Sir we miss you

Fondly remembering...

(Founder, Chairperson & Managing Director)

BAMBINO AGRO INDUSTRIES LIMITED

Dear Shareholders,

It gives me great pleasure to present to you our 40th Annual Report for the financial year ended 31st March 2023.

It has been a year of breakthroughs, to say the least. Starting off with our highest ever monthly billing in the second quarter and ending with a record breaking 303 Crores annual turnover! Our Sales team has performed with flying colours.

During the year under review, we recorded a revenue growth of 17.83 % YoY to Rs. 30,319.72 Lakhs from Rs. 25,732.27 Lakhs in FY 2021-22. I am elated to report this year's strong revenue growth and milestone achievements!

This milestone was, Thatha's, our founding Chairman's dream.

We, the company, would not have come this far without the unwavering effort, allegiance, and dedication of all our teams: Sales, Operations, Finance, Purchase, etc. Every employee of the company has worked towards this achievement.

While I am elated at the company's accomplishments, I am mindful of how much more there is to accomplish.

Our country's population is becoming more and more health-conscious by the day. People are consciously choosing to eat food that is grown and made locally and organically. This is not only healthy for them but also for the country, at large, because it makes us more self-reliant. This resonates with our Prime Minister's motto: "Aatmanirbhar Bharat." Initiatives like "Fit India" and "National Nutrition Mission" are spreading awareness about healthy food habits. Our raw material is Wheat. Wheat that is grown by Indian farmers on Indian soil in turn becomes Pasta, Vermicelli, Dalia, etc. Our product is made from Indian grains for consumption in Indian and global markets. This contributes towards our country's consumption and supports our community.

As always, Bambino Agro's efforts will be to develop, sell, and therefore encourage, the consumption of food that is healthy and tasty. We are developing products like Millet Vermicelli, Ragi Vermicelli, and other grain-based products and will introduce more value-added products. In adaption of the International Year of Millets, which is 2023, Bambino Agro plans to introduce its "Millet" range of products. We aim to further expand our distribution network and market share with a strategic approach.

With the new plant coming into action, we have further improved our quality and supply. Our wide distribution network, brand recognition, and our constant endeavours to grow have contributed to the company's triumph.

Other significant achievements by your company during this year were: the usage of Silos, a record-breaking quantity in

storage of Wheat at our Gurgaon factory, and the commencement of commercial production at our Gohana Factory.

We have implemented, with caution, our seasoned yet new age ideas to great results. The company has witnessed stellar growth over the past couple of years in terms of numbers, product range, talent, and strategy. We have a presence in every Indian, if not Global, home as a "staple." As a pioneer in the Vermicelli and Pasta industry, Bambino Agro is equipped with time-served and skilled professionals, a wide distribution network, strong goodwill, and dynamic teams. We are at an inflection point and on the fast-track to becoming a 1000 Crore company.

Before I conclude -

There have been a lot of changes in the company over the past few years. The tragedy of Sir's untimely demise, me having to take on the new position and other challenges from external forces but your backing and encouragement has made the company stronger. My entire team, the esteemed Board members, and all of you shareholders have remained loyal to the company. All of you bolster the company, and me, to no bounds and catapult us to achieve everything we aspire to. So for that, I am indebted to every one of you. I would like to extend my deepest gratitude, with folded hands.

I cannot articulate how I feel to be carrying forward my father's (Late Shri Raghuv eer Myadam) and grandfather's (Late Shri Myadam Kishan Rao) legacy but I will try. It fills me with pride, enthusiasm, and strength to be a part of their team, the Bambino team. I aim to work with the values they inculcated in me and grow Bambino Agro with utmost care, discipline, and energy.

It has been a wonderful learning experience to be heading my father's company alongside my sister, Namratha. It is also very special to me. We empower each other and therefore the company. We are constantly guided by our seniors and rely on their instincts, professionalism and valuable experience. I am heartened by the ownership and passion they feel towards the company. One such pillar is Mr. S. S. N. Murthy. He has been pivotal in my transition and with his counsel our team viewed every obstacle as an opportunity to grow and move forward together. We are an amalgamation of different perspectives, working styles, and generations. There is a synergy of the old and the new.

Thank you.

Industry structure and development

The Indian economy demonstrated remarkable resilience by positioning itself for a return to pre-pandemic growth levels. It emerged as an outlier, achieving the highest growth rate among the major large economies thereby emerging as the world's fastest - growing economy.

However, there were certain challenges in the food industry. It was significantly impacted by high commodity prices, rising interest rates, and the continuing impact of Russia-Ukraine war during the year. Further, the long-term effects of these factors continue to be felt giving rise to fears of an impending recession in major economies.

Your Company operates in the packaged food segment mainly comprising of processed & packaged foods viz., Macaroni, Pasta, Vermicelli, Dalia, Soya chunks, Wheat flour, and instant-food products like Instant Soups, Instant food mixes, Ginger garlic paste, etc.

Although commodity prices were volatile and inflation was at unprecedented levels, the post-covid normalization of economic activities supported growth throughout the year. India was one of the fastest growing economies in the world with healthy domestic demand backed by substantial investments in infrastructure. The major challenge confronting the food industry was managing inflation in the cost of key commodities like wheat, edible oil, and crude oil, all of which were trading at multi-year high prices.

Your Company was successfully able to overcome these challenges by focusing on the strategic pillars of innovation, brand building, and distribution in order to sustain growth and profitability. Sensible procurement decisions helped your Company to ensure availability and to overcome volatility in prices of our most important commodity i.e. Wheat. Careful price increases were also actioned to mitigate the effects of rising commodity prices. Your Company's assessments and strategies are outlined in this report and are to be read in context of the evolving situation.

Opportunities and threats**Pasta and Vermicelli**

Due to increasing levels of household penetration in pasta category, the potential for growth in this category is immense. The per capita consumption of Pasta in India continues to lag behind the levels seen in developed countries. The possibilities for increasing consumption through innovative, healthy, and superior offerings in this category are numerous, which positions your Company in a good space for future growth and expansion.

There has been an increased entry of many new players along with the entry of private labels in the category.

However, through our wide distribution, increased focus on innovation, and new offerings, your Company has been able to increase its share of wallet in this space.

Soya

Your Company has entered into this new category last year which has synergies with its existing distribution. Your Company has made inroads and good initial progress in this space and will continue to grow its market share in this segment.

Instant Foods

Your Company continues to focus on some key areas in Instant foods space that align with its distribution and brand strength. The opportunities in this space continue to grow and your Company shall continue to maintain selective focus in this space in coming years.

Future outlook

Despite apprehensions about global recession, businesses in India are optimistic about demand conditions. The trajectory for inflation during the coming year will depend on a host of domestic and global factors. The outlook for food prices and rural growth will depend significantly on climatic factors and adequacy of monsoon rainfall.

Wheat prices are expected to remain high on account of high input costs and good demand. Global weather conditions like "El Nino" might effect Wheat crop and policy on Wheat exports/imports may play a crucial role on input cost of this commodity. Prices of other essentials like edible oil, fuel, sugar and milk powder continue to be subjected to high uncertainty. However, it is expected that a good crop will help keep prices in check and strengthen rural demand. The government's focus on capital expenditure, private sector manufacturing, and service activity should also support income generation and boost economic activities.

Your Company expects to continue its high performance on the strength of its hardworking and creative team, strong brand, and wide distribution network. These factors will continue to fuel growth and expansion.

Your Company's International Business managed to grow and expand to new geographies during the year. The International Business witnessed good double-digit value growth in APAC and Americas mainly through the change in product mix and distribution strategy. The Company could enter new geographies in Middle East in this year.

Our purpose includes optimal leverage of available resources, enhancing our operational structure, and consistently delivering value.

Risks & concerns

The global economy is becoming uncertain due to turmoil in financial markets, geo-political tensions, persistently high inflation and recessionary trends. These factors along with tight global financial conditions, protectionist trade policies and climatic changes due to global warming pose significant risks to growth.

While the Indian economy has shown remarkable resilience and growth so far, it may not be immune to a long term global slowdown or recession in advanced economies.

Any shortfall in monsoons due to onset of 'El Nino' conditions as forecasted, would also have a higher impact on rural consumption and the Indian economy as a whole.

Interest rate increase and tight money market conditions are expected to result in moderate growth rate in India.

Availability and prices of input materials like wheat and edible oil could be affected, thereby posing severe risks to the business growth.

Your Company's continued performance and growth would depend largely on the effective management of commodity inflation and volume growth while optimally managing the price increases in a subdued demand environment.

Consumer sensitivity to price increases in our core categories, migration to low cost products, intense competition, lower purchasing power and changing consumer preferences could pose challenges to your Company's future growth prospects.

Internal Control Systems and their adequacy

The Company has an adequate internal control system to commensurate with the size and complexity of the organization. Cautionary Statement

Statement in this "Management Discussion & Analysis" may be considered to be "forward looking statements" within the meaning of applicable security laws or regulations. Actual results differ materially from those expressed or implied, important factors that could make a difference to the Company's operations include Indian demand supply conditions, raw material availability and prices, agricultural yield, Government regulations besides other factors such as litigations and court cases.

To THE MEMBERS OF **BAMBINO AGRO INDUSTRIES LIMITED**

Report on the Audit of Financial Statements

Opinion

We have audited the accompanying financial statements of **Bambino Agro Industries Limited** ("the Company"), which comprise the Balance Sheet as at 31st March 2023, the Statement of Profit and Loss, the Statement of Changes in Equity and statement of Cash Flows for the year then ended, and Notes to the Financial Statements, including a summary of significant accounting policies and other explanatory information.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and informing our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to communicate in our report.

Information Other than Financial Statements and Auditors Report

The Company's Board of Directors is responsible for the other information. The other information obtained at the date of this auditor's report comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report and Shareholder's Information but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The accompanying financial statements have been approved by the companies Company's Board of Directors. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters those charged with governance, we determine those matters that were of most significance in the audit of financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE – 2 TO THE INDEPENDENT AUDITOR’S REPORT:

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”):

We have audited the internal financial controls over financial reporting of Bambino Agro Industries Limited (“the Company”) as of 31st March 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit.

We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that

- 1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

- 2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- 3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion:

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.
