**EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013**

Pursuant to Section 102 of the Companies Act, 2013 ('the Act'), the following Explanatory Statement sets out all material facts relating to the business mentioned under Item Nos. 3 to 6 of the accompanying Notice dated 26<sup>th</sup> July, 2023.

**Item No. 3**

Mr. Anil Patel had been re-appointed as a Managing Director and Chief Executive Officer of the Company on 11<sup>th</sup> February, 2023 w.e.f 1<sup>st</sup> April, 2023 for a period of 3 years. The term of office of Mr. Anil Patel as MD & CEO of the Company was due on 31<sup>st</sup> March, 2023. He fulfills the required core skills, expertise, competencies identified as well as the criteria laid down by the Board of Directors in the Company's Nomination Policy for the appointment / re-appointment as a Director of the Company as required in the context of the Company's business and sector. In the opinion of the Board, Mr. Anil Patel fulfills the conditions for re-appointment as the Managing Director of the Company taking into consideration his knowledge, background, experience, leadership qualities, etc. In due recognition of the significant contribution made by him, his re-appointment as the MD & CEO of the Company would be in the best interest of the Company. It is therefore, proposed that he will be re-appointed for a further period of three years commencing from 1<sup>st</sup> April, 2023. A brief profile of Mr. Anil Patel is provided annexed hereto the Corporate Governance Report.

In view of the increased responsibilities that the MD & CEO is required to shoulder and based on the recommendation of Nomination & Remuneration Committee, the Board of Directors, at its meeting held on 11<sup>th</sup> February, 2023, proposed an increase in the overall ceiling on remuneration to Mr. Anil Patel w.e.f 1st April, 2023 not exceeding Rs. 1,50,00,000/- p.a.

The revised payment of remuneration has already been approved by the Nomination & Remuneration Committee in its meeting held on 11<sup>th</sup> February, 2023 & subsequently by the Board of Directors in its Board Meeting held on the same date. Therefore, the Board proposes to seek approval of the Shareholders of the Company, approving the payment of remuneration of rupees one crore fifty lakhs p.a. from 1<sup>st</sup> April, 2023 as detailed here under:

Consolidated Salary, Perquisites and Performance Bonus, etc: Rs. 1.50 crores/- (Rupees One Crore Fifty Lakhs Only) p.a.

In addition to the above, he shall be entitled to receive the following:-

- (a) Gratuity as per the rules of the Company, but not exceeding half a month's salary for each completed year of service.
- (b) Encashment of leave at the end of tenure.
- (c) Provision of car for use on Company's business.
- (d) Free landline telephone / Electricity etc facility at residence along with free mobile telephone facility. Long distance personal calls to be recovered by the Company.
- (e) Reimbursement of entertainment expenses actually and properly incurred in the course of business of the Company. Accordingly the Board recommends the passing of the special resolution as set out in the item no. 3 of the Notice.

Except for Mr. Anil Patel, Mr. Kunal Patel, Mrs. Kokila Patel and Mrs. Vaishali Amin, none of the other Directors and Key Managerial Personnel (KMP) of the Company or their relatives are concerned or interested, financial or otherwise, in the resolution set out at item no. 3.

**Item No. 4**

Mr. Kunal Patel had been re-appointed as a Whole-time Director and Chief Financial Officer of the Company on 11<sup>th</sup> February, 2023 w.e.f 1<sup>st</sup> April, 2023 for a period of 3 years. The term of office of Mr. Kunal Patel as Whole-time Director of the Company was due on 31<sup>st</sup> March, 2023. Based on the skills and expertise in innovative ideas for expansion of business, the Board is of the opinion of reappointment of Mr. Kunal Patel as WTD & CFO. It is therefore, proposed that he will be re-appointed for a further period of three years commencing from 1st April, 2023. A brief profile of Mr. Kunal Patel is provided annexed hereto the Corporate Governance Report.

The Board is of the view that the knowledge and experience of Mr. Kunal Patel continues to be of immense benefit and value to the Company and based on the Company's performance and the individual performance, and pursuant to the recommendations of the Nomination & Remuneration Committee, recommends the revision in the terms of remuneration of Mr. Kunal Patel to the Members w.e.f 1st April, 2023 not exceeding Rs. 1,50,00,000/- p.a.

Consolidated Salary, Perquisites and Performance Bonus, etc: Rs. 1.50 crores/- (Rupees One Crore Fifty Lakhs Only) p.a.

In addition to the above, he shall be entitled to receive the following:-

- (a) Gratuity as per the rules of the Company, but not exceeding half a month's salary for each completed year of service.
- (b) Encashment of leave at the end of tenure.
- (c) Provision of car for use on Company's business.
- (d) Free landline telephone / Electricity etc facility at residence along with free mobile telephone facility. Long distance personal calls to be recovered by the Company.

- (e) Reimbursement of entertainment expenses actually and properly incurred in the course of business of the Company. Accordingly the Board recommends the passing of the special resolution as set out in the item no. 4 of the Notice.

Except for Mr. Kunal Patel, Mr. Anil Patel, Mrs. Kokila Patel and Mrs. Vaishali Amin, none of the other Directors and Key Managerial Personnel (KMP) of the Company or their relatives are concerned or interested, financial or otherwise, in the resolution set out at item no. 4.

**Item No. 5**

Mrs. Vaishali Amin is an Executive Director and involved in day to day affairs of the Company. With reference to the provision of section 197,198 read with schedule V to the companies act 2013 along with the Ministry of Corporate Affairs (MCA) vide its notification dated 18<sup>th</sup> March, 2021 amended schedule V of Companies Act, 2013 which provides for payment of managerial remuneration and other directors by Companies, requires members approval by way of special resolution. Looking into the contribution of Mrs. Vaishali Amin in day-to-day affairs of the business and having wide sphere knowledge and experience in purchase department, the Board recommends to revise the remuneration of her, based on the recommendation of Nomination and Remuneration Committee meeting dated 26<sup>th</sup> July, 2023.

The revision in remuneration is with effect from 1<sup>st</sup> April, 2023 not exceeding Rs. 50,00,000 p.a. upto three years amount not exceeding rupees fifty lakhs p.a. The Board proposes to seek approval of the Shareholders of the Company, accordingly, the Board recommends the passing of the special resolution as set out in the item no. 5 of the Notice.

Except Mrs. Vaishali Amin, Mr. Kunal Patel, Mr. Anil Patel and Mrs. Kokila Patel, none of the other Directors, Key Managerial Personnel (KMP) of the Company or their relatives are concerned or interested, financial or otherwise, in the resolution set out at item no.5.

**Item No. 6**

The Board of Directors, on the recommendation of Audit Committee granted vide meeting dated 26<sup>th</sup> July, 2023, has approved the appointment and payment of remuneration of Rs. 25,000/- to the Cost Auditor, Chetan Gandhi & Associates, Cost Accountants (Firm Registration No. 101341) to conduct the audit of the cost records of the Company for financial year ending 31<sup>st</sup> March, 2024.

In accordance with the provisions of Section 148 of the Companies Act, 2013 read with the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditor has to be ratified by the shareholders of the Company. Accordingly, consent of the members is sought for ratification of the remuneration payable to the Cost Auditor for the financial year ending 31<sup>st</sup> March, 2024 by passing an Ordinary Resolution as set out at Item No. 6 of the Notice.

None of the Director or Key Managerial Personnel of the Company or their relatives are in any way concerned or interested in the said resolution.

The Board of Directors recommends an Ordinary Resolution set out in item no. 6 of the Notice for approval of the Members.

## Management and Discussion Analysis Report

### Overview

Purity Flexpack Limited is engaged in the field of Flexible Packaging. Our vision is to be preferred supplier for flexible packaging to Customers across India and Overseas maximizing value for all stakeholders

This Management Discussion & Analysis Report presents the key performance highlights of the year 2022-23 pertaining to the Company's business. This review should be read in conjunction with the Integrated Report presented in the earlier sections of this Annual Report, the Company's financial statements, the schedules and notes thereto and the other information included elsewhere in this Annual Report. The Company's financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS), complying with the requirements of the Companies Act 2013 and the guidelines issued by Securities and Exchange Board of India (SEBI).

Our ultimate objective is to meet Customer's dynamic packaging needs and to achieve excellence in all concerned areas to produce cost effective flexible packaging with highest quality & standards for our esteemed Customers.

### Industry structure and developments

As one of the fastest growing segments of the packaging industry, flexible packaging combines the best qualities of Plastic, Film, Paper and Aluminum Foil to deliver a broad range of protective properties while employing a minimum of material. Flexible packaging provides convenience to the consumer while ensuring product safety. There are ongoing challenges, such as the lack of regulatory clarity across sectors and the growing need to meet stricter packaging norms that have been established with the entry of global retail companies. Additionally changing consumer values concerning sustainable packaging will demand innovation and a shift to more sustainable materials, which would necessitate investments in R&D and infrastructure.

The life cycle attributes of flexible packaging demonstrate many sustainable advantages. It starts with less waste in the first place, greatly reducing landfill discards. Innovation and technology have enabled flexible packaging manufacturers to use fewer natural resources in the creation of their packaging, and improvements in production processes have reduced water and energy consumption, greenhouse gas emissions and volatile organic compounds. Even more, lighter-weight flexible packaging results in less transportation related energy and fossil fuel consumption, and environmental pollution. With its versatility, custom qualities, efficiency in conserving resources, and sustainability, flexible packaging is considered most advantageous. As per the Flexible Packaging Market Overview Global, various major players serving consumables and packaging materials to the Inks, Coatings, Adhesives and Machinery sectors have announced price hikes due to raw material inflation as well as cost pressures from packaging, freight, and energy.

### Outlook

The companies are expected to ramp up output amid a strengthening demand scenario which is expected to support manufacturing growth in the near term. Performance of the mining sector is expected to pick up with the resumption of mining activities that were impacted by extended monsoons. Thus, we could expect industrial output to gather momentum in the coming months. However, it would continue to be subdued with the waning of base-effect.

Given the uncertainties associated with the scale of economic recovery, the RBI is expected to maintain its focus on growth and continue with the accommodative monetary policy stance, even as it moves towards gradual normalization of support. However, there are certain risks associated with the emergence of the Omicron Variant and renewed surge in COVID-19 infections across countries, globally. To add to this, there are headwinds from elevated global commodity prices, potential volatility in global financial markets with faster normalization of monetary policy in advanced economies and prolonged global supply bottlenecks.

### Risks & Concerns

The purpose of risk management is to identify potential events that may affect achievement of organisational strategy, business objectives and management of associated risks within the Company's risk appetite. The Board periodically assesses all facets of risks in the Company's operating landscape.

The key risks and opportunities arise from our ability to manage prices effectively in the presence of aggressive competition, increased raw material pricing, our capability to meet customer demand for technology and digital solutions, and our ability to benefit from the Group in terms of sales

and sourcing. To manage threats and tap into opportunities, we execute involve cross-functional and cross-segment collaboration and active dialogue with the customers to develop ways to increase value and understand our competitive position.

### Internal Control Systems

The Company has a proper and adequate Internal Financial Control System, to ensure that all its assets are safeguarded and protected against loss from unauthorized use or disposition. The Control System enables the management to focus on growth and achieve excellence in all aspects of operations. The Company has an internal audit system, which carries out

independent periodic reviews. The prime objective of such audit is to evaluate the functioning and quality of internal controls and provide assurance of its adequacy and effectiveness. The scope of internal audit covers a wide variety of operational and financial matters and includes a follow-up review of corrective actions agreed for implementation. During the year under review, no material or serious observation has been received from the Statutory Auditors and the Internal Auditors of the Company on the inefficiency or inadequacy of such controls.

Further, One of the most important aspects in business growth is customer retention. Maintaining brand loyalty and reputation through a strong cyber security position is paramount for customers today. Our strong policies on data privacy and cyber security ensures protection against internal and external threats.

**INDEPENDENT AUDITOR'S REPORT****To the Members of Purity Flexpack Limited**  
**Report on the Audit of Financial Statements****OPINION**

We have audited the Ind AS financial statements of Purity Flexpack Limited ("the Company"), which comprise the Balance Sheet as at 31<sup>st</sup> March 2023, and the statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and Notes to the Financial Statements, including a summary of significant accounting policies and other explanatory information. (hereinafter referred to as "financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, the Profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

**BASIS FOR OPINION**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**KEY AUDIT MATTERS**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to be communicated in our report.

**INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITORS' REPORT THEREON**

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

When we read the information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take appropriate actions necessitated by the circumstances and the applicable laws and regulations.

**MANAGEMENT'S AND BOARD OF DIRECTOR'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS**

The Company's management and Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as

amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities;

selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

#### **AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

## Shah Mehta & Bakshi Chartered Accountants

---

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), and the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors as on 31<sup>st</sup> March 2023 taken on record by the Board of Directors, none of the directors is disqualified as on 31<sup>st</sup> March, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- g) In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197(16) of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
  - i. The Company has no pending litigations to be disclosed except as shown in note no 28.
  - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
  - iii. There has been no amount, required to be transferred, to the Investor Education and Protection Fund by the Company.
  - iv. a) The Management has represented, to the best of its knowledge and belief that, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities

- identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- b) The Management has represented, to the best of its knowledge and belief that, no funds have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- c) Based on such audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) contain any material misstatement.
- v. There is no dividend declared or paid during the year by the Company and hence provisions of section 123 of the companies Act, 2013 are not applicable.

### ANNEXURE - A TO THE INDEPENDENT AUDITORS' REPORT

The Annexure referred to in Independent Auditors' Report to the members of the Company on the financial statements for the year ended 31<sup>st</sup> March 2023, we report that:

- i.
  - a) The Company has in general maintained proper records showing full, including quantitative details and situation of Property, Plant & Equipment.
  - b) The Company has a regular programme of physical verification of its fixed assets by which fixed assets are verified in a phased manner. In accordance with this programme, fixed assets having substantial value were verified during the year as per the programme and According to the information and explanations given to us, no material discrepancy has been noticed. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the company and the nature of its assets.
  - c) According to the information and explanations given to us and on the basis of the records of the Company the title deeds of all immovable properties of land and buildings which are freehold are held in the name of the Company as at balance sheet date. In respect of immovable properties of land and building that have been taken on lease and disclosed as an asset in the financial statements, the lease agreements are in the name of the Company.
  - d) According to information and explanation given to us and based on the examination conducted by us, the company has neither revalued any of its PPE nor its intangible assets during the year. Accordingly, reporting under this clause is not applicable.
  - e) According to information and explanation given to us and based on the examination conducted by us, no proceedings have been initiated or are pending against the company for holding any Benami property under the Benami Transactions (Prohibition) Act, 1988 and rules made thereunder.
- ii.
  - a) According to the information and explanations given to us, the inventories have been physically form verified during the year by the Management at reasonable intervals and no material discrepancies were noticed on physical verification. In our opinion, the coverage and procedure of such verification by the management is appropriate having regard to the size of the company and the nature of its Inventories. No discrepancies of 10% or more in the aggregate for each class of inventory were noticed on such physical verification of inventories when compared with books of account.
  - b) The Company has been sanctioned fund-based Working Capital limit in excess of Rs. 5 Crores, in aggregate, from banks on the basis of security of current assets. The Company has filed quarterly returns or statements with such banks, which are in agreement with the books of account other than those as set out below: The Bank returns were prepared and filed before the completion of all financial statement closure activities including Ind AS related adjustments/reclassifications, as applicable, which led to these differences between the final books of accounts and the bank return which were based on provisional books of accounts. Further difference also arises on account of different valuation methodology adopted for valuing the stock in the books and for the purpose of reporting in the bank return. In the books, stock is recorded at lower of cost or net realisable value but for bank purposes it is taken at lower of cost or net realisable which is determined as per bank norms.

**ANNEXURE-B: REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT")**

We have audited the internal financial controls over financial reporting of Purity Flexpack Limited ("the Company") as of 31<sup>st</sup> March 2023 in conjunction with our audit of the financial statements of the company for the year ended on that date.

**MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS**

The company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the guidance note on audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**AUDITORS' RESPONSIBILITY**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

**MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**OPINION**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31<sup>st</sup> March 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## NOTES TO THE FINANCIAL STATEMENT FOR THE YEAR ENDED MARCH 31, 2023

### 1. Corporate information

Purity Flexpack Limited("the Company") is a limited company domiciled and incorporated in India having its registered office at Vasanti, Post Tajpura, Near Halol, Dist Panchmahal-389 350. The principal activity of the Company is manufacturing of Flexible Packaging Materials.

### 2. BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

This note provides a list of the significant accounting policies adopted in the presentation of these standalone financial statements.

#### A. BASIS OF PREPARATION:

##### COMPLIANCE WITH IND AS

This Financial Statements comply in all material respects with Indian Accounting Standard ('Ind AS') as notified by the Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 (Act) read with Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

The accounting policies are applied consistently to all the periods presented in the Financial Statement.

#### i. Historical cost convention:

The Financial Statements have been prepared on a historical cost basis, except for the following:

- a) Certain financial assets and liabilities (including derivative instruments) that are measured at fair value
- b) Defined benefit plans: plan assets measured at fair value

#### ii. Rounding of Amounts:

The financial statements are presented in INR and all values are rounded to the nearest lakhs, except when otherwise indicated.

#### B. SIGNIFICANT ESTIMATES, JUDGEMENTS AND ASSUMPTIONS

The preparation of financial statements in conformity with Ind AS requires the management to make estimates, assumptions and exercise judgment in applying the accounting policies that affect the reported amount of assets, liabilities and disclosure of contingent liabilities at the end of the financial statements and reported amounts of income and expense during the year.

The management believes that these estimates are prudent and reasonable and are based on management's best knowledge of current events and actions. Actual results could differ from these estimates and difference between actual results and estimates are recognised in the period in which results are known or materialised.

#### (i) Key sources of estimation uncertainty

The key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

##### Allowances for doubtful debts

The Company makes allowances for doubtful debts based on an assessment of the recoverability of trade and other receivables. The identification of doubtful debts requires use of judgments and estimates. Where the expectation is different from the original estimate, such difference will impact the carrying value of the trade and other receivables and doubtful debts expenses in the period in which such estimate has been changed.

##### Allowances for inventories

Management reviews the inventory age listing on a periodic basis. This review involves comparison of the carrying value of the aged inventory items with the respective net realizable value. The purpose is to ascertain whether an allowance is required to be made in the financial statements for any obsolete and slow moving items. Management is satisfied that adequate allowance for obsolete and slow-moving inventories has been made in the financial statements.

##### Liability for sales return

In making judgment for liability for sales return, the management considered the detailed criteria for the recognition of revenue from the sale of goods set out in Ind AS 115 and in particular, whether the Company had transferred to the buyer the significant risk and rewards of ownership of the goods.

Following the detailed quantification of the Company's liability towards sales return, the management is satisfied that significant risk and rewards have been transferred and that recognition of the revenue in the current year is appropriate, in conjunction with the recognition of an appropriate liability for sales return. Accruals for estimated product returns, which are based on historical experience of actual sales returns and adjustment on account of current market scenario is considered by Company to be reliable estimate of future sales returns.

#### Useful lives of property, plant and equipment ('PPE') and intangible assets

Management reviews the estimated useful lives and residual value of PPE and Intangibles at the end of each reporting period. Factors such as changes in the expected level of usage, technological developments and product life-cycle, could significantly impact the economic useful lives and the residual values of these assets. Consequently, the future depreciation charge could be revised and may have an impact on the profit of the future years.

#### Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgement. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

#### Defined benefit plans:

The cost and present obligation of Defined Benefit Gratuity Plan and Compensated Absences are determined using actuarial valuation. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are assumed at each reporting date.

#### Fair Value measurement of Financial Instruments:

When the fair values of financial assets and financial liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active markets, their fair value is measured using appropriate valuation techniques. The inputs for these valuations are taken from observable sources where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of various inputs including liquidity risk, credit risk, volatility etc. Changes in assumptions/judgements about these factors could affect the reported fair value of financial instruments.

#### Taxes:

Deferred tax, subject to the consideration of prudence, is recognised on temporary differences between the taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax assets are recognised to the extent that there is reasonable certainty that sufficient future tax income will be available against which such deferred tax assets can be realized.

#### Impairment of financial assets:

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period

**C. RECENT PRONOUNCEMENT :**

Ministry of Corporate Affairs (“MCA”) notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

**Ind AS 1 – Presentation of Financial Statements**

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. The Company does not expect this amendment to have any significant impact in its financial statements.

**Ind AS 12 – Income Taxes**

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company is evaluating the impact, if any, in its financial statements.

**Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors**

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are “monetary amounts in financial statements that are subject to measurement uncertainty”. Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its financial statements.

**The principal accounting policies are set out below.****2.1. Revenue Recognition**

Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

Revenue is recognised in the Statement of Profit and Loss to the extent that it is probable that the economic benefits will flow to the company and the revenue and costs, if applicable, can be measured reliably. Goods & Service Tax (GST) is not received by the Company on its own account, rather, it is tax collected on value added to the commodity by the Company on behalf of the Government. Accordingly, these are excluded from revenue.

**Sale of Goods and Services**

Revenue is recognised when the customer obtains control of the goods. The customer obtains control of goods at the different point in time based on the delivery terms. Accordingly, company satisfies its performance obligation at the time of dispatch of goods from the factory/stockyard/storage area/port as the case may be and accordingly revenue is recognised. Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates.

The determination of transaction price, its allocation to promised goods and allocation of discount or variable compensation (if any) is done based on the contract with the customers.

**Interest Income**

Interest income from is recognised using the effective interest rate method and shown under interest income in statement of profit and loss. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset.

**Dividend Income**

Dividend income from investment is recognised when the right to receive payment is established, which is generally when shareholders approve the dividend.

**2.2. Foreign Exchange Transactions**

The functional currency of the Company is Indian Rupees which represents the currency of the primary economic environment in which it operates.

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Monetary items denominated in foreign currencies at the year-end are restated at closing

rates. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain/ (loss).

Foreign exchange gain/(loss) resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognized in profit or loss.

Exchange difference arising in respect of long term foreign currency monetary items that relates to acquisition of a depreciable capital asset are added to or deducted from the cost of the asset and are depreciated over the remaining useful life of an asset.

### 2.3. Borrowing Costs

Borrowing costs specifically identified to the acquisition or construction or production of qualifying assets is capitalized as part of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

### 2.4. Employee Benefits

Employee benefits include provident fund, gratuity and leave encashment.

#### Post-employment benefit plans

##### **Defined contribution Plans(Provident Fund)**

Employee benefit under defined contribution plan comprising of provident fund is recognized based on the amount of obligation of the Company to contribute to the plan. The contribution is paid to Regional Provident Fund Commissioner, which is expensed during the year.

##### **Defined benefit Plans (Gratuity)**

The Company's gratuity plan is a defined benefit plan. The present value of the obligation under such defined benefit plan is determined based on actuarial valuation using the projected unit credit method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation is measured at the present value of the estimated future cash flows. The discount rate used for determining the present value of the obligation under defined benefit plans, is based on the prevailing market yields on government bond as at the balance sheet date.

Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognised in profit or loss in the period of a plan amendment or curtailment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit costs are categorized as follows:

- Service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- Net interest expense or income; and
- Remeasurement

The Company has instituted a Group - cum - Life Insurance Scheme with the Life Insurance Corporation of India, so far as gratuity is concerned.

### 2.5. Earnings Per Share

Basic earnings per share are computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the net profit after tax by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

Antidilutive options are not considered in computing dilutive earning per share.

### 2.6. Cash Flow Statement

Cash flows are reported using the indirect method, where by profit after tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or

payments and item of income or expenses associated with investing or financing cash flows. The cash flows are segregated into operating, investing and financing activities.

## 2.7. Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

### Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

### Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

### Current and deferred tax for the year

Current and deferred tax expense are recognised in Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax expense are also recognised in other comprehensive income or directly in equity respectively.

### Minimum alternate tax (MAT)

MAT paid in a year is charged to the Statement of profit and loss as current tax. MAT credit entitlement is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period, which is the period for which MAT credit is allowed to be carried forward. Such asset is reviewed at each balance sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

## 2.8. Property, plant and equipment

Buildings held for use in the production or supply of goods, or for administrative purposes, are stated in the Balance Sheet at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by the management.

Property, plant and equipment (other than buildings) are stated at cost less accumulated depreciation and accumulated impairment losses, if any.

### Capital work-in-progress

Property, Plant and Equipment (PPE) in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. The cost of an asset comprises its purchase price or its construction cost (net of applicable tax credits) and any cost directly attributable to bringing the asset into the location and condition necessary for it to be capable of operating in the manner intended by the Management. It includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Parts of an item of PPE having different useful lives and material value and subsequent expenditure on PPE arising on account of capital improvement or other factors are accounted for as separate components.

Depreciation of these PPE commences when the assets are ready for their intended use.

### Depreciation

Depreciation is provided on the cost of PPE less their residual values, using the straight line method over the useful life of PPE as specified in Schedule II to the Companies Act, 2013 except in case of certain items of PPE where useful life has been considered based on technical assessment. Estimated useful lives of the assets are as follows:

Sr.	Particulars	Useful lives ( in years)
1.	Buildings	30-60
2.	Roads and Culverts	3
3.	Plant and Machinery	15
4.	Office equipment	5
5.	Computer and Server	3-6
6.	Furniture and fixtures	10
7.	Vehicles	8-10
8.	Electrification	10
9.	Solar Plant	15
10.	Laboratory Equipment	10

Depreciation methods are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

### 2.9. Intangible Assets

Intangible assets are stated at cost of acquisition net of recoverable taxes less accumulated amortization or depletion. All costs, including finance cost till commencement of commercial production, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the intangible assets are capitalized.

The useful life is assessed as either finite or indefinite. Intangible with finite lives are amortised on straight line basis over the useful lives of the assets and assessed for impairment. The amortization expense on intangible assets with finite lives is recognized in the statement of profit and loss.

Intangible assets with infinite lives are amortized on a straight line basis over the estimated useful economic life, company has estimated economic useful life of 10 years for such assets. All intangible assets are assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization expense on intangible assets is recognized in statement of profit and loss.

### 2.10. Impairment of PPE

At the end of each reporting period, the Company reviews the carrying amounts of its PPE and intangible assets of a cash generating unit to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in statement of profit and loss.

An assessment is made at the end of each reporting period to see if there are any indications that impairment losses recognized earlier may no longer exist or may have come down. The impairment loss is reversed, if there has been a change in the estimates used to determine the asset's recoverable amount since the previous impairment loss was recognized. If it is so, the carrying amount of the asset is increased to the lower of its recoverable amount and the carrying amount that have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. After a reversal the depreciation charge is adjusted in future periods to allocate the asset's revised carrying amount, less any residual value, on a systematic basis over its remaining useful life. Reversals of Impairment loss are recognized in the statement of profit and loss.

**2.11. Inventories**

Inventories are valued at lower of cost or net realizable value. Cost of inventories comprises of purchase cost, conversion cost and other costs incurred in bringing inventories to their present location and condition. The cost has been determined as under:

Raw material& Packing Material	On First in First out (FIFO) basis.
Finished products	At Raw material and Conversion cost
Stock-in-process	At Raw material and Proportionate Conversion cost.
Stores and spares (other than those capitalised as property, plant and equipment) and other trading goods	On cost basis.

**2.12. Provisions, Contingent Liabilities and Contingent Assets**

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Contingent assets are disclosed in the financial statements by way of notes to accounts when an inflow of economic benefits is probable.

Contingent liabilities are disclosed in the financial statements by way of notes to accounts, unless possibility of an outflow of resources embodying economic benefits is remote.

**2.13. Financial instruments**

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit and loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. The transaction costs directly attributable to the acquisition of financial assets and financial liabilities at fair value through profit and loss are immediately recognised in the statement of profit and loss.

**Effective Interest method**

The effective Interest method is a method of calculating the amortised cost of a financial instrument and of allocating interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts future cash receipts or payments through the expected life of the financial instrument, or where appropriate, a shorter period.

**A. Financial assets****Cash and bank balances**

Cash and bank balances consist of:

Cash and cash equivalents - which includes cash in hand, deposits held at call with banks and other short term deposits which are readily convertible into known amounts of cash, are subject to an insignificant risk of change in value and have maturities of less than one year from the date of such deposits. These balances with banks are unrestricted for withdrawal and usage.

Other bank balances - which includes balances and deposits with banks that are restricted for withdrawal and usage.

**Financial assets at amortised cost:**

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets measured at fair value through other comprehensive income:

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows or to sell these financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through profit or loss:

Financial assets are measured at fair value through profit or loss unless it is measured at amortized cost or at fair value through other comprehensive income on initial recognition.

Impairment of financial Assets:

The Company assesses at each balance sheet date whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognizes lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to 12 month expected credit losses or at an amount equal to lifetime expected losses, if the credit risk on the financial asset has increased significantly since initial recognition.

De-recognition of financial assets:

The Company de-recognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all risks and rewards of ownership of the asset to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the assets and an associated liability for amounts it may have to pay.

If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognized in statement of profit and loss.

**B. Financial liabilities and equity instruments**Classification as debt or equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs, if any.

Financial Liabilities

Trade and other payables are initially measured at fair value, net of directly attributable costs, and are subsequently measured at amortised cost, using the effective interest rate method where the time value of money is significant. Interest bearing issued debt are initially measured at fair value and are subsequently measured at amortised cost using the effective interest rate method.

De-recognition of financial liabilities

The Company de-recognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire.

Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is included in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

**2.14. Segment reporting**

Operating segments are identified and reported taking into account the different risk and returns, the organization structure and the internal reporting systems.

**2.15. Current & non-current classification**

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle (twelve months) and other criteria set out in the Schedule III to the Act.

**2.16. Leases**

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

**Company as a lessee**

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative standalone price of the lease component and the aggregate standalone price of the non-lease components.

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets are depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease-by-lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised substance fixed lease payments. The Company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss.

The Company has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

**Company as a lessor**

At the inception of the lease the Company classifies each of its leases as either an operating lease or a finance lease. The Company recognises lease payments received under operating leases as income on a straight-line basis over the lease term. In case of a finance lease, finance income is recognised over the lease term based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease. When the Company is an intermediate lessor it accounts for its interests in the head lease and the sub-lease separately. It assesses the lease classification of a sub-lease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short-term lease to which the Company applies the exemption described above, then it classifies the sub-lease as an operating lease.

If an arrangement contains lease and non-lease components, the Company applies Ind AS 115 Revenue from contracts with customers to allocate the consideration in the contract.

**2.17. Government Grants**

Government grants and subsidies are recognized when there is reasonable assurance that the Company will comply with the conditions attached to them and the grants / subsidy will be received. Government grants whose primary condition is that the Company should purchase, construct or otherwise acquire capital assets are presented by deducting them from the carrying value of the assets. The grant is recognized as income over the life of a depreciable asset by way of a reduced depreciation charge.

Export benefits are accounted for in the year of exports based on eligibility and when there is no uncertainty in receiving the same.

Government grants in the nature of promoters' contribution like investment subsidy, where no repayment is ordinarily expected in respect thereof, are treated as capital reserve. Government grants in the form of non-monetary assets, given at a concessional rate, are recorded on the basis of their acquisition cost. In case the non-monetary asset is given free of cost, the grant is recorded at a nominal value.

Other government grants and subsidies are recognised as income over the periods necessary to match them with the costs for which they are intended to compensate, on a systematic basis.

**2.18. Cash and cash equivalents**

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

**2.19. Fair Value Measurement**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions.

The Company categorizes assets and liabilities measured at fair value into one of three levels depending on the ability to observe inputs employed in their measurement which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 inputs are inputs that are observable, either directly or indirectly, other than quoted prices included within level 1 for the asset or liability.
- Level 3 inputs are unobservable inputs for the asset or liability reflecting significant modifications to observable related market data or Company's assumptions about pricing by market participants.

Employee benefit plan typically expose the company to actuarial risks such as: investment risk, interest risk, longevity risk and salary risk.

**Investment Risk**

The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to the market yields on government bonds denominated in Indian Rupees. If the actual return on plan asset is below this rate, it will create a plan deficit.

**Interest Risk**

A decrease in the bond interest rate will increase the plan liability. However, this will be partially offset by an increase in the return on the plan's debt investments.

**Longevity Risk**

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

**Salary Risk**

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

**Note 31: SEGMENTS REPORTING**

The Company is engaged in the business of manufacturing flexible packaging materials and therefore, has only one reportable segment in accordance with Ind AS 108 "Operating Segment".

**Note 33: FINANCIAL INSTRUMENTS****Note 33.1: CAPITAL MANAGEMENT**

The Company manages its capital to ensure that the Company will be able to continue as going concern while maximizing the return to stakeholders through the optimisation of the debt and equity balance.

The Company determines the amount of capital required on the basis of annual planning and budgeting and its plan for working capital and long-term borrowings. The funding requirements are met through equity, internal accruals and a combination of both long-term and short-term

The Capital Structure of the Company consists both debt and equity.

**Note 33.2: FINANCIAL RISKS MANAGEMENT**

In the course of business, amongst others, the Company is exposed to several financial risks such as Credit Risk, Liquidity Risk, Interest Rate Risk, Exchange Risk and Commodity Price Risk.

These risks may be caused by the internal and external factors resulting into impairment of the assets of the Company causing adverse influence on the achievement of Company's strategies, operational and financial objectives, earning capacity and financial position.

The Company has formulated an appropriate policy and established a risk management framework which encompass the following process:

- identify the major financial risks which may cause financial losses to the company
- assess the probability of occurrence and severity of financial losses
- mitigate and control them by formulation of appropriate policies, strategies, structures, systems and procedures
- Monitor and review periodically the adherence, adequacy and efficacy of the financial risk management system

The Company enterprise risk management system is monitored and reviewed at all levels of management, Internal Auditors, Audit Committee and the Board of Directors from time to time.

In the event of crisis caused due to external factors such as caused by recent pandemic "COVID-19", the management assesses the recoverability of its assets, maturity of its liabilities to factor it in cash flow forecast to ensure there is enough liquidity in these situations through internal and external source of funds. These forecast and assumptions are reviewed by board of directors.

**(A) COMMODITY PRICE RISK**

The main raw materials which company procures are global commodities and their prices are to a great extent linked to the movement of crude prices directly or indirectly. The pricing policy of the Company's final product is structured in such a way that any change in price of raw materials is passed on to the customers in the final product however, with a time lag which mitigates the raw material price risk.

With regard to the finished products, the Company has been operating in a global competitive environment which continues to keep downward pressure on the prices and the volumes of the products.

In order to combat this situation, the Company formulated manifold plans and strategies to develop new customers & focus on new innovative products. In addition, it has also been focusing on improvement in product quality and productivity. With these measures, Company counters the competition and consequently commodity price risk.

**(1) FOREIGN CURRENCY RISK**

The company is exposed to the foreign currency risk from transactions. Transactional exposures are arising from the transactions entered into foreign currency. Management keeps a close watch of the maturity of the financial assets in foreign currency and payment obligations of the

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting periods are as follows:

**As on 31st March, 2023**

Currency	Liabilities		Assets		(Amt in Lacs)
	Gross Exposure	Net liability exposure on the currency	Gross Exposure	Net asset exposure on the currency	Net overall exposure on the currency

<b>Liabilities :</b>		
Weakening of INR by 5%	7.28	10.95
Strengthening of INR by 5%	(7.28)	(10.95)

**(2) INTEREST RATE RISK**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates. Further, the Company's investments in deposits is with banks and electricity authorities and therefore do not expose the Company to significant interest rates risk. The Company's variable rate borrowing is subject to interest rate risk. However, the management considers the impact of fair value interest rate risk on variable rate borrowings to be immaterial.

**(B) CREDIT RISK**

Credit Risk refers to the risks that arise on default by the counterparty on its contractual obligation resulting into financial loss to the company. The company may carry this Risk on Trade and other receivables, liquid assets and some of the non current financial assets. In case of Trade receivables, the company has framed appropriate policy for extending credits period & limit to each customer based on their profile, financial position and their external rating etc. The collections of trade dues are strictly monitored. In case of Export customers, even credit guarantee insurance is also obtained for each and every customer.

The credit risk on cash & cash equivalent, investment in fixed deposits, liquid funds and deposits are insignificant as counterparties are banks or mutual funds with high credit ratings assigned by the trading agencies of international repute.

**(C) LIQUIDITY RISK**

Liquidity Risk arises when the company is unable to meet its short term financial obligations as and when they fall due.

The company maintains adequate liquidity in the system so as to meet its all financial liabilities timely. In addition to this, the company's overall financial position is very strong so as to meet any eventuality of liquidity tightness.

Contractual maturities of financial liabilities are given as under:

**Fair Value hierarchy disclosures:**

**Level 1** - Financial Instruments measured using quoted prices. This includes listed equity instruments, traded bonds, ETF's and mutual funds that have quoted prices. The fair value of all equity instruments (including bonds) which are traded in stock exchanges is valued using the closing prices as at the reporting period. The mutual funds are valued using the closing NAV.

**Level 2** - Financial Instruments that are not traded in an active market (for example traded bonds, over the counter derivatives) is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

**Level 3** - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs). This is the case of unlisted equity securities, contingent consideration and indemnification asset included in level 3.

The management has carried out analysis of financial assets and liabilities for all the reporting periods and has concluded that there are no financial assets and liabilities to be considered at fair value and disclosed under Level 1, Level 2 or Level 3 and all the financial assets and liabilities are at its carrying value which is equal to the fair value measured at amortised cost.

The carrying amounts of trade receivables, cash and cash equivalent, bank balances, current loans, current other financial assets, trade payables, current borrowings and other current financial liabilities are considered to be the same as their fair values, due to their short term nature.

The carrying amounts of non current financial loans are considered to be the same as their fair value as it consist of security deposit with Government Organisations such as Electricity companies, which are interest bearing and are close to the fair value. Also, it consist of loans given to employees which are also interest bearing and are close the fair value.

The carrying amount of non current other financial assets are considered to be the same as their value as it consist of interest bearing fixed deposits having maturity of more than 12 months and are close to the fair value.
