Annexure- I**MANAGEMENT DISCUSSION AND ANALYSIS REPORT****Industry Structure and Developments – Outlook**

Cement industry is a highly energy incentive sector. Energy along with other raw materials mainly comprising coal and limestone forms a most critical component in the manufacturing of cement. While your company does not face any problem with respect to the availability of limestone. Its high priority is to keep its energy costs at minimum, which forms a significant portion of the input costs. In order to reduce the power consumption cost/ energy cost, the company has switched to pet-coke as fuel which is cost effective compared to Coal and is also utilizing power generated from its own solar plant for production of Cement.

During the Financial Year 2022-23 the company for the second consecutive time has crossed the milestone of 100 crore turnover and has recorded its highest gross turnover of Rs. 12,323.94 Lakhs till date.

Opportunities and Threats

With the installation and working of its Solar Plants running total at 37 MW capacity, the company has saved huge energy costs as the company is currently utilizing its own power generated from solar plant for production of Cement and is expected to save more costs in the future. The Company has also undertaken capex to further reduce its fuel and power cost thereby increasing the contribution margin. The Capex is expected to commission by Financial Year 2024.

Risk Management

Risk is inherent in all kinds of business and is an integral part of cement industry. In the normal course of business, a company is exposed to various risks like Credit risk, Market risk and Operational risk, besides other residual risks such as Liquidity risk, Interest rate risk, Regulation risk etc. With a view to efficiently manage such risks, your Company has put various risk management system and practices. Your Company aims at enhancing and maximizing shareholders value by achieving appropriate balance between risks and returns. The risk management strategy adopted by your Company is clearly based on a clear understanding of the risk and the level of the risk appetite and that is dependent on the willingness to take the risk in the normal course of business.

Segment Wise Performance

Revenue from Manufacturing and Trading in Cements for the FY 2022-23 amounted to Rs. 9,319.88 lakhs which is Rs. 260.32 Lakhs more than the revenue of FY 2021-22 of Rs. 9059.56 lakhs.

Revenue from Trading in Coal for the FY 2022-23 amounted to Rs. 25.68 lakhs which has reduced by Rs. 2.13 Lakhs from the revenue of FY 2021-22 of Rs. 27.81 lakhs.

Revenue from Dealing in Petrol and Diesel for the FY 2022-23 amounted to Rs. 813.59 lakhs which has increased by Rs. 22.09 Lakhs from the revenue of FY 2021-22 of Rs. 791.50 lakhs.

Revenue from Solar Power Generation and Supply for the FY 2022-23 amounted to Rs. 2164.79 lakhs which has increased by Rs. 664.59 Lakhs from the revenue of FY 2021-23 of Rs. 1500.20 lakhs.

Internal Control System and their Adequacy

Your company has a well defined internal control system to support efficient business operations and statutory compliance. Internal Auditor carry out vouching of all accounting records and confirmation of balances and thereby assures the accuracy of accounting records and External Auditors carry out concurrent audit of the operations of the Company which adds to the stability of the internal control systems. Suitable internal checks have been built in to cover all monetary transactions with proper delineation of authority, which provides for checks and balances at every stage.

Human Resources and Industrial Relations

Industrial relations continued to be cordial and harmonious at both the plants and also at the Corporate Office throughout the year. The company has taken all precautionary measures for its employees against the Covid-19 pandemic and it has ensured that all its employees/workers are fully vaccinated and the company has also ensured the use of Sanitizing machines at the factory premises and Thermal check of every employee, worker as well as visitors.

Discussion on Financial Performance with respect to Operational Performance

During the year under review the financial performance with respect to operational performance was satisfactory and there are no over dues pending from the customers and the interest obligations and statutory obligations have been met in time.

Disclosure of Accounting Treatment

The Company has followed prescribed Accounting Standards in the preparation of financial statements and there is no deviation in the current year.

6. DISCLOSURES

(a) Basis of related party transactions

All related party transactions that were entered into during the financial year were on an arm's length basis and were in the ordinary course of business. There are no materially significant related party transactions made by the Company with Promoters, Directors, Key Managerial Personnel or other designated persons which may have a potential conflict with the interest of the Company at large.

All Related Party Transactions are placed before the Audit Committee and also the Board for approval. Prior omnibus approval of the Audit Committee is obtained on annual basis for the transactions which are of a foreseen and repetitive nature. The transactions entered into pursuant to the omnibus approval so granted are audited and a statement giving details of all related party transactions is placed before the Audit Committee and the Board of Directors for their approval on annual basis. The details of related party transactions are shown in the notes of financial statements as per AS-18 and as per Section 188 of the Companies Act, 2013 in Form AOC-2 as Annexure to the Annual Report.

(b) Vigil Mechanism

The Company has a vigil mechanism for directors and employees to report genuine concerns. The Vigil mechanism provides for adequate safeguards against victimization of director(s) or employee(s) or any other person who avail the mechanism and also provide for direct access to the chairperson of the audit committee in appropriate or exceptional cases.

(c) Compliance with SEBI (LODR) Regulations, 2015

The Company has complied with all mandatory requirements of Regulations as per Chapter IV of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

(d) Risk management

The Company operates in an increasingly volatile and challenging business environment. The Company's overall risk management seeks to minimize potential adverse effects on its performance. The Company has created the Risk Management charter for building a strong risk management culture.

Board of Directors confirms that there exist no elements of risks, if any, which in the opinion of the Board may threaten the existence of the Company.

(e) Compliance by the Company

There are no instances of non-compliance by the Company on any matters related to capital market, nor have any penalty/strictures been imposed by the Stock Exchange or SEBI or any other statutory authority on any matter relating to capital market during the Financial Year ended on March 31, 2023.

(f) Performance Evaluation:

Pursuant to the provisions of the Companies Act, 2013 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 the Board has carried out the annual performance evaluation of its own performance, the Directors individually as well as the evaluation of working of its Committees.

The Nomination and Remuneration Committee laid down the criteria for performance evaluation of Independent Directors and other Directors, Board of Directors and the various committees of the Board of Directors. The criteria for performance evaluation cover the areas relevant to their functioning as Chairman, Independent Directors or other Directors, Member of Board or Committees of the Board. A Structured questionnaire, evolved through discussions within the Board, has been used for this purpose.

The purpose of evaluation of the Board and its Committees was to analyze how the Board and its committees are functioning, the time spent by the Board while considering matters and whether the terms of reference of the Board Committees have been met, beside compliance of provisions of the Act and Listing Agreement.

The Directors expressed their satisfaction with the evaluation process. However, given the nascent nature of this process, the evaluation process will be strengthened through experience and also by identifying best practices used by the other corporates.

7. CODE OF CONDUCT

The Company has adopted a Code of Conduct for Directors and Senior Management of the Company, as required by Regulation 17(5) of the SEBI (LODR) Regulations, 2015. The Company has received confirmation from the Directors and Senior Management regarding compliance with the code for the year ended March 31, 2023. A Certificate from Managing Director to this effect is attached to this report. The code has been displayed on the Company's website.

8. CODE OF CONDUCT FOR PREVENTION OF INSIDER TRADING

The Company has adopted a revised "Code of Conduct to Regulate, Monitor and Report Trading in Securities and Fair Disclosure of Unpublished Price Sensitive Information" (Revised Code) in Compliance with SEBI (Prohibition of Insider Trading) (Amendment) Regulations, 2018. The same was effective from April 01st 2019 & is made available on the Company's website at www.keshavcement.com.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF SHRI KESHAV CEMENTS & INFRA LIMITED

Report on the Audit of the Financial Statements

Qualified Opinion

We have audited the accompanying financial statements of SHRI KESHAV CEMENTS & INFRA LIMITED ("the Company"), which comprise the Balance Sheet as at March 31, 2023, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matter described in the Basis for Qualified Opinion section of our report, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023 and its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Qualified Opinion

1. The company has been purchasing coal and is paying GST Compensation Cess ("coal cess") on the said purchases. Since there is no significant sale of coal, such coal cess is accumulated over a period of time and is not been set off against the output coal cess. Such accumulated coal cess amounting to Rs.242.57 Lakhs is included as part of other current assets in the financial statements. As the company does not have sufficient stock of coal, in our view said coal cess is not recoverable. The impact of the same is not provided in the audited financial results.
2. Based on the information provided and records produced before us, the Company has made an advance payment of GST amounting to Rs. 641.52 Lakhs plus interest and penalties amounting to Rs. 218.11 Lakhs in the financial year 2020-21 & 2021-22, based on a search conducted by GST Intelligence at company premises. The GST liability was pertaining to financial year 2018-19 and 2019-20. However, as per the information and explanation provided to us as at the reporting date, the investigation by DGGI is not complete. Such amounts are included as part of other current assets in the financial statements. Since the investigation is not completed and orders are not issued, therefore we are unable to comment on the impact of the financial statements.

We conducted our audit in accordance with Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under

those SAs are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for qualified opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Other Information

The Company’s Management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor’s report thereon. The Annual Report is expected to be made available to us after the date of this auditor’s report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under the applicable laws and regulations.

Management's & Board of Director's Responsibility for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Refer to paragraph "material uncertainty related to going concern" above in respect to our reporting in respect to going concern appropriateness. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we

 - directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Company, or
 - provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

(ii) The management has represented, that, to the best of its knowledge and belief, as disclosed in the Note no 32 (10) to the Financial Statements, no funds have been received by the Company from any persons or entities, including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall:

- directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Funding Party or
- provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries; and

(iii) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under (i) and (ii) above contain any material misstatement.

v. There is no dividend declared or paid during the year by the Company.

C. With respect to the matters to be included in the Auditor’s Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197, read with Schedule V to the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

Accordingly, clause 3(iii)(a)(A) of the Order is not applicable.
 - ii. Based on the audit procedures carried on by us and as per the information and explanations given to us, the Company has granted loans to parties other than subsidiaries, joint ventures and associates during the year, the details of which are as under:

Particulars	Amount (Rs. in Lakhs)
Aggregate amount granted/ provided during the year	
- In nature of loans	400.00
Balance outstanding as at the Balance Sheet date	
- In nature of loans	0.00

- b) According to the information and explanations given to us and based on the audit procedures conducted by us, in our opinion the investments made and terms and conditions of the grant of loans during the year are, prima facie, not prejudicial to the interest of the Company.
- c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, in the case of loans given, in our opinion the repayment of principal has been stipulated and the repayments or receipts have been regular. The loan had been repaid within 2 days from the date of grant, and as the interest was not material, the Company had waived off the interest.

- d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no overdue amount for more than ninety days in respect of loans given.
 - e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no loan granted falling due during the year, which has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to same parties.
 - f) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not granted any loans either repayable on demand or without specifying any terms or period of repayment.

ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Shri Keshav Cements & Infra Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of SHRI KESHAV CEMENTS & INFRA LIMITED ("the Company") as of March 31, 2023, in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Qualifications Provided in the Audit Report:

1. The company has been purchasing coal and is paying GST Compensation Cess (“coal cess”) on the said purchases. Since there is no significant sale of coal, such coal cess is accumulated over a period of time and is not been set off against the output coal cess. Such accumulated coal cess amounting to Rs.242.57 Lakhs is included as part of other current assets in the financial statements. As the company does not have sufficient stock of coal, in our view said coal cess is not recoverable. The impact of the same is not provided in the audited financial results.
2. Based on the information provided and records produced before us, the Company has made an advance payment of GST amounting to Rs. 641.52 Lakhs plus interest and penalties amounting to Rs. 218.11 Lakhs in the financial year 2020-21 & 2021-22, based on a search conducted by GST Intelligence at company premises. The GST liability was pertaining to financial year 2018-19 and 2019-20. However, as per the information and explanation provided to us as at the reporting date, the investigation by DGGI is not complete. Such amounts are included as part of other current assets in the financial statements. Since the investigation is not completed and orders are not issued, therefore we are unable to comment on the impact of the financial statements.

Management Replies to the Qualifications:

- 1) The Management believes that Input Compensation Cess of Rs. 242.57 lakhs will remain unutilised in the books currently. However, management is planning to venture into cement products and exports in future. As cess is applicable to certain cement products, the Input Compensation Cess can be adjusted towards the sale of such Cement Products and/or refunded in case of exports. Hence the management believes that this unutilized cess is recoverable in the near future.
- 2) The management paid the amount of Rs. 641.52 lakhs and Rs. 218.11 Lakhs towards GST and interest in the year 2020 & 2021 towards GST search regarding the FY19 and FY20. To cooperate with the department, the full amount was paid under protest. To date the investigation is not completed and based on available records, the management believes that the amount will be refunded.

SHRI KESHAV CEMENTS AND INFRA LIMITED

NOTES FORMING PART OF FINANCIAL STATEMENTS AS AT/FOR THE YEAR ENDED 31 MARCH 2023

A.1 Corporate information and significant accounting policies

Corporate information

Shri Keshav Cements and Infra Limited (Formerly Katwa Udyog Limited) ('the Company'), having its registered address at Jyoti Towers, No 215/2, 6th Cross, Nazar Camp, Karbhar Galli, Madhavpur, Vadgaon, Belgaum is a public limited company domiciled in India and registered under the Companies Act, 1956. The Company was incorporated on March 17, 1993 and is engaged in the business of manufacturing and trading in cements, trading in coal, trading in petroleum products and in the business of generation and distribution of solar energy. The company's shares are listed on the Bombay Stock Exchange (BSE).

B Significant Accounting Policies

B.1 Statement of Compliance

These financial statements are prepared in accordance with the Indian Accounting Standards ("Ind AS") as per the Companies (Indian Accounting Standards) Rules, 2015 and presentation requirements of Division II of Schedule III notified under Section 133 of Companies Act, 2013 ("the Act"), amendments thereto and other relevant provisions of the Act and guidelines issued by the Securities and Exchange Board of India ("SEBI"), as applicable.

The financial statements were authorised for issue by the Board of Directors of the Company at their meeting held on 25th May, 2023.

B.2 Basis of Preparation

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) under historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values as per IND AS 109 and employee's defined benefit plan as per the actuarial valuations as per IND AS 19. The Ind AS are prescribed under Section 133 of the Companies Act 2013 ("the Act") read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereunder.

Accounting policies have been continuously applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

Financial Statement are prepared on Going concern basis.

Company's financial statements are presented in Indian Rupees, which is also its functional currency.

Operating segment are reported in the manner consistent with the internal reporting provided to the chief operating decision maker.

The Company has ascertained its operating cycle as twelve months for the purpose of Current / Non-Current classification of its Assets and Liabilities.

For the purpose of Balance Sheet, an asset is classified as current if:

- (i) It is expected to be realised, or is intended to be sold or consumed, in the normal operating cycle; or
- (ii) It is held primarily for the purpose of trading; or
- (iii) It is expected to realise the asset within twelve months after the reporting period; or
- (iv) The asset is a cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

Similarly, a liability is classified as current if:

- (i) It is expected to be settled in the normal operating cycle; or
- (ii) It is held primarily for the purpose of trading; or
- (iii) It is due to be settled within twelve months after the reporting period; or
- (iv) The Company does not have an unconditional right to defer the settlement of the liability for at least twelve months after the reporting period. Terms of a liability that could result in its settlement by the issue of equity instruments at the option of the counterparty does not affect this classification.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current only.

B.3 Use of estimates

The preparation of financial statements in conformity with Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

C Critical Accounting Estimates

C.1 Income Taxes

The Only Tax jurisdiction for the Company is India. Significant judgements are involved in determining the provision for the income taxes including judgement on whether tax positions are probable of being sustained in tax assessments. A tax assessment can involve complex issues, which can only be resolved over extended time periods.

C.2 Property, Plant and Equipment

Property, Plant and Equipment represent a significant proportion of the asset base of the Company. The Charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values are determined based on the Schedule II of the companies Act 2013 and reviewed periodically, including at each financial year end.

SHRI KESHAV CEMENTS AND INFRA LIMITED

NOTES FORMING PART OF FINANCIAL STATEMENTS AS AT/FOR THE YEAR ENDED 31 MARCH 2023

D Revenue Recognition

Company derives revenue from manufacture and sale of Cement, Trading in Coal and generation and sale of solar energy.

Effective from 1 April 2018, the company adopted Ind AS 115, *Revenue from Contract with customers* using modified retrospective transition method. In accordance with this transition method the comparatives have not been retrospectively adjusted. The effect on adoption of Ind AS 115 was insignificant.

Revenue is recognised upon transfer of control of promised products or services to customer in an amount that reflects the consideration we expect to receive in exchange for those products or services. The following specific recognition criteria must also be met before revenue is recognized: **Sale of Material**

Revenue from sale of goods is recognized when all control of ownership of the goods have been passed to the buyer, usually on delivery of the goods. The Company collect sales taxes or other indirect taxes on behalf of government and, therefore, these are not economic benefits flowing to the company. Hence they are excluded from revenue.

Interest

Interest income is recognised on time basis, to the extent that it is probable that the economic benefits associated with the transaction will flow to the entity; and the amount of interest income can be measured reliably. Interest income is included under the head "other income" in the statement of profit and loss.

Revenue in excess of invoicing are classified as contract assets while invoicing in excess of revenue are classified as contract liability.

E.1 Property, plant and equipment

Property, plant and equipment are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises the purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the Property, plant and equipment to the working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditure related to an item of Property, plant and equipment is added to its book value only if it increases the future benefits from the existing Property, plant and equipment beyond its previously assessed standard performance. All other expenses, on the Property, plant and equipment, including day-to-day repair and maintenance expenditure and cost of replacing parts (which does not meet the capitalisation criteria), are charged to the statement of profit and loss for the period during which such expenses are incurred.

Gains or losses arising from derecognition of Property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the Property, plant and equipment and are recognized in the statement of profit and loss when the Property, plant and equipment is derecognized.

Expenses incurred relating to project, prior to its intended use, are considered as pre - operative expenses and disclosed under Capital Work - in -Progress.

Long-term lease arrangements in respect of land are treated as Property, plant and equipment, in case such arrangements result in transfer of control and the present value of the lease payments is likely to represent substantially all of the fair value of the land.

E.2 Depreciation

Depreciation on Property, plant and equipment is calculated on the straight-line basis using the rates arrived at based on the useful lives estimated by the management. Generally, the useful life estimate coincides with the life prescribed under the Schedule II to the Companies Act, 2013.

In case of certain classes of PPE, the Company uses different useful lives than those prescribed in Schedule II to the Act. The useful lives have been assessed based on technical advice, taking into account the nature of the PPE and the estimated usage of the asset on the basis of management's best estimation of obtaining economic benefits from those classes of assets, based on technical reports received from Chartered Engineers and relevant industry experts. The estimated useful life is reviewed periodically, with the effect of any changes in estimate being accounted for on a prospective basis.

Such classes of assets and their estimated useful lives are as under:

Nature of Asset	Estimated Useful Life (in Years)
Plant and Machinery	15 to 25

F.1 Intangible Assets

Intangible Assets acquired separately are measured on initial recognition at cost and are amortized on the straight line basis over the estimated useful economic life.

F.2 Amortization

The amortization period and the amortization method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly. If there has been a significant change in the expected pattern of economic benefits from the asset, the amortization method is changed to reflect the changed pattern.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

I Borrowing Costs

Borrowing costs include exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use.

SHRI KESHAV CEMENTS AND INFRA LIMITED

NOTES FORMING PART OF FINANCIAL STATEMENTS AS AT/FOR THE YEAR ENDED 31 MARCH 2023

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization

All other borrowing costs are charged to the Statement of Profit and Loss for the period for which they are incurred.

J Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

J.1 Initial Recognition

The company recognises financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss, are added to the fair value on initial recognition.

J.2 Subsequent Measurement

a. Non-derivative Financial instruments

(i) Financial Assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

In case of financial assets classified and measured at amortised cost, any interest income and impairment losses are recognised in the Statement of Profit and Loss.

(ii) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and by selling the financial assets, and the contractual terms of the financial asset give rise on unspecified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Further, in cases where the Company has made an irrevocable election based on its business model, for its investments which are classified as equity instruments, the subsequent changes in fair value are recognised in other comprehensive income.

(iii) Financial assets through profit or loss

A financial asset which is not classified in any of the above categories is subsequently fair valued through profit or loss.

(iv) Financial liabilities

Financial liabilities are subsequently carried at amortised cost using the effective interest method (other than loans received as Grants, which are accounted as per the specific Significant Accounting Policy. For trade and other payables maturing within one year from the Balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the amortised cost on initial recognition.

Interest expense based on the Effective Interest Rate method is recognised in the Statement of Profit and Loss, as finance cost.

J.3 Derecognition of financial instruments

The company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognised from the Company's balance sheet when the obligation specified in the contract is discharged or cancelled or expires.

J.4 Fair value of financial instruments

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized.

Refer to note 28 in for the disclosure on carrying value and fair value of financial assets and liabilities. For financial assets and liabilities maturing within one year from the balance sheet date and which are not carried at fair value, the carrying amounts approximate fair value due to the short maturity of these instruments.

J.5 Classification of Financial Liabilities and Equity

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Company are recognised at the proceeds received.

SHRI KESHAV CEMENTS AND INFRA LIMITED

NOTES FORMING PART OF FINANCIAL STATEMENTS AS AT/FOR THE YEAR ENDED 31 MARCH 2023

K Impairment

a. Financial Assets

The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, ECLs are measured at an amount equal to the 12-month ECL, unless there has been significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of eECLs (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in profit or loss.

b. Non Financial Assets

(i) Intangible assets and property, plant and equipment

Intangible assets and Property, Plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognised in the statement of profit and loss is measured by the amount by which the carrying value of the assets exceeds the estimate recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there is a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortisation or depreciation) had no impairment loss been recognised for the asset in prior years.

L Provisions

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that is reasonably estimable, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

M Earnings per equity share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends and attributable taxes, if any) by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share are computed by dividing the net profit attributable to the equity holders of the Company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e.. the average market value, of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all the periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

N Income taxes

Income tax expense comprises current and deferred income tax. Income tax expense is recognized in net profit in the Statement of Profit and Loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in other comprehensive income. Current income tax for the current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date. Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

NOTES FORMING PART OF FINANCIAL STATEMENTS AS AT/FOR THE YEAR ENDED 31 MARCH 2023

O Employee Benefits

O.1 Gratuity

The Company provides for gratuity, a defined benefit retirement plan ('The Gratuity Plan') covering eligible employees. The Gratuity Plan provides a lump-sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment with the Company.

Liabilities with regard to Gratuity plan are determined by actuarial estimate at each Balance sheet date using the projected unit credit method. The Company contributes to the Gratuity fund of Life Insurance Corporation (LIC) group gratuity plan, for providing for the gratuity liabilities in a timely and effective manner.

The company recognises the net obligation of a defined benefit plan in its Balance Sheet as an Asset or Liability. Gains or Losses through remeasurement of the net defined benefit Liability or asset are recognised in other comprehensive Income, and are not reclassified to profit or loss in subsequent periods. The actual return of the plan asset in excess of the yield computed by applying the discount rate used to measure the defined benefit obligation is recognised in other comprehensive income. The effect of any plan amendment are recognised in the Statement of Profit and Loss.

Provident Fund

The company provides for Provident Fund, a defined contribution plan, as an expense when the employees (eligible as per the "The Employees' Provident Funds and Miscellaneous Provisions Act, 1952") have rendered services entitling them to such benefits.

P Cash flow Statement

Cash flow are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

Q Other income

Other income is comprised primarily of interest income, and gain/loss on investments and on translation of other assets and liabilities. Interest income is recognised using the effective interest method. Dividend income is recognised when the right to receive payment is established.

R Leases

The company has adopted Ind AS 116 using the modified retrospective approach and therefore the comparative information has not been restated and continues to be reported under Ind AS 17 as permitted under the specific transition provisions in the standard. The reclassifications and the adjustments arising from the new leasing rules are therefore recognised in the opening balance sheet on 1 April 2019.

New Policy applicable from 1 April 2019:

At inception of a contract, the company assesses whether a contract is, or contains, a lease. A contract is or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the company assesses whether:

- The contract involves the use of an identified asset.
- The Company has the right to obtain substantially all of the economic benefit from the use of the asset throughout the period of use; and
- The Company has right to control the use of the asset.

As a lessee the Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost and is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the asset or the end of the lease term. In addition, the right of use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurement of the lease liability.

Lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the Group's incremental borrowing rate. Subsequently measured at amortised cost using the effective interest method. It is remeasured when there is change in future lease payments

Company presents right-of-use assets that do not meet the definition of investment property in Statement of Financial position under Non-current assets separately from Property Plant and equipment and Lease liabilities in 'other non-current or current financial liability' in statement of financial position depending on the terms of payment.

S Inventories

Inventories comprise of Raw material, Work in Progress, Finished Goods and Stock of traded goods. Inventories are valued at cost or Net Realizable Value (NRV), whichever is lower. Materials and other supplies held for use in production of inventories are not written down below cost if the finished product in which they will be incorporated are expected to be sold at or above cost. Cost is determined on a first in first out basis.

Net Realizable value is estimated selling price in the ordinary course of business, less estimated costs necessary to make the sale.

T Accounting Policy on Government Grant and Interest Free Loans

When loans or similar assistance are provided by governments or related institutions, with an interest rate below the current applicable market rate, the effect of this favourable interest is regarded as a government grant. The loan or assistance is initially recognised and measured at fair value. The government grant is measured as the difference between the initial carrying value of the loan and the proceeds received, and recognised under Other Non-Current Liability / Other Current Liability, as the case may be. Over the life of the grant, the grant amount is recognised as income in the Statement of Profit and Loss on time proportion basis. The loan is subsequently measured as per the accounting policy applicable to financial liabilities.

The financial instruments are categorised into two levels based on the inputs used to arrive at fair value measurement as described below: Level 1: It includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. The fair value of financial assets and liabilities included in Level 3 is determined in accordance with generally accepted pricing models based on discounted cash flow analysis using prices from observable current market transactions and dealer quotes of similar instruments.

2) Financial Risk Management Objective and policies:

Company's principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations and to provide guarantees to support its operations. The Company's principal financial assets include Security deposits, trade and other receivables, and cash and cash equivalents that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company senior management oversees the management of these risks. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

2.1. Market Risk:

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of risk interest rate risk. Financial instruments affected by market risk include loans and borrowings and deposits. The sensitivity analyses in the following sections relate to the position as at March 31, 2023 and March 31, 2022.

The sensitivity analyses have been prepared on the basis that the amount of net debt, the ratio of fixed to floating interest rates of the debt.

The analyses exclude the impact of movements in market variables on: the carrying values of gratuity and other post retirement obligations; provisions; and the non-financial assets and liabilities.

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at March 31, 2023 and March 31, 2022.

NOTES FORMING PART OF FINANCIAL STATEMENTS AS AT/FOR THE YEAR ENDED 31 MARCH 2023

2.2 Interest Rate Risk:

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The exposure of the company's borrowing to interest rate changes at the end of the reporting period are as follows:

Interest Rate Exposure		
Particulars	As at March 31, 2023	As at March 31, 2022
Long term Floating Loan	15,258.23	17,382.75
Long term Fixed Loan	930.00	3,916.33
Short term Floating Loan	1,140.67	319.85
Short term Fixed Loan	688.01	-
Total	18,016.91	21,618.93

Note: Long-Term loans as above includes Current Maturities of Long-Term

Debt as well. Impact of Interest Expenses for the year on 1% change in Interest

Interest Rate Sensitivity Particulars	(Amount Rs. In Lakhs)			
	As at March 31, 2023		As at March 31, 2022	
Rate:	Up move	Down move	Up move	Down move
Impact on Equity	(163.99)	163.99	(177.03)	177.03
Impact on Profit before Tax	(163.99)	163.99	(177.03)	177.03
Impact on Capital WIP	-	-	-	-

Note: An increase/decrease in interest rate does not lead to any impact on taxes, as the company is paying taxes as per MAT provisions under Section 115JB, and booking an equivalent amount of Unused Tax Credit asset, leading to a Net Impact of 0.

2.3 Credit Risk:

The maximum exposure to credit risks is represented by the total carrying amount of these financial assets in the Balance Sheet:

Particulars	March 31 2023	March 31 2022
i) Investments	2.36	-
ii) Trade receivable	411.98	547.48
iii) Cash and cash equivalents	45.48	218.55
iv) Bank Balances other than Cash and Cash Equivalents	800.13	619.65
v) Other financial assets	843.77	327.28

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers.

The Company's credit risk is primarily to the amount due from customers and loans. The Company maintains a defined credit policy and monitors the exposures to these credit risks on an ongoing basis. Credit risk on cash and cash equivalents is limited as the Company generally invests in deposits with scheduled commercial banks with high credit ratings assigned by domestic credit rating agencies.

The maximum exposure to the credit risk at the reporting date is primarily from trade receivables. Trade receivables are unsecured and are derived from revenue earned from customers primarily located in India. The Company does monitor the economic environment in which it operates and the Company manages its Credit risk through credit approvals, establishing credit limits and continuously monitoring credit worthiness of customers to which the Company grants credit terms in the normal course of business.

On adoption of Ind AS 109, the Company uses expected credit loss model to assess the impairment loss or gain. The Company establishes an allowance for impairment that represents its expected credit losses in respect of trade receivable. The management uses a simplified approach (i.e. based on lifetime ECL) for the purpose of impairment loss allowance, the Company estimates amounts based on the business environment in which the Company operates, and management considers that the trade receivables are in default (credit impaired) when counter party fails to make payments as per terms of sale/service agreements. However the Company based upon historical experience determine an impairment allowance for loss on receivables.

When a trade receivable is credit impaired, it is written off against trade receivables and the amount of the loss is recognised in the income statement. Subsequent recoveries of amounts previously written off are credited to the income statement.

The gross carrying amount of trade receivables is Rs.434.63 Lakhs (March 31, 2022: Rs.547.48 Lakhs). Trade receivables are generally realised within the credit period. The Company believes that the unimpaired amounts that are past due by more than 30 days are still collectible in full, based on historical payment behaviour.

Refer Note 4 for the company's exposure to Credit risk for Trade Receivables (Ageing).

NOTES FORMING PART OF FINANCIAL STATEMENTS AS AT/FOR THE YEAR ENDED 31 MARCH 2023

2.3 Liquidity Risk:

Liquidity risk arises from the Company's inability to meet its cash flow commitments on time. Prudent liquidity risk management implies maintaining sufficient stock of cash and marketable securities.

Company accesses domestic financial markets, Banks and Financial Institutions to meet its liquidity requirements. The company's liquidity is managed centrally with operating units forecasting their cash and liquidity requirements.

29. CAPITAL MANAGEMENT

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The company's policy is to keep the gearing ratio between 40% and 60%. The gearing ratio of the company during the reporting period (including previous period) is substantially high due to substantial long term debt fund raised for the purpose of expansion of plant capacity and solar power generation plant set up. The management is of the opinion that the new investment will reduce the cost of production and increase the profitability of the company in near future and reduce the debt. The company includes within net debt, interest bearing loans and borrowings, trade and other payables, less cash and cash equivalents, excluding discontinued operations.

For the purpose of the Company's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the company. The primary objective of the Company's capital management is to maximise the shareholder value.

(Amount Rs. In Lakhs)

Particulars	As at March 31, 2023	As at March 31, 2022

e) Inventory turnover ratio	Cost of materials consumed plus other manufacturing costs	Average inventory = ((Opening + Closing balance) / 2)	2.62	2.57	2%
f) Trade Receivables turnover ratio	Revenue From Operations	Avg. Trade Receivables	25.69	23.31	10%
g) Trade payables turnover ratio	Cost of material purchased	Avg Trade Payable	21.71	21.96	-1%
h) Net capital turnover ratio	Revenue From Operations	Avg Working Capital	7.62	7.55	1%
i) Net profit ratio	Net profit shall be after tax	Net Sales = Net sales shall be calculated as total sales minus sales returns.	2.36%	8.00%	-71%
j) Return on Capital employed	Earning before interest and taxes	Capital Employed = Shareholder's Funds + Borrowings	10.80%	10.93%	-1%
k) Return on investment	Dividend Income + Fair Value Changes in value of Equity Investments (Before Tax)	Total Investment in Equity Instruments (At Cost)	-42.36%	NA	NA

Reasons for more than 25% Variance in the Ratios:

- a) Current Ratio Higher current liabilities, due to large value of current maturities of long-term borrowings & promoter loans, and bank overdraft.
- b) Debt-Equity Ratio, Improved ratio, due to lower borrowings and conversion of director loans into equity shares (vide Board Meeting dated 16/03/2023).
- c) Debt Service Coverage Ratio Increase in current maturities of long-term borrowings over the years.
- d) Return on Equity Ratio Reduction in overall profits for the year
- i) Net profit ratio Reduction in overall profits for the year
- k) Return on investment Ratio not applicable for the FY21-22, as there were no investments made by the company prior to that.
