CHAIRMAN'S MESSAGE TO THEIR SHAREHOLDERS

Dear Valued Shareholders,

As you are seeing the growth path of the Company in the last few years, I am of the view that significant efforts have been put in by the Management in the growth of the Company. I would also like to appreciate the valuable guidance and contributions by the Independent Directors that not only led the company in improving Corporate Governance standards but also in its growth. The relentless commitment and dedication of every member of the zeal aqua family helped our business navigate through the many challenges that comes through our way.

I extend my sincere appreciation to my fellow Board members, the leadership team, employees, our suppliers and business partners for their continued support which has helped us serve our customers even better during these challenging times. I would like to thank all our shareholders and look forward to your continued support and guidance, as the Company progresses towards its mission of 'best quality sourced shrimp to customers worldwide' in the coming years.

India is the 2nd largest aquaculture nation in the world after China. The Blue Revolution in India demonstrated importance of Fisheries and Aquaculture sector. The sector is considered as a sunrise sector and is poised to play a significant role in the Indian economy in near future. In the recent past, Indian fisheries has witnessed a paradigm shift from marine dominated fisheries to inland fisheries, with the latter emerging as a major contributor of fish production from 36% in the mid-1980 to 70% in the recent past. Within inland fisheries, a shift from capture to culture-based fisheries has paved the way for sustained blue economy.

Although inland fisheries and aquaculture have grown in absolute terms, the development in terms of its potential is yet to be realized. In India, fisheries are a significant economic sector and offers vast opportunities for development. This is attributed to the diverse resources and potential of the country. Andhra Pradesh is the leading shrimp producer, accounting for more than 50% of the total output followed by Gujarat.

The Indian Government is promoting sustainable shrimp farming practices to produce high-quality 'sustainable' shrimp in order to minimize the environmental effects of shrimp aquaculture. Moreover, the Seafood Exporters Association of India (SEAI) and the Marine Products Export Development Authority (MPEDA) are supporting the export of shrimp, especially for ready-to-eat and ready-to-cook products.

Our Buyer includes companies from countries like **BELGIUM, DENMARK, FRANCE, GERMANY, GREECE, JAPAN, SOUTH KOREA, BUSAN, NETHERLANDS, USA, VIETNAM, SPAIN AND AUSTRALIA**. We are also ASC, BRC certified and HACCP which enables us to target different geographies and increase our footprints. To support this growth, we have alongside embarked on several marketing initiatives and planning to participate in all major exhibitions, Expo meets and virtual Meetings.

I am grateful to you, our shareholders, who have shown unwavering faith in our strategy. I value their dedication and commitment to the tasks at hand towards the pursuit of our short and long-term goals. Also, I would also like to thank our regulators, esteemed partners, and every one of our customers for placing their trust in us. Finally, I would like to thank all my colleagues and their families, who have been true warriors during these most challenging times. We reaffirm our commitment to delivering quality growth and look forward to continuing the momentum we have built over these years.

Love and peace from us to you.

Item No. 8

As per Section 149(10) of the Companies Act, 2013 (Companies Act, 2013), an Independent Director shall hold office for a term of upto five consecutive years on the Board of a Company, but shall be eligible for re-appointment on passing a special resolution by the Company for further term of upto five consecutive years on the Board of a Company.

In line with the aforesaid provisions of the Companies Act, 2013 and in view of long, rich experience, continued valuable guidance to the management and strong Board performance of Mrs. Sharmin Mehernosh Dordi, it is proposed to re-appoint her for the second term as an independent director on the Board of the company for a period of five years w.e.f. 24th September, 2023 to 24th September, 2028 and In the opinion of the Board, **Mrs. Sharmin Mehernosh Dordi** fulfills the conditions specified in the Act.

The Board considers that their continued association would be of immense benefit to the Company and it is desirable to continue to avail services of Mrs. Sharmin Mehernosh Dordi as an Independent Director. Accordingly, the Board recommends passing of the Resolution at Item No. 8 of the Notice as a Special Resolution.

Except Mrs. Sharmin Mehernosh Dordi, none of the Directors or Key Managerial Personnel (KMP) of the Company or their relatives are concerned or interested, financial or otherwise, in the resolution set out at Item No.3

Item No. 9

Pursuant to the provisions of Section 180(1)(c) of the Companies Act, 2013 the Board of Directors of a Company cannot, except with the consent of Members of the Company in the General Meeting by way of a special resolution, borrow any sum or sums of money from time to time for the purposes of business of the Company, if the monies already borrowed by the Company (apart from temporary loans obtained from the Company's bankers in ordinary course of business) exceeds the aggregate of the Paid-up Capital of the Company and its Free Reserves, that is to say, reserves not set apart for any specific purpose.

Members of the Company had on September 27, 2017 authorized Board of Directors to borrow long term or medium term loans from Banks, Financial Institutions, any other lenders or debenture trustees for an amount not exceeding INR 150,00,00,000/- (Indian Rupees One Hundred and Fifty Crore Only). However, in view of the business expansion, the Company may require, from time to time, additional banking facilities to meet the funding requirements of the Company. Considering the quantum of present borrowing already sanctioned by the Bank and proposed sum intended to be borrowed by Company at a future date, it is therefore proposed that the existing borrowing limits of INR 150,00,00,000/- (Indian Rupees One Hundred and Fifty Crore Only) be increased to INR 300,00,00,000/- (Indian Rupees Three Hundred Crore Only).

At present your company is having credit facilities from Indian Bank, Bank of India, Punjab National Bank and Axis Bank.

The Special resolution as set out in Item no. 9 of this Notice is accordingly recommended for your approval.

None of the Directors, Key Managerial Personnel of the Company or their relatives are in any way, concerned or interested, financially or otherwise, in the proposed resolution.

SECRETARIAL AUDIT REPORT
FOR THE FINANCIAL YEAR ENDED 31.03.2023

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies
(Appointment and Remuneration Personnel) Rules, 2014]

To,
The Members,
Zeal Aqua Limited
(CIN: L05004GJ2009PLC056270)
At Block No. 347 Vill. Orma,
Ta: Olpad, Surat-394540, Guj, India.

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **M/s. Zeal Aqua Limited**, (hereinafter called the “company”). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my/our verification on test check basis of the **M/s. Zeal Aqua Limited**, books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the company has, during the audit period covering the financial year ended on **31st March, 2023** complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by **M/s. Zeal Aqua Limited** for the financial year ended on **31st March, 2023** according to the provisions of:

1. The Companies Act, 2013 (the Act) and the rules made there under;
2. The Securities Contracts (Regulation) Act, 1956 (‘SCRA’) and the rules made there under;
3. The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;
4. Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
5. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (‘SEBI Act’) to the extent applicable during the year: -
 - a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;

- b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018; **the regulation is not applicable during the Financial Year 2022-23**
 - d) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014; **the regulation is not applicable during the Financial Year 2022-23**
 - e) The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021; **the regulation is not applicable during the Financial Year 2022-23**
 - f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - g) The Securities and Exchange Board of India (Delisting of Equity Shares) (Amendment) Regulations, 2016; **the regulation is not applicable during the Financial Year 2022-23** and
 - h) The Securities and Exchange Board of India (Buy-back of Securities) Regulations, 2018;**the regulation is not applicable during the Financial Year 2022-23**
6. Other Laws Specifically Applicable to Company:
- a) Income Tax Act, 1961
 - b) Goods & Service Tax and other Indirect Taxes
 - c) Labour Laws

I have also examined compliance with the applicable clauses of the following:

- I. Secretarial Standards with regard to the Meeting of Board of Directors (SS-1) and General Meetings (SS-2) issued by The Institute of Company Secretaries of India.
- II. The Listing Agreements entered into by the Company with BSE Limited Stock Exchange of India and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

During the year under review, the company has generally complied with the provisions of the act, rules, regulations and guidelines mentioned above except the Following:

- **The company filed Annual Secretarial Compliance Report for the year 2021-22 on 30.05.2022 without mentioned UDIN and filed revised report after due date on 01/06/2022.**

I further report that, based on the information provided by the company, its officers and authorised representative during the conduct of the audit, and also on the review of reports by CS/CFO and Statutory Auditor of the company, in my opinion, adequate systems and processes and control mechanism exist in the company to monitor and ensure compliance with applicable general laws.

I further report, that the compliance by the company of applicable financial laws, like direct and indirect tax laws, Pollution control, CRZ laws and Labour laws has not been reviewed in this audit since the same have been subject to review by statutory financial audit and other designated professionals.

I further report that the Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

As per the minutes of the meetings duly recorded and signed by the chairman, the decisions of the board were unanimous and no dissenting views have been recorded.

I/we further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I report further that, during the audit period, there were no specific events/actions in pursuance of the aforesaid laws, rules, regulations, etc. having a major bearing on the company's affairs

Further, the discussion following herein reflects the perceptions on major issues as on date and the opinions expressed here are subject to change without notice. The Company undertakes no obligation to publicly update or revise any of the opinions or statements expressed in this report, consequent to new information, future event, or otherwise. This report should be read in conjunction with the financial statements included and the notes attached.

1. Industry Structure & Development:

Overview of Current Trends:

Shrimp are invertebrate marine animal having an elongated body that is often used as a food product. This is considered a nutritious since it includes proteins, selenium, vitamins, phosphorous, magnesium, copper, iron, and vitamin B12. Many of the health benefits associated with shrimp consumption are weight loss, age management, better bone strength, reduced menstrual pain, and the prevention of cardiovascular diseases.

Shrimp is considered one of the most commonly consumed seafood. In recent years, it gets popular among seafood lovers. Shrimp belong to the family Malacostraca, available in freshwater lakes and streams and deep and shallow waters. It is an invertebrate marine animal with a flattened and elongated body with long legs and antennae. Shrimps are a rich source of phosphorus, antioxidants, proteins, selenium, copper, iron, magnesium, omega-3 fatty acids, vitamin B and D. It is also preferred for losing weight, relieving eye fatigue, lowering blood pressure, improving bone and brain health, and minimizing the chances of developing cardiovascular diseases. The global aquaculture market grew from \$37.66 billion in 2022 to \$41.45 billion in 2023 at a compound annual growth rate (CAGR) of 10.0%. The Russia-Ukraine war disrupted the chances of global economic recovery from the COVID-19 pandemic, at least in the short term. The war between these two countries has led to economic sanctions on multiple countries, a surge in commodity prices, and supply chain disruptions, causing inflation across goods and services and affecting many markets across the globe. The aquaculture market is expected to grow to \$56.86 billion in 2027 at a CAGR of 8.2%.

The rising demand for seafood is expected to propel the growth of the aquaculture market going forward. Seafood refers to edible aquatic animals, including both freshwater and ocean creatures, such as lobsters, mussels, crabs, and sometimes other sea creatures. The rise in demand for seafood helps to increase the prominence of aquaculture in total fish supply. For instance, according to the Organization for Economic Cooperation and Development (OECD), a France-based intergovernmental economic organization, 90% of the fish produced will be consumed by humans, with consumption anticipated to increase by 16.3% by 2029. Therefore, the rising demand for seafood will drive the growth of the aquaculture market.

Global Scenario:

The global aquaculture market grew from \$37.66 billion in 2022 to \$41.45 billion in 2023 at a compound annual growth rate (CAGR) of 10.0%. The growth rate of the Global Aquaculture Market is 8.2%, with an estimated value of \$56.86 billion by 2027. The Global Aquaculture Market is estimated to be worth \$56.86 billion by 2027.

The aquaculture market size is estimated to grow at a CAGR of 4.43% between 2022 and 2027. The market size is forecast to increase by USD 56.93 billion. The growth of the market depends on several factors, including rising awareness of aquaculture products, the popularity of polyculture farm methodology, and the increased presence of better aquaculture strains from different farming methods.

This aquaculture market report extensively covers market segmentation by type (fresh water aquaculture, marine water aquaculture, and brackish water aquaculture), culture (net pen culture, floating cage culture, pond culture, and rice field culture), and geography (APAC, North America, Europe, South America, and Middle East and Africa). It also includes an in-depth analysis of drivers, trends, and challenges. Furthermore, the report includes historic market data from 2017 to 2021.

The increased preference for organic aquaculture is the key trend in the market. Consumers are becoming more health and environmentally conscious and willing to pay for sustainably produced seafood free of harmful chemicals. Organic aquaculture is a farming method that avoids the use of antibiotics, synthetic pesticides, and other harmful chemicals and instead relies on natural inputs such as organic feed, probiotics, and organic flake systems. The demand for organic aquaculture is also driven by growing concerns about the environmental impacts of traditional aquaculture, such as the use of antibiotics and chemical additives that can pollute waterways and damage marine ecosystems.

Organic aquaculture practices aim to minimize negative environmental impacts and promote the health and welfare of farmed fish. With these trends, people tend to pay more for seafood that is sustainably produced and free of harmful chemicals, the organic aquaculture market will outperform the conventional aquaculture market during the forecast period. All these factors will foster the growth of the aquaculture market during the forecast period.

Indian Scenario

The India aquaculture market size reached 12.4 Million Tons in 2022. Looking forward, IMARC Group expects the market to reach 19.9 Million Tons by 2028, exhibiting a growth rate (CAGR) of 8.1% during 2023-2028.

Aquaculture or aqua farming, refers to the production of aquatic organisms, such as freshwater fishes, crustaceans, mollusks, etc., under partially controlled conditions. Some of the common types of aquaculture include fish farming, shrimp farming, oyster farming, algaculture, mariculture, etc. Aquaculture also includes the production of ornamental fishes to support recreational and commercial fisheries. India is traditionally a freshwater aquaculture country with a historical record of fish farming in private and community ponds. The vast coastal area of India offers immense opportunities for aquaculture in both marine and inland waters.

In India, the growing consumption of fish, owing to numerous health benefits in enhancing digestion, improving skin health, boosting metabolism, etc., is primarily driving the aquaculture market. In line with this, the shifting consumer preferences from high-calorie meat products towards a protein-rich diet, including fish, shrimps, mollusks, etc., are also propelling the market growth. Additionally, the rising number of hatcheries, feed mills, and processing plants is further augmenting the aquaculture market in the country. Moreover, the Indian government is launching numerous initiatives, such as Pradhan Mantri Matsya Sampada Yojana, to establish a comprehensive framework and reduce infrastructural gaps in the fisheries sector. In line with this, the introduction of various awareness programs for educating fish farmers to enhance their production volume and yield quality is also bolstering the aquaculture market in India. Additionally, the escalating prevalence of numerous foodborne illnesses caused due to pathogens present in conventionally cultured fishes is further catalyzing the demand for organic variants. Apart from this, several key players are adopting innovative solutions for the domestication and in-house cultivation of ornamental fish species in artificial marine-like environments for recreational and commercial purposes. Moreover, the emergence of sustainable cultivation systems, which are aimed at not disrupting the ecosystem, protecting biodiversity, reducing pollution, etc., is expected to drive the India aquaculture market in the coming years.

SWOT Analysis:

SWOT analysis is an informative tool for assessing the potential of aqua farming. It provides a complete picture of its potential strengths (S), weaknesses (W), opportunities (O), and threats (T). It helps in problem identification, planning, decision making, appropriate technology implementation, precautionary measures for accelerating fish production at sustainable level, etc. A SWOT analysis carried out with the participation of farmers in a community is summarized below:

- **Strengths:**

- Availability of diversified natural and man-made water resources in rural areas with potential for higher productivity, cost reduction/saving, multiple cropping/harvesting, risk reduction and reduced rate of degradation.
- Continuous accumulation of allochthonous organic matter from the village catchment area and from domestic drainage enriches water resources with nutrients for cost effective fish production.
- Availability of underutilized and/ or unutilized human resources, agricultural and livestock wastes and cheaper fish feed ingredients.
- Availability of region- and resource-specific technologies.
- Involvement of common interest groups with equal and joint responsibility lends strength to and facilitates better operation of aquaculture.

- **Weakness:**

- Poor organizational capacity among rural farmers due to preexisting personal disputes and lack of capable community leaders.
- Rural farmers lack infrastructure, ponds, material inputs, credit facilities, etc. for carrying out fish culture.
- Farmers are reluctant to participate in such schemes because of inequity in multi-ownership of the community ponds.
- Weak research-extension linkages, poor cooperation among operational agencies, low technical awareness among the community members, and a lack of commitment and understanding from farmers, etc.
- Dual leasing policy, short leasing period, increased leasing rates, multi-water rights for irrigation, bathing, drinking and other domestic purposes of the community ponds.
- Vandalism among the fisher folk and social stigma, poor training facilities at grassroots level, ambivalence towards the involvement of women in fish culture and poor marketing facilities in the region.

Opportunities:

- Increased aquatic productivity and contribution to economic efficiency, social equity and environmental sustainability.
- There will be equity in income, employment, food security, and poverty reduction, as well as participation and empowerment of rural farmers and rural women.
- Judicious utilization of available nutrient-rich village water resources, human resources and waste materials for multi-commodity production at one place.
- Easy implementation of carp seed production and rearing, composite fish culture, integrated fish farming, cage/pen fish culture, value addition and processing and marketing technologies through community approach.
- Landless and resource poor farmers have the opportunity to undertake fish culture in leased out ponds.
- Rural poor get equal chance in decision making, planning, implementation, harvesting and marketing, monitoring and evaluation, profit distribution and feedback.
- There is participatory learning by fish farmers irrespective of sex and age, and empowerment of the rural poor.
- Reduction in migration of fisherfolk to other parts of the country as wageworkers.

Threats:

- If aquaculture is not undertaken in unutilized and/or underutilized village water bodies, they will be infested with aquatic weeds providing breeding grounds for mosquitoes and may cause health hazards for the villagers.
- Entry of polluted water from agricultural surface-runoff, domestic drainage and industrial effluents is not only a major threat to the survival of aquatic organisms but also contributes to water deterioration and affects the sediment quality of community ponds.
- Introduction of indiscriminate fishing and illegal species.
- Weed infestation, poor water quality and disease outbreak in fish.
- Natural disasters such as floods, cyclones and droughts.
- Declining per capita fish catch and irregular income generation.
- Unemployment, food insecurity and labour migration in search of a means of livelihood.
- Reluctance to invest due to short leasing policy.
- Social conflict due to increased incomes from technology implementation

2. Segment-wise or product-wise performance:

Your company has three business segment trading Shrimp medicines and feeds, Shrimp Farming and Shrimp processing during the financial year 2022-23. The company was engaged in Shrimp Farming with allied activities. The performances are reflected in the balance sheet.

3. Outlook:

Indian shrimp industry has a very good scope to reach great heights and emerge as a global leader. The company being global exporter is progressing in expanding its outreach globally. Moreover the company is also going ahead with project in year 22-23 to expand its growth in Local Domestic Market. Currently the company has tied its shoes tight to run on the path of LOCAL MARKET and ace it.

The company has also started to make its social presence in order to make everyone enjoy the export quality of seafood offered by the company.

4. Risk and Concerns:

Shrimp Farming like any other farming activity, is dependent on nature. Although all possible efforts are taken to mitigate the adverse effects of nature, but we do not have full control on it. Our product being a live product is also prone to various type of disease and so on. Seasonal production, low number of process house and perishable nature of product are always a matter of concern. The company's operations might be adversely impact due to incapacitation of sections of the global workforce due to exposure to the pandemic COVID 19, reduced productivity due to employee stress and impact on emotional well-being while under local lockdowns or quarantines, inability to provide work from home access to some employees due to logistical or security or contractual reasons. Demand for the company's product may be adversely affected not only in industry segments directly impacted by the pandemic – like hotels and hospitality, but across other segments as well due to a sharp slowing down of the world's major economies. This is likely to affect the company's earnings in the short and medium term.

5. Internal Control System :

The Company has in place an adequate system of internal control commensurate with its size and nature of its business. These have been designed to provide reasonable assurance that all assets are safeguarded and protected against loss from unauthorized use or disposition and that all transactions are authorized, recorded and reported correctly and the business operations are conducted as per the prescribed policies and procedures of the Company. The Audit committee and the management have reviewed the adequacy of the internal control systems and suitable steps are taken to improve the same.

STATEMENT ON RISK MANAGEMENT

Aquaculture is an industry of great diversity. We at **Zeal Aqua Limited** seek to minimize the adverse impacts of all kinds of risks, thus enabling the company to leverage market opportunities effectively and enhance long term competitive advantage. Consequently, any attempt to produce a simple framework for the identification of the most common risks is not easy, even within genera of animal or plant species. Our Risk Management Framework involves identification, analyses, evaluation, treatment, mitigation and monitoring all kinds of risks like Production, market related and pure risks.

Production risks are the principal concern in the daily routine of the farmer, as the production process is his sole responsibility. There are many and varied risks in the production process which can reduce profitability, compared with those which may occur in the subsequent processes of marketing and consumption.

Production risks can be conveniently categorized into (i) operational, (ii) technological, (iii) financial, and (iv) social risks.

Market Related risk to product quality can often be avoided through processing cooperatives. These are invariably geared to large institutional markets, such as the catfish industry in the United States, and the processors apply stringent quality control methods to the benefit of all producers.

The Board oversees Company's processes for determining risk tolerance and review management's action and comparison of overall risk tolerance to established levels. The framework is designed to enable risks to be identified, assessed and mitigated appropriately. Major risks identified by the businesses and functions are systematically addressed through appropriate actions on a continuous basis.

Pure risks describe a group of risks common to life and business in general, and are not specific to the aquaculture industry. Their occurrences are not selective, but the consequences of some of them have a priori relevance to the aquaculture industry compared with many other industries.

Pure Risk can be conveniently categorized into (i) Physical risk of nature, (ii) Social and political risk, and (iii) Liability.

Independent Auditor's Report

To,
The Members of
ZEAL AQUA LIMITED

Report on the Financial Statements

We have audited the accompanying standalone financial statements of the Zeal Aqua Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2023, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flow and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information (herein after referred to as "the Standalone Financial Statements").

Opinion:

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of the affairs of the Company as at 31st March, 2023, the profit and the other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion:

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Companies Act, 2013. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Standalone Financial Statement.

Key Audit Matters:

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

S. No.	Key Audit Matter	Auditor's Response
1	Revenue Recognition To ensure accuracy of recognition, measurement, presentation and disclosures of revenues and related accounts.	Principal Audit Procedures <ul style="list-style-type: none">• We have assessed the Company's internal controls surrounding its revenue transactions;• We tested the key controls identified;• We performed substantive detail testing by selecting a sample of revenue transactions that we considered appropriate to test the evidence of effectiveness of the internal controls and adherence to accounting policies in recognising the revenue, and the rebates and discounts there against.

Information Other than the Financial Statements and Auditor's Report Thereon:

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the Standalone financial statements and our auditor's report thereon.

Our opinion on the Standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Director's Responsibility for the Standalone Financial Statements:

The Company's Management and Board of Directors are responsible for the matters stated in the Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit, and other comprehensive income, cash flows and changes in Equity of the company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015 as amended.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management and Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements:

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures

responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management and Board of Directors.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to

communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements:

1. As required by the Companies (Auditors' Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143 (3) of the Act, based on our audit we report that:
 - a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Statement of Cash Flow and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid Standalone financial statements comply with the Ind AS specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended.
 - e) On the basis of written representations received from the directors as on 31st March, 2023 and taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2023, from being appointed as a director in terms of Section 164 (2) of the Act.

- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B".
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirement of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid/provided by the Company to its directors during the year is in accordance with the provisions of Section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanation given to us:
- I. The Company has disclosed the impact of pending litigations on its financial position in its standalone Ind AS financial statements – Refer Note 32 to the standalone Ind AS financial statements;
 - II. The Company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses; and
 - III. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - IV. a) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person or entity, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - b) The management has represented, that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been received by the company from any person or entity, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in

other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

c) Based on such audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has been caused us to believe that the representations under clause (a) and (b) above, contain any material misstatement.

- V. The Company has neither declared nor paid any dividend during the year.

We report that:

i). Property, Plant and Equipment:

The company has maintained proper records showing full particulars, including quantitative details and situation of its Property, Plant and Equipment;

The company has maintained proper records showing full particulars of intangible Assets;

As explained to us, Property, Plant and Equipment have been physically verified by the management at reasonable intervals; no material discrepancies were noticed on such verification.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than immovable properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in the financial statements are held in the name of the Company.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, plant and equipment (including Right-of-use assets) or Intangible assets or both during the year.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

ii). Inventory:

As explained to us, inventories have been physically verified during the year by the management at reasonable intervals. No material discrepancy of 10% or more in the aggregate for each class of inventory were noticed on physical verification of stocks by the management as compared to book records.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned

working capital limits in excess of five crores in aggregate from banks during the year on the basis of security of current assets of the Company. The quarterly statements filed by the Company with such banks and financial institutions are not in agreement with the books of accounts of the Company and the details are as follows

Quarter	Particulars	Amount as per books of account	Amount reported in the quarterly return/ statement	Amount of difference	Reason for discrepancy
Jun-22	Inventory	13178.691	12748.109	430.582	Please refer note below

Mar-23	Trade Payables	6168.529	8654.797	-2486.268	
	Net Difference	15363.601	14087.000	1276.601	

Note -Reason for differences:

The differences in inventories and trade receivables are majorly on account of goods in transit where the goods have been physically dispatched from the Company location however, the same has not been considered as revenue from the purpose of revenue recognition principles and hence reversed from books of accounts for respective quarter ends.

Similarly, goods in transit for goods which have not reached respective Company locations are not considered however, considered as purchases as per accounting principles. This has lead to offsetting differences between Inventory, trade receivables and trade payable balances.

The management, basis their understanding with banks, submits stock statement of physical stock as available at respective locations at the period end. Accordingly

adjustment for goods in transit (inward and outward) is not considered for the purpose of filing returns with banks.

There are other differences on account of regrouping and reclassification of trade receivable and trade payable balances including adjustment of advances received / given from / to customers / vendors being carried out in the books of accounts post submission of returns with the banks.

iii). Loans, Guarantee and Advances given:

According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security or granted any advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year.

The Company has not granted any loans, secured or unsecured, to firms, limited liability partnerships or any other parties during the year.

ZEAL AQUA LIMITED

“ANNEXURE B” TO INDEPENDENT AUDITORS’ REPORT

(referred to in paragraph f) under ‘report on other Legal and regulatory requirements’ section of our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act (2013) (“the Act”)

We have audited the internal financial controls over financial reporting of the Zeal Aqua Limited (“the Company”) as of March 31, 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the Financial Statements for the year ended March 31, 2023

27. Basis of Preparation of Financial Statements

27.1 Corporate Information

This financial Statement Comprise financial statement of Zeal Aqua Limited (“the Company”) for the year ended 31st March, 2023. The Company was incorporated on 06th March, 2009 under the provision of Companies Act, 1956. The Company is into business of Farming, Developing and Harvesting of Prawns. The Company is listed on BSE Ltd.

27.2 Compliance with Ind AS

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the ‘Ind AS’) as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 (‘Act’) read with of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

27.3 Basis of preparation and measurement

The financial statements have been prepared on the historical cost basis, except for certain financial instruments which are measured at fair values at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant’s ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy.

Notes to the Financial Statements for the year ended March 31, 2023

27.4 Notes to the Financial Statements for the year ended March 31, 2023

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is Unobservable

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

28. Significant Accounting Policies

➤ Property, Plant and Equipment (PPE)

On adoption of Ind AS, the Company retained the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind ASs, measured as per the previous GAAP and used that as its deemed cost as permitted by Ind AS 101 'First-time Adoption of Indian Accounting Standards'.

PPE are initially recognised at cost. The initial cost of PPE comprises its purchase price, including non-refundable duties and taxes net of any trade discounts and rebates. The cost of PPE includes interest on borrowings (borrowing cost) directly attributable to acquisition, construction or production of qualifying assets subsequent to initial recognition, PPE are stated at cost less accumulated depreciation (other than freehold land, which are stated at cost) and impairment losses, if any.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets. However, when there is no reasonable certainty that ownership will be obtained by the end of the lease term, assets are depreciated over the shorter of the lease term and useful lives.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and capital work in progress) less their residual values over the useful lives, using the written down value method ("WDV"). Management believes based on a technical evaluation (which is based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties

Notes to the Financial Statements for the year ended March 31, 2023

and maintenance support, etc.) that the revised useful lives of the assets reflect the periods over which these assets are expected to be used, which are as follows:

Asset	Useful live
Buildings including factory buildings	3-30 years
General Plant and Machinery	5-15 years
Furniture and Fixtures	3-10 years
Office Equipment	3-5 years
Vehicles	4-10 years
Computer and Data Processing Units	3-6 years

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The residual values, useful life and depreciation method are reviewed at each financial year-end to ensure that the amount, method and period of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the items of property, plant and equipment.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between sales proceeds and the carrying amount of the asset and is recognised in profit or loss. Fully depreciated assets still in use are retained in financial statements.

Title deeds of all immovable properties held in the name of company.

During the relevant period no assets taken on lease.

Up to the date of 31.03.2023 none of fixed assets acquired through business combinations.

➤ **Intangible assets**

Intangible assets are measured on initial recognition at cost and subsequently are carried at cost less accumulated amortisation and accumulated impairment losses, if any.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses on derecognition are determined by comparing proceeds with carrying amount. These are included in profit or loss.

There is no intangible assets under development. During the year company has no intangible assets whose completion is overdue or has exceeded its cost compared to original plan.

Notes to the Financial Statements for the year ended March 31, 2023

➤ **Capital work-in-progress**

Capital work-in-progress are carried at cost, comprising direct cost, related incidental expenses and attributable borrowing cost.

During the year company has no capital work in progress whose completion is overdue or has exceeded its cost compared to original plan.

➤ **Details of Benami Property held**

There is no proceeding has been initiated or pending against the company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

➤ **Non-derivative financial instruments**

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

Cash and Cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Notes to the Financial Statements for the year ended March 31, 2023

Financial assets at fair value through other comprehensive income (FVTOCI)

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows that give rise on specified dates to solely payments of principal and interest on the principal amount outstanding and by selling financial assets.

The Company has made an irrevocable election to present subsequent changes in the fair value of equity investments not held for trading in Other Comprehensive Income.

Financial assets at fair value through profit or loss (FVTPL)

Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in profit or loss.

Financial liabilities

Financial liabilities are measured at amortised cost using the effective interest method.

Equity instruments

An equity instrument is a contract that evidences residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments recognised by the Company are measured at the proceeds received net off direct issue cost.

Off-Setting of Financial Instruments

Financial assets and financial liabilities are off set and the net amount is reported in financial statements if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

➤ Impairment

Financial assets (other than at fair value)

The Company assesses on a forward-looking basis the expected credit losses associated with its assets carried at amortised cost and FVTOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

Notes to the Financial Statements for the year ended March 31, 2023

PPE and intangibles assets

Property, plant and equipment and intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the Statement of Profit and Loss.

➤ **Inventories**

Inventories are valued at lower of cost (on First in First out Basis) and net realisable value after providing for obsolescence and other losses, where considered necessary. Cost includes all charges in bringing the goods to their present location and condition, including all taxes and other levies, transit insurance and receiving charges. Work-in-progress and finished goods include appropriate proportion of overheads and, where applicable, excise duty. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

➤ **Revenue recognition**

Revenue is measured at the fair value of the consideration received or receivable. Revenue is reduced for estimated customer returns, rebates and other similar allowances.

Sale of goods

Revenue from the sale of goods is recognised when the goods are delivered and titles have passed, at which time all the following conditions are satisfied:

- the Company has transferred to the buyer the significant risks and rewards of ownership of the goods;
- the Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold
- the amount of revenue can be measured reliably;
- it is probable that the economic benefits associated with the transaction will flow to the Company; and the costs incurred or to be incurred in respect of the transaction can be measured reliably.
- Income related to Export benefits like duty drawback and sale proceeds from meis licences is recognised as and received.

Revenue is reported net of discounts including Goods and Service Tax.

Notes to the Financial Statements for the year ended March 31, 2023

Rendering of services

Revenue from services are recognised on a prorated basis over the period or as per the terms of the contract.

Interest Income

Interest income from financial assets is recognized when it is probable that economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial assets to that asset's net carrying amount on initial recognition.

Dividend

Dividend income from investments is recognised when the unconditional right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably).

Insurance claims

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that there is no uncertainty in receiving the claims.

➤ **Research and Development expenses**

Research expenditure is charged to the Statement of Profit and Loss. Development costs of products are also charged to the Statement of Profit and Loss unless a product's technical feasibility has been established, in which case such expenditure is capitalised. Tangible assets used in research and development are capitalised.

➤ **Leases**

Leases are classified as finance leases whenever the terms of lease transfer substantially all the risks and rewards of ownership to the lessee. Leases where a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases.

(i) Operating Lease:

Operating lease payments are recognized as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term except where another systematic basis is more representative of the time pattern in which economic benefits from leased assets are consumed. The aggregate benefit of incentives (excluding inflationary increases where rentals are structured solely to increase in line with

Notes to the Financial Statements for the year ended March 31, 2023

the expected general inflation to compensate for the lessor's inflationary cost increases, such increases are recognised in the year in which the benefits accrue) provided by the lessor is recognized as a reduction of rental expense over the lease term on a straight-line basis.

(ii) Finance Lease:

Assets held under finance leases are initially recognized as assets of the Company at their fair value at the inception of the lease or, if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the Balance Sheet as a finance lease obligation.

Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets or, where shorter, the term of the relevant lease. Lease payments are apportioned between finance expenses and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability.

Finance expenses are recognized immediately in profit or loss, unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the Company's general policy on borrowing costs. Contingent rentals are recognized as expenses in the periods in which they are incurred.

➤ **Employee benefit expenses**

Employee benefits consist of contribution to provident fund, superannuation fund, gratuity fund and compensated absences.

Post-employment benefit plans

Defined Contribution plans

Payments to defined contribution retirement benefit scheme for eligible employees in the form of superannuation fund are charged as an expense as they fall due. Such benefits are classified as Defined Contribution Schemes as the Company does not carry any further obligations, apart from the contributions made.

The Company also makes contribution towards provident fund, in substance a defined contribution retirement benefit plan for qualifying employees. The provident fund is deposited with the Provident Fund Commissioner which is recognized by the Income Tax authorities.

Defined benefit plans

The liability or asset recognised in the balance sheet in respect of its defined benefit plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the said obligation is determined by discounting the estimated future cash outflows, using market yields of government bonds that have tenure approximating the tenures of the related liability.

Notes to the Financial Statements for the year ended March 31, 2023

The interest income / (expense) are calculated by applying the discount rate to the net defined benefit liability or asset. The net interest income / (expense) on the net defined benefit liability or asset is recognised in the Statement of Profit and loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the Statement of Changes in Equity and in the Balance Sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

Gratuity - The Company has an obligation towards gratuity, a defined benefit plan covering eligible employees. The plan provides for lump sum payment to vested employees on retirement, death while in employment or on separation. Vesting occurs upon completion of five years of service. The liability, which is determined by means of an independent actuarial valuation, is partly funded with LIC by the Company.

Short term employee benefit and other long-term employee benefits

Compensated absences which accrue to employees and which can be carried to future periods but are expected to be encashed or availed in twelve months immediately following the year end are reported as expenses during the year in which the employees perform the services that the benefit covers and the liabilities are reported at the undiscounted amount of the benefits after deducting amounts already paid. Where there are restrictions on availment of encashment of such accrued benefit or where the availment or encashment is otherwise not expected to wholly occur in the next twelve months, the liability on account of the benefit is actuarially determined using the projected unit credit method.

➤ **Foreign currency translation**

The functional and presentation currency of the Company is Indian rupee (INR).

On initial recognition, all foreign currency transactions are translated into the functional currency using the exchange rates prevailing on the date of the transaction. As at the reporting date, foreign currency monetary assets and liabilities are translated at the exchange rate prevailing on the Balance Sheet date and the exchange gains or losses are recognised in the Statement of Profit and Loss.

➤ **Borrowing cost**

Borrowing costs are interest and ancillary costs incurred in connection with the arrangement of borrowings. General and specific borrowing costs attributable to acquisition and construction of any qualifying asset (one that takes a substantial period of time to get ready for its designated use or sale) are capitalised until such time as the assets are substantially ready for their intended use or sale, and included as part of the cost of that asset. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. Capitalisation of borrowing costs is suspended in the period during which the active development is delayed beyond reasonable time due to other than temporary interruption. All the

Notes to the Financial Statements for the year ended March 31, 2023

other borrowing costs are recognised in the Statement of Profit and Loss within Finance costs of the period in which they are incurred.

➤ **Segment reporting**

Information regarding primary segment reporting as per Ind-AS 108.

The company is engaged in only one segment of Aqua culture. Accordingly, the segment revenue, segment results, segment assets and segment liabilities are reflected by the financial statement themselves as at and for the financial year ended 31st March, 2023.

➤ **Income tax**

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year.

Current and deferred taxes are recognised in Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

Current tax

Current tax is measured at the amount of tax expected to be payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961.

Current tax assets and current tax liabilities are off set when there is a legally enforceable right to set off the recognized amounts and there is an intention to settle the asset and the liability on a net basis.

Deferred tax

Deferred income tax is recognised using the Balance Sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred tax assets are recognised only to the extent that it is probable that either future taxable profits or reversal of deferred tax liabilities will be available, against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of a deferred tax asset shall be reviewed at the end of each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Notes to the Financial Statements for the year ended March 31, 2023

Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled.

Deferred tax assets and liabilities are off set when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

➤ **Accounting of provisions, contingent liabilities and contingent assets**

Provisions are recognized, when there is a present legal or constructive obligation as a result of past events, where it is probable that there will be outflow of resources to settle the obligation and when a reliable estimate of the amount of the obligation can be made. Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows. Where the effect is material, the provision is discounted to net present value using an appropriate current market-based pre-tax discount rate and the unwinding of the discount is included in finance costs.

Contingent liabilities are recognised only when there is a possible obligation arising from past events, due to occurrence or non-occurrence of one or more uncertain future events, not wholly within the control of the Company, or where any present obligation cannot be measured in terms of future outflow of resources, or where a reliable estimate of the obligation cannot be made. Obligations are assessed on an on-going basis and only those having a largely probable outflow of resources are provided for.

Contingent assets are not recognised in the financial statements unless an inflow of economic benefits is probable.

➤ **Earnings per share (EPS)**

Basic EPS is computed by dividing the profit or loss attributable to the equity shareholders of the Company by the weighted average number of Ordinary equity shares outstanding during the year.

Diluted EPS is computed by adjusting the profit or loss attributable to the ordinary equity shareholders and the weighted average number of ordinary equity shares, for the effects of all dilutive potential Ordinary shares.

The shares were splitted during F Y 2021-22 and accordingly EPS is calculated on per splitted share.

➤ **Significant accounting judgements, estimates and assumptions**

The preparation of the financial statements in conformity with Ind AS requires the management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.

Notes to the Financial Statements for the year ended March 31, 2023

Judgements

In the process of applying the Company's accounting policies, management has made the following judgements, apart from those involving estimates, which have the most significant effect on the amounts recognised in the financial statements.

Recognition of deferred tax assets

The extent to which deferred tax assets can be recognized is based on an assessment of the probability that future taxable income will be available against which the deductible temporary differences and tax loss carry-forwards can be utilized. In addition, significant judgment is required in assessing the impact of any legal or economic limits or uncertainties in various tax jurisdictions.

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Impairment of non-financial assets

In assessing impairment, management estimates the recoverable amount of each asset or cash generating units based on expected future cash flows and uses an interest rate to discount them. Estimation uncertainty relates to assumptions about future operating results and the determination of a suitable discount rate.

Inventories

Management estimates the net realizable values of inventories, taking into account the most reliable evidence available at each reporting date. The future realization of these inventories may be affected by future technology or other market-driven changes that may reduce future selling prices.

Defined Benefit Obligation (DBO)

Management's estimate of the DBO is based on a number of critical underlying assumptions such as attrition rate, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

Notes to the Financial Statements for the year ended March 31, 2023

Useful lives of depreciable assets

Management reviews its estimate of the useful lives of depreciable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technological obsolescence that may change the utility of certain assets.

Fair value measurement of financial instruments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- (i) In the principal market for the asset or liability, or
- (ii) In the absence of a principal market, in the most advantageous market for the asset or liability

Management uses valuation techniques to determine the fair value of financial instruments (where active market quotes are not available) and non-financial assets. This involves developing estimates and assumptions consistent with how market participants would price the instrument. Management bases its assumptions on observable data as far as possible but this is not always available. In that case management uses the best information available. Estimated fair values may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

Current and non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and time between the acquisition of assets for processing and their realization in cash and cash equivalents, the company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

Fair value hierarchy

Ind AS 107, 'Financial Instrument - Disclosure' requires classification of the valuation method of financial instruments measured at fair value in the Balance Sheet, using a three level fair-value-hierarchy (which reflects the significance of inputs used in the measurements). The hierarchy gives the highest priority to un-adjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to un-observable inputs (Level 3 measurements). The three levels of the fair-value-hierarchy under Ind AS 107 are described below:

Notes to the Financial Statements for the year ended March 31, 2023

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level. This is the case for unlisted equity securities included in level 3.

Financial risk management

"The company" Board of Directors has overall responsibility for the establishment and oversight of the company' risk management framework. Key roles and responsibilities are defined in line with risk management plan and are reviewed at regular interval. This self-regulatory process and procedure ensures efficient conduct of business in micro and macro risk environment.

The Company has exposure to the following risks arising from financial instruments

- Credit risk
- Liquidity risk
- Market risk"

Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's trade and other receivables and cash and cash equivalents. The maximum exposure to credit risk in case of all the financial instruments covered below is restricted to their respective carrying amount

Trade receivables

"The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry and country in which the customer operates, also has an influence on credit risk assessment. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

The Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix.

Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Interest rate risk

"Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing investments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing investments will fluctuate because of fluctuations in the interest rates.

The Company does not account for any fixed-rate financial assets or financial liabilities at fair value through profit or loss. Therefore, a change in interest rates at the reporting date would not affect profit or loss."

The interest rate profile of the Company's interest-bearing financial instruments as reported to the management of the Company is as follows.
