### **THE INTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:**

**Step 1:** Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

**Step 2:** Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.

- i) The voting period begins on 27<sup>th</sup> September, 2023 at 09:00 A.M. and ends on 29<sup>th</sup> September, 2023 at 5:00 P.M. During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of 22<sup>nd</sup> September, 2023 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.

The e-voting facility is available at the link:

<b>EVSN (e-voting Sequence Number)</b>	<b>Commencement of e-voting</b>	<b>End of e-voting</b>
230905096	27-09-2023	29-09-2023

- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

**Step 1:** Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

- (iv) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

**MANAGEMENT DISCUSSION AND ANALYSIS****Company overview:**

Roopa Industries Limited was incorporated in the year 1985 and operates in the segment of manufacturing and marketing of bulk drugs and intermediaries.

**Indian Pharma Industry:**

Indian Pharmaceutical market has witnessed growth in both acute and chronic diseases segments. The major reason for the growth is increase in the incident of the chronic diseases and its early detection, but still the acute disease segment dominates market share in the Indian pharmaceutical industry. Increasing urbanization, lifestyle changes and stress are responsible for the higher incidents of chronic diseases.

**Demand outlook:**

The key drivers of growth include:

- Rising healthcare awareness leading to an increase in spending on medicines
- Changing life-styles leading to growing incidence of chronic ailments
- Improving health insurance coverage driven by various measures being planned/implemented by the Indian government to bring 80% of the population under health insurance cover.
- The company is focusing on brand building and customized marketing to suit to different customers and segments especially with its main product as TPP.

**Risks and concerns:**

The key challenges for the Indian pharmaceutical industry include the following:

- Ensuring compliance with global GMP standards; this will involve continuous improvement in the systems and processes as well as training of the workforce.
- Government-mandated price controls on pharmaceutical products
- Increasing competition from new entrants and expanding large/medium industries.
- Credit sales demanding more working finance.
- Maintaining inventories to meet sudden & urgent requirements by buyers, thus flooring available resources.
- Continuous R & D for company effectiveness as the competition is from domestic players as well as global market such as China.

The company manages the risk through careful market research for selection of product and by continuous monitoring. The Company has consistently supported Research & Development (R&D) for sustainable value creation.

**MANUFACTURING FACILITIES**

The Company's key priority is to ensure world-class quality in process and operations in all its manufacturing facilities. The Company has engaged professional and technical persons in the key positions and ensuring quality production and timely delivery of goods.

The Company focussed its core business on TPP and some intermediaries. During the year the Company recorded a sale turnover of 7588.95Lakhs.

**INTERNAL CONTROL SYSTEM AND ITS ADEQUACY**

The Company has adequate Internal Control Systems and Procedures with regard to purchase of Stores, Raw Materials including Components, Plant and Machinery, equipment, sale of goods and other assets. The company has clearly defined roles and responsibilities

## 3.4. RISK MANAGEMENT COMMITTEE:

The Company has not constituted a Risk Management Committee. The Company has framed and implemented a Risk Management Policy to identify the various business risks. This framework seeks to create transparency, minimize adverse impact on the business objectives and enhance the Company's competitive advantage. The Risk Management Policy defines the risk management approach across the enterprise at various levels including documentation and reporting. A systematic risk review process to identify, assess, monitor, manage and report risks supported this. The framework provides a comprehensive and systematic approach to identify and mitigate risks by embedding risk management as integral to planning at strategic and operational levels. This helped monitor, report and review identified risks in addition to considering emerging risks. The Board of Directors review these procedures periodically.

## INDEPENDENT AUDITORS' REPORT

To the Members of  
**ROOPA INDUSTRIES LIMITED**

### Report on the Audit of the Financial Statements

#### Opinion

We have audited the accompanying Financial statements of Roopa Industries Limited ('the Company'), which comprise the Balance Sheet as at 31 March, 2023, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes forming part of Financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as 'the Financial statements').

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ('Ind AS') and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March, 2023 and its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

#### Basis for opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

#### Key audit matters

Key audit matters ('KAM') are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter	Auditor's Response
<p><b>1. Revenue Recognition</b></p> <p>The application of the revenue as per Ind AS 115 involves certain key judgements relating to identification of distinct performance obligations, determination of transaction price of the identified performance obligations, the appropriateness of the basis used to measure revenue recognized over a period.</p> <p>Revenue from sale of goods is recognized when control of the products being sold is transferred to the customer and when there are no longer any unfulfilled obligations.</p>	<p>Our audit procedures, among others include the following:</p> <p>We reviewed the Company's implementation of Ind AS 115, including recognition of the effect on opening equity and changes to procedures, accounting guidelines, disclosures and systems to support correct revenue recognition. We reviewed and discussed the accounting policy including the key accounting estimates and judgements made by management.</p> <p>We tested the relevant internal controls used to ensure the completeness, accuracy and timing of revenue recognised.</p> <p>We read a sample of contracts to assess whether the method for recognition of revenue was relevant and consistent with Ind AS 115, and had been applied consistently. We focused on contract classification,</p>

Key Audit Matter	Auditor's Response
<p>Revenue is only recognised to the extent that it is highly probable that significant reversal will not occur. Accumulated experiences are used to estimate provisions of discounts, rebates.</p> <p>Hence, we consider this as a Key audit matter.</p> <p>We tested related transactions with underlying customer contracts, and other related documentation based on which revenue is recognised.</p> <p>We also assessed the revenues related disclosures in the financial statements.</p> <p>Refer No. 2.9 of the standalone financial statement.</p>	<p>allocation of income and cost to the individual performance obligations and timing of transfer of control.</p> <p>We evaluated the significant judgements and estimates made by management in applying accounting policy to sample of contracts and we obtained evidence to support them, including contractual agreements, delivery records.</p>

## Information Other than the Financial Statements and Auditor's Report Thereon

The Company's management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility and sustainable Report, Corporate Governance and Shareholder's information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained during our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## Responsibility of Management and those charged with Governance for the Financial Statement

The Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principle generally accepted in India, including Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management and Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors of the Company are responsible for overseeing the Company's financial reporting process.

### **Auditor's Responsibility for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's Report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of sub-section(11) of Section 143 of the Act, we give in 'Annexure-A' a statement on the matters specified in paragraphs 3 and 4 of the Order.

## **Annexure B to the Independent Auditors' Report**

*(Referred to in paragraph 2 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)*

### **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls with reference to Financial statements of Roopa Industries Limited ("the Company") as of 31 March 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the Orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls over to financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### **Meaning of Internal Financial Controls with reference to Financial Statements**

A Company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable

detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls with reference to Financial Statements**

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March, 2023, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

## NOTES FORMING PART OF FINANCIAL STATEMENTS

### 1. Notes forming part of Financial Statements

#### 1.1 Corporate Information

**Roopa Industries Limited** (“the Company”) is registered in India under the Companies Act, 1956 as a Public Limited Company on 06/09/1994 and as on date it is Public Limited Company, having its registered office at 17/745, Alur Road, Adoni, Kurnool, Andhra Pradesh, India. The Company is engaged in manufacturing of Bulk drugs/Drug Intermediates. The shares of the Company are listed on the Bombay Stock Exchange of India Ltd., The principal accounting policies applied in the preparation of the financial statements are set out below.

The Financial Statements for the year ended 31<sup>st</sup> March, 2023 were approved by Board of Directors and authorized for issue on 30<sup>th</sup> May, 2023.

#### 1.2 Basis of Preparation and Presentation of Financial Statements

The financial statements of Roopa Industries Limited (“the Company”) for the year ended 31<sup>st</sup> March, 2023 have been prepared and presented in accordance with the Indian Accounting Standards (“Ind AS”) notified under the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

The Financial Statements have been prepared on historical cost convention on accrual basis of accounting except for certain financial instruments that are measured at fair value. GAAPs of Indian Accounting Standards as specified in Section 133 of the Act read together with Rule 4 of Companies (Indian Accounting Standard) Amendment Rules, 2016 to the extent applicable, pronouncements of regulatory bodies applicable to the Company and other provisions of the Act. Accounting Policies have been consistently applied except where a newly issued Accounting Standards is initially adopted or revision to existing Accounting Standards requires a change in the accounting policy hitherto in use. Management evaluates all recently issued or revised Accounting Standards on an on-going basis.

#### 1.3 Basis of Measurement

All assets and liabilities are classified into current and non-current based on the operating cycle of less than twelve months or based on the criteria of realization/settlement within twelve months period from the balance sheet date.

#### 1.4 Accounting Estimates

The preparation of the financial statements, in conformity with the recognition and measurement principles of Ind AS, requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities as at the date of financial statements and the results of operation during the reported period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates which are recognized in the period in which they are determined.

- a. **Depreciation and amortization:** Depreciation and amortization is based on Schedule II to the Companies Act, 2013, which describes useful lives of property, plant and equipment and intangible assets.
- b. **Provisions and contingencies:** Provisions and contingencies are based on the Management's best estimate of the liabilities based on the facts known at the balance sheet date.

## **c. Fair valuation:**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows: Level 1: Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date; Level 2: Inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and Level 3: Inputs are unobservable inputs for the asset or liability. For assets and liabilities that are recognized in the Financial Statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by reassessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period. At each reporting date, the Company analyses the movements in the values of assets and liabilities which are required to be re-measured or reassessed in line with the Company's Accounting Policies. For this analysis, the Company verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents. For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

## **1.5 Critical Accounting Judgements and Key source of estimation uncertainty operating cycle:**

In the application of the company's accounting policies, the management of the company are required to make judgments, estimates, and assumptions about the carrying amounts of the assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to the accounting estimates are recognized in the period in which the estimates is revised if the revision effects only that period or in the period of the revision and future periods in the revision effects both current and future periods.

The following are the areas of estimation uncertainty and critical judgements that the management has made in the process of applying the company's accounting policies and that have the most significant effects on the amounts recognized in the financial statements.

### **Provisions and contingent liability:**

On an ongoing basis, Company reviews pending cases, claims by third parties and other. For contingent losses that are considered probable an estimated loss is recorded as an accrual in financial statements. Loss Contingencies that are considered possible or not provided for but disclosed as Contingent liabilities in the financial statements.

Contingencies the likelihood of which is remote are not disclosed in the financial statements. Gain contingencies are not recognized until the contingency has been resolved and amounts are received or receivable.

### **Useful lives of depreciable assets**

Management reviews the useful lives of depreciable assets at each reporting. As at March 31, 2017 management assessed that the useful lives represent the expected utility of the assets to the company. Further, there is no significant change in the useful lives as compared to previous year.

### **1.6 Functional and presentation currency**

These financial statements are presented in Indian rupees, which is also the functional currency of the Company. All financial information presented in Indian rupees.

## **2 Significant Accounting Policies**

### **2.1 Property, Plant & Equipment**

#### **Recognition and measurement**

Property, Plant and Equipment are stated at cost of acquisition or construction less accumulated depreciation and impairment loss, if any. Cost includes expenditures that are directly attributable to the acquisition of the asset i.e., freight, duties and taxes applicable and other expenses related to acquisition and installation. The cost of self-constructed assets includes the cost of materials and other costs directly attributable to bringing the asset to a working condition for its intended use. Borrowing costs that are directly attributable to the construction or production of a qualifying asset are capitalized as part of the cost of that asset.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment. An item of Property, Plant and Equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continuous use of the asset.

Gains and losses upon disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment and are recognized net within in the statement of profit and loss.

The cost of replacing part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The costs of repairs and maintenance are recognized in the statement of profit and loss as incurred.

Items of property, plant and equipment acquired through exchange of non-monetary assets are measured at fair value, unless the exchange transaction lacks commercial substance or the fair value of either the asset received or asset given up is not reliably measurable, in which case the asset exchanged is recorded at the carrying amount of the asset given up.

Property, Plant and Equipment which are not ready for intended use as on the date of Balance Sheet are disclosed as "Capital Work-in-Progress".

#### **Depreciation**

Depreciation is recognized in the statement of profit and loss on Straight line basis over the estimated useful lives of property, plant and equipment based on Schedule -

II to the Companies Act, 2013 (“Schedule”), which prescribes the useful lives for various classes of tangible assets. Land is not depreciated.

### 2.2 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

#### A. Financial Assets

##### i. Initial Recognition

In the case of financial assets, not recorded at fair value through profit or loss (FVPL), financial assets are recognized initially at fair value plus transaction costs that are directly attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognized on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

##### ii. Subsequent Measurement

For purposes of subsequent measurement, financial assets are classified in the following categories:

###### a. Financial Assets at Amortized Cost

Financial assets are subsequently measured at amortized cost if these financial assets are held within a business model with an objective to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Interest income from these financial assets is included in finance income using the effective interest rate (“EIR”) method. Impairment gains or losses arising on these assets are recognized in the Statement of Profit and Loss.

###### b. Financial Assets Measured at Fair Value

Financial assets are measured at fair value through OCI if these financial assets are held within a business model with an objective to hold these assets in order to collect contractual cash flows or to sell these financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in the Statement of Profit and Loss.

Investment in Equity Instruments are designated as Financial Assets measured at fair value through OCI and Investments in Mutual Funds are designated as Financial Assets measured at fair value through statement of Profit & Loss on date of transition.

###### c. Impairment of Financial Assets

In accordance with Ind AS 109, expected credit loss (ECL) model for measurement and recognition of impairment loss on the trade receivables or any contractual right to receive cash or another financial asset that

result from transactions that are within the scope of Ind AS 18. As Company trade receivables are realized within normal credit period adopted by the company, financial assets are not impaired.

### **d. De-recognition of Financial Assets**

The Company de-recognizes a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all risks and rewards of ownership of the asset to another entity.

If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognizes its retained interest in the assets and an associated liability for amounts it may have to pay.

If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognize the financial asset and also recognizes a collateralized borrowing for the proceeds received.

## **B. Financial Liabilities**

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

### **i. Initial Recognition**

Financial liabilities are classified, at initial recognition, as financial liabilities at FVPL, loans and borrowings and payables as appropriate. All financial liabilities are recognized initially at fair value and in the case of loans and borrowings and payables, net of directly attributable transaction costs.

### **ii. Subsequent Measurement**

The measurement of financial liabilities depends on their classification, as described below:

#### **a. Financial liabilities at FVPL**

Financial liabilities at FVPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at FVPL. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Gains or losses on liabilities held for trading are recognized in the Statement of Profit and Loss.

### **iii. De-recognition of Financial Liabilities**

Financial liabilities are de-recognised when the obligation specified in the contract is discharged, cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as de-recognition of the original liability and recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

## **2.3 Impairment of non-financial assets**

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts

may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generated Units (CGU) to which the asset belongs. If such assets are considered to be impaired, the impairment to be recognized in the statement of profit and loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

### **2.4 Cash and Cash Equivalents**

Cash and Bank balances comprise of cash balance in hand, in current accounts with banks and Bank Fixed Deposits with maturity of 3 months or less than 3 months. Cash flows are reported using the indirect method, whereby profit/ (loss) before tax is adjusted for the effects of transactions of no cash nature and any deferrals or accruals of past or future cash receipts or payments. Cash flow for the year is classified by operating, investing and financing activities.

### **2.5 Employee Benefits**

#### **Short term employee benefits**

Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

#### **Defined Contribution Plan**

Employee State Insurance is a defined contribution scheme of the Government of India under which both the employer and employee contribute on a monthly basis at a pre-determined rate and the Company has no further obligation.

#### **Defined Contribution Benefits**

The Company has an obligation towards gratuity, a defined benefit plan covering eligible employees. The plan provides for lump sum payment on retirement, death while in employment or on separation.

### **2.6 Borrowing Cost:**

Borrowing costs are charged to the Statement of Profit and Loss except in cases where the borrowings are directly attributable to the acquisition, construction or production of qualifying asset till it is put to use.

### **2.7 Government Grants:**

Ind AS 20 gives an option to present the grants related to assets, including nonmonetary grants at fair value in the balance sheet either by setting up the grant as deferred income or by deducting the grant in arriving at the carrying amount of the asset. Accordingly Sales Tax Deferment amount payable to Department has been considered as Government Grant and considered the interest expenses and amortization benefit is considered in Profit and Loss Account and Balance Sheet.

## 2.8 Provisions, Contingent Liabilities and Contingent Assets

A provision is recognized when the Company has a present obligation (legal or constructive) as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, in respect of which a reliable estimate can be made of the amount of obligation. Provisions (excluding gratuity and compensated absences) are determined based on management's estimate required to settle the obligation at the Balance Sheet date. In case the time value of money is material, provisions are discounted using a current pre-tax rate that reflects the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost. These are reviewed at each Balance Sheet date and adjusted to reflect the current management estimates.

## 2.9 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable and is recognized when it is probable that the economic benefits associated with the transaction will flow to the Company and the amount of income can be measured reliably. Revenue is net of returns and is reduced for rebates, trade discounts, refunds and other similar allowances.

Effective April 1, 2018, the Company adopted Ind AS 115 "Revenue from Contracts with Customers" using the cumulative catch-up transition method. In accordance with the cumulative catch-up transition method, the comparatives have not been retrospectively adjusted. The effect on adoption of Ind AS -115, is insignificant.

### Sale of goods

Revenue is recognized when it is probable that economic benefits associated with a transaction flows to the Company in the ordinary course of its activities and the amount of revenue can be measured reliably. Revenue is recognized, when the significant risks and rewards of the ownership have been transferred to the buyers and there is no continuing effective control over the goods or managerial involvement with the goods. Sales include Job work charges received on contract manufacturing operations. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes and duties.

### Other Income

Other income includes Dividend, Interest, Profit / (Loss) on sale of Investments, Commission, Professional and Technical Services and other miscellaneous receipts if any. Dividend income from investments is recognized when the Company's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably). Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on time proportionate basis, by reference to the principle outstanding and at the effective interest rate applicable. Commission income is recognised when the economic benefits associated with the transaction will flow to the entity or the amount of revenue can be measured reliably.

When the transaction involving the rendering of services is estimated reliably, revenue associated with the transaction shall be recognised by reference to the stage of completion of the transaction at the end of the reporting period.

The outcome of the transactions can be estimated reliably when all the following conditions are satisfied:

- (a) The amount of revenue can be measured reliably;
- (b) It is probable that the economic benefits associated with the transaction will flow to the entity;
- (c) The stage of completion of the transaction at the end of the reporting period can be measured reliably; and
- (d) The costs incurred for the transaction and the costs to complete the transaction can be measured reliably

### 2.10 Income Tax

#### Current Tax

Current income tax is recognised based on the estimated tax liability computed after taking credit for allowances and exemptions in accordance with the Income Tax Act, 1961. Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

#### Deferred Tax

Deferred tax is determined by applying the Balance Sheet approach. Deferred tax assets and liabilities are recognised for all deductible temporary differences between the financial statements' carrying amount of existing assets and liabilities and their respective tax base. Deferred tax assets and liabilities are measured using the enacted tax rates or tax rates that are substantively enacted at the Balance Sheet date. The effect on deferred tax assets and liabilities of a change in tax rates is recognised in the period that includes the enactment date. Deferred tax assets are only recognised to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilised. Such assets are reviewed at each Balance Sheet date to reassess realisation.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Minimum Alternative Tax ("MAT") credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

### 2.11 Earnings Per Share

The Company presents basic and diluted earnings per share ("EPS") data for its ordinary shares. Basic earnings per share are computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the period. Diluted earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

## 2.12 Recent pronouncements

The Ministry of Corporate Affairs (MCA) notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On 31 March 2023, the MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below:

- (i) Ind AS 1, Presentation of Financial Statements – The amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Group has evaluated the amendment and the impact of the amendment is insignificant in the Group's financial statements.
- (ii) Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors – The amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Group has evaluated the amendment and there is no impact on its consolidated financial statements.
- (iii) Ind AS 12, Income Taxes – This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Group has evaluated the amendment and there is no impact on its consolidated financial statements.

(a) right-of-use assets and lease liabilities

(b) decommissioning, restoration and similar liabilities and the corresponding amounts recognized as part of the cost of the related asset.

Therefore, if a company has not yet recognized deferred tax on right-of-use assets and lease liabilities or has recognized deferred tax on net basis, the same need to recognize on gross basis based on the carrying amount of right-of-use assets and lease liabilities

- (iv) Ind AS 103 – Common control Business Combination - The amendments modify the disclosure requirement for business combination under common control in the first financial statement following the business combination. It requires to disclose the date on which the transferee obtains control of the transferor is required to be disclosed.

### **Maintenance of Books of Accounts under Section 128 of the Companies Act, 2013**

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 (as amended), which provides for books of account to have the feature of audit trail, edit log and related matters in the accounting software used by the Company, is applicable to the Company only with effect from financial year beginning April 1, 2023, the reporting under clause (g) of Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), is currently not applicable.

## NOTES TO FINANCIAL STATEMENTS

### 33. Segment Reporting

Ind AS 108 establishes standards for the way that public business enterprises report information about operating segments and related disclosures about products and services. Based on the 'Management' approach as defined under Ind AS108, the Chief Operating Decision Maker (CODM) evaluates the performance on a periodical basis and allocates resources based on an analysis of the performance of various Businesses. The CODM is the Managing Director. The accounting principles used in the preparation of the financial statements are consistently applied to record revenue and expenditure in individual segments and are as set out in the Significant Accounting Policies. Since, the Company is mainly pursuing only one activity i.e. manufacturing and selling of Bulk Drugs and Drug Intermediates, reporting of segment revenue and results does not arise.

### 34. Employee benefits

#### a. Defined Benefit Plans:

The Company operates defined contribution schemes like Employee State Insurance Scheme. For this scheme contributions are made by the company and employees at a predetermined rate based on current salaries.

#### b. Defined Benefit Plans:

##### i. Gratuity:

The Company has provided gratuity liability as per the actuarial valuation provided by actuarial valuer. The benefits are determined and carried out at each Balance Sheet date.

##### ii. Leave Encashment:

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

- Level 1 - Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 - Inputs are other than quoted prices included within Level 1 that are observable for the Asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).
- Level 3 - Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

### Financial Risk Management

The Company's activities expose it to a variety of financial risks, including credit risk, liquidity risk and Market risk. The Company's risk management assessment and policies and processes are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor such risks and compliance with the same. Risk assessment and management policies and processes are reviewed regularly to reflect changes in market conditions and the Company's activities. The Board of Directors and the Audit Committee is responsible for overseeing the Company's risk assessment and management policies and processes.

## NOTES TO FINANCIAL STATEMENTS

### a) Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Company grants credit terms in the normal course of business.

Trade Receivables - The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. On account of adoption of Ind AS 109, the Company uses Expected Credit Loss (ECL) model for assessing the impairment loss. As Company trade receivables are realised within normal credit period adopted by the company, hence the financial assets are not impaired.

Financial assets that are neither past due nor impaired - None of the Company's cash equivalents, including deposits with banks, were past due or impaired as at 31st March, 2023.

### b) Liquidity Risks

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to the Company's reputation.

As of 31st March, 2023 and 2022 the Company had unutilized credit limits from banks of Rs.1.29 Lacs and Rs.2.08 Lacs respectively.

As of 31st March, 2023, the Company had working capital (current assets less current liabilities) of Rs.251.26 Lacs including cash and cash equivalents of Rs.194.52 Lacs, As of 31st March, 2022, the Company had working capital of Rs.726.08 Lacs including cash and cash equivalents of Rs.149.19 Lacs.

### c) Market Risks

Market risk is the risk that changes in market prices such as commodity prices risk, foreign exchange rates and interest rates which will affect the Company's financial position. Market risk is attributable to all market risk sensitive financial instruments. Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market Risk comprises three types of risk: Interest Rate Risk, Foreign Currency Risk and Commodity Risk.

#### Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in Market Interest Rates. The Company is not having any debt obligations with floating interest rates.

#### Foreign Currency Risk

Foreign Currency Risk is the risk that the fair value of future cash flows of an exposure will fluctuate because of changes in foreign exchange rates.

#### Commodity Price Risk

Commodity Price Risk is affected by the price volatility of certain commodities. The Company is not having any exposure for any commodity.

## 38. Capital Management

Company's objective for capital management is to maximize shareholder wealth, safeguard business continuity and support the growth of the Company. The Company determines the capital management requirement based on annual operating plans and long term plans. The funding requirements are met through equity, borrowings and operating cash flows required.
