6. **Auditors' Report:**

As regards Auditors remarks in the Audit report, comments of the **Board of Directors are as under:-**

- a) **Auditors' Remark:**

The company has sent letters to customers in respect of trade receivables for confirming balances outstanding as at March 31, 2023, but in most of the cases the customers have not sent written confirmation confirming the balance outstanding as at March 31, 2023. In the absence of confirmation any provision to be made for adverse variation in the carrying amounts of trade receivable is not qualified.

Boards Comments on the same:

The Board considers all outstanding balance of customers as on 31st March, 2023, are subject to provision.

- b) **Auditors' Remark:**

The company has sent balance confirmation letters to parties who are not covered in the register maintained under Section 189 of the Companies Act, 2013, but in most of the cases the company have not received written Confirmation confirming the balance outstanding as at March 31, 2023. Further, in respect of loans granted, Repayment of the principal amount was not as stipulated and payment of interest has also not been regular.

TARAPUR TRANSFORMERS LTD.

Boards Comments on the same:

Company has received balance confirmation from some of the Companies and is vigorously following up with the rest of the borrowers. Company expects to receive balance confirmation from all the companies to whomsoever advances have been given. Efforts are made to regularize arrears and recovery against overdue principal and interest.

c) Auditors' Remark:

The Company has not provided for Interest payable to Canara Bank amounting to Rs. 2,120.34 Lacs for the year ended 31st March 2023. The Company has also not made any provision for penal interest claimed by the bank. As a result the profit for the year ended 31st March 2023 is overstated by Rs. 2120.34 Lacs & current liabilities as at 31st March, 2022 are also understated by Rs. 2120.34 Lacs and reserves are overstated by Rs. 2120.34 Lacs.

Boards Comments on the same:

Based on the advice received by the company, it has been decided not to provide any interest on liability of Canara Bank.

d) Auditors' Remark:

The Company has written off debtors of Rs. 1436.89 lakhs, loans & Advances of Rs. 1400.84 lakhs and Investments worth Rs. 310.17 lakhs

Boards Comments on the same:

MANAGEMENT DISCUSSION & ANALYSIS REPORT

INDUSTRY OVERVIEW

Distribution Transformers play a very important and vital role in delivering electricity to the last mile. It can be rightly said that the Distribution industry is bringing light in the life of the people. The thrust by the Indian Government to provide quality power to each village and every household through various schemes of electrification like DDUGJY/ IPDS/ RAPDRP/ Saubhagya has given a huge fillip to the demand of distribution transformers all over India.

Further, For the rapid development of the domestic electrical equipment industry, such as generation equipment (boilers, turbines, generators) and transmission & distribution (T&D) and allied equipment like transformers, cables, transmission lines, switchgears, capacitors, energy meters, instrument transformers, surge arrestors, stamping and lamination, insulators, insulating material, industrial electronics, indicating instruments, winding wires, etc. which encompassing the complete value chain in power generation, transmission and distribution, a holistic Mission Plan launched by the Department of Heavy Industry (DHI), Government of India, with support from IEEMA.

India Power & Distribution Transformers market was valued at USD 2065.4 million in FY2020 and is anticipated to grow at a CAGR of over 6.89% in the next six years, owing to the growing demand for power due to rapid increase in population, industrialization, and urbanization. India being the 5th largest power producer in the world, in terms of installed capacity, is calling for an increase in the market of power & distribution transformer market.

Government is taking major steps to strengthen the power transmission & distribution network and has undertaken initiatives such as UDAY for financial turnaround of power distribution companies.

Opportunities:

In order to make growth in the industry, the government has launched schemes like DDUGJY, IPDS and NEF for improving distribution sector since distribution sector is a link between consumers and utilities. All these projects will lead to lot of demand of transformers in coming 3 years. But only there must be properly and timely implementation of these projects.

Other growth of the industry is based on the design. The design should be in such a way that material required for manufacturing transformers should be available freely (many suppliers) and less customized materials need to be ordered. The windings should be made easy so that workmen find them easy to assemble. The other growth driver is coordination between different departments (active path and tanks).

Threats

India's transformer market is predominantly unorganised with many small participants catering to the smaller distribution transformer markets. This makes the market more competitive and price sensitive rather than quality.

Economic growth has stabilized and downside risks have fallen. The company will have good opportunity to secure Projects orders. Although there is stiff competition in the market, yet because of wide product range, innovation and Adoption of new technologies. Company has taken various initiatives with an aim to address these concerns.

Ratio:

There is no Significant change in Financial Ratio as compared to the previous financial year. In the Current year, the Return of Networth of the Company – (767.65) compared to 113.16 in the Previous year. The Company earned loss in the current year which result into showing the Negative result in Return on Networth of this year.

Product-wise performance:

During the Financial year 2022-2023, your Company has achieved Total Turnover of Rs. 420.25 Lac and has incurred Net Loss of Rs. (2293.56) Lacs.

The Company has Net Worth of about Rs. (1445.57) Lac as on March 31, 2023.

The Company has incurred losses during the year, mainly due to the fact that the nature of business is working capital intensive and we mainly deal with State Electricity Boards which are known for delayed payments. As payments are blocked with SEBI's, there is need to borrow for short term to carry on operations, which impacts our profitability as high interest payments are to be made.

OUTLOOK FOR THE COMPANY:

The demand of distribution transformers will keep on increasing due to increase in generation capacity of both conventional and non-renewable sources due to increase in per capita consumption of electricity and new avenues like electric vehicle charging stations etc. The demand will also increase due to replacement of old transformers with energy efficient transformers.

Large outlay by the Government on infrastructure projects and ambitious target of solar and wind energy projects is likely to improve tender / enquiry in pipeline for potential business. Initiatives such as UDAY, DDUGJY, aggressive renewable energy target, the new hydro policy and the massive transmission connectivity plans is expected to gradually ease competitive pressure. These reforms are ambitious. If executed properly, they could have a significant impact on the sector in the next few years. With this background, the Company looks forward to improve business in volume term in current year, but margin continued to be under pressure in view of surplus capacity with organized sector players in industry. As

the number of competitors in the higher range of power transformers manufacturing is very small, the board still foresees a bright future for the Company. However, the targeted profitability will be achieved only after the Company meets the minimum qualifying criteria set up by various utilities who happen to be our main customers.

RISK & CONCERNS

The major risk factors affecting the Company are over capacity in industry, non-lifting of ready materials due to cash constraints at customers' end building inventory and liquidity issues, increase in receivable positions due to delay in payment by certain customers, uncertainty in execution of low fixed price orders. The wide fluctuation of rupee against US Dollars also affects margin since the key raw materials, viz. copper, transformer oil, special steels for lamination, etc., are of import origin. Our future results of operations could potentially be affected by the following factors:

- Our ability to manufacture transformers as per the requirement of our clients;
- Our ability to continuously operate and maintain our manufacturing facilities optimally;
- Our ability to continue to source raw material at competitive rates;
- Our ability to manufacture transformers using the latest technologies in terms of modern materials, components and processes.
- Our ability to generate working capital funds at reasonable interest rates.

HUMAN RESOURCES AND INDUSTRIAL RELATION:

The company has maintained very harmonious & cordial Industrial relations. There is continuous emphasis on development of human resources through training. The issues pertaining to workers are resolved in harmonious and in cordial manner through regular interactions. We believe whatever we achieved from where we started our journey long back is the result of efforts of our team. So, we consistently aim to provide a sustainable environment for learning right from the stage of recruitment to retention.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:

The Internal audit was carried out by firm of Chartered Accountants, who conduct the audit on the basis of Annual Audit Plan. The processes include review and evaluation of effectiveness of the existing processes, controls and compliances. It also ensures adherence to policies and systems, and mitigation of the operational risks perceived for each areas under audit. Significant observations including recommendations for improvement of the business processes were reviewed by the Management before reporting to the Audit Committee. The committee has reviewed the Internal Audit procedures, findings and status of implementation of the agreed action plan.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF TARAPUR TRANSFORMERS LIMITED, Report on the Audit of the Ind AS Financial Statements

Opinion

We have audited the accompanying Ind AS Financial Statements of **TARAPUR TRANSFORMERS LIMITED** (“*the Company*”) which comprises the Balance Sheet as at 31st March 2023, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and statement of cash flows for the year then ended, and notes to the Ind AS Financial Statements, including a summary of significant accounting policies and other explanatory information (together referred to as ‘Ind AS Financial Statements’).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS Financial Statements give the information required by the Companies Act, 2013 (‘the Act’) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2023, and its profit including other comprehensive income, the changes in equity and its cash flows for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Ind AS Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements for the financial year ended 31st March 2023. These matters were addressed in the context of our audit of the financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

We have fulfilled the responsibilities described in the Auditor’s responsibilities for the audit of the financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our opinion on the accompanying financial statements.

Sr	Key Audit Matters	Principal Audit Procedures
1.	<p><u>With regard to pending confirmation of balances of trade receivable.</u></p> <p>The Company has sent letters to customers in respect of trade receivables for confirming balances as at March 31, 2023, but in most of the cases the customers have not sent written confirmation confirming the balance outstanding as at March 31, 2023. In the absence of confirmation, any provision to be made for adverse variation in the carrying amounts of trade receivable is not quantified.</p>	<p>The Board considers all outstanding balance of customers as on 31st March, 2023 are subject to provision.</p>
2.	<p><u>With regard to unsecured loans given to party not covered in the register maintained under section 189 of the Companies Act, 2013</u></p> <p>The Company has sent balance confirmation letters to parties who are not covered in the register maintained under section 189 of the Companies Act, 2013, but in most of the cases the company have not received written confirmation confirming the balance outstanding as at March 31, 2023. Further in respect of loans granted, repayment of the principal amount was not as stipulated and payment of interest has also not been regular.</p>	<p>Company has received balance confirmation from some of the Companies and is vigorously following up with the rest of the borrowers. Company expects to receive balance confirmation from all the companies to whomsoever advances have been given. Efforts are made to regularize arrears and recovery against overdue principal and interest.</p>
3.	<p><u>Regarding non provision of interest on various loans availed from Canara Bank for the Financial year 2022-2023</u></p> <p>The Company has not provided for Interest payable to Canara Bank amounting to Rs.2120.34 Lacs for the year ended 31st March 2023. The Company has also not made any provision for penal interest claimed by the bank. As a result the profit for the year ended 31st March 2023 is overstated by Rs. 2120.34 Lacs & current liabilities as at 31st March, 2022 are also understated by Rs.2120.34 Lacs and reserves are overstated by Rs. 2120.34 Lacs.</p>	<p>Based on the advice received by the company, it has been decided not to provide any interest on liability of Canara Bank.</p>
4.	<p><u>The Company has written off debtors of Rs. 1,436.89 lacs , loans & Advances of Rs. 1,400.04/- lacs And Investments worth Rs.310.17 lacs</u></p> <p>The Company has written off debtors of Rs.1436.89 lakhs, loans & Advances of Rs.1400.84 lakhs and Investments worth Rs.310.17 lakhs</p>	<p>The Company has written off those debtors and loans and advances where the chances of recoverability are very low and the Company has initiated legal action against these parties. Further, the investments which are not performing and impaired in terms of price of these investments, have been written off</p>

5.	<p><u>With regarding Physical verification of Inventory:</u></p> <p>The company has not conducted periodic physical verification of inventory at reasonable intervals. In respect of traded stock at Mumbai Head Office, the details of finished goods stock storage location is not available for our verification.</p>	<p>Management had properly observed the inventory at regular intervals.</p>

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation and presentation of the Ind AS Financial Statements that give a true and fair view of the financial position, financial performance including cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards prescribed under Section 133 of the Act read with relevant rules issued there under. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143 (3) of the Act, we report that:
 - (a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Ind AS Financial Statements;
 - (b) in our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) the balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows are dealt with by this Report are in agreement with the books of account;
 - (d) in our opinion, the aforesaid Ind AS Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
 - (e) on the basis of the written representations received from the directors as on 31st March 2023 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2023 from being appointed as a director in terms of Section 164 (2) of the Act;
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting;
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act;
 - (h) with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - (i) The company has disclosed the impact of pending litigations on its financial position in its financial statements –Refer Note 25 to the financial statements; except for the those as mentioned under contingent liabilities and commitments in the Ind AS financial statement;
 - (ii) the Company does not see any foreseeable losses on long-term contracts as on the balance sheet date and the Company has not entered into any derivative contracts, therefore no provision has been made in relation to the same;

(iii) the Company has not declared any dividends either in the current year or during any of the previous years and therefore transferring of the amounts in the Investor Education and Protection Fund by the Company does not arise.

2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **TARAPUR TRANSFORMERS LIMITED** (“*the Company*”) as of 31st March 2023 in conjunction with our audit of the Ind AS Financial Statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the Ind AS Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS Financial Statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

According to the information and explanations given to us and based on our audit, the following weaknesses have been identified as at March 31, 2023.

- a) The Company did not have an appropriate internal control system for inventory with regard to periodic verification of stock.

In our opinion, except for the possible effects of the weakness described above the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2023

1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES –

A. Corporate Information

Tarapur Transformers Limited (“Company”) is a public limited company incorporated and domiciled in India. Its shares are listed on Bombay Stock Exchanges and National Stock Exchange. The Registered office of Company is located at S 112, Rajiv Gandhi Commercial Complex, Ekta Nagar, Kandivali (W), Mumbai - 400067

The main activities of the Company are Manufacturing & Repairing, Power & Distribution of Transformers.

The financial statements for the Company were authorized for issue by Company’s Board of Directors on July 17 2023.

B. Basis of Preparation

These financial statements of the Company have been prepared in all material aspects in accordance with Indian Accounting Standards (Ind AS) as per rule 4 of The Companies (Indian Accounting Standards) Rules, 2015 notified under section 133 of Companies Act, 2013 (‘the Act’) and other relevant Provisions of the Act.

These financial statements have been prepared on an accrual basis and under the historical cost basis, except for the following assets and liabilities which have been measured at fair value or revalued amount wherever applicable:

- Derivative financial instruments
- Certain financial assets measured at fair value
- Net defined benefit asset/liability at fair value of plan assets less present value of defined benefit obligations.

C. Current versus non-current classification:

The assets and liabilities in the balance sheet are presented based on current/non-current classification.

An asset is current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle, or
- Held primarily for the purpose of trading, or
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when it is:

- Expected to be settled in normal operating cycle, or
- Held primarily for the purpose of trading, or
- Due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are treated as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

Operating Cycle

Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

D. Property, plant and equipment

Freehold land is carried at historical costs. All other items of property, plant and equipment are stated at cost less accumulated depreciation and impairment loss, if any.

Cost includes cost of acquisition, installation or construction, other direct expenses incurred to bring the assets to its working condition and finance costs incurred up to the date the asset is ready for its intended use and excludes Goods and Service Tax (GST) eligible for credit / setoff.

Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in the statement of profit or loss as incurred.

Capital work-in-progress in respect of assets which are not ready for their intended use are carried at cost, comprising of direct costs, related incidental expenses and attributable interest.

All identifiable revenue expenses including interest incurred in respect of various projects / expansion, net of income earned during the project development stage prior to its intended use, are considered as pre – operative expenses and disclosed under Capital Work –in–Progress.

Capital expenditure on Property, Plant and Equipment for research and development is classified under property, plant and equipment and is depreciated on the same basis as other property, plant and equipment.

Property, plant and equipment are eliminated from standalone financial statements, either on disposal or when retired from active use. Losses arising in the case of the retirement of property, plant and equipment and gains or losses arising from disposal of property, plant and equipment are recognized in the statement of profit and loss in the year of occurrence.

The company depreciates property, plant and equipment over their estimated useful lives using written down value method.

The estimated useful lives of assets are as follows:

Buildings (other than factory buildings) – RCC Frame Structures	60 years
Buildings (other than RCC Frame Structure) and Factory Buildings	30 years
Other Plant and Machinery	15 years
Office equipment	5 years
Furniture and Fittings	10 years
Computers and data processing units	3 years
Vehicles (motor cars)	8 years

Depreciation methods, useful lives and residual values are reviewed periodically, including at each financial year end.

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation on the property, plant and equipment is provided on straight line method, over the useful life of the assets, as specified in Schedule II to the Companies Act, 2013. Property, plant and equipment which are added / disposed off during the year, depreciation is provided on pro-rata basis. Premium on Leasehold lands are amortized over the period of lease. Buildings constructed on leasehold land are depreciated based on the useful life specified in Schedule II to the Companies Act, 2013,

where the lease period of the land is beyond the life of the building. In other cases, buildings constructed on leasehold lands are amortized over the primary lease period of the lands.

The assets' residual values, useful lives and methods of depreciation are reviewed at each financial year end and adjusted prospectively, if appropriate.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

E. Intangible Assets

Intangible assets are recognized when it is probable that the future economic benefits that are attributable to the assets will flow to the Company and the cost of the assets can be measured reliably.

Intangible assets are stated at cost or acquisition less accumulated amortization and impairment loss, if any.

Internally generated intangibles, excluding capitalized development costs, are not capitalized and the related expenditure is reflected in Statement of profit and loss in the period in which the expenditure is incurred.

Software is amortized over their estimated useful life on straight line basis from the date they are available for intended use, subject to impairment test.

The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates.

Gains or losses arising from derecognition of an intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the assets is derecognised.

F. Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets: Classification:

The Company classifies financial assets as subsequently measured at amortized cost, fair value through other comprehensive income or fair value through profit or loss, on the basis of its business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

Initial recognition and measurement:

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent measurement:

For the purpose of subsequent measurement financial assets are classified in two broad categories:

- Financial assets at fair value (FVTPL / FVTOCI)
- Financial assets at amortized cost

When assets are measured at fair value, gains and losses are either recognized in the statement of profit and loss (i.e. fair value through profit or loss (FVTPL)), or recognized in other comprehensive income (i.e. fair value through other comprehensive income (FVOCI)).

Financial Assets measured at amortized cost (Net of write down for impairment, if any):

Financial assets are measured at amortized cost when asset is held within a business model, whose objective is to hold assets for collecting contractual cash flows and contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest. Such financial assets are subsequently measured at amortized cost using the effective Interest rate (EIR) method less impairment, if any. The losses arising from impairment are recognized in the Statement of profit and loss.

Financial Assets measured at Fair Value through Other Comprehensive Income ("FVTOCI"):

Financial assets under this category are measured initially as well as at each reporting date at fair value, when asset is held within a business model, whose objective is to hold assets for both collecting contractual cash flows and selling financial assets. Fair value movements are recognized in the other comprehensive income.

Financial Assets measured at Fair Value through Profit or Loss ("FVTPL"):

Financial assets under this category are measured initially as well as at each reporting date at fair value with all changes recognized in profit or loss.

Investment in Equity Instruments:

Equity instruments which are held for trading are classified as at FVTPL. All other equity instruments are classified as FVTOCI. Fair value changes on the instrument, excluding dividends, are recognized in the other comprehensive income. There is no recycling of the amounts from other comprehensive income to profit or loss.

Investment in Debt Instruments:

A debt instrument is measured at amortized cost or at FVTOCI. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVOCI, is classified as at FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of profit and loss.

Derecognition of Financial Assets:

A financial asset is primarily derecognized when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

Impairment of Financial Assets:

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the financial assets that are debt instruments and trade receivables.

Financial Liabilities: Classification:

The Company classifies all financial liabilities as subsequently measured at amortized cost or FVTPL.

Initial recognition and measurement:

All financial liabilities are recognized initially at fair value and, in the case of loans, borrowings and payables, net of directly attributable transaction costs.

Financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

Subsequent measurement:

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Interest-bearing loans and borrowings are subsequently measured at amortized cost using the Effective Interest Rate (EIR) method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

Derecognition of Financial Liabilities:

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

Derivative Financial Instrument:

The Company uses derivative financial instruments, such as forward currency contracts to mitigate its foreign currency risks. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

G. Inventories

Raw materials and packing materials are valued at lower of cost and the net realizable value, cost of which includes duties and taxes (net of Goods and Service Tax (GST) wherever applicable). Cost of imported raw materials and packing materials lying in bonded warehouse includes customs duty. Finished products including traded goods and work-in-progress are valued at lower of cost and net realizable value. Cost is arrived on moving weighted average basis.

The cost of Inventories have been computed to include all cost of purchases, cost of conversion, appropriate share of fixed production overheads based on normal operating capacity and other related cost incurred in bringing the inventories to their present condition.

Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses.

Slow and non-moving material, obsolesces, defective inventory are fully provided for and valued at net realizable value.

Goods and materials in transit are valued at actual cost incurred up to the date of balance sheet. Materials and other items held for use in production of inventories are not written down, if the finished products in which they will be used are expected to be sold at or above cost.

H. Cash And Cash Equivalent

Cash and Cash Equivalents comprise of cash on hand and cash at bank including fixed deposit/ highly liquid investments with original maturity period of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

I. Cash Flow Statement

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flow from operating, investing and financing activities of the Company are segregated.

J. Foreign Currency Transactions

Revenue Transactions denominated in foreign currencies are normally recorded at the exchange rate prevailing on the date of the transaction.

Monetary items denominated in foreign currencies at the year-end are re-measured at the exchange rate prevailing on the balance sheet date. Non-monetary foreign currency items are carried at cost.

Any income or expense on account of exchange difference either on settlement or on restatement is recognized in the Statement of Profit and Loss.

K. Revenue Recognition

Revenue from sale of goods is recognized, when all significant risks and rewards are transferred to the buyer, as per the terms of contracts and no significant uncertainty exists regarding amount of the consideration that will be derived from the sale of goods.

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made.

Revenue is measured at the fair value of the consideration received or receivable. Amount disclosed as revenue are inclusive of excise duty, excluding Goods and Service tax (GST) collected on behalf of the government, and net of returns, trade discount/allowances, rebates, and amounts collected on behalf of third parties.

Revenue from sale of technology / know how (rights, licenses and other intangibles) are recognized when performance obligation is completed as per the terms of the agreement. Incomes from services are recognized when services are rendered.

Dividend income is recognized when right to receive dividend is established. Interest income is recognized on time proportion basis. Insurance and other claims are recognized as a revenue on certainty of receipt on prudent basis. Export benefits available under prevalent schemes are accounted to the extent considered receivable.

L. Employee Benefits

All employee benefits payable wholly within twelve months rendering service are classified as short term employee benefits. Benefits such as salaries, wages, short-term compensated absences, performance incentives etc., and the expected cost of bonus, ex-gratia are recognized during the period in which the employee renders related service.

M. Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

N. Lease

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception date, whether fulfillment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right to use the asset, even if that right is not explicitly specified in an arrangement.

Assets acquired on leases where a significant portion of the risks and rewards of ownership are retained by lessor are classified as operating leases. Leases rentals are charged to the statement of profit and loss on straight line basis.

O. Government Grants

Government grants are initially recognized as deferred income at fair value if there is reasonable assurance that they will be received reasonable assurance that they will be received associated with the grant;

- In case of capital grants, they are then recognized in Standalone Statement of Profit and Loss as other income on a systematic basis over the useful life of the asset.
- In case of grants that compensate the Company for expenses incurred are recognized in Standalone Statement of Profit and Loss on a systematic basis in the periods in which the expenses are recognized.
Export benefits available under prevalent schemes are accrued in the year in which the goods are exported and there is no uncertainty in receiving the same.

P. Earnings Per Share

Basic Earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

Q. Income Taxes

Income tax expense comprises current and deferred income tax. Income tax expense is recognized in net profit in the statement of profit and loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in other comprehensive income. Current income tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted by the balance sheet date. Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Minimum Alternate Tax ('MAT') credit is recognized as deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the period for which the MAT credit can be carried forward for set-off against the normal tax liability. MAT credit recognized as an asset is reviewed at each Balance Sheet date and written down to the extent the aforesaid convincing evidence no longer exists.

R. Dividends to Shareholders

Annual dividend distribution to the shareholders is recognized as a liability in the period in which the dividends are approved by the shareholders. Any interim dividend paid is recognized on approval by Board of Directors. Dividend payable and corresponding tax on dividend distribution is recognized directly in equity.

S. Provisions, Contingent Liabilities, Contingent Assets and Commitments General

Provisions (legal or constructive) are recognized when the Company has a present obligation (legal or constructive) as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made.

Provisions (excluding retirement benefits and compensated absences) are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

If there is any expectation that some or all of a provision to be reimbursed, the reimbursement is recognized as a separate asset but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any virtually certain reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risk specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liability is disclosed in the case of:

- a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation;
- a present obligation arising from past events, when no reliable estimates is possible;
- a possible obligation arising from past events, unless the probability of outflow of resources is remote.

Contingent liabilities are not recognized in the standalone financial statements. Contingent assets are neither recognized nor disclosed in the financial statements.

Commitments include the amount of purchase order (net of advances) issued to parties for completion of assets and Non-cancellable operating lease.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date

Asset Retirement Obligation

Asset retirement obligations (ARO) are provided for those operating lease arrangements where the Company has a binding obligation at the end of the lease period to restore the leased premises in a condition similar to inception of lease. ARO are

provided at the present value of expected costs to settle the obligation using discounted cash flows and are recognized as part of the cost of that particular asset. The cash flows are discounted at a current pre-tax rate that reflects the risks specific to the decommissioning liability. The unwinding of the discount is recognized in the income statement as a finance cost. The estimated future costs of decommissioning are reviewed annually and adjusted as appropriate. Changes in the estimated future costs or in the discount rate applied are added to or deducted from the cost of the asset.

T. Fair Value Of Financial Instruments

The Company measures financial instruments at fair value in accordance with the accounting policies mentioned above. Fair value is the price that would be received to sell an assets or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized. For financial assets and liabilities maturing within one year from the balance sheet date and which are not carried at fair value, the carrying amounts are more or less equal to the fair value due to the short maturity of these instruments.

U. Recent accounting pronouncements Standards issued but not yet effective

The Ministry of Corporate Affairs in March 2018 has re-notified Ind AS 115, Revenue from Contracts with Customers. Earlier, this Standard was omitted and two other standards, Ind AS 11, Construction Contracts and Ind AS 18, Revenue had been notified in its place. Now, after re-notification of Ind AS 115, Ind AS 11 and Ind AS 18 would be redundant. Ind AS 115 deals with recognition of revenue arising from sale of goods, rendering of services, interest, royalties and construction contracts. It is a converged form of IFRS 15, Revenue from Contracts with Customers. Ind AS 115 shall be applied from financial years beginning on or after 1st April, 2018.

These amendments are not expected to have any impact on the Company.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2023

24. Financial Instruments

1) Capital Management

The primary objective of the Company's capital management is intended to maximise the return to shareholders for meeting the long-term and short-term goals of the Company through the optimization of the debt and equity balance. The Company is monitoring capital using debt equity ratio as its base which is debt to equity. For the purpose of capital management, capital includes issued equity capital, securities premium and all other reserves attributable to the equity shareholders of the Company. Net debt includes all long and short-term borrowings (including current maturities of long term debt) as reduced by cash and cash equivalents.

Debt-to-equity ratio are as follows:

Particular	March 31, 2023	March 31, 2022
Debt (A)	369761304	509982582
Equity (B)	(144555039)	84799745
Debt to Equity Ratio (A/B)	(2.56)	7.00

2) Financial Risk Management Objective And Policies

The Company is exposed to market risk, credit risk and liquidity risk. Risk management is carried out by the company under policies approved by the board of directors. The Company's documented risk management policies are effective tool in mitigating the various financial risk to which the business is exposed to in the course of daily operations This Risk management plan defines how risks associated with the Company will be identified, analysed, and managed. It outlines how risk management activities will be performed, recorded, and monitored by the Company. The basic objective of risk management plan is to implement an integrated risk management approach to ensure all significant areas of risks are identified, understood and effectively managed, to promote a shared vision of risk management and encourage discussion on risks at all levels of the organisation to provide a clear understanding of risk/benefit trade-offs, to deploy appropriate risk management methodologies and tools for use in identifying, assessing, managing and reporting on risks, and to determine the appropriate balance between cost and control of risk and deploy appropriate resources to manage/optimize key risks. Activities are developed to provide feedback to management and other interested parties (e.g. Audit committee, Board etc.). The results of these activities ensure that risk management plan is effective in the long term

a) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risk: foreign currency rate risk, interest rate risk and other price risks, such as equity price risk and commodity risk.

i) Foreign Exchange Risk and Sensitivity

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities. Currently, the Company does not have any transaction in Foreign Currencies.

ii) Interest Rate Risk and Sensitivity

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates .In order to optimize the Company's position with regards to interest expenses and to manage the interest rate risk treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

iii) Commodity Price Risk

The Company is engaged in construction work and commodities like ferrous and non ferrous metal materials, Welded pipes, MS TMT bars & Metals, Cements, etc are the basic commodity for consumption. Commodity price risk arises due to fluctuation in prices of metal products. The Company mitigate the risk by natural hedge as any increase/ decrease in materials price directly reflect the changes in finished goods price.

b) Credit Risk

Credit risk is the risk that a counter party will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk for trade receivables, other bank balances, loans, other financial assets and financial guarantees.

i) Trade Receivables

The Company extends credit to customers in normal course of business. The Company considers factors such as credit track record in the market and past dealings with the Company for extension of credit to customers. The Company monitors the payment track record of the customers. Outstanding customer receivables are regularly monitored.

ii) Bank Balances

The Company seeks to limit its credit risk with respect to banks by only dealing with reputable banks.

c) Liquidity Risk

Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. The Company's objective is to, at all times, maintain optimum levels of liquidity to meet its cash and collateral requirements. The Company limits its liquidity risk by ensuring funds from trade receivables.

36. Term Deposit Receipts wherever obtained are endorsed in favor of Banks and Government Departments against Bank Guarantee, L/C Facility etc.
37. Disclosure pursuant to adoption of Indian Accounting Standard 19
Gratuity liability for the year is determined on actuarial valuation by the Life Insurance Co of India with whom the company has taken a policy for the settlement of future liability.
38. Some of the Creditors / Debtors / Loans / Advances are subject to Confirmations and resultant reconciliation, if any.

39. The Company has not received any intimation from the suppliers under the Micro, Small & Medium Enterprises Development Act 2006 & therefore disclosures, if any relating to amounts unpaid as at the year end together with interest paid/payable as required under the said Act have not been given.
40. In terms of the requirements of the Indian Accounting Standards-36 on "Impairment of Assets" issued by the Institute of Chartered Accountants of India, the amount recoverable against Fixed Assets has been estimated for the period by the management based on present value of estimated future cash flows expected to arise from the continuing use of such assets. The recoverable amount so assessed was found to be adequate to cover the carrying amount of the assets, therefore no provision for impairment in value thereof has been considered necessary, by the management.
41. As per the best estimate of the management, no provision is required to be made as per Indian Accounting Standard (Ind AS) 37 "Provision, Contingent Liabilities & Contingent Assets", in respect of any present obligation as a result of a past event that could lead to a probable outflow of resources which would be required to settle the obligation.
42. Sundry Debtors as on the date of Balance Sheet are net of amounts received after discounting of Letter of Credits.
43. The recoverable amount of Factory Building located at Pali Village was assessed to be lower than the carrying value. Further The value in use of this building has also been assessed at a very negligible amount . Accordingly the management decided to carry Out a valuation exercise from a registered valuer in order to ascertain the fair value of the building. As per the valuation report submitted by the valuer the fair value of the building has depreciated to a great extent and hence as per IND-AS 36 management decided to book an impairment loss. Rs. 454.56 Lacs.
44. Previous Year Figures have been regrouped / Re cast wherever necessary.
