Bombay Stock Exchange,  
Mumbai.

Date: 01/10/2024

Dear Sir,

Re: SME - IPO of M/s Trafiksol ITS Technologies Ltd.  
-----

In continuation of our earlier letter along with documents furnished before your kind self on 18/09/2024, it is to further submit as under: -

The validity of quotation obtained from earlier vendor M/s. Oasis Corpcare Pvt Ltd for supply of Software (ICCC Platform for Smart City Projects) had been expired. Accordingly, M/s TrafikSol ITS Technologies Ltd (hereinafter referred to as 'the company') is in process of seeking fresh quotations for appointment of new vendors for supply, installation, support and maintenance of such software. The company undertakes to obtain the quotations from at least 3 potential suppliers from whom the software could be procured. Furthermore, the Company commits to retain the proceeds from the IPO in an Escrow account until the appointment of a new vendor for the supply of the software is duly finalized. The company, before placing the order and releasing the payment to the approved vendor, shall seek proper approval of the members in the upcoming General Meeting. Further, the company, before placing the order and releasing the payment, shall issue a public notice intimating the decision taken in the General Meeting regarding appointment of the vendor and particulars thereon. The company had consented for appointment of a Monitoring Agency (MA) that would be suggested by the Bombay Stock Exchange to regulate the payment for procurement of the software. The Merchant Banker has undertaken to make the payment of the fees of the Monitoring Agency (MA).

Furthermore, the Company hereby confirms that it will pay interest at the rate of 15% per annum to all investors who have been allotted shares under the issue, for the period of delay in the listing of the Company's shares.

A humble payer is made to permit the listing of shares of the company on the SME Platform of BSE Limited (BSE SME) at the earliest.

Thanking you,

Yours Faithfully,  
For TrafikSol ITS Technologies Limited
