity market.

BSE has a stake of 22.61% in the proposed power exchange through its wholly owned subsidiary, BSE Investments Limited.

III. Asia Index Private Limited ("AIPL")

India has been at the forefront of the global rise in passive investment. Assets under Management (AUM) of Exchange Traded Funds (ETFs) in India have seen a remarkable growth from an AUM of Rs 351 crore in 2014 to Rs 6,27,244 crore as of March 31, 2024, signalling an increasing interest for passive investing. They have become popular due to varied reasons including passive managers' lower costs compared to those of their active

peers, regulatory developments, such as India's capital markets regulator SEBI reclassifying mutual fund schemes or plans to exclude equity-oriented passive funds from the 25% investment cap in group companies, and inflows from Employees' Provident Fund Organisation (EPFO). In addition to the above measures, ETFs have also appealed to a broad spectrum of new investors, who prefer the advantage of low-cost option for engaging in equity markets.

In this regard, on May 31, 2024, BSE completed the acquisition of S&P Dow Jones Indices' entire equity stake in AIPL making AIPL a wholly owned subsidiary of BSE. AIPL provides index and index related services to stock exchanges, asset management companies, insurance companies, investment banks and other financial institutions across the globe. Apart from being used for the launch of index linked funds/ ETFs and trading of index based derivative contracts, the indices are also being used by the AMCs for benchmarking the performance of their active fund schemes. AIPL calculates, publishes, and maintains a diverse family of indices, which will be an important area of focus in the coming year, given the growth of passive investments in India. As investors increasingly gravitate towards passive products, which have lower expense ratios than active funds, sell-side firms will increasingly have to rely on automation to cut operational costs and remain competitive.

9. THREATS

A. INDUSTRY ACTIVITY LEVELS DECLINE

The Company's performance is dependent upon the volume and value of trades executed on its trading platform, the number of new/ further listings and the amount of capital raised through such issues, the number of active traders in the market, etc. While the Company's efforts can influence these activity levels, many factors that can have an impact on these factors are beyond the control of the Company. Adverse macro-economic developments and political uncertainty may dampen the sentiments of the capital markets and negatively affect the business.

B. REGULATORY CHANGES IMPACTS OUR ABILITY TO COMPETE

The competitive landscape for the securities transactions business in India continues to be challenging. The Company's ability to compete in this environment and ensure that regulations continue to allow competition on a level playing field, will be a major factor in ensuring sustained growth and profitability. Regulatory decisions relating to the BSE ownership structure, the ownership structure of its subsidiaries and associate companies, compensation policies, associated fees and levies, and restrictions on how Exchanges distribute their profit will continue to impact competitiveness.

C. CYBERSECURITY THREATS

Capital markets have bolstered their defense against cyberattacks, however they always remain a focused target for cybercriminals due to the money involved in the capital sector. Any successful breach in capital / financial organization can cause business losses in multifold, as such breach impacts the brand image, customer trust, and investors interest in the company.

The Company is therefore continuously investing in new advanced and niche cybersecurity technologies. Also, a continuous improvement in cybersecurity policies and procedures has been undertaken by the Company.

Some of the types of cyber threats that the Company might face:

- **Distributed Denial of Services (DDoS)** – Hackers use these techniques to slowdown or completely shut down the company networks and services by sending more requests than the actual capacity of the Company network and systems, rendering them unreachable to its genuine users / customers.
- **Phishing Attack** - Phishing is a method of social engineering used to trick people into divulging sensitive or confidential information, often via email. Not always easy to distinguish from genuine messages, these scams can conflict enormous damage to the Company.
- **Malware** – A type of attack using a file or program intended to harm or disrupt a computer. It includes:
 - **RATs (Remote Access Trojans)** - RATs (remote-access Trojans) are malware that installs backdoors on targeted systems to give remote access and/or administrative control to malicious users.
 - **Spyware** - Spyware is a form of malware used to illicitly monitor a user's computer activity and harvest personal information.
 - **Viruses** - A computer virus is a piece of malicious code that is installed without the user's knowledge. Viruses can replicate and spread to other computers by attaching themselves to other computer files.
 - **Worms** - Worms are like viruses that are self-replicating. However, they do not need to attach themselves to another program to do so.
 - **Botnet Software** - Botnet software is designed to infect large numbers of Internet-connected devices. Some botnets comprise millions of compromised machines, each using a relatively small amount of processing power. This means it can be difficult to detect this type of malware / attack, even when the botnet is running.
 - **Rootkits** - Rootkits comprise several malicious payloads, such as keyloggers, RATs and viruses, allowing attackers remote access to targeted machines.
 - **Bootkits** - Bootkits are a type of rootkit that can infect start-up code – the software that loads before the operating system.
- **Drive-by Attack** - In a drive-by attack, a hacker embeds malicious code into an insecure website. When a user visits the website, the script is automatically executed on their computer, by infecting it. The designation "drive by" comes from the fact that the victim only has to "drive by" the site by visiting it to get infected. There is no need to click on anything on the site or enter any information.

- **AI-Enhanced Cyberthreats** – AI capabilities are used by hackers to launch sophisticated cyberattacks in the form of complex and adaptive malicious software. AI fuzzing and Machine Learning poisoning are the next generation threats.
- **Cryptojacking** - It is a trend that involves cyber criminals hijacking third-party home or work computers, to “mine” for cryptocurrency. Cryptojacked systems can cause serious performance issues and costly down time as IT works to track down and resolve the issue.
- **Social engineering** - Hackers are continually becoming more and more sophisticated not only in their use of technology, but also psychology. Social engineering is the use of deception to manipulate individuals into divulging confidential or personal information that may be used for fraudulent purposes.
- **Ransomware** - Ransomware is a type of malware that prevents or limits users from accessing their system, either by locking the system's screen or by locking the users' files until a ransom is paid.
- **Confidential Data Theft** - Customer accounts can be the most vulnerable point of entry to financial systems. The hackers use stolen privileged credentials to steal from their account.
- **Advanced Persistent Threat** - A stealthy computer network threat actor which gains unauthorized access to a computer network and remains undetected for an extended period.

The Company has made conscious efforts and investments to implement necessary defense mechanisms for most of the above threats and significantly reduced the residual risk.

10. KEY STRATEGIES

INDIA INTERNATIONAL EXCHANGE (IFSC) LIMITED

I. Solidify the Pole position in Secondary Market within IFSC through product diversification & innovation

India INX continues to position itself as a preferred offshore platform, open 22 hours a day for trading and become the financial gateway of choice for both inbound and outbound investors. We intend to strengthen our position as a preferred exchange in GIFT IFSC and expand our cross-border reach by forming strategic alliances.

Depending on regulatory approvals, India INX proposes to diversify product offerings by introducing new and innovative products in future to compete with other international exchanges and cater to the needs of investors across the globe.

II. Be the preferred outbound gateway via Global Access

India Inx Global Access intends to constantly strive to augment its services to clients through geographical diversification and extending competitive services. Global Access would look to further widen the spectrum of coverage of exchanges for its clients by tapping developing markets either through new associations or with the existing associated international brokerages. It would seek to continually attract market participants and

clients and capture the significant revenue potential that comes with a broader product line.

III. Strengthen our position as the Exchange of choice and expand cross-border reach.

India INX intends to strengthen its position as a preferred exchange in GIFT city and expand its cross-border reach by forming strategic alliances.

IV. Go Green and endorse ESG initiatives

India INX to bolster relationship with existing strategic partners such as Luxembourg Green Exchange and forge new alliances to further consolidate its leadership position in Green Finance thereby promoting ESG (environment, social and governance) standards through GSM Green Platform and exhibit its commitment to ‘sustainable finance’.

India INX and LuxSE shall collaborate on educational and assistance services to promote and facilitate sustainable finance industry in India by leveraging LuxSE's LGX Academy and LGX Assistance Services. LGX Academy delivers online sustainable finance training and has delivered onsite training around the globe in emerging markets. We are working with a number of reputed partners (IFC, UNESCAP, etc.) across the globe to deliver capacity building projects in emerging markets to both public and private sectors players. The same was also discussed in the IFSCA delegation visit to Luxembourg.

Issuance of ‘Sovereign Green Bonds’ for mobilizing resources for green infrastructure as announced in the Union Budget 2022-23 is bound to throw new business opportunities and India INX is well positioned to tap these upcoming opportunities and make a mark for itself in this “green corridor’ space.

V. Continued Focus on listing of new products in Primary Markets

India INX would like to grow from strength to strength through novel listing practices that appeals to both global and domestic investors and accentuate itself as the primary capital raising avenue. In a post-pandemic landscape, globally, investors are actively looking out for suitable quality investment and long-term financial benefits. This bodes well for the prospects of REITs and InvITs, which has evoked significant interest among investor fraternity globally and India INX through GSM, its primary market platform, is well positioned to harness such business opportunities. With direct listing guidelines been enabled by the government and regulators, the Exchange is also gearing up to on board equity offerings by Foreign and Indian issuers.

DIVERSIFY OUR PRODUCT AND SERVICE OFFERINGS AND MAINTAIN NEW PRODUCT INNOVATION AND DEVELOPMENT

BSE currently operates in a wide array of segments and offers a bouquet of products including equity, debt, derivatives in equity, currency, commodity and interest rate, mutual fund, insurance, SME, and start-ups segment. In addition to our ongoing strength in service offering, we intend to target the investors’ needs for all financial products through innovative product and service offerings.

FOCUS ON INCREASING OUR MARKET SHARE OF DERIVATIVE PRODUCTS

We actively evaluate products and asset classes outside our traditional focus areas to diversify our revenue sources. By doing so, we seek to continually attract market participants and issuers and capture the significant revenue potential that comes with a broader product line. These initiatives have yielded us positive results, evident in our increasing market share in the equity futures and options, with Sensex and Bankex contracts. With the introduction of Single stock derivatives from July 1, 2024, and other unique products in Index derivatives, BSE has become the world's second largest exchange in a short span, since the introduction of futures and options contracts on Sensex and Bankex with a differentiated expiry.

CYBER SECURITY

The company is running its business on technology and information systems which is internet connected and available to the market. Thus, it is imperative to protect these systems from all known and unknown threat vectors to a possible extent. To achieve the same, the Company has strategically implemented 365 Days 24x7 Next Generation Cybersecurity Operation Centre (SOC) which comprises state-of-the-art tools and technologies including cognitive and machine learning. It makes BSE cyber resilient. Similarly, the company has also setup 365 Days 24x7 Member Security Operations Centre (MSOC) for Member and Brokers.

The Company, via its extended broker network, serves millions of investors every day, for which a secure and trustworthy information and data security ecosystem is vital. With ever increasing threat landscape, the information and data continues to be the most sought-after information asset globally. It is therefore imperative to protect it from the risk of unauthorized usage, data theft and tampering.

Regulators and governments globally and in India have either set out regulations or are in the process of formalizing data protection bills. To ensure meeting the regulatory requirements and protection of data and information, the Company is committed towards confidentiality and integrity of investor and customer data. The Company has created and implemented an Information Security program covering data security and data privacy. The Company is in the process of streamlining all major business processes to fundamentally embed zero trust architecture to meet local and international data privacy requirements. To achieve this some of the existing technological investments will be leveraged and appropriate changes shall be made.

The Company is also enabling its business, cyber security, and IT strategy to enable the business and functions run uninterrupted and implemented controls and solutions to enable users work with zero trust, data and information security and Cyber Security controls in place.

Cyber Security is one of the key strategic components to meet the Company's objective and to improve overall business resiliency.

11. RISKS AND CONCERNS

A. BUSINESS RISKS

- Our performance relies upon the volume and value of trades executed on the trading platform, number of orders processed on the Mutual Fund Distribution platform, the number of active investors in the market, the number of new/further listings and the amount of capital raised through such listings.
- Adverse economic conditions could negatively affect our business, financial condition and result of operations.
- Our industry is highly competitive, and we compete globally with a broad range of market participants for listings, clearing, trading and settlement volumes, and distribution of financial products.
- We operate in a business environment that continues to experience significant and rapid technological change.
- We operate in a highly regulated industry and may be subject to censures, fines, and other legal proceedings if we fail to comply with our legal and regulatory obligations. Changes in government policies could adversely affect trading volumes of instruments traded on BSE.
- The continuation or recurrence of systemic events such as the global economic crisis, changes in economic policies and the political situation in India or globally may adversely affect our performance.
- Any intensification of the COVID-19 pandemic or any future outbreak of another highly infectious or contagious disease may adversely affect our business, results of operations and financial condition. Although the exchange is fully prepared for business continuity, meeting all obligations, and ensuring safety of our staff, it is possible that our ability to deliver satisfactory services to our customers may be affected.
- Our business, financial condition and result of operations are highly dependent upon the levels of activity on the exchange and in particular upon the volume of financial assets traded, the number of listed securities, the number of new listings and subsequent issuances, and volume of financial products distributed. Moreover, they are dependent on, liquidity and similar factors that affect, either directly or indirectly, the trading, listing, clearing and settlement transaction-based fees.
- Integral to our growth is the relative attractiveness of the financial assets traded on the exchange and the relative attractiveness of the exchange as a market on which to trade these financial assets. All of these variables are primarily influenced by economic, political and market conditions in India as well as, to a lesser degree, the rest of Asia, the United States, Europe and elsewhere in the world.
- Weak economic conditions of the country may adversely affect listing, trading, clearing and settlement volumes as well as the demand for market data. If the return on investments in Indian companies are generally lower than the return on investments in companies based

in other countries, we may be unsuccessful in attracting foreign and local investors to our markets.

- Bullion, Base metals and Energy products are linked to international market, currency and government duties etc.
- Agri commodities are linked to crop production, monsoon, demand, and Government policies.
- Other factors beyond our control, that may materially adversely affect our business, financial condition and result of operations include:
 - Broad trends in business and finance, including industry-specific circumstances, capital market trends and the mergers and acquisitions environment.
 - Social and civil unrest, terrorism and war.
 - Concerns over inflation and the level of institutional or retail confidence.
 - Changes in government monetary policy and foreign currency exchange rates.
 - The availability of short-term and long-term funding and capital.
 - The availability of alternative investment opportunities.
 - Changes and volatility in the prices of securities.
 - Changes in tax policy (including transaction tax) and tax treaties between India and other countries.
 - The level and volatility of interest rates.
 - Legislative and regulatory changes, including the potential for regulatory arbitrage among regulated and unregulated markets, if significant policy differences emerge among markets.
 - The perceived attractiveness, or lack of attractiveness, of Indian capital markets; and
 - Unforeseen market closures or other disruptions in trading.

We operate in a business environment that has undergone, and continues to experience, significant and rapid technological change. To remain competitive, we must continue to enhance and improve the responsiveness, functionality, capacity, accessibility, and features of our trading and clearing platforms, software, systems and technologies. Our success will depend, in part, on our ability to:

- Develop and license leading technologies.
- Enhance existing trading and clearing platforms and services.
- Anticipate the demand for new services and respond to customer demands, technological advances and emerging industry standards and practices on a cost-effective and timely basis.
- Continue to attract and retain a workforce highly skilled in technology and to develop and maintain existing technology; and

- Respond and adapt to competition from and opportunities of emerging technologies such as Fintech innovation.

B. REGULATORY & COMPLIANCE

BSE continues to play a significant role in the securities market of India and as a first line regulator is responsible for ensuring orderly functioning of the securities market. BSE has always strived for the safety and vibrancy of the securities markets and continues to work toward further enhancing the same.

BSE has been collaboratively working with other MIs under the guidance of SEBI in various initiatives aimed at making our marketplaces safer and also in building of efficient market eco system. Besides this, BSE strives to ensure compliance with the regulatory obligations prescribed by SEBI and other regulators through implementation of regulatory measures, technology initiatives and strengthening the resources.

BSE is also focused on simplifying the compliance burden on various stakeholders without compromising on essence or principles of compliance. BSE continues to put in place various automation initiatives to simplify compliance as well as effectively monitor and enforce the regulatory framework. Creating investor awareness has been key focus for BSE and to achieve the same BSE has been conducting webinars, seminars, and training programs for investors free of cost. BSE has also used the digital space for creating awareness with creation of investor awareness series involving “Mr. Mane”, which has been widely appreciated.

C. INTERNAL FINANCIAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company identifies risk based internal audit scope and assesses the inherent risk in the processes and activities of all departments to ensure that appropriate risk management limits, control mechanisms and mitigation strategies are in place. The Internal Auditors report observations relating to the deficiencies / non-compliance of various audit areas and give suggestions / recommendations and control directives to mitigate the shortcomings and make the process, procedure, systems, and functions more robust, accountable, reliable, and compliant. The observations made by the Internal Auditors and the compliances thereof are placed before the Audit Committee and also shared with the Statutory Auditors for their information.

The internal audit scope is prepared after considering all interdepartmental policies and procedures, any regulatory or statutory changes and critical functions of the organization and then placed before the Audit Committee for their approval.

The Company has implemented the Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (“COSO”). Accordingly, the COSO based procedures and process manuals for major functions have been prepared to establish interlinkages between departments, to define responsibility, accountability, and reporting matrix, to define control framework of each process and activity and to identify the risks. Internal Auditors refer to COSO based process and procedures while performing the internal audit functions.

The Company has further implemented pre-audit of vendor payments based on a set criteria. It strives to put in checks and controls like internal approvals, budgetary controls, documentary controls, compliance to statutory requirements, etc.

The Company conducts in-house monitoring of the important applicable statutory and regulatory compliances. The status of compliances and the monitoring thereof are regularly placed before the Audit Committee and the Board.

The processes and quality management systems of the Company are ISO 9001:2015 certified by S & A Certifications having European accreditation of Euro Cert. The Company conducts the audits of the processes as required under ISO 9001:2015. and has successfully obtained certification valid upto June 07,2025.

The Company has an Audit Committee, the details of which have been provided in the Corporate Governance Report. The Committee reviews audit reports submitted by the Internal Auditors. Suggestions for improvement are considered and the Committee follows up on the implementation of corrective actions. The Committee also meets the Statutory Auditors to ascertain, inter alia, their views on the adequacy of internal control systems.

12. MATERIAL DEVELOPMENTS IN HUMAN RESOURCES/ INDUSTRIAL RELATIONS FRONT INCLUDING NUMBER OF PEOPLE EMPLOYED

A. HUMAN CAPITAL

At BSE, we believe that a skilled & motivated workforce can drive innovation, enhance operational efficiency which allows us to achieve organizational goals. The focus has been on making the right investments in human capital to take the organization and all its employees to the next level of competence and growth. With strengthening leadership across all functions, we are reviewing and revising our systems, policies and processes to ensure that our organizational structures facilitate inclusiveness and accountability.

Diversity & Inclusion are imperative for fostering innovation & creating an equitable organization. By ensuring equal opportunities & fostering a culture of respect, BSE has unlocked its potential of its workforce and drive positive change. At an organizational level, upwards of 30% of our workforce is woman workforce.

As of March 31, 2024, the Company had 420 management cadre employees and 101 staff level employees. Human Resource function continues to be a strategic business partner and change catalyst. It plays a pivotal role in unlocking human potential which results in organization transformation and success.

Some of the Talent Management & Development Interventions are as below:

B. TRAINING & DEVELOPMENT:

BSE has a culture of learning, collaboration, diversity, and well-being. We celebrate and recognize our employees who consistently demonstrate

our values while inspiring others to do the same. We commit significant resources to sustaining a culture that enables voice and innovation, and facilitates trust, engagement, belonging and performance. We ensure that employees are at their productive best by continuing to work on simplifying internal processes through a collaborative effort. The collaborative deliberations and decisions of the organization leadership, supported by the stakeholders and enabled by the people managers, have resulted in various new initiatives for building learning & high performing culture. We follow an integrated performance management approach to align individuals' performance towards organizational goals.

BSE's focus has been on further strengthening the competencies identified and subsequently we organized training programs with a focused development of these identified competencies. During FY 2023-24, BSE conducted 9 training programs where approx. 320+ employees were trained. Some of the behavioral training programs conducted were Personal Effectiveness, Decision Making, Time Management, Stress Management, and some of the Technical Programs were Advanced Excel, Power Point, etc.

We have also encouraged & engaged our employees in developing their technical skills by taking up external certification like the Google Business Intelligence & IBM Data Analyst which focus on Data Analysis, Data Mining & Visualization, Data Modelling, Business Intelligence, Dashboarding & Reporting etc. This decision has been widely accepted and the employees are working towards getting themselves certified on the above courses.

C. EMPLOYEE ENGAGEMENT:

BSE's engaged workforce is motivated and is ready to contribute their best efforts leading to increased productivity & greater job satisfaction. Our workforce collaborates effectively with colleagues and demonstrates a strong sense of ownership & accountability towards the organization & society. Some of our Employee Engagement events like Garba Celebration, Ganesh Pooja, and Diwali Celebration were attended by almost 1250+ employees including their family members.

BSE's focus has been on employees' mental wellness and physical fitness. Organizing sports events like Cricket & Badminton tournaments, wellness programs both in an offline & online platform have been one of the focus areas in the FY 2023-24. Donation drive of groceries, stationery, toys, and other usable items was done across 6 NGOs by BSE covering old age home, shelter home for children, Cancer Treatment home etc. Employees across the group in large numbers participated in our beach cleaning drive to give our beaches a new life and our commitment towards a healthier planet.

13. BSE'S CONTRIBUTION IN THE ESG AND SUSTAINABILITY SPACE

- BSE and UN Women conducted the campaign FinEmpower, a yearlong joint capacity building program to empower women towards financial security. In May 2023 the event was conducted at Bangalore with Ubuntu Consortium and Niti Ayog. In October 2023, another event was conducted at Hyderabad with WE Hub Government of Telangana, Niti

Ayog, CII IWN, CO-WE, HeadStart, Co-Karma. BSE further organised this initiative in February 2024 at Goa with Goa Startup Mission and Go Womania.

- The Exchange also facilitates corporates to raise funds through issue of Green Bonds as an option to raise funds. Ahmedabad Municipal Corporation and Vadodara Municipal Corporation during the year raised ₹ 300 Crore through issue of Green Bonds using BSE EBP Platform.
- The first issue of AAA-Rated Five-Year Social Bonds by NABARD of approx. ₹ 1040.50 Cr happened in September 2023 through BSE's platform.
- The "International Finance Conclave on Role of Financial Markets in sustainable growth through ESG Investments" was organized by Anjuman-I-Islam's Allana Institute of Management Studies in association with BSE Ltd, on November 09, 2023.
- During the year BSE conducted 2683 Investor Awareness Programs across different locations through appointed resources.
- On March 7, 2024, BSE hosted the 10th Ring the bell for Gender Equality primarily in collaboration with UN Women, themed: "Invest in women: Accelerate Progress". Other global partners involved for this initiative were, United Nations Global Compact ("UNGC"), Sustainable Stock Exchanges Initiative ("SSE"), International Finance Corporation ("IFC"), World Federation of Exchanges ("WFE") and MSCI.

In accordance with Ind AS 109, the Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss. The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivable. The Company has used a practical expedient by computing the expected credit loss allowance for trade receivable based on a detailed analysis of trade receivable by individual departments. ECL impairment loss allowance (or reversal) recognised during the year is recognised as income/ expense in the Statement of Profit and Loss. ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

The movement of impairment allowance is shown below:

II. Performance Evaluation criteria of the Board

The Board of the Company on recommendation of NRC, adopted board evaluation policy to comply with the various provisions of the Act, Listing Regulations, SECC Regulations, SEBI circular dated January 5, 2017, which provides further clarity on the process of board evaluation (“SEBI Guidance Note”) and SEBI circular dated February 5, 2019.

The policy has been framed with an objective to ensure individual Directors of the Company and the Board as a whole, works efficiently and effectively in achieving their functions, in the interest of the Company and for the benefit of its stakeholders. Accordingly, the policy provides guidance on evaluation of the performance of: (i) individual Directors (including the Chairperson and Public Interest Directors); (ii) the Board as a whole; and (iii) various committees of the Board, on an annual basis.

The criteria for evaluation for each of the above are as follows:

• Internal Evaluation of Individual Directors

The individual Director’s performance has largely been evaluated based on his/ her level of participation and contribution to the performance of Board/ Committee(s). Furthermore, the skills, knowledge, experience, attendance record, devotion of sufficient time and efficient discharge of responsibilities towards the Company, Board and Committees of which he/ she is a member are considered for evaluation. Additionally, timely disclosure of personal interest, compliance of Code of Conduct, Code for Independent Directors etc., are also taken into account.

• External Evaluation of Public Interest Directors

As per SECC Regulations, Public Interest Directors can be appointed by SEBI on the Board of a Recognized Stock Exchange for an initial term of three years, extendable by another term of three years subject to performance review prescribed by SEBI. SEBI vide its circular dated February 5, 2019, has mandated that the Public Interest Directors shall also be subject to an external evaluation during the last year of their term by a management or a human resource consulting firm.

• Chairperson’s Performance Evaluation

Providing effective leadership, setting effective strategic agenda of the Board, encouraging active engagement by the Board, establishing effective communication with all stakeholders, etc.

• Performance evaluation of the Board as a whole

The performance of the Board of Directors is evaluated on the basis of various criteria which inter-alia, includes providing entrepreneurial leadership to the Company, understanding of the business, strategy and growth, responsibility towards stakeholders, risk management and financial controls, quality of decision making, monitoring performance of management, maintaining high standards of integrity and probity, etc.

• Evaluation of the Board Committees

The performances of the Committees are evaluated based on following parameters:

- > Mandate and composition
- > Effectiveness of the Committees
- > Structure of the Committees and their meetings
- > Independence of the Committees from the Board
- > Contribution to the decisions of the Board

Disclosures as prescribed under SEBI circular dated May 10, 2018, are given below:

Business Responsibility and Sustainability Report for FY 2023-2024

About BRSR

The Business Responsibility and Sustainability Report (BRSR) is a framework developed by the Securities and Exchange Board of India (SEBI) to promote responsible and sustainable business practices among listed companies in India. Introduced in 2021, the BRSR builds upon the earlier Business Responsibility Reporting (BRR) framework and aims to enhance the quality and comprehensiveness of ESG (Environmental, Social, and Governance) disclosures.

The BRSR framework requires the top 1,000 listed companies (by market capitalization) on Indian stock exchanges to report their ESG-related information in a structured manner. It encompasses a wide range of parameters, including environmental impact, social initiatives, governance practices, stakeholder engagement, and business ethics. The objective is to provide stakeholders with a holistic view of a company's sustainability performance and its contribution to the overall well-being of society.

Under the BRSR, companies are required to disclose relevant ESG information in their annual reports or through a separate sustainability report. The framework encourages companies to adopt a strategic approach towards sustainability, integrate ESG considerations into their business models, and align their practices with internationally recognized frameworks and principles.

Executive Summary

BSE is committed to upholding the principles of Business Responsibility and Sustainability Reporting (BRSR) framework, mandated by the Securities and Exchange Board of India (SEBI), for the top 1,000 listed companies in India. BSE views BRSR reporting not merely as a regulatory requirement but as an integral part of its corporate ethos, recognizing the significant role of Environmental, Social, and Governance (ESG) factors in today's business environment. By adhering to BRSR, BSE actively demonstrates its dedication to transparency and sustainability, acknowledging the importance of comprehensive ESG reporting for investors, stakeholders, and society as a whole.

BSE diligently follows the guiding principles of the BRSR framework. Adhering to the first principle, it has implemented robust policies such as Whistle Blower policy, Codes of Ethics for Directors and Key Management Personnel, and a comprehensive Ethical Code of Conduct for all employees, underscoring its commitment to integrity, transparency, and accountability. Moreover, BSE's procurement strategy exemplifies its dedication to principle two, prioritizing safety and minimizing resource consumption.

In line with principle three, BSE fosters an inclusive workplace environment, providing facilities for differently abled individuals and promoting ethical conduct and open dialogue among employees. Comprehensive employee benefits, including medical insurance and health and wellness programs, contribute to employee well-being. Pursuant to principle four, stakeholder engagement is a priority for BSE, with various communication channels available for stakeholders to provide input on economic, environmental, and social issues. The company actively addresses shareholder queries and maintains a dedicated CSR & ESG committee to fulfil its societal responsibilities.

Embodying principle five, BSE integrates human rights awareness into its employee induction program and upholds policies against sexual harassment and for grievance redressal, ensuring the fair treatment of all individuals within the organization. With respect to principle six, environmental sustainability is a key focus for BSE, with initiatives such as rainwater harvesting, energy conservation measures, and plastic bottle recycling at its Mumbai facilities.

In terms of principle seven, BSE collaborates with trade and industry chambers to positively influence regulatory policies. Addressing principle eight, BSE has demonstrated its commitment to inclusive growth through its CSR initiatives. Notably, contributions to the Prime Minister's National Relief Fund aid the public indiscriminately, and support for the Indian Cancer Society has directly affected individuals in need. Fulfilling principle nine, BSE prioritizes responsible customer engagement through comprehensive policies on cybersecurity and data privacy, as well as investor protection measures such as the Investor Protection Fund. The company also champions financial literacy among investors, extending educational outreach to college and university students.

Overall, BSE's adherence to the BRSR framework reflects its steadfast dedication to operating as a socially responsible, inclusive, and transparent organization, contributing to sustainable development within the parameters of BRSR.

Note: The numbers are rationalised in this year's BRSR, wherever required.

PRINCIPLE 4: BUSINESSES SHOULD RESPECT THE INTERESTS OF AND BE RESPONSIVE TO ALL ITS STAKEHOLDERS

ESSENTIAL INDICATORS

1. Describe the processes for identifying key stakeholder groups of the entity.

Identifying key stakeholder groups is a critical aspect of effective stakeholder management for any entity. The process involves several steps aimed at comprehensively identifying and understanding the various parties with a vested interest in the organization's activities, decisions, and outcomes.

- Stakeholder Mapping:** The first step in the process is to conduct stakeholder mapping, wherein stakeholders are identified based on their level of influence and interest in the organization. This involves categorizing stakeholders into different groups based on factors such as their relationship with the entity, their degree of influence, and their potential impact on the organization's objectives.
- Stakeholder Analysis:** Once stakeholders are identified, a thorough analysis is conducted to understand their needs, expectations, and concerns. This involves gathering information through stakeholder consultations, surveys, interviews, and other forms of engagement to gain insights into their perspectives and priorities.
- Prioritization:** Stakeholders are then prioritized based on their level of importance to the organization and the potential impact of their engagement. Key criteria for prioritization may include the degree of influence they wield, the extent of their dependence on the organization, and the potential risks associated with their interests.
- Engagement Planning:** With key stakeholders identified and prioritized, the next step is to develop an engagement plan outlining how the organization will interact with each stakeholder group. This involves defining objectives, determining communication channels, and establishing mechanisms for ongoing dialogue and feedback.

- e. Continuous Monitoring and Review: The process of identifying key stakeholders is not static and requires continuous monitoring and review. As the organization evolves and its operating environment changes, new stakeholders may emerge, while existing stakeholders' interests may shift. Therefore, regular reviews of stakeholder identification processes are essential to ensure they remain relevant and effective.

2. List stakeholder groups identified as key for your entity and the frequency of engagement with each stakeholder group.

8. Mechanisms to prevent adverse consequences to the complainant in discrimination and harassment cases.

Preventing adverse consequences to complainants in discrimination and harassment cases is paramount to fostering a safe and inclusive work environment. Mechanisms are in place to ensure that individuals who come forward with complaints are protected from retaliation and further harm. The protection mechanisms include:

- a. Confidential Reporting Channels: Providing confidential avenues for reporting discrimination and harassment cases encourages individuals to come forward without fear of reprisal.
- b. Non-Retaliation Policies: Implementing robust non-retaliation policies is essential to safeguarding complainants from adverse actions or treatment following the filing of a complaint. These policies make it clear that retaliation against individuals who report discrimination or harassment will not be tolerated and will be subject to disciplinary action.
- c. Whistle-blower Protections: Ensuring that complainants are protected under whistle-blower laws and policies reinforces their rights and shields them from retaliation. Whistle-blower protections may include legal safeguards, anonymity provisions, and mechanisms for reporting retaliation.
- d. Supportive Environment: Creating a supportive environment for complainants is crucial for their well-being and confidence in the reporting process. This may involve offering counselling services, legal assistance, or access to employee assistance programs to help individuals cope with the emotional and psychological impact of discrimination or harassment.
- e. Prompt Investigation and Resolution: Conducting thorough and timely investigations into discrimination and harassment complaints is essential for preventing further harm to the complainant. Prompt resolution of complaints demonstrates the organization's commitment to addressing issues swiftly and effectively.
- f. Training and Awareness Program: Providing training and awareness programs on discrimination, harassment, and retaliation helps educate employees about their rights and responsibilities. Training programs also emphasize the importance of creating a respectful and inclusive workplace culture.
- g. Regular Monitoring and Review: Continuously monitoring and reviewing the effectiveness of prevention mechanisms ensures that they remain responsive to the evolving needs of the workforce. Regular assessments help identify gaps or areas for improvement and enable proactive measures to be taken to enhance protection for complainants.

Key Footprints in our ESG Journey

In the contemporary business landscape, the emphasis on environmental, social, and governance principles has become increasingly pronounced. This holistic framework encourages corporations to assess and mitigate their environmental footprint, foster transparent and equitable stakeholder relations, and adhere to high standards of governance and ethical conduct. Acknowledging the integral relationship between sustainable business practices and societal well-being, the BSE has proactively embraced ESG initiatives. These efforts not only reflect a commitment to long-term sustainability but also align with the evolving expectations of investors and consumers.

1. BSE's engagement in social initiatives reflects its commitment to giving back to the community, particularly highlighted by the heartwarming gesture towards underprivileged children during the festive season of Diwali. The visit by BSE's senior management to the Salaam Balak Trust in Mumbai brought joy and smiles to the faces of these young individuals as they were presented with goodie bags.

2. BSE's initiative to organize a beach cleaning drive reflects a conscientious commitment to the Sustainable Development Goal aimed at conserving life below water. By mobilizing efforts to clear litter and pollution from beachfronts, BSE not only helps protect marine ecosystems but also promotes public awareness about the importance of maintaining our natural coastal environments. It is through such direct actions that BSE demonstrates corporate responsibility towards environmental stewardship and sustainable practices, essential for the safeguarding of our planet's precious resources.

3. As a conscientious stock exchange, BSE acknowledges its duty to empower its investors with knowledge and understanding. Through the conduct of widespread investor awareness sessions in collaboration with regulators and market intermediaries, BSE displays its commitment to responsible finance and investor education. The organization notably includes programs tailored for the especially abled, ensuring inclusivity and equal access to crucial financial information.

4. Celebrating International Women’s Day, BSE honoured the occasion by recognizing the indispensable contributions and achievements of women to the corporate sector and society at large. This celebration is reflective of BSE’s commitment to honouring diversity and promoting gender equality within the workplace and the broader community. By acknowledging the talents and successes of women, BSE not only commends the strides made towards inclusivity but also fosters an environment of empowerment and respect.

5. At BSE, the health and well-being of our employees and contractual staff are held in the highest regard. With a firm belief in the maxim that a healthy workforce is the backbone of a robust organization, BSE organized a free medical check-up camp for its employees and contractual staff. This initiative is a testament to our commitment to fostering a work environment that prioritizes health. By providing such essential health services, BSE reinforces a culture of care and preventive attention, ensuring that our team remains healthy, happy, and productive.

6. Demonstrating a spirit of generosity and community support, employees from BSE and its group companies came together for a voluntary donation drive aimed at aiding the underprivileged. The initiative saw active participation from the company's Senior Management, who not only contributed to the donation pool but also took part in the personal distribution of items to orphanages and facilities caring for cancer patients. The drive resonates deeply with the company's values of empathy and service, exemplifying how collective action can foster hope and support within the community.

7. BSE has taken a significant step towards environmental stewardship and sustainability by implementing a rainwater harvesting initiative. This strategic move aligns with Sustainable Development Goal 6, which focuses on ensuring the availability and sustainable management of water and sanitation for all. By collecting and storing rainwater, BSE contributes to the conservation of water resources, reducing the dependency on conventional water supply systems, and mitigating the effects of urban runoff. Rainwater harvesting not only helps in replenishing groundwater levels but also aids in the reduction of water bills and provides a buffer during water scarcity. This practice underscores BSE's commitment to sustainable development by utilizing a simple yet effective means of contributing to water security, echoing the global call for responsible consumption and production patterns outlined in the SDGs.

INDEPENDENT AUDITOR'S REPORT

To the Members of BSE Limited

Report on the Audit of the Consolidated Ind AS Financial Statements

Opinion

We have audited the accompanying consolidated Ind AS financial statements of BSE Limited (hereinafter referred to as "the Holding Company"), its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") and its associates comprising of the consolidated Balance sheet as at March 31, 2024, the consolidated Statement of Profit and Loss, including other comprehensive income, the consolidated Cash Flow Statement and the consolidated Statement of Changes in Equity for the year then ended, and notes to the consolidated financial statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements and on the other financial information of the subsidiaries and associates, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its associates as at March 31, 2024, their consolidated profit/loss including other comprehensive income, their consolidated cash flows and the consolidated statement of changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of

the Consolidated Financial Statements' section of our report. We are independent of the Group and associates in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the financial year ended March 31, 2024. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the consolidated financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of audit procedures performed by us and by other auditors of components not audited by us, as reported by them in their audit reports furnished to us by the management, including those procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

Key audit matters	How our audit addressed the key audit matter
Valuation of investments and its impairment (as described in note 33 of the consolidated Ind AS financial statements)	
<p>The Group has various investments in mutual funds, bonds and debentures of corporates.</p> <p>These investments represent the most significant amount on the balance sheet. The total of these investments aggregating to ₹ 2,38,987 Lakhs represented 25% of total assets of the Company as at March 31, 2024.</p> <p>Investment in bonds are valued at amortised cost and are required to be assessed for the expected credit loss in accordance with Ind AS 109.</p> <p>High degree of management's judgement is involved in estimation of the recoverable amount on these investments and there is inherent uncertainty relating to the assumptions supporting such estimates and risk that the fair value of investments is not determined appropriately, and hence valuation of investments and its impairment is considered as a key audit matter.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> • Assessed the design and implementation of controls over valuation and existence of investments. • For the fair valuation models, understood and assessed the methodology used. Key audit matters	How our audit addressed the key audit matter
Information Technology (IT) systems and controls	
<p>IT systems are an integral part of the business operations of the Group. Since large volume of securities trading transactions are processed by the Group through its trading platform, it is imperative that the IT systems and controls process data as and when expected. Further, it is also essential that any changes to the IT applications are made only after necessary authorizations (Program Change Management) and only authorized personnel have necessary access to the Group's IT systems (User Access Management).</p> <p>In addition to the smooth functioning of the Group's business operations, the IT infrastructure is equally critical for timely and accurate financial reporting process.</p> <p>Due to the pervasive nature and complexity of the IT environment and large volume of transactions we have considered IT systems and controls as a key audit matter</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> Assessed the information systems used by the Company for IT General Controls (ITGC) and Application controls; The aspects covered in the IT General Control audit were (i) User Access Management (ii) Program Change Management (iii) Other related ITGCs; - to understand the design and test the operating effectiveness of such controls in the system; Assessed the changes that were made to the key systems during the audit period and assessing changes that have impact on financial reporting; Performed tests of controls (including other compensatory controls wherever applicable) on the IT application controls and IT dependent manual controls in the system. Tested the design and operating effectiveness of compensating controls, where deficiencies were identified and, where necessary, extended the scope of our substantive audit procedures.
Provisions for litigation and claims (as described in note 37 of the consolidated Ind AS financial statements)	
<p>There are certain demands raised by regulatory authorities, employees and others against the Group which have been disputed by the Group giving rise to pending litigations at various appellate and judicial forums.</p> <p>In order to assess the impact of such pending litigations against the Group on the its financial statements, the management is required to exercise significant judgement to determine whether an obligation exists as at reporting date requiring a provision and / or disclosure in the financial statements in accordance with the criteria set under IND AS 37 - Provisions, Contingent Liabilities and Contingent Assets. This involves an estimation, by the management, of the outflow of economic resources to settle the present obligation.</p> <p>Considering the high degree of judgement involved in estimation of the impact and in view of the significance of the pending litigations to the overall financial statements, this area is considered as a key audit matter.</p>	<ul style="list-style-type: none"> Obtained and evaluated the Group accounting policy in relation to accounting, assessing and disclosure of claims against the Group. Understood the design and tested the operating effectiveness of the Group's key controls over the identification, estimation, monitoring and disclosure of provisions for litigations and claims. Obtained independent confirmations from lawyers in respect of cases outstanding having material amount involved. Obtained the list of pending legal cases from the management and scrutinized the legal expenses to correlate with the list provided. Examined the relevant correspondence with regulators to assess developments in key areas and litigation reports to identify potentially material cases. Reviewed the Board and other board level committee meeting minutes to assess the effectiveness of management's review controls and conclusions reached. For the significant provisions made, understood and assessed the provisioning methodology. Tested the underlying data and assumptions used in the determination of the provisions recorded, including expected claim rates. For cases where a provision was not recognized, evaluated the adequacy of disclosure made in the Consolidated Ind AS financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included

in the Annual Report, but does not include the consolidated financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether such other information is materially inconsistent with the consolidated Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Board of Directors for the Consolidated Ind AS Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group including its associates in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. The respective Board of Directors of the companies included in the Group and of its associates are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of their respective companies and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associates are responsible for assessing the ability of their respective companies to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those respective Board of Directors of the companies included in the Group and of its associates are also responsible for overseeing the financial reporting process of their respective companies.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's

report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associates to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associates to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associates of which we are the independent auditors and whose financial information we have audited, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other

entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the financial year ended March 31, 2024 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

We did not audit the financial statements and other financial information, in respect of seven subsidiaries, whose Ind AS financial statements include total assets of ₹ 5,66,208 Lakhs as at March 31, 2024, and total revenues of ₹ 55,652 and net cash inflow of ₹ 1,59,355 for the year ended on that date. These financial statement and other financial information have been audited by other auditors, which financial statements, other financial information and auditor's reports have been furnished to us by the management. Our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on the report(s) of such other auditors.

Our opinion above on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements and other financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

Re: BSE Limited

Annexure 2 referred to in paragraph 1(f) under the heading “Report on other legal and regulatory requirements” of our report of even date

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the consolidated Ind AS financial statements of BSE Limited (hereinafter referred to as the “Holding Company”) as of and for the year ended March 31, 2024, we have audited the internal financial controls with reference to consolidated Ind AS financial statements of the Holding Company and its subsidiaries (the Holding Company and its subsidiaries together referred to as “the Group”) and its associates, which are companies incorporated in India, as of that date.

Management’s Responsibility for Internal Financial Controls

The respective Board of Directors of the companies included in the Group and its associates, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Holding Company’s internal financial controls with reference to consolidated Ind AS financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both, issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated Ind AS financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated Ind AS financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated Ind AS financial

statements included obtaining an understanding of internal financial controls with reference to consolidated Ind AS financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated Ind AS financial statements.

Meaning of Internal Financial Controls With Reference to Consolidated Ind AS Financial Statements

A company’s internal financial control with reference to consolidated Ind AS financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control with reference to consolidated Ind AS financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Consolidated Ind AS Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated Ind AS financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated Ind AS financial statements to future periods are subject to the risk that the internal financial controls with reference to consolidated Ind AS financial statements may become inadequate because

of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Group and its associates, which are companies incorporated in India, have, maintained in all material respects, adequate internal financial controls with reference to consolidated Ind AS financial statements and such internal financial controls with reference to consolidated Ind AS financial statements were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Other Matter

Our report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to

consolidated Ind AS financial statements of the Holding Company, in so far as it relates to all seven subsidiaries, which are companies incorporated in India, is based on the corresponding reports of the auditors of such subsidiaries.

Material accounting policies and notes to the Consolidated Financial Statements for the year ended March 31, 2024 (Rupees in Lakhs, except share and per share data, unless otherwise stated)

1. COMPANY OVERVIEW

BSE Limited (formerly known as Bombay Stock Exchange Limited) herein after referred to as the “The Exchange” or “The Company” was established in 1875 and is Asia’s first Stock Exchange and one of India’s leading exchange groups. The registered office of the Company is at 25th floor, P. J. Towers, Dalal Street, Mumbai 400 001, Maharashtra, India. Over the past 149 years, BSE has provided a capital-raising platform and provided a platform for trading in equity, debt instruments, derivatives and mutual funds. It also has a platform for trading in equities of small-and-medium enterprises (SME). Pursuant to the BSE (Corporatization and Demutualization) Scheme, 2005 (the Scheme) notified by Securities and Exchange Board of India (“SEBI”) on May 20, 2005, the Exchange completed Demutualization and Corporatization in May 2007 bringing about the separation of the ownership and management.

The equity shares of the Company are listed on the National Stock Exchange of India Limited (NSE).

The Consolidated financial statements were authorized for issue by the Company’s Board of Directors on May 08, 2024.

2. MATERIAL ACCOUNTING POLICIES

2.1 Basis of preparation and presentation

2.1.1 Statement of compliance

The Consolidated financial statements as at and for the year ended March 31, 2024 have been prepared in accordance with Indian Accounting Standards (“Ind AS”) notified under the Companies (Indian Accounting Standards) Rules, (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III), as applicable to the standalone financial statements.

The Group has prepared the consolidated financial statements on the basis that it will continue to operate as a going concern.

2.1.2 Basis of consolidation

The Company consolidate entities which it owns or controls. The consolidated financial statements comprise the financial statements of the Company, its subsidiaries and associate (“the Group”). Control exists when the Parent has power over the entity, is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns by using its power over the entity. Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affect the entity’s returns. Subsidiaries are consolidated from the date control commences until the date control ceases.

The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

When the Company has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Company considers all relevant facts and circumstances in assessing whether or not the Company’s voting rights in an investee are sufficient to give it power, including:

- a) the size of the Company’s holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- b) potential voting rights held by the Company, other vote holders or other parties;
- c) rights arising from other contractual arrangements; and
- d) any additional facts and circumstances that indicate that the Company has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders’ meetings.

Consolidation of a subsidiary begins when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit and loss from the date the Company gains control until the date when the Company ceases to control the subsidiary.

Material accounting policies and notes to the Consolidated Financial Statements for the year ended March 31, 2024 (Rupees in Lakhs, except share and per share data, unless otherwise stated)

2. MATERIAL ACCOUNTING POLICIES (Contd.)..

Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the Consolidated financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies.

All intragroup assets and liabilities, equity, income, expenses, and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

Goodwill

Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business less accumulated impairment losses, if any.

For the purposes of impairment testing, goodwill is allocated to each of the Group's cash-generating units (or groups of cash-generating units) that is expected to benefit from the synergies of the combination.

A cash-generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised directly in the statement of profit and loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

On disposal of the relevant cash-generating unit, the attributable amount of goodwill is included in the determination of the profit or loss on disposal.

Changes in the Group's ownership interests in existing subsidiaries

Changes in the Group's ownership interests in subsidiaries that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

When the Group loses control of a subsidiary, a gain or loss is recognised in profit or loss and is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interests. All amounts previously recognised in other comprehensive income in relation to that subsidiary are accounted for as if the Group had directly disposed of the related assets or liabilities of the subsidiary (i.e., reclassified to profit or loss or transferred to another category of equity as specified / permitted by applicable Ind AS). The fair value of any investment retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under Ind AS 109, or, when applicable, the cost on initial recognition of an investment in an associate.

Accounting for investments in associates

Associates are entities over which the Group has significant influence but not control. Investments in associates are accounted for using the equity method of accounting. The investment is initially recognised at cost, and the carrying amount is increased or decreased to recognise the investor's share of the profit or loss of the investee after the acquisition date.

2.1.3 Basis of measurement

The Consolidated financial statements have been prepared on a historical cost convention and on an accrual basis, except for certain items that are measured at fair value as required by relevant Ind AS:

- (i) Financial assets and financial liabilities measured at fair value (refer accounting policy on financial instruments);
- (ii) Defined benefit and other long-term employee benefits.

2.1.4 Functional and presentation currency

The consolidated financial statements of the Group are presented in Indian rupees, the national currency of India, which is the functional currency of the Group and the currency of the primary economic environment in which the Group operates. All financial information presented in Indian rupees has been rounded to the nearest Lakhs except share and per share data in terms of Schedule III unless otherwise stated.

Material accounting policies and notes to the Consolidated Financial Statements for the year ended March 31, 2024 (Rupees in Lakhs, except share and per share data, unless otherwise stated)

2. MATERIAL ACCOUNTING POLICIES (Contd.)..

However, in case of three subsidiaries i.e., India International Exchange (IFSC) Limited, India International Clearing Corporation (IFSC) Limited and India INX Global Access IFSC Limited, United State Dollar (USD) is the functional currency and the currency of the primary economic environment in which these Companies operate. The consolidated financial statements are presented in Indian Rupees. The presentation currency is different from functional currency to comply with Income tax and other statutory law.

2.1.5 Use of estimates and judgment

The preparation of consolidated financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses disclosure of contingent assets and disclosure of contingent liabilities. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected. In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the consolidated financial statements is included in the following notes:

- (i) Defined employee benefit assets / liabilities determined based on the present value of future obligations using assumptions determined by the Group with advice from an independent qualified actuary.
- (ii) *Depreciation and amortization expenses:* The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful life and residual values of the Company's assets at the end of its useful life are estimated by management at the time the asset is acquired and reviewed periodically, including at each financial year end. The useful life are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.
- (iii) *Impairment of trade receivables:* The Group estimates the probability of collection of accounts receivable by analyzing historical payment patterns, customer status, customer credit-worthiness and current economic trends. If the financial condition of a customer deteriorates, additional allowances is made.
- (iv) *Fair value measurement of financial instruments:* When the Company opts to fair value equity instruments through profit and loss account, it estimates fair values of the unquoted equity shares using discounted cash flow model. The valuation requires management to make certain assumptions about the model inputs, including forecast cash flows, discount rate, credit risk and volatility, the probabilities of the various estimates within the range can be reasonably assessed and are used in management's estimate of fair value for these unquoted equity investments (refer note 33).

2.1.6 Summary of material accounting policies

(i) Foreign currency transactions and balances

Transactions in foreign currency are translated into the respective functional currencies using the exchange rates prevailing at the dates of the respective transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at the exchange rates prevailing at reporting date of monetary assets and liabilities denominated in foreign currencies are recognised in the Statement of Profit and Loss and reported within foreign exchange gains / (losses).

Income and expenses of the entities / operations in other than Indian currency are translated at average rates and the assets and liabilities are translated at closing rate. The net impact of such changes are accounted under other comprehensive income.

(ii) Investment properties

Investment properties are properties held to earn rentals and / or for capital appreciation (including properties under construction for such purposes). Investment properties are measured initially at cost including transaction costs, subsequent to initial recognition, investment properties are measured in accordance with Ind AS 16's requirements for cost model.

Material accounting policies and notes to the Consolidated Financial Statements for the year ended March 31, 2024
(Rupees in Lakhs, except share and per share data, unless otherwise stated)

2. MATERIAL ACCOUNTING POLICIES (Contd.)..

The estimated useful life of assets for the current and comparative period of investment property are as follows:

Category	Useful life
Buildings	60 years

Freehold land is not depreciated.

Investment property is derecognised upon disposal or when the investment property permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of the investment property is included in the Statement of Profit or Loss in the period in which the investment property is derecognised.

(iii) Investment in subsidiaries (not consolidated)

Investment in subsidiaries not consolidated is measured at cost less provision for impairment loss, if any. Dividend income from subsidiaries not consolidated is recognised when its right to receive the dividend is established.

(iv) Financial instruments

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instruments.

All financial instruments are recognised initially at fair value. Transaction costs that are attributable to the acquisition of the financial asset (other than financial assets recorded at fair value through profit or loss) are included in the fair value of the financial assets. Purchase or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trade) are recognised on trade date.

For the purpose of subsequent measurement, financial instruments of the Group are classified in the following categories: financial assets comprising amortised cost, financial assets (debt instruments) at fair value through other comprehensive income (FVTOCI), equity instruments at FVTOCI and fair value through profit and loss account (FVTPL), financial liabilities at amortised cost or FVTPL.

The Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset, and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognised from the Group's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

The classification of financial instruments depends on the objective of the business model for which it is held. Management determines the classification of its financial instruments at initial recognition.

Financial assets

(a) Financial assets (debt instrument) at amortised cost

A financial asset shall be measured at amortised cost if both of the following conditions are met:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding (SPPI).

They are presented as current assets, except for those maturing later than 12 months after the reporting date which are presented as non-current assets. Financial assets are measured initially at fair value plus transaction costs and subsequently carried at amortized cost using the effective interest method, less any impairment loss.

Amortised cost are represented by investment in interest bearing debt instruments, trade receivables, security deposits, cash and cash equivalents, employee and other advances and eligible current and non-current assets.

Material accounting policies and notes to the Consolidated Financial Statements for the year ended March 31, 2024 (Rupees in Lakhs, except share and per share data, unless otherwise stated)

2. MATERIAL ACCOUNTING POLICIES (Contd.)..

Cash and cash equivalents comprise cash on hand and in banks and demand deposits with banks with original maturity less than 3 months which can be withdrawn at any time without prior notice or penalty on the principal.

For the purposes of the cash flow statement, cash and cash equivalents include cash on hand, in banks and demand deposits with banks, net of outstanding bank overdrafts that are repayable on demand, book overdraft and are considered part of the Group's cash management system.

(b) Equity instruments at FVTPL

All equity instruments are measured at fair value. Equity instruments held for trading is classified as FVTPL. The Group makes such election on an instrument-by-instrument basis.

If the Group decides to classify an equity instrument as at FVTPL, then all fair value changes on the instrument and dividend are recognised in Profit or Loss.

(c) Financial assets at FVTPL

There are no financial assets which have been classified as FVTOCI. FVTPL is a residual category for financial assets. Any financial asset which does not meet the criteria for categorization as at amortised cost or as FVTOCI, is classified as FVTPL.

Earmarked Funds: Earmarked Funds represent deposits, margins, etc. held for specific purposes, such as Investor services funds (ISF), deposits received from members and corporates, etc. These amounts are invested and the same are earmarked in the Balance Sheet. Investment income earned on financial instrument measured at amortised cost is credited to respective earmarked liabilities and not credited to the Statement of Profit or Loss. The Gain / (Loss) on Fair Value of the investments from these earmarked funds are shown as liabilities / asset and are not routed through the Profit or Loss.

Financial liabilities

(a) Financial liabilities at amortised cost

Financial liabilities at amortised cost represented by trade and other payables are initially recognised at fair value, and subsequently carried at amortized cost using the effective interest method.

(b) Financial liabilities at FVTPL

Financial liabilities at FVTPL represented by contingent consideration that are measured at fair value with all changes recognised in the Statement of Profit and Loss.

Equity Instruments (Share capital)

Ordinary shares: - Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares or buyback of existing equity shares are recognised as a deduction from equity, net of any tax effect (if any).

(v) Fair value of financial instruments

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized.

(vi) Property, plant and equipment

(a) Recognition and measurement: Property, plant and equipment are measured at cost less accumulated depreciation and impairment losses, if any. The cost comprises the purchase price and any attributable cost of bringing the assets to its working condition for its intended use.

Material accounting policies and notes to the Consolidated Financial Statements for the year ended March 31, 2024
(Rupees in Lakhs, except share and per share data, unless otherwise stated)

2. MATERIAL ACCOUNTING POLICIES (Contd.)..

- (b) Depreciation: The Group depreciates property, plant and equipment over the estimated useful life on a written down method basis from the date the assets are ready for intended use including for assets acquired under finance lease. Further, subsidiary Companies India International Exchange (IFSC) Limited, India International Clearing Corporation (IFSC) Limited and India INX Global Access IFSC Limited depreciates property, plant and equipment over the estimated useful life on a Straight-Line method basis from the date the assets are ready for intended use. However, assets acquired under finance lease and leasehold improvements are amortized over the lower of estimated useful life and lease term if there is no reasonable certainty that the Group will obtain ownership by the end of lease term. The estimated useful lives of assets for the current and comparative period of significant items of property, plant and equipment as prescribed by Schedule II of the Companies Act, 2013 which are as follows:

Category	Useful life
Buildings	60 years
Leasehold Buildings	30 years
Plant and Equipments	15 years
Electrical installations	10 years
Computers Hardware and Networking Equipments	3-6 years
Furniture, fixtures and Office equipment	5-10 years
Motor vehicles	3-8 years

Freehold land is not depreciated.

Depreciation methods, useful lives and residual values are reviewed at each reporting date. With the effect of any changes in estimate accounted for on a prospective basis.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment. Subsequent expenditure relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Group and the cost of the item can be measured reliably. Repairs and maintenance costs are recognised in the Profit or Loss when incurred. The cost and related accumulated depreciation are eliminated from the consolidated financial statements upon sale or disposition of the asset and the resultant gains or losses are recognised in the Statement of Profit and Loss. The date of disposal of an item of property, plant and equipments is the date the recipient obtains control of that item in accordance with the requirements for determining when a performance obligation is satisfied in Ind AS 115.

Amounts paid towards the acquisition of property, plant and equipment outstanding as of each reporting date and the cost of property, plant and equipment not ready for intended use before such date are disclosed under capital work- in-progress.

(vii) Intangible assets

Intangible assets are stated at cost less accumulated amortization and impairment. Intangible assets are amortized over their respective estimated useful lives on a written down value basis, from the date that they are available for use. Further, intangible assets of subsidiary Companies India International Exchange (IFSC) Limited, India International Clearing Corporation (IFSC) Limited, India INX Global Access IFSC Limited, BSE Technologies Private Limited and BSE Tech Infra Services Private Limited are amortized over their respective estimated useful lives on a straight-line basis, from the date that they are available for use. The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence, demand, competition and other economic factors (such as the stability of the industry and known technological advances) and the level of maintenance expenditures required to obtain the expected future cash flows from the asset.

Material accounting policies and notes to the Consolidated Financial Statements for the year ended March 31, 2024 (Rupees in Lakhs, except share and per share data, unless otherwise stated)

2. MATERIAL ACCOUNTING POLICIES (Contd.)..

The estimated useful life of intangibles are as follows:

Category	Useful life
Computer software	3-6 years

Amortisation methods, useful lives and residual values are reviewed at each reporting date, with the effect of any changes in estimate accounted for on a prospective basis.

Derecognition of intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, and are recognised in statement of profit and loss when the asset is derecognised.

(viii) Impairment

(a) Financial assets carried at amortised cost

In accordance with Ind AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss. The Group follows 'simplified approach' for recognition of impairment loss allowance on trade receivable.

The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If in subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12 month ECL. Lifetime ECLs are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12 month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date. ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- All contractual terms of the financial instrument (including prepayment, extension etc.) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

The Group has used a practical expedient by computing the expected credit loss allowance for trade receivable based on a detailed analysis of trade receivable by individual departments.

ECL impairment loss allowance (or reversal) recognised during the period is recognised as income / expense in the Statement of Profit and Loss.

Financial assets measured at amortised cost, contractual revenue receivable: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write off criteria, the Group does not reduce impairment allowance from the gross carrying amount.

(b) Impairment of equity investments measured at cost

Investments in subsidiaries (not considered for consolidation) are measured at cost are tested for impairment at the end of each reporting period. Any impairment loss is recognized in the consolidated statement of profit and loss, if the amount of impairment loss decreases subsequently then the previously recognized impairment loss is reversed in the consolidated statement of profit and loss.

Material accounting policies and notes to the Consolidated Financial Statements for the year ended March 31, 2024
(Rupees in Lakhs, except share and per share data, unless otherwise stated)

2. MATERIAL ACCOUNTING POLICIES (Contd.)..

(c) Non-financial assets

The Group assesses at each reporting date whether there is any observable evidence that a non-financial asset or a group of non-financial assets is impaired. If any such indication exists, the Group estimates the amount of impairment loss. An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognised in profit or loss and reflected in an allowance account. When the Group considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment loss was recognised, then the previously recognised impairment loss is reversed through profit or loss.

The recoverable amount of an asset or cash-generating unit (as defined below) is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit").

(d) Impairment of Goodwill

Goodwill is tested for impairment on an annual basis. Any Impairment loss for goodwill is recognized in the statement of profit and loss. An Impairment loss recognized for goodwill is not reversed in subsequent periods.

(ix) Employee benefit

The Group has the following employee benefit plans:

(a) Gratuity

In accordance with the Payment of Gratuity Act, 1972, the Group provides for a lump sum payment to eligible employees, at retirement or termination of employment based on the last drawn salary and years of employment with the Group. The Group's obligation in respect of the gratuity plan, which is a defined benefit plan, is provided for based on actuarial valuation using the projected unit credit method.

Actuarial gains or losses are recognised in other comprehensive income. Further, the profit or loss does not include an expected return on plan assets. Instead, net interest recognised in profit or loss is calculated by applying the discount rate used to measure the defined benefit obligation to the net defined benefit liability or asset. The actual return on the plan assets above or below the discount rate is recognised as part of re-measurement of net defined liability or asset through other comprehensive income.

Remeasurements comprising actuarial gains or losses and return on plan assets (excluding amounts included in net interest on the net defined benefit liability) are not reclassified to profit or loss in subsequent periods.

(b) Compensated absences

The employees of the Group are entitled to compensated absences. The employees can carry forward a portion of the unutilised accumulating compensated absences and utilise it in future periods or receive cash at retirement or termination of employment. The Group records an obligation for compensated absences in the period in which the employee renders the services that increases this entitlement. The Group measures the expected cost of compensated absences as the additional amount that the Group expects to pay as a result of the unused entitlement that has accumulated at the end of the reporting period. The Group recognises accumulated compensated absences based on actuarial valuation. Non-accumulating compensated absences are recognised in the period in which the absences occur. The Group recognises actuarial gains and losses immediately in the Statement of Profit and Loss.

(c) Provident fund, pension fund and new national pension scheme:

The Group offers its employees defined contribution plan in the form of provident fund, family pension fund and new national pension scheme. The Company recognises contribution made towards provident fund, family pension fund and new national pension scheme in the Statement of Profit and Loss.

Material accounting policies and notes to the Consolidated Financial Statements for the year ended March 31, 2024 (Rupees in Lakhs, except share and per share data, unless otherwise stated)

2. MATERIAL ACCOUNTING POLICIES (Contd.)..

The Company, Indian Clearing Corporation Limited, BSE Sammaan CSR Limited and BSE Institute Limited and its employees' contribution to provident fund is managed by BSE Employees' Provident Fund Trust. The trust invests in specific designated instruments as permitted by Indian law. The remaining portion is contributed to the government administered pension fund. The rate at which the annual interest is payable to the beneficiaries by the trust is being administered by the Government. The Group has an obligation to make good the shortfall, if any, between the return from the investments of the Trust and the notified interest rate.

(x) Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset, if it is virtually certain that reimbursement will be received, and the amount of the receivable can be measured reliably.

Provisions for onerous contracts are recognised when the expected benefits to be derived by the Group from a contract are lower than the unavoidable costs of meeting the future obligations under the contract. Provisions for onerous contracts are measured at the present value of lower of the expected net cost of fulfilling the contract and the expected cost of terminating the contract.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability.

Provisions are reviewed at each balance sheet date adjusted to reflect the current best estimates. Contingent liabilities are recognized when economic outflow is probable and disclosed when economic outflow is possible. Contingent assets are not disclosed but recognized when economic inflow is certain.

(xi) Revenue

The Group has applied Ind AS 115 Revenue from Contracts with Customers which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised.

The Group derives revenue primarily from Securities Services (mainly consist of transaction charges), Services to Corporate (mainly consist of listing and book building fees) and Data Dissemination. The Group recognises revenue when the significant terms of the arrangement are enforceable, services have been delivered and the collectability is reasonably assured. The method for recognizing revenues and costs depends on the nature of the services rendered:

(a) Revenue

- Transaction charges – revenue in respect of transactions on the exchange platform is recognised at a point in time as an when the transaction occurs. The revenue is measured as per the specified rate.
- Listing fees – revenue for listing fees is recognised on a straight-line basis over a period to which they relate.
- Book building fees – revenue is recognised at a point in time on completion of the book building process.

(b) Others

Other services – all other revenue is recognised in the period in which the performance obligation is satisfied over a period of time or point in time.

The Group accounts for volume discounts and pricing incentives to customers by reducing the amount of revenue recognised at the time of sale / services rendered. Revenues are shown net of goods and service tax and applicable discounts and allowances.

Material accounting policies and notes to the Consolidated Financial Statements for the year ended March 31, 2024 (Rupees in Lakhs, except share and per share data, unless otherwise stated)

2. MATERIAL ACCOUNTING POLICIES (Contd.)..

(xii) Investment income and interest expense

Investment income consists of interest income on funds invested, dividend income and gains on the disposal of financial assets measured at FVTPL and amortised cost.

Interest income on bond is recognised as it accrues in the Profit or Loss, using the effective interest rate (EIR) method and interest income on deposits with banks is recognised on a time proportion accrual basis taking into the account the amount outstanding and the rate applicable.

Dividend income is recognised in the Profit or Loss on the date that the Group's right to receive payment is established.

Interest expenses consist of interest expense on loans, borrowings and finance lease. Borrowing costs are recognised in the Profit or Loss using the effective interest method.

(xiii) Income tax

Income tax comprises current and deferred tax. Income tax expense is recognised in the Profit or Loss except to the extent it relates to items directly recognised in equity or in other comprehensive income.

(a) Current income tax

Current income tax for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities based on the taxable income for the period. The tax rates and tax laws used to compute the current tax amount are those that are enacted at the reporting date and applicable for the period. The Group offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognised amounts and where it intends either to settle on a net basis or to realize the asset and liability simultaneously.

(b) Deferred income tax

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in consolidated financial statements, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of the transaction.

Deferred income tax asset are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized. Deferred income tax liabilities are recognised for all taxable temporary differences. Deferred tax liabilities are also recognised for taxable temporary differences associated with investments in subsidiaries and associates, and interests in joint ventures, except where the Company is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized. Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax assets include Minimum Alternate Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. Accordingly, MAT is recognised as deferred tax asset in the balance sheet when the asset can be measured reliably, and it is probable that the future economic benefit associated with the asset will be realised.

(xiv) Earnings per share

The Group reports basic and diluted earnings per share in accordance with Ind AS 33 on Earnings per share. Basic earnings per share is computed using the weighted average number of equity shares outstanding during the period.

Material accounting policies and notes to the Consolidated Financial Statements for the year ended March 31, 2024 (Rupees in Lakhs, except share and per share data, unless otherwise stated)

2. MATERIAL ACCOUNTING POLICIES (Contd.)..

Diluted earnings per share is computed by dividing the net profit after tax by the weighted average number of equity shares considered for deriving basic earnings per share and also weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for bonus shares, consolidation of shares, etc. as appropriate.

(xv) Current / Non-current classification

The Group present assets and liabilities in the balance sheet based on current / non-current classification

Assets: An asset is classified as current when it satisfies any of the following criteria:

- (a) it is expected to be realised in, or is intended for sale or consumption in, the entity's normal operating cycle;
- (b) it is held primarily for the purpose of being traded;
- (c) it is expected to be realised within twelve months after the balance sheet date; or
- (d) it is cash or a cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the balance sheet date
- (e) All other assets are classified as non-current.

Liabilities: A liability is classified as current when it satisfies any of the following criteria:

- (a) it is expected to be settled in, the entity's normal operating cycle;
- (b) it is held primarily for the purpose of being traded; it is due to be settled within twelve months after the balance sheet date; or
- (c) the Group does not have an unconditional right to defer settlement of the liability for at least twelve months after the balance sheet date.
- (d) All other liabilities are classified as non-current.
- (e) Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Operating Cycle

Based on the nature of products / activities of the Group and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Group has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

(xvi) Cash & Cash Equivalents

Cash and cash equivalent in the balance sheet comprise balances at banks and on hand and short-term deposits with an original maturity of three months or less, that are readily convertible to a known amount of cash and subject to an insignificant risk of changes in value.

For the purpose of the standalone statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above as they are considered an integral part of the Company's cash management.

(xvii) Dividend distribution

The Company recognises a liability to pay dividend to equity holders of the parent when the distribution is authorised, and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

(xviii) Government grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related

Material accounting policies and notes to the Consolidated Financial Statements for the year ended March 31, 2024 (Rupees in Lakhs, except share and per share data, unless otherwise stated)

2. MATERIAL ACCOUNTING POLICIES (Contd.)..

costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income over the periods and in the proportions in which depreciation expense on those assets is recognised.

(xix) Core Settlement Guarantee Fund (Core SGF):

As per SEBI vide circular no. CIR/MRD/DRMNP/25/2014 dated August 27, 2014 every recognised clearing corporation shall establish and maintain a Fund for each segment, to guarantee the settlement of trades executed in that respective segment of a recognised stock exchange. The Clearing Corporation shall have a fund called Core SGF for each segment to guarantee the settlement of trades executed in the respective segment. In the event of a clearing member (member) failing to honour settlement commitments, the Core SGF shall be used to fulfil the obligations of that member and complete the settlement without affecting the normal settlement process. The Core SGF shall be contributed by Clearing Corporation (ICCL), Stock exchange BSE Ltd (BSE), National Stock Exchange of India Limited (NSE), Metropolitan Stock Exchange of India Ltd (MSE) and the clearing members, in a manner as prescribed by SEBI. This fund is represented by earmarked Core SGF investments. The income earned on such investments (ICCL) is credited to the respective contributor's funds. Penalties and fines levied by the Company are directly transferred to Core SGF as Other Contributions.

(xx) Accounting Pronouncements effective from current financial year

The Ministry of Corporate Affairs has notified Companies (Indian Accounting Standards) Amendment Rules, 2023 dated March 31, 2023 to amend the following Ind AS which are affective for annual periods beginning on or after April 1, 2023. Accordingly, the Company has applied these amendments for the first-time.

(a) Definition of Accounting Estimates – Amendments to Ind AS – The amendments clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. It has also been clarified how entities use measurement techniques and inputs to develop accounting estimates.

The amendments had no impact on the Company's consolidated financial statements.

(b) Disclosure of Accounting Policies – Amendments to Ind AS 1 – The amendments aim to help entities provide accounting policy disclosures that are more useful by replacing the requirement for entities to disclose their 'significant' accounting policies with a requirement to disclose their 'material' accounting policies and adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures.

The amendments have had an impact on the Company's disclosures of accounting policies, but not on the measurement, recognition or presentation of any items in the Company's financial statements.

(c) Deferred Tax related to Assets and Liabilities arising from a Single Transaction – Amendments to Ind AS 12 – The amendments narrow the scope of the initial recognition exception under Ind AS 12, so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences.

The amendments had no impact on the Company's standalone financial statements.

14. Equity Share Capital (Contd.)..

- (a) The Exchange has only one class of shares referred to as equity shares having a par value of ₹ 2/- . Each holder of equity shares is entitled to one vote per share.
- (b) Pursuant to the BSE (Corporatisation & Demutualisation) Scheme, 2005, (the Scheme) the Exchange had allotted 5,000 equity shares of ₹ 2/- each to each of those card based Members of the erstwhile Bombay Stock Exchange Limited whose names appeared on the Register of Members under Rule 64 in accordance with Rules, Bye-laws and Regulations, on the Record Date fixed for the purpose.
- (c) Out of the total 4,77,75,000 equity shares of ₹ 2/- (including 4,41,00,000 bonus shares of ₹ 2/- each) issuable to the card based Members, the Exchange has allotted 4,71,25,000 equity shares (4,71,25,000 equity shares as on March 31, 2023) upon implementation of the BSE (Corporatisation and Demutualisation) Scheme, 2005 ("The Scheme"). The remaining allotment of 6,50,000 equity shares (7,15,000 equity shares as on March 31, 2023) of ₹ 2/- each have been kept in abeyance for specific reasons pursuant to the provisions of the Scheme. However, all corporate benefits as declared from time to time, including dividend and bonus are accrued to all the 4,77,75,000 equity shares, as per the provisions of the Scheme. During the previous year 1,95,000 equity shares were released from share kept in abeyance and accordingly added to paidup equity share capital.
- (d) As a part of the Demutualisation process, the Exchange in order to fulfill its obligations under the Scheme and the Securities Contracts (Regulation) (Manner of Increasing and Maintaining Public Shareholding in Recognised Stock Exchanges) Regulations, 2006 (the SEBI Regulations) dated 13th November, 2006, and further amendments thereto on 23rd December, 2008, had issued shares to Deutsche Boerse AG (DBAG) and Singapore Exchange Limited (SGX).
- (e) i) The holders of equity shares are entitled to dividends, if any, proposed by the board of directors and approved by the shareholder at the Annual General Meeting.
- ii) In the event of liquidation of the Company, the holders of equity shares will be entitled to receive any of the remaining assets of the Company, after distribution of preferential amounts. However, no such preferential amounts exists currently. The distribution will be in proportion to the number of equity shares held by the shareholders.
- (f) Details of shareholder holding more than 5 % of the Share Capital of the Company is as below:

15. Other equity excluding non-controlling interests (Contd.)..

15.1 General reserve

The general reserve created from time to time by transfer of profits from retained earnings for appropriation purposes. As the General reserve created by a transfer from one component of equity to another and is not an item of other comprehensive income, items included in general reserve will not be reclassified to the Statement of Profit and Loss.

During the previous year ₹ 4 is utilised towards issue of bonus shares.

15.2 Capital reserve

Pursuant to the BSE (Corporatisation & Demutualisation) Scheme, 2005, (the Scheme) the balance in Contribution by Members, Forfeiture of Members Application Money, Technology Reserve, Stock Exchange building, Seth Chunnilal Motilal Library, Charity, Income and Expenditure Account as at 19th August, 2005 as appearing in the Exchange are transferred to Capital Reserve being reserves which shall not be used for purposes other than the operations of the Exchange.

15.3 Retained earnings

The same reflects surplus/deficit after taxes in the Profit or Loss. The amount that can be distributed by the Parent Company as dividends to its equity shareholders is determined based on the balance in this reserve and also considering the requirements of the Companies Act, 2013.

The management assessed that fair value of cash and short-term deposits, trade receivables, trade payables and other current financial assets and financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

- The fair value of the quoted bonds and debentures are based on price quotations at reporting date. The fair value of unquoted instruments and other financial liabilities, as well as other non-current financial liabilities is estimated by discounting future cash flows using rates currently available for debt on similar terms, credit risk and remaining maturities except for unquoted instruments where observable inputs are available.
- The fair values of the unquoted equity shares have been estimated using a discounted cash flow model. The valuation requires management to make certain assumptions about the model inputs, including forecast cash flows, discount rate, credit risk and volatility, the probabilities of the various estimates within the range can be reasonably assessed and are used in management's estimate of fair value for these unquoted equity investments.
- In determining fair value measurement, the impact of potential climate-related matters, including legislation, which may affect the fair value measurement of assets and liabilities in the financial statements has been considered.

Fair value hierarchy

- Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).
- Level 3 – Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

Material accounting policies and notes to the Consolidated Financial Statements for the year ended March 31, 2024 (Rupees in Lakhs, except share and per share data, unless otherwise stated)

Except as detailed in the above table, the Group consider that the carrying amounts of financial assets and financial liabilities recognised in the balance sheet approximate their fair values.

There were no transfers between Level 1 and 2 in the period.

34. Financial risk management

The Group's principal financial liabilities comprise of trade and other payables. The main purpose of these financial liabilities is to support its operations. The Group's principal financial assets include trade and other receivables, and cash and short-term deposits that derive directly from its operations.

The Group's activities expose it to a variety of financial risks: credit risk, liquidity risk, market risk (including foreign currency and interest rate risk), regulatory risk and clearing & settlement risk. The Group's primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The Group's exposure to credit risk is influenced mainly by the individual characteristic of each customer and the concentration of risk from the top few customers.

One of the subsidiaries of the Group, ICCL's primary objective as a recognised Clearing Corporation providing full novation, is to manage the risk arising out of Clearing and Settlement activities i.e., Credit, Liquidity, Settlement, Collateral, Operational among others. The primary focus is to implement measures that mitigate these risks and minimise potential adverse effects on the performance of ICCL. ICCL has a dedicated risk management function and a Risk Management Committee comprising of Independent Directors and outside experts. The Chief Risk Officer has a dual reporting – to the Managing Director & CEO as well as the Risk Management Committee.

It is the Group's policy that no trading in derivative for speculative purposes maybe undertaken. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below:

Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations and arises principally from the Group's receivables from customers and investment securities. Credit risk arises from cash held with banks and financial institutions, as well as credit exposure to clients, including outstanding accounts receivable. The maximum exposure to credit risk is equal to the

34. Financial risk management (Contd.)..

carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Group assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

- **Trade and other receivables**

The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer.

The demographics of the customer, including the default risk of the industry in which the customer operates, also has an influence on credit risk assessment.

The Group provides the stock exchange services to its listed customers and registered members (who have provided the collaterals and other securities for trading done on its platform), hence the Group operates with large number of customers portfolio and its revenue is not concentrated on small number of customers.

None of the customers accounted for more than 10% of the receivables and revenue for the year ended March 31, 2024 and March 31, 2023.

- **Investments**

The Group limits its exposure to credit risk by making investment as per the investment policy. The Group addresses credit risk in its investments by mandating a minimum rating against the security / institution where the amounts are invested and is further strengthened by mandating additional requirement like Capital Adequacy Ratio (CAR), Allowable Net Non- Performing Asset (NNPA) Levels, Minimum Average Assets Under Management (AAUM) etc. for certain types of investments. Further the investment committee of the Group reviews the investment portfolio on bi-monthly basis and recommend or provide suggestion to the management. The Group does not expect any losses from non-performance by these counter-parties, other than losses which are provided, and does not have any significant concentration of exposures to specific industry sectors. The Group does not invest in equity instruments unless they are strategic in nature.

One of the subsidiaries of the Group, ICCL limits its exposure to credit risk by making investment as per the Investment Policy. Further Investment Committee of the company reviews the investment portfolio on an average, every two months and recommends or provides suggestions to the management. The company does not expect any losses from non- performance by these Investments and does not have any significant concentration of exposures to any specific industry sector.

One of the subsidiaries of the Group, ICCL is mainly exposed to market the investment price risk due to its investment in mutual funds and other quoted investments. The market risk arises due to uncertainties about the future market values of these investments. Market risk of the current Investment portfolio is quite low.

The Investments are also exposed to Custody Risk on its Investment portfolio, due to the remote probability of an issuer or Bank or Custodian of assets defaulting and / or going bankrupt / insolvent.

In order to manage its market and custody risk arising from above, the company diversifies its portfolio in accordance with the limits set by the risk management policies. Further, the treasury department reviews the investments made in order to ensure compliance with its investment policy for the exposure and credit category of its mutual fund portfolios.

Liquidity risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they become due. The Group manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due.

The Group's corporate treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management.

The Subsidiary Company ICCL holds a significant amount of cash and securities deposited by clearing members as margin or default funds.

The liquidity needs of ICCL are related to fulfilment of shortfall in settlement that may arise due to delay/non-fulfilment of the obligations by its CMs/ interoperable CCPs and those generated by its investment policy. Potential liquidity risks faced by the ICCL includes:

Material accounting policies and notes to the Consolidated Financial Statements for the year ended March 31, 2024
(Rupees in Lakhs, except share and per share data, unless otherwise stated)

34. Financial risk management (Contd.)..

- a. Mark to Market Margin payments: Open positions in futures are settled daily. ICCL has to ensure that sufficient funds are available to fulfil their obligations.
- b. Market disruptions: Such as unusual market volatility driving large margin movements; liquidity squeezes in the cash or securities markets and central bank action.
- c. Failed settlements: Arise when a member fails to deliver funds or securities, leaving ICCL short of funds or securities which may have been designated to meet the obligations of another member.

ICCL has a robust liquidity risk management framework to identify measure and monitor its settlement and funding flows, including its use of intraday liquidity. ICCL's liquidity risk management framework ensure with a high level of confidence that ICCL can honour payment and settlement obligations as they fall due, in a timely manner, even under stress scenarios.

The investments made in liquid resources are based on ICCL's investment policy, which is periodically reviewed by its investment committee and duly approved by its Audit Committee and the Board of directors. ICCL has prudent norms specifying the extent to which investments may be made in absolute/percentage terms. Also, overall exposure limits are fixed for each class of investments, institutions, schemes, etc in addition, ICCL has lines of credit with various commercial banks in excess of its entire average daily funds pay-out, to build redundancy in case of one or more banks being unable to provide the liquidity support.

ICCL measures, monitors, and manages its liquidity requirements and the adequacy of liquidity arrangements and resources through liquidity stress tests. ICCL assesses the adequacy of its liquidity resources through daily stress tests based on hypothetical scenarios conducted on the liquidity position by assuming the default of the two clearing participants which would hypothetically cause the highest loss.

* Investment does not include investment in equity investment of subsidiaries and associates.

The Group manages contractual financial liabilities and contractual financial assets on net basis.

Market risk

The Group's business, financial condition and results of operations are highly dependent upon the levels of activity on the exchange, and in particular upon the volume of financial assets traded, the number of listed securities, the number of new listings and subsequent issuances, liquidity and similar factors, as a significant portion of our revenue depends, either directly or indirectly, on trading, listing, clearing and settlement transaction-based fees.

Material accounting policies and notes to the Consolidated Financial Statements for the year ended March 31, 2024
(Rupees in Lakhs, except share and per share data, unless otherwise stated)

34. Financial risk management (Contd.)..

The Group's financial condition and results of operations are also dependent upon the success of our clearing, settlement and other issuer services, which, in turn, are directly dependent on the liquidity and financial strength of our customers, namely financial intermediaries such as brokers, and their respective clients.

In addition to the above risk, market risk also includes foreign currency risk and interest rate risk.

- **Foreign Currency risk**

The Group's exchange risk arises from its foreign operations, foreign currency revenues and expenses, (primarily in U.S. Dollars and Euros). The Group's revenues insignificant portion are in these foreign currencies, while a significant portion of its costs are in Indian rupees.

As a result, if the value of the Indian rupee appreciates relative to these foreign currencies, the Group's revenues measured in rupees may decrease. The exchange rate between the Indian rupee and these foreign currencies has changed substantially in recent periods and may continue to fluctuate substantially in the future. Due to lessor quantum of revenue and expenses from foreign currencies the Group is not much exposed to foreign currency risk.

- **Interest rate risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's long-term / short- term investment with floating interest rates.

Interest rate risk primarily arises from floating rate investment. The Group's investments in floating rate are primarily short-term, which do not expose it to significant interest rate risk.

Decrease by 5%	(131)	(33)

Regulatory risk

The Group requires a number of regulatory approvals, licenses, registrations and permissions to operate our business, including at a corporate level as well as at the level of each of its components. For example, the Group have licenses from SEBI in relation to, among others, introducing derivatives contracts on various indices of the exchange, introduction of futures and options contracts on various indices of the exchange, setting up an SME platform and trading in government securities. Some of these approvals are required to be renewed from time to time. The Group's operations are subject to continued review and the governing regulations may change. The Group's regulatory team constantly monitors the compliance with these rules and regulations.

Clearing Corporations (CCPs) have been the focus of the Global as well as Indian Regulators. SEBI introduced the guidelines on stress testing, Core Settlement Guarantee Fund ("Core SGF") and Default Waterfall, to ensure that Indian CCPs are compliant with international benchmarks and regulations, including the Principles for Financial Market Infrastructures ("PFMI") issued by the Committee on Payments and Market Infrastructures

("CPMI") and the International Organisation of Securities Commissions ("IOSCO"). The CPMI and the IOSCO continue to closely monitor the implementation of the PFMI. The Fifth Update to the Level 1 Assessment Report of the Implementation Monitoring of PFMI has accorded India with the highest rating of 4.

The Company and Subsidiary continues to focus on remaining well positioned to respond to regulatory developments and further opportunities exist for the Group to deliver solutions to help the market address the changing regulatory environment.

There have been several changes to the form and manner in which recognised stock exchanges must make contributions to a Settlement Guarantee Fund and Core Settlement Guarantee Fund in the last few years. Should SEBI in the future vary the required contribution amounts to the Settlement Guarantee Fund, the Group may have to contribute more resources to the Settlement Guarantee Fund which could materially and adversely affect the Group's financial ability. The Group's regulatory team keeps a track regarding the amendments in SEBI circulars/regulations pertaining to such settlement guarantee fund.

Clearing and Settlement Risk

Parties to a settlement may default on their obligations for reason beyond the control of the Group. The clearing and settlement operations are conducted through a wholly owned subsidiary Indian Clearing Corporation Limited (ICCL). ICCL guarantees the settlement of trade executed on the Company's platform and maintains a core settlement guarantee fund to support its guarantee obligations.

One of the subsidiaries of the Group, ICCL clearing services guarantee final settlement of trades and manage counterparty risk for a range of assets and instruments including cash equities, bonds, government securities and various derivatives. The financial risks associated with clearing operations are further mitigated by strict membership rules including supervisory capital, technical and organisational criteria. The maintenance of prudent levels of margin and default funds to cover exposures to participants. Each member deposits margins, computed at least daily, to cover the theoretical costs which the clearing service would incur in order to close out open positions in the event of the member's default.

Interoperability of Clearing Corporations

SEBI has issued a Circular regarding implementation of Interoperability of Clearing Corporations, which was implemented in FY 2019-20. Clearing Members may clear trades executed on exchanges through their preferred Clearing Corporations. While this may result in an increase in clearing volume of ICCL, there is also a risk that ICCL may lose its clearing volumes to other Clearing Corporations.

35. Capital management

The Group's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Group monitors the return on capital as well as the level of dividends on its equity shares. The Group's objective when managing capital is to maintain an optimal structure so as to maximize shareholder value.

The Group is predominantly equity financed which is evident from the capital structure. Further, the Group has always been a net cash Company with cash and bank balances along with investment which is predominantly investment in liquid and short term mutual funds being far in excess of financial liabilities.

Compliance with externally imposed capital requirements:

In accordance with regulation 14 of Securities Contracts (Regulation) (Stock Exchanges and Clearing Corporations) Regulations, 2018, the Group shall have a minimum networth of ₹ 100 Crore at all times.

The Group has maintained net worth of ₹ 100 Crores at all times during the year.

Capital requirement of the Subsidiary Company Indian Clearing Corporation Limited is regulated by Securities and Exchange Board of India (SEBI). As per SECC Regulations 2018, "Every recognized clearing corporation shall maintain, at all times, a minimum net worth of ₹ 100 crore or capital as determined under regulation 14(3)(a) and 14(3)(b), whichever is higher." Minimum requirement of net worth is maintained throughout the period from effective date of notification. ICCL has been compliant with the capital requirement since the date of notification.

42. SEBI vide its circular no. SEBI/HO/MRD/DSA/CIR/P/2016/125 dated November 28, 2016, had inter alia specified that Clearing Corporations in IFSC shall establish and maintain a Fund to guarantee the settlement of trades executed in the stock exchanges in IFSC. To begin with such fund shall have a corpus equivalent to at least 10% of the net-worth of the clearing corporation. Clearing corporations shall evolve a detailed framework for the Fund, subject to approval of regulator. As per Regulation 31(2) of IFSCA (MII) Regulations, 2021, Settlement Guarantee Fund shall have a corpus equivalent to atleast the minimum required corpus as arrived at from the monthly stress test value or USD 1 million, whichever is higher.

In view of the above, before commencement of operations, i.e., on January 10, 2017, a Core Settlement Guarantee Fund (Default Fund) of ₹ 596 lakhs has been created through earmarking investments. Default Fund size as on March 31, 2024 is ₹ 1,122 lakhs. Further India ICC had applied to Central Board of Direct Tax for the purpose of issuance of notification notifying the Core Settlement Guarantee Fund (Core SGF – Default Fund) set up by the Company u/s 10 (23EE) of the Income Tax Act 1961 and approval of the same is awaited.

43. Employee Benefits:

43.1 Defined Benefit Plan – Gratuity:

The Group offers its employees defined-benefit plans in the form of a gratuity scheme (a lump sum amount). Benefits under the defined benefit plans are typically based on years of service and the employee's compensation (generally immediately before retirement). The gratuity scheme covers substantially all regular employees.

Such plan exposes the Group to actuarial risks such as: investment risk, interest rate risk, demographic risk and salary risk.

Investment risk	The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to market yields at the end of the reporting period on government bond yields; if the return on plan asset is below this rate, it will create a plan deficit. Currently the plan has a relatively balanced investment in equity securities and debt instruments.
Interest risk	A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan's debt investments.
Demographic risk	This is the risk of variability of results due to unsystematic nature of decrements that include mortality, withdrawal, disability and retirement. The effect of these decrements on the defined benefit obligation is not straight forward and depends upon the combination of salary increase, medical cost inflation, discount rate and vesting criteria.
Salary risk	The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

The following table sets out the funded status of the Gratuity benefit scheme:

Particulars	March 31, 2024	March 31, 2023
Change in benefit obligation

43. Employee Benefits: (Contd.)..

The weighted-average assumptions used to determine benefit obligations for the year ended March 31, 2024 and year ended March 31, 2023:

Particulars	March 31, 2024	March 31, 2023
Discount rate	7.20 – 7.49%	7.30 – 7.49%
Increase in compensation levels	6.00 – 7.50%	6.00 – 7.50%

The Group assesses these assumptions with its projected long-term plans of growth and prevalent industry standards. The discount rate is based on the government securities yield.

The following table summarizes the impact on the reported defined benefit obligation at the end of the reporting period arising on account of an increase or decrease in the reported assumption by 50 basis points:

Particulars	For the year ended March 31, 2024	
	Discount rate	Salary escalation rate
Impact of increase in 50 bps on defined benefit obligation	(61)	61
Impact of decrease in 50 bps on defined benefit obligation	66	(59)

Sensitivity for the significant actuarial assumptions is computed by varying one actuarial assumption used for the valuation of the defined benefit obligation by 50 basis points, keeping all other actuarial assumption constant.

Composition of Plan Assets:

Particulars	March 31, 2024	March 31, 2023
Government of India Securities	11%	11%
Insurer Managed assets	89%	89%

Actual return on the assets for the year ended March 31, 2024 and March 31, 2023 were ₹ 221 lakhs and ₹ 194 lakhs respectively.

There is no compulsion on the part of the Group to fully pre fund the liability of the Plan. The Group's philosophy is to fund the benefits based on its own liquidity and tax position as well as level of underfunding of the plan.

The Employer's best estimate of the contributions expected to be paid to the plan during the next year is ₹ 187 lakhs.

Maturity profile of defined benefit obligations

Particulars	March 31, 2024
Expected benefits for year 1-3	1,618
Expected benefits for year 4-5	714
Expected benefits for year 6-10	895
Expected benefits for above year 10	374

The weighted average duration to the payment of these cash flows is 4.78 years.

- **Discount Rate:** The discount rate is based on the prevailing market yields of Indian government securities as at the balance sheet date for the estimated term of the obligations.
- **Salary Escalation Rate:** The estimates of future salary increases considered takes into account the inflation, seniority, promotion and other relevant factors.

43. Employee Benefits: (Contd.)..

43.2 Defined Contribution Plan- Provident fund, Pension Fund and New pension Scheme:

These are plans in which the Group pays pre-defined amounts to separate funds and does not have any legal or informal obligation to pay additional sums. The Group offers its employees defined contribution plan in the form of provident fund and family pension fund. Provident fund and family pension fund cover substantially all regular employees. While both, the employees and the Group pay predetermined contributions into the provident fund and New National Pension Scheme, contributions into the family pension fund are made by only the Group. The contributions are based on a certain proportion of the employee's salary.

The Group has an obligation to fund any shortfall on the yield of the trust's investment over the administered interest rates on an annual basis. These administered interest rates are determined annually predominantly considering the social rather than economic factors and, in most cases, the actual return earned by the Group has been higher in the past years. There is no provision for diminution in value of investment except provision for accrued interest.

The Group recognised charge for the year ended March 31, 2024 and March 31, 2023 of ₹ 433 lakhs and ₹ 394 lakhs respectively for provident fund and family pension fund contribution in the statement of Profit and Loss.

The Group recognised charge for the year ended March 31, 2024 and March 31, 2023 of ₹ 73 lakhs and ₹ 105 lakhs respectively for New National Pension Scheme contribution in the statement of Profit and Loss.

43.3 Compensated Absences

The Group recognised charge for the year ended March 31, 2024 and for the year ended March 31, 2023 of ₹ 1,194 lakhs and ₹ 1,089 lakhs respectively for Compensated Absences in the statement of Profit and Loss.

The said scheme was discontinued w.e.f. April 1, 2023 and an expense of ₹ 2,174 lakhs has been incurred towards the scheme for year ended March 31, 2023.

46. SEBI Regulatory fees

SEBI had introduced regulatory fees on annual turnover payable by the stock exchanges vide regulation effective from January 01, 2007. Subsequent to the Balance Sheet date, the Holding Company received a letter on April 26, 2024 from SEBI which inter alia advises the Holding Company to pay the regulatory fees on the 'Annual Turnover' considering notional value in case of option contracts from the year 2006-07 onwards, with interest at the rate of 15% per annum. Further, SEBI has also advised the Holding Company to pay regulatory fee for the full year for FY 2006-07, against regulatory fee of one quarter paid by the Holding Company.

The Holding Company, for the purpose of paying regulatory fee, has been computing 'turnover' of the Option contracts considering the value of premium traded on its platform. The Holding Company has decided to present its position to SEBI and request to reconsider its advisory to the Holding Company. Pending finalisation of the outcome, based on the prudence, the Holding Company has provided in the current period ₹ 16,977 lakhs (including ₹ 7,347 lakhs in respect of periods up to March 31, 2023) towards differential regulatory fees.

53. Other Statutory Informations: (Contd.)..

- iv) The Group, for the current year as well as previous year, has not carried out any such transaction which is not recorded in the books of accounts that has been surrendered or disclosed as income during the year in the tax assessment under Income Tax Act, 1961 (Such as search, survey or any other relevant provisions of the Income Tax Act, 1961).
- v) The Group, for the current year as well as previous year, has not advanced any loan or invested funds to any other person(s) or entity(ies), including foreign entities (intermediaries) with the understanding that the intermediaries shall:
 - a) directly or indirectly lend or invest in other persons or entities identified in any manner, whatsoever by or on behalf of the Company (Ultimate Beneficiary) or
 - b) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiary.
- vi) The Group has not been declared as willful defaulter by any bank or financial institution or other lender, since the group has not undertaken any borrowing during the current year and previous year.
- vii) The Group, during the current year and previous year has not made any investment in downstream Companies which are not in compliance with clause (87) of section 2 of the Act read with the Companies (Restriction on number of layers) Rules, 2017.
- viii) The Group has not entered into any scheme of arrangement in terms of sections 230 to 237 of the Companies Act, 2013 during the current year and previous year.
- ix) The Group has not revalued its property plant and equipment or intangible assets or both during current year or previous year.
- x) The Group has not granted/given any loans or advances during the current year and previous year to the directors, KMP and the related party (as defined under Companies Act, 2013), either severally or jointly with any other person that are repayable on demand or without specifying any terms or period of repayment.

- 54.** In case of one of the subsidiaries Indian Clearing Corporation Limited ("ICCL"), SEBI mandated discontinuation of pooling mechanism, third party validation checks and nomination check with effect from July & Oct 2022 under the mutual fund segment which necessitated process changes. This resulted in challenges like incorrect data update, delays in data updates, no updates from Payment Aggregator's (PA) end and error in underlying process. There were also technology constraints at PA end and incorrect updation of bank account details from member's end. These issues led to delays in processing of refunds, clients got refund as well as allotment of units and excess payment to clients. Against the amount recoverable as on March 31, 2023 of ₹ 1,825 lakhs, ICCL had made provision of ₹ 1,500 lakhs in the financial year 2022-23. In the current financial year, on detailed exercise in this matter, further receivable amounts of ₹ 1,982 lakhs was ascertained. ICCL had also recovered ₹ 500 lakhs in the current year. Considering this, provision of ₹ 175 lakhs was reversed during the year and balance provision of ₹ 1,325 lakhs was continued against equivalent amount of receivables as on March 31, 2024. The management of ICCL has taken necessary actions so that such shortfall is avoidable in future.

INDEPENDENT AUDITOR'S REPORT

To the Members of BSE Limited

Report on the Audit of the Standalone Ind AS Financial Statements Opinion

We have audited the accompanying standalone Ind AS financial statements of BSE Limited ("the Company"), which comprise the Balance sheet as at March 31 2024, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the standalone Ind AS financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics'

issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the standalone Ind AS financial statements for the financial year ended March 31, 2024. These matters were addressed in the context of our audit of the standalone Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the standalone Ind AS financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the standalone Ind AS financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying standalone Ind AS financial statements.

Key audit matters	How our audit addressed the key audit matter
<p>Valuation of investments and its impairment (as described in note 32 of the</p> <p>The Company has investments in various unlisted subsidiaries along with investments in associates, mutual funds, bonds and debentures of corporates. These investments represent the most significant amount on the balance sheet. The total of these investments aggregating to Rs 2,42,260 represented approx. 58% of total assets of the Company as at March 31, 2024. Investment in subsidiaries are valued at cost and are required to be assessed for impairment in accordance with Ind AS 36, when any indicators of impairment are observed. Investment in bonds and debentures are valued at amortised cost and are required to be assessed for the expected credit loss in accordance with Ind AS 109. High degree of management's judgement is involved in estimation of the recoverable amount on these investments and there is inherent uncertainty relating to the assumptions supporting such estimates and risk that the fair value of investments is not determined appropriately and hence valuation of investments and its impairment is considered as a key audit matter.</p>	<p>standalone Ind AS financial statements)</p> <p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> • Assessed the design and implementation of controls over valuation and existence of investments. • For the fair valuation models, understood and assessed the methodology used. Tested the underlying data and assumptions used in the determination of the fair value. • Traced the quantity held from the independent confirmations provided by Custodian and Fund houses. • Tested the valuation of the quoted and unquoted investments to independent pricing sources. • Assessed and tested the management procedures for performing impairment analysis of investments. • Assessed appropriateness and arithmetical accuracy of fair value disclosures pertaining to investments. (as described in note 32 of the standalone Ind AS financial statements)

Key audit matters	How our audit addressed the key audit matter
Information Technology (IT) systems and controls	
<p>As a Stock Exchange, the reliability of IT systems plays a key role in the business operations. Since large volume of transactions are processed, the IT controls are required to ensure that systems process data as expected and that changes are made in an appropriate manner.</p> <p>The IT infrastructure is critical for smooth functioning of the Company's business operations as well as for timely and accurate financial accounting and reporting.</p> <p>Due to the pervasive nature and complexity of the IT environment and large volume of transactions we have considered IT systems and controls as a key audit matter.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> Assessed the information systems used by the Company for IT General Controls (ITGC) and Application controls; The aspects covered in the IT General Control audit were (i) User Access Management (ii) Program Change Management (iii) Other related ITGCs; - to understand the design and test the operating effectiveness of such controls in the system; Assessed the changes that were made to the key systems during the audit period and assessing changes that have impact on financial reporting; Performed tests of controls (including other compensatory controls wherever applicable) on the IT application controls and IT dependent manual controls in the system. Tested the design and operating effectiveness of compensating controls, where deficiencies were identified and, where necessary, extended the scope of our substantive audit procedures.
Provisions for litigation and claims (as described in note 36 of the standalone Ind AS financial statements)	
<p>There are certain demands raised by regulatory authorities, employees and others. The Company has disputed such demands by appealing them to relevant statutory forums.</p> <p>For various pending litigations against the Company, management judgement is needed to determine whether an obligation exists and a provision should be recorded or disclosure if any, required in the financial statements in accordance with the criteria set under IND AS 37</p> <p>The measurement of the provision is based on the best estimate of the expenditure required to settle the present obligation.</p> <p>Considering the judgement and estimate involved, matter is considered as a key audit matter.</p>	<ul style="list-style-type: none"> Obtained and evaluated the Company's accounting policy in relation to accounting, assessing and disclosure of claims against the Company. Understood the design and tested the operating effectiveness of the Company's key controls over the identification, estimation, monitoring and disclosure of provisions for litigations and claims. Obtained independent confirmations from lawyers in respect of cases outstanding having material amount involved. Examined the relevant correspondence with regulators to assess developments in key areas and litigation reports to identify potentially material cases. Obtained the list of pending legal cases from the management and scrutinized the legal expenses to correlate with the list provided. Reviewed the Board and other board level committee meeting minutes to assess the effectiveness of management's review controls and conclusions reached. For the significant provisions made, understood and assessed the provisioning methodology. Tested the underlying data and assumptions used in the determination of the provisions recorded, including expected claim rates. For cases where a provision was not recognized, evaluated the adequacy of disclosure made in the Ind AS financial statements or whether modification in the audit report is required.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the standalone Ind AS financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the standalone Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and The Board of Directors for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Ind AS financial statements for the financial year ended March 31, 2024 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report, to the extent applicable, that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

 - (d) In our opinion, the aforesaid standalone Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
 - (e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164 (2) of the Act;
- (f) With respect to the adequacy of the internal financial controls with reference to these standalone Ind AS financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;
- (g) In our opinion, the managerial remuneration for the year ended March 31, 2024 has been paid / provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act;
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone Ind AS financial statements – Refer Note 36 to the standalone Ind AS financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company
 - iv.
 - a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

- c) Based on such audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.
- v. The final dividend paid by the Company during the year in respect of the same declared for the previous year is in accordance with section 123 of the Act to the extent it applies to payment of dividend.
- As stated in note 15.3 to the standalone Ind AS financial statements, the Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend.
- vi. Based on our examination which included test checks, the Company has used accounting software for maintaining its

books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software (refer Note 49 to the financial statements). Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls with reference to financial statements of BSE Limited (“the Company”) as of March 31, 2024, in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to these standalone Ind AS financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by (“ICAI”). Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these standalone Ind AS financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to these standalone Ind AS financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these standalone Ind AS financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls over financial reporting with reference to these standalone Ind AS financial statements.

Meaning of Internal Financial Controls Over Financial Reporting with reference to these Standalone Ind AS Financial Statements

A company’s internal financial control over financial reporting with reference to these standalone Ind AS financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting with reference to these standalone Ind AS financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting With Reference to these Standalone Ind AS Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to these standalone Ind AS financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these standalone Ind AS financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these standalone Ind AS financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting with reference to these standalone Ind AS financial statements and such internal financial controls over financial reporting with reference to these standalone Ind AS financial statements were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Material accounting policies and notes to the standalone financial statements for the year ended March 31, 2024 (Rupees in lakhs, except share and per share data, unless otherwise stated)

1. COMPANY OVERVIEW

BSE Limited (Formerly known as Bombay Stock Exchange Limited) herein after referred to as the “Exchange” or “the Company” was established in 1875 and is Asia’s first Stock Exchange and one of India’s leading exchange groups. The registered office of the Company is at 25th floor, P. J. Towers, Dalal Street, Mumbai 400 001, Maharashtra, India. Over the past 149 years, BSE has provided a capital-raising platform and provided a platform for trading in equity, debt instruments, derivatives and mutual funds. It also has a platform for trading in equities of small-and-medium enterprises (SME). Pursuant to the BSE (Corporatization and Demutualization) Scheme, 2005 (the Scheme) notified by Securities and Exchange Board of India (“SEBI”) on May 20, 2005, the Exchange completed demutualization and Corporatization in May 2007 bringing about the separation of the ownership and management.

The equity shares of the Company are listed on the National Stock Exchange of India Limited (NSE).

The standalone financial statements were authorized for issue by the Company’s Board of Directors on May 08, 2024.

2. MATERIAL ACCOUNTING POLICIES

2.1 Basis of preparation and presentation

2.1.1 Statement of compliance

The standalone financial statements as at and for the year ended March 31, 2024 have been prepared in accordance with Indian Accounting Standards (“Ind AS”) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III), as applicable to the standalone financial statements.

The Company has prepared the standalone financial statements on the basis that it will continue to operate as a going concern.

2.1.2 Basis of measurement

The standalone financial statements have been prepared on a historical cost convention and on an accrual basis, except for certain items that are measured at fair value as required by relevant Ind AS:

- (i) Financial assets and financial liabilities measured at fair value (refer accounting policy on financial Instruments);
- (ii) Defined benefit and other long-term employee benefits.

2.1.3 Functional and presentation currency

The standalone financial statements of the Company are presented in Indian rupees, the national currency of India, which is the functional currency of the Company and the currency of the primary economic environment in which the Company operates. All financial information presented in Indian rupees has been rounded to the nearest lakh except share and per share data in terms of Schedule III unless otherwise stated.

2.1.4 Use of estimates and judgment

The preparation of standalone financial statements in conformity with the recognition and measurement principles of Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses, disclosure of contingent assets and disclosure of contingent liabilities. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected. In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the standalone financial statements is included in the following notes:

- (i) Defined employee benefit assets / liabilities determined based on the present value of future obligations using assumptions determined by the Company with advice from an independent qualified actuary.
- (ii) Depreciation and amortization expenses: The charge in respect of periodic depreciation is derived after determining an estimate of an asset’s expected useful life and the expected residual value at the end of its life. The useful life and residual values of the Company’s assets

Material accounting policies and notes to the standalone financial statements for the year ended March 31, 2024 (Rupees in lakhs, except share and per share data, unless otherwise stated)

2. MATERIAL ACCOUNTING POLICIES (Contd.)..

at the end of its useful life are estimated by management at the time the asset is acquired and reviewed periodically, including at each financial year end. The useful life are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.

- (iii) Impairment of trade receivables: The Company estimates the probability of collection of accounts receivable by analyzing historical payment patterns, customer status, customer credit-worthiness and current economic trends. If the financial condition of a customer deteriorates, additional allowances is made.
- (iv) Fair value measurement of financial instruments: When the Company opts to fair value equity instruments through profit and loss account, it estimates fair values of the unquoted equity shares using discounted cash flow model. The valuation requires management to make certain assumptions about the model inputs, including forecast cash flows, discount rate, credit risk and volatility, the probabilities of the various estimates within the range can be reasonably assessed and are used in management's estimate of fair value for these unquoted equity investments (refer note 32).

2.1.5 Summary of material accounting policies

(i) Foreign currency transactions and balances

Transactions in foreign currency are translated into the respective functional currencies using the exchange rates prevailing at the dates of the respective transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at the exchange rates prevailing at reporting date of monetary assets and liabilities denominated in foreign currencies are recognised in the Statement of Profit and Loss and reported within foreign exchange gains / (losses).

(ii) Investment properties

Investment properties are properties held to earn rentals and / or for capital appreciation (including properties under construction for such purposes). Investment properties are measured initially at cost including transaction costs, subsequent to initial recognition, investment properties are measured in accordance with Ind AS 16's requirements for cost model.

The estimated useful life of assets for the current and comparative period of investment property are as follows:

Category	Useful life
Buildings	60 years

Freehold land is not depreciated.

Investment property is derecognised upon disposal or when the investment property permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of the investment property is included in the Statement of Profit or Loss in the period in which the investment property is derecognised.

(iii) Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

All financial instruments are recognised initially at fair value. Transaction costs that are attributable to the acquisition of the financial asset (other than financial assets recorded at fair value through profit or loss) are included in the fair value of the financial assets. Purchase or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trade) are recognised on trade date.

For the purpose of subsequent measurement, financial instruments of the Company are classified in the following categories: financial assets (debt instrument) comprising amortised cost, financial asset (equity instruments) at Fair value Through Profit and Loss account ("FVTPL") and financial liabilities at amortised cost or FVTPL.

Material accounting policies and notes to the standalone financial statements for the year ended March 31, 2024
(Rupees in lakhs, except share and per share data, unless otherwise stated)

2. MATERIAL ACCOUNTING POLICIES (Contd.)..

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognised from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

The classification of financial instruments depends on the objective of the business model for which it is held. Management determines the classification of its financial instruments at initial recognition.

Financial assets

(a) Financial assets (debt instrument) at amortised cost

A financial asset shall be measured at amortised cost if both of the following conditions are met:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are Solely Payments of Principal and Interest on the principal amount outstanding ("SPPI").

They are presented as current assets, except for those maturing later than 12 months after the reporting date which are presented as non-current assets. Financial assets are measured initially at fair value plus transaction costs and subsequently carried at amortised cost using the effective interest method, less any impairment loss.

Amortised cost are represented by investment in interest bearing debt instruments, trade receivables, security deposits, cash and cash equivalents, employee and other advances and eligible current and non-current assets.

Cash and cash equivalents comprise cash on hand and in banks and demand deposits with banks with original maturity less than 3 months which can be withdrawn at any time without prior notice or penalty on the principal.

For the purposes of the cash flow statement, cash and cash equivalents include cash on hand, in banks and demand deposits with banks, net of outstanding bank overdrafts that are repayable on demand, book overdraft and are considered part of the Company's cash management system.

(b) Equity investments in Subsidiaries and Associates

All equity investment in subsidiaries and associates are measured at cost less provision for impairment loss, if any.

(c) Financial assets at FVTPL

There are no financial assets which have been classified as FVTOCI. FVTPL is a residual category for financial assets. Any financial asset which does not meet the criteria for categorization as at amortised cost or as FVTOCI, is classified as FVTPL.

Earmarked Funds

Earmarked Funds represent deposits and investments in mutual funds held for specific purposes, such as Investor services funds (ISF), deposits received from members and corporates, etc. These amounts are invested and the same are earmarked in the Balance Sheet. Investment income earned on such financial instruments is credited to respective earmarked liabilities and not routed through Statement of Profit or Loss.

Financial liabilities at amortised cost

Financial liabilities at amortised cost represented by trade and other payables are initially recognised at fair value, and subsequently carried at amortised cost using the effective interest method.

Equity Instruments (Share capital)

Ordinary shares:- Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares or buyback of existing equity shares are recognised as a deduction from equity, net of any tax effect (if any).

2. MATERIAL ACCOUNTING POLICIES (Contd.)..

(iv) Fair value of financial instruments

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized.

(v) Property, Plant and Equipment

- (a) Recognition and measurement: Property, plant and equipment are measured at cost less accumulated depreciation and impairment losses, if any. The cost comprises the purchase price and any attributable cost of bringing the assets to its working condition for its intended use.
- (b) Depreciation: The Company depreciates property, plant and equipment over the estimated useful life on a written down method basis from the date the assets are ready for intended use. The estimated useful life of assets for the current and comparative period of significant items of property, plant and equipment are as prescribed by Schedule II of the Companies Act, 2013 which are as follows:

Category	Useful life
Buildings	60 years
Plant and equipment	15 years
Electrical installations	10 years
Computer hardware and networking equipment	3-6 years
Furniture, fixtures and office equipment	5-10 years
Motor vehicles	8 years

Freehold land is not depreciated.

Depreciation methods, useful life and residual values are reviewed at each reporting date, with the effect of any changes in estimate accounted for on a prospective basis.

When parts of an item of property, plant and equipment have different useful life, they are accounted for as separate items (major components) of property, plant and equipment. Subsequent expenditure relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably. Repairs and maintenance costs are recognised in the Statement of Profit and Loss when incurred. The cost and related accumulated depreciation are eliminated from the standalone financial statements upon sale or disposition of the asset and the resultant gains or losses are recognised in the Profit or Loss. The date of disposal of an item of property, plant and equipments is the date the recipient obtains control of that item in accordance with the requirements for determining when a performance obligation is satisfied in Ind AS 115.

Amounts paid towards the acquisition of property, plant and equipment outstanding as of each reporting date and the cost of property, plant and equipment not ready for intended use before such date are disclosed under capital work- in-progress.

(vi) Intangible assets

Intangible assets are stated at cost less accumulated amortization and impairment. Intangible assets are amortised over their respective estimated useful life on a "Written Down Value", from the date that they are available for use. The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence, demand, competition and other economic factors (such as the stability of the industry and known technological advances) and the level of maintenance expenditures required to obtain the expected future cash flows from the asset.

Material accounting policies and notes to the standalone financial statements for the year ended March 31, 2024
(Rupees in lakhs, except share and per share data, unless otherwise stated)

2. MATERIAL ACCOUNTING POLICIES (Contd.)..

The estimated useful life of intangibles are as follows:

Category	Useful life
Computer software	3-6 years

Amortisation methods, useful life and residual values are reviewed at each reporting date, with the effect of any changes in estimate accounted for on a prospective basis.

Derecognition of intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, and are recognised in profit or loss when the asset is derecognised.

(vii) Impairment

(a) Financial assets carried at amortised cost

In accordance with Ind AS 109, the Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss. The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivable.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If in subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12 month ECL. Lifetime ECLs are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12 month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date. ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- All contractual terms of the financial instrument (including prepayment, extension etc.) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

The Company has used a practical expedient by computing the expected credit loss allowance for trade receivable based on a detailed analysis of trade receivable by individual departments.

ECL impairment loss allowance (or reversal) recognised during the year is recognised as income/expense in the Statement of Profit and Loss.

Financial assets measured at amortised cost, contractual revenue receivable: ECL is presented as an allowance, i.e. as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

(b) Impairment of equity investments measured at cost

All investments in subsidiaries and associates are measured at cost. They are tested for impairment at the end of each reporting period. Any impairment loss is recognized in the statement of profit and loss, if the amount of impairment loss decreases subsequently then the previously recognized impairment loss is reversed in the statement of profit and loss.

(Rupees in lakhs, except share and per share data, unless otherwise stated)

2. MATERIAL ACCOUNTING POLICIES (Contd.)..

(c) Non-financial assets:

The Company assesses at each reporting date whether there is any observable evidence that a non-financial asset or a group of non-financial assets is impaired. If any such indication exists, the Company estimates the amount of impairment loss. An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognised in profit or loss and reflected in an allowance account. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment loss was recognised, then the previously recognised impairment loss is reversed through profit or loss except for goodwill.

The recoverable amount of an asset or cash-generating unit (as defined below) is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit").

(viii) Employee Benefits

The Company has the following employee benefit plans:

(a) Gratuity:

In accordance with the Payment of Gratuity Act, 1972, the Company provides for a lump sum payment to eligible employees, at retirement or termination of employment based on the last drawn salary and years of employment with the Company. The Company's obligation in respect of the gratuity plan, which is a defined benefit plan, is provided for based on actuarial valuation using the projected unit credit method.

Actuarial gains or losses are recognised in other comprehensive income. Further, the profit or loss does not include an expected return on plan assets. Instead net interest recognised in profit or loss is calculated by applying the discount rate used to measure the defined benefit obligation to the net defined benefit liability or asset. The actual return on the plan assets above or below the discount rate is recognised as part of re-measurement of net defined liability or asset through Other Comprehensive Income.

Remeasurements comprising actuarial gains or losses and return on plan assets (excluding amounts included in net interest on the net defined benefit liability) are not reclassified to profit or loss in subsequent periods.

(b) Compensated absences:

The employees of the Company are entitled to compensated absences. The employees can carry forward a portion of the unutilised accumulating compensated absences and utilise it in future periods or receive cash at retirement or termination of employment. The Company records an obligation for compensated absences in the period in which the employee renders the services that increases this entitlement. The Company measures the expected cost of compensated absences as the additional amount that the Company expects to pay as a result of the unused entitlement that has accumulated at the end of the reporting period. The Company recognises accumulated compensated absences based on actuarial valuation. Non-accumulating compensated absences are recognised in the period in which the absences occur. The Company recognises actuarial gains and losses immediately in the Statement of Profit and Loss.

(c) Provident fund, pension fund and new national pension scheme:

The Company offers its employees defined contribution plan in the form of provident fund, family pension fund and new national pension scheme. The Company recognises contribution made towards provident fund, family pension fund and new national pension scheme in the Statement of Profit and Loss.

The employer and employees' contribution to provident fund is managed by BSE Employees' Provident Fund Trust. The trust invests in specific designated instruments as permitted by Indian law. The remaining portion is contributed to the government administered

pension fund. The rate at which the annual interest is payable to the beneficiaries by the trust is being administered by the Government. The Company has an obligation to make good the shortfall, if any, between the return from the investments of the Trust and the notified interest rate.

(ix) Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset, if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Provisions for onerous contracts are recognised when the expected benefits to be derived by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract. Provisions for onerous contracts are measured at the present value of lower of the expected net cost of fulfilling the contract and the expected cost of terminating the contract.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability.

Provisions are reviewed at each balance sheet date adjusted to reflect the current best estimates. Contingent liabilities are recognized when economic outflow is probable and disclosed when economic outflow is possible. Contingent assets are not disclosed but recognized when economic inflow is certain.

(x) Revenue

The Company has applied Ind AS 115 Revenue from Contracts with Customers which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised.-

The Company derives revenue primarily from Securities Services (mainly consist of transaction charges), Services to Corporate (mainly consist of listing and book building fees) and Data Dissemination. The Company recognises revenue when the significant terms of the arrangement are enforceable, services have been delivered and the collectability is reasonably assured. The method for recognizing revenues and costs depends on the nature of the services rendered:

(a) Revenue

- Transaction charges – revenue in respect of transactions on the exchange platform is recognised at a point in time as an when the transaction occurs. The revenue is measured as per the specified rate.
- Listing fees – revenue for listing fees is recognised on a straight-line basis over a period to which they relate.
- Book building fees – revenue is recognised at a point in time on completion of the book building process.

(b) Other

Other services and fees – all other revenue is recognised in the period in which the performance obligation is satisfied over a period of time or point in time.

The Company accounts for volume discounts and pricing incentives to customers by reducing the amount of revenue recognised at the time of sale / services rendered. Revenues are shown net of goods and service tax-and applicable discounts and allowances.

(xi) Investment income and interest expense

Investment income consists of interest income on funds invested, dividend income and gains on the disposal of financial assets measured at FVTPL and amortised cost.

Material accounting policies and notes to the standalone financial statements for the year ended March 31, 2024 (Rupees in lakhs, except share and per share data, unless otherwise stated)

2. MATERIAL ACCOUNTING POLICIES (Contd.)..

Interest income on bond is recognised as it accrues in the Statement of Profit and Loss, using the effective interest rate (EIR) method and interest income on deposits with banks is recognised on a time proportion accrual basis taking into the account the amount outstanding and the rate applicable.

Dividend income is recognised in the Profit or Loss on the date that the Company's right to receive payment is established.

(xii) Income tax

Income tax comprises current and deferred tax. Income tax expense is recognised in the Profit or Loss except to the extent it relates to items directly recognised in equity or in other comprehensive income.

(a) Current income tax

Current income tax for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities based on the taxable income for the period. The tax rates and tax laws used to compute the current tax amount are those that are enacted at the reporting date and applicable for the period. The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognised amounts and where it intends either to settle on a net basis or to realize the asset and liability simultaneously.

(b) Deferred income tax

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in standalone financial statements.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized. Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

(xiii) Earnings per share

The Company reports basic and diluted earnings per share in accordance with Ind AS 33 on Earnings per share. Basic earnings per share is computed using the weighted average number of equity shares outstanding during the period.

Diluted earnings per share is computed by dividing the net profit after tax by the weighted average number of equity shares considered for deriving basic earnings per share and also weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for bonus shares, consolidation of shares, etc. as appropriate.

(xiv) Current / Non-current classification

The Company present assets and liabilities in the balance sheet based on current/non-current classification

Assets: An asset is classified as current when it satisfies any of the following criteria:

- (a) it is expected to be realised in, or is intended for sale or consumption in, the entity's normal operating cycle;
- (b) it is held primarily for the purpose of being traded;
- (c) it is expected to be realised within twelve months after the balance sheet date; or
- (d) it is cash or a cash equivalent unless it is restricted from being exchanged or used to settle a liability for atleast twelve months after the balance sheet date.
- (e) All other assets are classified as non-current.

Material accounting policies and notes to the standalone financial statements for the year ended March 31, 2024
(Rupees in lakhs, except share and per share data, unless otherwise stated)

2. MATERIAL ACCOUNTING POLICIES (Contd.)..

Liabilities: A liability is classified as current when it satisfies any of the following criteria:

- (a) it is expected to be settled in, the entity's normal operating cycle;
- (b) it is held primarily for the purpose of being traded; it is due to be settled within twelve months after the balance sheet date; or
- (c) the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the balance sheet date.
- (d) All other liabilities are classified as non-current.
- (e) Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Operating Cycle

Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

(xv) Cash & Cash Equivalents

Cash and cash equivalent in the balance sheet comprise balances at banks and on hand and short-term deposits with an original maturity of three months or less, that are readily convertible to a known amount of cash and subject to an insignificant risk of changes in value.

For the purpose of the standalone statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above as they are considered an integral part of the Company's cash management.

(xvi) Dividend distribution

The Company recognises a liability to pay dividend to equity holders of the parent when the distribution is authorised, and the distribution is no longer at the discretion of the Company. A corresponding amount is recognised directly in equity.

(xvii) Accounting Pronouncements effective from current financial year

The Ministry of Corporate Affairs has notified Companies (Indian Accounting Standards) Amendment Rules, 2023 dated March 31, 2023 to amend the following Ind AS which are affective for annual periods beginning on or after April 1, 2023. Accordingly, the Company has applied these amendments for the first-time.

- (a) Definition of Accounting Estimates – Amendments to Ind AS 8** - The amendments clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. It has also been clarified how entities use measurement techniques and inputs to develop accounting estimates.

The amendments had no impact on the Company's standalone financial statements.

- (b) Disclosure of Accounting Policies – Amendments to Ind AS 1** - The amendments aim to help entities provide accounting policy disclosures that are more useful by replacing the requirement for entities to disclose their 'significant' accounting policies with a requirement to disclose their 'material' accounting policies and adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures.

The amendments have had an impact on the Company's disclosures of accounting policies, but not on the measurement, recognition or presentation of any items in the Company's financial statements.

- (c) Deferred Tax related to Assets and Liabilities arising from a Single Transaction – Amendments to Ind AS 12** – The amendments narrow the scope of the initial recognition exception under Ind AS 12, so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences.

The amendments had no impact on the Company's standalone financial statements.

32. FINANCIAL INSTRUMENTS (Contd.)..

The management assessed that fair value of cash and short-term deposits, trade receivables, trade payables and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the financial assets and financial liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

- The fair value of the quoted bonds and debentures are based on price quotations at reporting date. The fair value of unquoted instruments and other financial liabilities, as well as other non-current financial liabilities is estimated by discounting future cash flows using rates currently available for debt on similar terms, credit risk and remaining maturities except for unquoted instruments where observable inputs are available.
- The fair values of the unquoted equity shares have been estimated using a discounted cash flow model. The valuation requires management to make certain assumptions about the model inputs, including forecast cash flows, discount rate, credit risk and volatility, the probabilities of the various estimates within the range can be reasonably assessed and are used in management's estimate of fair value for these unquoted equity investments.
- In determining fair value measurement, the impact of potential climate-related matters, including legislation, which may affect the fair value measurement of assets and liabilities in the financial statements has been considered.

Fair value hierarchy

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 – Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The following table presents fair value hierarchy of the financial assets (other than subsidiaries) and liabilities:

PARTICULARS	Fair values As at March 31, 2024	Fair values As at March 31, 2023	Fair Value Hierarchy (Level)
i) Financial assets			
a) Amortised Cost			
Investment in debt instruments (Quoted)	1,08,422	48,770	Level 1

Investment in mutual funds	44,768	27,612	Level 1
c) At cost			
Investment in equity instruments of associate	2,68,348	1,42,447	Level 1

Except as detailed in the above table, the Company consider that the carrying amounts of financial assets and financial liabilities recognised in the balance sheet approximate their fair values.

There were no transfers between Level 1 and 2 in the period.

33. FINANCIAL RISK MANAGEMENT

The Company's principal financial liabilities comprise trade and other payables. The main purpose of these financial liabilities is to support its operations. The Company's principal financial assets include trade and other receivables, and cash and short-term deposits that derive directly from its operations.

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk, market risk (including foreign currency and interest rate risk), regulatory risk and clearing & settlement risk. The Company's primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance.

It is the Company's policy that no trading in derivative for speculative purposes maybe undertaken. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below:

Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations and arises principally from the Company's receivables from customers and investment securities. Credit risk arises from cash held with banks and financial institutions, as well as credit exposure to clients, including outstanding accounts receivable. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

- **Trade and other receivables**

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer.

The demographics of the customer, including the default risk of the industry in which the customer operates, also has an influence on credit risk assessment.

The Company provides the stock exchange services to its listed customers and registered members (who have provided the collaterals and other securities for trading done on its platform), hence the Company operates with large number of customers portfolio and its revenue is not concentrated on small number of customers.

None of the customers accounted for more than 10% of the receivables and revenue for the year ended March 31, 2024 and March 31, 2023.

- **Investments**

The Company limits its exposure to credit risk by making investment as per the investment policy. The Company addresses credit risk in its investments by mandating a minimum rating against the security / institution where the amounts are invested and is further strengthened by mandating additional requirement like Capital Adequacy Ratio (CAR), Allowable Net Non-Performing Asset (NNPA) Levels, Minimum Average Assets Under Management (AAUM) etc. for certain types of investments. Further the investment committee of the Company reviews the investment portfolio on bi-monthly basis and recommend or provide suggestion to the management. The Company does not expect any losses from non-performance by these counter-parties, other than losses which are provided, and does not have any significant concentration of exposures to specific industry sectors. The Company does not invest in equity instruments unless they are strategic in nature.

Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due.

The Company's corporate treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management.

The management monitors the Company's net liquidity position through forecasts on the basis of expected cash flows.

* Investment does not include investment in equity investment of subsidiaries, associates.

The Company manages contractual financial liabilities and contractual financial assets on net basis.

Market risk

The Company's business, financial condition and results of operations are highly dependent upon the levels of activity on the exchange, and in particular upon the volume of financial assets traded, the number of listed securities, the number of new listings and subsequent issuances, liquidity and similar factors, as a significant portion of our revenue depends, either directly or indirectly, on trading, listing, clearing and settlement transaction-based fees.

The Company's financial condition and results of operations are also dependent upon the success of our clearing, settlement and other issuer services, which, in turn, are directly dependent on the liquidity and financial strength of our customers, namely financial intermediaries such as brokers, and their respective clients.

In addition to the above risk, market risk also includes foreign currency risk and interest rate risk.

- **Foreign Currency risk**

The Company's exchange risk arises from its foreign operations, foreign currency revenues and expenses, (primarily in U.S. Dollars and Euros). Company's revenues insignificant portion are in these foreign currencies, while a significant portion of its costs are in Indian rupees.

As a result, if the value of the Indian rupee appreciates relative to these foreign currencies, the Company's revenues measured in rupees may decrease. The exchange rate between the Indian rupee and these foreign currencies has changed substantially in recent periods and may continue to fluctuate substantially in the future. Due to lessor quantum of revenue and expenses from foreign currencies the Company is not much exposed to foreign currency risk.

- **Interest rate risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Interest rates are sensitive to many factors, including governmental, monetary and tax policies, domestic and international economic and political considerations, fiscal deficits, trade surpluses or deficits, regulatory requirements and other factors beyond the Company's control.

Material accounting policies and notes to the standalone financial statements for the year ended March 31, 2024

(Rupees in lakhs, except share and per share data, unless otherwise stated)

33. FINANCIAL RISK MANAGEMENT (Contd.)..

Changes in the general level of interest rates can affect the profitability by affecting the spread between, amongst other things, income which Company receives on investments in debt securities, the value of interest-earning investments, its ability to realise gains from the sale of investments.

Interest rate risk primarily arises from floating rate investment. The Company's investments in floating rate are primarily short-term, which do not expose it to significant interest rate risk.

Regulatory risk

The Company requires a number of regulatory approvals, licenses, registrations and permissions to operate business, including at a corporate level as well as at the level of each of its components. For example, the Company have licenses from SEBI in relation to, among others, introducing derivatives contracts on various indices of the exchange, introduction of futures and options contracts on various indices of the exchange, setting up an SME platform and trading in government securities. Some of these approvals are required to be renewed from time to time. The Company's operations are subject to continued review and the governing regulations may change. The Company's regulatory team constantly monitors the compliance with these rules and regulations.

There have been several changes to the form and manner in which recognised stock exchanges must make contributions to a Settlement Guarantee Fund and Core Settlement Guarantee Fund in the last few years. Should SEBI in the future vary the required contribution amounts to the Settlement Guarantee Fund, the Company may have to contribute more of funds to the Settlement Guarantee Fund which could materially and adversely affect the Company's financial ability. The Company's regulatory team keeps a track regarding the amendments in SEBI circulars / regulations pertaining to such settlement guarantee fund.

Clearing and Settlement Risk

Parties to a settlement may default on their obligations for reason beyond the control of the Company. The clearing and settlement operations are conducted through a wholly owned subsidiary Indian Clearing Corporation Limited (ICCL). ICCL guarantees the settlement of trade executed on Company's platform and maintains a core settlement guarantee fund to support its guarantee obligations.

34. CAPITAL MANAGEMENT

The Company's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Company monitors the return on capital as well as the level of dividends on its equity shares. The Company's objective when managing capital is to maintain an optimal structure so as to maximize shareholder value.

The Company is predominantly equity financed which is evident from the capital structure. Further, the Company has always been a net cash Company with cash and bank balances along with investment which is predominantly investment in liquid and short term mutual funds being far in excess of financial liabilities.

40. Employee Benefits:

40.1 Defined Benefit Plan – Gratuity:

The Company offers its employees defined-benefit plans in the form of a gratuity scheme (a lump sum amount). Benefits under the defined benefit plans are typically based on years of service and the employee's compensation (generally immediately before retirement). The gratuity scheme covers substantially all regular employees.

Such plan exposes the Company to actuarial risks such as: investment risk, interest rate risk, demographic risk and salary risk.

Investment risk	The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to market yields at the end of the reporting period on government bond yields; if the return on plan asset is below this rate, it will create a plan deficit. Currently the plan has a relatively balanced investment in equity securities and debt instruments.
Interest risk	A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan's debt investments.
Demographic risk	This is the risk of variability of results due to unsystematic nature of decrements that include mortality, withdrawal, disability and retirement. The effect of these decrements on the defined benefit obligation is not straight forward and depends upon the combination of salary increase, medical cost inflation, discount rate and vesting criteria.
Salary risk	The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

40. EMPLOYEE BENEFITS (Contd.)..

Amount for the year ended March 31, 2024 and year ended March 31, 2023 recognised in the other comprehensive income:

PARTICULARS	March 31, 2024	March 31, 2023
Remeasurements of the net defined benefits liability / (asset)		
Experience adjustments	(85)	49
(Gain) / loss from change in financial assumptions & Actual return on plan assets less interest on plan asset	(8)	(119)
Changes in demographic assumptions	-	1
Amount recognised in OCI	(93)	(68)

The weighted-average assumptions used to determine benefit obligations for the year ended March 31, 2024 and year ended March 31, 2023:

PARTICULARS	March 31, 2024	March 31, 2023
Discount rate	7.20%	7.30%
Increase in compensation levels	7.00%	7.00%
Withdrawal rate	15.90%	15.90%
Rate of return on plan assets	7.20%	7.30%

The Company assesses these assumptions with its projected long-term plans of growth and prevalent industry standards. The discount rate is based on the government securities yield.

The following table summarizes the impact on the reported defined benefit obligation at the end of the reporting period arising on account of an increase or decrease in the reported assumption by 50 basis points:

PARTICULARS	For the year ended March 31, 2024	
	Discount rate	Salary escalation rate
Impact of increase in 50 bps on defined benefit obligation	(40)	41
Impact of decrease in 50 bps on defined benefit obligation	42	(40)

Sensitivity for the significant actuarial assumptions is computed by varying one actuarial assumption used for the valuation of the defined benefit obligation by 50 basis points, keeping all other actuarial assumption constant.

Composition of Plan Assets

PARTICULARS	March 31, 2024	March 31, 2023
Government of India Securities	12%	12%
Insurer Managed Assets	88%	88%
Others	0%	0%

Actual return on the assets for the period ended March 31, 2024 and year ended March 31, 2023 were ₹ 204 Lakhs and ₹ 177 Lakhs respectively.

There is no compulsion on the part of the Company to fully pre fund the liability of the Plan. The Company's philosophy is to fund the benefits based on its own liquidity and tax position as well as level of underfunding of the plan.

The plan assets in respect of gratuity represent funds managed by the BSE employee Gratuity Fund. The Employer's best estimate of the contributions expected to be paid to the plan during the next year is ₹ 170 Lakhs.

Material accounting policies and notes to the standalone financial statements for the year ended March 31, 2024
(Rupees in lakhs, except share and per share data, unless otherwise stated)

40. EMPLOYEE BENEFITS (Contd.)..

Maturity profile of defined benefit obligations

PARTICULARS	March 31, 2024
Expected benefits for year 1-3	1,525
Expected benefits for year 4-5	674
Expected benefits for year 6-9	756
Expected benefits for year 10 and above	192

The weighted average duration to the payment of these cash flows is 3.57 years.

- **Discount Rate:** The discount rate is based on the prevailing market yields of Indian government securities as at the balance sheet date for the estimated term of the obligations.
- **Salary Escalation Rate:** The estimates of future salary increase considered takes into account the inflation, seniority, promotion and other relevant factors.

40.2 Defined Contribution Plan- Provident fund, Pension Fund and New pension Scheme:

These are plans in which the Company pays pre-defined amounts to separate funds and does not have any legal or informal obligation to pay additional sums. The Company offers its employees defined contribution plan in the form of provident fund and family pension fund. Provident fund and family pension fund cover substantially all regular employees. While both, the employees and the Company pay predetermined contributions into the provident fund and New National Pension Scheme, contributions into the family pension fund are made by only the Company. The contributions are based on a certain proportion of the employee's salary.

The Company has an obligation to fund any shortfall on the yield of the trust's investment over the administered interest rates on an annual basis. These administered interest rates are determined annually predominantly considering the social rather than economic factors and, in most cases, the actual return earned by the Company has been higher in the past years. There is no provision for diminution in value of investment except provision for accrued interest.

The Company recognised charge for the year ended March 31, 2024 and for the year ended March 31, 2023 of ₹ 230 Lakhs and ₹ 196 Lakhs respectively for provident fund and family pension fund contribution in the Profit or Loss.

The Company recognised charge for the year ended March 31, 2024 and for the year ended March 31, 2023 of ₹ 64 Lakhs and ₹ 45 Lakhs respectively for New National pension Scheme contribution in the Profit or Loss.

40.3 Compensated Absences

45. SEBI REGULATORY FEES

SEBI had introduced regulatory fees on annual turnover payable by the stock exchanges vide regulation effective from January 01, 2007. Subsequent to the Balance Sheet date, the Company received a letter on April 26, 2024 from SEBI which inter alia advises the Company to pay the regulatory fees on the 'Annual Turnover' considering notional value in case of option contracts from the year 2006-07 onwards, with interest at the rate of 15% per annum. Further, SEBI has also advised the Company to pay regulatory fee for the full year for FY 2006-07, against regulatory fee of one quarter paid by the company.

The Company, for the purpose of paying regulatory fee, has been computing 'turnover' of the Option contracts considering the value of premium traded on its platform. The company has decided to present its position to SEBI and request to reconsider its advisory to the company. Pending finalisation of the outcome, based on the prudence, the Company has provided in the current period ₹ 16,977 lakhs (including ₹ 7,347 lakhs in respect of periods up to March 31, 2023) towards differential regulatory fees.
