## **PROCEDURE FOR REMOTE E- VOTING**

The Company has entered into an arrangement with Central Depository Services Limited (CDSL) for facilitating remote e-voting for AGM. The instructions for remote e-voting are as under:

The e-Voting process to be followed by the shareholders to cast their votes:

Pursuant to Provisions of Section 108 of the Companies Act, 2013 and Rule 20 of Companies (Management and Administration) Rules, 2014, the Company is pleased to offer e-voting facility to the members to cast their votes electronically on all resolutions set forth in the Notice convening the 31<sup>st</sup> Annual General Meeting to be held on Friday, 15<sup>th</sup> September, 2023, at 11.00 AM.

- (i) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (ii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iii) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Information regarding the E-Voting :

The shareholders should log on to the e-voting website www.evotingindia.com. The E-Voting Event Number and period of E-voting are set out below: Evsn (e-voting Sequence Number) : 94 .Commencement Of E-voting: Tuesday 12<sup>th</sup> September 2023 at 9.00 A.M. End Of E-voting : Thursday, 14<sup>th</sup> September, 2023 at 5.00P.M. During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of 07<sup>th</sup> September, 2023 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.

**Management Discussion & Analysis**

**Corporate Overview**

Virat Crane Industries Limited (the Company) has been a promising company in the Dairy Industry. Your Company now has over 30 years of outstanding journey in the Indian dairy industry.

Your Company has adopted Indian Accounting Standard (Ind AS) notified under Companies (Indian Accounting Standard) Rules 2015 and accordingly the Standalone & Consolidated Financial Statements have been prepared in accordance with Ind AS prescribed under Section 133 of the Companies Act, 2013 read with the Rules made there under.

The Financial statements are prepared in accordance with accounting principles generally accepted in India, including the Accounting Standards notified under the Companies Act, 2013 (“the Act”) read with Section 133 of the Companies Act, 2013. Your Management accepts responsibility for the integrity and objectivity of the financial statements, as well as for the various estimates and judgments used therein. These estimates and judgments relating to financial statements are prudently made to reflect in a true and fair manner the form and substance of transactions. This also enables in reasonably presenting the Company’s state of affairs and profits and cash flows for the year ended March 31st, 2023.

**Global Economic Review:**

Inflation reached decadal highs at the beginning of FY23 due to geopolitical uncertainties. However, since the second half of the year, inflation has been moderating, indicating a positive outlook. The global economy appears to be on track for a slow yet steady recovery from COVID-induced challenges and the Russia-Ukraine war. Global economic output is likely to grow gradually, owing to a stabilising inflation trajectory that is reviving consumer sentiment and investor confidence. Emerging market and developing economies (EMDEs) are also witnessing growth across multiple sectors, fuelled by government expenditures in infrastructure and manufacturing sectors.

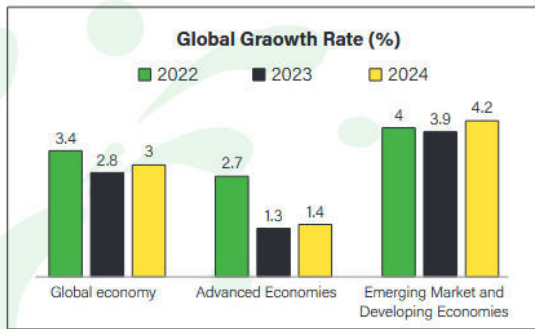

Central banks’ monetary policies are expected to bear fruit, leading to a decline in global inflation from \*8.7% in CY22 to 7.0% in CY23 to 4.9% in CY24. It is anticipated that the pent-up demand in numerous economies, along with a considerable reduction in inflation, will drive economic growth in CY23.

[\*Source: IMF World Economic Outlook, April 2023].

**Outlook**

Despite mounting inflationary pressures, the global economy is buoyed by a strong labour market, higher domestic spending, an influx of foreign capital and a prudent response to the energy crisis in Europe. Many EMDEs have already recovered, which has bolstered real incomes. An optimistic global outlook would also be determined by the pace and effectiveness of fiscal and monetary policy

actions implemented to boost economic expansion. Going forward, the governments and central banks of the world are expected to accelerate economic growth through targeted, need-based measures.

**Indian Economy :**

**Over View:**

The Indian economy has remained relatively shielded from the geopolitical and high inflation-induced global economic headwinds in the fiscal year 2023. India has emerged as one of the fastest-growing major economies worldwide and registered a growth rate of 7% in FY23, according to the second advance estimates of the National Statistical Office (NSO).

To foster economic growth, the Indian government has rolled out several initiatives, such as the PM Gati Shakti (National Master Plan), the National Monetisation Plan (NMP) and the Production Linked Incentive (PLI) plan. Moreover, with declining inflation, rising disposable incomes and continued investment in infrastructure development, economic growth is anticipated in the future.

**Outlook**

Strong credit growth, stable financial markets and the government’s greater focus on infrastructure and capex are expected to crowd in substantial investments. Although the global economic outlook is challenging, the fact that the Government of India and the Reserve Bank of India have been able to safeguard the Indian economy from an impending global recession underscores India’s robust economic fundamentals. India is showing signs of recovery, and pent-up demand during the last two years offers hope for new growth opportunities in the domestic market..

**Global dairy industry**

According to the IMARC report, the global dairy industry is projected to register a CAGR of 5.79% during the forecast period (2023 to 2028)

Milk production in the European Union, the second largest milk producer, is projected to at a slower pace when compared to the world average. Despite a slight surge in domestic milk production compared to the previous decade, China is anticipated to remain the world’s largest importer of milk products. Moreover, population growth has raised the demand for livestock products and is a primary factor in increasing the import of dairy products to Asian countries. In the next decade, the world’s per capita consumption of fresh dairy products is expected to grow by 1.4% per annum, slightly faster than the last decade due to higher per capita income growth.

### **Indian dairy industry**

India is the largest producer of dairy products in the world and ranks first in terms of milk production, contributing 23% of the global milk production.

However, India's influence on the global dairy market is minimal because it only trades marginal amounts of milk and dairy products.

Additionally, production in India was relatively unaffected by the pandemic and excess milk produced during the crisis was processed into milk powder.

The Indian dairy industry is projected to achieve a market size of INR 31,185.7 billion by 2028, showcasing a growth rate (CAGR) of 13.2% from 2023 to 2028.

A successful immunisation programme helped to reduce the impact of the Lumpy skin disease in cattle, which had an adverse effect on milk production in India in FY23. The dairy market requires significant support in the form of investments for infrastructure development for dairy processing. To create adequate infrastructure for chilling, logistics, cattle feed, and others, significant steps must be taken.

Considering the scope for delivering value-added dairy products, organic/farm fresh milk and increasing exports, various government initiatives have been implemented to attract investment to the sector. Moreover, the dairy sector has been a major contributor to the growth of India's rural economy. To boost sales, India's dairy product sector continues to focus on the semi-urban and rural regions.

### **Government initiatives**

The National Programme for Dairy Development (NPDD) has approved 4 new projects in 7 states, between January 2022 and November 2022, with a total outlay of ` 355.25 crore (central share ` 244.14 crore). With the installation of 638 bulk milk coolers (each with a capacity of 1491.00 thousand litres), 2990 automatic milk collection units, and 1419 electronic milk adulteration testing devices, these projects seek to strengthen the infrastructure for milk chilling, collection, and testing at the village level. The Livestock Health and Disease Control (LHDC) and National Animal Disease Control Programme (NACP) are also a part of the livestock health and disease control scheme and are covered by the central budget. In the current fiscal year, ` 159 crore have been distributed to the states and Union Territories, under the LH&DCP's various programmes. On May 2, 2022, in Copenhagen, Denmark, the Ministries of Fisheries, Animal Husbandry and Dairy of the Government of India and the Ministry of Food, Agriculture and Fisheries of the Kingdom of Denmark signed a Joint Declaration of Intent to collaborate in the field of animal husbandry and dairy.

The Government's landmark decision to set a ` 20 lakh crore agricultural credit target, specifically focusing on Animal Husbandry, Dairy and Fisheries, is highly commendable. The budgetary allocation for Animal Husbandry and Dairying has increased by approximately 40% to ` 4327.8 crore, reflecting the sector's importance in the national economy.

## **Opportunities**

### **☐☐ Increased adoption of advanced technology**

Large private companies and entrepreneurs in the dairy industry continue to adopt new-age technologies to address evolving business requirements and scale up business operations.

### **☐☐ Rising entrepreneurship**

The growing interest in the dairy market has led to the development of advanced infrastructure for the dairy sector. Entrepreneurs have also established modern dairy farms and infrastructure for the production of safe and hygienic milk.

### **☐☐ Demand for value-added products**

Value-added dairy products are in great demand across markets. Besides, rising consumption of ice creams/frozen dessert, milkshakes, flavoured, yoghurt and other products is also expected to drive market growth.

### **☐☐ Greater income opportunities for farmers**

The spending on dairy products continues to increase due to growing awareness about their health benefits and the introduction of innovative products to the market. It has allowed small-scale dairy producers to increase their income by selling milk to larger farms that have greater access to customers in regional as well as urban markets.

## **Challenges**

☐☐ Growing supply-demand imbalances in feed and fodder

and reduced grazing grounds for cattle continue to affect animals' milk production capacity.

☐ Maintaining hygiene is a major concern for cattle owners, as unhygienic conditions lead to the deterioration of milk quality.

☐ Due to their perishable nature, it is extremely difficult to maintain the freshness of dairy products. Dairy farmers often face logistical hassles that have an impact on the production and transportation of milk products.

☐☐ Climate change and adverse weather conditions have adversely affected the dairy product market, impacting milk and raw materials for dairy products and creating an imbalance in the supply chain.

## **Company overview**

Our company has been a promising company in the Dairy Industry. Your Company now has over 31 years of outstanding journey in the Indian dairy industry.

## **Strengths**

- \* Low Debt

### **Segment-Wise Or Product-Wise Performance**

The primary business segment of your company is ghee, cow ghee ,milk ,butter milk.

Ghee: Durga ghee still remains the most premium brand among the all brands of ghee and its brand name is strongly positioning itself more and more in the minds of people,

Kamadhenu cow ghee:

It is used mainly for pooja purposes and the demand for this product has been steadily rising. The company's management has been making efforts to position this product as a brand in this category of products.

Durga Milk:

The milk sales are steadily rising. Though the main product is ghee still the management is striving to increase milk sales.

### **Outlook**

The Company intends to enhance the quality of its services in locations where it already operates. Being aware of the shifting demographic factors such as changing lifestyles, rising disposable incomes and the transition towards leading a healthier lifestyle, the Company is trying to leverage its penetration strategy to expand its consumer base. The Company hopes adding new plant with high technology to its assets base will help cater the demand there by increasing significantly its revenue which in turn results more profits to the company.. It is expanding its value-added product portfolio and capitalising on the industry's projected double- digit growth. The Company's focus on bolstering demand, expanding its distribution network and boosting its efficiency measures will contribute to sustained growth. Investments in value-added products, milk procurement and marketing campaigns are aligned with the Company's long-term growth aspirations.

### **(e) Risks And Concerns**

Climate, water scarcity and geography Climate change and scarcity of water has been a major threat to the dairy industry as reported earlier. Milk production could go down by 3 million tons over the next three years as the average temperatures rise, creating problems of water scarcity and reduced availability of green and dry fodder for the cattle. Heat and humidity are the factors with largest impact.

#### **Internal Control Systems And Their Adequacy**

The Company has a well-defined and documented internal audit & control system, which is adequately monitored. Checks & balances and control systems have been established to ensure that assets are safe guarded, utilized with proper authorization and recorded in the books of account. The Internal control systems are improved and modified continuously to meet the changes in business conditions, statutory and accounting requirements. Your Company has an Audit Committee consisting of three Directors in whom all are Non-Executive and two are independent Directors. The Audit Committee of the Board of Directors and Statutory Auditors are periodically apprised of the internal audit findings and corrective actions taken. The Audit Committee of the Board of Directors reviews the adequacy and effectiveness of internal control system and suggests improvements if any for strengthening them.

ANNEXURE: VI

**Whistle Blower Policy**

**1. Spirit and Scope of the Policy**

(a) This policy aims to:

Provide avenues for Employees and Directors to raise concerns and receive feedback on

- Any action taken;
- Provide avenue for Employees and Directors to report breach of Company's policies
- Reassure Employees and Directors that they will be protected from reprisals or
- Victimization for Whistle Blowing in good faith.

(b) There are existing procedures in place to enable employees to lodge a grievance relating to their own employment. This Whistle Blowing Policy is intended to cover concerns that fall outside the scope of other procedures. That concern may be about an act or omission that:

- is unlawful or in breach of any law;
- is against the Company's Policies;
- Falls below established standards or practices; or
- Amounts to improper conduct, unethical behavior or suspected fraud

**2. Safeguards**

(a) Harassment or Victimization the Company recognizes that the decision to report a concern can be a difficult one to make, not least because of the fear of reprisal from those responsible for the malpractice or from superiors. The Company will not tolerate harassment or victimization and will take action to protect an individual when they raise a concern in good faith. In case, a Whistle Blower is already the subject of any disciplinary action those procedures will not be halted as a result of their Whistle Blowing.

(b) Confidentiality: The Company will do its best to protect an individual's identity when s/he raises a concern and does not want their name to be disclosed. It must be appreciated that a statement from the Whistle Blower may be required as part of the evidence in the investigation process.

(c) Anonymous Allegations: This Policy encourages individuals to put their names to allegations. However, individuals may raise concerns anonymously. Concerns expressed anonymously will be evaluated by the Company for investigation. In exercising this discretion, the factors to be taken into account would include:

- The seriousness of the issue raised;
- The credibility of the concern; and

- The likelihood of confirming the allegation from attributable sources.

(d) Untrue Allegations If the Whistle Blower makes an allegation in good faith, which is not confirmed by the investigation, no action will be taken against the Whistle Blower. If a complaint is malicious or vexatious, disciplinary action will be taken.

### **3. Raising a Concern**

(a) Operational concerns shall be raised with Line Manager or Skip Line Manager. Whistle blowing mechanism should be used for potentially serious or sensitive issues.

(b) The first step should be to approach the relevant Business Head. In case the Business Head or Senior Management is the subject of complaint, the employees can directly reach out to HR Director or Legal Director. If the Business Head finds the Whistle Blower complaint to be substantiated, s/he will consult with the HR Director or Legal Director on referring it to the appropriate body formed by the Company for such purposes. Employees of the HR/ Legal Director's Services should raise their concerns with the Finance Director.

(c) Employees may send in written communications to Manager – Corporate Policies and Compliances, C/o Legal Department at HO.

(d) The background and history of the concern, giving names, dates and places where possible, should be set out and the reason why the individual is particularly concerned about the situation. Those who do not feel able to put their concern in writing can telephone or meet the appropriate officer (immediate superior or Legal Director).

(e) The complainant is not expected to prove the truth of allegation, but should be able to demonstrate that there are sufficient grounds for concern. Employees must raise concerns immediately. This will support investigation process and enable faster implementation of corrective actions, if any.

(f) Advice and guidance on how matters of concern may be pursued can be obtained from the Code Officer.

(g) In case of any serious concerns, the Whistle Blower may also directly approach the Chairperson of the Audit Committee.

### **4. How The Complaint Will Be Dealt With**

- (a) The concerns raised may be dealt in following ways:
- form the subject of an independent inquiry;
  - be investigated internally;
  - be referred to the external Auditor; or

- be referred to the police; if required.

(b) Upon receipt of a concern, an initial enquiry will be made to decide whether an investigation is appropriate and, if so, what form it should take. Some concerns may also be resolved by an agreed action without the need for investigation. (c) After the concern has been evaluated, the Company will write to the complainant: acknowledging that the concern has been received;

- indicating how it is proposed to be dealt with;
- Informing whether further investigations will take place, and if not, why not.

(d) The amount of contact between the body considering the issues and the complainant will depend on the nature of the matters raised, the potential difficulties involved and the clarity of the information provided. If necessary, further information will be sought from the complainant.

(e) The Company will take steps to protect the Whistle Blower from victimization and minimize any difficulties which a person reporting under Whistle Blowing may experience as a result of raising a concern.

(f) The Company accepts and would take such steps as may be required to assure the Whistle Blower that the matter has been appropriately addressed.

## **5. Reporting**

The concerns raised under Whistle Blowing shall be reported periodically to Management Committee and Audit Committee of the Company.

### **1. The Compliance Officer**

The Company Secretary acting as the Compliance Officer of the Company shall also act as the Compliance Officer under the Whistle Blowing Policy.

### **2. Address for reporting and communication:**

Write to the Compliance Officer – Corporate Policies and Compliances,  
Virat Crane Industries Limited, Guntur.

**INDEPENDENT AUDITOR'S REPORT**

To the members of  
**Virat Crane Industries Limited**

**Report on the Audit of the financial statements**

Opinion

We have audited the accompanying financial statements of Virat Crane Industries Limited (“the Company”), which comprise the Balance Sheet as at March 31, 2023, and the Statement of Profit and Loss (including Other Comprehensive Income), statement of changes in equity and the statement of cash flow for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred as “the financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (as amended) (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended) (“Ind AS”) and other accounting principles generally accepted in India.

- a. in the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2023;
- b. in the case of the Statement of Profit and Loss, of the loss and other comprehensive income for the year ended on that date
- c. in the case of statement of changes in equity, of the changes in equity for the year ended on that date, and
- d. in the case of statement of cash flows, of the cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on financial statements.

## Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to communicate in our report.

## Information Other than the Financial Statements and Auditors' Report Thereon

The Company's board of directors is responsible for the preparation of the other information. The other information comprises the information as included in the Directors' Report, Management discussion and Analysis report including Annexures to Directors' Report and Corporate Governance Report but does not include the financial statements and our independent auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ("IND AS") prescribed under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of

the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors are also responsible for overseeing the company's financial reporting process.

#### Auditor's Responsibilities for the Audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going

- concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure, a statement on the matters specified in paragraph 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, based on our audit we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) the Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act read with Rule 7 of the Companies (Accounts) Rules, 2014 (as amended).
- e) On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2023, from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in “Annexure B”. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company’s internal financial controls over financial reporting;
- g) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
  - a. The Company has disclosed the impact of pending litigations on its financial position in Note 37 of its financial statements.
  - b. The Company did not have any long-term contracts including derivative contracts for which there are any material foreseeable losses.
  - c. There were no amounts which are required to be transferred to the Investor Education Protection Fund by the Company.
  - d.
    - i. The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entities, including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the

Annexure to the Independent Auditors' Report on the financial statements

The Annexure referred to in paragraph 1 under "Report on Other Legal and Regulatory Requirements" of our report of even date to the financial statements of the Company for the year ended March 31, 2023.

We report that:

- i. a A. The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.  
B. The Company has maintained proper records showing full particulars of intangible assets.
- b The Company has a regular programme of physical verification of its property, plant and equipment so as to cover all the items in a phased manner every year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and nature of its property, plant and equipment. In accordance with this programme certain property, plant and equipments were verified during the year and no material discrepancies were noticed on such verification.
- c According to the information and explanations given to us and the records produced to us for verification, the title deeds, comprising all the immovable properties of land and buildings which are freehold, are held in the name of the Company as at the balance sheet date.
- d The Company has not revalued any of its property, plant and equipment and intangible assets during the year Accordingly, paragraph 3(i)(d) of the Order is not applicable to the Company for the year.
- e According to the information and explanations given to us and the records examined by us, no proceedings have been initiated during the year or are pending against the Company as at March 31, 2023 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended) and Rules made thereunder.

- ii. a . According to the information and explanations given to us, the inventories were physically verified during the year by the Management at reasonable intervals. In our opinion and according to the information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and the nature of its operations. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories when compared with books of account.
- b . According to the information and explanations given to us and the records examined by us, during the year at any point of time, the Company has not been sanctioned working capital limits in excess of five crore rupees in aggregate from banks or financial institutions on the basis of security of current assets. Accordingly, paragraph 3(ii)(b) of the Order is not applicable to the Company for the year.
- iii. The Company has not provided security or granted any advances in the nature of loans during the year. The Company has not made investments and provided unsecured loans to related parties during the year, in respect of which:
  - a. The Company has provided loans and guarantees during the year and details of which are given below:

(Amount in lakhs)

Particulars	Guarantees	Security	Loans	Advances in the nature of loans
Aggregate amount granted / provided during the year

- Others	1,000.00	-	1,108.81	-

^\* The amounts reported are at gross amount, without considering provision made.

The investments made, guarantees provided and the terms and conditions of the grant of all the above mentioned loans and guarantees provided, during the year are, in our opinion, prima facie, not prejudicial to the Company's interest.

According to the information and explanation given to us and on the basis of our examination of the records of the Company, in our opinion, the terms of repayment of the above loans do not stipulate any repayment schedule and the loans are repayable on demand. The Company not charging interest on the loans given to related parties. The loans given to related parties are outstanding for a long time, hence "allowance for expected credit loss on loans and advances" provided during the year by the management.

According to the information and explanation given to us and on the basis of our examination of the records of the Company, there are no overdue amounts in respect of the above loans granted to the body corporates as there is no repayment schedule and bear no interest.

No loan granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to the same parties.

According to the information and explanation given to us and on the basis of our examination of the records of the Company, in our opinion, the terms of repayment of the following loans do not stipulate any repayment schedule and the loans are repayable on demand.

(Amount in Lakhs)

- iv. The Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of loans granted, investments made and guarantees and securities provided, as applicable except the negative comments as given in above paragraph (iii).
- v. According to the information and explanation given to us, the Company has not accepted any deposit during the year to which Section 73 to 76 or other relevant provision of the Act and Rules made thereunder were applicable. There are no unclaimed deposits as on the Balance Sheet date. Hence, the paragraph 3(v) of the Order is not applicable to the Company for this year.
- vi. According to the information and explanation given to us, maintenance of cost records has not been prescribed by the Central Government under sub-section 1 of Section 148 of the Act. Accordingly, paragraph 3(vi) of the Order is not applicable to the Company for the period.
- vii. a According to the information and explanation given to us and on the basis of our examination of the records of the Company, amounts deducted / accrued in the books of accounts in respect of undisputed statutory dues including provident fund, employees' state insurance, income-tax, goods and service tax, sales tax, service tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues applicable to it have been generally regularly deposited during the year by the Company with appropriate authorities.

According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees' state insurance, income-tax, service tax, sales tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues were outstanding, at the year ended on March 31, 2023 for a period of more than six months from the date they became payable.

- b According to the information and explanations given to us, there are no dues of income-tax, sales tax, service tax, duty of customs, duty of excise and value added tax as at March 31, 2023 which have not been deposited with the appropriate authorities on account of any dispute, except as stated below –

Annexure-A to the Independent Auditors' Report of even date on financial statements of Virat Crane Industries Limited

[Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report of even date to the Members of Virat Crane Industries Limited on the Financial Statements for the year ended March 31, 2023]

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of Virat Crane Industries Limited ('the Company') as of March 31, 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

#### Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls with reference to financial statements based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its

assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

### Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

### Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that:

- 1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- 2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and

- 3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### Opinion

In our opinion, to the best of our information and according to the explanation given to us, the Company has, in all material respects, an adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2023, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

The financial statements for the year ended March 31, 2023 were approved for issue by the Company's Board of Directors on May 29, 2023.

### 2. Significant accounting policies

#### 2.1 Statement of compliance

The financial statements are prepared in accordance with and in compliance, in all material aspects, with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the "Act") read along with Companies (Indian Accounting Standards) Rules, 2015 (as amended), other provisions of the Act& Rules made thereunder and guidelines issued by the Securities and Exchange Board of India (SEBI).

#### 2.2 Basis of preparation and presentation of financial statements

These financial statements have been prepared on the historical cost basis except for certain financial assets and defined benefit plans which are measured at fair values at the end of each reporting period. Historical cost is generally based on the fair value of consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or liability, the company takes into account the characteristics of the asset or liability that market participants would take into account when pricing the asset or liability at the measurement date.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

### **2.3 Functional and presentation currency:**

The financial statements are presenting in Indian Rupees, which is the Company's functional and presentation currency and all amounts are rounded off to the nearest lakhs and two decimals thereof, except for share data or otherwise stated.

### **2.4 Classification of assets and liabilities as current and non-current:**

The Company presents assets and liabilities in the balance sheet based on current / non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities. The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

### **2.5 Fair value measurement**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for net realizable value in Ind AS 2 or value in use in Ind AS 36 that has some similarities to fair value but are not fair value.

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

## **Virat Crane Industries Limited**

Notes forming part of financial statements for the year ended March 31, 2023

(All amounts are Indian Rupees in lakhs except for shares data or otherwise stated)

---

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarizes accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

### **2.6 Inventories**

Inventories which comprise raw materials, finished goods and stock-in-trade are carried at the lower of cost and net realizable value. Cost of inventories comprises cost of purchases, cost of conversion, all non-refundable duties & taxes and other costs incurred in bringing the inventories to their present location and condition. In determining cost "First in First out" method is used.

Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and other costs necessary to make the sale.

Raw material and other supplies held for use in production of inventories are not written down below cost, except in cases where material price have declined and it is estimated that the cost of the finished products will exceed their net realizable value.

### **2.7 Cash and cash equivalents**

Cash comprises cash on hand, in bank and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

### **2.8 Cash flow statement**

Cash flows are reported using the indirect method, whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

### **2.9 Significant accounting judgements, estimates and assumptions**

The preparation of the Company's separate financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. Difference between actual results and estimates are recognised in the periods in which the results are known / materialised.

**Estimates and assumptions:**

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company has based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

The areas involving critical estimates or judgement are:

**a. Useful lives of Property, Plant & Equipment(Refer Note 2.11, 2.18 and 2.23):**

The Company uses its technical expertise along with historical and industry trends for determining the economic life of an asset / component of an asset. The useful lives are reviewed by management periodically and revised, if appropriate. In case of a revision, the unamortised depreciable amount is charged over the remaining useful life of the assets.

**b. Inventory write down - refer note 2.6**

The Company reviews the allowance for defective and obsolete items of inventory, wherever necessary at the end of each reporting period

**c. Estimation of tax expenses, utilisation of deferred tax assets (including MAT credit) and tax payable - refer note 2.10**

The Company reviews the carrying amount of tax expenses, deferred tax assets(including MAT credit) and tax payable at the end of each reporting period.

**d. Probable outcome of matters included under Contingent Liabilities - refer note 2.17**

Management has estimated the possible outflow of resources at the end of each annual reporting financial year, if any, in respect of contingencies/ litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

**e. Allowance for doubtful trade receivables**

Trade receivables do not carry any interest and are stated at their nominal value as reduced by appropriate allowances for estimated irrecoverable amounts. Under Ind AS, impairment allowance has been determined based on Expected Credit Loss (ECL) model. Estimated irrecoverable amounts are based on the ageing of the receivable balance and historical experience. Individual trade receivables are written off if the same are not collectible.

**2.10 Taxes**

**Current tax**

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted by the end of the reporting period.

Current income tax relating to items recognised outside profit or loss are recognised outside profit or loss (i.e in other comprehensive income). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management

---

periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate

***Deferred tax***

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be utilised.

Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction in OCI or equity.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

***Current and deferred tax for the year***

Current and deferred tax are recognised in statement of profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

***GST paid on acquisition of assets or on incurring expenses***

Expenses and assets are recognised net of the amount of GST paid, except:

### 2.11 Property, plant and equipment (including capital work-in-progress)

Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses, if any. Such costs directly attributable to acquisition are capitalized until the property, plant and equipment are ready for use, as intended by the management.

Cost of assets not put to use before such date are disclosed under "Capital work-in-progress". Capital work-in-progress is stated at cost, net of accumulated impairment loss, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in statement of profit or loss as incurred.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, Company has computed depreciation based on useful lives as specified in Schedule II under straight line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Assets individually costing less than Rs. 20,000 are fully written off in the year of purchase at the discretion of management.

An item of property, plant and equipments are derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the statement of profit or loss.

The residual values are not more than 5% of the original cost of the asset. The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Advances paid for acquisition of Property, plant and equipment outstanding at each balance sheet is classified as capital advances under "Other non-current assets".

Borrowing costs relating to acquisition of Property, plant and equipment which take substantial period of time to get ready for its intended use are also included to the extent

they relate to the period till such Property, plant and equipment are ready to be put to use. Borrowing cost includes exchange differences arising from foreign currency borrowing to the extent they are regarded as an adjustment to the finance cost.

Cost of self-generated tangible fixed assets includes direct costs relating to construction activities and indirect costs incidental to the construction of such property. Other indirect expenditure incurred during the construction period which is not related to construction activity nor is incidental thereto is charged to Statement of Profit and Loss.

### **2.12 Government grants**

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

Government grants such as sales tax incentive, export benefit schemes are recognized in the Statement of Profit and Loss as a part of other operating revenues whereas grants related to power incentives and interest subsidies are netted off from the related expense.

The Company has accrued income for Government grant related to property, plant and equipment, in the ratio of related expenses, based on eligibility amount if any. Critical judgement is involved in determining whether the Company has fulfilled the conditions related to the grant. Estimates are involved in calculation of grant income where the eligibility amount is not confirmed by the government but application is made and the Company is complying all terms and conditions for eligibility.

### **2.13 Foreign currency transactions**

Transactions in foreign currencies are initially recorded by the Company at INR spot rate at the date the transaction first qualifies for recognition. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognised in Statement of profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

### **2.14 Finance costs**

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. Other borrowing costs are expensed in the period in which they are incurred.

Borrowing cost includes exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the finance cost.

### **2.15 Earnings per share**

Basic earnings per equity share is computed by dividing the net profit or loss for the year attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit after tax for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares if any. The dilutive potential equity shares are deemed to be converted as of the beginning of the year, unless they have been issued at a later date.

The number of equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of Financial Statements by the Board of Director.

### **2.16 Impairment of non-financial assets**

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating units (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Company extrapolates cash flow projections in the

budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the entity operates, or for the market in which the asset is used.

Impairment loss of continuing operations, including impairment on inventories is recognised in the Statement of Profit and Loss.

### **2.17 Provisions, contingent liabilities and contingent assets**

Provisions for legal claims, service warranties, volume discounts and returns are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses. Provisions for restructuring are recognised by the Company when it has developed a detailed formal plan for restructuring and has raised a valid expectation in those affected that the Company will carry out the restructuring by starting to implement the plan or announcing its main features to those affected by it.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

The measurement of provision for restructuring includes only direct expenditures arising from the restructuring, which are both necessarily entailed by the restructuring and not associated with the ongoing activities of the Company.

Contingent liabilities are disclosed when there is a possible obligation arising from past events the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

Contingent Assets are disclosed, where an inflow of economic benefits is probable.

### **2.18 Intangible assets**

Intangible assets are stated at cost less accumulated amortization and impairment losses, if any Intangible assets acquired separately are measured on initial recognition at cost. Cost comprises the purchase price and any attributable expenditure on making the asset ready for its intended use. Intangible assets are amortised on a straight line basis over their estimated useful economic life. The Company uses a rebuttable presumption that the useful life of an

intangible asset will not exceed five years from the date when the asset is available for use. Amortization of intangible assets acquired or disposed off during the year is provided on pro-rata basis with reference to the date of acquisition or disposal.

The amortization period and the amortisation method are reviewed at each financial year end. If any changes are required in the amortisation period or the amortisation method as a result of such review, such changes are accounted for in accordance with IND AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors.

### 2.19 Financial instruments

Financial assets and financial liabilities are recognised when an entity becomes a party to the contractual provisions of the instrument.

#### Financial assets

##### Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

##### Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in three categories:

- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments including derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

##### Equity investments

All equity investments in scope of Ind AS 109 are measured at fair value. For all equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity. The Company has made such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

##### Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised when:

- The rights to receive cash flows from the asset have expired or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either

(a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

#### **Impairment of financial assets**

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balance
- Financial assets that are equity instruments and are measured as at FVTOCI
- Lease receivables under Ind AS 116
- Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables
- All lease receivables resulting from transactions within the scope of Ind AS 116

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

## Virat Crane Industries Limited

Notes forming part of financial statements for the year ended March 31, 2023

(All amounts are Indian Rupees in lakhs except for shares data or otherwise stated)

---

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms

As a practical expedient, the Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the Statement of Profit and Loss. This amount is reflected under the head 'other expenses' in the P&L. The balance sheet presentation for various financial instruments is described below:

- Financial assets measured as at amortised cost, contractual revenue receivables and lease receivables: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.
- Loan commitments and financial guarantee contracts: ECL is presented as a provision in the balance sheet, i.e. as a liability.
- Equity instruments measured at FVTOCI: Since financial assets are already reflected at fair value, impairment allowance is not further reduced from its value. Rather, ECL amount is presented as 'accumulated impairment amount' in

---

the OCI.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

The Company does not have any purchased or originated credit-impaired (POCI) financial assets, i.e., financial assets which are credit impaired on purchase/ origination.

**Financial liabilities****Initial recognition and measurement**

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

**Subsequent measurement**

The measurement of financial liabilities depends on their classification, as described below:

**Financial liabilities at fair value through profit or loss**

Gains or losses on liabilities held for trading are recognised in the profit or loss. The Company has not designated any financial liability as at fair value through Statement of Profit and Loss.

**Loans and borrowings**

This is the category most relevant to the Company. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in Statement of Profit and Loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

**Derecognition**

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by

another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

**Offsetting of financial instruments**

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

**2.20 Segment reporting**

The Company is primarily engaged in the business of processing of milk and manufacturing of dairy products. Therefore, the Company is of the view that revenue from processing of milk and manufacturing of dairy products is a single component of the Company for assessing its performance. Hence, processing of milk and manufacturing of dairy products is the only reportable segment. The Company's operations are primarily in India, accordingly there is no reportable secondary geographical segment.

**2.21 Discontinued operations**

During the year, there are no transactions relating to Discontinued operations, hence disclosure under Ind AS 105 notified under the Accounting Standards is not applicable for the current and previous financial year.

**2.22 Revenue from contracts with customers**

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. The Company has generally concluded that it is the principal in its revenue arrangements, because it typically controls the goods or services before transferring them to the customer

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. Goods and Service tax (GST) is not received by the Company on its own account. Rather, it is tax collected on value added to the commodity by the seller on behalf of the government. Accordingly, it is excluded from revenue. The specific recognition criteria described below must also be met before revenue is recognised

**Sale of goods other than power**

Revenue from sale of goods in the course of ordinary activities is measured at the fair value of the consideration receivable, net of trade discounts and volume rebates also excludes taxes or amount collected from customers in its capacity as agent. Revenue is recognized when significant risks and rewards of their ownership are transferred to the buyer, recovery of the consideration is probable, the associated costs and possible return of goods can be estimated reliably, there is no continuing effective control over, or managerial involvement with, the goods, and the amount of revenue can be measured reliably.

#### **Interest income**

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

### **2.23 Leases**

At inception of contract, the Company assesses whether the Contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. At inception or on reassessment of a contract that contains a lease component, the Company allocates consideration in the contract to each lease component on the basis of their relative standalone price.

#### ***Assets taken on lease - Short-term leases and leases of low-value assets:***

The Company applies the short-term lease recognition exemption to its short-term leases. It also applies the lease of low-value assets recognition exemption that are considered to be low value. Lease payments on short-term leases and leases of low value assets are recognised as expense on a straight-line basis over the lease term.

#### ***Assets given on lease - As a lessor:***

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

### **2.24 Dividend distribution to equity holders**

The Company recognises a liability to dividend distributions to equity holders when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity. and Interim dividends is recorded as a liability on the date of declaration by the company's Board of Directors.

<b>Total of financial liabilities</b>	<b>2,053.17</b>	<b>1,071.06</b>	<b>2,053.17</b>	<b>1,071.06</b>

The Company has disclosed financial instruments such as cash and cash equivalents, other bank balances, trade receivables, trade payables and short-term borrowings at carrying value because their carrying amounts are a reasonable approximation of the fair values due to their short-term nature.

**Calculation of fair values**

The fair values of the financial assets and liabilities are defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Methods and assumptions used to estimate the fair values are disclosed in Note 2.

**44. Financial risk management framework –**

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The board of directors has established a Risk Management Framework which is reviewed and monitored by the Risk Management Committee. The Committee reports regularly to the board of directors on its activities.

**VIRAT CRANE INDUSTRIES LIMITED****Notes forming part of financial statements for the year ended March 31, 2023****(All amounts are in ₹ in lakhs except for shares data or otherwise stated)**

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate limits and controls and to monitor risks and adherence to limits. The Company, through its training and established procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Company's activities expose it to Credit risk and Liquidity risk.

**A. Credit Risk**

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss.

Based on the overall credit worthiness of Receivables coupled with their past track record, Company expects No/Minimum risk with regard to its outstanding receivables. Also, there is a mechanism in place to periodically track the outstanding amount and assess the same with regard to its realisation. Company expects that all the debtors will be realised in full, and accordingly, no provision has been made in the books of account for doubtful receivables.

**B. Liquidity Risk**

The Company's principal sources of liquidity are cash and cash equivalents, working capital facility with banks and the cash flows that are generated from operations. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and by continuously monitoring, forecasting and actual cash flow and by matching the maturity profiles of financial assets and liabilities.

**45. Capital management –**

Company's Capital Management objectives are to:

- Ensure the company's ability to continue as a going concern
- Provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

For the purpose of the Company's Capital Management, capital includes issued capital and all other equity reserves. Company manages its capital structure and makes adjustments in the light of changes in economic environment and the requirements of financial covenants.

The following table summarizes the Capital of the Company:

Particulars	As at March 31, 2023	As at March 31, 2022
Borrowings	658.37	337.29
Less: Cash and cash equivalent	25.60	56.31

Equity (including other equity) (B)	5,395.32	5,803.06
<b>Capital gearing ratio (A/B)</b>	<b>11.73%</b>	<b>4.84%</b>

In order to achieve this overall objective, the Companies capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants, in certain cases, may permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current year and previous year. No
