He was also appointed as an Executive Director of the Company from the same date i.e. 10th August, 2023, for a period of 3(three) years subject to the approval of the members. In terms of section 161(1) of the Companies Act, 2013 Mr. Seetepalli Venkat Raghunand holds the office only upto the date of the Annual General Meeting and is eligible for appointment as a Director. The Company has received Notice under section 160(1) of the Act from a Member signifying his intention to propose Mr. Seetepalli Venkat Raghunand's appointment as a Director.

Mr. Seetepalli Venkat Raghunand holds a degree in Bachelor of Science (BSc. Computers). He has been associated with the Company since more than 10 years in various designations, handling Business Operations, Sales, Programs, Consulting Services business, Program Management, Partner relationship Management. He has an overall experience of 20+ years in IT/ITes industry ranging from end user technical support service, enterprise software support in large ESV's to managing reselling, staffing, and consulting services business lines at Goldstone Technologies Limited. Considering the vast experience and extensive knowledge of Mr. Seetepalli Venkat Raghunand in various fields, he is recommended for the office of the Executive Director of the Company.

With regard to the financial performance of the Company in any financial year, there may be loss or inadequacy of profits for payment of managerial remuneration beyond the ceiling specified in Section II of Part II of Schedule V of

the Companies Act, 2013. Accordingly, approval for payment of remuneration to Mr. Seetepalli Venkat Raghunand is being sought from the shareholders by way of Special Resolution under item no. 5 of this Notice Annual General Meeting for a period of not exceeding three years from the date of his appointment to the office of the Executive Director w.e.f. 10th August, 2023 under Section II of Part II of Schedule V of the Companies Act, 2013.

Your Board confirms that the Company has not made any default in repayment of any of its debts as specified in sub-clause (ii) of the second proviso to clause (B) of Section II of Part II of Schedule V of the Companies Act, 2013 and rules made thereunder. The disclosures under Regulation 36(3) of SEBI (LODR) Regulations, 2015 and Secretarial Standard on General Meetings (“SS-2”), issued by the Institute of Company Secretaries of India and under sub-clause (iv) of the second proviso of Clause (B) of Section II of Part II of Schedule V of the Companies Act, 2013 are attached herewith as Annexure A & B respectively.

The Board recommends adoption of the resolution set out in Resolution No. 4 & 5 of the accompanying Notice as a Special Resolution.

Except Mr. Seetepalli Venkat Raghunand himself none of the Directors or any Key Managerial Personnel or any relative of any of the Directors of the Company or the relatives of any Key Managerial Personnel is, in anyway, concerned or interested in the above resolution.

ITEM No. 6 – TO CHANGE THE NAME OF THE COMPANY

In pursuance of the Companies Act, 2013 and all the applicable rules issued under the Companies Act, 2013, the name of the Company predominantly has to reflect the main business of the company. Considering the fact that the Company is expanding its presence Globally and also proposing to enter Joint

Venture with German e-mobility major, Quantron AG, based out of Augsburg, in Germany. The JV shall be catering to major automobile markets of Europe, North America and Middle East, Hence in this endeavour the company is planning to launch a new branding drive as a product driven cutting edge technology company with AI and Telematics technological to cater zero emission mobility solutions, as part of this branding strategy the Company should have a name which should have a global connect, more updated, latest and also should reflect its business.

Hence, the Board of Directors of the Company in their meeting held on 29th May, 2023 decided to change the name of the Company from “Goldstone Technologies Limited” to “AIONTECH LIMITED”.

The Directors believe that the change in the name of the Company which is being undertaken as part of corporate rebranding would make the name of the Company simple, sharp and focused.

The proposed change of name will not affect any of the rights of the Company or of the shareholders/stakeholders of the Company. All existing share certificates bearing the current name of the Company will, after the change of name, continue to be valid for all purposes.

As per the provisions of Sections 13 of the Companies Act, 2013, approval of the shareholders is required to be accorded for changing the name of the Company & consequent alteration in the Memorandum of Association and Articles of Association by way of passing a Special Resolution. Hence, the resolution is put up for shareholders approval.

MANAGEMENT DISCUSSION ANALYSIS AND BUSINESS OUTLOOK

(This review contains Management's discussion of the Company's operational results and financial condition and should be read in conjunction with the accompanying audited financial statements and associated notes).

Industry Structure, Development and Outlook

Outlook for India in 2023-24

This year began with the anticipation that runaway inflation, aggressive policy rate hikes, and high commodity prices might topple a few major economies into recession in 2023. We are halfway past 2023 and, while the world is still in the woods, the probability of a recession this year has trimmed. Labor markets in several advanced countries remain tight, while the largest economy, the United States, is seeing a rebound in consumer confidence and spending. Risk spreads are declining on both sides of the Atlantic after the recent banking crisis in the United States.

India, meanwhile, enjoys a Goldilocks moment as it sees its economic activity gaining momentum amid continuing global uncertainties. The last quarter's GDP data was pleasantly surprising but not completely unexpected. The GDP growth in the fourth quarter has pushed up the full-year GDP growth of FY2022–23 to 7.2%, 200 basis points (bps) higher than the earlier estimate. The recently released Annual Economic Review for the month of May 2023 highlighted that the post pandemic quarterly trajectories of consumption and investment have crossed pre-pandemic levels.

Evidently, economists and analysts are bullish about the Indian economy. Our growth forecasts for FY2023–24 remain similar to our April forecast, although higher-than-expected growth in FY2022–23 has raised our base for comparison. That said, we have raised our lower limit of the range given the buoyancy of the economy. We expect India to grow between 6% and 6.3% in FY2023–24 and have a stronger outlook thereafter. In fact, if global uncertainties recede, we expect growth to surpass 7% over the next two years.

There are multiple downside risks to our forecasts, but we find the uncertainties around the actions of the central banks of major economies and the oil price movements this past quarter particularly interesting. In this edition, we highlight the significance of these developments and their future implications for India.

India grew by 6.1% in the last quarter, which is approximately ~100 bps higher than what the market had anticipated. While the overall growth was broad-based, many sectors such as construction and agriculture experienced more-than-expected growth. In fact, strong growth in manufacturing proved to be a reassuring development as modest growth in the sector in previous quarters had been a concern for policymakers.

On the expenditure side, exports performed well despite global headwinds, while imports recorded their slowest growth since December 2020, primarily because of easing crude oil prices bringing down India's import bills. Private consumption, the largest component of India's final demand, with a modest growth of 7.5% in FY2022–23, emerged as the weakest link in overall growth. The share of private consumption in GDP fell in the last quarter and was the lowest in the past seven quarters, dragged down by weak rural demand. However, things might be changing on that front as well.

Urban demand conditions have remained resilient, as evidenced by the sales of mid- to high-end segments of automobiles, the number of UPI transactions, and domestic air passenger traffic data.

Rural demand, which was lagging, has also been rising lately, as seen in the sales of tractors, IIP nondurable goods, and Mahatma Gandhi National Rural Employment Guarantee Act data.

Overall, the first-quarter data of FY2024 instills confidence in the improving health of the economy. Inflation in the first quarter was 4.5%, the lowest since the quarter of September 2019. Goods and Services Tax collections remain strong, suggesting that revenue buoyancy will aid in improving the budgeted fiscal deficit ratio to GDP. At the same time, India's external account has been improving, thanks to the falling import bills as oil prices ease.

What lies ahead:

The first-quarter data points to further building on the positive momentum in the economic data. We continue to remain optimistic about the economy this year and expect India to grow between 6.0% and 6.3% during FY2023–24 in our baseline scenario, followed by 6.6% and 7.2% over the next two years as the global economy turns buoyant. However, if downside risks weigh on the economic fundamentals and outlook, we may see a substantial economic slowdown. For more on our optimistic and pessimistic scenarios, read “Key assumptions.”

Data Analytics, Business Intelligence and AI trends in FY 2023-24

As we move into the next year, there are a few key trends that are shaping the data analytics and business intelligence industry. These trends are driven by advancements in technology, shifts in consumer behavior, and an increasing demand for actionable insights that can drive business success. In this blog, we'll look at the top trends in data analytics and business intelligence for 2023. Business Intelligence (BI) trends:

Artificial Intelligence (AI) and Machine Learning (ML)

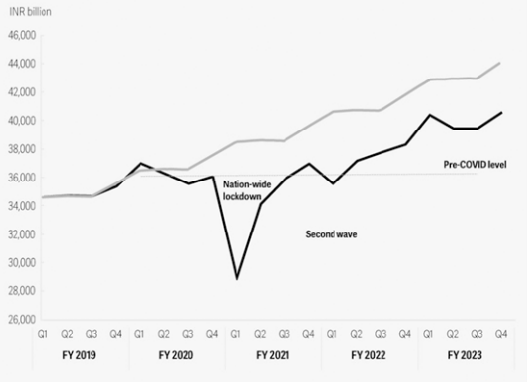

Progressively relying more and more on Artificial Intelligence and Machine Learning, modern data analytics and business intelligence. They are used to make predictions about the future, automate processes, and unearth new insights. Organizations may implement AI & ML in 2023 to improve decisions and gain a competitive edge.

Businesses find it increasingly challenging to assess and make sense of the growing amount of data accessible. Insights from unstructured data, such as customer reviews, comments on social media, and emails, can be extracted by organizations using NLP technology. In several

industries, this technology is currently in use, and by 2023, we may anticipate seeing it employed even more frequently.

Natural Language Processing (NLP)

Data Storytelling

Data storytelling is the process of leveraging data to tell an engaging story that stakeholders will find understandable. The use of data storytelling by enterprises to explain difficult information to non-technical audiences is predicted to increase in 2023. In order to do this, business intelligence specialists and data analysts will need to improve their communication abilities and learn how to present data in a more interesting and persuasive manner.

Augmented Analytics

Augmented analytics enhances human decision-making by design, utilizing AI. It works by automatically identifying patterns and insights in data and presenting them to analysts in an easy-to-understand format. In 2023, more businesses to adopt augmented analytics for faster and accurate decisions.

Cloud-based Data Analytics

As more businesses move their operations to the cloud, we can expect to see a similar shift in the data analytics and business intelligence industry. Cloud-based data analytics tools offer many benefits, including increased scalability, faster deployment, and lower costs. In 2023, more businesses to adopt cloud-based data analytics for cost-cutting and streamlined operations.

Data Security and Privacy

As data collection and analysis expand, organizations require more data security and privacy measures to ensure protection. In 2023, we can expect to see businesses placing an even greater emphasis on data security and privacy as they look to protect sensitive information and comply with new regulations such as the General Data Protection Regulation (GDPR).

Predictive Analytics

Predictive analytics is the use of statistical algorithms and machine learning techniques to

identify patterns in data and make predictions about future events. In 2023, we can expect to see more businesses adopting predictive analytics tools to help them make better decisions and improve their forecasting accuracy.

Data Visualization

The data visualization involves the use of charts, graphs, and other visual tools to help businesses understand complex data. The data governance focus to rise in 2023, as businesses strive for reliable and trustworthy data.

Data Governance

A Data collection, storage, and use within an organization are all governed by a set of policies and processes known as data governance. Data governance will be key for businesses in 2023, boosting data reliability and integrity.

Democratization of Data

Finally in 2023, we may anticipate that the democratization of data will continue to gain momentum in 2023. Increasing data accessibility for non-technical stakeholders is a current trend. Democratizing data crucial for firms using it as strategic asset. More so as 2023 nears.

Conclusion:

In 2023, data analytics and business intelligence will undergo major changes due to tech advancements and changing customer preferences. Data-driven trends and investments in infrastructure and tech can position companies for success in our increasingly data-driven world.

The demand for data analytics and Business Intelligence expertise and professionals is increasing rapidly. With companies in all industries seeking individuals with skills in data analysis, data management, and data visualization. Data's importance in decision-making is rising, making data-savvy professionals more vital for extracting valuable insights.

Top AI Statistics and Trends in 2023

Do Alexa, automated chatbots, robots or self-driving vehicles intrigue you? If they do, then you must know that they are all based on the technology of “AI” or “artificial intelligence”. AI is a branch of computer science, developed on the basis of those computer-based programs which possess the power of replicating human behavior.

Whether it's AI's effect on productivity, employment and investments, this new and upcoming world of big data, ChatGPT, robotics, virtual digital assistants, voice search and recognition has all the potential to shape the future.

AI Global Market Size and Its Forecast

The global artificial intelligence market size was valued at \$136.55 billion in 2022 and is expected to grow exponentially in the upcoming years backed by mounting investments in AI technologies, digital disruption and competitive advantage in this fast-growing global economy. Let's have a look at some amazing stats:

- The global artificial intelligence market size is projected to expand at a compound annual growth rate (CAGR) of 37.3% from 2023 to 2030. It is projected to reach \$1,811.8 billion by 2030.
- AI has the humongous potential to contribute to the global economy. AI is expected to contribute more than the current output of India and China combined, to the world economy by 2030.
- AI is expected to contribute \$15.7 trillion to the global economy by 2030, more than the current output of China and India combined.

AI Growth in India

The demand for AI-based tools and systems is rising across India on account of fast digitization in all the major segments of our economy such as banking and financial services, healthcare, automobile, telecommunication, as AI simply assists in automation, minimizing errors and also helps in managing repetitive tasks. Let's have a look at some of the important projections which show India to be the leader of AI in future.

- The India artificial intelligence market size reached \$680 million in 2022 and further it is expected to reach \$3,935.5 million by

2028, showcasing a growth rate (CAGR) of 33.28% during 2023-2028.

- AI expenditure in India surged by 109.6% or \$665 million in 2018 and is estimated to surge at a CAGR of 39% to reach \$11,781 million by 2025.
- AI has the potential to add close to \$500 billion to the country's GDP by 2025.

AI Evolution Led by ChatGPT

ChatGPT has given a glimpse of AI and generated quite a buzz about its astounding progress to the entire world. This new AI chatbot allows its users to engage in human-like conversations, which can respond to your questions immediately and helps you with tasks, such as composing emails, essays, and code. ChatGPT has a huge impact on employment and productivity as well. Let's have a look at the key figures which clearly show how big a deal ChatGPT is.

Chat GPT fastest growing app with 100 million active users

- OpenAI's ChatGPT has taken off in record-breaking fashion. According to OpenAI, even Chat GPT, the most talked about AI tool, surpassed 10 lakh users in mere five days, after its launch in November, 2022.⁸
- If we compare it to its peers, then it took Instagram nearly 2.5 months to reach 1 million downloads and Netflix around 3.5 years to reach 1 million users.⁹
- By January 2023, ChatGPT hit 100 million active users, making it the fastest-growing application in history.

Key Insights and Facts about ChatGPT

- According to Similarweb, openai.com receives nearly 1.8 billion visits per month.
- Almost 60% of ChatGPT's social media traffic comes from YouTube, followed by WhatsApp, Facebook, Twitter and others.
- ChatGPT has a bounce rate of 17.33%.
- The most commonly google searched keyword is "chat gpt login" hitting nearly 6 million searches per month.

Region-Based Statistics of ChatGPT

- The maximum proportion of ChatGPT users reside in the U.S. (15.22%) followed by India (6.32%), Japan (4.01%) and others.

Chat GPT Boosts Business Productivity and Work Quality

- Worker productivity was boosted by 14% with artificial intelligence tools such as ChatGPT in one of the tech firms. This research is thought to be the first major real-world application of generative AI in the workplace which measured productivity of more than 5,000 customer support agents.
- According to Forbes Advisor, a staggering 97% of business owners believe that ChatGPT will benefit their businesses. In fact, one in three businesses plan to use ChatGPT to create website content, while 44% aim to generate content in multiple languages.

Growth Drivers of the AI World

With the advent of AI and its applications across the globe, AI is enabling many segments to grow and changing the way we envision the future. The ongoing technological advancements such as wearable technology and chip market solutions, self-driving cars or automated medical procedures, have a remarkable impact on market growth. Let's see how these growth drivers are going to bring in a drastic change in the years to come.

Automotive Artificial Intelligence Market Size Expands, One in Ten Vehicles Self-Driving Globally

- The self-driving car market is expected to increase from 20.3 million in 2021 to 13.7 billion by 2030. It is expected that 10% of vehicles will be driverless by 2030.
- Fully automated cars are expected to contribute some \$13.7 billion by 2030.
- Robo-taxis are projected to become the top use case for driverless vehicles.

Opportunities, Threats, Risks and Concerns

Goldstone Technologies continues to focus on rapid growth opportunities in the technology sector. Business analytics domain has been the main stay of GTL for years. Since the last year we began focusing on the sustainability sector, specific to the EV Industry which is the next big growth path on technology combining the strengths of analytics, data and sustainable platforms for zero emission vehicles/fleet.

Electric vehicles are not just the wave of the future, they are saving lives today.

- Electric vehicles now include cars, transit buses, trucks of all sizes, and even big-rig tractor trailers that are at least partially powered by electricity.
- Electric vehicles are saving the climate — and our lives.

- Electric vehicles have a smaller carbon footprint than gasoline-powered cars, no matter where your electricity comes from.
- Through their entire lifetime, electric cars are better for the climate.
- Electric vehicles can charge up at home, at work, while you're at the store.
- Planning now by states and utilities to build infrastructure for charging electric vehicles will go a long way.
- Electric trucks — delivering goods from warehouses to homes — can make a big, clean difference. We need more of them.

The vast data collected from the Smart grids and EVs equipped with IoT devices is potentially a powerful stride in the right direction. The analysis and processing of the obtained big data (through numerous data analytics) can be utilized to develop control and energy management strategies for other EVs, plan optimal policies and siting of new charging stations or relocate the existing ones, design smart charging policies and algorithms to lower charging times, improve the efficacy and plan optimal EMS and battery management schemes, improve the EV load handling capacity of the distribution systems or estimate the new capacity to be added to endure the EV loading burden, improve power quality and customer satisfaction and determine the market value for EV based services and products.

Advances and innovations are crucial for a sustainable electricity system that includes smart grid technologies, renewable energy sources, and greater energy efficiency. These technologies are often layered on top of the existing infrastructure and legacy information systems. The management and utilization of the data generated from the different components of the electrical system are critical for the successful deployment and operation of this system. This paper reviews the issues and opportunities of the use of Big Data for electric utilities. Big Data provides the opportunity to better monitor, correct, and integrate smart grid technologies and renewable energy. At the same time, data management and utilization must be integrated into organizational operations if the potentials are to be realized. Electric utilities are conservative, heavily regulated, and concerned with both system reliability and overall profitability. Thus, technological, economic, institutional, and policy constraints must all be addressed. After reviewing these issues and opportunities, we empirically analyze whether these are part of the discussions about electric utilities with federal policymakers. The results show that while conversations about electric utilities overall are plentiful, conversations about data in the context of electric utilities are relatively rare.

The Indian market is responding positively to the growing eco-system of electric vehicles. Businesses in this sector have found the best time to enter and rule. Whereas companies like Tata Motors are already coming up with features like Ziptron technology to provide the best possible experience to the customers.

But, India being a developing country still has a lot to innovate and develop. As world leaders often say, this decade belongs to India. Moreover, this century belongs to India. There are a lot of opportunities for businesses in the electric vehicle sector in India. How do we manifest some of them.

GTL has forayed into the software application and platform development space, and

successfully built multiple applications for customers in the zero emissions space.

Environment and Sustainable solutions are the need of the hour. Electric Vehicle revolution is going to play a major role in bringing this global change and India is embracing the concept and solutions at a rapid pace.

Electrification is also bringing in a major change in the way automobile industry is being perceived, with 'technology on wheels' becoming a norm. In line with this GTL is ramping up in building data solutions and application platforms on EV's, with the cutting-edge Analytics and Data Science solutions on the offer.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF GOLDSTONE TECHNOLOGIES LIMITED

Report on the Audit of the Standalone Ind AS Financial Statements

Opinion

We have audited the accompanying Ind AS standalone Ind AS financial statements of **Goldstone Technologies Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2023, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, its profit including other comprehensive income, changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Ind AS financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone Ind AS financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Depending on the facts and circumstances of the entity and the Audit, we have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter	How the Key Audit Matter was addressed in our audit Our audit procedures included the following:
The Company has obtained leasehold land by entering into lease agreement with individual parties attracting the adoption of Ind AS 116 "Leases".	<ul style="list-style-type: none"> • Obtained an understanding of the Company's adoption of Ind AS 116 and identified the internal controls including entity level control adopted by the Company for accounting, processes and systems under the accounting standard; • Assessed the discount rates applied in determining lease liabilities;

<p>Significant judgement is required in the assumptions and estimates used in order to apply the definition of lease, application of discount rate, and lease term for computation of ROU asset and lease liability.</p> <p>We considered this a key audit matter due to the inherently judgmental nature to determine the lease liabilities.</p>	<ul style="list-style-type: none"> • We assessed and evaluated the reasonableness of lease terms used for computation lease liabilities and right-of -use assets; • We obtained the company's quantification of ROU assets and lease liabilities. We agreed the inputs used in the quantification to the lease agreements and performed re-computation of lease liabilities and ROU asset in accordance with the lease registration documents; • We assessed whether the related presentations and disclosures within the financial statements are appropriate in compliance with the requirements of Ind AS 116 “Leases”.

Information Other than the Standalone Ind AS financial statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone Ind AS financial statements and our auditor's report thereon.

Our opinion on the standalone Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Ind AS financial statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of

adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Ind AS financial statements

Our objectives are to obtain reasonable assurance about whether the standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If

we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Materiality is the magnitude of misstatements in the standalone Ind AS financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.
- We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
- d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure A”. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended: In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company does not have pending litigations which would impact on its financial position in its standalone Ind AS financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. The Management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or

- otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Company or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries
- v. The Management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Funding Parties or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- vi. Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) contain any material misstatement
- vii. The company has not declared or paid any dividend during the year.
2. As required by the Companies (Auditor's Report) Order, 2016 (“the Order”) issued by the Central Government in terms of Section 143(11) of the Act, we give in “Annexure B” a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of GOLDSTONE TECHNOLOGIES LIMITED of even date)

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **GOLDSTONE TECHNOLOGIES LIMITED** (“the Company”) as of March 31, 2023 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial

reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external

purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject

to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS

(All amounts in Indian Rupees Millions, except Share data and where otherwise stated)

1 General Information

Goldstone Technologies Limited ('the Company') is a Public Limited Company incorporated in India, having its registered office at Hyderabad, India. The Company is primarily engaged in the business of IT and ITES services. The Company is listed in the National Stock Exchange of India Limited (NSE) and the BSE Ltd (BSE).

2 Basis of preparation of Financial Statements

2.1 Statement of Compliance

The Standalone Financial Statements have been prepared in accordance of Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules 2015 notified under Section 133 of Companies Act 2013 (the 'Act') and other relevant provisions of the Act.

The Standalone Financial Statements were authorized for issue by the **Company's Board of Directors on 29 May 2023**.

Details of the Accounting Policies are included in Note 3.

2.2 Basis of measurement

These Standalone Financial Statements have been prepared on the historical cost convention and on an accrual basis, except for the following material items in the Statement of Financial position:

- Certain Financial Assets and Liabilities are measured at Fair Value;
- Employee Defined Benefit Assets/(Liability) are recognized as the net total of the fair value of Plan Assets, plus Actuarial Losses, less Actuarial Gains and the present value of the Defined Benefit Obligation;

- Long Term Borrowings are measured at amortized cost using the effective interest rate method.

2.3 Functional Currency

The Standalone Financial Statements are presented in Indian Rupees Millions, which is the functional currency of the Company. Functional currency of an entity is the currency of the primary economic environment in which the entity operates.

All amounts are in Indian Rupees Millions except share data, unless otherwise stated.

2.4 Current and Non-current classification

All the Assets and Liabilities have been classified as Current or Non-current as per the Company's Normal Operating Cycle and other criteria set out in the Schedule III to the Companies Act, 2013.

Assets:

An Asset is classified as Current when it satisfies any of the following criteria:

- a) it is expected to be realized in, or is intended for sale or consumption in, the Company's Normal Operating Cycle;
- b) it is held primarily for the purpose of being traded;
- c) it is expected to be realized within twelve months after the reporting date; or
- d) it is Cash or Cash equivalent unless it is restricted from being exchanged or used to settle a Liability for at least twelve months after the reporting date.

Liabilities:

A Liability is classified as Current when it satisfies any of the following criteria:

- a) it is expected to be settled in the Company's Normal Operating Cycle;

- b) it is held primarily for the purpose of being traded;
- c) it is due to be settled within twelve months after the reporting date; or
- d) the Company does not have an unconditional right to defer settlement of the Liability for at least twelve months after the reporting date. Terms of a Liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current Assets / Liabilities include the current portion of Non-current Assets / Liabilities respectively. All other Assets/ Liabilities are classified as Non-current.

2.5 Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's Accounting Policies, which are described in note 3, the management of the Company are required to make judgements, estimates and assumptions about the carrying amounts of Assets and Liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The following are the areas of estimation uncertainty and critical judgements that the management has made in the process of applying the Company's Accounting

Policies and that have the most significant effect on the amounts recognized in the Financial Statements:

Provision and Contingent Liability

On an ongoing basis, Company reviews pending cases, claims by third parties and other contingencies. For Contingent Losses that are considered probable, an estimated loss is recorded as an accrual in Financial Statements. Loss Contingencies that are considered possible are not provided for but disclosed as Contingent liabilities in the Financial Statements. Contingencies the likelihood of which is remote are not disclosed in the Financial Statements. Gain Contingencies are not recognized until the Contingency has been resolved and amounts are received or receivable.

Useful lives of Depreciable Assets

Management reviews the useful lives of Depreciable Assets at each reporting. **As at 31 March 2023** management assessed that the useful lives represent the expected utility of the assets to the Company. Further, there is no significant change in the useful lives as compared to previous year.

2.6 Measurement of Fair Values

A number of the Company's Accounting Policies and disclosures require the measurement of fair values, for both Financial and Non-financial Assets and Liabilities.

Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: Quoted Prices (unadjusted) in active markets for identical Assets or Liabilities.
- Level 2: inputs other than Quoted Prices included in Level 1 that are observable for the Asset or Liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

– Level 3: inputs for the Asset or Liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an Asset or a Liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an Asset or a Liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

3 Significant Accounting Policies

3.1 New Standards adopted by the Company

On 24 July 2020, the Ministry of Corporate Affairs (MCA) has issued amendments to certain Ind AS as summarised below:

Amendments to Ind AS 1 and Ind AS 8: Definition of Material

The amendments provided a new definition to the word material as follows: 'Information is material if omitting, misstating or obscuring it could reasonably be expected to influence decisions that the primary users of general-purpose financial statements make on the basis of those financial statements, which provide financial information about a specific reporting entity.'

The amendments clarify that materiality will depend on the nature or magnitude of information, either individually or in combination with other information, in the context of the financial statements. A misstatement of information is material if it

could reasonably be expected to influence decisions made by the primary users.

An information is considered to be obscured if it is communicated in a way that would have a similar effect for primary users of financial statements to omitting or misstating that information. The amendments provided examples of circumstances that may result in information being obscured.

An entity should apply the amendments prospectively for annual periods beginning on or after 1 April 2020.

The amendments to the definition of material had no impact on the standalone financial statements of the Company.

3.2 Revenue recognition

Revenue is recognized upon transfer of control of promised licenses or services to customers in an amount that reflects the consideration which the company expects to receive in exchange for those licenses or services.

The company's revenues are derived from sale of goods and services.

- Revenue from sale of licenses is recognized where control is transferred to the company's customers at the time of receipt of licenses by the customers.
- Service income, is recognized as and when the underlying services are performed. Upfront non-refundable payments received under these arrangements continue to be deferred and are recognized over the expected period that related services are to be performed.
- Dividend income is accounted for when the right to receive the income is established.
- Difference between the sale price and carrying value of investment is recognized as profit or loss on sale /

redemption on investment on trade date of transaction.

- Interest income is accrued on, time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

3.3 Leases

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative standalone price of the lease component and the aggregate standalone price of the non-lease components.

The Company recognizes right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the

lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognized in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised substance fixed lease payments. The Company recognizes the amount of the remeasurement of lease liability due to modification as an adjustment to the right-

of-use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognizes any remaining amount of the re-measurement in statement of profit and loss.

The Company has elected not to apply the requirements of Ind AS 116 Leases to short term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

3.4 Foreign Currencies

In preparing the Financial Statements of the Company, transactions in currencies other than the Company's functional currency (Foreign Currencies) are recognized at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in Foreign Currencies are retranslated at the rates prevailing at that date. Non-monetary items that are measured in terms of historical cost in a Foreign Currency are not retranslated. Exchange differences on monetary items are recognized in Profit or Loss in the period in which they arise.

3.5 Borrowing Costs

Specific Borrowing Costs that are attributable to the acquisition, construction or production of a qualifying asset are capitalized as part of the cost of such asset till such time the asset is ready for its intended use and borrowing costs are being incurred. A qualifying asset is an asset that necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are recognized as an expense in the period in which they are incurred.

Borrowing Cost includes Interest Expense, Amortization of Discounts, Ancillary Costs incurred in connection with borrowing of funds and exchange difference arising from Foreign Currency Borrowings to the extent they are regarded as an adjustment to the Interest Cost.

3.6 Taxation

Income Tax expense consists of Current and Deferred Tax. Income Tax expense is recognized in the Income Statement except to the extent that it relates to items recognized directly in Equity, in which case it is recognized in Equity.

Current tax

Current Tax is the expected tax payable on the Taxable Income for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Deferred tax

Deferred Tax is recognized using the Balance Sheet method, providing for temporary differences between the carrying amounts of Assets and Liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred Tax is not recognized for the following temporary differences: the initial recognition of Assets or Liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit; differences relating to investments in subsidiaries and jointly controlled entities to the extent that it is probable that they will not reverse in the foreseeable future; and taxable temporary differences arising upon the initial recognition of goodwill. Deferred Tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or

substantively enacted by the reporting date. Deferred Tax Assets and Liabilities are offset if there is a legally enforceable right to offset Current Tax Liabilities and Assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax Liabilities and Assets on a net basis or their Tax Assets and Liabilities will be realized simultaneously.

A Deferred Tax Asset is recognized to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilized. Deferred Tax Assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

3.7 Earnings Per Share

The Company presents Basic and Diluted Earnings Per Share (“EPS”) data for its ordinary Shares. The Basic Earnings Per Share is computed by dividing the Net Profit attributable to Equity Shareholders for the period by the weighted average number of Equity Shares outstanding during the year.

Diluted earnings per share is computed by dividing the Net Profit attributable to Equity Shareholders for the year relating to the dilutive potential Equity Shares, by the weighted average number of Equity Shares considered for deriving basic Earnings Per Share and the weighted average number of Equity Shares which could have been issued on the conversion of all dilutive potential Equity Shares. Potential Equity Shares are deemed to be dilutive only if their conversion to Equity Shares would decrease the Net Profit Per Share.

3.8 Property, Plant and Equipment (PPE)

The initial cost of PPE comprises its purchase price, including import duties and

non-refundable purchase taxes, and any directly attributable costs of bringing an asset to working condition and location for its intended use, including relevant borrowing costs and any expected costs of decommissioning, less accumulated depreciation and accumulated impairment losses, if any. Expenditure incurred after the PPE have been put into operation, such as repairs and maintenance, are charged to the Statement of Profit and Loss in the period in which the costs are incurred.

If significant parts of an item of PPE have different useful lives, then they are accounted for as separate items (major components) of PPE.

Material items such as spare parts, stand-by equipment and service equipment are classified as PPE when they meet the definition of PPE as specified in Ind AS 16 – Property, Plant and Equipment.

3.9 Expenditure during construction period

Expenditure during construction period (including financing cost related to borrowed funds for construction or acquisition of qualifying PPE) is included under Capital Work-in-Progress, and the same is allocated to the respective PPE on the completion of their construction. Advances given towards acquisition or construction of PPE outstanding at each reporting date are disclosed as Capital Advances under “Other Non-current Assets”.

3.10 Depreciation

Depreciation is the systematic allocation of the depreciable amount of PPE over its useful life and is provided on a straight-line basis over the useful lives as prescribed in Schedule II to the Act or as per technical assessment.

Depreciable amount for PPE is the cost of PPE less its estimated residual value. The useful life of PPE is the period over which

PPE is expected to be available for use by the Company, or the number of production or similar units expected to be obtained from the asset by the Company

The Company has componentized its PPE and has separately assessed the life of major components. In case of certain classes of PPE, the Company uses different useful lives than those prescribed in Schedule II to the Act. The useful lives have been assessed based on technical advice, taking into account the nature of the PPE and the estimated usage of the asset on the basis of management's best estimation of obtaining economic benefits from those classes of assets.

Such classes of Assets and their estimated useful lives are as under:

Particulars	Useful life
Buildings	30 years
Plant and Machinery	15 years
Electrical Equipment	5 years
Office Equipment	5 years
Computers - Laptops & Desktops	3 years
Computers - Servers	6 Years
Furniture and Fixtures	10 years
Vehicles - Four Wheelers	8 years
Vehicles - Two Wheelers	10 years

Depreciation on additions is provided on a pro-rata basis from the month of installation or acquisition and in case of Projects from the date of commencement of commercial production. Depreciation on deductions/disposals is provided on a pro-rata basis up to the date of deduction/disposal.

3.11 Intangible Assets and Amortization

Intangible Assets are stated at cost less accumulated amortization and impairment.

Intangible Assets are amortized over their respective estimated useful lives on a straight-line basis, from the date that they are available for use.

Amortization

The estimated useful life of an identifiable Intangible Asset is based on a number of factors including the effects of obsolescence, demand, competition and other economic factors (such as the stability of the industry and known technological advances) and the level of maintenance expenditures required to obtain the expected future cash flows from the asset.

Software is amortized over a period of three to five years.

3.12 Cash and Cash Equivalents

Cash and Cash Equivalents in the Balance Sheet comprise Cash at Bank and in Hand and Short-term Deposits with Banks that are readily convertible into Cash which are subject to insignificant risk of changes in value and are held for the purpose of meeting Short-term Cash commitments.

3.13 Cash Flow Statement

Cash Flows are reported using the indirect method, whereby net Profit Before Tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The Cash Flows from Operating, Investing and Financing activities of the Company are segregated.

3.14 Government Grants

Government grants are recognized where there is reasonable assurance that the grant will be received and all attached conditions will be complied with.

Where the Company receives non-monetary grants, the asset and the grant are accounted at fair value and recognized in the Statement of Profit and

Loss over the expected useful life of the Asset.

3.15 Impairment of non Financial Assets

The carrying amounts of the Company's Non-financial Assets, Inventories and Deferred Tax Assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the Asset's recoverable amount is estimated.

The recoverable amount of an Asset or Cash-generating unit (as defined below) is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future Cash Flows are discounted to their present value using a Pre-tax Discount Rate that reflects current market assessments of the time value of money and the risks specific to the asset or the cash-generating unit. For the purpose of impairment testing, Assets are grouped together into the smallest group of Assets that generates Cash Inflows from continuing use that are largely independent of the Cash Inflows of other Assets or groups of Assets (the "cash-generating unit").

An Impairment Loss is recognized in the Income Statement if the estimated recoverable amount of an asset or its Cash-generating unit is lower than its carrying amount. Impairment Losses recognized in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An Impairment Loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An Impairment Loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of Depreciation or Amortization, if no

Impairment Loss had been recognized. Goodwill that forms part of the carrying amount of an Investment in an Associate is not recognized separately, and therefore is not tested for impairment separately. Instead, the entire amount of the investment in an associate is tested for impairment as a single Asset when there is objective evidence that the investment in an associate may be impaired.

An Impairment Loss in respect of Equity accounted investee is measured by comparing the recoverable amount of investment with its carrying amount. An Impairment Loss is recognized in the Income Statement, and reversed if there has been a favourable change in the estimates used to determine the recoverable amount.

3.16 Employee Benefits

Short-term Employee Benefits

Short-term Employee Benefits are expensed as the related service is provided. A Liability is recognized for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Defined Contribution Plans

The Company's contributions to Defined Contribution Plans are charged to the Income Statement as and when the services are received from the employees.

Defined Benefit Plans

The liability in respect of Defined Benefit Plans and other Post-employment Benefits is calculated using the projected unit credit method consistent with the advice of qualified actuaries. The present value of the defined benefit obligation is determined by

discounting the estimated future cash outflows using interest rates of high-quality Corporate Bonds that are denominated in the currency in which the benefits will be paid, and that have terms to maturity approximating to the terms of the related defined benefit obligation. In countries where there is no deep market in such bonds, the market rates on Government Bonds are used. The current service cost of the Defined Benefit Plan, recognized in the Income Statement in Employee Benefit expense, reflects the increase in the Defined Benefit Obligation resulting from employee service in the current year, benefit changes, curtailments and settlements. Past service costs are recognized immediately in income. The net interest cost is calculated by applying the discount rate to the net balance of the Defined Benefit Obligation and the fair value of Plan Assets. This cost is included in employee benefit expense in the Income Statement. Actuarial Gains and Losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to Equity in Other Comprehensive Income in the period in which they arise.

Termination Benefits

Termination Benefits are recognized as an expense when the Company is demonstrably committed, without realistic possibility of withdrawal, to a formal detailed plan to either terminate employment before the normal retirement date, or to provide termination benefits as a result of an offer made to encourage voluntary redundancy. Termination benefits for voluntary redundancies are recognized as an expense if the Company has made an offer encouraging voluntary redundancy, it is probable that the offer will be accepted, and the number of acceptances can be estimated reliably.

Other Long Term Employee Benefits

The Company's net obligation in respect of other Long Term Employee Benefits is the amount of future benefit that employees have earned in return for their service in the current and previous periods. That benefit is discounted to determine its present value. Re-measurements are recognized in the Statement of Profit and Loss in the period in which they arise.

3.17 Provisions

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected Future Cash Flows at a Pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

3.18 Contingent Liabilities & Contingent Assets

A disclosure for a contingent Liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent Assets are not recognized in the Financial Statements. However, Contingent Assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the Asset and related Income are recognized in the period in which the change occurs.

3.19 Financial Instruments

a. Recognition and Initial recognition

The Company recognizes Financial Assets and Financial Liabilities when it becomes a party to the contractual provisions of the instrument. All Financial Assets and Liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issues of Financial Assets and Financial Liabilities that are not at fair value through profit or loss, are added to the fair value on initial recognition.

A Financial Asset or Financial Liability is initially measured at fair value plus, for an item not at Fair Value Through Profit and Loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

b. Classification and Subsequent measurement

Financial Assets

On initial recognition, a Financial Asset is classified as measured at

- Amortized Cost;
- FVTPL

Financial Assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing Financial Assets.

A Financial Asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold Assets to collect contractual Cash Flows; and

- the contractual terms of the Financial Asset give rise on specified dates to Cash Flows that are solely payments of Principal and Interest on the Principal amount outstanding.

All Financial Assets not classified as measured at amortized cost as described above are measured at FVTPL. On initial recognition, the Company may irrevocably designate a Financial Asset that otherwise meets the requirements to be measured at amortized cost at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial Assets: Business Model Assessment

The Company makes an assessment of the objective of the business model in which a Financial Asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated Policies and Objectives for the Portfolio and the operation of those Policies in practice. These include whether management's strategy focuses on earning contractual Interest Income, maintaining a particular interest rate profile, matching the duration of the Financial Assets to the duration of any related liabilities or expected cash outflows or realizing cash flows through the sale of the Assets;
- how the performance of the portfolio is evaluated and reported to the Company's management;
- the risks that affect the performance of the Business Model (and the financial

assets held within that business model) and how those risks are managed;

- how managers of the business are compensated – e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sales of Financial Assets in prior periods, the reasons for such sales and expectations about future sales activity. Transfers of Financial Assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Company's continuing recognition of the Assets.

Financial Assets that are held for trading or are managed and whose performance is evaluated on a fair value basis are measured at FVTPL.

Financial Assets: Assessment whether contractual cash flows are solely payments of Principal and Interest

For the purposes of this assessment, 'Principal' is defined as the fair value of the Financial Asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the Principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of Principal and Interest, the Company considers the contractual terms of the instrument. This includes assessing whether the Financial Asset contains a contractual term that could change the timing or amount of contractual cash

flows such that it would not meet this condition. In making this assessment, the Company considers:

- contingent events that would change the amount or timing of Cash Flows;
- terms that may adjust the contractual coupon rate, including variable interest rate features;
- prepayment and extension features; and
- terms that limit the Company's claim to cash flows from specified Assets (e.g. non-recourse features).

A prepayment feature is consistent with the solely payments of Principal and interest criterion if the prepayment amount substantially represents unpaid amounts of Principal and Interest on the Principal amount outstanding, which may include reasonable additional compensation for early termination of the contract. Additionally, for a Financial Asset acquired at a significant discount or premium to its contractual par amount, a feature that permits or requires prepayment at an amount that substantially represents the contractual par amount plus accrued (but unpaid) contractual interest (which may also include reasonable additional compensation for early termination) is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition.

Financial Assets: Subsequent measurement and gains and losses

Financial assets at FVTPL: These assets are subsequently measured at fair value. Net gains and losses, including any Interest or Dividend Income, are recognized in Profit or Loss.

Financial Assets at Amortized Cost: These Assets are subsequently measured at amortized cost using the effective interest method. The amortized cost is reduced by impairment losses. Interest Income, Foreign Exchange Gains and Losses and Impairment are recognized in Profit or Loss. Any gain or loss on derecognition is recognized in Profit or Loss.

Financial Liabilities: Classification, Subsequent measurement and Gains and Losses

Financial Liabilities are classified as measured at amortized cost or FVTPL. A Financial Liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial Liabilities at FVTPL are measured at fair value and net Gains and Losses, including any interest expense, are recognized in Profit or Loss. Other Financial Liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange Gains and Losses are recognized in Profit or Loss. Any Gain or Loss on derecognition is also recognized in Profit or Loss.

c. Derecognition

Financial Assets

The Company derecognizes a Financial Asset when the contractual rights to the cash flows from the Financial Asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the Financial

Asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the Financial Asset.

If the Company enters into transactions whereby it transfers Assets recognized on its Balance Sheet, but retains either all or substantially all of the risks and rewards of the transferred Assets, the transferred Assets are not derecognized.

Financial Liabilities

The Company derecognizes a Financial Liability when its contractual obligations are discharged or cancelled, or expire.

The Company also derecognizes a Financial Liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new Financial Liability based on the modified terms is recognized at fair value. The difference between the carrying amount of the Financial Liability extinguished and the new Financial Liability with modified terms is recognized in Profit

d. Offsetting

Financial Assets and Financial Liabilities are offset and the net amount presented in the Balance Sheet when and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realize the asset and settle the Liability simultaneously.

e. Impairment

The Company recognizes loss allowances for expected credit losses on Financial Assets measured at amortized cost;

At each reporting date, the Company assesses whether Financial Assets carried at amortized cost and debt securities at fair value through other comprehensive income (FVOCI) are credit impaired. A Financial Asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the Financial Asset have occurred.

Evidence that a Financial Asset is credit-impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- the restructuring of a loan or advance by the Company on terms that the Company would not consider otherwise;
- it is probable that the borrower will enter bankruptcy or other financial reorganization; or
- the disappearance of an active market for a security because of financial difficulties.

The Company measures loss allowances at an amount equal to lifetime expected credit losses, except for the following, which are measured as 12 month expected credit losses:

- debt securities that are determined to have low credit risk at the reporting date; and
- other debt securities and bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Loss allowances for trade receivables are always measured at an amount equal to lifetime expected credit losses.

Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

12-month expected credit losses are the portion of expected credit losses that result from default events that are possible within 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

In all cases, the maximum period considered when estimating expected credit losses is the maximum contractual period over which the Company is exposed to credit risk. When determining whether the credit risk of a Financial Asset has increased significantly since initial recognition and when estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward-looking information.

Measurement of expected credit losses

Expected credit losses are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive).

Presentation of allowance for expected credit losses in the balance sheet

Loss allowances for Financial Assets measured at amortized cost are

deducted from the gross carrying amount of the Assets.

Write-off

The gross carrying amount of a Financial Asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the

trade receivable does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, Financial Assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

37 Leases

Where the Company is a Lessee:

Effective 1st April 2019, the Company adopted Ind AS 116, Leases. This standard brings most leases on-balance sheet for lessees under a single model, eliminating the distinction between operating and finance leases. Company has recognized Right of use asset or Lease liability in accordance of this standard.

The Company has elected not to apply the requirements of Ind AS 116 Leases to short term leases of some of the assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases amounting to INR 7.56 Million (Previous Year: INR 7.87 Million) are recognized as an expense on a straight-line basis over the lease term.

39 Financial risk management objectives and policies

The Company's principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance and support Company's operations. The Company's principal financial assets include inventory, trade and other receivables, cash and cash equivalents and refundable deposits that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarized below.

a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: interest rate risk and other price risk, such as commodity risk. Financial instruments affected by market risk include loans and borrowings and refundable deposits. The sensitivity analysis in the following sections relate to the position as at 31 March 2023 and 31 March 2022. The sensitivity analyses have been prepared on the basis that the amount of net debt and the ratio of fixed to floating interest rates of the debt.

The analysis excludes the impact of movements in market variables on: the carrying values of gratuity and other post retirement obligations; provisions.

The below assumption has been made in calculating the sensitivity analysis:

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at 31 March 2023 and 31 March 2022.

NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS

(All amounts in Indian Rupees Millions, except Share data and where otherwise stated)

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's short-term debt obligations with floating interest rates.

The Company manages its interest rate risk by having a balanced portfolio of variable rate borrowings. The Company does not enter into any interest rate swaps.

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

	Increase/decrease in interest rate	Effect on Profit Before Tax
31 March 2023		
INR	+1%	-
INR	-1%	-
31 March 2022		
INR	+1%	(0.37)
INR	-1%	0.37

b) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The credit risk arises principally from its operating activities (primarily trade receivables) and from its investing activities, including deposits with banks and financial institutions and other financial instruments.

Credit risk is controlled by analyzing credit limits and creditworthiness of customers on a continuous basis to whom credit has been granted after obtaining necessary approvals for credit. The collection from the trade receivables are monitored on a continuous basis by the receivables team.

The Company establishes an allowance for credit loss that represents its estimate of expected losses in respect of trade and other receivables based on the past and the recent collection trend. The maximum exposure to credit risk as at reporting date is primarily from trade receivables amounting to INR 171.88 Millions (31 March 2022: INR 141.87 Million). Basis the estimate, there is no allowance for expected credit loss provided by the Company.

The top 5 customers account for around 25% of the revenue as of 31 March 2023 and around 45% of the revenue as of 31 March 2022 as the Company has diversified business in the areas of IT Consulting, IT Staffing, Off-shore Technical Support and Big Data Analytics Software License Sales. Credit risk on Cash and Cash equivalent is limited as the Company generally transacts with banks and financial institutions with high credit ratings assigned by international and domestic credit rating agencies.

43 Significant Accounting Estimates, Judgements and Assumptions

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

43 (a) Judgements

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

The Company determines the lease term as non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The Company has several lease contracts that include extension and termination options. The Company applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Company reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to renew or to terminate (e.g., construction of significant leasehold improvements or significant customisation to the leased asset).

43 (b) Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

- I Deferred tax assets (including MAT credits) are recognised for unused tax credits to the extent that it is probable that taxable profit will be available against which the credits can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies. Refer Note 30.

II Defined benefit plan

The cost of the defined benefit gratuity plan and other post-employment medical benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial

valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

III Depreciation on property, plant and equipment

Depreciation on property, plant and equipment is calculated on a straight-line basis using the rates arrived at based on the useful lives and residual values of all its property, plant and equipment estimated by the management. The management believes that depreciation rates currently used fairly reflect its estimate of the useful lives and residual values of property, plant and equipment, which are equal to the life prescribed under Schedule II of the Companies Act, 2013.

IV The Company assesses at each balance sheet date whether there is any indication that an asset or a group of assets comprising a cash generating unit may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. For an asset or group of assets that does not generate largely independent cash inflows, the recoverable amount is determined for the cash-generating unit to which the asset belongs. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the statement of profit and loss. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciable historical cost. An impairment loss is reversed only to the extent that the carrying amount of asset does not exceed the net book value that would have been determined, if no impairment loss had been recognised.

V Leases- Estimating the incremental borrowing rate

The Company cannot readily determine the interest rate implicit in the lease, therefore, it uses its incremental borrowing rate (IBR) to measure lease liabilities. The IBR is the rate of interest that the Company presently pays on Borrowings availed by the Company.

44 Standards issued but not yet effective

I Definition of Accounting Estimates - Amendments to Ind AS 8

The amendments clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. It has also been clarified how entities use measurement techniques and inputs to develop accounting estimates. The amendments are not expected to have a material impact on the Company's financial statements.

II Disclosure of Accounting Policies - Amendments to Ind AS 1

The amendments aim to help entities provide accounting policy disclosures that are more useful by replacing the requirement for entities to disclose their 'significant' accounting policies with a requirement to disclose their 'material' accounting policies and adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures. The Company is currently revisiting their accounting policy information disclosures to ensure consistency with the amended requirements.

III The amendments narrow the scope of the initial recognition exception under Ind AS 12, so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences. The amendments should be applied to transactions that occur on or after the beginning of the earliest comparative period presented. In addition, at the beginning of the earliest

comparative period presented, a deferred tax asset (provided that sufficient taxable profit is available) and a deferred tax liability should also be recognised for all deductible and taxable temporary differences associated with leases and decommissioning obligations. Consequential amendments have been made in Ind AS 101.

The Company is currently assessing the impact of the amendments.

- 45** The Indian Parliament has approved the code on Social Security, 2020 which could impact the contributions by the company towards Provident Fund and Gratuity. The effective date from which the changes are applicable is yet to be notified and the rules for quantifying the financial impact are yet to be framed. The company will complete evaluation and will give appropriate impact in the financial results in the period in which, the code and related rules become effective.

46 Prior Year comparatives

The figures of the previous year have been regrouped/reclassified, where necessary, to conform with the current year's classification.

**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF
GOLDSTONE TECHNOLOGIES LIMITED**

Report on the Audit of the Consolidated Ind AS Financial Statements

Opinion

We have audited the accompanying consolidated Ind AS financial statements of GOLDSTONE TECHNOLOGIES LIMITED ("the Company") and its subsidiaries (the Company and its subsidiaries together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2023, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (herein after referred to as "the consolidated Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated Ind AS financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2023, the consolidated Profit, consolidated total comprehensive income, consolidated changes in equity and its consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit of the Consolidated Ind AS financial statements in accordance with the Standards on Auditing (SAs) specified under

section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Ind AS financial statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the Consolidated Ind AS financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Ind AS financial statements.

Information Other than the Consolidated Ind AS financial statements and Auditor's Report Thereon:

- The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Consolidated Ind AS financial statements and our auditor's report thereon.
- Our opinion on the Consolidated Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained

during the course of our audit or otherwise appears to be materially misstated.

- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Ind AS Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated Ind AS financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the IndAS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group is also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Ind AS financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Ind AS financial statements, including the disclosures, and whether the Consolidated Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial results/financial information of the entities within the Group and its associates and jointly controlled entities to express an opinion on the consolidated Financial Results. We are responsible for the direction, supervision and performance of the audit of financial information of such entities included in the consolidated financial results of which we are the independent auditors. For the other entities included in the consolidated Financial

Results, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter Paragraph:

The Consolidated Ind AS financial statements include the audited Financial statements of Staytop Systems, Inc., USA an Wholly owned foreign subsidiary and Wowtruck Technologies Private Limited, an Wholly owned Indian subsidiary whose Financial Statements reflect Group's share of total assets of Rs.192.05 Millions as at 31st March 2023, and Group's share of total revenue of Rs. 181.01 Millions

and Group's share of total net profit/(loss) after tax of Rs.(21.93) Millions and Group's share of Total comprehensive income of Rs.(11.81) Millions for the period from 01-04-2022 to 31-03-2023, as considered in the Consolidated Ind AS financial statements, which have been audited by their respective independent auditors. The independent auditors' reports on financial statements of this entity have been furnished to us by the management and our opinion on the Consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of this entity, is based solely on the report of such auditor and the procedures performed by us are as stated in paragraph above.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated Ind AS financial statements.
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid Consolidated Ind AS financial statements have been kept so far as it appears from our examination of those books.
 - c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the Consolidated Ind AS financial statements.

- d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of Directors of the company and its subsidiaries, none of the directors of the group companies is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in "Annexure A" which is based on the Auditor's reports of the Company and its subsidiary companies. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the internal financial controls over financial reporting of those companies, for reasons stated therein.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended: In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

- i. The Group does not have pending litigations as at March 31st , 2023 which would have impact on its consolidated financial position of the group.
- ii. The group does not have any long term contracts, including derivate contracts and did not have any material foreseeable losses.
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company and its subsidiary companies.
- iv. The Management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company or group companies to or in any other persons or entities, including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Company or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- v. The Management has represented that, to the best of its knowledge and belief, no funds have been received by the Company or group companies from any persons or entities, including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company or group companies shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Funding Parties or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- vi. Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) contain any material misstatement.
- vii. The company or group companies has not declared or paid any dividend during the year.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of GOLDSTONE TECHNOLOGIES LIMITED of even date

Report on the Internal Financial Controls over Financial Reporting under clause (i) of the Sub-section 3 of the Section 143 of the Companies Act, 2013 (‘The Act’)

In conjunction with our audit of the Consolidated Ind AS financial statements of the Company as of and for the year ended March 31, 2023, we have audited the internal financial controls over financial reporting of GOLDSTONE TECHNOLOGIES LIMITED (herein after referred to as “Company”) and its subsidiary company, which is incorporated in India, as of that date. We have not audited the internal financial controls of the foreign subsidiary.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Holding Company and its subsidiary companies are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial

information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company and its subsidiary companies based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company and its Subsidiary Companies.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statement

Inherent Limitations of Internal Financial Controls Over Financial Reporting:

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur

and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company and its subsidiary companies, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

(All amounts in Indian Rupees Millions, except Share data and where otherwise stated)

1 General Information

Goldstone Technologies Limited ('the Company') is a Public Limited Company incorporated in India, having its registered office at Hyderabad, India. The Company along with its subsidiaries (hereinafter referred to as "the Group") is primarily engaged in the business of IT and ITES services. The Company is listed in the National Stock Exchange of India Ltd. (NSE) and the BSE Ltd. (BSE).

2 Basis of preparation of Financial Statements

2.1 Statement of Compliance

The Consolidated financial statements have been prepared in accordance of Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules 2015 notified under Section 133 of

Companies Act 2013 (the 'Act') and other relevant provisions of the Act.

The Group's financial statements up to and for the year ended **31 March 2023** were prepared in accordance with the Companies (Accounting Standards) Rules 2006, notified under Section 133 of Companies Act 2013 (the 'Act') and other relevant provisions of the Act.

The Consolidated financial statements were authorized for issue by the **Company's Board of Directors on 29 May 2023**.

Details of the accounting policies are included in Note 3.

2.2 Group Information

The consolidated financial statements of the Group includes subsidiaries listed in the table below:

Name of Investee	Principal Activities	Country of Incorporation	Percentage of ownership/ voting rights	
			31 March 2023	31 March 2022
Staytop Systems, Inc.	IT and ITES	USA	100%	100%
Wowtruck Technologies Pvt. Ltd. (formerly known as Equitas Technologies Pvt. Ltd.)	Goods Transport Services	India	100%	100%

2.3 Basis of Consolidation

(i) The Consolidated Financial Statements incorporate the financial statements of the Parent Company and its Subsidiaries. For this purpose, an entity which is, directly or indirectly, controlled by the Parent Company is treated as Subsidiary. The Parent Company together with its Subsidiaries constitute the Group. Control exists when the Parent Company, directly or indirectly, has power over the investee, is exposed to variable returns from its involvement with the investee and has

the ability to use its power to affect its returns.

(ii) Consolidation of a subsidiaries begins when the Parent Company, directly or indirectly, obtains control over the Subsidiary and ceases when the Parent Company, directly or indirectly, loses control of the Subsidiary. Income and expenses of a Subsidiary acquired or disposed off during the year are included in the Consolidated Statement of Profit and Loss from the date the Parent Company, directly or indirectly, gains control until the date when the

Parent Company, directly or indirectly, ceases to control the Subsidiary.

- (iii) The Consolidated Financial Statements of the Group combines Financial Statements of the Parent Company and its Subsidiary line-by-line by adding together the like items of Assets, Liabilities, Income and Expenses. All intra-group Assets, Liabilities, Income, Expenses and Unrealized Profits/Losses on intra-group transactions are eliminated on consolidation. The Accounting Policies of Subsidiaries have been harmonized to ensure the consistency with the policies adopted by the Parent Company.

The Consolidated Financial Statements have been presented to the extent possible, in the same manner as Parent Company's Standalone Financial Statements. Profit or Loss and each component of other Comprehensive Income are attributed to the owners of the Parent Company and to the non-controlling interests and have been shown separately in the Financial Statements.

- (iv) Non-controlling interest represents that part of the total Comprehensive Income and net assets of Subsidiaries attributable to interests which are not owned, directly or indirectly, by the Parent Company.
- (iv) Non-controlling interest represents that part of the total Comprehensive Income and net assets of Subsidiaries attributable to interests which are not owned, directly or indirectly, by the Parent Company.(iv) Goodwill on consolidation as on the date of transition represents the excess of cost of acquisition at each point of time of making the investment in the Subsidiary over the Group's share in the net worth

of a Subsidiary. For this purpose, the Group's share of Net Worth is determined on the basis of the latest Financial Statements, prior to the acquisition, after making necessary adjustments for material events between the date of such Financial Statements and the date of respective acquisition. Capital Reserve on consolidation represents excess of the Group's share in the Net Worth of a Subsidiary over the cost of acquisition at each point of time of making the investment in the Subsidiary. Goodwill arising on consolidation is not amortized, however, it is tested for impairment annually. In the event of cessation of operations of a Subsidiary, the unimpaired goodwill is written off fully.

Goodwill on consolidation arising on acquisitions on or after the date of transition represents the excess of the cost of acquisition at each point of time of making the investment in the Subsidiary, over the Group's share in the fair value of the Net Assets of a Subsidiary.

Goodwill on consolidation is allocated to cash generating units or group of cash generating units that are expected to benefit from the synergies of the acquisition.

2.4 Basis of measurement

These consolidated financial statements have been prepared on the historical cost convention and on an accrual basis, except for the following material items in the statement of financial position:

- certain Financial Assets and Liabilities are measured at Fair Value;
- employee defined benefit Assets/ (Liability) are recognized as the net

total of the fair value of Plan Assets, plus Actuarial Losses, less Actuarial Gains and the present value of the Defined Benefit Obligation;

- Long Term Borrowings are measured at amortized cost using the effective interest rate method.

2.5 Functional Currency

The consolidated financial statements are presented in Indian Rupees Millions, which is the functional currency of the Group. Functional currency of an entity is the currency of the primary economic environment in which the entity operates.

All amounts are in Indian Rupees Millions except Share data, unless otherwise stated.

2.6 Current and Non-current classification

All the Assets and Liabilities have been classified as Current or Non-current as per the Group's normal Operating Cycle and other criteria set out in the Schedule III to the Companies Act, 2013.

Assets:

An Asset is classified as Current when it satisfies any of the following criteria:

- it is expected to be realized in, or is intended for sale or consumption in, the Group's Normal Operating Cycle;
- it is held primarily for the purpose of being traded;
- it is expected to be realized within twelve months after the reporting date; or
- it is Cash or Cash Equivalent unless it is restricted from being exchanged or used to settle a Liability for at least twelve months after the reporting date.

Liabilities:

A Liability is classified as Current when it satisfies any of the following criteria:

- it is expected to be settled in the Group's Normal Operating Cycle;
- it is held primarily for the purpose of being traded;
- it is due to be settled within twelve months after the reporting date; or
- the Group does not have an unconditional right to defer settlement of the Liability for at least twelve months after the reporting date. Terms of a Liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current Assets / Liabilities include the current portion of Non-current Assets / Liabilities respectively. All other Assets / Liabilities are classified as Non-current.

2.7 Critical accounting judgements and key sources of estimation uncertainty

In the application of the Group's accounting policies, which are described in note 3, the management of the Group are required to make judgements, estimates and assumptions about the carrying amounts of Assets and Liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The following are the areas of estimation uncertainty and critical judgements that the

management has made in the process of applying the Group's Accounting Policies and that have the most significant effect on the amounts recognized in the Financial Statements:

Provision and Contingent liability

On an ongoing basis, Group reviews pending cases, claims by third parties and other contingencies. For Contingent Losses that are considered probable, an estimated Loss is recorded as an accrual in Financial Statements. Loss Contingencies that are considered possible are not provided for but disclosed as Contingent Liabilities in the Financial Statements. Contingencies the likelihood of which is remote are not disclosed in the Financial Statements. Gain contingencies are not recognized until the contingency has been resolved and amounts are received or receivable.

Useful lives of Depreciable Assets

Management reviews the useful lives of Depreciable Assets at each reporting. As at **31 March 2023** management assessed that the useful lives represent the expected utility of the assets to the Group. Further, there is no significant change in the useful lives as compared to previous year.

2.8 Measurement of Fair Values

A number of the Group's accounting policies and disclosures require the measurement of fair values, for both Financial and Non-financial Assets and Liabilities.

Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

–Level 1: Quoted Prices (unadjusted) in active markets for identical Assets or Liabilities.

–Level 2: inputs other than Quoted Prices included in Level 1 that are observable for the Asset or Liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

–Level 3: inputs for the Asset or Liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an Asset or a Liability, the Group uses observable market data as far as possible. If the inputs used to measure the fair value of an Asset or a Liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Group recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

3. Significant Accounting Policies

3.1 New Standards adopted by the Company

On 24 July 2020, the Ministry of Corporate Affairs (MCA) has issued amendments to certain Ind AS as summarised below:

Amendments to Ind AS 1 and Ind AS 8: Definition of Material

The amendments provided a new definition to the word material as follows:

'Information is material if omitting, misstating or obscuring it could reasonably be expected to influence decisions that the primary users of general-purpose financial statements make on the basis of those financial statements, which provide financial information about a specific reporting entity.'

The amendments clarify that materiality will depend on the nature or magnitude of information, either individually or in combination with other information, in the context of the financial statements. A misstatement of information is material if it could reasonably be expected to influence decisions made by the primary users.

An information is considered to be obscured if it is communicated in a way that would have a similar effect for primary users of financial statements to omitting or misstating that information. The amendments provided examples of circumstances that may result in information being obscured.

An entity should apply the amendments prospectively for annual periods beginning on or after 1 April 2020.

The amendments to the definition of material had no impact on the standalone financial statements of the Company.

3.2 Revenue recognition

Revenue is recognized upon transfer of control of promised licenses or services to customers in an amount that reflects the consideration which the Group expects to receive in exchange for those licenses or services.

The Group's revenues are derived from sale of goods and services.

- Revenue from sale of licenses is recognized where control is transferred to the Group's customers at the time of receipt of licenses by the customers.
- Service income, is recognized as and when the underlying services are performed. Upfront non-refundable payments received under these arrangements continue to be deferred and are recognized over the expected period that related services are to be performed.

- Dividend income is accounted for when the right to receive the income is established.
- Difference between the sale price and carrying value of investment is recognized as profit or loss on sale / redemption on investment on trade date of transaction.
- Interest income is accrued on, time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

3.3 Leases

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Group as a lessee

The Group accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The Group recognizes right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying

asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognized in the statement of profit and loss.

The Group measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease if that rate can be readily determined. If that rate cannot be readily determined, the Group uses incremental borrowing rate. For leases with reasonably similar characteristics, the Group, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Group is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to

reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised substance fixed lease payments. The Group recognizes the amount of the remeasurement of lease liability due to modification as an adjustment to the right-of-use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Group recognizes any remaining amount of the re-measurement in statement of profit and loss.

The Group has elected not to apply the requirements of Ind AS 116 Leases to short term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

3.4 Foreign Currencies

In preparing the Financial Statements of the Group, transactions in currencies other than the Group's functional Currency (Foreign Currencies) are recognized at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in Foreign Currencies are retranslated at the rates prevailing at that date. Non-monetary items that are measured in terms of Historical Cost in a Foreign Currency are not retranslated. Exchange differences on monetary items are recognized in Profit or Loss in the period in which they arise.

3.5 Borrowing Costs

Specific Borrowing Costs that are attributable to the acquisition, construction

or production of a qualifying asset are capitalized as part of the cost of such asset till such time the Asset is ready for its intended use and borrowing costs are being incurred. A qualifying Asset is an Asset that necessarily takes a substantial period of time to get ready for its intended use. All other Borrowing Costs are recognized as an expense in the period in which they are incurred.

Borrowing Cost includes Interest Expense, Amortization of Discounts, ancillary costs incurred in connection with borrowing of funds and exchange difference arising from Foreign Currency borrowings to the extent they are regarded as an adjustment to the Interest Cost.

3.6 Taxation

Income Tax expense consists of Current and Deferred tax. Income Tax expense is recognized in the Income Statement except to the extent that it relates to items recognized directly in Equity, in which case it is recognized in Equity.

Current Tax

Current Tax is the expected Tax payable on the Taxable Income for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to Tax payable in respect of Previous Years.

Deferred tax

Deferred tax is recognized using the Balance Sheet method, providing for temporary differences between the carrying amounts of Assets and Liabilities for financial reporting purposes and the amounts used for Taxation purposes. Deferred Tax is not recognized for the following temporary differences: the initial recognition of Assets or Liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit; differences

relating to Investments in Subsidiaries and jointly controlled Entities to the extent that it is probable that they will not reverse in the foreseeable future; and taxable temporary differences arising upon the initial recognition of goodwill. Deferred Tax is measured at the Tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date. Deferred Tax Assets and Liabilities are offset if there is a legally enforceable right to offset Current Tax Liabilities and Assets, and they relate to Income Taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle Current Tax Liabilities and Assets on a net basis or their Tax Assets and Liabilities will be realized simultaneously.

A Deferred Tax Asset is recognized to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilized. Deferred Tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

3.7 Earnings Per Share

The Group presents Basic and Diluted Earnings Per Share ("EPS") data for its ordinary shares. The Basic Earnings Per Share is computed by dividing the Net Profit attributable to Equity Shareholders for the period by the weighted average number of Equity Shares outstanding during the year.

Diluted Earnings Per Share is computed by dividing the Net Profit attributable to Equity Shareholders for the year relating to the dilutive potential Equity Shares, by the weighted average number of Equity Shares considered for deriving Basic Earnings Per Share and the weighted average number of Equity Shares which

could have been issued on the conversion of all dilutive potential Equity Shares. Potential Equity Shares are deemed to be dilutive only if their conversion to Equity Shares would decrease the Net Profit per Share.

3.8 Property, Plant and Equipment (PPE)

The initial cost of PPE comprises its purchase price, including import duties and non-refundable purchase taxes, and any directly attributable costs of bringing an Asset to working condition and location for its intended use, including relevant borrowing costs and any expected costs of decommissioning, less accumulated depreciation and accumulated impairment losses, if any. Expenditure incurred after the PPE have been put into operation, such as repairs and maintenance, are charged to the Statement of Profit and Loss in the period in which the costs are incurred.

If significant parts of an item of PPE have different useful lives, then they are accounted for as separate items (major components) of PPE.

Material items such as spare parts, stand-by equipment and service equipment are classified as PPE when they meet the definition of PPE as specified in Ind AS 16 – Property, Plant and Equipment.

3.9 Expenditure during construction period

Expenditure during construction period (including financing cost related to borrowed funds for construction or acquisition of qualifying PPE) is included under Capital Work-in-Progress, and the same is allocated to the respective PPE on the completion of their construction. Advances given towards acquisition or construction of PPE outstanding at each reporting date are disclosed as Capital Advances under “Other Non-current Assets”.

3.10 Depreciation

Depreciation is the systematic allocation of the depreciable amount of PPE over its useful life and is provided on a straight-line basis over the useful lives as prescribed in Schedule II to the Act or as per technical assessment.

Depreciable amount for PPE is the cost of PPE less its estimated residual value. The useful life of PPE is the period over which PPE is expected to be available for use by the Group, or the number of production or similar units expected to be obtained from the asset by the Group.

The Group has componentized its PPE and has separately assessed the life of major components. In case of certain classes of PPE, the Group uses different useful lives than those prescribed in Schedule II to the Act. The useful lives have been assessed based on technical advice, taking into account the nature of the PPE and the estimated usage of the asset on the basis of management’s best estimation of obtaining economic benefits from those classes of assets.

Such classes of Assets and their estimated useful lives are as under:

Particulars	Useful life
Buildings	30 years
Plant and Machinery	15 years
Electrical Equipment	5 years
Office Equipment	5 years
Computers-Laptops & Desktops	3 years
Computers - Servers	6 Years
Furniture and Fixtures	10 years
Vehicles - Four Wheelers	8 years
Vehicles - Two Wheelers	10 years

Depreciation on additions is provided on a pro-rata basis from the month of installation or acquisition and in case of Projects from the date of commencement of commercial production. Depreciation on deductions/disposals is provided on a pro-rata basis up to the date of deduction/disposal.

3.11 Intangible Assets and Amortization

Intangible Assets are stated at Cost less Accumulated Amortization and Impairment. Intangible Assets are amortized over their respective estimated useful lives on a Straight-line basis, from the date that they are available for use.

Amortization

The estimated useful life of an identifiable Intangible Asset is based on a number of factors including the effects of obsolescence, demand, competition and other economic factors (such as the stability of the industry and known technological advances) and the level of maintenance expenditures required to obtain the expected future cash flows from the asset.

Software is amortized over a period of three to five years.

3.12 Cash and Cash Equivalents

Cash and Cash Equivalents in the Balance Sheet comprise Cash at Bank and in Hand and Short-term Deposits with Banks that are readily convertible into Cash which are subject to insignificant risk of changes in value and are held for the purpose of meeting Short-term Cash commitments.

3.13 Cash Flow Statement

Cash Flows are reported using the indirect method, whereby Net Profit Before Tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or

accruals of past or future cash receipts or payments. The Cash Flows from Operating, Investing and Financing activities of the Group are segregated.

3.14 Government Grants

Government Grants are recognized where there is reasonable assurance that the grant will be received and all attached conditions will be complied with.

Where the Group receives non-monetary grants, the asset and the grant are accounted at fair value and recognized in the Statement of Profit and Loss over the expected useful life of the Asset.

3.15 Impairment of Non Financial Assets

The carrying amounts of the Group's Non-financial Assets, Inventories and Deferred Tax Assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the Asset's recoverable amount is estimated.

The recoverable amount of an Asset or Cash-generating unit (as defined below) is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future Cash Flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the Asset or the cash-generating unit. For the purpose of impairment testing, Assets are grouped together into the smallest group of Assets that generates cash inflows from continuing use that are largely independent of the cash inflows of Other Assets or Groups of Assets (the "Cash-generating unit").

An Impairment Loss is recognized in the Income Statement if the estimated recoverable amount of an asset or its cash-generating unit is lower than its

carrying amount. Impairment Losses recognized in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An Impairment Loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the Asset's carrying amount does not exceed the carrying amount that would have been determined, net of Depreciation or Amortization, if no Impairment Loss had been recognized. Goodwill that forms part of the carrying amount of an Investment in an Associate is not recognized separately, and therefore is not tested for impairment separately. Instead, the entire amount of the Investment in an Associate is tested for impairment as a Single Asset when there is objective evidence that the investment in an associate may be impaired.

An Impairment Loss in respect of Equity accounted investee is measured by comparing the recoverable amount of investment with its carrying amount. An Impairment Loss is recognized in the Income Statement, and reversed if there has been a favourable change in the estimates used to determine the recoverable amount.

3.16 Employee Benefits

Short-term Employee Benefits

Short-term Employee Benefits are expensed as the related service is provided. A Liability is recognized for the amount expected to be paid if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the Employee and the obligation can be estimated reliably.

Defined Contribution Plans

The Group's contributions to Defined Contribution Plans are charged to the

Income Statement as and when the services are received from the employees.

Defined Benefit Plans

The Liability in respect of Defined Benefit Plans and other post-employment benefits is calculated using the projected unit credit method consistent with the advice of qualified actuaries. The present value of the Defined Benefit Obligation is determined by discounting the estimated future cash outflows using interest rates of high-quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms to maturity approximating to the terms of the related defined benefit obligation. In countries where there is no deep market in such bonds, the market rates on Government Bonds are used. The current service cost of the Defined Benefit Plan, recognized in the Income Statement in Employee Benefit Expense, reflects the increase in the Defined Benefit Obligation resulting from employee service in the current year, benefit changes, curtailments and settlements. Past service costs are recognized immediately in income. The net interest cost is calculated by applying the discount rate to the Net Balance of the Defined Benefit Obligation and the fair value of Plan Assets. This cost is included in Employee Benefit Expense in the Income Statement. Actuarial Gains and Losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to equity in other comprehensive income in the period in which they arise.

Termination benefits

Termination benefits are recognized as an expense when the Group is demonstrably committed, without realistic possibility of withdrawal, to a formal detailed plan to either terminate employment before the

normal retirement date, or to provide termination benefits as a result of an offer made to encourage voluntary redundancy. Termination benefits for voluntary redundancies are recognized as an expense if the Group has made an offer encouraging voluntary redundancy, it is probable that the offer will be accepted, and the number of acceptances can be estimated reliably.

Other Long-term Employee Benefits

The Group's net obligation in respect of other Long Term Employee Benefits is the amount of future benefit that employees have earned in return for their service in the current and previous periods. That benefit is discounted to determine its present value. Re-measurements are recognized in the Statement of Profit and Loss in the period in which they arise.

3.17 Provisions

A Provision is recognized if, as a result of a past event, the Group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future Cash Flows at a Pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

3.18 Contingent Liabilities & Contingent Assets

A disclosure for a Contingent Liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible

obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent Assets are not recognized in the Financial Statements. However, Contingent Assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognized in the period in which the change occurs.

3.19 Financial Instruments

a. Recognition and Initial recognition

The Group recognizes Financial Assets and Financial Liabilities when it becomes a party to the contractual provisions of the instrument. All Financial Assets and Liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issues of Financial Assets and Financial Liabilities that are not at fair value through Profit or Loss, are added to the fair value on initial recognition.

A Financial Asset or Financial Liability is initially measured at fair value plus, for an item not at fair value through Profit and Loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

b. Classification and Subsequent measurement

Financial Assets

On initial recognition, a Financial Asset is classified as measured at

- amortized cost;
- FVTPL

Financial Assets are not reclassified subsequent to their initial recognition, except if and in the period the Group changes its business model for managing Financial Assets.

A Financial Asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:

- the Asset is held within a business model whose objective is to hold assets to collect contractual Cash Flows; and
- the contractual terms of the Financial Asset give rise on specified dates to Cash Flows that are solely payments of Principal and Interest on the Principal amount outstanding.

All Financial Assets not classified as measured at amortized cost as described above are measured at FVTPL. On initial recognition, the Group may irrevocably designate a Financial Asset that otherwise meets the requirements to be measured at amortized cost at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial Assets: Business model assessment

The Group makes an assessment of the objective of the business model in which a Financial Asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. These include whether management's

strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the Financial Assets to the duration of any related liabilities or expected cash outflows or realizing Cash Flows through the sale of the Assets;

- how the performance of the portfolio is evaluated and reported to the Group's management;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- how managers of the business are compensated – e.g. whether compensation is based on the fair value of the Assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sales of Financial Assets in prior periods, the reasons for such sales and expectations about future sales activity.

Transfers of Financial Assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Group's continuing recognition of the Assets.

Financial Assets that are held for trading or are managed and whose performance is evaluated on a fair value basis are measured at FVTPL.

Financial Assets: Assessment whether contractual cash flows are solely payments of Principal and Interest

For the purposes of this assessment, 'Principal' is defined as the fair value of the Financial Asset on initial recognition. 'Interest' is defined as

consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of Principal and Interest, the Group considers the contractual terms of the instrument. This includes assessing whether the Financial Asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Group considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable interest rate features;
- prepayment and extension features; and
- terms that limit the Group’s claim to cash flows from specified assets (e.g. non-recourse features).

A prepayment feature is consistent with the solely payments of principal and interest criterion if the prepayment amount substantially represents unpaid amounts of principal and interest on the principal amount outstanding, which may include reasonable additional compensation for early termination of the contract. Additionally, for a Financial Asset acquired at a significant discount or premium to its contractual par amount, a feature that permits or requires prepayment

at an amount that substantially represents the contractual par amount plus accrued (but unpaid) contractual interest (which may also include reasonable additional compensation for early termination) is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition.

Financial Assets: Subsequent measurement and gains and losses

Financial Assets at FVTPL: These Assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognized in Profit or Loss.

Financial Assets at Amortized Cost: These Assets are subsequently measured at amortized cost using the effective interest method. The amortized cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognized in Profit or Loss. Any gain or loss on derecognition is recognized in Profit or Loss.

Financial Liabilities: Classification, Subsequent measurement and gains and losses

Financial Liabilities are classified as measured at amortized cost or FVTPL. A Financial Liability is classified as FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in Profit or Loss. Other Financial Liabilities are subsequently measured

at amortized cost using the effective interest method. Interest expense and Foreign Exchange Gains and Losses are recognized in Profit or Loss. Any gain or loss on derecognition is also recognized in Profit or Loss.

c. Derecognition

Financial Assets

The Group derecognizes a Financial Asset when the contractual rights to the cash flows from the Financial Asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the Financial Asset are transferred or in which the Group neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the Financial Asset.

If the Group enters into transactions whereby it transfers Assets recognized on its Balance Sheet, but retains either all or substantially all of the risks and rewards of the transferred Assets, the transferred Assets are not derecognized.

Financial Liabilities

The Group derecognizes a Financial Liability when its contractual obligations are discharged or cancelled, or expire.

The Group also derecognizes a Financial Liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new Financial Liability based on the modified terms is recognized at fair value. The difference between the carrying amount of the Financial Liability extinguished and the new Financial

Liability with modified terms is recognized in profit

d. Offsetting

Financial Assets and Financial Liabilities are offset and the net amount presented in the Balance Sheet when and only when, the Group currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

e. Impairment

The Group recognizes loss allowances for expected credit losses on Financial Assets measured at amortized cost;

At each reporting date, the Group assesses whether Financial Assets carried at amortized cost and debt securities at fair value through other comprehensive income (FVOCI) are credit impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the Financial Asset have occurred.

Evidence that a Financial Asset is credit-impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- the restructuring of a loan or advance by the Group on terms that the Group would not consider otherwise;
- it is probable that the borrower will enter bankruptcy or other financial reorganization; or
- the disappearance of an active market for a security because of financial difficulties.

The Group measures loss allowances at an amount equal to lifetime expected credit losses, except for the following, which are measured as 12 month expected credit losses:

- debt securities that are determined to have low credit risk at the reporting date; and
- other debt securities and bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Loss allowances for trade receivables are always measured at an amount equal to lifetime expected credit losses.

Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

12-month expected credit losses are the portion of expected credit losses that result from default events that are possible within 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

In all cases, the maximum period considered when estimating expected credit losses is the maximum contractual period over which the Group is exposed to credit risk.

When determining whether the credit risk of a financial Asset has increased significantly since initial recognition and when estimating expected credit losses, the Group considers reasonable and supportable

information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Group's historical experience and informed credit assessment and including forward-looking information.

Measurement of expected credit losses

Expected credit losses are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Group in accordance with the contract and the cash flows that the Group expects to receive).

Presentation of allowance for expected credit losses in the balance sheet

Loss allowances for Financial Assets measured at amortized cost are deducted from the gross carrying amount of the Assets.

Write-off

The gross carrying amount of a Financial Asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Group determines that the trade receivable does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, Financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's procedures for recovery of amounts due.

37 Leases

Where the Company is a Lessee:

Effective 1st April 2019, the Group adopted Ind AS 116, Leases. This standard brings most leases on-balance sheet for lessees under a single model, eliminating the distinction between operating and finance leases. Group has recognized Right of use asset or Lease liability in accordance of this standard.

The Group has elected not to apply the requirements of Ind AS 116 Leases to short term leases of some assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases amounting to INR 8.19 Million (Previous Year: INR 8.05 Million) are recognized as an expense on a straight-line basis over the lease term.

38 Earnings Per Share

Basic EPS amounts are calculated by dividing the Profit for the year attributable to Equity Holders by the weighted average number of Equity Shares outstanding during the year.

Diluted EPS amounts are calculated by dividing the Profit attributable to Equity Holders by the weighted average number of Equity Shares outstanding during the year plus the weighted average number of Equity Shares that would be issued on conversion of all the dilutive potential Equity Shares into Equity Shares.

39 Financial risk management objectives and policies

The Group's Principal Financial Liabilities comprise Loans and Borrowings, Trade and Other Payables. The main purpose of these Financial Liabilities is to finance and support Group's operations. The Group's Principal Financial Assets include Inventory, Trade and Other Receivables, Cash and Cash Equivalents and Refundable Deposits that derive directly from its operations.

The Group is exposed to Market Risk, Credit Risk and Liquidity Risk. The Group's senior management oversees the management of these risks. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarized below.

a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: interest rate risk and other price risk, such as commodity risk. Financial instruments affected by market risk include loans and borrowings and refundable deposits. The sensitivity analysis in the following sections relate to the position as at 31 March 2023 and 31 March 2022. The sensitivity analyses have been prepared on the basis that the amount of net debt and the ratio of fixed to floating interest rates of the debt. The analysis excludes the impact of movements in market variables on: the carrying values of gratuity and other post retirement obligations; provisions. The below assumption has been made in calculating the sensitivity analysis: The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at 31 March 2023 and 31 March 2022.

Interest Rate risk

Interest Rate Risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's short-term debt obligations with floating interest rates. The Group manages its interest rate risk by having a balanced portfolio of variable rate borrowings. The Group does not enter into any interest rate swaps. Interest rate sensitivity. The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Group's profit before tax is affected through the impact on floating rate borrowings, as follows:

	Increase/decrease in interest rate	Effect on Profit Before Tax
31 March 2023		
INR	+1%	(0.60)
INR	-1%	0.60
31 March 2022		
INR	+1%	(0.37)
INR	-1%	0.37

b) Credit risk

Credit Risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The credit risk arises principally from its operating activities (primarily trade receivables) and from its investing activities, including deposits with banks and financial institutions and other financial instruments.

Credit Risk is controlled by analyzing credit limits and credit worthiness of customers on a continuous basis to whom credit has been granted after obtaining necessary approvals for credit. The collection from the trade receivables are monitored on a continuous basis by the receivables team.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

(All amounts in Indian Rupees Millions, except Share data and where otherwise stated)

The Group establishes an allowance for credit loss that represents its estimate of expected losses in respect of trade and other receivables based on the past and the recent collection trend. The maximum exposure to credit risk as at reporting date is primarily from trade receivables amounting to INR 136.82 Million (31 March 2022: INR 130.28 Million). Basis the estimate, there is no allowance for expected credit loss provided by the Group.

The top 5 customers account for around 25% of the revenue as of 31 March 2023 and around 45% of the revenue as of 31 March 2022 as the Company has diversified business in the areas of IT Consulting, IT Staffing, Off-shore Technical Support and Big Data Analytics Software License Sales. Credit risk on Cash and Cash equivalent is limited as the Company generally transacts with banks and financial institutions with high credit ratings assigned by international and domestic credit rating agencies.

c) Liquidity Risk

The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of bank deposits and loans.

The table below summarizes the maturity profile of the Group's financial liabilities based on contractual undiscounted payments:

	On demand	Less than 3 months	3 to 12 months	1 to 5 years	>5 years	Total

43. Significant Accounting Estimates, Judgements and Assumptions

The preparation of the Group's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from 1 April 2022.

43 (a) Judgements

The Group determines the lease term as non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The Group determines the lease term as non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The Group has several lease contracts that include extension and termination options. The Group applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Group reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to renew or to terminate (e.g., construction of significant leasehold improvements or significant customisation to the leased asset).

43 (b) Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Group based its

assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

I Deferred tax assets (including MAT credits) are recognised for unused tax credits to the extent that it is probable that taxable profit will be available against which the credits can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies. Refer Note 30.

II Defined benefit plan

The cost of the defined benefit gratuity plan and other post-employment medical benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

III Depreciation on property, plant and equipment

Depreciation on property, plant and equipment is calculated on a straight-line basis using the rates arrived at based on the useful lives and residual values of all its property, plant and equipment estimated by the management. The management believes that depreciation rates currently used fairly reflect its estimate of the useful lives and residual values of property, plant and equipment, which are equal to the life prescribed under Schedule II of the Companies Act, 2013.

IV The Group assesses at each balance sheet date whether there is any indication that an asset or a group of assets comprising a cash generating unit may be impaired. If any such indication exists, the Group estimates the recoverable amount of the asset. For an asset or group of assets that does not generate largely independent cash inflows, the recoverable amount is determined for the cash-generating unit to which the asset belongs. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the statement of profit and loss. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciable historical cost. An impairment loss is reversed only to the extent that the carrying amount of asset does not exceed the net book value that would have been determined, if no impairment loss had been recognised.

V Leases- Estimating the incremental borrowing rate

The Group cannot readily determine the interest rate implicit in the lease, therefore, it uses its incremental borrowing rate (IBR) to measure lease liabilities. The IBR is the rate of interest that the Group presently pays on Borrowings availed by the Group.

44 Standards issued but not yet effective

I The amendments clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. It has also been clarified how entities use measurement techniques and inputs to develop accounting estimates. The amendments are not expected to have a material impact on the Groups's financial statements.

II Disclosure of Accounting Policies - Amendments to Ind AS 1

The amendments aim to help entities provide accounting policy disclosures that are more useful by replacing the requirement for entities to disclose their 'significant' accounting policies with a requirement to disclose their 'material' accounting policies and adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures. The Group is currently revisiting their accounting policy information disclosures to ensure consistency with the amended requirements.

45 The Indian Parliament has approved the code on Social Security, 2020 which could impact the contributions by the Group towards Provident Fund and Gratuity. The effective date from which the changes are applicable is yet to be notified and the rules for quantifying the financial impact are yet to be framed. The Group will complete evaluation and will give appropriate impact in the financial results in the period in which, the code and related rules become effective.

46 Prior year comparatives
