- Monthly Futures Contracts – Market Maker has to provide 2 way continuous quotes upto maximum spread of 0.1% of bid price in current month contracts and on Expiry day in near month contract in monthly futures contract and /or any of the weekly futures contracts upto maximum spread of 0.1% of bid price.
- Market Maker needs to ensure two way continuous quotes during regular trading hours for minimum 50% of trading time.
- Market Maker needs to qualify as per above mentioned daily presence criteria for minimum 50% of the trading days in a month.
- In case market maker fails to fulfil quoting obligation in near month contract on expiry day, however if he qualifies on quoting obligation parameters in more than 50% of the trading days in the month in that case he will be eligible as market maker for subsequent month.
- In case a market maker fails to fulfil the quoting obligation specified above in the contracts in which he is appointed as a market maker then exchange shall not consider member eligible as a market maker in those contracts and all exemption extended to him as a market maker shall be withdrawn from the subsequent month. In such a scenario, in case member wish to do market making for those securities, member will have to re-apply to be appointed as a market maker in those securities. (The only exceptions shall be due to technical reasons and fast market conditions)
- The review of the member eligibility as market maker shall be done at the end of every month.

- Exchange shall monitor the scheme on a systematic basis to ensure that this facility is not misused by any market participant.

Reversal Trade Prevention Check (RTPC) exemption for Market Maker:-

- Reversal Trade Prevention Check (RTPC) exemption shall be provided to the market maker upon registration as a market maker for list of securities member will act as a market maker.
- Quoting obligation specified above will be mandatory for market makers to be eligible for RTPC exemption and RTPC Check exemption shall be withdrawn, if the market maker does not qualify as per the market making obligations specified above. In such a scenario, member will have to re-apply to be appointed as a market maker in those securities to get RTPC exception in subsequent month.
- Reversal Trade Prevention Check (RTPC) is applicable at client level and not at member level. Therefore, interested market maker shall apply with unique client code (UCC) details from which he intends to do market making. Further, the Reversal Trade Prevention Check (RTPC) exemption shall be provided to that particular client only which is registered as a market maker.
- RTPC Exemption shall be given to only market makers in equity derivatives contracts on which LES is running.

Suspension and Prohibition of Market Makers: -

Exchange may either restrict or prohibit a registered market maker from displaying on or entering quotations into the trading system or dealing in securities in which he is registered as a market maker if:

- Such market maker has been or is expelled or suspended or declared a defaulter from trading membership of the Exchange, or is unable to comply with the Exchange's Bye Laws, Rules and Regulations or whose registration is cancelled by the SEBI.
- Such market maker has defaulted on any transaction effected in respect of securities.
- The market maker is in such financial or operating difficulties, that in the opinion of the Exchange, such market maker ought not to be allowed to display on or enter quotations into the trading system of the Exchange having regard to the safety of investors, creditors or other trading members of the Exchange;
- Where such market maker, in the view of the Exchange, ceases to meet qualification requirements for registration as a market maker.
