NOTES:

1. The Ministry of Corporate Affairs (“MCA”) vide its Circular dated 5th May 2020 read with circulars dated 8th April 2020, 13th April 2020, 15th June 2020, 28th September 2020, 31st December 2020, 13th January 2021, 14th December 2021, 5th May 2022 and 28th December 2022 (collectively referred to as “MCA Circulars”) and the Securities and Exchange Board of India vide their circulars dated 12th May 2020, 15th January 2021, 13th May 2022 and 5th January 2023 (collectively referred to as “SEBI Circulars”) permitted the conduct of the Annual General Meeting (“AGM”) through Video Conferencing (“VC”) / Other Audio-Visual Means (“OAVM”), without the physical presence of the Members at a common venue. The deemed venue for the AGM shall be the Registered Office of the Company. In compliance with the provisions of the Companies Act, 2013 (“Act”), SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“SEBI Listing Regulations”), MCA Circulars and SEBI Circulars, the AGM of the Company is being held through VC / OAVM. Members desirous of participating in the meeting through VC/ OAVM, may refer to the procedures mentioned below.
2. The explanatory statement pursuant to Section 102(1) of the Companies Act, 2013 (“Act”) with respect to the special business as set out in the Notice is annexed hereto. Also, the necessary explanatory statement in accordance with Regulation 36(5) of SEBI Listing Regulations as required for Item No. 4 of the Notice is also annexed hereto.
3. **Pursuant to the provisions of the Act, a member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on his/her behalf and the proxy need not be a Member of the Company. Since this AGM is being held pursuant to the MCA Circulars through VC/OAVM, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the AGM and hence the Proxy Form and Attendance Slip are not annexed to this Notice.**
4. Institutional / Corporate Shareholders (i.e., other than individuals / HUF, NRI etc.) are required to send a scanned copy (PDF/JPG Format) of its Board or governing body Resolution/Authorization etc., authorizing its representative to attend the AGM through VC/OAVM on its behalf and to vote through remote e-voting. The said Resolution/ Authorization shall be sent to the Scrutinizer by email through its registered email address to indsil@mdsassociates.in with a copy marked to the Company at secretarial@indsil.com and to its Registrar and Share Transfer Agent (“RTA”) at info@skdc-consultants.com.
5. Pursuant to the provisions of Section 91 of the Companies Act, 2013 and Regulation 42 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Register of Members and share transfer books of the Company will remain closed from Friday, 15th September 2023 to Thursday, 21st September 2023 (both days inclusive).
6. Members whose shareholding is in the electronic mode are requested to update bank account details (Bank Account No., name of the Bank, Branch, IFSC Code, MICR code and place with PIN Code) to their respective Depository Participants and not to the Company. Members whose shareholding is in the physical mode are requested to direct the above details to the Company or to the RTA. Regular updation of bank particulars is intended to prevent fraudulent encashment of dividend warrants.
7. The Company has entered into agreements with National Securities Depository Limited (“NSDL”) and Central Depository Services (India) Limited (“CDSL”). The Depository System envisages the elimination of several problems involved in the scrip-based system such as bad deliveries, fraudulent transfers, fake certificates, thefts in postal transit, delay in transfers, mutilation of share certificates etc., Simultaneously, Depository System offers several advantages like exemption from stamp duty, elimination of concept of market lot, elimination of bad deliveries, reduction in transaction costs, improved liquidity etc. Members, therefore, now have the option of holding and dealing in the shares of the Company in electronic form through NSDL or CDSL. Members are encouraged to convert their holdings to electronic mode.

8. A. Securities and Exchange Board of India (“SEBI”) had earlier mandated that the transfer of securities held in physical form, except in case of transmission or transposition, shall not be processed by the listed entities / Registrar and Share Transfer Agents with effect from 1st April 2019.
- B. Further, SEBI had also mandated the listed entities to issue shares only in dematerialized mode, with effect from 25th January 2022 to Shareholder(s)/ claimant(s) holding shares in physical mode, as against their service requests including for transmission or transposition of shares.
- C. Further, SEBI vide its circular(s) dated 3rd November 2021 and 16th March 2023 had also mandated that the Shareholders holding shares in physical form are required to update their PAN, KYC details, bank details and nomination details with the RTA on or before 1st October 2023, failing which the securities held by such Shareholder will be frozen by the RTA. The securities once frozen will revert to normal status only upon receipt of requisite KYC documents or upon dematerialization of the said securities. Shareholders holding shares in physical form may also note that once the securities are frozen, the dividend payments will be processed only upon receipt of requisite KYC details and thereafter credited to the bank account of the Shareholder electronically.
- D. Further, SEBI vide its circular(s) dated 3rd November 2021 and 16th March 2023 has also mandated that the Shareholders holding shares in physical form are required to compulsorily link their PAN and Aadhaar. Accordingly, the physical folios in which PAN and Aadhaar are not linked have been frozen by the RTA. The securities which have been frozen will revert to normal status only upon receipt of requisite KYC documents or upon dematerialization of the said securities.

Necessary prior intimation(s) in this regard was provided to the Shareholders. Therefore, Members holding share(s) in physical form are requested to immediately update their KYC details / dematerialize their shareholding in the Company. A copy of the said circular(s) is available on the Company’s website www.indsil.com.

9. Members are requested to notify any change of address and bank details to their Depository Participants in respect of their holdings in electronic form and to the Secretarial Department at the registered office of the Company or to SKDC Consultants Limited, “Surya”, 35 Mayflower Avenue, Behind Senthil Nagar, Sowripalayam Road, Coimbatore – 641 028, the RTA of the Company in respect of shares held in physical form together with a proof of address viz, Aadhar Card /Electricity Bill/ Telephone Bill/Ration Card/Voter ID Card/ Passport etc..
10. Non-Resident Indian (“NRI”) Members are requested to inform the Company or its RTA or to the concerned Depository Participants, as the case may be, immediately.
- a) the change in the residential status on return to India for permanent settlement, or
- b) the particulars of the NRE/NRO Account with a bank in India, if not furnished earlier.
11. Pursuant to the provisions of Section 72 of the Companies Act, 2013, the facility for making nominations is now available to individuals holding shares in the Company. Members holding shares in physical form may obtain the Nomination Form from the RTA of the Company or can download the form from the Company’s website, namely www.indsil.com. Members holding shares in electronic form must approach their Depository Participant(s) for completing the nomination formalities.
12. Members who hold shares in physical form in multiple folios in identical names or joint holding in the same order of names are requested to send the share certificate to the Registrar and Share Transfer Agent for consolidation into a single folio.

13. Members are requested to make all correspondence in connection with shares held by them directly to the Registrars and Share Transfer Agents of the Company M/s SKDC Consultants Limited, "Surya", 35 Mayflower Avenue, Behind Senthil Nagar, Sowripalayam Road, Coimbatore – 641 028 by quoting their Folio number or the Client ID number with DP ID number.
14. In case of joint holders, the Member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote at the AGM.
15. Members desirous of receiving any information on the accounts or operations of the Company are requested to forward his/ her queries to the Company seven working days prior to the meeting. The same will be replied by the Company suitably.
16. Members who wish to claim dividends, which remain unclaimed, are requested to correspond with the Company Secretary / Registrar & Share Transfer Agent of the Company. Members are requested to note that pursuant to Section 124 of the Companies Act, 2013 dividends not claimed within seven years from the date of transfer to the Company's Unpaid Dividend Account, will be transferred to the Investor Education and Protection Fund ("IEPF") established by the Central Government under Section 125 of the Companies Act, 2013. The details of unpaid dividend can be viewed on the Company's website www.indsil.com. As per the provisions of Rule 6 of the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules 2016, the Company will be transferring the share(s) on which the beneficial owner has not encashed any dividend during the last seven years to the IEPF demat account as identified by the IEPF Authority. Details of shareholders whose shares are liable to be transferred to IEPF are available at the Company website: www.indsil.com. The shareholders whose unclaimed dividend/ share has been transferred to the 'Investor Education and Protection Fund', may claim the same from IEPF authority by filing Form IEPF-5 along with requisite documents. Sri R Murali, Chief Financial Officer is the Nodal Officer of the Company for the purpose of verification of such claims.
17. Compulsory transfer of Equity Shares to Investor Education and Protection Fund (IEPF) Authority: Pursuant to the provisions of Section 124(6) of the Act and Rule 6 of the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016, ("the IEPF Rules") and amendments thereto, the Company has transferred the shares in respect of Members who have not claimed / encashed dividend for the last seven consecutive years to the Demat Account of the IEPF Authority of the Members whose shares have been transferred to the Demat Account, Account of the IEPF Authority are available at the Company's website at www.indsil.com.
18. In compliance with the aforesaid MCA Circulars and SEBI Circulars, Notice of the AGM along with the Annual Report for the year 2022-23 is being sent only through electronic mode to those Members whose email address is registered with the Company / RTA/ Depositories. Members may note that the Notice and Annual Report for the Financial year 2022-23 will also be available on the Company's website www.indsil.com, websites of the Stock Exchange i.e., BSE Limited at www.bseindia.com and on the website of National Securities Depository Limited at www.evoting.nsdl.com. Members can attend and participate in the Annual General Meeting through VC / OAVM facility only. Further pursuant to SEBI's Circular dated 5th January 2023 the Company will be sending a hard copy of the Annual Report to those Shareholders who request for the same at secretarial@indsil.com.
19. Members attending the AGM through VC/OAVM shall be counted for the purpose of reckoning the quorum under Section 103 of the Companies Act, 2013.
20. Since the AGM will be held through VC / OAVM, the Route Map is not annexed in this Notice.

21. The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in electronic form are therefore requested to submit their PAN to their Depository Participant(s) with whom they are maintaining their demat account(s). Members holding shares in physical form can submit their PAN details to the Company or Registrar and Share Transfer Agents.
22. EXPLANATORY STATEMENT PURSUANT TO REGULATION 36(5) OF SEBI (LISTING OBLIGATIONS AND DISCLOSURE REQUIREMENTS) REGULATIONS, 2015

Item No. 4

The Members of the Company at their 32nd Annual General Meeting held on 28th September 2022 had appointed M/s. Raja & Raman (Firm Registration No. 003382S) as the Statutory Auditors of the Company to hold office for a period of one year from the conclusion of the 32nd Annual General Meeting till the conclusion of the 33rd Annual General Meeting (“AGM”) of the Company. As such, their tenure as Statutory Auditors expires at this AGM. Accordingly, the Company is required to rotate the Statutory Auditors as they have completed their term as per the provisions of section 139 of the Companies Act, 2013.

Pursuant to Sections 139, 142 and other applicable provisions, if any, of the Companies Act, 2013 (“the Act”) read with the Companies (Audit and Auditors) Rules, 2014, and based on the recommendation of the Audit Committee, the Board of Directors at their meeting held on 7th August 2023 has recommended the appointment of Ms. K. R. Divya, Chartered Accountant, Coimbatore as the Statutory Auditor of the Company for a period of 5 years from the conclusion of the ensuing 33rd AGM till the conclusion of 38th AGM of the Company to be held in the year 2028 at a remuneration as may be mutually agreed between the Board of Directors and the Statutory Auditor.

The Company has also received a certificate from the Statutory Auditor to the effect that her appointment, if made, would be within the limits prescribed under Section 139 of the Act and that she is eligible to be appointed as the Statutory Auditor of the Company.

The Board of Directors propose to pay a fee of Rs. Rs. 7,50,000/- (Rupee Seven Lakhs Fifty Thousand only), exclusive of taxes and other out of pocket expenses incurred in connection with the audit, to the Statutory Auditor for the financial year ended 31st March 2024. The fees for the subsequent years will be decided by the Board of Directors from time to time based on the recommendations of the Audit Committee in consultation with the statutory auditor after considering various parameters / market standards. In the opinion of the Board, there will not be any material change in the remuneration payable to the new statutory auditor from that paid to the outgoing (retiring) auditor for the conduct of the statutory audit of the Company.

The terms of appointment of the Statutory Auditor will be as specified by the Audit Committee and the Board of Directors of the Company in line with the Act and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

The recommendation for the appointment of Ms. K. R. Divya as the Statutory Auditor of the Company is on account of the following credentials:

Ms. K. R. Divya, Chartered Accountant has more than a decade of experience in handling the statutory, internal audits and other specific audit for Banking Companies, Insurance Companies and other body corporates. She is also an expert in taxation, auditing, financial reporting and other matters. Further, she has been Peer Reviewed and holds a valid Peer Review Certificate issued by the Institute of Chartered Accountants of India.

By considering the above, the Board recommends the Ordinary Resolution set out in Item No. 4 of the Notice for approval by the Members.

None of the Directors or Key Managerial Personnel of the Company and their relatives are concerned or interested, financially or otherwise, in the resolution set out in Item No. 4 of the Notice.

STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

Item No. 5

Sri K Ramakrishnan (DIN: 02797842) was re-appointed as the Whole-time Director of the Company for a period of 3 years with effect from 1st June 2021 on the terms and conditions approved by the shareholders at the Annual General Meeting held on 16th December 2020. Accordingly, the present tenure of his office expires on 31st May 2024.

Considering the dedication and excellent work done by Sri K Ramakrishnan and based on the performance evaluation, the Board of Directors have, subject to the approval of the Members, re-appointed him as the Whole-time Director of the Company for a further period of 3 years with effect from 1st June 2024 on the terms and conditions as set out in the resolution given under Item No. 5 of the Notice. His re-appointment is expected to be greatly beneficial to the future plans of the Company.

As per Section 178 of the Companies Act, 2013 the Nomination and Remuneration Committee of the Board of Directors of the Company had, in the best interest and progress of the Company, proposed to re-appoint Sri K Ramakrishnan as Whole-time Director of the Company for a further period of 3 years with effect from 1st June 2024 and determined his remuneration as set out in the resolution and recommended the same to the Board. The proposed remuneration is well within the limits prescribed in the Companies Act, 2013 and the Schedules and Rules made there under.

Pursuant to the provisions of the Regulation 23 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Audit Committee had also approved the remuneration payable to Sri K Ramakrishnan as Whole-time Director of the Company for the period of 3 years with effect from 1st June 2024 and recommended the same to the Board.

Pursuant to the provisions of the Sections 196, 197, 203, Schedule V and other applicable provisions of the Companies Act, 2013, the re-appointment of Whole-time Director and the payment of his remuneration shall be subject to the approval of the shareholders of the Company in the General Meeting. Hence, the necessary resolution has been set out as Item No. 5 of the Notice for the approval of the Members.

The Board recommends the resolution set out in Item No. 5 of the Notice for the approval of the members.

Further, prior approval of the bank shall also be required to be obtained by the Company for payment of remuneration to the Whole-time Director.

MANAGEMENT DISCUSSION AND ANALYSIS

[Regulation 34 read with Schedule V of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015]

A. INDUSTRY STRUCTURE AND DEVELOPMENTS

The Company is a part of the ferro alloy industry. Ferro alloys refer to a range of compounds that find application in producing steel and stainless steel. Manganese, chrome and silicon alloys form a majority of the bulk of ferro alloys produced. While chromium alloys are used in the production of stainless steel, manganese alloys are used in the production of steel and some specialized grades of manganese alloys are used in specific grades of stainless-steel making.

Your Company on a standalone basis produces specialized varieties of Manganese Alloys, regular Manganese Alloys and Ferro Chrome.

B. OPPORTUNITIES AND THREATS

Opportunities :

The year 2022-23 witnessed very tepid market conditions for alloys like silicon, chrome and manganese. On account of measures taken like selling the Chhattisgarh asset and reduction of statutory liabilities, the Company's interest burden came down significantly and has helped cushion part of the down trend in terms of its financials.

Threats :

The markets for steel, stainless steel and consequently markets for alloys like manganese, chrome and silicon are going through an uncertain phase on account of recessionary trends in key markets. Europe has been witnessing continuous slow down and pick up of alloys from that region has come down drastically. The Chinese economy has not been doing too well and is expected to further sour market sentiments.

The Indian domestic market in terms of consumption has remained stable. However, price realizations have been coming down.

C. SEGMENT WISE PERFORMANCE – SMELTER DIVISION

The table given below gives the operational details of the two segments of your Company viz., ferro alloy segment and power segment

Particulars	Ferro Alloy	Hydro Power
Production (MT) / (Units)	20480 MT	63.92 Million Units
Sales (MT) / (Units)	20536 MT	52.87 Million Units
Revenue in ₹ Lakhs	17682	2432
PBDIT in ₹ Lakhs	187	1737

Your Company earned EBITDA of Rs. 15.45 Crores on a Consolidated basis.

POWER DIVISION

As far as the Hydro Power Station is concerned, the power generation was 63.92 Million Units and as compared to the previous year 60.31 Million Units and as compared to average generation of 41.98 Million Units per year.

D. OUTLOOK

The outlook for both the manganese and chrome industry looks uncertain because of the economic conditions in Europe and China.

E. RISKS AND CONCERNS

Already dealt with under threat.

F. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

i) COST CONTROL

Every single cost item goes through a thorough internal audit and in several stages as well. As part of the cost control system, every single aspect of costs goes through stringent pre-expenditure checks and audits as well.

ii) OPERATIONS

Process and deliverables pass through stringent control systems on a continuous basis. These systems are highly adequate and infact play a vital role in productivity, growth, efficiency, improvement etc.,

G. CAUTIONARY FORWARD-LOOKING STATEMENTS

The Company makes forward-looking statements that are subject to risks and uncertainties. All statements that address expectations or projections about the future, including, but not limited to, statements about the Company's strategy for growth, market position and financial results are forward-looking statements.

For those statements the Company cautions that numerous important factors could affect the Company's actual results and could cause its results to differ materially from those expressed in any such forward-looking statements. The Company assumes no responsibility to publicly amend, modify or revise any forward-looking statements on the basis of any subsequent developments, information or events.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF INDSIL HYDRO POWER AND MANGANESE LIMITED

Report on the audit of the standalone financial statements

Opinion

We have audited the standalone financial statements of INDSIL HYDRO POWER AND MANGANESE LIMITED ("the Company"), which comprise the standalone balance sheet as at March 31, 2023, the standalone Statement of Profit and Loss (including other comprehensive income), the standalone statement of changes in equity and standalone statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "SFS").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, and total comprehensive income (comprising of profit and other comprehensive income), changes in equity and cash flows for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with the standards on auditing (SA's) specified under section 143 (10) of the Act. Our responsibilities under those SA's are further described in the auditor's responsibilities for the audit of the standalone financial statements section of our report. We are independent of the Company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statement.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Information other than the financial statements and auditors' report thereon

The Company's board of directors is responsible for other information. The other information comprises the information included in the Director's Report to the shareholders, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. When we read the Director's Report to the shareholders if, based on the work we have performed, we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance. We have nothing to report in this regard.

Responsibilities of Management and those charges with governance for the standalone financial statements

The Company's board of directors are responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the State of Affairs, Profit and Other Comprehensive Income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the

provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those board of directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the standalone financial statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- 2.(A) As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The standalone balance sheet, the standalone statement of profit and loss (including other comprehensive income), the standalone statement of changes in equity and the standalone statement of cash flow dealt with by this report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under section 133 of the Act.
 - (e) On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the board of directors, none of the directors is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164 (2) of the Act;
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B".
- (B) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - a. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Note 7 of Annexure A to the Independent auditor's report.

(ii) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 7(3) to the standalone financial statements, no funds have been received by the Company from any person(s) or entity(s), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(iii) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.

e. The dividend has not been declared and/or paid during the year by the company is in compliance with section 123 of the companies Act, 2013.

f. As proviso to rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable for the Company only with effect from 1st April, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 is not applicable.

(C). In our opinion and according to the information and explanations given to us, the remuneration paid by the company to its directors during the current year is in accordance with the provisions of section 197 of the act. The remuneration paid is not in excess of the limit laid down under section 197 of the act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

Annexure - B to the Independent Auditors' Report

Annexure referred to in paragraph 2(f) under the heading "Report on other legal and regulatory requirements" of our report of even date

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of INDSIL HYDRO POWER AND MANGANESE LIMITED ("the Company") as of 31st March 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The board of directors of the Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including the adherence to the company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those standards and the guidance note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement in the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial control system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management of override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and according to the information and explanation given to us , the Company has, in all material respects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

i) Rights, preferences & restrictions in respect of each class of shares

The Company's authorised share capital consists of two classes of shares, referred to as Equity Shares and Preference Shares, having par value of ₹ 10/- each respectively

Each holder of Equity Share is entitled to one vote per share. The preferential shareholders have preferential right over equity shareholders in respect of repayment of capital and payment of dividend

In the event of liquidation of the Company, the equity shareholders are eligible to receive the remaining assets of the Company after distribution of all preferential amounts, in proportion to their shareholding.

The company has two classes of shares viz. equity shares of ₹ 0.20/- per share and 8% Cumulative Redeemable preference shares of ₹ 10/- each

Each holder of equity share is entitled to one vote per share. In the event of liquidation of the company, the holders of equity shares will be entitled to receive the realized value of assets of the company, remaining after the payment of all preference dues. The distribution will be in proportion to the number of equity shares held by the shareholders.

The terms of issue of the preference shares are as follows:

The Preference Shares to be issued shall carry a fixed cumulative preference dividend of 8% (Eight percent) per annum on the capital for the time being paid-up thereon.

The voting rights of the persons holding the said shares shall be in accordance with the provisions of Section 47 of the Companies Act, 2013 (including any statutory modifications or re-enactments thereof for the time being in force).

The preference shares issued shall be redeemable at par at any time at the option of the company but not later than October 18, 2022. The Company has extended the tenure of redemption of the preference shares to October 18, 2025.

The Company is a Public Limited Company and listed on the BSE Limited

Significant accounting policies

2.1 Statement of compliance

These financial statements have been prepared in accordance with the Indian Accounting Standards (‘Ind AS ’) prescribed under Section 133 of the Companies Act, 2013 (“the Act”) read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 (as amended)

2.2 Basis of preparation

(i) Historical Cost Convention

These financial statements have been prepared on the historical cost basis except for certain financial instruments and defined benefit plans that are measured at fair values at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

(ii) Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In measuring fair value of an asset or liability, the Company takes into account those characteristics of the assets or liability that market participants would take into account when pricing the asset or liability at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are obser vable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

(iii) Functional and presentational currency

These financial statements are presented in Indian Rupee (INR) which is also the functional currency.

(iv) Rounding off amounts

All amounts disclosed in the financial statements have been rounded off to the nearest rupees in Lakhs, as per the requirements of Schedule III of the Act, unless otherwise stated.

(v) Use of estimates and judgements

The preparation of financial statements in conformity with Ind AS requires the management to make judgements, estim ates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future period affected.

In particular, following are the significant areas of estimation, uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in standalone financial statements:

- a. Assessment of useful life of property, plant and equipment and intangible asset – refer below note 2.5.
- b. Recognition and estimation of tax expense including deferred tax – refer note 2.27
- c. Estimation of obligations relating to employee benefits: key actuarial assumptions – refer note 2.33
- d. Fair value measurement refer above note 2.2 (ii)
- e. Recognition and measurement of provision and contingency – refer note 2.32
- f. Estimated impairment of financials Assets-refer below note.2.11

2.3 Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in the normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current. A liability is current when:

- It is expected to be settled in the normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

The Company has deemed its operating cycle as twelve months for the purpose of current/non-current classification.

2.4 Revenue recognition

Revenue is measured at the fair value of consideration received or receivable.

- a) The Company recognizes revenue from sale of goods when it satisfies a performance obligation in accordance with the provisions of contract with the customer. This is achieved when it no longer retains control over the goods sold, the amount of revenue can be measured reliably, it is probable that the economic benefits associated with the transaction will flow to the Company and the costs incurred or to be incurred in respect of the transaction can be measured reliably. Sale of goods is recognised net of taxes collected on behalf of third parties.

The performance obligation in case of sale of goods is satisfied at a point in time i.e., when the material is shipped to the customer or on delivery to the customer, as may be specified in the contract.

- b) Inter unit transfers are adjusted against respective expenses.
- c) Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time proportion basis, by reference to the principal outstanding and the effective interest rate ('EIR') applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial assets to that asset's net carrying amount on initial recognition.
- d) Dividend income from investments in equity shares and mutual funds is recognised when the right to receive the dividend is established.

- e) Export Incentives are recognised as per schemes specified in foreign Trade Policy, as amended from time to time, on accrual basis in the year when right to receive as per terms of the scheme is established and are accounted to the extent there is no uncertainty about its ultimate collection.
- f) Insurance Claim is accrued in the year when the right to receive is established and is recognised to the extent there is no uncertainty about its ultimate collection.

2.5 Property, Plant and Equipment

Property, plant and equipment are measured at cost less accumulated depreciation and impairment losses, if any. Cost includes expenditures directly attributable to the cost of acquisition of the asset. Cost includes related taxes, duties, freight, insurance etc., attributable to acquisition and installation of assets and borrowing cost incurred up to the date of commencing operations, but excludes duties and taxes that are recoverable from taxing authorities.

Subsequent expenditure relating to property, plant and equipment is capitalised only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably.

The cost of property, plant and equipment not available for use before such date are disclosed under capital work- in-progress.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the profit or loss.

Upon transition to Ind AS, the Company has decided to continue with the carrying value of all its property, plant and equipment recognised as at 1st April 2016 measures as per the previous GAAP and use that carrying value as the deemed cost of property, plant and equipment.

The Company has adopted the useful life as specified in Schedule II to the Act, except for certain assets for which the useful life has been estimated based on the Company's past experiences in this regard, duly supported by technical advice. Accordingly, the useful lives of tangible assets of the Company which are different from the useful lives as specified by Schedule II are given below:

Buildings	-	30 Yrs
Plant & Machineries	-	20 Yrs
Furniture & Fittings	-	10 Yrs
Vehicles	-	8 Yrs
Office Equipments	-	5 Yrs
Computers & Electronic Devices	-	3 Yrs

Refer Note 2.01 for detailed classification of the Company's assets under various heads.

2.6 Intangible Assets

Intangible assets are recognised when the asset is identifiable, is within the control of the Company, it is probable that the future economic benefits that are attributable to the asset will flow to the Company and cost of the asset can be reliably measured.

Intangible assets with finite useful lives are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight line basis over their estimated useful lives, if any other method which reflects the pattern in which the asset's future economic benefits are expected to be consumed by the entity cannot be determined reliably. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

For transition to Ind AS, the Company had elected to continue with the carrying value of all its intangible assets recognised as at the transition date, measured as per the previously applicable Indian GAAP and used that carrying value as its deemed cost as at the transition date.

2.7 Borrowing Costs

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset (net of income earned on temporary deployment of funds) are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. All other borrowing costs are recognised as an expense in the period in which they are incurred.

A qualifying asset is an asset that necessarily takes a substantial period of time to get ready for its intended use or sale.

2.8 Inventories

Inventories are valued at the lower of cost and net realisable value.

Cost of inventories is determined on the 'weighted average' basis and comprises expenditure incurred in the normal course of business for bringing such inventories to their present location and condition and includes, wherever applicable, appropriate overheads.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

2.09 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets

Classification

The Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of its business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recognised at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent measurement of financial assets are dependent on initial categorisation. For impairment purposes, significant financial assets are tested on an individual basis and other financial assets are assessed collectively in groups that share similar credit risk characteristics.

Financial assets measured at amortised cost

Financial assets are measured at amortised cost when asset is held within a business model, whose objective is to hold assets for collecting contractual cash flows and contractual terms of the asset give rise, on specified dates, to cash flows that are solely payments of principal and interest.

Financial assets measured at fair value through other comprehensive income (FVTOCI)

Financial assets under this category are measured initially as well as at each reporting date at fair value. Fair value movements are recognised in the other comprehensive income.

Financial assets measured at fair value through profit or loss (FVTPL)

Financial assets under this category are measured initially as well as at each reporting date at fair value with all changes recognised in profit or loss.

Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash, that are subject to an insignificant risk of change in value with a maturity within three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Derecognition of financial assets

A financial asset is primarily derecognised when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

Financial liabilities

Classification

The Company classifies all financial liabilities as subsequently measured at amortised cost, except for financial liabilities at fair value through profit or loss. Such liabilities, including derivatives that are liabilities, shall be subsequently measured at fair value.

Initial recognition and measurement

All financial liabilities are recognised initially at fair value and in the case of loans, borrowings and payables, net of directly attributable transaction costs. Financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading, if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109 - "Financial Instruments". Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Financial liabilities measured at amortised cost

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using the EIR method except for those designated in an effective hedging relationship.

Amortised cost is calculated by taking into account any discount or premium and fee or costs that are an integral part of the EIR. The EIR amortisation is included in finance costs in the Statement of Profit and Loss. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the EIR method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down.

Trade and other payables

A payable is classified as 'trade payable' if it is in respect of the amount due on account of goods purchased or services received in the normal course of business. These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year, which are unpaid. They are recognised initially at their fair value and subsequently measured at amortised cost using the EIR method.

Financial guarantee contracts

Financial guarantees issued by the Company are those guarantees that require a payment to be made to reimburse the holder of the guarantee for a loss incurred by the holder because the specified debtor fails to make a payment, when due, to the holder in accordance with the terms of a debt instrument. Financial guarantees are recognised initially as a liability at fair value, adjusted for transactions costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

Embedded derivatives

Derivatives embedded in non-derivative host contracts that are not financial assets within the scope of Ind AS 109 are treated as separate derivatives when their risks and characteristics are not closely related to those of the host contracts and the host contracts are not measured at FVTPL.

Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other income or finance costs.

2.10 Derivative financial instruments

The Company enters into a variety of derivative financial instruments to manage its exposure to interest rate and foreign exchange rate risks, including foreign exchange forward contracts, interest rate swaps and cross currency swaps.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently measured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in the Statement of Profit and Loss immediately unless the derivative is designated as hedging instrument.

2.11 Impairment of financial assets:

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, lease receivables, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the lifetime expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Company measured loss allowance for a financial instrument at lifetime expected credit loss model in the previous period, but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Company again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the group uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

2.12 Investment in Subsidiaries and Associate

A subsidiary is an entity controlled by the Company. Control exists when the Company has power over the entity, is exposed or has rights to variable returns from its involvement with the entity and has the ability to affect those returns by using its power over the entity.

Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affect the entity's returns.

An associate is an entity over which the Company has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

Investments in subsidiaries and associate are carried at cost. The cost comprises price paid to acquire investment and directly attributable cost.

For transition to Ind AS, the Company had elected to continue with the carrying value of its investment in subsidiaries recognised as at the transition date, measured as per the previously applicable Indian GAAP and used that carrying value as its deemed cost as at the transition date.

2.13 Leases

The determination of whether an arrangement is, or contains a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right to control the use of the asset or assets, even if that right is not explicitly specified in an arrangement.

The Company has applied Ind AS 116 from 1st April, 2019 onwards using the modified retrospective approach.

a) Arrangements where the Company is the lessee

The company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or company's incremental borrowing rate. The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments.

For short-term and low value leases are classified as operating leases. Payments made under operating leases are recognised in the Statement of Profit and Loss on a straight-line basis over the lease term.

b) Arrangements where the Company is the lessor

Rental income from operating leases is generally recognised on a straight-line basis over the lease term. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the Company's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue.

2.14 Foreign currency transactions and translations

Transactions in foreign currencies are translated to the functional currency of the Company (i.e. INR) at exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the reporting date, except for those derivative balances that are within the scope of Ind AS 109 – "Financial Instruments", are translated to the functional currency at the exchange rate at that date and the related foreign currency gain or loss are recognised in the Statement of Profit and Loss.

Foreign exchange differences regarded as an adjustment to interest costs are recognised in the Statement of Profit and Loss. Realised or unrealised gain in respect of the settlement or translation of borrowing is recognised as an adjustment to interest cost to the extent of the loss previously recognised as an adjustment to interest cost.

2.15 Employee benefits

a) Employee benefits in the form of Provident Fund, Pension Fund, Superannuation Fund and Employees State Insurance are defined contribution plans. The Company recognizes contribution payable to a defined contribution plan as an expense, when an employee renders the related service. If the contribution payable to the scheme for services received before the balance sheet date exceeds the contribution already paid, the contribution payable to the scheme is recognised as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for

services received before the balance sheet date, the excess is recognised as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

- b) Gratuity liability is defined benefit plans. The cost of providing benefits under the defined benefit plans is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurements of the net defined benefit liability/asset comprise:
- i) actuarial gains and losses;
 - ii) the return on plan assets, excluding amounts included in net interest on the net defined benefit liability/asset; and
 - iii) any change in the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability/asset.

Remeasurements of net defined benefit liability/asset are charged or credited to other comprehensive income.

- c) Compensated absences is other long term employee benefit. The expected cost of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary at each balance sheet date using projected unit credit method on the additional amount expected to be paid/ availed as a result of the unused entitlement that has accumulated at the balance sheet date. Actuarial gains and losses are recognised in the Statement of Profit and Loss.

2.16 Taxes on Income

Income tax expense comprises of current tax and deferred tax. It is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised directly in equity or other comprehensive income. In such cases, the tax is also recognised directly in equity or in other comprehensive income.

Current tax

Current tax is the amount of tax payable on the taxable income for the year, determined in accordance with the provisions of the Income Tax Act, 1961.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the balance sheet and their corresponding tax bases. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences and unused tax losses being carried forward, to the extent that it is probable that taxable profits will be available in future against which those deductible temporary differences and tax losses can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

2.17 Provisions, Contingent Liabilities and Contingent

Assets

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the statement of profit or loss net of any reimbursement. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

A contingent liability is disclosed when:

- (a) a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company; or
- (b) a present obligation that arises from past events but is not recognized because:
 - (i) it is not probable that an out flow of resources embodying economic benefits will be required to settle the obligation; or
 - (ii) the amount of the obligation cannot be measured with sufficient reliability.

A contingent asset is disclosed, when there is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

Contingent liabilities and assets are not recognized but are disclosed in notes.

2.18 Government Grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. Grant related to expenses are deducted in reporting the related expense.

2.19 Non-current assets (or disposal groups) classified as held for sale

Non-current assets or disposal groups comprising of assets and liabilities are classified as 'held for sale' when all the following criteria are met: (i) decision has been made to sell, (ii) the assets are available for immediate sale in its present condition, (iii) the assets are being actively marketed and (iv) sale has been agreed or is expected to be concluded within 12 months of the Balance Sheet date.

Subsequently, such non-current assets and disposal groups classified as 'held for sale' are measured at the lower of its carrying value and fair value less costs of disposal. Non-current assets held for sale are not depreciated or amortised.

2.20 Earning Per Share

Basic earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Company by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

The Weighted average number of equity shares outstanding during the period is adjusted for events of bonus issue, buy back of shares, bonus element in a rights issue to existing shareholders, share split and reverse share split (consolidation of shares).

2.21 Recent Accounting Pronouncements

The Ministry of Corporate Affairs (MCA) in consultation with National Financial Reporting Authority (NFRA) vide its notification dated 23 March 2022, has made certain amendments in Companies (Indian Accounting Standard Rules), 2015. Such amendments shall come into force with effect from 1 April 2022, but do not have a material impact on the financial statements of the Company.

(i) Ind AS 103: Business combination

The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103.

This Company does not expect the amendment to have any significant impact in its Financial Statements.

(ii) Ind AS 37: Provisions, Contingent Liabilities, and Contingent Assets

The amendments specify that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts.

Since Company's current practice is in line with the clarifications issued, there may not be material effect on the financial statements of the Company.

(iii) Ind AS 109: Financial Instruments

The amendment clarifies which fees an entity includes when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognise a financial liability. Since Company current practice is in line with the clarifications issued, there may not be material effect on the financial statements of the Company.

(iv) Ind AS 16: Property, Plant and Equipment

The amendments mainly prohibit an entity from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, an entity will recognise such sales proceeds and related cost in profit or loss. The Company does not expect the amendments to have any impact on the financial statements.

Financial risk management

Financial risk factors

The Company's principal financial liabilities comprise of borrowings, trade and other payables. The main purpose of these financial liabilities is to manage finances for the Company's operations. The Company's principal financial assets include loans and advances, investment in equity instruments and mutual funds, trade receivables and cash and bank balances that arise directly from its operations. The Company also enters into derivative transactions to hedge foreign currency and interest rate risks and not for speculative purposes. The Company is exposed to market risk, credit risk and liquidity risk and the Company's senior management oversees the management of these risks.

Market risk

Market risk is the risk that the fair value of future cash flows of a financial asset will fluctuate because of changes in market prices. The Company's activities expose it to a variety of financial risks, including the effects of changes in foreign currency exchange rates and interest rates.

Currency risk

Foreign currency risk is the risk that fair value of future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities. The Company has obtained foreign currency loans and has foreign currency trade payables and receivables and is therefore, exposed to a foreign exchange risk. For mitigating exposure to foreign exchange risk, the Company adopts a policy of selective hedging based on the risk perception of the management. The Company has entered into foreign currency forward contracts and cross currency swap contracts.

Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of an exposure will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates. Any changes in the interest rates environment may impact future cost of borrowings. To manage this, the Company has entered into interest rate swap contracts, in which it agrees to exchange, at specific intervals, the difference between fixed and variable interest amounts calculated by reference to an agreed upon principal amount.

Liquidity risk

Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts, letters of credit and working capital limits.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF INDSIL HYDRO POWER AND MANGANESE LIMITED

Report on the Consolidated IND AS Financial Statements

We have audited the Consolidated financial statements of INDSIL HYDRO POWER AND MANGANESE LIMITED (hereinafter referred to as "the Holding Company") and its subsidiary (the Holding Company and its subsidiary together referred to as "the Group") and its Jointly controlled entity, comprising of the Consolidated Balance Sheet as at 31st March 2023, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the consolidated statement of changes in equity and the Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, as at 31st March, 2023, of consolidated total comprehensive income (comprising of profit and other comprehensive income), consolidated changes in equity and its consolidated cash flows for the year then ended.

Basis for opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in India in terms of the Code of Ethics issued by The Institute of Chartered Accountants of India and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our opinion on the consolidated financials statements.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Other Information

The Holding Company's management and board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and describe actions applicable under the applicable laws and regulations. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Management and Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, and consolidated cash flows of the Group including its Jointly controlled entity in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards [IND AS] specified under Section 133 of the act. The respective Board of Directors of the companies included in the

Group and its Jointly controlled entity are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Financial Statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the companies included in the Group and of its jointly controlled entity are responsible for assessing the ability of the Group and of its jointly controlled entity to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its jointly controlled entity are responsible for overseeing the financial reporting process of the group and its jointly controlled entity.

Auditor's responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management and Board of Directors.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group, its jointly controlled entity to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in paragraph (a) of the section titled "Other Matters" in this audit report.

- We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
- From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements of a subsidiary incorporated outside India whose financial statements (before eliminating intercompany balances) reflects total assets of ₹NIL and total net profit/(loss) after tax as (Rs. 1.88 Lakhs) as at March 31, 2023, total revenue (before eliminating intercompany transactions) Nil, as considered in the consolidated financial statements. The consolidated financial results also include the share of profit/(loss) of the joint venture (Al Tamman Indsil Ferro Chrome LLC) amounting to Rs. Annexure - A to the Independent Auditors' Report

Annexure referred to in paragraph 1(e) under the heading "Report on other legal and regulatory requirements" of our report of even date.

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Opinion

In conjunction with our audit of the consolidated financial statements of Indsil hydro Power and Manganese Limited (hereinafter referred to as "the Holding Company") as of and for the year ended 31 March 2023, we have audited the internal financial controls with reference to financial statements of the Holding Company and such companies incorporated in India under the Act which are its subsidiary companies, as of that date.

In our opinion the Holding Company and its subsidiary companies, have, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2023, based on the internal financial controls with reference to financial statements criteria established by such companies considering the essential components of such internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note")

Management's and Board of Directors' Responsibility for Internal Financial Controls

The respective company's Management and Board of Director of the Holding company and its Subsidiary company incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Holding Company. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial control system over financial reporting of the aforesaid entities.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in

accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Other Matters

These financials information have been audited by other auditors whose report have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the Wholly owned subsidiary and Joint Venture, are based solely on reports of other auditors.

Our opinion on the consolidated financial statements and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements information certified by the Management.

1. NOTES FORMING PART OF THE IND AS FINANCIAL STATEMENTS FOR THE YEAR ENDED 31.3.2023

1. Company Overview

Indsil Hydro Power and Manganese Ltd (“the Company”) is engaged in manufacturing Low/Medium/High Carbon Silico Manganese - Key ingredients used in Steel and Stainless steel Industry. Headquarter in Coimbatore (India), Indsil has LCSM Smelters in India intergrated with Captive hydel power Plant.

The Company is a Public Limited Company and listed on the BSE Limited

The Company together with its subsidiaries is hereinafter referred to as “the Group”

These financial statements were approved for issue by the board of directors of the Company on 25th May, 2023.

2. Basis of Consolidation

The consolidated financial statements comprise the financial statements of the Company and its Subsidiaries. Control is achieved when the Company is exposed, or has right, to variable return from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Company controls an investee if and only if the Company has

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns

3. Consolidation Procedure:

The financial statements of the Company and it’s subsidiary companies are combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances and intra-group transactions resulting in unrealised profits or losses, in accordance with Indian Accounting Standard 110 - Consolidated Financial Statements” & Joint Venture Company combined on a basis of equity method by adding Profits to Profit & loss accounts

In case of foreign subsidiaries, revenue items are consolidated at the average rate prevailing during the year. All assets and liabilities are converted at the rates prevailing at the end of the year. Exchange differences on translating the financial statements of foreign subsidiaries are recognised in other comprehensive income and is accumulated in Foreign Currency Translation Reserve (component of OCI) until the disposal of the investment, at which time such exchange difference is recognised in the Statement of Profit and Loss.

The list of subsidiary companies which are included in the consolidation and the Company’s holding therein are as under

S.No	Name of the Company	Ownership/voting power in % as at		Principal place of Business/ Country of Incorporation
		31 st March,2023	31 st March,2022

2. Significant accounting policies

2.1 Statement of compliance

These financial statements have been prepared in accordance with the Indian Accounting Standards (‘Ind AS ’) prescribed under Section 133 of the Companies Act, 2013 (“the Act”) read with Rule 3 of the Companies (Indian Accounting Standards) Rules,2015 (as amended)

2.2 Basis of preparation

(i) Historical Cost Convention

These financial statements have been prepared on the historical cost basis except for certain financial instruments and defined benefit plans that are measured at fair values at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

(ii) Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In measuring fair value of an asset or liability, the Company takes into account those characteristics of the assets or liability that market participants would take into account when pricing the asset or liability at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

(iii) Functional and presentational currency

These financial statements are presented in Indian Rupee (INR) which is also the functional currency.

(iv) Rounding off amounts

All amounts disclosed in the financial statements have been rounded off to the nearest rupees in Lakhs, as per the requirements of Schedule III of the Act, unless otherwise stated.

(v) Use of estimates and judgements

The preparation of financial statements in conformity with Ind AS requires the management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future period affected.

In particular, following are the significant areas of estimation, uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in standalone financial statements:

- a. Assessment of useful life of property, plant and equipment and intangible asset – refer below note 2.5.
- b. Recognition and estimation of tax expense including deferred tax – refer note 2.31
- c. Fair value measurement refer above note 2.2 (ii)
- d. Recognition and measurement of provision and contingency – refer note 2.32
- e. Estimated impairment of financials Assets-refer below note.2.11

2.3 Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in the normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current. A liability is current when:

- It is expected to be settled in the normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

The Company has deemed its operating cycle as twelve months for the purpose of current/non-current classification.

2.4 Revenue recognition

Revenue is measured at the fair value of consideration received or receivable.

- a) The Company recognizes revenue from sale of goods when it satisfies a performance obligation in accordance with the provisions of contract with the customer. This is achieved when it no longer retains control over the goods sold, the amount of revenue can be measured reliably, it is probable that the economic benefits associated with the transaction will flow to the Company and the costs incurred or to be incurred in respect of the transaction can be measured reliably. Sale of goods is recognised net of taxes collected on behalf of third parties.

The performance obligation in case of sale of goods is satisfied at a point in time i.e., when the material is shipped to the customer or on delivery to the customer, as may be specified in the contract.

- b) Inter unit transfers are adjusted against respective expenses.
- c) Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time proportion basis, by reference to the principal outstanding and the effective interest rate ('EIR') applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial assets to that asset's net carrying amount on initial recognition.
- d) Dividend income from investments in equity shares and mutual funds is recognised when the right to receive the dividend is established.
- e) Export Incentives are recognised as per schemes specified in foreign Trade Policy, as amended from time to time, on accrual basis in the year when right to receive as per terms of the scheme is established and are accounted to the extent there is no uncertainty about its ultimate collection.
- f) Insurance Claim is accrued in the year when the right to receive is established and is recognised to the extent there is no uncertainty about its ultimate collection.

2.5 Property, Plant and Equipment

Property, plant and equipment are measured at cost less accumulated depreciation and impairment losses, if any. Cost includes expenditures directly attributable to the cost of acquisition of the asset. Cost includes related taxes, duties, freight, insurance etc., attributable to acquisition and installation of assets and borrowing cost incurred up to the date of commencing operations, but excludes duties and taxes that are recoverable from taxing authorities.

Subsequent expenditure relating to property, plant and equipment is capitalised only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably.

The cost of property, plant and equipment not available for use before such date are disclosed under capital work-in-progress.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the profit or loss.

Upon transition to Ind AS, the Company has decided to continue with the carrying value of all its property, plant and equipment recognised as at 1st April 2016 measures as per the previous GAAP and use that carrying value as the deemed cost of property, plant and equipment.

The Company has adopted the useful life as specified in Schedule II to the Act, except for certain assets for which the useful life has been estimated based on the Company's past experiences in this regard, duly supported by technical advice. Accordingly, the useful lives of tangible assets of the Company which are different from the useful lives as specified by Schedule II are given below:

Buildings - 30 Yrs

Plant & Machineries - 20 Yrs

Furniture & Fittings - 10 Yrs

Vehicles - 8 Yrs

Office Equipments - 5 Yrs

Computers & Electronic Devices - 3 Yrs

Refer Note 2.01 for detailed classification of the Company's assets under various heads.

2.6 Intangible Assets

Intangible assets are recognised when the asset is identifiable, is within the control of the Company, it is probable that the future economic benefits that are attributable to the asset will flow to the Company and cost of the asset can be reliably measured.

Intangible assets with finite useful lives are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight line basis over their estimated useful lives, if any other method which reflects the pattern in which the asset's future economic benefits are expected to be consumed by the entity cannot be determined reliably. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

For transition to Ind AS, the Company had elected to continue with the carrying value of all its intangible assets recognised as at the transition date, measured as per the previously applicable Indian GAAP and used that carrying value as its deemed cost as at the transition date.

2.7 Borrowing Costs

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset (net of income earned on temporary deployment of funds) are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. All other borrowing costs are recognised as an expense in the period in which they are incurred.

A qualifying asset is an asset that necessarily takes a substantial period of time to get ready for its intended use or sale.

2.8 Inventories

Inventories are valued at the lower of cost and net realisable value.

Cost of inventories is determined on the 'weighted average' basis and comprises expenditure incurred in the normal course of business for bringing such inventories to their present location and condition and includes, wherever applicable, appropriate overheads.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

2.09 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets

Classification

The Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of its business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recognised at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent measurement of financial assets are dependent on initial categorisation. For impairment purposes, significant financial assets are tested on an individual basis and other financial assets are assessed collectively in groups that share similar credit risk characteristics.

Financial assets measured at amortised cost

Financial assets are measured at amortised cost when asset is held within a business model, whose objective is to hold assets for collecting contractual cash flows and contractual terms of the asset give rise, on specified dates, to cash flows that are solely payments of principal and interest.

Financial assets measured at fair value through other comprehensive income (FVTOCI)

Financial assets under this category are measured initially as well as at each reporting date at fair value. Fair value movements are recognised in the other comprehensive income.

Financial assets measured at fair value through profit or loss (FVTPL)

Financial assets under this category are measured initially as well as at each reporting date at fair value with all changes recognised in profit or loss.

Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash, that are subject to an insignificant risk of change in value with a maturity within three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Derecognition of financial assets

A financial asset is primarily derecognised when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

Financial liabilities

Classification

The Company classifies all financial liabilities as subsequently measured at amortised cost, except for financial liabilities at fair value through profit or loss. Such liabilities, including derivatives that are liabilities, shall be subsequently measured at fair value.

Initial recognition and measurement

All financial liabilities are recognised initially at fair value and in the case of loans, borrowings and payables, net of directly attributable transaction costs. Financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading, if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109 - "Financial Instruments". Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Financial liabilities measured at amortised cost

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using the EIR method except for those designated in an effective hedging relationship.

Amortised cost is calculated by taking into account any discount or premium and fee or costs that are an integral part of the EIR. The EIR amortisation is included in finance costs in the Statement of Profit and Loss. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the EIR method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down.

Trade and other payables

A payable is classified as 'trade payable' if it is in respect of the amount due on account of goods purchased or services received in the normal course of business. These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year, which are unpaid. They are recognised initially at their fair value and subsequently measured at amortised cost using the EIR method.

Financial guarantee contracts

Financial guarantees issued by the Company are those guarantees that require a payment to be made to reimburse the holder of the guarantee for a loss incurred by the holder because the specified debtor fails to make a payment, when due, to the holder in accordance with the terms of a debt instrument. Financial guarantees are recognised initially as a liability at fair value, adjusted for transactions costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

Embedded derivatives

Derivatives embedded in non-derivative host contracts that are not financial assets within the scope of Ind AS 109 are treated as separate derivatives when their risks and characteristics are not closely related to those of the host contracts and the host contracts are not measured at FVTPL.

Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other income or finance costs.

2.10 Derivative financial instruments

The Company enters into a variety of derivative financial instruments to manage its exposure to interest rate and foreign exchange rate risks, including foreign exchange forward contracts, interest rate swaps and cross currency swaps.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently measured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in the Statement of Profit and Loss immediately unless the derivative is designated as hedging instrument.

2.11 Impairment of financial assets:

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, lease receivables, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the lifetime expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Company measured loss allowance for a financial instrument at lifetime expected credit loss model in the previous period, but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Company again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the group uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

2.12 Investment in Subsidiaries and Associate

A subsidiary is an entity controlled by the Company. Control exists when the Company has power over the entity, is exposed or has rights to variable returns from its involvement with the entity and has the ability to affect those returns by using its power over the entity.

Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affect the entity's returns.

An associate is an entity over which the Company has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

Investments in subsidiaries and associate are carried at cost. The cost comprises price paid to acquire investment and directly attributable cost.

For transition to Ind AS, the Company had elected to continue with the carrying value of its investment in subsidiaries recognised as at the transition date, measured as per the previously applicable Indian GAAP and used that carrying value as its deemed cost as at the transition date.

2.13 Leases

The determination of whether an arrangement is, or contains a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right to control the use of the asset or assets, even if that right is not explicitly specified in an arrangement.

The Company has applied Ind AS 116 from 1st April, 2019 onwards using the modified retrospective approach.

a) Arrangements where the Company is the lessee

The company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or company's incremental borrowing rate. The lease liability is

measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments.

For short-term and low value leases are classified as operating leases. Payments made under operating leases are recognised in the Statement of Profit and Loss on a straight-line basis over the lease term.

b) Arrangements where the Company is the lessor

Rental income from operating leases is generally recognised on a straight-line basis over the lease term. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the Company's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue.

2.14 Foreign currency transactions and translations

Transactions in foreign currencies are translated to the functional currency of the Company (i.e. INR) at exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the reporting date, except for those derivative balances that are within the scope of Ind AS 109 – "Financial Instruments", are translated to the functional currency at the exchange rate at that date and the related foreign currency gain or loss are recognised in the Statement of Profit and Loss.

Foreign exchange differences regarded as an adjustment to interest costs are recognised in the Statement of Profit and Loss. Realised or unrealised gain in respect of the settlement or translation of borrowing is recognised as an adjustment to interest cost to the extent of the loss previously recognised as an adjustment to interest cost.

2.15 Employee benefits

- a) Employee benefits in the form of Provident Fund, Pension Fund, Superannuation Fund and Employees State Insurance are defined contribution plans. The Company recognizes contribution payable to a defined contribution plan as an expense, when an employee renders the related service. If the contribution payable to the scheme for services received before the balance sheet date exceeds the contribution already paid, the contribution payable to the scheme is recognised as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, the excess is recognised as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.
- b) Gratuity liability is defined benefit plans. The cost of providing benefits under the defined benefit plans is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurements of the net defined benefit liability/asset comprise:
 - i) actuarial gains and losses;
 - ii) the return on plan assets, excluding amounts included in net interest on the net defined benefit liability/asset; and
 - iii) any change in the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability/asset.

Remeasurements of net defined benefit liability/asset are charged or credited to other comprehensive income.

- c) Compensated absences is other long term employee benefit. The expected cost of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary at each balance sheet date using projected unit credit method on the additional amount expected to be paid/availed as a result of the unused entitlement that has accumulated at the balance sheet date. Actuarial gains and losses are recognised in the Statement of Profit and Loss.

2.16 Taxes on Income

Income tax expense comprises of current tax and deferred tax. It is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised directly in equity or other comprehensive income. In such cases, the tax is also recognised directly in equity or in other comprehensive income.

Current tax

Current tax is the amount of tax payable on the taxable income for the year, determined in accordance with the provisions of the Income Tax Act, 1961.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the balance sheet and their corresponding tax bases. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences and unused tax losses being carried forward, to the extent that it is probable that taxable profits will be available in future against which those deductible temporary differences and tax losses can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

2.17 Provisions, Contingent Liabilities and Contingent

Assets

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the statement of profit or loss net of any reimbursement. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

A contingent liability is disclosed when:

- (a) a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company; or
- (b) a present obligation that arises from past events but is not recognized because:
 - (i) it is not probable that an out flow of resources embodying economic benefits will be required to settle the obligation; or
 - (ii) the amount of the obligation cannot be measured with sufficient reliability.

A contingent asset is disclosed, when there is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

Contingent liabilities and assets are not recognized but are disclosed in notes.

2.18 Government Grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. Grant related to expenses are deducted in reporting the related expense.

2.19 Non-current assets (or disposal groups) classified as held for sale

Non-current assets or disposal groups comprising of assets and liabilities are classified as 'held for sale' when all the following criteria are met: (i) decision has been made to sell, (ii) the assets are available for immediate sale in its present condition, (iii) the assets are being actively marketed and (iv) sale has been agreed or is expected to be concluded within 12 months of the Balance Sheet date.

Subsequently, such non-current assets and disposal groups classified as 'held for sale' are measured at the lower of its carrying value and fair value less costs of disposal. Non-current assets held for sale are not depreciated or amortised.

2.20 Earning Per Share

Basic earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Company by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

The Weighted average number of equity shares outstanding during the period is adjusted for events of bonus issue, buy back of shares, bonus element in a rights issue to existing shareholders, share split and reverse share split (consolidation of shares).

2.21 Recent Accounting Pronouncements

The Ministry of Corporate Affairs (MCA) in consultation with National Financial Reporting Authority (NFRA) vide its notification dated 23 March 2022, has made certain amendments in Companies (Indian Accounting Standard Rules), 2015. Such amendments shall come into force with effect from 1 April 2022, but do not have a material impact on the financial statements of the Company.

(i) Ind AS 103: Business combination

The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103.

This Company does not expect the amendment to have any significant impact in its Financial Statements.

(ii) Ind AS 37: Provisions, Contingent Liabilities, and Contingent Assets

The amendments specify that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts.

Since Company's current practice is in line with the clarifications issued, there may not be material effect on the financial statements of the Company.

(iii) Ind AS 109: Financial Instruments

The amendment clarifies which fees an entity includes when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognise a financial liability. Since Company current practice is in line with the clarifications issued, there may not be material effect on the financial statements of the Company.

(iv) Ind AS 16: Property, Plant and Equipment

The amendments mainly prohibit an entity from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, an entity will recognise such sales proceeds and related cost in profit or loss. The Company does not expect the amendments to have any impact on the financial statements.

Financial risk management

Financial risk factors

The Company's principal financial liabilities comprise of borrowings, trade and other payables. The main purpose of these financial liabilities is to manage finances for the Company's operations. The Company's principal financial assets include loans and advances, investment in equity instruments and mutual funds, trade receivables and cash and bank balances that arise directly from its operations. The Company also enters into derivative transactions to hedge foreign currency and interest rate risks and not for speculative purposes. The Company is exposed to market risk, credit risk and liquidity risk and the Company's senior management oversees the management of these risks.

Market risk

Market risk is the risk that the fair value of future cash flows of a financial asset will fluctuate because of changes in market prices. The Company's activities expose it to a variety of financial risks, including the effects of changes in foreign currency exchange rates and interest rates.

Currency risk

Foreign currency risk is the risk that fair value of future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities. The Company has obtained foreign currency loans and has foreign currency trade payables and receivables and is therefore, exposed to a foreign exchange risk. For mitigating exposure to foreign exchange risk, the Company adopts a policy of selective hedging based on the risk perception of the management. The Company has entered into foreign currency forward contracts and cross currency swap contracts.

Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of an exposure will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates. Any changes in the interest rates environment may impact future cost of borrowings. To manage this, the Company has entered into interest rate swap contracts, in which it agrees to exchange, at specific intervals, the difference between fixed and variable interest amounts calculated by reference to an agreed upon principal amount.

Liquidity risk

Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts, letters of credit and working capital limits.
