1. Changes pertaining to enhancements for order placed with Limit Price

As per Exchange circular 20240405-40 dated April 05th 2024 with a view to strengthening the pre-trade risk control measures in Equity Derivatives segment, Limit Price Protection (LPP) Mechanism shall be introduced with effect from Tuesday, April 16, 2024.

Accordingly technical changes have been done in this version of TWS application to support said enhancement.

Now, Limit price orders within the Limit Protection Price (LPP) range defined by Exchange shall be accepted and limit orders beyond this price range would get rejected.

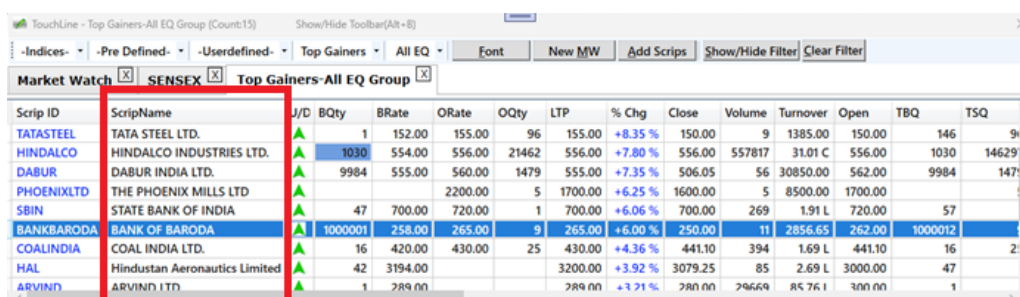

If limit order is rejected due to price beyond LPP range, then following error message "ORDER PRICE IS BEYOND LPP LIMIT" shall be displayed.

Kindly refer Exchange circular for more details related to Limit Price Protection (LPP) functionality.

2. New Column "Scrip Name" introduced in Market watch

A new column named "Scrip Name" has been introduced in MarketWatch. This column displays the Scrip Name corresponding to each Scrip Id listed in the MarketWatch.

User can now save all types of MarketWatch with the selected columns including Scrip Name. Scrip Name will be visible for all Pre-defined, User defined, Market Movers Scrips in Touchline.
